## State Enrollment Passes 2400 Mark

### Selecting Queen Candidates Highlights Homecoming Events For NDSC Students

By Don Schwartz

Homecoming activities got into high gear at Tuesday evening's student senate meeting with the committee heads in charge of various phases of the program reporting to the senate.

A special committee was set up to judge the homecoming theme contest which opens today and will run until October 8. All entries in the theme contest will be turned over to the committee for study and selection.

Ten dollars will be paid to any group which is invited by the student senate to sponsor a homecoming queen candidate. Again this year only women's groups may sponsor a contestant for homecoming monarch. The ten dollars will be used to help ease financial problems encountered by women's groups in sponsoring a candidate.

The fieldhouse will be decorated for the homecoming dance and a new committee under Joan Larson will take charge of the project.

Jack Larson was designated to check on the possibilities of obtaining a queen's escort from the CTC department.

Blue Key national service fraternity reported to the senate on a proposed program for the promotion of NDSC in the high schools of the state. Vic Zeigler, a mem-

ber of both the senate and Blue Key, was appointed to head a committee composed of Jack Larson, Duane Swenson, Clint Sparks, Richard Monson, and John "Tip" Miller. The group will work with SC promotion director Merle Nott in publicizing SC around the state.

During the discussion on promotion of the college it was also mentioned that Blue Key now owns several slide film sets of the campus which could be effectively used in high school convocation programs by teams of SC students.

Once again discussion on school spirit occupied the attention of the student senate. Several plans for promotion school activities and uniting the student body were brought forward. It was suggested that possibly the bookstore could stock cowbells.

The committee charged with securing two Bison for the college reported that no progress was made during the past week. The group was ordered to continue work.

Elaine Geizler reported that November 3 has been set as the date for the campus leadership conference. The conference will be an afternoon affair with group discussion in various fields of interest.

Two special senate meetings were also set, one for yesterday, and another for next Tuesday at 6:30 in the union.

### Minneapolis Group To Open Convo Series Tuesday

Five Minneapolis Symphony Orchestra players will open the fall term convocation series when the Robert Anderson Ensemble plays for SC students at 9:40 in Festival Hall. Other features of the series are the traditional Homecoming rally and the Christmas Sing.

Music ranging from "Minuet In Jazz" to works by Schumann and Shostakovich will make up the Tuesday program, according to F. G. Schoff of the convocation committee.

"The ensemble is a piano quintet featuring the symphony's official pianist, Eva Knardahl," said Mr. Schoff. "With her are four leading string players. The program should give a good sampling of the variety of pleasure such a group can give."

Once a child prodigy in Scandinavia, Robert Anderson was concert violinist, teacher, and conductor before settling down with the Minneapolis orchestra and starting his ensemble. Miss Knardahl, another Scandinavian by birth, began solo work at nine with the Oslo Philharmonic Orchestra, and recently was featured with Anderson in a UNESCO music festival at Paris.

In addition to the Oct. 28 rally and the Christmas convo Dec. 8, a speaker on today's world is being chosen for November, according to Mr. Schoff. An earlier selection was lost when he switched from newspaper work to a high-level government job.

### Honor System Probable In Agriculture School

Unanimous approval of investigating the possibility of establishing an honor system in the school of agriculture was given by the committee on student progress, according to Dean Glenn Holm of the school of agriculture.

Dean Holm has requested student government president Merlin Ludwig to select four representatives from the school of agriculture to work with a committee of three agriculture school staff members on the project. The committee of eight, with Ludwig, will investigate and make recommendations concerning the honor system.

President Ludwig will select one member from Alpha Gamma Rho fraternity, Farmhouse fraternity, the Coop house, and the Independent Students in order to obtain a cross-section of students for the study group.

### Notice

You have paid for a picture and an identification card. The photographer will be on campus one afternoon only to photograph late comers. Thursday, October 6, 1:00 to 5:30 p.m. at Conference Room A in the Union. Please be there.

The Spectrum will carry a notice when the identification cards are available. Please do not bother the Business Office.

### Engineering Largest School On Campus As Student Body Total Reaches 2401

NDSC's fall term enrollment reached a total of 2401, as of Tuesday evening. Of that total, 1955 are men and 446 women. This represents an increase of 368 men

and 26 women over last year's fall enrollment.

The school of engineering is, as usual, the largest, with 859 students, 858 of whom are male. Applied Arts and Science follows with 486 students, 328 men and 158 women. The school of agriculture, with its 435 students, is third. Of the 435, 434 are men.

The school of pharmacy claims 237 students, 219 men and 18 women. The home economics school, in a reversal of the pattern that the engineering and agricultural schools follow, has 245 women and 1 man enrolled. Chemistry, with its 95 men and 7 women, is the smallest of the undergraduate schools on campus.

The graduate school has enrolled 74 men and 6 women, an increase of 6 over last year. Also included in the registration figures are 23 special students and 36 part-time students.

A breakdown of the enrollment shows the freshman class the strongest, with 857 students, 695 men and 162 women. This is an increase of 146 over last year's class.

The sophomore class, with 469 men and 110 women, is the second largest, while the Junior class has 360 men and 64 women, a total of 424.

The senior class has 319 men and 83 women, a total of 402. As previously stated, the graduate school has 80 enrolled, 74 men and 6 women.

Approximately 600 veterans are attending school this fall, compared to 424 vet students last fall. Of the 600, 12 are attending under Public Law 16 (disabled veterans) and 5 are attending under Public Law 346 (World War II GI Bill). The remainder are attending under the Korean GI Bill.

### Watch Spectrum for Board Applications

Want to have fun? Want to know people? If you're interested in becoming a part of one of the groups which helps make SC go, join the student union activities board. The union board is the committee which sponsors many of the activities that help make the student union the center of life at SC.

Next week's Spectrum will carry application blanks for membership on the student union activities board and complete information on its workings.

### Bison. Spectrum To Organize Staff

All persons interested in working on the 1956 "Bison Annual" are urged to attend a meeting, to be held at 4:00 today in the Board of Publications Office, Student Union.

\* \* \*

Any student interested in working on the "Spectrum" for the coming school year are urged to attend a meeting, to be held today at 4 in the Board of Publications Office, second floor of the Student Union.

### First LCT Production Casting Complete

Is this in the script??? The script of "The Doctor In Spite of Himself", that is, to be presented by LCT October 25 to 29. Practicing their interesting roles are Janice Bakken and "Uncle" Orlo Hjelseth.

Final casting for the Little Country Theater's first production of the year, "The Doctor In Spite of Himself" an eighteenth century farce by the French playwright Moliere, were completed this week by Ed Bigelow, who will direct the play.

Cast members include Harry Swanke, Martha Connally, Dunn Barr Sands, Maurice Mertens, Orlo Hjelseth, Keith Amundson,

Janice Bakken, Priscilla Hosted, and Don Sheldon.

David Batcheller, technical director of the LCT, has completed a model of the stage design and invites all those interested in set construction to view his model.

Production dates for the play are Tuesday thru Saturday, October 25 to 29, with the curtain time at 8:15. Tickets will be on sale for 75 cents.

## School Spirit Bubbles Over; Campus Groups Need Support

School spirit seems to be bubbling up all over the campus this week. A host of new people have come up with a myriad of new ideas for instilling a little fun and college atmosphere into the air at State and all in all, things seem a little happier than in the past few years.

**Tugs of war, buffaloes, pep rallies, bonfires, bands, and noise are included in the plans to expend a little energy on rah-rah at the friendly home of the Bison. The frosh are apparently going for the program in a big way, and some of the stodgy upperclassmen are even beginning to show some interest in how the school fares on the athletic field.**

Before we go whole hog for the sports program, though, let's not forget that this new aura of goodwill can also be extended into other phases of the college scene. A multitude of activities around the college desperately need the interest and spare time of some members of the student body.

Perhaps the most pressing of these activities is the drive to re-organize the Independent Students Association. Defunct for two years, this group was once the most powerful single force in all activities at SC. Then it began to drop as its purpose of unifying all independent students into a vast social group became the driving force behind it.

Last spring attempts were made to reactivate this body and these attempts were well-received. Now the interest has dropped off again.

Approximately two-thirds of the study body at NDSC belongs to no group that offers them an opportunity to meet and mingle with other students. Also, this group would furnish competition to the Greeks, competition which has been sorely lacking in recent years.

**The student government stands fully behind any attempt to set up a new Independent Students organization. There's still money in the bank from the old group and the complete machinery for the ISA stands ready to roll whenever the spark might be applied.**

Your student newspaper believes that this campus should have, and badly needs an Independent Students Association. If you agree, let's get on the ball.

## Honor System Under Study For SC; Plans Call For Trial In Ag School

Plans are now underway to run a test program of the honor system in the school of agriculture during the winter term. For the past few weeks conferences have been held between president of the student body Merlin Ludwig and Dean of agriculture Holm on the possibilities of inaugurating the system in the school.

Under the honor system, the present police state methods of policing tests would be abandoned. In its place would be a setup whereby it depends upon the student body whether or not cheating is to be tolerated. The ideal system has been proven to cut cheating to a minimum with any student who spots another taking unfair advantage of books, notes, or other sources, turning the culprit in without fear of reproach.

The honor system depends purely upon the student body of the college for its success. If and when it goes into effect in the school of agriculture it will serve as a laboratory project and if it works there it will be instituted in all the schools on campus.

**A successful honor system would add tremendously to the prestige of SC nationally. It would go a long way toward dispelling some of the shadows cast over the college by last year's controversy and return the school to its rightful place among the leading institutions of higher learning in the country.**

NDSC can make the honor system work. All it needs is the wholehearted support of all members of the student body.

## Spectrum Needs Help To Cover Activities

The Spectrum is the newspaper of the college students of NDSC. As such the paper expects to meet the demands of the student body as to events to cover, features, and generally what should be in the paper each week to satisfy the greatest number of students.

However, if the Spectrum can effectively report on all phases of the college it must have the cooperation of all student organizations. Our staff is too limited in numbers to permit the most complete coverage of campus goings on so we must depend on you for information.

If any student group wishes publicity in the Spectrum for any event, please feel free to contact the Spectrum office or any member of the staff at any time. We hope to make the paper this year bigger and better than ever.

## WANTED!!

One interested and qualified editorial writer. Come to the Spectrum office today at four.

## Letter to the Editor Reader Supports Present Rush Plan

Dear Sir:

As an interested observer of the rushing techniques employed by Greek groups at SC, I must agree in principle with the ideas expressed by Mr. Moxness in last week's Spectrum. However, the fact remains that if rushing were put off until the beginning of the winter term, rushing would be just the same as it is now.

True, members of the various fraternities would become better acquainted with the prospective rushees; but the two week rush program would still go on with all its intensity.

**In addition, some of the fraternities plainly can't afford to run their houses without pledges each fall term. The finances are so thin that a lack of numbers fall term would plunge the fraternity chapters into debt.**

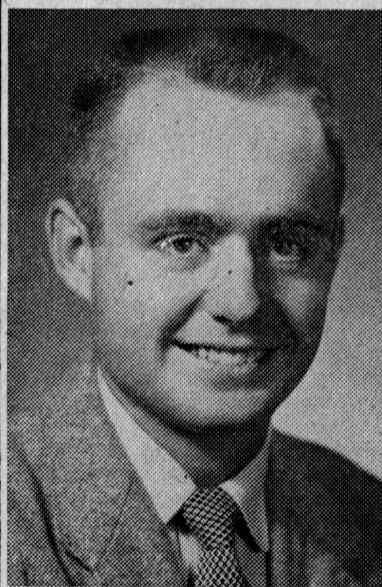

With all its faults, the present rushing system seems to be the best that can be devised to meet existing conditions at SC. Other plans have been tried on other campuses and have been found wanting. A careful study will show that most colleges use the same fraternity rushing system as that now used at NDSC.

If and when a better system of rushing is invented, you may be sure that the SC interfraternity council will be the first to investigate it to the fullest extent. Right now though, I think that the majority of the fraternities are inclined to go along with the present system.

After all, if it has worked okay for so long, what's the sense of changing all of a sudden.

Yours truly,  
An Interested Reader.

## Ostby New Prexy Of Theta Chi Frat

Mel Ostby

Mel Ostby, a senior in agriculture, is the new president of Theta Chi fraternity succeeding Hal Miller who resigned.

Past vice-president of the SC Theta Chi chapter, Mel is editor of the 1956 Bison annual, former sports editor of the Spectrum and Bison, and is a veteran from Fargo.

Gerry Stock is the new TC vice-president with Tom Pfenning, secretary; Galian Sundseth, house manager; Kerry Murphy, treasurer; and Bob Nippolt, social chairman.

## LOST

A man's billfold belonging to Sidney Olson was lost Wednesday in the vicinity of Minard Hall. If found please return to the office at Men's Residence Hall.

## Down Here

## At State

By Lee Johnson

Well, here we are back at college. Quite a change from summer vacation when the sixty hour week kept you running from dawn to dusk in search of the almighty and often dirt dollar.

Now comes the hundred hour week from starlight to starlight when the search is for knowledge and the almighty dollar goes too far to catch. Oh, college life is the life for me.

This is the year of the big change at SC. More frosh than the college has ever seen before, a new brand of student who is greener and just a little more brash than the old crowd of other years, and it looks like the social life will be a little faster than before.

By, golly, it looks like a real college again. Fun and games after hours, class cutting, and coffee in the union. The year will pass quickly.

**Most crowded place on campus this past week has been the student radio station. By the way, their frequency is 750, now 790 as advertised. Hordes of potential Milton Blocks, Dave Garrows, and Harry Wismer's are swarming all over the small studios of campus radio with the sole intention of working hard.**

In the Spectrum office, however, nothing has changed. It's still quiet, rushed, and a little too neat for my taste. The 10:30 hours are just a tish too much for me. I would still like to be back in the hole in Minard.

We hope there was an excellent turnout to see the Bison off to play Morningside this morning. The paper went to press too early for a play-by-play account of the sendoff, but if the crowd was poor you'll hear about it next week.

The sororities have a splendid group of pledges again, as usual. Only trouble seems to be that the numbers are small. Oh, well, numbers are made up for by the beauty of most of the gals. New faces in the Bison room.

**Big tug of war next Saturday afternoon between the downtown Teammakers club and Alpha Tau Omega fraternity. The fellows from downtown seem to have more of the old college spirit than most of us at State. It should be fun.**

It seems that one of the fraternities up at NDU had little trouble with a letter they sent out last summer to prospective rushees. Thousands of the leaflets were mailed all over the area and one of them dropped into the hands of a gal from Barnesville.

Definitely she was interested in pledging a fraternity, but she doubted if the school authorities would allow her to live in the house. It was a good try anyway and a few fellows at NDU have red faces right about now.

Bob Fisher, itinerant former sports editor of the Spectrum, has been named editor of "The Carousel", a magazine to be published by Tiffany Advertising in Fargo. "Feesh" has established himself in the city and he plans on coming back to school next quarter.

Don Zimmerman, the pride of SC, and winner of one of the four Fulbright study grants awarded to State scholars last year, is currently admiring the scenery in Germany. We, Rae, former SC badman and now stationed in Germany with Uncle Sam's finest, has made contact with Zim and you can bet the fur will fly over Europe.

**The Bison room is filled with people, as is the usual occurrence at this time of year. Latest fixture in the "lounge of lazy people" is a songfest every Monday night after fraternity and sorority meetings. All Greek groups get together and let loose with a little mellow harmony. A fine way to relax tension and ease frayed nerves.**

Mel Ostby, the annual editor, has taken on another position in a growing list. The Mellow one is new prexy of The Chi. He takes over from Hal "Young Man About The Bison Room" Miller, who resigned to work at KVOX.

Guess we're done for this week. Anyone who wants to go to Grand Forks for a couple of hours tomorrow, let me know. Until next time around, we'll see you in the Bison room.

## Dean Dunbar Presents Two Chem Papers

Dr. R. E. Dunbar, Dean of the School of Chemical Technology, NDSC, presented two papers at the 128th National meeting of the American Chemical Society in Minneapolis last week. The first was a discussion of "Organic Demonstrations — A Neglected Opportunity," before the Division of Chemical Education. The second outlined the results of original research dealing with "Reaction Studies of Trimesic Acid in Poly-

ester Formation," before the Division of Paint, Plastics and Printing Ink Chemistry. Earl Hutchins, a 1955 M.S. graduate in chemistry, was co-author of the papers. Attendance at the meeting was over 6,500. The two papers have already attracted wide attention and Dunbar has already received requests for additional information from fifteen states as well as France and Japan.

# Kampus Klues . . .

By Karen

Sorority rushing came to a close Monday evening with a total of 46 new pledges being added to the SC Greek list. The sororities are very happy with their new pledges who are:

Kappa Alpha Theta: Mary Anderson, Beverly Kelknap, Phyllis Mede, Marilyn Ellis, Sharon Hansen, Bonnie Herigstad, Diane Lynn, Sally Richards, Joan Watt, Trace Webb and Bonnie Westphal.

Alpha Gamma Delta: Lois Burck, Nancy Thompson, Lynnel Buchanan, Yvonne Johnston and Andy Hunstad.

Gamma Phi Beta: Jean Ann Nelson, Maggie Lillestol, Sig Halder, Arlene Olson, Bonnie Gerolls, Sharon Zuehlke, Gloria Rees and Mary Meckstroth.

Kappa Kappa Gamma: Lois Williams, Bonnie Adams, Veronica Peters, Darby Driscoll, Jane Higgins, LaVonne Biel, Beverly Tyn, Maureen Stigman, Pat Moore, Karen Lenaburg, Janice Appeman, Mammie Baker and Lela Larson.

Kappa Delta: Arlene Gifford, Arlene Wright, Kathleen Rowan, Prine Johnson, Mary McDonald and Pat Larson.

Phi Mu: Shirley Branstad, Arliss Monson and Genevieve Kovell.

We also have a few new actives in the fraternities. The SAE's recently initiated Dave Mousseou, Donald Lindhauf, Allan Urban, and Sylvan Melroe. Following initiation a banquet was held in the Gardner Hotel honoring the new members. The ATO's have added Ray Fisher, Ken Cornell, Dale Nelson, Don Salmonson, Jim Green and Arnie Ellingson to their active list.

New active at the Kappa Alpha Theta house is Mary Jean Sinner. New Theta Chi actives are Tom Day, Maurice Mertens, and Ron Seland.

Engagements missed last time are: Gail Fitzloff, Gamma Phi to John McDermott, SC alum; Marie Kovell, Phi Mu to Dr. William Leoschke, member of staff U. of Wis.; Ila Langseth, Theta to Dick Osman, SC alum; and Arne Simonson, Phi Mu alum to Robert Sussex.

Marriages over the summer include Willis Stelter, SPD, to Shirley Hanson of Abbott Hospital in Minneapolis; Jim Witmer, SPD, to Mary Ann Peterson, SC alum; and Tom Netzer, SPD to Mary Ferris of Fargo; Donna Jean Erickson, Phi Mu to Lester Bigness; and Carole Arkhus, Phi Mu alum to Gerald Burnau.

Frank Borchardt, SPD, is pinned

to Ruth Klien of St. Benedict's.

### SC Debate Team Plans Organization Meeting Tuesday

New officers for the Alpha Gamma Delta sorority are: Assistant social chairman, Ann Ebling; Activities Chairman, Rosemary Leupp, and Chaplain, Janet Fagerlund. The actives of Alpha Gamma Delta will entertain their pledges at a slumber party Saturday night. The Alpha Gamma's will also have a coffee hour Thursday, October 6 from 4:00 to 6:00. Everyone is welcome.

Four new members of Alpha Gamma Rho fraternity are Richard Johnson, Arnold Hunt, Michael Brandvik, and Darrell Henry.

First coffee klatch of the year is slated for the Phi Mu house next Wednesday from four to six. Everyone is invited to drop in for a cup.

### Agronomy Club To Meet

SC's agronomy club has scheduled its first meeting of the year next Tuesday evening at 7:30 p.m. in room 215 of Morrill hall. Lt. Howland of the AFROTC staff will show slides and give a lecture on agriculture in Japan.

## SC Debate Team Plans Organization Meeting Tuesday

All those interested in college debate are urged to attend a meeting to be held Tuesday evening at 7 in room 207 of Old Main. Plans for the forthcoming year will be laid at the meeting.

Experience in debate is definitely not necessary to become a member of the SC squad.

Last year's team participated in four tournaments. They included the Red River Valley tournament at Concordia; the annual Eau Claire Speech Tournament at Wisconsin State Teachers College at Eau Claire in February; the Northwest Debate tournament at St. Thomas in Minneapolis in March, and the Northwest Speech tournament at Montana University in April. In addition the debaters also took part in local debate practices.

### Jazz For The Jillions New KDSC Show

CHUCK PHILLIPS

23°N 82°W—not latitude and longitude, but Stan Kenton. This unusual title is the theme to an unusual program on Wednesday nights from 10 to 10:30. During this half hour Chuck Phillips brings the listeners of KDSC "Jazz for the Jillions."

From his large private collection, most usually heard on his show, are recordings of Dave Brubeck, Duke Ellington, Stan Kenton, June Christy, plus several Jazz at the Philharmonic discs. Though this East coast

jazz is what Chuck prefers, he will play all sizes, shapes and varieties—of strictly jazz, please.

This is Chuck's second year at KDSC and he is Music Editor (you might guess) for the station. Chuck is a junior in pharmacy and a Kappa Psi. He claims Wadena, Minnesota, as his home town.

Especially for you fans of jazz, and for all listeners who like good music, try "Chuck's Jazz Hour", 10 to 10:30 Wednesdays on KDSC.

### WAC Representative To Conduct Interviews For Interested Coeds

First Lieutenant Dorcas Stearns, of the Women's Army Corps officer branch of Headquarters, Fifth Army, Chicago, Illinois, will visit Fargo on October 13 to discuss with interested students at North Dakota State College the opportunities the United States Army direct commission program offers women college graduates.

To meet its continuing need for WAC officers, the Army is offering qualified women college graduates direct reserve commissions as lieutenants, according to Lieutenant Stearns, and the opportunity to start their career in the Army as junior executives.

"A career as a WAC officer is really many careers in one," Lieutenant Stearns explains. "Although most of her work will be in related fields, no duty will be a blueprint of a former one. Every two or three years she will receive a new assignment bringing with it new challenges, increased responsibility and probably a new station, either in the United States or overseas. She will work side by side with male officers on staff and administrative assignments which contribute to the defense strength of our country."

WAC officers receive the same salary as men, she said. A newly commissioned second lieutenant is paid \$270 a month, plus quarters, medical and dental care and a \$10,000 life insurance policy.

Women college graduates aged 21 to 28 who qualify are commissioned as second lieutenants in the Army, Lieutenant Stearns stated, and those 28 to 33 who have civilian career experience, as first lieutenants.

College juniors may have a preview of life in the WAC, she added, by applying for a probational Army appointment, and taking a six-week training course at the AC Center, Fort McClellan, Alabama, the summer before their senior year.

During her visit at North Dakota State College, Lieutenant Stearns will be located in Conference Room "A", Memorial Union, for interviews, from 2:00 p.m. through 4 p.m.

### ASME To Meet Tues.

The NDSC branch of the American Society of Mechanical Engineers will have their first meeting Tuesday, October 4 in conference room 1 of the student union at 7:30.

Dr. Carl Schmidt will speak on the students adapting themselves to college ways. A film, "Mechanical Engineering In DuPont", will be shown, door prizes will be given, and there will be a lunch after the meeting. All mechanical, industrial, and aeronautical engineers are invited to attend.

### Applications For Rhodes Scholarships To Be Accepted For 1956 Term

Elections to Rhodes Scholarships will be held in all states in December, 1955. Scholars elect will enter Oxford in October, 1956.

To be eligible a candidate must be a male citizen of the United States, with at least five years' domicile, and unmarried, be between the ages of nineteen and twenty-five on October 1, 1956, by the time of application have at least junior standing at some recognized degree granting college or university in the U.S.A., and receive official endorsement of his college or university.

The qualities which Cecil Rhodes specified in his will as forming the basis of selection are: (1) literary and scholastic ability and attainments; (2) qualities of manhood, truthfulness, courage, devotion to duty, sympathy; kindness, unselfishness, and fellowship; (3) exhibition of moral force of character and of instincts to lead and

to take an interest in his fellow (4) physical vigor, as shown by fondness for and success in sports. Some definite quality of distinction, whether in intellect or character, is the most important requirement for a Rhodes Scholarship, and it is upon this that the selection committees will insist.

The value of a Rhodes Scholarship is \$600 a year. Scholars who qualify under the G.I. Bill of Rights or other military educational funds may expect the same benefits at Oxford as at an American university. Appointment to a Rhodes Scholarship is made for two years in the first instance with a possible third year if the scholar's record at Oxford and plan of study warrant such an award. No restriction is placed upon a Rhodes Scholar's choice of studies.

A candidate may apply either to the state in which he resides or to the state in which he may have received at least two years of college education. Application must be in the hands of the secretary of the state committee no later than November 1, 1955.

The institutional representative at SC from whom copies of the memorandum of regulations, application blanks, and other information may be obtained is: Dr. Leo Hertel, Minard hall. The secretary of the State Committee is Prof. F. Y. St. Clair, University of North Dakota, Box M, University Station, Grand Forks, North Dakota.

### Rev. Kvaalen, New LSA Pastor To Be Formally Installed Sunday Afternoon

Reverend Arne Kvaalen will be formally installed as the new Lutheran Students Association pastor at ceremonies to be held in the American Lutheran church Sunday afternoon at 2:30.

Rev. Julius Quello of the First Lutheran Church in Fargo and Dr. Paul Biersdat, central secretary of the division of student service of the national Lutheran council, will officiate at the installation.

A former student at Concordia College, Minot State Teachers College under the Navy's V-12 program, and the Northwest Midshipman's School at Chicago, Reverend Kvaalen was a platoon leader in underwater demolition teams during the second world war.

He is a 1953 graduate of the Luther Theological Seminary in St. Paul and served as an intern at the University of Minnesota. Reverend Kvaalen comes to SC from Timber Lake, South Dakota where he served for two years.

Reverend Kvaalen is replacing Reverend John Schultz who accepted a position at Ames, Iowa. He is married to a graduate of Carleton college and is the father of twin girls.

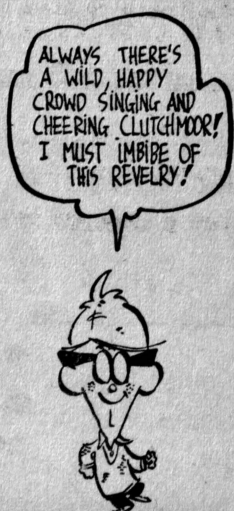

As Lutheran campus minister, Reverend Kvaalen is charged with the responsibility of bringing the Lutheran faith to the students and faculty members of SC.

The Lutheran Students Foundation which sponsors his work was established in 1949. This organization now provides the facilities of the LSA house at SC. Some activities of the LSA center include a daily noon luncheon, chapel, fellowship, and recreational programs.

### Campus Cutie . . .

Making sweet music at the Kappa house is this week's Campus Cutie Janet Monson. Besides the musical inclination and being a member of Kappa Kappa Gamma sorority, Janet belongs to Air Debs and is a junior majoring in English. Successfully disproving the idea that beauty and brains don't go together, Janet is a consistent Honor Roll student.

Bill Johnson  
Associated Artists

# Ag Notes

## Students See Displays

Some two hundred high school students from the biology classes of Fargo high school have been attending special displays by the agricultural entomology department. These students will receive extra high school credits for seeing and discussing the displays.

## FFA Meeting Set

The first collegiate FFA meeting of the year will be held next Wednesday at 7:30 p.m. in room 215 of Morrill hall. All those interested in FFA or agricultural education are urged to attend.

## Callenback To Attend Meet

Dr. Callenback of the department of agricultural entomology will attend a meeting of the regional technical committee on entomology at Iowa State October 3 and 4.

## Judging Team To Workout

The state FFA livestock judging team will work out at SC prior to the national contest at Kansas City. SC students on the team are Fred Boeshans and Gerald Eisinger.

## Ag Ed Instructors Confer

Two instructors from the agricultural education department, Ernest DeAlton and Shubel Owen, will attend the state education conference at Bismarck on October 3 and 4. The conference is being held as a preliminary to the White House conference on education scheduled for December.

## THE SPECTRUM

Published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, North Dakota.

Subscription rate \$1.00 per term.

## at Pratt & Whitney Aircraft

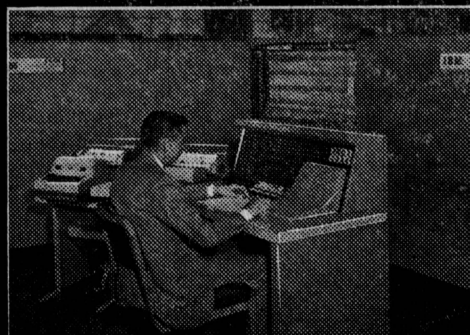

Here's something  
unique in education.

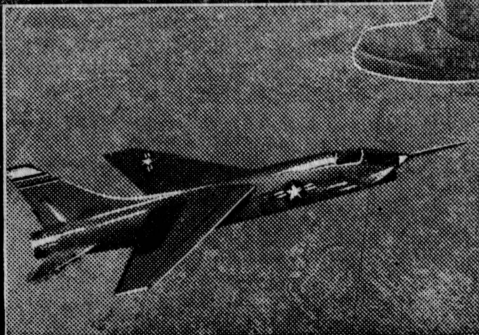

Near the Pratt & Whitney Aircraft plant in East Hartford, Conn., a full-fledged graduate center was established this fall by Rensselaer Polytechnic Institute. Located 115 miles from R.P.I.'s home campus in upper New York State, the new graduate facilities will enable working engineers from Pratt & Whitney Aircraft and other companies in the Hartford area to continue their studies. Without interrupting normal employment, it will be possible for students to obtain advanced degrees in specialized fields from the nation's oldest engineering college.

Designed to raise the level of knowledge and to broaden the base from which advanced research can be approached, this entire program will simultaneously lead enrolled engineers to greater achievement in their careers.

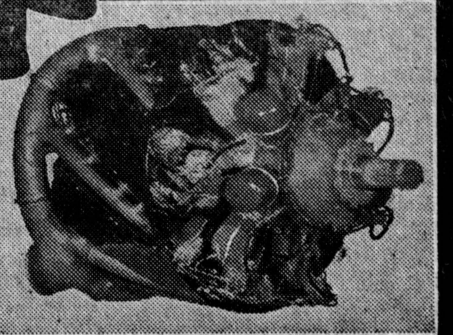

Working engineers of P & W A, waiting for classes to begin at R.P.I.'s new graduate center. Courses include Aeronautical Engineering, Physics, Mathematics, Nuclear Technology, Management Training.

First 702 Computer in East. Just installed, this advanced I.B.M. computer joins earlier electronic marvels that played a vital role in the development of Pratt & Whitney Aircraft's famed J-57 jet engine.

Newest Supersonic Fighter. The Chance Vought F8U, latest in a growing group of military aircraft to fly faster than sound. Like most other record-breakers, it is powered by a P & W A J-57 turbojet.

Last Wasp Major, most powerful piston engine ever developed, is shipped by P&WA. This marks the end of an era as turbojets take over as the source of power for heavy bombers, transports and tankers.

## Bison Face Strong Morningside Squad Tomorrow; SC Hopes Ride On Defense

Coach Del Anderson reported Tuesday that NDSC's Bison will spend this week in polishing their offense and defense for Saturday's North Central conference game

against the Morningside Maroons at Sioux City.

Del said that we must make our offense into a smooth working machine. He says places where the offense must be improved are in ball handling, down field blocking, ball running and punt returning.

On defense he is stressing tackling in the open field and trying to attempt to correlate the Bison's pass and running defense.

He stated, "If we improve in all those we will improve as a ball club" and that every man on the team will have to make an all out effort to improve.

Anderson stressed the importance of student backing for the team. The team being so new in college football must learn to play for a cause—the college, their teammates and fellow students and a football tradition at NDSC.

He stated that as a result of scouting Morningside's 34-0 loss to Omaha last week the Maroons still have a good team. They will be hard to beat for they are defending co-conference champions and they will be out to avenge the only North Central conference loss of last year when the Bison downed them 41 to 27.

Ten veterans are featured on the Maroons first team—six of which are seniors and four of which are juniors. The only sophomore on the team is a 6 ft. 4 in., 250 lb. lineman by the name of Terry Lewis.

### 1955 NCC Schedule

September 24: Augustana at North Dakota University; Iowa State Teachers at S. D. State.

October 1: U. of South Dakota at Augustana; North Dakota State at Morningside; S. D. State at N. D. University.

October 8: S. D. State at Augustana; Iowa State at North Dakota State; Morningside at N. D. University.

October 15: U. of South Dakota at North Dakota State; Augustana at Morningside; N. D. University at Iowa State.

October 22: Augustana at Iowa State; Morningside at U. of South Dakota; North Dakota State at S. D. State.

October 29: Morningside at Iowa State; N. D. University at North Dakota State; U. of South Dakota at S. D. State.

November 5: North Dakota State at Augustana; Iowa State at U. of South Dakota; S. D. State at Morningside.

November 12: N. D. University at U. of S. Dak.

### 1955 Bison Schedule

## NC Conference Shows Changes Since Founding

The North Central Intercollegiate Athletic Conference was organized in the fall of 1921, with the first official competition in the spring of 1922.

Charter members were the University of North Dakota, North Dakota Agricultural College (State), University of South Dakota, South Dakota State College, Morningside College, Nebraska Wesleyan, Creighton University, St. Thomas of St. Paul and Des Moines Municipal University.

In 1923 St. Thomas withdrew. Nebraska Wesleyan withdrew after the 1927 football season. Des Moines withdrew after the 1926 season. Creighton severed its membership in 1928.

Omaha University was admitted in 1935 and Iowa State Teachers College in 1936. Augustana was admitted on December 1, 1941. Omaha U withdrew from the NCC in February, 1943. Des Moines University ceased operations in 1929.

Therefore, the four North and South Dakota schools and Morningside are the only charter members of the group today.

From 1929 through 1934 only the five present-day charter members kept the conference functioning, while at the beginning there were nine members.

### Notice

Chuck Bentson, head Bison basketball coach, announces that tryouts for varsity and freshman basketball teams will be held on October 19 at 4:00 p.m. in the fieldhouse. Students wishing to try out should bring their own equipment.

### Duck Season Tomorrow

Duck hunting season opens in North Dakota Saturday at noon. Ducks will be plentiful but many of the favorite spots will be dry this year because of very little rainfall, thus the ducks will be hard to get.

### Correction

The doctor's hours at the student health center were erroneously listed in last week's Spectrum. Dr. Sedlak's hours at the health center will be from 8:30 to 10:30 Monday through Friday only.

The health center itself will be open from 8:30 to 5 Monday through Friday and from 8 to 12 on Saturday.

## Major League Baseball Season Draws To Close

By Ichabod Olson

Major league baseball is nearing the far corner of the stage for another season and once again the time comes to look back at past events and take notice of past achievements.

The National league once again emerged as the power circuit with the boys from the strongarm center setting another record for home runs. Brooklyn's Dodgers stormed through the season without actually working up a sweat.

Duke Snider, Gil Hodges, Jackie Robinson, Peeewe Reese, Carl Furillo, Don Newcombe and company made a shambles of the senior circuit scramble. Only Willie Mays and Ted Kluszewski intruded into the Dodger domination although it was the old master, Robin Roberts who ended up with the most wins for a pitcher.

In the American league the amazing, patched up Yankees once again stole the thunder. The Bronx Bombers, although gaining more dislike from diamond fans from all over the country, marched in when the chips were down.

Mickey Mantle, Yogi Berra, Hank Bauer, and wondrous Billy Martin crept past all opposition. Although the Yankees failed to dominate the league, a team effort won for the old pros from the heights of New York.

Perhaps the American league held the most interest for fans this year. However, all in all, it was a great year for baseball.

### WAA To Sponsor

### Special Bowling League

The NDSC Women's Athletic Association is sponsoring a sixteen week bowling league. Any four girls that wish to make up a team should contact Judy Haga at the Women's Residence Hall. WAA will give awards for the first, second, and third team.

The Women's Athletic Association is also planning to sponsor a volley ball tournament and singles and doubles in badminton.

ing threat of Dick Tchider and Dana Hill to Dale Wallentine, Glenn Hill and Bob Sturdevant in the air along with Bill Byram and Pat Vickers on the ground will do the trick along with great defensive and offensive work by the line lead of Emil Zueger.

Brooklyn's Dodgers will lose to the New York Yankees in a seven game series but it will be a tough battle all the way.

Students—let's all be sure and stay on campus next weekend and show the team, ISTC, the Teammakers and all, that we're behind the Bison 100%.

Let's help the Herd roll.

To all students—  
Intramural sports are for you. They provide the needed exercise and activity for a college student. Why not join your fraternity, dormitory or WAA sponsored team?

Speaking of intramural sports and football—I predict the Kappa Psi's will retain their intramural football crown.

The Baby Bison look mighty impressive. They contain the greatest percentage of North Dakota football talent for a good many years and this desk predicts that they will go undefeated this year.

Next week in this section the varsity and freshmen cheerleaders, new football rules and something from the Teammakers.

The Rahjabs and Student Senate sponsored an early morning "cowbell ringing contest" to see the football team off to Sioux City this morning. This is the first of a series of pep rallies, bonfires and contests that are planned to help make school spirit a tradition on the campus.

Two free cuts will be awarded to all students in Philosophy 301 by Dr. Hertel for any students entering the bonds of matrimony during the term.

Is this an inducement?

### Intramural Board

### Elects New Officers

The men's intramural council elected Ron Gunderson, TKE, president, Russel Bieri, vice-president and Ron Lottnick, secretary at their second meeting Monday.

Organizations which have entered teams in intramural football are Alpha Tau Omega, Co-op House, Tau Kappa Epsilon, Sigma Phi Delta, Theta Chi, Kappa Psi, Sigma Chi, Alpha Gamma Rho and the Vet's Club.

Play has started and more teams are expected to enter the leagues.

### Newman Club Meets

SC's Newman club held their first meeting of the year last Sunday with Father Potter, the new chaplain, explaining the duties and responsibilities of Catholic college students.

Pingpong tables are now in operation at the Newman center for those students who come to services at noon and on Thursdays.

The regional convention of Newman clubs in this area will be held on the campus of MSTC on November 12 and 13.

### Frosh Football Schedule

U.N.D. Oct. 7, 2 P.M.—There.  
U.N.D. Oct. 28, 7:30 P.M.—Here.  
Concordia to be arranged.

# Bison Co-Captains Believe Herd Much Better Than Last Year; Hopes High

Zueger

Vickers

By Bill Bailey

In an interview last Tuesday, State's football co-captains for the '55 season, Pat Vickers and Emil Zueger gave us the scoop on the Herd's prospects for the forthcoming NCC season. The Bison open their conference schedule tomorrow at Cedar Rapids, Iowa, where they tangle with last year's champs, the Morningside Maroons.

The two all-conference linemen and their unofficial spokesman, Mr. R. J. Nippolt were only too willing to take time from their booming beanie sales to answer our queries.

Both men placed this year's squad "at least fifty per cent better" than the '54 outfit, citing team depth, improved blocking, and line power as the big items. Improved spirit and training were also indicated as prime factors in the team's progress.

It was their consensus of opinion that this year's line, with its greater size and depth, should be one of the best in the conference when the rugged crop of sophomore forwards gets a little of that all-important experience under its belt.

The current Herd backfield is a good deal faster than that of last year and the added depth should give the Bison a sound running attack. Both captains agreed that the squad's passing would suffer until Dana Hill's sore arm came around, although Dick Tschider shows great promise for a soph.

Zueger, the big senior guard from Mandan who keeps in shape over the summer by riding rodeo bronks, picked big Steve Mhyra

from UND and a man named Dunn from ISTC as the roughest linemen he expects to face this year. Both Zueger and Vickers look for Mhyra and fullback Don Miller to be outstanding for the Noisy Nodaks when the rivals clash here October 29th.

Vickers, the soft-spoken griddler from Claremont, South Dakota, is a veritable jack-of-all-trades on the football field. An all-conference center last year, Pat has been shifted to fullback, quarterback, and back to fullback where he started this season. Vickers seems to enjoy the changes, for he has been playing outstanding ball for State so far this season.

Neither captain would go out on a limb and pick a winner out of the NCC scramble, although by emphasizing that the Bison are in sound physical condition, with no serious injuries, they indicated that they are shooting for the top of the heap.

At any rate, as "Indian" says, "Bring On The Sioux!"

### Notice

Would you like to work on the Spectrum? If you have any interest or talent in learning a bit about what makes a college newspaper run, come to the publications office on the second floor of the student union today at four.

High school experience or interest makes you a person that we want and need. Sports writers, editorial writers, reporters, copy readers, and typists are all needed.

Come one, come all, to the union at 4. Today.

# Conference Roundup From The State Slant

North Dakota University looks like it will be tough to handle around the North Central conference this year. The Sioux from up in polar bear land have been riding hard over their opposition so far and they at times look almost unbeatable.

Don Miller, Gabe Kavadas, Don Augustin, and Barry Roseborough have been acting up like they thought the conference title belonged up at Grand Forks.

Last weekend the North Central took another bolt on the chin from an outside team. St. Cloud Teachers College handed one of the perennial powers, South Dakota University, a 20-7 drubbing to erase a little more glory from the NCC diadem.

From the appearance of some of the NCC schedules, it appears that only the Bison will step very far out of their class for opponents this year. NDU plans to play teachers colleges in their open dates while most of the other schools tee off against squads from schools less than half of their size.

Word around the campus has it that one of next year's Bison opponents will be the University of Missouri. Coach Del Anderson

## Home Ec Students Take Teaching Posts

Eight North Dakota State College home economic majors will be doing student teaching throughout this area for the first half of the fall quarter, according to Miss Marion Benson, Associate Professor of Home Economics.

The girls, with the schools they teach at include: Janet Abrahamson, at Wahpeton; Eunice Anderson, Bismarck; Ada Hartmann, Mayville; Mary Hagen, Casselton; Lois Hulstrand, Bismarck; Audrey Little, Jamestown; Mrs. Carol Moe, West Fargo, and Mrs. Cleo Roster, at Jamestown.

## 'Dewey Says

I want to thank you fellows for the tremendous welcome you have given the new Straus Campus Shop—it is really swell.

Our clothing, as you have seen, is strictly Kool Kollege Styles with accents on Day's College Cords and colorful Catalina Sweaters. Prices are the same out here as they are at our downtown store, and the Union is closer than Broadway, so remember this when it's time to buy!

Stop in between 12:30 and 5:30 on week days and 9:00 to 5:30 on Saturday to look at our selections of Kollege Klothes

in the

**Straus**  
**CAMPUS SHOP**  
 Basement Stud. Union

seems determined to raise the Herd out of the doldrums which they have occupied for the past few years and restore State athletic prowess to pre-war levels.

Augustana made some snorting noises about causing trouble for some of the powerhouses until North Dakota University caught up with them last weekend. Now it appears that the Vikings will now be trying desperately to keep out of the conference cellar once again.

Lee Bohnet, NDU sports publicist, is doing one of the finest jobs of information spreading seen in this area. Monday morning mail finds a complete recording of all activities at NDU on the sports scene for the use and perusal of all interested people.

Grut Anderson, former SC bas-

ketball star who is now coaching football at Grafton, is having a rough time of it this season. His charges have been literally torn apart in their outings this year. True to form, though, Grut says that things are looking up.

Freshman football at SC is in high swing again. Reports have it that the turnout this year looks every bit as good as last season's group. A new powerhouse seems to be in the making at SC.

### NOTICE

Veterans are reminded that today, September 30, they are to sign for their monthly checks at the Office of the Registrar. Veterans are reminded that failure to sign may result in their losing their educational rights under the G.I. Bill.

### Homecoming Theme Contest Opens; Senate Offers Prizes

Student Senate is once again sponsoring a contest for the selection of a Homecoming Theme. The person submitting the winning entry will be rewarded with a \$10 bill and two tickets to the Homecoming Dance. The winning Theme will be used as a basis for the individual floats and house decorations.

The State Bison will meet the North Dakota Sioux in the homecoming game on Saturday afternoon, October 29.

Theme contest entries must be written in six words or less and deposited in the theme contest boxes which will be located in the main halls of the Library and the Student Union. The contest deadline is Saturday noon, October 8.

### Theatre Workshop To Open Tuesday

On Tuesday, October 4th, the newest organization on the campus will commence. This organization will be known as "Theatre Workshop" sponsored by the department of speech, and will meet for the first time at 7:30 p.m. in the Little Country Theatre.

Theatre Workshop was created to acquaint interested students with the workings of the theatre, and to show the student what the theatre can do for him and vice versa. In addition, it is the aim of the founders to provide a worthwhile outlet for social and extra-curricular activity.

A varied program has been planned for the bi-weekly meetings. Acting, directing, costuming, play-reading and many others are to be featured. In this way members of Theatre Workshop will become better qualified for acting assignments and crew work for major production. Contrary to popular belief, acting is not all of theatre. There are many jobs behind the scenes as well as acting open to all whether they are speech majors or not.

The Theatre Workshop will be under the advisorship of David R. Batcheller, instructor in theatre, and managed by Janice Bakken and Peggy Buchanan. As the program gets underway, members will begin taking on responsibilities.
