January 22, 1954

## Ag Show . . .

### Little International To Be Held March 13; Hall Of Fame Dinner Set For March 12

What are you showing in the Little International? That's the big topic of discussion among Ag students this week.

Richard Tewksbury, this year's manager of the big livestock and grain show which is sponsored and produced by Saddle and Sirlain club, has set this year's 28th annual Little International for March 13.

Jim Michaelson, chairman of the hall of fame banquet which is traditionally held the night before the Little International, has announced that the banquet will be held March 12 at Memorial Student Union. Highlights of this banquet will be the unveiling of a portrait of the outstanding man in the field of agriculture in North Dakota for 1953.

Men who are annually selected for this outstanding honor are chosen by the Saddle and Sirlain club on the basis of individual accomplishments, community ser-

vice, and faith and devotion in the field of agriculture.

During the livestock show, the main event of the Little International, 60 agriculture majors will show 20 sheep, 20 hogs, 27 beef 15 dairy cattle.

Animals to be shown are owned by NDAC but will be fitted and shown by students in the school of agriculture. Other divisions of the show include agronomy, poultry and machinery.

Agriculture Engineering students are preparing demonstrations and exhibits for the farm equipment show. Other campus groups will arrange booths.

All events will be competitive in nature with prizes awarded to the winners in each division. Awards will be made on the basis of showmanship and ability to train and groom animals for the show ring.

Fargo businessmen have donated cash awards and trophies that will be presented. Two of the awards to be given this year are the Scherfenberg Award, a permanent trophy awarded to the outstanding showman in the livestock division and the Sweepstakes award.

Also a permanent trophy given to the winner of the Crops division of the show. Many other trophies are awarded to the winners of the Swine, Sheep, Beef, Poultry and Dairy Cattle division winners.

Those who are interested in participating in this year's show are urged to report to the Livestock Pavillion at 1 p.m. on Feb. 6 where free transportation will be provided to the barns where the animals are still available for showing.

### Pi Tau Sigma Initiates Eight New Members

Pi Tau Sigma, national honorary mechanical engineering fraternity, initiated eight new members at a ceremony held December 9 in the Student Union. A banquet following the ceremony was held in the Ceres Hall Cafeteria.

Initiated were Edward Holt, Ronald Martin, Gordon Olson, Dwight Baumann, Narvel Soudahl, Stanley Wittman, Edwin Zimmerman, and Richard Osman.

The fraternity is limited to juniors and seniors in mechanical engineering or its options who by their academic and practical achievements show a real interest and marked ability in their chosen field.

### All-College Hop

An All-College Hop will be held in the Memorial Student Union ballroom immediately following the basketball game Friday, January 22. Chuck Arnold and his orchestra will furnish the music for dancing until 12. The student union activities board is sponsoring the dance.

## Religious Emphasis Week Convocation Mon.

"The Christian Student, Instructor, and Organization on Campus" will be the theme of a special Religious Emphasis Week convocation to be held Monday, January 25 at 9:40 a.m.

Three guest speakers of Religious Emphasis Week will present each topic of the theme separately. Dr. Keith R. Bridston, Lutheran Seminary teacher in St. Paul, Minnesota, will open the convocation with "The Christian Student".

Yahya Armajani, professor at Macalester College, will develop "The Christian Instructor". Mr. Armajani came to America in 1930 from his native Iran.

"Organizations on Campus" is Rev. Charles R. Sweet's topic. Rev. Sweet is the pastor of the Emanuel Methodist Church in Minneapolis, Minnesota.

During the morning following convocation, guest speakers will visit the class rooms.

### Charity Ball Set; Hanson To Play

"Winter Wonderland" is the theme which has been chosen for the annual Charity Ball sponsored by the Panhellenic Council.

The dance will be held at the Memorial Student Union, Friday, January 29 from 9 to 12. Paul Hanson and his orchestra will furnish the music.

Tickets are available at all the sorority houses at \$2 per couple. All NDAC students are welcome.

### Ski Club Plans Trip

According to the NDAC "Y" Ski club president Eddie Gordhammer the club is now making preparations for its spring trip.

The club plans on going to the ski resort at Aspen, Colorado. This trip will be taken the week between the winter and spring quarters.

At a previous club meeting Orlando Olson and Floyd McDunn from Pelican Rapids, Minnesota, spoke to the group on the Central U.S. Ski association tournament. On January 23 and 24 this meet is going to be held at Holloway ski hill. Holloway is located near Pelican Rapids. A film on skiing at Holloway was also shown.

Meetings are held every Thursday evening in the college Y. The officers elected for the year are Eddie Gordhammer, president; Robert Schroeder, vice-president; and Sally Schroeder, secretary-treasurer.

### Five Staff Members Speak At FU Conference

Five NDAC staff members spoke to the Farmers Union Action Officials Conference at Jamestown this week.

Those who attended and their respective topics were: Professor B. H. Kristjanson, Family Farm Projects; Professor Courtney Cleland, Population Trends; Dr. H. L. Walster, Food and Population Prospects; Dean Seth Russell, Responsibilities and Duties of Officers in Organizations; John Burnham, Civil Liberties; and Dr. Glenn C. Holm, Experiment Station Activities.

### NOTICE

All students who haven't picked up their money or books at the Book Exchange, please do so Monday from 1 to 2 at the Library. After Monday see Larry North or Harris Hoganson.

Discussing final details for Religious Emphasis Week are Peg Harding, John Warkentin, Alice Bjorklund, and Dorothy Lund.

### Snow Sculpture Contest Planned For Feb. 4; Modern Art Chosen As Theme

Modern Art will be the theme for this year's annual Snow Sculpture Contest, which is sponsored by Alpha Phi Omega Fraternity. The contest, which is open to all

the different organizations of our contest, should produce some interesting specimens this year; however, students are urged to refrain from showing lack of appreciation for modern art.

Bruce Olson, contest chairman, has set Saturday, February 6 at 5 p.m. as the time that the judging of the sculptures will take place. The judging will be based on originality, neatness, and design.

A traveling trophy will be awarded to the first place winners and, in addition, a cup will be given both the first and second place winner. Announcement of the winners and presentation of the trophies will take place at the WSSF Carnival which is scheduled to be held the same weekend.

### Scabbard And Blade Initiation, Dinner Dance To Be Held February 6

Scabbard & Blade National Honor Military Society has scheduled a Dinner Dance to immediately follow initiation ceremonies for new pledges on February 6.

Scabbard & Blade consists of junior and senior Army and Air Force ROTC students who have been selected solely on merit, based on academic and student activities on campus and in ROTC. Company M, 3d Regiment, was formed at NDAC on January 10, 1922 and has been active in military affairs ever since.

The main project of Scabbard & Blade is in the co-sponsoring of the Military Ball, and it also participates in the Color Guard at the Basketball games. Meetings are held after General Assemblies on Mondays and Dinner Meetings once a month.

The officers of M Company are Doug Williams, Captain; Marv Leintz, 2d Lt; Irv Meyers, 1st Lt; and Paul Ruliffson, Sgt.

Recent pledges of Scabbard and Blade include Robert Hedlem, Nick Roster, James Hoffman, Robert Nolan, Edwin Zimmerman, Larry North, Jerome Nissen, Roald Lund, Edferd Vasey, Ralph Wheeler, Ronald Skogstad, and Keith Deyo. Capt. H. M. Bartlett is the faculty advisor for the group.

### Veteran's Problems To Be Discussed

Two members of the Fargo Veteran's Administration, William Mjogdalen, Chief of Contacts and E. Marks, Rehabilitation Division will answer questions concerning veteran problems at the regular meeting on January 28, 1954 in the Student Union Ballroom at 7:30 p.m.

The meeting will be devoted entirely to questions and answer sessions. Attendance at the meeting is not restricted to members alone, but to all veterans in school who may have a problem or question he wants answered.

Lunch will be served after the meeting.

All members of the Vet's Club are to meet in the Memorial Union Tuesday, January 26 at 4 p.m. to have their pictures taken.

### Former Lettermen Honored Tonight

During the halftime break of tonight's SD State-ND State tilt, all of the former Bison lettermen will be introduced in a ceremony sponsored by the Lettermen's Club with Dean Stalling acting as chairman.

A section will be reserved for the group in the middle of the center section towards the top.

As soon as the floor is cleared at the intermission, the lettermen will form at the north end of the playing floor. Each one will then proceed to the middle of the court and then to the bleacher section as his name is called.

Each man will be identified by the number of years that he lettered in certain sports participated in. Also any laurels received will be mentioned.

The largest number of lettermen returning at one time for this occasion in previous years was 48.

A reception will be held at the Elk's Club after the game and a luncheon plus refreshments will be served to the group with the Letterman's Club and the Athletic Department acting as hosts.

### Bridston Guest Speaker At Ag Econ Seminar

Dr. Kieth R. Bridston will be the speaker for the January 28 Agricultural Economics Seminar. The topic of the seminar will be the "Impact of Western World on Indonesian Culture".

Dr. Bridston is Secretary of the World Student Christian Federation and was recently a Professor in history at Djakarta, Indonesia.

The seminar will be held at 4 p.m. in Room 215 of Morrill Hall.

### Sorority Houses Host Panhellenic Workshops

Sorority houses have been the location of a group of workshops which have been held under the sponsorship of the Panhellenic Council, according to Pearl Dinan, Dean of women.

On Thursday, January 14, the sorority presidents met at the Alpha Gamma Delta House, the social chairmen at the Kappa Alpha Theta House, and the pledge trainers at Phi Mu House. On the following Thursday, January 21, the rushing chairmen met at the Gamma Phi Beta House, the sorority treasurers at the Kappa Delta House, and the scholarship chairmen at the Kappa Kappa Gamma House.

One alumna advisor who has had experience in the certain type of office is present at each meeting. The groups discuss any duties and responsibilities of their specific office.

This is the fourth year that workshops of this type have been held on the campus.

### Eight Home Ec Seniors Now Practice Teaching

Eight seniors in home economics are off campus for the first half of the winter term with student teaching assignments.

They are Clarene Sandven at Rugby, Barbara Morris at Leeds, Mary Ann Pietron at Grafton, Elaine Forbes at Casselton, Catherine Muir at Enderlin, Margaret Goven and Bonita Pederson both at Jamestown, and JoAnn Gray at Agassiz Junior high school in Fargo.

The eight seniors who are residing in the Home Management house are Marilyn Meier, Jane Preuss, Mary Pat Lucy, Beverly Selland, Dorothy Wyum, Barbara McMurray McLeod Patricia Herr, and JoAnn Samson.

## Sekrik Wheat Variety To Be Distributed In North Dakota; Rust Resistant Type

Sekrik, a new wheat variety has been the subject of discussion in the agronomy department for the past week.

The members of the agronomy staff of the experiment station have been in conference with the experiment agents this week on plans for increasing the production of Sekrik, a wheat variety.

This wheat is being purchased in Canada for distribution in North Dakota. It is planned to increase the production of Sekrik by allocating some of it to all parts of the state.

As this variety promises some rust resistance, a large portion will be allocated in the eastern section of North Dakota where rust is most hazardous.

The branch superintendent has been here this past week to confer with the experiment station, including the agronomy department. They have discussed agronomic products which will be in collaboration with the central experiment station.

The branch superintendent annually visits the various branch stations in the state to check on the co-operative projects, which is an administration requirement of the department.

Dr. Glenn S. Smith, professor of the agronomy department recently attended the Oats Breeders Conference at Purdue University. He was one of 12 to attend this conference.

## Students Register For Teaching

Juniors in Arts and Sciences who plan to practice teach next year must register in the department of education office, Minard 325, before the first of February. Dr. Hale Aarnes, professor and chairman of education and psychology, is in charge of registration.

Students will be assigned to their respective practice teaching positions in one of the Fargo high schools following registration.

## Name County Extension Agents

Newly appointed County Extension Agents at-large are W. Warren DeKrey, LaMorse County and Robert W. Amstrup, NDAC. DeKrey received his Bachelor of Science at NDAC and his Master of Arts at the University of Nebraska. From July, 1952 to November, 1953, DeKrey served as research assistant at the University of Nebraska.

Receiving his Bachelor of Science at NDAC, Amstrup has been manager and operator of farms from 1933 to 1941, and served in the U.S. Army from 1941 to 1944. He has been emergency farm labor assistant in Fargo, after which he was County Extension Agent in Cavalier and McLean Counties from 1947 to 1952. From 1952 to the present he was in the farm implement business.

## Time Reports On Colleges' Finances

Despite the increasing financial aid given to colleges by U.S. business, an estimated 50% of the country's private educational plants operate in the red, as reported by Time, weekly newsmagazine.

If industry is to get more and better trained college graduates, corporations must provide much of the cash needed by colleges to expand their facilities and improve their teaching, and work more closely with colleges on business needs.

## Pharmacy Club Petitions

NDAC Pharmacy club has petitioned to become a student branch of the American Pharmaceutical Association.

At a recent meeting held in the Student Union, the petition was read, constitution was proposed and the application for membership was discussed and accepted, reports John Street of the Pharmacy department. The organization will retain its present title, he added.

## Basket Social Postponed

In order to avoid interfering with Religious Emphasis week, the basket social of Saddle and Sirloin—Tryota has been postponed from January 26 to February 2.

This meeting will combine the usual January-February sessions.

## Kappa Kappa Psi Pledges Thirteen

Kappa Kappa Psi, national honorary band fraternity, pledged thirteen new members at a recent dinner meeting.

The new pledges are Lester Amundson, Roger Grau, Douglas Hanson, Paul Irsfeld, Duane Heitzman, Walt Junkin, Bob Montgomery, Jerome Nissen, Earl Peterson, Brian Rase, Jack Rosenberg, Howard Stockman, and Douglas Weber.

## Meet D. J. . . .

Pictured above is Jim Vig, one of Campus Radio's music spinners. Vig is heard on "Rhythm Rendezvous" every Wednesday and Friday evenings from 8:05 to 8:50.

Campus Radio is located at 750 on your dial.

## Pharmacy Scholars To Receive Awards

Lynn Fitz and James Stuntebeck have received awards for attaining the highest and second highest scholastic averages of freshmen enrolled in pharmacy.

The awards, offered annually by Rho Chi, national honorary pharmaceutical society, consist of a copy of the United States Pharmacopoeia and a copy of the National Formulary, respectively.

## ASME Region Vice-President Elliott Speaks To Engineers

After being entertained to a dinner at the Gardner Hotel by the student branch of the ASME recently, Ben G. Elliot, who is vice president of region VI, spoke to the members at a meeting held later in the student union.

Elliott's address varied from the usual technical subjects and dealt with the human problems facing the young engineering graduates. Among these he mentioned the civic responsibilities facing engineers in not only their communities but also in the government. He

## Essay Winner Scholastic Awards . . .

Grace Cohick, H-E So., won second place recently in the National Make-It-Yourself-With-Wool Essay Contest. The prize was a \$50 defense bond.

## Chemistry Grant

The Minneapolis-Honeywell Regulator Co., of Minneapolis, Minn., has renewed for the eighth consecutive year their grant of \$500 to the School of Chemical Technology to subsidize basic research in the field of plastics under supervision of Dr. R. E. Dunbar.

Last year's problem was devoted to the production of epoxy resins from North Dakota lignite and it is contemplated that the new research will be an extension of similar studies.

The recipient of the new grant is Earl C. Hutchins, graduate student in Chemistry, from Crookston, Minn.

## Hoag Writes Article

Donald Hoag, instructor in Horticulture and assistant Horticulturist at North Dakota Agricultural College, contributed an article on gardening plans for the north, along with experts from the nation who contributed information for their own climatic zones. This article, "Plan your 1954 spring gardening now!" was featured in the December issue of *Flower Grower*.

Hoag's article, which was written expressly for northern gardeners, contains information on garden planning for the entire gardening cycle.

## Anderson To Discuss Chemicals At Seminar

R. N. Anderson, assistant agronomist, Agricultural Research Service, USDA, will discuss, "Some Promising New Chemicals For Weed Control" at Plant Science Seminar, 4 p.m. on Monday, January 25, in room 212 of Morrill Hall.

Anderson is working cooperatively with the NDAC Botany Department on weed control. He is a native Nebraskan coming here in February, 1953, from the University of Nebraska where he completed his M.S. in Agronomy.

stated that the ranks of the politicians are no longer being exclusively filled by the law and medical professions but are opening up to the larger engineering profession.

In telling of the need for more engineers in politics, Elliot told of the national movement to unite all the professional engineering societies into one centralized organization large enough to represent any and all engineers in dealing with governmental legislation and other problems.

## Agnes Jardine Scholarships Available; 19 Students Win Noyes Scholarships

Now is the time to apply for the Agnes Jardine Student Scholarship given to assist deserving music students.

If you are studying voice, piano, or an orchestral instrument and you are between the ages of 17 and 25 you are eligible to apply for the Agnes Jardine Student Scholarship.

A total of \$150 will be given in scholarships in 1954; the amounts of the individual scholarships will be decided by the committee according to the need and ability of the students.

In selecting their choice of winners the committee will not necessarily select the most advanced student, but will consider musical talent, good musicianship, and achievement.

Details information is posted in Putnam Hall; applications must be in by February 1, 1954.

This quarter 19 students have been selected for the LaVerne Noyes scholarship. The scholarship which is available to students who are direct descendants of those who fought in World War I provides \$36 a quarter to students needing financial assistance to secure their college training.

Students chosen are Richard Engh, Beverly Olson, Duane Swenson, Dave Anderson, Douglas Anderson, Roy Cedarstrom, Paul Granum, Barbara Gully, Richard Hanson, Donald Ljungren, Franklin Meyers, William Slingsby, Eldon Hemphill, Ray Horne, Dave Kretzman, Orris Pfitzenreuter, Arthur Rulon, Roger VanProoien, Charles Wasem, Edwin Zimmerman, Dorothy Biever, Mark Evans, Eddie Gordhammer, Theodore Haberger, Albin Kosir, David Lees, and John Rosenberg.

## Library Features Pamphlet File For Students

Few students realize the importance of material that comes out in pamphlet form — nor are many aware that our library has a pamphlet file and that its contents circulate in much the same manner as do the books.

Located in a series of metal

cabinets in the west wall of the reading room behind the reference stacks, the pamphlets are filed under various subject headings in alphabetical order.

This Pam file consists of government publications, annual reports, material from corporations, associations and foundations, newspaper clippings and other valuable articles that are not easily catalogued and put into the regular library.

To facilitate use for the reader and research worker, the H. W. Wilson Company puts out a Vertical File Service Catalog which is an index of approximately 4000 pamphlets. It lists pamphlets, booklets and leaflets with descriptive notes and information under a variety of subject headings.

Students are encouraged to take advantage of this, relatively unknown service offered by the library.

## Pres. Hultz Returns From Washington

Dr. Fred S. Hultz returned recently from Washington, D.C. after attending the meeting of the executive committee of the Association of Land Grant Colleges and Universities.

Others on the committee are the president of the Universities of Maine, Idaho, Louisiana, Purdue and of Texas A. and M.

Dr. Hultz, serving his third year of a three year term, is also a member of the committee for National defense and of Negro Land Grant Colleges.

## Student Of The Week

Marilyn Meier has been chosen this week's student of the week. Marilyn, a senior in home economics, is president of her sorority, Alpha Gamma Delta, and is a member of Senior Staff, Air Debs, and Who's Who.

Other organizations to which Marilyn belongs are Phi Kappa Phi, Phi U, Kappa Delta Phi, and Tryota, of which she is past president. She is also a member of the Panhellenic Council.

Marilyn's future plans call for teaching home economics.

## Placement . . . Engineers

On Monday, January 25, a representative of the Delco Products Company will be at NDAC in search of qualified engineers for their company.

The Varo Manufacturing Company in Garland, Texas has notified the Placement Bureau of a need for qualified electrical engineers for research, development, and manufacturing of airborne electronic equipment.

The company's facilities for their short job training course is in connection with Southern Methodist University in Dallas, Texas.

Further information concerning qualification and opportunities may be secured from the Placement Bureau in the Memorial Union Building.

## Summer Jobs

Notices have been received from George Williams College on Lake Geneva concerning summer employment opportunities.

During the summer George Williams College, which serves as a meeting place for educational and religious institutes and conferences, employs about 200 students. Some of the positions include office clerks, golf club workers, housekeeping staff, waiters and waitresses, kindergarten and youth camp leaders, life guards, and others. Officers and members of YWCA and YMCA are particularly welcome.

Those interested may contact the Placement Bureau in the Memorial Union Building for more information.

*Chance Vought offers you a*  
**CAREER**  
*with a future...*

... a *career* with an organization that produces engineering that has produced advanced aircraft such as the F7U-3 "Cutlass" and the new "Regulus" guided missile. These aircraft are representative products of Vought's efforts in engineering to perfection. These aircraft are among the Navy's best.

Chance Vought Aircraft has been a major supplier of high performance military aircraft for over 36 years and is now engaged in many long range development programs pertaining to piloted aircraft and guided missiles. These programs offer unlimited *career* possibilities for the graduate engineer.

If you are receiving a degree in Aeronautical Engineering, Mechanical Engineering, Civil Engineering, Electrical Engineering, or Mathematics, we invite you to discuss your future with us. Make an appointment at your placement office to discuss these opportunities with the Chance Vought Representative when he visits your campus. Correspondence may be addressed to the Engineering Personnel Section, Chance Vought Aircraft, P. O. Box 5907, Dallas, Texas.

Herb Gaebe, Chance Vought Aircraft Representative, will interview graduates of the class of '54 in the Placement Office, February 4. Mr. Gaebe is looking forward to the opportunity of discussing with you your future as a Chance Vought Engineer.

# What's On Our Mind Source of Happiness

In a world which at times seems to be overwhelmingly filled with hate and fear, we often begin to feel insecure. Everything that we were brought up to consider sacred seems at times to be jeered and reviled. To many of us, the world sometimes seems upside down—as if it is threatening to destroy itself.

Can anybody remain serene and find a measure of peace and happiness if they feel that way? I believe they can; by finding the source of happiness which depends only secondarily upon material things. One must educate your heart as well as your mind, if you would invite happiness.

If we would all think of ourselves less and of others more, we would forget ourselves in trying to make someone else happy. Merely contributing money, sitting on a committee, or attending meetings, is not enough. It is our personal self-sacrificing work that counts.

I listened one day to the conversation of a group of well educated people. One of them remarked that works of art brought her happiness; another said that she derived great joy from her love of nature, a gorgeous sunset, a lovely flower, the lilting melody of a bird's song, the thrilling story of a strange adventure.

It is true that all of these things make life fuller. The appreciation of the beautiful, especially in nature, is an unending source of enjoyment, but nothing can give that deep satisfaction to the human soul as a love filled life.

If we truly love our fellow men, we will lose sight of ourselves in trying to help others. As we endeavor to lead others out of discouragement and loneliness, happiness is the result that comes to us.

Let us not go out seeking happiness for ourselves; for if we do, it will elude us. Let's not ponder on what we are going to get out of life but what we can put into it for our fellow men.

Happiness comes from within but we must invite it in by preparing the soil.

## Pastimes . . .

### Imitations, Copies Available Everywhere Common In Recordings, Paintings

by Don Berger

Last night I had the good fortune to hear some of Glenn Miller's records from the new album of his works. Many of the records have never been released before, and some are recorded from Miller's broadcasts before he was lost while flying from England to France during World War II.

I don't have to sing Miller's praises, that has been done many times before. But what I noticed about the music was how fresh and original it is even today.

There have been many bands that are influenced by his style and some have copied his arrangements cold. But the music is never the same. Why? I like to think it's because they are not original.

And that leads to my thoughts for this week. Originality or the lack of it. And since there are hundreds of examples, because this column follows the theme "Pastimes", I'll limit the list to that.

There is one offer on the radio right now that illustrates my point. You've heard it if you've had your radio on at all in the past month. It's that one about the tremendous saving (only 19 cents a record!) by buying the hit tunes on micro-groove records.

The recording artists (and I use the term loosely) try to come close to the best seller records, by similar arrangements, and thereby pawn off their inferior merchandise by fast double talk and illusions of the real thing.

Too bad this same company doesn't compare original arrange-

ments of the same tunes and sell them on their merits. They have the raw material. That's evident when listening to the copies.

Have you played Scrabble? It's a good game. Its popularity was proven by the Scrabble waiting lists in the department stores before Christmas. Now the market is being flooded by imitations that come close, but don't quite reach the simplicity and effectiveness of the original.

Many people paint for relaxation, doctors have recommended it for its therapeutic value. Businessmen and housewives have found it's a wonderful hobby.

Now, anyone can do it, thanks to a new system whereby the painter blobs a color in a numbered area on the canvas.

What nonsense. Anyone can paint without a numbered picture and numbered paints, and it's not a new idea. We did the same thing in kindergarten with our color books.

No matter how good or bad a painting is, it is a reflection of the artist's personality and ability. Yes, anyone can paint. Perhaps your first few tries will be pretty sad. But at least they are your own creation. And look at Grandma Moses. You've probably told yourself you could do that well when looking at one of her pictures.

"Don't settle for imitations," a phrase used in much advertising copy applies to your leisure time too.

## Model Man

Selected as Model Man last week at the Interfraternity Ball was Ray Horne. Horne was the candidate of Alpha Tau Omega fraternity.

### Kuamme's Kuips

#### Looking For Big Break? Look For It Objectively

Do you have a secret ambition? Is it maybe acting, dancing, or singing? Why not! after all look at the money the big entertainers get. All you need is that "big break" (as long as it doesn't land on your neck). A few potential entertainers do get that "big" break, but what about the others?

The big money that makes show business a glamorous profession to outsiders and thousands of young hopefuls isn't as profitable for the thousands of performers as a first blush would indicate.

For every name artist who gets \$10,000 a week or more, there are hundreds who don't make more than \$10 a week. That is hardly enough for cokes and hamburgers. The legit performer averages about \$1,000 a year. The radio and TV actor is better off. He averages about \$2,000 a year.

Show business's biggest directors say that there has always been an over-supply and always will be of potential stars.

But whether it has always been and therefor always will be is poor satisfaction to the hopefuls who each year try cracking through into the glittering world that represents show business to the man in the street.

#### 4-H Club To Entertain Short Course Students

Attention Short-Course Students! Ready for a party? Good, because the College 4-H Club will be entertaining the Short-Course students at a Square Dancing Party, Saturday, Jan. 23, at the Union Ballroom.

Dick Worth will be in charge of the calling of the square dances. Dancing will be from 8 to 12 p.m. Lunch will be served. Admission \$.25.

## Social Spy . . .

### 33 Men Pledge Fraternities This Week; Gals! Make Plans For 'Charity Brawl'

by Grace Lehman

Another day, another week, mid-terms approaching. . . you just can't win, can you? This living from one week-end to the next has to come to a screeching halt! And speaking of weekends, Friday the Bison are here again for a game, and there's a dance at the Union afterwards. It will be on the order of the one last Friday, which, incidentally, was a huge success in case you hadn't heard.

**NEW KAPPA SIGS** . . . initiation was held on Sunday for Charles Gulland, George Lyon and Tom Howitz. Congrats to you from me.

**NEW AGR PLEDGES** . . . as of Monday are Burton Light, John Landman, Lavern Linnell, Robert O'Berg, Donald Schwartz, Maynard Helgaas, Roger Skyberg, Orville Compton, Curtis Lundely, Ruben Enander, Ronnie Brandvold and Eugene Rott.

**THE AGRS** . . . entertained the Kappas on Wednesday from 5 to 8.

**THE THETA PLEDGES** . . . entertained the pledges from the other sororities and frats on

### It Was Easy, Dad

(From the Daily Reveille, Louisiana State university)

"My son, now that you are home from college, tell me of all the wonderful things you have learned. I want to hear all about it, because I never had a chance to get a college education."

"My father, I learned nothing." "What is this, son? You learned nothing. How can that be? You were there four years. You must have learned something."

"Well, I'll tell you how it was, dad. When I did make it to classes, I slept. I never bought a textbook, much less read one. In fact, I never read anything that had anything to do with college or courses. I never talked to anybody about anything; I just had a good time."

"But, son, you've got a degree. How did you manage without learning anything?"

"It was easy, dad. I had a system. You see, I only scheduled courses giving objective tests."

"What's that, son?"

"Well, in objective tests, all you got to do is mark a 'T' or an 'F' in a blank, or circle a letter or number in what they call a multiple-choice question, or put a letter by a number in a matching question. That's all there is to it."

"But, son, you've got to know something to put the letters and numbers in the right place."

"No, dad, if you schedule the right courses, know how to make plus and minus marks, how to put a number of letter in a blank, and if you're really lucky, you can get a college degree."

"Then the degree doesn't mean much, does it, son?"

"No sir, I guess it doesn't."

Wednesday at the sorority house.

**NEW THETA CHIS** . . . are Richard Tuntland and Gary Dick. They were initiated last week.

**NEW THETAS** . . . after an initiation ceremony on Sunday are Ila Langseth, Mary Helen Peterson, Darlene Trotter, and Joanne Klevberg.

**IT'S TIME** . . . that we girls start shopping around for possible dates for the Charity Ball. It's a week from tonight!

**MORE PLEDGES** . . . and this time for Sigma Phi Delta, are Tom Addicott, Nell Berg, F. Borchardt, Don Carlson, Bill Chamberlain, Jim Gebhard, Gene Gross, Doug Herr, Pete Horvath, Vern Johnson, Joe Mann, Bob Myller, Jim Netzer, Harold Noring, Bill Palaniuk, Bob Tucker, Don Vermeland, Burt Wilcon, Harold LaFluer, Dick Johnson, and Jim LaVold. Congratulations.

**SAE PLEDGES** . . . elected officers recently and Dell Shoephoister is president, Martin Berly is vice president, and Bob Wilson is secretary.

**STATION KNDS** . . . will broadcast the Bison-SDS game tonight in case it's too cold for you to come out. 750 on your radio dial.

**SOMETHING NEW** . . . for the bowlers in our 'mongst. The Bowling Alley at the Union is sponsoring a doubles tournament. One team will be made up of two couples, so you guys and gals, team up and contact Gordie Tiegen at the bowling alley for further information. According to my underground, the first of these tournaments will be held this coming Wednesday.

### Faculty Fireside Held At Home Of Dr. Cassel

Last quarter the College YM-YWCA initiated a project called Faculty Firesides to provide for improved student-faculty relationships. The project does this by acquainting the students with their instructors through informal visits made by the students as a group to the instructor's home.

The first of the Faculty Firesides meetings was held last quarter at the home of the retired Dean of Agriculture, H. G. Walster. The discussion at this meeting was centered around the early history of the College, followed by the serving of refreshments by Mrs. Walster.

Last week another Faculty Firesides group visited Dr. Cassel, head of the Zoology Department, at his home. The topic of the discussion lead by Dr. Cassel was Science and Religion. Refreshments were also served by Mrs. Cassel.

Present plans call for the continuing of these Firesides meetings throughout the rest of this school year.

# Religious Emphasis Week Begins Sunday

## Dancers . . .

Dancing are Jane Lee, Aina Malta, Janice Hamilton and Dorothy Asker.

### Harrie's Almanac Of Worthless Information

Is much the author sings to the tune of "Blood on the Saddle" the heart rending cries of a wounded student.

I. I am a freshman in biology I'm really quite average I think you'll agree I study quite hard and I'm surely no dope But I can't see a thing in that danged microscope

II. All others about me were gazing in awe At Platyhelminthes or worms that they saw But I'm in the dark and I can't seem to cope With the intricate dealings of my microscope

III. I twist it and turn it to focus it right For just one little peak would be a delight But whatever I turn and however I grope I simply can't focus this blamed microscope

IV. The instructor comes 'round to ask what I see And he soon ascertains the difficulty He calls off by color, by number and name Tissue and germs and such other small game. Amoeba and hydra and platelets and gee, Here's a trypasiasome as plain as can be. Endoderm, ectoderm, bancrofte and my. . . Even a mole on the nose of a fly. He gets me excited—it all seems so clear.

As I gape thru the lens with a feverish leer. I gaze and gaze and I slowly lose hope Of ever seeing any pertinent dope— There isn't a thing in that wretched old 'scope.

V. So I'm in a quandry—I've flunked the course twice And the teacher has said some things that weren't nice. There may be a reason But for me it's no soap—I think it's a fraud—that danged microscope.

by Joan Evenstad  
"Your God, Your Campus, and Your World", is the theme of Religious Emphasis Week which begins Sunday, January 24, and continues with a week of events until January 29. The Student Inter-Religious Council has invited six outstanding religious leaders from outside communities as guest speakers.

Religious Emphasis Week will be heralded by a Sunday evening meeting of the Wesley group in

their club rooms at the College Y. The LSA Sunday Evening Club will meet at the LSA house at 1201 13th avenue north for a supper meeting and speaker. The theme of the meeting will be "Does Man Need God?" with Keith Bridston speaking.

Yahya Armajani will meet with the Three Denominational group of the Presbyterians, Baptists and Congregationalists in their club rooms at the College Y Sunday evening.

The Reverend Father Henry LeMay will speak to the Catholic students in the Newman Chapel at 7 a.m.

Each religious group will hold morning devotions in their respective club rooms at 7:40 every morning. The speaker for the LSA center will have Dr. Keith Bridston and the Reverend Charles R. Sweet will speak to the Wesley group.

The main event of R E Week will be the all campus convocation at Festival Hall at 9:40 Monday morning. A panel of three of the week's special speakers will talk on the topic "The Christian Student, Professor and Campus Organization".

At 12 noon daily the LSA house will have the customary meal with Dr. Birdston speaking and the Wesley center will have their meal with Rev. Sweet speaking to the group.

At four each day there will be a coffee hour in the College Y. The topic for each day's discussion are "What is Your God", "Our World, Your Problem", "Does God Speak To The Student", and the last day, Thursday, "Consumation—You, Your God, Your Campus, Your World".

Monday: Monday evening the sororities and fraternities will be visited by guest speakers from one of the religious groups on campus.

Tuesday: Classroom activities will include R E Week speakers as guests in the classrooms. At 5:30 p.m. there will be a supper meeting in the Wesley Rooms of the College Y and a 3-D meeting at 7 p.m.

At 7:15 p.m. Dr. Birdston will speak at the LSA center on "Is God in Your Plan?" At 7 p.m. the Newman Club will meet to hear Father Le May.

Wednesday: Morning Devotions and classroom services are scheduled and in addition there will be "Dormitory Night" with speakers in each of the dormitories. At 7:15 at the LSA House Dr. Birdston's topic will be "You Are In God's Plans".

Thursday: The Thursday activities are as scheduled for the previous day with a 9 p.m. Communion Service following the 5:30 p.m. supper meeting in the Wesley Rooms. Father Le May will speak at the Newman Chapel at 7 p.m. At 7:15 p.m. the LSA House Holy Communion will be given under the theme of "The Body of Humiliation", closing the week of observing Religious Emphasis.

## Six Speakers Visit AC During RE Week

by Nancy Kaiser  
Speakers for R E Week which will be visiting the campus include six men well adversed in their field.

Yahya Armajani was born and educated in Rasht, Iran. He came to the United States in 1930 to study theology and international relations at Princeton University and went back to Iran in 1933 to teach at Albarz college and to do church work.

Armajani received his BA from the College of Emporia, his ThB from Princeton Seminary, and his MA and PhD from Princeton University. He is a professor at Macalester College, a Presbyterian minister, and a speaker on the problems of the Middle East.

Robert H. Baylis received his AB and teaching credentials from San Jose State College, California. He was an elementary teacher and extension secretary for the Intersarsity Christian Fellowship. He was also area staff worker for the North Central States for IVCF.

Bridston Sweet

Keith R. Birdston is a native North Dakotan, but received his BA from Yale College, his BD from Yale Divinity School, and his PhD from Edinburgh University, Scotland. He had also studied at Luther Seminary and Princeton.

In 1946 Dr. Birdston went to Scotland on an invitation of the Student Christian Movement of Great Britain and Ireland as International Secretary. He remained in Edinburg for two and a half years, and hte went to Geneva, Switzerland as a staff member of the World's Student Christian Federation.

He worked in the Geneva office, but her traveled throughout Europe, the Carribean area, Central America, and Asia. In 1952 he went to Indonesia as a visiting

professor in the Higher Theological College, Dfakarta. He returned to Amercia after seven year's absence in June 1953 and he is now teaching homiletics at Luther Seminary. St. Paul.

Reverend Henry F. LeMay received his academic training at the St. Paul Seminary, St. Paul, Minnesota, and at St. John's University, Collegeville, Minnesota. He has been chaplain for the Minnesota School for the Deaf, Minnesota Braille and Sight-Saving School, Bethlehem Academy in Fairbault, and for the Young Christ Students. He was the first president of Fairbault Youth Coordinating Council and advisor to the Fairbault Teen-Age council.

Father LeMay is a member of the Governor's Advisory Council on Children and Youth, and advisor to the Minnesota Youth Council. He was a faculty member of St. Mary's Academy, Graceville, Minnesota and the assistant pastor of the Church of the Immaculate Conception in Fairbault, Minnesota. He is now the pastor of the Church of Saint Barnabas, Barry, Minnesota.

James F. Nyquist received his BS degree summa cum laude and his MA from the University of Minnesota. He is the Regional Secretary of the Inter Varsity Christian Fellowship in Chicago, Illinois. He is the director of the summer train camp, Campus in the Woods.

Nyquist is very interested in music and photography. He will not arrive until Thursday.

Reverend Charles Robert Sweet, pastor of the Emanuel Methodist Church in Minneapolis, Minnesota, began his career in New York and Indiana. He was pastor of the East Moriches Methodist Church in Long Island, New York before he accepted the pastorate at Minneapolis in 1948. He acquired his BA and MA at the University of Minnesota.

Reverend Sweet attended the University Fellowship at Columbia University and received his BD at Union Theological Seminary in 1947. He has had further work at Columbia University, Union Theological Seminary, University of Minnesota and the Asia Institute in New York City.

Plans for the Dance Workshop which is scheduled for the NDAC Fieldhouse on January 23 are being completed. It is to be a triple feature event in which master lessons in dancing technique and dance composition will be presented. Starting at 3:30 in the afternoon, a program will be presented which will be made up of dances by the students and dance by the trio from Minneapolis. The trio includes Miss Gertrude Lippincott, Miss Eunice Cain, and Mr. Robert Moulton. Miss Lippincott has charge of the day.

The program presented by the students will consist of six dances. They are 'Mechanical Forces' which will be presented by Jayne Lee, Phyllis Hendrickson, and Marilyn Gray. The second dance is labelled 'Study for 5'. Participants are Janet Abrahamson, Phyllis Hendrickson, Helen Larson, Jayne Lee, and Ruth Olwin.

'Ebb and Flow' will be the third dance; presented by Dorothy Asker, Janice Hamilton, Jayne Lee, Aina Malta, and Barbara Widdifield. Joan Marquart and Roger Lileks will be 'Saturday Night Out West'. Another dance 'Triangle' will also be on the program. Ellen Eaton, Roger Lileks, Dorothy Lund, Joyce Rutherford, and Jack Sigman will take part in it. The final presentation by the students will be 'Rivals' by Walter Junkin and Roger Lileks. In addition to the program by the college students, Moorhead Junior High will give three numbers and Fargo High School will present a Spiritual.

The day starts at 9 a.m. with registration and the lessons will be given before lunch. Composition begins at 1:30 and the program presentations will begin at 3:30.

# Sioux Cagers Take First In NCC; Bison Charges Drop To Second Place Tie

NORTH CENTRAL CONFERENCE STANDINGS  
by Mel Ostby

	W	L	Pct.
North Dakota University	4	1	.800
North Dakota State College	3	2	.600
Iowa State Teachers College	3	2	.600
South Dakota State College	1	2	.333
Morningside College	1	2	.333
South Dakota University	1	2	.333
Augustana College	0	3	.000

As a result of a disastrous road trip last weekend the NDS Bison dropped from an undefeated top spot in the NCC to a tie for second place.

On Friday night the Herd opened a 70 to 63 win over SDU at Vermillion. Saturday night the Staters were downed by Morningside 80 to 73. ISTC avenged an earlier defeat by the Bison as did Morningside, when the Panthers dropped the Herd 73-65 at Cedar Falls Monday.

In other loop action, the SDU Coyotes broke into the win column by trouncing Augustana 78-62, Wednesday, January 13.

North Dakota University moved into the top spot by nipping the SDS Jackrabbits 65-61. Last Saturday night, the Redmen rapped Augustana 79 to 60.

South Dakota State dropped from the unbeaten ranks as a result of the Sioux beating.

Morningside beat the invading Bison to go into a fifth place tie with SDU.

The Coyotes won and lost a game through last week's play. They beat Augustana and lost to ND State.

Dwelling in the cellar again this week is Augustana who dropped two games last week to SDU and NDU.

Action on the conference slate for the immediate week pitted Augustana against SDU on Tuesday.

Tonight, Friday, the NDS Bison take on the invading SD State Jackrabbits, while ISTC is at SDU.

Loop games scheduled for Saturday night are SD State at NDU and ISTC at Morningside.

## Greetings . . .

College coaches, when grooming a team for a particular sport, keep certain fixed factors in mind constantly. These points differ to a varying degree from the general makeup of high school prep teams and get more intensive and intricate in the higher colleges and universities.

To begin with, let's start with the constituents of a high school team. In high school play, the smaller player stands a very good chance of gaining a starting berth at any position that he qualifies for on the gridiron and at either a guard or forward position in cage play.

In college football, a high school standout of medium build stands a poor chance of making a starting berth position in the line. In the back field, a small half-back must really excel as a result of his high school play to qualify for the half-back post. A standout high school fullback gridder qualifies in good fashion and is put at a half back position in many cases.

College basketball seems to be more involved by looking at the good combination possibilities confronting the coach. Out of a large group of candidates vying for team positions, the cage mentor must pick out of this aggregation a group of five who most qualify in his estimation.

Some of the points that a coach keeps in mind when picking his squad are: past high school accomplishments, height and general build, coordination and floor play, and attitude—to mention some of the major ones.

Just what seems to make the ideal squad? The world's champions Minneapolis Lakers have a big and skilled forward line in Mikan, Pollard, and Mikkelson coupled with some short guards in Martin and Harrison who are good floor players and offensive threats. When the Bison put a team together which took the NCC Championship a couple of years ago, the forward wall was huge. It consisted of Fougner, Bunker, and Cavanaugh or Geisler who alternated. The guards were comparatively small Scott Thayer and Rod Fercho.

The best possible combination seems to be a large forward line and two smaller men at the guard posts for college play. This forward line is needed for a good performance in both defense and offense which requires a rugged and tall type individual especially under the basket.

This year's Herd squad has the starting quintet composed of a strong forward wall with the two smaller guards. Akason can break up a game with his uncanny long set shots and Walstad is a standout floor player. This well rounded combination no doubt has contributed to the Stater's impressive showing in the season thus far.

I would like to extend my appreciation to Hal Miller who has done most of the write-ups on I-M play and to Don Kent who figures out and supplies Hal with such information. Also Kent will do most of the I-M writeups in the future. Of course my appreciation also goes to my entire sport's staff; but "by" lines aren't applied to the I-M writeups, so Hal's work should not go unclaimed.

Just heard a joke about the woman who asked her husband to put a bathroom in their house. Seems as though she wasn't satisfied with just one John!

That's it this week from State Side so keep warm and remember that the best policy is to hang loose—never hang tough.

# Herd Cop One, Drop Two In NC League On 4 Day Road Trip

## Morningside

The Morningside Maroons handed North Dakota State's Bison their first conference loss of the season by scoring an 80-73 victory. The loss dropped the Bison from first to second place in the North Central Conference with a 3-1 record.

The Bison trailed the whole game, the period stops ending at 15-11, 39-31, 54-43, in favor of the Maroons.

D. Anderson and Gene Gamache led the Bison attack with 18 apiece. The only other man to hit double figures for the Bison was guard Doug Walstad, who slashed the net for 10. For the Morningside five, Virgil Barnett led their virus attack with 23 points, while Bob Hussy chipped in with 17, Dick Norman, Bill Ide and Al Brunsting each tallied 10.

The Bison had difficulty in finding the lid in the first half, and were outrebounded by the Maroons.

Twice the Herd narrowed the Morningside lead to three points, but couldn't make a go of it.

## STATE-ISTC

Iowa State Teachers College Panthers set the State Bison down to their second straight conference loss by a score of 73-65.

The Panthers made a brilliant fourth quarter comeback when they trailed 50-43 at the end of the third quarter to win going away. The Teachers took a quick 59-57 lead early in the final canto, stalled momentarily, and then put the steam on to stay ahead of the Bison and win going away.

The Bison lead all the way through the first three quarters with period leads of 19-12, 34-26, and 50-43.

Grut Anderson lead the Herd scoring with 17 points. Jim Akason and Bob Lauf followed with 13 counters apiece.

Borderman took game scoring honors with 18 for the Panthers. Horn had 17, Holland 16, and Beetsch 10, to round ou the ISTC scoring.

## South Dakota U

North Dakota State beat off a fourth quarter rally by the SDU Coyotes and won their third straight North Central Conference win.

They pushed off to a 37-25 half-time lead, with Lauf controlling the board and Anderson and Akason doing a lot of scoring.

The Coyotes came within four points 54-50 with seven minutes remaining, but the Bison had more fire to win the game with ease.

Grut Anderson produced 22, Akason pushed in 19, Walt Fogel 12, and Bob Lauf 11. The Bison not only outscored the Coyotes, but also outrebounded them throughout the game.

Rath led the SDU scoring with 20, while Braase and center Bob Middleton scored 15 each.

The Bison hit 26 of 55 attempts for a .472 average, while the Coyotes were hitting .333 with 26 field goals of 81 attempts.

# Freshmen Meet Valley City Teachers Tonight

The North Dakota State freshman team meets a squad of underclassmen from Valley City State Teachers College at 6:15 p.m. tonight in a preliminary to the Bison-SoDak State game at the fieldhouse.

The Bob Roy boys will be shooting for their fourth win in seven contests.

The starting team for tonight will include Bill Skrei and Jerome Herman at forwards, Ken Flynn and Dale Serun at guards, and big John Haas at center.

# Herd Cagers By Mel Ostby

Kermit Quanbeck

Lyle Fugleberg

John McDermott

One of the few veterans on the Herd squad is Kermit Quanbeck who is playing in his last year at State.

Kermit comes from Aneta, North Dakota where he made a name for himself in high school athletics.

Being a good utility player on the team, Quanbeck is advantageous at either a forward or a guard position.

Kerm has not seen much action in the past play, but he could be called upon to perform quite ably at any time.

Hailing from Mayville, North Dakota, where he was All Stater in Class "B" ball is Lyle Fugleberg.

Lyle has demonstrated his court talents in previous games this year and is capable of turning in a good show whenever he is wanted to do so.

At a guard position, Fugleberg is known for his uncanny drive in hook shots. He is also a shrewd floor player while contributing to the Stater's thrusts as a stellar back court performer.

A returning veteran from last year's squad and providing the needed extra punch in the State forward line is John McDermott.

Mac, who plays a forward position, is from Ashland, Wisconsin, and recently has been bothered with an internal disorder which has put him on the doubtful list indefinitely.

John has not yet come into his own this season, but as loop action progresses, he undoubtedly will show the good court play which he is very capable of doing.

## Get In There !!

Bison Frosh cage mentor, Bob Roy is showing some of his charges the fine points of basketball. Husky center, John Haas is dunking the ball through the hoop.

### Agronomy In First; U. Neverno . . . Vincent Has Top Set

Faculty bowling action resumed in both divisions with Ag. Engineering and Agronomy leading in divisions "A" and "B" respectively. A new individual line high score was set by Buchanan with a 236 pin total.

Individual line and set highs in the league are as follows:  
 Vincent 204-525  
 Paterson 182-493  
 Minnear 193-513  
 Buchanan 236-541  
 Opdyke 194-502

Standings in both loops are:

Division	W	L	Pct.
Division "A"			
Ag. Engineering	14	4	.778
Chemistry	11	7	.611
Engineering	8	10	.444
U.S.D.A.	8	10	.444
An. Husbandry 1	7	11	.389
Pharmacy	6	12	.333
Division "B"			
Agronomy	12	6	.667
Soils	11	7	.611
Athletic	9	9	.500
Ag. Econ	8	10	.444
Air Force	8	10	.444
An. Husbandry 2	6	12	.333

### Gamma Phi's Lead; Ceres Hall, Thetas Hold Second Place

The Women's IM Bowling league played another round last week with the Gamma Phi's gaining the undisputed top spot having a 10-2 record.

Some of the records set up to date in the loop are: In the team action per line, Kappa Alpha Theta bowled a score of 611 and the Gamma Phi's 606.

In the individual competition for one line, Dakota Hall's Holly Howell bowled a 172 total for the present best, followed by Gamma Phi's Kay McGeary and Ruth Olwin with 168 and 163 respectively.

The team standings up through play last week are:

	W	L	Pct.
Gamma Phi's	10	2	.833
Ceres Hall	9	3	.750
Kappa Alpha Theta	9	3	.750
Kappa Delta	7	5	.583
Kappa Kappa Gamma	5	7	.416
Dakota Hall	5	7	.416
St. Lukes Nurses	2	10	.166
Phi Mu	1	11	.083

"Don't fell bad young Betsy, according to the ratio you've still got three more to pick from."

"But Granny, Burpee only lasted one week; at this rate I'll be washed up in a month."

### Three Teams Tie For Top First Round Of Action Ended In I-M Play

With play in the Girls IM Basketball League just commencing, three teams are tied for top honors.

The team representing Kappa Alpha Theta Sorority dropped out of loop action. Therefore, every team having a game scheduled with them automatically gets a win and KAT is credited with a loss.

The complete standings through play last week are:

	W	L	Pct.
Alpha Gamma Delta	2	0	1.000
Kappa Kappa Gamma	2	0	1.000
Dakota Hall	2	0	1.000
Ceres Hall	1	1	.500
St. Lukes Nurses	1	1	.500
Phi Mu	0	2	.000
Gamma Phi Beta	0	2	.000
Kappa Alpha Theta	0	2	.000

After the first week of play in the intramural basketball schedule, the defending champs, Theta Chi I team, are leading bracket one squads.

In the second bracket the YMCA five are leading with a 2-0 record.

The Kappa Psi 2 quintet control the top spot in the third bracket with two wins and no defeats.

The stands are as follows:

Bracket	W	L
Bracket 1		
Theta Chi	2	0
SAE	1	0
Sigma Chi	2	1
Men's Dorm	1	1
Kappa Psi	2	1
Student Body	0	1
SPD	0	1

# IT'S ALL A MATTER OF TASTE

He didn't like the pretty hat That I had set my heart on; No argument on Luckies, though— We buy them by the carton!

Georgia Lee Herring Colorado A. & M.

The college survey plainly shows How smart we students are— We've chosen Lucky Strikes again, The smoothest smoke by far!

William Hanlon Holy Cross College

When you come right down to it, you smoke for one simple reason . . . enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco . . . light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better . . . always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

You may be from a northern state; You may be from Kentucky; But, nation-wide, here's one good tip: Be Happy and Go Lucky!

Gwendolyn N. Jenkins Fisk University

**COLLEGE SMOKERS PREFER LUCKIES**

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

# LUCKIES TASTE BETTER CLEANER, FRESHER, SMOOTHER!

### Farm House Holds Best Record In Bowling Race With Three Divisions

Bowling participation in the Men's IM Bowling League unleashed heavy play in each of the three divisions.

Individual records in the three divisions set up to date per game are: Division C, Kappa Psi's D. Nelson with 188; Division B, SAE's C. Reinke with 197; Division A, Theta Chi's D. Kent with 222.

High series records are: Division C, Farm House's Ditmer with 495; Division B, Detrich of Theta Chi with 524; Division A, B. Powers of the Vet's Club with 579.

The complete standings of the three divisions inclusive of last weeks play are:

Division	W	L
Division A		
Theta Chi No. 1	14	4
Kappa Sigma Chi No. 3	14	4
Sigma Phi Delta	11	7
Alpha Gamma Rho No. 1	11	7

# Appointments In Veterinary Science, Extension Announced

THE SPECTRUM  
NORTH DAKOTA AGRICULTURAL COLLEGE  
FARGO, NORTH DAKOTA

Announcement has been made of four new appointments at NDAC in the veterinary science department and the extension division. Appointments were effective as of January 1 and 16.

Dr. I. A. Schipper has been named assistant professor of veterinary science and assistant veterinarian.

He has been doing research since 1946 at the University of Minnesota on Bovine Mastitis and related phases of bacteriology, pharmacology and physiology.

Dr. Schipper attended the University of Minnesota where he received his Bachelor of Science degree, with a major in Animal Husbandry, Master of Science,

majoring in dairy husbandry, and his Doctor of veterinary medicine. At the present time he is working on his Ph.D. in veterinary medicine and dairy husbandry.

Dr. Schipper replaces Dr. Glenn Holm, who became Dean of the School of Agriculture and Director of the Experiment Station at NDAC.

## New Testing Program For Graduates In '54

Educational Testing Service has just announced that beginning with the academic year 1953-1954, a group of business schools and divisions will require applicants for admission to graduate study in the fall of 1954 to take the Admission Test for Graduate Study in Business.

Among these institutions are the graduate business schools or divisions of the following universities: Columbia University, Harvard University, Northwestern University, Rutgers University, Seton Hall University, University of Chicago, University of Michigan, University of Pennsylvania, Washington University St. Louis).

A candidate must make separate application for admission to each business school or division of his choice and should inquire of each whether it wishes him to take the Admission Test for Graduate Study in Business and when. Since many business schools and divisions select their entering classes in the spring preceding their entrance, candidates for admission to the 954 classes are advised to offer the February test, if possible.

The Admission Test for Graduate Study in Business is not designed to test specific knowledge in specialized academic subjects. Normal undergraduate training should provide sufficient general knowledge to answer the test questions.

You get the world's best tobaccos, selected by Chesterfield buyers with the help of our research chemists... and proven, by actual tobacco tests, to be **highest in quality.**

**THE LOW NICOTINE YOU WANT**

Before we buy tobaccos for Chesterfields, our laboratories take samples from all over the tobacco country and analyze them for low nicotine content. The extra care pays off! In recent "tobacco tests," the six leading brands of cigarettes were chemically analyzed. The findings: of them all, Chesterfield is highest in quality — **low in nicotine.**

**THE PROOF YOU OUGHT TO HAVE**

A group of Chesterfield smokers have been examined by a doctor every two months for almost two years. 45% of them — on the average — have been smoking Chesterfield for well over 10 years. The doctor's examinations show...

**no adverse effects to the nose, throat and sinuses from smoking Chesterfield.**

Consider Chesterfield's record with these smokers — with millions of other smokers throughout America. Change to Chesterfield and enjoy the taste and mildness you want — highest in quality — low in nicotine — best for you!

*Enjoy* the **TASTE** and **MILDNESS** you want

# CHESTERFIELD BEST FOR YOU
