

### DEAN SHEPPERD TALKS ON HIGH COST OF LIVING

Gives Facts And Figures, Which Show that High Cost of Living is Not Due to Over Values Of Farm Produce.

In an interview with a Spectrum reporter Dean Shepperd discussed the high cost of living from the producers standpoint. He gives various items of higher cost to the crop producer than formerly prevailed. Most of his figures are based upon the present conditions compared with those of ten years ago.

He estimated that farm land values in the state have advanced 150 per cent. This means an increased interest and tax charge of that amount.

The government crop reports show the following yield of wheat.

Yield 1886—1895 14.5 bu per acre  
1896—1905 12.2 bu per acre  
1906—1909 12.0 bu per acre.

This shows a falling off during the last fourteen years of 20 per cent over the ten years which preceded them. That means that eighty cent wheat then bought as much gross per acre as dollar wheat does now.

All classes of farm equipment are also more expensive than ten years ago. Machinery, implements & tools, are 19 per cent higher prices. Horses and mules cost 25 per cent more. Lumber of many sorts and fence posts are 100 per cent higher than ten years ago.

The price of labor — one of the heavy items of cost in production — has increased 60 per cent in ten years.

An item of cost in production sometimes overlooked is that of the crop destroyed by hail, by wet conditions and by accident and never harvested. This item is about 7 per cent.

The standard of living is higher among all classes of society including farmers. Most of them have rural mail delivery which results in their taken more papers, magazines, and periodicals and in carrying on a heavier correspondence. They largely have rural telephones. They dress better, generally own a buggy. All of which items probably represent fifty cents per acre greater cost of living to the average family.

Record made at the A. C. and upon several farms where close accounts are kept show a cost of producing wheat of from \$7 to \$7.50 per acre without making any charge for the investment. The interest charge in the investment is about \$2.50 making a total cost of about \$10.00 per acre with the average yield 13 bushels per acre it will be seen that 80 bushels are required to come out even simply paying standard interest and the prive of farm help to the farmers for his work.

Of course the Dean explains the advance of land values have made many of our farmers well to do but that increment in value has nothing to do with the cost of

production except to increase the tax and interest charge.

Dean Shepperd collected a vast amount of data and information on the price of live stock which he says is all summarized in two statements.

1st. There is a marked shortage in the supply of live stock and 2nd. The cost of feed grains have rolled to high for stockmen to venture to fatten cattle and hogs as to the prices which they anticipated.

### HAMMOND WINS FIRST PRIZE

In Essay Contest Held Under Auspices of The Atlantic Monthly.

Some time ago there appeared in the columns of this paper an announcement of a prize essay contest by the Atlantic Monthly. The subject of the essay to be on the use of the Atlantic Monthly in the class room. Last winter the class in English was using this monthly in the class room, apparently to good purpose, as one of the students, Mr. Chas. Hammond entered the contest and carried off the first prize of \$25, and that by an unanimous decision of the judges.

Below we give the letter which Prof. Minard received telling of Mr. Hammonds victory.

Prof. A. E. Minard,  
Agricultural College,  
Fargo, South Dakota.

Dear Sir:

It gives us great pleasure to inform you that the essay submitted by Mr. Charles W. Hammond on the use of the Atlantic in the classroom has been awarded first prize in our prize essay contest.

We want to thank you for your friendly interest in this matter, and to express our gratification in being able to send this prize to Mr. Hammond. His essay was unanimously selected by the judges as the best one submitted out of a very large number sent in.

Very truly yours,  
The Atlantic Monthly Company.

### Y. M. C. A. WILL SEND DELEGATES TO GENEVA

Local Association Will Be Represented At Great Student Conference.

With the end of the spring term so near, the local Y. M. C. A. is making plans to send a representation to Lake Geneva, to attend the Student Conference which will be held there next month. The purpose of this conference is to send new and helpful ideas to the various schools and colleges represented by way of their delegates; and also thru this gathering of students, which is held at Lake Geneva, Wisconsin, each summer, to bring the different institutions into closer touch.

"The conference is not an outing except in so far as an outing will help a man to attain the objective. It is a council of war, where an earnest effort is made to help every man to be a trained leader

among his fellow students, and no man will be happy at Geneva who is not willing to play this game. The conference endeavors to help each delegate to be a leader, by helping him in his own personal life to have a real grip on fundamentals; answering many perplexing questions; giving him a glimpse of what other college men are doing; showing him something of the needs of the world and the conquests of the Christian religion; offering him an opportunity to acquire the personal friendship of great, living personalities; granting him a vision of what he might do and be in the world; and giving him a closer touch with the Personality that gives power to attain. That the Conference has done this for the delegates in years past is the testimony of thousands now occupying places of trust and responsibility.

To carry out the general scheme of the conference as laid out in the above paragraph a regular daily program is adhered to in which there are certain hours set aside for Bible study, Mission study, platform meetings and various other meetings and conferences. Afternoons are spent in the various forms of recreation which are amply provided for.

The conference this year will be preside over by A. J. Elliott, the well known Student Secretary of the International Committee. He will be ably supported by a force of teachers and speakers of national, and many of international repute. In addition to the regular speakers and teachers there will be special addresses by men particularly fitted to understand and advise college men.

The expenses of the conference are very moderate. Board and lodging amounts to \$10 for the ten days while the regular program fee is \$5.

It cannot be definitely stated just yet how many will be sent by the local association, but it is hoped that six or more will be able to attend. In any event it is certain that the college will be well represented.

Mr. Manikowski, of Wahpeton, visited with his friend Clarence Williams the latter part of last week.

# Cream Shippers

Will find it to their interest to ship their cream to  
**The Frank O. Knerr Dairy Company**  
Fargo, N. D.

We are now located in our own new creamery building, No 13 Eighth street south. This building is 23x86 feet, two stories and a basement. It is built of brick and reinforced concrete construction. The first floor or churning floor is made of concrete and steel 7 inches thick not one piece of wood being used in this floor, making it absolut fire proof and thoroughly sanitary.

Our equipment is thoroughly up-to-date, especially the testing department. The very best sensitive apparatus that can be bought is used here. The glass testing bottles are made by the famous Wagner Glass Works, which has won many gold medals at world exhibitions for their accuracy and fine quality of glass.

The weighing is done on a Torison balance, acknowledged by all creamery expert to be the most sensitive cream testing scale on the market today.

Our modern facilities enable us to manufacture butter at a minimum cost and our entire output is consumed in Fargo, making it possible for us to pay the shippers of good cream the top market price for their butterfat. It also makes it possible to give quick and accurate returns for each shipment of cream.

A postal, sent us with your name and address will bring you shipping tags and latest quotations on butterfat.

When you are in the city, we will be very glad to have you call and inspect our building. It is only one and one-half blocks from the N. P. passenger depot.

**PHILOMATHIANS**  
**BEAT ATHENIANS**  
Intersociety Ball Game Last  
Thursday Results In Victory  
For Philos By Score of  
Twelve to Three.

On Thursday afternoon rivalry between the Athenians and Philomathians took form in five innings of the national game. For several days this contest had been contemplated, and members of each of the societies, who had never before been known to hurl the sphere, were seen every afternoon strenuously preparing for the struggle. The first intimation the public had of such a momentous event was on Tuesday May 10th when there appeared on the bulletin board of the main building a challenge setting forth in plain terms the desire of the Philomathians for a game of baseball with their rivals the Athenians. Whereupon the Athenians immediately proceeded to "get busy", and accordingly the next morning immediately below the challenge of the Philos was seen their acceptance. Thursday the 19th was the date finally settled upon and then the prospective heroes began to train for the coming struggle. According to agreement neither society was to have on its team any member who played on the college team, so it puzzled the societies as to who to get to beat each other.

At last the time for the struggle arrive and the enthusiastic supporters of both teams repaired to the Athletic park where the supremacy in athletics between the two societies was to be decided for the year.

Coach Rueber was chosen umpire and then the fun started. The Philos were first to bat and by the time the Athenians had succeeded in getting three outs the Philos had five scores to their credit. The Athenians then succeeded in making one score, in their half of the inning. Thus the game continued for five innings the Philos clearly in the lead. In the last half of the fifth the Athenians ran in two more scores, giving them a total of three while by this time the Philos had twelve.

Five innings of fanning, wild throwing, and fumbling had been decided upon as sufficient to show the relative strength of the two aggregations, so at this juncture the Philos was declared the victors. The Philos had Nash in the box and Anderson behind the bat, while these positions were filled for the Athenians by Holkesvig and Hennis.

Both teams declared their entire saturation with base ball and parted resolved never to do it again.

**UNIVERSITY MAN CHOSEN  
FOR TEACHER IN ENGLISH**

**N. C. Abbott Will Teach English  
In High School Next Year.**

The following clipping taken from the Grand Forks Herald shows something of the work of Mr. N. C. Abbott, who will be teacher of English in the High School here next year.

N. C. Abbott, who will graduate from the teachers college of the State University in June, has been elected teacher of English in the state Agricultural Manual Training High School work at Larimore under Supt. Berg and then took two years' college work at the University. He was then engaged in teaching in the rural schools of Grand Forks, Benson

and McHenry counties for some time, after which he took a position with the Great Northern. Resigning his position after two years, he engaged in farming for some months on a claim near Minot. In the fall after proving up he returned to the school work, accepting a position as principal of the Anamosse graded schools. While there he brought about the consolidation of several rural schools with the Anamosse school and this is now the largest consolidated school in the state. After being there two years he resigned to accept a similar position at Glenburn. In the fall of 1909 he again entered the University to complete his college course. At the beginning of the second semester he was employed as instructor in the University model high school to teach civics and was reengaged for the present year. He has taken a active interest in the university's varied activities. He has served as president of the civics club, as treasurer of the Y. M. C. A., represented the A. D. T. on the university board of control and as vice president and chairman of the program committee of the Teachers club. During the past year Mr. Abbott has been The Herald correspondent at the University and thus the wide circle of Herald readers, who find its university news service one of its most popular features, may claim an acquaintance with him through his writings. The Agricultural College is to be congratulated on its good fortune in securing a man of his wide experience, fitness and accomplishments in the educational field.

The agricultural staff held its regular meeting on Tuesday. They had the seniors invited as their guests. The meeting opened with a banquet. When the banquet was over, Mr. Hovestad as toast master called on several of those present. The subjects of investigation, college extension work were discussed. Dean Shepperd gave a very interesting talk on his recent trip to Washington.

The school garden has been planted on the College grounds, and in addition to the ordinary flowers and vegetables plots have also been planted to the varieties of millet, clover, alfalfa, mangles and rutabagas. Teachers over the state are planting similar gardens with the idea of interesting school children in them. The object of growing the farm crops is that they may become familiar with the varieties of clover, alfalfa and millet.

Registrar Parrott leaves for Lawrence, Kansas Saturday where he will attend the 10th annual reunion of his class. From there he goes to Clay Center, Kansas where he will take part in a family reunion. He will also visit the Universities of Missouri, Nebraska, Kansas and Minnesota to study their systems of registration and also to interest these institutions in the National Meeting of Registrars and Accountants, which is to be held at Detroit, Mich., in August. This is a new organization that has been proposed by Registrar Parrott and Secretary Yoder, the object being to bring about more uniformity in methods of registration, or counting credits, and in accounting, which will save much trouble when students go from one institution to another, and will also make the statistical data that is sent out from the institutions more comparable.

Yesterday the 1911 Agassiz appeared on the campus, and altho, being Juniors, we do not wish to appear self conceited, we want to say that it outshadows all previous attempts in the line of annuals at this institution.

At any rate it is certain thing that it represents an immense amount of work on the part of both the Editorial and Business Staffs. And we fell safe in saying that the subscribers will unite in saying that it is a worthy monument of this years work in school and out of it.

**LOCAL TRACK MEET HELD LAST SATURDAY**

No Records Broken But Creditable Work Done In All Events.

Last Saturday was the occasion of the Local Track Meet, and altho no records were broken some fairly creditable work was done. The competition in some of the events was very great, while in others it was not so great.

The list of events with the winners is given below.

The first event being the preliminaries in the hundred yard dash. The first of those was won by Meighen with Anderson second, time 11 1-5. The second was won by Wirtenberger with Darrow second, time 10 3-5.

The second event was the broad jump and this event was easily won by Martineau who jumped 19 ft. 10 in. Miller taking second with 18 ft. 2 in., and Meighen third with 17 ft. 9 in.

Then came the quarter mile dash which was won by Dan Herron with Lesslie Herron second and Clark third. Time 57 1-5.

Following this was the high jump which was won by Darrow, who jumped 5 ft. Lesslie Herron took second and Miller third.

The finals in the hundred yard dash came next and were won by Wirtenberger in 10 4-5. Darrow second and Anderson third.

The pole vault was next on the program and was won by Martineau with 9 ft. 3 in. Miller taking second and Amadon third.

The half mile was then pulled off with Dan Herron winning in 2 min. 18 sec. Lesslie Herron second and Cook third.

Next came the Shot put which was won by McDonald with 33 ft. 2 and one half inches Shrontz came next with 31 ft. 7 in and Wirtenberger third with 28 ft 6 in.

After this came the 220 hurdles which were won by Leslie Herron in 29 sec with Anderson second and Miller third.

The discus throw was next with McDonald winning with a throw of 89 ft. 1 and one half in. Amadon second with 84 ft 6 1-2 in, Wirtenberger third with 77 ft 4 inches.

Then came the mile which was won by Storland in 5 min 1-5 sec., with Drummond second and Bruce McKee third.

The 220 yd dash was then run. It was won by Wirtenberger in 24 2-5 sec. with Herron second and Darrow third.

In the hammer throw Whitson took first with 97 ft, McDonald second with 94 ft 9 in. and Me

Gurren took third with 85 ft. The high hurdles came next and were won by Martineau in 19 1-5 with Darrow second and Anderson third.

The last event was the relay race in which teams representing the Senior and Juniors, Sophmores, Freshmen and High School competed. The Sophs won with the Freshmen second and the Senior junior team third.

Altho no phenomenal records were made the meet may be regarded as very successful on account of the number it interets in track work. And then too it serves as a tryout for the dual meet with the University.

Yesterday at chapel Dean Keene presented the medals to the various winners in the events.

**TRAVELING LIBRARIES.**

In connection with the Demonstration Train, several traveling libraries will be exhibited thruout the state. These libraries will be composed of agricultural works and of the greatest interest to the agricultural class.

## THIS COLLEGE

OFFERS to the young people of this state an education which is thoroughly in line with modern thought and demands. It spends no time on dead languages or such subjects as are of little practical value. It aims to fit young men and young women for responsible positions in life. The demand of the present is for men and women who can think and investigate for themselves; who can deal with the social, agricultural and industrial problems of the day. This demand the Agricultural College is attempting to supply.

THE LABORATORIES AND SHOPS ARE THOROUGHLY EQUIPPED  
 THE INSTRUCTORS ARE SPECIALISTS IN THEIR RESPECTIVE LINES  
 EXCEPTIONAL ADVANTAGES ARE OFFERED IN BIOLOGY, CHEMISTRY, DOMESTIC SCIENCE, LITERATURE, MATHEMATICS, ENGINEERING AND VETERINARY SCIENCE.

Graduates from approved High Schools are admitted to the Freshman classes of all courses. Credit is allowed in the Agricultural and Manual Training High Schools for all work done in the secondary schools.

TUITION FREE—Board and Room, \$3.75 to \$5.00 per Week.

### GOOD LUCK PARTY.

On last Thursday evening Miss May Hooper entertained a number of her young lady friends at a Good Luck Party in honor of Miss Lucy Carkin.

The rooms were tastefully decorated in Yellow and Green the College Colors. Crepe paper horseshoes of yellow and green hung in the entrances and under the Chandeliers and the dining room table was covered with an immense four leaved clover made from the same material.

An interesting program was arranged in which each guest did her part—music being the main feature of the evening.

At the beginning of the program each guest was provided with a good luck story suitable for the occasion.

At a late hour a delicious buffet luncheon was served of Welsh Rarebit and Wafers, Deviled Eggs, Pickles, Fruit Salad and Cake. The guests then departed all voting Miss Hooper a most delightful hostess.

### Philomathians.

The following program was rendered at the regular session of the Philomathian Literary Society on last Friday evening.

Reading Margaret Keene  
 Talk Clarence Nash  
 Original Story William Stapleton  
 Extemporaneous Speech Donald Dyke

Locals Agnes Lawrence  
 Vocal Solo Allen Clark

After the literary session a short business meeting was held and Edgar Olson elected treasurer for the next year. All the other officers will remain the same as at present.

### Athenians

As a final meeting of the year the athenian literary society met in the college armory for a Social session on last Friday. A hay ride had been arranged but on account of the conditions of the weather the ride was postponed and as a result the entertainment was necessarily of an informal nature.

A majority of the members were in attendance and games and dancing were indulged in for the most part. At a late hour refreshments of Sandwiches, Ice Cream, Cake and Coffee were served.

All report a very enjoyable evening.

### Y. W. C. A.

The subject under discussion at the last devotional meeting on Friday afternoon was "Repentance" and the meeting was lead by Miss Olive Porter.

On account of the very small attendance the business meeting which was to be the election of the Geneva delegates was postponed and will take place at the Dormitory on Monday evening.

### GIRLS ENTERTAINED

The Senior Domestic Science Class was entertained at the Gardner last Thursday evening. The occasion was a dinner given by the Misses Hoover Fowler and Mrs. Ash, after the dinner the party took in the performance at the Grand.

### POLYTECHNIC.

Next Wednesday evening in-

stead of the regular program, the Polytechnic Society will meet in Francis Hall to hold their annual election of officers and to enjoy a banquet. Prof. Waldron will give the retiring President's address. The committee in charge has been working very quietly so that no details could be learned, however, they promise to pull off some original and entertaining stunts.

### HESPERIANS ELECT.

The Hesperians elected Jack Kerr President, and Mr. Hagen Vice President at their business meeting Friday evening. As nearly all the members graduate from the preparatory department this spring it was impossible to elect the other officers.

### LANXON HEARD FROM.

William Lanxon writes that the school board relieved him from his contract as professor of Agriculture at Alexandria, Minn. May 27th, so as to allow him to take charge of his new position as superintendent of the Langdon Substation. He is now packing his goods preparing to move. Mrs. Lanxon who has been confined in one of our local hospitals for two weeks has now sufficiently recovered so that she could return to Alexandria.

### MRS. SHEPPERD BACK.

Mrs. Shepperd returned yesterday from the East where she was North Dakota's representative to the National Federation of Women's Clubs. She spent some time visiting her sister at her old home at Shariton, Iowa.

### PRES. ENTERTAINS SENIORS.

On last Saturday evening President and Mrs. Worst entertained at a Six o'clock dinner in honor of the senior class of the College.

The center of the table was ornamented with an immense bouquet of American Beauty roses and the class colors of old rose and lavender were carried out in the menu.

The following menu was served by the Misses Agnes Halland and Ruby Gibbens.

Strawberris with Hulls  
 Cream of Corn Soup Cretons  
 Chicken Pie Mashed Potatoes  
 Gravy  
 Asparagus Bread and Butter  
 Tomato Salad Cheese Straws  
 Ice Cream Cake  
 Almonds, Mints Coffee  
 Grape Juice.

### Addition to Faculty.

Miss Alice G. Haggart who is a graduate of the Sargent School of Physical Education, Graduate Nurse of Chushing Hospital at Boston, where after her graduation she was superintendent of nurses, and also has had one year at the Boston Normal School, has been employed as director of Physical Training for Girls. She will also have charge of Nursing in the Dormitory, and will be instructor in Home Nursing and Hygiene. She comes here from Kansas State Normal School where she had charge of Physical Training.

### THE BETTER FARMING SPECIAL TRAIN.

The Northern Pacific Railway Company has offered to the Agricultural College and the Farmers' Institute the use of a special train to be operated along their line of road for two weeks. The purpose of this train is to assist in giving encouragement to the improvement of agriculture. The Agricultural College and the Farmers' Institute have accepted this proposition and the circuit will begin on Monday June 6th and terminate Friday June 17th.

The train will be equipped with one or more flat cars where the different types of farm machinery will be exhibited; a baggage car will be equipped with literature for free distribution and exhibits of horticultural products. Prof. Waldron of the Experiment Station will have exhibits of the different kinds of forest trees, shrubs and fruit trees that can be grown successfully in the state. Methods of planting, pruning, and general care of the trees will be explained.

Grain, grasses, forage crops, weeds plants illustrating plant diseases, will be shown, and methods of fighting diseases and weeds will be explained. One car will be devoted to live stock. Dairy and fat cattle, hogs, sheep and poultry will be shown and also different rations to be fed to the live stock. Different kinds of poultry appliances and dairy utensils of the latest and approved kind will be placed where they can be easily examined. Special interest will be given to domestic economy. Miss Hoover of the Domestic Economy Department at the Agricultural College and her assistant will be on the train throughout the whole circuit. Exhibits of sewing and cooking will be used to assist in making the lectures as practical as possible. A day coach will probably be devoted to lectures for the ladies.

The first part of the session will be devoted to the examination and explanation of exhibits by experts in each line. If it should be thought wise the audience will later adjourn to a hall where lectures will

be delivered on agricultural subjects.

Pres. J. H. Worst has promised to be present at as many meetings as his time will permit. The heads of the different departments of the Agricultural College will be on the train most of the time.

Farmers and the business men along the N. P. road are showing great interest in this movement, and the outlook is that the attendance at these meetings will be very large. The Agricultural College and the Farmers' Institute appreciate very highly the assistance that the Railroad Company is giving to this movement. By having this train a very much larger number of people can be reached than in regular meetings. Three meetings will be held each day. The first one will be from 8:00 until 11 or 12 o'clock, the afternoon session will be from 1:30 to 4 or 5 o'clock, and the evening session from 7 until 10 o'clock.

The Agricultural College is to carry on some tests in the oiling of roads. Crude oil will be used and about a quarter of a mile of road will be experimented on.

Thirty-two counties have entered for the corn contest. 8,000 pupils have already put in applications as compared to the 5,000 of last year.

An experiment is being conducted at the Agricultural Mill as to the relative power required to grind blue stem and durum wheat.

**PERSONAL**

Mr. and Mrs. W. E. Lockerby of Minneapolis are visiting their daughter Mrs. Richards.

Miss Carkin is spending a week at home.

Harrison Bunt spent the first part of last week at Stirum N. Dak.

Editor Gifford spent the weeks end at his home in Edgelay.

Amos Ewen is putting to practice some of the things he has learned in the class rooms around the sheep and hog barns these days.

The Home Nursing class expects to visit St. John's Hospital some afternoon this week.

Miss Hoover visited Stout's Domestic Science School at Menominee looking over the Dormitories and the equipment of the laboratories. While there she saw Miss Steendahl, who at present is at her home but expects to go to Portland before long.

Advantage was taken of the moist cool weather of the first part of last week to set out some more evergreen trees on the campus.

The cadets were excused from drill Wednesday so they could see the A. C. Park Region game.

Miss Alth Dinan has charge of Miss Marsh's classes during the latter's absence.

Prof. Randlett is to be one of the principle speakers at a school directors' meeting at Mott in Hettinger County, tomorrow.

The strawberry plants for the School Children Strawberry Growing contest were sent out Saturday.

Seeding is now completed on all the smaller experimeneal plots and with the exception of corn which is about finished on the larger plots of the college farm.

The winter rye is exceptionally early this year, havng already started to head.

Adjutant Wentz has charge of the class in military this week.

The class in Veterinary hat completed the study of the most important infections animal diseases. They will spend the rest of the term in review.

Prof. R. H. Slocum, has been elected an active member of the Western Society of Engineers. He is the second one from this state to be thus recognized.

Dr. Bell has recovered sufficiently from his operation to begin work. He met his classes on Wednesday for the first time.

Professor Minard will deliver the commencement address at the Page High School on Friday, June 3rd.

President Worst spoke at Lidgerwood last Thursday on the Subject "Business Co-operation Among Farmers."

Registrar Parrott has left for his Home in Kansas to take his month's vacation. During his absence Miss Griffin will have charge in the office.

President Worst will deliver the commencement address at Thief River Falls, Minnesota on Friday, May twenty-seventh.

President Worst will deliver the Memorial address at Park River on next Monday.

Miss Addie Stafford, who is teaching at Sibley Butte, in a letter to college people, gave an interesting report of school conditions in that part of the state.

N. C. Donald a former superintendent at Lidgerwood called on Prof. Weeks last Thursday enroute to the meeting of High school superintendents at Grand Forks.

Miss Ruth Ware of Minneapolis, a former student at the College, is visiting with her friend Mrs. Farnham of the South Side. While here she made several visits to friends about the College.

No school will be held on Monday, May 30th and the students are urged to take part in the exercises which will be held down town.

A tile drainage system is to be installed in the barn yards. The class in agricultural surveying is doing the surveying and leveling this week.

Work in the production of Hoz Cholera Serum was started by the Vet. Dept. last week. The serum will soon be ready for distribution to those who apply for it.

Two dog heads were sent in from Valley City last Saturday, to the Vet. Dept. to be examined for Rabies. One proved negative and examination of the other has not been completed.

Two more horses have been purchased by the Vet. Dept. to use in connection with the Swamp Fever work.

The deer purchased by the college for the new park are expected to arrive this week. The fence around the park will be built immediately.

Supt. Porter and Asst. Supt. Johnson have been very busy the past week looking over the work. Each one has visited five farms in widely separated parts of the state during the working days of the week.

Karl Bevenone of the Farm Husbandry boys will assist Mr. Lanxon at the Hettinger Sub-Station this summer. Mr. Berven missed a large part of the winter term being afflicted with typhoid fever but is now sufficiently recovered to work once more.

Are all classes but '14  
Rah Rah Rah, thats, no dream  
Rah Rah Rah, brown and cream.

**TEACHERS WANTED.**

Mr. Seull is in receipt of inquiries for two Manual Training teachers at salaries of \$1000. But owing to the fact that we have no graduates from this department this year the positions could not be filled. Mr. Seull says that lately the demand for Manual Training teachers has been rapidly growing, so that now there are very good opportunities in this line of work.

**WILL HAVE DEER AND PHEASANTS.**

At its last meeting the Board authorized the purchase of three deer from a party near Kenmare. They will arrive in a few days. Until the fencing material for the deer park arrives they will be kept in Dr. Van Es's lots near the seed house.

Two settings of pheasant eggs have also been purchased which will be hatched out to furnish ornamentation for the park.

The department is now on the market for two peacocks to further decorate the park.

The local chapter of the Alpha Zeta, have, chosen Prof. Doneghue with Ray Towle as alternate to the national conclave at St. Louis this summer.

Supt. L. R. Waldron and his son spent Friday here discussing affairs in connection with the Substation.

**Better Farming Train Schedule.**

Below is a partial schedule of the meetings of the Better Farming Special Train, which will make a trip thru the state.

- Monday June 6.**

At the Inter-High Serool Track Meet held here Saturday Fargo received sixty-seven poists, Valley City fifty, and Langdon thirteen. The state record of 4 minutes, 45 1-5 seconds for the mile run was reduced to 4 minutes 43 4-5 by Cruickshanks, while the state record for the high jump was raised to 5 feet 3 1-4 inches by Hinds of Fargo.

**LIBRARY MEETING**

A joint meeting of the N. Dak. and Minn. Library Associations will be held in Fargo and Moor-

head Sept. 30th and Oct. 1st 1910. Several of the sessions will be held at the A. C. Library. Among the speakers whom Dr. Batt the President of the association has secured is Mr. Chalmers Hadley secretary of the American Library Association.

The second year class in German is studying Journalistic German. Reports of the various college events are written in German and some very interesting account are given.
