A. C. Suffers First Defeat

Loses To Brookings — Score 6 to 3

A GOOD GAME

Before a crowd of nearly eight hundred people the Brookings team, by a score of six to three defeated our team for the first time this season. The game was hotly contested from beginning to end and from the spectators point of view was the most exciting one of the year. It was filled with snappy forward passes, long end runs and spectacular open tackles.

At a quarter past three the teams went out on the field. A. C. spread out over the south half of the field to receive the kick off and at the sound of the referee's whistle the ball went sailing southward and the game was on. Foss took the ball into the twenty-five yard line and it was put into scrimmage there. A couple of line smashes made but little gain, and at third down, with four yards to go, our team punted. South Dakota were downed on forty yard line. They sent thru a line buck for about a yard gain, penalized fifteen yards for holding on second down and then punted.

In the plays that followed A. C. got off two successful forward passes for good gains and took ball to thirty yard line. Held there for two downs and Bryer called back for an attempt at a field goal. He dropped kicked the ball squarely between the posts and A. C. scored three points.

The visitors again kicked off and Gorman ran the ball in about twenty yards. From there our men advanced the ball past the middle of the field but got two fifteen yard penalties for holding and were forced to punt. South Dakota tried a line buck and an end run to no effect and punted. A. C. then took the ball to the 25 yard line and from there Bryer made an unsuccessful attempt at field goal. Brookings put the ball into scrimmage at the 25 yard and by a series of forward passes and end runs worked it down to the center of the field when time was called for first quarter.

Score A. C. 3; S. D. A. C. 6. Teams changed goals and South Dakota put ball in play with second down, 6 yards to go. Penalized five yards for off side on the first play and then punted to Wirtenberger who ran back about 5 yards. A. C. penalized about fifteen yards for holding and then teams exchanged punts and it was our ball on 25 yard line. Gorman went around end for five yards and Wirtenberger punted.

The visitors carried the ball back to the 35 yard line where they were penalized fifteen yards and punted. Our team tried a couple of end runs and kicked the ball to the center of the field. South Dakota worked a couple of fake kicks for good gains and took ball to our 25 yard line. Foss circled end for a good gain but A. C. got a penalty of 15 yards and Brookings gained possession of the ball on the forty yard line. They went around end for fifteen yards, were held for two yards with no gain and tried a drop kick for goal but were unsuccessful. A. C. kicked from twenty-five yard line and a few seconds later time was up and the first half over.

In the third quarter A. C. received the kick defending the north goal. Wirtenberger got the ball and ran it into the 25 yard line. Cave sent a play around left end for five yards. S. D. was penalized five yards for off side and it was A. C. first down on the thirty-five yard line. A triple pass was pulled off with Bryer at the receiving end, which netted a gain of twenty yards. Our team was held for downs and the ball went over. S. D. failed to gain and kicked to Wirtenberger in the center of the field. A. C. men were unable to advance the ball and had to punt. Brookings could not take the ball forward and were forced to kick. The ball went over the heads of our back field men and was recovered by a South Dakota man who got away for a touchdown. Goal was easily made and the score stood 6 to 3 with A. C. on the short end.

A. C. kicked off and the visitors carried the ball to the twenty-five yard line. S. D. sent a man around end who succeeded in getting past all of our men except Cave, who pulled down the runner in fine style. S. D. carried the ball well past the center of the field before being held. A. C. got the ball on their own thirty yard line and by some good end runs and forward passes that were recovered by A. C., succeeded in getting down to S. D. ten

Faculty Reception Brilliant Affair

PROFS. TREAT THE STUDENTS TO ROYAL GOOD TIME.

Last Saturday evening occurred the students reception given by the Faculty. This is an annual affair and is a function that our students look forward to with no little pleasure. This reception, of all receptions given in the past, was the best, for every thing that could be done to promote good fellowship and a wider acquaintance was successfully promoted by the Faculty. About 500 students were present and from all indications every one enjoyed themselves immensely.

The Armory was decorated in an entirely new manner, choice refreshments were provided, various musical treats were given, and to cater to the enjoyment of all, dancing was provided for those who indulge in this pleasurable pastime. Among those who contributed toward the musical treats of the evening were Dr. Putnam, the College Orchestra the Male Glee Club, and a male quartette made up of Messrs. Beckwith, McArdle, Bunce and Babcock. All the numbers given brought forth hearty and prolonged applause that only further selections could satisfy.

At a late hour the crowd dispersed each wishing as a student expressed it that these functions might become semi-weekly.

A. C. Pharmacy Student Gets Good Position

The many A. C. friends of Miss Lenore Oleson will be gratified to hear that she has secured an exceptionally fine position in Pittsburg, Penn. Miss Oleson is affiliated with the Southside Hospital at that place and has charge of the Drug Department and in addition has charge of the classes in practical Pharmacy and Materia Medica for the nurses.

Miss Oleson writes that she is indebted to Prof. Zieffle for this fine position as it was thru his influence that she secured the place. That our Pharmacy students are able to go to the large cities of the East and secure enviable positions in competition with big eastern universities, speaks well indeed for the work that is being done here. Prof. Zieffle, the A. C. and Miss Oleson are to be congratulated.

NOTICE!

All Agricultural men should make it a point to attend the first meeting of the Agricultural Club in the old chapel upstairs in the Main Building at 8 o'clock Saturday evening.

yard line. They were held here however and the ball went over. S. D. punted and Wirtenberger got a fair catch on the twenty-five yard line near the east side of the field. Bryer tried a full kick for goal but missed and our chance to tie the score was passed.

Brookings put the ball into scrimmage on the twenty-five yard line and sent one play thru the line when time was called for the end of the third quarter.

The last quarter opened with South Dakota in possession of the ball on the twenty-five yard line and second down. They were compelled to punt but recovered the ball and ran to the A. C. five yard line before being stopped by Reuber. Here the A. C. team put up a good fight and kept the visitors from making a touch down. A. C. punted out of danger and "Dutch" Schroeder tackled the receiver of the kick in his tracks. Time was taken out for S. D. For the remainder of the quarter neither team had the advantage and the game ended with the score of 6 to 3 in favor of S. D. A. C. For the A. C. Schroeder played a star game making good gains when carrying the ball and repeatedly breaking thru and getting the S. D. runners for losses.

Juniors And "Too Good" Picnic At Oak Grove

On Monday evening October 10th the Juniors, chaperoned by Miss Griffin, held a delightful picnic supper and marshmallow roast at Oak Grove. At 5:30 that afternoon they assembled at the home of Miss Addie Stafford and from there repaired to Oak Grove where the evening was spent in enjoying the delicious repast which had been provided, and in singing various college songs.

Among the features of the evening which will serve to keep the occasion firm in the minds of those present were Ewen's assistance at the cooking of the coffee, Heller's apparent loneliness, and the presence as a guest of honor of that much renowned canine "Too Good."

At 8:30 the party broke up, thus terminating what all pronounced to be one of the most enjoyable events in the history of the class of 1912.

"Y" Halloween Party Saturday Evening

The Y. M. C. A. boys have been busy the past two weeks making plans for the party that is to be given the Y. W. girls next Saturday evening at the Armory. Some very good entertaining stunts have been worked out and there is no doubt about giving the girls a very pleasant evening. Besides the usual meeting of the ghosts of all old friends, there will be carried out some new ideas in the way of Halloween entertainments.

The membership of both associations has grown wonderfully since the beginning of the school year and much interest is being manifested in the work. It is to be hoped that this interest will continue.

Shepperd And Richards Are Honored Again

Dean Shepperd has again been invited to superintend the College division of the International Live Stock Exposition at Chicago. This portion of the Exposition has developed into large proportions and is one of the strong features of the show. The Dean has supervised and developed this feature of the Exposition for a number of years, having begun his work there when it was a small weak department, scarcely noticed by the public.

Prof. Richards has been appointed a member of the committee to pass on the work of the students in judging horses in the International Live Stock Exposition. This is the fifth time that Prof. Richards has been asked to be a member of this committee.

"Reds" Make Good As Yell Leaders

It seems that red-headed people make good yell-leaders. If you don't believe it look! "Red" Parker leads at Wisconsin, "Red" Allstrand at Ames, "Red" Anderson at Iowa and our own "Red" Holkesvig at the N. D. A. C. Our sister institutions may have good leaders—they undoubtedly have but here's wagering that our "Hoke" has them beat a mile when it comes to inspiring a crowd and directing their enthusiasm. "Hoke's Chorus at Saturdays game was unbeatable and followed his baton with the nicety of a symphony orchestra. Nine Raah! for our "Red".

Bachman Wields Baton

Owing to the illness of Dr. Putnam last Friday Chief Musician Harold Bachman led the band while it made a street car tour about the city before the game and also while the game was in progress. The band did much to add to the pleasure of the occasion and the boys have nothing but praise for their new leader.

The State Board of Pharmacy met last week and found 30 applicants present to take the examinations for registered and assistant pharmacists.

The exams this season were unusually hard and only 50 per cent of the applicants were able to meet the Boards requirements. As usual the applicants who have been trained in our Pharmacy Department passed with good grades. The next exams will be held in March.

Faculty Triumphs Over Y. M. C. A.—Scores 14 to 7

INDIVIDUAL PLAYING OF HIGH ORDER AND OTHER SPECTACULAR FEATURES.

On Monday evening the indoor baseball team representing the city Y. M. C. A. met the A. C. faculty met. It was a supposedly practise game, but after the A. C. saw that they had easy pickings they demanded that it be considered a regular game and count in the race for the Championship Flag.

This flag ideal is not a reality, but merely imaginative. Some of the older faculty players use this flag to flaunt in the face of the younger members to spur them on to greater work.

Spectators were few at the opening but the din and clash of battle soon attracted a few, i.e. the night watch man who was a great enthusiast for the faculty, Grand-dad, the college pup, who will graduate with class '13 and a Spectrum scribe who will never graduate, especially after rooting for the other side.

Stars were numerous — couldn't help but be, the way the faculty bumped into the base men. On the spectacular roll belong Prof. Ware for heavy hitting and touching the runners out at second, Dr. Schalk for artistic catching, pegging to second and sliding to bases, kidding the opposing pitcher and the congenial manner in which he gladly parted with seven pounds of Avon-dupois for the good of the cause. Prof. Bergman, captain, had an off night. He persisted in wearing his glasses and with his altered vision it was hard to judge the ball. Dr. Dolt in left field had a chance to distinguish himself in the fifth inning when a line drive unexpectedly hit his hand. He hung on to it but his peg to cut off a runner at home dropped thru the ring used in basket ball. Dr. Schalk caught the ball on second bounce and touched shortstop Bailey who ran up to insist that they make two points from the field basket. A scowl from Kahlstedt settled Bailey.

Only three hits were registered off Pitcher Randlett but it wasn't the fault of the players that they didn't get more, for they couldn't reach them. Prof. Slocum caught a fly in left field that had been buzzing around his ear all the evening.

Sattre the ringer third baseman, was heavy with the stick. He hit one against the ceiling and ran twice around the bases. On the last lap the entire team was hanging on his coat tail demanding an explanation and he finally stopped long enough to declare that if the ball hadn't hit the ceiling it would have gone clear over the new Chemical Building. He was given one base and time off to regain his wind.

The Y. players put up a fine game but where somewhat handicapped by the slippery floor. They out hit the A. C. faculty but were not as quick at returning the ball. Except for the first inning when the Profs. got seven tallies, it was a good game, with chances for improvement on both sides. The final score was A. C. 14; Y. 7.

She Wanted Excitement And—She Got It!

The Spectrum sparrow a few evenings ago while contentedly cuddled in the limb of the large elder at the campus entrance had its ear for space filling suddenly jarred by the giddy talk by several young couples discussing campus conditions, weather, etc. One of the girls remarked that she wished that she could do something for excitement and presently the opportunity presented itself. A Prof. riding on a bicycle turned out to pass when something grabbed his coat tail. Prof. bicycle and girl landed in a heap. After the extrication, the friend of the equine race expressed himself clearly and forcibly and was undoubtedly wound up for several minutes when he finally discovered that his words were wasted as the excitement seekers had flown. However, he has a faint recollection in connection with this incident of a fleecing black and white dress disappearing in the distance.

She Wanted Excitement And—She Got It!

Monday, October 17th, was registration day in the Farm Husbandry, Housekeepers and Power Machinery courses. So far there have registered 132 in the above courses and still there are more to follow.

Miss Jessie Thompson, '10, autoed in from Ayr Saturday morning and attended the Faculty reception in the evening.

Second Team Loses To Casselton High

Saturday morning our second team journeyed over to Casselton to bring back the scalps of that city's High School team. They came back Saturday evening, however, without having accomplished their mission and looking rather downhearted and bruised. They were so confident of a victory that they didn't think it necessary to report for practice at all last week and the result was that when they went into the game Saturday only about seven men of the bunch knew anything about the signals.

Casselton had a light speedy team and they had no trouble in running paly around the ends for long gains and got off some good forward passes. Two of the touchdowns made by Casselton were from fumbles made by our second team which shows that the A. C. fellows need to come out to practice every afternoon if they expect to put up a good game of football. The Second Team has some excellent material and if they had only prepared themselves would have won an easy victory.

For A. C. Schrantz played the best game. He was fast in getting down under punts and any time was equal to a gain of eight or ten yards thru the line. McKee and Ostby also showed up very well. Oblinger, who was elected captain, played a strong game at right end.

Next Saturday the boys play the Wahpeton High School and with a little practice this week will be able to put up a stronger game than they did last week.

A. C. Line up.
Larson, c; Martin, rg; Browler, Ostby, rt; Oblinger, Capt. re; Witzgen, lg; Carr, lt; Ostby-Dainard, le; Dainard-Kiefer, ob; S. Peterson, fb; Schrantz, rh; McKee, lh.

BOLLEY TO GIVE ADDRESS IN ATLANTIC CITY, N. J.

Prof. Bolley has received an invitation from the President of the Paint Manufacturers Association of America to attend the annual meeting of that Association and deliver an address upon the status of flax cropping in America. Prof. Bolley has accepted this invitation and will go to Atlantic City during the week following Nov. 2. During this trip Prof. Bolley will visit a number of institutions where the by-product of the flax crop is made use of, especially the linen mills of Brookfield and some special factories which are located in Chicago.

As the American Association of Official Seed Analysts meets in Washington on the week following, Prof. Bolley will return by way of Washington and give a paper upon the Agricultural Value of Hard Seeds in Alfalfa and Clover.

Dacotah Field To Be Fenced And Improved

AMERICAN STEEL & WIRE CO. DONATES FENCE.

For years we have been dependent upon other athletic parks for an enclosed place in which to hold all the athletic contests with other institutions but at last this is to be done away with. Our own Dacotah Field is to be enclosed and fixed up to accommodate the crowds that usually patronize the athletic events that are given under the auspices of the A. C. The rentals that the old ball park owners have exacted are to be diverted into a fund that will help to equip and maintain the new improvements that are to be put on the Dacotah Field.

Athletic Manager Churchill and Secretary Yoder, co-operatively, have secured the materials with which the field is to be enclosed. The field is to be encircled with a very substantial and artistic fence that is kindly donated by Mr. C. F. Leonard, representing the American Steel and Wire Fence Company.

At a distance of about eight feet to the inside and paralleling the fence will be planted a hedge that will not only add to the general attractiveness of the field but at the same time will screen it from the view of those who seek something for nothing. Until the hedge has grown to an effective height there will probably be a detachable canvas wall employed for this purpose. Work has already begun on the erection of the fence but it is not expected that the field will be ready for use this fall. However all the spring athletic events will be held on our own field.

Judge Not Lest You Also Be Judged

A CONTINUATION OF PROF. CHURCHILL'S CONVOCATION ADDRESS.

Idleness is the burial of a living man. For an idle person is so useless to any purpose of God or man, that he is like one that is dead, unconcerned in the changes and necessities of the world and he lives only to spend his time and eat the fruits of the world. Like vermin when his time comes he perishes and in the meantime is naught. He neither plows nor carries burdens and all that he does is either unprofitable or mischievous.

Life's length is not measured by its hours and days but by that which we have done. A useless life is short if it should last till the end of time, but that of Alexander was long though he died at the age of thirty-five. We may go much in a few years or nothing in a life time. If we but live to eat and drink and sleep and let things go on around us as they please we might just as well not have lived at all.

Men do not feel the worth of their own souls. They are proud of their mental powers; but the intrinsic, inner infinite worth of their own minds they do not perceive. The poor man admitted to the palace feels cheap and ordinary amid the splendor that surrounds him. He sees the carriage of wealth roll by, and forgets the eternal dignity of his own mind in a poor and degrading envy because others are above him, not in mind but in mensuration. Men respect themselves according as they are more wealthy, higher in rank or office, able to command more votes, or more the favorites of the people in power.

The difference among men is not so much in their nature and intrinsic power, as in the faculty of communication. Some have the power of uttering and embodying in words, their thoughts. All men, more or less feel those thoughts. The glory of genius when revealed is shared by unnumbered minds. When eloquence and poetry speak; when the glorious arts; statuary, painting and music take audible or visible shape; when patriotism or charity speak with a thrilling potency, the hearts of thousands glow with a kindred joy and ecstasy. If it were not so there would be no eloquence for eloquence is that to which other hearts respond.

Rhetoric, Plato says, is the art of ruling the minds of men. But it is too commonly used to hide thought in words, to babble nonsense. Let me insert here a word on the evil of habitually using slang and strong expletives. The power of forceable expressions is destroyed if we constantly employ the same qualifying terms to tell how hot or cold the weather is, the size of an object, the quality of an apple and the beauty of a picture. The power of expression is lost for your vocabulary is limited and the same words are used to describe everything. If later in life you should find yourself frequently called upon to speak in public, you will regret the day you let these words enter your conversation.

Man is no bubble upon the sea of his fortunes, helpless and irresponsible upon the tide of events. Out of the same circumstances different men will bring totally different results. The same difficulty, poverty or misfortunes that breaks down one man builds up another and makes him strong. It is the very attribute and glory of a man, that he can bend the circumstances of his conditions to the intellectual and moral purposes of his nature, and it is the power and mastery of his will that chiefly distinguishes him from the brute.

He who endeavors to benefit and improve the world is like a swimmer who struggles against a rapid current in a river lashed into waves by an angry wind. Often they beat him back and baffle him. Most men yield to the stress of the current and float back and are swept over the rapids, and only here and there a stout, strong heart struggles on to victory. On the banks will be the prophets of evil and misfortune; the lukewarm, the indifferent and the apathetic; those who stand by and sneer.

Your actions and speech may be willfully misconstrued but no matter how gloomy and discouraging the prospect, persevere, for faith can never die.

Dodge, the financial Pa of the Spectrum left us Friday and journeyed to his home town, Devil's Lake, to make a short visit with "his folks."

Miller, Athletic Editor; Addie Stafford, Society Editor; Helen Hoover, Exchange Editor; Fern Dynes, Reporter; John B. Wentz, Reporter; Jack Dinwoodie, Reporter; Mark Heller, Reporter.

A true gentleman is one that never allows anything to throw him into an ugly mood and especially to allow this feeling if it does arise to be manifested in outward appearances toward his fellows. The true worth of a man's inner self is tested when he can forget self and face the world with a smile when every thing is going "dead wrong."

The man that is not his own master is thoroughly disliked and loses the respect of all of his associates and only receives the sympathy of those that feel for his weakness. In such a case sympathy is a thing to be abhorred. Friday's game was a test of the manliness of the A. C. students. It is easy to drift with the current but to meet the current and not be overcome is a step toward the conquering of life's great problems.

The A. C. students showed that they are made of the right material. They are to be congratulated upon their conduct and it is hoped that this is a well started beginning that will increase each succeeding year and mark the A. C. as one of the schools where manliness and womanliness is recognized and required by the students themselves. It is to be hoped that the opponents will receive proper applause when due and that there will never be one of our students who forgets for one moment that they are ladies and gentlemen and thus lose their self control at an unfortunate time.

Famous Lecturer At Grand Next Sunday Evening

Dr. Wm. Eliot Griffis of Cornell University will speak at the Grand next Sunday evening on the "Far East, Past and Present." He is the author of twenty-five historical books dealing with China, Japan, Korea, Holland, etc. He went to Japan in 1870 and met members of the first Japanese Embassy to America. He taught the first Japanese students in the U. S. and was the first man of the Caucasian race to live and remain by invitation in the interior of Japan and is the only living foreigner who saw the workings of the Japanese feudal system and its abolition.

Ceres Hall Notes.

Miss Ruby Head went out to Garden last Sunday morning to visit friends. While there she was one of a motoring party that took a cross-country trip to Crookston.

Classes in Ceres Hall have been having a vacation the past week due to the absence of Miss Hoover and Miss Donaldson.

Miss Fern Dynes went home Friday afternoon to see her brother who is threatened with typhoid fever.

The three Junior girls who stay at the Dormitory were absent last Monday evening to attend the Junior supper.

Misses Keene, Roberts, Heldt, Newman, Clara Johnson, Margaret Mikkelsen, and Erikstad are among the new girls at Ceres Hall.

The Housekeepers Course which is a new one at this institution is a very popular one. It is a three year course of six months each and meets the demands of a great number of young ladies.

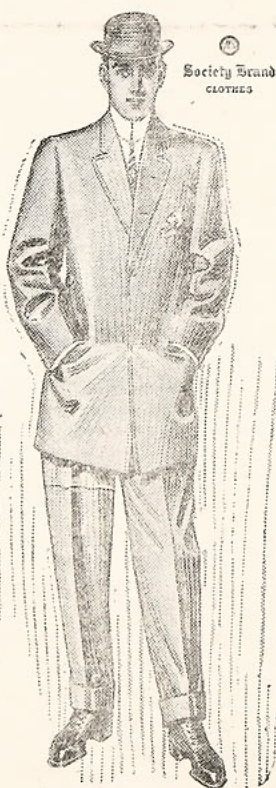

Miss Mae Englehorn was confined to her room for a day or two last week because of a severe cold.

Miss Fern Dynes was entertained at the McKinstry home last Sunday at dinner.

Chas. Ruzicka and friend attended the "Matinee Idol" Saturday evening.

The many friends of Miss Sadie Barrett, one of our former students, will be pleased to hear that she has secured the position of manager of the "Dairy Lunch" at the University.

Benjamin Maus, O. J. Lee, and Arthur Hanson of Concordia College were pleasant visitors at the Spectrum office one day last week.

THE expense of your clothes isn't what you pay for them, but what they do for you. Clothes that give you a dressed, up-to-date, prosperous appearance are the least expensive clothes you can buy. When you put on a

Hart Schaffner & Marx

suit of clothes, you put on with it the confidence that comes with knowing you are well dressed; as well dressed as anyone in any company.

We carry a full line of these famous clothes in all styles and in many patterns and weaves; snappy stylish-durable, money's-worth clothes.

When you wear them, they'll show you why we talk about them as we do.

Fall Styles Are Now Ready.

SOCIETY

CASTALIANS.

The Castalians met in the chapel last Friday evening. The first number was an address by the president, Miss Ethel Walker, this being followed by a recitation by Miss Barbara Heidner. The Program was concluded by two readings rendered by Miss Maude Barnes, after which a social session was enjoyed.

ATHENIANS.

The Athenians met in the Athenian room on Friday evening and listened to the following Program:

Piano Duet Ester Evans
Jessie Peterson
Declamation Mary Thompson
Underworkings of the Dormitory
Beatrice Alm
Political Speech L. D. Gifford
Locals Addie Stafford.

After the program the regular business meeting was held, at which it was decided to hold a social session after the next program.

HESPERIANS.

In room M of the main building a very good program was rendered last Friday evening by the Hesperians. It consisted of the following numbers:

Music Selected (Boola Song)
Minutes of last meeting Secretary
Declamation H. B. Bachman
Debate — Resolved that U. S. Senators from N. Dak. should be elected by a direct vote of the people of N. Dak.
Affirmative. Negative.
E. Emery Wm. Emery
Ray Boyd C. D. Booth
Declamation Lewis Dolve
Music Society.

N. D. A. C. L. E.

Thursday evening the Engineers met and elected the following officers for the coming year:

Lars Welo President.
Harrison Bunt Vice-Pres.
Rob't Pierson Sec'y Treas.

The next meeting of the Lyceum of Engineers will be held Friday, October 28, at 7:30. All engineering students are urgently requested to be present. The program will be as follows:

President's Address L. A. Welo
Talk Prof. Keene
Accuracy in Engineering
..... Paul Funderhild
Talk L. D. Gifford

ALPHA MUS.

The Junior class has been wondering why Eric Martinson seemed so willing to pay his class dues. The reason has at last come to light. Eric has been elected treasurer of the Mus. The other officers elected are as follows:

Max Harrington President
Henry Ready Vice-Pres.
Rob't Miller Sec'y.

PHILOMATHIANS.

After a rather extended period of storm the Philomathian Literary Society is now endeavoring to enter into a most successful season. At the meeting held Friday evening a short but very enthusiastic program was rendered in which the society was favored by a delightful solo by Mr. Holt, an enthusiastic address by Mr. Horst, and a very interesting reading by Mr. Roy Dynes. After the literary program a business meeting was held in which much enthusiasm was shown. Temporary officers were elected to conduct the affairs of the society until after the special business meeting to be held Monday evening, Oct. 31, at which meeting a revised constitution will be discussed and plans made for more definite further activities.

Next Saturday evening the Agricultural Club meets for the first time this year when it will be addressed by a prominent member of the faculty. This club is organized for the benefit of Agricultural men, especially those taking the Farm Husbandry course and in the lower classes in the college course. Here you will have a chance to discuss questions with which you are familiar and in which you are interested. At the same time you will an opportunity to improve yourself in the art of public speaking. The meeting will be held in the old chapel upstairs in the Main Building. Watch the bulletin board for further details of the program.

Dr. Schalk and Carl Hofstrand spent Saturday forenoon hunting.

The band has been materially strengthened by the recent arrival of the last years Chief Musician Spencer Wallen of Minot. The boys tender "Spence" a warm welcome.

Miss Beatrice Alm enjoyed a visit from her mother and little brother last Saturday and Sunday.

Prof. Randlett left last Saturday morning for Mueclsky, N. Dak. where he was to conduct a teacher's institute.

The rumor floats in that an '08 Alumnus will launch into the matrimonial sea about Nov. 10th.

EXCHANGES

Engineering students at Minn. University are constructing an elevated railway three miles long to be used for practice work.

The freshmen at Minnesota are compelled to carry suit cases for the upper classmen to and from trains, and at Wisconsin they have to observe a long set of old school traditions such as wearing the freshman cap, no loitering on the library steps, etc.

At Illinois the athletes who have won the Varsity letter two years in succession are awarded a blanket with the "I" on it.

The Aggies at Minnesota have organized their first football team this fall.

At Wisconsin hazing has been entirely abolished by most of the students. Student government is a feature at this institution.

All student officers elected at the Kansas U. were non frat men.

A. Perry, Oklahoma girl rode 350 miles to Lawrence, Kansas where she enrolled last week.

Smile a smile;
While you smile
Another smiles,
And soon there are miles and miles
Of smiles. And life's worth while
If you but smile.—Ex.

All students at the University of Utah who fail to affiliate with one of the four classes are governed by freshmen rules.

Le Roy Gifford has been re-surveying the rifle range and relocating the firing stations, and also locating the telephone connections between stations and targets. The Independent Telephone Company is already on the ground putting in the line. This will put the rifle range in a first class condition and facilitate the work of target practice.

Mr. W. O. Whitcomb, of the class of '09, came in Friday from Williston and stopped of for two or three days visit here at the college before proceeding to Washington, D. C. where he will spend the winter.

J. Allen Clark, '10, crossed the state for the sole purpose of taking in Friday's football game and the social functions that followed it.

Dr. A. A. Brigham, Dean of Agriculture of the South Dakota State College was a guest of Miss Hoover's recently.
 Ask Anderson to tell you about the oxygen and the cigars.
 Miss Pricilla Warner spent Saturday and Sunday visiting friends at Kragnes, Minn.
 Anderson says he understand why some of the boys at the Junior picnic enjoyed the supper so well.

Pres. Worst went to Michigan City Saturday where he addressed a gathering of farmers at a market-day festival.
 It is reported that only twenty-five are to be on the list of Gentleman Eligibles at the Dorm. See the matron at once. "A faint heart never won a fair lady."
 LOST.—Somewhere between Science Hall and the Ball Park, a gold signet scarf pin bearing the initial E. B. H. Finder please return to Earl B. Hunt or leave at Postoffice.

Again have the Roycrofters regaled themselves at their favorite pastime, and as usual the contingent from the A. C. faculty was large and appreciative.
 The bacteriology class is beginning to get into deep water these days and are preparing to flounder thru the depths of immunity. Immunity from what they are not prepared to say.

Mr. Fred Faust, one of last years Farm Husbandry graduates was a college visitor recently. Fred is one of the Farm Husbandry men that cannot be allured away from the farm and all the independence that accompanies it. He has the management of his father's 1600 acre farm.
 THE A. C. LATEST SONG.
 I'd rather be on the inside lookin' out Than on the outside lookin' in (Sung daily by a male chorus just outside of the locked doors of the Ceres Hall dining room.)

Prof. A. G. A. made all the literary societies at pleasant call Friday evening and urged all students to take advantage of the lectures course that is being offered. Every one that heard him well be there.
 Those who Sec. Yoder entertained from Bismarck last Thursday were the Songist sisters and Deputy State Auditor Jorgenson. A drive about the campus and station was taken in the College carriage.

The regular meeting of the Polytechnic Society will be held in the Physics Lecture room at 8 o'clock tomorrow evening. Prof. Guinness will be the speaker of the evening, the subject of his address being "Internal Combustion Engines". The public is cordially invited to attend these lectures.
 Ralph B. Durkin, at present employed as a telegraph operator at Audobon, Minn. was a college visitor Friday and took in the game with Brookings. It was a sad day for "Dirk" for he had not heard that the pride of his heart, the Philo, had calmly passed away and would no longer be heard forthrightly chanting the Yellow and the Green. It is said, "Dirk", but they did the best they could and surely they'll be treated leniently over there.

Mrs. J. H. Shepperd has again been reelected as the Corresponding Secretary of the State Federation of Womens Clubs. While attending the annual meeting at Bismarck recently Mrs. Shepperd witnessed the unveiling of the monument erected to the honor of Sakakawea, the Indian woman who bravely undertook the hardships of showing Lewis and Clark across the mountains that they might make surveys and sketches of the great northwest territory and save this land for the U. S.

Under the direction of Prof. Scull some of the advanced students in manual training are at present engaged in making some fixtures for the library. This is equivalent to saying that the work is of the best otherwise it would not find lodgement in our well equipped and faultless library. As fast as students become skilled they are permitted to undertake work that only skilled hands can do.

Max Harrington, one of the Senior Engineers has returned to take up his work at the A. C. During the summer he has been on an extended visit in the East where he went with the Water Commission of Fargo. This Commission was on a trip of investigation and inspection of the water systems of other cities. Some of the cities visited were: Toledo, Pittsburg and Washington. After the tour of inspection Max and his father visited relatives in New York.

And now the poor Dorm girls have to go eight in a bunch or get a gentleman escort.
 Prof. Waldron spent a few days at Bismarck this week attending the meeting of the Educational Association.
 Robert Sampson, Farm Husbandry '09 was a recent college visitor. Robert is at present teaching school at his home town, Eric. He contemplates coming back to the A. C., and enrolling for the long course within a year or so.

John Thysell, '08, of the Dickinson Experiment Station stopped off at our college for a weeks visit before proceeding to Washington, D. C. where he will spend the winter.
 Mr. Alexander, Superintendent of the Towner County schools, visited the college last week. He is making plans for a good roads meeting in that county and called here to see Dean Shepperd who is President of the Goods Roads Association, and also to see Prof. Dolve.

Superintendent Dulton of McIntosh Minn., called at the college last week and engaged Dean Shepperd to address the Northwestern Educational Association at East Grand Forks on Nov. 12 The Deans subject will be "The Importance of the Public School to the Rural Community."

THIS IS THE YEAR
 that shows the difference between good farming and poor farming. You can make and save money by studying the causes for success of our most prosperous farmers and applying the results of their experience to your own farm operations. The Dakota Farmer of Aberdeen, S. D., makes a business of seeking out and analyzing these causes and presenting the results to its readers. Thousands of farmers have found in the columns of this great paper the ideas that have made them prosperous. You can get three free copies by sending your name and address on a postal.

IT PAID HIM,
 To Whom It May Concern:
 Through advertisements, I was induced to come to Fargo to attend a business college. I said two weeks, after which I enrolled at Aaker's Business College, where I am well satisfied with the attention I received. It paid me to make the change, even though I lost tuition advanced at the other school.
 Respectfully,
TONL BUCKMEIER.
 Jamestown, N. D.
 Send for the catalog and learn more about the A. B. C., Fargo and Grand Forks, N. D.

Scott Drummond has been busy for the past few days resurveying and locating the steam pipes and various other pipes that run between different buildings. When finished a blue print will be made of the entire system. This work is of great importance as any pipe can be definitely located at any time during the year even the ground may be covered.

Mr. G. L. Tibert, Superintendent of Building Construction, left Thursday for the Dickinson and Hettinger Sub-Experiment Stations where he went to inspect some of the buildings that are being constructed at these places.

PERSONALS

Ruby, to new girl, "Are you a freshman?"
 New girl, blushing, "No, I was a Svede."
 Secretary and Mrs. Yoder are entertaining Miss Elsie Ritterskamp from Vincennes, Indiana.
 Prof.—Define a ptomain, Mr. Rueber.
 Mr. R.—Ptomaines are products resulting from the disintegration of ice cream and other vegetables.

Prof. C. B. Waldron was recently elected as a member of the City Park Commission.
 Dean Keene of the Engineering Department is receiving bids from publishers who seek to print the manuscript for the new book that he is about to introduce to the public.

Secretary Yoder's fondness for music led him to Valley City Wednesday evening to hear Mme Melba sing. Mme Melba's varied program was a delight from the beginning to the end and well repaid those who have an appreciation for the best in music.

Mr. A. J. DeLance from Ross, N. D. was a college visitor recently. Mr. DeLance was at one time an old neighbor of Supt. Tibert and spent considerable time while here in talking over early events in Dakota's history. Mr. DeLance is a member of the legislature from the forty-fourth district.

Mr. Enock Peterson, a poultry fancier from Argusville and an old A. C. student was a college visitor Thursday. At the poultry shows, Mr. Peterson's barred Plymouth Rocks usually carries off all the ribbons offered in their class.

Professors Bell and Bergman stopped off at Valley City to hear Mme Melba as they were returning from the Educational Meet at Bismarck.

Edwin Evingson, the business manager of this years Agassiz has been conferring with Ex-Manager Dodge regarding matters of special interest to managers. The Agassiz is coming as sure as exams. "Everybody hold your own tickets!"

Mr. Aji Herring and old A. C. student was a recent college visitor. Mr. Herring attended school here in the years of 1895—96. Our school was then but in its infancy and our growth was a source of surprise to Mr. Herring as we have expanded far beyond the predictions made in '95.

Mr. Paul Maggofin, a connoisseur of art, and at one time coach at this institution, is at present engaged as coach at the George Washington University at Washington, D. C. Mr. Maggofin, in leaving this institution, left many warm friends behind, particularly in art circles, who will be pleased to hear of his successes.

Reginald Dynes and Alfred Anderson returned last week from their summers vacation spent in the wilds of Montana. These gentlemen during vacation were in the employ of the Northern Pacific Railroad Company as appraisors of some of the large land holdings that this company has thru out the state. Under the refining influence of Ceres Hall, the fellows are once more approaching domestication.

INSURE WITH McLelland and Clark
