## SUCCESSFUL CAMPAIGN FOR MEMBERS WAGED BY ENTHUSIASTIC Y. M. C. A.

### Percentage Of Students Now Enrolled Breaks The Record For State Institutions

Realizing that without a strong membership the work of the association would be limited in scope, the Y. M. C. A. the past week instituted a campaign for membership and Bible study enrollment designed to reach every male student in the institution. Mr. John Childs, Inter-State Secretary of the association was at the college the last half of the week and Sunday, and gave personal oversight to the campaign. At the time of the visit the week previous the general plans of the work were outlined, and on Thursday noon the association was ready with twenty five men who divided among themselves the names of the students, and each fellow set out to get his men. In the meantime the campus and buildings were placarded to the limit, so every one knew what was in the wind, and interest was at once aroused. In the Main Building a representation of a great thermo-

meter registering up to 250 degrees showed the daily advance of the membership, and also made public the a.m. of the association, namely, 250 members by Saturday night. While the limit was not quite reached in the time specified, the work was pushed Sunday, and will continue this week until the association feels satisfied that every man in school has been approached.

As a fitting close and climax to the great campaign the association had planned on a social to which the Y. W. C. A. were to be invited.

The reasons of the association for making such a general canvass for members are so obvious as scarcely to require mention. They are two fold. The members of the "Y" believe that the association is an organization capable of doing, and actually doing, a large amount of good for the students in its three-fold aim of developing the body, mind, and spirit.

## Second Team Loses Hard Fought Battle To Mayville Normal

Both Sides Played Good Clean Game, Score 12-10.

On Saturday morning the Second Team journeyed to Mayville where they clashed with the Normal boys in a game of football, but unfortunately emerged from the fray with the small end of the score, the final result being 12 to 8 in favor of the Normal. The battle was a hard fought one, and the teams were quite evenly matched, as the score indicates, although the Normal was decidedly stronger in the offense and perhaps also had the advantage in line efficiency. The game was clean throughout, and no ill words were exchanged among the players, as Coach Thoraldsen of the Normal and Coach Pope of our team have instilled into the minds of their men that they must be gentlemen under all circumstances. The star men for Mayville were L. Stewart, Kenney,

while Powell, Hall, McKee, Slocum, Mehl and Walstad were the particularly brilliant players on our side. Dr. Greenberg of Mayville and Hal Pollock of Fargo were the officials, both giving complete satisfaction.

The lineup was as follows:

A. C.	Normal
Powell	Siljan
Lolland	Schlosser
	Simondson
Slocum	R. G. Walquist
Gibbens	C. Jenson
Vance	L. G. Rude
Mehl	L. T. Eyford
Gratius	L. E. Kenney
McKee	Q. McNair
Dahl	L. H. E. Stewart
Hall	R. H. Anderson
Walstad	F. B. L. Stewart

Mr. Ralph Smith, a prominent student of the Education Department, returned to the college and registered for work last week.

Science Hall occupants were shocked last week by the arrival of a box having the proportions and size of a coffin and bearing the label "H. L. Bolley." Much to their relief, the box was found to contain only wheat straw.

## MUSICAL PRODIGIES GIVE HIGH CLASS CONCERT ON NOV. 7

Second Number of Lecture Course

The second number of the Citizen's Lecture will appear next week, Thursday, Nov. 7. At that time Roney's Boys, the most remarkable aggregation of musical prodigies of America will give a high class concert. For a quarter of a century this organization has delighted American and European audiences, and the

A Roney Boy.

people of Fargo and the A. C. are fortunate in securing them at this time, as Mr. Roney has decided to abandon Lyceum work, and the company will disband at the end of the present season.

To do a musical "missionary work," to show to lads and to their parents and friends as well, the possibilities that might lie in their own voices through higher cultivation has been not the least of their purposes.

"Time was when 'boys singing' was understood to necessarily mean the forcing of harsh, metallic chest tones far above their range into the head voice, as so commonly heard in the public schools, in little tunes of the Sunday School order, which have neither musical value nor interest. It has been a revelation to thousands to hear the velvety, flute-like tones of boy sopranos, and the rich, sonorous notes of boy altos, so trained as to sing solos, duets, trios, quartets, and even in five-part harmony, like prima donnas, with the interpretation of artists.

The Alpha Mu Fraternity intend to put on in the near future a Minstrel Show. With the local talent here, its going to be some too.

## ST. CLOUD PEDAGOGUES VANQUISHED AFTER HARD AND MIGHTY STRUGGLE

### Visitors Strong On Forward Pass But Outclassed In Punting And Endurance. Score 7-0

Still the A. C. goal line remains uncrossed. St. Cloud Normal however came as near doing the deed as any team this season when they met a 7-0 defeat at the Aggie's hands last Saturday. The strength of the Saints was unknown except that they had given St. Thomas a good run for their money earlier in the season.

During the first half A. C. seemed to lack the pep that characterized their playing with Wesleyan. This half was very slow from a spectators viewpoint. The visitors evidently were instructed to take chances on scoring by the use of the forward pass. The execution of their passes was the best seen here this year. During the first half the A. C. secondary defense was not working especially well and several consistent gains were made via the air line. It is highly probable that a touchdown might have been made by the Normalites if time had not been called for the end of the first half with ball on our 8 yard line.

In the second half our goal was never in danger. The Aggies seemed to play with greater vim. In the third quarter the Normal tried a drop from the thirty yard line but the boot was wild. It was in this season that the Normal lost ground on a fifteen yard punt to Foss after a fifteen yard penalty. A forward pass to Ostby and a run by McQuillan followed by three plunges by Dutch told the tale. Caulkins as usual kicked goal. The weight and endurance of the Aggies after that made itself felt and gains were made quite regularly. McQuillan failed in attempting to drop kick and time was called with the ball in St. Cloud's possession on their own thirteen yard line.

It was evident that the visitors were more proficient in the use of the forward pass but Caulkins placed his punts much better than Kerlanski and much ground was gained in that way. Dutch and McQuillan gained most consistently for the A. C. Caulkins seemed to get caught behind the line on his end runs more than usual. For the Normal Oberg, Williams and Lilljadahl were the star performers.

The game in detail. The Normal kicked off to the 10 yd. line and Caulkins returned fifteen. McQuillan was thrown for an eight yd. loss and Caulkins was forced to punt. St. Cloud fumbled and Gulbranson fell on the ball which netted the A. C. twenty five yards. McQuillan made 5 around left end. Foss rammed thru right tackle for three and Keufler was hurt. McQuillan went around the left end for seven yards, Caulkins plunged thru right tackle for four more. Foss skirted right end four yards. Bentley was tackled for a loss on try thru right guard. Mac made an incomplete pass and ball went over. Lilljadahl was thrown for a loss and Kerlanski was forced to punt to Caulkins who returned the pigskin 7 yds. Caulkins circled right end for a 12 yd. gain. Schuman broke thru tackle for two yards and Foss beat it for 3 more, around right end. Gulbranson hurt his back and Hackett took his place at center. Mac plunged thru left tackle for 4 yds. McQuillan thru center for two more. Bentley hit a stonewall for 1 yd. and Caulkins failed to gain thru center. Mac circled left for two yards but ball went over on downs. Murn advanced two yards thru center and added ten more in the same place on the next play. Kelly was offside and A. C. was penalized five. Kerlanski makes incomplete pass. Lilljadahl no gain thru center. Lilljadahl negotiated a 10 yard pass to Oberg. Murn failed to gain. Oberg was used for a 3 yard gain thru tackle. Lilljadahl makes incomplete pass. Ball goes over and Caulkins immediately punts 25 yds. to Kerlanski mal fumbles and Ostby recovers. Caulkins again punts and ball goes over Kerlanski for thirty yd. gain. Murn breaks thru center for 2 yds. Bjornson hurt and Mikkelsen goes in. Normal gains four thru tackle. Schuman hurt. Schuman tackles Kerlanski for a loss. Murn no gain thru center. Incomplete forward pass. Another one is just as disastrous and ball goes over to the A. C. on downs. Caulkins punts and Olson recovers for a 30 yd. gain.

(Continued on Page 4.)

## VIEWS ON THE BIG A. C. AND F. C. GAME BY THE MEN WHO KNOW

"POLLY" FOSS  
Captain of the 1910 Team.

Fargo College has men just as swift as the A. C. in their lineup. Their men are as heavy and I expect that this game will be the hardest battle of the year for us. Fargo College has been the hardest enemy to down for years and will probably continue so. Aside from having a good team, the college on the hill is backed by college spirit such as is rarely developed in Western institutions. Their team is supported on and off the field by the united student body. While the spirit is good here, our rooters must be on the job more of the time than in the Normal game last Saturday. In order to come out victorious, the team will have to outplay Fargo College and the rooters can bring this about by outdoing the enemy in good clean rooting.

EDGAR OLSON,  
Captain of the Team.

Any game requires a certain amount of determination and if there is any single game that requires more than any other that game is football. In meeting Fargo College Friday we have the first real obstacle to overcome in our fight for the State Championship. Knowing the relation of the schools along athletic lines all must realize that in order to come out on top, we will not only have to exert our best physical ability but our mental as well. In every play not only in the first quarter, every member of the squad must put forth his best effort in ter but in every minute of play. In order to do this, determination is absolutely necessary and in order to possess this essential feature the team must have the inspiration afforded by the students rooting as if they were as a unit back of the 1912 Football Team.

ART RUEBER  
Coach of the Team.

I want to say to the students of the A. C. that the game next Friday with Fargo College will be one of the hardest fought football games that these institutions have played. The season for Fargo College will be a failure unless they make a good showing in this game. Knowing this the F. C. team will be desperate and a team is never so dangerous as when in this frame of mind. Those who expect to see "a pink tea party" or a walkaway for the A. C. on Friday afternoon are going to be very much disappointed.

Clarence Williams has been for the last few days entertaining a brother. The visiting Mr. Williams is a missionary in South America, and is now home on a furlough.

ON TO GRAND FORKS, NOV. 6.

PROF. E. S. KEENE,  
Manager of Athletics.

The game Friday afternoon with Fargo College, is the first of the series for the State Championship, and promises to be well worth seeing. From the games already played by the contesting teams, no inference can be drawn as to relative strength, and only actual contest will bring out the merits of each. The Agricultural College has not been scored upon by a state team, in foot ball in two seasons and therefore possesses a "sacred goal line"; this she proposes to defend with all of her ability; while Fargo College is going into the game with a determination to win back her lost laurels. Dakota Field is in almost perfect condition and with a continuation of the present beautiful weather, there will be a game of foot ball Nov. 1 such as Fargo has not often seen.

"DUTCH" SCHROEDER  
Captain of the 1911 Team.

In regard to the game with Fargo College:—The A. C. has never had a harder working team than the team of this year. If the team plays the game that they did against D. W. U., they should beat Fargo College, barring accident or hard luck. With one or two exceptions all the men are in good condition and realize that that they will have no snap. Every man expects to get into the game and work as hard as possible to bring victory to the A. C. again this fall. The 51-0 score with St. Thomas has little to do with our game with F. C. as they always play their best game against us. However the boys feel that they must win and feeling that way there can be no doubt as to the outcome.

HOW ABOUT A SPECIAL FOR NOV. 6th.

## THE WEEKLY SPECTRUM.

Published every Tuesday of the school year by the students of the North Dakota Agricultural College, at the Ulsaker Printing Company, 515 Second Avenue North, Fargo, N. Dak.

ARTHUR J. OGAARD '13 ..... Editor-in-Chief  
JOHN F. NOLET '14 ..... Business Manager.

The Weekly Spectrum appreciates contributions of local interest from anyone. These should be addressed to the Editor. Cases of non-delivery and other business matters should be addressed to the Business Manager. Office on second floor of Mechanic Arts Building. Phone 1604-L-4.

Entered at the Postoffice at the Agricultural College, N. Dak., as second class mail matter.

Subscription rate \$1 per year. Single copies 5 cents.

## THE U. N. D. SPECIAL.

On Nov. 6th there should be a general exodus from the campus. Nothing short of a financial panic should keep the A. C. rooters from attending the annual gridiron massacre of U. N. D. A committee now has charge of getting a train and they will get one if a sufficient number of students decide to go. The faculty will in all probability excuse all classes for the day. The band and second teams are going and it is up to every student to go up there and show the University that this is a college with PEP. The expense will be as small as the celebration will be hilarious. Girls, the boys are all going. Come on, get a chaperone, a real live one and we will help you paint the town red. Will see you later.

## THOSE POSTERS.

The blue print posters which were turned out by the Engineering department to advertise the last football game were a lot of work but they made a good piece of advertising. A number of these were posted about the school and were only up a short time as some individuals, evidently thinking that they were put up for their benefit, and possessed of more nerve than sense, walked off with them.

This would not have been unusual if they had waited until after the game when the posters had accomplished their purpose but removing them when they had only been up a couple of hours was decidedly "rank". It is to be hoped that the next set will at least be left up till after the game.

## HELLO, F. C.

Well here we are again Fargo College, ready for the first of our scraps with you this year. "We've done it before, We'll do it once more." We are loaded for bear, even your bear stories. We are taking no chances with you however. When we think of some of the defeats you've handed us in by gone days, we become cautious, extra cautious.

In spite of your seeming weakness with St. Thomas, we still have a lot of respect for you. We don't expect that this game will be a Saint game for we are regular devils and we expect to fight like the very devil, in order to beat you. Here's Hoping.

## MORE NOISE.

Are we going to allow high schools to show us up in rooting? Everyone attending the High School game Friday and the A. C. game Saturday was shocked by the contrast. Cheering for a losing team, a bunch of girls from Moorhead so completely out-classed the half hearted disharmonious rabble of Saturday, that the comparison is almost disgusting.

Several rallies will be held this week and it is up to every student with a drop of "Yellow and Green" blood in their veins to be there and learn the new yells and songs. Get together and we can be victorious even if defeated—with due emphasis on the "if".

## PHILOMATHIA

This week's session of Philo was given over to the Farmer's Institute. These institutes have become famous in the past, and hence there was a very large crowd in attendance. One of the lectures was on the subject of Cooking, delivered by Miss Stiner of the Punkin Center Agricultural College, and this feature drew a large number of (prospective) farmer's wives to the meeting. Prof. A. C. Barley, in a very learned dissertation set forth the modern reasons for the rotation of crops, namely, the presence in the soil of plant diseases. Mr. Smith, a noted breeder of beef cattle, gave a talk on Dairying which, judging from the number of questions asked during and after the speech, appealed strongly to the audience.

The opening address was given by a nondescript red headed indi-

vidual, and covered the work of the Agricultural College and the Better Farming Association, with special emphasis on the value of picnics in increasing the yield of wheat. The meeting was presided over by the First Selectman of the village of Squashville, who interspersed the speeches of the evening with a few well-chosen remarks.

The feature of the evening was Prof. Manikoowsky's band, which met the dignitaries at the station and escorted them to the school-house where the institute was held. They also played a few selections during the program.

After the program the dignitaries from the Punkin Center Agricultural College were invited to remain awhile and enjoy a real country dance, the music for which was furnished by Prof. Manikoowsky's band.

## The NORTH DAKOTA AGRICULTURAL COLLEGE

For Completeness of Equipment and Facilities for Instruction is unsurpassed in the Northwest

THE COLLEGE DEPARTMENT OFFERS ELEVEN FULL COURSES VIZ:

Agriculture	Civil Engineering	Biologic Science
Mechanical Engineering	Home Economics	General Science
Education	Pharmaceutical Chemistry	Chemical Engineering
Veterinary Science		Chemical Science

The courses are available to those who have completed the equivalent of a good high school training. For those who have not had such a training

THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL

offers complete secondary courses in:

Agriculture	Engineering and Manual Training	Commerce
General Science	Domestic Science	Rural Teachers Training

These courses all fit fully for college entrance

## SPECIAL COURSES:

Pharmacy	Commerce	Homemakers	Farm Husbandry
		Power Machinery	

A Complete Commercial Training is Offered to All Students

## THIS COLLEGE

OFFERS to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and young women for responsible positions in life. The demand of the present is for men and women who can think and investigate for themselves; who can deal with the social, agricultural and industrial problems of the day. This demand the Agricultural College is attempting to supply.

The Laboratories and Shops are Thoroughly Equipped  
The Instructors are Specialists in their respective lines  
Exceptional Advantages are offered in Biology, Chemistry, Domestic Science, Literature, Mathematics, Engineering and Veterinary Science

Graduates from approved High Schools are admitted to the Freshman classes of all courses. Credit is allowed in the Agricultural and Manual Training High Schools for all work done in the country schools.

Tuition Free. Board and Room \$3.75 to \$5.00 per week.  
For Catalogs and Circulars address the Registrar

AGRICULTURAL COLLEGE,

NORTH DAKOTA

Farm Husbandry, Power Machinery and Homemakers' Courses Begin Oct. 16th

## Great Journalist To Speak at Grand Sunday

Charles Zuebelin to Lecture on The Nation's Human Resources."

Charles Zuebelin of Boston, will speak at the Grand theatre Sunday evening, Nov. 3, at eight o'clock, on the subject "The Nation's Human Resources." This is one of the double starred numbers in the course, and a large attendance is certain.

Mr. Zuebelin is a man of wide education and experience. During the

last twenty years he has been instrumental in the founding and maintenance of many organizations for philanthropy and social service. During the sixteen years he was at the University as an instructor, his main work was in the larger field of public life. A portion of each year was devoted to lecturing for the Extension

MOORHEAD,

MOORHEAD

department of the University. His expert knowledge of American cities is largely the result of these lecture journeys, which, involving as they did more than 350,000 miles of travel in the sixteen years, furnished an unusual opportunity for an exhaustive study of the civic and municipal problems of cities, large and small, in all sections of the United States, and abroad.

On Sunday, Nov. 17, Prof. Dickinson of the English Department of the University of Wisconsin will lecture at the Grand on the subject "The Theatre and the Community." Prof. Dickinson is one of the best informed men on the subject of the theatre, and all interested will find it to their profit to attend the lecture.

# ALUMNI ACTIVITIES

Edited by John B. Wentz '13

Angelina Gibson '98 is now touring Canada as an elocutionist and interpreter of Scottish stories and songs. For several years she has traveled extensively in this country and has pleased a great many large audiences having been quite successful in attracting large crowds to her entertainments and interesting them in her work. Miss Gibson started out after graduation here as a demonstrator in domestic science work and it was here that she proved to be one who could interest the people to whom she talked. She spent a year in Scotland making a study of the Scottish people and their manners and habits, and since has made a specialty of Scottish entertainments.

As a member of the Athenian literary society at the college she distinguished herself by her excellent work and was well known by students and faculty of the institution. An effort will be put forth to have her appear here sometime within the next year.

Ray Towle, '12 was in Fargo last last Wednesday night on his way to the meeting of the North Dakota Educational Association at Grand Forks.

Amos Ewen, '12 was in Fargo last Monday on his way home for a short visit.

A letter has been received from

Elsie Pellissier '11 who is now located at Minot in the high school there. She reports favorably of the high school and its work and from the number of students — 260 in her classes she must be kept busy.

Ray Babcock '08 and Harold McKinstry '10 had charge of some of the United States Department of Agriculture exhibits at the Dry Farming Congress at Lethbridge, Canada.

Reginald Dynes '11 wrote in from the Bad Lands last week for the back numbers of the Spectrum. We are glad to see that "Reg." is still interested in the A. C. affairs and hope he is not going to the bad in any other ways than to the Bad Lands.

Robert M. Dolve '05 who now holds the position in the Engineering department formerly held by C. I. Guinness '07 received a letter a few days ago from Mr. Guinness with a circular of the Indiana School of Tractoneering, of which he is superintendent. The circular outlines the courses offered by the school and gives a general description of the buildings and equipments. This school although quite young as yet, is a promising institution.

Chas. Ruzicka '11 is taking some special night school work at the college this term, presumably in the Home Economics department.

if you want to hear some first class music.

A number of the girls of the College Classes are organizing Basketball teams for the winter term.

## LYCEUM OF ENGINEERS.

The Lyceum of Engineers held its regular meeting Friday night and it was well attended by both old and new members of the Engineering course.

The meeting was begun by a few words from the president. This was followed by a good long talk from Prof. Keene. He gave the society a few good points, to work one for the coming year and the society have already taken action on some of these points.

The Electrical Show was discussed among the members and from the outlook of things it is going to be a "beaner."

After the meeting the Engineers adjourned to the Copper Kettle Inn where they had a little feed. Stories from Professors Keene, Slocum and Erickson kept the Engineers in a happy mood all evening.

The Engineers are going to do things this year and every member is urged to attend every meeting for they are important.

## POLYTECHNIC

The Polytechnic society held its bi-weekly meeting last Tuesday evening, Oct. 22, and had a very enthusiastic and instructive gathering.

Prof. Ladd was the speaker of the evening and through a paper which he presented gave a report of various conventions which he attended during the summer and the main papers and discussion presented then.

In his paper the main topics to come up for discussion were Fixation of atmospheric nitrogen by the electric arc and in the form of ammonia; the manufacture of synthetic rubber, Diagnosis of Infantile Paralysis, Coal tar products, and Photo chemistry. To say the least the paper was very interesting and instructive and was followed by a general discussion among those present.

The next meeting will be held Nov. 6th and Dr. Van Es will be the main speaker. His subject is to be on the Kansas-Nebraska horse disease.

**FOOT BALL GAME**  
ST. CLOUD vs. A. C.  
Continued from Page 1.

McQuillan makes 2 around left and Caulkins repeats thru left tackle. Bentley hit center for two yards. Caulkins is held on a try thru center. Ball goes over. Lilljadahl circled left end and gained 8 yards. Schroeder goes in for Schuman and Mikkelson is switched to right tackle. Normal is thrown for a loss on a line play. End of the first quarter. No score.

**Second Quarter**

Caylor replaced Gregory at right guard. Ball on the twenty yard line. Normal punts to Caulkins who returns for 2 yard gain. McQuillan skirts left end for 12 yds. Murn and Kuefler hurt. Ball now on the 32 yd. line. Foss thrown for two yard loss on try around right. A. C. penalized fifteen yards for holding. Caulkins kicks to Kerlanski who returns 8 yds. Kuefler two yards thru center. At this point the A. C. was treated to a scare. A Normal man broke thru and had a clear field except for Caulkins and hearts stopped beating until the referee called the play back as the ball had been declared down before the player broke away. Lilljadahl passes to Oberg for five yards. Next was an incomplete pass. Williams is held when he tries around right. Caulkins gets a 40 yd. punt and runs outside. Caulkins punts 37 yds. and McQuillan gets his man with fine tackle. Both teams are now playing a defensive game. Lilljadahl 4 yds. thru tackle and two more thru center. Murn makes no gain thru center. Lilljadahl also fails in same place and the ball goes over. Caulkins punts 35 yards. McQuillan downs man in his tracks. McQuillan hurt. Williams gets pretty pass and Kelly makes fine tackle from the rear. Lilljadahl makes 3 yards thru center. Parizek hurt. Schroeder gets Kerlanski for no gain. Lilljadahl made four yards thru the right guard. Mikkelson hurt. Normal incomplete forward pass. Murn one yard thru left tackle. No gain on next play. Kerlanski punts over A. C. goal. Ball brought out on twenty yard line. McQuillan thrown for slight loss. Caulkins punts over Kerlanski 40 yards. Murn no gain. Lilljadahl 4 yards thru the left end. He repeats thru the left tackle. Williams 1 yard thru center. Normal incomplete forward pass. Double pass to Oberg caught just inside the line for 18 yard gain. 8 yard forward pass to Williams. No gain on try thru right guard. Oberg 3 yds. around left guard. Clever tackle by Bentley. Normal 1 yard thru center. Next play no gain. Half ends with the ball in Normals possession on A. C. yard line.

**Second Half.**

Dann goes in for Bentley. Dann returns the kick off 15 yards to the forty yard line. Incomplete forward pass by McQuillan. Caulkins punts 32 yards to Lilljadahl who goes outside on the 20 yard line. Oberg receives forward pass for 8 yard gain. Kuefler thru right tackle for 4 yards. Lilljadahl repeats in the same place and is hurt. Kerlanski fumbles for 3 yard loss. McQuillan intercepts forward pass and makes brilliant run, but the ball is brought back because of alleged interference. A. C. penalized 10 yards. Foss gets Lilljadahl after an 8 yard run. Parizek throws his man for a three yard loss. Lilljadahl no gain thru center. St. Cloud attempts drop kick which fails. Ball is brought to 20 yard line on a touch back. Caulkins punts 65 yards over Kerlanski who recovers and is downed in his tracks. Kerlanski punts 35 yards to Caulkins who returns 12 yards. Foss fumbles A. C. penalized. Dann fumbles. Normal's ball on the 40 yard line. Kuefler no gain thru center. Murn 1 yard thru center. A forward pass to Williams incomplete. McQuillan gets punt. Crowd cheers Mac's grin as he is tackled. Caulkins punts to Kerlanski 32 yards. Normal makes no gain. Normal penalized 15 yds. Foss gets the 15 yard punt and is downed without gain. Caulkins lost 5 yards round right end. Ostby receives forward pass for 12 yard gain. McQuillan 5 yards gain after long run across field where he is hurt. Schroeder over for first touchdown

# The Mirror.

Reflections from  
other Colleges  
R. H. Drummond, '15

Carleton, celebrated their victory over N. D. U. by the funeral and cremation of an effigy of a North Dakotan.

A clipping from the N. D. U. editorial on the Carleton game:

"Did you see the football game, Jack?"

"Why, what football game? Where?"

"You know, at University Field."

"That! That wasn't any game. That was Carleton holding signal practice."

A kangaroo court to try all offenders against college customs is a feature at the U. of W. The last session broke up in a riot when some body turned the hose on it.

At the U. of I., the Sophs annually haul the Fresh president about ten miles out into the country and then let him walk back.

Oregonians were slightly "peevish" when out of the whole school only five girls turned out to a football game. Might come to the A. C. and learn how to turn out.

At a recent Senior and Soph party at Whitman they sprung a new athletic event, the standing broad grin. We would like to know the record which was established.

and Caulkins kicks goal. Score 7—0. Caulkins kicks off to Oberg who returns fifteen yards. Oberg gains 4 yards on a double pass. Murn makes 1 yard thru the line. He repeats. Williams no gain around the right end. Normal makes incomplete forward pass. Dann intercepts a forward pass. Caulkins gains 4 yards around right end. Dann plunges thro center for 1 yard gain. Caulkins lose 1 yard. Caulkins punts. Kerlanski runs outside on the 3 yard line. Kerlanski makes incomplete pass. Kerlanski punts to McQuillan who makes fair catch. Ball put into play on the 30 yard line. Caulkins loses 4 yards around right. McQuillan makes 3 yards around left. Foss skirts right for 3 yards. End of the third quarter. Score 7—0.

**Fourth Quarter.**

Caulkins punts thirty-two yards to Kerlanski who makes fair catch on the 8 yard line. Murn makes 7 yards on a forward pass. McQuillan recovers fumble by Oberg. Caulkins 8 yards thru the center. Dann makes two more thro the left tackle. Kuefler laid out. Bengtson goes in. Schroeder makes 4 yards around the right end.

McQuillan dashes thru the left tackle for three yards. Caulkins thrown for a 4 yard loss on try around right end. McQuillan attempts drop kick. Murn catches the ball and returns 3 yards being downed on the 13 yard line. Kerlanski punts to Caulkins on the 36 yard line. St. Cloud is all in and game is called by request of their coach. Final Score 7—0.

**Lineup.**

A. C.	Normal
Guldbrandson-Hackett	Cipola
Kelley	R. G. Gregory
Schuman-Mikkelson	R. T. Erickson
Ostby	R. E. Oberg
Olson (Capt.)	L. G. Bergman
Bjornson, Schroeder	L. T. Moe
Parizek	L. E. Williams
Caulkins	Q. Kerlanski
Bentley, Dann	F. B. Kuefler-Bengtson
McQuillan	R. H. Murn
Foss	L. H. Lilljadahl

Officials, Seth Richardson, Referee; Ed. Conmy, Umpire; Darner, Timekeeper; Charlie Grant, Head Linesman.

**FARGO COLLEGE IS NEXT.**

**EDUCATIONAL LECTURE.**

The lecture in the Education Series for last week was given by Miss Simmons on the Drama. She gave a short history of the Drama and spoke of the influence for good or evil. She discussed the Modern Drama and its tendencies as compared with those of Shakespeare.

At the U. of W. no social events are allowed to take place till one month has elapsed.

The taking of straw votes on the various presidential candidates is a popular amusement among the colleges just now.

Graduate coaches are turning out in force at Yale. The close score in the recent game with Holy Cross threw a scare into the supporters of Old Eli.

They are having an awful time at Illinois in getting a cheer leader. Freshmen are barred by the rules and no upperclassmen have turned out. Pretty dead.

The law students of California are planning to issue a law review. If this is done it will be the first paper by a law school west of the Mississippi.

The issue of the Evergreen turned out before the Idaho game is certainly a live one. The Evergreen is the best of the exchanges that the Spectrum receives.

A real live bull moose died at Oregon U. just as it was passing an open window of a room in which a live Wilson meeting was in progress. Too much Wilson sentiment is claimed as the cause of the animal's death.

## Chapin's "Lincoln" Pleased Large Audience In Armory

**MARTYRED PRESIDENT LIVED AGAIN WHEN HIS PROTOTYPE APPEARED IN OPENING NUMBER OF LECTURE COURSE.**

Wednesday evening, before a large and appreciative audience Benjamin Chapin delivered the first number of the Citizens' Lecture Course. Perhaps no man who has ever appeared on that platform held the attention of the audience more closely than did Mr. Chapin as he reproduced scenes from the life of Abraham Lincoln while he was president.

Mr. Chapin did not give reproductions of scenes actually enacted in the White House, but his productions were such as might have actually occurred, and demonstrated most impressively the character of the great man, and the manner in which he bore his overwhelming burdens. Nothing that has heretofore been said or enacted before our students and citizens has had the effect of this man's effort in stirring the depths of patriotism and loyalty to the Union in their hearts. The dangers thru which this country passed; the scarcely averted calamity of dissolution of the bonds of Union, hardly realized by even the most enlightened citizens; the deep sympathy of the man with men; the horror of war and bloodshed and suffering; all were presented with such profound skill that even the most thoughtless and indifferent were moved with a feeling of awe and reverence to depths seldom or never reached before.

**WHY IS AN EDITOR?**

To run a newspaper all a fellow has to do is to be able to write poems, to discuss the tariff and money questions, umpire a baseball game, report a wedding, saw wood, describe a fire, so that the readers will shed their wraps, make \$1 do the work of \$10, shine at a dance, test whiskey, subscribe to charity, go without meals, attack free silver, wear diamonds, invent advertisements, sneer at snobbery, overlook scandal, praise babies, delight pumpkin raisers, minister to the afflicted, heal the disgruntled, fight to a finish, set type mold opinions, sweep the office, speak at the prayer meetings and stand in with everybody and everything.

This isn't half of it either. We have to side in with the faculty, agree with the students that the faculty members are a lot of dead ones; run jokes for some people and explain to others why we print such

## SEED CORN

The best Seed corn we have ever offered. It pays to plant the best and that is what you get when you buy from us. Order today—the supply is limited. We have a good stock of very high grade seed wheat, oats and barley.

Alfalfa, Clover, Timothy and grass seeds are scarce this year, but our stock is of the very highest test and will prove their worth when harvest time comes. Your order should not be delayed if you want good seed. Send today for our 1913 catalog. It is free to you.

Greenhouses in Fargo.  
Agents Wanted in every town.

## Punts and Smashes

A couple of girls were heard to remark that they were just crazy about that McQuillan. We will have to admit that Mac squeezes hard every time he tackles a man.

Good old Dutch. He came in and did fully his share when called on.

Capt. Olson and Kelley played the full game at the guard positions. They both played hard holding their men safe. Due to injuries, Bolsinger, Perry and Zieglerman did not get into Saturdays game.

Guldbranson was playing a great game up to the time he got hurt, he was backing the line up in fine shape.

Polly Foss is sure playing the game this year. Every time that he tackled a man last Saturday you

could hear bones grind. Shorty played an especially good game the particular feature being the way he got off the quick kicks and punts.

Hackett replaced Guldbranson at center. Hack was very much in evidence and played a brilliant game from start to finish.

Bentley and Dann alternated at the full back position. Bentley's legs are still giving him considerable bother. Dann got in some mighty good work.

Ostby and Parizek held down the end jobs and were in the game very second.

Mikkelson went in near the end of the first quarter and from then on played a good game.

McQuillan threw his right thumb

out of joint during the game. Too bad that the boys were too bashful to finish that yell, when the A. C. pennants were being brought out on the Orpheum stage. Probably they thought that "There is greatness in modesty". Try and do better next time fellows.

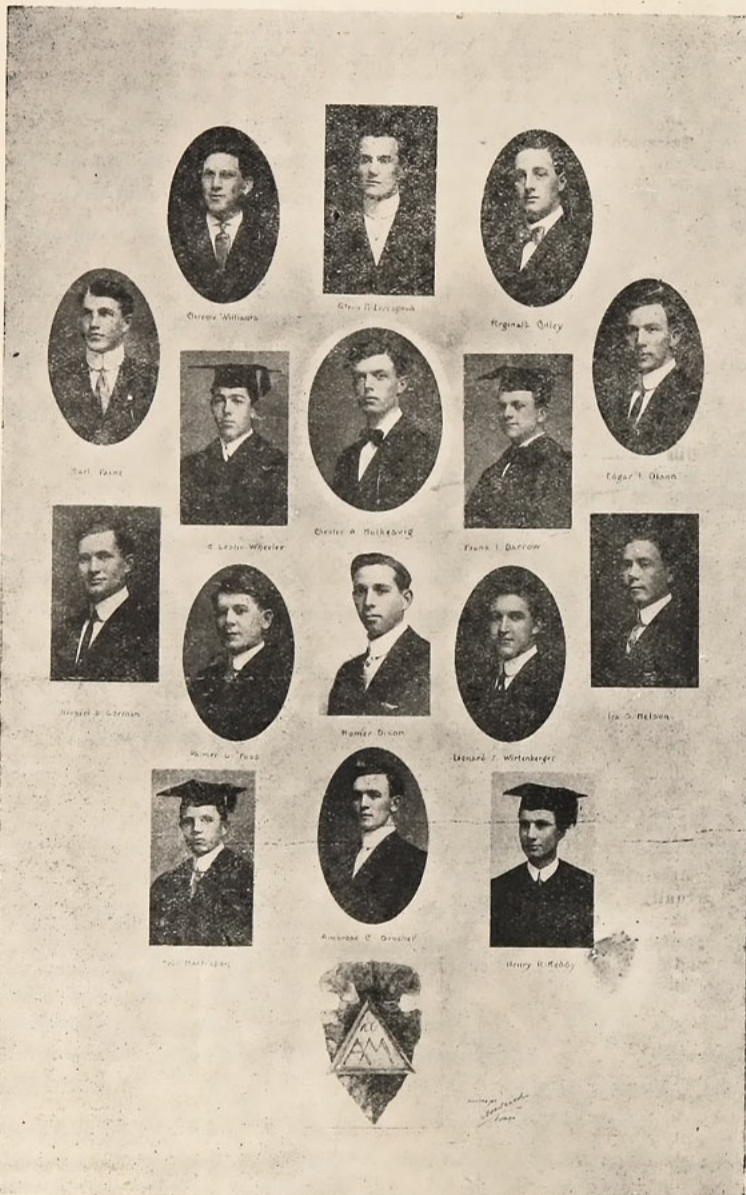

The rooter's club was evidently hypnotized while the touch down was being made.

The St. Cloud bunch were certainly there when it came to using the forward pass.

Grover C. Edwards is very ill at ease during the games—we would not be surprised if it were to become necessary to put him in a cage during the Fargo College game.

Dr. Hallenberg was on the dot as usual to help fix the fellows for the fray.

Trainer Wirtenberger has another assistant, this new find answers to the name of Tipper, but is better known as "Doc. Sven".

### Alpha Mu Fraternity

College life is incomplete if it does not foster and encourage fraternal spirit of a kind that is synonymous with true friendship and good fellowship and it was this feeling that actuated the founders of the Alpha Mu Fraternity when they met January 10, 1904, and effected its organization with the following charter members: Bert Corbett, Roger Browne, Fred Birch, Ross Fowler, Rufus Lee and Harry Porter.

The purpose of the fraternity is to do all within its power to extend and upbuild the influence of the Alma Mater, and to unite the members of the fraternity in a brotherhood so firm and lasting that its influence will become a determining factor in the life of every member, not only while in college but ever after. "To know all about a brother and still be his friend" is the watchword of Alpha Mu, believing that there can be no genuine Brotherhood without mutual regard, good opinion and esteem, mutual charity and mutual allowance for faults and failings the motto of the fraternity was selected. It is only those who learn habitually to think better of each other, to look habitually for the good that is in

each other, and expect, allow for, and overlook the evil, who can be brothers one to the other, in any true sense of the word.

From its first conception as a fraternity the greatest care has been used in the selection of its members. Likely candidates for membership are under the scrutinizing eye of every member for a long period before they are finally elected and initiated. Although the result has been a small membership it has proven a splendid policy in that the most perfect concord and unity has always characterized the fraternity. Fraternal spirit and the feeling of a close brotherhood has always been characteristic of the organization, stronger and more perfect than is ordinarily found among members of college fraternities.

Being the first secret society organization at the college, Alpha Mu has had in common with all pioneers, its hardships and struggles, its trials and tribulations, but troubles served only to strengthen and sustain. It was a good thing, it had a purpose and it would not down. Its growth has been sure and true. In the short period of eight years over sixty alumni have gone out to take their place in the world's activities. They are scattered far and wide, from New York to California, from Alaska

to Arizona, but in each case they have proven a valuable addition to their community and ever true to their Alma Mater and Alpha Mu.

#### SIGNAL!!

The shades of night were falling fast  
When through a college town there  
passed

A youth who wandered all alone  
And spoke in muffled monotone:  
"6-18-5-26-9-4."

"Oh, stay awhile, a stranger said,  
"And rest your worry and weary  
head."

He only gazed with vacant eye  
And muttered as he wandered by:  
"7-11-3-14-2-6."

He strode away in falling night,  
And as he disappeared from sight  
We heard his distant voice: "I'll bet  
I learn them gol darn signals yet—  
"4-13-1-22-8-5."  
—Boston American.

The first class party to be held this year was given by the Freshmen at the Music Hall for the purpose of getting acquainted. Practically everyone in the class were present, except those on the football team and the few that attended the En-

World Wide Brieflets

Edited by W. V. Arvold '15.

Gov. Marshall, of Indiana, entered California the first of last week to commence a vigorous western campaign and also to select a site for the Indiana building at the Panama-Pacific exposition.

Some excitement was caused in Champaign, Illinois, last week when about a thousand students endeavored to force their way into a vaudeville house. The stage hands and police guarded the doors and during the scuffle several persons were injured.

The Illinois students were celebrating their victory over Indiana.

Two Chicago aviators left last week to enlist with the Greeks of army service in the Balkan war.

Bulgarians working for the railroad at Hettinger have handed in their time and expect to leave immediately for the Balkan states to engage in the war.

Flora Wilson, daughter of Secretary Wilson, has entered the political fight in favor of President Taft. She will make several speeches and sing at different meetings.

It was necessary to call out part the militia in South Bend, Ind., last week to stop the betting that was going on at the race track.

Felix Diaz with his band of rebels was captured by the federal troops in Mexico with hardly any fighting.

Commissioner Dennett has ordered that 49,080 acres of unappropriated land shall be subject to homestead settlement on Dec. 30.

Police Lieutenant Charles Becker, of New York City, was found guilty of murder in the first degree and sentenced to the electric chair. He with a number of other men were held for the murder of Rosenthal, the gambler.

Lieut. Hans Gericke and Lieut. Steler were killed last week in a

balloon accident in Germany. They were thrown by the explosion of the gas bag from a height of three miles. Lieut. Gericke was the winner of the last year's international balloon race in the United States.

Grand Duke Alexis of Russia, was injured last week in St. Petersburg. The seriousness of the injury is unknown at present.

Altho the Bulgarians took Kirk-Kilisseh from the Turks, they paid a price of three thousand lives for it.

In 1913 the international dry farming congress will meet in Oklahoma City.

Because of a dense fog in the southern part of Chicago last week, a train and street car collided causing injury to many. Gov. Osborn of Michigan received a bruised arm.

A fight in which several were killed took place between the conservatives and liberals at Havana last week.

Theodore Roosevelt has recovered from his wound sufficiently to again take up active work in his campaign.

The wife of Prince Ludwig, heir to the throne of Bavaria, died suddenly last week.

The Democratic party received a blow in the race for governor in Wisconsin last week. Their argument against the income tax was shattered when Charles Ringling made the announcement that the circus would return and winter in Baraboo in spite of the income tax law in the state.

Governor Wilson explains that the market basket is the true sign of true prosperity.

Minnesota U. has no more co-eds. They are all termed "Campus Queens." The new name was taken because of Dean Ada Comstock's objection to the name co-ed.

SOCIAL EVENTS

By Eugenia Ruff, '13.

The common and overworked term "A blaze of glory" quite aptly describes the reception held by the Y. M. C. A. last Saturday for the Y. W. C. A. and for the new members of the Y. M. The crowd began to arrive at about eight o'clock, and continued until there were between two hundred and fifty and three hundred persons gathered in the armory. Special invitations had been issued to the Faculty, to which but a very few responded. However, we are particularly glad to note that Pres. Worst, the only recently home from a long journey, took time to come out and mingle for a while with the students, as did also a number of the professors.

A novel method of getting the strangers acquainted with each other was employed. The girls were formed into a circle, facing outward, and the boys into an outer circle, facing inward. While the piano was playing the boys marched around the circle in one direction and the girls in the opposite direction. As soon as the music stopped the march ended, and each person was supposed to converse with the person in front of him or her until the music began again, when the march was resumed. This was repeated several times, with the result that generally each person met a new face at each stop.

After this general "mix" the guests were seated by couples, and a program of speeches was next in order. Prof. Arvold gave his famous humorous selection on "Beans", which was highly appreciated. Pres. Worst gave a talk of a general nature, containing some of Prexy's sound and always welcome advice. Prof. Smith, chairman of the Y. M.

C. A. Advisory Board, spoke for the Young Men's and Miss Mable Cox of the Y. W., spoke for the Young Women's Christian Association. Pres. Mendenhall of the Y. M. also made a few remarks.

Following the program there was an assigning of numbers and a drawing of partners for the refreshments. The partners selected, Miss Haggart and Mr. Williams led a Grand March several times around the room before allowing the hungry crowd to appease their hunger.

A "slide rule" stunt caused considerable merriment, and then Dave Sonquist appeared in his "hasher's" apron for a solo. As usual the singing of Mr. Sonquist captivated the audience, and he was forced to respond twice to encores. The singing of the Yellow and the Green, and the Boola Song, and a few college yells, under direction of Mr. Williams, closed the festivities of the evening.

The Delta Phi Beta Sorority entertained the faculty ladies of the Agricultural College and the wives of the deans last Saturday afternoon at an informal "At Home" held in the sorority room at Ceres Hall. A short musical program was presented by two of the members and later a congenial social hour was enjoyed. The refreshments consisted of fruit Salad, sandwiches, coffee, ice cream, and cake. The room was prettily decorated with college pennants and with plants, and there was a bouquet of white roses and ferns on the center table. The lights were covered with green shades. Everybody had a very enjoyable time.

## Flickertail Flim Flams

By Flim Flam Jr.

Mendenhall as Wilson at Athenian Rally:

"It gives me great privilege to be among you tonight."

Freshman are requested not to use the Spectrum door slit as a post office letter box. You will never get a check that way and love letters may be printed.

Pants of good old Profs, remind us, To be knowledge at its best We should let the whole world find us, Wearing clothes that are not pressed.

—Exchange.

"A call to arms—Music for the next dance."

Why,..... and other prominent members of the lower upper class with social instincts and untrained feet, have contracted for four lessons in Terpsichorean Art. They have now perfected a cross between a waltz and a Swedish polka that can be executed in two four, three four or any old time. They will positively appear at the next dance held by the Engineers in November. Who will be the lucky Coeds?

If your name isn't in the paper send us a kick and we will remember you next issue.

To answer or not to answer, that is the question when the phone rings 1604-L5.

"Please, Mr. Faculty, remember a man's mind is like land, altho very fertile, it may be overtaxed for school purposes."

If Mississippi loaned Missouri her New Jersey what would Delaware? At doano but Alaska.—Exchange.

In Horticulture, Prof: Bud(d)s usually open up in the spring. Miss Harwood, I've known them to open earlier—in the fall.

Has anybody here seen Nelson? Ask Peggy.

### Card of Thanks.

We wish to express our heartfelt thanks to the Spectrum Staff for the kind attention shown to us in the issue for for October twenty-second.

Ottis Harwood, Louise Poland, Beulah Buckholz, Rhoda Fosbourg.

They might have used the following as a prologue:—

Appreciating the much wanted notoriety given us in the past but fearing that our names will not be conspicuous enough hereafter we will help matters by sending you this card of thanks.

The Staff.

If the Ocean waves will the mermaids flirt.

If the Washerwoman should fall in the mud would the vacuum cleaner?

The worthy Treasurer of the Junior class is the subject of much worry on the part of the other members of the class, due to his delight in besieging Ceres.

## ATHENIANS

The Athenians held a short session Friday evening to postpone the preliminaries for the joint debate until the 1st of November. Clarence Williams, Clifford Schroeder, Rosabelle Magill, Ethel Poole and many others have signified their intention to try-out at that time.

The meeting was adjourned in time to attend the Philo meeting and hear the Manikoowwskw Band and the dignitaries from Punkinville A. C.

### CIVIC AND SOCIAL CENTER CLUB

The Civic and Social Center Club meets every week in the Unitarian Building on 9th St. and 2nd Ave S. These meetings are open to all citizens and A. C. students are especially invited to attend. Miss Simmons of our English Department is chairman of the Program committee. These programs are varied in nature and are always well worth hearing.

A number of our students are hand-sorting a number of bundles of wheat for one of our North Dakota farmers. This wheat is to be exhibited for a five thousand dollar prize at the Northwest Land Products Show to be held in St. Paul. The boys have also hand-picked five bushels of the same wheat threshed, which will be exhibited at the same exposition.

No drill tonight. Changed to Wednesday at regular hour.

### Public Speaking Board

All members are requested to meet at Spectrum office for important meeting at 3:30 Thursday afternoon.

### AGRICULTURE AND VETERINARY

By Theodore Stoa '15.

The drainage system to be installed in the plant breeding nursery this fall, has been commenced, and the work of surveying is already well under way. From now on it is hoped the work can be pushed as rapidly as possible so the hard frost of the early winter will not interfere.

Dean Shepperd recently returned from Lethbridge, Can. where he attended the International Dry Farming Congress held at that place. This Congress meets annually in the districts of 'dry farming' to discuss the problems which confront them in relation to this important industry.

Mr. and Mrs. Randlett judged the exhibits at Hawley, Minn. on the market day which was recently held at that place. They were also assisted by some of the band boys who aided in the judging of the agricultural exhibits, principally among them being Barret, Manikowski and Yerrington.

Dr. Green of Dubuque Iowa who is the owner of a considerable tract of land in Dickey Co. paid the College a visit on Friday. He visited the various departments in quest of knowledge and ideas how he might undertake the successful management of his farm.

Among those who attended the

State Educational Association recently held at Grand Forks were Prof. Waldron, Trimble, Minard, Randlett and Miss Dinan.

Miss Linder of the domestic science department and Prof. Randlett judged the exhibits in the school children's contest held at Gardner last Saturday. Miss Jensen and Mr. Palmer officiated in the same capacity at Page.

Prof. Richards writes from Wau-paca, Wis., where he went to spend the fore part of the winter, that he is feeling fine, and despite the work that engages him on the farm, he is gaining in health and weight every day.

It is expected that this week will bring a large influx of tardy farm husbandry students, who have thus far been retarded by the general setback in the progress of this falls work.

George Stewart a Soph. in the Ag. Course returned last week to continue his work here.

Mr. Phil. Fisher who for the last two seasons has been head teamster on the college farm and this year for the experiment station enrolled last week in the farm husbandry course.

Miss Beaton is taking the rest of her vacation the present two weeks while office work in the Science Hall is rather slack.

Dr. Bell left on a trip in connection with the Biological Survey on Saturday, returning Monday.

## FRIENDLY COLLEGES

Fargo is the educational, as well as the business headquarters of this great state. We have colleges for the teaching of almost everything which young people may want to study. Over 3,000 pupils make their homes in Fargo every winter.

### DAKOTA BUSINESS COLLEGE

AND THE

### NORTH DAKOTA AGRICULTURAL COLLEGE

Have always been on very friendly terms. The work of the one does not over lap the work of the other. Many pupils enter Dakota Business College and later take courses at the N. D. A. C. and others enter the A. C. and then decide they want to specialize in BUSINESS, BOOKKEEPING, PENMANSHIP, SHORT-HAND, TYPEWRITING or BANKING and enter the D. B. C. for that special training.

We solicit the good will of all A. C. pupils, especially invite them to call and look the school over and, if they decide to take up the business branches, we naturally want their patronage.

### EVENING SCHOOL

Offers opportunities for those who are engaged during the days to take up some special work. The tuition is exceedingly cheap in this school.

Musical Department

By David Sonquist '14

"Music can noble hints impart, engender fury, kindle love, with unsuspected eloquence can move and manage all man with secret art."—Addison.

On Wednesday, Oct. 23, the band composed of 34 pieces and Dr. Putnam made their first out of town appearance. The invitation was made and accepted to furnish the music for the big Market Day at Hawley, Minn. The boys left about 9:00 a. m. after arousing the inhabitants became the center of attraction.

Immediately on arriving, the band boys became the center of attraction. After depositing their unnecessary articles they marched to the street corner with the aid of a forty-mile gale carrying along with it a considerable portion of the earth's crust. Realizing the breezy and dusty situation, the Fire Department proceeded to hold down the remnants of the street by means of a hose. The band marched to a slightly sheltered spot and played several other selections.

Here the posters announcing a Hot Chicken Dinner caught the eyes of the boys and kept their mouths watering until they were all seated

at one long table. Several out of door concerts were given which were all greatly appreciated. An indoor concert was given in the Exhibition Hall toward the close of the afternoon, bringing forth marked applause.

The boys left Hawley at 4:20 p. m. after announcing the fact by some spirited yells and songs.

The trip to Grand Forks is a certainty and the funds were obtained entirely upon the merits of the trip last spring.

The following program was rendered at the Music Hour at Convocation:

- 1. March—Silver Spur .....Cross 2. Hungarian Dance, No. 5....Brahms 4. Pas Seul—Pirouettes...Herman Fink 5. Syncopated March—Toboggan Rag .....

The student body will have the chance to sing the Yellow and the Green to orchestral accompaniment.

The boys are proud of their pouches. Much attention was drawn to them. The new music stands and cases have also arrived.

Plans are on foot for getting Convocation song books. The Doctor is expecting a new edition right off the press and should we get this collection we would have a book suitable for all occasions.

Fargo College To Invade Dacotah Field Friday

First Real Championship Game of the Season.

Next Friday we play Fargo College for football honors and it is going to be some game as Coach Watkins is not without resources as might be supposed from the reports that have been circulated about the weakness of the Fargo College team. Coach Watkins is a good coach and the boys on the hill always put up a good game. Come out to the game prepared to see a real good game of football.

The Fargo College bunch were beat up down at St. Thomas but they had the hard side of things down there because of the fact that they were on strange grounds after a hard trip and all of the rooting was against them. Here the conditions will be different. They will be as fresh as the grass in the spring and they will be on a field playing in front of their friends and relatives and urged on by the Fargo College yells. These are the factors that go to urge a team on to success and we must make these factors as

strong for our team if not stronger than they will be for the Hill bunch.

There will be a number of meetings of the Rooters club to which both girls and boys are invited and it is hoped that when these yell fests are announced that there will be a crowd out to learn the new yells which have been prepared and to practice up on the old ones. We have got to beat Fargo College in the Yell part of the game as well as the game itself and if we must do this it means that we must have every member of these clubs out to practice. So when the first meeting is called don't put it off until the next one but come and make the first one a success as well as the later ones.

Just remember that this game is to be no real snap and the team has got to work hard and the students have got to get together and be in shape to back them when the time comes. It is no doubt probable that the interest shown and the yelling done at the Wesleyan game ran the score up seven points more than it otherwise might have been.

The equipment of Science Hall has been increased by the addition of a new set of platform scales, with a weighing capacity up to 1300 pounds. The scales are equipped with bag rack, and can be used advantageously in weighing the many sacks of grain annually passing through the department.
