Subscribers are requested to give prompt notice of any non delivery or delay of papers...

TERMS. One year in advance \$1.00. One year in arrears 1.25. One term .50. Single copies .05.

STAFF. C. M. Hennis, Editor. Edwin Traynor, Associate Editor. Chas. Hammond, Associate Editor...

Another one of our hopes have been blasted but blasted in a manner that left behind not a vestige of a sting. We were defeated in our game with the University but defeated fairly, squarely and with out even a suggestion of crookedness on either side.

It was a game that dishonorable players should have witnessed, for it was an example of what a clean yet hard fought battle may be when played by men every one of which are gentlemen. Games played in the manner in which Saturday's game was played would soon rob foot ball of the hostility that is sometimes felt toward it in some quarters.

Occasionally we hear of teams who in their eagerness to gain the fleeting notoriety of winning a game will not hesitate to accomplish this end even to the extent of disfiguring, blinding or otherwise maiming an opposing player. Such conduct cannot be too severely condemned.

Gentlemen do not resort to nefarious methods but play the game for all there is in it, yet observe the Golden Rule as well as the specific rules of the contest. Saturday's game approached as near the ideal as can ever be expected. True there were severe jolts and jars and occasionally a man temporarily laid out but not an accident happened that was due to the illegitimate interference from an opponent.

Such work has but one result. It promotes that "Peace on earth, good will toward men," that is too often overlooked in the struggle to realize ambitions. After Saturday's game, there is not one of our players or students, who, if the University were in need of assistance, would not respond with all that is within their power.

Let peace and the friendly rivalry exhibited at Saturday's game continue to reign on and on. Long live the U and the A. C.

One of the difficulties which presents itself constantly to the editors of a publication like this is to give each department its fair share of representation in our columns. In an institution of this size there is a large number of departments to be reported from. For some issues the reporters will secure a large amount of copy from each department and, owing to the reduced size of the paper, the editors are compelled to withhold some of the copy. In cases like this it is always the intention to publish that which is of the most relative importance, and of the most interest to the student body. Being ordinary human beings endowed with the average capability of error, we sometimes are faulty in our judgment, and, perhaps give an article of lesser importance the preference. If such should ever be the case, and you happen to be the one whose department has been obliged to suffer, please bear in mind what we have just said. If you cannot do that, then your protest and an effort will be made to right the wrong, if wrong there be. Be fair, speak your mind, criticism in a candid manner, but do not pour—that is childish.

Next Saturday evening the band boys will give their annual dance in the Armory. We hope to see that they are well patronized and that every student who can possibly do so will contribute by being present towards making the occasion a complete success. Our band is an organization of which we may well be proud. Their recent trip to Grand Forks elicited innumerable compliments from the people of that city in regard to the splendid showing they made. They were a credit to the institution. To gain this enviable position the boys have worked long and faithfully. Whenever need at a home or elsewhere they have always cheerfully responded and did all within their power to promote the specific enterprise and make it pleasant and

enjoyable for those present. We do not always realize how much a band contributes toward making an institution and enlivening those who attend. Let the colleges do away with their bands and how lifeless would that institution seem. Band men as a rule are human and while not in search of appreciation never the less feel encouraged to better efforts when students and faculty at least partially recognize their gratuitous contributions. Do not hesitate to turn out Saturday evening and show your appreciation of their efforts. Encourage them by your presence.

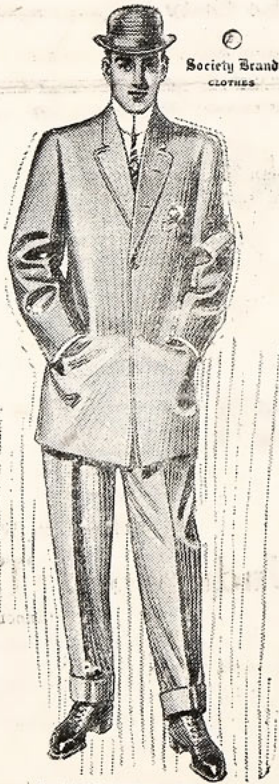

Ladd Issues New Food Bulletin

WARNS MILLERS AGAINST NEW FLOUR ADULTERANT.

Special Food Bulletin No. 27 will be ready for distribution this week. In addition to data in regard to the analyses of foods recently made at the food laboratory the bulletin will contain a warning to the millers of the state in regard to a new adulterant for flour which is being offered to the milling trade as a substitute for bleaching. This new adulterant is known as Enzyme Flour and is put out by a company that is trying to sell it to the millers of North Dakota. Prof. Ladd has a letter in his possession supposed to be from an agent of this company wherein they state that the product can not be detected in the flour by any chemist.

S. V. Anderson came down from Winnipeg to see the University—A. C. game. After the game he came down with the crowd to Fargo and spent Sunday visiting friends. That evening he took the northbound train back to King George's Dominion.

Ed. Evingson and Floyd Even, after visiting the Brown Farm at Amenia, Friday, took the train from Casselton for their respective homes, where they will cast their first ballots. Two more votes for democracy.

SOCIETY

Friday evening the Athenians held their preliminaries for the Inter-society debate. The participants were Tunis Brandenburg, Grace Briscoe, Mabel Cox, Floyd Caldwell, Chas. Hammond, Dean Mendenhall, Arthur Ogaard, and Lars Welo. The question, "Resolved that the U. S. should shape its legislation towards a gradual abandonment of the protective tariff" was very well handled by every debater, so that no end of trouble was given the judges in making the decision. The judges were Professors Kirshman, White and Milbraith. After considerable deliberation, during which time the locals were given by Miss Lucy Cockburn and Miss Emma Nickelson rendered a pleasing solo, the judges decided that the Athenian team should be composed of Miss Mabel Cox, Dean Mendenhall, and Arthur Ogaard. The business meeting was not prolonged due to the president's strenuousness and longing for the social session which followed. The Society adjourned and all repaired to the Armory where the evening was most pleasantly spent in following the program outlined by the entertainment committee. Delicious refreshments were served about ten o'clock after which the remainder of the evening was devoted to dancing.

Philomathians,

The Philomathians held their first meeting Friday evening after their general shaking up and reorganization. The program was well rendered and consisted of the following numbers: Inaugural Address.....Donald Dyke Reading.....Roy Dynes Address, Woman Suffrage..... Donald Brinton Discussion of the question of commercial reciprocity with Canada..... Clarence Walters and C. C. Whitson Humorous Reading.....Max Waldron After the literary session a short business meeting was held in which several new members were voted in. It was decided to hold the preliminaries for the coming Inter-society debate at the next meeting.

Hesperians.

At the regular meeting Friday evening the following was rendered: Declaration.....Jack Kerr Reading.....Lewis Dolve Current Events.....William Emery Debate—Resolved that the city of Fargo should own and operate all surface car lines within its limits. Affirmative.....Negative
Wilbur Rankin Winnie Crouch Keith Sherman Roy Boyd Lawrence Tibert Amos Emery Decision in favor of the negative.
The next meeting will be a joint one with the Castilians.

Castilians.

Reading.....Catherine Ladd. Reading.....Marion Finlayson Declaration.....Asta Mikkelsen Reading.....Florence Sampson Reading.....Rizpah Ladd Locals.....Miss Erickson After a short business meeting a social session was held and light refreshments served.

Y. W. C. A.

The Junior girls of the Y. W. C. A. were hostesses to all the College girls Saturday afternoon. The parlors of Ceres Hall were open to the girls from 3 to 5 during which time the girls, busily engaged in making Christmas presents, were entertained by several musical selections. Plates of homemade candy were then passed and were greatly enjoyed, especially by those girls living away from home. The party was closed with the delivery of a message from the president of the Y. W. C. A. which invited the girls to be present at the daily meetings this week, which is the week of prayer.

The Industrial Educational Society met for the first time in the basement of the library and held a very interesting meeting. The program follows: Presidents address..... Mr. Charles Hammond Address.....Prof. A. D. Weeks Cornet Solo.....Harold Bachman Paper.....Consolidated Schools..... J. B. Wentz Paper.....Lars Welo

At the conclusion of the regular program a general discussion was engaged in and some stirring impromptu speeches resulted. This proved an especially strong feature and served to make those present alert and vitally interested in the different viewpoints advanced.

Prof. Waldron gives a lecture to the class in Home Economics at the University at Grand Forks tomorrow on "The Location of the House and the Beautifying of the Grounds."

Prof. Waldron leaves at the week end for Mayville where he will lay out the grounds for some new buildings that are being built and also rearrange some of the planting.

Our Deer

The original three deer bought by the College last spring have increased until they now number six. During the summer a fence was built enclosing about two acres back of the Farm House thus forming a deer park. This is an ideal place for a park, the trees and clumps affording sufficient shade as well as adding beauty to the spot and is removed at a sufficient distance from the campus, however, as not to annoy the inhabitants by throngs of sightseers. A thatched house is being built in which to winter the deer, the construction of which is rather slow, owing to the amount of work necessary to give it the desired rustic appearance.

N. D. Library Commission Meets at Bismarck

Tuesday, November 1, the North Dakota Library Commission held its meeting at Bismarck. Action was taken in preparing for the next meeting of the legislature. This work falls to the department of legislative reference which is in charge of Mrs. S. Johnson. The other department of the Public Library Commission has charge of the traveling libraries. It was decided to increase the number of traveling libraries especially along the lines of North Dakota history and agriculture, and books in foreign languages especially in Norwegian, Swedish and German. It is furthermore decided to increase the educational reference library which is at the service of all the residents of North Dakota. Special efforts will be made this winter to supply study clubs with the necessary reference books. Prof. Max Batt of this institution is president of the North Dakota Public Library Commission and presided at this meeting.

The Stock Judging Class Visits "The Elms."

The stock judging class, with Prof. Richards in charge, left Fargo early Friday morning for Amenia where they visited the farm of W. W. Brown. This is a very beautiful farm and has on it the best herd of Shorthorn cattle in the state, and some very good Percheron horses and Poland China hogs.

The class was met at Amenia by Mr. Brown in an automobile and one of his men with a wagon. They were not long in covering the two miles to the farm and shortly after eight o'clock the boys were warming their feet by Mr. Brown's fire. They were entertained by some phonograph music for a short time and then shown out to the barns where the business of the day was to begin. They began their work by judging cows. These animals were placed in rings of four and the students looked them over and wrote their placings and their reasons on cards which were handed in. The good and bad points of each animal were then discussed and then judged by Prof. Richards. By the time they had thoroughly gone over two rings of cows and a ring of calves it was noon and a sumptuous dinner was awaiting them. After dinner a grand championship ring of cows placed and then another ring of calves, a couple rings of pigs and some horses. Some time was spent with interest in looking over the farm buildings and the stock in general. All the boys remember with a kindly feeling the events of this day.

Ceres Hall Notes.

The laundry opened last week. The representatives from the different tables held their first conference with Miss Hoover one day last week. Mr. Miller, State College Secretary of the Y. M. C. A. was a guest at dinner last Thursday.

Edna Stedman spent Sunday at her home at Larimore.

On Sunday of last week the students made their usual bi-weekly change of tables.

Miss Rosabelle Magill numbers among the new girls who take their meals at Ceres Hall.

Miss Donaldson took her class in Fabrics down town Wednesday to visit the Fargo Carpet and Rug Factory.

Steam being turned off from the kitchen one day last week, the Home Nursing class came to the rescue and washed the dishes for dinner.

Misses Alm, Head, Baker, and Kermott were the representatives of Ceres Hall at the football game at Grand Forks last Saturday.

Miss Florence Kermott enjoyed a visit from her brother Dr. O. L. Kermott from Towner Saturday.

John H. Shanahan, Crop Technologist in charge of the U. S. Grain Standardization Laboratory, also E. G. Boerner in the same Department visited the College and outlined the work of the local laboratory. Everything was found satisfactory and Mr. Bailey was congratulated. Mr. Sattre who is doing field work under the same Department is getting out his report at his head quar-

ters, which is the Fargo Laboratory.

Prof. Rafsky under the direction of Prof. Ladd will begin the examination of textile fabrics. This is a new branch of work to be taken up by the Chemistry Department. The first work will be done on silk fabrics while later on the woollens will receive attention.

Mr. Congdon, Chief Food and Drug Inspector is now convalescing from an attack of typhoid fever and will soon be able to resume his work.

Mr. Harold McKinstry who for the past month has been at the college making an analysis of the soils with which he has been working during the past summer completed his work the last of the week. Mr. McKinstry was about to depart for Washington, where he will spend the winter when he received a request from the Agricultural Department at that place to go to Hettinger, North Dakota and select and plot out 144 tenth acre plots on which soil experiments will be carried out in co-operation with the Hettinger Sub-Experiment Station. Mr. McKinstry left for Hettinger Tuesday. From there he will depart for Washington as previously planned.

Prof. Ladd has accepted an invitation to speak before the Master Painter's Association at Pittsburg next January. He will speak on the various paint tests that have been made at this institution during the last five years and the conclusions that are to be drawn therefrom.

Edwin Lynner, one of last year's students, accompanied the crowd to the Forks Saturday.

Fern Dynes left for her home at Gardner Friday morning in response to a telephone message that her father was seriously ill.

Odin Stenhejen, a solo cornetist of the first band enjoyed a visit from his mother from Williston, Friday.

Mr. Ed. Moore, an old time dramatist at the A. C. came down from Bismarck and accompanied the A. C. bunch up to the Forks for Saturday's game. Since leaving the A. C. Ed. has been employed in Judge Carmody's office at Bismarck.

A number of the Mu's remained over Sunday at the University as the guests of the Varsity Bachelor's Club.

J. A. Truax, an old A. C. student, now in the employ of the Aultman Taylor Co., at Grand Forks, took in the game Saturday and was an enthusiastic supporter of the A. C. Mr. Truax met the A. C. bunch at the depot and stayed with it until its departure, regretting that he too could not board the train and go back to his Alma Mater.

Prof. Scull of the Manual Training Department gave a talk Monday evening before the City Sunday School Association on "Manual Training as an Interest aid to the Sunday School."

PERSONALS

It is rumored that Scott Stambaugh has at last got his razor sharp and will presently begin work in the Histology lab.

The last of the supplies for the Veterinary Department have finally arrived from France and will make a splendid addition to the already well stocked museum. Among the articles which arrived last Saturday were skeletons of man, cow, cat, turkey, and ram, also a disarticulate head of a horse.

The hog cholera department has begun its last serum test for this year.

Dr. Van Es and Cary Hofstrand left Friday morning for the latter's home at Brinsmade where they intend to bag some of the big geese before returning.

The dissecting room in the veterinary department is lately considered unapproachable by all except the true and tried Vets who take considerable of the sweet smelling odors with them.

Miss Hoover gave a lecture before the Minnesota Educational Society at St. Paul on Thursday on "What is Worth While."

Prof. and Mrs. Ladd entertained the Chemical Club at their regular meeting Saturday evening October 29. A six course dinner at which covers were laid for nineteen, was served. The decorations were typical of Hallowe'en time.

N. D. A. C. Neckwear at The Hub Moorhead.

The program consisted of an address on "The Relation of Physiological Chemistry to Agriculture" by Prof. White which was followed by an extended discussion by members of the Club.

Prof. Martin attended the market day exercises at Hawley, Minn., Tuesday, and delivered an address on "Dairy-ing."

Ask Her to go to the Band Dance.

Prof. G. W. Randlett judged corn at the Stutsman County corn contest which was held at Jamestown Friday, Nov. 4.

D. V. Eastman of the Law Department at the University was visiting his brother, B. S. Eastman here at the A. C. last week.

On Monday last Mr. Axel Hultgren of Brinsmade was viewing the sights at the college and visiting his cousin Vego Mikkelsen.

M. B. Johnson, Assistant Superintendent of Demonstration Farms reports that the work on all the demonstration farms has been closed up in fine shape and that everything is looking good, particularly the winter wheats. The last trips to the farms have been made for this season and they will not be revisited again until next spring.

Mr. C. L. Ward, manager of the Grain Buyers Association at Ellendale visited his son H. V. on Thursday and Friday. Mr. Ward also attended the meeting of the Millers Association which was held in Moorhead. While here he inspected the flour mill and was especially interested in the moistening machine which is used previous to the grinding of the wheat.

Mrs. McVeety is in receipt of a communication from Mrs. Anna (Stapleton) Mueller of the class of '03. Mrs. Mueller states that she now resides at Colorado Springs, Colo. She extends regards to all the faculty and friends about the college.

Wm. Thompson, Agricultural expert representing Swift and Company, Packers, called on President Worst and Dean Shepperd on Thursday to discuss matters pertaining to the Agriculture and live stock interests of the state of North Dakota.

Dean Shepperd leaves Tuesday for Hettinger to lay out the Dry Land Farming plants on the Sub-Station farm at that point and to check over a number of things about the Sub-Station with Supt. Lanson, class '09.

Leo Nemzek of the Chemical Department has been for some time past busily engaged in preparing photos of each section of the paint fence and also in making lantern slides of these photos. These slides will be used in giving stereoscopic lectures on the wearing qualities of the different adulterants that are put in paints.

Grand Forks Trip
An Enjoyable Evening
(Continued from Page 1)

Great Northern Oriental Limited drew near, the dancing was suspended and the University students accompanied their visitors to the train. The scenes that transpired while waiting for the train to arrive will long be remembered. The yell leaders drew their people together and the most friendly rivalry ensued. Yells from both sides filled the air. As a conclusion the U. sang their varsity song and as it ended the "Yellow and the Green" sounded forth with all the force that the hoarse A. C. rooters could command. The train pulled in and our people after bidding adieu boarded the coaches that Sec'y. Yoder had arranged for and we pulled out for home.

It was not a sad, long faced crowd that journeyed homeward. They were no sooner aboard than preparations were made for a jollification. The boys gathered and the time began. Lough, Anderson and Clark were each in turn forcibly induced to stand up and sing until the crowd was satisfied. One by one the fellows took their turn in leading the songs that were sung and ere we were scarcely aware Fargo was reached and we were home.
