## President Hultz Explains College Policy In Regard To Easter Season Vacations

The NDAC college calendar for 1951-52 does not allow for any dismissal of classes during the Easter season. President Fred S. Hultz offers the following statement as a clarification of College policy:

## Parrott Announces Enrollment Figures For Spring Quarter

If NDAC coeds could leurr 100 species of the masculine sex from institutes across the river to NDAC, they would be outnumbered three to one by males on the campus. The total enrollment of 1422 students for the spring quarter includes 1079 men and 393 women.

Enrollment in the continuation or evening classes has not yet been tabulated, according to A. H. Parrott, director of admissions and records. Also, some late enrollees are still coming in for regular classes.

By schools, the spring quarter enrollment show 357 in engineering, 352 in arts and sciences, 290 in agriculture, 226 in home economics, 147 in pharmacy and 49 in chemistry.

By classes, the enrollment stands at 363 freshmen, 327 sophomores, 328 juniors, 351 seniors, 43 graduate students and 10 special students.

"Because of the necessity of maintaining balance between the academic quarters, the spring recess always occurs during March between the winter and spring quarters. Occasionally, as in 1951 Easter occurs during the spring recess but at other times, as in 1952, spring recess is terminated before the Easter season.

In preparing the calendar the College Council takes many factors into consideration, and must do its work well in advance. For example, the 1952-53 catalog is now being printed. The College calendar for one year hence has already been approved and will appear in that catalog.

"As far back as January, 1946 and probably before that, students and staff have been permitted to attend divine worship on Good Friday and to be excused from classroom obligations for that purpose while they are so engaged.

"This arrangement has resulted in little disturbance of regular classes, and has at the same time permitted worship on Good Friday by members of the campus community. This policy, then, does not represent any change in the calendar nor change in established practice on our campus.

"Since neither students nor staff have campus obligations on Easter Sunday, the present policy in no way restricts their freedom in meeting religious obligations on that day."

## Health Group Urges Students To Take X-Rays Next Week

The mobile X-ray unit from the State Health Department has arrived in Fargo and will be parked on the campus in front of Festival Hall next Monday, Tuesday and Wednesday (April 7, 8 and 9).

All persons connected with the college and their families (children under 15 years of age excepted) may have a free X-ray taken at three periods during each day: 10 a. m. to 1 p. m.; 3 to 5 p. m.; and 7 to 8 p. m.

The NDAC Health Service urges all eligible persons to take advantage of the free X-ray service. Not only will the X-ray reveal unsuspecting cases of tuberculosis, but it will disclose any other chest abnormality.

Although the incidence of tuberculosis in North Dakota is quite low, compared to other states, last year's survey did reveal 40 new positive cases, according to the state health report. Suspicious pathology, indicating tuberculosis, was revealed in 2,250 others.

No undressing is necessary to have an X-ray taken, explains the Health Service, and no advance registration is necessary. The Health Service is aiming for a goal of 100 participation in the survey by students and staff members.

## Hultz Announces Five Faculty Promotions

Five academic promotions have been made at NDAC to become effective July 1, according to Dr. Fred S. Hultz, president.

In the School of Pharmacy, Dr. Sidney S. Chernick has been advanced from associate professor to professor of pharmacology and chairman of that department. Dr. Charles Shull also has been promoted from associate professor to professor of pharmacy and chairman of that department.

In the School of Engineering, John Olson was promoted from instructor to assistant professor of mechanical engineering.

A promotion in the School of Applied Arts and Sciences is that of Wendell W. Norris who was advanced from instructor to assistant professor of English.

Dr. Earle W. Klosterman was promoted from associate professor and associate animal nutritionist to professor of animal husbandry in the School of Agriculture and animal husbandry in the Experiment Station.

## Oil Exhibit On Display At Geology Department

An oil exhibit on display in the geology department of North Dakota Agricultural College shows how oil is formed and how it is recovered and refined. A large map accompanying the display illustrates the world wide distribution of oil. The exhibit has been donated to the college by the Carter Oil Company of Tulsa, Oklahoma.

## Sitting One Out . . .

Verne Plath, Mary Moore, Shirley Patterson, Bob Kramer

## Engineer's Sponsor Semi-Formal Ball Tonight At Knights Of Columbus Hall

Leaders of the Grand march tonight at the Engineer's ball will be Verne Plath, Mary Moore, Shirley Patterson and Bob Kramer. Plath is president of the Engineering council, sponsors of the ball. Kramer is general chairman of the semi-formal event which will be held at 9 p. m. in the Knights of Columbus hall. Corsages are not in order.

## Dietz Brings Music Into Homes Via Radio

Endeavoring to bring music appreciation into the home via radio, Robert J. Dietz, music instructor at NDAC, has inaugurated a nine week series of classical record programs on WDAY.

The lack of "long hair" disk jockeys among the hordes invading radio today is lamentable, Mr. Dietz feels. He hopes that a program of this type will give radio listeners a greater enjoyment of classical music through better understanding.

Sponsored by Fargo firms the hour long program is heard at 9 p. m. Sundays. Concentrating on local and regional music events, Mr. Dietz plays records of selections that will be presented. Such events as the opera Die Fledermaus, the Minneapolis Symphony, Oscar Levant and the Fargo-Moorhead symphony have been previewed.

Mr. Dietz plans future broadcasts relating to the Metropolitan Opera Company which plays in Minneapolis in May and the final Fargo-Moorhead symphony of the season. When there is no local event to preview, the program is devoted to the unusual in musical compositions, such as a "Bassoon Concerto" by Mozart or a "Concerto for the 'Left Hand'" by Ravel.

An experiment on the Fargo-Moorhead air waves, Mr. Dietz's program will depend for its continuance on the response of radio listeners.

## Group Holds Forum

The Student Commission will conduct an open forum next Tuesday, April 7 at 7 p. m. in the Fireside room College Y. Members of the commission will discuss the new proposed student constitution.

Among the invited guests are Governor and Mrs. Norman Brundage; NDAC President and Mrs. Fred S. Hultz; Clinton J. Johnson, head of the Fargo Engineers' Club and Mrs. Johnson; and the following from the NDAC administration:

Dean and Mrs. R. M. Dolve, Dean and Mrs. Ralph E. Dunbar, Dean and Mrs. G. Ernst Giesecke, Dean and Mrs. Charles A. Sevrinson, Dean and Mrs. W. F. Sudro, Dean and Mrs. Harlow L. Walster, Dean Clara C. Cerveny and Dean Pearl Dinan.

Prof. and Mrs. John A. Oakey, Prof. and Mrs. A. W. Anderson, Dr. and Mrs. Daniel Q. Posin, Lt. Col. and Mrs. Neal W. Lovsnes, Lt. Col. and Mrs. Robert E. Phillips and Prof. and Mrs. Knute A. Henning.

Chaperon-sponsors will be Prof. and Mrs. C. O. Anderson, Prof. and Mrs. Robert M. Faiman and Mr. and Mrs. George M. Polk.

## Organizations Schedule Lenten Services Next Week At LC Theatre

Arrangements have been made to hold Lenten services on the campus. The services will be held in the Little Country Theatre at 12:30 p. m. Tuesday, Wednesday and Thursday. Organ music, solos, and scripture reading by the students will constitute the services.

The program is under the direction of Alpha Phi Omega, Panhellenic council, Interfraternity council, Blue Key, and the student commission. The services are open to all religious denominations.

## HOW ABOUT HARD DRINKS?

At the University of Texas students are no longer permitted to smoke or have soft drinks in class. Some of the reasons cited: Fire hazard, extra housekeeping, unsightly floors.

## SAI Presents Records . . .

The NDAC chapter of Sigma Alpha Iota, national honorary music fraternity for women, has started a new project of furnishing the NDAC library with a record collection of modern music. The first album of records was presented this week to H. Dean S. Stallings, librarian, by leaders in the group.

Above, left to right, are Donna Wohl, new president-elect; Professor Stallings; Maxine Sill Hansen, current president; and Nancy Smith, project chairman.

Sigma Alpha Iota, founded almost half a century ago, is designed to raise musical standards among students. A woman, to be eligible for membership, must be taking a course leading to a major or minor in music. The group furnishes ushers for civic concerts, entertains patients at the Veteran's Hospital, and bestows the annual Pollock Memorial Award for outstanding musical ability.

### As I See It . . .

#### 'Typical' Meets His Waterloo

by Walt Fogel

I would like to introduce to you a good friend of mine. His name is Typical Stateman. Typical is a pleasant fellow to chin with and—oh heck, I think that the best way to show you what I mean is to repeat one of his conversations with his favorite teacher, Professor Finestein. Typical was complaining to Finestein about the female situation.

**Typical:** Mr. Finestein, don't you agree that the girls on this campus enjoy a situation which compares very favorably with Thomas Moore's idea of Utopia, Adam and Eve's Paradise, and Dagmar's attraction for her frustrated television audience?

**Prof. Finestein:** Well my thin brained student, I must admit that anything wearing a skirt, possessing at least 22 sound teeth and the ability to at least stagger around a dance floor has a good chance of engaging a male companion for Saturday nights, but I think that that is the way it should be, because you men must be kept on your toes.

**Typical:** I suppose that you are right, but I am just disgusted because of my "Waterloo" last Saturday night.

**Prof. Finestein:** What happened boy? Unload your troubles.

**Typical:** Well I had had one date with Myrtle and I thought she was quite nice, so I decided to take her to the Master Milkers Ball. Of course I asked her three weeks in advance and she only had dates for the next two and a half weeks so she said "Yah, I'll go wid ya".

After spending all day scraping the winters mud off my 36 Chevy, I picked her up in what must have been the muddiest part of the out-

skirts of Moorhead. Myrtle was real nice though, when I got stuck she got out and pushed.

**When we had dinner Myrtle ordered the best of everything including a \$3.75 steak, and I followed her example. I knew that I wouldn't be eating for the next week, so I decided to eat while my checks were not bouncing**

We arrived at the dance during an intermission and Myrtle said that would be a good time to leave, when she heard that the band could really play jazz. So Myrtle jitterbugged a torrid path through the dance floor to the romantic accompaniment of tunes like "Tiger Rag", while I attempted to follow her in the manner of an obedient St. Bernard. Just when the band struck up "I'm In The Mood For Love", Myrtle informed me that she was ready for the post party.

Nothing much happened at the post party. Myrtle wanted to beat up the Football Captain for stepping on her formal, but I guess he was scared or maybe he just wanted to play next year.

So at 3 I followed her up to her front porch feeling a surge of power and confidence for my final test. Just as I warily placed my hands on her broad shoulders she quickly brushed them off and said, "Gee, but youse have an awful cold."

**Prof. Finestein.** Yes, Tippy my boy, I know that girls are a lot of trouble, but speaking from my experience as a married man I say that their assets outweigh their liabilities in all ways except one, and that one objection arises from the connection between marriage and my Theory of Relativity.

**Typical:** What is your objection?  
**Prof. Finestein:** Too many Relativities.

### Behind The Scenes . . .

Bob Peet is the organizer behind the ticket sales campaign for the Bison Brevities.

#### 16 Campus Organizations Sell Tickets For Bison Brevities' 1952 Production

Some 16 campus organizations will be allotted \$200 worth of tickets to sell for the 1952 Bison Brevities according to Bob Peet, ticket sales manager. Bob works with the business manager to see that the tickets get printed and distributed.

On April 7th the Blue Key will have a banquet with representatives from the various groups to kick off the ticket sales contest. Two trophies will be awarded the top

seller of the women's and men's division.

Each night 1409 seats will be available. Fieldhouse seats will be arranged in a fan shaped pattern. This fan will be divided into three sections. Best seats are located in the front part of the fan. Middle seats will be the most economical and the bleachers of the last section will be almost as good as the front seats.

Bob Peet is a senior majoring in electrical engineering. His activities include Alpha Tau Omega, American Institute of Engineering group, Phi Kappa Pi, scholastic honorary, Tau Beta Pi, honorary engineering group, Engineer's Council and the Blue Key. Bob has also been elected to Who's Who.

Bob spent two years in the navy before enrolling at NDAC. After graduation this home town boy has plans with the Atomic Energy Commission. His work will be connected with guided missiles.

#### AGR's Commemorate Founder's Day Tonight At 43th Annual Banquet

The annual AGR Founder's Day Banquet will be held April 4 at 6:30 p. m. at the Gardner Hotel.

Vic Horne, graduate of '50, is acting as Toastmaster. Speakers are Dean Walster and chapter advisor, M. L. Buchanan. Entertainment is being provided by the pledge class.

Nationally, Alpha Gamma Rho was founded in 1908, when two local fraternities from Ohio State University and the University of Illinois combined. The Greek words, Alpha Gamma Rho, were chosen so that the initials of the fraternity would be the first three letters of the word Agriculture.

Epsilon chapter of AGR was founded in 1913 and the house was built in 1928. The mortgage burning ceremony was held at the Founder's Day Banquet '50. At present, the chapter is operating with 44 actives and 25 pledges.

A patient, awakening after an operation, found the blinds of his room drawn. When he asked the doctor for a reason he was told, "There's a fire burning across the alley and I didn't want you to wake up and think the operation was a failure."

### Social Spy . . .

#### Phi Mu's, SPD's Receive Notables; Guidon Entertains

by Lorrie Brown

Last Monday night was quite a night for Betty Ruby, the new Phi Mu president. She passed candy in honor of her engagement to Ted Dietz, SPD pledge. Then she was installed as president, and finally the SPD's serenaded her. The Phi Mu's have established a new custom of putting a silver ring with pink ribbons on their light whenever one of their girls becomes "ringed".

The Kappa Gamma alums served a delicious potluck to the Kappa chapter last Monday night. Ah! Those wonderful alums!

Last Wednesday Guidon entertained Scabbard and Blade at a coffee hour at the Theta House.

The Phi Mu's entertained their district president, Mrs. Lucille Johnson, this week with a tea on Tuesday and a coffee hour on Wednesday.

Tonight the Kappas are having a "High-Low" dinner. Partners were drawn last term to see who could make the highest average. Those with the lower averages will be serving their partners.

The Alpha Gams will initiate their pledges tomorrow at 1:30. Tomorrow evening the chapter and their alumni will hold their annual IRD banquet at the Gardner Hotel.

On Sunday the Sigma Phi Delta's will entertain their grand president, Mr. Robert J. Beals, at their Founders' Day and Initiation Banquet.

Mrs. Betty Olson, executive officer of the Crosky Corporation and Phi Mu alum, will be guest of the Phi Mu chapter at Sunday dinner. Next Wednesday the Gamma Phi's will have coffee hour at the house at four, so drop in!

Donald Davidson, Kappa Sig active, recently became the father of one of those wonderful boys. Congratulations, dad!

From the pages of the Bismarck Tribune: Edwin Herman Boerth becomes engaged to Jean Margaret Bolmeier, Fargo classmate. Jean received a beautiful diamond during Spring vacation. Congratulations Herman and classmate!

Ronnie Favorite recently hung his SPD pin on Shirley Krueger, a student nurse at St. Lukes. Alpha Gam Iona Dalzell received a diamond last week end from Dick Nickeson, UND student.

KAT Marlo Hagen received a beautiful diamond from Russel Stubor, Kappa Sig who is now stationed at Denver, Colorado. Marlo spent part of her spring vacation visiting Russ in Denver.

That famous NDAC alum, Mr. Robert Fisher (you know, Fish) recently hung his Theta Chi pin on Jane Shea, Gamma Phi and 1951 AC graduate. By the way, Fish is now studying humanities at MSTC. Ask him about it sometime!

#### Seniors In Home Ec Begin Practice Work

Eight senior women majoring in home economics at NDAC reported Monday, March 24, to teaching centers in the state to begin a five-week period of student teaching in vocational homemaking. The work is under the direction of Lucille Horton and Evadine Parker, teacher-trainers at NDAC.

The assignments include Dorothy Sand, Wahpeton; Mona Sund, Lidgerwood; Shirley Holcomb and Betty Topp, Jamestown; Carol Sether, Hatton; Natalie Leiseth, Grafton; and Janice Kyseth, West Fargo.

### Phi Mu's, Kappa Sig's, Kappa Delta's Elect

Betty Ruby

Betty Ruby, HE-Jr., of Cavalier was installed as new president of Phi Mu sorority Monday night to succeed Orilla McGill.

Other officers elected are: Donna Bender, vice-president; Lois Pfeiffer, secretary; Ardyce Sjaastad, treasurer; Carole Kirkhus, rush chairman; Darlene Geving, pledge trainer; and Clarene Sandven, social chairman.

Donald Morton

Kappa Sigma Chi fraternity elected Donald Morton, Edmore, as new president last Monday to succeed John Murphy.

Other new officers are: Donald Busch, vice-president and social chairman; Daryl Strong, secretary; Lawrence Lutz, treasurer; Ralph Leet, house manager; Jack Burke, sports manager; Richard Kukowski, historian; and Richard Wenberg, reporter and Interfraternity Council representative.

Kay Bailey

Kay Bailey, AAS-Jr., has been elected president of Kappa Delta sorority. Miss Bailey is secretary of the Student Commission and serves on the Board of Campus Affairs.

Other new officers are Phyllis Hans, vice president; Jan Myhre, secretary; Sonja Blegen treasurer; Arlene Anderson, editor; A vie Jebb, assistant secretary; Marlys Wentz, rushing chairman; Florence Geisler, assistant rushing chairman; Ginnie Lidstrom, social chairman.

Janice Radcliffe, house manager; Mary Holmgren, activities; Gayle Quam, scholarship chairman; Renee Haas, social service chairman; Neysa Henderson, historian Doris Anderson, chapter education director; Carol Bahr, parliamentarian; Dorothy Ryan, magazine chairman; Lois Heise, Sargent-at-arms; Rita McConnachie, guard; Jacky Brekken, song leader and Maureen Nygarrrd, assistant song leader.

# Tryota Projects Meeting Scheduled April 8 At Ceres

The annual Tryota "projects" meeting will be held April 8, 7:30 p. m. in Ceres A. There will be a business meeting and election of officers for the year 1952-53.

Catherine Casey is chairman of the program to acquaint Home Economics students with the various types of possible summer projects. Two out-of-school projects are required for graduation in the Home Economics department. These may be done during the summer at home or on a job or concurrently with college work.

Five girls will contribute to the program. They will give reports of projects done this past summer. Joan Haberman will tell of a reading and knitting project which she did while convalescing. Nancy Smith spent part of her vacation on a job on a Navajo Indian reservation. By observing the Indian children while teaching them, she was able to combine her job and her project requirement.

Mary Wanner will display some garments she made as part of her project. Beverly Desmond worked a project into her job while she was employed at a resort. She combined a foods and reading project. Phyllis Knight will report on her home furnishings project. She refinished and refurnished a room as her summer project.

# YM-YW Hold Conference At MSTC Today

Members of the NDAC YMCA and YWCA will attend their area spring conference today and tomorrow at Moorhead State Teachers College. This Leadership Training conference is designed especially to give help to the newly-elected officers. The conference will include workshops on Worship, Program and Projects, Recreation and Social,

and Publicity and Membership. One of the high points of the conference will be the movie tonight entitled "Dust or Destiny". Tomorrow afternoon, co-chairmen for the coming year will be elected. The Lake Geneva Conference had been chosen as the theme for the banquet Saturday evening which will wind up the conference. A film from Lake Geneva will be shown at that time.

For additional information about this conference students may call the YWCA or the YMCA office.

## Dr. Helgeson To Speak At Ag Econ Seminar

"Agricultural Peace Offensive in Chile" will be the topic of Dr. Helgeson, chairman of the NDAC botany department, when he speaks at the Agricultural Economics seminar next Thursday, April 10. The meeting will be held in Morrill hall, Room 215 at 4 p. m.

# Be Happy-Go LUCKY!

I study hard for each exam,  
And all I get is C.  
But I get A's on smokers' tests  
With L.S./M.F.T.  
Barbara J. Mayer  
University of Wisconsin

The play was o'er, the curtain drawn,  
The cast was now at ease.  
Said seconds, stars and stagehands, too,  
'A Lucky, if you please!'  
Stan Book  
West Virginia University

In a cigarette, taste  
makes the difference—  
and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the *taste* of a cigarette. You can *taste* the difference in the smoother, mellow, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that *tastes better!* Be Happy-Go Lucky! Buy a carton today!

## L.S./M.F.T.-Lucky Strike Means Fine Tobacco

When politicians rave and rant,  
I just sit back and gloat,  
For better-tasting Lucky Strike  
Will always get my vote!
