

Dates For Campus Election Are Announced For Spring

The annual all-college Spring election will be held this year on April 18, as provided in the student constitution, according to Ralph Christensen, president of the Board of Campus Affairs.

Those persons seeking a seat on any of the subsidiary boards may obtain applications from the office of the Dean of Students today. These must be completed and returned to the same office no later than 12 o'clock noon Tuesday, April 3, 1951. The applications should be addressed to the respective boards.

In accordance with Article 5, Section III of the By-Laws of the Constitution, the applications will then be reviewed by the board concerned which will choose and submit to the Commissioner of Campus Affairs the names of the best qualified in each class which shall have a representative elected to said board. These candidates when elected by a plurality vote and submitted to the Commissioner of Campus Affairs shall be placed on the ballot.

Students seeking the position of President of the Student Commission or that of Commissioner of Military Affairs shall also obtain applications from the office of the Dean of Students and return them before April 3.

The following vacancies are herein noted together with term and class in which the candidate must be registered at the time of his election in order to qualify.

- President of The Student Commission.
- Third term Junior.
- Commissioner of Military Affairs.
- Third term Junior.
- Board of Athletics.
- Third term Junior (1 vacancy)
- Third term Freshman (1 vacancy)
- Board of Campus Affairs.
- Third term Junior (1 vacancy)
- Third term Freshman (1 vacancy)

Board of Finance.

- Third term Junior (2 vacancies)
- Third term Sophomore (1 vacancy)
- Third term Freshman (1 vacancy)

Board of Music.

- Third term Junior (1 vacancy)
- Third term Sophomore (1 vacancy)
- Third term Freshman (1 vacancy)

Board of Public Programs.

- Third term Junior (1 vacancy)
- Third term Freshman (1 vacancy)

Board of Publications.

- Third term Junior (1 vacancy)
- Third term Freshman (1 vacancy)

Board of Student Union.

- Third term Junior (1 vacancy)
- Third term Freshman (1 vacancy)

Hofsommer Heads Kappa Psi Frat

The Kappa Psi pharmlcs held their annual election of officers Monday evening, Feb. 26. Heading the list of new men is Stan Hofsommer, elected regent. Stan is also President of the Pharmacy club and an active Rahjah who claims Oakes, N. D. as his home town. Bob Gagnon, who did a very commendable job as Regent of Kappa Psi during the past year, is now house manager and busier than ever. As vice-regent, Ray Stoltenow of Wahpeton, N. D. was voted in. Future arranger of parties, balls, and brawls is Bill Huffer, social chairman from Hibbing. Hillis Hugelen was awarded the job of chaplain, and Bob McConnell is historian. Jim Riepl was elected to direct pledge activities and James Hegvik of Kenyon, Minn. was elected secretary.

'51 Brevities Will Feature Ten Acts

Ten acts were chosen last week for the annual Bison Brevities, sponsored annually by Blue Key fraternity, will be presented April 17, 18 and 19.

Preliminary winners in the production act competition were Gamma Phi Beta, Sigma Chi, Kappa Kappa Gamma, Kappa Alpha Theta, Alpha Gamma Rho and Alpha Tau Omega. These fraternities and sororities will compete for first and second place trophies.

The theme for the 1951 Brevities is based on the 60-year founding of NDAC, established in Jan., 1890. The Gay Nineties will be represented by a seaside scene at Atlantic City, the Turn of the Century with a Diamond Horseshoe nightclub setting; World War I, Roaring 20's, Bleak 30's and 1951 with the college students returning to the armed services.

Certain acts will include Theta Chi's Record Album—60 years of song and entertainment; Independent Students association's Medley of George M. Cohan songs; Kappa Kappa Psi's "Dangerous Dan McGrow"; and Alpha Gamma Rho's radio satire on "Private Eyes". A first place trophy will be awarded in this competition.

Walter Christensen of Kenmare is directing the '51 show. Business Manager Bob Runice of Fargo said that budgets allotted to the various participating organizations have been increased. "This will make the 1951 Brevities one of the most elaborate in stage setting and customizing ever to be produced at NDAC," Runice stated. Tickets for the Brevities will be on sale at Daveau's after April 1.

BRIDGE CLUB ORGANIZED

Twenty-four faculty members at NDAC have organized a bridge club which meets every two weeks for an evening of relaxation.

Rubinstein To Present Concert Here March 19

Artur Rubinstein, distinguished pianist, will appear here on Monday, March 19, at Festival Hall as part of his thirteenth consecutive concert tour of the United States.

Mr. Rubinstein, who has been heard by more people than any other living pianist, has presented more than 1,000 concerts. He has traveled more than two million miles to play everywhere on the globe except Tibet. He has added to his fame with performances both on the sound track and on the screen in four Hollywood films.

The first part of Rubinstein's concert here will consist of Beethoven's sonata in F minor and four Chopin selections. After an intermission he will play five other numbers by Ravel, Debussy, Liszt, Granados, and Scriabine.

Winthrop Sargent stated in an article published in Life and in the Reader's Digest, "Rubinstein can overwhelm an audience with

the mere physical excitement induced by extraordinary speed, power and marksmanship. But he also can weave a magic spell, entrancing his public with the sheer sensual effect of iridescent and beautifully modulated tone.

Rubinstein was born in Warsaw, Poland. He made his formal debut in Berlin at the age of eleven. By the time Artur was fifteen, his reputation had spread throughout Europe. In 1906 he paid his first visit to America where he gave 75 concerts in three months. Since 1910 Rubinstein has spread his concerts over Europe, South America, Latin America, and the United States.

When not globe-trotting, the pianist lives at home in Los Angeles with his wife and four children: Eva, born in Buenos Aires, Paul, born in Warsaw, and Aline and John Arthur, native Californians. A famous wit, Mr. Rubinstein is equally at home in music, art and literary circles.

Arthur Rubinstein

Gold Star Band Program Set For Sunday Afternoon

The NDAC Gold Star Band will give a concert Sunday, March 11, at 3:30 p.m. in Festival hall. The Band, under the direction of William A. Euren, recently returned from a successful tour of North Dakota towns.

Special guest soloist for the afternoon concert will be Robert J.

Diets, new music instructor at NDAC, who will make his first appearance in Fargo. He will play four compositions: Toccata from Partita VI in E minor by Bach; Impromptu, Op. 90, No. 4 by Schubert; Impromptu, Op. 117, No. 2 in B flat minor by Brahms; and Two Dances in Bulgarian Rhythm by Bartok.

The Gold Star Band will play numbers by von Weber, Bach, Morton Gould, Dr. C. S. Putnam and others. Solo works will be played by Russel McCalley of Fargo, baritone, and Robert van Wechel of Mayville, trumpeter.

Students at NDAC will be admitted on activity tickets. Admission to the concert will be sixty cents for adults and thirty cents for students. Tickets may be purchased from band members or at the door.

Scabbard & Blade Initiates Sixteen

Sixteen junior and four senior members of the Air Force and Army advanced classes were pledged to the NDAC company of Scabbard and Blade, honorary military fraternity.

Juniors pledged to the society were William Ault, Leonard James Gillette, Fargo; Theodore Hurley, Minneapolis; Alfred Jensen, Bismarck; Sam Kalinov, Steele; Harlan McGregor, Litchville; Albert Mahrer, Lisbon; Donald Meyers, Towner; Donald Nudell, Buffalo; Charles Palmberg, Velva; Lloyd Peterson, Valley City; Ronald Pitsenbarger, Moorhead; Robert Ripley, Dickinson; John Schacher, Dilworth; George Sweeney, Larimore; and Westley Wankel, Grand Rapids.

Senior men pledged were Edwin Anderson, Fargo; Blair Smallwood, Minot; Donald Stewart, McClusky; and William Swanston, Fargo.

NDAC Model Man To Be Named At Interfrat Ball

Model Man candidates are seated, left to right, Darrol Schroeder, Ralph Hansen, Tom Peckscamp, and Dave Olson. Standing, l to r., Bob Schnell, James Zimmerman, Harlan Klefstad, and Rodney Fercho.

The annual Interfraternity Ball will get underway tonight at 9 at the KC hall above Hughes store. Music will be furnished by Don Auman and his orchestra. Tickets for the Ball may be obtained at any one of the fraternity houses; the price is \$1.50 per couple. The Ball is semi-formal.

Every year a Model Man contest is run in conjunction with the Ball. Your ticket is your vote. Candidates for this year's contest are: Bob Schnell, Alpha Gamma Rho; Harlan Klefstad, Alpha Tau Omega; James Zimmerman, Sigma Phi Delta; Ralph Hansen, Kappa Sigma Chi; Dave Olson, Kappa Psi; Tom Peckscamp, Sigma Alpha Epsilon; Rodney Fercho, Sigma Chi; and Darrol Schroeder, Theta Chi.

Announce Dates For Registration

Advanced registration for the spring quarter will be held in Festival hall Monday and Tuesday, March 12 and 13. Seniors register Monday morning, juniors in the afternoon; sophomores Tuesday morning and freshmen Tuesday afternoon.

A complete schedule of spring term courses can be seen on the tables in the registrar's office.

Atomic Energy Exhibit On Display At Library

ATOMIC ENERGY, an exhibition prepared by the editors of LIFE magazine is now being shown in the second floor lobby of the college library. It will remain there until March 28.

The exhibit was prepared in consultation with the United States Atomic Energy Commission which has urged nation-wide education on the subject, says LIFE.

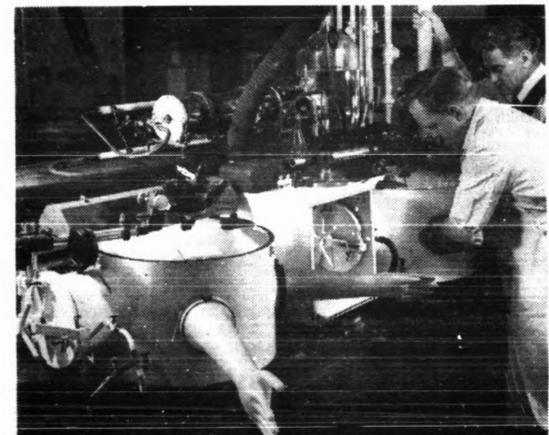

The thesis of the exhibition is that science is truly international; and that atomic energy is not an exclusively scientific matter but will inevitably involve social and political questions.

The opening section depicts the seven scientists whose peacetime research led to wartime development, views of Hiroshima, Nagasaki, Bikini, radiation sickness and mutation and others. The second section is devoted to post war use; the development of atomic power and continuing research.

Here are seen pictures of a plutonium laboratory, the new California Cyclotron, work on the production of radioactive isotopes at Oak Ridge, and the new uses of radioactive isotopes in therapy, industry and commerce.

The last section is devoted to the problems of atomic energy control. This involves the world sources of uranium, the mining of the mineral, the Oak Ridge separation plant, and the possible diversion of atomic energy to use as a weapon of war. The exhibition closes with panels describing the problem in education, in statecraft and as it is manifested in the ways of the human spirit.

The text of ATOMIC ENERGY is, in part, quotations from the famous Report on the International Control of Atomic Energy prepared for the Secretary of State. Photographs are drawn largely from the unique work of LIFE photographer F. Goro.

Plutonium is particularly dangerous if it gets into the body, whether by inhalation, or skin contamination. It can be handled in a sealed glass-topped chamber with rubber gloves. This photograph by Fritz Goro is one of the large panels in the exhibition ATOMIC ENERGY, prepared by the editors of LIFE Magazine in consultation with the U.S. Atomic Energy Commission, and on view at the college library.

YMCA-YWCA Announce Candidates

Marlys Eichmueller, Dorothy Sands, and Norma Seefeldt, juniors at NDAC, are vying for top honors in a three-way race for the presidency of the YWCA. Elections will be held March 28 and 29.

Besides being active in the local YWCA since their freshman year in college, all three girls have attended YMCA-YWCA Student Conferences at Lake Geneva. Dorothy Sands was also a delegate to National Assembly held in Oxford, Ohio, during Christmas vacation.

Henrietta Broste and Joan Hauge are on the election slate for secretary, while Dorothy Robinson and Arlene Sax are running for treasurer. The second highest girl in the presidential race will automatically receive the vice-presidency.

Miss Shepard To Speak

Miss Ruth Shepard will speak on her summer in Germany at the Tryota meeting scheduled for March 27, at 6:30. Slides, and an informative summary of her trip will be presented.

The meeting will be a dessert affair with tickets available from tryota representatives during registration.

A slate of officers for next year will be presented at this meeting to be voted on.

The YMCA announces candidates for officers for the coming year, from April, 1951 to April, 1952.

Candidates as announced by NDAC YMCA president Martin Aaser, are as follows: President—John Kirk, Maurice Knutson and John Schacher. The one receiving the most votes will be president, second high vice-president, and third high program chairman.

Secretary—Don Piepkorn and Frank Rose.

Treasurer—Clyde Oberlander and Romaine Thorfinson.

The balloting will be done by mail and the ballots must be post-marked by March 28th.

Square Dance Club To Hold Election

Last week at the regular meeting of the YM-YW Square Dance club the following officers were elected for the coming year; Elmer Hillesland, president; Esther Anderson, secretary; and Barbara Morris, treasurer.

Plans now call for the Square Dance club to have a picnic and open air dance this spring and to attend the Square and Folk Dance festival in Grand Forks the first part of April.

James Dower New Prexy Of APhiO

James Dower

James Dower (Chem '52) was named president last week of Alpha Phi Omega service fraternity. He succeeds Stanley Carlson (AAS '51).

The service frat's next major project will be the Spring Sing, May 16.

Paint Chemists To Attend Meet

According to information received from Dr. Wouter Bosch, chairman of the department of the students that are enrolled in the protective coatings courses will make a trip to Minneapolis in order to visit some of the larger paint factories, vegetable oil plants and industrial laboratories. On March 19 a visit will be paid to the research laboratories and pilot plants of General Mills, Inc. and to the plant of Minnesota Linsed Oil Company. The factories and laboratories of Minnesota Paints, Inc., will be visited on the morning of March 20 and the trip will be concluded by a visit to the research laboratories of the Archer-Daniels-Midland Company.

The following will be in the party: Mr. and Mrs. James S. Dower, Mr. and Mrs. E. William Juntti, Mr. and Mrs. W. Blair Smallwood, Arnold E. Aaland, Richard Drubel, Hans Hauge, Wesley Page, Carlton Rydstrom, Jr., Warren Stump and James Talley.

Dr. and Mrs. Bosch are in charge of arrangements and will accompany the students.

NDAC Poultry Plant Is Conducting Experiments On Freezing Fowls

The NDAC poultry department is carrying on a research and education program at their plant. In the poultry processing section, students learn how to dress and prepare poultry for the deep freeze. The dressed bird is placed in a plastic bag, the air is taken from the bag by a vacuum pump, and the bag is shrunk to the bird by dipping in hot water. This process prevents the birds from drying out as often happens if they are frozen for a considerable length of time.

Next we visited the egg room; here eggs are graded daily. Those that are from experimental hens are used for incubating. In this room students learn how to grade, clean, and store eggs. Surplus eggs and birds are sold to help defray operating costs.

In the north wing of the plant are approximately 2500 hens on various experiments. Much work is being done on inbreeding and cross breeding and their relation to vigor in the offspring. All

Schedules Now Available For Summer Session

The 1951 summer school bulletin is now available for any students who wish to plan their summer session schedule. This bulletin, which includes specific term dates, admission and fees, special courses, housing, dining and pictures of classroom work, can be obtained at the library, Science and Ceres halls, and at the Registrar's office.

Dates for the summer terms are: Schools of Agriculture, Applied Arts and Sciences, Chemical Technology, Engineering and department of physical education—June 11-July 21; School of Home Economics—June 11-30 and July 1-21; School of Pharmacy June 11-August 17.

A special workshop in guidance for rural youth will be held June 25-30. This course is mainly for teachers and administrators, and will be conducted by Professor Carl M. Horn, instructor of counseling, testing, and guidance at Michigan State College.

A balanced recreation program, under the direction of Mr. E. E. Kaiser, director of physical education, will also be included, and will be conducted as desired by the students. This program will include tours, concerts, lectures and outdoor recreation.

Full-time students may carry a minimum of six and a maximum of nine credit hours, classes meet twice as often as regular full-quarter classes, and carry full class credit.

Summer session offers many advantages for student as they can speed their graduation date, do post-graduate work for the M.S. degree, regain credit hours lost through failures, or gain knowledge contributing to personal or vocational goals.

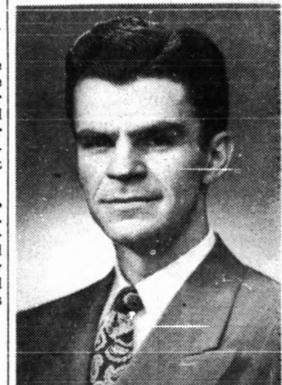

The fourth annual point short course will be offered by the School of Chemical Technology July 9 to 20. The short course has been in such great demand that an advanced paint short course will be given this summer from Aug. 6-17.

The School of Home Economics will have two three-week terms. Work in advanced clothing, tailoring, home economics education, design, metal crafts and jewelry and general crafts will be offered. A number of specialists in crafts and design, display and exhibit work and clothing will conduct clinics. Workshops dealing with sewing machines and other household equipment and processes and conferences on family relations

and child development will also come under the summer program. Any further information which is desired by prospective students should be directed to the deans, or the acting director of the summer session, Mr. G. E. Giesecke, dean of Arts and Sciences.

From Brevities Past

Putnam Held Brevities Leads

Don Putnam

(Ed. Note—This is the eighth in a series of stories about NDAC alumni who have been active in past Bison Brevities productions.)

General Electric Co. sales engineer D. H. (Don) Putnam played comedy lead parts in the 1933-37 Brevities shows.

Son of the late great Dr. C. S. Putnam, founder of the Gold Star band, he was born and educated in Fargo and received his B.S. degree in E.E. in 1937.

Besides his Brevities work, Putnam was active in the Gold Star band, Sigma Chi, and was president of his senior class.

Joining General Electric following his graduation, he has held various engineering and sales positions and is now sales manager of the lumber and paper industries section of the Industrial division of the company.

Putnam's interest in stage work has led him to spend much free time in radio, television, community, and company dramatic projects. Mr. and Mrs. Putnam and their daughter live in Schneckaday, N. Y.

Rosvold Heads Tau Delta Kappa

Kappa Tau Delta, honorary architecture fraternity, recently elected Marvin Rosvold of Fargo as president to succeed Wilbur Harris of Oakes, N. Dak. The other new officers are: Henry Corsini, Fargo, vice-president; Gerald Thurnau, Fargo, secretary-treasurer; and Orton Bjore, West Fargo, chaplain.

Professor Knute Henning, chairman of the architecture department, is faculty advisor of the organization.

Helgeson Returns

Dr. E. A. Helgeson, chairman of the botany department, recently attended a North-central technical weed control committee meeting at Chicago. Dr. Helgeson represented North Dakota as one of the 13 North-central state experiment stations attending the two day session.

Know Your Law

Q. If I am the driver of a car involved in an accident must I always stop?

A. Yes. Stop as soon as you can without blocking traffic. Never drive away from an accident involving personal injury or property damage without offering your name and address to the other party.

Q. Must I assist a person or persons injured in an accident?

A. Yes, but your obligations are purely moral ones. You should attempt to get a doctor or ambulance which ever is quicker, meanwhile, make the injured person as comfortable as you can. But be very, very careful not to move an injured person in any way that could possibly add to his injury. If you should add to his injury, even though your intentions are good, it may cost you dearly later.

Q. Should I take notes about the accident?

A. Yes. You should take notice if you are a driver of a car, a passenger, or simply a witness. Your notes should be as specific as possible so as to include the position of the cars, the exact distances, speeds, and other significant detail, such as, that the traffic light was not working or that the road was wet. Remember, be specific.

Q. How should I identify the other driver?

A. The best method is to ask to see the other driver's license. Get his name, address, and car license number. You must give your name, address, and license number to him, too, as well as to any person injured in the accident.

Q. What should I do if I know other people saw the accident?

A. You should obtain the names and addresses of any witnesses as you can. Try also, to

obtain from them some statement of their version of what happened WRITE IT DOWN on the spot. It might be wise to have pencil and paper in your glove compartment for this purpose.

Q. If I am sure the accident is my fault should I say so?

A. No. Don't comment on the accident. Hasty, emotional admissions can be costly! You may learn later that you were not in the wrong, or that the other driver was equally to be blamed. There is plenty of time to admit blame later if the facts clearly show that you alone were wrong.

Q. Must I remain on the scene of the accident until the police arrive?

A. If the accident is serious, remain until the police arrive if you can. The law does not require this but it is the best policy.

Q. Must I report all accidents in which I am involved to the local police or sheriff?

A. No, only those in which some person has been killed or injured, or where there has been 50.00 or more total property damage must be reported within 24 hours. Remember both parties must file this report, and if they don't, such failure is punishable by suspension of the driver's license.

Riflers Outshoot UND

The NDAC ROTC rifle team defeated the UND shooters last Saturday, 1801-1772, in a shoulder-to-shoulder match. William Clark, NDAC, was high scorer with 372; John Wolfe, UND, was second with 359.

Largest Junior AFROTC Class

Pictured above is the largest AFROTC junior class in the history of NDAC. At the present there are over 70 students enrolled in the advanced AirForce ROTC course, however enrollment is expected to be even larger next year.

All these men are tentative Air Force officers, and, according to Major Robert E. Phillips, PAS & T, "This class ranks among the highest in the nation academically and in training and accomplishments." Upon graduation some men will apply for flight school or regular commissions in the Air Force.

Little Man On Campus

by Bibler

"Hi Dave! Glad to have you home for a week. Say, mind slipping into these overalls—just happens we're laying tile floor and painting around here this week."

Student Commission Minutes

MARCH 6, 1951

The meeting was called to order by Pres. Freeh. The roll was called. Biggs, Colliton and Kennedy were absent. The minutes of the last meeting were read. Johnson asked that the statement, "the problems discussed were not problems pertaining to NDAC", be changed to, "not all problems." The minutes were approved as corrected. Virginia Arneson was present.

Discussion was held on the Student Lounge constitution program held Feb. 28. Bob Ouradnik presented a plan for providing a carry-over of Student Commission members from year to year. Discussion was held on the plan and on general constitutional revision.

McCalley brought up the question of the notation of traffic violation on a student's transcript. Discussion was held on the question.

Christensen reported on spring elections. Elections will be conducted on April 18; the list of candidates will be printed in the Spectrum, April 16; announcement of election will be made in the Spectrum, March 9. Christensen asked the Student Commission to give approval to the plan of election. Approval was granted. Christensen asked all boards to report to him the vacancies on their respective boards.

Freeh opened discussion on the American flag being flown by the College. A suggestion was made that St. Com. recommend to Pres. Hultz that a new flag be purchased. The secretary was directed to so write.

McCalley reported that one application had been received for the sophomore vacancy to the Board of Music. Since only one application was received and two are required, the motion was made by Tewksbury to hold the application until general election. Seconded and approved.

Christensen gave an unfavorable report from the Board of Campus Affairs with regard to the Campus Chest plan. He suggested that Student Commission ask the proper authorities to make a tabulation of campus solicitations before further study is conducted.

Respectfully submitted, ROBERT OURADNIK.

The Score

By JIM SCHRIMPF

Spectrum columnists have voted this "Be Kind to Bill Weaver" week—so no nasty comments about WDAY's sportscaster. Compliments on the nice job of broadcasting the Eastern division tourney though—and for not making an issue of the Paul Granum vs. Valley City episode, the way Chuck (I'm from Minot) Johnson did.

Bison fans who couldn't make the journey up to the Riviera (me included) and who heard the broadcast of Friday night's debacle were left blushing. The four letter words coming from the Sioux "cheering" section! That must be some English course they teach up there!

Apologies for most of the following—anyone who didn't get up to Grand Forks last weekend or who hasn't heard about the intimate details will be left more or less in the dark. But the stuff is too good to pass up, sooo—

Things to Remember From the Series: "Sweetwater" Grant's 31 points in the first game—during which he was ridden most unmercifully by Ed Weber's Mongolian Idiots, going under the disguise of basketball fans. The Mongols refused to heckle Ace the second night, jolly good sports that they are, and his point production suffered.

John Howard and his trained seals managed to hop up and start with the noise every time Gordy Badger tried to lead a Bison cheer. They succeeded in drowning out 79% of State's cheers—not bad for beginners.

Gordy Badger had a narrow escape Friday night—some yuk mistook him for one of the referees and lobbed a pop bottle at the Badger. He was warned about wearing that striped undershirt! And then there was the conversation between Marian Paris and Milan Knezovich as Miss Paris was being assisted to the door. More of a monologue:

"Knez, put me down!" THUD. Small silence. "Knez—ya dropped me!" (Sounds better when Knez is telling it.)

I also understand the Theta's were putting dating on an assembly line basis during their visit at the Forks. "At least three a night, or you're a party pooper!" Talk about excavating for precious metals! A Theta is the only girl that breaks a date by going out with him. Tell the government your secret, gals—they're interested in perpetual motion. One o'clock at the Decotah looked like the changing of the guards at Buckingham palace.

Nord "Old Grandad" Borman stayed home with his portable and took in the series, curled up with a good cook. The domestic type, you know.

Don't know how many of you read the "Stewed-ent" from the U, but Hank Hannis and Irv Letofsky have been pulling a Weaver-Monroe. (Patting each other's back.) Hank snubbed ably in the humor department for the missing Monroe. (Synonymous with "link.") But things can get too buddy-buddy here—first thing you know, some Spectrumite will slip up and say something nice about Icele Tech and they'll reciprocate with goodies about Moo U. How boring. R. Johnson and I tried to start something last week—but Arch neglected to answer. Maybe this week, huh Archie?

Crutch season at the U is over—and as predicted last week, the word "Gopher" has been eliminated from the vocabulary they use up north. Why don't you hold an Invitational Tournament and invite yourself? Now, there's a sure way of getting into a post-season affair!

With Johnson doing all the predicting this time, I'll wait until the Spring Term to do any prognosticating. But I'd like to slip this one in—with Fritz Engel gone next year, Chuck (Legs) Wolfe will astound even Eugene Fitzgerald by scoring 600 points in North Central play. This is born out by his scintillating scoring in the Nickel Series, where he averaged 13.2 points per game! How's that for an All-American performance, Fitz? At that rate, he'd only have to play in 45.4 league contests next season. Basketball will be begin in June to accommodate Cholly. Also, the present armory, more familiarly known as "splinter heaven", will be replaced by their new fieldhouse. How are they ever going to win a home game now?

With all the fuss being raised about drafting women, someone on the campus has finally come out with a concrete view on the situation. Bob "Ool-Ool" Fisher says he's going to fight it. Ool-Ool is willing to cooperate if worse comes to worse, tho: "If the government wants to know where there are some typical fighting girls—I've got a little black book full of 'em!"

Well, that should bore you for this week. To my two readers, a happy exam week—and watch for Munchy Braunschweiger's "Spring Term Predictions" coming soon! Don't say I didn't give you fair warning!

The Ballpoint has gone dry. Correction—the Ballpoint is going dry. Perhaps it will last long enough for just one more column. But no amount of shaking, cursing or cajoling will succeed in squeezing out another drop of ink after it has finished its present mission. It is not the lifetime article advertised in national publications.

No longer will it create arguments for its owner by scratching out little squibs misinterpreted by some, believed by others and laughed at by a few.

No more will it complain about the parking lot, the campus roads, or the bum deals given the students every now and then.

Nor will it again chastise fellow columnists whether in the immediate vicinity or up north. This is the last issue of the Spectrum for the present term. Perhaps it is best; the Ballpoint will be gone and forgotten by next quarter. However, before we go let us get back into the swing of things and make a few predictions of what is in store for the NDAC student in the future.

Prediction Number 1. Sam Catchem will continue to pass out traffic tickets in the usual number, although next year he won't have as many cars to look after. (See prediction number 5)

Prediction Number 2. The campus parking lot will still be a mud hole when this person come back to visit in two years.

Prediction Number 3. The campus roads will possibly begin to look like roads by that time. Two years, that is.

Prediction Number 4. No change in registration procedure is in the foreseeable future. Students will still have to travel back to school on holidays if holidays happen to fall on the first three days of the week.

Prediction Number 5. Beginning next fall NDAC will begin to look like an all-girl school, subsequently resulting in fewer skirts, cars, and parties in evidence. A fortunate situation for these males still in attendance, perhaps.

Prediction Number 6. Jim Schrimpf, if he is still around, will wind up as the first Sweathart of Gammas Phi. They love him so. This could go on indefinitely but neither time nor space permits. A prediction could also be made as to the outcome of this year's Bison Brevities but we don't intend to influence the decision of the judges. So, with this we draw the Ballpoint to a close. Who's 't care?

The concert of the Southernaires, scheduled for March 5, has been postponed to March 16 due to the illness of one member of the quartet. Students will be admitted on activity cards to this concert Friday, March 16, at 8:00.

The Ballpoint

By BOB JOHNSON

BOB-BING ALONG

THE AIRWAVES WITH

BING: Sure, Ken... Bob sent me a gift from Japan... the makings for a beautiful silk Kimono. KEN CARPENTER: Oh, did Bob send you a few yards of material? BING: No... just two silk worms in a match box.

BOB: You took me to a Burlesque show when I was only a baby? BOB'S "FATHER": Son, your very first burp blew a Bubble Dancer right off the runway.

ESKIMO: Me have three sons in America. One go UCLA, one go USC, one go VASSAR. BOB: VASSAR? That's a Girl's school. ESKIMO: No wonder him never come home for vacation.

PAUL DOUGLAS: You know the average Yale man from my class is married, earns \$25,000 a year, owns his home, and has two and one-third children. BING: That's a clever trick even for a Yale grad.

BY AVERBACK: You know this year Bing was chosen to be Poppa Santa Claus on the Chesterfield Christmas cartoon. How come they didn't pick you? BOB: Well, traditionally Santa is an old, old man who is carrying a sackful... Bing's a natural for the part.

MARILYN MAXWELL: Why did you bring the Crosby records to Alaska, Bob? BOB: I sold 'em to the Eskimos. They find Bing's voice to be the perfect mating call for the female Walrus.

BOB: You know my voice has been described as having rippling tones. MARILYN: Maybe it starts out in rippling tones, but then it forms in puddles.

Enjoy Bob and Bing on radio: Bob every Tuesday night on NBC and Bing every Wednesday night on CBS.

Four New Courses Announced In Econ Weed Control Meet Bristlebrains Set For Monday by Olson

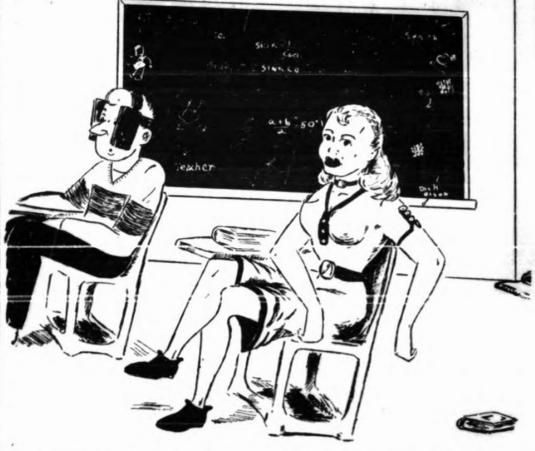

the department of social science, has announced that four new courses in economics have been approved by the college council.

The new courses will be of special interest to students majoring in economics. The courses will deal with economic trends and fluctuations, development of economic thought, county government and social research.

The courses will be offered next year in alternate quarters.

On Monday of this week, a conference of chemical weed control in sugar beets was held in the botany department. The conference was attended by Mr. K. Schriber, Manitoba Sugar Beet Company; Dr. L. F. Stahler, United States Department of Agriculture; Mr. Jack Tanner and Mr. Delbert Ogden, American Crystal Sugar Beet Company; Dr. E. A. Helgeson, NDAC experiment station, and Mr. D. L. Kratochvil.

Plans were laid for sugar beet weed control for the coming year.

PATRONIZE OUR ADVERTIZERS

Boeing To Place Trained Men

The NDAC Placement Service has been notified that a representative of the Boeing Aircraft Corporation of Seattle will be in Fargo on March 12th and 13th for the purpose of interviewing applicants with technical training or experience. Interviews will be conducted at the local office of the North Dakota State Employment Service, located at 630 1st Avenue North in Fargo.

It is suggested that those people having training or experience in the various engineering fields, or having technical skills related to the aircraft industry contact Mr. H. O. Colbornson, District Manager of the State Employment Service, at the above address or phone 4284, and arrangements will be made for personal interviews.

Be Happy Go Lucky! The guys in my fraternity have girls that really rate, But Lucky Strike is one old flame That goes on every date! LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE! Fine tobacco—and only fine tobacco—can give you the perfect mildness and rich taste that make a cigarette completely enjoyable. And Lucky Strike means fine tobacco. So if you're not happy with your present brand (and a 38-city survey shows that millions are not), switch to Luckies. You'll find that Luckies taste better than any other cigarette. Be Happy—Go Lucky today! L.S./M.F.T. - Lucky Strike Means Fine Tobacco. Students heed these words of wit—On campus, coast to coast—You'll find that Luckies are on top. It's not an idle boast. Interfrat Ball Highlights Week's Activities

By LOIS FITZLOFF Those who have recovered from last weekend's brilliant whirl have another gay time assured this Friday. Interfraternity ball tickets are still available for the big dance at the KC hall featuring Don Auman's orchestra.

SAE's will attend their Founders Day banquet at the Frederick Martin hotel tonight and proceed enmass to the Interfrat dance. Phi Mu chapter on this campus is 99 years nationally. They will celebrate their founding at a banquet on Sunday. Alpha Gams are proud to announce a new pledge, Becky Calderwood of Crary, N. D. Kappa Psi initiated two pledges in a special ceremony. New active, who are both members of the Air Guard, are Duane Hammargren, a freshman from Bemidji, and William R. Hoel, sophomore from Erskine, Minn. Congratulations! Pinnings and Engagements:

Heading the list this week is KAT Maureen Chisholm who received a diamond from Theta Chi Jim Gompf. Colleen Rawson is now the sweetheart of SAE Vernon Gores who hung his pin recently. Tomorrow night three big events are vying for importance. AGR's will have another ultra-term party at the Frederick Martin. Alpha Gams will hold their term party in the American Legion hall for another festive occasion.

CHURCH NEWS

METHODIST STUDENT FOUNDATION

The Fargo MSF will be host this weekend to the eighth annual conference of the Methodist Student Movement. Mr. Jameson Jones will be guest speaker.

The regular meeting of the MSF will be held Sunday evening, March 11, in the Methodist rooms at the "Y". Following lunch at 5:30 and the worship service Rev. Brown, Dick Eichenberger, and Warren De Krey will speak on the topic, "Why I Believe in Immortality".

The Friday noon interest group on "Religion in the News" is cancelled this week.

JOHN ROBINSON CLUB

The John Robinson club will meet at the Plymouth Congregational church Sunday evening at 6:30. James Ziegenhage and the Freeman twins will serve supper. Margaret Olson and Lawrence Kirk will lead discussion groups.

WESTMINSTER FOUNDATION

Dean Barnhart will speak this Sunday evening closing our series of discussion on "Christian Marriage." Supper will be served at 6:30 for 25c. After the discussion there will be a popcorn-marshmallow party to close the winter quarter's activities. Everyone welcome.

Coffee and conversation hour will not be held next week, BUT will be held on Tuesday, March 27 at 4:00 in the Fireside Room of the "Y".

LSA

George Farrell, head of the philosophy department at Gustavus Adolphus college, will be the guest speaker at the "Quest" Sunday afternoon, March 11, at 5:30 in the student center. Mr. Farrell will speak on "Religion—the Greatest Enemy of Christianity."

A Bible study breakfast will be held Sunday morning at 9 o'clock in the center.

Early morning devotions are held in the student center every morning at 7:40.

GAMMA DELTA

This Sunday there will be a social at Grace Lutheran church, beginning at 4:15 p. m. Program features will be folk games and a basket sale. Dress to fit the theme of a hard times party.

Fellows will be bringing the baskets. Girls, yours is the privilege of purchasing what is certain to be the chef's chef-d'oeuvre.
