Fourteen Consecutive Games

Enthusiastic Rooters Celebrate 14th Victory

LED BY "WENERWEISER BAND" THE WHOLE TOWN IS CELEBRATED AT LATE HOUR. MEMBERS OF THE TEAM SERENADED. ENDS UP WITH BIG BONFIRE IN FRONT OF CERES HALL.

Large events often have very small beginning. This was the case last Saturday night when the Barret "Wenerweiser" band set out to have a little fun of its own and work off a part of their enthusiasm.

A couple of drums, as many bugles and a few other instruments which lay handy were picked up and this small band proceeded towards Ceres Hall just to announce the exact score and give a little "Martial Music". After listening to a short speech by the matron they marched to the corner store where a few yells were given. Taps were played and all prepared to disperse but at this time others had heard the music and began to congregate. They decided to advance. The boys dormitory was stormed. Every inhabitant in the building was aroused. Here again, all the band instruments lying around were picked up and somebody found to play them. In a minute the old hall was vacated and all were headed for Broadway. Here and there they picked up bunches of new members for no students in the vicinity could help but know that the rooters were out in force after one Da-ko-ta after another rent the air. Furthermore few could rest peacefully in bed when the fourteenth consecutive victory was being celebrated. Pres. Worst was serenaded and all followed the band on their way up town. By this time the bunch had increased to over a hundred. Yell after yell was given as they stepped to the lively time of the drum corps. At the intersection of Broadway and N. P. Avenue a circle was formed, the scores were counted, cheers were given for all the members of the team and ending with the good old college yells. Now the watchword was "on to Fargo College". Again forming into double file the march toward the south began. By this time the valves of the horns were frozen but this did not dismay the players in the least. Led by Chief bugler Hess and Chief Musician Amadon, all the U. S. army and foreign bugle calls besides numberless original ones were played in quick succession. After serenading Fargo College by giving our yells in front of their steps the procession led towards the homes of the players. Scott Drummond was first aroused. Capt. Darrow was next. The crowd would not leave here until a speech had been given by the genial captain. Nolet was also called on. Leslie Wheeler was the last member of the team to be called on. He responded in a few well chosen words as did Manager Wheeler.

By this time all were pretty tired from the long tramp so were quite willing to begin on the homeward stretch. The News was first visited. A few yells were given here to let them know we were alive but they neglected to tell them the actual score as is evidenced by the Sunday morning issue of the paper. The Forum was the last place to be visited down town but the march was resumed towards the college.

As a fitting windup a huge blazing bonfire was built east of the tennis courts. Now hoarse voices strained for the last time that evening. Cheers and yells were given so they resounded over the whole city. At this time all became quiet and taps were sounded. The soft tunes of the beautiful bugle sounded and echoed over the still city in the silent night giving an effect of grandeur which seemed to make all feel like forgetting all past troubles and was a climax which made all feel like they had been well repaid for their long walk that evening.

"Dutch" Schroeder altho in attendance at the game, evidently could not have enjoyed it. Dutch would just about get comfortably seated when his chair would emit loud groans of anguish and finally collapse. After putting three chairs in the kindling wood class, and no more being available he finally decided that standing was the preferable posture.

Our Quint Has Had An Unbroken Winning Streak Thruout The Season. They Have Defeated All The Best Teams Of The Two Dakotas

AN UNPARALLELED RECORD IN BASKETBALL

Both Rueber And The Team Deserve Much Credit For This Brilliant Season's Work. The Team Worked As A Unit Thruout

The 1911 basket ball season is passed. The North Dakota Agricultural College without a single defeat won the Championship of both North and South Dakota. This is not the first basketball championship the A. C. has ever won, but it is the first basketball championship that it has ever won without a single defeat.

Beginning with the game against Concordia on Jan. 7, the march toward the championship has been continuous and uninterrupted. After playing a few preliminary and minor games, the team left on Feb. 15 on a trip thru South Dakota playing N. D. S. S., S. D. S. C., Huron College and the Ellendale Normal and Industrial School. Returning to Fargo they met the Moorhead Normal. This completed the trip having traveled over 600 miles and having won 5 games in one week. Among the teams defeated were the strongest contenders for the S. D. Championship.

The following Sat. night the team again met and defeated the N. D. S. S., then followed the Fargo College game which was won by the decisive score of 31 to 11. After a rest of practically two weeks the team began on the home stretch meeting on consecutive Saturdays the University at Grand Forks, Fargo College on their own floor and the University at Fargo. Completing the most strenuous basketball season the A. C. has ever had.

Coach Rueber's Statement.

"The team has been the most easily handled of any team that I have ever coached. The men realized that they had an opportunity to make a record for the college and were only too willing to do every thing in their power to make the season a successful one. It was a team composed of men who had had much experience on the basket ball floor, yet a team that did not have stars, every man being willing to merge his identity into the work of the team. If I should continue to coach basketball I never could hope to have another team more faithful or more deserving of the honor that they have won than the present team."

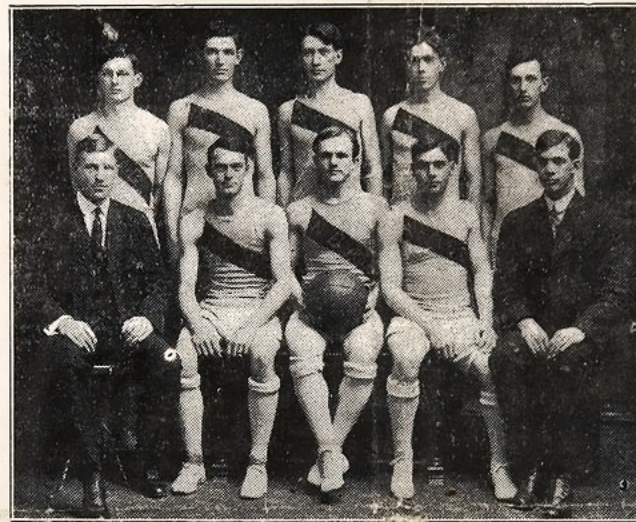

Capt Frank Darrow

Completes his 4th year as a member of the college basketball team. He has always played the guard position playing left guard during the past season. If there were any stars on the team during the past season, he certainly must be recognized as one of them. His greatest contribution to the success of the team was his ability to lead and inspire the other members to their best efforts. As captain of the team, he was one of the best the Agricultural College has ever had, and like Capt. Walt Haskins of last year he did his best work in the big games.

Under the new ruling of the conference he has still another year to play and as he is a Junior this year, it is the wish of his friends that he may decide to play another season.

J. Allen Clark

Has completed his fourth year as forward. Captained the '09 team. He graduated last June and returned for post graduate work at the beginning of the present term. Altho slow in rounding into condition, he played a great game. And he was especially good in the Concordia and first University game. He left to take up his work at the Dickinson Sub-Station before the season closed. His absence materially weakened the team for the final games.

McCormack, Krafthefer, Drummond, Wheeler, Nolet. Coach Rueber, Bridge, Darrow (Capt.) Clark, Wheeler (Mgr.)

C. Leslie Wheeler

Completes his 3rd year as center on the college team. He has divided the honors with Krafthefer at the center position, playing the second half of every game on the schedule, and the fact that in most of our games, our opponents scored less in the second half than in the first is partially due to the defensive work of Wheeler and his ability to break up the opponent plays. He has shown the greatest improvement this season, of any man in the team, over last year's form and with his running mate, Krafthefer, has developed from a mediocre center of last year into one of the best in the state. Wheeler is a Junior in the Civil Engineering Course and we hope to see him back in his old position next year.

Scott E. Drummond

Has completed his third year on the team as guard. Until the present season he was only an ordinary player, but realizing that he had a regular position on the team, he arose to the occasion and played an exceptionally good game, finishing the season by playing the greatest game of his career against the U.

Scott has never been a star but has always been a player who could always be depended upon.

Scott is a Senior Civil Engineer and has played his last game for the Agricultural College.

Arthur Bridge.

Bridge has completed his second year on the Agricultural College team as forward and completed his third year of Basketball having played one year on the Knox College team. If there was any man who has shown more brilliantly than his team mates—that man was Bridge. He was prevented from starring more than he did because he was the marked man on the A. C. team and the Cynosure of his opponents eyes. Bridge is a student in the Agricultural Course and as he has one more year of College basketball to play, we hope he will again unfold and pitch his tent on the A. C. campus next year.

Joseph Krafthefer.

Joseph has completed his first year as center, alternating with Wheeler. He played the first half of every game during the entire season, and with Wheeler has developed into a great center. Altho he had been out of basketball for a year Krafthefer soon got

his eye on the basket and was one of the dangerous men on the team. Krafthefer is the biggest and strongest man on the team and has very materially aided us in our big games. Krafthefer is a Junior in the Farm Husbandry Course and will undoubtedly be a member of the team next year.

John Nolet.

Nolet has completed his first year on the team at forward. He is the hardest worker in the team and altho not a brilliant player, was always a dangerous man and a source of much anxiety to his opponents. His strongest point was his passing and team work in breaking up plays for his opponents.

John is a Freshman in the college course, and has a bright future as a basketball player.

Harry McCormack

Harry has completed his first year as guard on the college team. Had it not been for an injury received in the first game that handicapped him thruout the season he would have without doubt been one of the stars. Altho he graduates from the Farm Husbandry Course this coming commencement we hope that he will return and complete the regular college course.

Utility Men.

This completes the list of men who have been regularly considered on the team but we cannot pass this opportunity to acknowledge the assistance rendered in developing this team by those men who played on the second team. Among those who have been of great assistance are: Bert Haskins of last year's championship team, Gorman, Dawson, McKee, Bryer.

Management

To J. Warden Wheeler, Student Manager, E. S. Keene present Faculty Manager and to O. O. Churchill, former Faculty Manager, is due the credit for arranging the excellent schedule, and also looking after one of the most necessary parts of the game, the financial end. When success comes to a team the work of the management is always forgotten and the team as well as the student body wishes these gentlemen to feel that their efforts have been appreciated.

The Alpha Mus entertained their lady friends at a fudge party in the fraternity rooms after the game Saturday night. The Mus again demonstrated their ability as entertainers.

Fourteenth Game Won Last Saturday Evening

BY DEFEATING THE UNIVERSITY WE CLINCH OUR RIGHTS TO THE STATE CHAMPIONSHIP FOR 1911.

SCORE 29 TO 16

GAME WAS A FAST HARD FOUGHT ONE. FIRST HALF 9 TO 8. SECOND HALF STARTS WHIRLWIND PLAYING.

Last Saturday night before twelve hundred enthusiastic supporters of the Yellow and the Green our team defeated the quint from the University by a score of 29 to 16 and by so doing, not only landed the State Championship but also completed a brilliant season which will long remain in the memory of every friend of this institution as the most successful one in our history.

From 7:45 to 8:30 the College Band rendered one of their usual high class concerts and by the time they were thru the Armory was filled with fans, eager to see the game commence. The University boys was first on the floor and they warmed up for about ten minutes and in the meantime our team appeared and engaged in a quick snappy practice.

At 8:45 the referee blew the whistle for the game to start and it was off with a rush. It was soon apparent that the University boys were out after our scalp and they appeared determined to put forth their best effort to win their final game with us. The "U" made the first point by negotiating a free throw, a foul was soon called on them however but the throw was missed. Following this was a period of quick fast passing and close guarding by both teams and it was evident that they were very evenly matched. During this half the "U" connected with two baskets from the field and threw three free throws and they were awarded one point, while our boys also made two field baskets, threw three free throws and were awarded two points by the referee. All of the men on both teams were fighting hard altho the College quint had not struck their usual pace.

During the intermission Prof. Richards of the Dept. of Animal Husbandry awarded the prizes to the successful contestants in the Stock Judging Contest which had been held that afternoon. The Crack Squad gave some good snappy yells and everybody was in a state of high excitement for the first half left the outcome rather hazy for it was so close.

When the whistle blew for the second half to start, Wheeler had replaced Krafthefer, who during the first half had played a heady game, at center. Our boys started in aggressively and they soon pulled away from the Varsity. It was at this stage of the game that our team displayed their phenomenal team work and passing which has proved the undoing of all of their opponents this season. Drummond played the game of his life, and in all stages and in every feature he was easily the star. Nolet was as usual sure and swift with his passes and Bridge, Wheeler and Darrow managed to keep their men guessing. For the "U" Hemp and Blewett were the stars, yet the rest of the team were playing the game all of the time. About the middle of the second half, Sad and Sorenson replaced Sagen and Blewett at center and forward.

Before this half had progressed very far the A. C. had obtained a lead which they held until the end of the contest and when the final whistle blew the score was 29 to 16. The officiating in the game was remarkably efficient. The work of Lynch of St. Cloud as referee and Dr. Critchfield as umpire being excellent.

This is the brief story of the grand finale of the Basketball Season of 1911. It is surely an honor for any team to win the State Championship laurels in any form of athletics but for a team to go thru a season without a single defeat after meeting all of the prominent quints in two states, is a feat, of which every loyal supporter

Twin City Daily Gives Rueber Fine Compliment

ABILITY OF OUR COACH IS RECOGNIZED. CALLS ATTENTION TO REMARKABLE RECORD OF OUR TEAM.

One of the Twin Cities largest daily sheets recognizes the integrity and efficiency of our coach and team in the columns of its sporting pages. We publish the article as it was printed feeling that any comment that we may attempt to add to the never ceasing efforts of our Athletic Director could not enhance his merit in the estimation of our student body or win him a warmer place in the hearts of the several members of his team. He is a man who, for the past two years that he has been here has become popular thruout the state for his squareness, magnetic personality and integrity as a man.

S. Paul Pioneer Press says: The North Dakota agricultural college basketball five has reached the end of the season with an unbeaten record.

COACH RUEBER

The five has played thirteen games so far and has secured a victory in every instance. The records of the quint show an average of 34 points for the farmers and 16 for the opponents for each game, the college having acquired nearly twice as many baskets in their 13 games as their opponents. The college has an average of 35 against 16 for the opposite fives in all games played at home, and 33 against 16 in all games away.

Without a doubt this is one of the most remarkable records made by any basketball team in the west. The team as the records will show, has played as well away from home as it has on its own floor. The playing has been consistent and considerable above the average of college quints of this year.

The agricultural college is now looked upon as the undisputed champions of both North Dakota and South Dakota, because of the fact Huron college, which the Aggies defeated on the Huron floor by the score of 30 to 22, has defeated the other South Dakota schools and now holds the South Dakota championship.

Coach Well Liked.

That the record made by the team was largely brought about by the splendid work of Arthur Rueber, coach of the quint is the universal opinion of the student body. Rueber worked night and day on the squad and got the men into such condition that they literally ate and slept basketball. Rueber right now is the most popular man in Fargo.

All in all there were eight men played on the team this year. They are Frank Darrow captain and guard; Scott Drummond, guard; Harry Mc-

What is the matter of that A. C. Basket Ball Team? THEY'RE ALL RIGHT Who says so? EVERYBODY Who is everybody? THE STUDENTS AND FACULTY OF THE N. D. A. C.

The basket ball season has closed and past records fail to reveal where any of our teams in the past have equalled the mark set by the present team, and good teams we have had in the past too. Our season opened with a victory and from that on one after another was added until Saturday night's game with the U closed the season and with it the chances of adding further victories. The record made is one that we are justly proud of and one that will be looked back to with pride in years to come. These achievements are destined to become the topic of conversation time and again as our school history is being reviewed by the hundreds of students of the future. This one fact should fully compensate the boys for all the patient effort put forth in the preparation that brought these victories.

The teams of the future will undoubtedly strive long and hard to equal and surpass the mark set by the present team but it may be years and years before they succeed in doing so.

A feature of the games that is most gratifying is the fact that thruout the entire season our boys played the game as gentlemen, never once in the whole series using means that were questionable.

Success to often produces exaggerated notions both upon individuals and teams but happily not so with the present team. Following each victory the team has settled down again to their routine college work and without any braggart display or celebration of any kind, continued their studies creditably until the arrival of another occasion for the test of their skill. The conduct and skill of the team thruout has been such as to inspire within our ranks an admiration that few teams have commanded. Long live the team, is a sentiment that all heartily endorse.

The Fargo Courier News is persistent in living up to its reputation for inconsistency and misrepresentation. So thoroughly has it acquired this habit in the reporting of basket ball games, that true lovers of the indoor sports have already begun to speculate as to how it may juggle the facts in the reports of its future issues.

The recent write up of the U. N. D. -A. C. Basketball game was a fitting climax of its efforts. We are aware that mistakes are apt to occur and for that reason an occasional one will be passed unnoticed but when they occur again and again and always in the same direction our suspicions are aroused. The Courier News writup of the closing game of the season did not allay our suspicions.

It could not have been any mistake of the compositor, for in the article they repeatedly quote the score as 20 to 18. It follows, therefore, that this must have the score as submitted in the copy, neither school received justice so we extend our sympathies to the U. N. D.

Anyone, even a news reporter, can surely see how extremely weighty and correct the details are when summed up and give the wrong score.

As a vendor of accurate news they are not always trustworthy. It may not have been intentional at least we should like to nourish that idea. But nevertheless the head of the reportorial staff should inquire into the thoroughness of the news as turned in, and if mistakes are manifest, steps should be taken for their elimination. This is not the case however for they repeatedly make either carelessly or wilfully misstatements that present the subject in a false light. If they do not

see fit to boost for the A. C. in athletic lines, this is their own business, but we do emphatically denounce anyone that will willfully knock. We would much rather not be mentioned at all in their athletic columns if the matter cannot be given accurately.

Far be it from us to dictate to any daily newspaper in the manner in which they should present their matter. But nevertheless when unreliable material is heralded broadcast over the state that affects our very interests, it should not go unchallenged.

The student body has nothing but the kindest feeling for those on the News staff with whom we are acquainted and surely the article in question was not reported by any of these.

PHARMACY DANCE.

The Pharmacy Dance held last Friday night was one of the social successes of the season. The Hall was artistically decorated in the Pharmacy colors generously intermingled with Yellow and Green. The end of the hall was gracefully draped with the A. C. athletic blankets. Piled on the railing and forming large pyramids were large patent medicine cases, strung between the girders which support the gallery in large letters was the word Pharmacy. Dr. Putnam's six piece orchestra furnished the music for the occasion. About seventy couples were in attendance at the affair. All were unanimous in their verdict, that it was a hugh success.

The food bulletin for March has been issued by the Dept. and it contains a list of the brands of liquors and soft drinks which have been registered for sale in the State. It also contains an article on the excessive amount of meats, fish and eggs which are now in cold storage. It is admitted by a paper representing the cold storage interests that there are now enough frozen carcasses of cattle, hogs and sheep reposing in these cold rakes rooms to supply each adult in the country with one apiece. All the fresh fish are immediately frozen and the product delt, out to the consumer is that which has been laying dead for months and perhaps years. Should we allow such unnatural practice to be perpetrated before our very eyes?

Ceres Hall Notes.

Miss Sadie Kohler enjoyed a short visit from her father last Wednesday. Miss May Egge and Miss Florence Kermott have been ill the past week but are now able to be out again.

Miss Hughina McKay left Wednesday morning for Cando, N. D., where she is to fill a position left vacant by Miss Mathilda Thompson. Miss McKay is a member of the Senior Class and her excellent work in school has shown her to be worthy of the fine position secured.

Miss Hockridge and Miss Hill of Fargo College were guests of Miss Florence Sampson last Sunday evening at tea.

Miss Emma Eastgate of Hillsboro spent Sunday with relatives at Ceres Hall.

Mrs. Ash spent the latter part of last week at Granville. During her absence her classes were taken by Miss Thompson and Miss Gibbons.

A few of our girls enjoyed a spread Saturday evening after the game in Mrs Marshall's room.

Walt Haskins Captain of last years basketball team was a visitor the last of the week.

TWIN CITY DAILY GIVES RUEBER FINE COMPLIMENT.

SOCIETY

Y. M. C. A.

The Intercollegiate committee had charge of the meeting of the Y. W. C. A. Monday night. Reports were given by the members of the committee, these members being the Misses Cockburn, Shelton, Dolve and Tibert.

MISSION STUDY.

Misses Grace and Edith Shelton were hostesses to the Mission Study Club last Saturday afternoon, in their room in Ceres Hall. The reading of "Big Brother of Sabine Street" is being finished.

The Agricultural Club ended a successful year's work last Friday evening when they met for the last time this school year as this organization meets only during the Farm Husbandry school year.

William Guy opened the program with a talk on "The Relation of North Dakota Farmers to Politics," in which he emphasized the importance of being well informed and getting acquainted with the ways in which our state is run.

Oscar Rygg gave an essay on Parcels Post. He told of the benefits to be derived from such a system, why we have not got it, and what we can do to help in getting a bill thru Congress establishing a parcels post. Clarence Walters gave a very interesting discussion on parcels post and related topics.

Roland Magill closed the regular program with a talk on "Horses and Some of their Enemies." He told of profits in horse raising and why it would remain profitable if we raise the right kind of horses and understand how to care for them. Of their enemies special attention was given to the nose flies which are now becoming so troublesome.

Extemporaneous talks were given by James Smith, Robert Kerr and others.

The following officers were elected for the next term.

Robert Peterson—President.
Fred Lowe—Vice President.
Wm. Guy—Secretary.
Adolph Dahlbeck—Treasurer.
Clarence Walters—Critic.
Ray Gibbens—Marshal.

These were all called on for short speeches as they took up their new positions. Farewell talks were given by the members who graduate this year and the meeting adjourned.

PERSONALS

Mr. Aldrich of New York after visiting the various departments of the College Monday remarked that the equipment in Ceres Hall was superior to any that he had found in any school of this nature.

The rooms at the Boy's Dormitory are beginning to be vacated by the boys who have been called home for the spring work.

There is some talk of the College renting the Boy's Dormitory of another year. If it does considerable improving will have to be done.

Mr. Vern McCall, who has been at St. Luke's hospital for an appendicitis operation, was seen about the College campus last Friday afternoon.

Mr. Harold McKinstry and Mr. Vern McCall made a short visit at the Boy's Dormitory Friday afternoon to see how the Y. W. C. A. rooms were being used.

Lars Reitan of Hastings who won first prize in the stock judging contest last year and who is now a practical farmer returned for a short stay the last of the week to defend the cup he won last year. Mr. Reitan finished the farm husbandry course last year.

Dr. Batt attended a meeting of the State Library Commission at Bismarck last Tuesday when much important business was transacted. The resignation of the present librarian of the Legislative Reference Library was accepted and another man chosen to take his place. It was decided to place library exhibits at the State Fairs and in the good farming special train next summer.

John Magill '09 dropped in at the College at the week's end for a visit with his brothers and sisters. John has embarked in the steam plowing business and intends next summer to turn over a large tract of North Dakota soil.

Johnny H. After reading a front page article in last week's issue "Say wasn't that a great write up on Tubby."

Prof. Miller of the biological department spent Saturday at LaMoure while Prof. Bergman spent the same day at Lisbon inspecting seeds for the seed inspection department.

Dr. Harris who has been confined with pneumonia for the past week is making a slow recovery. At the present rate it will considerable time before the Doctor will be up and around.

One of the High School boys prevented a fair damsel from committing a justifiable suicide, by calling her up at the last minute and taking her to the dance.

M. C. Henderson one of last year's Pharmacy students is again back at the A. C. Since last fall he has been studying pharmacy at Valpariso, Ind. He soon became convinced, however, that there is no place like the A. C.

The farm husbandry boys taking soil chemistry were given something out of the usual routine last week when Mr. Sanderson and Mr. Bailey lectured on the chemistry of wheat at the mill.

Among the things to be solved in the chemistry department this week is the cause of the death of quite a number of cattle from a certain section of this state, which had been fed certain flax screenings that evidently contained some poisonous seeds.

At last the senior gowns have arrived. They came this last week and were very properly consigned to the Spectrum office so that we might be able to hear the exultations of the reverend seniors as they donned for the first time that insignia of their rank, that token of honor,—the Cap and Gown.

**Alumni Return
From National Capitol**

Mr. and Mrs. Clarence Plath, Mr. and Mrs. Ray Babcock, John Thysell, H. C. McKinstry, and W. O. Whitcomb arrived at the College last week on their way back from Washington, D. C. where the above mentioned gentlemen spent the winter working out reports of their summers work and doing some special work for the Bureau of Plant Industry, Department of Agriculture, with which they are employed. They report a very pleasant winter at the Capital City. The number of A. C. Alumni now at Washington during the winter months is sufficiently large to make it quite congenial and permit occasional pleasant reunions while they are in the East.

Mr. and Mrs. Plath, Mr. Whitcomb and Mr. McKinstry went to Norfolk, Va. on their way home to Dakota. While in Virginia they visited Old Point Comfort and various other points of interest. There they went by boat to New York City where several days of sightseeing were enjoyed. From New York they journeyed to Niagara Falls, spent a day at this famous spot and then started for the West arriving in Fargo, Thursday.

Mr. Thysell as has been his usual want for several years past returned home by way of Tennessee, where it is said he spent a few days very pleasantly. He arrived in Fargo Friday.

Mr. and Mrs. Babcock came in last evening's train.

The party will remain in Fargo for several days consulting with Dean Shepperd on official business in connection with their work at the different substations of the state, during the coming summer.

**An Informal Musical
Next Friday Evening**

TO BE GIVEN BY PUPILS OF MISS EDYTHE GRASSE.

An informal musical will be given by pupils of Miss Edythe Grasse on Friday evening at 8 o'clock in the recital Hall of the Music building. Students are cordially invited to attend.

Annual Stock Judging Contest Great Success

A FINE LIST OF MEDALS WERE AWARDED TO STUDENTS SHOWING HIGHEST PROFICIENCY. 28 OF THE BEST STUDENT JUDGES WERE IN THE CONTEST.

HUGH COLGAN WINS HIGHEST HONOR

MELVIN OSTBY WINS COLLEGE CUP. LESLIE SMITH OF ST. CLOUD OFFICIATED AT CONTEST.

The annual stock judging contest held last Saturday in the stock judging pavilion proved to be one of the best contests ever held in that department. The contestants did some good work and showed a high degree of proficiency. The winners of the cups last year Mr. Smith and Mr. Reitan were back to try for the cups the second time and the competition was strong.

The contest began at 9 A. M. and lasted until about 4 P. M. Five classes of live stock were judged including horses, beef cattle, dairy cattle, sheep and swine. The students were each given cards upon which to write the placings and the reasons for each class of stock. They were given a certain number of minutes to look the stock over and place them and write their reasons. As is customary in such contests the placing of the animals counted fifty percent and the reasons for placing counted the other fifty. In this way the student is merited on his real knowledge of the work rather than luck or chance. After the students had a chance at each class of live stock the animals were placed by the judge and his reasons given before the class so that the contestants and other members of the different classes present were enabled to receive as much benefit as possible from the contest. The work of the students on horses, beef, cattle, and swine was judged by Mr. Leslie Smith of St. Cloud, Minn., and one on dairy cattle by Prof. Martin of the Dairy Department.

The preliminary contest as was held last year was dispensed with this year and the contestants were picked from each class according to their class standings. This was thought to be just as fair a way and saved a great deal of time which is so precious to students just at this time.

Students from each class qualifying for the contest were as follows:

COLLEGE:—Verne Oblinger, John Horne, Melvin Ostby, Thomas Callan, Clarence Walters.

FARM HUSBANDRY:—Allen Andrews, Joseph Wilde, Frank Demers, Hough Colgan, R. H. Smith.

SHORT COURSE:—F. P. Toay, Ralph Poyd, Chas. Brody, N. Guttridge, M. O. Gilton, Sigurd Knutson, Fred Kingsley, Harry Hartman, C. Christianson, A. J. Bartrom, Hugh Middaugh, Murray Derickson.

MEMBERS OF LAST YEARS CLASSES:—Percy Donnelly, Robt. Kerr, Ralph Boone, Robt. Peterson, Lars Reitan.

The awards were as follows: Melvin Ostby won the College Cup.

Hugh Colgan won the Farm Husbandry Cup and Percy Donnelly took second place in this class.

The Short Course Cup was won by Ralph Pond with Chas. Brody second. In addition to winning the Farm Husbandry Cup Hugh Colgan took the Championship Cup which is given to the person irrespective of class having the highest standing.

Special medals for proficiency in judging one particular branch of live stock were awarded as follows.

Swine — Ralph Pond
Sheep — John Horne
Dairy Cattle — Hugh Colgan
Beef Cattle — Hugh Middaugh
Horses — E. Christianson.

At The Grand

Next Sunday the public will have a chance hear one of the most prominent speakers in the country when Charles Edward Beals will lecture at the Grand on "Patriotism in an Internationalized World." Mr. Beals is perhaps better prepared to talk on this subject than any one man living having been active in this kind of work since he graduated from college. He first took a course at the Massachusetts Institute of Technology and later graduated from the Drew Theological Seminary. For a number of years he was pastor in some of the largest eastern churches until 1904 when he joined the American Peace Society after which time he has devoted almost his entire time to that kind

of work. He has been a delegate to nearly all peace conferences since, including the 12th, and 13th, Universal Peace Congress at Boston and London. He also edited the proceedings of the Second National Peace Congress in Chicago.

His lecture will be one well worth hearing.

AGRICULTURAL MEN TO GET ACQUAINTED

WILL FEAST AT PIRIES HALL NEXT FRIDAY.

Realizing that the enrollment in the College Agricultural Course has become so large as to make it difficult for all those students of a common interest to become acquainted with each other and with their faculty, steps have been taken to hold a banquet for the purpose of more closely organizing Agriculture and its interests here, and for the advancing of the same.

This banquet will be held at Piries Hall next Friday evening Mar. 17 at 7:30. A very interesting program has been provided for as most of the members of the agricultural classes as well as the faculty will give short talks.

This banquet is given for the four year agricultural students, the veterinary students, and the graduating class of Farm Husbandry students and graduates of the agricultural department. These men are all urged to be there. It will be spread well worth the money and an intellectual feast these students cannot afford to miss. If successful and approved by all concerned, this function is to become an annual affair for college men and faculty in Agriculture.

Ben Otten '08 one of the first graduates from the pharmaceutical chemistry course and who then was one of the most prominent members of the band is spending a few days with us. Mr. Otten is now a student at Rush Medical College in Chicago.

FOURTEENTH GAME WON LAST SATURDAY EVENING

(Continued from Page 1)

Conn, guard; Leslie Wheeler, center; Joseph Krafthefer, center; Arthur of this school can well feel proud.

Much credit must also be given to the substitutes, who during the entire season have been untiring in their efforts to round our team into shape. To Coach Rueber too much praise cannot be given and finally to each individual player is extended the glad hand — **FOR BOYS WE ARE PROUD OF YOU.**
