Summer Sessions Offer . . .

Seven Short Courses, Workshops In June

A number of summer short courses and workshops will be offered at NDAC during June. Currently, plans have been completed for two paint courses; summer workshop in speech correction and play direction; and a guidance and counseling workshop which is being offered through the departments of student personnel, education, and psychology.

The NDAC school of chemical technology has issued a bulletin announcing two paint courses. The "Sixth Beginner's Course," consisting of 20 lectures, plus 10 discussion periods and laboratory sessions, will begin June 15 and continue through June 26.

The "Third Advanced Paint Refresher Course" has been scheduled July 6 through 17 inclusive. Fifteen guest lecturers from leading manufacturers throughout the nation will participate in lectures for this course; round table discussions will include such topics as hard resins, driers, white and colored pigments, etc.

Dr. Wouter Bosch, professor of paints, varnishes and lacquers will be in charge of both courses. Similar instruction in previous years has attracted students from 36 states, 3 foreign countries and 5 provinces of Canada.

Dr. William Craig, Dean of Students, Kansas State College will be guest lecturer at NDAC, serving as workshop leader for the Guidance Workshop, June 22-26. Daily lectures, study, and discussions will concern guidance and counseling techniques and procedures. Credits of one to three hours will be granted on successful completion of the course.

Staff members and visiting lecturers who will participate in workshop instruction include G. E. Giesecke, Dean, School of Arts and Sciences and director of the summer session; Carl H. Schmidt, Director of Student Personnel; James Mathison, State Director, Guidance Services; Richard Clugston, Ass't. Director Student Personnel; G. E. Brown, Clinical Psychologist, Hale Aarnes, head, NDAC department of education; and E. V. Estensen, NDAC psychologist.

Olson Appoints Hill First Commissioner

Richard Hill was appointed Commissioner of Music and Public Programs at the first meeting of the new Student Senate Wednesday evening, April 8.

This appointment was the first of seven that must be made by Mancur Olson, the recently elected President of the student government. Other commission positions that must be filled are those of Campus Affairs, Military and Athletics, Radio, Publicity, Student Union, and Finance.

Commissioner Hill's duties include management of all dances sponsored by the student government, membership on the convocations committee, administration of the lyceum programs, assisting in the allocation of funds for band and choir trips, presiding over the Board of Music and Public Programs, and membership on the Student Commission.

Hill is a member of Blue Key, a holdover member of the Student Senate, and Business Manager of the Spectrum.

The retiring Commissioner of Music and Public Programs is Marlowe Jensen.

Agriculture Seminar Slates Huey April 16

Thursday, April 16, Mr. Robert Huey of the Fargo Chamber of Commerce will speak on "Impact of the Oil Development on the Williston Area" at an agricultural seminar. The report will be illustrated by colored slides.

The seminar will be held in Room 212 in Morrill Hall. Students and faculty may attend.

A Speech Correction Workshop has been designed for the classroom teachers. Classes in "Principles of Speech Correction" and "Clinical Practices" will be offered for three credit hours.

Through these courses the teacher will learn "to recognize speech defects found in the classroom, to correct articulatory defects, and methods of referral for the seriously handicapped." This workshop is under direction of Jack Sigman, member of the department of speech and drama, and will be held June 15 to July 25.

The Play Director's Workshop will be organized as "a laboratory theater in which, during the six weeks, two plays will be produced. The plays . . . will be of a nature suitable for the school theatre."

Dates for the Play Director's Workshop are June 15 thru July 25. Dr. F. G. Walsh, chairman of the department of speech and drama will conduct this workshop.

The school of home economics will offer two workshops during the 1953 summer school session. The first workshop will feature family life education; the second pertains to related arts and crafts.

June 15 through 25 Dr. Rose Cologne, specialist in community adult education from Pennsylvania State College, will direct sessions in family life education. This course is designed to give "school administrators, homemaking teachers and classroom teachers an opportunity to strengthen family life in the secondary school and adult program.

A workshop in related arts and crafts will be offered June 29 through July 11. Problems in leather work, stool seating and chair caning will be offered. Miss Wilbur Armistead, assistant professor of art, will be in charge.

Both workshops carry a credit of three hours.

Fraternity Rooks Paint, Rake, Sweep During Help Week

The second annual Help Week, Hell Week in the form of some constructive work, took place April 7, 8, and 9 with 80 fraternity members participating. A part of Help Week, sponsored by the Interfraternity council, was a city and campus cleanup.

Beginning at 6:30 a.m. April 8, Greek pledge members raked and cleaned the campus grounds, and painted walls and floor areas in the student health center, home management house, and the school of religious education. The campus was zoned into seven areas, with cleanup squads assigned to each.

On April 7 and 9 fraternity pledges wielded brooms and cleaning equipment furnished them by the city street department and swept the Broadway area for a number of blocks.

Bjorne Naaden was in charge of scheduling and making general plans for the three day cleanup program. Other students who headed the cleanup squads were Nick Westman, John Dean, Robert Lechner, Osborne Twedt, Robert Piper, Glenn Smith, Duane Irvine, Donald Hart, and Jack Westra.

FHA Holds Convention On Campus April 10, 11

Four hundred high school girls from 85 North Dakota chapters of the Future Homemakers of America will meet at NDAC today and tomorrow. The theme for the meetings is "Better Homes, a Better World." Miss Janice Appleman, Lakota, state president will preside.

Program for the two-day convention will feature a talk by Miss Rosemary Schaefer, home economist in the farm division of the National Safety Council, on safety in the home, panel discussions, tour

of the campus, style show, and a banquet.

And one of the highlights of the convention is the style show this afternoon. Students from the college will model garments they have made in clothing classes. Mrs. Michael Herbst will feature her foreign doll collection this afternoon also.

The annual banquet will be held tonight at the Elks club with Miss Joan Groth, Mayville, state vice-president, mistress of ceremonies. After the banquet there will be installation of officers, after which announcement of the honor roll chapter, homemaking degrees and honorary memberships will be made.

Saturday morning Dean Cerveny, dean of home economics, will lead a panel, "Careers in Home Economics Open to College Trained Women", over the home economics radio program, Your Home.

Advisors for the convention are Miss Majore Lovering, assistant state supervisor of home economics education, Miss Marjory Egerstrom of Park River. Assisting with general arrangements is Tryota with Sonia Swanke and Ardis Sjaastad, chairmen.

Engineers' Ball At KC Hall, Hanson's Music

NDAC's Engineers' Ball will be held on Friday, April 17, in the Knights of Columbus Hall in downtown Fargo. This year's ball will be a semi-formal event with no corsages, dancing from 9 to 12 p. m. Paul Hanson and his orchestra will provide the music.

Tickets, which may be purchased from engineering students, are \$2.00 per couple. Dick Brown, civil engineering senior, is general chairman.

Toynbee Observes False Impressions Concerning Russia

by Chuck Abrahamson

There is in this country a strong conviction on the part of most people that Russia, and its necessary consequence, Communism, is determined to dominate Western civilization, as it has the vast majority of Eastern peoples.

It has never been the policy of our authorities, on any level whatever, to discourage this conviction. Rather, they tend to encourage its growth and propagation with all the care a florist pays to a cherished hothouse plant. It is not the purpose of this column to evaluate that condition, but to present to anyone interested the means whereby he might evaluate it for himself. It is fitting that the young people of our country, upon whose shoulders would fall the burden of fighting any future war with Russia, should investigate fully any cause which may call upon them to lay down their lives for its sake.

For we members of the so-called "Silent Generation" there is perhaps no more suitable method of challenging of ideas than by reading. An article in the March edition of "Harper's Magazine" entitled 'Russia and the West' should afford an admirable focal point for a study of our past relationship with Russia and its possible contemporary implications. The author, world famous historian and erstwhile archeologist Arnold T. Toynbee, tells this story with scholarly objectivity unhampered by the blinders of extreme nationalism. As though from a mountain top, secure above the overwhelming passions in the flood of man, Toynbee renews the historic events that have made Russia what she is today.

To those of us already irreconcilably committed to a hatred of Russia and Communism, Toynbee offers an insight which could be set to use in combating her aims. To those of us whose viewpoint is neutral or nearly so, 'Russia and the West' points the way to an intelligent commitment in any direction. To this end, Toynbee has done the West, if not the world, an invaluable service.

School Via TV . . .

Houston U Begins Televised Classes

Inside ivy covered walls, students are gathered around a television set taking notes and disturbing the quiet only to stir a cup of coffee or sip a coke. A few blocks away, in a private home, another group is sitting watching a telecast—with pencils in hand and note-books open and ready to take classroom notes.

This may easily be a typical college or university classroom scene in this country a few years from now. With the 242 television channels set aside for educational television in the United States, college and university instruction will take on many new aspects probably unforeseen at this moment.

Ten universities in the United States have already applied for educational channel grants and 27 others have their applications ready for filing. The first of these to actually begin telecasting will be the University of Houston, in Houston, Texas, when it starts producing education programs April 17.

The first courses that will be taught on the University of Houston's channel, KUHT, will be aimed at the students already enrolled. Next fall, seven courses—biology, humanities, history, psychology, music appreciation, economics, and a short course in photography, as 30-minute lectures in the evenings.

Theta Chi's Name Kubas '53-54 Head

Robert Kubas

The educational courses will actually begin in the summer with a psychology course under the direction of Dr. R. I. Evans. His course will run like this: There will be three one-half hour lectures a week, and one and one-half hour seminar on the campus during the week.

As one of the main objectives of the station is to acquaint students with every aspect of television, producing, directing, casting and acting, students will have an opportunity to work in all phases of television beginning at the very bottom of the ladder and working their way up to student producer of shows.

Programming research is another aim of the station. "This should be a help to commercial television," John C. Schwarrzwalder, manager of the station, said.

Kappa Psi's Elect Gagnon President

Beta Sigma chapter of Kappa Psi has elected Bob Gagnon new fraternity president. Gagnon at the present time is with the U. S. Navy as a dental assistant.

Other chapter officers include Larry Kuntz, vice-president; Ken Krause, secretary; Larry Hylden, social chairman; Les Schriever, house manager; Clyde Chappell, pledge trainer; Ted Haberer, athletic director; Odell Krohn, historian; Duane Irvine, chapter chaplain.

Until Gagnon's discharge in July, Larry Kuntz will assume the president's duties. Gagnon was also president of his fraternity in 1949-50 before he entered the service.

Hermes Presents Lecture April 13

Robert C. Hermes, artist lecturer, and nature photographer will present a lecture in Festival Hall at 8:00 p. m., April 13.

Mr. Herme has been interested in nature since he was twelve years old, and he has also been interested in art. Mr. Hermes skill at both still photography and movie pictures has won him many prizes. Some of his photographs have appeared in Life, Illustrated London News, and National Geographic.

The purpose behind his nature photography is to try to instill some of his interest in wild creatures in other people so they may also receive some of the enjoyment he has from his study of natural life.

Travel & Study, Inc. Offers European Tours In Vocational Fields To Students

Travel & Study, Inc., which every year organizes a series of tours for students and professional people to bring them in touch with their opposite numbers abroad, has just announced its program for 1953.

Foreign Assignment for students of journalism and current affairs will be directed in 1953 by Dr. Ralph O. Nafziger, Director of the School of Journalism, University of Wisconsin. Seminars for the students are conducted by prominent European statesmen and personalities and are encouraging this current of private intellectual exchange. National and international institutions open their doors to the participants of the tour, who through their studies at the Sorbonne and visits to SHAPE, the United Nations European Headquarters, and the International Press Institute gather a direct background knowledge on current European affairs.

In an entirely different field—Fashion—Travel & Study's tours have the past four years given students a behind-the-scenes introduction to the European fount of inspiration and Fashion creation. This year's workshop centers on Italy, England and France.

This year's innovation is the Junior Tour, a specially designed first class tour for young people between the ages of 16 and 18. The program concentrates on French language and civilization and the group will be under the personal supervision of Mme. Jeanne Romilat Ernst of the Dalton School, New York.

Other tours include: art, theater, music, with visits to the major art festivals in Europe; East & West—a study of the rise of Western civilization taking in England, France, Italy, Greece, Turkey, the Lebanon, Syria, Jordan, Egypt and Israel; a Northern Tour featuring the 700th Anniversary of Stockholm; and special low-cost tours for students of art and architecture at the University of Rome and for political science and economics at the University of Paris.

National Officers On Campus; SPD's Celebrate 25th Year

by Grace Lehman

After one week's vacation from this here typewriter, the old Spec office doesn't look a bit different. The same cigarette butts are smoldering in the same grimy ash tray and the same cluttery papers adorn the desks. In spite of the static conditions of this here hole-in-the-wall, the same old line of social stuff must appear in the same old Spec.

THE BIGGEST STEP

... was taken by Margaret Burr, Kappa, and Jerry Monteith who were married over Easter vacation.

LOVE AN' STUFF

... AGR Henry Solberg is engaged to Muriel Knutson of Concordia College.

... Tommy Reff, Farm House, and Sara Dutt are engaged as of March 13. (Friday)

... Arlene Losinger of Fargo is engaged to Bud Hall, AAS junior.

... Kappa Pat Carlson is engaged to Jack Werlein of the local football team.

Many good wishes to all of the above mentioned.

NOTICE TO HELPERS!

AND IN PARTING

... don't let this nice juicy weather get you down—remember, it's raining dollar-signs.

Students State Opinions About Discrimination

(ACP) Most college students are against discriminatory clauses in fraternity and sorority constitutions, according to a ACP National Poll of Student Opinion. Clauses which discriminate against Negroes meet with more approval than clauses which discriminate against Jews.

The poll was taken last December against a backdrop of increasing student dissatisfaction with national bias clauses. Fraternity chapters at Williams, Amherst and elsewhere have recently violated their national constitution by admitting either a Negro or a Jew. Student governments at more than a dozen universities and colleges have set deadlines for fraternities to get rid of bias clauses on penalty of expulsion.

Last month the student council at Rutgers university, N. J., opened a nationwide drive to help Greek chapters persuade their national organizations to change the clauses.

ACP asked the question: Some fraternities and sororities have clauses in their constitutions stating that they will accept as members only individuals of the white race. How do you feel about this policy?

The answers:

Approve 25 per cent
Disapprove 65 per cent
No opinion 7 per cent
Other 3 per cent

Students in the South are evenly divided on the question, while students in the North are overwhelmingly against discriminatory policies.

As for policies which limit membership to non-Jews, student opinion is as follows: Approve, 12 per cent; Disapprove, 80 per cent; No opinion, six per cent; Other, two per cent.

Wenskunas Calls Spring Grid Practice; Kaiser Wants Golfers

Ah, yes, 'tis spring, that wonder-ful season when a young man's fancy turns to thoughts of whether the Yankees can do it five times in a row. (This is a sports column, not the Social Spy).

But this isn't Noo Yawk so will concentrate on the athletic events

'Ambrose' Lowe who will have quite a bit of help from Assistant football coach Bob Roy. Roy has been the coach of the Fargo Junior Legion team which took the state Legion tournament last fall.

taking place here at Old State. Baseball seas on here will start on Monday, April 27, when the Bison tangle with the MSTC crew.

Coach of the Bison nine will once more be Chuck Bentson,

NOTICE

All students interested in playing on the varsity golf team this year are urged to contact Athletic Director Erv Kaiser in the Physical Education Building (Field House) on or before Monday, April 13. There will be match play to deter- mine team berths. Kaiser will assign the matches for next week.

Seems funny that a grown man becomes such a tiger when he gets a golf club in his hand and begins chasing that little white pellet a- round the grass. Wonder if the language they use when they get a shovelful of dirt and sod instead of the ball is part of the game.

★ ★ ★

ANOTHER NOTICE

Football coach Mac Wenskunas has called a meeting for spring football practice to be held today (Friday, April 10) at 5:00 P. M. in room 203 in the Field House. Uni- forms may be drawn anytime after the meeting, and all day Monday.

Mac tells this reporter that he hopes to have a large turnout for the meeting and the on coming spring practice sessions. Spring practice, despite all the big argu- ment, is really a good thing. Every position is wide open in these ses- sions and the expert eye of the coaches will point out the good and bad points in all the tryouts.

It is a known fact that there are a large number of boys on the camp- us who have played football in high school but figure that they wouldn't be able to make the grade in college. Wenskunas advises these fellows to come out and give it a try. You'll just have oodles and gobs of fun.

Then there is the joke about the old lady who saw her first football game. After the game, the football coach asked here what she thought of the game. "Well," quoth the little lady, "it looked as though the boys were going to have a nice friendly little game when they were all lined up so nice, but then some smart alec ran up and kicked the ball and they fought the rest of the game." (Minus 47 on the laff-meter).

Two of the Straying Six of last fall's football team have re-enrolled in school this quarter in order to be eligible for the season next fall.

Jack Westgard, starting offensive tackle, with his new crew cut is once more a familiar figure on the campus. Westgard is expected to be a regular sixty minute man now that the two platoon system has been abolished.

Also back is the Polack, Gene Garastik. No need in discussing his ability on the brid. Just re- member the damage he did to op- posing backs when they tried to run around the left end spot last fall.

Spokesman Visits Here To Interview Engineers For Jobs

Representative of North American Aviation, Inc., will be on campus Friday, April 13, to interview spring and summer graduates for positions at the company's Los Angeles, California, and Columbus, Ohio, plants.

Junior Engineering positions are available at North American Aviation, the company that has built more airplanes than any other in the world. For details, contact Dean Dolve, School of Engineering.

North American specializes in building military aircraft for the United States government, according to D. L. Butler, company representative. Currently being manufactured for the Air Force are F-86 Sabre jets, holders of a 16-1 kill ratio over Russian-built MIG's; F-86D Sabre interceptors, one-man, rocket-firing, all-weather fighters; and T-28 trainers. The company also builds FJ-2 Furies, sweptwing carrier fighters, and AJ attack bombers for the Navy.
