

OUTBREAK FILE: SIBLEY COUNTY

A PROTOTYPE COMMUNITY SHELTER FOR THE ZOMBIE APOCALYPSE

CLIMATE DIAGRAMS

AS FAR AS CLIMATE IS CONCERNED, BEING IN A TEMPERATE ZONE YEAR ROUND IS ONE OF THE WORST PLACES TO SET UP SHOP IN THE MIDDLE OF AN OUTBREAK. ZOMBIES SLOWLY DECAYING OVER TIME, WHICH MEANS THAT HARSHER ENVIRONMENTS ARE BETTER, AS WE CAN ADAPT AND THEY CANNOT. MINNESOTA IS A GREAT LOCATION BECAUSE OF ITS HOT SUMMERS AND COLD WINTERS, AND DYNAMIC WEATHER PATTERNS. WHILE THERE MAY BE BETTER LOCATIONS FOR A COMMUNITY SHELTER, THIS PROJECT FOCUSES ON RESIDENTS OF THE GREAT PLAINES AREA, CENTRAL MINNESOTA. A PLACE THAT IS EASY TO GET TO, AS WELL AS COMFORTABLE FOR HUMANS.

PHOTOGRID OF SITE

WHEN A LOCATION IS NEEDED FOR A SHELTER THERE ARE A FEW MAJOR FACTORS THAT MAX BROOKS TELLS US TO CONSIDER IN HIS SURVIVAL GUIDE.

- IS IT REMOTE?
- IS THERE A FRESH SOURCE OF WATER?
- DOES THE SITE HAVE THE CAPABILITY TO PRODUCE FOOD?
- DOES IT HAVE ANY NATURAL DEFENSES?

THIS SITE, LOCATED IN CENTRAL MINNESOTA, SIBLEY COUNTY, THE MIDDLE OF NOWHERE, CENTER OF EVERYWHERE, ACHIEVES ALL THE GOALS LISTED ABOVE. BEING IN THE MIDDLE OF NOWHERE, NEAR SEVERAL PROMINANT FORMS OF WATER, FARMLAND, AND GROVES OF TREES, THIS SITE IS ONE OF THE BEST WHEN CHOSING A SPACE TO PROTECT YOURSELF FROM THE ZOMBIE APOCALYPSE.
