Fargo College Eliminated From Championship Race

A. C. RUSHES F. C. OFF THEIR FEET IN FIRST QUARTER. F. C. MAKES FIRST DOWN THREE TIMES IN ENTIRE GAME.

SCORE 5 to 0

BREYER RECOVERS THE BALL ON AN ON-SIDE KICK IN LAST QUARTER AND MAKES TOUCHDOWN

Before about two thousand enthusiastic spectators, Rueber's team outplayed, outwitted and beat Watkins' aggregation. It was the Aggies game from the start to the final whistle and only once did Fargo College have a chance to score.

In the fourth quarter Rusness punted to Balsinger who fumbled and Fargo fell on the ball on the A. C.'s 5 yard line. Bayard tried twice to penetrate the Aggies line but with only one yard gain, and on the third down Catlin found the Aggie line a stone wall. The ball went over and Ewen immediately punted out of danger.

The only score came in the fourth quarter when Caulkins executed an on-side kick and Breyer recovered the ball running twenty yards for the only touchdown. In this quarter, Fargo fought desperately but could gain no ground punting frequently and trying a succession of forward passes hoping for some fluke on which they could carry the ball across the Aggies goal line. It was at this time that the Aggies showed their well coached and powerful defense.

Eleven men starred for the A. C. and were playing ball every minute of the game. Foss and Balsinger were the most consistent ground gainers and were powerful on defense. Shorty Caulkins was the bright and shining light carrying the ball for long gains and proved himself to be an exceptionally clever field general.

Perry and Breyer at ends showed a great ability to follow the ball and were speedy getting down on punts. Captain Schroeder played his usual strong game both on defense and offense. When called back in the half-back's position to carry the ball he tore thru the line for long gains. Edwards was a tower of strength in the line. Time after time he broke through the Preachers line and tackled them for a loss. Olson, Ewen and Shumann were strong defensive players as were Hackett and Grant.

THE GAME IN DETAIL.

The Fargo College won the toss and chose the south goal. Ewen kicked off to Paulson who returned ten yards. Time was taken out for Balsinger. On an end run, Drummond failed to gain and on the next play, Fargo tried a criss-cross, Schuman tackling Catlin for an eight yard loss. MacMillan punted forty yards and the ball went out of bounds.

CAULKINS MAKES A TWENTY YARD RUN.

Balsinger gained three yards around end and on the next play Caulkins went twenty yards around Fargo's left end. Foss went two yards off tackle but failed to gain on the next play. Ewen punted thirty yards and Grant recovered the ball on Fargo's twenty-five yard line. Breyer lost six yards and on

an on-side kick, Rusness recovered the ball. Catlin made ten yards around our left end. Rusness was tackled for a one yard loss and Drummond made five yards off tackle. MacMillan punted forty yards to Caulkins who returned ten yards. On a tackle around play, Schumann gained 5 yards and Foss failed to gain on a try over tackle. Ewen punted thirty yards to Bayard who returned 5 yards. Balsinger tackled MacMillan for a ten yard loss and Rusness punted to Balsinger who was downed in his tracks.

CAULKINS FAILS TO PLACE.

Caulkins went 25 yards around end and a pass from Caulkins to Foss netted 10 yards. Balsinger went 3 yards around left end and on the next play he gained 15 yards around left end. Ewen went 3 yards through center, placing the ball on Fargo's 25 yard line. Balsinger failed to gain and Caulkins dropped back for a kick from placement but it fell short and MacMillan punted out of danger to Balsinger who made a fair catch. Foss failed to gain around right end and time was taken out for Breyer. Schuman failed to gain on a tackle around and Caulkins punted to Catlin who fumbled but recovered the ball. MacMillan punted 45 yards to Caulkins who returned 10. Balsinger made 20 yards around left end and Foss 3 off tackle. Foss failed to pass and was tackled for a loss. Time was called for the first quarter with the ball in the A. C.'s possession on the 45 yard line. No score.

SECOND QUARTER

Caulkins punted 30 yards to Drummond who was tackled in his tracks. Catlin tried right end but failed to gain and Drummond made 6 off tackle. MacMillan dropped back for a punt but fumbled the ball and in an attempt to kick it, it went out of bounds on Fargo's 30 yard line. On this point the officials consulted the rules and the ball went to the A. C.

SCHROEDER CARRIES THE BALL

Schroeder was called back and on a play, off tackle, he tore through the Preachers' line, shaking off several tacklers for a 20 yard run, placing the ball on Fargo's 8 yard line. On the next play, Schroeder was called back but fumbled the ball which went to Fargo College and Rusness punted out of danger. Ewen tried the line but failed to gain and Breyer made a yard around end. Breyer dropped back for a drop kick but failed to get it off and Fargo was penalized for off side, giving the A. C. first down.

MACMILLAN DISQUALIFIED

Ewen made 5 yards through the center of the line. Dutch made a yard off tackle. At this time MacMillan was disqualified for unnecessary roughness and Fargo was penalized half the distance to the goal line. A. C.'s ball on Fargo's 10 yard line. Balsinger gained a yard around left end and Dutch made 3 off tackle. Time was taken out for Trost. Ewen failed to make the necessary gain and the ball goes over. Rusness punted to Perry who jumped high in the air to get the ball. Balsinger lost 5 yards in a try around left end. Caulkins tried a pass which was incomplete and Breyer dropped back for a place kick but failed. Fargo put the ball in scrimmage on their 25 yard line. Drummond lost 2 yards around left end. Rusness punted 40 yards, the ball striking one of the A. C. players and rolled back, Fargo recovered

Rally Friday Will Be Preliminary to Final Game

BE ON HAND AND HEAR OUR LOCAL WINDJAMMERS AND WORD SPOUTERS TELL HOW WE ARE ABOUT TO OBTAIN OUR THIRD STATE CHAMPIONSHIP WITHIN EIGHT MONTHS—SEVERAL NEW YELLS WILL BE ADDED TO OUR REPERTOIRE AND NEW STUNTS WILL BE UNCOCKED BY OUR ROOTER KINGS—DON'T MISS THE SAME BAND IN THE SAME CORNER LED BY THE SAME DOC.—REMEMBER, FRIDAY AT ELEVEN O'CLOCK IN THE ARMORY—BRING YOUR COLORS—IF YOU HAVEN'T ANY GET THEM FOR THE BLEACHERS SATURDAY MUST BE ONE MASS OF YELLOW AND GREEN.

Students Celebrate Game In Hilarious Manner

After winning the game Saturday afternoon, the spirit of the students became too lively for restraint. Every one felt like painting the town red that evening. A big grand march snake dance, yell fest and an all around celebration was accordingly arranged for that evening, beginning at 7:30 from the armory. Before this time a large crowd had begun to congregate so by the time the band appeared, almost all the space between the gym and the main building was a mass of people as over five hundred were present. It was by far the largest assemblage of A. C. students which had ever gathered in the evening to celebrate a victory for the A. C. for practically the entire student body was present. Ceres Hall was entirely deserted to swell the ranks of the celebrators. Shortly before eight, the band appeared and the triumphal march started. All fell into regular marching order with four abreast and at the regulation distance. Even then, the length of the column was from Flynn's corner almost to the boys' dormitory or nearly three blocks. The band led the way along Twelfth Avenue until they reached Broadway, when they executed the column right and all were headed for the business portion of town. Several times on the way they gave a few vociferous yells but they kept going until near the Great Northern depot when a halt was made and Da-Ko-Tah and other yells were given in unison. The band struck up a tune as the Great Northern depot was passed and all kept step to the music, now and then winding back and forth but all the time moving along. The yell leaders now began to get busy. One yell followed another, first Da-Ko-Tah, then Boom-a-lac-a then the score was counted, some extra yells were given and then they were all yelled over again. At the corner of N. P. avenue and Broadway, the band formed a circle on the inside while the other marchers formed a circle around them. The streets were lined with people as they always are when the A. C. band is out. All traffic was blocked, even street cars being unable to get thru. Here were given the noisiest yells ever heard on Broadway. The score was counted, yells were given for the team, the coach, the members of the team, while the air resounded with our yells. After a short concert by the band, the march was continued to the corner of the Waldorf where a similar circle was formed. The Yellow and Green was sung to the accompaniment of the band; several more selections were played and there was another uproar of noise making from the A. C. ranks. All fell in line again and the Forum was serenaded. A husky yell was given for the Forum, the score counted and more yells given. Editor Brewer kindly responded with a short speech in which he extended their congratulations. The News was

Two Scholarships To Agricultural Students

The Jewish Agricultural and Aid Society will maintain two scholarships in the short courses in Agriculture here this year. Last year, they supported one such scholarship and were so well pleased with results that they decided to support two such students this year. These students get all their expenses paid including board, room, books and tuition. They are even considering extending the scholarship to the first two years of the Farm Husbandry Course.

Convocation.

The students were addressed by Prof. O. G. Libby of the State University at the regular convocation exercises. He chose as his topic "State History as a National Asset." He stated that every nation boasts of some asset in which it surpasses other nations. We as a nation usually speak of our great resources, etc., but our state history is a national asset which is beginning to be recognized more and more. He went on to give examples of states like Virginia contributing to our national development by the actions of some of her illustrious men. He closed by reminding us of the fact that states are the laboratories wherein political experiments are being worked out, which when successful become national in their scope.

next. They were also serenaded, and lest they forget the score, it was counted and more yells given. The management of the Orpheum had previously invited the entire Student body to take in the last performance gratuitously. This performance was just about to begin as the News was serenaded. The management of the Grand gave a similar invitation. The crowd happened to be close to the Orpheum so that most of them filed in behind the band. Here the band furnished some more music while the rest keyed up their strained voices for the last yells of the evening. Cheers were given for the management. A large delegation also went to the Grand. Most of the football men were there for this performance as the guests of the theatre, so students were anxious to be there to give them a few rousing cheers as well as to the Grand. This they did as well as their hoarse throats would allow them. After these performances the gathering broke up into small groups and all departed for their homes.

All were almost too hoarse to speak after the yelling at the game and at the celebration and were tired after this long tramp but had only let go of just enough pent up enthusiasm so that they could hold themselves in restraint and sleep comfortably.

Controversy Over Eligibility Rules

BAYARD OF FARGO COLLEGE THE BONE OF CONTENTION.

The big game between the A. C. and the school of theology on the hill had a narrow escape from being called off and it was in fact called off at one time but arbitration saved the day. Walter Bayard of Fargo College was the bone of contention. The management here protested his playing with the Fargo College team. The authorities of our rivals refused to arbitrate and the game was cancelled. However, after several days of rag chewing arbitration was agreed upon and Judges Engerud, Amidon and Young met Saturday and by a vote of two to one declared Bayard eligible. Two of these judges were interested parties and they themselves in trying a case in their own courts would never have allowed jurymen as interested in the case, as they were in this dispute. It is understood that Judge Engerud has a son attending Fargo College who is student manager of athletics there and it is rumored on good authority that this nephew pawned his shotgun in order to bet on the game. Judge Amidon has never had a very strong leaning toward the A. C. and his sons and daughters have been educated at Fargo College. The reader after considering the following proofs of Bayard's ineligibility, can imagine by what stretch of imagination and justice, the board came to its conclusion.

Walter Bayard was in the employ of the Northwestern Telephone Exchange Company up to Oct. 23rd, according to a signed statement of the District Commercial Manager. As Fargo College is not in session on Mondays, Walter Bayard could not have begun school before Oct. 31st. On October 31st, the authorities here received the list of men eligible under conference rules to participate in the A. C. game. In this connection it is interesting to consider sections of the minimum code governing eligibility of conference teams.

1. Each student competing in any intercollegiate athletic contest must be passing in at least twelve hours of recitation work weekly, or the equivalent thereof.

10. Colleges shall assure each other of the eligibility of their teams by the exchange of certificates, signed by proper authority, one week in advance of the first conference game, listing the members of the team by name and certifying that each individual is eligible. It is suggested that such certificates also mention the department and class of each man. Supplementary certificates for later candidates should be made one week in advance of any game in which they participate.

The question now is, how could the Fargo College authorities certify on the 31st day of October that Walter Bayard was passing in at least twelve hours work, on the very day when he entered school. We are unable to understand how he could enter over a month late, make up his back work, and make the football team on the same day.

Fargo College claims he has been attending night school but does not twelve hours of night school per week look pretty high?

Section twelve of the minimum codes reads:

12. It is recommended that difficulties or disputes that may arise between any two colleges concerning enforcement of eligibility rules, disregard of schedules, or other similar questions, if not otherwise adjusted, be referred to an arbitration board of three, selected one by each college and the third by these two.

The arbitration board in this case was not chosen by each college. After several days of wrangling and after Prof. Keene had tried in every way to get the Fargo College authorities to consent to arbitrate according to the above section, the board which acted was presented to him and he was asked if he would accept

(Continued on 4 page)

Great Spirit Shown At Friday's Rally

"WE MUST BEAT FARGO COLLEGE" WAS SLOGAN OF THE DAY

Pandemonium reigned supreme and things in general pandemonied at the rally held during the last hour of the Friday morning session. Everybody in college, students, profs., janitors and farm hands, were there with voices keyed to the highest pitch of enthusiasm, all giving forth voluminous expressions of the one central idea, reiterated and re-echoed from every ardent supporter of the honor of the old A. C. "We Must Beat Fargo College."

Yell Leader Williams opened the meeting by introducing that bunch of faithful wind-jammers, the band which further raised the pent-up enthusiasm of the mob and when they were through, "Da-Ko-Tah" was greeted with such vim and vigor as has never before been heard. The newly organized rooters club made its initial appearance and made itself heard.

Captain Schroeder was called upon first and he stated that instead of having the slogan "we must beat Fargo College," the team was going to fight with the war cry, "WE WILL BEAT FARGO COLLEGE."

Bert Haskins gave the students a few hints of what happened in the old days and reminded the boys that if they allowed the team to walk to the Armory after the game, the Co-eds were going to carry them there.

Dr. Putnam the veteran booster of the A. C. in general, and the football team and the band in particular, made an earnest appeal for good rooting and fair play.

"Préxy" was hustled to the platform and gave one of his characteristic heart to heart talks and strongly denounced unfair and dirty methods in football. He favored rooting of the dignified kind and said that the louder, the more dignified. The girls were encouraged to give vent to their enthusiasm by yelling in unison. He with many others believes that individual rooting by the girls is out of place.

Registrar Parrott expressed his faith in our team regardless of any unfair conditions that might be set up against them by the other team. Student Manager Colley announced that 250 tickets had been secured for A. C. students and these were soon gobbled up.

Throughout the entire meeting, well after yell rent the military atmosphere of the Armory. The result of the rally was plainly shown in the more organized and continual rooting at Saturday's game and it is hoped that next Saturday the yelling will be still better—for—

Prizes Are Offered To Agricultural Students

At a meeting of the Board of Directors of the International Live Stock Exposition in Chicago, it was decided to offer to our school nine prizes in a letter writing contest, particulars of which can be found in our editorial columns. The prizes range from ten dollars to one dollar. All students at all interested in live stock should enter.

Heney Will Not Be Here Next Friday

Prof. Arvold received a telegram last night saying that Francis J. Heney would not be able to be here to give his lecture Friday evening. He will be here later. The date will be announced Thursday.

Prof. Randlett received an interesting collection of views from the Herron Bros. farm near Leith in Morton County.

We have defeated Fargo College and U. N. D. is next. At Athletic Park next Saturday a contest will take place which will decide the state championship and there is no other school in the state with which we would rather battle for the supremacy of the state than U. N. D. Their team is a bunch of clean players supported by a loyal and clean student body. Our relations with our sister school are of the ideal kind. Last year when we visited them en masse for the annual struggle on the gridiron, we were treated royally and we came back defeated but smiling. This year we are going to turn the tables for we are going to play them on our own field and although U. N. D. made a great showing when they defeated Macalester a week ago, we expect to beat them. We are confident but not over confident for we realize that Saturday's game will demand that every man on our team must fight to the limit. Having defeated them we should in our turn send their team and their supporters home smiling as we were sent. Let us show them a good time and strengthen the bonds of intercollegiate friendship until they will bear any strain that may be brought to bear during coming years. At convocation exercises this week, arrangements were made for the entertainment of our visitors and now it is up to every student to help make the affair a success.

During the game root, but be ladies and gentlemen and treat the visitors as they merit.

We are going to have a hard game but nevertheless

U. N. D. is next.

The Animal Husbandry department is up against a bad state of affairs this year in the matter of sending a team to represent the A. C. at the Northwestern Livestock Show held at St. Paul this month. Some of the students who are assured places on the team here cannot afford to make the extra outlay necessary to make the trip. These men are working their way through school and cannot be expected to pay their own expenses. In order to make a team a winner, some incentive should be offered to increase the students interests. As the matter now stands, many of the best men do not do their best for they know that they cannot make the trip even if they make the team.

Something should be done. In as much as the A. C. is measured by its showing in the contest and receives favorable or unfavorable advertising depending on whether our showing is good or bad and furthermore because increased interest in this work would mean much to the agricultural welfare of the state, it seems very feasible that the Board of Trustees should take some action in this connection and provide for the transportation of our team. Other terms such as football, debating, etc., are aided by the receipts of the game or contests but this method is impossible in the case of a stock judging team.

The Live Stock Association is interested in the promotion of its interests. Why would it not be a good investment for this organization to at least help send some of these men to the show. These are only suggestions. There may be better remedies. We hope there are, but

nevertheless, something should be done.

The Directors of the International Live Stock Expositions offer to A. C. boys a ten dollar gold piece for the best written letter giving their opinion on some relative or friend in the country as to why they should come to the exposition this winter, Dec. 2 to Dec. 9. The second prize is five dollars and the next five, one dollar each. The judges will be members of our Agricultural Staff. Material concerning the exposition will be left with Mrs. McVeety, the librarian and will be available to students interested. These letters are not limited as to length. All those who expect to participate in the contest should hand their names in to Prof. Richards on or before the 8th of this month.

There are days we dread and days that we delight in. Some days are marked with a mourning border far ahead upon our calendars and others are red lettered. We long for a certain date to come, and the thought of it sustains us through hours of depression and weariness, or else we look forward with shuddering apprehension to an ordeal, and we wish the day that brings it were already in the past. We do not always awaken in the morning filled with a joy for the day before us. We are only human and we cannot confront the world with the passionless impersonality as well as the illimitable power of the rising sun. It rests with us to perform the routine duties of the day well. If we can place a check mark next each day of our lives meaning that the day's routine has been properly accomplished, the outcome can be nothing but success.—The Evergreen.

Arrangements Made To Entertain U. N. D. Students

Immediately after Convocation yesterday morning, Prof. Minard turned the meeting over to the students so that they could make arrangements for entertaining the U. when they come down in their special train. Amos Ewen, who is president of the students' council, took charge and in a short talk told the object of the meeting and gave some hints as to different methods of securing money for entertaining them. A motion was made and carried that a fee of twenty-five cents be levied on all the students and that a printed tag be furnished in return which would admit them to the reception. A motion was also passed that the chair appoint five committees to take charge. They were a reception committee to meet the U. students at the train and to see that they are shown around, an entertainment committee, one to look after decorations, another to see about refreshments and another to look after any printing which may be necessary. These arrangements being made, the meeting adjourned.

Mr. Ewen has appointed the committees and they are as follows: Reception Committee—Arthur Ogaard, Chairman. Edwin Evingson. Leonard Wirtenberger. Entertainment Committee—Arthur Ogaard, Chairman. Addie Stafford. Fern Dynes. Chester Holkesvig. Bert Haskins. Decoration Committee—Vernon Arvold, Chairman. Lucy Cockburn. Harrison Bunt. Refreshment Committee—Ben Barrett. Alma Leebly. Printing Committee—Alfred C. Anderson. These committees will need to get busy at once to begin to make arrangements. The form of entertainment has not been definitely decided upon yet. A reception in the armory will probably be the principle feature.

The form of refreshments that will be given have not been decided upon as yet.

Money has to be raised to pay for music and refreshments and other expenses. This money has to be raised among the student body and it was thought that the easiest way to raise it would be to make every student pay a quarter. This sum is so ridiculously low that no one can not pay. Tags are being printed which will be furnished to all who pay. Only those that pay will have the privilege of attending the reception. William Rommel, the treasurer of the student council will take charge of the money after it is col-

lected, turn it over to the committees as they need it and account for it. He will also give out the tags to the persons who collect from the different classes. The class presidents will have to appoint the collectors from their own respective classes at once and see that they get busy. Every student will need to put in a quarter as not enough money will be raised otherwise. If no one solicits you for the money, pay Mr. Rommel at the bookstore who will give you credit for it.

Radium And Liquid Air At Grand Next Sunday

Next Sunday evening at the Grand will occur one of the most interesting lectures of the year when Prof. Wm. B. Patty will give a lecture on the wonders of Radium, Liquid Air, and Wireless Telegraphy. This lecture will be illustrated by a large number of experiments. Many of these experiments appear no less than miraculous. For instance a kettle full of liquid air boils fiercely on a block of ice. Steak is dipped in liquid air and becomes as brittle as glass. Steak is melted, and quicksilver is frozen, so that nails can be driven with a hammer made from it. Alcohol and whiskey can be frozen into icicles. Prof. Patty has a few samples of radium which the audience will be allowed to examine. This element is worth \$500,000 a pound as it is so exceedingly rare and valuable. It is constantly giving off energy, seeming to be an inexhaustible storehouse. By means of radium photographs can be taken through a 16-inch pile of wood blocks. Mr. Patty will also demonstrate wireless telegraphy, ringing bells, starting motors, lighting lamps, etc., without the aid of wires. These demonstrations are not for the purpose of selling stock to the public but are a number of the Grand Free Lecture Course and all students are invited to attend.

Driving a nail with a hammer made of mercury

WE NOTE THAT:—

Referee Patty of Brookings ended his career in that capacity with our game at that place. S. D. S. C. can truly point to this man as having had a great deal to do with its past success and he will remain in our minds as a splendid advertisement of what can be done by patronizing home talent. Shattuck defeated Carleton by its superior punting. 6-0. Girl policemen are the rage at the Oregon A. C. Dormitories. The Colorado School of Mines has a fine paper in the Retort. It is brim full of college spirit and patriotism of the right kind.

Professors Keene and Hard were recent speakers in the course of Monday lectures in Education. The former spoke on "The Teaching of Practical Physics," and the latter on "The Recent Revolution in Teaching the Earth Sciences." Both addresses contained valuable suggestions. The use of the laboratory for teaching physical geography was broadly discussed by Prof. Hard.

Announcements have arrived telling of the marriage of John Thysell to Lulu Kenner Armstrong of Rogers, Tenn. This move on Mr. Thysell was not unexpected among his many friends at the college. They all extend their heartiest congratulations.

Liquid Air boiling on a block of ice

THE MYSTERY OF RADIUM. The term "mystery" seems inadequate in referring to the newly dis-

The North Dakota Agricultural College

For Completeness of Equipment and Faculties for Instruction is unsurpassed in the Northwest

The College Department offers Eleven full Courses viz:

- Agriculture
- Civil Engineering
- Biologic Science
- Mechanical Engineering
- Home Economics
- General Science
- Education
- Pharmaceutical Chemistry
- Chemical Engineering
- Veterinary Science
- Chemical Science

The courses are available to those who have completed the equivalent of a good high school training. For those who have not had such a training

The Agricultural and Manual Training High School offers complete secondary courses in:

- Agriculture
- Engineering and Manual Training
- Commerce
- General Science
- Domestic Science
- Rural Teachers Training

These courses all fit fully for college entrance

Special Courses:

- Pharmacy
- Commerce
- Homemakers
- Farm Husbandry
- Power Machinery

A Complete Commercial Training is Offered to All Students

THIS COLLEGE

OFFERS to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and young women for responsible positions in life. The demand of the present is for men and women who can think and investigate for themselves; who can deal with the social, agricultural and industrial problems of the day. This demand the Agricultural College is attempting to supply.

The Laboratories and Shops are Thoroughly Equipped
The Instructors are Specialists in their respective lines
Exceptional Advantages are offered in Biology, Chemistry, Domestic Science, Literature, Mathematics, Engineering and Veterinary Science

Graduates from approved High Schools are admitted to the Freshman classes of all courses.
Credit is allowed in the Agricultural and Mutual Training High Schools for all work done in the country schools.

Tuition Free. Board and Room \$3.75 to \$5.00 per week.
For Catalogs and Circulars address the Registrar

Agricultural College, North Dakota
Farm Husbandry, Power Machinery and Homemakers' Courses Begin Oct. 16th

covered Radium. In fact, "miracle" appears none too strong. That a bit of this wonderful mineral can continue for thousands of years to give off heat and light without exhausting itself, is so amazing that it is hard to realize. This discovery can hardly be distinguished from "perpetual motion" which it has been an axiom of science to call impossible, and its revelations are so remarkable as to have almost bewildered the scientific world. An opportunity to see this substance and behold what it does, will be afforded next Sunday night at the Grand and it goes without saying, that a large audience will witness the demonstration. Liquid Air and Wireless Telegraphy experiments will also add to the event.

Prof. George P. Grout, assistant professor of dairy husbandry at the University of Minnesota farm school, has resigned his position to assume the management of the extensive Jean du Luth Farm at Duluth, Minn. The retiring manager, W. C. Sargent, desires to give his entire attention to his own farm, and the work which he has successfully inaugurated at this big farm will fall to the capable hands of Prof. Grout.—Breeder's Gazette. Prof. Grout is one of our graduates and was considered an authority on dairying when here. We are glad to hear fortune is with him.

A. C. MEN AT PAN-HELLENIC.

The first of the two yearly banquets of the Pan-Hellenic association of college men who are members of Greek letter fraternities was held on Monday night. About sixty Greeks gathered about the festive

board at Pirie's at 7:00 o'clock. Following the feed, Pres. Wilson introduced Rev. Adams as the principal speaker. Later an informal discussion arose as to the advisability of converging the club into a university club and throwing the membership open to all college men. While all were agreed that a successful university club would be a very desirable thing in Fargo the sentiment seems to strongly prevail that there is no need of disbanding the Pan-Hellenic in order to accomplish this. In fact a wave of protest has since come from a large number of loyal Greeks opposing such disintegration.

The Agricultural College was represented by a large representation. New officers elected are President D. D. Dowling, vice president A. E. Minard, Sec. Treas., McClelland.

POLYTECHNIC MEETS

The next meeting of the Polytechnic Society will be held on Wednesday, Nov. 8. Dr. H. B. Smith, the city health officer will speak on the subject, "Problems in Public Health." The lecture will undoubtedly be very interesting and a large attendance is urged.

SPECIAL BULLETIN

The Food Department has issued its special bulletin for the month of October. As usual it is full of interest. A number of proprietary products are reported on and found to be mere fakes sold at far above their real value. There is also given a long list of food products which are misbranded or under weight or otherwise fail to conform with

PERSONALS

Dean Hoover and John Wentz will auto over to the consolidated school east of Gardner where they will act as judges in the educational contest. At that time, Budd will make his initial appearance as an exponent of scientific agricultural principles.

Prof. Randlett will spend the week addressing meetings at LaMoure, Linton and some points in the northern part of the state.

Prof. Martin returned from the National Dairy Show which was held at Chicago last week. He reports that about one thousand cattle were on exhibition representing all the prominent dairy breeds. Oscar Jensen of S. D. S. C. won the Taft cup, offered by the president for the student stand the highest in the Dairy Cattle judging contest. The Kansas A. C. team won first in total points.

As a direct result of the work of our dairy department, about ninety head of pure bred Holstein cattle have been brought into the region adjacent to Grafton.

A team of five men will probably be sent from here to participate in the student Judging Contest held at the Northwestern Livestock Show, in St. Paul, Nov. 14 to 17. The college will also exhibit six fat steers, thirteen fat sheep and ten fat hogs. All of these animals are in excellent condition especially the two year old steer, which ought to make Grand Champion of the Show.

Prof. James, instructor in Agriculture of the Valley City Normal, was busy Friday, inspecting Francis Hall and conferring with the Agricultural staff.

The regular drill days have now been assigned. Co. B will drill Monday, Tuesday and Wednesday. Co. A will have the floor Thursday and Friday. On favorable Wednesdays, Co. A will drill outside, otherwise all the officers of the company will attend the regular officers' and non-commissioned officers' school.

Wilbur Rankin arrived at school

Thursday after a sojourn of several months in the Northern backwoods of the state. He received his appointment of second lieutenant of Company A.

Reg. Dynes who always was right there when it comes to supporting our teams, came down from Gardner to watch the game and to add one more voice to our rooting organization.

Supt. Whitney of the schools of Grafton was one of our prominent visitors who inspected the campus last week.

Prof. Black of the Wahpeton Science School was here to consult with Mr. Parrott in regard to our system of registration while here attending the meetings of the Educational Association. He was so well pleased with it that he decided to adopt this system for their school exactly as it is used here. This system was originated by Registrar Parrott quite recently and is meeting with great favor with the schools that have examined it. Rhode Island was so well pleased with it that they adopted it immediately after seeing the system on account of the many advantages it has for keeping a record of the students.

Tena Grest came from way down in the lumberwood region at Bemidji, Minn., to watch the game Saturday afternoon.

Elinabeth Reimer, who is now teaching, took her allotted time off to attend the meetings of the North Dakota pedagogues. While here, she was the guest of Miss Blanco of Ceres Hall.

Ray Towle, our last year's enthusiastic debater, came in from McIntosh Friday evening to see the A. C.-F. C. game and to pay his respects to friends at the A. C. Mr. Towle says he is having an excellent opportunity to review his agricultural education.

Dean Mendenhall has been entertaining his brother who is a principal in a high school in the northern part of the state, the past week. He was here to attend the meetings of the Educational Association.

Miss Donaldson and Miss Jacobson who are graduates of Columbia University attended a banquet at the Gardner held for former Columbia students during the time the Educational Association met.

Supt. Lewis of the Dakota schools was an interested visitor at the College Tuesday.

The Montana A. C. have cancelled all their remaining games this year on account of the death of one of their players caused by an accident during a scrimmage.

Supt. Smith of the Bisbee, N. D. schools was one of the prominent visitors at the A. C. who was here to attend the meetings of the Educational Association. Mr. Smith was especially interested in the public discussion work of our extension department.

P. S. Olson, '10, was one of the old students who came some distance to see the game Saturday afternoon. As usual, Pete was one of the most enthusiastic rooters present. Mr. Olson is still teaching agriculture at Alexandria, Minnesota and is doing some great things for the agricultural interests of that section.

Prof. W. W. Norton, Director of the U. N. D. band, was a visitor at our band rehearsal Wednesday. Mr. Norton was accompanied by his wife.

The musical department of the Agricultural College rendered a short musical program at the Friday afternoon session of the North Dakota Educational Association. The college orchestra played two selections which were heartily applauded and Miss Grasse sang "Oh, Hall of Song," from Wagner's opera, Tannhauser. She was accompanied by Miss Leila Elliott. The orchestra selections were: Overture, "Lustspiel" by Kelerbela and "Ballet des Fleurs," by Arthur C. Morse.

Mrs. C. S. Putnam returned last Wednesday from an extended visit with relatives in California. Mrs. Putnam went to California several months ago for her health. She reports a very pleasant trip and her health is much improved.

Between halves at the Fargo College game Saturday, our band joined forces with the F. C. band. Among the numbers played by the joint aggregation was the popular march, "Frat," by Barth.

John A. Swenson, '06, one of the star football players in Dobie's first team, but who is now Superintendent of Schools of Nelson County, found time to look over the college while here for the meeting of the State Educational Association. He was especially interested in the team.

Maud Morrow, one of our well known former students, was recently married at her home near Erie in this state.

As the result of the visit of Dr. Babcock last week, the Registrar's office is now busily engaged in compiling data in regard to the number of hours our instructors are engaged in teaching classes, the number of persons in each class and other similar information. In the opinion of Dr. Babcock our instructors are doing too heavy work.

Last Friday's faculty meeting was postponed to yesterday. Some very important business was transacted at this meeting. The most important was the final act in the separation of the College and the Agricultural and Manual Training High School. There will now be an entirely different teaching staff for the two. One instructor will confine his or her teaching to either the high school or college classes instead of teaching some classes in both departments as at present.

Supt. Muller of the Portland schools was a caller on the campus while here for the meeting of the Educational Association.

Coach Rueber's masterly address before the educators on "Athletics and Character" has incited much comment among those who heard him.

Supt. Simeux from Lisbon was one of the Educational Leaders who visited the A. C. last week.

Ceres Hall

Miss Mae Hooper visited Mrs. Marshall Thursday night.

Miss Ruby Gibbens of Halstad, Minn. spent the week end with her sisters and took in the game.

Miss Sutherland and Miss White of Grand Forks were guests of Miss Jacobson at dinner Thursday. Miss Sutherland is also a graduate of Columbia University, New York.

Beatrice Alm was a guest of Miss Enid Erickson's at her home in Moorhead Friday night.

The Misses Blanche and Mabel Niemeier were guests of the Shelton girls at dinner Wednesday.

Mr. and Mrs. J. L. Estrich of Enderlin visited Miss Engle Friday.

Lillian Hume spent Friday evening with her cousins down on the South side.

Miss Hazel Poole of Steele is visiting her sister at the Hall.

Have You Thought of an ELECTRIC CHAFING DISH FOR MIDNIGHT LUNCHEONS

Fargo, N. Dak.

Mr. Pope and Miss Stafford formerly of Mayville visited the ex-normalites at Ceres Hall Saturday afternoon.

Miss Jacobson in Dom. Art: "As the class is now all here, we will go down and the girls will give us demonstration in Dyeing." Miss C.: "I always thought I'd die sometime but didn't expect to go down when I did."

Miss Simmons to class in English 7: "Now everybody, don't forget to bring your 'Indigestion' with you."

An all dormitory spread occurred in the Ceres Hall gym. The feed did not commence until ten thirty consisting chiefly of pickles and cakes. Dancing was indulged in. Miss Kurtz in full dress uniform proved a veritable breaker of hearts.

All Junior and Senior girls were excused from classes during the week to attend all Educational lectures.

Wednesday all girls taking Home Economics were excused from all classes. They attended the Industrial lectures at the High School. The Domestic Science and Domestic Art lectures were greatly appreciated by the girls.

Very fine exhibits in Domestic Art and Sewing 5 and Cooking were arranged the past week and inspected by the visitors.

Visitors were very numerous during the latter part of the week.

The Senior and Junior girls in Domestic Science served at the reception Wednesday night to about one thousand guests.

Miss McKay and Miss Pearson, both of the class of 1910, gave very interesting papers at the meetings. They also visited the school.

Y. W. C. A.

The regular devotional meeting was led by Mrs. Marshall. Her subject "Criticism and Its Consequences" was very interestingly treated and greatly appreciated by the girls.

PROF. McMEANS ACCEPTS POSITION IN ONTARIO

Mr. A. McMeans, Assistant Professor of Horticulture, has accepted a fine position as manager of Thames Valley Gardens Co. This is a 3,000 acre tract of fruit and vegetable land, situated in the southwestern part of the Province of Ontario, near Detroit, Mich., and it is to be divided into 10 acre tracts which is to be colonized by English gardeners. The marketing of all fruits and vegetables is to be done co-operatively. Prof. McMeans' duties will consist largely in directing the individual settlers what to grow and how to grow it.

For nearly two years Mr. McMeans has been connected with the Horticultural Department here and during that time by his diligent, consistent and careful work has done a great deal in the improvement of plants and vegetables and also in the methods of doing work.

Before coming here he had charge of the vegetable end of the Horticultural Department at the Ontario Agricultural College at Guelph for four years. While engaged in work there he visited all the important vegetable districts in the United States so is a man of unusual experience and ability along this line of work, and is eminently fitted for the position which he is to assume on Dec. 1st.

SURE AND PROFITABLE START.

To Whom It May Concern:

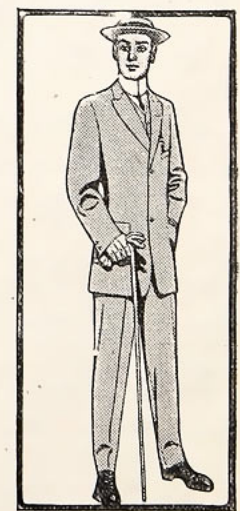

As a graduate, it is, indeed, a pleasure to say a few words in favor of Aaker's Business College. I was placed in a stenographic position by Prof. Aaker, which I have successfully filled due to his school and the excellent training received while there. After working for eight months, my salary was increased 40 per cent. Several excellent positions have been offered me since leaving college, which I have been obliged to decline.

O. O. Grindahl.

SOCIETIES

AGRICULTURAL CLUB
The Agricultural Club met on Friday evening. A large number of new members were present. The meeting was conducted in good order and the program rendered was both interesting and instructive. The program was as follows:
The Farmer and the Financier..... Mr. Wells

The Importance of An Agricultural Education to the Farmer.....Strating
Concrete Constructions.....Geo. Else
Extemporaneous Talk.....Mark Brindle
Solo.....Hagen
Then followed a business session. The prospects of a football game with the engineers was discussed and quite a number of men volunteered for the team. The following officers were elected to fill vacancies:
Critic.....Ray Gibbons
Sergeant at Arms.....Mark Brindle
Program Committee.....Lowe, Else and Gibbons

AUDUBON SOCIETY.
Last Friday at the Masonic Temple was held a meeting of persons interested in the preservation of bird life in this state. A goodly number of ladies and gentlemen were present. An effort will be made to organize an Audubon society and to that end Mrs. Geo. H. Hollister was elected chairman.

THE SYSTEM Clothes
We'll let you be the judge—to say whether or not you think as all other young fellows: that **The "L" System Clothes** are the world's leaders in fashion, in fit, in tailoring and originality.
Come in to-morrow—the sooner the better. The assortment is vast—likewise the saving.

H. BACHENHEIMER THE HUB
616 Front St. Moorhead,

PHILOMATHIAN
The Philomathian Literary Society held their regular meeting last Friday night and gave the following program.
Locals.....Reuben Larson
Humorous Selection.....Herman Halland
Debate: Resolved, That the Federal Government Should Pass Uniform Divorce Laws for the United States.
Affirmative.....Negative
August Berg.....Geo. Stewart
Theo. Stoa.....Vern Oblinger
The decision of the judges was for the negative.

Prof. Arvold visited the Society and explained the purpose of the Literary Society Reunion that will be held at the College on the night of Nov. 17th.

Yesterday morning a number of our Alumni who were here for the game were on the train which was derailed a half a mile east of Moorhead and were thus prevented from teaching their classes that day. Fortunately none of them were injured.

CONTROVERSY OVER ELIGIBILITY RULES

(Continued from 1 page.)
it. This he did, knowing from past experience that we could not expect a square deal on the question.
We quote the parts of a letter from Prof. Chandler, chairman of the Minnesota-Dakota Intercollegiate Athletic Conference bearing on this question:
"B. At any time in the year, signed eligibility certificates including each member of the team are to be transmitted at least one week in advance of any game in which the men participate. This evidently would require that attendance for the term be commenced more than a week in advance of the game, otherwise the student could not, a week in advance be certified as passing in at least twelve hours work.
I am unable to understand how a student that enters more than a month late would be able, in addition to making up the "back work" to have leisure time enough to devote himself to athletic practice assiduously enough to learn signals and plays and make the team within several weeks after his enrollment with you.
Students ought not to compete until they had been enrolled long enough to preclude suspicion that such enrollment was solely for the purpose of entering a game.
It is of course understood that no person or officer in the conference has any authority to decide questions of interpretation or disputes any more than any other person has. But the above is submitted as my personal opinion in each question; and, because of the many long talks and letters that I have had with the various conference members, I have the notion that it is as near to the average or general opinion of the conference members as that of any other individual member taken singly is likely to be."

A controversy of this kind is to be deplored but we heartily agree with Judge Young when he said:
If we are to have football, we must have rules; and if we have rules, we must enforce them. Therefore I dissent."

COLLEGE ELIMINATED FROM CHAMPIONSHIP RACES

(Continued from 1 page.)
it. Catlin failed to gain around left end. Rusness punted 35 yards to Balsinger who was downed in his tracks. Balsinger tried right end but failed to gain. Ewen punted 43 yards to Catlin who ran out of bounds. Bayard made four yards through the line and Carpenter went through tackle for 2 yards. Rusness punted 35 yards to Calkins who returned 15 yards. Balsinger tried a pass which was incomplete and Calkins tried an on-side kick which was recovered by Fargo. Bayard failed to gain and Fargo's pass was incomplete. Rusness punted out of bounds on the A. C.'s 35 yard line. Calkins made a yard around end and time was called for the second quarter.

THIRD QUARTER

Ewen kicked off to Fargo's 25 yard line and Rusness returned the ball 15 yards. Rusness punted 45 yards to Calkins who was downed in his tracks. Balsinger made 4 around right end and Ewen punted thirty yards to Drummond who failed to return.
CAULKINS MAKES LONG RUN
Rusness punted 40 yards to Calkins who was tackled in his tracks but on the next play, he went 20

yards around Fargo's right end shaking off several tacklers. Balsinger lost a yard around left end and Calkins lost one around right end. A. C. penalized for holding in the line. Ewen punted 30 yards and Balsinger recovered the ball. Balsinger lost a yard in a try around end and Ewen punted to Rusness. Time was taken out for Fargo. Rusness passed to Erickson which netted eight yards. Catlin made first down around right end and on the next play went 8 yards through tackle.

FARGO PENALIZED
Rusness tried a pass which was incomplete and he punted 38 yards to Balsinger who returned 10 yards. Time was taken out for Keye. Calkins failed to gain around end and Foss made a yard through tackle. Ewen punted 35 yards to Rusness who returned 15 and on the next play, which was an attempt to pass, he was tackled for a ten yard loss and Catlin failed to gain. Rusness punted 30 yards to Breyer who returned 5 yards. Calkins lost a yard around end and Balsinger gained 2 around right end. Fargo was penalized 5 yards, Keye made a flying tackle. Time was taken out for Fargo. Schuman gained 3 yards on a tackle around play and Foss made 8 yards through the same place. At this point Fargo was penalized, their captain using profane language in objecting to an official's decision. Perry failed to gain around right end. Balsinger made 5 yards around left end and Ewen punted 40 yards to Drummond. Rusness tried a pass which was incomplete. Bayard hit the line for 1 yard and time was called for the third quarter.

FOURTH QUARTER
Hackett replaced Grant at center. On an attempt to punt, Keye passed the ball over Rusness' head and it rolled to F. C.'s 20 yard line. It being the third down, the ball went to the A. C.
CAULKINS FAILS TO PLACE
Foss tried right tackle for no gain but made 2 yards around right end and Calkins dropped back to the 30 yard line for a kick from placement but it fell short. Catlin recovered and returned it 3 yards.
BREYER SCORES
Rusness punted 30 yards to Calkins who was downed in his tracks. On an on-side kick, Breyer recovered the ball and crossed the goal line for the only touchdown of the game. Calkins punted out but the A. C. failed to catch the punt.
Stickney kicked off to Foss who returned 10 yards. Calkins tried right end but failed to gain and Balsinger failed around left end. Ewen punted 40 yards, Fargo signaled for a fair catch. Rusness tried a pass to Erickson but the ball struck the ground and was brought back. A. C. penalized for holding. Rusness tried two forward passes in succession but both failed and the ball went to the A. C.
BAYARD TRIED THE LINE
Calkins failed to gain around end and on the next play he made 1 yard through the line. Ewen punted 30 yards and the ball rolled out of bounds. Catlin made 1 yard through the line. Time was taken out for Drummond. Rusness punted to Balsinger who fumbled and Fargo College recovered on the A. C.'s 5 yard line.
Bayard hit the center of the line twice but each time without a gain. Catlin was then called upon to place the ball across the Aggie goal line but he was tackled for a loss and the ball went to the A. C. Ewen punted out from behind his goal line. Time was taken out for Breyer, whose knee was injured. Parezik went in for Breyer. Drummond lost 3 yards around left end. Rusness tried a pass which was incomplete and on the next play he punted to Calkins who returned 5 yards.
A. C. fumbled the ball but recovered. Schroder made 5 yards off tackle and Ewen punted 55 yards to Rusness who ran out of bounds on Fargo's 45 yard line. On a criss-cross, Trost to Catlin, Edwards tore through the line and tackled Catlin for a 10 yard loss. Rusness punted 30 yards to Balsinger who returned 5 yards. Calkins lost 5 yards around end and the final whistle sounded.
The officials were: W. Shave of Minnesota, referee; W. S. Robertson of Fargo, field judge; Caine of the Fargo Forum, umpire; H. S. Lansing of the Y. M. C. A. Too much credit cannot be given to the excellent work of the officials. They are well up on Spaulding's foot ball rules and acted accordingly.

yards around Fargo's right end shaking off several tacklers. Balsinger lost a yard around left end and Calkins lost one around right end. A. C. penalized for holding in the line. Ewen punted 30 yards and Balsinger recovered the ball. Balsinger lost a yard in a try around end and Ewen punted to Rusness. Time was taken out for Fargo. Rusness passed to Erickson which netted eight yards. Catlin made first down around right end and on the next play went 8 yards through tackle.

FARGO PENALIZED

Rusness tried a pass which was incomplete and he punted 38 yards to Balsinger who returned 10 yards. Time was taken out for Keye. Calkins failed to gain around end and Foss made a yard through tackle. Ewen punted 35 yards to Rusness who returned 15 and on the next play, which was an attempt to pass, he was tackled for a ten yard loss and Catlin failed to gain. Rusness punted 30 yards to Breyer who returned 5 yards. Calkins lost a yard around end and Balsinger gained 2 around right end. Fargo was penalized 5 yards, Keye made a flying tackle. Time was taken out for Fargo. Schuman gained 3 yards on a tackle around play and Foss made 8 yards through the same place. At this point Fargo was penalized, their captain using profane language in objecting to an official's decision. Perry failed to gain around right end. Balsinger made 5 yards around left end and Ewen punted 40 yards to Drummond. Rusness tried a pass which was incomplete. Bayard hit the line for 1 yard and time was called for the third quarter.
