

SC Host To NSA Regional Meet

Greek Week Begins Wednesday; Picnic Caps Activities

The first annual Greek Week is scheduled for the campus of NDSC beginning next Wednesday. Under the direction of the Interfraternity council and the Panhellenic council, the work week is planned to benefit both the college and a charity in the city.

Under the general direction of Norman Hanson, all nine fraternities and the six sororities will participate in the varied activities of the week. Assisting Hanson as members of the central committee are Frank Meyers, Jim Beatty, and Dave Peet.

Greek Week will run from Wednesday until Friday evening with all projects to be held on the campus.

Kicking off the week's activities will be an exchange supper next Wednesday evening. Representatives of all Greek groups will eat at the houses of all other fraternities and sororities. This is planned to foster better relationships among the various organizations.

On Thursday afternoon car washing will begin at one o'clock, until five. Cars will be washed in the library and administration parking lots and one dollar will be charged per car. Car washing is scheduled for the same hours and places on Friday afternoon, too.

Aid To Opportunity School
The car washing project is planned to help raise money for the Fargo Opportunity School for Handicapped Children.

Also, Thursday and Friday afternoons lawn cleaning details will clean up the entire campus and one detail will erect playground equipment for the new college nursery school.

Climaxing the week's activities will be a picnic to be held at Lindenwood Park at 6 next Friday evening. An admission charge of 65 cents will be collected and all Greeks are invited to attend.

One extra detail connected with Greek Week will be five crews of fraternity members who will assist in checking cars next week. These crews will aid in the Fargo city safety check.

All Greeks To Work
Groups participating in the various activities of Greek Week include exchange suppers, Maynard Helgaas, chairman, assisted by Joan Deal and Alan Schumacher; Publicity committee with Dave Peet, chairman, assisted by Jerry Pekas, Kay McGeary, and Del Schoephoerster;

Picnic committee with Beverly Simons, chairman; and Jim Rumpca, Jim Beatty, and Mary Platza, assisting;

Carwash team with Wayne Lee as chairman and Alpha Gamma Rho fraternity and Alpha Gamma Delta and Phi Mu sororities assisting;

Building committee with Joan Deal as chairman and with Kappa Psi and Sigma Alpha Epsilon fraternities making up the team;

Lawn committee with the crew made up of Sigma Chi, Theta Chi, Sigma Phi Delta, Farmhouse, and Alpha Tau Omega fraternities, and Kappa Delta, Kappa Kappa Gamma, and Kappa Alpha Theta sororities making up the team.

Hard at work on the NSA convention is the group shown above. Left to right they include Mike Fogel, Sally Schroeder, Hal Miller, Jack Larson, Judy Sherwood, Bob Gion, Duane Swenson, and Monica Savageau.

Senate Approves Photo Ident Cards; Spectrum To Publish High School Edition

Final action was taken at the student senate meeting last Tuesday evening concerning the use of photo identification cards at NDSC. A motion was adopted whereby these cards will go into effect during registration next fall quarter.

These cards bearing the owners picture will be used in conjunction with activity cards and may be used for publicity purposes by the college.

The Spectrum will publish, for the first time in several years, a special edition publicizing the college. This edition will be sent to all high school seniors in North Dakota. To finance this publication the student senate appropriated \$500 to be taken out of the present reserve fund.

This Spectrum will feature sections devoted to each school on campus plus sports and extra-curricular activities. The Spectrum

Ruliffson Announces Publications Openings; Deadline 4 PM Monday

Applications are still being accepted for the positions of editors and business managers for the Spectrum and Bison for 1955-56.

These applications must be turned in at the office of the dean of students or to commissioner of publications Joe Ruliffson by Monday. Ruliffson may be contacted at 1307 13th Street North.

Anyone interested in applying for these positions is asked to turn in a written application. Included in the letters of application should be the applicant's name, school, honor point average, class, activities, and a few plans for the position.

Interviews for those seeking the positions of editor or business manager of both publications will be held in the publications office in the student union on Wednesday at 4. At that time the selection of new editors and business managers will also be made.

staff and the public relations department are in charge of publishing the special edition.

A report on the progress of gaining later dormitory hours for women residents on campus revealed that beginning next fall term all freshmen living in women's dormitories would have 10:00 hours during the week. It was decided that any further action along this line would have to originate with the dormitory councils, and that they would bring recommendations to the senate.

Elaine Geizler was selected to fill a vacant senatorship, while Judy Sherwood was selected to fill a vacancy by a resigning senator.

The possibility of acquiring a "name band" for next year's Homecoming dance will be looked into by the music and public programs commission.

The student senate requested that President Ludwig appear before the College Council to investigate the possibility of acquiring two non-voting student representatives on this Council.

The Senate approved a committee consisting of Dwight Baumann, Mel Ostby, and Vic Ziegler to investigate the operations of the Book Store in the Memorial Union. A committee for improving leadership on the campus was also approved. Kay McGeary, Marlene Qualley, Kerry Murphy, Dorothy Lund, and Elaine Geizler will compose this committee.

Discussion on strengthening the independent student on campus was held by the senate. It was agreed that such move would be advisable.

Referred to the Board of Athletics was a motion to look into the possibilities of acquiring insurance for all participants in the NDSC Intramural sport program.

A charge of \$5 per day will be placed on a loudspeaker system owned by the Student Government which is available to any campus organization.

Dean Stallings and Dale Brostrom accepted the offers to serve as student senate advisors for the coming year.

Business Sessions Open Today In Union; NDSC Students Invited To Participate

The first National Student Association convention ever held in North Dakota will get under way today at 5 at the NDSC student union, according to general chairman Judy Sherwood.

A good turnout from all member schools plus additional observers from Wapeton School of Science, the University of North Dakota, and Jamestown College are expected.

Member Schools To Attend

The member schools which have indicated they will attend the convention include Augsburg College, Carleton, St. Benedict, St. Catherine, St. Thomas, Concordia College, Gustavus Adolphus, Macalester, NDSC, St. John's University, the University of Minnesota, U of M Duluth Branch, and Bethel College.

Arrangements for the convention were completed early this week. The committees in charge of arrangements are:

Housing: Bob Gion, Sally Schroeder, and Duane Swenson;

Transportation: Hal Miller, Tip Miller, Marlene Qualley, and Beverly Pfeifer;

Banquet, Monica Savageau; publicity, Mike Fogel; office, Lee Johnson; and miscellaneous, Jack Larson, Lyle Nelson, and Dick Monson.

Make Convention Success

Besides Judy Sherwood and the committee members named above the student government would like to urge that every student at NDSC will make it his or her responsibility to make the NSA convention a success.

During the convention the delegates will have full use of the facilities of the student union and the entire campus. The union conference rooms and offices have been reserved for this weekend for the use of the various committees.

Registration for the convention begins this afternoon with facilities set up in the Spectrum office. Registration will also continue tomorrow morning.

Regular activities of the convention will begin this evening at 7:30 in the ballroom of the union. James Bell, regional president, will preside and movies of the NSA national congress will be shown. At 10 tonight the regional executive committee will hold its meeting.

Institutional Policies Topic

Tomorrow's sessions are highlighted by discussions on the effect of institutional policies on education and the effect of the classroom on education. Carleton College will preside at the classroom effect discussion and the University of Minnesota will preside at the institutional policies effect group.

Saturday evening an NSA convention banquet will be held at 6 in the student union banquet room with national NSA international affairs vice-president Ken Wallace as the main speaker.

The main business to be conducted at the convention will include voting on regional programs and policies.

It should be noted that the regional organization is the agency primarily responsible for supervising the inter-collegiate activities of NSA, and maintaining direct contact with each member school.

One of the objects of the convention is to promote relations among member schools by discussion of various problems which arise on their respective campuses and solutions which have proven successful. Through the interchange of ideas NSA hopes to build better campus leaders and better conditions on college campuses.

Students of SC are invited to attend as many group discussions as they possibly can. Valuable experience and information will be the outcome for the individual and a more successful NSA convention will result.

Registration fees are 75 cents to register as an observer and \$1.25 for the banquet.

Honors Day Convo Scheduled Next Thursday

The twentieth annual honors day convocation at NDSC will be held Thursday, May 12, at 9:40

a.m. in Festival Hall. This convocation is the only one held during the entire school year at which scholastic achievement is publicly recognized.

Masons To Sponsor Math Scholarship

The Eastgate Masonic Lodge Number 120 A.F. and A.M. has reactivated a scholarship award for a student whose work in mathematics and astronomy is outstanding.

This award, which is for \$50, is intended as a form of recognition of high scholastic achievement.

The committee in charge of the selection of the recipient of this scholarship is headed by Mr. Robert Lee, master of Eastgate Lodge, who is assisted by Mr. J. J. Martin and Mr. I. W. Smith of the finance committee of that lodge.

The winner of this scholarship will be announced at the honors day convocation.

Last year scholarships worth approximately \$34,000 were awarded to SC students. This year, with the addition of several new scholarships and increase of old ones, the monetary value of the awards is expected to exceed last year's total.

Magnus Geston, president of Blue Key, will be master of ceremonies and will present the annual Doctor of Service award from the local Blue Key chapter. The recipient of this award, whose name is a closely guarded secret, is a "distinguished North Dakotan who has given meritorious service in behalf of North Dakota State College."

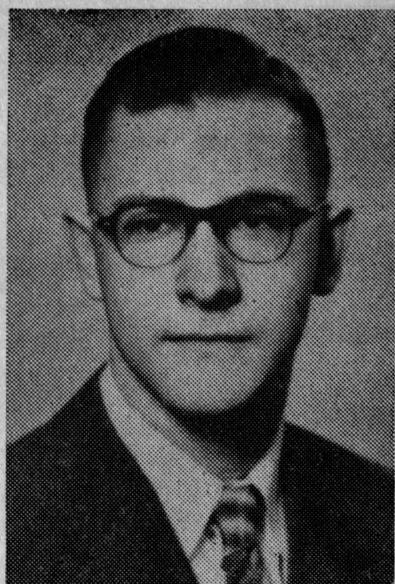

Also at the convocation, the newly chosen senior staff members and new Blue Key members will be presented.

The Gold Star Band will provide music for the occasion.

Larson, Miller To Head Campus Radio; To Assume Office Beginning Immediately

Jack Larson

Hal Miller

Jack Larson and Hal Miller were elected to head campus radio for the school year 1955-56 at a meeting of the board of radio held last Wednesday afternoon. They will take office immediately.

Moving up from program director to station manager is Jack Larson. For the past two years Larson has served in various capacities on the radio staff ranging from announcer to engineer.

A member of Alpha Tau Omega fraternity, Larson is also a member of the student senate. In addition he is a member of the board of publications, Gold Star band, and is a former staff member of the Spectrum. He is a sophomore in arts and science, coming from Fargo.

Newly chosen program director of campus radio is Hal Miller, who for the past two years has served as sports director of the station.

President of Theta Chi fraternity, Hal is also a member of the student senate, and is commissioner of radio.

A junior in arts and science from Harvey, Miller is a member of Blue Key honor fraternity, board of publications, interfraternity council, former sports editor of the Spectrum, and has been active in Little Country Theater productions.

For the past year Larson and Miller have been the widely known "Voice of NDSC" over Campus Radio, broadcasting all home Bison basketball games to the students of the college.

Larson and Miller will replace Don Zimmerman as the operating chiefs of campus radio. Zimmerman, who is a graduating senior, will assist in the operations of the radio station until the end of the school year.

Berger To Receive Transport Award

Air Force ROTC Cadet Maynard F. Berger, has been selected to receive the National Defense Transportation Association Citation, reported Lt. Col. Norris Brill, Professor of Air Science, NDSC.

The award is given "in recognition of leadership qualities displayed, academic standing, aptitude for military service, and for meritorious achievement and noteworthy service in furtherance of the aims and objectives of the association in the promotion of preparedness for national defense of the United States.

Cadet Berger is a senior and will qualify upon graduation for the Air Force specialty of surface transportation officer.

NSA Regional Assembly

AGENDA

Saturday, 9:00-11:30 a.m. COMMISSION SESSIONS

I. EFFECT OF THE CLASSROOM ON EDUCATION

- The Unique Contributions of the Professor and Student to their Education.
- The Effect of Academic Integrity of the Professor and Student on Learning.
- The "Frame of Reference" of the Student and the Professor as it affects Learning.
- The Effect of Personal Relations between Student-Student, and Student-Professor on their Education.
- Classroom operational procedures as an Aid to Education.

II. THE EFFECT OF INSTITUTIONAL POLICIES ON EDUCATION

- Effect of Graduation, Major-Minor Requirements on Learning.
- Effect of Texts and Reference Books on Learning.
- Effect of Grading Systems on Learning.
- Effect of Curriculum on Learning.
- Effect of the General and/or Educational Philosophy of the Institution on Learning.
- Effect of Course Credits and Honor Ratings on Learning.
- Effect of the Number and Variety of Faculty and Students on Learning.

(GROUP I. Carleton College, presiding). (GROUP II. U of M, presiding).

12:00 noon LUNCHEON
1:30-4:00 p.m. COMMISSION SESSIONS
6:00 p.m. BANQUET
K. Wallace, Longshore, National Affairs Vice-President, USNSA.
8:15 p.m. REGIONAL STAFF REPORTS
10:30 p.m. REGIONAL EXECUTIVE COMMITTEE MEETINGS.

8:00 Eddie Annold Show—Field House

Well-Known Livestock Agent For SC Dies

Harper Brush, former livestock marketing extension agent at NDSC, died Saturday morning in a Fargo hospital where he had been admitted less than two hours before.

Mr. Brush was graduated from NDSC in 1923. As a junior he was a member of the SC championship dairy judging team at the National Dairy Congress. He was a charter member of the Saddle and Sirlain club.

He was active in extension work from 1926 until 1954. In 1954 he was granted leave from NDSC to permit him to take a post with the Foreign Operations Administration in Turkey.

Mr. Brush was a member of Alpha Gamma Rho fraternity, Alpha Zeta, Phi Kappa Phi, and the quarter century club at NDSC.

SC Hearings Reset

Hearings for the four suspended NDSC professors have been rescheduled for Tuesday, May 17, at 10. The hearings will be held as before, in the lower reading room of the library.

E. T. Conmy, new attorney for Dr. Hultz, informed Dean Frank Mirgain, chairman of the college advisory committee, last Friday that he would be ready to resume the hearings on May 16. Conmy has been reviewing the case in preparation for the hearings.

After conferring with J. F. X. Conmy, attorney for Dr. Daniel Posin, and Philip Bangs, attorney for Drs. Haver, Kristjanson, and Treumann, and members of the advisory committee, Dean Mirgain set the May 17 opening.

Zimmerman Awarded Fourth Fulbright Grant; To Study At German School

Don C. Zimmerman, senior Chemistry major at North Dakota State College, and son of Mr. and Mrs. H. G. Zimmerman, is the

fourth recipient of the Fulbright Scholarship according to the announcement received by Dr. Leo Hertel, campus Fulbright program adviser. This scholarship will enable Don to study chemistry at the Technical University in Stuttgart, Germany.

As provided by the provisions of Public Law 584, 79th Congress the Fulbright Act, all students are selected by the board of foreign scholarships, the members of which are appointed by the President. Students are recommended by the campus Fulbright committees and by the Institute of International Education.

During his college days Don has been a member of the Alpha Tau Omega fraternity; Edwin Booth dramatic club; Blue Key national honor fraternity; Phi Kappa Phi, national honor fraternity; vice president and president of the Chemistry club; member of Bison Brevities production staff; director of KDSC, campus radio, during his junior year and station manager during his senior year;

Recipient of the Forman Ford and Company scholarship awards in junior and senior years; recipient of Ernest T. Trigg Foundation Fellowship in paint chemistry, and received the Distinguished Military Student Award while a member of the Advanced Air Force ROTC.

Other NDSC students who have received Fulbright Scholarships during the past few months for study abroad during the 1955-56 academic year include: Ronald Krenz, a grant to study botany-economics at the Agricultural College of Norway in Vollebeck; Richard Strand, to study physics at the University of Lyon, France, and Barbara Widdifield, to study home economics at the University of Copenhagen, Denmark.

Marine Corps Offers New Commission Plan

NDSC seniors who graduate this fall may now qualify for a new Marine Corps training program leading to a commission, according to word received recently by the Spectrum.

This new plan that is known as the aviation officer candidate course was authorized on April 21. College seniors may apply now for this program and will enter this summer and fall after graduation from college.

Upon completion of a ten week course at Quantico, Virginia, the graduate will be commissioned as a second lieutenant in the Marine Corps reserve and designated as a student aviator. He then attends flight training for a period of from fifteen to eighteen months; and upon completion of flight training, the pilot serves for a minimum of two years in the air arm of the US Marines.

Applicants who are commissioned as student aviators will receive 4,400 dollars a year in salary, plus 800 dollars allowance for quarters, during their training program.

Application or information for this program may be obtained from Captain Lewis Devine, Federal Office Building, Washington and Second Avenue South, Minneapolis, Minnesota.

BRING IT BACK

Somebody had stole the encyclopedia!

Volumes 7 and 14 of the Encyclopedia Britannica are missing from the library. Missing volumes like this render the set quite ineffective so will who ever knows about these missing numbers, cooperate to the extent that they get back to their home and the rest of the set.

Fargo Engineer Club Gives Prizes

The Fargo Engineers Club and the District Four North Dakota Society of Professional Engineers will entertain senior engineering students who have passed their Engineer-in-Training Examination at a special dinner to be held at the Hotel Powers on Saturday, May 7.

The Fargo Engineers Club will present gift memberships in the various professional engineering societies to a student in each of the technical fields of engineering. District Four of the North Dakota Society of Professional Engineers will present an Engineering-in-Training certificate to the twenty-seven SC seniors who have passed their Engineering-in-Training examination.

Those who are to receive the gift memberships and the field of engineering are: Gayle C. Bromander, electrical engineering; Dwight M. Baumann, mechanical engineering; Raymond Ehly, civil engineering; Stanley Witteman, industrial engineering and management; Martin C. Borchelt, agricultural engineering; and Harold Jenkinson, architecture.

Those who are to receive their Engineering-in-Training certificates and the technical field are: G. C. Bromander, EE; Dwight M. Baumann, ME; M. C. Borchelt, AgE; J. G. Hoistad, IE&M; D. H. Heitzmann, IE&M; P. A. Bradbury, ME; W. G. Schwader, ME; James Hoffman, CE; R. E. Ehiy, CE; Charles Gulland, CE; D. J. Ellingsberg, IE&M; D. A. Larson, CE;

G. B. Child, CE; L. S. Van Slyck, EE; D. L. Turner, EE; D. T. Sorlie, AgE; Vincent Freer, AgE; Duane Kaeding, EE; J. E. Rasmussen, EE; E. C. Zimmerman, Jr., ME; R. M. Wheeler, EE; John Warkentin, ME; R. R. Martin, ME; J. E. Noack, ME; R. A. Gjertson, CE; C. D. Brown, ME; T. A. Larson, CE.

Ag Notes . . .

FFA

Nine agricultural education seniors are doing directed teaching at five high schools in North Dakota.

Trainees are Myron Birkeland and Carroll Schaumberter at Devils Lake, Maurice Olson and Erman Veland at LaMoure, Don Johnson and Verne Spengler at Linton, Lawrence Heldt and Joe Cvancare, Jr. at Wishek, and Robert Hughes at Valley City. They will continue teaching until May 21.

Ernest L. De Alton, professor of agricultural education, will leave May 7 for Washington, D.C. to attend a meeting of the Advisory Committee to the Agricultural Education Branch of the U.S. Office of Education. He will return May 14.

Howard Lahlum, president of the North Dakota Association of F.F.A., will represent the association at the Minnesota State F.F.A. silver anniversary convention to be held at St. Paul, Minnesota May 7-10, 1955. He will be accompanied by Winston H. Dolve, assistant state advisor.

Ken DeKrey urges all Saddle and Sirlain members to attend the meeting to be held Tuesday, May 10.

Religion Stateside . . .

IRC Plans Intergroup Picnic Saturday

By Ed Aluzas
 IRC: Picnicing holds the number one spot on the agenda. The various groups will meet at their respective gathering places and then journey to join the rest of the clans at 2:00 p.m. at the College "Y".

In the event of a heavy rain or snowfall, or if a monsoon should swoop down, or if we have an invasion from Mars, the picnic will be held indoors at the "Y".

The various committee obligations have been doled out by the member groups. The Three-D group will be in charge of food; transportation and arrangements will be handled by the LSA and Inter-Varsity; the Newman Club will take care of the publicity end; Gamma Delta and the Wesley Foundation will provide for recreation, and the YMCA and YWCA will do the cleaning up.

The next IRC meeting will be held on May 16th at the College "Y" at 9:00 p.m.

LSA: This afternoon, at 3 p.m., members of the LSA council, group leaders, and any other interested LSA'ers will leave for Cool Ridge Resort in Park Rapids for a Planning Retreat.

The first session will be held this evening and the subsequent meetings will continue through Sunday morning. The entire LSA program will be discussed and any changes, additions, or revisions will be discussed and voted upon.

Mrs. Othilia Hauge, counselor to students, and Pastor Norris Erdal from Trinity Lutheran Church in Moorhead, will accompany the students.

Due to the planning retreat, activities at the LSA house will be curtailed. No Friday evening social gathering or Sunday morning Bible Study is scheduled for the week-end. However, the Sunday evening schedule will continue as per usual.

The Sunday evening program will begin at 6:15 and will consist of discussion of the retreat, a movie, and choir practice afterwards.

WESLEY FOUNDATION: All Methodist students are urged to attend morning devotion periods which begin at 7:45 and terminate at 7:55 from Monday through Saturday.

The Thursday and Sunday evening sessions will still have as their main theme the study of the great religions of the world. The series has been very stimulating and can give a great deal of insight into the ways of other religious sects and how the "other half" lives and worships. All students are urged to attend.

The swimming party held last Friday was pretty much of a success. "Scholar" Pilgrim's honey from the "Yew" startled everyone with her amazing feats on the diving board. MSTC's Jim Heifort (brother of State's own KKG belle, Jane) busied himself with one-and-a-half for-

NOTICE

Graduating seniors and graduate students receiving degrees in June are urged to contact the bookstore about their cap and gown, if they haven't already done so.

ward and backward flips when he wasn't playing lifeguard with the whistle.

YMCA: Plans are being made to hold joint cabinet meetings once a month between the YWCA and YMCA.

All desiring to play on the "Y" softball team should contact Downey Cunningham at 2-4107. He can be found loitering around in the friendly confines of the "Y" during the noon hour.

The "Society for the Preservation and Encouragement of Barbershop Quartetting in America" practices once a week at the "Y" on alternate Sundays and Tuesdays. Anyone who can make a joyful noise is welcome. More information can be supplied by Mr. Loehle Gast at the Bison Hotel or by calling the "Y" at 8772.

THE WAY I SEE THINGS: The person with the biggest smile or the heartiest laugh may not be the happiest. Sometimes the greatest laughter can well from an inner pain. On cannot see a troubled mind; one cannot hear a breaking heart.

So, be a constant friend to the "happy-go-lucky" as well as the "down-and-outer"; console and advise instead of calling him or her a pessimist or a dramatist. Try to be more encouraging when folks are feeling blue; you may be helping someone start another day with a lesser burden.

Women's Senate Selects Officers

Women's senate, the congress of all women students and women's organizations at NDSC, recently elected new officers who will take office immediately.

Newly elected president of the group in Janet Thompson, with Beth Turner as vice-prexy. Other officers are Joann Johnson, secretary; and Elaine Geiszler, treasurer.

Korean Butterfly Group Displayed In Morrill Hall

Butterflies collected in the Yang Valley of Korea, near the 38th parallel, are on display in Morrill Hall on the NDSC campus, says Dr. R. L. Post, curator of the NDSC insect collection.

The butterflies were given to the college by Lt. Donald Rauhauser, who collected them in Korea a year ago. Lieutenant Rauhauser is now stationed at the Fargo Induction Center.

Circle-T Theatre Slates Five Plays For Early Release

The Circle-T Theater, in a series of five one-act plays, will present its first production of the year at 8 on Monday evening, May 16, when three one-act plays will be presented to the public.

These plays, which are student produced and directed, will be part of a project which speech majors are presently working on as part of their requirements for their Bachelor of Science degrees.

All told, five one-act plays will be presented to the public during the week May 16 through 20. These plays will be alternated with three plays presented nightly.

Scott Pederson, whose recent production, "The Guardsman" won favorable comments from the critics, will be directing a play with the appropriate title, "The Secret."

Bryan Gackle is in charge of the production of "The Fourth Generation", while Chuck Abrahamson, veteran Little Country Theater performer, will direct "Riders to the Sea."

Keith Amundson, another veteran Little Country Theater performer, is directing "A Phoenix Too Frequent." Hal Miller, whose radio program are familiar to all KDSC listeners, is the director of "Hello From Bertha."

Coop House Elects

In recent election held at the NDSC Co-op House, Gaylord Olson was elected president of that organization, with Larry Sjaastad getting the berth of vice president.

Harold Solberg was elected as secretary, while Raymond Axtman was chosen to be new social chairman. Kermit Nedrebo is the new athletic director, Adam Koble, parliamentarian, and John Seilhammer, historian. Elected to the new board of directors were Raymond Axtman, Roland Olson, Adam Koble, and Holger Fog.

Campus Arch School Model To Be Shown

The National Parking Association will use a three dimensional architectural model of a proposed civic center for Fargo, North Dakota, as one of the exhibits to be shown at the annual Parking Association Convention to be held in the Biltmore Hotel, Atlanta, George, on May 9, 10 and 11th, 1955.

The model represents part of a thesis submitted to the Department of Architecture at NDSC by Mr. Alvin Kosir of Valley City as partial fulfillment for the degree of Bachelor of Architecture.

NSA Serves Important Campus Function; National Affiliation Broadens Scope

By Mike Fogel

In a democratic society there is much that the individual can do to make that democracy meaningful, but it requires an organization of individuals to render effective their collective energies and resources for the achievement of major goals.

With this basic fact well in mind, twenty-five American students returning from the World Student Congress in Prague, Czechoslovakia, in 1946, conceived the idea of forming a United States National Student Association. In December, 1946, the first student conference was called. NSA's membership is now more than three hundred institutions.

Some NDSC students have asked, "Why should there be an NSA?"

There is needed a clearing house for information, services, and research directed towards the establishment, strengthening, and improvement of student government. Students have long sought to achieve certain immediate and long-rang educational goals.

There is need for an association to represent maturely and intelligently the needs and opinions of a vast body of college students to the public, state and federal agencies, and the professional educational organizations; many of whose acts directly affect student material and educational welfare.

A national student organization is a valuable catalyst in the process of creating a community consciousness on the part of students which will help permeate the university atmosphere with the spirit of brotherhood and cooperation among faculty, students, and administration.

The National Student Congress is composed of representatives of all the member colleges in NSA. The size of each school's delegation is determined by the size of the student body. The Congress

SAI Musicale Wednesday

Sigma Alpha Iota will hold its May musicale Wednesday at 8 in Putnam Hall. Barbara Pederson is in charge of arrangements.

Jocelyn Kirkhus and Patti Jones of NDSC and Nancy Eagle of MSTC are appearing on the program.

Joan Zielsdorf is hostess. meets annually for more than a

week and combines practical training sessions for student government and NSA leaders together with deliberative session at which NSA policy and program for the coming year is determined.

Programs and policies are promoted for the benefit of the entire association and represent the membership. Individual members, however, are not bound to all programs nor must each institution feel that it is legally bound by all policies.

There are three levels of NSA activity, national, regional, and campus. There is no standard organization for campus participation in NSA, each college adapts to its own particular extracurricular program.

The NSA committee, while it may carry on certain campus programs itself, should be a committee of the student government, subject to its instruction.

Nationally the NSA program is implemented through its national commissions. The four commissions are student affairs, educational affairs, international affairs, and student government.

In addition to the broad programs of the commissions, NSA also operates the nation-wide student discount system with contracts with some two hundred merchants in New York, Chicago, Detroit, Philadelphia, Boston, Minneapolis, Jersey City, and other cities.

NSA serves American students on many educational and international agencies. It speaks for students before professional educational agencies, state and federal agencies, and private organizations operating in fields affecting students. It represents US students at international student conferences.

NSA is a member of the Young Adult Council, of the National Commission for UNESCO, and is the only student member of the National Education Association and American Council of Education. It has spoken for American students informally and formally with the state department and the US office of education on many matters affecting students.

That is NSA, its functions and organizations. With the help of each and every member, NSA can achieve its aims and goals.

What's On Our Mind

President Backs Safety Week

It has been brought to my attention that the dates May 9 through May 14 have been designated as Community Safety Check Week. During this period a ten-point safety check will be undertaken in Fargo by volunteer citizens under the sponsorship of a special committee. It is understood that driving ability is not involved in this check, nor will drivers licenses be asked for by the checkers. Should the automobile have a defect the driver will be notified regarding it and will use his own judgment regarding repairs. At the conclusion of the check a sticker will be presented to the driver of the checked car.

In order to cooperate in this program a safety check lane will be installed on the campus in the vicinity of Service Drive, the paved street running north and south west of Minard and Morrill Halls. Your use of the check lane during the designated period and your cooperation with the committee in charge of this program is earnestly recommended. It is hoped that the program will result in a reduction in the number of automobile accidents.

Sincerely,
Fred S. Hultz
President

Welcome NSA Delegates

North Dakota State College is happy to welcome all delegates and observers for the spring Minnesota-Dakota regional NSA convention to the campus. Please feel free to make use of all facilities of the college to make your stay here a most pleasant one.

Our college is proud to play host to this meeting of student government leaders from this area and we hope that this convention will be the most educational and enlightening in the history of the region.

As the leading college in North Dakota, SC feels that the responsibility placed upon it in hosting the regional NSA convention will be a deserved one. Every student of the college backs the Spectrum in offering best wishes to a successful convention.

Greek Week Needs Support

Next week has been chosen as Greek Week by the Interfraternity council and the Panhellenic council at SC, and all Greek organizations will cooperate in the workings of the event.

Included on the schedule of activities for the week will be a campus cleanup campaign, car washing to raise money for the Fargo Opportunity School for Handicapped Children, car checking, and the erection of equipment for a playground for the SC nursery school. These work projects will all be on a cooperative basis.

Greek Week is planned as a means for channeling the activities of the fraternities and sororities on campus into useful projects that will benefit both the college and the community. It replaces the fraternity "help week" which has functioned during the first week of the spring term for the past several years.

All members of Greek letter organizations are cooperating in this project, the first of its kind to be held on the campus of NDSC. If the idea clicks this year it is hoped that it might be extended to cover a whole week and become an annual event.

As one more step in the direction of making SC a better place to go to school, the Spectrum would like to urge all students of SC to help out in the fullest degree to help make Greek Week a success.

Chemical Technology School Plans Display

The school of chemical technology will display a large assortment of technical photographs during the next two weeks, according to Dr. R. E. Dunbar, dean. These

prints are the choicest items selected from the 1954 Photographic Society of America Tenth Open Exhibit of Technical Photography, recently held in Chicago.

Mithun SAI Winner

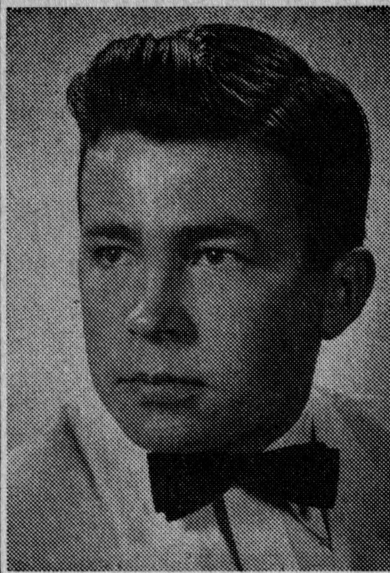

Delores Mithun, junior Applied Arts and Science student majoring in music at the North Dakota State College, has been awarded the Sigma Alpha Iota foundation award, according to Ernst Van Vlissingen, professor and chairman, department of music.

This cash award is given to a member of each chapter of Sigma Alpha Iota, national professional music sorority, to aid young American composers. Basis for this business award is need, scholarship, leadership, and service to the fraternity.

This year's show contains entries from a large variety of scientific fields. Biological, astronomical and industrial photographs, and a series illustrating the use of schlieren photography are included in the exhibit. Local students and staff are urged to avail themselves of this rare opportunity to inspect this unusual and valuable collection.

The traveling show was shipped to NDSC directly from Philadelphia and will be forwarded next to Lancaster, Pennsylvania. The many prints are on display in the second floor corridor of the chemistry building.

Sigma Chi Picks Lorenz As Prexy For Next Year

Loren Lorenz

Loren Lorenz, a sophomore in electrical engineering from Valley City, is the newly elected president of Sigma Chi social fraternity.

A 1950 graduate of Valley City high school, Loren is a veteran and a member of the American Society of Electrical Engineers and the Interfraternity council.

Other Sig officers include Norman Hanson, vice-president; Don Schatz, treasurer; Clay Sorenson, house manager; Gene Hartman, pledge trainer;

Pat Webb, secretary; Don Peterson, social chairman; and Phil Hurd, rushing chairman.

Cass County Tops Enrollment At SC

Recently announced figures from the office of admissions and records reveal that Cass County led the way in supplying students to SC during the past year. Of the total 2565 students enrolled during the year, 676 came from Cass County with 551 being from the city of Fargo itself.

Ward County with its major city of Minot sent 79 students to the college, while Richland County students at the college numbered 60. Other counties sending large numbers of students to SC included Barnes, Burleigh, Grand Forks, LaMoure, McLean, Morton, Pembina, Ramsey, Ransom, Stutsman, and Traill counties.

Altogether a total of 1925 students came from fifty-three counties in North Dakota.

Minnesota supplied the largest number of out of state students with 510, while twenty-two students came from Illinois, fifteen from Michigan, thirteen from Montana, nine from New York, and twenty from South Dakota.

Twenty-four states and territories of the U.S. were represented at SC this past year.

Eleven foreign countries sent students to SC, with a total of seventeen students enrolled. Four students came from the continental grouping of South America and one from Africa.

Three SC'ers journey from Canada, two came from Holland, two from India, and one each from Iceland, Japan, Jordan, Sweden, and Switzerland.

These figures represent the overall enrollment of the college during all three quarters and is not a single listing for any one term.

NOTICE

Contrary to prior notice there will be no selection of cheerleaders by the Rahjah club next Thursday. Any change governing the selection of cheerleaders for next year must be made by the board of athletics. The board will announce its plans for the selection of cheerleaders next week.

Down Here At State

By Lee Johnson

If this weather doesn't change for the worse, I wonder how the attendance in school is going to run for the rest of the quarter. Sitting in class seems completely unpalatable with the sun shining so brightly and soothing spring breezes blowing in the great out of doors.

Well, that is off my chest and now we can get down to the unimportant business which I have to bring to your attention.

* * *

That was quite a get-together which the Gamma Phis held last weekend. Lots of nice looking girls, and then that shooter Monday really capped a good weekend off. It is still rather questionable whether the Sigs or the Gamma Phis won the streetsweeping competition.

These world shaking happenings take up so much time and interest.

* * *

Let's have good turnouts at the NSA meetings which are scheduled for the union this weekend. Old State is the newest member of the Minnesota-Dakota region and the impressions made here will last a long time. By the way, our friends from up north have not seen fit to join NSA.

* * *

Another news note from the north, the tundra dwellers are busy digging a coal mine. They can't stand to relax.

* * *

While we're on the subject, I heard an arresting conversation the other day on the merits of college girls as prospective wives. One fellow said that college girls expect too much from the men that they marry. The other guy kept his mouth shut. Why, because his wife was listening, of course.

* * *

Guess we all rate a chiding over the poor turnout at the junior-senior prom which was held last Friday evening. Less than twenty-five couples turned up for the last big all-school get-together of the year and yet, Paul Hanson and his ork turned in one of their finer performances.

Sometimes I wonder.

* * *

These new times for the radio and television shows kind of throw this castoff for a loss. Sunday evening I came home from a hard day of gaspumping and sat down to watch my favorite TV headwrencher and it was already over. I did manage to catch a glimpse of next week's schedule, however. Just luck.

* * *

And then there's the new story about everyone's favorite baseball broadcaster, Manny Marget. The other night he recited a fascinating bit of action that was taking place in the infield. He was watching a piece of paper blow from homeplate out into the outfield.

* * *

A group of SC's illustrious chemistry students held a picnic last Saturday evening during the heavy rain and hail shower. When said moisture began to drop from the sky, the group huddled together under some blankets and prepared to wait out the downpour.

Just as the rain was beating down the hardest, one of them cried: "Good gosh, the chow will get wet".

* * *

Enuff said for this week. Take things cool and you'll live longer. Wipe out those term papers.

AGR Alumni Select Outstanding ND 4-H Member

Leonard Lodoen received the 4-H award given, each year, by the alumni of Alpha Gamma Rho for outstanding attainment in 4-H.

The outstanding 4-H award which is based on scholarship, leadership, community service and achievements in agriculture, each year is selected by active members of Alpha Gamma Rho and approved by the alumni.

Lodoen, a 4-H member for eight years and senior of Westhope High School, received a 21 jewel Bulova wrist watch for his attainments in 4-H. Last year Howard Lahlum of Valley City received the award.

Kessler Recipient Of Sparks Memorial Award

Wayne V. Kessler, senior in the school of pharmacy, has been awarded a Sparks Memorial Fellowship by Phi Kappa Phi, national honor society, according to word received by the SC chapter of that society.

The fellowship, valued at \$1500, is one of five awarded to seniors in pharmacy in a nation-wide competitive contest. The award is to be used in any phase of graduate work that the winner might desire to study.

Kessler, who hails from Bovey, Minnesota, plans to return to NDSC and do graduate study in pharmaceutical chemistry at the NDSC school of pharmacy.

Dr. Hertel To Attend Annual Teachers Meet

Dr. Leo Hertel, chairman and professor of modern languages at NDSC will attend the annual meeting of the Central States Modern Language Teachers Association which takes place on May 6th and 7th in Minneapolis.

He will read a paper on "Four Contemporary German poets" at the meeting of the German section of the association.

Kampus Klues...

Depinnings Head Campus Social Parade

by Karen

Instead of writing a column on pinnings and steadies this week, it would have been much easier to write one on de-pinnings and de-steadies. It must be this spring weather that leads men to destruction?? A word to the wise for some of you guys — why not check into the love life of the girl you've been dying to go with, but couldn't because she's been going steady. You might get results.

We do have a few new pinnings though to make up for the ones we've lost. Carole Mandigo, KD, was pinned April 30 to Chuck Bartholomew, Theta Chi. Betty Shipley, KD, and Clyde Stauffer, ATO, were pinned last Friday evening. Betty passed candy Monday evening.

Bobbie Vaughn, KKG, is engaged to Gary Gibbons, AGR.

New Kappa Delta actives as of Sunday, May 1, are: Lisa Duckstad, Mary Eide, Joyce Eriksmoen, Pat Hagen, Jackie Jungers, Shirley Mogen, Mary Ann Olson, Avis Palmer, Janet Saba, Betty Shipley, Alice Summers and Pat Trom. The girls and their sorority "moms" ate breakfast at the Graver Hotel and then attended church together.

Picnics as usual are still in full swing and promise to be so until the end of the year. Tuesday evening the Gamma Phi's entertained the AGR's at Lindenwood. Wednesday, Kappa Kappa Gamma and Theta Chi had a go-round. Thursday Alpha Gam's entertained the Kappa Psi's, the SPD's entertained the Gamma Phi's and the KD's entertained the ATO's at Lindenwood Park.

Last week end, the Gamma Phi's had their province convention on the SC campus. Delegates attending the convention were from: N. Dak. U., Iowa State College, U. of Iowa, U. of Manitoba at Winnipeg, U. of Minnesota, U. of Wis. and N. Dak. State. An informal get-together was held Friday evening at the Gamma Phi house. Climaxing the convention on Saturday was a banquet and dance in the Union Ballroom.

If you haven't noticed, I'd like to call your attention to a pair of real collegians on our campus. Alan Schuhmacher and Arvid Vasenden, Kappa Psi's, have been sporting Bermuda shorts and argyle knee socks. Who knows — this may start the fad on the SC campus.

Monday noon the Chamber of Commerce of Fargo staged a little street sweeping contest on Broadway between the Gamma Phi Beta sorority and the Sigma Chi fraternity. Due to a jury of all men, the Sigma Chi's took top honors and received a trophy. The Gamma Phi's got even with them though by drowning them in a water fight at the Gamma Phi house following the contest.

The annual Panhellenic Recognition Service was held in the Little Country Theater on Monday evening. Bracelets were presented to the girl with the highest scholastic average in each sorority. Mrs. Kenneth Peterson was the guest speaker. Miss Dean Dinan, advisor for Panhellenic, was presented with a bouquet of carnations for the wonderful help and time she has given to the organization.

This evening the Kappa Kappa Gamma's and the Gamma Phi's will hold their second annual joint spring term party at the F-M Hotel. Tomorrow evening the SAE's will have their spring term party at the Moorhead Country Club.

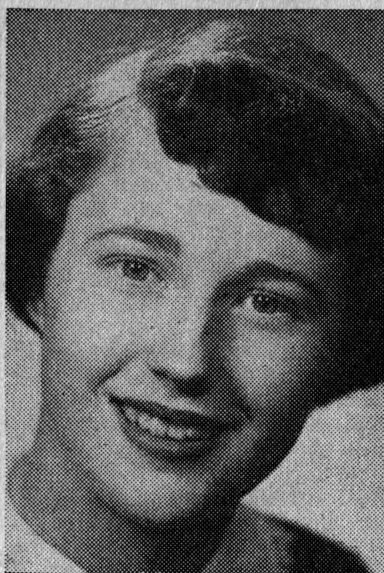

Last Tuesday the SAE's entertained the Alpha Gams at a picnic.

Wednesday, the Sigma Chi's entertained the Phi Mu's at a picnic at Lindenwood. The next day, the Phi Mu's entertained the AGR's same place, same time. A grand time was had by all.

The senior staff will be entertained at dinner on Wednesday, May 11, at 7:00 p.m. by Dean Dinan and Miss Thompson, faculty sponsors.

At 5:00 p.m. on Thursday, the new members of senior staff will be initiated into that organization at the Blue Key-Senior Staff dinner which is to be held in the Avenue Room of the Graver Hotel.

Willert Named To College Board For Summer Term

JoAnn Willert

JoAnn Willert, a junior majoring in textiles and clothing at North Dakota State College, has recently been selected as a member of the Dayton's College Board for the summer of 1955.

Girls are selected for the Board by the college board committee, Dayton Company, Minneapolis. Any home economics major interested in retailing as a profession, may apply for the privilege of serving on the board. Opportunities are limited in that only one girl from each college or university is chosen.

The college board provides an excellent opportunity for retailing experience. Board members are allowed to work in the various departments and to advise prospective students as to the latest campus fashions and requirements. They also help with style shows during their six weeks employment.

This is the second consecutive year that an NDSC student has been chosen. Last year Beverly Simons, also a textile and clothing major, was a member of the Dayton college board.

Engineering Honorary Elects Reider President

Tau Beta Pi, national engineering honor society, recently elected officers for the coming school year.

New officers include William Rieder, president; Arthur Link, vice-president; Lawrence Meyer, recording secretary; William Nelson, corresponding secretary;

Victor Zeigler, treasurer; Terry Emerson, cataloguer; and Larry Sjaastad, engineer's council representative.

Gamma Phi's Host Province Convention

Shown above are the National and local officers of Gamma Phi Beta Sorority at an informal moment before their luncheon in the Union last Saturday. They are, left to right, Mrs. Gerald Arnold, Grand National President; Jo Ann Willert, president of the local chapter; Mrs. Myron Nelson, Director of Province IV; Mrs. Atwood Cranston, Province IV secretary; Pat Heine, Fargo-Moorhead Alumni chapter president; and Mrs. Russell Sand, chairman of the province convention.

On the weekend of April 29th, Alpha Omicron chapter of Gamma Phi Beta located on the NDSC campus was host to their provincial convention. This event, held every two years in each province brought over 100 coed delegates and alumni from eight chapters located throughout North Dakota, South Dakota, Minnesota, Wisconsin and Manitoba, Canada.

The affair got off to a fine start Friday night with registration at the Gamma Phi house at seven. After the registration, an informal coffee get-together was held for the girls.

The next morning found the delegates and local actives, in a general formal business meeting, held in the Student Union. The day was highlighted with a luncheon held in the Union Ballroom

that featured a "style show" presented by members of the local chapter.

The afternoon was made up of panel discussions presented by various delegates, one from each chapter. These discussions dealt with various phases of campus sorority life and with alumni chapter activities. Among these topics were "rushing", "maintenance of the chapter's finances" and similar topics of interest to the members.

The entire convention was brought to a fine close that night in the ballroom of the Student Union, beginning with a banquet that featured a speech by the national president of the sorority. The banquet was followed by a dance, attended by all the girls from NDSC and the delegates with their "blind dates."

AF Officers Plan Review Of SC Unit

Two Air Force officers assigned to Southern station will review the AFROTC detachment here next Monday and Tuesday.

Colonel Ray Clifton, professor of army science at Miami University; Lt. Colonel Donald K. Rogers, stationed at Montgomery, Alabama; and Major David Victor, assistant professor of army science at The Citadel, will conduct the inspection. These officers are in charge of the annual federal inspection of the unit.

In addition to his inspection of the AFROTC unit at SC, Colonel Clifton will inspect seven other ROTC units in the area. These include North Dakota University, South Dakota State College, and the University of Minnesota.

Arnold Air Society To Host Inspectors

The Arnold Air Society, at a special banquet that is to be held at noon, May 10, at Ceres Hall, will honor the federal Air ROTC inspection team. This team, headed by Colonel Ray W. Clifton, will inspect the SC Air ROTC Detachment on May 9 and 10.

Colonel Clifton, a veteran of thirty-three years service, is the Professor of Air Science of the Air ROTC Detachment at the University of Miami, Coral Gables, Florida.

Assisting Colonel Clifton will be Lt. Col. Donald K. Rogers, a Liaison Officer at Air ROTC Headquarters, Montgomery, Alabama, and Major David W. Victor, Assistant Professor of Air Science of the Air ROTC Detachment at The Citadel, Charleston, South Carolina.

Herd Defeats Wahpeton Twice; Tie MSTC For Gorman Loop Lead

Steve Gorman League			
	W	L	Pct.
NDSC	2	1	.667
MSTC	2	1	.667
Mayville TC	1	1	.500
Jamestown	0	0	.000
Concordia	0	0	.000
Wahpeton	0	2	.000

The North Dakota State Bison moved into a first place tie in the Steve Gorman Trophy race by virtue of a double victory over Wahpeton Science last Monday evening. The games were played at Wahpeton.

The Herd won the first game 11-1, and copped the nightcap 6-1. Dick Joos and Jim Lowe were the winning pitchers allowing enemy batsmen only four hits in each contest.

Two big innings spelled victory in the opener as the Bison came through with four runs in the fifth and added six in the seventh. In the second game State found the range in the fourth stanza and exploded for five tallies. The Herd garnered 21 hits in all.

Only one home run was hit all day and that by Bohn of Science.

Bison Tennis Team Grabs Two Victories

North Dakota State netmen got off to a winning start last week defeating Moorhead Teachers, 5-1 at Island Park. The match opened the intercollegiate season in the Fargo-Moorhead area.

State won three of four singles matches and swept two doubles victories. Results:

Singles—Kieth Schick, NDS won over Karmarkovic, MSTC, 6-1, 6-0. Pete Rex, NDS defeated Johnson, MSTC, 6-0, 6-1. Dick Strommen, NDS, defeated Motchenbacher, MSTC, 6-0, 6-1. Dudisill, MSTC beat Darrell Goldfine, NDS, 5-7, 6-3, 6-4.

Doubles—Rex and Strommen, NDS won over Karmarkovic and Motchenbacher, MSTC. Schick and Engh, NDS defeated Johnson and Rudisill, MSTC.

The Bison won their second straight tennis match of the season last Saturday by defeating Bemidji Teachers 5-1, at Bemidji. The Herd swept the doubles matches and dropped one singles event. Results:

Singles—Schick, NDS won over Saccoman, BTC. Rex, NDS beat Bortz, BTC. Strommen NDS defeated Smith, BTC. Goldfine, NDS defeated Eddy, BTC.

Doubles—Rex, Strommen, NDS beat Bortz, Saccoman, BTC. Schick, Goldfine, NDS whipped Eddy, Kimsey, BTC.

Gimme That Trophy . . .

Members of Sigma Alpha Epsilon fraternity were honored last Monday evening by being awarded the intramural basketball championship. Pictured above making the presentation to Fred Stover is Erv Kaiser, Director of Physical Education at NDSC.

Kaiser and Gordy Teigen visited fraternity houses awarding trophies won during the school year early Monday evening.

Others pictured are Kerry Helmeke, Pete Gjertson, Orlo Hjelseth, Don Ulness, and Floyd Wagner. (Photo by Peter Mark.)

Softball, Golf, Tennis Nasty's Notes

By Nasty

Softball, Golf, Tennis Feature I-M Play
Intramural sports at SC began their spring activities during the past few weeks with the outdoor program of softball, golf, and tennis replacing the winter sports agenda.

New officers of the intramural board were also elected recently. They include Frank Mollner, president; Pete Gjestson, vice-president; and Lyle Miller, secretary. These men will serve until the end of the quarter.

Intramural golf this year is the latest sport to be added to the SC I-M program. Four teams enlisted for competition with all matches scheduled for the El Zagal course. The four teams entered are Alpha Tau Omega, Kappa Psi, Sigma Alpha Epsilon, and Theta Chi.

Each team will consist of four members and there will be medal play. The team with the highest number of points will win the match and will receive credit for one game won in the standings.

Another new program initiated this year is intramural tennis. Again four teams entered in this competition, with the teams including contingents from Alpha Tau Omega, Kappa Psi, Sigma Alpha Epsilon, and Theta Chi.

One singles and one doubles team will be created from each entry. Scoring will be on a won-lost record on set play with the winning team scoring two points and the loser one point.

The Rahjah's met two weeks ago to elect officers and discuss plans for getting the student body out to the baseball games.

Bony and company have been beating themselves into shape for three weeks now and they feel they're about ready to handle anything that comes along. As the Spectrum goes to press, the Bison nine are meeting Concordia. Get out to the next game; all the Rahjah's will be there and you know what a live wire outfit they are.

Spring football drills seem to be coming along on ballbearings. Things must be going according to Hoyle as the coaches haven't beaten up their wives for three weeks now.

Although most of you hay-shakers don't realize it, State has got a tennis team that would mystify the old folks. Our racket wrestlers have slapped out two very decisive victories so far.

Erv Kaiser's thinclads are in action this Saturday. Chances are you've never seen a track meet and don't know just what you're missing. Actually track is about as fine a spectator sport as one could hope for, so if you have a few spare minutes, drop over to the stadium and watch the boys do their stuff. Some of the boys feel that the shot putting with the regular iron ball is rather tedious, so just an added event they plan to hurl the Bug.

Like to write more, but gold-nose Feesh says that's all!

ON THE SUNNY SIDE

BY WEAKEYES

It's beginning to look as though the spring sports are going to pull State out of the doldrums. After a poor football season and a rather disappointing basketball campaign, track, golf, baseball, and tennis appear certain to claim the college's claim to fame.

Kaiser's netmen and linksters are off to a flying start, both boasting unbeaten records to date. With the same crew back in both sports again next year, things certainly look brighter.

Rothrock's baseballers are currently tied with Moorhead Teachers for the league lead. A double sweep over Wahpeton Science, in rather convincing fashion, last Monday have put the Herd in its best position in several years to dethrone the Dragons.

Although the Bison track team hasn't run away with any meets to date, they have a formidable machine and should end up with a pretty fair season. Kaiser can boast of some very tough competitors and if the boys give 'er the old college try they will be in the running when the conference meet comes.

This all adds up to one thing; sports are on the upgrade at North Dakota State.

Heard Jerry Lester opened up the swimming season the other day. Any truth in this Jerry or did someone turn a fire hose on you??

The Spectrum has been informed that Hal Miller is the new scrunching champion of the college. For those of you who don't know what scrunching is; well, it's a balled up napkin tossing contest, usually held in the Bison room, where the players attempt to make your coffee cup scrunch by dropping the balled up wad into your coffee. Ferstain?

Punk Dahl and Dave O'Brien will never score more points with the instructors on campus than I do.

Weakeyes Award: This week goes to Charlie Press for his choice of ties!!!

Someone better tell the in-

LATE SPORTS NEWS

Bison golfers won a five team golf tournament at Grand Forks Wednesday afternoon. The Herd quintette posted a 423 total.

Other scores were; NDU 430, MSTC 441, Concordia 447, and Bemidji Teachers 451.

Wylie Briggs of NDSC was medalist with a fine round of 80. The victory was the third straight for the Bison and left them undefeated thus far.

North Dakota State's tennis team defeated Bemidji Teachers 4-2 Wednesday afternoon at the Island Park Courts.

The win gave the Herd netters their third straight victory without defeat.

structors that this is spring and they're not supposed to pile the homework on. . . hard on the picnic schedule.

There will undoubtedly be a little Friday Club action today.

Well, in only one more week, Rocky Marciano will have polished off that bloke from jolly old England. . . which goes to prove that the Bronx Bomber is the World's champion heavy and will be for quite a few years to come.

Wanted: Two young ladies to share picnic lunch tomorrow afternoon and evening. For further information call 22809.

The Bison Invitational track and field meet will be held at the stadium tomorrow. Admission is free and the students and public are invited. Starts at 9:30 tomorrow morning.

Joke of the Week: Bug playing tennis. Looks like a beachball in rompers.

John (eyes) McDermott has received his orders from Uncle Sam and is going to be stationed near Las Vegas. Another G.I.'s money over the old dice table. . .

Get out and see the Fargo-Moorhead twins in action. We've got a pretty fair ball club this year and I wouldn't doubt if they make it three straight pennants. . .

Weekly Gripe

Most college towns that have a golf course give the students some sort of a special season and daily rate. However, the students in the Fargo-Moorhead area are not that fortunate.

As a matter of fact, South Dakota State operates the golf course down there. The University of North Dakota gets a special rate.

Forty dollars for a season ticket is fairly reasonable; that is if you're making 300 per. But the poor soul going to college is lucky if he eats on Sunday.

The course at Edgewood could certainly use a few more players, and I'm quite sure that if the rates were lowered this could be accomplished.

After all, a lot of us aren't even around all summer and certainly think forty bucks is unreasonable.

Welcome
NSA'ers

Annual Bison Invitational Meet Tomorrow; Long Standing Records Likely To Be Broken

The first big track meet of the season will come off tomorrow as North Dakota State hosts the Bison Invitational. This meet is an annual affair and pits some of the best high school and college teams in the area.

As the Spectrum goes to press, seven colleges and 13 high schools have sent in entry blanks to Erv Kaiser who is in charge of the event.

High schools entered are; Fargo High, Shanley High, Oak Grove, Casselton, Detroit Lakes, Hunter, Frazee, Hillsboro, Hawley, Mahanomen, Grafton, Grand Forks, and Wahpeton.

College entries include North Dakota State, North Dakota University, Jamestown College, Concordia, Bemidji Teachers, Aberdeen Teachers, and Moorhead Teachers.

High School events will be run off in the morning and the college meet will take place starting at 1:30 p.m. Admission is free to the public.

Around The NCC

The University of South Dakota baseball team must be out after a few scoring records this season. In two games played to date, the Coyotes lost to Morningside, 14-14 and beat Westmar College, 11-10. Pretty good pitchin'.

Dick Steiner has been chosen captain of the South Dakota State College baseball team. Steiner lettered last year while playing third base and is currently on second. Coach Er Huether calls him the handy man on the squad. Steiner can be called on for pitching duty, or if need be he can don catching tools and go behind the plate. In the Jacks 12-1 victory over Morningside at Sioux City, Steiner blasted a 400 foot home run.

The University of North Dakota is trying to organize a baseball team for the first time this year. With the addition of the Sioux, every school in the North Central will field a team. Perhaps this will be the incentive to start a conference league. Good luck Sioux!!

During the Corn Palace Relays, sophomore high jumper Fred Gellerman picked up the only University of South Dakota first place with a leap of 5 feet 11 inches. Not bad considering it rained all day and several events were called off.

The North Central Conference golf meet, which will be held in Fargo should prove to a close duel between North Dakota State and South Dakota State. To date the Bison and Jackrabbits are both undefeated.

South Dakota University wound up their 1955 spring football practice with an intra-squad game under the lights last week.

Roger Gebhardt is pictured above giving Dick Tazatino the old 'heave ho' during one of the Bison spring practice sessions. Both are linemen and figure prominently in coach Del Anderson's plans for the future. (Photo by Peter Mark.)

Look for the Spalding "Tennis Twins" Wherever Top Tennis Is Played

There are good reasons why Spalding's tennis twins are used in more major tennis tournaments than all other tennis balls combined.

Top players want a tennis ball that can take rough treatment . . . and give uniform performance set after set. They pick the Spalding and the Spalding-made Wright & Ditson over all others for uniform wear and better bounce qualities.

Put the best ball in play for your best game. The pick of top tennis men . . . Spalding's famous tennis twins.

Your dealer has them now.

Vogue Magazine Offers Paris Excursion, Panhell Holds Meet

Cash Prizes In Contest For Seniors

How would you like to win \$1,000 cash, or two wonderful weeks in Paris, plus top consideration for a job on the world's leading fashion magazine?

Vogue's 21st Prix de Paris Contest, for senior college women, offers you these exciting prizes. If you're going to be a senior next year, and you're dreaming of a career in writing, publishing, advertising, merchandising, or decor-

ating, you have until October 15 to enter VOGUE's famous Prix de Paris Contest.

The first prize in the Prix de Paris is \$1,000 cash, or two wonderful weeks in Paris, flying both ways, all expenses paid. The second prize is \$500 cash. Each of ten Honorable Mention winners will receive \$25 cash.

Writing ability, grasp of subject matter, general intelligence, originality and demonstration of special talents are the points on which contestants are judged.

Using Vogue as a textbook, Prix de Paris competitors complete two quizzes of four questions each, based on actual editorial problems. The first quiz will appear in Vogue's College Issue (August 1); the second will be in the December issue of Vogue.

Enrollment blanks are available upon request from the Prix de Paris Director, Vogue, 420 Lexington Avenue, New York 17, New York.

Panhellenic Council, the inter-Greek organization for women, held their annual installation of new officers and awards presentation at the Little Country Theater Monday evening.

Sandra Haas was installed as new president of the group, while Pat Monson and Shirlene Schnell were seated as secretary and treasurer respectively.

Alpha Gamma Delta sorority was awarded the Panhellenic plaque for the best sorority average of the 1954-55 school year and six girls from the respective sororities were presented with scholarship bracelets.

Girls winning awards for scholarship include Barbara Widdifield and Annette Siverson, Alpha Gamma Delta; Gail Fitzloff, Gamma Phi Beta; France Lohman, Kappa Alpha Theta;

Doris Anderson, Kappa Delta; Janet Monson, Kappa Kappa Gamma; and Patricia Noden, Phi Mu.

New Panhellenic delegates were also installed at the meeting.
