Senior Preps Celebrate Class Day

Class of 1914 Now Prepared to Assume College Rank Next Fall.

PROGRAM IN EVENING

Excellent Program Rendered By Members of the Class—Large Crowd Attends.

The first regular class day of the spring occurred on Friday when the Senior Preps celebrated their approaching graduation from prepdom. In accordance with a faculty ruling adopted last year only the Seniors in the College and the Senior Preps are expected to give program on their class day. This ruling is in effect for the first time this year.

To allow the Preps to enjoy their day to the utmost they were excused from all classes and spent the day in luxurious idleness. Early in the morning the banner of yellow and brown appeared on the flagstaff on Science Hall and there it waved proudly all day.

The regular class program was given in the Old Chapel in the evening and was a most creditable performance.

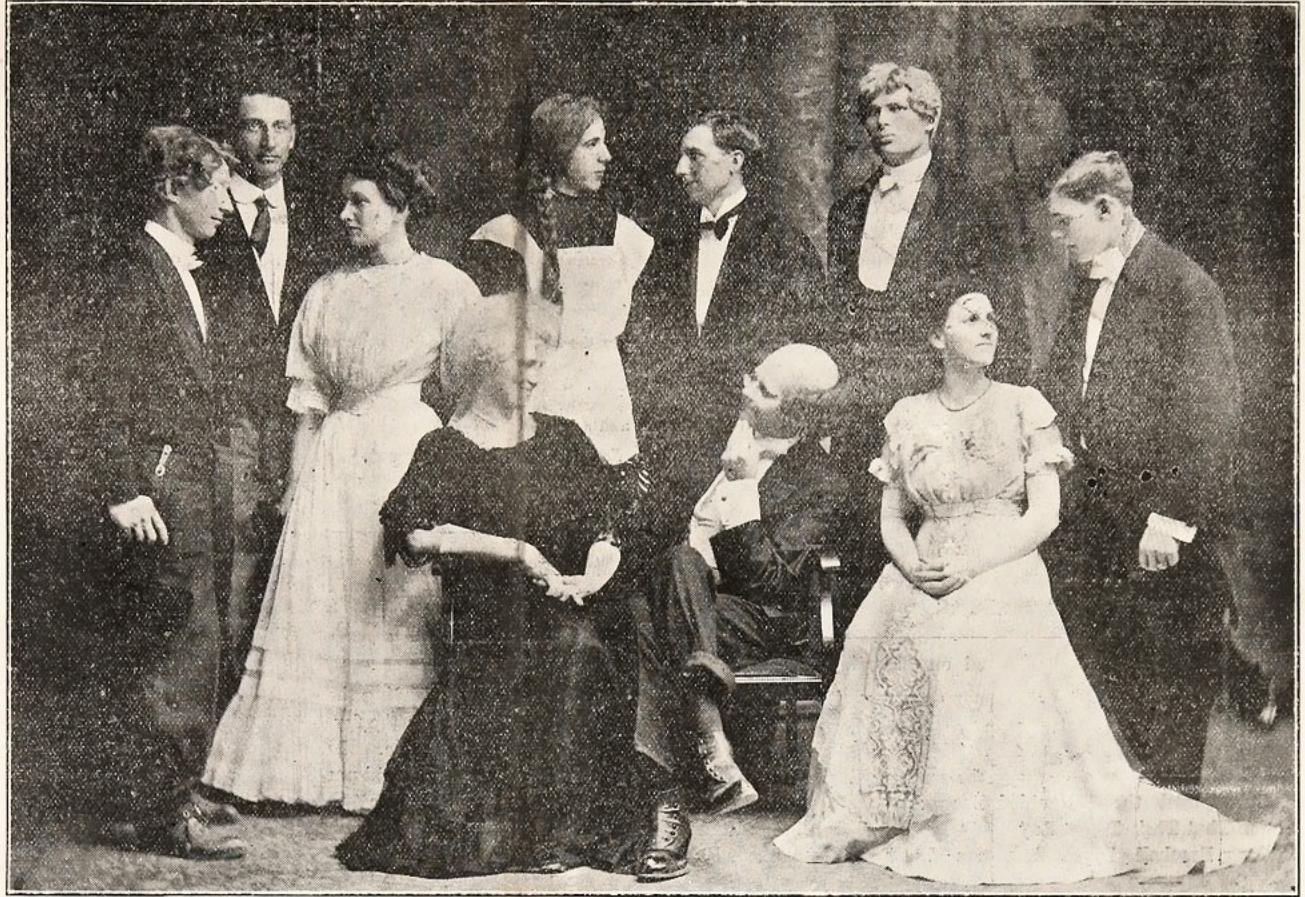

The opening number was a selection by the college orchestra. This was followed with an address by the class president T. E. Mills.

Donald Brinton was next with the humorous declamation, "Asleep in Church". This selection pictured the troubles of a small boy who was taken to church very much against his will. After enduring the tedious sermon for some time, the youngster falls asleep and in his dreams confuses the services with a baseball game. Mr. Brinton impersonated the boy with great aptness.

The next number was an excellent vocal solo by Marjorie Merritt, after which the Class Hestory was read by Roy Dynes. After a preliminary statement regarding the class as a whole, each member was taken up separately and their past, present and probable future was given in considerable detail. The paper was well written and proved highly entertaining.

The History was followed by a duet by Carl Yerrington and Mabel Piers.

The class Prophecy was then given by Max Waldron, Irwin Stotland, Donald Brinton and Walter Marshall. The plan of the Prophecy was unique and added much to its interest. The lights were turned off for a few moments and when they were switched on once more revealed a pile of earth on the stage. The four boys then appeared in laborers' garb and began to discuss old times at the A. C. Finally one of them mentioned the fact that a number of tablets on which were inscribed the records of the various members of the class of '14 had been buried on the campus and it was proposed to dig them up. The tablets were then unearthed one by one, and the supposed life records of the graduates of 1914 read. There was no little humor in the prophecies.

CAST—Top Row: Talbot Champneys, Kempster, Mary Melrose, Belinda, Paddles, Sir Geoffrey Champneys, Charles Middlewick. Front Row: Clarissa Champneys, Perkyn Middlewick, Violet Melrose.

and the comments which were constantly made by the workers as they dug up the tablets.

The closing number was a song by the girls' quartette. This was well rendered and was heartily received.

In the entire program the Preps showed marked ability and diligent preparation. From the record that this class has already established it seems evident that when the class of 1914 enters college next fall it will have a sturdy nucleus in the persons of the present Senior Preps.

NOTICE.

All students who have been taking chemistry during the past year and have desk keys, should return their keys to Miss Emily May before the end of the term and get back the deposit of fifty cents which was required when the keys were given out. Please attend to this at once as the year is nearly over.

LOST.

Lost: On May 18th a lady's gold watch on the campus or on 12th Ave. Finder please return to the Post Office and receive the reward.

EXAMINATIONS.

The regular term examinations will be held on Friday, June 3, and Monday, June 6. In accordance with the usual custom the examinations will come in the following order.

First hour subjects from eight to ten Friday.

Second hour subjects from ten to twelve Friday.

Third hour subjects from eight to ten Monday.

Fourth hour subjects from ten to twelve Monday.

Prof. Weeks addressed the Fargo High School Thursday morning.

Senior Play Will Be Of High Quality

"Our Boys" Is Play Full of Fine Humor and Dramatic Situations.

The above pictures of the cast and some of the special characters in the Senior play, "Our Boys", give better than any verbal description an idea of the interesting nature of the play, which will be staged in the Armory on next Monday evening, June 6 at 8:15.

The play is of English origin and has met with great success wherever it has been presented. In London it was run continuously for 15000 nights which speaks well for its popularity.

As the name indicates the plot of the play centers about "Our Boys" who are just returned to their homes after a long sojourn on the continent. Immediately after their arrival their fond fathers undertake to direct the love affairs of their sons and so complicated matters that all sorts of humorous and amusing incidents take place before the final act in which all difficulties are settled and everyone made happy.

There is good opportunity for clever acting and the members of the cast are working conscientiously to bring out every part to the best advantage. There is no doubt but the coming play will be one of the best ever presented at the college and no one can afford to miss it who can possibly be present.

Act II—Mrs. Patcham's Lodging house. Time—Several months later. Winter.

NOTICE.

Will the parties who have subscribed for the Agassiz and failed to get their copy please do so at once as we would like to get this matter cleaned up.

H. M. DODGE,
Business Man. The 1911 Agassiz.

BULLETIN CREATES SENSATION.

Bulletin 87, dealing with seed and seed infection, is creating a great deal of interest among the different Experiment Station workers thruout the country.

Professor Bolley has just received a request from Cornell University for twentyfive copies of this bulletin to be used in their class work in the Department of Plant Pathology.

An informal banquet was given by the home Economics girls to the Polytechnic Society Wednesday evening. Covers were laid for thirty six and red geraniums were used for decorations. Pres. Worst was the guest of honor.

Prof. Waldron will deliver the commencement address at the Ledgerwood High School the latter part of this week.

Well Known College People Wed

Carlin — Critchfield Nuptials Occur Friday — Now On Wedding Tour.

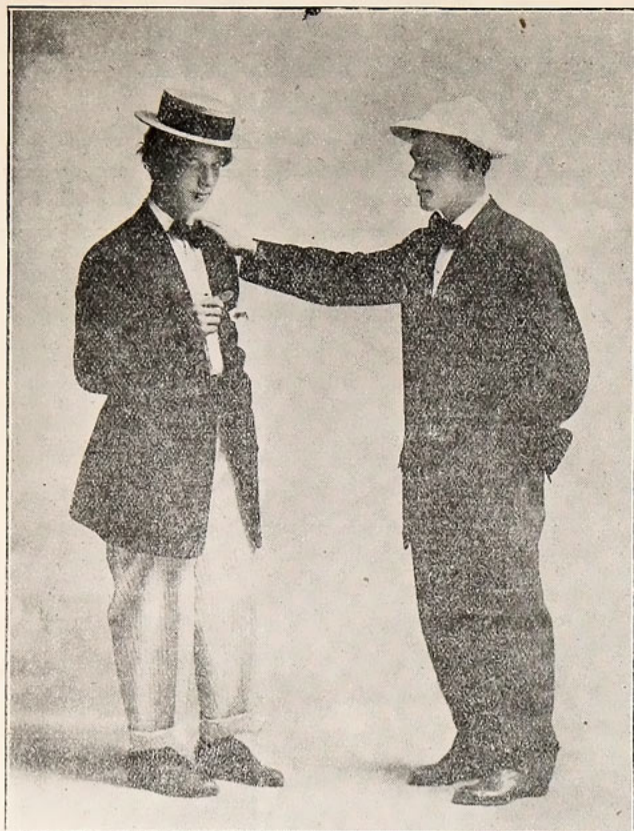

Another of the prominent young batchelors of the college cast his lot with the Benidiets last Friday evening when Burk Critchfield, '09 was united in marriage to Lucy Carlin. The ceremony was a quiet affair and took place at the home of Rev. Adams, of this city.

Both the young people are well known about the college. Mr. Critchfield is a member of last year's graduating class and has since been located at the college in his position as assistant on the Station Registration Board of the state. Miss Carlin is a native of Hendrum, Minnesota and enrolled at this institution last fall.

On Saturday morning Mr. and Mrs. Critchfield started on their wedding tour which will consist of an automobile trip thru the southern and western parts of the state. On this journey Critchfield will mix business with pleasure, as he will attend to various matters in connection with his duties on the registration board. Most of the time will be spent in the territory south of the N. P. and west of the Missouri.

The many friends of the newly wedded couple unite in the most hearty congratulations.

If the public programs for next year are not successful it will not be because they were not carefully planned. At present all the events are fully outlined, the dates fixed and most of the programs already designed. This leaves nothing but the smaller details to be filled in later.

"Our Boys"

Seniors Are Stung Again

1910 Entertained the Misguided Notion That Their Talent Lay Along Baseball Lines.

SCORE 18 TO 8

After Five Innings of National Game Seniors Retire In Despair of Ever Defeating 1911.

The following example of the bombastic style which the class of 1910 always start anything they can't finish, was posted upon the bulletin board of the Main Building last Tuesday morning. The Class of 1911, confident in their prowess, and deeming it unnecessary to reply to these wanderings of feeble intellect, merely replied with the two words "Accepted 1911."

Editors note: We give the challenge below merely to show to what extent conceit will carry empty headed persons.

"To that self styled remarkable class of 1911, swollen headed in the glory of imaginary achievements, that class which in the days of prephood and later, as a numberless army of psuedo freshmen, recorded one or two childish victories but have since been unnoticed except in their decay:

"Wishing to show you what a few members of Real class can do, and having just sufficient male members to fill the necessary positions, we, the class of 1910, do hereby challenge you to a game of baseball, hoping thus to awake you from your Elysian dreams, and to show the innocent public what mollycoddle leeches have been allowed to pose as conquerors, and shout proprietorship of this college. Said game to be play-

ed on Thursday afternoon, May, 26th, at 4:30.

CLASS OF 1910.

"If this challenge is accepted the seniors will play the following lineup:

"Battery, Lembeke and Anderson; first base, Olson; second base, Lough; third base, Keeney; short stop, Clark; right field, Mercer; center field, Funderhide; left field, McKinsty."

As was stated before the Class of 1911 replied to this verbose example of the knockers art, with the two words "Accepted, 1911".

The game was called at 3:00, after much strenuous effort on the part of both classes to get their teams together, is it was learned that the first team would take the field at 4:30. However, the Juniors having a larger supply to draw from managed to get nine men with one or two over, and the seniors got eight men and thus started the game. However before it had progressed very far a volunteer in the person of Jack Hall was found to fill the vacancy.

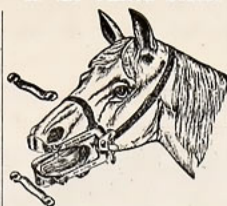

The game opened with the Seniors in the field. Lembeke on the mound did not prove much of an obstacle to the juniors and they made three runs in the first inning. The second half of the first inning resulted in one score for the seniors. In the second inning, due to some unforeseen accident, the Juniors failed to score. However in this inning Holkesvig was taken out of the box and Rueber put in without having a chance to warm up. So after he had passed five or six and allowed a couple of hits the score was totaled up and found to be seven to three in favor of the Seniors. This did not please the Juniors so they proceeded to hammer Lembeke all over the field every man making one run in the third inning and Rueber and Hennis making two each. In the second half of the third the

Fargo, N. D.

Seniors failed to score, leaving the score fourteen to seven in the favor of the Juniors this time. In the fourth Seniors again could not find Rueber, going out in one two three order, while the Juniors managed to add one more to their total. In the fifth and last the Juniors ran in three more scores and the seniors one more. Thus leaving the score eighteen to eight in favor of the Juniors.

This game adds one more to the long list of victories of 1911 over 1910. In all the history of the class of 1911 they have never suffered defeat from the hands of 1910. Knowing this record, as the class of 1910 must, the only mystery about this game is how they ever managed to muster up enough courage to challenge the Juniors to a contest of any kind. Probably it was due to the fact that the Juniors had had the annual on their hands they have let the Seniors hold class meetings and have other harmless amusements, during the last year, unmolested. However, the moral to be pointed out is "Do not arouse the sleeping lion or you may feel his claws".

The lineups as played were as follows:

Seniors.

Anderson, Catcher.
Lembeke, Pitcher.
Clark, Short Stop.
Olson, First Base.
Lough, Second Base.
Keeney, Third Base.
Funderhide, Left Field.
Jack Hall, Center Field.
Mercer, Right Field.

Juniors.

Towle, Third Base, Catcher.
McCall, Left Field.
Holkesvig, Pitcher, Third Base.
Rueber, Catcher, Pitcher.
Hennis, Center Field.
Welo, Short Stop.
Martinson, Second Base.
Wheeler, First Base.
Ruzicka, Right Field.

Umpire, Foss.

Score by Innings:

Juniors	3	0	11	1	3-18
Seniors	1	6	0	0	1-8

Fargo, N. D.

We are now located in our own new creamery building, No 13 Eighth street south. This building is 23x86 feet, two stories and a basement. It is built of brick and reinforced concrete construction. The first floor or churning floor is made of concrete and steel 7 inches thick not one piece of wood being used in this floor, making it absolut fire proof and thoroughly sanitary.

Our equipment is thoroughly up-to-date, especially the testing department. The very best sensitive apparatus that can be bought is used here. The glass testing bottles are made by the famous Wagner Glass Works, which has won many gold medals at world expositions for their accuracy and fine quality of glass.

The weighing is done on a Torison balance, acknowledged by all creamery expert to be the most sensitive cream testing scale on the market today.

Our modern facilities enable us to manufacture butter at a minimum cost and our entire output is consumed in Fargo, making it possible for us to pay the shippers of good cream the top market price for their butterfat. It also makes it possible to give quick and accurate returns for each shipment of cream.

A postal, sent us with your name and address will bring you shipping tags and latest quotations on butterfat.

When you are in the city, we will be very glad to have you call and inspect our building. It is only one and one-half blocks from the N. P. passenger depot.

SENIORS TAKE DINNER AT HOME OF DEAN LADD
 Members of Graduating Class Pleasantly Entertained Friday Evening.
 The house of Dean and Mrs. Ladd was the scene of a very pretty dinner on last Friday evening when the members of the college graduating class were delightfully entertained.

The class colors of old rose and lavender were used in the decorations. Streamers extending from the chandeliers to the sides of the room. The table was beautifully ornamented with lighted candles and flowers. An immense bouquet of carnations adorned the center of the table, while pink rosebuds were placed at each plate. The pretty hand painted place cards contained autographs from the 1910 Agassiz and it was with some little difficulty that the members recognized their places.

Mrs. Ladd was ably assisted by the Mrs. Seull and Woods, Miss Fowler and the Misses Risphah, Katherine and Rosella Ladd. Below is the Menu which was served.

Fruit Cocktail
 Chicken Pie Mashed Potatoes
 Creamed Peas
 Bread and Butter, Olives and Orange Ice
 Tomato Salad Wafers
 Floating Island Angels Food
 Devils Food
 Coffee.

MISS LANXON WINS IN ESSAY CONTEST
 Winners In Contest Which Was Opened Last Fall Announced—
 Geiken Wins Second.

The student essay contest to determine, theoretically, how the farmer's wife may make \$40.00 per month by her superior managing abilities, was won by Miss Bessie Lanxon. John Geiken won second place. The prizes were \$25.00 and \$15.00 respectively.

The farms was supposed to consist of 160 acres each and were to be supplied with the ordinary number of cows, chickens, etc, suitable for a farm of that size. After the family supplies of butter, cream and eggs were deducted, the essays were to demonstrate how \$40.00 per month could be cleared by clever management. The effort gave the student an opportunity to do some very practical planning — to exercise their imaginations along useful lines.

Food bulletin No. 23 is just from the press. It gives an analysis of a number of foods, has an article on adulterating turpentine and shows up the methods that dealers outside of the state use in trying to evade the North Dakota National Pure Food Laws. There is also an article on the bleaching floor controversy, which brings out very clearly the harmful effects of bleaching floor; the best authorities on nutrition reporting that the bleaching reduces the digestibility of floor in some cases one-half. It also contains an article on drinking water, discusses sanitary inspection, and various subjects of general interest.

The three deer, purchased for the park, have arrived and are attracting a good deal of attention. Some pheasant eggs are being hatched out to supply pheasants for the park.

HOME ECONOMICS WILL BE WELL REPRESENTED
 Very Complete Exhibit From That Department Being Planned For "Better Farming Train".

Special attention will be given to the exhibits of the Home Economics Department, which Miss Hoover will take with her on the "Better Farming Special Train" which leaves June 6th. Among the articles in the exhibit will be dresses made by some of the girls patterns which are designed and drafted, also some model work. She will also have three miniature rooms decorated to show color harmony in household decoration.

Prof. Keene has loaned some of his illustrative material which he uses in his Household Physics class. It is the intention of the Home Economics Department to get, so far as is possible, representative work from the different departments which give work in the home Economics course. Lectures will be given to the ladies in different towns where the train stops.

LITERARY SOCIETIES WILL DEBATE TARIFF
 Question For Next Year's Inter-Society Debate Is Already chosen.

At a meeting of joint committee of the Athenian and Philomathian literary societies which was held recently, definite arrangements were made for the Inter-Society Debate which will occur during the later part of the fall term of next year.

Various questions were considered and the final decision was in favor of the following: "Resolved that the United States should shape its legislation toward the gradual abandonment of the protective tariff".

There was considerable discussion as to the matter of choosing the teams this term, but it was finally decided to provide all prospective debaters with copies of the question and wait until next fall to hold a preliminary and pick the teams.

The choice of sides was left to the flip of a coin and the result that the Philomathians will uphold the Affirmative of the question, while the Athenians will take the Negative. As yet little is known as to who will make good on the teams of the two societies, but with the rivalry that now exists between the two organizations and the live question chosen it seems likely that the third Inter-Society Debate will be an interesting one.

FORMER COACH HEARD FROM.

Word has recently been received from former Coach Magoffin who is now located in Washington, D. C. For some time past he has been interested in a corporation which is going into the apple raising business on a large scale. The capitalization in the company is \$50,000. Besides being largely interested in the company financially Mr. Magoffin will be manager of the business. In addition to this he expects to find time to accept a very flattering offer from George Washington University for his services as football coach during the coming season. His many friends at this college are greatly pleased to hear of the success with which he is meeting.

COMING EVENTS.

June 4.

Annual Concert.
Intercollegiate Field Meet.
Intersociety Banquet.

June 5.

Baccalaureate Sermon.

June 6.

Senior Class Day and Program.

June 7.

Commencement.

June 8.

Alumni Banquet and Reunion.

At present the college is without an athletic field of its own for football and base ball, these games always having been played in the Athletic Park on Twelfth Avenue. This system is entirely satisfactory as long as the Athletic Park is in existence, but just now it is quit certain that the Park will be removed during the coming summer and given over to residences.

Thus it is evident that the time is at hand for the college to construct a field of its own. For over a year a field has been planned north of the Armory, but thus far nothing has been done toward putting it in, and unless some action is taken in the near future the fall term will open with no football field.

The college already has a good track and an excellent floor for basketball. With a field for football and baseball the facilities or athletics would be complete and

permanent. It is hoped that this matter will be taken up in the near future, so that there may be ample time to put the field in good shape before the fall term.

Only one more week remains of the present school year but much remains to be done in those few days. There are the final exams along with the various athletic and commencement events, all of which depend largely on the students for their success.

There is always a tendency on the part of the students to leave the moment they can finish their examinations, and consequently some of the last commencement events are poorly attended. In many cases it is necessary for them to leave as soon as possible, but more often they leave a day or two before the end of the term simply because they think it is not worth while to stay.

Anyone who has seen all the commencement program in the past will agree that it is well worth while, and moreover the entire student body should unite in trying to make the commencement week a most successful one and a fitting close for the school year. The events of the coming week promise to be the best ever held at the college and it is hoped that every one will stay and attend them all.

DEAN & MRS. BOLLEY ENTERTAIN SENIORS.

Dinner Is Given In Honor of Class of 1910 Wednesday Evening.

On Wednesday evening last at their pleasant home on Seventh Street Dean and Mr. Bolley entertained the Senior class of the college at a four course dinner. The dining room was prettily decorated in the colors of yellow and green. A beautiful bouquet of Canas graced the center of the table and from the chandeliers hung a small basket tied with yellow and green ribbons and containing little booklets "Ghost of the Class of 1910" which closed with a suitable autograph for each member of the class.

The place cards, showed a great deal of originality for they carried out the old familiar college yell, "We raise potatoes, pumpkins, squash, we will beat them yes By Gosh."

The delicious menu served was the following.

- Beef Boullion
Roast Beef, Mashed Potatoes

The North Dakota Agricultural College
FOR COMPLETENESS OF EQUIPMENT AND FACILITIES FOR INSTRUCTION IS UNSURPASSED IN THE NORTHWEST
The College Department offers Nine full Courses viz:
AGRICULTURE, BIOLOGY, DOMESTIC SCIENCE, EDUCATION, CIVIL ENGINEERING, MECHANICAL ENGINEERING, GENERAL SCIENCE, PHARMACEUTICAL CHEMISTRY, VETERINARY SCIENCE
These courses are available to those who have completed the equivalent of a good High School Training.
For those who have not had such a training THE AGRICULTURAL AND MANUAL TRAINING HIGH SCHOOL offers complete secondary courses in:
AGRICULTURE, ENGINEERING AND MANUAL TRAINING, COMMERCE, GENERAL SCIENCE, DOMESTIC SCIENCE, RURAL TEACHERS' TRAINING
These courses all fit fully for college entrance
Special Courses:
PHARMACY, COMMERCE, DOMESTIC SCIENCE, FARM HUSBANDRY, POWER MACHINERY
A Complete Commercial Training Is Offered To All Students.
THIS COLLEGE
OFFERS to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and young women for responsible positions in life. The demand of the present is for men and women who can think and investigate for themselves; who can deal with the social, agricultural and industrial problems of the day. This demand the Agricultural College is attempting to supply.
THE LABORATORIES AND SHOPS ARE THOROUGHLY EQUIPPED
THE INSTRUCTORS ARE SPECIALISTS IN THEIR RESPECTIVE LINES
EXCEPTIONAL ADVANTAGES ARE OFFERED IN BIOLOGY, CHEMISTRY, DOMESTIC SCIENCE, LITERATURE, MATHEMATICS, ENGINEERING AND VETERINARY SCIENCE.
Graduates from approved High Schools are admitted to the Freshman classes of all courses. Credit is allowed in the Agricultural and Manual Training High Schools for all work done in the secondary schools.
TUITION FREE—Board and Room, \$3.75 to \$5.00 per Week.
For Catalogs and Circulars Address the Registrar

An interesting time was had after dinner in filling out the Ghost Books and the remainder of the evening was spent in singing college songs.

For some time past the brazen duplicity of certain warm thatched Junior has been a matter of regretful comment among his friends and class-mates. The final straw was added one night last week when he broke all long distance records by prolonging his call at the dormitory till 10:30, and then sitting up till 2:45 a. m. writing to Addie.

The members of the band who are entitled to uniforms for volunteer service, cannot quite see why they are still obliged to appear in disreputable, ill-fitting and worn out equipment, while those in the company get their uniforms promptly on reenlistment.

four delegates to represent the Association at the Summer Conference were elected and are the following, Ruby Gibbens, Grace Briscoe, Alma Leeb and Alma Erickson. The conference is held in the usual place at Lake Geneva Wis., the first week in September.

MISSION STUDY.

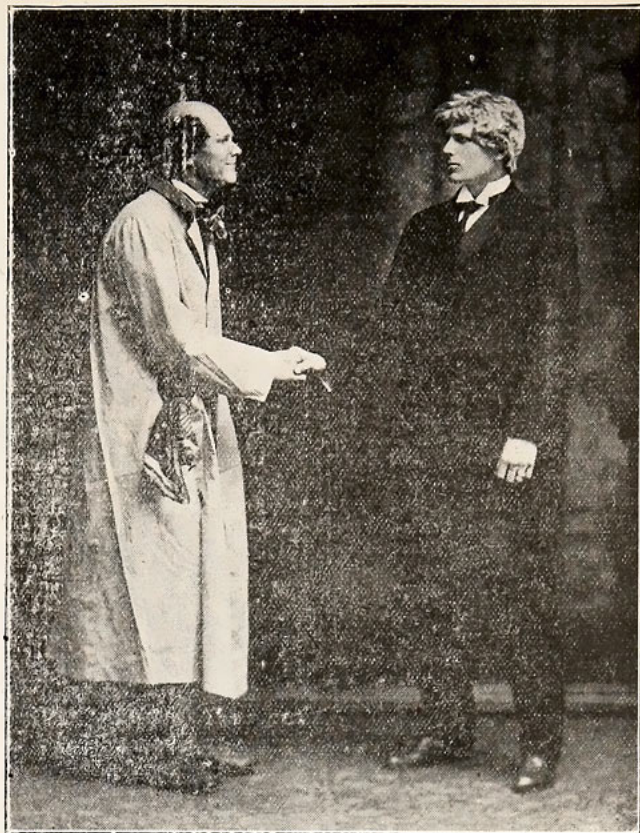

The class in mission study met for its final meeting on last Saturday afternoon at 4:00 at the home of Miss Inez Herron on the South Side. Further discussion of the work of missions in India was the topic of the afternoon.

A delightful social time was spent after the meeting at which refreshments of Ice Cream and Devils Food were served.

On Saturday evening the Fraternity of Alpha Zeta held its annual banquet at the Gardner. The function was strictly informal, the company enjoying a very pleasant evening, marred only by the single absence of Brother Critchfield, who however remembered the gathering by sending a box of cigars in remembrance of his wedding.

Prof. Waldron will go to Bathgate this week to lay out the grounds of the Institute for the blind at that place. Considering those for whom the grounds are intended the Professor expresses himself as quite confident that he will be able to give complete satisfaction.

The first annual report of the Langdon Sub-Station has just

The Fond Fathers.

been issued. This report is largely an outline of the work that has been started, as the station has only been established about a year. The citizens of Langdon and vicinity donated \$10,000.00 for the purchasing of the farm, and the legislature has appropriated \$5,000.00 for equipment. Supt. E. D. Stewart is in charge of the

work under the direction of Dean J. H. Shepperd.

Pres. Worst left for Park River Sunday where he delivered the Memorial Day address on Monday.

Dr. Martin of Valley City was a college visitor last Saturday.

DELEGATION NOW

READY FOR GENEVA

Four Students Will Go, Leaving Here About June Tenth.

During the past month the Y. M. C. A. men have been busy making arrangements for a good representation at the Summer Conference at Lake Geneva, and it is now pretty well decided who will go as representatives of the local association. It is certain that four students will go and it is hoped that one of the professors may be able to accompany them.

The students who have thus far been appointed are: Roy Dynes, Clarence Williams, Carl Yerrington and Clarence Walters. It is not yet known who will act as faculty representative.

The delegation probably will leave here on June 10 and will spend ten days at Geneva. The trip will be a most valuable one as the Conference offers an opportunity to hear some of the best speakers of the country and also brings together the best and most representative students of all the colleges of the middle states.

Y. W. C. A.

The usual Friday afternoon devotional meeting was held in the Athenian Society room at 3:30. Sadie Barret, a former student at the college, and who has always been an enthusiastic member of the association was in charge of the meeting and she in her most interesting manner talked to the girls on the subject "Our Little While".

At a special business meeting called last Monday evening the

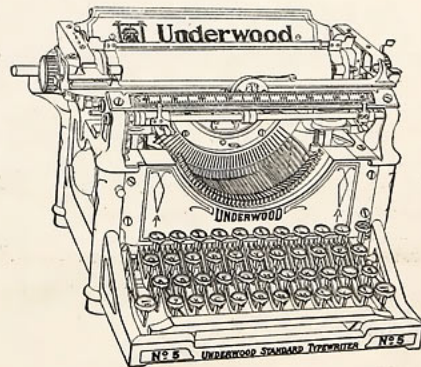

The Alumni Association will hold their annual banquet and reunion on Tuesday evening, June 7. A large attendance is expected.

Not knowing that Archie was in town, Mary swept the grandstand last week.

INCORPORATE every desired feature of all other typewriting machines into one and compare it, feature with feature, working part with working part, with the Underwood Standard Typewriter

and the UNDERWOOD stands out as the best machine---one permitting the greatest latitude of work, doing more and better work per given effort, and is

"The Machine You Will Eventually Buy."

It is mechanically perfect. It stands up under every trying condition and is simple in construction. The Underwood Type Bar Stroke has but three elements: the Key Lever, Connecting Link and Type Bar.

LECTURE COURSE FOR COLLEGE NEXT YEAR

Course of Five Lectures in College Armory Planned By Fargo Citizens.

It may be of interest to the students to know that next year the Citizen's Lyceum League will put on a lecture course in the college Armory. The League is composed of a number of the citizens of Fargo and has as its object the bringing of characters of national repute and famous musicians to Fargo.

The course will consist of five numbers, four of whom have already been contracted for. These are, Judge Ben Lindsay of Denver, Maud Ballington Booth, Clark in the Pasmore Trio and the Mountain Ash Chorus from the British isles. The fifth and last number has not yet been decided upon but it will be well up with the others in point of quality. Tickets for students will be only one dollar for the entire course.

This is a very good opportunity for the students to hear some

of the best known speakers and musicians and no little credit is due the League for establishing the course at the college.

NATURE STUDY.

Cal Hennis developed a record breaking burst of speed the other day. He was out around the barns looking over the live stock. A litter of little rooters was crossing the road so Hennis tried to get better acquainted with them. Everything was progressing nicely, Cal had just introduced himself to each individual piggy when mamma appeared. Mr. Hennis broke loose for a fence about one half mile north. Mrs. Pig drew the handicap of about one yard which she maintained for about the first quarter then getting tired of looking at Hennis' shoe soles and running in the shadow of his coat tail she gave up the race. Hennis slept until 10 o'clock the next morning.

Dr. A. H. Sabin of the National Lead Co. spent three days at the College this week, making a study of the paint tests preparatory to a report on the same,

DEBATERS WILL BE AWARDED CHARMS

Solid Gold Watch Charms to be given to All Interscholastic Debaters.

During the past week it has been decided that all Interscholastic debaters will receive watch charms from the college in recognition of their services. The plan will go into effect this year and already charms have been decided upon and ordered for the members of the 1910 team.

In design the charms will be very attractive, having the college seal on the outside and the year and the institution debated against on the back. They will be of solid gold.

Messrs. Olson, Traynor and Towle will receive the first charms as members of this year's team. In taking this step the college gives debate the same recognition as the other forms of contests which the institution engages in and gives the debator his medal which corresponds with the monograms for the athletes.

Copies of the arguments in the recent debate with South Dakota are to be placed on file in the Library and in future similar copies of all debates engaged in by the college, will be kept for reference purposes.

Prof. G. L. Martin visited at LaMoure on Tuesday. On Wednesday and Thursday he was at Bismarek.

PERSONAL
Chas Ruzicka spent the latter part of the week at Fergus Falls.

Vig Hanson autoed home to Hillsboro Friday evening.

Prof. Richards went to Hannaford on business yesterday.

The station crops are now all seeded.

Supt. Thompson and Clarence Plath of the Edgeley Sub-station spent Wednesday and Thursday at the college.

Peter Olson spent Friday at Alexandria where he is to take the place left vacant by Mr. Lanxon.

Dean Shepperd made a flying trip of the inspection to the demonstration farms at Bathgate, Hoople and Hatton, and was also across the Canadian line on business the last of the week.

The Cadet Battalion and Band marched in the Memorial Day Parade yesterday, and the band furnished music for the exercises in the Opera House.

Last week a crowd of 2500 students attended a band concert on the campus at the University of Wisconsin.

A spur is being laid from the track of the Power House to the site of the new chemical building, so that the materials may be used direct from the cars.

It is rumored, on very good authority that the bachelor faction in the faculty will lose two of its promising members on June 15 and 16. It is hoped that a more detailed account of these two events may be given next week.

The Decorations, stage fixtures and the like which have been in process of construction in the Armory for some time past are now complete, and it only remains for the Seniors to perfect the various features of the commencement exercises.

A novel feature of the Farmers' Institute train is that live stock will be carried on the train for demonstration purposes. The intention is to have a platform hinged directly to the car and level with the floor of the car outside, on which the animals can be displayed at stopping places.

J. C. McDowell is here for a week's stay before starting on an inspection tour of the state. He has spent the most of this spring travelling in Michigan, and reports that up to a short time ago the ground was rather dry for crops in the states east of here.

Pres. Worst delivered the Graduation address at the Thief River Falls High School on Friday evening where a class of seventeen graduated. It is rather interesting to note that there was only one girl in the class. Generally the proportion would be reversed.

On Wednesday evening the Polytechnic Society held its annual banquet which was prepared by the seniors of the Domestic Science Department. Several talks were given, Dr. Batt giving a discussion on Haley's comet. Prof. C. B. Waldron, the retiring President, also made an address. Dr. L. Van Es was elected President for the ensuing year. Dean Shepperd related some of his recent experiences before the Senate Committee at Washington.

Most of the classes have ceased trying to assimilate new knowledge and are spending the last days of the term in reviews. Some of the Seniors are hard at work finishing their theses.

Edwin Evingson went home Friday to finish up some business before he leaves on the trip with the special Farmers Institute train, where he is one of the assistants.

William Lanxon is now in Fargo, his year of school at Alexandria being over. He will soon leave for the Hettinger Sub-Station where he will assume charge of the station work.

The fourth biennial report of the State Agricultural and Geological survey is just issued. It gives maps of all the soil surveys that have been made within the state and also contain a biological survey of the state with the list of the plants of Williams County as well as its beetles. The report can be had by sending ten cents to the Agricultural College at Fargo to defray postage.

Prof. Guinness states that the applications are coming in fast for the course in steam and gasoline engineering, which opens June 6.

Carl Bevanone of the Farm Husbandry boys will assist Supt. Lanxon of the Hettinger Sub-Station this summer.

Supt. T. A. Hoverstad has been in St. Paul. Final arrangements were completed with reference to the "Better Farming Special" train. Hon. J. O. Delzell and D. E. Willard will be in charge of the train. The itinerary has been published. Special Machinery for the demonstration train is being shipped to Fargo.

An educational scoring butter contest was held there, being the first of five that will be held this year. Prof. Martin tested the butter for moisture and salt, and also assisted M. Winkjer in the scoring. He states that the quality was high. Commissioner Flint was in charge of this contest. One of these contests will be held each month. The third one which comes in July will be held at the state fair. The others will likely be held in Bismarck.

Baseball Team Has Hard Luck

Four Games Lost in One Week—Foss Break Finger in First Game

Last week the A. C. baseball team ran into a streak of bad luck and finished Saturday night with four games lost. Up to Tuesday the team had a clear record of victories, but on that day St. Thomas succeeded in giving them their first drubbing of the season. The A. C. men fought hard but were not quite up to their usual standard and the hard batting of the saints brought them in six scores. Our boys could not connect with Miller, the St. Thomas twirler and got but two safe hits and no scores.

The next day our team crossed bats with the Macalester bunch and put up a fast, classy article of baseball, notwithstanding the fact that they lost by a score of four to three. Our men were ahead until the fourth inning, but at this stage of the game luck turned against them. Peterman sprained his knee while running from first to second and a little later Foss, our crack catcher, broke the fourth finger on his right hand, which greatly handicapped him. Baker pitched and was in fine form. The final score was four to three in favor of Macalester.

On Friday afternoon, in Fergus Falls, the team took on the Park Region Luther College. The game started out quite favorably for the home team but they were out at no little disadvantage by a change of catchers. Olson caught and Wirtenberger pitched. As the two were not used to each other the battery was considerably weakened. Luther College managed to get six scores and in spite of their efforts the A. C. men were unable to get but three.

On Saturday the fourth game of the week was played on the home field but still luck seemed to be against the A. C. Team and once more they lost to St. Thomas. A high wind bothered the players considerably and there were a number of errors due largely to this.

Baker and Olson constituted the battery for the A. C. team Foss still being unable to get into the game in his old position. He, however, did good work in the left field. St. Thomas had a strong battery and good fielders and managed to hold us down to one score, while they themselves got eight. The most spectacular play of the

game was made by Peppin of the St. Thomas team when he knocked the ball over the fence in left field.

It was found necessary to call off the game scheduled for yesterday morning so that the two games with the University will finish the season.

BUGGY!

Pedestrians on Broadway were considerably alarmed last Friday evening at the appearance of a queerly acting young man armed with a "bug" net and a large bottle partly filled with the well known entomological specimen commonly known as the "June bug". Upon being hailed and properly "bawled out" by the crowd about the Broadway, it was discovered to be none other than E. Clark, out on a foraging expedition in quest of the different species of 'pterae to aid him in inflicting the tales of his various experiences on the suffering class and the professor in Entomology. When last seen, he was chasing an unfortunate insect up the plate glass of Pirie's show window.

Note:—This is believed to be the first of a series of attempts to "get into the public eye."

SENIORS ARE TENDERED RECEPTION.

Mrs. Marshall Entertains Members of Graduating Class at Dormitory.

Mrs. Marshall was at home to the eleven members of the College graduating class on Saturday evening at 8:30.

The parlors of the dormitory were very effectively draped with ropes of old rose and lavender crepe paper, while Japanese lanterns hung in the doorways and from the ceilings. A profusion of potted plants and ferns lent an attractiveness to the pleasant evening and something over a hundred guests were present at this delightful occasion. With the assistance of Miss Grasse a most splendid program had been arranged which consisted of music and humorous readings. Those taking part in the singing were Mrs. Wheeler, Misses Grasse and Merrit, Prof. Beckwith and Mr. Bunce while the Misses Barret and Jacobson contributed entertainments were served thruout the evening. The hostess was also assisted by Miss Hoover, head of the department of Home Economics.

Preps Hold Social.

Saturday evening the two Prep literary societies united in a social gathering in Francis Hall, as the closing feature of their year's activities.

Games and various amusements were indulged in during the evening and refreshments were served. Nearly every member of both societies was present and the affair was a most enjoyable one.

Supt. Hoover of this city will talk to the class in Education 4 on Thursday at 11 o'clock.

One of the liveliest days of the year it scheduled for next Saturday when the A. C. and U. N. D. will meet for the final athletic events of the season. There will be a ball game in the forenoon and a track meet in the afternoon. In all it will be a busy day and promises to be an entertaining one. Every student should make it a point to be present and help the home teams in winning the contests.

On June 4th will be held the track meet and base ball game between the Agricultural College and the University on Dakotah field.
