Next Week**

## President Hultz Explains College Policy In Regard To Easter Season Vacations

The NDAC college calendar for 1951-52 does not allow for any dismissal of classes during the Easter season. President Fred S. Hultz offers the following statement as a clarification of College policy:

"Because of the necessity of maintaining balance between the academic quarters, the spring recess always occurs during March between the winter and spring quarters. Occasionally, as in 1951 Easter occurs during the spring recess but at other times, as in 1952, spring recess is terminated before the Easter season.

## Parrott Announces Enrollment Figures For Spring Quarter

If NDAC coeds could leurr 100 species of the masculine sex from institutes across the river to NDAC, they would be outnumbered three to one by males on the campus. The total enrollment of 1422 students for the spring quarter includes 1079 men and 393 women.

Enrollment in the continuation or evening classes has not yet been tabulated, according to A. H. Parrott, director of admissions and records. Also, some late enrollees are still coming in for regular classes.

By schools, the spring quarter enrollment show 357 in engineering, 352 in arts and sciences, 290 in agriculture, 226 in home economics, 147 in pharmacy and 49 in chemistry.

By classes, the enrollment stands at 363 freshmen, 327 sophmores, 328 juniors, 351 seniors, 43 graduate students and 10 special students.

In preparing the calendar the College Council takes many factors into consideration, and must do its work well in advance. For example, the 1952-53 catalog is now being printed. The College calendar for one year hence has already been approved and will appear in that catalog.

"As far back as January, 1948 and probably before that, students and staff have been permitted to attend divine worship on Good Friday and to be excused from classroom obligations for that purpose while they are so engaged.

"This arrangement has resulted in little disturbance of regular classes, and has at the same time permitted worship on Good Friday by members of the campus community. This policy, then, does not represent any change in the calendar nor change in established practice on our campus.

"Since neither students nor staff have campus obligations on Easter Sunday, the present policy in no way restricts their freedom in meeting religious obligations on that day."

## Health Group Urges Students To Take X-Rays Next Week

The mobile X-ray unit from the State Health Department has arrived in Fargo and will be parked on the campus in front of Festival Hall next Monday, Tuesday and Wednesday (April 7, 8 and 9).

All persons connected with the college and their families (children under 15 years of age excepted) may have a free X-ray taken at three periods during each day: 10 a. m. to 1 p. m.; 3 to 5 p. m.; and 7 to 6 p. m.

The NDAC Health Service urges all eligible persons to take advantage of the free X-ray service. Not only will the X-ray reveal unsuspecting cases of tuberculosis, but it will disclose any other chest abnormality.

Although the incidence of tuberculosis in North Dakota is quite low, compared to other states, last year's survey did reveal 40 new positive cases, according to the state health report. Suspicious pathology, indicating tuberculosis, was revealed in 2,250 others.

No undressing is necessary to have an X-ray taken, explains the Health Service, and no advance registration is necessary. The Health Service is aiming for a goal of 100 participation in the survey by students and staff members.

## Hultz Announces Five Faculty Promotions

Five academic promotions have been made at NDAC to become effective July 1, according to Dr. Fred S. Hultz, president.

In the School of Pharmacy, Dr. Sidney S. Chernick has been advanced from associate professor to professor of pharmacology and chairman of that department. Dr. Charles Shull also has been promoted from associate professor to professor of pharmacy and chairman of that department.

In the School of Engineering, John Olson was promoted from instructor to assistant professor of mechanical engineering.

A promotion in the School of Applied Arts and Sciences is that of Wendell W. Norris who was advanced from instructor to assistant professor of English.

Dr. Earle W. Klosterman was promoted from associate professor and associate animal nutritionist to professor of animal husbandry in the School of Agriculture and animal husbandry in the Experiment Station.

## Oil Exhibit On Display At Geology Department

An oil exhibit on display in the geology department of North Dakota Agricultural College shows how oil is formed and how it is recovered and refined. A large map accompanying the display illustrates the world wide distribution of oil. The exhibit has been donated to the college by the Carter Oil Company of Tulsa, Oklahoma.

## Sitting One Out . . .

Verne Plath, Mary Moore, Shirley Patterson, Bob Kramer

## Engineer's Sponsor Semi-Formal Ball Tonight At Knights Of Columbus Hall

Leaders of the Grand march tonight at the Engineer's ball will be Verne Plath, Mary Moore, Shirley Patterson and Bob Kramer. Plath is president of the Engineering council, sponsors of the ball. Kramer is general chairman of the semi-formal event which will be held at 9 p. m. in the Knights of Columbus hall. Corsages are not in order.

Among the invited guests are Governor and Mrs. Norman Brunsdale; NDAC President and Mrs. Fred S. Hultz; Clinton J. Johnson, head of the Fargo Engineers' Club and Mrs. Johnson; and the following from the NDAC administration:

Dean and Mrs. R. M. Dolve, Dean and Mrs. Ralph E. Dunbar, Dean and Mrs. G. Ernst Giesecke, Dean and Mrs. Charles A. Severson, Dean and Mrs. W. F. Sudro, Dean and Mrs. Harlow L. Walster, Dean Clara C. Cerveny and Dean Pearl Dinan.

Prof. and Mrs. John A. Oakey, Prof. and Mrs. A. W. Anderson, Dr. and Mrs. Daniel Q. Posin, Lt. Col. and Mrs. Neal W. Lovnes, Lt. Col. and Mrs. Robert E. Phillips and Prof. and Mrs. Knute A. Henning.

Chaperon-sponsors will be Prof. and Mrs. C. O. Anderson, Prof. and Mrs. Robert M. Faiman and Mr. and Mrs. George M. Polk.

## Organizations Schedule Lenten Services Next Week At LC Theatre

Arrangements have been made to hold Lenten services on the campus. The services will be held in the Little Country Theatre at 12:30 p. m. Tuesday, Wednesday and Thursday. Organ music, solos, and scripture reading by the students will constitute the services.

The program is under the direction of Alpha Phi Omega, Panhellenic council, Interfraternity council, Blue Key, and the student commission. The services are open to all religious denominations.

## Group Holds Forum

The Student Commission will conduct an open forum next Tuesday, April 7 at 7 p. m. in the Fireside room College Y. Members of the commission will discuss the new proposed student constitution.

## HOW ABOUT HARD DRINKS?

At the University of Texas students are no longer permitted to smoke or have soft drinks in class. Some of the reasons cited: Fire hazard, extra housekeeping, unsightly floors.

## SAI Presents Records . . .

The NDAC chapter of Sigma Alpha Iota, national honorary music fraternity for women, has started a new project of furnishing the NDAC library with a record collection of modern music. The first album of records was presented this week to H. Dean S. Stallings, librarian, by leaders in the group.

Above, left to right, are Donna Wohl, new president-elect; Professor Stallings; Maxine Sill Hansen, current president; and Nancy Smith, project chairman.

Sigma Alpha Iota, founded almost half a century ago, is designed to raise musical standards among students. A woman, to be eligible for membership, must be taking a course leading to a major or minor in music. The group furnishes ushers for civic concerts, entertains patients at the Veteran's Hospital, and bestows the annual Pollock Memorial Award for outstanding musical ability.

# Commission Offers New Constitution

(ED. NOTE—Bob Schnell, president of the NDAC Student Commission makes the following comments in regard to the proposed Student Body constitution printed on this page.)

For several years NDAC Student commissions have realized the need for an improved constitution to govern our student body. However, each commission has passed this task to the succeeding group of officers. The present student commission has accepted the challenge rather than shirking the responsibility as have previous commissions.

Commission members have willingly and unselfishly devoted many hours of thorough investigation and consideration toward the improvement of our student government. Their only reimbursement will be the satisfaction derived from student approval of their effort.

**We thoroughly believe that this new constitution is a marked improvement over the old one for several reasons. For example, the new constitution provides for a legislative body in the form of the student senate. This body will function as a policy making group and should arouse an increased student interest in campus affairs.**

Another important aspect is the decrease in the number of elected officials to include only those who determine governing policy. Administrative officers, except the president, are appointed by the chief executive with the approval of the senate. This concept is in line with theories and practices advanced by modern political scientists.

We have drawn up a simplified and yet all inclusive constitution which will provide for a democratic, flexible and efficient student government.

The constitution published in this issue of the Spectrum is the one advanced by the Student Commission. Any other constitutions are the product of individual students and have not been approved by the Commission.

An open forum conducted by the Student Commission to fully explain the new constitution will be held on Tuesday, April 7. Election for constitution acceptance will be held on Wednesday, April 8. This constitution, if accepted by a majority of the students and the college administration will be in effect after the spring election.

## CONSTITUTION OF THE STUDENT BODY

We, the students of the North Dakota Agricultural College, in order to exercise the authority delegated to us by the College and to provide an organization for the regulation thereof, do ordain and establish the following Constitution and By-Laws.

### ARTICLE I

#### Name and Object

**Section I.** The name of this organization shall be the Student Body of the North Dakota Agricultural College.

**Section II.** The object of this organization shall be to provide a unified student body, to stimulate school spirit, to coordinate the students in their several fields and to further the development of the North Dakota Agricultural College.

### ARTICLE II

#### Membership

**Section I.** All bonafide students who pay the student activity fee as hereinafter provided shall be considered members of this organization.

**Section II.** Payment of the student activity fee provided for by the College Council entitles each student to the privileges outlined in the "Student Handbook."

### ARTICLE III

#### Governing Body

**Section I.** The governing body of this organization shall consist of a legislative branch and an executive branch.

**Section II.** The legislative branch shall consist of a student senate in which there will be at least eighteen members chosen from the student body at large with provision made for the holdover of onethird of the total membership.

**Section III.** The executive branch shall consist of the student president and his appointed commissioners. This commission will have at least six commissioners, namely: The Commissioner of Campus Affairs, The Commissioner of Finance, The Commissioner of Music and Public Programs, The Commissioner of Military and Athletics, The Commissioner of Student Union and The Commissioner of Publications. The Commissioners shall be chosen by the President either from the Senate or from the Student Body at large with the consent of a simple majority of the Senate. The members chosen from the Senate will be active members and will have a vote in the Senate. The members chosen at large shall be active members of the Senate but will not have a vote.

### ARTICLE IV

#### Advisers

**Section I.** The governing body shall have a faculty adviser to be selected by the Senate and submitted to the College Council for approval before appointment.

**Section II.** It shall be the duty of the faculty adviser to attend all meetings of the governing body, advise the body on policies and activities, and to clarify faculty opinion, but he shall have no vote.

**Section III.** The faculty adviser and the Student Senate shall act as the interpreters of this constitution. Any interpretation of this constitution shall be with a view to its basic principles which are to increase the general student welfare, interest, and participation in the student affairs of the North Dakota Agricultural College.

### ARTICLE V

#### Amendments

**Section I.** Any amendments to this constitution approved

by the College Administration and adopted by a majority ballot vote of the students at any regular election, or special election held for that purpose, provided that the ballot cast shall be not less than twenty-five percent (25%) of the active members of the Student Body, shall be added to this constitution.

**Section II.** Proposed amendments to this constitution after approval by the College Administration, shall be presented to the members of the Student Body either by affirmative vote of at least two-thirds of the membership of the Student Senate or by a petition duly certified by the Commissioner of Campus Affairs to contain the signatures of at least ten per cent (10%) of the active members of the Student Body.

**Section III.** All By-Laws of this organization may be amended by two-thirds vote of the Student Senate.

This constitution shall supplant and repeal any and all previous constitutions, and shall go into effect immediately following approval by the College Administration and subsequent ratification by the Student Body.

## BY-LAWS

### ARTICLE I

#### Qualification of Members of The Student Government

**Section I.** All candidates for the Student Government shall be bonafide members of the Student Body as provided in Article II, Section I of this constitution, and shall be eligible under college ruling where scholarship and activity points are applicable as stipulated by the Board of Campus Affairs.

**Section II. Special qualification are as follows:**

1. The President of the Student Government must be at least a third term sophomore, and have at least three terms of school left before graduation at the time of election. Nomination to office shall be by petition.
2. Members of the Commission must have at least three terms of school left at the time of their appointment.
3. Members of the Senate will be elected at large from the Student Body. Nominations shall be made by petition. Candidates for two-year terms shall have at least six terms of college remaining at the time of election. Candidates for one-year terms shall have at least three terms of college remaining at the time of election.

### ARTICLE II

#### Duties and Powers of the Members of the Student Government

**Section I. President of the Student Government**

1. He shall preside over meetings of the Senate, the Commission and the Student Body.
2. He shall have the power to call all meetings of the Senate, Commission and the Student Body.
3. He shall appoint all committees to function in behalf of the Student Government.
4. He shall be responsible for directing and coordinating all Homecoming activities.
5. He shall be responsible for directing the Junior-Senior Prom.
6. He shall vote only in the event of a tie.
7. He shall have the power to call and receive reports from members of the Student Government at any time.
8. He shall, whenever possible, act as the official representative of the Student Body at all public functions.

**Section II. Members of the Commission.**

1. They shall be responsible to the President of the Student Government for administering the policies as determined by the Student Senate.
2. They shall meet at least once a week during the official school year and whenever meetings are called by the President.
3. They shall be chairmen of their respective Senate Committees.

**Section III. Duties of Individual Commissioners.**

**A. Commissioner of Campus Affairs.**

1. He shall be responsible for carrying out all student elections and determining the eligibility of all candidates.
2. He shall determine, with the approval of the Senate, the number of names required on each nominating petition.

**B. Commissioner of Music and Public Programs.**

1. He shall be responsible for all public programs, musical activities and entertainment supported by student fees.
2. He shall be a voting member of the College Convocations Committee.

**C. Commissioner of Publications.** He shall be responsible for the administration of all publications financed by student fees.

**D. Commissioner of Military and Athletics.**

1. He shall represent the Student Body in all matters pertaining to extra-curricular activities centering about the Military Department.
2. He shall be responsible for securing, training and equipping cheerleaders.
3. He shall coordinate the activities of the Military Department, extra-curricular military organizations, and the Student Government.
4. He shall make necessary arrangements with the Military Department whenever the Corps of Cadets is needed to participate in Homecoming or other student sponsored events.
5. He shall, with the other committee members, represent the Student Body on the College Board of Athletic Control.

**E. Commissioner of Student Union.** He shall assist in the coordination of activities of the Student Government and the Student Union Corporation.

**F. Commissioner of Finance.**

1. He shall act as Treasurer of, and shall be charged with keeping accounts of all receipts and expenditures of, the Student Government.
2. He shall, upon authorization by the Commission, pay all expenditures by bank draft, signed by himself and cosigned by the President of the Student Government.

**Section IV. The Student Senate.**

1. The Senate shall determine the general policy of the Student Government.
2. The senate shall meet no less than three times per school term and whenever meetings are called by the President of the Student Government.
3. Senators shall be required to serve on committees when appointed by the President.
4. The Senate shall determine attendance requirements for Senators and Commissioners.
5. The Senate shall appropriate money for student government expenditures.
6. The Senate shall have the power of approval over the appointment of student activity fees.

**Section V. Senate Committees.**

1. Committee members will meet with their respective Boards whenever Board meetings are called.
2. There shall be a corresponding committee for each Commissioner.
3. Committees shall act in either legislative or administrative capacities.

### ARTICLE III

#### Removal and Recall of Officers

**Section I.** Any elected officer may be recalled by a majority ballot cast at a recall election provided that the said ballot amount to three-fourths (¾) of the percentage of the students who voted in the original election in which the recalled officer was elected.

**Section II.** Upon petition of fifteen percent (15%) of the members of the Student Body a special election will be held for the recall of any officer of the Student Government named in the petition. No other issue than the recall shall be presented to the voters at said election. If such officer or officers are recalled at such election, the vacancy created thereby shall be filled immediately by the Senate.

**Section III.** Any elective officer of the Student Body who under the eligibility rules of the college becomes ineligible to act in the position which he is filling shall upon the determination of such fact and without further action, cease to hold such office. Any vacancy created thereby shall be filled by the senate.

**Section IV.** Any appointed officer may be removed from office by a three-fourths (¾) vote of the senate.

### ARTICLE IV

#### Initiative and Referendum

**Section I.** The active members of the Student Body shall have the right to propose any amendments to this constitution and by-laws as provided for in Article V of this constitution.

**Section II.** The Student Commission shall provide for an initiative vote whenever a petition duly certified by the Commissioner of Campus Affairs to contain the signatures of ten percent (10%) of the active members of the Student Body shall be presented to it; and the student Commission shall provide for a referendum vote whenever a petition duly certified as above to contain the signatures of ten percent (10%) of the active members of the Student Body shall be presented to it. The foregoing power may be exercised at any regular election, and the Student Commission shall call a special election to vote on any special amendment as in this section provided. When a petition has been presented to said commission, notice is to be in an issue of the Spectrum published at least three weeks before election.

**Section III.** Any amendments, as herein provided for, adopted by a majority ballot vote at any regular election, or special election called for that purpose, and approved by the college council, shall be binding upon the Student Commission and all other groups or agencies that may come under the jurisdiction of this constitution and by-laws.

### ARTICLE V

#### Special Boards

**Section I.** Provision is hereby made for the Board of Campus Affairs, the Board of Music and Public Programs, the Board of Publications, the Board of Military and Athletics, the Board of Student Union, and the Board of Finance, said boards to be recognized upon presentation of satisfactory constitutions by the several boards to the Senate. Said boards shall be governed according to the provisions of their respective constitutions insofar as their several constitutions are not in conflict with the provisions of the constitution of the Student Body.

**Section II.** Each of the aforementioned boards except the Board of Student Union shall consist of three (3) members from the faculty and staff of the North Dakota Agricultural College appointed by the president of the College and the student members of the respective senate committees. The Board of Student Union shall consist of thirteen (13) members chosen to serve as directors of the NDAC Memorial Student Union Corporation organized under the laws of North Dakota. Student members, 4, are to be the members of the Senate committee on Student Union. Alumni members, 4, are to be selected by the board of directors of the NDAC Alumni and Former Student association. Faculty members, 4, are to be elected by the College Council. The president of NDAC is to be member ex-officio.

# Henning Presents Architectural Awards

Award checks from the Indiana Limestone Institute arrived at NDAC this week and were presented by architectural chairman Knute A. Henning to students who won the awards in a recent competition. The awards, varying in amounts from \$25 to \$200, were made for designing a proposed senior high school building in Fargo.

NDAC was one of 21 colleges invited to participate in the competition which was planned for exploring new uses for Colitic (Indiana) limestone and stimulating interest in design.

Besides Henning, who is presenting the first place award to Enrico Corsini, those from left to right include George Polk and O. Reuben Johnson of the NDAC architectural faculty; Jay McLean, second place winner; Harold Speers, honorable mention; Jose Iranzo, honorable mention; and Marvin Rosvold, third place winner.

Officials of the Indiana Limestone Institute commended the students for excellence of their designs and the department for cooperation in working out the design problem.

# Chemical Technology Seniors Earn Highest Average In Winter Term

## WINTER 1952

General Institutional Average (all students, all curricula)	1.53
(all men)	1.47

# New In Blue . . .

Sgt. Glenn Chase

Sgt. Leon Larison

# AF ROTC Adds Two New Instructors

The increasing enrollment in basic and advanced AF ROTC necessitated the enlargement of the Air Force staff, both in administrative and instructor capacities. In meeting these needs two sergeants were recently assigned to the NDAC AF ROTC detachment.

S/Sgt. Glenn Roger Chase, a native of Eau Claire, Wisc., enlisted in the Air Force in Nov., 1943, and saw the end of World War II in Europe while serving with the 15th Air Force in Italy. He received his discharge in July, 1947.

Sgt. Chase reenlisted in the Air Force and was sent to Rhein-Main Airfield at Frankfurt, Germany. Here he served with a communications squadron in the Berlin Airlift. After returning to the United States in June 1950, he acted as a guidance specialist at the AF Reserve Training Center at Wold-Chamberlain Field, Minneapolis,

before being assigned to NDAC. Sgt. Chase and his wife, Florence, reside in Silver City.

M/Sgt. Leon Larison claims Eton, Ohio, as his home town. After enlisting in 1942, Sgt. Larison spent much of his Air Force career overseas. He served a total of 72 months in Alaska, South American, the Phillipines, and in the European Theater of Operations.

Serving the past two years at Purdue University, Lafayette, Ind., Sgt. Larison was transferred to NDAC to serve as a supply sergeant and as an instructor in supply.

Sgt. Larison, his wife, Eva Marie, and son, Terry, also make their home in Silver City.

# Collegiate Clippings . . .

Purdue University recently held an all-university pep rally which began at 11:45 p. m. Reason for this odd hour was explained by a part of the entertainment—an attempt of a well known campus personality to become a "true Boilermaker."

At the first stroke of Midnight he was to try to kiss his girl while on the steps of the auditorium, run to John Purdue's grave and get back to kiss his girl again before the last stroke of 12.

The ratio of men to women at the University of Oregon is 2 to 1. There are 5 per cent less women than last year, 17 per cent less men.

A superlative note from the Annapolis Log: "They maredk the exam so strictly, they flunked him for having a period upside down."

At Rider College, N. J., chances for fielding a football team next year are very slim. The reason: no home field.

The job situation looks good for mid-semester graduates. College placement bureaus report that they could have found jobs for many more than applied, with engineers, teachers and journalists being the most badly needed.

# As I See It . . .

## 'Typical' Meets His Waterloo

by Walt Fogel

I would like to introduce to you a good friend of mine. His name is Typical Stateman. Typical is a pleasant fellow to chin with and—oh heck, I think that the best way to show you what I mean is to repeat one of his conversations with his favorite teacher, Professor Fineststein. Typical was complaining to Fineststein about the female situation.

**Typical:** Mr. Fineststein, don't you agree that the girls on this campus enjoy a situation which compares very favorably with Thomas Moore's idea of Utopia, Adam and Eve's Paradise, and Dagmar's attraction for her frustrated television audience?

**Prof. Fineststein:** Well my thin brained student, I must admit that anything wearing a skirt, possessing at least 22 sound teeth and the ability to at least stagger around a dance floor has a good chance of engaging a male companion for Saturday nights, but I think that that is the way it should be, because you men must be kept on your toes.

**Typical:** I suppose that you are right, but I am just disgusted because of my "Waterloo" last Saturday night.

**Prof. Fineststein:** What happened boy? Unload your troubles.

**Typical:** Well I had had one date with Myrtle and I thought she was quite nice, so I decided to take her to the Master Milkers Ball. Of course I asked her three weeks in advance and she only had dates for the next two and a half weeks so she said "Yah, I'll go wid ya".

After spending all day scraping the winters mud off my 36 Chevy, I picked her up in what must have been the muddiest part of the out-

skirts of Moorhead. Myrtle was real nice though, when I got stuck she got out and pushed.

**When we had dinner Myrtle ordered the best of everything including a \$3.75 steak, and I followed her example. I knew that I wouldn't be eating for the next week, so I decided to eat while my checks were not bouncing**

We arrived at the dance during an intermission and Myrtle said that would be a good time to leave, when she heard that the band could really play jazz. So Myrtle jitterbugged a torrid path through the dance floor to the romantic accompaniment of tunes like "Tiger Rag", while I attempted to follow her in the manner of an obedient St. Bernard. Just when the band struck up "I'm In The Mood For Love", Myrtle informed me that she was ready for the post party.

Nothing much happened at the post party. Myrtle wanted to beat up the Football Captain for stepping on her formal, but I guess he was scared or maybe he just wanted to play next year.

So at 3 I followed her up to her front porch feeling a surge of power and confidence for my final test. But as I warily placed my hands on her broad shoulders she quickly brushed them off and said, "Gee, but youse have an awful cold."

**Prof. Fineststein.** Yes, Tippy my boy, I know that girls are a lot of trouble, but speaking from my experience as a married man I say that their assets outweigh their liabilities in all ways except one, and that one objection arises from the connection between marriage and my Theory of Relativity.

**Typical:** What is your objection?

**Prof. Fineststein:** Too many Relatives.

# Behind The Scenes . . .

Bob Peet is the organizer behind the ticket sales campaign for the Bison Brevities.

## 16 Campus Organizations Sell Tickets For Bison Brevities' 1952 Production

Some 16 campus organizations will be allotted \$200 worth of tickets to sell for the 1952 Bison Brevities according to Bob Peet, ticket sales manager. Bob works with the business manager to see that the tickets get printed and distributed.

On April 7th the Blue Key will have a banquet with representatives from the various groups to kick off the ticket sales contest. Two trophies will be awarded the top

sellers of the women's and men's division.

Each night 1409 seats will be available. Fieldhouse seats will be arranged in a fan shaped pattern. This fan will be divided into three sections. Best seats are located in the front part of the fan. Middle seats will be the most economical and the bleachers of the last section will be almost as good as the front seats.

Bob Peet is a senior majoring in electrical engineering. His activities include Alpha Tau Omega, American Institute of Engineering group, Phi Kappa Pi, scholastic honorary, Tau Beta Pi, honorary engineering group, Engineer's Council and the Blue Key. Bob has also been elected to Who's Who.

Bob spent two years in the navy before enrolling at NDAC. After graduation this home town boy has plans with the Atomic Energy Commission. His work will be connected with guided missiles.

## AGR's Commemorate Founder's Day Tonight At 48th Annual Banquet

The annual AGR Founder's Day Banquet will be held April 4 at 6:30 p. m. at the Gardner Hotel.

Vic Horne, graduate of '50, is acting as Toastmaster. Speakers are Dean Walster and chapter advisor, M. L. Buchanan. Entertainment is being provided by the pledge class.

Nationally, Alpha Gamma Rho was founded in 1908, when two local fraternities from Ohio State University and the University of Illinois combined. The Greek words, Alpha Gamma Rho, were chosen so that the initials of the fraternity would be the first three letters of the word Agriculture.

Epsilon chapter of AGR was founded in 1913 and the house was built in 1928. The mortgage burning ceremony was held at the Founder's Day Banquet '50. At present, the chapter is operating with 44 actives and 25 pledges.

A patient, awakening after an operation, found the blinds of his room drawn. When he asked the doctor for a reason he was told, "There's a fire burning across the alley and I didn't want you to wake up and think the operation was a failure."

# Social Spy . . .

## Phi Mu's, SPD's Receive Notables; Guidon Entertains

by Lorrie Brown

Last Monday night was quite a night for Betty Ruby, the new Phi Mu president. She passed candy in honor of her engagement to Ted Dietz, SPD pledge. Then she was installed as president, and finally the SPD's serenaded her. The Phi Mu's have established a new custom of putting a silver ring with pink ribbons on their light whenever one of their girls becomes "ringed"

The Kappa Gamma alums served a delicious potluck to the Kappa chapter last Monday night. Ah! Those wonderful alums!

Last Wednesday Guidon entertained Scabbard and Blade at a coffee hour at the Theta House.

The Phi Mu's entertained their district president, Mrs. Lucille Johnson, this week with a tea on Tuesday and a coffee hour on Wednesday.

Tonight the Kappas are having a "High-Low" dinner. Partners were drawn last term to see who could make the highest average. Those with the lower averages will be serving their partners.

The Alpha Gams will initiate their pledges tomorrow at 1:30.

Tomorrow evening the chapter and their alumni will hold their annual IRD banquet at the Gardner Hotel.

On Sunday the Sigma Phi Delta's will entertain their grand president, Mr. Robert J. Beals, at their Founders' Day and Initiation Banquet.

Mrs. Betty Olson, executive officer of the Crosley Corporation and Phi Mu alum, will be guest of the Phi Mu chapter at Sunday dinner.

Next Wednesday the Gamma Phi's will have coffee hour at the house at four, so drop in!

Donald Davidson, Kappa Sig active, recently became the father of one of those wonderful boys. Congratulations, dad!

From the pages of the Bismarck Tribune: Edwin Herman Boerth becomes engaged to Jean Margaret Bolmeier, Fargo classmate. Jean received a beautiful diamond during Spring vacation. Congratulations Herman and classmate!

Ronnie Favorite recently hung his SPD pin on Shirley Krueger, a student nurse at St. Lukes. Alpha Gam Iona Dalzell received a diamond last week end from Dick Nickeson. UND student.

KAT Marlo Hagen received a beautiful diamond from Russel Stubor, Kappa Sig who is now stationed at Denver, Colorado. Marlo spent part of her spring vacation visiting Russ in Denver.

That famous NDAC alum, Mr. Robert Fisher (you know, Fish) recently hung his Theta Chi pin on Jane Shea, Gamma Phi and 1951 AC graduate. By the way, Fish is now studying humanities at MSTC. Ask him about it sometime!

## Seniors In Home Ec Begin Practice Work

Eight senior women majoring in home economics at NDAC reported Monday, March 24, to teaching centers in the state to begin a five-week period of student teaching in vocational homemaking. The work is under the direction of Lucille Horton and Evadine Parker, teacher-trainers at NDAC.

The assignments include Dorothy Sand, Wahpeton; Mona Sund, Lidgerwood; Shirley Holcomb and Betty Topp, Jamestown; Carol Sether, Hatton; Natalie Leiseth, Grafton; and Janice Kyseth, West Fargo.

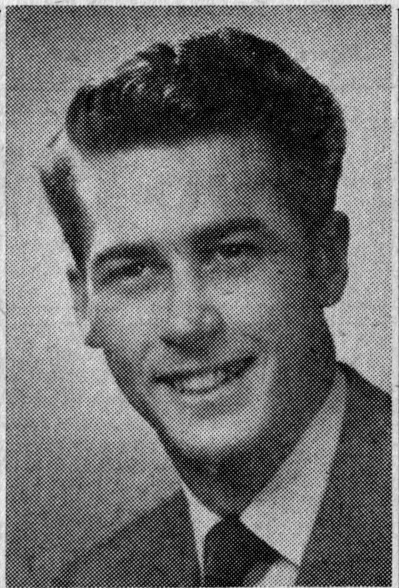

# Phi Mu's, Kappa Sig's, Kappa Delta's Elect

Betty Ruby

Betty Ruby, HE-Jr., of Cavalier was installed as new president of Phi Mu sorority Monday night to succeed Orilla McGill.

Other officers elected are: Donna Bender, vice-president; Lois Pfeiffer, secretary; Ardyce Sjaastad, treasurer; Carole Kirkhus, rush chairman; Darlene Geving, pledge trainer; and Clarene Sandven, social chairman.

Donald Morton

Kappa Sigma Chi fraternity elected Donald Morton, Edmore, as new president last Monday to succeed John Murphy.

Other new officers are: Donald Busch, vicepresident and social chairman; Daryl Strong, secretary; Lawrence Lutz, treasurer; Ralph Leet, house manager; Jack Burke, sports manager; Richard Kukowski, historian; and Richard Wenberg, reporter and Interfraternity Council representative.

Kay Bailey

Kay Bailey, AAS-Jr, has been elected president of Kappa Delta sorority. Miss Bailey is secretary of the Student Commission and serves on the Board of Campus Affairs.

Other new officers are Phyllis Hans, vice president; Jan Myhre, secretary; Sonja Blegen treasurer; Arlene Anderson, editor; Avie Jebb, assistant secretary; Marlys Wentz, rushing chairman; Florence Geiszler, assistant rushing chairman; Ginnie Lidstrom, social chairman.

Janice Radcliffe, house manager; Mary Holmgren, activities; Gayle Quam, scholarship chairman; Renee Haas, social service chairman; Neysa Henderson, historian Doris Anderson; chapter education director; Carol Bahr, parliamentarian; Dorothy Ryan, magazine chairman; Lois Heise, Sargent-at-arms; Rita McConnachie, guard; Jacky Brecken, song leader and Maureen Nygard, assistant song leader.

As Bob Fisher says, "Tis spring again," but due to a slight technicality, Bob will view the season from a different campus. I spent quite a little time with the Honorable Mr. Fisher last week. We reviewed his, shall we say, inability to attend certain classes offered by Old State.

For those of you who don't know the sad plight of Robert Gordon Fisher, let me explain. I will even if you don't let me. He was refused permission to re-enlist in ROTC due to the mere fact that he had been quite irregular in his attendance of the aforementioned class. No ROTC, no Skinhead.

Bob was quite jovial and helpful towards yours truly though. He explained all the better points of this job, and also taught me the fine arts of playing his favorite game, "Fall-off-the-Barstool". However, the teacher easily outshone his student.

"Fish" will be around to accept any sympathies, for he tells me that he will keep his residence at the Theta Chi house. He also revealed that he may be the vital cog in the MSTC pigskin campaign. Should MS defeat State on the grid next fall, Fish may pick up a new name. You Letofsky, you.

Our banished hero also confided that he will be carrying a pretty soft schedule at MS. I suppose he ought to "Able" that marble course. Can't you just picture the Skinhead pulling his first varsity letter at the institution as captain of the marble-shooting squad?

Gone but not forgotten!

I extend my heartfelt sympathies to you poor males who were not fortunate enough to drop into the Field House last Saturday. Seems the principals of Fargo and Moorhead generously donated call their fair females to our campus for a girls' Sportday. The girls seemed to enjoy it. I saw one sweet young thing sink a basket that would have put Jack Cavanaugh to shame. The event was sponsored by the NDS Women's Athletic Association.

With some misgivings, I went up to get some statistics from Coach Chuck Bentson the other day. He doesn't bite, just like Fish said. With the start of the Gorman Trophy chase, the coach says the real grind won't start until he can get the ball shaggers outside. Start sweating, you mortals!

Down South (South Dakota and Iowa) the track season is already in full swing. The Iowa State Teachers squad sneaked past Carleton last week by running up a 52-51 margin. The Pedagogues also competed in an indoor quadrangular meet last week.

South Dakota U started their cinder season rather favorably by scoring a pair of victories. The Coyote thinclads will hold their first out-

### Kaiser Issues Call

Those interested in playing on the NDAC Tennis Team are asked to meet at 4 p.m. today in Mr. Kaiser's office in the Fieldhouse. All persons interested may practice any day at 3 in the Fieldhouse.

door meet April 16, when they play host to an undetermined number of collegiate representatives in the fourth post-war running of the University Invitational. The squad keeps in shape by calisthenics and volley-ball games.

While we're still in South Dakota, I see that the Coyote football coach, Harry Gamage, has started his charges through spring training. Ol' Man Weather halted plans for the scheduled camp with last week's storm. Bet those boys really prayed overtime for those wintery blasts.

Being a loyal citizen of Jamestown, I was shocked when I read in last week's SPECTRUM that MSTC won the Gorman Trophy for last spring's baseball efforts. Jamestown College did win it, and from what my informers tell me, they are favored again this year. Joe Ford of Absaraka (that's a place?) leads the Jimmies as a hitting pitcher.

I may switch allegiance due to a little article which some misinformed Jamestown Collegian writer printed about the Bison loss at Huron. Where did those Jimmies end up at in their conference?

With everybody's attention turning to the great national pastime, Luckless Lowe will make his first predictions. They will probably change weekly. In the first place the St. Louis Browns and the Chicago Cubs will not be World Series opponents. Satchel Paige will not win the "Rookie of the Year" title. End of predictions.

The Field House has been almost swept away by the baseball mania. Anytime you feel like conking heads with a horsehide, just walk across the basketball courts.

The tennis players inhabit the other end of the floor, imperiling their lives by merely being in the same building with these diamond wild men.

The Kappa Sig pledges, led by the blond monster Harry Swanke, defeated their active brothers in a basketball game held last Saturday. Didn't see the game myself but I hear the referees were both biased, since one was an active and the other a pledge. Probably should not comment on this contest, but tell me, you pledges, don't you know what them big, bad actives do to you during Happy Fun Week?

As you probably know, Concordia Sreebocs soundly defeated the State Nosibs last week in the Ben Franklin gym. Coach Hobbleslong Thayer made the following statement about his boys' poor showing, "We lost due to a slight miscalculation as to the height of the basket. It's still ten feet from the floor."

IT'S NOT TRUE THAT: Bob Lauf raseled that bull in "Quo Vadis". The miniature lake between the library and Minard Hall is Fisher's swimming pool. Little Orphan Annie follows the example set by Lil Abner and marries the cop.

Hope everybody takes advantage of the Free Chest X-ray unit April 7, 8, 9. You know their motto: "Every chest or bust!"

## Board Of Athletics To Honor Bentson, Cagers With Rings

The NDAC board of athletic control voted to present gold rings to members of the NDAC Bison basketball team along with their student manager and Coach Chuck Bentson in appreciation of their winning the North Central Conference championship.

The presentation will be made at an honoring banquet early in May in which all college and townspeople are invited to participate. The letter awards will be made at that time to both the varsity and freshmen teams.

Various organizations of both the town and college have indicated that they will cooperate to make the presentation banquet an outstanding occasion. The championship is the first to be won by a Bison team since 1942.

Besides Coach Bentson and student manager Jim Fay those to be presented the rings are Art Bunker, Jack Cavanaugh, Rodney and Roger Fercho, Walt Fogel Scott Thayer, Don Fougner, Jerry Geisler, Bob Grant, Bob Lauf, Jim O'Connor, Dale Peppel, Ozzie Twedt.

Those to be presented freshmen numeral awards for the 1951-52 season include Charles Bryant, Fred Fell, Richard Larson, Bob Mutchler, Kermit Quanbeck, Kenneth Reitan, Dick Strand, Jere Werton, and James Zacha.

## Lifesaving Course Offered At MSTC

An instructor's course in life saving and water safety for students and adults, 19 years of age and over, is being taught at the Moorhead State Teachers College pool. The free class sponsored by the Red Cross started last Monday, March 31.

Evan Thompson, field representative and examiner from St. Louis, will arrive at Moorhead April 21 and will conduct the final 15 hours of the course.

Fritz Bierhaus, MSTC swimming instructor, will conduct a required preliminary course which began Monday, March 31, at 7 p. m. The preliminary classes will meet two nights each week for three weeks.

Students from NDAC, Concordia, MSTC and residents of this area who wish to enroll should meet in the MSTC pool ready to swim as soon as possible. Water Safety Instructors whose certificate needs renewing may meet for the preliminary 15 hours if they wish, but they are required to take the last 15 hours under the examiner.

Applicants must have passed their senior life saving tests to be eligible. Further information is available from Fritz Bierhaus at MSTC.

## "Cooks dinner while you're miles away!"

... says Reddy Kilowatt

An AUTOMATIC ELECTRIC ROASTER cooks whole meals without watching. Cook in the kitchen, on the porch, at the cottage, anywhere. Extra handy when you have extra guests. See your dealer about how little it costs to add one to your kitchen.

NORTHERN STATES POWER COMPANY

## Future Bison . . .

The Bison preliminary playing freshmen basketball team finished their season with a 9 won, 3 lost record. Members of the squad shown are: front row, Chuck Bryant, Dick Strand, Dick Larson, and Jere Werton. Back row, Fred Fell, Kermit Quanbeck, Jim Zacha, and Kenny Reitan. Not pictured are Bob Mutchler, Don Kent, and

## WAA Members Earn National Ratings As Officials For Basketball, Volleyball

The Red River Board of Women Officials sponsored a volleyball sportsday, Saturday, March 29. Nine games were played at the NDAC fieldhouse in the morning and the remainder were played at the Moorhead State Teachers college in the afternoon.

Women's Athletic association members from NDAC, University of North Dakota and the Moorhead State Teachers college officiated, thus earning their national volleyball ratings. NDAC members who received national ratings were Ruth Gaebe, Kathryn Kloster, Arlene Tiegen, Pat Kepner and Janice Radcliffe who received a Junior rating. Elinor Carlson re-

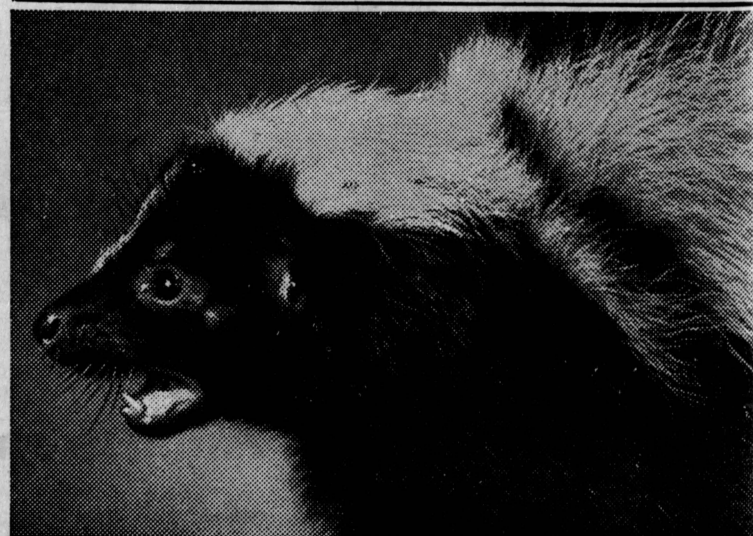

ceived an intramural volleyball rating.

About 150 girls from Cass county and Clay county attended the tourney. Schools represented were Fargo High school, West Fargo High school, Shanley, Amenia and Arthur.

At a basketball clinic held February 23 at the Benjamin Franklin Junior High School, Kathryn Kloster, Elinor Carlson and Janice Radcliffe received national basketball officiating ratings. Pat Kepner and Ruth Gaebe received intramural ratings.

The girls who received national ratings are eligible for officiating at high school or college basketball games throughout the state.

## J. Paul Sheedy\* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

SOMEBODY scent Sheedy this note: "You're a smell guy, Paul, but your hair's against you! That's why you've been getting skunked in the race for popularity. I wouldn't even touch you with a 10-foot pole cat! Better get Wildroot Cream-Oil. Everybody nose it's Your Hair's Best Friend." Non-alcoholic. Contains soothing Lanolin. Removes loose, ugly dandruff. Relieves annoying dryness. Grooms hair neatly and naturally all day long. Helps you pass the Finger-Nail Test. Paul got Wildroot Cream-Oil and now he's whiff a new gal every night! So put on your pin-stripe suit, head for any drug or toilet goods counter, and buy a bottle or tube of Wildroot Cream-Oil, America's biggest-smelling hair tonic. Ask for it on your hair at the barber shop, too. Then all the girls'll fall fur you!

\* of 131 So. Harris Hill Rd., Williamsville, N. Y.

Wildroot Company, Inc., Buffalo 11, N. Y.

# Health Center Ready For Air Raids

## Fargo Civil Defense Planners Select NDAC Center For Use As Aid Station

by Leslie Black  
 Assistant Public Relations Director  
 One of 10 aid stations in Fargo assigned by civil defense planners for emergency use in air raids is the Student Health Center at NDAC. If disaster strikes, a medical team headed by Dr. Budd C. Corbus, Jr., is prepared to rush to the NDAC center to handle casualties brought from Fargo's north side. In a full dress air raid rehearsal held last spring, that is just what happened. Some 23 injured "victims" in the raid were treated at the center, according to a report made to rescue headquarters by Dean C. A. Sevrinson, director of the NDAC Health Service and health committee chairman.

It was no accident that the NDAC center was named as an official aid station. The modern building houses equipment and facilities which make it amply able to serve the city in emergency. Physical features include two waiting rooms, two nurses' apartments, men's and women's wards, a doctor's office, dispensary, treatment room, kitchen, laundry room and emergency isolation ward. An average of 600 to 700 sick calls a month are made at the center. Students pay a nominal health fee and may have, at no additional cost, a physical examination, smallpox and typhoid vaccinations, Schick tests, Diphtheria toxoid treatments, antitetanus shots, tu-

tests, and complete care of minor illnesses.

A doctor from the Fargo Clinic berculin and Wasserman or Kahn is at the center two hours a day and on call at all hours. No surgery is done at the center and no cases of communicable disease are cared for beyond diagnosis. Since the Health Center is designed to function as an infirmary, not as a hospital, arrangements are made for care of serious cases elsewhere.

"The health service we provide for students is made possible, in part, by the fine cooperation which we have from the Fargo city hospitals and the Veterans Administration hospital," said Dean Sevrinson. Hospitals outside NDAC have always been more than ready to help us out."

The Health Center was licensed last year by the North Dakota State Department of Health as an eight-bed infirmary in official recognition of its record.

Visitors from out of state have commented that it is unusual for a school the size of NDAC to have such a well equipped health center. The building, constructed with a 15-year accumulated reserve in the student health fund, was started in 1939 and finished a year later with WPA labor. Architect was Paul Hones of Fargo with T. L. Hansen of the NDAC architectural department as construction supervisor.

Chief nurse is Miss Myrtle Johnson, who came to NDAC last year from the Fargo Clinic where she had been associated for seven years. A graduate of the Eithel Hospital in Minneapolis, Miss Johnson has had long experience in nursing and hospital management.

Junior nurse is Esther Bibleheimer, graduate of the Evangelical Hospital in Bismarck, has been with the Health Center three years.

Dr. A. C. Fortney is chief of the medical staff with Dr. Ellis Oster as resident physician. Pharmacist is Harry Finklestein of the pharmacy school faculty. Laboratory technician is John Schacher of Dilworth, Minn., an advanced student in biological science.

House matron is Mrs. Ruth I. Ruud, who does the food buying, food preparation and keeps the

## Getting The Works . . .

While the head nurse charts the figures, the junior nurse takes the blood pressure of Donna Mellum, AAS-Fr, who is using her college work to supplement nursing training at a city hospital. The new examination table on which she rests is a recent purchase for the center.

## Checking In . . .

Donna Kuderling, AAS-Fr, checks in at the center while staff nurses take her health history and type out the necessary forms at the front desk. Record keeping is an important part of the center's work. To the back is one of two waiting rooms in the building.

place spotless. She has been with the center for 9 years.

During the war years, NDAC was virtually a training post for the armed forces. The Health Center had the job of taking care of the army's health problems and its staff worked around the clock to keep up with the tremendous work load.

At that time, the center was under constant military inspection for cleanliness. It is a matter of great pride to Mrs. Ruud that not one demerit was ever chalked up against the center in spite of all the military inspec-

tions under the keen eyes of army officers.

Besides taking care of actual health needs for students, the Health Center also strives to promote a health education program and a better understanding among students of personal health.

To achieve this goal and to extend the services of the center, the NDAC Health Committee is doing some serious planning. Besides Dean Sevrinson, members of the committee include Dr. C. I. Nelson, Dr. Willard D. Pye and Miss Beatrice M. Wartchow.

## Whedon, Mademoiselle Guest Editor, Tells Journalists Of Contest Merits

"If you don't know what type of writing you want to do, the Mademoiselle magazine contest provides opportunities to find what you want," said Mary Louise Whedon in a talk to the journalism class Friday morning.

Mary Louise is a senior at Carleton college, Northfield, Minnesota, and worked as a guest editor on the August, 1951, issue of Mademoiselle.

Mademoiselle, which is a fashion magazine appealing primarily to the college age group, gives assignments which add up to about four or five hours of actual work three times during the school year. The best stories are given prizes of from ten to fifty dollars.

There are twenty guest editors chosen from the contest participants. They are given train fare, part of their hotel bill, and are paid \$160 a month, up to \$25 a month taxi fare, and suppers free when working overtime.

"The contest is in itself a

journalism course, and to become a guest editor you'll find it is individual initiative that counts—just saying you've had a journalism course here and there doesn't help you," Miss Whedon said.

Experience is required to get a job in the magazine business; the virtue of this contest is the experience and recommendation it provides for a future job, she pointed out. It also provides many contacts in the magazine field.

"There are wonderful opportunities for young people of college age because of the stiff turnover in the magazine business. For example: in the college Department of Mademoiselle Magazine the oldest employee is 26—the oldest member of the entire staff is 36."

Some of the jobs on a magazine are photography, cartooning, interviewing for feature articles, layout, finding new writers, reviewing, fashion writing, circulating, and advertising. Plain black and white advertising in Mademoiselle costs \$2,300 per page, and the magazine has a circulation of 425,000.

A magazine allows more freedom of style and its writers are not as pressed for time as newspaper writers, Miss Whedon believes.

### Tryota Projects Meeting Scheduled April 8 At Ceres

The annual Tryota "projects" meeting will be held April 8, 7:30 p. m. in Ceres A. There will be a business meeting and election of officers for the year 1952-53.

Catherine Casey is chairman of the program to acquaint Home Economics students with the various types of possible summer projects. Two out-of-school projects are required for graduation in the Home Economics department. These may be done during the summer at home or on a job or concurrently with college work.

Five girls will contribute to the program. They will give reports of projects done this past summer. Joan Haberman will tell of a reading and knitting project which she did while convalescing. Nancy Smith spent part of her vacation on a job on a Navajo Indian reservation. By observing the Indian children while teaching them, she was able to combine her job and her project requirement.

Mary Wanner will display some garments she made as part of her project. Beverly Desmond worked a project into her job while she was employed at a resort. She combined a foods and reading project. Phyllis Knight will report on her home furnishings project. She refinished and refurnished a room as her summer project.

### YM-YW Hold Conference At MSTC Today

Members of the NDAC YMCA and YWCA will attend their area spring conference today and tomorrow at Moorhead State Teachers College. This Leadership Training conference is designed especially to give help to the newly-elected officers. The conference will include workshops on Worship, Program and Projects, Recreation and Social, and Publicity and Membership.

One of the high points of the conference will be the movie tonight entitled "Dust or Destiny". Tomorrow afternoon, co-chairmen for the coming year will be elected. The Lake Geneva Conference had been chosen as the theme for the banquet Saturday evening which will wind up the conference. A film from Lake Geneva will be shown at that time.

For additional information about this conference students may call the YWCA or the YMCA office.

### Dr. Helgeson To Speak At Ag Econ Seminar

"Agricultural Peace Offensive in Chile" will be the topic of Dr. Helgeson, chairman of the NDAC botany department, when he speaks at the Agricultural Economics seminar next Thursday, April 10. The meeting will be held in Morrill hall, Room 215 at 4 p. m.

# Be Happy-Go LUCKY!

I study hard for each exam,  
And all I get is C.  
But I get A's on smokers' tests  
With L.S./M.F.T.  
Barbara J. Mayer  
University of Wisconsin

The play was o'er, the curtain drawn,  
The cast was now at ease.  
Said seconds, stars and stagehands, too,  
"A Lucky, if you please!"  
Stan Book  
West Virginia University

In a cigarette, taste  
makes the difference—  
and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellow, more enjoyable taste of a Lucky... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco... fine, mild tobacco that tastes better. Second, Luckies are made to taste better... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

**L.S./M.F.T.-Lucky Strike**  
Means Fine Tobacco

When politicians rave and rant,  
I just sit back and gloat,  
For better-tasting Lucky Strike  
Will always get my vote!  
Miles Klein  
New York University
