Research & Analysis

As of 2010 all students are required to live on campus for the four years that they are a full-time student at the College of Saint Benedict. This College believes that the four year residency requirement will promote academic success, social interactions, and diversity.

Students can apply to live off campus if they meet one or more of the following:
• Students who are married or who have dependent children living with them.
• Students who are over the age of 23 or who have attended 8 or more semesters as a full-time student.
• Part-time students.
• Students doing internships, clinical or student teaching more than 20 miles away.
• Students with a medical condition that cannot be accommodated on campus.

Currently the college houses 80% of its students on campus. 2,025 students - 1,680 total housing = 345 student deference.
