

Spring Dance Set For Tomorrow Night

Percy Hughes and his orchestra, colored exponents of jazz, will play for the 1951 Spring Dance tomorrow night from 9 p. m. to 12:30 a. m. at the Fieldhouse. Hughes and his group, well-known in the Minneapolis-St. Paul area, have played for many social functions at the University of Minnesota. He features two vocalists with his aggregation.

Seniors will be admitted free to this event which substitutes for the annual junior-senior prom this year. Others may purchase tickets at the Bookstore, Daveau's, or from members of all men's organizations on the campus. Price of tickets is \$1.25 each. The dance is open to the public. Corsages are optional for the last all-college dance of the year. The event is informal.

General Fraser To Speak At ROTC Commissioning Exercises Monday

Brig. Gen. G. Anger Fraser, U. S. Army Ret., will deliver the main address at commissioning exercises to be held Monday by the Air Force and Army ROTC detachment at NDAC. The event, open to the public, will be held at 4 p. m. on the New Dacotah Field on the campus.

A full dress parade will open the ceremonies followed by a demonstration of precision drill to be presented by the crack Air Force ROTC Drill team.

Dr. Fred S. Hultz, president of NDAC, will award the commissions to the 35 Air Force and 18 Army cadets who are completing advanced ROTC training to become eligible for their appointments as second lieutenants in the United States Air Force and the United States Army.

NDAC Paint Course Set To Open July 9

The fourth annual paint short course for beginners will be held July 9 through July 20 at NDAC. There are no prerequisites and interested persons have until June 15 to register.

There will also be a special advanced paint short course offered from August 6 through August 17. Prerequisites for this course are at least two years of experience in the field of protective coatings or similar training.

Members of the Air Force ROTC class are Walter J. Biggs, Lawrence M. Bjorstad, Caroll A. Blum, Lawrence D. Bogar, Louis J. Borcuk, Robert J. Bouvette, Harry W. Bristol, James E. Colliton, Charles C. Finnegan, Vernon D. Gores, Robert H. Gilbertson, Howard F. Grindy, Leo W. Hall, Harlan K. Holly, Robert A. Johnson.

Robert C. Kramer, Paul Kukla, Gene LaMuro, Wilbur Minch, Marshall Moore, Robert B. Morrow, Robert Myrdal, Russell Parsons, De Wayne Peterson, Joseph Pfliger, Richard M. Plaistad, Louis Redman, Lawrence Roesler, Harold Speers, Wallace Swenson, Herbert Thornald, Gerald Thurnau, Harold Vettle, Alan Vick, and Byron Whitford.

Army ROTC cadets to receive commissions are: John Askegaard, William Bolinske, Ardis Bunker, Vernon Collins, Robert Grant, John Hartmann, Alfred Kovash, George Kuffle, David Litten, Richard McMahan, Jerald Radcliffe, Walter Seeba, K. Donald Wickstrom, and Ramon Wildfang.

Pi Tau Sigma Elects

Alden Ohnstad (Engr-Jr) of Fargo was recently elected president of the Pi Upsilon chapter of Pi Tau Sigma, national honorary mechanical engineering fraternity.

Other officers elected are: Dick Sander of Fargo vice-president and Wesley Martin, secretary.

Baccalaureate Service Scheduled For June 3

C. C. Swain, president of Minot State Teachers College, will deliver the baccalaureate address at NDAC. The baccalaureate service will be held Sunday, June 3, at 3 p. m. in Festival hall and commencement exercises will be held Monday, June 4, at 10 a. m. in the Field house.

The Rev. James E. McLain of the Fargo Plymouth Congregational church, will give the invocation and benediction for the baccalaureate service. Music for the exercise will be furnished by a Brass Choir under the direction of William Euren and the College Choir under the direction of Ernst Van Vlissingen.

Following the service the graduating class, their parents and friends and the college staff will be entertained at the president's reception in the Library lounge.

The College will confer 446 bachelor of science degrees, 20 master of science degrees, one professional degree, and an honorary doctor of science degree which will go to Dr. Clyde H. Bailey of the University of Minnesota.

WARNING

The campus patrol warns drivers of the 15 mile per hour speed limit on the campus. Don't speed—the campus is patrolled at all times.

NOTICE

The Board of Publications will meet today at 4 p. m. in the Spectrum office. All members are requested to be present.

NDAC Summer School Offers 100 Courses; Classes To Start June 11

Offering nearly 100 courses and a variety of activities for student recreation, NDAC summer school will open June 11.

Courses vary from those for students just entering from high school to those on a graduate level. Many will also appeal to teachers and community recreation leaders who desire summer training.

The session will last six weeks, ending July 21, except for three-week home economic courses ending July 1, and a ten-week pharmacy session ending Aug. 17.

Picnics, tours, square dances, musical programs, and a play production will provide entertainment, and swimming or tennis can earn credits in physical education courses.

Many 300 and 400 courses, especially in technical fields, will aid upper classmen to speed up graduation dates and to include subjects they found hard to schedule in regular sessions.

Basic courses in English, mathematics, chemistry, or social sciences are offered for students just enter-

ing and those wishing to complete their freshman year to start the fall with full sophomore standing.

Special students interested in self-improvement may range from modern poetry to golf and catch up on current events in History 327 or Physics 120.

Courses in the short six-week session will double up the number of weekly hours to give the usual quarter credits for any course. Students may earn as many as nine credits in this period.

In addition to courses in their subject fields, teachers will find a variety of methods courses in the departments of education and psychology, library science, and home economics education.

In conjunction with Education 300, dealing with student testing and counseling in small schools, Carl M. Horn of Michigan State college will conduct a workshop in guidance for rural youth, June 25-30.

Community recreation courses will interest club, park, or church recreation leaders besides teachers. The men and women's physical education departments are cooperating to give many of these courses and also will get assistance from the Fargo park board.

Dr. June Cozine, of Northwest Missouri State Teachers college, will be another visiting professor. She will teach and confer with advanced students in home economics education.

Summer fees are \$1.50 a credit hour for state residents, \$2.50 for non-residents, plus a \$6 general fee for both. All new students pay the regular \$5 matriculation fee.

Further information is available from the Director of Summer Session, 221 Science hall, or phone 6411.

Tryota To Install Officers Thursday

Tryota, home economics club at NDAC, will hold installation of officers next Thursday in Ceres hall at 4:15. Newly elected president is Iona Dalzell; treasurer, Beverly Litzinger; secretary, Marilyn Meier.

All graduating home economics seniors will be initiated into the American Home Economics Association at this time. Mrs. Roy Olson, vice-president of the organization will act as installing officer.

Klundt To Study In England

Waldemore Klundt

Waldemore J. Klundt of New Salem, (AAS-Sr.), was notified on Monday that he is a recipient of a Fulbright scholarship for 1951-52. Klundt is the first NDAC student to receive such a scholarship.

He plans to study literature at the University College of the South-West in Exeter, England. Klundt was recommended for this award by the North Dakota committee on State Fulbright scholarships. Under the grant he will receive his travel to and from England and his tuition, books, and maintenance.

The son of Mr. and Mrs. Henry Klundt of New Salem, the NDAC senior chose England for his foreign study because of his special interest in creative writing. He will graduate June 4 with a double major in English and mathematics and a minor in chemistry. Klundt is a member of the NDAC International Relations club, Blue Key fraternity, Phi Kappa Phi, and was named to the 1950-51 Who's Who in American Universities and Colleges. Klundt has also been active in student publications work and has edited the Bison annual for the past two years.

NOTICE

Since there is no school next Wednesday, Memorial Day, it is requested that all copy be turned in not later than 4 p. m. Tuesday.

ROTC Corps Has Federal Inspection Monday

The annual Federal Inspection of the Air Force ROTC unit at NDAC has been completed by the 10th Air Force inspection team headed by Col. J. L. Laughlin, USAF, ass't. Deputy for Operations, 10th Air Force.

In an interview with Col. Laughlin he stated that the inspection revealed that "the air cadets compare more favorably with the finest Air Force ROTC units in the entire 13 state area of the 10th Air Force, consisting of 32 Air Force ROTC units. The appearance and conduct of the cadets as well as their state of training is exemplary.

"The support tendered the Air Force Cadet Corps by Dr. Fred S. Hultz, president of NDAC, and the faculty of the college has assisted immeasurably in the fine state of training and esprit de corps exhibited throughout the inspection.

Major Robert E. Phillips, professor of air science and tactics, and the air staff have more than justified the confidence of the commanding general, 10th Air Force, in the "outstanding manner in which they have conducted the unit training of the Air Cadets."

General Fraser Honored At Testimonial Dinner

Brig. General G. Angas Fraser, U. S. Army retired, was presented with an honorary membership in the NDAC Arnold Air Society at a testimonial dinner held in his honor at the Elks club last Friday night. The membership was presented by Major Robert E. Phillips, professor of Air Science and Tactics at NDAC and the members of the society presented him with a Hamilton wrist watch.

The Air force ROTC male chorus opened the program singing several songs popular during World War I. Shirley Ryan and Frank Scott of WDAY and Gene Lamuro accompanied by Miss Margie Johnston, provided additional entertainment.

General Fraser's life was reviewed by Kenny Ketchner, Master of Ceremonies, in the form of "This Is Your Life". During this part of the program several guests were introduced to the complete surprise of General Fraser. His wife, his daughter, Mrs. Mildred Tindall, his boyhood and lifetime friends John Martin and Fred Irish were among those introduced as part of his story. Also special recordings from his two sons, Lt. Col. Don Fraser, on duty with the 47th division in Alabama, and Simon W. Fraser of Portland, Ore., were played.

Letters of testimony were read from Brig. Gen. Edwards, North Dakota's adjutant general, and from the National Rifle association of which General Fraser was once president.

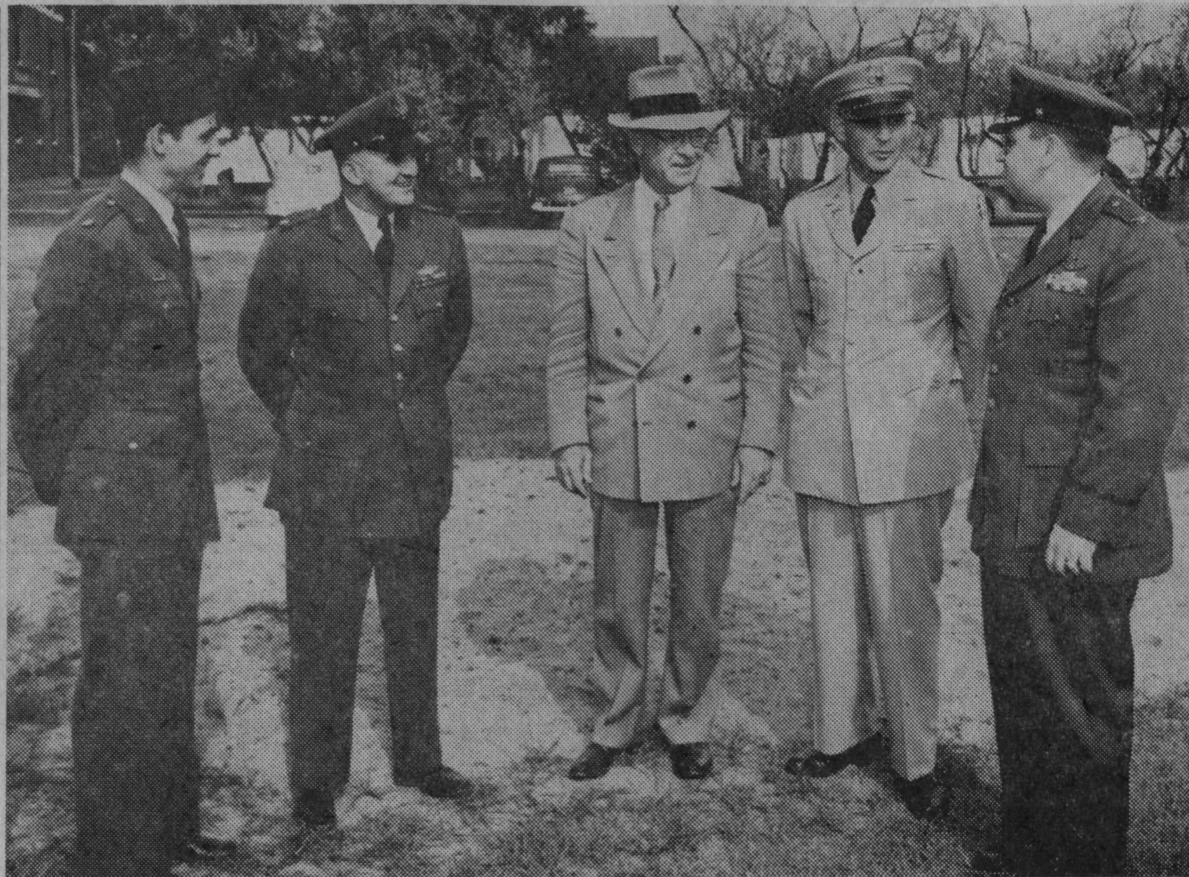

Testimonials were given by Mayor Murray A. Baldwin of Fargo; President Fred S. Hultz; George Zalusky of General Fraser's Co. B from 1916 to 1919; Paul Euren, exalted ruler of the Elks; W. T. Lee representing the Kiwanis club; Melvin Toussaint, representing the Lions club; Cliff Glotzbach, VFW post commander, and Jack Williams, State Adjutant of the American Legion.

Larson Takes Position

Allen Larson, a senior in Chemistry from Enderlin, has accepted a position as graduated assistant in chemistry at Washington university, St. Louis, Missouri. He plans on continuing work on his master of arts degree and then on to his Ph.D.

NOTICE

Watch next week's Spectrum for Bison distribution dates.

Top: The Federal Inspection team had a pre-inspection discussion with campus officials. They are: left to right, Major Robert E. Phillips, PAS&T; Lt. Colonel S. C. Burke, formerly with ROTC at NDAC; President Fred S. Hultz; Lt. Colonel Neal Lovsnes, PMS&T; and Colonel J. L. Laughlin, 10th Air Force inspector.—(Photos by Don C. Christensen).

An Air Force ROTC basic cadet comes to inspection arms as Lt. Colonel Burke, followed by cadet officers Lt. Col. Robert Kramer, Major Marshall Moore, and Flight Lt. Charles Finnegan inspect the cadet corps during Federal Inspection last Monday.

New Dial Telephone System Expedites Communication On NDAC Campus

New telephone equipment valued at \$11,800 brought automatic dialing to NDAC when installation was completed Friday.

Work on the new PBX system at NDAC began on March 26 when Western Electric Co. technicians began installing and testing of the intricate equipment. During the past few weeks Northwestern Bell Telephone Co. engineers have been working on the cut-overs so that in one simple operation the new

Bosch To Speak

Dr. Wouter Bosch, chairman of the department of paints and varnishes, will be the principal speaker at the commencement exercises of Lake Park High School on May 31. The topic of his address will be "The United States of America in the World of Today."

dial system was put into effect. Phones on the campus were dead about three minutes as the cut-over was made Friday morning.

Under the new system, all campus extensions can be dialed without going through a central PBX operator. By dialing "9" the College personnel goes to a direct outside line in the downtown which enables them to dial as on a regular trunk. Incoming calls at the College will be handled by an operator who will ring the various extensions.

The new equipment at NDAC remains telephone company property and is rented by the College on the same principle as a private house or office phone is rented on a monthly basis. The new system will expedite campus communication for both employees and incoming callers.

Stevens Receives ND Institute Position

In recognition of his continued service in research and instruction, Dr. O. A. Stevens, professor of botany at NDAC, will begin the 1951-52 academic year with the title of "research professor of botany for the North Dakota Institute for Regional Studies." Stevens has been a member of the faculty and Agricultural Experiment Station botanist since 1909.

His appointment to the Institute post will be the first type of appointment of its kind to be made at NDAC. Dr. G. E. Giesecke, executive secretary of the Institute, said: "It is only fitting to honor the unique knowledge and contribution in the fields of botany, ornithology and entomology which Stevens has made." He has been described as a "naturalist" in the sense that earlier scientists such as Louis Agassiz excelled in many fields of natural sciences.

The annual federal inspection of the army ROTC at NDAC was completed Tuesday evening, announced Lt. Col. Neal W. Lovsnes, professor of military science and tactics.

Members of the army inspecting party were Col. Henry L. Luongo of the University of Denver, Denver, Colorado, and Lt. Col. R. H. Verheul of Michigan State college, East Lansing, Michigan. Both officers left for their home stations today.

Conducted in conjunction with the air force ROTC inspection, facilities, training, administrative records, and the cadet corps were inspected. The annual retreat parade was held Monday afternoon.

The yearly campus luncheon was presided over by Dr. Fred S. Hultz, NDAC president, Tuesday noon and attended by college deans and officials, the two inspecting parties, and the NDAC army and air force ROTC staffs.

The army ROTC battalion is commanded by Cadet Colonel David Litten of Fargo.

Selective Service Releases Bulletin

The Director of the Selective Service System has released to local draft boards a new bulletin which establishes procedures for placing the student deferment program into effect.

For the benefit of NDAC students the context of the bulletin is condensed as follows:

In order to afford students, who may be considered for occupational deferment under the new criteria, the opportunity to furnish their local boards with the necessary evidence of their scholastic standing or their test scores in the college qualification test, the issuance of an order to report for induction, or the induction, of any such student is hereby postponed pending receipt of such information, but in no case later than August 20, 1951. (Mr. Miller, associate registrar and in charge of student military records, says that each student who plans to seek further postponement or deferment for any reason, is responsible for making the request to his local board—inshort, postponements and deferments ARE NOT AUTOMATIC.)

The induction of all high school and college students has been postponed for an additional period of 30 days BEYOND the termination of the statutory postponement at the end of the current academic year. This additional 30 day postponement was given for the purpose of permitting such high school and college students to enlist in the branch of service of their choice.

Many college students are being graduated at the end of the current academic year with scientific or other training skills which are reported to the Selective Service as being in short supply and vitally needed in our national defense program. Upon receipt of information by the local board that a college graduate has obtained during this 30 day postponement period, such employment in a critical occupation in essential industry which the employer has not otherwise been able to fill, the local board is hereby requested to reopen and consider his classification anew.

Students who have passed the qualification test and remain in the upper portion of the class as prescribed by law, and yet are inducted by their local board, may appeal to the State Selective Service Appeal Board. Questions concerning basis of appeals and appeal procedures should be directed to Mr. Miller, assistant registrar, in Old Main.

Placement Service Has New Openings

New openings for professionally trained young men have been received by the NDAC Placement Service.

The job situation for the June graduate appears particularly bright at this time; however, he should be actively engaged in job hunting at the present time rather than waiting until the need becomes more pressing at the approach of commencement.

It is suggested that all graduating seniors who have not landed a definite job prospect contact the Placement Service office, Library 105, to discuss listed openings for which they are qualified.

Requests received recently for college graduates include administrative positions in agriculture, instructors at Air Force bases, accountants in retail and wholesale, business and insurance, managerial, sales and merchandising, engineering and scientific, personnel and social service. A file of Civil Service openings is maintained.

HEALTH PROFESSIONS

Existing shortages of physicians, dentists, and nurses have been intensified by the present mobilization program. Demand is also growing for specialists in other health-service occupations—veterinary medicine, physical therapy, and dietetics. Students able to enter schools and complete requirements will find a great demand for their services in the near future; this will be true over the long run, owing to the trend toward increased health services for the general population.

A large number of students have registered with the college placement office for part-time employment; however it is often difficult to contact the student when a part-time job is available and needs to be filled immediately. It is suggested that all those students interested in working part-time during the Spring Quarter and Summer Session make known these wants in this regard, so that jobs may be found for them which conform to their current schedules.

It is urged that each student contact the placement office for discussion of problems relating to part-time work, summer vacation work, and placement upon graduation.

This service is useful to the student largely to the extent that it is called upon and the placement office is anxious to assist whenever possible.

An inspection of the nationwide occupational outlook as listed in a recent Department of Labor summary reveals the following in some of the professional fields:

ENGINEERING: Prospects are improved for this year's engineering graduates over last year's class, which reached a record of over 52,000. Engineering has been one of the fastest-growing occupations and will probably remain so. The number of freshmen engineers has declined steadily since 1946, due to a certain extent to the drop in the enrollment of veterans. It is expected that the number of engineering graduates will be down to about 17,000 by 1954, less than the number needed each year to meet the average peacetime demand. This trend will be intensified to the extent that students are called to active military service.

SCIENCES: There has been a sharp increase in demand for physicists, chemists, and other scientists. As the war effort continues, personnel needs in this field will probably continue to rise. A shortage of scientists even before the Korean crisis, is now being intensified. Sciences, like engineering, are among the nation's fastest-growing occupations, and increasing opportunities may be expected over a long period of time.

TEACHING: The need for elementary teachers is increasing, and the shortage of qualified teachers for the elementary grades will probably be intensified in the next few years, by the combination of rising enrollment in the grades and losses of teachers to other fields. The surplus of teachers at the high school level is rapidly shrinking, and will be more pronounced with the anticipated increase in high school enrollments in the last half of the present decade.

Farm House Elects

The Farm House Club elected the following officers for 1951-52: President, Duane Lemmon; vice-president, David Kaspari; secretary-treasurer, Don Piephorn; business manager, Bernie Kyllo.

Shepard Chosen SAE 'Dreamline Girl'

Elizabeth Jones, Francis Eveleth, Shirley Shepard, Beverly Ingwaldson

Shirley Shepard of Kappa Kappa Gamma was chosen "Dreamline Girl of SAE" at a banquet held last week at the Gardner hotel.

Attendants to the new Sweetheart were Frances Eveleth, Gamma Phi Beta; Bev Ingwaldson, Phi Mu; and Liz Jones, Alpha Gamma

Delta.

Mayor Hollands of Moorhead, guest speaker, gave an after dinner talk on fraternities and their function on American campuses today. Master of ceremonies was Freddie Martin, formerly on the teaching staff at NDAC.

Alpha Zeta Initiates 13

Alpha Zeta, national honorary agricultural fraternity, initiated 13 candidates Friday, May 18. Members are chosen on the basis of leadership, character, and scholastic ability.

New members are David Kaspari, Wesley Martin, Morris Montgomery, Robert Morrison, Dean McKee, Daryl Anderson, Alfred Kovash, Melvin Bjork, LaVern Freeh, Duane Green, Irvin Hillyer, Wallace Holmes, and Duane Lemmon.

Alpha Zeta held a banquet May 22 at the Powers Hotel. Dr. Johnsgaard was the featured speaker.

Alpha Gams, Kappa Psi Win APhiO Spring Sing

Alpha Gamma Delta sorority and Kappa Psi fraternity won first place trophies in the Spring Sing contest last Wednesday. Fourteen vocal groups competed in this 15th annual contest sponsored by Alpha Phi Omega.

Gamma Phi Beta and Phi Mu won second and third place respectively in the women's division. In the men's division Sigma Alpha Epsilon and Alpha Gamma Rho placed second and third respectively.

To Show Movie Tuesday

All past and future winners of the Danforth fellowship awards were guests at a showing of movies taken at the camp Miniwanca, Shelby, Michigan, in Ceres hall on Tuesday.

Both men and women attended the camp which is the award granted to winners. The movies showed scenes of camp activities taken in past years.

Ronald Nelson Wins AIEE Paper Contest

For original research and presentation of a paper on a technical radio problem, Ronald W. Nelson, NDAC senior, has been awarded honors in the undergraduate student paper contest sponsored by the American Institute of Electrical Engineers.

Nelson's paper on "A One-Cycle Radio Interference Filter" presented in competition with 20 colleges and universities from North Dakota, South Dakota, Iowa, Minnesota, Wisconsin, Illinois, and Michigan won him second place in a contest at Madison, Wisconsin, last week. He was given a certificate and cash award.

Nelson is from Bucrus, North Dakota. He will graduate in electrical engineering this June and has accepted a position with the General Electric company at Skenectady, New York.

WALSTER TO SPEAK

Dean Walster will speak on "Fifty Years of Research at North Dakota Agricultural Experiment Station" at the agricultural economics seminar Thursday, May 31, 4 p. m., Room 215, Morrill hall.

ONE DAY SHIRT LAUNDRY SERVICE Serving the College Folks For 20 Years

Ed Says . . .

Next week Betty Lou Danielson and her staff will put out the last issue of the Spectrum. Because there is no school Wednesday, please get your news copy into the Spectrum office not later than 4 p. m. Tuesday.

Next year, as mentioned before, the Spectrum will be only a four page paper. This was brought about through no fault of our own. During the past few years the Spectrum has been so understaffed that the editor bears the majority of the work himself. Instead of just writing editorials and supervising the staff, the editor has been also reporter, news writer, copy reader, news, photography and make-up editor. All this, in addition to regular school work, is just too much for any one person.

Miss Danielson, for one, realizes this and refuses to publish an eight page paper under the circumstances. Next year, if enough students volunteer for staff work so that no student will have more than 10 hours of work a week instead of the usual 30-40 hours the editor now puts in, Miss Danielson will publish an eight page paper. Students, the Spectrums you pick up in the halls Friday morning don't just appear out of thin air. Think it over.

Thanks to those Spectrum staff members who stuck by me this year. Some staff members received gold keys on their key chains; the femmes got gold pins. The keys resemble a squill with a gold and green face and the letters NDAC down the face. Their names and staff positions are engraved on the back. These were purchased by the Board of Publications for the Bison, Spectrum, and Bison Furrows.

Congratulations to the graduating seniors!—Ed.

Minard Memorial Fund Short Of Goal

The Minard Memorial Fund was inaugurated by recommendation of the College Council nearly a year ago. It is planned that the memorial take the form of a shelf in the library that shall emphasize the relations of science to philosophy, a field that was of paramount interest to Dean Minard before all his classes. Up to the present those who have contributed to the fund have been few and consequently the amount received is too small to develop an impressive or worthy collection in these fields.

The fund committee has become interested in "The Great Books" that are being promoted by the University of Chicago. These books, costing \$450, should provide an adequate and proper memorial, and a most desirable accession to the library. More contributions to the fund are needed and the committee hopes for a more general interest in the memorial. Contributions can be made to the chairman of the committee, Alfred H. Parrott, registrar.—H. Dean Stallings.

Student Commission Minutes

May 22, 1951.

The meeting was called to order by President Schnell. Roll was called. Mary Fran Broderick, Pat Kennedy, Bob Colliton and Dr. Johnsgaard were absent.

Further discussion was held on the Student Convention at Minneapolis, Minn., August 20-29.

The break-down of the bill for \$180.00 is as follows: Board of Athletic Control, Board of Student Union, Board of Public Programs, Board of Campus Affairs, Board of Finance.

Since funds are provided for Boards of Athletic Control, Student Union and Public Programs through student activity tickets, these respective boards will pay their own bills. The Student Commission will pay for the other boards.

Discussion was held on the 1951 homecoming band. Meeting adjourned.

Respectfully submitted,
KAYE BAYLEY.

Little Man On Campus

by Bibler

"I wish you guys would 'thumb through' my medical books a little faster—I've got to study 'em."

AFTERMATH . . .

Certainly is a let-down to come back to North Dakota State after seeing Iowa State Teachers college. If there's a more beautiful campus between here and Washington State at Pullman, it hasn't been built yet. The AC's dusty, helter-skelter roads are non-existent at the Iowa school—nothing but sweeping walks and green turf in sight. If State eliminated most of the mudholes they call roads and did a little landscaping, campus appearance would go up at least 100 per cent. It would also practically eliminate the necessity of Sam Catchem, boy Peeping-Tom catcher. (I can go along with that, alright.)

The AC finally has a chance to something swell with the new Student Union planned. Don't let's foul this up! (I know it's lousy English.) Several groups of engineering and architecture students have made some worthwhile criticisms of the present plan. A little student pressure will get what you want—remember, you can't change the building after it's been started. It's your money—spend it wisely!

1,000 MILES . . .

Tracksters have decided to chip in and buy Jack Lees a saddle before the state meet Memorial Day so he can really ride Erv Kaiser and Bill (Parrot) Swanston on the way to Grand Forks.

I don't want to say it was crowded in the bus on the way back from Cedar Falls, but 6' 7" Loren Oliver slept like a baby all the way back. With his toes in his mouth. Martin (Th' Spartan) Davis is featuring a corrugated back—from sleeping on the baggage rack on the way home. Ed Boerth's rendition of "Lupi" rated encores galore.

SPRING CLEANING . . .

Have been requested to mention a certain fact here about

Gene Osiecki. He's been cleaning clothes closets or sumpin'. The dorm should go wild.

APROPO . . .

Northwestern University certainly knows how to pick 'em. At their annual "career conference" last month, the keynote speaker was the Illinois State Selective Service director. Hope everyone was careful of what he signed—get more men in the Army that way!

FANFARE . . .

Freddie Krueger over at Fargo high had a few words to say about me last week. Called my column "the finest non-literary effort this side of Tobacco Road" and offered "orchids, fresh eggs and Hereford bulls to Jim." Ease off on the latter, Fred—what do you think I get paid in? Move over, Ferdinand!

THERE'S A LIMIT . . .

I received a little paragraph on the Bison pitching staff, otherwise known as the "flak" corps, last week—but I just don't dare to use it. Why, Smokey John Mashek is one of my buddies! Sorry, but I can't use it—Maybe Walter Winchell would . . .

DIALOGUE . . .

Heard at Student office, PewND, Grand Forks:
harv jacobson: "Arch—I got a great story!"
arch monroe: "What happened, harv—man bite dog?"
harvey jacobson: "Nope—fire hydrant sprinkled one!"
It pays to be . . .

CROP ROTATION . . .

The gentle zephyrs that have been raising hob with picnics lately have become a blessing in disguise. There's so much dirt in your plate by the time you're through eating, that you don't burn it—just sprinkle some vigo on it and grow the next meal.

Social Jottings . . .

By LOIS FITZLOFF

It's quite a new innovation to have the Spring Dance informal. Tomorrow night you'll find all the guys and gals over in the Field house at 9 in time for a whirl.

It's only once a year that one may hear all the Greeks and ISA sing. Spring Sing, sponsored by Alpha Phi Omega, is certainly one tradition that NDAC never wants to abandon. The KD's may have some competition for the Les Paul recording of "How High the Moon" after the sorority rendition last Wednesday.

Gamma Phi Beta will honor their graduating seniors at a breakfast Sunday at the Powers hotel. They are Jane Shea, Virginia Borderud, Babs Holthusen, Jean Molland, and Helen Lunde.

Phi Upsilon Omicron held their annual picnic in Oak Grove park last Tuesday at 6. While down in the Tourist park other picnics were in progress. ATO's and Gamma Phi's spent the evening from 6 to 8 in the park.

Thursday was again a big day for picnics. Can't anyone think of another word for that type of entertainment? Sigma Chi's and Alpha Gams were together, Phi Mu and Sig Phi Deltis were there too. Along with those the AGR's and Gamma Phi's plus the fellows from the men's dorm tried to find a place in the park for supper.

Home economics seniors were honored at a tea Thursday given in Ceres hall from 4 to 5:30.

Kappa Delta alumnae entertained actives and pledges at a supper last Monday night. Recognition gifts were presented to various members. Five graduating seniors were initiated into the alumnae chapter. They are Nola Westman, Dona Sommerfeld, Mary Ellen Shaheen, LuVerne Duenou, and Marthana Hjortland.

Pinnings and engagements: KKG Roberta Hartwell received a diamond from Ed Anderson, ATO the night of the Kappa Term party. Another sorority sister June Hagen is being married tomorrow to SAE Tom Vangerud in the First Lutheran church.

Renee Haas, KD, passed candy last Monday night to announce her engagement to Ted Carr of Wahpeton.

Two members of the Spectrum staff are now pinned, and strangely enough to each other. They are Lue Lawrence, Gamma Phi and Theta Chi Stan Lunde.

Congratulations to Mayo Kucera and his wife, on the new baby boy in his family. I hear they made the baby wait until Mayo's birthday to be born.

ATTENTION!! Graduating Seniors

Book Reviews

By GAIL LOHSE

Russia and the Far East have in past months become closely linked in destinies and the affect on the western world has been notable.

Stalin's Russia, by Suzanne Lobin, is one of the new books which the library has received recently dealing with the causes and effects of these developments. The author discusses every aspect of Russia, from the Russian constitution to its socialist ideals, morals, manners and customs; the Red Army, the concentration camps and the terror, which have claimed 17,000,000 victims.

This book contains detailed evidence, compiled from wider sources than can be usually claimed and is presented with impressive urgency. At the same time Madame Lobin's book is very readable.

Owen Lattimore's book **Pivot of Asia**, discusses China's Inner Asian province of Sinkiang. Around Sinkiang revalas politics and power and the fates of men. This book is a result of a group study of Sinkiang made by Mr. Lattimore and his associates under a Carnegie grant.

It surveys the politics and powerful structure of today, seen against a background of little known peoples and the vast domain of deserts, oases, snow-capped mountains and rich pasture lands in which they live.

Another book that explains communist infiltration is **Peking Dairy** by Derk Bodde. Peking is the cultural and political heart of China. When Peking fell to the Communists, a crucial stage of the Communist revolution in China was reached—they emerged from their country strongholds to take over the cities. What happened in Peking would reflect Communist action in all civilized China. Mr. Bodde examines many vital ques-

tions dealing both with the Chinese nation and what effect it has on the United States policy and the course of events in China. This book will help many understand the China of today.

Who is this man who rules Red China today? Never has any man in history possessed such vast power as Mao Tes-tung. Robert Payne in his book, **Mao Tes-tung**, describes this ruler. It is a fascinating study of Mao Tes-tung's mind, his fierce intellectual stamina, his scholarship and his diffidence. Robert Payne traces the fundamental quarrel between Mao Tes-tung and Chiang Kai-shek to the two streams of history. He makes comparisons and tells of a man who is shaping a nation's destiny.

Each book deals with an aspect of the Far East and Russia situation, each is an integral part of the other, revealing different slants and ideals on Russia and Red China, its cities and its people.

NOTICE

The annual FFA picnic will be held on May 31 at Lindenwood Park for all members and their families. A softball game and picnic lunch are scheduled.

Wesley Martin Wins Judging Contest

Wesley Martin, a junior in animal husbandry, was high scorer in the Saddle and Sirloin Spring Judging Contest that was held on Friday, May 18. Second place went to Leonard Dalzell, followed by Robert Schnell, Osger Fog, and Glen Haugen.

The Spring Judging contest is supervised by the senior judging team, which competed with other teams in national livestock shows. Prominent livestock breeders from throughout the state acted as judges for the contest. Each entrant in the contest judged 12 classes of livestock and gave reasons for six classes. Final results were tabulated by the scores that were obtained by replacing the 12 classes and the reasons given on six classes. Thirty-eight students participated in the event.

FOUND

A ribbed aqua shorty-coat with two brown buttons on each pocket. Left at the Chemistry building during open house. It can be claimed at the office of Dean Dunbar.

Fifty-seven percent of last year's fatal accidents occurred during the hours of darkness.

FINAL EXAMS SCHEDULE

Spring Term 1951

Tuesday, June 5	8:00-12:00	All regular 10:00 Classes
	1:15- 5:15	All regular 2:05 Classes
Wednesday, June 6	8:00-12:00	All regular 11:00 Classes
	1:15- 5:15	All regular 3:05 Classes
Thursday, June 7	8:00-12:00	All regular 8:00 Classes
	1:15- 5:15	All regular 1:15 Classes
Friday, June 8	8:00-12:00	All regular 9:00 Classes
	1:15- 5:15	All classes not indicated

All courses of four credits or more and all courses meeting on MWF will use the first half of the period allotted to the regular hour and courses meeting TTh will use the last half of the same period.

Miss Horton Named Home Ec Acting Dean

Miss Lucile Horton has been named acting dean of the NDAC School of Home Economics to replace Dr. Leita Davy. Miss Horton, who has been chairman of the department of home economics education since 1929, served as acting dean of the home economics school during 1942-44. President Fred S. Hultz said that Miss Horton's acting deanship will continue until a successor to Miss Davy is named.

NORTHERN STATES POWER COMPANY

A SHOT IN THE DARK

NCC MEET

This department's first bit of prognosticating almost hit the bullseye. However, the Iowa Teachers Panthers threw a monkey wrench into the machinery by upsetting the dope sheet. The Tutors squeaked past South Dakota State and South Dakota University to win their third title in the past four years.

Unexpected wins by sprinter Don Green and strength in the field events gave the Panthers the decision. The classic turned into a three team affair as anticipated. The other four schools just couldn't compete in the same class with the top trio.

Actually, South Dakota State was acclaimed champion for a half-hour. After a careful tabulation by the official clerk, it was found that Iowa had won by a half-point margin.

Only one record was struck from the books by Leland Crew of Iowa Teachers in the 880 yard run. Don Lange of the Peds also tied Bernie Bermann of NDAC's mark in the 440 at 49.5. If the track hadn't been in such a soggy condition by a steady downpour, the times may have been better.

TRACKSTERS CLOSE SLATE

On Memorial Day the Bison close shop with the North Dakota Intercollegiate meet. This is the one the thinclads have waited for. With the competition much slower than the NCC outfits, the Herd should redeem themselves.

All of the NDIC schools are expected to enter the Grand Forks meet with the possible exception of Wahpeton Science and Bottineau Forestry School.

This should be the day for the Aggies to beat their upstate rivals. However, Del More's probable absence and the failure of some Herd point getters to produce in previous outings will give UND the favorite's role.

Jamestown College's Ron Thompson will strive to hit the win trail again in the NDIC meet. Thompson, after an unbelievable string of victories, has had a pitiful year. He has yet to run the century, his specialty, in under :10.2.

Everything considered, here is the prediction for the outcome:

1. NDU.
2. NDAC.
3. Jamestown.
4. Dickinson.
5. Ellendale.
6. Minot.
7. Bismarck JC.
8. Mayville.
9. Wahpeton.
10. Bottineau.

THE NATIONAL PASTIME

Although the New York Yankees continue to set the pace in the American loop, Paul Richard's amazing Chicago Pale Hose have the fans agog. The Chisox, who aren't loaded with talent by a long shot, are resting in second place. Through recent trade deals the

Windy City lads have assembled a group of speedy kids under the youthful Richards, whose strategy is out of the ordinary. Watch out for those Sox in the next few seasons.

The tight National League race has the first and last place teams only four games apart with Brooklyn on top and Cincinnati in the cellar. The Dodgers, Boston and Chicago alternate themselves on top of the heap, changing slots every afternoon.

Right now the main news of the senior circuit is the steady improvement of the St. Louis Cardinals. With a line-up of the old men, tape and rubbing alcohol, Marty Marion's Cards are nipping at the heels of the pace setters.

Up Minneapolis way, the sports writers are singing the praises of Willie Mays, 19 year old Negro center-fielder. The Millers, defending American Association champs, are in second place largely because of Mays' spectacular hitting.

The muscular Miller is hitting the ball at a .500 clip, slapping out home runs with regularity, and has performed well in the outfield. His rifle-shot peg from the gardens has the respect of the entire league.

Mays is the talk of the minor leagues, and it's just a matter of time before the parent New York Giants will call him. The Giant outfield couldn't go wrong, that's a certainty.

BASEBALL ENDS

The NDAC diamond crew closed their ten game schedule by splitting a twin bill with the league leading Jamestown Jimmies. That 7-2 win in the nightcap was the second Bison win against eight setbacks.

Although the Herd did have a miserable season, the fact remains that four of those losses were by a single run, while two were by a pair of fallies.

In tight contests the Herd hitting and pitching just didn't produce. With a few timely bingles, those one run losses could have been reversed.

Well anyway, the Steve Gorman league came off this season. After poor weather at the start of the season threatened to halt the loop again this year, the teams all got a full schedule on the scoreboard.

NETTERS DUMP JIMMIES
Herd racquetmen evened their season record at 2-2 with a victory over the Jamestown tennis team at the Island park courts Wednesday. The Bison trio of Jose Iranzo, Dick Palon and Jim Schrimpf took both matches.

Palon downed Jerry Swofford in the singles match, 6-3, 6-0. Iranzo and Schrimpf beat the Jim's doubles combo of Swofford and Dick Doling, 6-2, 7-5. The next outing for the netters will be the NDIC meet at Grand Forks on Memorial Day.

Cobbers Edge Herd, 3-2 Behind "Red" Johnson; Bison Outhit Rivals

State's hapless baseballers suffered their seventh defeat in eight games as Concordia squeezed out a 3-2 decision on a windy NDAC field in a Steve Gorman league tussle.

Big Johnny Mashek, the Bison right-hander who had suffered three previous defeats, hurled three hit ball and didn't allow a base bingle beyond the third inning. But six walks and a hit batsman helped turn his performance into another losing one.

The Herd had taken a 2-1 lead in their half of the second frame, but the Cobs bunched two free passes, two errors, a hit batsman and a single in the third to push in two runs for the verdict.

Little Paul Johnson gave up six hits for the Herring Eaters but walked nary a Bison batter.

Player-coach Ken Severud of the Cobs banged a single to left in the first canto to score Dave Green and give them a 1-0 lead.

Berard Masse opened the Bison second with a single, but was forced at second by Jerry Benshoof, who stole second and hustled to third on a wild pitch.

Then Catcher Cornforth and Outfielder Eino Martino drilled doubles to left-centerfield to boost the Bison to a 2-1 advantage.

Green sandwiched a single in between two walks to load the bases for the Cobs starting the third. The tying run came across when Rod Grubb was hit by Mashek's pitch.

Don Kerlin looped a dinky pop-up behind the mound, and as Benshoof and Rod Fercho collided trying to make the catch, Benshoof dropped the ball as the tie-breaking run scored. A force out at home and a quick double play got Mashek out of further trouble.

The Herd executed three twin killings.

Red Jarrett Announces NDU Basketball Slate

Athletic director Glenn Jarrett has announced the 1951-52 basketball schedule for North Dakota University's Sioux. Coach Lou Bogan's quint will play a 19-game slate.

- The schedule:
- Nov. 24—Hamline, at St. Paul.
 - Nov. 30—Montana State.
 - Dec. 1—Montana State.
 - Dec. 7—Moorhead Teachers.
 - Dec. 8—Gusatus Adolphus.
 - Dec. 15—ISTC at Cedar Falls.
 - Jan. 11—ISTC.
 - Jan. 12—Morningside.
 - Jan. 18—SD State at Brookings.
 - Jan. 19—Augustana at Sioux Falls.
 - Jan. 26—SD State.
 - Feb. 2—SDU.
 - Feb. 8—SDU at Vermillion.
 - Feb. 9—Morningside at Sioux City.
 - Feb. 16—Augustana.
 - Feb. 22—ND State.
 - Feb. 23—ND State.
 - Feb. 29—ND State at Fargo.
 - Mar. 1—ND State at Fargo.

Track Squad Close Season With NDIC; NDU, Jamestown, Bison Rated Toss-Up

North Dakota State's track squad closes their season Wednesday at Grand Forks as the Bison pursue the North Dakota Intercollegiate cinder crown. The North Dakota University Sioux are defending state title holders.

The following schools will send delegations to Memorial Stadium; Jamestown, Valley City Teachers, Dickinson Teachers, Minot Teachers, Ellendale Normal, NDU, NDAC, Mayville Teachers, and Wahpeton School of Science.

NDU Athletic Director Glenn Jarrett has announced that the Memorial Day classic will begin promptly at 11:30. At that time preliminary heats in the dashes will be run off. The afternoon session opens at 1:30 with finals in the pole vault.

The meet is rated a toss-up between NDU, Jamestown College, and the Bison. These three squads have a better balance of power than the other seven entrants.

Two featured races of the day will be the 100 yard and 220 yard dash events. Ron Thompson, diminutive Jimtown sprinter; Al Tamayo, Dickinson's speedster, Del Moore and Loren Oliver of the Bison are expected to stage quite a race.

However, Kaiser still has Moore on his doubtful list. Del's hip injury hasn't responded to treatment and his absence would hurt the Bison chances considerably.

None of the standing NDIC records appear in langer for the 1951 meet. However, a sunny afternoon

and a fast cinder track could possibly change that situation.

Kaiser reported the North Central meet was a dark day for his charges. The Staters placed in only three events; Jim Brogger's fifth in the two mile, Loren Oliver's second in the discus; and Jack Lees plus Chuck Gronberg in the pole vault with second and fifth respectively.

Only ten men made the Cedar Falls trek as Bud Rydstrom and Freddie Carolan remained home because of pressing scholastic work. Both were counted on in the 440 and relay events.

As this paper reaches the press, Kaiser isn't certain how many thinclads will accompany him to the Mill City. The Bison coach has put his team through a rigid week of workouts to have them razor sharp for Wednesday.

Kaiser hasn't made any secret of the fact that he has pointed his squad for the NDIC encounter. He hopes the Herd can rebound from their poor showing at the North Central to end the campaign with a victory.

The NDAC tennis and golf team will also attend the Intercollegiate affair. Ken Moran, Dick Herman, Bob Olson, and Bill Swanston, the foursome that ran second at Cedar Falls, will tee off on North Dakota College opposition Wednesday afternoon.

Jose Iranzo, Ed Boerth, Dick Palon, and Jim Schrimpf will attempt to resume their winning ways at Grand Forks after a disastrous NCC finish.

IOWA TEACHERS COP NCC MEET

By JIM SCHRIMPF

South Dakota State's tracksters were North Central conference track titlists for 30 minutes before an error by the official scorer was discovered and the crown awarded to the rightful wearer, Iowa Teachers. The meet took place on a wind-swept and rain-drenched field at Cedar Falls Saturday.

It was the second time in three years that the Panthers edged S. D. State by 1/2 point for the title. It was strictly a three-team contest. The Teachers had 68 points to 67 1/2 for S. D. State and 61 for SDU. NDU had 11 1/2 points, NDAC 9 1/2, Augustana 4 1/2 and Morningside 3.

Bison point winners were Loren Oliver in the discus, Jack Lees and Chuck Gronberg in the pole vault, and Jim Brogger in the two-mile.

Most of the meet was run in intermittent rain and wind squalls, but despite the adverse elements one mark was shattered and another tied. ISTC's Leland Crew, former state half-mile champ at Fairfield high, broke NDU's Ralph Pearson's 20-year old mark of 1:59 in the 880, clicking it off in 1:58.8 around one curve in the first heat of the event. Don Lange of the Teachers, who had matched Pearson's mark in the 880 last year, duplicated the feat of North Dakota's Bernie Bermann in the 440 by running it in :49.5. Bermann set the mark in 1938.

ISTC's Don Green had a double win in the sprints and thirds in the low hurdles and broad jump to take top individual honors with 16 points.

Big Loren Oliver was a disappointment in the 220, but just missed a win in the discus. Lorn heaved the platter 141 feet, but teetered out of the ring to have the toss disqualified. Jack Lees pushed Johnny Lundquist up to 12 feet, but could no higher in the vault as Lundquist won at 12-6. Jim tried for a new conference record at 13-1, and barely missed. He was over on his second try, but ticked the bar off.

Brogger's showing was a distinct surprise in the two-mile. The lanky freshman, who never competed in any scholastic sports before this year, clipped 32 seconds off his best previous mark, running the distance in 10:13 flat, good for a fifth. The youngster could be a future record-shatterer in the North Central—keep an eye on him at the State meet Memorial Day.

Track summary:
100—Green, ISTC. Ausan, S. D. State. Cheever, S. D. State. Bowden, SDU. Harvey, SDU. 10.3
220—Green, ISTC. Walsh, S. D. State. Ausan, S. D. State. Bowden, SDU. Harvey, SDU. 22.5
440—Lange, ISTC. Walsh, S. D. State. Stevenson, SDU. Brende, SDU. Eiben, ISTC. 49.5 (Ties record).
Half mile—Crew, ISTC. Eiben, ISTC. McBride, S. D. State. Gardner, SDU. Bergman, S. D. State. 1:58.8 (New record. Old record 1:59 held by Lange, ISTC, and Pearson, NDU).
Mile—McBride, S. D. State. Neuberger, S. D. State. Brickley, SDU. Nash, S. D. State. Nelson, ISTC. 4:24.4
Two mile—McCullough, ISTC. Brickley, SDU. Neuberger, S. D. State. Two Hawk, SDU. Brogger, NDAC. 10:04
High hurdles—Andre, SDU. Lindstrom, S. D. State. Tie between Cook, SDU, and Reynolds, ISTC. Aller, ISTC. 15.7
Low hurdles—Cook, SDU. Lindstrom, S. D. State. Green, ISTC. Eckstein, ISTC. 25.5
Javelin—Jennings, SDU. Buckley, S. D. State. Oles, ISTC. Aller, ISTC. Madden, Morningside. 175-8 1/2
Discus—Rist, SDU. Oliver, NDAC. Miller, ISTC. Isaak, SDU. Deal, S. D. State. 139-10
Pole vault—Lundquist, ISTC. Tie between Dale Plooster, Augustana, and Lees, NDAC. Tie among Dennis Plooster, SDU, Gronberg and Alexander, NDAC. 12.6
High jump—Albright, ISTC. Tie between Peterson, ISTC, and Williamson, NDU. Tie between Tays, SDU, and Lindstrom, S. D. State. 6-2
Broad jump—Bain, S. D. State. Lindstrom, S. D. State. Green, ISTC. Ginn, S. D. State. Entzel, NDU. 21-9
Mile relay—SDU (Brende, Bowden, Stevenson, Masker) S. D. State. ISTC. Morningside. Augustana. 3:22

Tutor Linksters, Netters Triumph

Iowa Teachers captured the North Central golf and tennis crowns for the second year running, outdistancing the other conference schools by a wide margin at Cedar Falls Saturday.

Panther linksters grabbed the golf crown from runner-up North Dakota by 25 strokes, going three times around the nine-hole college course. SDU and Morningside were a distant third and fourth.

ISTC's Arnie Woods was medalist on the par 108 twenty-seven hole distance with 110. The Teachers' Pollock was second with a 113, and NDAC's Kenny Moran shot a 115 for the third slot.

Golf and tennis matches were both interrupted by intermittent rain and wind squalls that plagued the entire meet, and the strange course naturally affected the Herd play. Bison scores included Ken Moran 38-38-39—115, Dick Hermanson 38-43-39—120, Bill Swanston, 42-41-39—122 and Bob Olson 41-42-47—130.

The netters unhappily drew defending champ ISTC in first round play, and were swamped by some hard-hitting, machine-like tennis players. A little awed by the tournament set-up, the Herd foursome of Dick Palon, Ed Boerth, Jose Irazzo and Jim Schrimpf never recovered, taking only seven games in the six sets they played.

In the opener, ISTC's second seeded Frank Carthey dropped Eddie Boerth, 6-1, 6-0. Dick Palon ran up against the Waterloo city champion and the Panther's number 1 man, Dick Wischmeier, and came out second best, 6-3, 6-0. Palon had the Iowan down, 3-2 in the first set, before falling to pieces.

The Teachers' doubles team of ambidextrous Jerry Ginther and steady Roger Ganske whipped the Herd's Schrimpf and Irazzo, 6-1, 6-2. Ginther whaled his cannonball serve left-handed, played ground strokes and net right handed, and received service two-handed, Pancho Segura style.

Carthey dumped Augustana's Miles Browne, and Wischmeier beat Frank 6-1, 6-1, in an all-ISTC final. Ganske and Ginther drubbed the Auggie's doubles team in the final to sweep the tourney for the Iowa school.

Bison Diamond Nine Place Fifth In Race

The NDAC varsity baseball nine, who ended their season Wednesday against Jamestown, pose for the cameraman. The Bison, after being pegged as a contender in pre-season dope, finished fifth in the Steve Gorman League. Pictured left to right, front row: Thor Hertsgaard, Owen Symington, Berard Masse, Jerry Friedman, Lyle Fugleberg, and Kermit Quanbeck. Back row, left to right: Rod Fercho, John Mashek, Jerry Benschhof, Ken Rustad, Rog Fercho, Doug Boling, Eino Martino, Bob Ripley, and Coach Packy Schafer. Not pictured are Tom Cornforth and Ted Stensland. (Photo by Don C. Christensen).

Herd Splits With Jimtown; Season Ends

Coach Marv (Packy) Schafer's Bison baseball team finished the season's activities Wednesday by gaining a split in a Steve Gorman league doubleheader on the sunny NDAC diamond as Jamestown college clinched the loop championship.

The Jimmies, ending their campaign with a 6-2 record, took the title while Concordia suffered a 4-0 defeat at the hands of Moorhead Teachers' college which had won the league in the three years of competition.

The Jims took the opener Wednesday by 5-3 but Thor Hertsgaard, who had been credited with the only other Bison win, set the visitors down in the nightcap, 7-2.

The Herd closed the season with a 2-8 record.

Little Cliff Rau held the Bison to three base hits in the opening game, a double by Catcher Bob Ripley and two singles by Paul Grabarkewitz.

The Bison pulled into a 2-1 lead after the first frame but Ron Erhardt blasted a threerun double in the third to put the Jimmies in front for good.

Ted Stensland did the hurling for the Bison. He gave up eight bingles and eight walks, causing his downfall. The big right-hander, making his only start for the Herdmen, fanned two.

After Joe Ford singled in a run to give the Jims a 1-0 advantage in the first inning, the Bison hustled back with two scores. Rod Fercho walked with one out and moved to second on Grabarkewitz'

sharp solo through the box. Both runners moved up on a passed ball, and when the shortstop threw wide of home on Berard Masse's grounder, Fercho scored. Grabarkewitz came home when the catcher retrieved the ball and threw wide to the pitcher covering home.

The final Herd run came in the fifth. Jerry Friedman walked, stole second, and took third when the catcher overthrew the keystone on the steal play. He tallied when the centerfielder erred on the throw in.

Hertsgaard, the red-headed Kindred moundsman, spaced eight Jamestown safeties, whiffed nine, and walked a lone batsman in the second encounter.

A five-score third canto turned the winning trick for the Bison. The Herd bunched walks to Rod and Roger Fercho, singles to Tom Cornforth, Jerry Benschhof, and John Mashek, and Eino Martino's booming triple to right field for the five scores.

Pacing the Bison attack with two hits each were Cornforth, Mashek, and Martino. One of Mashek's blows was a two-bagger.

AGR, SAE, ATO Locked For First In Softball

Sigma Alpha Epsilon turned in a 5-3 win over Alpha Gamma Rho Tuesday to move into a three-way deadlock for first place in the men's Intra-mural softball league between SAE, AGR, and Alpha Tau Omega.

The AGR's had taken undisputed possession of the lead as the ATO's pasted SAE last week, 14-2, behind Don Meyer's neat two-hit pitching. The AGR's had previously beaten the Tau's.

ATO won a forfeit from the Air ROTC Tuesday to keep pace in the first-place battle.

In games last week, the Air ROTC edged Sigma Phi Delta, 8-7, and Kappa Sigma Chi broke into the win column with a 5-2 win over Theta Chi.

In the women's section, Phi Mu crushed Alpha Gamma Delta, 17-1, as Bev Ingwalsen turned in another sterling mound performance.

The result of that setto put Phi Mu on top of the loop with a 4-0 record and dropped the Alpha Gam's to second place.

In other games last week, the Phi Mus thumped Kappa Delta 16-6, Gamma Phi Beta won its first tilt from Kappa Gamma, 12-7, and the KD's also edged the Kappas, 26-23 in a slugfest.

Church News

LSA

A LSA picnic will be held at the LSA cabin at the lakes Sunday, May 27. Students who wish to attend should meet at the center at 12:30 and transportation will be provided.

A bible study breakfast will be held Sunday morning at the center at 9:00. Hi-Noon Focus is held every Monday through Friday at 12. Early morning devotions are held in the center every morning at 7:40.

GAMMA DELTA

This Sunday there will be a picnic in Tourist Park. Activity will include volley ball and softball. Meet at the park shelter or, if you have no transportation, be at the College Y by 4:15 p. m. for a ride.

WESTMINSTER FOUNDATION

Westminster Foundation's last meeting will be a picnic on Sunday. Food and transportation will be provided. Meeting place is at the College Y at 5 o'clock.

MILDNESS

Plus **NO UNPLEASANT AFTER-TASTE**

OVER 1500 PROMINENT TOBACCO GROWERS SAY: "When I apply the Standard Tobacco Growers' Test to cigarettes I find Chesterfield is the one that smells Milder and smokes Milder."

A WELL-KNOWN INDUSTRIAL RESEARCH ORGANIZATION REPORTS: "Of all brands tested, Chesterfield is the only cigarette in which members of our taste panel found no unpleasant after-taste."
