FISH MEAL FOR TURKEY POULTS.....	21
MALTING QUALITY OF NORTH DAKOTA BARLEY.....	26

Words about words --

Notice anything different about this month's **Bimonthly Bulletin**? We've gone to a larger and more readable type face. For several months now we've been adding a splash of color here and there to make the articles more inviting. And now with the larger type we hope you'll find **Bimonthly** more interesting to read. The next edition of **Bimonthly** will be devoted to fertilizers and soils. The articles will be aimed at planning your 1958 crops program.
