

RAY ANTHONY TO APPEAR HERE

Student Body Prexy Ludwig Reveals Collegians May Challenge Any Course

Discussion at the Student Senate meeting last Wednesday evening in the student union revealed that few students on campus were aware that they could challenge a subject and receive college credit for it.

Merlin Ludwig, senate president, informed the senate members that a student could challenge a subject and if they passed a test for that subject at the beginning of the quarter they would receive credit for it.

Elaine Giesler reported on the Leadership Clinic conducted last week. Reports on the clinic will be published in the "Spectrum" and other reports will be mimeographed for record. Senate opinion

discussed favoring holding another similar leadership meeting in the spring quarter.

Homecoming reports and criticisms were accepted and outstanding bills were approved.

Appropriations were made to finance transportation for eleven NDSC students to the regional N.S.A. Convention to be held at Macalaster College in Minneapolis.

Don Schwartz was appointed temporary Commissioner of Radio for the remainder of the quarter to replace Hal Miller, who is not attending school this quarter. Joan Nelson was appointed to temporarily fill Miller's vacancy in the senate and

(Continued on Page 4)

Fall Variety Show, Dance Slated Tonite At SC Fieldhouse

Twelve acts, selected from try-outs held last Saturday, will compete for a traveling trophy in the student union activities board Variety Show tonight.

Chuck Phillips will serve as master of ceremonies for the event, and Chuck Arnold and his orchestra will play for the dance to be held in conjunction with the variety show.

The show has been divided into three parts. One group of four acts will appear at 9:45, another at 10:30, and the last group will appear at 11:30. The winners will be announced after the last group of acts have been judged.

The acts that will appear are: "Showboat" sponsored by Alpha Gamma Delta sorority; a can-can act and Mickey Jordan, a ventriloquist, will appear under the auspices of the Independent Student Organization;

The YWCA will back Darlene Geving as she sings "Can't Say No"; "Policeman's Dance," a soft shoe dance will be featured by Kappa Kappa Gamma sorority; Sigma Phi Delta will present a short skit "Ah."

Phi Mu sorority is backing a vocal solo by Joyce Kirkhus and a mock radio show; a trio of girls will sing for Gamma Phi Beta sorority;

Six Theta Chi's will try to sing their way to the top; and Barbara Pederson and Grace Webb will represent Kappa Alpha Theta sorority, Grace plays the marimba and Barbara will sing "Man In a Raincoat."

Fargo Aero Club Organizes At Airport

Tuesday evening, November 1, the Fargo Aero Club was organized at a meeting held in the Skyline Banquet Room at Hector Airport. At the meeting it was decided by the charter members that the club would be open to all persons interested in aviation.

It was moved that the next meeting would be held Wednesday, November 16, at 7:30 P.M. in the lobby of the administration building at Hector Airport. At the meeting Duane Strand, owner of Air Activities, will show his interesting movies of the Middle Eastern countries.

The charter members invite everyone, men or women, who are interested in aviation to attend this meeting. Charter members of the club are Roger Anderson, Joe Beck, Arnold Hunt, Eugene Jensen, Eugene Rott, Joe Rood, Glen Grobe, Erick Anderson and Duane Strand.

Westminster To Meet

Westminster Foundation will meet Sunday evening at 6. A group discussion entitled "And Keep Your Eyes On Your Own Papers" will be held.

Activities Board, Senior Staff To Back Appearance Of Top Band Next Friday

By Don Schwartz

Ray Anthony, "The Young Man with the Horn" is scheduled to appear next Friday, November 18th in the NDSC Fieldhouse under the co-sponsorship of senior staff and the student union activities board. Dancing will be from 9 to 1 with the admission at \$1.50 per person.

Regarded in music circles as one of the most brilliant musicians in the business, Anthony will feature many of his current hit tunes. Among his latest greats are Pete Kelley's Blues

from the Jack Webb motion picture of the same name and Sluefoot from Daddy Long Legs.

Anthony is three time winner of the WNEW Make Believe Ballroom award as top band in the country. In the past four years his band has been hailed as the greatest musical name since the days of the late Glenn Miller.

As a result of his popularity as a guest on TV shows Ray was selected to star for TV's Top Tunes over CBS-TV.

An outstanding soloist Ray goes all out in his trumpet playing and paces his band's distinctive brass section of both slow and jump arrangements, lending a tone that makes identification of the Anthony music a simple matter.

Anthony started his long climb to the top at the age of 18 when he joined Glenn Miller. During his stay in the Miller congregation he made several coast to coast jaunts with them as well as to movies "Orchestra Wives" and "Sun Valley Serenade". He won his own personal following as featured trumpet star of the Miller band.

Following his enlistment in the Navy, Ray was singled out to form a service dance band which toured island bases in the Pacific. His performances there won the band the top service band award for the entire Pacific area.

1946 found Anthony out of the Navy and director of his own band which he formed in the middle west. Four years and thousands of miles on tour later the band signed with Capital records for the beginning of an unprecedented disc build up. Via the recording route Anthony rose to be a top name and won a nation-wide disc jockey poll as America's top dance band. Further proof of his fame include bookings at the Meadowbrook, Hotel Statler's Cafe Rouge and the Hollywood Palladium.

Higher Education Convention Ends After Western Meet

By Mary Peterson

Entrance exams used in testing new students was the chief topic of discussion at the annual North Dakota Conference of Higher Education held at Dickinson State Teachers College November 6, 7, and 8. The points considered in this discussion of testing were what tests to use and the effectiveness of these tests as a gauge of the student's ability in various fields.

This conference, which rotates every year among the institutes of higher education in the state, admits representatives, both faculty and students, from the member institutes.

Faculty representatives of NDSC who attended the conference were Miss Pearl Dinan, dean of women, and Mr. C. H. Schmidt, student personnel director. Merlin Ludwig, student body president; Mike Fogel, carry-over delegate from last year; Susan Wheeler and Joan Nelson, two new delegates, represented the SC students.

Although there has been no actual decision as of press time of this paper, there is a strong possibility that North Dakota State may be the host for the conference next year.

Young Democrat Club Plans First Meeting At Union Wednesday

Young Democrats on campus will hold their first meeting of the fall term in the small lounge of the student union next Wednesday evening, according to group advisor Mr. Otto Press.

The Young Democrats plan election of officers for the coming year. All interested students are invited to attend the gathering.

Featured speaker will be P. W. Lanier, Jr., state chairman of the Democrat-Farmer-Labor Association in North Dakota and vice-chairman of the Cass County Democratic party. Mr. Lanier was the unsuccessful Democratic candidate for senator in 1946.

He will speak on the topic "Non-partisan League Joins The Democratic Party".

Campus Queen Married

Carol Johnson, SC's 1955 Homecoming Queen, revealed this week that she is married to varsity football star Dale Wallentine.

Interview Set

Tuesday, November 15, a representative of the Toni Company will interview mechanical engineering seniors who are interested in employment opportunities with this company.

Camera On Campus . . .

Fred Waring and his popular son were entertained by Kappa Alpha Theta sorority at a dinner Monday evening. The Waring's and the Thetas apparently enjoyed the event from all the smiles.

Hmmm. Apparently the six fellows peering at the picture find it mighty interesting. These men are members of the Little Country Theater's next presentation, "Stalag 17", slated for presentation early in December.

Vital Link Missing If Convos, Theater Go

Last Monday evening SC's lyceum program presented the widely-known Pennsylvanians, under the leadership of Fred Waring, before a packed house at the field house and the public literally ate the show up.

For better than two hours the assembled throng listened intently and watched carefully every action and person that appeared on the stage. The people enjoyed the performance and it was quite easy to notice that the cast enjoyed performing for such an appreciative crowd.

The college offers a fine program comparable to the lyceum series for only the students—made up of convocations and Little Country Theater plays—and yet not a fraction of the students take advantage of even a small part of these opportunities.

Students are admitted to all convocations gratis and for only 75 cents, the best tickets for Little Country Theater plays may be purchased. These activities are aimed primarily at the campus populace, but due to lack of interest more and more attention is being paid to the residents of the Fargo-Moorhead area to help make the programs successful.

Serious consideration is being given to discontinuing the convocation series and this certainly is a sorry state of affairs on a college campus—when members of the student body aren't interested in something that doesn't pertain strictly to their field of study.

The Little Country Theater is even considering shifting its main promotion downtown, when actually no promotion should be needed to attract SC students to watch their fellow students on stage.

Something vital will be missing from the college scene if the convocation series is ever discontinued or the Little Country Theater shifts its interest downtown. All we, as members of the student body need do to prevent this, is show a little interest.

Gravel Would Help Parking Lot Lots

With the first snowfall most people forget to worry about the ruts in the crowded parking lots and the packed streets during the rush hours, but slippery spots all over the campus quickly arise to haunt the people to drive to school each day.

Throughout the city of Fargo crews liberally sprinkle gravel and cinders on slippery spots after each snowfall and some areas of the college streets are treated in the same manner. However, the parking lots are usually left to shift for themselves and a potential cause of accidents is allowed to remain.

Constant traffic through the parking lots produces a vast number of ice collections, situations that are aggravated by the heavy use of the lots. Perhaps one way to make winter a little easier on the hard-pressed college student would be to sprinkle a little extra gravel on the lots. The cost would be miniscule and the results sensational.

Bison Notices

All seniors are reminded that letters regarding their activities must be submitted to Dean Dinan's office today. This rule must be complied with so that students may be considered for Who's Who In American Colleges and Universities competition.

The final deadline for pictures for the Bison annual has also been set. All pictures must be in the hands of the annual staff by next Wednesday, November 16, to appear in the 1956 annual.

"A College Driver" . . .

"Carol, do you suppose the motor's trying to tell us something?"

Kappa Alpha Theta Entertains Waring At Dinner Party

SC's chapter of Kappa Alpha Theta, national social sorority, played host to Fred Waring and his son Fred Jr. at a dinner party prior to the appearance of the Pennsylvanians at the field house last Monday evening.

Kappa Alpha Theta has a personal interest in the Waring family because Mr. Waring's only daughter, Dixie, is a Theta at Penn State College.

During the dinner hour members of the sorority became acquainted with the distinguished guests and were impressed by their friendliness and sincerity.

As a token of appreciation for the dinner Mr. Waring invited the entire Theta chapter backstage after the performance of the Pennsylvanians. Upon leaving the campus Mr. Waring also told the Thetas: "If all campuses has such a warm welcome for us, we would travel the rest of our lives."

Pharmic Snowed Under By Work; Palpitating Heart Rebounds At Party

By Anonymous

"Hiyah, pharmic, what's the latest?"

The reclining figure in the grimy acid-holed white jacket did not reply, nor was there any sign of a palpitating heart or of a feeble pulse. Life in the Bison room of the union continued to flow about him but he appeared to be dead.

Finally his eye lids fluttered and a deep groan broke forth from his lips: "I got it again today! Not only yesterday and the day before but today too . . ." His voice was lost in a hollow sob which wrenched his shoulder out of the acid permeated jacket.

"What's the matter, man, what do you mean? Another test? More lab work? Or just more assignments?"

"No, I'm just refering to the incalculable strength of the Pharmacy student which was again assailed to test the fortitude and magnability of such said students. Wow, what a quizzie this morning."

"Hmm—didn't you read the chapters in your book?"

The friendly smile froze on the inquirer's face as he ducked the twenty-two pound book which was hurled at him.

"What do you mean, read the chapters?" the Pharmic demanded hoarsely, "we've got the 877 pages of the N. F., the 3001 pages of the U.S.P., 17,017 pages in the Remington not to mention the two other required books for the course, then we take all the information we have gleaned from these books, put it together with the two other years of information we have previously learned, stir it all up in our brains and supposedly come out with the right answers—ohh, I'm sick," he finished lamely.

"Look kind of tired, man, losing any sack time?" sympathetically inquired the poultry major.

"Sack time—what is it? Class all morning those awful, tedious labs all afternoon, the part-time drug store job in the evening, a quick pick up at the downtown labs, then back to the books. Three days straight. If only I had enough energy to crawl back to the dorm and sack out. No tests until the day after tomorrow—" his cheerfulness was drowned by his deep yawn.

"Well, maybe you should start studying tonight for the test, or even tomorrow afternoon, probably help out cuz it sounds like you have an awful lot to memorize in just one night."

Down Here

At State

By Lee Johnson

Winter seems finally to have fastened its strangle-hold upon the campus scene and so with it must pass plans for that one last cemetery picnic and various other outdoor social endeavors. However, don't think that plans are dormant, just wait until next spring.

Four lucky students will be leaving next week for the annual Associated Collegiate Press convention to be held in the Motor City of Detroit. Don Schwartz and Jim Feeney of the Spectrum, along with the illustrious Reg Gorder and Jon Dewey of the annual plan to make the junket and return with ideas to improve both publications. I just hope they hurry.

A little trophy raid took place last weekend with the ATO's as principal sufferers. I guess that the brisk weather, combined with nothing else to do, caused some personalities to play robber. The escapade was a little juvenile, but then college cats must still act up occasionally.

Another face is missing in the Bison room. Prisco Roza, long-time captain of the chemistry grad group has finally been given a safe-conduct pass and allowed to leave the state. Certain sorority gals are bound to shed tears over the passing of this last of a rapidly-dwindling crowd of party people.

What did you all think of the legs contest last week? Apologies to Bev Simons. Just try and guess the identity of this week's cutie.

Ye thundering Herd is deep in Dixie by now—bent on fanning the junior rebels from Hattiesburg, Mississippi. Mississippi Southern plays a faster brand of ball than the Bison, but the green and gold don't like to lose. Its doubtful if they can see fourteen losses in a row.

Eugene Fitzgerald took a look into the sports situation at SC in his widely-read column last Saturday. He questioned various figures prominent on the scene and began what some people hope will be a thorough look at the athletic status of the college.

Joke of the week concerns a black cat present at the Kappa Alpha Theta pledge presnetation last Sunday. A campus wag deposited it upon the front porch of the 77th Avenue honeys, but it was not appreciated. Hmmm.

Social projects seem to hold the spotlight this weekend. Parties on all sides promise one of the best weekends in a long time.

Mel Ostby, president of Theta Chi fraternity and editor of the annual, must have hoped for some swimming Sunday. He wore a sharp grey suit which he first initiated to the lake water a spring or two ago.

Tomorrow the last of the die-hard frosh may doff their beanies for the last time. This fall lacked many of the usual activities concerned with indoctrinating new-comers. Whose fault?

Fired up award of the week must go to all the hardy people who braved the blustery weather Sunday to appear at the four Greek pledge presentations and to whoever placed the sign in front of the women's dormitory. Neat.

The old alma mater — Fargo High — came through with a handy victory last Saturday at Dacotah field to capture the state Class A football title. If Dick Johnson, Ken Voight, Gary Lein, and friends don't play for the SC frosh next year someone's head should roll.

Turned twenty-one Tuesday, so that's all for this week. See you next time around.

"Y" To Hold Party

A special record party is scheduled for the Y tomorrow evening. Admission will be one 45 or 78 rpm phonograph record.

Kampus Klues . . .

By Karen

The main attraction of this past week seemed to be our visit of Fred Waring and his Pennsylvanians with their new musical show, "Hear! Hear!" The field-house was packed to capacity with a very enthusiastic crowd. Mr. Waring and his son were entertained for supper at the Theta house before the show. Incidentally, the Theta's speak very highly of the son! In appreciation of his good time, Fred Jr., sent two dozen carnations to the Theta's.

The rest of the week was crammed full of entertainments as usual. Our motto—never a dull moment and never any sleep. It's too bad classes have to interfere.

Entertainments

scheduled the past week were between the Alpha Gam's and ATO's, KD's and Theta Chi's, Gamma Phi's and AGR's, and Kappa's and SAE's. The Sigma Chi pledges entertained the Kappa Delta and Kappa Alpha Theta pledges on Wednesday evening.

Exchange dinners on Monday night were with the Alpha Gam's and AGR's, Phi Mu's and Theta Chi's, and KD's and ATO's.

New Pledges

recently added to the sororities are Lorraine Dosch and Barbara Seng for the Kappa Delta's and for the Gamma Phi's, Harriet Fark and Gwen Dove.

"Kappa of the Month"

is Bev Pfeiffer. Congratulations!

Pledge Officers

for Phi Mu sorority are: president, Shirley Bransted; vice president, Terry Draeger; secretary, Arliss Simonson; and treasurer, Genevieve Kovell.

Founder's Day

for the Gamma Phi's was observed on Monday evening at the

Lutheran Students To Attend Meeting At Grand Forks Tomorrow, Sunday

Lutheran students on campus will journey to Grand Forks this weekend for the regional meeting of the collegiate LSA scheduled today through Saturday.

Gardner Hotel. Pledges, actives and alums attended and furnished entertainment at the banquet.

Pledge Presentations

will be held again this Sunday from 2:30-4:30. Those participating will be Sigma Alpha Epsilon, Kappa Delta, and Alpha Gamma Delta.

Term Parties

will be the major attractions this weekend. Friday we have the Alpha Gamma Rho term party, and on Saturday the Phi Mu and the Alpha Tau Omega term parties.

Delegates from Minnesota, North Dakota, and South Dakota are expected to attend with the total number of people in attendance running to approximately five hundred.

Rides to the convention are available by signing up at the LSA house and housing in Grand Forks will be furnished free of charge. The convention schedule includes a 7 p.m. keynote address

Notice

All students who have not yet claimed their identification cards will be given one last opportunity to do so at the public relations office in the basement of the administration building.

Anyone not claiming their card before next Friday will be unable to do so.

this evening by Dr. Lloyd Tallakson, district ELC president; a banquet tomorrow; and a communion service Sunday morning. Bible studies, interest groups, and mixers round out the program.

HERE'S A HIT - LUCKY DROODLES!

WHAT'S THIS? For solution see paragraph below.

YOU ALWAYS COME OUT ON TOP when you light up a Lucky, because Luckies are tops for taste. Luckies taste better because Lucky Strike means fine tobacco . . . mild, mellow tobacco that's *toasted* to taste even better. The men in the Doodle above have *come out on top*, too—in more ways than one. The Doodle is titled: Convention of baldheaded men smoking Luckies. Follow their shining example: light up a Lucky yourself. You'll say it's the best-tasting cigarette you ever smoked!

Union Meeting

Eight students and two advisors are representing North Dakota State at the Eighth Annual Conference of Region 7 Association of College Unions which is being held at the University of Minnesota this weekend.

The students representing State are Allan Schumacher, president of the NDSC student union activities board; Jim Rumpka; Kay McGear; Jane Kanellus; Marlene Qualley; Jack Larson and Dewey Swenson. The group's advisors are Dale Brostrum and Mrs. Tarbell.

Gold Star Band Party

The Gold Star Band held a get-acquainted party in Putnam Hall Thursday, November 3rd.

Short talks were given by director William Euren and by Dale Sarff. Euren spoke on the history of the band and of its founder, Dr. C. H. Putnam. Sarff, a member of the band, gave the group his idea of what being in the Gold Star Band should mean to them.

A lunch of doughnuts and lemonade was served. Jack Larson and Bob Montgomery poured.

Staff-Notes Gathering

Putnam Hall was the scene of the second meeting of the Staff and Note Club on Wednesday evening, November 2nd. Members entertained each other in an informal atmosphere with vocal and instrumental selections.

Mrs. Ralph Croal, advisor of the club, introduced the numbers and gave the background of the selections performed.

Any student interested in performing music (piano, band or orchestral instruments, or vocal) for an informal group is invited to Staff and Note. Meetings are held every other Wednesday evening at six o'clock.

The next meeting will be November 16th.

AF Officer Promoted

Lieutenant Adolph J. Halverson, assistant professor of air science in ROTC at SC, has been promoted to captain, announced Lt. Col. Norris Brill, detachment commander.

In addition to his instructor duties here, Captain Halverson is an advisor to the Arnold Air Society and the Air Explorer Scout Unit.

SC Student Attacks NDU Editor Column

Dear sirs:

For some peculiar reason I managed to obtain a copy of the Dakota Student, college newspaper at the University of North Dakota, and I discovered an article written by the illustrious editor of said publication.

Mentioned prominently in the column subtly titled The By-stander was a mention of the episode concerning the Nickel Trophy and the attempt made to liberate it during the homecoming football game.

In the column the action regarding the Buick convertible and the four men in the car is rather loosely interpreted, to the advantage of any university hoods who may have taken part in the melee in which the car was partially wrecked.

Alpha Tau Omega fraternity is blamed for the entire action—and this is a gross injustice. Actually the fact stands that the students in the car represented several fraternities with chapters on the SC campus.

The students in the car were merely displaying the spirit any normal college personality would indulge in during homecoming festivities. That of blowing off a little steam.

It seems to be that most of the blame lays not with old state scholars, but with the vandals from up north. They should know better than to wreck a new car and enjoy themselves.

Yours truly,
Bill Buck

Student Senate, Cont.

membership on the boards of radio, publications, and athletics.

The lack of lighting on campus parking lots resulting in minor burglary of parked autos was discussed. Lyle Nelson was appointed to investigate the possibilities of keeping the floodlights on all night.

Students are reminded that student senate meetings are open to the public. The next regular meeting is scheduled for Tuesday, November 22.

Notice

All NDSC students will be admitted to the concert by the Robert Shaw chorale at the Concordia fieldhouse tonight for 50 cents upon presentation of their activity ticket and student identification card.

Trainer, Man Behind Scenes, Plays Vital Role In Bison Gridiron Fortunes

Pete Smith

The subject for our interview this week is a man who plays a very important part in the movement of State's football fortunes. Although he is practically unknown to the average SC fan, J. H. Forrer is a vital cog in the Bison football machine.

As trainer for the Herd, it is his job to keep each player in shape to go at top speed at all times, and this assignment keeps him hopping constantly every weekend.

Mr. Forrer has had a wide and interesting background in this

field, and should qualify as some sort of an authority on the subject of treating athletic injuries.

Coming originally from Switzerland, Mr. Forrer served for several years as the trainer for a professional Swiss soccer club. This would be the equivalent of a position with a major league baseball team here in America, as soccer holds prominence as a major sport in European countries. After serving in the navy and attending school for a time, he came to America, where he set up a physical therapy business in Chicago.

Oddly enough, Mr. Forrer's official position at NDSC is as an instructor in welding in the mechanical engineering department. His duties as football trainer are purely for kicks as an extracurricular avocation. As he puts it, 'some men like to play golf, but I enjoy physical therapy.'

Forrer says that having to keep office hours and charge flat rates for his work takes the enjoyment out of it for him, while treating the aches and pains of the athletes here at college is more the type of job he likes.

Football injuries, according to Forrer, are much more common in the earlier stages of the season and always decrease as the players work themselves into better condition.

Cold weather is a major cause of injuries here at State, as increased cold makes the players more vulnerable to minor sprains and twists. With his equipment, valued at over \$3000, Forrer is able to treat a sprained ankle in a matter of minutes.

Incidentally, it is Forrer who has been treating Tony Haberland—Bison footballer who was injured in last year's spring game. Although it was doubtful for a time that Tony would be walking for some time, Forrer has him up on his feet, and with the aid of a cane, attending classes.

It is our opinion that the entire student body owes a vote of thanks to this man, who has operated so efficiently behind the scenes, keeping the Bison athletes in top condition.

Weekly Calendar

Friday, November 11

9:00 p.m. Alpha Gamma Rho Term Party—K.C. Hall.

Saturday, November 12

7:00 p.m.—Phi Mu Dinner Dance (Term Party)—Gardner Hotel.

9:00 p.m. Alpha Tau Omega Term Party—Am. Legion Hall, Moorhead.

Sunday, November 13

Morning—Religious Services. Afternoon—Religious Organizational Meetings.

Monday, November 14

4:00 p.m. Air Debs Social Meeting—Field House.

4:15 p.m. Intramural Athletic Meetings—Room 204, Field House.

7:00 p.m. Fraternity and Sorority Meetings.

8:30 p.m. Student Union Activities Board Dance—Union Ballroom.

Tuesday, November 15

4:00 p.m. Freshman YW Commission Meeting—College Y.

4:00 p.m. Bacteriology Seminar—Morril Hall.

4:15 p.m. Chemistry Seminar—Room 204, Ladd Hall.

7:00 p.m.—Sigma Chi to Entertain Gamma Phi Beta—Sigma Chi House.

Wednesday, November 16

4:00 p.m. 3-D Coffee Hour—3-D Rooms at College Y.

4:15 p.m. A.I.E.E. Meeting—Room 22, S. Eng. Bldg.

7:00 p.m. Alpha Gamma Rho to Entertain Kappa Delta—AGR House.

7:00 p.m. Chess Instruction—Small Lounge, Union.

Thursday, November 17

12:00 Noon Faculty-Student Luncheon Discussion Group—College Y.

12:00 Noon Civil Engineering Department Luncheon Meeting—Chuck Wagon.

Willard Pye, Geology Dept. Chairman, Attends New Orleans Conventions

Dr. Willard D. Pye, chairman, department of geology and geography at North Dakota State College, is attending meetings of the Geological Society of America and Geological Teachers Association in New Orleans this week. He also participated in the meetings of the American Geological Institute, also held in New Orleans November 6.

Dr. Pye is chairman of the geological glossary committee for sediments, soils and insoluble residues, and steering committee-man for the Society of Economic Geologists and Paleontologists, a member society of the American Geological Institute.

Final plans will be determined

for publication of the geological dictionary which has been under preparation for over three years. This is a joint project of the Geological Society of America and the American Geological Institute.

Progress on the symposium dealing with the Pennsylvanian rocks of the United States will be reviewed. Dr. Pye is in charge of one of the units of this symposium which will appear next year.

Engineers To Meet

American Society of Mechanical Engineers will hold their regular meeting next Tuesday night at 7:30 in the north conference rooms of the union.

Special events of the evening will include a speaker from Collins Radio Company and a movie from Cornell University on "Safety in Automobiles".

All mechanical engineering students are invited to attend this meeting.

Placement Service Offers Interviews With Varied Groups

The Institute of Gas affiliated with Illinois Institute of Technology has announced their fellowship program for the coming academic year. The Institute offers tuition and a stipend adequate to cover living costs of the fellow while attending the Institute.

After two years of graduate study a masters degree in Gas Technology is awarded by the graduate school of Illinois Institute of Technology. Interested students may obtain application forms from the Placement Service.

* * *

The Ralston Purina Company would like to receive applications from mechanical, industrial and agricultural engineers interested in production engineering. Ralston has plants throughout the United States and Canada. Further information may be obtained from the Placement Service.

Alpha Zeta Meeting

A recommendation supporting a student senate committee on course evaluation was passed at the regular meeting of the Dakota Chapter of Alpha Zeta Wednesday evening in room 215 of Morrill Hall.

A report was presented by LaDon Johnson on the open forum discussion conducted on the proposed honor system. Marvin Duncan reported on the leadership clinic.

Candidates for membership were discussed and nominated.

Saddle-Sirloin

Highlights of the 1955 Little International Livestock Show were presented in a short film shown Tuesday evening at the second regular meeting of the NDSC Saddle and Sirloin Club.

Business conducted at the meeting consisted mainly of revision of the club constitution. Reports were also given on the

judging trip to Kansas City, Mo. Reporting on the livestock team was Don Phillips. Duane Erickson told of the meats judging contest and trip.

Arlo Howe, John Johnson and Don Schwartz were appointed to prepare a constitution governing the Little International.

It was decided to hold a basket social with the NDSC Tryota club.

Lynn Howe was the winner of the \$5 door prize and will serve as lunch chairman at the next meeting.

Ag Engineer Activity

The American Society of Agricultural Engineers, campus chapter, was held last Thursday with Mr. Henry Kucera, the new advisor, in attendance.

Floyd Larson reported on the leadership clinic held at Urbana, Illinois last summer and the homecoming parade float was also discussed.

Named as the new farm equipment institute report chairman was Dick Johnson.

Campus Cutie . . .

Sandra Benedict
A small, brown-haired honey is Sandra Benedict, one of the reigning beauties of Gamma Phi Beta and perhaps the best looking girl in Moorhead. A sophomore at old State, Sandy is active in Air Debs and on the Bison annual.

DEWEY SEZ —

The five would-be stealers of the Nickel Trophy want to thank the student body for coming through and helping us pay for damage on the gteaway car. As you know the damage was caused by "guided muscles" from NDU. Too bad they couldn't have helped pay the damage, but then there is the U. Series coming up—need I say more?

Speaking of real steals we have ivy league flannel trousers at \$13.95 in char tones and the new ivy green. Fingertip topcoats are still the most from \$19.95 in assorted cloors. The ivy league caps are going fast at \$2.95 for the "sport car" fans. We have rubbers and overshoes in all sizes, so remember this when the snow flies.

Again—for Kool Karl Kampus Klothes it's the

To those interested in advanced academic study while associated with important research and development in industry, Hughes offers two separate, practical programs:

HUGHES COOPERATIVE FELLOWSHIP PROGRAM

FOR MASTER OF SCIENCE DEGREES

This program is designed to enable outstanding graduates in Electrical Engineering, Mechanical Engineering or Physics to obtain the Master of Science degree while acquiring experience in an industrial research and development environment. The program is comprised of full-time summer employment at Hughes under the guidance of experienced scientists and engineers, and part-time work at Hughes during the regular school year arranged to permit the student to maintain a half-time university schedule of graduate study.

Tuition, books and fees will be provided by

Hughes. The income provided will enable the participant to enjoy a reasonable standard of living while pursuing his advanced studies. Travel allowances will be made to those living outside the area.

Applicants must be able to meet the entrance requirements for graduate study at the University of California at Los Angeles, the University of Southern California, or the University of Arizona. Because of the classified nature of the work at Hughes, applicants must be U. S. citizens for whom appropriate security clearance can be obtained. As many as 150 awards will be made.

Application forms and instructions may be obtained by writing to Committee for Graduate Study.

THE HOWARD HUGHES FELLOWSHIPS

IN SCIENCE AND ENGINEERING

Eligible for these awards are U.S. citizens who have completed one year of graduate work in Engineering or Physics and who can qualify for graduate standing at the California Institute of Technology for study toward the degree of Doctor of Philosophy or post-doctoral work. Each fellowship covers a twelve-month period which includes a ten-week advanced development project carried out during the summer at Hughes Research & Development Laboratories, followed by a full-time program of study and research at California Institute of Technology.

Each appointment provides a cash award of not less than \$2,000, a salary of not less than \$2,500, plus \$1,500 for tuition and research expenses. In case of financial responsibilities that might preclude participation in the program, suitable adjustment may be made. Moving and transportation expenses are provided for those living outside of Southern California.

For application forms and complete information, address correspondence to the Howard Hughes Fellowship Committee.

HUGHES RESEARCH AND DEVELOPMENT LABORATORIES
Culver City, Los Angeles County, California

OFFICE OF SCIENTIFIC STAFF RELATIONS

A Letter To The Sports Editor

Editor's Note: Last week an editorial appeared in the Spectrum in regard to the fact that "the sororities have abolished intramural sports", and this appears to be an intelligent reply or answer from a segment of the people who were and are in favor of abolishing intramural sports for the sororities. The views of these pages are not changed but this gives you an opportunity to read the other side of the question.

Dear Mr. Beatty:

In regard to your so-called "sound advice" as printed in last week's Spectrum, why don't you find out what you're talking about? May I clarify a few facts for you?

In the past, sororities have held intramural competition in several sports—volleyball, softball, bowling, etc. Granted, in your article you stated how sororities have great competition in pledges, brev-

ities, etc., doesn't it seem logical that little time is left for intramural competition? A sorority is a social organization—it exists for that purpose. Panhellenic council (representatives from each sorority) must vote on such matters as intramural competition, and Panhellenic council voted to abolish intramural competition under Greek names due to lack of interest. The few from each sorority that were still interested had the authority to organize teams under any name they desired, employing whom they wanted as team members. Although these teams are primarily Greek, they are not existing for that purpose.

Signed,
An Irate Female Reader

Notice

A meeting of the NDSC lettermen's club has been called for next Wednesday evening at 7 at the Theta Chi fraternity house. All lettermen in any sport are invited to attend. Projects for the remainder of the school year will be discussed.

An important meeting for the organization of intramural basketball will be held at room 204, in the fieldhouse on November 21, at 4 p.m. All those who are interested should attend.

EAT GREEN GRASS!

Augustana Dumps Herd For Win; First Since 1951

NDSC dropped its last conference game last Saturday to Augustana by a 13-0 score. It was the first conference win for the Auggies since 1951, and was the Herd's sixth NCC loss this year without a win.

Injuries and penalties played a large part in the Bison loss, as co-captains Emil Zueger and Pat Vickers were both sidelined, along with backs Bob Sturdevant and Gordon Friede. All four men are doubtful starters in this week's game with Mississippi Southern, at Hattiesburg, Mississippi.

Augustana scored one touchdown in each of the two final periods, converting only after the last score. In the third quarter, the Vikings' Phil Nelson plunged over from the one yard line, while Chuck Howlin scored in the fourth from one yard out, after setting up his score with a twenty yard run. Baker converted for the Augies to give the South Dakota team a 13-0 final score.

State's fine all conference end, Glenn Hill once again stood out for the Herd. Glenn has taken over the conference pass catching lead, and appears to have a safe lead over his nearest rival, Paul Heine, of Augustana.

Bison Face Rough Go Against Rebels

By Jim Beatty

As you may know the "Fargo Forum" carried an article by Eugene Fitzgerald last Sunday headlined, "Inquiries Reveal That All is Not Peaceful In The NDAC Athletic Situation".

At the time this paper went to press we have not had time to contact all the people we wanted to to present a detailed study of this article and the situation in the Athletic Department, so next week we will present an informative discussion of the situation to you.

The NDSC football team travels to Mississippi to play strong Mississippi Southern this week-

end. The Bison will be meeting a tough, big-time team and with a number of injuries they will have a tough time.

The Athletic Department will receive \$10,000 or some 40 odd percent of the gate. Whichever value is the highest is the one they will bring home. The profits from the expedition will go to buy some much needed athletic equipment for the department.

Mississippi Southern has lost only one game this season and has an excellent squad.

PATRONIZE SPECTRUM ADVERTISERS!

Bowling Highlights

In the Classic League the bowling stars for last week's game are the Newman Club, Kappa Psi Team No. 1 and the Sigma Phi Delta's. They all won 7 games and lost two.

Highest individual in three games was Lies, Kappa Psi No. 1, with 511 points. Second was Wright, Co-op, with 503.

Last week's stars of the Student-Staff league was the Farm House team No. 1. They won 5 games and lost one. Next were the Phytoboy's who won four and lost two.

Hoymann and Sweeney were high scorers in three games with 502 and 497 points, respectively. Dawson made the high score in a single game, 184. Second was Sweeney with 179.

The Sigma Chi's hold the "Championship position" for the All Star League in bowling last week. They have won eight games and lost only one. Second were the Kappa Psi's who won seven and lost two. Gehring, Vet's Club, holds the

Patronize Spectrum Advertisers!

highest individual score in three games having 587 points. Second was Tyson, Theta Chi, with 521 points.

Taus Edge Theta Chis For I-M Football Title

A score of 1-0 gave the Alpha Tau Omega's the intramural football championship for 1955 in a game played last Wednesday afternoon. The ATO's played the Theta Chi's to a scoreless game and the winning point was awarded the ATO's on the basis of yardage gained.

The two teams were hampered somewhat by the cold and dampness. Most of the play took place near the middle of the field.

"On the Scene" - By Baillie

By "Beetle" Baillie

Here we are again, you lucky people. I know how tough it's been for you, but never fear, Baillie's here. (No conceit in MY family).

* * *

Word has reached us by the grapevine that dissension has raised its ugly head amongst readers of this sheet that yours truly is a wolf in sheep's clothing—that is to say that he is masquerading under the guise of sports writer while all the time he is writing this subversive little propaganda-type column.

Therefore, this being the case, we have no alternative but to take refuge behind our old buddy, the fifth amendment. So, how's that grab you?

* * *

Another old buddy, Duane Swenson Himself, has been lighting up ye olde Spectrum office for the last hour with his brimming, exuberant presence, disrupting completely the high degree of operational efficiency for which this organization is known.

* * *

Give away dept. (If Cedric Adams can do it, so can we.) Dry, crusty pipe tobacco and several old discarded briars—will take anything in trade. See James Beatty, Spectrum Office, student union, NDSC.

* * *

It is rumored that Rahjah Prexy and general BMOCSoutham is foregoing his brilliant career as a perennial student in SC's school of pharmacy to assume an equally brilliant future as an operatic concert baritone. (Then maybe we could turn him off.) His accompanist for the tour will be, of course, State's Ugly Man, Alan J. Schumacher.

* * *

Spectrum Scoop! There are 586 squares in the grid of the heat register in the left hand corner of the balcony of the Towne Theater. Any arguments?

* * *

Fired-up-of-the-week award this week is split between two deserving parties. Janie Kanellos, the Chicago Fireball, on her thoughtfulness in starting the "charity drive" for the repair of the Buick used in the infamous "Nickel Incident", and Lee Johnson the "Bard of the Bison Room" on his having reached the age of legality. Look for both at Friday Club this afternoon.

* * *

And, while we are on the subject—TGIF club will commence at three this afternoon at the Flame. Attendance will be taken, so be there.

* * *

This missed the social column—Bug and his SAE's had an all stag record party at their house last Sunday. They only had one record, but they really spun it well.

* * *

Maybe we spoke too soon last week. Work on Cereal Tech seems to be at a standstill. Did we run out of taxpayers' money, or are they leaving it till spring and warm weather? And WHO was the genius that painted the title over the front door? Should be some heads rolling for that.

* * *

And in the same vein of questioning, who was the dirty dog that stole the Tau trophies? Roy Cedarstrom and company were really up in arms over that one.

* * *

Looks like things will be comparatively slow on campus for some time. The notorious Tip Miller has resolved to start hitting the books and go a little easy on the firing up program.

* * *

Since this column appears on the Sports page, maybe we should insert something athletic in at this spot. It's too late to get the results of Theta Chi, ATO championship IM football game, but we'll bet that it rivals the Bromo Bowl in sheer warmth and spirit. By the looks of things at this writing, it should be real "cool" to say the least.

And drop in downstairs once in a while and cheer for those bowling leagues. There some real down-to-the-wire battles every night.

* * *

Phone call of the week:
Sig.: "Hello, is this the Salvation Army?"
Voice: "Yes".
S.: "Do you save bad women?"
V.: "Yes".
S.: "Well, how about saving me a couple for Saturday night?"

* * *

The Major-Domo Editors up here tell me that I've used up the allotment of extra space for this week, so that's about all for this week. (I'll bet you're glad.) But check again next week—who knows, maybe the censors will have gotten to us by then.

And remember, it's not getting old that slows you down, it's just lack of strength for firing up.

Spectrum Sports Questions Athletes On Various Orders

By Jim Beatty

The Lettermen's Club recently put a notice on my desk that they were going to stop the wearing of letter sweaters, jackets, etc., from other schools on campus and as of yet I see that no action has been taken to rid the campus of these unsightly garments. Today I spotted over ten letter jackets, one sweat shirt, plus an Ohio State cheering picture in the Straus Clothes Closet.

From my observations it appears that the lettermen are the biggest offenders in wearing foreign jackets, the reason may be that they as a group have the largest share of letter jackets on campus. Straus has the right idea using campus pictures but why Ohio State, you would think that somewhere they might be able to obtain a picture or two of Old State.

One might think that the lettermen might clean their own house before they go around removing letter sweaters from other students. But what ever way it is done let's remove those foreign colors from Old State for "what nation will let another country's flag fly from the highest pole".

State Cagers Open Season At Drake December 2 To Begin Cage Campaign

By Jim Beatty

The NDSC basketball team will open its season December 2 against Drake University at Des Moines, Iowa.

Practice for the NDSC varsity and freshmen basketball teams is well underway. Cliff Rothrock, freshman football coach will be in charge of the Frosh basketball team and Chuck Bentson, varsity coach will again do his best to bring another NCC championship to Old State.

The season looks good for both teams. Fundamentals have been stressed in practice for both

teams. The varsity schedule is as follows:

- NORTH DAK. STATE COLLEGE**
1955-56 Basketball Schedule
- Dec. 2, Drake Univ., there.
 - Dec. 3, Iowa State College, there.
 - Dec. 17, Concordia, home.
 - Dec. 15, Augustana, there.
 - Jan. 6, Iowa State Teachers, home.
 - Jan. 7, Morningside, home.
 - Jan. 14, Morningside, there.
 - Jan. 16, Iowa State Teachers, there.
 - Jan. 20, South Dak. State, home.
 - Jan. 21, South Dak. Univ., home.
 - Jan. 25, Concordia, there.
 - Jan. 30, MSTC, home.
 - Feb. 3, South Dak. Univ., there.
 - Feb. 4, South Dak. State, there.
 - Feb. 10, Augustana, home.
 - Feb. 11, Gustavus Adolphus, home.
 - Feb. 17, North Dak. Univ., there.
 - Feb. 18, North Dak. Univ., there.
 - Feb. 24, North Dak. Univ., home.
 - Feb. 25, North Dak. Univ., home.

College Students Oppose Using A-Bomb. Poll Reveals

MINNEAPOLIS (ACP) — Hostilities in the Formosa strait have simmered down considerably while lower-level negotiations between the United States and Communist China are being carried on at Geneva. But the Geneva discussions will soon be coming to a close and the issue is anything but settled. If hostilities should resume the United States has pledged itself to defend Formosa.

This brings up the question of the use of the A-bomb, and whether or not it should be used. To obtain an idea of collegiate opinion on this issue, the Associated Collegiate Press asked the following question of a representative cross-section of college students:

If the Chinese reds should attack Formosa, do you think the United States should use the atom bomb to help defend Formosa?

The results:

	Men	Women	Total
Yes	34%	18%	27%
No	60%	69%	64%
Undecided	6%	13%	9%

The answers definitely indicate an opinion split between men and women, with more men favoring use of the A-bomb. Nevertheless, some of the coeds give definite sanction, such as the coed attending Colorado A. & M. (Ft. Collins, Colo.) who feels "we should use all the power available."

Here is a typical list of comments by students favoring use of the A-bomb.

It should have been done in Korea.

Whose Legs ????

Once again Chesterfield cigarettes is sponsoring a "whose legs are these" contest. Enter your guess on the back of an empty Chesterfield pack and deposit it at the bookstore.

The gal this week is a sorority member, small, and comes from a town not far from campus. Ha, ha. Will last week's winner, John Anderson, please contact the Spectrum office for his free carton of Chesterfields.

It would show that the United States means business.

Only if there is a direct attack upon Formosa.

To prevent the Reds from spreading any more.

It would be a good opportunity to try it on people; we don't want another war like Korea.

Not right away, perhaps later on.

Students opposing use of the A-bomb generally do so for two reasons: it would be morally wrong, and it would only lead to an all-out atom war. This latter opinion is succinctly stated by a freshman coed at the College of St. Catherine (St. Paul, Minn.) who says, "If we do it, they'll do it back."

A Purdue University (Lafayette, Ind.) freshman thinks that "we have enough strength without having to resort to the A-bomb," while a junior coed at Augustana College (Sioux Falls, S. D.) feels "we should not use the A-bomb unless we absolutely have to do so."

Perhaps the objection from the

moralistic point of view can be summed neatly by the freshman coed attending Hunter College (New York City) who says, "I don't approve of mass annihilation."

Air Societies Hold Initiation Banquet

The Arnold Air Society and Air Deb Organizations jointly held an initiation and banquet at the student union, announced Lt. Col. Brill, professor of air science.

The purpose of the program was to initiate new members of the two Air auxiliary organizations.

Guest speakers at the banquet were Dr. Fred S. Hultz, and Chaplain (Lt. Col.) Vernon O. Rogers, staff chaplain of Air Force ROTC Headquarters. Other guests present were: Mrs. Hultz, Dean Dinan, Miss Kathryn Wesner (advisor to the Air Debs), and AFROTC officers and their wives.
