

Chemists Receive Prizes

Dr. Dunbar Dick Drubel Paul Talley Dr. Bosch

James Paul Talley and Richard Bruce Drubel, graduate students in the Paint Department of the School of Chemical Technology at North Dakota Agricultural College, Fargo, were named recipients of the Nuodex prizes, awarded each year by Nuodex Products Co., Inc., of Elizabeth, New Jersey.

These awards are given to paint students who have attained the highest scholastic standing in the protective coatings courses.

The presentations were made by Dr. R. E. Dunbar, Dean of the School of Chemical Technology

and Dr. Wouter Bosch, Professor of Industrial Chemistry and Chairman of the Department of Paints and Varnishes.

Paul Talley from Pontotoc, Mississippi, received copies of "Coating and Ink Resins" by Dr. William Krumbhaar and of "The Technology of Plastics and Resins" by Drs. J. Philip Mason and Joseph F. Manning. Dick Drubel of Staten Island, New York, was given a set of five volumes of "Protective and Decorative Coatings" by Dr. J. J. Mattiello.

Bison Distribution Underway Today

Distribution of Bison annuals will begin today at 1 p. m., it was announced today by editor Wally Klundt. The Bison will be distributed without charge to all students who have been in attendance three quarters. Those students who have missed part of the school year will be charged \$2.00 per term.

The annuals will be distributed in Room 120, Science hall today from 1 to 5 p. m. Further distribution dates will be posted as the yearbook comes in from the bindery. Supply at present is limited but all students will receive their books by June 8. No Bison will be mailed to students presently enrolled in school.

'51 Bison Honors 15 Outstanding Seniors

Fifteen NDAC seniors, six women and nine men, are named as "outstanding seniors of 1951" in this year's Bison yearbook. Selection, made by a committee of faculty and students, was based on leadership, campus service, and scholarship.

Seniors to win this honor are: Virginia Borderud, HE; August Aamodt, AAS; Robert Runice, AAS; LaVern Freeh, AAS; Helen Lunde, HE; Ralph Hansen, Agr.-Eng.; Gordon Tallerud, Agr.

Kay Grignon, HE; Zoe Nelson, AAS; Allen Driesner, Ad-Eng.; Ralph Christensen, AAS; Hugh Hansen, Agr.-Eng.; Waldemore Klundt, AAS; Rosemarie Lohse, AAS; and Joan Naves, HE.

Oil Seminar Display At NDAC Library

A display exhibited at the oil seminar in Fargo May 24, may be seen in the library this week, Dr. Willard Bye, head of the college geology department, announced.

The display shows the procedure in the hunt for oil including a demonstration of how a seismograph operates. Also up stairs there is a picture history of oil. There are maps which show the possible oil beds in North Dakota.

Seniors To Rehearse For Exercises Today

There will be a full rehearsal of procedure for Baccalaureate and Commencement Exercises at 11 o'clock, Friday, June 1.

Each school group will assemble at its own administrative building, organize alphabetically for the procession and march to its location along the main sidewalk from Old Main Building, by the Engineering Building, and toward the Chemistry Building as indicated by posts.

It is expected that every candidate for a degree will report for this rehearsal.

"The World Is Our Campus", Topic For Commencement Address Monday

"The World Is Our Campus" is the topic chosen by Dean Clyde H. Baily of the University of Minnesota for his address at the 57th annual commencement exercises of the NDAC next Monday, June 4, at 10 a. m. in the Field House.

Dr. Bailey will be conferred with a Doctor of Science degree. 446 bachelor of science degrees, 20 master of science degrees, and one professional degree will be presented at the ceremony.

Dr. Fred S. Hultz and Mr. A. S. Marshall, representing the Board of Higher Education, will preside over the exercises. Assisting with the conferring of degrees will be Deans H. L. Walster, G. E. Giesecke, R. E. Dunbar, R. M. Dolve, Leita Davy, and W. F. Sudro.

NDAC To Rededicate Science Building

The NDAC Arts and Sciences building will be rededicated as Minard hall honoring the late Archibald Ellsworth Minard as a part of the 1951 commencement ceremonies on Monday, June 4.

A memorial certificate of dedication will be presented to Mrs. Minard during the ceremony. Donald Lee Christensen of Glenfield, junior in agriculture, will sing the NDAC alma mater, "The Yellow and the Green", with lyrics by Dean Minard and music by Dr. C. S. Putnam. A bronze plaque will be installed on the front of the arts and sciences building commemorating the rededication as Minard hall.

Minard came to NDAC in 1904 as an instructor in English and philosophy. He became a full professor in 1907 and in 1919 was named dean of the school of applied arts and sciences. From July to September, 1929, he served as acting president following Dr. J. L. Coulter's resignation.

Minard was a member of Phi Beta Kappa, American Association for the Advancement of Science, National Education association, and North Dakota Educational association. In July, 1949, at the age of 71, he asked to be relieved of his duties as dean, but continued to hold the rank of professor of philosophy.

Following his death a memorial shelf of books on philosophy and science was provided for in the NDAC Library by his friends and colleagues.

The ceremony will open with a processional march and the national anthem by the concert band under the direction by William Euren. The Reverend Mr. C. Maxwell Brown will give the invocation and benediction.

Following the address the band will play "Music from the Ballet" and Mr. Donald Lee Christensen will sing "The Yellow and the Green." Minard Hall will be dedicated at the ceremony.

Commencement marshalls are Christian Jensen, Dean Stallings, and Clifton Eugene Miller. Dale Brostrom is in charge of seating assisted by Senior Staff and Blue Key.

Baccalaureate Sunday

Baccalaureate service will be held next Sunday, June 3, at 3 p. m. at Festival Hall. C. C. Swain, president of Minot State Teachers College, will deliver the address.

The Rev. James E. McLain of the Fargo Plymouth Congregational church, will give the invocation and benediction. A brass choir under the direction of William Euren and the College Choir under Ernst Van Vlissingen's direction will furnish the music.

A president's reception in the library lounge for the graduating class, their parents and friends, and the college staff will follow the service.

Last year, 35,500 Americans were killed in traffic accidents.

Two Fulbright Scholarships Available To North Dakota Students, 1952-53

Juniors who are interested in a Fulbright scholarship for study abroad are asked to apply now.

Two scholarships will be available to North Dakota students who graduate a year from now.

Waldemore Klundt, Bison editor, received one of these scholarships this year and will begin study in England in the fall at the University College of the Southwest in Exeter.

Scholarships provide travel expenses, tuition, books, and full maintenance. Maintenance varies according to the cost of living in each participating country, but it is sufficient to meet normal living expenses of a single person during one academic year.

Marvin S. Priske, who received a bachelor of science degree at the NDAC last year, will be presented with a bachelor of foreign trade degree at the graduation exercises of the American Institute for Foreign Trade at Thunderbird Field, Phoenix, Arizona, May 25.

The course of study at the Institute concentrated on techniques of international business administration, foreign languages and characteristics of foreign countries. Priske is preparing for a career in American business or government abroad.

LOST

A pair of glasses with dark brown frames in a white alligator case. Will the finder please return to Spectrum office.

Applicants must have four basic qualifications: United States citizenship, a college degree or its equivalent at the time the award is to be taken up, knowledge of the language of the country sufficient to carry on the proposed study, and good health.

Selection is made on the basis of the applicant's personal qualifications for study abroad, academic record, value of proposed study or research, and suitability for placement in an institution of higher learning abroad.

Competitions for the 1952-53 academic year are now open and close October 15, 1951. Countries open for study are Australia, Austria, Belgium, Burma, Egypt, France, Greece, India, Iran, Italy, Netherlands, New Zealand, Norway, Philippines, Thailand, Turkey, and the United Kingdom.

For further information and application blanks, see Prof. Fred Genschmer, Room 227, Science hall.

Applications Due Now For Graduate Work

As part of the certification to local draft boards, the Registrar's office must certify as to whether or not a student has been accepted for admission to graduate school. All students planning to enter graduate school at NDAC next fall should apply for entrance as soon as possible after graduation.

Kappa Psi, AGD's Win . . .

Tom Monteith, Kappa Psi, and Janice Auman, Alpha Gamma Delta, accept trophies for winning first place in the Spring Sing contest. Bob Johnson, director of the show, makes the awards.

ECA Program Aids Foreign Farmers Here

A program has been set up by the Economic Cooperation Administration for the familiarization of young foreign farmers in the Marshall Plan countries with the United States farming methods, organizations and agencies which have contributed much to American agricultural productivity.

Most of the young men sent to the U. S. were working on their parents farms in their home countries. They range in age from 20 to 30 years. They are selected by various methods, usually from a list of applications, which means that the ones finally selected represent the most promising young farmers in the country concerned.

The groups are oriented for two or three days in Washington, D. C. between March 25 and May 20. They then proceed to their first farm assignments. The groups will spend a certain amount of time on one farm and then they are transferred to another farm in another section of the country.

All groups remain on their first farms until the middle of July. By the middle of October the groups will have completed their training on the second farm and may travel about the United States at their own expense to observe more fully the agricultural methods.

This is not a labor program to supply labor to American farmers, but the American farmers taking these young men are expected to give them training in farm practices. The young men are paid allowances from \$60 to \$80 per month and are exempt from income tax or social security deductions. The ECA also provides accident and sickness insurance.

In North Dakota five Dutch men were placed in April on farms in Richland, Griggs, Grand Forks, and Walsh counties. Four Frenchmen have just arrived in this state and have been placed in Beach, N. D., Cavalier county and Cass county. Two Norwegian men arrived this week and will be placed in Cass and Richland counties.

The knowledge gained by these young men by working on our American farms will be disseminated by them through practical application and demonstrations on their own farms, by lectures, writing of articles, radio and other sources in their respective communities.

LSA

"Guest Day" will be the theme of the regular "Quest" meeting to be held on Sunday, June 3, at 5:30 in the student center. All of the member's parents who are here for graduation are invited to attend our meeting. A buffet supper will be served and a meeting will be held afterwards.

Bible-study breakfast will be held Sunday morning at 9:00 in the Center. Everyone is welcome.

Hi-Noon Focus is held every Monday through Friday noon from 12 o'clock until 1 o'clock complete with lunch and a relaxing period afterwards. No special program is planned, but you may come in and relax after your finals.

Early morning devotions are held in the center every morning at 7:40. Everyone is welcome.

Cadets Get Commissions . . .

Cadet Col. Wallace J. Swenson is shown receiving his commission as second lieutenant in the United States Air Force Reserve at ceremonies held last Monday at Dacotah field. Dr. Hultz presented commissions to 53 Army and Air Force ROTC cadets who had completed the advanced training program.—(Photo by Don Christensen).

53 Air Force-Army ROTC Graduates Received Reserve Commissions Monday

Fifty-three Air Force and Army ROTC graduates were presented commissions as second lieutenants by President Fred S. Hultz at a ceremony in their honor Monday afternoon.

Brig. Gen. G. Anges Fraser, U. S. Army, retired, delivered the commissioning address. In part he said, "Service is something that everyone owes to his country and community . . . Do your duty and

try to do a better job of building our country than we have done."

At the ceremonies, many cadets were given awards for high scholastic and military achievements. Sons of the American Revolution "Minute Man" medals, awarded to outstanding freshman cadets, were given to Robert Lauf, Eugene Schuschke, and Marvin Lembke of Company A; Allan Fehr, Jr., Paul Rulifson, and Robert Nenninger of Company D; Gerald Friedman, Gerald Anderson, and James Fleeger of Squadron B; Thor Hertzgaard, Eddie Gordhammer, and James Berg of Squadron C; David Parker and Raymond Moir from the band.

The National Rifle Association medal for qualification in arms were awarded by Capt. John Augis to William Clark, David Robinson, Gerald Thurnau, George Kuffel, Curtis Norenberg, Eugene Norheim, and Eugene Schuschke.

Other awards presented were: the Scabbard and Blade medal to Donald Busch, The Air Force Association medal to Robert Myrdahl, the PMS&T trophy to Sam Kalinow, the Mark E. Heller saber to Robert Gilbertson, the Reserve Officers' Association saber to Richard McMahan, the Bernard S. Benning Memorial Award to Robert A. Johnson, the American Legion Trophy to Marshall Moore, the Bison Trophy to Darrel Schroeder, the Manual of Arms Trophy to Gerald Friedman, and the James B. Phillips, PAS&T Award to James O'Connor.

Before concluding the ceremonies Colonel Lovesnes introduced Major Frank Anders, U. S. Army, retired, a holder of the Congressional Medal of Honor from Fargo, and Colonel M. F. Steele of Fargo.

Two AFROTC Graduates Receive Duty Orders

Two more AFROTC graduates, now second lieutenants in the Air Force Reserve, have received orders to report for active duty with the Air Force. The two men, Carroll Blum and Robert Bouvette, received their commissions with 51 other cadets at formal commissioning exercises last Monday.

Robert J. Bouvette, son of Mr. and Mrs. C. W. Bouvette of Hallock, Minn., has been ordered to the Francis E. Warren Air Force Base, Wyoming, July 23. Bouvette, a transfer from the University of North Dakota, has been active in Sigma Chi fraternity, IRC, Gold Star Band, and on the baseball team while attending NDAC.

Carroll A. Blum, son of Mr. and Mrs. C. E. Blum of Lonetree, N. Dak., is to report to the Hill Air Force Base, Utah, July 23. Blum is a transfer from Minot State Teachers college and since entering NDAC in 1948, Carroll has been active in Kappa Tau Delta, Atelier Chat Noir, ASCE, Pershing Rifles, and the Arnold Air Society.

Veterans Co-op Store Was Organized On Campus To Save On Grocery Bills

"Our grocery bill is too high!" This statement by a student veteran may have started a series of reactions resulting in the formation of the present Veteran's Cooperative store on the NDAC campus.

Key man in the formation of the "Co-op" store were Dr. R. W. Schikole, chairman of agricultural economics, P. V. Hemphill, associate professor of agricultural economics, and John Maher, NDAC student. Hemphill drew up a charter and a seven man Board of Directors was elected. These men sold \$10.00 shares and \$1.00 memberships to interested persons on the campus.

With this money, plans were made to get a building, a manager, equipment, and a stock for the store. Disappointment loomed up in the form of a letter from the State Board of Higher Education. In the letter was a statement that the store either had to be built off the campus or be owned and operated wholly by World War II Veterans.

A meeting was called and it was decided that the Veterans would take charge. Approximately \$1,000.00 already collected from non-veteran sources was paid back. This left a shortage of funds on which to begin operations.

The "Vets" started a campaign to raise more money by selling more shares and memberships. They obtained an expansible trailer from the college, bought supplies, and had the store in operation by the fall of 1948.

The first manager, elected by the Board of Directors, was Allan Rask, a student and veteran. Under Rask's management the store had a fairly large volume of trade. However, he was never able to get it on a really firm basis. Rask had to leave the following summer to help on the farm.

Rask was followed in close succession by three other managers who experienced difficulty in making the store secure. Too little stock and too little capital was a hard combination to beat. The purchase of a large vegetable cooler during this period was a great improvement.

The present manager, Alvin E. Nelson, took charge early in 1950. Under his management, and with nearly 400 members, the store has become financially secure. Nearly all outstanding shares have been paid back. More will be repaid as money becomes available.

A wide variety of goods is offered by the store with prices comparing favorably with downtown stores. If profits accumulate, they will be returned in cash to the members when the business is dissolved. Proceeds from the sale of equipment and stocks also would be returned to the members.

All records are kept by the Board of Directors. The present members of this board are: William Bolinski, Thomas Swindland, Worth Emanuel, Darell Willson, Eric Arntson, and Carl Hermanson.

Basketball Rulings To Prevent Gambling

Following the exposures during the basketball season that gamblers had muscled into the collegiate games, New York City board of higher education has made the following rulings:

*Colleges may not use Madison Square Garden or any other commercially operated arenas for school sports.

*Summer resort leagues, where gamblers are said to have made contacts, are off limits for basketball players.

*Big time sports will be de-emphasized by banning "favored treatment" for athletes.

The rulings apply to all municipal colleges, which include City College of New York, Brooklyn college, Hunter college, and Queens college.

Reporter Interviews Erika Siivelt, NDAC Foreign Pharmacy Student From Estonia

By MARY PAT MURPHY

"One can't be bashful here. Ask questions — how else can you learn?" Thus Erika Siivelt describes her policy of progress in the new world.

Erika, with a quiet and friendly personality to match her winsome smile, offered proof positive of the effectiveness of this system May 17, when the attractive blonde junior made not one but five trips to the stage to receive awards from President F. S. Hultz. Her ability, diligence and promise, as well as her scholarship, were rewarded at the Honors Day convocation.

Arriving in the United States in December, 1949, Erika and her mother lost no time in applying for citizenship papers, and proudly expect to become full citizens in 1954. "I love it here, and certainly want to make America the place for my job and home," Erika explains.

A charming lilt is added to the English language on Erika's tongue. As English was required in high school, she had little difficulty in mastering it. "But here they speak American, not English. Some of these slang expressions mean absolutely nothing to me—

but I am learning," Erika smiles.

"When I first came, in my classes the teachers would make their jokes, which I couldn't understand, but it was such fun to laugh together." Her progression in the "American" language has been rapid. "It isn't so easy for people to—how is it? —'kid' me now."

"People here are so nice to me. When I first came, everyone asked to help, both teachers and fellow students. But I try to help myself as much as possible, because I want to be treated like everyone else, no difference at all."

Erika is looking forward eagerly to graduation, when she can start working. "Then I can help my mother, who is helping me now. I hate to see her work. I want to make a home for her. You've no idea how she misses having a home of her own. But we're lucky ones. There are many others where we came from, behind the Iron Curtain, who long to be in a free world, to work, study, and make homes for themselves, as I am doing, here in America."

Herbison, Meier Win Fellowships Granted By Danforth Foundation

Nancy Herbison of Fargo (HE-Jr.), and Marilyn Meier of New Salem (HE-Fr.), as winners of the Danforth Foundation Fellowships are looking forward to new experiences. This summer Nancy will travel to St. Louis, Missouri, for a two week short course in Home Economics. In addition, both she and Marilyn will attend a two week leadership training course at a leadership training camp on Lake Michigan.

In 1936, the Danforth Foundation and the Ralston Purina Company of St. Louis first offered the Danforth Summer Fellowship. The plan of the Fellowship was to bring together outstanding young women from leading state universities for a four week program of study, research, leadership training, and an insight into the business world and help them to adjust themselves to their jobs after graduation. There were 20 women in the first group.

4-H Club Plans Weekly Sunday Radio Program

Arrangements have been completed for a weekly one half hour Sunday afternoon North Dakota 4-H Club radio program.

The program will be titled "4-H Salute". It will be similar and will replace the series of "County Salute" programs. It will be on the air from 2:00 to 2:30 CST on Sundays and will be broadcast from WDAY, Fargo, and KYFR, Bismarck.

The program will be sponsored by the Dakota Tractor and Equipment Company of Fargo, Grafton and Bismarck. It will be produced by WDAY in cooperation with the North Dakota Extension Service.

The objective will be to tell the 4-H story to the listening audience. The program will include a news bulletin from the state 4-H Club office, an "on the spot" recorded county 4-H interview of club members, leaders and 4-H activities and another interview with a 4-H boy and girl which may take place at the 4-H member's home, 4-H meeting place or county agent's office. Recordings of certain county club functions and reports relating to special club activities will be made.

Since then the Fellowship has become widely recognized, internationally. This year there will be 47 colleges represented by as many students. Of the women who have participated in the Fellowship since 1936, many have gone on to positions in teaching, dietetics, extension work, and institutional management fields.

A system whereby the girls earn their own way during their stay in St. Louis has been worked out. Salaries are paid by the Ralston Purina Company, and all expenses are assumed by the girls. The salaries are adequate, and budgets are to be kept.

The two week training course is to be held at Camp Miniwanca in the wooded sand dune country of western Michigan. Camp Miniwanca, of the American Youth foundation, is maintained exclusively for young people who want to live in the "leadership bracket" of American life. More than 25,000 older boys and girls and young men and women have attended this leadership training camp during the past thirty years.

Friendly informality and cooperation characterize the instructional program with a steady, insistent emphasis on self discovery, leadership principles and practice, and purposeful life planning.

Marjorie Ann Egerstrom, Kerkhoven, Minn., and Betty Gordhamer of Fargo were former NDAC recipients of the Danforth Foundation.

Article By Claggett In National Magazine

C. O. Claggett, George W. Hoffman and Ingmar Sallin have written an article entitled, Oil and Protein Content of Sunflower Seed, in the May 26 issue of the Cotton Gin and Oil Mill Press, a national magazine.

Mr. Claggett is the professor of Bio-Chemistry at the NDAC. Mr. Hoffman and Mr. Sallin are working toward their Ph.D. Mr. Hoffman is at Abbott Laboratory in North Chicago, Ill., and Mr. Sallin is a graduate student at Pennsylvania State College.

Schneider, Science Assistant, Retires

After 44 years of continuous service to NDAC, Hugo E. Schneider, veterinary science assistant, will retire on July 31, according to President Fred S. Hultz.

Schneider came to the United States from Germany on May 1, 1907, and four days later had settled in Fargo to make his home. A few days later he began working at NDAC as a College carpenter and in the winter months for the animal husbandry department in the dairy and beef barns. In May, 1912, he became an assistant in the veterinary science department which at that time was headed by Dr. L. Van Es.

Born in Saxony, Germany, May 7, 1882, Schneider had a diploma in carpentry from a three-year trade and extension school before coming to America.

Mr. and Mrs. Schneider have two children—Mrs. Lena J. Schneider de Dominguez of Buenos Aires, Argentina, and Edward H. Schneider. Mrs. de Dominguez, a 1931 graduate of NDAC, met her husband, who is a chemist for a dairy manufacturing company in Argentina, while both were students here. The couple have three children. Edward was formerly associated with the Bangs Disease Elimination Bureau.

The elder Schneider was elected to the NDAC Quarter Century club when it was organized in 1948. He is a member of the Fraternal Order of Eagles. The Schneiders, who reside at 1348-11½ St. No., became naturalized citizens in 1915. In commenting on his retirement Schneider said: "Now I plan to do things I have not been able to do." One of his special interests is gardening.

NOTICE

Applications from freshmen and sophomores for the few remaining spaces for future advanced army ROTC classes will be accepted before the present term ends, announced Lt. Col. Neal W. Lovsnes, professor of military science and tactics.

Information and forms may be obtained from Capt. E. F. Poff or M/Sgt. R. J. Nanco in the military department.

AC Establishes Department of Library Science To Serve School Librarians

To meet the need for school librarians in North Dakota, NDAC has established a department of library science which will offer the courses necessary to meet requirements of the various accrediting agencies for smaller high schools.

This work in library science will be given for the first time in NDAC during the summer session, June 11 to July 21. The NDAC program is being promoted to meet the demand in North Dakota for qualified high school librarians.

Miss Margurette Sullivan, who will instruct the summer courses, said that many better teaching positions may be secured if the teacher has library science qualifications. Miss Sullivan holds her bachelor of library science from The College of St. Catherine's at St. Paul.

Interested teacher trainees will

be able to take nine credit hours this summer in library administration, book selection and reference, and elementary cataloging and classification. The administration course will include work in problems of organization, budget, ordering, book selection and cataloging policies, records, and housing and equipment.

The study of book selection and reference will cover the selection of literature for building a school collection and an introduction to the more common reference books. An introductory study of the card catalog, rules for catalog entries, description of books, grouping by subject and subject heading for high school subjects will be given in the cataloging and classification course.

The library science department also has a course in field work designed to give the trainees actual practices in routines and processes used in high school libraries under the supervision of the librarian. This course, however, is offered only during the regular academic school year.

Thirty ROTC Cadets To Attend Summer Camp

Attending the six week Camp McCoy summer camp will be four seniors and 27 juniors from the NDAC army ROTC battalion, announced Lt. Col. Neal W. Lovsnes, professor of military science and tactics, this week.

During the camp period from June 10 to July 27, Fifth army infantry cadets will put into practice what they have studied in ROTC classes about communications, motor transportation, tactics, and weapons.

The four seniors are Ed Anderson, Warwick; Blair Smallwood, Minot; Donald Stewart, McClusky; and William Swanson, Fargo. Having graduated from NDAC this spring, they will be commissioned at the end of their summer camp.

Members of the junior class are William Ault, Leonard; Eugene Beechie, Litchville; James Gillette, Rochester, N. Y.; Glenn Haugen, Churches Ferry; Theodore Hurley, Tracy, Minn.; Arland Iverson, Scranton; Alfred Jensen, Bismarck; Jack Jester, Fargo; Sam Kalainov, Steele; Ralph Leet, Starkweather; Harlan McGregor, Litchville; Donald Nudall, Buffalo; Lloyd Peterson, Valley City; Eugene Pfeifer, La-Moure; Ronald Pitsenbarger, Moorhead.

George Sauvageau, Fargo; John Schacher, Dilworth, Minn.; Nelson Stave, Leeds; Harold Sorley, Fargo; Harry Swanke, Lakota; George Sweeney, Larimore; Westley Wankel, Grand Rapids; Art Wichmann, Fargo; Elmo Wisted, Pillsbury; Chet Coburn, Moorhead; Robert Kline, Fargo; and Elmer Trautman, Cleveland.

Rifle Team Ends Season

The NDAC ROTC Rifle team, captained by Dave Robinson, has completed one of its most successful seasons, chalking up a record of 30 wins against 10 defeats.

Shoulder to shoulder competitions were with South Dakota State at Brookings and Fargo, North Dakota University at Fargo and Grand Forks, and with the 178th Fighter Squadron of the North Dakota Air National Guard on the home range.

High men for the team this year have been Dave Robinson with the highest term average and William Clark (EE-Fr.) with the highest average for the year. Seven team members shot official National Rifle Association scores qualifying them for ratings of Expert from the NRA.

Members of the team this year have been William Clark, Dave Robinson, Jerry Thurnau, George Kufel, Curt Norenberg, Gene Norheim, Andy Watt, Gene Schuschke, Joe Helle and Ken Ward.

Hauge, Munding Get Research Jobs

Hans M. Hauge, Chemistry graduate from Minot, N. D., and Richard W. Munding, Chemistry senior from Pettibone, N. D. will go to Detroit, Michigan, when the term is over, to work in the Research Laboratories of Rinsched-Mason company.

Boys State, Farm Institute, FFA Plan Conventions Here

North Dakota Boys State sponsored by the North Dakota Department of the American Legion will be held for the fourth consecutive year at NDAC, June 10 to 17.

The facilities of this institution have been made available to the American Legion for use in the Boys State program through the cooperation of the State Board of Higher Education and Dr. Fred S. Hultz, president of NDAC.

LeRoy Pease of Fargo will serve as director of Boys State. Mr. Pease is regularly associated with the Greater North Dakota Association. Charles C. Finnegan, Director of Athletics, NDAC, will direct the recreational program. A Boys' State band will be organized and directed by William A. Euren, NDAC Band Director. A special visit will be made by Associate James Morris of Bismarck to address the session.

Boys State is a citizenship training program sponsored by the American Legion. The objective of Boys State is to help develop faith in the American way and an attitude of love and loyalty toward our democracy.

A three-day farm appraisal institute will be held June 11-13 at NDAC, Fargo. Representatives of real estate agencies, colleges and governmental agencies from Iowa, Minnesota, Nebraska, North and South Dakota will take part.

Topics for discussion include yield and price expectations, information on soils, allowing for risk, adapting farm, mortgage credit, the problem of interest rates. An actual tour to, and appraisal of, a Red River Valley farm to be the "laboratory" of the institute.

This institute—the first of its kind at NDAC—is particularly appropriate at this time in view of the renewal of lending activities of the federal land bank in North Dakota," says Dr. B. H. Kristjanson, one of the program committee.

Free sessions are directed especially at persons associated with loan agencies, banks, insurance agencies, credit institutions, and particularly for farm people and people contemplating farm land purchase.

Mr. DeAlton of the Agricultural Education Department, NDAC, will direct the 22nd Annual Convention of the North Dakota Association of Future Farmers of America to be held on the NDAC campus June 19 to 22. From 450 to 500 boys from 43 schools in North Dakota are expected to attend.

The opening session will be broadcast Wednesday, June 20, over a state-wide Mutual hook-up. Greetings will be given by Donald Jorgenson, national FFA third vice president, Lake City, Iowa, who will attend the session.

A FFA state band will be organized and directed by William Euren, NDAC Band Director. Ernst Van Vlissingen of the Department of Music, NDAC, will direct the state chorus.

Wallace Vance of Williston, (Agr.-Fr.), is state FFA president. Wayne Ditmer of Velve, (Agr.-Fr.), is state secretary, and Lloyd Funston of Sterling, (Agr.-Fr.), holds the state officer-at-large post.

The primary aim of the FFA is the development of agricultural leadership, cooperation, and citizenship through these sessions. Any public secondary school with provisions for the studying of vocational agriculture may organize from these chapters throughout the a chapter. Delegates are selected state to attend FFA sessions.

LSA Sends Poost Card

This POOST CARD, measuring 18 by 24 inches, was sent to Eugene Schober, former NDAC student, now interned at Fitzsimmons Army Hospital. Eugene was called with the 178th Air National Guard Squadron but became ill before the guards left North Dakota and was sent to Fitzsimmons Hospital after treatment at the Veterans Hospital here.

Eugene was a junior in agriculture and was active in LSA, Gold Star Band, and Chorus.

Little Man On Campus

by Bibler

"Well, guess we may as well get ready—here's Professor Snarf with the finals."

Engineers Protest . .

Letter To The Editor

The NDAC School of Engineering seems to have a rather funny conception of cooperation. Every year the department puts on an engineering "open house". It is perfectly all right for the students to donate their time, talents and resources for this open house, which runs about three days, and, to all intents and purposes, virtually halts classes and afternoon labs. This open house is of more benefit to the school than to the student. Student effort to publicize the school for the benefit of the school is expected.

It is perfectly all right for students to contribute to the well-being of the school, but when the opportunity presents itself for the school to help the student—not scholastically, understand, but rather in the attaining of an esprit de corps, which even the most pacific will acknowledge as important—it falls miserably short. This, we wish to emphasize, is not the fault of the instructors, but is the fault of the administration of the School of Engineering alone.

There is one day a year when the engineering students get together in a body to let off a little steam. This is the Engineer's Day picnic, and at this picnic the students would like very much to have the instructors out with them. One day a year we would like to feel that the instructors are not just instructors, but fellows and comrades who are entitled to one day of fellowship, just as the students are. This in part would be to us a way of thanking the instructors for putting up with us for three terms and teaching us as much as they have.

The engineering department has done its best to dampen this spirit to the point where only resentment exists. We do not feel that one day off for both students and faculty alike is too much to ask; especially in the light of the three days off for the engineering open house.

The four years or better spent in college are not four years of study alone, but four years of both study and fellowship. We are no longer high school students but collegians who are paying for and supporting the privilege of education. We would like to be treated as such.

Signed:—SIXTY STUDENTS FROM THE SCHOOL OF ENGINEERING.

(Ed. Note: Names of the signers of the above letter may be obtained at the Spectrum office.)

THE SPECTRUM

Published every Friday at Fargo, North Dakota, by the NDAC Board of Publications, State College Station, Fargo, North Dakota. Subscription rate \$1.00 per term. Entered as second class matter December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

Social Jottings . . .

By LOIS FITZLOFF

For a few of you that are still around to pick up a Spectrum on Friday of all days, here's the scoop. There follows an itemized schedule of the future week's events:

FRIDAY—Gamma Phi Beta term party up at the KC hall in competition with the Ceres Hall dormitory banquet at the Graver hotel at 6.

SATURDAY—KD's are all set for a whoopedo time at the Edgewood country club as the setting for their term party.

SUNDAY—Baccalaureate services for seniors, picnics at the lakes, small boys at ball games, big boys at golf (?) games.

MONDAY—Seniors sing "Green and Yellow" for the last time, graduates grab diplomas, grab cars, grab girls.

TUESDAY—Books, exams, cribs, midnight oil.

FRIDAY—here we are back again to Friday, lakes, trips, work, cottages, boats, Ockie's.

Hayrides, picnics, both combined will comprise the Phi Mu spring term party on Saturday. Congratulations to the Phi Mu's for receiving the scholarship trophy for district VIII during the district convention at NDAC.

Gamma Phi Betas enjoyed potluck served home style last Monday night. The reason—mothers' club made the meal and served it.

Kappa Sigma Chi's are the picnic kind. On Thursday the Kappa Alpha Thetas were their guests. Tuesday the Kappa Sigs picnicked with the KD's.

New officers of the Sig Phi Delt pledge chapter at beginning of fall term are president Dewey Albers and secretary-treasurer Don Grom-mesh.

The alumni chapter of Phi Mu entertained actives and pledges with a picnic at Oak Grove park last Monday.

Kappa Delta honored their graduating seniors at a breakfast in the chapter house. They are LuVerne Duenow, Donna Sommerfeld, Mary Ellen Shaheen, Nola Westman and Marthana Hjortland.

Pinnings and engagements:

Phi Mu Rosamond Rausch received a pin from Wayne Wolfe, Kappa Psi recently.

An ATO and an Alpha Gam have pinned. Wearing the Maltese cross is Margaret Grothe who is pinned to Jerry Sticklemeier.

Our lovable and grand Katie Dowswell, KKG, is pinned to another ATO Fred Brandt.

Liz Jones, KD, became the dream-girl of a certain SAE in the person of Duane Lemm when he pinned her.

KKG June Hagen was married to SAE Tom Vangerud last Saturday in the First Lutheran church.

Just wait until you see the 1951 Bison annual which comes out today. There are things in there you've never seen before—girls (cheesecake, mind you), fellows, and more people.

Even though it's trite there doesn't seem any other way to say it, but good bye for three months for some of you, always for others.

RHO CHI INITIATES—

Eleven junior students in Pharmacy were initiated into Kappa chapter of Rho Chi, national pharmacy honorary, on Tuesday, May 22. The initiation and banquet was held at the Gardner hotel. Those who became active members were Carol Anderson, Edward Bring, Earl Crissman, Mark Butzer, Donald Fingerson, James Holter, Adelbert Knevel, Elaine McNeilly, John O'Brien, Erika Siivelt, and Thomas Swinland.

Male drivers in 1950 were involved in more than 90 percent of all U. S. automobile accidents.

At last! Final edition of the Spectrum. The 1950-51 school year is practically over, with only exams (ONLY?) remaining. Spec staffers (me included) are heaving tremendous sighs of relief, and may be seen fading away from the office in Science hall, with their meager checks clutched in grubby hands. New editor Betty Danielson really had to sweat to get the rag out this time. Condolences.

WHERE'S WHO . . .

Next year's staff is expected to be sadly depleted due to the departure of such titanic journalists as Irv Letofsky, John Mashek, and yours truly. Erv will be insulting this agrarian institution from that mildewed hunk of newsprint known as the Student up at Grand Forks; John and I hope to be at the U of Minnesota. (Pause for long, deep sigh of content.) With a little practice at the U, Letofsky could become the poor man's arch monroe.

REVIEW . . .

I've enjoyed insulting people since first starting to scribble in November. Here's what's happened since then: In November, I insulted Needle-Nose Schwer, and was sued by same. 'Member—"Look sharp, feel sharp, be sharp—see Jack Schwer, with the sharpest nose ever honed."

December found the chimney decorated with Greek letters, Monte Piper making a deal with his draft board, and the Little Gem H-Bomb kit was a Christmas gift suggestion.

January saw the instigation of Willie Muffet, lone shark extraordinaire. His predictions got Gordy Badger in trouble. Feud with Bob Johnson and his "Ball-point" started, as did the one with the Gamma Phis. Tagged Bob Grant with the nickname, "Sweetwater." The Kappas assassinated Willie Muffet, and the number of "queens" on the campus received a blast.

The Charity Ball was corrupted to read "Chastity Ball"—Referreeing in the basketball games got some heat, both in February. In the same month, the big Bill Weaver hassle started. Letofsky and I carried the mail, but no apology from the stubborn sportscaster. Neither Irv nor I will be here next year, Bill—so go ahead and resume Bison games instead of pouting.

March was the anti-NDU month, and we poured it on. The U series drew to a conclusion, and a play-by-play report of after the game happenings made enemies of the Thetas for me. Bob Johnson predicted I would become first "Sweetheart of Gamma Phi." Johnson quit writing . . . Festival hall burned . . . "Falsies to lose rubber content—less bounce to the ounce."

The Score changed to Off the Deep End in April, and I got into trouble with Reed's Cleaners. Dating survey disgraced sorority girls. Sam Catchem, Harry Truman, and linotype operator caught heck. Stockings fell at Bison Brevities and the gymnasium fell at Concordia. Truman-MacArthur situation was aired. Flagpole sags and Lakers put on phony exhibition.

May brought baseball, Don Christenson's "pole-shaft", a few orchids and the usual onions. And on to June . . .

CENSORS? ATTENTION . . .

A sex note has been introduced into radio by disc jockeys—heard one the other night follow "Sparrow in The Treetop" with "Hot

Canary."

FULBRIGHT BRUSH MAN . . .

Wally Klundt allowed me a sneak preview of the 1951 Bison annual in return for a plug for the book here. Well, Wally said he was gunning for an All-American rating this year, and he just may have it. Some excellent format and fine photography make it mighty easy on the eyes. Klundt will probably shock some of the staid Puritans here at State with the pages of gals in bathing suits he has inserted this year. Horrors! (Being a plain low-brow, I rather enjoyed the things!) Wally didn't promise a date for distribution, but named today as a likely bet. Don't miss your copy!

PREJUDICED PERSECUTION . . .

Poor Sam Catchem! He finally got tired of catching all the heat for the traffic ticket situation, and tried to pass the buck. Gave Bob Johnson a ticket just out of spite, anyway, and told Rob't not to put the blame on his broad beam (excuse me, BACK.) Seems it's "Judge" Toring who passes final judgment on the matter, and she levies the fines. Sort of sneaky having a woman judge like that, ain't it Sam?

BROKEN HEARTED . . .

The final issue of the Student came out this week, and no mention of State! Here I've been insulting right and left with no results whatsoever. Ignored completely—not so much as a peep out of those birds up there.

HIGH COST OF LOVING . . .

The Silver City Enterprise of Silver City, New Mexico, has been crusading for a higher governor's salary for many months, now. And I understand the poor chief exec really has things rough up at the mansion. According to reporter Bob Ingraham of the aforementioned paper: "No governor in many years has been able to love on the salary paid him." Well, I'd say it's about time the darn fool got down to business and quit horsin' around with wimmin.

SPORTS GEMS . . .

Gordon McLendon, the Old Scotchman of the Liberty Broadcasting System, manages to sneak in at least one goodie in a day. Recent example, which he muttered under his breath and chuckel about it for the remainder of the program: Talking about Paul Richards, White Sox manager as Richard's team extended their winning skein to 11 straight, "That fella's happier than a mosquito in a nudist colony." Sounds just like Manny Marget, huh? By the way, Manny—thanks for all the air time, but you managed to get my statement as twisted around to suit your purpose as Willie Beaver did back in February.

THIRTY . . .

Well, this is it. All foolin' aside, I hope you've enjoyed reading this just one part as much as I've enjoyed writing it for you. Keep pitchin', and remember: Win or lose, be a good sport. Ooooh—Wooow!! (thanks to you know who.)

A SHOT IN THE DARK

It's goodbye for another year. A year which saw quite a rapid turnover of sports editors, quote from the Dakota Student. John Hesse, Irv Letofsky, and myself all had our fingers in the pie for one quarter, but the agony has finally ended.

NEXT YEAR'S PROSPECTUS

This year was a disastrous one as far as athletics. That's putting it mildly. However, next year could be different and here's the reasons.

The 1952 football aggregation should be much improved over the 1951 crew, which finished in the cellar of the North Central conference and won only two contests.

The freshman crew had a perfect slate, although they only played three settos. In those games, the baby Bison displayed plenty of spirit and ability plus a love of the game.

Many of the members of the varsity edition were sophomores, who found their first taste of NCC play slightly bitter. Wenskunas hopes that the experience his young squad found will benefit them in the next two grid years.

Add to this freshmen and sophomore talent, the possibility of high school additions in the fall, and the picture looks rosier. Wenskunas and Krueger have worked diligently since the end of the Herd season to interest high school seniors in coming to NDAC.

With the junking of the freshman rule, those incoming prep lads can jump right into varsity eligibility. If even a goodly portion of the athletes Wenskunas has talked to enroll at State, they will be a welcome sight to the pigskin scene.

Advanced ROTC, a program which will help the athletes complete their college careers, is quite a help.

As I've stated before, look for next season to be a banner year in basketball. Chuck Benton's cagers finished a lowly sixth in the NCC standings, but boasted mainly sophomore members.

The Bison looked very good at times, and looked the other way on occasions. The spring basketball session held for the first time on the Fargo campus indicated Benton may have some surprises salted away for 1952-53.

Benton will have his entire first five back in uniform. With Grant, Bunker, Keisler, Fougner, and Fercho ready for maple action again, Benton's face should be filled with smiles come next winter.

Coach Erv Kaisers track squad has had a fair season, considering the number of participants that turned out for the sport. Erv's frosh loaded team has won one encounter and placed second in a three engagements.

Kaiser hopes to have track on a full scale next season. If his athletes start their training inside while snow is on the ground, they can catch up with the other NCC schools that have no fear of a weather hindrance.

STEVE GORMAN BASEBALL

When Stan Kostka awarded the traveling trophy to Jamestown's Jimmies, the Steve Gorman league officially came to a conclusion. Although the Bison failed in their bid for the crown, the loop ran smoothly, and was a definite success from every angle.

Here's the SPECTRUM'S Gorman league honor team:

- c—Win King, Mayville.
- 1b—Kenny Severud, Concordia.
- 2b—Casper Kauryjian, Jamestown.
- ss—Mac Dahl, Moorhead.
- 3b—Dave Green, Concordia.
- of—Beanie Anderson, Moorhead.
- of—Bob Simmons, Jamestown.
- of—Berard Masse, NDAC.
- p—Larry Krabbenhoff, Moorhead.
- Joe Ford, Jamestown.
- Al Anderson, Mayville.
- Dean Kampschoor, Wahpeton.

HERE N THERE

The Augustana Mirror recently picked Jim Gremmels, all North Central basketball center, as athlete of the year on the Augie campus. Gremmels will be awarded a trophy as a token for his work on the Viking squad.

South Dakota State, Morningside, and Augustana closed their baseball seasons last week. The three teams played eight game schedules with the Jackrabbits having the best record. Look for a North Central Conference baseball league to be formed in the near future.

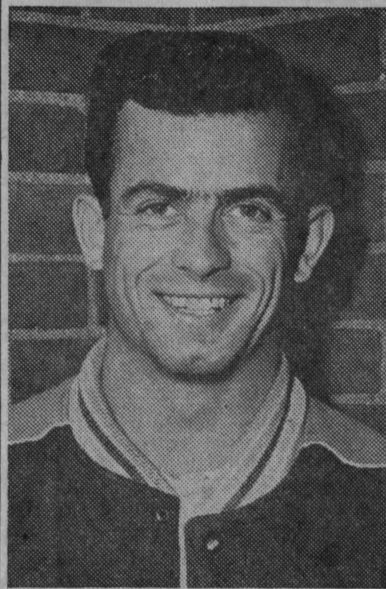

Two days after I wrote the short sketch on Willie Mays, heralded colored outfielder, the New York Giants called him to take over the center field slot. I hate to take any bows on that prediction as Mays failed to get a base hit in his first three games as a Giant regular.

If anyone is wondering why next years football and basketball schedules haven't been published yet, it's because neither slate has gone through the proper channels for approval.

Sorry to disappoint all you readers who were looking forward to reading Jim Schrimpf's scandal sheet transferred to the sports page. Brother Jim and I decided to take the easy way out and stick to our respective fields.

Here's wishing you all a happy summer of draft dodging.

Worner Runnerup In Mr. Northwest Contest

Fred Worner

"If I could someday win the Mr. America title and open a gym of my own, my life would be complete." In these words, Freddie Worner, possessor of the body beautiful, disclosed his future ambition in life.

It's not likely too many students attending NDAC know that Fred is a celebrity in his own right. The bashful, black-haired youth remains silent about his success in the field of body building, a sport which has picked up immensely during the last decade.

Just two weeks ago Fred placed second to Bill Matson of Minneapolis in the "Mr. Northwest" show held in the Mill City. However, Fred was judged as having the best developed chest of the competing participants.

During his stint in the Marine Corps, Worner first became interested in developing his body. In high school he was a gymnastic man, but couldn't find any suitable recreation in the Marines. It was then he hit upon weight lifting.

From then on, Fred has followed a rigid training program to keep himself in excellent physical condition. He uses a certain routine of exercises with the weights for a short period of time, and then changes to a different routine. In this way, he won't allow himself to go stale.

Fred was born in Fergus Falls, Minnesota but now makes his home in Great Bend, North Dakota. The 21 year old Worner is majoring in Physical Education and is a freshman on the AC campus.

In 1950 Fred had quite a thrill in being honored as "Mr. Minnesota." Since that time, he has been employed at the Fargo YMCA, teaching body building classes to males of all ages.

Fred makes the point clear that he is strictly a body building follower, and isn't interested in setting any weight-lifting feats. He simply uses the weights to accomplish his purpose.

Worner loves football and baseball, but decided not to participate in these sports. He figures that other activities will spoil the work that took so long to create.

Bison Teams Conclude Mediocre Year; Outlook For Future Seems Brighter

By BERARD MASSE

Athletic fortunes of the North Dakota State Bison during the 1950-51 season were of a mediocre and unimpressive level. The Herd lost many close contests in football, basketball, and on the diamond.

The gridiron season began on a dismal tone as the Yellow and Green were defeated by the Augustana Vikings, 6-0. The next week saw the Bison invade Milwaukee and lose a 57-0 game at the hands of powerful Marquette.

Iowa State Teachers played host to the local footballers the following week and edged the North Dakotans, 33-35, in one of the better-played tilts of the season. Oscar Jones led the Morningside Maroons to a 13-7 NCC win in a Dacotah field engagement.

Homecoming festivities at State went along smoothly until the South Dakota State Jackrabbits, paced by Herb Bartling and Warren Williamson, administered a second-half power drive to win in a 60-0 rout.

Victory was the keynote the following week as Moorhead Teachers fell before the Herd, 30-7. The North Dakota university Sioux put a damper on Bison hopes in the annual rivalry with a 33-0 victory at Grand Forks.

A trip to Glendive, Mont., produced the Herd's second win of the campaign as the Bison drubbed Montana State, 2-0. In the season's finale, South Dakota university pounced on the Bison for a 33-7 win at Vermillion, giving the Herd a 2-7 record for the year.

Johnny Richards was named on the all-conference defensive team at guard. Quarterback Bennie Noland was picked by his team as the most valuable player.

The freshman team went undefeated in three games, two from the NDU frosh and one from an MSTC reserve squad.

With the coming of cold weather, the spotlight shifted to the indoor basketball arenas.

The powerful Hamline Pipers, who went on to capture the NAIB title, handed the Bison a 55-40 set-back in the season's opener at St. Paul.

The following week the Herd crossed the river and dumped the MSTC Dragons, 53-47. Another journey to the Twin Cities and another defeat, this time to St. Thomas, 59-58. Playing sharp ball and shooting with above-average accuracy, the Yellow and Green trounced Concordia, 67-36, in the Shanley high gym.

Wahpeton Science was no match as the Bentsonmen dropped the down-staters, 62-27, in the first home engagement of the season.

The North Central conference's first tournament was held in Sioux City, Iowa, and it proved disastrous for the local athletes as they ended in eighth place with losses to

Morningside, 66-56, Iowa Teachers, 56-54, and NDU, 71-62. S. D. State won the tourney, edging Morningside in the final.

The conference slate began for the Bison on the losing side of the ledger as they fell before S. D. State, 59-47, and to Augustana, 60-51, on a two-day trip into S. D.

The Bison got back into the winning road with a 51-46 hard-earned win over Concordia and with a 53-33 triumph over Augustana.

A long road trip found the Bison losing three, to Morningside, SDU, and Iowa Teachers.

Back home again, the locals crushed S. D. State in an 80-64 upset and MSTC in a 61-60 thriller, the latter win giving the Herd undefeated claim to the Fargo-Moorhead college title.

Led by Doug Gresham and Co., Morningside handed out a 62-54 defeat. Coming from behind a large Bison margin, South Dakota's Coyotes put on a last half drive that almost proved victorious, but the Bison held off for a 62-61 win. A low-scoring setto found Iowa Teachers on the long end of a 45-40 score.

This set the scene for the big Nickel series with NDU. In the first half of the event in Fargo, the Sioux won a 74-73 double overtime thriller but the Bison came back on the next night for a 60-59 verdict on Bob Grant's clutch basket. At Grand Forks, the Sioux swept that end, 80-67 and 58-54.

Grant, high-scoring forward, was an all-conference selection.

Spring brought baseball, track, golf, and tennis to top billing on the sports scene.

The baseballers ended with a 2-8 record in the Steve Gorman league, losing four of the games by one run and two games by only two runs. Thor (Red) Hertsgaard won both winning efforts for the diamond men while Paul Grabarkewitz, third sacker, led the hitting.

The track squad, under the guidance of Erv Kaiser, represented the school favorably in local track meets. Bison tracksters finished first at the Jamestown Invitational, second at both the Sioux relays and the Bemidji Invitational, and fifth in the North Central conference trials at Cedar Falls, Ia.

The tennis team now has a record of two wins and two losses.

Golf was probably the outstanding sport from the standpoint of Bison successes. The golfers played extremely well in local meets and were runnerup in the conference event.

Summarizing the sports year, it was not very successful. The number of returning players slated for the next scholastic campaign should give the Bison fans something to look forward to.

SIoux WIN NDIC; BISON SECOND

By JIM SCHRIMPF

North Dakota University's Sioux tracksters successfully defended their NDIC cinder crown at Grand Forks Wednesday by running up 76½ points to 65 for their nearest rival, North Dakota State. The undermanned NDAC squad couldn't match the U's strength in field events and the hurdles, as Red Jarrett loaded 30 Sioux into various events.

The absence of Marty Davis definitely hurt the Herd's chances. Davis had to return home when he received word that his brother had been killed in an automobile crash.

It was an afternoon of "if's" for the Bison—IF Davis had been there, and IF Dave Lee's hadn't pulled a muscle and IF Don Edam had showed up— Edam COULD have given the Bison the necessary help in the hurdles, high jump, and pole vault that they needed.

Other team point totals were Jamestown 38½, Ellendale 24, Mayville 13, and Dickinson 4.

Ellendale's Brown and Rube Entzel from NDU tied for high point honors of the afternoon, each garnering 12 counters. Brown managed a second in the high hurdles, third in the lows, third in the javelin and a fourth in the shot to amass his point total. Entzel was hotter than a pistol, shooting up to 6-3½ in the high jump, shattering the old mark by 2½ inches.

Gerry Goetz topped the Herd total with ten points, coming on firsts in the mile and half-mile runs. Gerry also ran a beautiful anchor leg for the Bison relays, edging the University by two yards. Goetz made up a ten yard deficit, catching up on the far turn and pulling away in the stretch. Jack Lees was a surprise point-getter in the broad jump, winding up with 9 points.

The feature 100 yard dash gave the customers their money's worth, as Ronnie Thompson, Del Moore and Loren Oliver battled it out at the wire. Thompson edged Moore by a stride, with Oliver at Del's shoulder, in 10 seconds flat. Big Loren dumped the Jimmie speedster in the 220 by two yards, with the race around a curve accounting for the relatively slow time.

With only three events remaining—the high jump, low hurdles and mile relay—NDAC led NDU 56-55. The Sioux nearly swept the high jump, getting 10½ points; took 4 more in the relay; and added a final five in the low hurdles. Bison cindermen managed 8 points in the three events, getting shut out in the hurdles. And that was the story.

Sidelights: Devils Lake JC sprinter Eddie Fortin didn't even receive an invitation to the meet. The red-headed woodpecker and the gray bald eagle (better known as Red Jarrett and Erv Kaiser) had a head-on clash regarding lane positions for the relay. The red-head wanted to stick the AC in the outside lane all the way, but Kaiser pointed out the rules and the gray one emerged triumphant, as did the relay quartet of Bud Rydstrom, Lor Oliver, Fred Carolan and Gerry Goetz.

Track Summary

100—Thompson, Jamestown; Moore, NDAC; Oliver, NDAC; Bachmeier, Mayville; Bavendick, NDU. 10.
220—Oliver, NDAC; Thompson, Jamestown; Moore, NDAC; Camrud, Mayville; Conny, NDAC. 10.
440—Bravendick, NDU; Carolan, NDAC; Cummings, Jamestown; Rydstrom, NDAC; Wilkie, NDU. 53.2.
880—Goetz, NDAC; Bartlett, Mayville; Hitchcock, Jamestown; Hallada, NDU; Sestak, NDU. 2:05.3.
Mile—Goetz, NDAC; Hitchcock, Jamestown; Grunseth, NDU; Brogger, NDAC; Knoblick, Jamestown. 4:42.1.
Two mile—Brogger, NDAC; Dullon, Dickinson; Grunseth, NDU; Richter, Ellendale; Heising, Mayville. 10:30.4.
Low hurdles—Jensen, Jamestown; Williamson, NDU; Brown, Ellendale; VonDergest, Jamestown; Claffy, NDU. 26.9.
High hurdles—Jensen, Jamestown; Brown, Ellendale; Williamson, NDU;

AGR, ATO Nines Knock SAE Crew From Race

Alpha Gamma Rho and Alpha Tau Omega won their way into the Intramural softball finals by handing Sigma Alpha Epsilon successive defeats last week.

The AGR's capitalized on Marshall Moore's wildness to push across two runs in the top of the fifth to defeat the SAE's, 2-1. The contest was a tight pitching duel featuring Moore and Don French. Both hurlers were touched for a scant two safeties.

Don Meyers personally shoved the SAE's out of title contention by elbowing a sterling one hitter. Only Fritz Schwager's solo in the third frame kept Mayers from a perfect game.

A two run outburst in the first inning was more than enough for the Tau's. Tom Dittus cracked out two hits off Moore, who was also stingy, giving up just three bingles.

The line scores:
SAE 000 00-0 1 0
ATO 201 0x-3 3 0
Moore and Waldera; Meyers and Slotten.

AGR 000 02-2 2 3
SAE 001 00-1 2 2
French and Hansen; Moore and Waldera.

Athletic Association

Limits Football On TV

Major college football games will be limited on TV screens next fall, the National Collegiate Athletic association has ruled.

No team may be televised in more than one home game and one road game, and only one game will be shown in one area on any Saturday.

INTRAMURAL SOFTBALL

Alpha Gamma Rho fraternity won the first game in the IM softball playoff series, as they dealt out a 10-6 pasting of Alpha Tau Omega. The playoff match is being run on a two-of-three basis. The first contest featured a wide open slugfest.

VonDergest, Jamestown; Entzel, NDU. 16.

Javelin—Bearing, Mayville; O'Neil, NDAC; Brown, Ellendale; Entzel, NDU; LeMoine, NDU. 167.3.

Discus—Elliott, NDU; Retzlaff, Ellendale; LeMoine, NDU; Kubas, NDAC; Donahue, NDU. 134' ½".

Shot put—Elliott, NDU; Hallada, NDU; Kubas, NDAC; Brown, Ellendale; Le Moine, NDU. 44-8.

Pole Vault — Murgatryd, Ellendale; Lees, NDAC; Gronberg, NDAC; Bennett, NDU; Knox, Ellendale. 12.

High jump—Entzel, NDU; Williamson, NDU; Lees, NDAC; Bennett, NDU. Tie between Golbreith, NDU, and Sonnek, Jamestown. 6-3½. (New record. Old record 6-1 held by Patterson, Jamestown.)

Broad jump—Claffy, NDU; Entzel, NDU; Wilkie, NDU; Lees, NDAC; Jensen, Jamestown. 21-1¾.

Mile relay—NDAC (Rydstrom, Oliver, Carolan, Goetz). NDU. Jamestown. 3:37.4.

Palon Singles Champ; Phi Mu, AGR Softball Teams

Dick Palon of North Dakota State dumped Jamestown's Buzz Miller in the finals of the NDIC tennis match 6-2, 6-4, to become the 1951 singles champ. The net event was held Wednesday at Grand Forks in conjunction with the NDIC track meet.

Palon had edged hard-hitting Kenny Johanson of NDU in the opener 6-2, 6-4, and overwhelmed Miller with some accurate cannonball serves and a steady ground game.

State's Jose Iranzo and Jim Schrimpf dumped Jamestown's Jerry Swafford and Scotty MacDougald 6-3, 6-1 to advance to the finals of the doubles. Then they staged a heart-breaker with NDU's Zdenek (call me Stan) Marek and Gaylord Elliott, losing 8-6, 6-4. Marek, a former Czechoslovak Davis cupper, was the whole story. His torney net play and booming service sent the herd duo down to defeat.

The AC twosome seemingly had the first set wrapped up, leading 5-2. Marek and Elliott took the next four games before Schrimpf's service evened the set at 6-6. The next two games went to the Sioux racquetmen.

The second set found the Bison leading 4-2, before they collapsed again and lost four in a row.

The meet ended the season for the Bison net crew. The Herd won three meets in five outings for a successful year on the courts.

Jose Iranzo, Jim Schrimpf, Dick Palon, and Eddie Boerth represented NDAC throughout the racquet season.

Kostka Awards Jims Gorman Loop Trophy

President Stan Koska of the Steve Gorman Trophy league formally awarded the statue to Jamestown college last week, although the schedule lacks one game of completion. Concordia and Mayville still have one contest on line.

Jamestown clinched the flag when they beat the NDAC Bison in the first game of a double-header, May 25. The decision on the MSTC-Mayville game will be a contest for second place, but cannot have any effect on Jamestown's right to the top position.

Here are the standings of the Gorman League:

	W	L	Pct.
Jamestown	7	2	.776
Concordia	6	3	.667
Mayville	6	4	.600
MSTC	5	4	.550
NDAC	2	8	.200
Wahpeton	1	7	.125

Phi Mu, AGR Softball Teams

Pictured above are the Phi Mu sorority and Alpha Gamma Rho fraternity softball teams.

Phi Mu virtually clinched the women's phase of the Intramural softball championship last week. The Phi Mu's combined an easy win over Alpha Gamma Delta and a forfeit victory over Kappa Kappa Gamma to rest firmly in the top spot.

Alpha Gamma Rho was one-up on Alpha Tau Omega in their playoff series when this paper hit the press. After a 10-6 wild win over the Tau's, the men of AGR need only one more decision to cop the men's S-Ball title.

Bison Golfers Notch Tainter Title

North Dakota State's golf team won the second leg of the Georgia Tainter Trophy series via an easy victory over Concordia and Moorhead Teachers. The match was played in rain and wind on the Fargo Country Club links, May 25.

The Bison foursome of Dick Hermanson, Kenny Moran, Bill Swanston, and Bob Olson played outstanding games considering the inclement conditions prevailing.

Hermanson and Moran garnered medalist honors by firing 78's. Moran notched a beautiful first nine by

coming home with a 37 but faltered late in the back nine to take a 41. Hermanson carded a 40-38 to bring home his co-medalist total.

Swanston and Olson each had 85's for their day's efforts. Swanston had a 44-41 while Olson recorded a 42-43.

This was the second straight triumph for NDAC golfers in the intra-city Tainter Trophy play-off. If the Bison manage to win next season's match, the trophy will rest permanently in the Aggie's show case in the fieldhouse.
