

Who Will Win Your Vote Tonight?

Barn Dance Queen candidates shown here in front of the Alpha Gamma Rho house are Barbara Martin, Doretta Carroll, Marilyn Hunter, Pat Akre, and Phyllis Knight. Bea Percell, another candidate, is not pictured. (Photo by Don C. Christensen).

Air Force Assigns Flight Operations Option To AFROTC Instructions Here

President Fred S. Hultz today received confirmation that the Air Force has assigned the Flight Operations option to NDAC.

The program is to be a part of the ROTC instruction at the College headed by Major Robert E. Phillips, professor of air science and tactics. Students entering Air Force ROTC at NDAC will have an opportunity to elect air installations or flight training.

The flight operation option will be open to all students regardless of academic major. During the basic Air ROTC program, the student will follow a general course

of study with emphasis on specialties to be studied in advanced training.

It is contemplated that students in flight operations will receive approximately 60-65 hours flying between their junior and senior years. This will be contracted by the College through local CAA instructors.

In addition to the proposed flight training, instruction in academic courses will be given in aircraft engineering, air navigation, meteorology, introduction to instruments, theory of radar as applied to navigation and bombing and other correlated courses.

Upon successful completion of the academic degree at NDAC, the student will be commissioned in the Air Force and will receive further training in an Air Force flight training school.

NDAC Students Give \$290.51 To WSSF

Students on this campus contributed \$290.51 to the WSSF drive this year. The money was sent to national WSSF offices and will be used to alleviate conditions of students throughout the world.

These are some of the projects undertaken: a mimeograph machine to reproduce notes was furnished to Indonesia students without books, Bombay students received medical and food service, TB students in Japan will receive vitamin pills, and Yugoslav students will receive medicines and educational equipment.

Student Union Board Plans Open Meeting

The NDAC Memorial Student Union Board of Directors will hold its annual open meeting on Monday, June 4, at 2:30 p. m. in Festival hall. This meeting is open to NDAC students, alumni, and other interested parties.

Candidates for Barn Dance Queen have been announced by Jack Dahl, general chairman. The Queen will be elected at the dance tonight, each ticket counting as one vote.

The candidates are Pat Akre, HE-Fr, sponsored by Kappa Kappa Gamma; Doretta Carroll, AAS-Fr, Alpha Gamma Delta; Marilyn Hunter, AAS-Soph, Gamma Phi Beta; Phyllis Knight, HE-Fr, Phi Mu; Barbara Martin, AAS-Fr, Kappa Alpha Theta; and Bea Percell, HE-Soph, Kappa Delta.

The Barn Dance, sponsored by Saddle and Siroin, will be preceded by a barbeque-picnic at the tourist-park beginning at 6:30. Glenn Haugen is in charge of arrangements for the barbeque. In case of rain the picnic will be held at the Field House.

Dancing at the Field House will begin at 9:30. Ralph Mutchler and his 17 piece orchestra and Earle Cunningham and his Old Timers will furnish the music. Tickets will be purchased from Clayton Hauge at the Alpha Gamma Rho house. But Berg is in charge of decorations for the dance.

APO Spring Sing Set For May 25 At Festival

Advance plans for the 15th annual Spring Sing were being completed this week according to Bob Johnson, general chairman. Date for the show is May 23 in Festival hall.

Alpha Phi Omega service fraternity will again sponsor the Sing which this year will be dedicated to Dr. C. S. Putnam. Admission will be free.

Walter Christensen and the college glee club will present a special opening and closing for the show. Special act introductions are also being developed.

Organizations already entered in the Spring Sing are Alpha Gamma Delta, Independent Student Association, Kappa Sigma Chi, Sigma Phi Delta, Gamma Phi Beta, and Phi Mu.

Band To Play Concert At Williston, May 17

The NDAC Gold Star Band and its director, Bill Euren, have been invited to be the "guest band" at the 19th annual Williston Band Festival May 18-19.

The Gold Star Band will play a concert at the Williston High school Friday night, will march in the Festival parade Saturday morning and will close the two-day program with an outdoor concert Saturday evening.

Some 34 bands and 1700 players from western North Dakota, eastern Montana and Canada will participate in the affair. Euren plans to take 75 band members, and drum majorettes Arline Tiegen of Grenora, Barbara Morris of Cando and Lou Etta Hanson, Fargo.

Blue Key, Senior Staff Plans Annual Honors Day Convocation For Thursday

The 16th annual NDAC Honors Day Convocation sponsored by Blue Key and Senior Staff will be held next Thursday, May 17. Hugh Hansen, Blue Key president will preside as Master of Ceremonies.

The program will open with a procession of the band, a Military Guard, Blue Key, Senior

Staff, and President Hultz. Following several band numbers Lavern Fresh, retiring student commission president, will introduce student commission members for 1951-52.

Presentation of Blue Key members, senior staff members and Honors Day Award winners will be performed by Hugh Hansen, Rosemarie Lohse, and President Hultz respectively. President Hultz will also present the certificate of dedication of Putnam hall to Mrs. C. S. Putnam.

Following convocation Putnam hall will be dedicated in honor of C. S. Putnam, math and music teacher at the NDAC from 1904 to 1944. Plaques by the doorway of Putnam hall and a picture inside the hall will be unveiled at the ceremony. Putnam's two sons may be present at the ceremony with Mrs. Putnam.

The scholarship committee assisting Blue Key and Senior Staff with the convocation are G. E. Giesecke, chairman; Pearl Dinan, Matilda B. Thompson, and Ernst Van Vlissingen.

Chemistry Department Open House Next Week

"Chemistry with Bang and Glitter" is the theme of the chemical demonstrations to be presented at the annual Chemistry Open House May 17 and 18.

The mysteries, transmutations and wonders of the chemical world will unfold under the direction of Dr. Bosch and his assistants. Burning water fountains, synthesis of wine, beer and milk from water, and other startling phenomena will be shown.

Among the displays will be a large assortment of plastics, illustrating the many uses of these materials for science.

Each department has scheduled demonstrations calculated to amaze, amuse, or merely enlighten the public. Inorganic: electrochemistry and batteries; Analytical: electro deposition and potentiometric titrations; Organic: The preparation of aspirin, DDT, 2-4D, and mirrors; Paint: the use of paint making and testing equipment; Physical: conductivity still and the construction of a Geiger counter. The glass fabrication table will be in operation, illustrating the complexities of apparatus construction.

Displays contributed by local industries will be featured along with contributions from the Fargo Fire and Water departments, and the NDAC geology and dairy departments.

Guides will be present to conduct visitors to all points of interest throughout the building. Every effort will be made to acquaint the public with the work of the chemist.

Education Honorary Society Initiates 15

Gamma Delta chapter of Kappa Delta Pi, national education honorary, held initiation services for 15 members at NDAC.

Initiates were Albert G. Anderson, Patricia Kennedy, Nancy Herbison, Marlys Eichmiller, Arnold Hermunslie and Charles Lind, all of Fargo; Carola Thornberg, Kenmare; Dorothy Robinson, Bismarck; Virginia Borderud, Davenport; Norma Schultz, Hillsboro; Vaughn Thorfinnson, Lisbon; Mona Sund, Cleveland; Blanche Bednar, Lidgerwood; Barbara Holtausen, Wahpeton; and Dean Morford, Kempton.

New officers for Kappa Delta Pi were also named and Kenneth McCoy, junior in agriculture from Larimore, will serve as president for 1951-52.

'Hamlet' Cast Rehearses

Marlowe Jensen and Walt Christensen practice the duelling scene for 'Hamlet' to be presented at the Little Country Theatre next Thursday and Friday, May 17, 18.—(Photo by Don C. Christensen.)

Oak Ridge Laboratory Offers Position To Haibeck, NDAC Physics Student

Jeryl Haibeck

An NDAC senior has been offered one of the top student-physicist jobs in the country, according to information received Friday. Jeryl M. Haibeck of Fargo, NDAC senior in physics, has been selected for the Oak Ridge School of Reactor Technology at Oak Ridge National Laboratory.

Thirty-nine students were chosen for study at the school from a field of 400 candidates from all technological colleges and universities throughout the U. S. Scholars at the school will be receiving a salary in addition to studying atomic energy problems.

Much of the work will be done in atomic energy such as uranium or plutonium for power and for scientific investigations and for creating radioactive materials which are used in research and in medicine.

Daniel Q. Posin, chairman of the NDAC physics department, said that Haibeck is probably one of the few men chosen for this work in the northwest. He believes that Haibeck's selection was based on his high scholastic record, his active participation in campus affairs, and to the fact that he has worked during his four years at NDAC.

Haibeck has served as president of Tau Beta Pi, national engineering honor society this past year. He is also a member of Kappa Sigma Chi fraternity, Blue Key Fraternity, and Phi Kappa Phi.

Air Weather Service Officer To Visit Here

A U. S. Air Force officer, representing the Air Weather Service (MATS), will visit NDAC to meet with Class of '51 members of the AFROTC unit to discuss military meteorology as a career, it was announced by Brigadier General W. O. Senter, Chief, Air Weather Service.

The exact date of the arrival of the Air Weather Service will be announced by the Professor of Air Science and Tactics later.

The Air Weather Service representative will outline the many opportunities being offered to qualified AFROTC graduates in the field of military meteorology. These graduates are being permitted to volunteer and to attend a one year course in meteorology, at government expense, to qualify them for assignments as weather officers with the U. S. Air Force. During this course, the AFROTC graduates will serve in their commissioned rank and will receive full pay and allowances.

May 15 Test Deadline

Selective Service advises that ALL APPLICATIONS to take the qualification test MUST be post-marked not later than May 15, 1951. THIS APPLICATION DEADLINE applies for all announced testing dates.

The date set for testing those students ONLY whose religious affiliations prevent them from taking the test on a Saturday is July 12, 1951.

Tragedies Plague LCT "Hamlet" Cast With Six Day Performance Deadline

By Betty Lou Danielson
With the performance deadline for the Shakespearean tragedy, "Hamlet" six days away, the LCT cast and director are steadily confronted with minor tragedies. Here are some of the problems they face:

Marlowe Jensen, who as Laertes fights a duel with Hamlet, has an eight stitch gash in his "dueling" hand. Guess it takes a man to dry a glass and drive part of it through his hand.

Harold Janneck, the king, has spring farming work to tend to. He called the theatre at 7:30 one night and explained "I can't make it to rehearsal tonight. I'm loading grain." At 3:30 the next morning he was still loading grain.

Don Stewart, Horatio, hasn't recovered from "Ten Nights in a Barroom".

Wait Christensen was sent home to bed with a spring cold this week. He claims that it's

annoying to be in a serious moment of a Hamlet soliloquy and have his voice crack.

Dale Swenson, Francisco and script girl Zo Nelson were hit with the flu.

The opening game of the FM twins threw the entire cast for a loop.

Roe Grignon sells bread.

The ghost of Hamlet's father, Curtis Kaberry, has to take care of his children.

Poor Osric, in the person of Wesley Rae, is really confused. "On Monday, Wednesday, and Friday," he says, "I have to check the rehearsal schedule twice to keep up with the changes."

Arranging rehearsals is no joke, announced Zoe Nelson after devoting one hour to planning the schedule for three days. "Now, besides considering jobs and classes, we have the fishing season to worry about."

Swenson, Kramer Earn AFROTC Promotions

Kramer Swenson

The promotion of Cadet Lt. Col. Wallace J. Swenson, commanding officer of the Air Force ROTC group, to Cadet General, was announced recently by Maj. Robert E. Phillips, professor of air science and tactics at NDAC. Cadet Maj. Robert C. Kramer, executive officer, was promoted to the rank of Cadet Lt. Colonel.

Swenson, a junior majoring in administrative engineering, will receive his commission in the United States Air Force effective June 8, 1951. A member of Alpha Tau Omega fraternity, Arnold Air Society, Blue Key Fraternity and Edwin Booth club, he is president of his junior class and active in college dramatics.

Kramer, a sophomore, is majoring in architectural engineering. A member of Sigma Phi Delta fraternity, Arnold Air Society, and Atlier Chat Noir, he was chairman of the 1951 Engineer's Ball. Kramer will be commissioned June 8.

Institute Purchases Historical Books

All publications of North and South Dakota, Iowa, Minnesota, and Montana State Historical Societies have been purchased by the North Dakota Institute of Regional Studies. Among other books recently purchased relating to this area include "Dakota Land or the Beauty of St. Paul," written by Colonel Hankins in 1868, and "Ranch Life and Hunting Trail" by Theodore Roosevelt in 1899.

The main objectives of the Institute are: to make a card catalogue which will be a bibliography of all printed material relating to the Great Plains area, with emphasis on North Dakota; to collect as much of that material as is economically feasible; to stimulate research on all phases of the area; and to see that this research gets properly published and distributed.

The first publication of the Institute was Dr. O. A. Stevens' book, "Handbook of North Dakota Plants."

H. Dean Stallings was recently elected chairman; Dean Giesecke, executive secretary; and Dr. O. A. Stevens, curator for the North Dakota Institute of Regional Studies. The new executive board consists of Dean Dunbar, Prof. Kenneth Kuhn, Prof. Rudolph Ottersen, Miss Ruby Grimes, Prof. Baldukr Kristjansson, and Professor Lorn Patter.

Col. Luongo To Inspect Army ROTC Unit Here

Colonel Henry L. Luongo, director of the Army ROTC units at the University of Denver, will head a Fifth Army inspection team to visit NDAC May 21 and 22.

The team will make its annual formal inspection of senior division ROTC units at that time.

The Fargo ROTC inspection will be the final stop on the inspection team's tour of the Dakotas and Minnesota. Other college and university units in this area to be inspected by the team include the University of South Dakota at Vermillion, South Dakota state college at Brookings, the University of North Dakota at Grand Forks, and the University of Minnesota at Minneapolis.

Dr. Bailey To Receive Honorary Degree, Give Commencement Address June 4

Dr. Clyde H. Bailey, dean and director of the department of agriculture at the University of Minnesota, has been selected to receive an honorary doctor of science degree at the NDAC annual commencement exercise June 4, according to President Fred S. Hultz. Bailey also will deliver the commencement address.

He has been chosen for this honor because of his unlimited service in the field of agricultural chemistry. A graduate of NDAC in

1913, Dean Bailey's first job was with the bureau of plant industry in the North Dakota Agricultural Experiment Station. During this time he co-authored bulletins Nos. 89 and 93 while working on a cooperative wheat testing program. He holds his M.S. degree from the University of Minnesota, 1916, and

Dr. Clyde Bailey

his Ph.D. degree from the University of Maryland, 1921.

He joined the staff of the agricultural biochemistry division at the University of Minnesota as an instructor in 1911 and attained his full professorship in 1920. From 1911-38 when Dean Bailey was engaged in research and instruction in food technology, he authored three monographs and more than 300 scientific and technical journal articles. He has held the position as dean of the department of agriculture since 1941.

He founded the Journal of Cereal Chemistry, published by the American Association of Cereal Chemists, in 1924 and served as its editor until 1931. He is a member and past president of innumerable scientific societies and organizations.

Among other distinguished honors conferred on Dr. Bailey are his being named to the "100 living great" in Minnesota at the centennial celebration in 1949 and listed among the "Ter. Ablest Agricultural and Food Chemists of the United States" in a poll conducted by the Chicago section of the American Chemical Society in 1947.

The commencement exercises at NDAC will be held at 10 a. m. on June 4 at the Field house. Baccalaureate services will be conducted on June 3 at 3 p. m. at Festival hall.

Maxine Sill, Brekken, To Present Recital

Miss Maxine Sill, a junior in AAS from Beach, will give a piano recital on Tuesday, May 15, at 8 p. m. in Putnam hall. She will be assisted by soprano Jacolyn Brekken, freshman in home economics.

The program includes piano selections: "Fantasie in F minor" by Chopin, Chanty from "Songs of the Sea," by Block, "Little White Donkey" by Ibert, "Vision Fugitive" by Prokofinek, "The Fountain of the Acqua Paolo" by Griffes, "First Concerto in D Minor (first movement) with Cadenza" by Reincke.

Miss Brekken will sing "Hymn to the Sun" from the opera "Le Cog D'or" by Rimsky-Korsakoff, "Lo! Here the Gentle Lark" by Sir Henry Bishop, "How Do I Love Thee" by Eduard Lippe, "Passepied" by Les Delibes, "The Little Shepherd's Song" by Winter Watts, and "Italian Street Song" by Victor Herbert.

The two women are being presented by the NDAC music department.

Tioga Oil On Display

Two samples of North Dakota oil directly from the Tioga oil well are on display at the NDAC library. The oil samples were furnished by Walter Runestrand, an NDAC architect graduate who helped plan the layout for our new library.

Mr. Runestrand also gave a sample to the chemistry department.

NOTICE

Applications for freshman members of the Student Union Board will be submitted to Bob Schnell in the absence of the regular commissioner. The Board will select one will be elected by the Student Commission to serve as a regular Student Union Board member.

Gamma Phi Beta, Kappa Kappa Gamma Sorority Chapters Elect New Officers

Gamma Phi Beta sorority elected Marilyn Hunter (AAS-Soph) president for next year. Marilyn is co-editor of 1952 Bison, a member of the board of finance, and a member of senior orchestra.

Other officers are Eileen Anderson, vice-president; Betty Lou Danielson, treasurer; Jean Bolmier, recording secretary; Gini Lee Arneson, corresponding secretary; Pat Kennedy, senior Panhellenic delegate; Lois Fitzloff, junior Panhellenic delegate.

Frances Eveleth, scholarship; Genevieve Wild, activities; Joyce Johnson, publicity; Mary Carol Twetten, historian; Lue Lawrence, song chairman; Margie Johnston, crescent correspondent; Beverly Woods, house manager; Janet Olsson, asst. flower manager; Kiki Peterson, flower chairman; Lorrie Brown, rushing chairman; Beverly Litzinger, pledge trainer; and Betty Lou Kerr, literary exercises.

Peggy Armstrong (AAS-Jr) was recently elected president of Kappa Kappa Gamma sorority, replacing Joan Nydahl Naves.

Other officers elected were: Nancy Herbison, vice-president; Patricia Carlson, treasurer; Janet Kiefer, recording secretary; Mary Ann Bystol, corresponding secretary; Mary Fran Broderick, pledge captain; Mary Pat Murphy, house chairman; Shirley Shepard, social chairman; Suzanne Minnis, scholarship chairman and Panhellenic delegate.

Carol Jordheim, membership chairman; Phyllis Herbison, key correspondent; Margaret Bolton, marshal; Pat Puckering, music chairman; Joan McKenzie, active-deputy; Peggy Murphy, publicity ties chairman; Margaret Anderson, registrar.

Strum Promoted By Extension Service

George E. Strum, assistant animal husbandryman since 1946, was promoted to the position of animal husbandryman in charge of the statewide livestock improvement educational program of NDAC Extension Service, as announced by E. J. Haslerud, director.

Strum succeeds M. H. McDonald who resigned recently to become fieldman for the American Hereford Cattle association at Kansas City, Mo.

Mr. Strum is a native of Barnes County and was raised on a farm near Hastings. He is a former 4-H member and earned a number of livestock awards in his 10 years with the 4-H. Some of these recognitions were a state award for agricultural achievement in livestock, and a scholarship to NDAC for third high individual scoring honors in the national noncollegiate livestock judging at the International Livestock Exposition in Chicago. He was state president of 4-H Achievement Institute in 1933.

After graduating from NDAC in 1940, Strum was assistant extension agent in Burleigh county and then assistant 4-H agent with the Extension Service. In 1942 he entered military service and advanced from private to captain before rejoining the Extension Service in 1946 as assistant animal husbandman.

Strum's livestock activities have taken him to every part of the state in the past five years. He has given special attention to 4-H

George E. Strum

livestock work and has appeared at many livestock judging and other livestock improvement meetings. At the present he is secretary of the North Dakota Shorthorn Breeders association and is assistant manager of the junior beef cattle futurity of the Valley City winter show.

Short Circuit

Professor Robert K. Wattson and Mr. Chadwick Coombs, faculty representative and student chairman of the Engineering Open House committee respectively, approximately 1800 spectators attended the two day open house last week.

Mayor and Mrs. Murray Baldwin of Fargo were honored guests on Thursday afternoon.

Miss Phyllis rians, "Miss Engineer's Dream", and Mr. Marshall Moore, "Mr. Engineer", were the engineering council's dinner guests at the Frederick-Martin Hotel, Saturday, May 5.

The NDAC chapter of the American Society of Civil Engineers received commendation for excellence in the effective and meritorious conduct of their affairs for the period covering January 1-December 31, 1950.

This award was also given to 14 other colleges in the United States. This is the first time such a commendation has been given to the local chapter since its establishment in 1932. These awards, given annually since 1935, were announced by the committee of student chapters of ASCE on May 1.

Members of the North Dakota State Student Branch of the American Society of Agricultural Engineers left Wednesday afternoon on their annual field trip. The group is being accompanied by Norman A. Evans, faculty advisor of the club, and Professor William Promersberger, chairman of the department of agricultural engineering.

Points of interest to be visited on the trip include the U. S. Bureau of Reclamation operations at Mandan, Bowbells, and Minot, the Heart-Butte and Garrison Dams and the potato research laboratory at Grand Forks. The group will return to Fargo Saturday evening.

Yesterday and today the Portland Cement Association of Minneapolis are sponsoring a course for engineers, architects, and contractors of this vicinity in the history, development, materials, methods, principles of design, and the application of "prestressed concrete". Mr. R. W. Randall, the company's district structural representative, with the assistance of Mr. R. K. Lewis, North Dakota field engineer, are conducting these

classes at the NDAC School of Engineering.

Professors Robert N. Faiman and John G. Weeks of the electrical engineering department attended an engineering teachers course sponsored by the American Society for Engineer's Education at the University of Wisconsin, April 26 to 28. Faiman represented Dean R. M. Dolvc at the engineering deans' conference.

Ronald Nelson (EE-Sr.) won the annual AIEE paper contest with his report on "A One-Cycle Radio Interference Filter." Nelson will present his paper at the regional AIEE convention at Madison, Wisconsin, May 18 and 19.

Larry Bogar (EE-Sr.) won second place with his paper on "A Study of Negative Resistance."

Architects Criticize Student Union

EDITOR'S NOTE: The Spectrum staff realizes that the Student Union Board has made a request for criticisms to be sent into the board. The following suggestions, made by the fifth year architectural class, are printed here in order to arouse interest among the student body in the proposed plans.

CRITICISM PERTAINING TO THE NEW STUDENT UNION BUILDING:

Upon noticing a request posted in the library for constructive criticism on the new student union building, the fifth year architectural class submits the following comments. It is hoped that these remarks will enlighten the student body on the apparent shortcomings of the proposed building plan—this building is for student use and it is with this in mind that the following criticisms are made.

MAIN FLOOR:

- 1. Entrance foyer directs you to faculty lounge instead of student lounge—this seems inappropriate.
2. French curve flagstone floor in student lounge is nice, but what function does it serve?
3. Committee rooms are too small—only 100 square feet.
4. Powder room—no space for powder?
5. Main vertical circulation very indirect—stairway badly located. Marble on stair is expensive—money could be used more wisely.
6. Location of ticket booth bad in relation to areas it will control.

SECOND FLOOR:

- 7. Inadequate stage and no dressing room provisions.
8. Student government and committee rooms too small—too much corridor circulation.
9. No service dumbwaiter to second floor kitchen.
10. Kitchen on second floor functions like a hall.
11. Placement bureau and alumni offices too dispersed.
12. Why force elevations with closets over vault?
13. Is a fireplace necessary in an auditorium?

BASEMENT:

- 14. Why fur out wall to cover columns in lunch room? Can't columns be in basement wall?
15. Basement service to storage through kitchen?
16. No direct service to bookstore.
17. Bookstore—in a student union?
18. Phone booths—in basement, but none on first and second floor.
19. Game room—too small and area congested with columns.
20. Too much circulation area in basement.
21. No windows in publication room.
22. Janitor's closet in basement as large as meeting rooms.
23. Counter shape and location in lunch room bad.
24. Lunch room should have view in preference to auditorium.
25. Do we really need a basement—can't the areas be worked in above ground?

BUILDING SECTION:

- 26. Is a parapet wall really necessary?
27. Shelter canopy over roof service door is ridiculous.
28. Why heavy frame around auditorium windows.

ELEVATION:

- 29. Regarding front entrance canopy—when does flight five take off?
30. Prominent windows on second floor open only into student commission rooms—why not the hallway?
31. Front elevation—looks like an institution, not a recreation center.

DESIRED AREAS WHICH HAVE BEEN OMITTED:

- 32. Bowling alleys.
33. Club meeting rooms.
34. Exhibition area—we don't want any more unplanned exhibit space.
35. Projection room for auditorium.
36. Hobby and craft rooms.
37. Designed areas for pool and ping pong.

CONCLUSIONS:

A student union should be informal rather than controlled. Lets overcome the desire for impressiveness and give a little more thought to informal 1951 living habits . . . We don't want another monument, we want a STUDENT UNION BUILDING! Submitted by members of the 5th architecture class:

Little Man On Campus

by Bibler

"That'll take care of the writing—but what if he asks you to take an oral exam?"

BY CHRIMPF

WHAT'LL YOU HAVE? . . .

This is Spring—when students are leaving their crowded classrooms and the crowded city and getting out on the crowded highway enroute to a crowded picnic ground. That old saying, "Three's a crowd" will never sell. Least crowded are the classrooms. That's what they mean by wide-open spaces.

Round, metallic containers are once again profusely strewn upon the ground, emptied of all but a few drops of their nourishing contents. Just three weeks remain of the present term. Females are once again coveting about in shorts and halters. Yep — it's Spring!

LILAC DAY . . .

Lilac Day is here again—and it always brings to mind Bob Johnson's (FM bartender—and that FM doesn't mean free martinis!) definition of the road to Forks—"80 miles of beer cans, or no wonder the lilacs won't grow!"

harvey jacobsen . . .

Good ol' harv finally pulled a genuine funny last week in the STUDENT—even Irv Letofsky laughed at it. Seems a professor wanted to know why a student didn't have his lesson prepared for the day. He got the reply, "I forgot to cut this class." Don't feel bad if Carl Sandburg got the Nobel Prize, harv—you just keep pluggin' along.

GEM . . .

From the Kiplinger Report comes this little gem: "Now that man is making rain, the field for acts of God is getting restricted."

MR. MALAPROP . . .

Don Christensen is at it again—after his "pole shaft" episode of last week, he came up with this one: Taking a hurried phone call at his home, he heard the voice at the other end inquire,

Social Jottings . . .

By LOIS FITZLOFF

Get out your bar-b-que sticks, plaid shirts, and jeans tonight. There's a big barn dance at the Field house preceded by a picnic at the tourist park, less familiarly known as Lindenwood park. This is one of the best dances of the year and is sponsored by Saddle and Sirlin club on campus.

Picnics head the schedule of entertainments this past and coming week. KKG's went picnicing with the Sigma Phi Deltas on Thursday. This is a postscript to the announcement: SPD's are working out the details to pledge up their first female. She is a pup named Epsy for Epsilon chapter.

Phi Mu's have three new pledges, Joane Pfeiffer of Harvey, Lois Pfeiffer of Pequot Lakes, Minn., and Betty Ruby of Cavalier.

Yesterday the Kappa Sigs met the Phi Mu's at the tourist park for a picnic.

More soft ball games! ATO actives beat the Tau alums in a game Monday. Hear they drank 40 kegs of—soft drinks.

Gamma Phi Beta were hostesses to the Sig Phi Deltas at the sorority house from 4 to 6 on Wednesday.

More and more and more picnics . . . Kappa Alpha Theta had supper in the park with the Kappa Psi's last Monday at 6:00. On Thursday the KAT's had a picnic with the ATO's at 5 at the same place.

Phi Kappa Phi had a banquet at the Graver on Thursday for all the elite, pardon me, those lucky enough to have brains to make the top honor roll.

Kappa Psi will have a dinner dance at the Frederick Martin hotel on Friday before the Barn dance.

Kappa Delta sorority has seven new actives. They are Arlene Anderson, Beverly Brown, both of Fargo; Sonja Blegan and Carol Crowder of Moorhead; Phyllis Hans, Davenport; Rita McConnachie, Inkster; and Bea Purcell, of Larimore.

KD's and Theta Chi's had their annual water fight last Saturday. Theta Chi's won the battle. Small wonder with the practice they get.

The traditional Gamma Tau picnic between the Kappa Kappa Gammas and the Sigma Chis was held Tuesday.

New wearers of the Sig white cross are pledges Bill Lechner, Hall Miller, Vern Peterson, all of Fargo; Milton Maier of Linton; and Fred Bobb of Bismarck. Congratulations!

Next Wednesday the Sigs and Gamma Phis will picnic together also.

Irv Hoiman, SPD alum, pinned Donna Jacobson, a nurse at Worthington.

There were 235,860 more persons injured in U. S. motor vehicle accidents last year than in 1949.

Hesse, NDAC Graduate, Has Lead In F-M Community Theater Play Production

By BETTY LOU DANIELSON

John Hesse, recent NDAC graduate, will appear in the next Fargo-Moorhead Community theater play next week. The play, Thornton Wilder's delightful allegory, Skin of Our Teeth, will be presented next Monday and Tuesday, May 14 and 15, at the Moorhead Senior high school.

Hesse, while attending NDAC was a member of Edwin Booth Society, and appeared in a number of Little Country Theater productions. The most recent of these was ANTIGONE presented last fall.

Others in the cast include Mrs. Larry Duncan, Mrs. Roy Quamme, William Oliver, and Miss Birgit Anderson. The production is under the direction of Mrs. William Oliver, formerly connected with the Dumont Television network in New York City.

Mrs. Cullum To Speak

Next Wednesday night, May 16, at 7 p. m., in the Fireside room of the Y, Mrs. A. G. J. Cullum will explain the proposals and organization of the United World Federalists. Mrs. Cullum has served on the national staff of the Student United World Federalists.

Following the talk and reports there will be a discussion period. This meeting is being sponsored by the YMCA, YWCA, and the IRC. All students and faculty are welcome to attend.

At your favorite food store or phone 2-3275 for home deliveries.

Beta Sigma Elects Donna Wohl Prexy

By Betty Lou Danielson

Beta Sigma, honorary fraternity for women in band, elected officers Wednesday, May 2, at Putnam hall. Serving for the next year are: president, Donna Wohl; vice-president, Marilyn Meier; secretary, Phyllis Hans; treasurer, Jane Preuss; and publicity chairman, Edith Hawkins.

Included in future planning is affiliation with Tau Beta Sigma, the national fraternity in this field. The local chapter will be initiated before the term ends.

Jim Dower Heads APhiO

Alpha Phi Omega held an installation of officers and initiation ceremony last Tuesday night. Jim Dower (Ch-Jr) was installed as president. The following men were initiated: Fred Brandt, Agr-Sr; Joe Helle, Agr-Fr; Don Johnson, EE-Fr; Dick Kloube, AAS-Jr; Don Meyers, AAS-Jr; John Schacker, AAS-Soph; and Kent Sherwood, AAS-Fr.

Student Commission Minutes

May 8, 1951.

The meeting was called to order by President Schnell. Mary Fran Broderick and Dr. Johnsgaard were absent. Bob Greuel presented bills in the amount of \$183.05 as follows: Election expenses—\$3.05. BISON Annual—\$180.00.

Motion was made by Kenny Ward that these bills be allowed. Seconded by Pat Kennedy. Motion carried. Applications for sophomore member of the Student Union Board will be submitted to Bob Schnell in the absence of the regular commissioner. Student Union Board will select two qualified applicants to be passed on by the Student Commission. One member will be selected for the Board.

Discussion held on a homecoming band. Further discussion at a later date. Next week discussion will be held on future plans including a specified time at which Commission meetings will be held. Motion to adjourn made by Bob Colliton. Seconded by Bob Greuel. Motion carried.

Respectfully submitted, KAYE BAYLEY,

A SHOT IN THE DARK

BY JOHN MASHEK

BENTSON PLEASED

Spring basketball came to a close Wednesday after three weeks of drilling on fundamentals and new phases of the game. This was the first time to my knowledge that the Bison school has delved into basketball on a spring level.

Bentson termed the workouts a definite success. The Herd skipper was pleased with the general attitude of his players during the grind. With the season just being completed, there should be a tendency toward indifference. However, that feeling wasn't prevalent.

The Bison basketball team went over in detail mistakes made during the campaign, working tediously on defensive maneuvers. It was this category where the Aggies led down during the season's play.

It was especially noteworthy that the fast break received more than a passing glance this spring. Most college fives are now employing the fast break system, which generally throws defense to the winds in order to outrun and outscore the opposition.

During the past campaign the Bensonmen shelved the Shelton Weave in favor of a deliberate style of play. If handled correctly, a slower working pattern can stymie the fast break. Next year some changes may take place. Bentson, who has his entire first five returning, could have a few surprises planned for the future.

In Bentson's two seasons as head coach, basketball fortunes have improved considerably. After a poor start in '49, the Bison staged a terrific comeback to be the strongest team in the loop at the conclusion.

Gra-ted, the hoopsters weren't world beaters this season. But the line-up was liberally sprinkled with sophomores and junior talent. The 1950-51 North Central teams were extremely well polished; moreover, they floored quintets made up almost entirely of seniors.

Next year could be the one. NDAC, with that first five and leading reserves coming back, should benefit from this year's experience. A conference basketball crown could work wonders for that drawing card I've mentioned before. Don't call this little quip crystal ball gazing, but an optimist enjoys life.

JIMMIE TRACK MEET

I journeyed to Jamestown last week to watch the Bison cinder crew easily subdue four other squads. The all-around strength of the thin-clads bordered the nearest rival by 28 points.

The weather played a major role in holding runners to slow times in all the running events. The temperature dropped near freezing while a strong wind also hampered the participants.

The only thing distasteful about the affair was the easily noticeable lack of planning. The meet, being arranged at the last minute, dragged along at a slow rate and the cinder track was in poor condition.

Kaiser's squad placed in all events but the hurdles. Dick Brown and Everette Harrison, soph. timber-skipper, have returned to the squad this week and should garner points at Bemidji today.

The Bison are dead set on winning the NDIC meet on May 25. If improvement is any indication the herd should be on the long end in that get-together.

HERE N THERE

The women's softball league, in full swing this spring, has been drawing in large numbers to their games. With scores running into the thirties and forties, the girls go all out for dear old sorority.

The entertaining part is that some of the girls are really handy with the bat and ball. Some of the games turn into outright comedies, but this adds to the enjoyment of the many onlookers.

Chuck Wolfe, NDU sophomore basketball sensation, flunked his physical examination prior to entering the U. S. Naval Academy. That should delight newly appointed coach Louie Bogan, who is counting on Wolfe to carry the scoring burden next winter.

South Dakota University swept nearly all the relay events in the Dakota Relays at Sioux Falls last Friday. The Coyotes re-venge earlier defeats at the hands of South Dakota State. Iowa Teachers and a portion of the University of Minnesota track teams were also represented. The crack SDU mile relay team clicked off their specialty in 3:28.9 to set the pace for the Sodaks monopoly.

The local baseball nine got quite a reception on opening night as 8,044 fans poured into Barnett field to view their favorites. That turnout not only set a new Northern League attendance record, but also drew the St. Louis Browns and Boston Braves of the Majors and six American Association clubs in their opening day throngs. If the Twins management makes good their promise of fielding a winner, this baseball-crazed city will be up in arms.

GOLFERS TRIUMPH

The NDAC golf team kept their record clean with a 4 up victory over a hapless Moorhead State Teachers squad on Wednesday. Although the Bison shot a mild 85 average, they still managed a 8-4 win. Windy weather bothered both teams. Charlie Mahan, MSTC ace, captured medal honors with an 83 card.

Anderson's Homer Gives MSTC Victory

By JIM SCHRIMPF

MSTC's Dragons were breathing fire Monday as they nipped the NDAC Bison for the second time, 6-4, on the Teacher's sun-drenched field. The loss left the Bison with a 1-3 record in the Steve Gorman league.

Beanie Anderson's fifth inning four-master over the left field wall with one mate or board broke up a 4-4 tie, and kept the Dragons in the race for loop honors.

Righthander Larry Krabbenhoff survived a rocky first inning, when the Bison scored all of their four runs, and set the Herd down with only five singles. He struck out 11 and walked two. Doug Boling started for the AC, and gave up only four hits in 4 1-3 innings he worked. But two of the four—a triple by Krabbenhoff and Anderson's homerun—accounted for four runs, and Orv Gran brought in two more with his first-inning single. Thor (Red) Hertsgaard retired the final five Dragon batters with some fancy sidearming.

The Bison, who have garnered only 8 hits in their four games, continued their weak sticking, except in the initial frame.

Jerry Friedman opened the big Bison first with a walk, and was advanced to second by Rod Fercho's bunt single down the first baseline. Fercho was forced at second on Cornforth's roller to short. Chick promptly pilfered second base, and Berard Masse drove the two runners across with a solitaire to center. Roger Fercho belted a single to right, with Masse going to third.

Jerry Benshoof hit a grounder to short, Masse scoring, and Fercho going to third after worming his way out of a run-down. Krabbenhoff wild-pitched him home.

The Dragons got two runs back in their half of the first, Orv Gran driving Myroa Way and Mac Dahi across with a single over second base.

With the singling Ken Johnson on second base, Krabbenhoff drove a long triple to dead center field, and scored when the ball was juggled to tie the score at 4-4. Anderson's blast sewed it up in the fifth.

The Bison had a mild threat started in the final frame, when Friedman singled with two out. Shortstop Dahi made a leaping stop at the liner, but was unable to get enough glove on it. Jerry went to second on a wild pitch, and took third on catcher Hedstrom's error. Rod Fercho drove two hard fouls down the right field line before swinging at a third strike to kill Herd hopes.

Three Dragon runs were unearned, coming as a result of five Herd miscues. Hertsgaard's relief work was a bright spot, his side-arm slants handcuffing the Dragon batters in the 1 2-3 innings he worked.

Bison Cindermen Cop Jimmie Meet; Oliver, Goetz, Moore Pace Attack

Gerry Goetz and Del Moore, promising freshmen tracksters, practice passing the baton during a workout. (Both men have scored well in the two meets held thus far.—Photo by Don C. Christensen.)

By JOHN MASHEK
North Dakota State's hard working track team swept to an easy win in the Jamestown College Invitational track meet held last Saturday. The Bison rolled up a 24 point advantage over their nearest rival, the host Jamestown Jimmies.

The final team point totals NDAC 82, Jamestown 58, NDU 50, Ellendale NI 23 1/2, and Valley City Teachers 9. Several other schools had been invited to the meet, scheduled just a few days before, but already had previous commitments.

Johnny Jensen of Jimtown was the leading point getter of the attraction with 19 1/2 points. Jensen capped both hurdle events, and won the javelin after entering at the last minute. Big Loren Oliverson, Bison dashman, coupled wins in the 220 and discus to match his third in the 100 for 13 counters. Oliver's surprise victory in the discus helped the Herd cause immeasurably.

North Dakota University, who edged the Bison the previous week in a breath-taking finish, had to settle for a poor third. Hampered by the absence of Buzz Elliott, the strength of the Sioux in the field events was lacking. Rube Entzel attempted to pick up the slack, but his stellar efforts proved futile.

The conditions for the clash were far from ideal. A strong wind and chilly weather prevented any re-writing of the record books. Also, the running track wasn't in the best of shape.

However, two NDAC cindermen performed well in their field specialties despite the weather problem. Marty Davis, whose leg injury prevented him from competing at Grand Forks, leapt 21 feet, 6 inches in the broad jump. The Hammond, Indiana freshman continually hit the 21 foot mark but failed to break the standing record.

Two other frosh standouts, Del Moore and Gerry Goetz, ran well despite the handicap of racing into the wind. Moore won the 100 and placed second behind Oliver in the 220 despite a painful charley horse in his hip.

100-yard dash—Won by Moore, NDAC. Becker, Jamestown, second. Oliver, NDAC, third. Claymore, Valley City, fourth. Conny, NDAC, fifth. Time: 11.1.

220-yard dash—Won by Oliver, NDAC. Moore, NDAC, second. Jensen, Jamestown, third. Becker, Jamestown, fourth. Gudmundson, Valley City TC, fifth. Time: 24.8.

440-yard dash—Won by Carolan, NDAC. Rydstrom, NDAC, second. Cummings, Jamestown, third. Nelson, Jamestown, fourth. Retzlaff, Ellendale, fifth. Time: 58.7.

Half-mile—Won by Goetz, NDAC. Hitechock, Jamestown, second. Sestack, NDU, third. Carolan, NDAC, fourth. Luttschwager, Valley City TC, fifth. Time: 4.50.

1000-yard dash—Won by Broegger, NDAC. Grunzeth, NDU, second. Krenner, Jamestown, third. Richter, Ellendale, fourth. Sestack, NDU, fifth. Time: 11:24.9.

1 1/2-mile—Won by Jensen, Jamestown. Becker, Jamestown, second. Vondergeest, Jamestown, third. Claffy, NDU, fourth. Claymore, Valley City TC, fifth. Time: 23.00.

High hurdles—Won by Jensen, Jamestown. Entzel, NDU, second. Brown, Ellendale, third. Vondergeest, Jamestown, fourth. Claffy, NDU, fifth. Time: 17.6.

Javelin—Won by Jensen, Jamestown. Entzel, NDU, second. O'Neill, NDAC, third. Rolfe, Jamestown, fourth. Galbreath, NDU, fifth. Distance—150-9.

Shot put—Won by Hallada, NDU. Kubas, NDAC, second. Brown, Ellendale, third. Retzlaff, Ellendale, fourth. Hoff, NDU, fifth. Distance—42-7.5.

Discus—Won by Oliver, NDAC. Retzlaff, Ellendale, second. Kubas, NDAC, third. Schwartz, Jamestown, fourth. Rolfe, Jamestown, fifth. Distance—128-1.

Pole vault—Tie for first between Murgatroyd, Ellendale, and Lees, NDAC. Galbreath, NDU, third. Brown, Ellendale, fourth. Height—5-7 1/2.

High jump—Won by Entzel, NDU. Bennet, NDU, second. Murgatroyd, Ellendale, third. Galbreath, NDU, fourth. Claymore, Valley City TC, and O'Connor, NDAC, tied for fourth. Height—5-7 1/2.

Broad jump—Won by Davis, NDAC. Entzel and Claffy, NDU, tied for second. Lees, NDAC, fourth. Wilkie, NDU, fifth. Distance—14-6 1/2.

Half-mile relay—Won by NDAC (Conny, Goetz, Rydstrom, Oliver). Jamestown, second. Valley City, third. Time—1:38.8.

Concordia Sixth Inning Uprising Nets 6-5 Win; Bison Drop To Fifth In Gorman Trophy Pursuit

By IRV LETOFSKY

Good strategy and NDAC misplays paid off for Concordia college Wednesday as the Cobbers edged the Bison baseballers, 6-5, in a Steve Gorman league contest on the MSTC diamond. The loss dropped the Bison to fifth place in the Steve Gorman league.

The Cobbers rallied for three runs in the sixth inning to overcome a 5-3 Bison lead and gain their second league win against two losses for the season. It was the Bison's fourth loss in five games.

Red-headed Thor Hertsgaard started the pitching for the Herd but was relieved by hard-luck righthander John Mashek in the fifth with one down and two Cobbers on base. Mashek put out the flames but was tagged in the sixth with the Cobber trio and was credited with his third loss.

The winning Cobber run scored across on player-coach Ken Severud's perfect squeeze bunt that the Bison could not reach as

Don Kerlin crossed the plate. The runs off Mashek were unearned as the Bison committed three costly errors in the fatal sixth. Mashek, appearing in 13 innings for the Bison squad this season, has been tagged for 14 runs, only three of which were earned.

Bob Johnson worked for the Cobbers and allowed 10 hits. Severud, the tall southpaw who had a try-out in professional ball, relieved in the seventh and got the side out quickly on strikeouts.

Severud gave the Herring Snappers a 2-0 lead on a two-run double in the opening frame. The Bison came up at 2-1 on Eino Martino's punch single to left after Roger Fercho had walked and took second on Jerry Benshoof's sacrifice.

Hertsgaard, Mashek (6) and Cornforth, Johnson, Severud (7) and Kluyer.

Score by Innings: NDAC 000 140 0-5 10 5, Concordia 200 103 x-6 8 1

Grabarkewitz's Second 4-Master Gives Herd 6-4 Victory In Extra Inning Setto

By IRV LETOFSKY

Paul (Gabby) Grabarkewitz, Bison third-sacker, thumped a pair of long homeruns to pace Coach Marv (Packy) Schaffer's crew to a 6-4 eighth-inning win over Wahpeton Science on the Bison diamond Friday.

Grabarkewitz' second four-master into deep right centerfield came with a mate on base to break a 4-4 tie in the first extra frame to give the Bison their first Steve Gorman league win in a trio of starts.

The loss was the second in a row for the Wildcats, who suffered a 16-14 setback from Moorhead Teachers in the opener.

Rod Fercho, stellar Bison second baseman, also hit for the circuit, his blow coming in the first inning with a teammate aboard.

Thor Hertsgaard, Bison right-hander, gained the winning verdict after relieving starter John Mashek. Hertsgaard set the Wildcats down in order in the overtime inning.

Mashek, who had suffered both previous Bison defeats, hurled good ball in the seven innings as he walked only two and fanned eight. He gave up eight base hits, three of the infield variety which aided the down-staters in pushing across three of their four runs.

The four Wahpeton tallies off Mashek were unearned. Five of the Bison scores were earned. Diminutive Jim Flaa, Wildcat portside, went the distance, passing four and striking out three Bison. He issued only five hits until the fatal eighth.

With two down in the opening inning, Wahpeton's Darrel Kampeschor hit through the hole at third and sped to second base on a wild pitch. He stole third and came home to push the Wildcats to a 1-0 lead.

Jerry Friedman walked to open the Bison half of the inning and hustled home in front of Fercho on the four-base liner to left, giving the Bison a 2-1 advantage.

The Wildcats knotted the score with a two-spot in the fifth. Catcher Doug Flaa lined a base hit through second base, and with one out he was forced at second on Cy Stradsvold's grounder.

Stradsvold swiped second and scrambled to third on an overthrow. He came home on Gerry Daugherty's infield single. Daugherty moved to the keystone or a passed ball and scored when the Bison erred on Kampeschor's grounder.

The Bison took a 4-3 lead with one out in the fifth. Berard Masse drew life on an error was sacrificed to second by Roger Fercho, pulled into third when the Wildcats miscued on the sacrifice play and scored on Jerry Benshoof's long fly to Centerfielder Herb Kothe, who made a great catch of the ball.

Kothe opened the Wahpeton sixth with a hard smash to right field, but he was caught trying to stretch the hit to four bases on a quick relay from Lyle Fugleberg to Rod Fercho to Catcher Tom Cornforth.

With two down, Arlen Syverson got an infield solo and gained second on Doug Flaa's single to right. He came home when the ball went through the right fielder, leaving the game deadlocked at 4-4.

Benshoof blasted a one-baser to centerfield to begin the eighth inning, and Fugleberg moved him to the keystone on a sacrifice. Then Grabarkewitz slapped his second homer for the Bison 6-4 win.

Although each side committed three misplays, the exciting affair was sprayed with sterling catches and good infield play. The game was played in sunny weather before another good-sized crowd.

Bison Gridders Scrimmage

Ray Curtis, seen between backs Marty Davis and Delorin Schluchter, is about to fake the pigskin to Jack Werlein, (charging into the line at Schluchter's right). Curtis pitched out to Davis who picked up a long gain during a Bison scrimmage.—(Christensen Photo).

Inter-Squad Tussle Marks Grid Ending

Spring football practice will come to an ending today as the Bison gridgers engage in an inter-squad scrimmage on the old stadium field at 4:15.

The squad has received a few setbacks in the form of injuries. Both Tommy McLeod and Irv Meyers were out for a short time with ailments. Ron Zatkoff's ankle has also hampered his participation. Orv Overboe is now practicing teaching and had to drop football for the remainder of practice.

Jim Hitter, regular half-back from last season's eleven, is bothered by an infected eye. Freshman Marty Davis has seen limited gridiron action because of the track season conflict.

Reports received from observers and the coaches indicate that many of this year's freshmen club will see a considerable amount of action next fall.

Bob Lauf, the rough tackle from LaMoure, has shown well at his post during the past weeks. At the other tackle, Bob Zorich's steady improvement has pleased Wenskunas.

In the backfield, Dean Morford's blocking has been a strong point. Ray Curtis and Bennie Noland, varsity signal callers, have handled the ball with greater speed and finesse this spring. McLeod, who played entirely on defense during the 1950 campaign, should see more offensive action.

Wenskunas is experimenting with the following first eleven. Sam Vranish and Zatkoff at ends; Lauf and Zorich at the tackles; Bob Nenninger and Marty Kranger at the guard slots, and Ray Paxton at the pivot post.

Noland has been handling the quarterback chores, with Hitter at left half. The right-halfback spot is definitely an uncertainty now that Overboe is no longer drilling with the squad. Jack Werlein, freshman from Berwyn, Illinois, has been carrying the full load. At fullback veteran Morford and Bill Buckelew have been toting the pigskin.

Therefore, the starting alignment that Wenskunas is working with includes five linemen and one back from last year's undefeated yearling crew. Lettermen, who didn't report for spring tryouts, are expected to answer Wenskunas' call next fall.

Bison Enter Bemidji Meet; Strong Teams Expected To Enter

Coach Ery Kaiser and a crew of 17 cindermen left this morning for the annual Bemidji Invitational, a meet sanctioned by Bemidji State Teachers College. The classic, postponed by inclement weather last season, has always been regarded as a top notch meet in northwest track circles.

The following teams are expected to send representatives: North Dakota University, NDAC, Concordia, St. Cloud Teachers, Moorhead State Teachers, The University of Minnesota (Duluth Branch), and the host Bemidji Beavers. Other Minnesota state college conference teams may enter before the deadline.

Kaiser seemed quite delighted over the showing of his charges at Jamestown. The Bison amassed a 82 total to easily outdistance their rivals. After losing to the University in the Sioux Invitational revenge was sweet in the Jimmie meet.

"The Bemidji meet is always tough, and we'll have to get top notch performances for a good showing", stated the Bison track coach. If more strength could be picked up in the hurdles and weights, the Bison would have all-around balance in all events. The addition of Dick Brown in the hurdles this week may help.

Several Bison are on the shelf, nursing injuries. Del Moore didn't practice this week to cure a painful charley horse in his hip. Don Edam sustained a gash on his leg during the pole vault at Jamestown and probably won't be available today.

Chuck Gronberg, promising freshman pole vaulter, is still bothered by a trick knee. Kaiser hopes Chuck is ready for the all important NDIC and NCC track meets. Gerry Goetz turned his ankle during a practice session this week, but should be ready for today.

Journeying along with Coach Ery Kaiser's track squad to the Bemidji Invitational track meet today will be the NDAC golf and tennis teams.

LSA

The LSA annual retreat, the planning program for next year, will be held this coming weekend at Camp Da-Ba-Sha in Minnesota. The regular "Quest" program will not be held but students who are interested, can meet in the student center at 7:15 and can attend the LSA program at MSTC at 8:00 Sunday evening. Bible-study breakfast will not be held also.

Early morning devotions are held in the center every morning at 7:40. Everyone is welcome.

NEWMAN CLUB

The regular Newman club meeting has been postponed from after Sunday Mass to 8:00 p. m., Sunday, May 13.

Anyone interested in attending the province convention, May 18, 19, 20 in Minneapolis at the Nicollet hotel, should make a special effort to attend this Sunday's meeting.
