

## Senate Open Forum Monday Nite

### Spring Prom Features Eddie Grady And Commanders

#### Last All-College Dance On Schedule At Fieldhouse Next Wednesday Night

Wednesday, May 16 is the date, 9:00 p.m. is the time, and the NDSC Fieldhouse is the place for the 1956 version of the Spring Prom. Featured on the bandstand will be Eddy Grady and the Commanders.

The Commanders, Decca Recording artists, are a fairly

new dance band on the national scene but already they have swept the country.

Their tremendous popularity can be attributed largely to the unique arrangements whipped up by a very special sort of musician who is connected with them. This man goes by name of Camarata, and his background in the field of entertainment features services with such top names as Jimmy Dorsey and Bing Crosby.

As for Eddy Grady himself, the young drummer started playing drums at the age of 5 when he appeared on a children's radio show. At the tender age of 8 years he appeared with Paul Whitman, and when he was 12 he made appearances with Tommy Dorsey and his orchestra.

The armed forces beckoned Grady when he was 17, and he wound up playing in one of the Glenn Miller bands. Leaving the armed services behind him, this young man returned to the Tommy Dorsey aggregation. In 1952 Grady traveled to New York to do recording work with Benny Goodman.

It was at this time that the great Camarata and Eddy Grady met for the first time. Since then their's has been a story book rise to the top of the heap.

As for the dance itself, it is informal. No corsages, please! The prom is being backed by the student senate, and is a continuation of their effort to bring top name bands to the campus.

The dance is open to the public, and arrangements have been made with the personnel of the women's dorms at both MSTC and State for the girls to get late hours.

Tickets are priced at \$1.25 per person and may be obtained from any member of the student senate. Tickets are also on sale at Daveau's in both Fargo and Moorhead.

#### Military Honoraries To Recognize AF Day At Banquet Tuesday

Scabbard and Blade and its auxiliary, Guidon, will jointly sponsor an Armed Forces Day Luncheon on May 15. Lt. Colonel Donald C. Fraser, Fargo Postmaster and Commanding Officer of the 164th Heavy Mortar Battalion, North Dakota National Guard, will speak on "Power for Peace".

The luncheon will be held at the Union starting at 12:00. All interested students and faculty are invited to attend and may obtain tickets from any Scabbard and Blade member or from the Army ROTC department.

#### Third Annual Senior Day Huge Success; Nearly 300 Attend

NDSC's annual senior day, held one week ago today turned out to be the most successful since it's beginning three years ago. Over 250 high school seniors from throughout the state attended.

The annual event started at 9:30 Friday morning with registration at the Student Union.

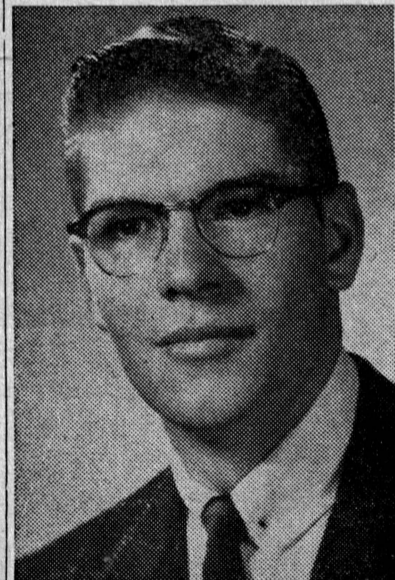

Following registration the seniors were taken on tours through the various schools on campus. Students from those schools were on hand to explain the exhibits and to answer any questions.

The Saddle & Sirloin Club put on a big feed at the livestock arena during the noon break. The guest seniors were entertained by some of NDSC's home talent during their lunch. Portions of several Bison Brevities acts were presented, plus a few other acts from around campus.

After the barbeque lunch the tours continued. The afternoon ended with some of the luckier guys and gals of the group winning portable radios.

Several groups of Fargo businessmen were shown around the campus after the seniors were through.

#### Gross Elected To Head Rahjah Club

Gene Gross

The Rahjah Club elected new officers at their last meeting and Gene Gross was chosen as president to head the group through the 1956-57 school year. Barry Johnson is the new vice-president, Arv Vasenden, secretary, and Lowell VanBerkom, treasurer.

Rahjah Club is going to attempt to create more interest in the Herd baseball team. Also decided by the club is the presentation of Most Valuable Player awards to those players excelling in tennis, golf, track, and baseball.

#### NDSC Student Senate Considers Raising Of Student Activity Fees

Athletic director Les Luymes spoke to the regular meeting of the student senate in the student union last Tuesday evening.

In his talk Luymes stressed the need for increased funds for the continued smooth opera-

tion of the athletic department. He pointed out that the department is short staffed and a trainer and various coaches are badly needed. Luymes said that this spring one man is coaching tennis, track, and golf.

Following Luymes' talk the senate discussed ways and means of raising at least a portion of the needed funds. It was suggested that the student activity fee be increased to help cover these expenses.

To support this proposal it was brought out that the athletic department is still receiving the same \$2 portion of the students' fees that they received in 1932. In 1932 \$1 would comfortably house three traveling athletes, while \$.75 would provide three meals a day for one of State's stalwarts.

Today for the same facilities and meals costs are about \$10 and \$2.50 respectively. The cost of equipment has greatly increased over the span of years, as is pointed out in the comparative cost of football uniforms. A full uniform cost \$75 20 years ago, and today the same uniform costs \$250.

NDSC's athletic fee is the lowest in the North-Central Conference at the present time. Most of the other schools are receiving \$15 while our department receives only \$6 per year. It was pointed out that the program presently offers the students approximately 10 basketball games, 5 football games, and 5 baseball games for the price of \$6.

Financial problems in other portions of the school were also discussed, and it was pointed out that the Bison Annual is still operating on the same allowance per student that they received in 1932.

The problems of fund raising and the question of raising fees will be discussed at an open forum in the student union next Monday night, May 14 at 8:30. Students are urged to come to the forum and express their opinion on this matter. If no opposition is heard at the meeting the senate will assume that the plan is approved of and go ahead with the action that will raise the fees.

Other business discussed at the meeting included the erection of a stop sign at the corner of 13th Street and 13th Avenue North. President Tip Miller reported that an automatic stop sign will be erected at this corner in the near future.

#### Senior Reception Set

Graduating engineering seniors will be entertained at the seventh annual faculty and wives reception scheduled next Tuesday evening at 8 in the union ballroom. All seniors in the school of engineering are invited to attend the gathering.

#### Nodak Farm Bureau To Host Banquet

NDSC Farm Bureau members and friends will be treated to a free banquet-meeting next Thursday evening, May 17 at 6:30 in the new State Farm Bureau building, 1101 First Avenue North.

All State College students who are interested in the Farm Bureau are urged to attend the banquet, according to Mrs. H. D. Lohse, Farm Bureau officer. Interested students are asked to call the Farm Bureau office by next Tuesday for reservations.

Following the banquet Harold Grommesh, organization director will discuss Farm Bureau policies and issues. Gil J. Stafne, state executive secretary will report on the proposed Graduated Land Tax measure. An open question and answer period will follow.

Special entertainment and a tour of the new state office building will complete the evening's program.

Further information may be obtained by calling Don Schwartz at 2-3158 or the Farm Bureau office at 2-3354.

#### Senior Announcements Ready At Registrar's

The office of admissions and records announced recently that graduation announcements are now available for both the Bachelor's and Master's degree candidates. They may be picked up at the office of admissions and records at any time.

All graduating students are urged to order caps and gowns as soon as possible. Orders are now being taken in the college bookstore. Candidates for MS degrees must also make arrangements for their Master's hood.

#### Notice

Alpha Phi Omega's book exchange in the library will be open for the last time this quarter next Tuesday from 7 to 9 and next Thursday from 9 to 12 in the morning.

This will be the last chance to pick up money for books left at the exchange during the fall quarter or previously. Anyone unable to come to the exchange during these times is urged to contact Al Wieland at 2-3607 before May 17.

#### Saddle And Sirloin Judging Contest On Tap Tomorrow

Registration for the Saddle and Sirloin Club's annual spring judging contest is slated for 8:00 a.m. tomorrow morning in Sheppard Arena.

The contest will get underway at 8:30 and the contestants will judge three classes of beef, three of swine, and three of sheep. Reasons will be given on six of the nine classes.

Trophies will be awarded to the high individual in the contest, the high man in reasons, and the high man in the freshman-sophomore competition. Ribbons will be awarded to the top three men in the contest, and to the top three individuals in each division.

Officiating in the swine division will be Tom Hall, purebred Duroc breeder from Grandin, and Carl Bjerke, Berkshire breeder from Northwood. Hal Ekness, Shorthorn breeder from Grand Forks, and Jim McGregor, Angus raiser from Ada, Minnesota will handle the official duties in the beef department. Jim Noble, purebred sheep raiser from Page, and M. L. Buchanan, head of the animal husbandry department will handle the chores in the sheep division.

Members of the 1955 senior judging team are doing the planning work for the contest, and they wish to remind everyone that anyone in the school of agriculture is eligible to enter.

#### SC Delegation To Purdue AIEE Meet

Three SC students and a faculty member from the electrical engineering department will leave this week for Purdue University to attend a meeting of the student branches of the American Institute of Electrical Engineers.

Representing the college chapter at the meeting will be Bob Myller, Ralph Rothfusz, Jerry Vonderheide, and Professor Ed Anderson.

At the conference there will be a student paper contest in which Vonderheide will compete. Scheduled May 11 and 12 the conference will feature guest speakers, a business meeting, and the student paper competition.

### Proposals Advanced To Raise Activity Fees; Open Forum Planned

Due to demands from numerous organizations on the campus of North Dakota State, your student government is considering the possibility of suggesting to the state board of higher education that the activity fee be raised. These considerations are the result of much contemplation and discussion by the student senate for most of the past year.

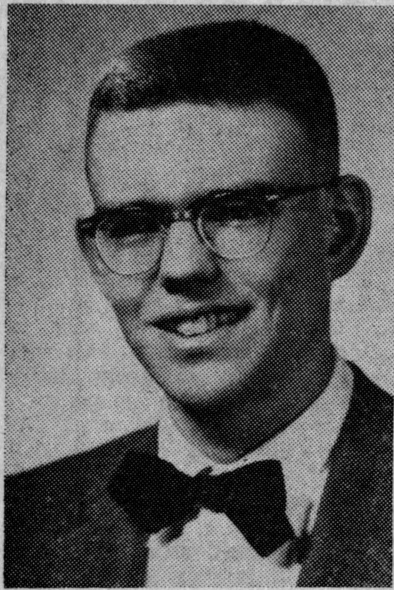

Various activities that form an intricate part of collegiate life, such as the student radio station, Bison annual, athletic department, lyceum series, Gold Star band, ad infinitum are operating on severely limited budgets and are calling upon the student body for aid.

Actually the activity fee of twelve dollars paid by each student quarterly is perhaps the lowest in the entire North Central athletic conference. Information from other schools shows that the student fees run from 20 to 30 dollars per term.

The student body is being given an opportunity to express their opinions on the proposed raising of the athletic fee at a special open forum set for Monday evening. Remember, the senate will not approve the requests unless it seems that most of the members of the college community go along with it.

This is both an opportunity to express your opinions and make your voice felt as a member of the student body. Let the senate know your feelings. Remember, the proposals for raising the athletic fees have been carefully discussed. No one is trying to rob you! It simply could be a chance to make State a better place to go to college.

### KDSC Staff Appointees Assume Duties

Don Grimm

Art Lies

Don Grimm, freshman electrical engineer, and Art Lies, junior music major, were appointed technical director and publicity director, respectively, of KDSC campus radio according to Jack Larson, station manager.

Grimm, from Hurdsfield, is a pledge of Sigma Phi Delta fraternity and a member of Gold Star Band.

From Carrington, Art Lies serves as treasurer of Kappa Psi fraternity, and is a member

of Blue Key honor fraternity, Kappa Delta Pi, honorary educational fraternity, and Kappa Kappa Psi, honorary band fraternity.

As technical director Grimm is charged with maintaining the engineering staff and equipment of KDSC.

Publicity director Lies will head drives to interest students in participation in KDSC activities and general publicity work for the station.

"Who will it be?" Your guess is as good as anyone's. Above are the three dolls competing for the title of "Sweetheart of Kappa Psi" at the pharmacy frat gathering May 19. Left to right they are Pat Moore, Kappa Kappa Gamma; Jane Brush, Gamma Phi Beta; and LaRae Gendreau, Gamma Phi Beta.

### AFROTC Cadets To Attend Camp

The following NDSC Air Force ROTC cadets will attend 28 days of summer camp training at Fairchild and McChord Air Force Base, Washington and McClellan Air Force Base, California, according to Lt. Col. Norris Brill, Professor of Air Science.

Cadets Leroy Aafedt, Arthur Hahn, James Gebhard, Charles Bartholomew, Delwin Bopp, Kenneth Harmon, will report to the first summer camp June 17, at Fairchild.

Cadets Dana Hill, Gary Holthusen, Wallace Hegg, William Hutton, and James Lowe, will report to McChord Air Force Base June 17.

Cadets Jerold Isensee, Robert Hermanson, and Ralph Rothfusz will report to McClellan on June 17 also.

Cadets Alan K. Olsen, and Eugene Gross, will report July 22 to Fairchild for the second summer camp.

### Weekly Calendar

#### Monday, May 14th

Annual Army ROTC Formal Inspection.

12:00 Noon "NDSC Reports", WDAY-TV, Channel 6.

4:15 p.m. Intramural Athletic Meeting, Room 204, Fieldhouse.

9:00 p.m. Women's Senate Meeting, Small Lounge, Union.

#### Tuesday, May 15

12:00 Noon Armed Forces Week Luncheon, Union Ballroom (Sponsored by Scabbard and Blade).

4:15 p.m. Chemistry Seminar, Room 204 Chemistry Building. Speaker, Mr. G. White; topic—"Ketene Acetylation of Primary Amids."

5:30 p.m. Phi U-Alpha Zeta picnic, Lindenwood Park.

7:15 p.m. Intersarsity Christian Fellowship Meeting, Faculty Lounge, Library.

8:00 p.m. Engineering Reception for Graduating Seniors in Engineering, Student Union.

#### Wednesday, May 16

12:00 Noon "NDSC Reports", WDAY-TV, Channel 6.

12:00 Noon "Pulse Beat of the Campus", Student Luncheon Meeting, College Y.

4:00 p.m. Kappa Alpha Theta Pie Party, KAT House.

4:00 p.m. 3-D Coffee Hour, 3-D Rooms, College Y.

4:00 p.m. Bacteriology Seminar, Room 309, Morrill Hall. Speaker, Dr. H. J. Klosterman; topic—"Isotopes in Experimental Biology."

7:00 p.m. Chess Game, Conference Room A, Student Union.

9:00 p.m. Spring Prom, Fieldhouse.

#### Thursday, May 17

12:00 Noon Faculty-Student Luncheon Group, College Y.

3:30 p.m. Faculty Women's Style Show, Student Union.

4:30 p.m. Tryota Initiation, Assembly Room, Home Economics Building.

5:00 p.m. Student Union Activities Board Meeting, Conference Room A, Student Union.

5:30 p.m. AGR-KD Picnic, Lindenwood Park.

5:30 p.m. Wesley Foundation Supper Meeting, College Y.

6:00 p.m. SPD-KAT Picnic.

6:30 p.m. NDSC Student Farm Bureau Banquet, Farm Bureau Building.

7:30 p.m. Alpha Phi Omega Meeting, College Y.

7:30 p.m. College 4-H Recreational Meeting, College Y.

7:30 p.m. ASAE Meeting, Agricultural Engineering Building.

7:30 p.m. Compliment and Benediction, Newman Chapel.

8:00 p.m. Home Economics Style Show, Student Union. (Open to public).

8:00 p.m. "At Home With the Wigfields," (for Presbyterian students), 1421, 13th St. N.

### Socially Speaking . . .

By Jean Anderson

AND THEN there was Saturday . . . I think. The Taus, Gamma Phi's, KD's and others spent many gay hours at Barry Johnson's cottage and in the Fair Hills vicinity playing golf, tennis, basketball, and davenport football. Perhaps not all remembered how the evening ended (or who with) but eventually the troops returned . . .

PICKNECKING this week were the Gamma Phis and AGRs on Wednesday; the Kappas and ATOs; Thetas and Kappa Psis; Phi Mus and TKEs; KDs and ATOs Gamma Phis and Theta Chis; and the Kappas and SAEs.

PLEGGED to Phi Mu is Janice Ostrem.

ENGAGED are Sig Gary Holthusen and Sylvia LeMar, Chi Omega at the University of Colorado.

NEW actives at the Kappa Delta sorority house are Ruth Berg, Lorraine Dosch, Pat Larson, Jan Kearney, Elaine Willy, and Judy Flaten.

ACTIVES at the Gamma Phi house are: Mary Meckstroth, Gloria Reseland, Sharon Zuehlke, Grace Snustad, and LaRae Gendreau. A pretty silver platter and outstanding pledge award went to Gloria Reseland.

KAPPA PSI pledges are Kent Olson and Dick Gentile.

MOONGLOW is the theme of the formal Theta term party tonight at the Moorhead Country Club.

PINNED are Pat Noden, Phi Mu, to former TKE president Don Howitz.

SCHOLARSHIP awards at the Gamma Phi house went to the girl in each class with the highest average . . . Mary Meckstroth, freshman; Judy Hammer, sophomore; Karen Sluka, junior, and JoAnn Willert, senior. Most improved scholarship award went to Jean Anderson (and the shock was greatest to the author herself!!!).

MORE SCHOLARS . . . at the 28th annual scholarship recognition service sponsored by Panhellenic Monday night. The girl in each sorority with the highest average over the past three quarters received a sorority bracelet as follows: Alpha Gamma Delta: Joan Zielsdorf; Gamma Phi Beta: JoAnn Willert and Nancy Dawson; Kappa Alpha Theta: Joyce Vasey; Kappa Delta: Alice Summers; Kappa Kappa Gamma: Helen Larson; and Phi Mu: Pat Turner.

Panhel also awards the independent girl with the highest average at the annual honors convo and this year freshman Mary Ann Hess will be recognized. Kappa Kappa Gamma will keep the Scholarship Plaque again this year for the highest sorority average.

This affair gives due recognition to the importance of scholarship in college life. Panhel, ably advised by Dean Pearl Dinan, must be given much credit for the promotion of scholarship in sororities and for many other projects which keep the sororities running smoothly.

SAE pledges are Dean Meyers, Larry Sack and Jim Huber.

ANNUAL "Carnation Ball" was held last Saturday by the Phi Mu's.

PIE AND COFFEE Wednesday at the Theta House . . . spend your coffee hour in the newest house on campus with some melt-in-your-mouth goodies from 4-6.

CANDY . . . was passed Monday night by June Anderson, who has W.E.G.C.T.C.F.\* from Bob Fredrickson, TKE alum from UND. Those Gamma Phis are going to go broke with all the weddings this summer (and get fat from the candy . . .)

ELEVEN NEW PLEDGES at the Tau Kappa Epsilon fraternity house are: Wayne Laske, James Sauber, Dayton Nelson, Barry Shelver, Owen Woyak, David Swanson, Herbert Mittelstedt, Carlyle Ulberg, Jim Watts, Harvey Nordlin and George Redlin.

A PSYCHOLOGIST is a man who, when a beautiful girl enters the room (like Audrey Brekke, the Tau choice for Esquire girl, or Sig Halldorson, the Queen of Queens, complete with Vel Box crown) watches everyone else.

NEW ATO pledges are Bruce Kasson and Arnie Haugeberg.

GOLFING weather is upon us . . . there's nothing quite like watching that little white ball go sailing toward the green. Mine mostly dribbles down the fairway, but it's one great sport, even if scores seem to run in the 70's. (On nine holes, that is).

\*W.E.G.C.T.C.F.—what every girl comes to college for.

So much for this week . . . see you.

# Lyle Nelson Selected As One Of Ten Top Engineering ROTC Students In U. S.

Army ROTC cadet Lyle D. Nelson, junior Architectural Engineer at the North Dakota State College, has been selected by the Society of American Military Engineers as one of the 10 outstanding junior engineers and ROTC students in the United States.

The requirements for selection are prescribed by the American Society of Military Engineers, and include the follow-

ing: designation by the professor of military science and tactics and the dean of engineering as the "Outstanding Engineering Student of the Year"; academic standing in the upper quarter of his class, including Military Science, a high score on the ROTC entrance examinations, participation in college activities, and display of leadership and aptitude for Military Service.

Nelson is a member of Sigma Phi Delta, Alpha Phi Omega, and the American Institute of Architects.

An engraved medal, along with a citation and key replica, will be presented during commissioning exercises on May 28.

# From Under A Rock...

By FTM Baillie

As our almost-green campus resettles itself into the spirit of living after one of the more glorious weekends we've witnessed in a spell, we find that, in spite of good times ahead, all good things must come to an end. Seems that Lee Johnson, boy reporter, critic, editor, copywriter, proofreader, campus humorist, and all around jovial elbow bender, has finally left our folds in preparation of his matriculation from our institution. His poison pen will be missed sorely here on Student Union's top deck. Oh, to be thrown out into the world's cruel fates with naught but a sense of humor to fall back upon. Education??—Party, Party!!

There is some consolation in

that former boss-man Johnson will appear from time to time as a guest columnist. This is an honor?

\* \* \*

Since the pulling off of fabled UND's fabled Flickertail Follies, there has been much speculation among State witnesses to the event as to its basis for so-called superiority to our own Brevities show. A general consensus of opinions seems to rate the Northern affair tops in lighting, staging, etc., while our own show wins going away on the music side. Such items as choreography and talent-in-the raw seem to be pretty much even.

\* \* \*

Also arousing much speculation

in these parts (Spec offices) is the whereabouts and the whenabouts of the long awaited publications picnic. Party Party!!

Sure signs of spring department: the gung-ho cadets of the Reserve Officers Training Corps of our glorious United States Army marching hip-hip down to Reeds Cleaners to have their playsuits cleaned for the bargain price of one green dollar. —And did YOU shave this morning son?? (Chins up Beetle Ol' Boy, only one more quarter.)

\* \* \*

Fired up of the week award goes to the hardy group of wandering wastrels from Francis Hall who broke the bonds of convention and picnicked at Curley's Club in Detroit Lakes last weekend.

\* \* \*

TGIF meets as usual this weekend, weather permitting.

# SAE Alum Elected Province President

F. Ralph Hollands, Moorhead, Minn., was elected to the presidency of Rho Province of Sigma Alpha Epsilon at the annual convention which was held at Beloit College May 5-7.

Mr. Hollands graduated from NDSC in 1934 and was a charter member of Beta Chapter of SAE when it joined the national organization in 1935. Mr. Hollands is active in civic affairs also as he has served as the Mayor of Moorhead for a term.

The Hollands family is loyal to SAE also. Dolores, a junior in Home Economics, reigned as sweetheart of the fraternity. Frank Hollands Jr. recently went active in the fraternity.

At the same convention, North Dakota's Beta Chapter was honored for their scholarship rating, having jumped from last to first place during the past year.

## FOR SALE

- '55 Ford "Thunderbird"
- '55 Cadillac Coupe de Ville \$4100 (A \$5700 Automobile with 3500 miles and full ash trays).

### THE MANY LOVES OF THORWALD DOCKSTADER

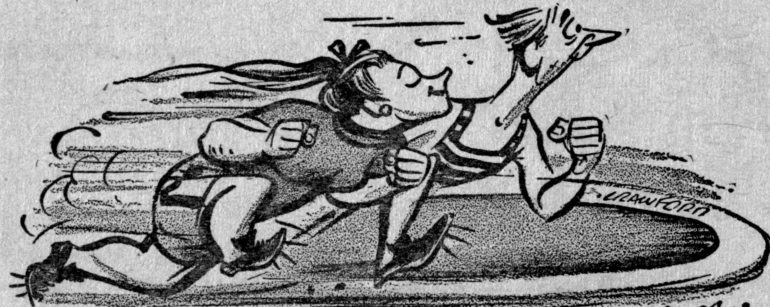

When Thorwald Dockstader—sophomore, epicure, and sportsman—first took up smoking, he did not simply choose the first brand of cigarettes that came to hand. No, indeed! He did what any sophomore, epicure, and sportsman would do: he sampled several brands and then picked the gentlest, tastiest, most thumpingly, wondrously, unfailingly pleasing of all—Philip Morris, of corris!

Similarly, when Thorwald Dockstader took up girls, he did not simply select the first one who came along. No, indeed! Thorwald sampled. He took out several likely girls and then he compared their charms and then he made his choice.

His first date was with an English lit major named Elizabeth Barrett Grish, a wisp of a girl with luminous eyes and a soul that shimmered with a pale, unearthly beauty. Trippingly, trippingly, she walked with Thorwald upon the beach and sat with him behind a windward dune and listened to a sea shell and sighed sweetly and took out a little gold pencil and a little morocco notebook and wrote a little poem:

*I will lie upon the shore,  
I will be a dreamer.  
I will feel the sea once more  
Pounding on my femur.*

Thorwald's second date was with a physical ed major named Peaches Glendower, a broth of a girl with a ready smile and a size 18 neck. She took Thorwald down to the cinder track where they jogged around thirty or forty times to open up the pores.

...They jogged around 30 or 40 times to open up the pores...

Then they played four games of squash, six sets of tennis, 36 holes of golf, nine innings of one-o-cat, four periods of rugger, six chukkers of lacrosse, and a mile and a quarter of leap frog. Then they worked out for a few hours on the parallel bars, the flying rings, and the bongo board, and then went ten rounds with the eight-ounce gloves. Then they had heaping bowls of bran and whey, exchanged a manly handshake, and went home to their respective whirlpool baths.

Thorwald's final date was with a golden-haired, creamy-browed, green-eyed, red-lipped, full-calved girl named Totsi McEstway. Totsi was not majoring in anything. As she often said, "Gee whillikers, what's college for anyhow—to fill your head full of morbid old facts, or to discover the shining essence that is YOU?"

Totsi started the evening with Thorwald at a luxurious restaurant where she consumed her own weight in Cornish rock hen. From there they went to a de luxe movie palace where Totsi had popcorn with butter and a bag of chocolate covered raisins—also with butter. Then they went to a costly ballroom and cha-cha'd till dawn, tipping the band wildly all the while. Then they went to a Chinese restaurant where Totsi, unable to decipher the large and baffling menu, solved her problem by ordering one of everything. Then Thorwald took her to the women's dorm, boosted her in the window, and went downtown to wait for the Morris Plan office to open.

While waiting, Thorwald thought over all of his girls and came to a decision. "It is clear," said Thorwald, "that I am not yet ready for girls." "It is equally clear," he continued, "that a man needs a gentle companion, and who," he asked, "will be my gentle companion?" "Why, PHILIP MORRIS, of corris," he answered. "Philip Morris will be my tender comrade, my solace and my strength, my friend in adversity, my shelter in vicissitude, my boon and bosom buddy," and, so saying, Thorwald lit a PHILIP MORRIS and was content. ©Max Shulman, 1956

The makers of Philip Morris, who bring you this column every week, hope that Thorwald will soon find the girl of his dreams, and that they will make beautiful smoke rings together—with Philip Morris, of corris!

### Down Here--- ---At State

By Lee Johnson

Fabulous weather has descended upon us and the picnic season has at last made its appearance on the scene with great trumpeting and uplifting of flagons. Old State is now undergoing that rigorous period of reorientation so common to colleges, that of battling the virus of spring fever. Unfortunately for the higher educational system, most students succumb to the malady for some short time and spring term is not generally conducive to the conductance of the undergraduate academic program.

Reports from our great and good friends on the junction of the Red and Red Lake Rivers indicate that the great Cholly Fisher has thrown in the towel and relinquished the reins as editor of the Dakota Student. While this might not be the time or the place, congratulations to the jovial one for one of the best college newspapers produced in North Dakota.

From all parts of the country comes information that the collegiate spirit is bursting over the land in the form of panty raids, riots, etc. Our campus features none of these more juvenile forms of endeavor. Instead we manage to expend what excess energy remains with picnics, parties, banquets, and balls. We might be missing something on the State campus, but after all, lots of scholars go home for weekends and John Law is strong in this area.

Actually there is not a great deal of information and culture to spread to our readers. In the final analysis, nothing of earth shaking importance is happening and most people are content to let someone else carry on their extracurricular activities for them. Seniors are being released from the bonds of servitude and the new crop has not yet assumed control. Relaxation is the order of the day.

Bursting upon the national scene recently was a large feature story about the new Marilyn Monroe. Apparently the world's foremost example of feminine pulchritude has tried to turn over a new leaf and become an intellectual. Nothing could be more uninteresting to the millions of fans of la Monroe. Maybe we should shift our attention to Silvano Mangano.

Plans are nearing completion for the most splendid Greek Week affair in the history of our underprivileged little campus. Under the direction of Jerry Herman and Scout Bjornson, the interfraternity-panhellenic council sponsored extravaganza is open to the delighted participation of all fraternity and sorority members.

Another sterling presentation of plays is slated for the world famous Little Country theater next Tuesday, Wednesday, and Thursday when four student-directed one acts are on tap. Turn out for the last campus dramatic efforts of the season.

Sports are about the only interesting topic remaining. Hordes of new gridiron prospects have made their appearances in recent weeks. The usual optimistic information is floating out over the campus. We're still waiting for the Herd to start their long awaited victory skein.

Treading on thin ice. That's all for this year and forever. Live long, enjoy life, and don't worry too much about going to work for a living. It's inevitable.

### NDSC Librarian To Leave Prairies For Two Year Stint In Land Of Nippon

Kay Benson takes a look at the globe in anticipation of her forthcoming trip to Japan. Kay will leave May 30, and will spend at least two years as head librarian at Gifu Air Force Base in Japan.

Kay Benson, librarian at NDSC for the past three years, will leave the 30th of May to take up the position of Head Librarian at Gifu Air Force Base in Japan. Kay received her degree in Library Science from The Col-

lege of St. Catherine in St. Paul. She attended high school in Grand Forks. During her three year stay at State Kay has served as advisor to the Newman Club and advisor to the NSA Commission. While in college Kay traveled through Europe on an NSA tour. She spoke to many groups on campus concerning travel in Europe, the customs there, etc. and she was instrumental in interesting students in the NSA travel tours.

Kay has been interested in working abroad for the past several years. She was primarily interested in Europe as it was the part of the world with which she was most familiar; however, as vacancies are very rare among the type of jobs Kay was interested in, she decided to apply for a job in the Far East.

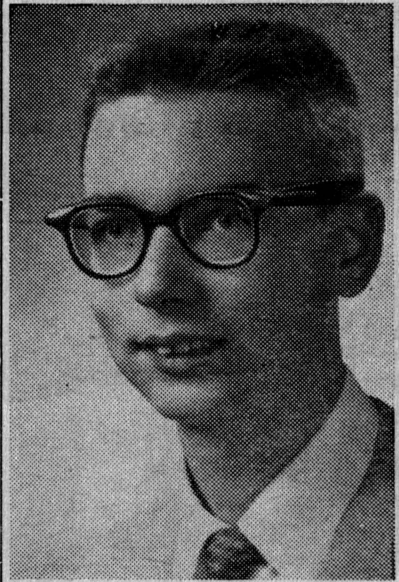

Although Kay will be employed by the Special Services Division of the U. S. Air Force she will still retain her civilian status.

Women employees are required to wear uniforms while on duty, but can wear civilian clothes at other times.

Positions of this type are open to recreational leaders, teachers, secretaries, and librarians in all divisions of the armed forces. Kay will be in charge of the library at the base. The library facilities are open to all U. S. citizens living on the base. This includes service men, their wives, etc.

Civilians whose applications are accepted for this type of work sign contracts for two years of service. The transportation costs are paid by air from point of hire to the place of destination and back, provided they stay for the entire two year period.

### Farnum To Head Alpha Phi Omega

Bruce Farnum

Alpha Lambda Chapter of Alpha Phi Omega has elected Bruce Farnum, a junior in chemistry from Fargo, to be their President for the coming year.

Farnum is a member of Sigma Phi Delta fraternity, Scabbard and Blade, the Gold Star Band, Kappa Kappa Psi, the College "Y", Chemistry Club, and is in advanced Army ROTC.

Other officers elected are: Gerry Krueger, vice president; Bob Eggan, secretary; Ken Maxson, treasurer; and Alan Wieland, historian and alumni secretary.

APO's next big service project is the sponsorship of the Spring Sing. This year's fraternity-sorority song fest will be held May 22 in Festival Hall. Jack Lavold heads the arrangements committee.

### Gross Heads ASME

SC's chapter of the American Society of Mechanical Engineers elected officers at the last meeting of the organization. New president is Eugene Gross. Other new officers include Lyle Madson, vice-president; Ronald Lindlauf, secretary; and Warren Ehrichs, treasurer.

In addition the ASME's are sponsoring a picnic tonight at 4 at Lindenwood Park. All ME's, IE and M's and Aero engineers are invited.

### Rothfusz To Receive Engineers Award

Air Force ROTC cadet Ralph W. Rothfusz, junior electrical engineer at North Dakota State College, has been selected to receive the American Military Engineers Award, it has been announced by Lt. Col. Norris Brill, Commander of Air Force ROTC at NDAC.

This award is presented to junior and senior Air Force ROTC Cadets majoring in Engineering, who have high scholastic standing, excellent qualities of military leadership and wide participation in extra-curricular activities.

Cadet Rothfusz was one of 10 junior cadets selected from colleges throughout the United States.

The presentation of the award will be made May 8 at the annual Federal Inspection.

Fine Food, Delicious Steaks — Open till 8:00 P.M. Daily

## Young Democrats National Leader To Speak At Union

Dave Bunn of Denver, Colorado, has been elected the new president of the Young Democratic Clubs of America. Bunn, at 30, is the youngest man ever to hold that position.

Bunn graduated with a B. A. degree in Political Science from Texas Christian University, and later obtained an M. A. in Public Administration at Denver University.

Dave is a former member of the Democratic State Central Committee of Colorado, and is a past chairman of the Board of Directors of the Young Democratic Clubs of America.

His background in political science, public administration, and farm organization, coupled with broad experience in the Democratic party and the Young Democrats label Bunn as one of the outstanding young liberal leaders in America today.

Mr. Bunn will be on the campus of NDSC on Tuesday, May 15. He will appear at a coffee hour in the Student Union from 4:30 to 5:30, and will speak and answer questions at that time.

## Student Union Activities Board Slates Hi-Fi Music Hour, Monday Nite Dances

Student Union activities board has scheduled a classical music listening hour in the small lounge Tuesday evening from 8:30 to 9:30. Mr. Robert Dietz of the music department will be on hand to give comments and information on the selections played.

All students are invited to attend. Music featured will be played over high-fidelity equipment.

### Awards Banquet

The student union board also held its annual recognition banquet Wednesday evening. Purpose of the affair was to honor all those persons who have worked on the board's committees and projects this year. Awards were also given to students who have made outstanding contributions to the board's projects during the past school year.

### Voice Recital

Tentatively scheduled for May 29 in the ballroom is a recital of voice and musical instrument stu-

dents. Sponsored by Sigma Alpha Iota, Staff and Notes, and the SUAB, further plans are now nearing completion.

### Price Tag Day

Answers to the numerous questions about where our money goes in the student union will be answered May 22 and 23. A display is planned for those days to show examples of the equipment and furnishings of the union. A price tag will be attached to each object.

### Terrace Dances

Due to numerous requests the SUAB is also re-opening its cancelled series of Monday night dances. The new affairs are slated for the terrace, weather permitting, until the end of the school year.

### Chess Team

Students and faculty members interested in joining a chess team are still urged to attend the regular Wednesday night meetings. Additional lessons are being given to interested beginners.

## What young people are doing at General Electric

### Young chemical engineer works on new ways to make silicones

Silicones are a new class of man-made chemicals with very unusual properties. Made from sand, they assume the form of rubber, grease, oil and resin. Under extremes of heat and cold, the rubber stays rubbery, the oil oily. Silicones added to fabrics make them exceptionally water-repellent. Silicone makes waxes spread easier . . . paints almost impervious to weather.

One of the men responsible for finding new ways to produce silicone products is 26-year-old Frank V. Summers.

### Summers' Work Interesting, Important

As process engineer of the Silicone Products Department, Frank Summers first compares the results of small-scale, pilot-plant experiments with the production methods in actual use. Then, using his own knowledge of chemical-engineering principles, he designs faster, more efficient and more economical methods of producing silicone products. Frank Summers' excellent training, diversified experience and outstanding personal qualifications make him a valuable contributor to this engineering team.

### 25,000 College Graduates at General Electric

When Frank Summers came to General Electric in 1949, he already knew the kind of work he wanted to do. Like each of our 25,000 college-graduate employees, he was given his chance to grow and realize his full potential. For General Electric has long believed this: Whenever fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, and the country.

Educational Relations, General Electric Company, Schenectady 5, New York

FRANK V. SUMMERS joined G.E. in 1949 after receiving a B.S. in Chemical Engineering at Iowa State University the same year. He also graduated from G.E.'s Process Technology program and other specialized courses.

# Spring Sports Program In Full Swing

By Buffalo Bill

After a long layoff of a quarter and a half, we find ourselves back once again on yon sports page for another fling at athletic endeavor. While not claiming to possess the word power of a Grantland Rice or a Eugene Fitzgerald, an earnest attempt will be made to fill this space weekly—or should that read "weakly".

With mention being made of Mr. Fitzgerald, we see it only fitting and proper to take a line or two to congratulate Fitz on his recent anniversary of 30 years at the Forum Sports desk. The Dean of all former Spectrum Sportswriters, Fitz rates with us as one of the greatest boosters of sports in the F-M area in a long time. It's interesting to read, in his column of flashbacks over these 30 years in Monday's Forum, of some of the former Bison greets which have come and gone since Mr. Fitzgerald first began his stint at the Spectrum. Without sounding too formal and stuffy, we'd like to wish the man continued success for the future and pay tribute to his fine work.

### Herd Hosts Relay Meet

The past week at State has been a great one for the spring sports program, as the Herd played host to the annual Bison Relays meet, and the diamond crew swept three out of four from a couple of cross-town rivals.

### Prospects Looking Up

Field and aquatic sports seem to be on an upward trend here at the Old School, as more and more conscientious students begin to congregate in the country and down by the river.

On the football side, painful

grunts and groans are becoming less and less frequent as the Anderson crew begins to un-round into shape after a winter of comparative leisure. Although it may sound repetitive, prospects for the following grid seasons are definitely looking up—or have we all heard that before? Something is definitely lacking in the Herd football setup, and from here the intangible something seems to be cooperation—on the part of the student body, the faculty, and everyone concerned. Del has done his best to bring some fine football prospects here for the spring quarter, several as proven transfers from other schools and junior colleges. It is up to the supporters of the team to keep them here. Only by an accumulative effort of the fans and the collegiate body can the Herd break out of the shallow bottoms of the lost column.

Enough of the sermonizing on our first day on the job—results could prove fatal.

### National Athlete Incognito

It is rumored that a nationwide sports figure has been attending classes at SC incognito, in the person of Hank "Snaky" Olson. Seems that Hank, before his demise at the hands of the friendly staff of our friendly Bison Tavern, was once the national AAU shot-putting champ, having put down 37 straight shots of Sunnybrook with Old Style chasers. Should be a place for a competitor like this somewhere in our athletic system.

### Successful Venture Finishes

The results of the second annual Strikes and Sparer Bowling Tourney are to be posted elsewhere in this edition, as one of the more successful bowling ventures in some time roars to a blazing finish. Everything to a bigger and better bowling year at State with the crew from Teigen's Alleys growing steadily.

### Intramurals Open To All

Remember to attend all Bison ball games as they climb into the thick of the Steve Gorman League trophy race. The hockey players from upstate have wedged their way into the league this year and appear to have an up and coming crew, so get out and holler lest ill fortune befall our boys.

In closing, keep in mind that intramurals are open to one and all, and choose your sport—from bowling to chess there's always room for more. You can't be a sport 'till you've tried one.

**SPORTSWRITERS WANTED!**

# Bison Sweep Double-Header To Cop First Place In League

The Bison took over first place in the Steve Gorman Trophy League Tuesday by sweeping a double header from Concordia by 7-3 and 8-4 scores, Tuesday.

The first game saw the Herd's heavy artillery go into action. Doug Walstad and Warren Gullickson each connected for round trippers, Gary Smith clouted a triple, and Ron Zottnick beat out a pair of doubles. State collected ten hits while the Cobbers got seven.

The Herd's scoring efforts were boosted by timely Concordia errors.

Morrie Holm started on the mound for the Bison, and was relieved by Don Worner in the fifth. Worner went on to pick up the win.

A big sixth inning took the second game for the Bison. Bob Johnston, Gary Smith, and Howard Heil beat out two hits each to lead the Bison attack. Doug Walsad and Heil rapped out triples, Heil's with two aboard.

In the hurling department Bill Thomas went the route for the Bison, having little trouble except in the third when Don Olson homered for the Cobbers with Darrell Charon scoring ahead of him.

## Softball Dominates Intramural Sports On State Campus

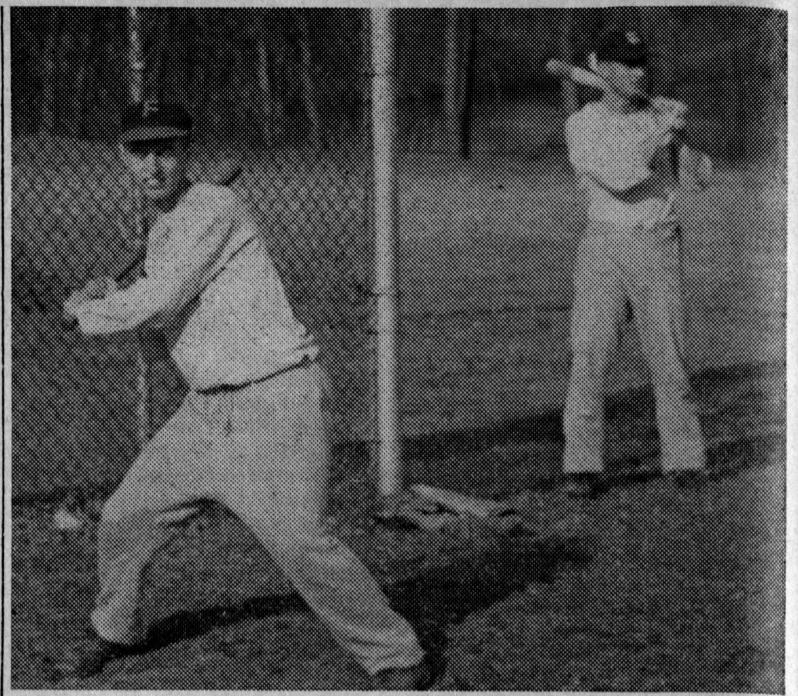

Intramural sports was limited to softball this week it seems, so there is not much to report on that line. However, the boys were out there playing their hearts out with the 'ole apple', so let's give a look-see and find out what happened to the teams.

In bracket I, the Theta Chi's are in top spot with three wins and no losses, from there on the run down is as follows:

| Bracket I    | Won | Lost |
|--------------|-----|------|
| Theta Chi    | 3   | 0    |
| SAE          | 1   | 0    |
| Co-op        | 1   | 0    |
| Student Body | 1   | 1    |
| AGR-1        | 1   | 1    |
| SPD          | 0   | 1    |
| ASCE         | 0   | 2    |
| LSA          | 0   | 2    |

Bracket II shows the TKE's on the top rung with one win and no losses. The rest of the teams in the bracket hold positions thusly:

| Bracket II  | Won | Lost |
|-------------|-----|------|
| TKE         | 1   | 0    |
| Sigma Chi   | 2   | 1    |
| ATO         | 2   | 1    |
| Kappa Psi   | 2   | 2    |
| Newman Club | 1   | 1    |
| Farmhouse   | 0   | 1    |
| AGR-2       | 0   | 2    |

Play it cool, Warnie. Warren Gullickson, heavy-hitting catcher on the Bison baseball squad gets ready to tee off on one during a practice session at Mickelson field. Waiting in line for his turn at bat is the ace left-fielder of the Herd, Rudy Maras.

## Bison Split Double-Header With Dragons; Holm Pitches State Into Win Column

Clark Schenkenberger

A fair sized crowd saw the NDSC Bison split a double-header with the MSTC Dragons in a Steve Gorman Trophy League baseball game on the MSTC diamond last Saturday. The Bison copped the opening game with a 7-1 win, and the Dragons stopped the Herd with a 9-2 score in the second game.

Righthander Morrie Holm pitched the Bison into the winning column by giving up only five hits in the opening game. A home run by Ken Reitan in the first inning spoiled Holm's chances to pitch a shut-out. The second hit off Holm came in the first inning also, when Ken Grabinski hit a single.

After these two hits Holm had the game under complete control, and allowed only three more hits throughout the remaining innings of the game. The homer by Reitan was the only tally for the Dragons in the first game.

The Bison jumped on the Dragons righthanded pitcher, Larry Krabbenhoft, for a pair

of runs in each of the first two innings, and added three more runs in the sixth inning to give them the game. Krabbenhoft gave up nine hits, including three doubles and a triple in his stay at the mound.

### Dragons Club Herd

Four Bison hurlers saw duty in the second game, and the Dragons took eight hits off these men. Starting pitcher Clarence (Stretch) Niskanen tossed the old apple for one and two thirds innings and was relieved by Bill Thomas, Jim Lowe, and Norm Leraas.

A three base error by the Dragons gave the Herd their first tally in the first inning, on a squeeze bunt by Walstad. The Bisons' second run came in the seventh when Tony Grange took a single off the Dragon pitcher, Betzen, after he had given up two walks.

Betzen, a righthander, went the full stretch for the Dragons. He struck out eight and gave up two walks in his turn at the mound. The Dragons pushed themselves toward the winning column in the second inning by getting four runs on four hits, a walk, two wild pitches, and an error. They then picked up five more runs in the remaining innings to sew up the game.

The games had originally been scheduled at Barnett Field, then were moved to Mickelson Field, and finally wound up at MSTC.

At the present time, NDAC is in third place in the Steve Gorman League with three wins and one loss. MSTC holds down the sixth place spot with one win and two losses. Mayville TC is in first place with a three and nothing record.

College's 43 1/3. The Sioux were led by their sensational colored sprinter Conrad Jones.

Jones posted two individual records and had a big hand in another, as NDU's mile relay team sped to a third Sioux mark.

In all, the northern crew accounted for five new records, as Jones copped the 100-yd. dash in the fast time of 9.75 seconds, the 220-yd. dash in 21.8; and NDU's Gary Rath sped to a time of 15.05 for the 120-yd. high hurdles. Leon Reopelle tossed the javelin for a new record distance of 180 feet, 8¼ inches for another new Sioux mark. The time for the winning mile relay was 3 minutes, 27.6 seconds.

A total of seven records were broken and one was tied Saturday as near-perfect weather prevailed. In addition to the winning Sioux triumphs, Stan Otness of Bemidji State Teachers bested the old mile record of 4:37.8 with a new time of 4:47.7 and Jory Kjelstrom from Concordia grabbed off a record first place in the 220-yd. low hurdles with a 25.2 clocking. Another Cobber, John Moe cleared 11 feet, 3 inches in the pole vault to tie the old mark set in 1952.

The NDSC Bison placed fourth in the meet with Gary Thomasson the only Stater to get a first place, jumping 21 feet, 5¼ inches for a winning broad jump distance.

Other Bison to score points were Harold Shattuck, third place in the two mile run; Marty Kalnins, fourth in the shot put; Stan Schroeder, tie for fifth in the pole vault; Thomasson, second in the javelin throw; Dale Wallentine, second in 220-yd. low hurdles, third in the broad jump, and fifth in the 120-yd. high hurdles; and Guy Enabbit, who scored fourth in the high hurdles and fifth in the low hurdles. The Bison scored 24 5/6 points.

The rundown on team totals and standings was:

1. NDU—68½
2. Jamestown—43 1/3
3. Concordia—39 5/6
4. NDSC—24 5/6
5. Aberdeen—23
6. Bemidji—16½
7. Valley City—5
8. Wahpeton—4

## Attention Teachers

All seniors in education, Smith-Hughes vocational agriculture instruction, or Smith-Hughes Home economics instruction, and who qualify for North Dakota teacher's certificates are asked to call at the office of admissions and records to sign the North Dakota Teacher's oath.

## Herd Leads League; Crucial Tests With Sioux, Mayville Set

As many cubic acres of brown diamond dust clear from various ball parks in Fargo-Moorhead, we find the Battling Bison nine standing atop the standings in the race for the Steve Gorman league.

According to coach Bony Rothrock, the "meat" of the schedule is ahead of the team, with double headers coming up with the upstart Sioux from UND and with last year's champion Mayville STC Comets. A clean sweep of these four remaining games would undoubtedly result in a first place finish for the Herd, and any combination of three wins would give them the inside track for at least a share of the title.

State will invade the northern wastes tomorrow, May 12, at Grand Forks' Municipal Ball Park, the first game starting at three p.m. The Mayville games are to be played on Tuesday at Mayville, to round out the seasons' play.

All that remains is a little fire to set the tone of these four crucial contests, enabling the Bison to bring home their first championship trophy of the school year.

Let's see what we can do! All aboard for Harwood, Hillsboro, Grand Forks, and all points north.

## Women's Athletic Group Installs Officers

SC's Women's Athletic Association recently elected officers for the new year. Ruth Folstrom was installed as president. Others elected include Janice Hanson, vice-president; and Vel Ray Neeb, secretary-treasurer.

Four WAA members also attended a "play day" at NDU last Saturday. Those in attendance were Judy Haga, Ruth Folstrom, Leona Polsfut, and Barbara Rockwood.

Additionally all girls interested in playing softball are urged to come to Pershing field, three blocks south of the campus, any Tuesday from 4 to 6. Also, any women students interested in signing up for a tennis tournament are urged to do so immediately.

## Spring Intrasquad Grid Tussle Slated

The annual spring preview of State's fall football fortune has been announced for Thursday, May 17, at Dacotah Field, to begin at eight o'clock.

The two teams, composed of members of the Bison freshman and varsity football squads, will be divided as evenly as possible in an attempt to give the event a

lot of competitive spirit and spectator interest.

The squads will be paired off into the "Greens" and the "Whites" under the tutelage of varsity line coach Jess Vail and frosh assistant mentor Louie King, with head coach Del Anderson looking on from the stands as chief scout, with an eye toward surveying candidates for the '56 varsity team.

The game is to be played under the lights under actual game conditions, complete with cheering sections and atmosphere, making for an out-of-season treat for all pigskin fans.

## Kappa Tau Delta Elects Goedert Prexy

Douglas Goedert is the newly elected president of Kappa Tau Delta, honorary architecture and architectural engineers fraternity. Other new officers include James Griffin, vice-president; and Herb Asleson, secretary-treasurer.

Kappa Tau Delta also initiated new members at their last regular meeting. New members include Lester Johnson, Earl Berg, Robert Brown, Howard Heil, Wayne Lee, Richard Froschle, Gary Jensen, Harold LaFleur, and Lyle Nelson.

## Sigs Sweep Sweeping

Fargo's "Clean up and paint up week" got off to a good start Monday with a street sweeping contest between the SAE's and Sigma Chi's.

The SAE's swept to a narrow victory over the defending champion Sig's, largely due to the music provided by the "no doubt world-renowned Chamber Music Society of Upper Tenth Street". This musical organization, featuring the tromboning of Bob (Crazy-legs) Zuklic, has gained renown from gutter to gutter.

A traveling trophy was awarded to the winning SAE's, while the losing Sig's were presented with a broken broom.

## Frosh Diamond Brigade To Play

As State's varsity baseball team finishes out the remainder of a very successful season, Coach Pat Vickers will put his fledglings into play with a double header Wednesday at Barnett field against the NDU freshman squad.

This crew of future Bison hopefuls will make its first appearance at 1:30 p.m. Composed of freshmen who have been working out regularly under the careful eye of their coach Vickers, the team is the foundation of a new development to strengthen the baseball program at NDSC.

### LOST

A wrist watch with stainless steel case and expansion band, lost on campus Sunday, May 6. If found please return to John Larum for reward.

### Religious Groups Picnic, Scavenger Hunt Pharmacy Honorary Banquets At Elks

By Lester Amundson

This week we have IRC checking in with us. Perhaps a little explaining is in order about here. The IRC (Inter Religious Council) is an organization down here at Old State that acts as a coordinating body for all religious groups on campus. Every SC religious group is represented on IRC.

Some of the projects sponsored by the IRC are a freshman orientation breakfast early in the fall, Religious Emphasis Week every winter, and an all college IRC picnic each spring. By the way, a little information on this years picnic has leaked out, and we'll pass it on to you as soon as we can.

#### Gamma Delta

After a successful spring planning retreat last weekend, Gamma Delta came back to elect new officers for the coming year. Those elected were Dick Tonn, president; Beverly Wagner, vice president; Myron Weiser, secretary; Ken Michel, treasurer; Darlene Ohnstad, project chairman; and George Senechal, publicity chairman.

Here's something to mark down on that already crowded calendar. There's a picnic coming up Sunday afternoon, May 20, at Oak Grove Park. More details on this next week.

#### LSA

Dig out the geiger counter dad! There's going to be a scavenger hunt tonight at 7:30.

This is the regular Friday night social event, so bring a fellow hunter for some good fun and fellowship at the LSA house.

No doubt you've found the 11 o'clock church services at Festival Hall on Sunday mornings ultra-handly. But did you know about the 9:30 breakfast and Bible Study? And the 6 o'clock supper and program? This week the topic is "Facing Life: Courtship".

#### Newman Club

Believe it or not, there are several other campuses nearby on which students are located. In order to make friends with these outsiders, the SC Newman Club will journey to Hillsboro for a friendly picnic with UND, MSTC, and Mayville TC Newman Clubs. That's a week from Sunday, May 20. Will remind you of this picnic again next week, since it will take the place of the club's regular meeting.

### Pharmacy Honorary Banquets At Elks

Rho Chi, the pharmacy honor society, held its annual banquet last Wednesday evening at the Fargo Elks club. Highlight of the meeting was the initiation of eleven new members and election of officers for next year.

New members include Jerome Herman, Don Jarvela, James Larson, Cyril Peterson, Richard Reopelle, Masa Rikimarv, Kent Sack, Ronald Saurdiff, William Schalker, Charles Steffan, and Clifford Wallace.

Kent Sack was elected new president of Rho Chi. Other officers include Jerome Herman, vice-president; Richard Reopelle, secretary-treasurer; and Don Jarvela, historian.
