

# Seven NDAC Co-eds Are Carnival Queen Candidates

Margery Johnston

Donna Thompson

Betty Lou Kerr

Karol Kay Peterson

Lois Fitzloff

Mary Severson

Friday, February 16, 1951 North Dakota Agricultural College, Fargo, N. Dak. Vol. LXVI — No. 18

Loretta Brown

## NDAC To Participate In Observation Of Brotherhood Week, February 18-25

Brotherhood Week, sponsored by the National Conference of Christians and Jews, will be observed at NDAC Feb. 18 to 25. Milton Eisenhower, president of Pennsylvania State College, is national chairman of the school and colleges committee of the 1951 Brotherhood program.

Coordinating the activities for the campus program of "Brotherhood for Peace and Freedom" is Carl H. Schmidt, director of personnel. Other committee members are Miss Pauline Reynolds, extension agent for rural young people; Dr. Rainer W. Schickele, chairman of agricultural economics; Ernst Van Vlissingen, chairman of music department; William C. Reuter, director of College "Y"; Harry

S. Dixon, chairman of electrical engineering department.

During the week the relationship of American sciences and that of foreign countries will be stressed. The program will include:

Feb. 19—Plant seminar, 4:00 p.m.

Library lounge: Dr. E. A. Helgeson, Botany Department "Contributions to botany and plant pathology."

Dr. L. R. Waldron, Agronomy Department "Contributions to the science of genetics".

Dr. Gordon A. Johnsgard, Soils Department "Leading soil scientists of other countries".

Feb. 20—Chemistry Seminar, 4:00 p.m., Room 204, Chemistry Bldg.; Ivan Kressin, graduate student of Eaton, O. "High Frequency Titrations".

Feb. 21—YWCA-YMCA Groups, 4:00 p.m. Library Lounge: Rev. Stafford S. Studer, "Human Relationships Among Protestants, Catholics and Jews".

Feb. 22—Agricultural Seminar 4:00 p.m., Library Lounge: Dr. Edward M. Opton, zoology department, "Races and Cultures of Man".

The program will be highlighted on Friday, Feb. 23, when York Langton of Minneapolis will talk at an all-student convocation at 9:40 a.m. in Festival hall. Langton, who has been very active in United Nations work, is in charge of the extension department of Coast to Coast Stores in Minneapolis. He is an active member of the Minneapolis Round Table of the National Conference of Christians and Jews.

During Brotherhood Week an exhibit on plants, engineering inventions, clothing ideas and chemical technology which have been brought from foreign countries will be on display in the NDAC Library.

All of the seminars are open to the public.

## Nickel Series Begins Here Next Friday at 8

Campus enthusiasm in the annual four-game basketball series with the University of North Dakota will hit a peak next Friday as the up-state Sioux open festivities in the Fargo half of the big event at the Field house at 8 p.m.

On Saturday the freshman teams of the two rival schools clash at 3 p.m. and the second varsity tilt is set for 8 that night.

The teams vie again on March 2-3 at Grand Forks to conclude the big series, but the times have not been set definitely.

NDAC Athletic Director C. C. (Casey) Finnegan has announced that the entire east and north end sections of the Field house will be set aside for students next week. The west and south ends will be reserved for cash customers.

The usual capacity crowd is expected to attend the series here with a number of University students, who will be admitted on a special rate upon presentation of a registration card.

NDAC students attending the Grand Forks series may also be granted a special admission rate.

The Sioux defeated the Bison once this season, 71-62, in the first North Central conference tournament at Sioux City last Dec. 28-30, in the battle for last place.

## Engineering, Chemistry Seminar Set For Today

The School of Engineering and ASME are jointly sponsoring a seminar in which the use of oiling agents, dispersants, and additives will be demonstrated.

All engineers and chemistry students are invited to attend this seminar today at 3:30 in Room 107, Chemistry building.

### NOTICE

Today is the last day for free chest x-rays at the student Health Center.

## Officials To Announce Jack Frost Winter Carnival Queen Tomorrow Nite

Seven NDAC women are among the 12 local candidates for Jack Frost Winter Carnival Queen. The winner, who will be announced Saturday, February 10, will succeed Margie Heger, NDAC sophomore, who won the honor last year.

Loretta Brown is the NDAC's candidate by virtue of winning the campus queen contest held last month. Loretta is a sopho-

more in Applied Arts and Science. Last year she was Gamma Phi Beta pledge president and this year served as rushing chairman for that organization. Other activities include mixed chorus and senior orchestra.

Lois Fitzloff, Gamma Phi Beta in Home Economics, is sponsored by Service Chevrolet. Lois was elected president of the sophomore class last week. Her activities are Tryota, Art Club, Spectrum staff, and campus correspondent to the Fargo Forum.

Sponsoring Margery Johnston is Mandel Furs. Margery, who is Gamma Phi Beta pledge president, is also a member of Sigma Alpha Iota and the Bison and Spectrum staffs.

Betty Lou Kerr, freshman in Applied Arts and Science, is being backed by Dakota Plate Glass. Betty is Gamma Phi Beta pledge secretary and is active in Fargo-Moorhead Minstrel shows and other variety shows.

Fredricks Flowers is sponsoring Karol Kay Peterson, Home Ec Freshman. Karol Kay is Gamma Phi Beta pledge scholarship chairman and a member of Tryota.

Mary Severson, Home Ec senior, is being promoted by Wimmer's Jewelry. Mary is Kappa Kappa Gamma secretary, and a member of Tryota, Phi Upsilon Omicron, Kappa Delta Pi, and the Ski Club.

Donna Thompson, another Kappa Kappa Gamma, is being sponsored by the Store Without a Name. Donna is a junior in Home Ec. Her activities include Staff and Notes, Tryota, and YWCA clubs. She was selected Sweetheart of Sigma Chi last year.

Karol Kay Peterson is of Moorhead. The other NDAC candidates are Fargo residents.

## Ski Club To Compete For Trophy Next Week

The NDAC Ski Club will compete with Concordia college February 25 for the traveling trophy, now in the hands of Concordia. Competition consists of downhill races, slalom races, which are races between flags, and cross-country races. Everyone in the club participates. Men compete with men and women vie with women.

Any NDAC student can join the club by coming to meetings. Combination business and social meetings are held every Thursday at 7:30 at the Y. Skiing parties are held every Sunday, usually at Walker, Minnesota.

The present officers of the club are Kenneth Metzold, president; Thomas McCleod, vice-president; Phyllis Hans, secretary-treasurer; and Orvin Overvold, chairman of the downhill races.

## Dr. Opton To Speak At Ag Econ Seminar

Dr. Edward Opton of the zoology department will speak on the "Races and Cultures of Man" at the agricultural economics seminar in the main lounge of the library at 4 p.m. Thursday, Feb. 22.

## Blue Key Increases Budgets For Brevities

Bigger budgets were approved for this year's Bison Brevities by Blue Key honor fraternity, producers of the annual varsity show.

Production acts will receive \$100 each for expenses while curtain acts will get \$30. There will be six production acts and 4 curtain acts in this year's show. Last year \$40 for production acts and \$10 for curtain acts was allowed by Blue Key.

Brevities director Walt Christensen said that "the increased budgets will make possible a more complete and beautiful show."

Preliminary eliminations for the Brevities will be staged next Tuesday, Wednesday, and Thursday evenings in Festival hall. The variety show is slated for April 17-18-19.

### IRC

Mr. W. W. Murray will speak on "Labor's objectives" at the International Relations club meeting in the Fireside room of the Y at 7:30 p.m. Wednesday, Feb. 21.

## NDAC Lincoln Debate Club Wins Six, Loses Six In Red River Valley Meet

The Lincoln debaters traveled across the river to Concordia to take part in the Red River Valley debate and declamation tournament, Feb. 2 and 3.

The NDAC teams won six of their debates and lost the same number.

## St. Lukes Students To Sponsor Carnival

The students of the St. Lukes School of Nursing will hold their annual Carnival next Thursday evening at 8:30 p.m. in the hospital cafeteria.

NDAC students are invited to attend this function which is sponsored by the Junior class. Typical booths will be the main attraction with a play also sharing the limelight.

Highlight of the evening will be the coronation of a Carnival Queen to be chosen by the patrons of the event. Candidates for queen represent each of the three classes at the school.

Admission to the carnival is free. Small payments will be charged at the booth. There will be a door prize given away.

*From Brevities Past*

## Scott Arranged Music For '40 Bison Brevities

Scott

(Ed. Note: This is the fifth in a series of stories about NDAC alumni who have figured prominently in past Bison Brevities productions.)

Music for the 1940 Bison Brevities production, "The Blue Key Turns" was written and arranged by Frank Scott, now music director for radio station WDAY.

Born and educated in Fargo, Scott enrolled at NDAC in electrical engineering. Since his junior high school days, he was active in local dance bands, and his interest in music led him to leave school following the '40 Brevities and move to Cleveland, Ohio, where he did arranging for the well known commercial band of Layton Noble.

Later he played the piano and organ on the eastern night club and theatre circuit in addition to his arranging and composing.

In 1944 he joined WDAY as staff pianist and shortly after was promoted to music supervisor. Scott estimates he has turned out over 2000 arrangements in his six years with the station.

Currently Scott is writing his own piano concerto besides turning out several other original compositions, the latest being a South American number, "Carnicas". In addition to his radio work, he has been music arranger for the 1950 and 1951 Jack Frost Winter Carnival Ice Revues. He is married and has 4 children.

Two NDAC teams participated in the tourney, one won four and lost two debates. The other lost four and won two. All the losses were by relatively narrow margins as the debate team went through the meet with the best record in several years.

The team consisting of Bob Severson and Mancur Olson defeated Montana State University, the only defeat suffered by the Montana team in the entire tournament. They also defeated St. Olaf College for the second of their two wins. They were defeated by St. Cloud by a narrow margin in one of the earlier rounds. St. Cloud placed second in the tourney. This team also dropped decisions to Eau Claire Teachers College, Hibbing Junior College, and Jamestown College.

The other team, Harold Janneck and Joseph McNellis, won four debates. Falling to defeat at their hands were Concordia College, Moorhead State Teachers College, University of Minnesota and Northern State Teachers college of South Dakota. Janneck and McNellis were defeated by Bethel College and and Sioux Falls.

Mr. Mayo Kucera, debate coach, announced Monday that the team will next travel to Eau Claire, Wisconsin, to enter a debate tournament there. The two teams accompanied by Mr. Kucera, coach, and James Nesting, alternate debater and extemporaneous speaker, will leave Thursday afternoon. They expect to be gone for four days, returning late Sunday.

After the Eau Clair meet, the teams will travel to various towns in the area. Parliamentary debates will be staged in these towns with the discussion period open to the public. This will be in preparation for the tournament at Montana State University in the spring where this type of debate will be used.

## Plant Science Seminar Set For Next Monday

In observance of National Brotherhood Week the plant science seminar is being held in the main lounge of the Library on Monday Feb. 19, at 4:00 p.m. The program will feature the contributions of foreign scientists to plant science and agriculture.

The program:

Dr. E. A. Helgeson, Botany Dept., "Contributions of foreign scientists to botany and plant pathology".

Dr. L. R. Waldron, Agronomy Dept., "Contributions of foreign scientists to the science of genetics".

Dr. Gordon A. Johnsgard, Soils Dept., "Leading soil scientists of other countries".

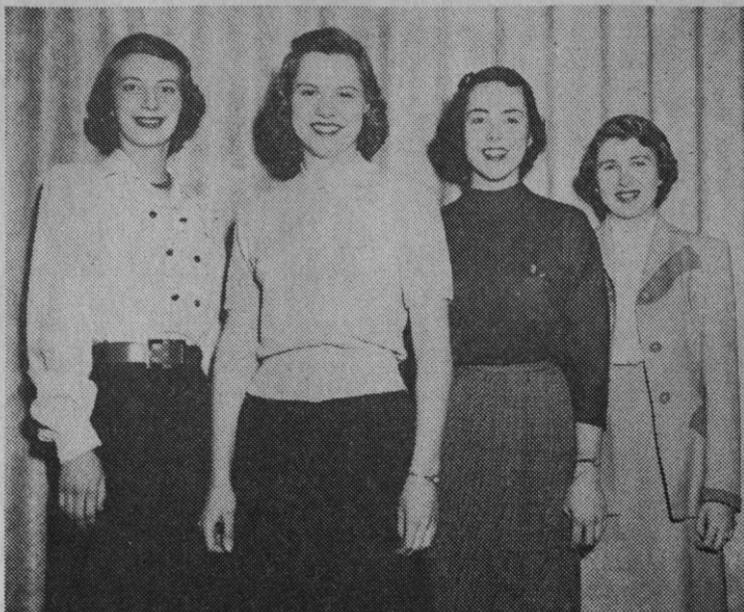

Each speaker will take about 15 minutes to discuss his topic. Students and staff members are invited to attend.

## Zoology Department Remodels Laboratories

The laboratories of the zoology department on campus have recently been remodeled. One laboratory, formerly occupied by the museum, has been redecorated and rearranged, and a new sink installed. It will now accommodate 30 students.

A second laboratory has new tables, chairs, some new lamps, microscopes and other equipment. Another has been turned over to classes in comparative anatomy and new work in Ecology. An improved motion picture machine has also been added to the department.

## Sigma Chi Sweethearts

Members of Sigma Chi fraternity will announce their new Sweetheart of Sigma Chi tomorrow night at a party to be held in the Fredrick Martin hotel. Pictured above with Donna Thompson, present Sweetheart are finalists Janet Berdahl, Lue Lawrence and Paula Swain.

## Fougner Wins Athletic Scholarship; Pat Carlson Receives '51 KKG Award

Don Fougner of Williston, outstanding Bison basketball forward, has been awarded the Interfraternity Council athletic scholarship, according to George Noonan of Pasadena, Calif., president of the NDAC council.

The award is presented annually to a sophomore who shows the most promise athletically and scholastically in his freshman year. Recipients of the awards are selected by a panel from the athletic department, coaches and student representatives from the Inter-Fraternity Council.

Fougner is a sophomore majoring in physical education. Besides playing on the first five of the basketball team, Fougner plays end on the varsity football team and is a field man on weights and shot put in track competition. Fougner is the only married member of the varsity basketball club.

Miss Patricia Ann Carlson of Fargo has been awarded the Kappa Kappa Gamma scholarship for the 1951 winter and spring terms at NDAC.

The scholarship of \$60 is awarded annually to an undergraduate on the basis of scholarship, character, personality and promise of success in her academic field. Miss Delores Boen of Mahanomen, Minn., sophomore in home economics, held the scholarship during the fall quarter but was unable to continue her academic work.

Miss Carlson is the daughter of Mr. and Mrs. A. F. Carlson, 1512 2nd Ave. So. She is a sophomore in the school of applied arts and sciences with a major in mathematics. Her campus activities include being secretary of the Board of Publications staff member on the BISON, and a member of Kappa Kappa Gamma sorority.

## Beekeepers Meet Here To Discuss Industry

Beekeepers of eastern North Dakota and western Minnesota met at the NDAC Feb. 9, to consider items of importance to the industry.

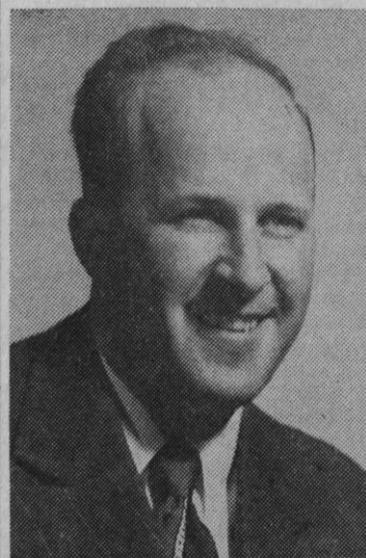

Dr. Glenn S. Smith, Associate Director of the Experiment Station, told the bee men of research work in progress and showed a color film dealing with several of the projects.

Dr. J. A. Munro, college entomologist, stressed the importance of bees in seed and fruit production, which has brought about an unprecedented demand for bees in many parts of the country.

Charles Leshar, an NDAC student, recently from New York discussed beekeeping in various parts of the country and said the chief advantage of beekeeping in this northern plains area is the uniformly fine grade of honey produced. The average honey yield per hive in North Dakota in 1950 was higher per hive than for the country as a whole.

The association commended the entomology department on its program of inspection and eradication of bee disease. It also urged that a short course on beekeeping be held at NDAC next year in conjunction with the annual meeting.

## Bottemiller, '34 Grad, To Visit Here

Bottemiller

According to information received from Dr. Wouter Bosch, chairman of the department of paints and varnishes, Hank L. Bottemiller, NDAC '34, will be with us on Tuesday, Feb. 20, to visit his Alma Mater and to talk to all the paint students at 8 p. m. in Room 207 of the chemistry building.

Mr. Bottemiller will give a demonstration on the hiding power of Titanium pigments and will talk on the subject "Paints Yesterday and Today". His talk will cover the changes in pigmentation of both exterior and interior paints during the last 15 or 20 years. The lecture is open to anyone interested and there are no charges.

After his graduation in 1934 Hank went to work for Benjamin Moore & Company of Chicago, changed positions to Cook Paint & Varnish Company in Cincinnati and Detroit, and then left to take up his duties with the Titanium Pigment Corporation in Cleveland.

During the war he was assigned to the Paint Research Section of the Bureau of Ships, Navy Department in Washington, D. C. After his discharge he joined the Rodda Paint Company of Portland, Oregon, and last year he returned to the Titanium Pigment Corporation where at present he holds the office of sales manager of the Pacific Coast Sales Division at Portland, Oregon.

## Geology Class Goes To Mine Laboratory

The nine members of the economic geology class traveled to Grand Forks with Dr. Pye February 9 to inspect the bureau of mines lignite laboratories.

The group attended lectures by members of the bureau of mines staff and observed demonstration of the processing of lignite in the morning. After lunch with Dr. Laird, state geologist, the class reviewed work of the United States geological survey on lignite work and listened to a discussion by Dr. Laird of the condition of coal deposition in North Dakota.

Economic geology is a course in the study of the origin, occurrence, methods of mining, and preparation and use of coal and lignite. Members of the class are Robert Hoglund, Ordean Finkelson, Gale Smith, Rolf Varland, Norman Giedt, Jim Fay, Axel Ulteig, Don DeSautel, and Eugene Beechie.

## Garrison Dam Project To Hire Personnel

Mr. Oscar Gjernes, placement service director, announced that representatives of the Garrison dam project will hire construction personnel and show films on project development at the American Legion Auditorium February 21.

Representatives who will be here are Mr. C. O. Dannenfeler and Mr. Stewart Coyne of the Peter Kiewit Sons Company and Morrison-Knudsen Company, and Mr. James Spilman of the employment service at Riverdale.

On February 21 these representatives will be at the North Dakota Employment service office, 630 First Avenue No., from 8:30 to 5 p. m. They will interview personnel for summer and permanent employment.

The films on project development will be shown at 8 p. m. on Wednesday, Feb. 21, at the American Legion Auditorium, 505 Third Avenue N.

## KDPi Initiates Six

Gamma Delta chapter of Kappa Delta Pi, national education honorary at NDAC initiated six students Thursday, Feb. 8.

Those initiated were LaVern Freeh of Harvey, Arnold L. Hermunslie of Fargo; Marvin Holje of Maddock, Wilfred B. Johnson Jr. of Hallson, George Records of St. Paul, Minn., and Harlan C. Riese of Fargo.

## Inter-Fraternity Ball Set For March 9th

### Inquiring Reporter Questions Students On Campus Improvements

By ART BUNKER

Question: In your opinion what is the most need improvement on our campus?

Douglas L. Boling, Pharm-Soph from McClusky, took a couple of minutes from his chores in the ATO kitchen to put in a plea for the pharmacy department. Doug said, "We have one of the finest pharmacy departments here at NDAC of any in the country. If we hope to maintain this reputation we must have additional equipment and better laboratory facilities."

\* \* \*

Maureen Chisholm, Educ-Sr, a native of Fargo, had sympathy for the School of Home Economics. "With so many girls taking Home Ec here at school that department is getting awfully crowded. I understand that at the present time each student has only an average of ten square feet of classroom space available," Chizzy said.

\* \* \*

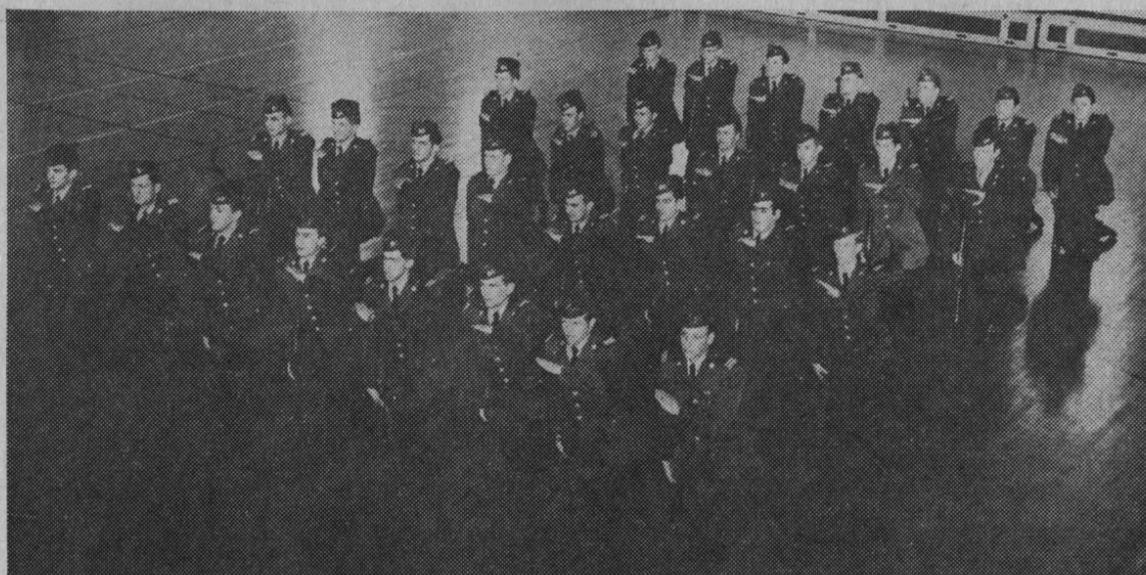

John J. Cavanagh, AAS-Jr., from Fargo felt that the most pressing need was in the Theta Chi house. Jack says, "the other day Bob Grant caught his sore toe in a carpet on the stairs and fell head over heels clear to the bottom. Of course I'm not sure whether you can blame that on the carpet or not."

Ralph Mutchler, Agr-Sr. who hails from Northwood, responded to this question by choking on his coffee at Nick's Hasty Tasty and sputtering "Man, what this campus needs is more music lovers. The boys and I blow some hot tunes out at the Merry Go Round every Friday and Saturday nite. The crowds have been great except now and then when some amateur like Dorsey comes to town or on other occasions when the weather is too tough for the cats."

### Mrs. R. King Is New Zoology Secretary

Mrs. R. King has taken the position of secretary for the Zoology department. Mrs. King succeeds Mrs. D. Miller, who has taken a position as first grade teacher at Horace Mann school.

### AFROTC Drill Team Does Queen Anne Salute

The Air Force ROTC Drill Team is pictured here in a Queen Anne Salute. Organized in September, 1950, the team formed the Guard of Honor at the 1951 Military ball ceremonies. Members of the team are:

First row (l. to r.): Jerry Geisler, David Doyle, James Marquardt, Donald Meyers, Norman Geidt, Ron Grothe, and Lehmann.

Second Row: O'Conner, Sander, Zorich, Hansen, Buckelleu, Curtis, Remboldt, and Ellingson.

Third Row: Ripley, Keogh, Peterson, Frank, Bring, Maier, and Bouvette.

Fourth Row: Christianson, Meland, Benson, Knutson, Palmberg, Ensign, and Rune.

### Turkey Disease Control School Set For March 2

As a service to turkey raisers, a one day school on disease control will be held Friday, March 2, in the veterinarian building at NDAC. Irving J. Mork, extension poultryman, said the course was especially for producers, hatcherymen, and county extension agents.

Problems connected with nutritional, inherited, and bacteriological diseases will be discussed by NDAC veterinarian and poultry personnel.

#### LOST

Ronnie Bond lost 3 keys on a chain on campus last Friday. Finder please return to Spectrum office.

# Are Our College Elections Run OK?

Are you as a student at NDAC satisfied with the manner in which your all-college elections are held? If not there is something YOU can do about it. College elections are governed by the constitution of the student body. This constitution is being revised. You can help revise it.

The by-laws which control elections are not all that will be rewritten. The entire constitution will undergo close scrutiny at the forthcoming Open Forum scheduled to gather student opinion on the proposed changes.

Postposed one week because of a conflict occurring on the previous date, the Open Forum is now set for Wednesday, Feb. 28, at 4 p.m. in the student lounge of the library.

One important question to be asked at the meeting of students is, "What should be the duty and purpose of the Student Commission?" According to the present constitution the governing body . . . shall be a . . . group of students who by their diversity of interest, and by their influence, may represent the various phases of undergraduate opinion and act as a coordinating agent between the undergraduate body and the faculty and the Board of Higher Education for the purpose of concerted effort along any line where such effort seems necessary."

Student Commissions in past years have been primarily a social organization doing little more for the "undergraduate body" than taking charge of Homecoming activities. Shall this continue to be the function of the commission or shall the student body put power behind the flowery words as they appear in the present writing?

These questions and more must be answered before the constitution can be redrawn and presented to the College council for approval. It is the responsibility of all students to see that it is done right.

# Maintenance Dept. Asks Cooperation

It has been brought to our attention that several automobiles have been parked too close to the railroad tracks and the incinerator behind the Science hall. As a result of the cars being too close to the rails, the train has had to back away from the college without leaving badly needed coal. This train has absolute right-of-way, and damage to the parked autos was prevented only by the engineer's consideration. The train must be able to use the tracks at all times.

Parking too near the incinerator could cause property damage to your car. There is always the possibility that sparks could start an auto burning.

This is a warning for your convenience. We ask your cooperation in this matter. Please do not park your car near the incinerator or the railroad tracks.

# Student Commission Minutes

February 13, 1951

The meeting was called to order by Pres. Freeh. The roll was called. Bristol and McCalley were absent. Bob Gilbertson was present as a visitor. Minutes of the last meeting were read and approved.

Bob Gilbertson stated that the \$600 loaned to the Military Ball Committee had been paid back to the Student Commission. Verified by Tewksbury. Discussion was held on the deficit incurred in the expenses of the Military Ball. Biggs moved that Student Commission loan \$60.65 to the Military Ball Committee to be paid back not later than the end of the spring quarter, 1951, if the funds are available. Seconded by Johnson. Motion approved.

Colliton reported on the committee interview with Finnegan. Cost of out-of-town referees is considerable higher. Bentson must pass on referees and other schools often ask for certain referees. It is difficult to get good referees out of other circuits. Discussion was held on the report. Ralph Christensen asked that the Student Commission recommend to the Athletic Director that referees in the future be varied from game to game.

Tewksbury moved that St. Com. approve the committee report on Teacher Evaluation and that Freeh be designated to represent the Commission at the College Council, Feb. 14, 1951. Seconded by Biggs. Motion approved.

Tewksbury reported that he had received that check for the Board of Music.

Discussion was held on the band and chorus albums.

Freeh read a letter requesting our activity ticket breakdown. The matter was referred to the Board of Finance.

Discussion was held on the booklet planned to be made up and presented to the next Commission indication regions of difficulty in Commission work.

Christensen reported on the work done by Board of Campus Affairs on the Campus Chest program.

Meeting adjourned.

Respectfully submitted,  
ROBERT OURADNIK

# Bristlebrains - - - by Olson

"Now don't move!!"

# The Ballpoint

By BOB JOHNSON

Just finished reading the latest issue of the Lapland Leader. (That's the University's paper to the uninitiated.) Among other things A. L. Munrow (You're even, Irv) stated that the only reason the Bison do not have a hockey team is because we don't know how to skate.

For his information I have been told that it won't make any difference to the university next year whether they can skate or not. After they pay their deficits on this year's team there isn't supposed to be much left. And after that big drive for artificial ice, too.

Also seen in the same paper (?) was a column by one Ray Larson. It was a direct steal from one of the contemporary authors. Said column (and I use the term loosely) described the troubles of college life in a most accurate manner. Glad to see you finally read about the Barefoot Boy With Cheek, bud.

For all the men who have long heard about the fair maids at the local nurses homes I have good news. The St. Lukes Nurses are tossing a carnival next Thursday evening at 8:30 p.m. in the hospital cafeteria. What better excuse could you get, huh? Understand you get in the door for nothing.

Heard recently where a fellow brother-with-ink-on-his-hands is having trouble across the river. Don't know much about it but Orchids to the guy anyway for standing on his own two feet.

Since it has been agreed that the Shrimp and I kiss (UGH!) and make up this will be the last chance for any nonsense. I'd just like to ask a question. "Jim, who's got whose foot in whose mouth?"

### pome for u

there once were some people called sioux, who spent most of their time making shioux which they colored in various hioux. don't think that they made them to ioux; no, no they just sold them for bioux!

# Social Jottings . . .

By LOIS FITZLOFF

Wish Bob would write my column every week. He got more fan letters than I ever will.

Two fraternities will select sweetheart and dream girls this weekend. Donna Thompson, KKG, will crown the new Sigma Chi sweetheart at a ball on Saturday night at the Fredrick Martin hotel. Theta Chi's will begin an annual tradition with the election of a dream girl at the Moorhead country club. Can't say whether they'll use dog sleds to get there this week.

New pledges of Kappa Sigma Chi are Wesley Sundquist, Kindred; Roland Guberding, Elgin, Ill.; Elmer Hillesland, Aneta; and Maurice Olson, Cooperstown.

Hugh Hansen passed cigars. This time it's a baby girl 7 lb. 11 oz. on Feb. 7th. Congratulations!

SAE's will be host to a really big whirl at the KC hall tonight. That same night Kappa Delta will have a record party after the game between the AC and Iowa State Teacher's College.

Four KD's went active this week. They are Ann Beck, Renee Haas, Mary Holmgren and Delphine Lindeman.

Alpha Gam pledges are giving a record party for the actives Saturday from 8:30 to 11:45 at the sorority house. SPD's entertained them on Wednesday. Six SAEs were invited to the Alpha Gam house for supper on Tuesday for a reason. Rather than singing for their supper they moved a deep freeze into the house. Jim Schrimpf maybe you can leave this item alone for awhile.

Betty Forbes, KAT, received a lovely diamond sparkler from AGR Norman Howe.

Thetas had a busy week beginning with a coffee hour last Wednesday from 4 to 6. Elaine Forbes was pledged Monday night. The pledges are giving a party Thursday for the ATO's, Kappa Psi, Kappa Sig, Phi Mu and Kappa pledges.

Saturday night is bums night for the Phi Delt's for that's when they hold their annual hard times party. Additions to the pledge chapter are Worth Emanuel and Tom Friedland.

# The Score

by JIM SCHRIMPF

This'll be the last week of insutling Bob Johnson—I'll stick to people from now on. That clanking you hear is not Tom Cornforth's leg iron—it's Johnson's foot rattling around inside his mouth. If you ever do manage to get the darn thing out, drop around and I'll see if I can fill the gap. Yes sir, Bob—you're definitely a writer for the ages—the ages of four through eight.

Speaking of pledges, it isn't just a rumor that the ATO's started mass production. In fact, there is only one instance of anyone being turned down as a prospective member of Alpha Tau—the Ink Spots were blackballed. ATO favorite subject: quantitative analysis. Got the idea?

Munchy Braunschweiger, head of Belcher Beverages, is expected to announce "Miss Soft Drink of 1951" within a few days. She will be a prominent Gamma Phi. Title will be hers because she will go out with anything from 7-up.

If local sports announcer Bill Weaver would spend a little more time watching his play-by-play; a little less time on widely excited "oooooh's"; and a little less time criticizing Bison sportsmanship, he'd please more than few people. A guy gets used to not hearing ball scores on Kentucky, Bradley, LIU, etc.—while Will Beaver is ranting, "And, ooh!! Here's an upset! Noltmeier beat Mentor, 71-12! Tupin of Mentor got—ooh—6 points!" I will admit that Beaver was the last of the locals to fall from the unprejudiced ranks—but he fell with a thud via his unfounded criticism of Bob Hipke Don Fougner & Co. And about that "ooh", Bill—Demosthenes corrected a speech impediment with pebbles in his mouth. By the way, how DID McClusky come out tonite?

Just found out how bad the manpower shortage is on the West Coast. Jack (the nose that walked like a man) Schwer has a job. Not as the human anteatr in a sideshow. An honest job. Don't get excited, Johnson—just because Schwer got a job is no sign they've gotten down to you yet.

To close, this bit of wisdom from the "Spartan":

Wonder if Fitzloff will write Johnson's column for him again? "Is your daughter in tonight?" "No! And you get out and stay out!" "But I'm the sheriff." "Oh, I'm sorry. Come in. I thought that was a Theta Chi pin."

# Jacob Haine Completes 27th Year As Dairy Worker

"You're only as old as you feel," said Jacob E. Haine, 73 year old worker in the NDAC dairy department. Jacob, more commonly known on the campus as "Jack", is completing his 27th year in the employment of this college. Twenty-three of those years were spent as herdsman of the dairy herd.

Jack is a Pennsylvania Dutchman. Sometime after he moved to Fargo he became a butcher, a job which he held for 8 years. In 1923 he accepted a position in the dairy department at NDAC. One year later he became herdsman. Jack is an accomplished showman with years of experience gained in showing dairy animals at shows throughout North Dakota.

Of the numerous trophies that are his the one that he is especially fond of is the Murray trophy, which was awarded to the herdsman making the best record on a Holstein cow or heifer during 1932. Jack was given a trip to the the National Convention in Chicago where he was presented with a loving cup at a banquet attended by people from all over the United States.

During the first 10 of his many years of service here, Jack got up at 3:15 every morning and milked the entire college herd of 35 cows.

Jack recalls one winter when he didn't even have time to go home at night and sleep. The head of the dairy department had asked Jack to milk some cows three and four times daily in an effort to produce record breaking amounts of butterfat and milk. "That was the toughest winter I've ever put in. I slept for a couple hours between milkings in the milk house, but in those days it was heated by an old lignite burner that didn't always work. Occasionally it would get so cold in there even the water pipes would freeze.

Jack has enjoyed his work here even if the students are exasperating at times. One time two of the fraternities on the campus were in conflict. One of these fraternities decided that if

they could pull some trick it would be easy enough to blame the other fraternity. A cow was stolen from the barn one night and placed in the School of Religion building. After making shambles of one room, Bossie broke out and headed for the airport where Jack found her the next morning peacefully eating a square meal of grass.

"Don't ever believe anyone who tells you that a cow can't kick backward. I used to believe it until one of those big Holstien cows put me in the hospital for 10 days. But this is the only really serious accident I've ever had while working with cows.

"I remember, about 2 weeks before I started working here, everybody was talking about the Jersey butt that somehow broke loose, got into the college campus and corraled everybody in Dakota hall. However, since 1923 we've been very fortunate in that none of our cattle have broken out.

"There have been a lot of changes made since I first came here, but never as many as there are being made now. With the new building program NDAC is going to be one of the neatest and best equipped colleges in the country."

In 1914 Jack built a house at 1602 11th Street North in which he still resides. "I like to plant things and I like to see things grow," said Jack as he told me of the large garden and flower beds

he maintains on his extra lot. "I could sell this lot for a high price, but if I did I wouldn't have any place to spend my leisure time. Even if I'm tired when I come home from work I find it restful to go into my gardens and work." Jack has built a miniature light-house, a fish pond, a large trellis and many other beautiful pieces of work, nearly all of which are lighted with electric lights in the summer evenings.

Jack has a son and a daughter, both of whom are married and have presented him with six grandsons, two great-grandsons, and one great-granddaughter.

The kindness of Jacob Haine is evident in his everyday life to his numerous friends. An example of his good heartedness was donation of land to the Good Samaritan church so they could build a House of Worship.

## DP Veterinarians To Take Short Course

Displaced person veterinarians in North Dakota will take a five day short course at NDAC beginning Feb. 19 at 9 a.m. The purpose of the course is to prepare them for a state examination they must pass before receiving a permanent practice license. Some are now holding temporary permits.

The examination to come later will be given by the state veterinarian examining board.

# On Other Campuses

By ANNE BECK

Charity was the chief beneficiary as the Kappa Delta and Kappa Kappa Gamma sorority girls battled in their annual Powder Puff touch football classic at Maryland university.

This was the second consecutive victory for the Kappa Delta in the two year series. The money taken in was turned over to N. B. C. radio and television announcer Bill Herson's Doll House.

The classic was inaugurated last year by the Phi Delta Theta fraternity to settle athletic rivalry among the sororities. The game was so well received that it was decided to play this year's contest for some charity.

A seminar in American government is being held for the first time this year at the Miami university, Oxford, Ohio. During spring vacation students enrolled in this course will visit Washington, D. C. for one week to hear Ohio senators and representatives speak, see the Supreme Court in action, and visit various government agencies.

Enrollment was limited to thirty students who had had an introductory course in government.

Bridge lessons are being given to interested beginners at Iowa State college two nights a week. Eight lessons are offered for one dollar.

Attend the four-game Nickel Series beginning next Friday. Dance after the game.

# CHURCH NEWS

### LSA

Next Sunday, Feb. 18, is World Student Christian Day of Prayer. The regular "Quest" meeting will be held at 5:30 for supper and then we will meet with the other religious groups in the Y for the meeting.

A Bible study breakfast will be held Sunday morning at 9 o'clock in the center.

Hi-Noon Focus is held every Monday through Friday with lunch at 12:00 and the meeting at 12:30. Monday through Wednesday the "Focus" will consist of meetings on the subject: "Our Church in Foreign Lands." There will be special speakers who are serving as leaders of the Concordia College Mission Conference. Thursday will be a student program. Friday Rev. M. L. Moe of Fargo, will speak on "Reminiscing on My Confirmation."

Early morning devotions are held before the altar in the center every morning, Monday through Friday, at 7:40.

### NEWMAN CLUB

During the Lenten season a little more is expected of Catholics on the Campus.

Mass is being said every morning at 7 o'clock at the Newman Chapel. Daily Rosary is being said every noon at 12:45 at the Newman club house.

The next meeting will be Sunday at 7:30 in the Newman club house.

### METHODIST STUDENT FOUNDATION

The Methodist Student Foundation will meet jointly with student groups from other Fargo churches this Sunday to observe universal day of prayer for students sponsored by the World's Student Christian Federation. Methodist students will meet in the student foundation at 5:30 prior to the joint supper at 6:00. A worship service of prayer will begin at 7:00.

The "Religion and the News" interest group meets today at noon in

the student center at the YMCA. Lunch will be served, and the imdiscussed in the light of Christian ideals. Everyone is welcome. Important news of the week will be

### GAMMA DELTA

This Sunday Gamma Deltans will be attending a social at Hillsboro. It's an informal occasion, so overalls, dungarees and frontier pants will set the style.

Be at the College Y by 2:00 p.m. to insure an early start. Adequate transportation will be available.

Remember, Bible study weekly at 6:30 p.m. Thursday in the Y Fireside room.

### JOHN ROBINSON CLUB

John Robinson Club will meet at the 'Y' for supper Sunday evening. A joint program will be held with other church groups in honor of World Student Day of Prayer.

## Universal Prayer Day To Be Observed Feb. 19

Christians of 55 nations will observe the Universal Day of Prayer for students on February 19. The services at NDAC will be held at the Y at 5:30 p. m. and lunch will be served at 6 p. m. The program is being jointly sponsored by the YM, YW, LSA, Westminster Foundation, Wesley Foundation, John Robinson club and the Baptist student group.

The observance, held annually at the call of the officers of the World's Student Christian Federation, is traditionally the occasion for Christian students throughout the earth to witness to their unity regardless of national, racial, and confessional differences.

## New Equipment Now In CE Laboratory

The civil engineering department has recently installed new concrete equipment. One of the machines is a counter current batch mixer for mixing concrete in the highways materials lab. This machine looks and operates like an oversized mix-master and has facilities for visual inspection of the concrete during the mixing operation.

A Southwark 300,000 lb. hydraulic concrete testing machine has also been installed. This machine is used for testing the strength of concrete and can crush the largest concrete blocks with the greatest of ease.
