

Gloria Lloyd Chosen Homecoming Queen

Richardson Named New IE Chairman; Served As Professor At Iowa State

Marion B. Richardson, currently serving as an Associate Professor of Engineering at Iowa State College, has been named the new Chairman and Professor of Industrial Engineering effective January 1, 1957. He succeeds Parker M. Green who passed away recently.

Pharmacy Students Eligible For Awards

Senior and graduate pharmacy students at NDSC are eligible to take part in this year's nationwide Lunsford Richardson Pharmacy Awards competition. E. L. Mabry, President of Vick Chemical Company disclosed today in announcing the opening of the program.

Aimed at stimulating greater pharmacy, the Awards program features four individual cash awards of \$1,000 each to winning students, and the same amount to their pharmacy colleges. Specific objectives of the program are the encouragement of students to: 1. Explore and investigate current pharmacy problems; 2. Summarize and present their findings for the benefit of other students and investigators; and 3. Broaden the scope of their interest in the profession of pharmacy.

The Awards are given for the best papers submitted from the four major regions of the nation on either of two general subjects: 1. Pharmacy; and 2. Pharmaceutical Chemistry.

Deadline for all entries is December 15, 1956, while all manuscripts must be received by March 3, 1957. Complete details concerning the Awards may be obtained at the Schools of Pharmacy, and the papers will be judged on literary quality as well as subject matter.

NTA Tests To Be Given February 9

The National Teacher Examinations, prepared and administered annually by Educational Testing Service, will be given at 200 testing centers throughout the United States on Saturday, February 9, 1957.

At the one-day testing session a candidate may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning; and one or two of eleven Optional Examinations designed to demonstrate mastery of subject matter to be taught.

The college which a candidate is attending, or the school system in which he is seeking employment, will advise him whether he should take the National Teacher Examinations and which of the Optional Examinations to select.

A Bulletin of Information (in which an application is inserted) describing registration procedure and containing sample test questions may be obtained from college officials, school superintendents, or directly from the National Teacher Examinations, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey.

Prof. Richardson, a graduate of Pennsylvania State University, has been a member of the Iowa State faculty since 1947. Prior to that time he was on the staff of the magazine "Railway Age" and spent some time as Management Engineer for the Breeze Corp., a company involved in the manufacture of aircraft control instruments.

He is a veteran of both wars and held the rank of Colonel at the time of his retirement from the Army. He has authored numerous research papers pertaining to various phases of engineering.

'Marshal' Haas Sets Parade Entry Meeting

John Haas, parade marshal for the 1956 NDSC Homecoming parade, announced today that a meeting of persons in charge of parade entries will be held at the AGR house at 7:30 p.m. next Thursday evening.

This meeting is to include float chairman and anyone in charge of any entry in the parade. Haas stressed the importance of this meeting, for at this time the parade lineup will be discussed, and the various units will be informed of their position in the parade.

NOTICE

All runners who will be in the "torch marathon" during Homecoming weekend are requested to be at a meeting in Mienke Lounge in the Student Union at 12:30 next Monday. The meeting is being held to orientate the runners on the trip.

Oct. 24-25 Deadline For House Decoration Contest Entries

All organizations wishing to enter the house decorations contest during Homecoming must submit their entries to Jim Feeney at the Alpha Tau Omega fraternity house not later than 5 p.m. Wednesday, October 24. All entries not in by this time will be subject to disqualification.

As in the past, judges will be chosen from the Fargo-Moorhead area, and will consist of people who (1) have never attended NDSC and (2) have never served as a judge for Homecoming decorations previous to this.

Houses will be judged from 5 to 7 p.m. Friday, October 26, and each house will be visited two or three times during the evening.

Imaginations are allowed to run wild as no central theme for the decorations has been set up. Entries for both the house decorations and the parade floats will be judged on originality, workmanship, and appearance.

Mantovani Appears Here Friday Night

Mantovani, the international recording sensation, will appear in person on October 19 at NDSC Fieldhouse. The time is 8:15 P.M.

Tickets which range in price from \$3.00 to \$1.00 are on sale at Daveau's and Little Country Theatre.

Mantovani and his orchestra of 45 are being sponsored by the Fargo Lions Club.

Progressive Jazz Hits NDSC

Pictured above is Dave Brubeck, well known progressive jazz artist. Dave is known all over the country for his unusual interpretation of the American jazz. He will present a concert in Festival Hall Monday night as part of the Lyceum Series. Admission is free for students with their activity tickets.

Last Year's Attendant Named To Represent NDSC In Fall Classic

NDSC's Homecoming royalty are caught in smiles by the fotogs flash bulb. Gloria Lloyd is being congratulated on being chosen Homecoming Queen by her two attendants, Terryl Ann Frank and Shirlene Schnell.

Gloria Lloyd, a senior in Home Economics from Bismarck, N. Dak., was named as NDSC 1956 Homecoming Queen following the all college balloting which took place Tuesday, October 16th. Don Schwartz, Commissioner of Campus Affairs announced the winner.

Gloria, who was attendant to last year's queen, Carol Johnson, is a member of Kappa Kappa Gamma, was recently

In contrast to the method of nomination which has been used in the past a new system of nomination was established by the Student Senate this year. An impartial committee of four students, three faculty members and 1 alumni member selected the candidates on the basis of senior standing, personality, beauty, activities, and scholarship.

On this basis seven girls were chosen as candidates. They were Janice Appeman, Lakota, N. D., Sandra Haas, Lidgerwood, N. D., Sandra Klein, Richardson, N. D., Patricia Trom, Kindred, N. D., and the three named above.

The queen will be crowned during the homecoming festivities which begin on Thursday, October 25, 1956.

selected as Commander of Air Debs, reigned as the first sweetheart of Kappa Psi, participates on the Bison staff, is a member of Newman Club and Tryota. Named as attendants to the

queen were Terryl Ann Frank, senior in Home Economics from Fargo and a member of Kappa Alpha Theta Sorority; and Shirlene Schnell, senior majoring in Phy Ed from Dickinson and president of Gamma Phi Beta Sorority.

We Goofed!!!

One thousand and one apologies to George Schwartz, newly elected president of the Board of Intramural Athletics.

Last week the Spectrum published an article announcing Don Schwartz as the new Intramural President. Well, we were half right. That is, we had the last name correct.

The other officers named in last week's edition were correct. These officers were: Tom Engh, vice president; and Gordon Renschler, secretary.

Governor Brunsdale To Start Activity With Torch Ceremony

The 1956 edition of the NDSC Homecoming will literally "fire up" as Governor Brunsdale will officially start the activities by lighting a torch in Bismarck next Friday morning at 9:00 a.m.

At the same time as the Governor is lighting the torch, which will be carried by runners from the state capital to Fargo, the Homecoming Queen will be crowned at the regular Homecoming Convo in Festival Hall. The convo is scheduled to begin at 8:45 a.m., or the second period of a regular convo morning schedule.

Friday night will find the Baby Bison playing host to the Papooses from UND at Dakota Field. A bonfire and a snake dance through the streets of Fargo will follow the game.

The Homecoming parade is scheduled to move out at 9:30 Saturday morning, and the torch bearers are expected in Fargo in time to precede the parade down Broadway. The football game between the Bison and the South Dakota State Jackrabbits will highlight the afternoon's activities. As a little sidelight to the game, the student body president of the losing school will lose his pants in the middle of the field upon completion of the game.

The Editor Speaks

All organizations entering a float in the Homecoming parade attention!!! This is the year for all of us to really go native on said floats.

As you all know, there is no theme to follow for this year, which leaves the road pretty well open for original ideas. So let's really put some eye-catchers on the road for the parade a week from tomorrow.

In the Spectrum of October 5 there appeared on the front page, where everyone could plainly see, an article announcing the availability of polio shots to NDSC students at the ridiculously low price of \$1.25 per shot. So what's wrong with you people? The first shots were given last Tuesday and Wednesday nights, and the turnouts were poor.

This is really quite a good deal for us students, so I don't think we should ignore it. Information is not available yet as to whether or not another chance will be given for you to get that first shot, but for the sake of everyone concerned, let's get over to the Health Center and check up on it.

As a parting note, it must be mentioned that there is a rather important football game up at igloo tech tomorrow afternoon. Hope to see a lot of State rooters up there yelling their heads off.

And vote November 6th.

Read This Only If You Need \$\$\$\$

By Jim Feeney

Already this year, the printing cost alone for four issues of the Spectrum is \$995. Engraving costs, salaries, etc. run it up to \$1275.00. If you're one of those people who think there is too much advertising in this paper, perhaps you'd be interested in knowing that cigarette companies alone spent over \$2000. for advertising in the Spectrum last school year. If we didn't have this additional revenue from advertising—both local and national, it would mean that it would cost you the student many, many more dollars each year.

If you still need more convincing—the Fargo Forum and other daily newspapers strive for a 50-50 relationship between advertising and copy. There are some papers, like the Minneapolis Tribune that we receive in this area, which has a higher percentage of advertising. The first four issues of the Spectrum have averaged exactly 40.1 percent advertising.

So what's in it for me you ask? Look around—Spectrum advertisers are offering everything from a free trip around the world for two (Old Gold "Tangle Schools" Contest) to two milkshakes for the price of one from Ralph Brandmeyer at the Dutch Maid Dairy. Reader's Digest is offering \$41,000. in prizes for entering a simple contest where all the contestant has to do is pick in order what articles he feels has the most appeal in the October Reader's Digest. Lucky Strike, after several years of paying off \$25 for "Lucky Droodles", is now shelling out \$25 for their "Sticklers". Yes, you say, but who from around here ever wins? Well, last year Gerry Bender won \$25 for a "Lucky Droodles". In Viceroy's big college contest last year where they gave away ten Ford Thunderbirds, a former student at Concordia won a new RCA Victor color TV set, which is nothing to be sneezed at.

Perhaps you are of the opinion that most ads are written by idiots—if so, here is your chance to prove it. Chesterfield is offering \$50. to anyone who can write a verse similar to the one's appearing in their new series. If it's good enough to print, the \$50 is yours.

Take a look at the advertising even closer, and you'll find some of your own classmates. Every Friday you'll find a chatty and informative column by Dewey and Larry Swenson for The Straus Clothing Co. There's

also Tip Miller, our Student Body President who you'll find at Shark's Clothier's, and Chuck Huntley at your first stop downtown, The Fargo Toggery (assuming you don't stop at The Flame first.) We can't forget Clint Sparks and his Automobile Buyer's Service, or Jean Anderson, who works at Mandel's. All these people realize that the college student spends a lot of money during his four years in school, they want your business, and they feel that the Spectrum is a good place to reach you.

So do yourself a favor, read the ads, it'll be well worth your while!

By Art Lies

Help! That is the word echoing again from the confines of KDSC, campus radio. What do they want help for? For just about anything and everything that you can imagine.

Firstly, anyone with a trace of Bill Stern or Mel Allen blood (even some Weaver or Adelson might do, we are desperate) is requested to try for the job of assistant play-by-play sportscaster. This is a chance of a lifetime for the budding sports announcer, and carries with it the promise of possible out-of-town trips next school year for coverage of basketball skirmishes on foreign terrain. Anyone interested should contact Jack Larson, station manager, at the studios.

In second position of need is a less glamorous job calling for skill only in reading numerals and letters (capital only). The record files have a most distressing habit of becoming exceedingly disarranged, and proper corrective practices are required. In other words, we need someone to straighten out the mess in our record file.

Changes in the Friday and Saturday night program schedules will appear in the near future. Anytime that you are in the Union, take a trip upstairs and visit our studios. Guided tours are available after 4:00 p.m. each day of broadcasting.

In My Opinion

By Hal Miller

The difference in tension between fraternity rushing and sorority rushing is so obvious and so great that it might be interesting to attempt to find the reasons.

Of course, there is always the wondering of which way certain "prize" rushees are going. But the scratching, clawing, smiling type of rushing is much harder to find in fraternity rushing. There are exceptions, but they are kept to a minimum.

There is also the lack of bitterness toward fellows pledging another fraternity. There is no wall of icicles placed between the fraternities.

The technical reasons are something like this: There is no quota in frat rushing. There is such a wealth of rushees—enough to go around. And, there aren't as many binding rules.

Well, concerning the quota, we fail to see what the quota, or the small number of rushees can have to do with the cold war always existing between the sororities. Also the frigid feeling toward rushees pledging other organizations. This is not only terribly petty, but useless besides. Very little can be gained in being chilly toward the other groups.

In back of the whole thing is the real fear the sororities feel toward each other. But, that's another longer story.

The fraternities had a few undercover flurries during the last rushing period. As usual, the problems can be traced to sloppy rules and sloppy enforcement of those rules. The Interfraternity Council, the Administration and the organizations themselves should start getting together on what is right and what is wrong. Then there will be no debate and confusion on either great or small issues.

SHORT FLASHES — Here's our chance to prove we want more lyceum talent as is coming up. Everyone should attend the Brubeck concert Monday . . . We noticed that all the suitcases were packed and students followed them home last weekend leaving the campus in its usual desolation. The college would be worth a lot more to the students if they were to take advantage of it seven days of the week instead of four and a half days . . .

Next week: What is Blue Key? What does it really accomplish? We'll try to answer some of the questions and clear up some of the misconceptions about the producers of Bison Brevities. See you then.

U. S. Civil Service Announces Exams For Trainee Spots

The United States Civil Service Commission has announced a new examination for Student Trainee positions in the following fields: Architecture, Cartography, Chemistry, Engineering, Mathematics, Metallurgy, Meteorology, Oceanography, and Physics. The entrance salaries during the training period vary from \$2,960 to \$3,415 a year.

Student Trainees will participate in special training programs consisting of on-the-job training in a Federal establishment and scholastic training at a college or university. To qualify, applicants must have had appropriate high school or college education and must pass a written test.

Further information and application forms may be obtained at many post offices throughout the country, or from the U. S. Civil Service Commission, Washington, 25, D. C. Applications will be accepted by the Civil Service Commission until further notice.

Socially Speaking . . .

By Jean Anderson

FIRE UP for Homecoming at Igloo Tech! Great and glorious times to be had in the Far North this weekend. Fine idea to have our queen, Gloria Lloyd, to whom we owe our congratulations, and attendant Shirlene Schnell and Terryl Ann Frank ride in the parade tomorrow. Give the folks up yonder a chance to see some real honeys.

MARRIED this fall were ATO alum Bruce Whidden, who graduated in EE last spring and Meri Eck, a med tech at the Dakota Clinic.

PLEGGED to Alpha Gamma Rho are: Dale Anderson, Robert Bishop, Edwin Brown, James Burke, Edison Colwell, Don Discher, Donovan Evashenko, Orian Fjestad, Carl Haas, Frederick Haas, Delayne Halvorson, Myron Hauge, Larry Lepird, Dennis McLeod, Gary McNeil, James O'Keeffe, Gerald Puppe, Ralph Rullifson, Larry Selland, Gerald Smith, Gary Spangelo, Gerald Thompson, Daryl Trautmann, Richard Vosper, James Well, Richard Whelan, Dennis Wold, James Amundson, William Archer, Richard Faight, John Graham, Earl Stegman, and Gerald Hegreberg.

ALPHA GAM pledged Lorraine Dahlke Monday night.

THETA bus-boys are really loyal to the cause. Stan Lundine, Phil Hurd and Jim Breem brought back their limit of ducks from a weekend's hunting trip and gave 'em all to the gals. Makes for pretty tasty eating.

PINNED are SPD's Vernon Johnson and Helen Anseth of Crosby, and Arnold Hultberg and Ione Reimann of Garrison.

Seems as how the newest social fad on campus is the romantic pinning of campus honeys with the frantic fratman's Presley for President Pin. For details inquire at room 48, Women's Residence Hall.

TAU KAPPA EPSILON pledges are Ted Titzke, Leon Larson, Owen Bredon, Allen Gunderson, Richard Gunderson and James Brinkman.

FOUNDERS DAY was celebrated by the Kappas Monday night.

ENGAGED are Alpha Gam alum Doris Tallackson and Wesley Nelson, student at UND.

INITIATION and Castle Day Banquet was held for Verlin Fossum, Laverne McCoy, Arnold Nygaard, Richard Johnson, Calvin Klaus, Virgil Byller, Richard Reirson, Wallace Spinarski, Robert Barrows, Eldon McLain and Robert Egan, Sigma Phi Delta, on Sunday.

FARMHOUSE Actives are Dallas Heidt, Orland Niemeier, Ronald Barks, and Darell Denich. They held their banquet on Sunday. Recently pledged to Farmhouse is Dale Herman.

NEW KAPPA pledge is Amy Larson.

ALUMS recently married are Sally Burchill, Alpha Gam, and Byron Lysne, Theta Chi.

TKE ACTIVES are Al Hanson, Lanny Brantner, Wayne Laske, Richard Wenberg and George Lyons.

TAU'S recently added the following pledges: Tony Gange, Bruce Larson, Andy Reider and Jerry Smith. Monday Roy Cedarstrom passed cigars in honor of his pinning to Norma McCloud, a nurse in Minot, and after an exchange with the Gamma Phi's the brothers ventured over to the Gamma Phi house and serenaded Bonnie Carlson and Lyle Huizenga, and presented roses to Bonnie as well as meeting all the new pledges.

SAE's serenaded the Phi Mu pledges Monday and also presented Wilma Husband, Theta, with roses in honor of her engagement to Martin Burley.

CO-OP Ray Axtman is now attending the University of Minnesota School of Veterinary Science.

YOURS TRULY received a very unusual telephone call from an interested football fan of Booneville, Missouri on Saturday. Seems he had seen the ND-Missouri game and had nothing but good words for the gridgers from State. Said the upwards of 15,000 fans gave North Dakota State a standing ovation in the fourth quarter when the score was 42-0. Missouri was penalized for unsportsmanlike conduct and from that time on Missouri booed their own team and cheered for North Dakota. Replacement quarterback John Joyce was received royally, and the friend of the people from Missouri was full of praises galore for all the Staters. His purpose in calling me was to let all the students know how Missouri felt about the Bison from North Dakota. Perhaps we did lose, but we can well be proud of the fellas.

THOUGHT for the week: The only trouble with being a good sport is that you have to lose in order to prove it.

BYE NOW . . .

Religion Stateside . .

By Kay Wollen

Haven't had much news turned in this week. Remember, all news MUST be turned in to me at Women's Residence Hall by Monday night if it is to be in this column.

This week-end, I was able to attend a retreat at which the relationship of church and state was discussed. I think that topic fits rather well in this column. We who are Christians must remember that it is not only our patriotic but also our Christian duty to vote or at least to take an active interest in our country's politics if we have not yet reached voting age. The relationship of church and state is an interesting one and worthy of everyone's consideration.

LSA

Friday night, the LSA is having an Open House party after the concert. There will be refreshments and a variety of games.

This Sunday is Preaching, Teaching, Reaching Sunday at LSA. Rev. "Big Pete" Peterson, Lutheran Campus Pastor from S. D. State will speak at services at Festival Hall Sunday morning and again at the evening meeting. Bible Study is at 9 a.m., church at 11 a.m., and supper will start at 5 p.m. with a meeting and program following. Plan to attend all or a part of the program.

The PTR mission will be continued on Monday, Tuesday and Wednesday evenings at 7 p.m. at the student house.

WMCA

The YMCA wants to remind all freshmen and sophomores to attend the noon luncheon series on Wednesdays. The theme is "Pulse Beat of the Campus and this week's

SC Women's Senate Adopts New Name And New Constitution

Women's Senate became a "has been" on Monday night when a new constitution was adopted making the official organization of all State women students the Association of Women Students.

Purpose of A.W.S. as stated in the new constitution is to "bring about a greater spirit of unity and mutual helpfulness among women students; to encourage active cooperation in the work of women's self government; to give expression to the wishes and opinions of women students; and to be a means to the establishment and maintenance of a high social standard for the college."

All undergraduate women at NDSC are members of AWS. It is governed by a council composed of presidents, (or their representative) of 24 women's organizations on campus plus girls who represent the AWS at regional or national meetings.

Officers for the current year are president, Jo Ann Johnson, Fargo; vice-president, Joyce Eriksen, Leeds; secretary, Gloria Olson, Esmond; treasurer, Ruth Folstrom, West Fargo; publicity, Margaret Platt, Fargo. Dean Pearl Dinan is faculty advisor.

Tau Beta Pi Elects 2 To Advisory Board

R. N. Faiman and L. L. Melanson were elected to the faculty advisory board of Tau Beta Pi, national honorary engineering fraternity, at the group's regular meeting October 4. These men take the place of two faculty members who left the campus last spring.

Tom Mack was named as the NDSC Tau Beta Pi representative to the national convention October 10-13 at the University of Kansas at Lawrence, Kansas.

speaker is Mr. Carl Schmidt, Director of Personnel and Counseling.

A party will be held in the "Y" Saturday evening, October 20 at 8 p.m. Members and non-members of the YM and YW are cordially invited to attend. Recreation will feature square and social dancing. Refreshments will be served.

Next Sunday evening at the First Methodist Church the group will hear Dr. C. Maxwell Brown talking on, "The God of Jesus Christ". This talk concludes the "Gods of the Campus" series. The meeting starts with supper at 6. Anyone wanting a ride meet at the Y at 5:45 p.m.

Next Wednesday evening at the supper meeting at 5:30 Rev. Ouradnik will speak on "Kingdom Under Judgment." This is a continuation of the fall emphasis on Bible study and the general topic, "The Kingdom of God, Past, Present and Future."

Violin Soloist Will Be Featured At F-M Concert

Soloist in the Fargo-Moorhead Symphony Orchestra's first regular concert of the season Sunday will be Isabelle Thompson, violinist. The free concert will begin at 4 p.m. in Fargo Central High School.

Mrs. Thompson, concertmistress, was formerly soloist of the Peoria Symphony and a member of the Firestone Orchestra. Her musical training began in her native Wahpeton. A scholarship took her to the University of Miami, a graduate fellowship to New York's Juilliard School of Music. She received her master's degree in music from Northwestern University and is head of the violin department at Concordia College.

Her solo performance Sunday will be in Beethoven's Concerto for Violin and Orchestra in D major, which has been called one of the easiest to enjoy of Beethoven's major works.

The Concert will open with Mozart's Overture to The Marriage of Figaro. It will be followed by the work that made Dimitri Shostakovich an international figure while still a boy: his Symphony No. 1, written when he was seventeen.

The orchestra is celebrating the completion of its first quarter-century, and to mark the occasion the Orchestral Association seeks to add a hundred names to its membership.

Clinton J. Johnston, campaign committee head, said that membership is open to anybody who contributes to the orchestra's sustaining fund. He urged that checks be sent to treasurer F. W. Mohr, Jr., Box 1753, Fargo.

Members receive reserved season tickets. Seats will be reserved until 3:45 p.m. Sunday.

THE SPECTRUM

Published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, North Dakota.

Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

Road To Grand Forks Not A Race Track

By the time this worthy publication is in the hands of you dear readers many of you will be anxiously watching the hands on your clock awaiting the starting time for the trip to the Northlands. Just a word of caution! We don't want to dampen your spirits or kill your weekend, but please drive carefully, the life you save may be your own!

Card Addicts Attention

Coming soon to the union will be pinocle and whist tournaments. It is expected to hold these events in late November. Further information will be given as plans become more complete.

* * *

Scheduled for November is a photo display sponsored by SUAB Creative Arts Committee. Exhibits will include many fine examples of photography compiled by area photographers.

* * *

Representatives of the Student Union Activities Board will attend the Region VII meeting of the Association of College Unions in Duluth on October 26-27. Students will participate in workshop groups to discuss the problems of students in student unions. The region includes schools from North and South Dakota and Minnesota along with some Canadian schools.

NOTICE

Monday night is dance night in the Union and offers an opportunity for all students to spend an enjoyable evening. Remember the time is 9 o'clock in the union ballroom.

FIRE UP! Attention all speed demons:

Football Friday - Baby Bison vs. Sioux Papposes at UND. Game starts at 1:00-see you there.

(Author of "Barefoot Boy with Cheek," etc.)

MARKING ON THE CURVE... AND WHAT TO DO ABOUT IT

Twonkey Crimscott was a professor. Choate Sigafos was a sophomore. Twonkey Crimscott was keen, cold, brilliant. Choate Sigafos was loose, vague, adenoidal. Twonkey Crimscott believed in diligence, discipline, and marking on the curve. Choate Sigafos believed in elves, Jayne Mansfield, and thirteen hours sleep each night.

Yet there came a time when Twonkey Crimscott - mentor, sage, and savant - was thoroughly out-thought, out-foxed, out-maneuvered, out-ployed, and out-witted by Choate Sigafos, sophomore.

It happened one day when Choate was at the library studying for one of Mr. Crimscott's exams in sociology. Mr. Crimscott's exams were murder - plain, flat murder. They consisted of one hundred questions, each question having four possible answers - A, B, C, and D. The trouble was that the four choices were so subtly shaded, so intricately worded, that students more clever by far than Choate Sigafos were often set to gibbering.

So on this day Choate sat in the library poring over his sociology text, his tiny brow furrowed with concentration, while all around him sat the other members of the sociology class, every one studying like crazy. "What a waste!" he thought. "All this youth, this verve, this bounce, chained to musty books in a musty library! We should be out singing and dancing and smooching and cutting didoes on the greensward!"

Then, suddenly, an absolute gasser of an idea hit Choate. "Listen!" he shouted to his classmates. "Tomorrow when we take the exam, let's all - every one of us - check Choice 'A' on every question - every one of them."

"Huh?" said his classmates.

"Mr. Crimscott marks on the curve. If we all check the same answers, then we all get the same score, and everybody in the class gets a 'C'."

"Hmm," said his classmates.

"Let's get out of here and have a ball!" said Choate.

So they all ran out and lit Philip Morris and had a ball, as, indeed, you will too when you light a Philip Morris, for if there ever was a cigarette to lift the spirit and gladden the heart, it is today's new Philip Morris - firm and pure and fragrant and filled with true, natural, golden tobacco, lip end to tip end.

...We should be out singing and dancing and smooching!

Well sir, the next morning the whole class did what Choate said and, sure enough, they all got "C's," and they picked Choate up and carried him on their shoulders and sang "For He's a Jolly Good Fellow" and plied him with sweetmeats and Philip Morris and girls and put on buttons which said "I DOTE ON CHOATE."

But they were celebrating too soon. Because the next time shrewd old Mr. Crimscott gave them a test, he gave them only one question - to wit: write a 30,000 word essay on "Crime Does Not Pay."

"You and your ideas," they said to Choate and tore off his epaulets and broke his sword and drummed him out of the school. Today, a broken man, he earns a meager living as a camshaft in Toledo.

©Max Shulman, 1956

At the top of the curve of smoking pleasure, you'll find today's new Philip Morris. So, confidently, say the makers of Philip Morris, who bring you this column each week.

LCT Admission Ducats At New Budget Prices

The regular single admission price for all Little Country Theatre productions is 75c. However, budget-minded students can reduce this 75c price to 50c per ticket or a savings of one dollar for four

seats. These four seats may be used in a variety of ways, for example, all four seats may be used for one show or one seat for each of four shows. Seats can be reserved in advance or you may take pot luck at the door. Season tickets may be purchased in any quantity at the Speech Department on the second floor of the Administration building.

"Chevez La Femme" Makes Her Reply

To the Editor:

This is in reply to the letter which was in the Spectrum last week, "Where Are Gals?" What we want to know is "Where are the Guys?"

Why should the girls teach the boys to dance so they can show their fancy steps to the girls at the MS and Interstate dances?

Have you ever noticed at the Monday night dances that the girls sit while the boys stand around with their hands in their pockets?

Have you also noticed the many lighted rooms in the dorms on Friday and Saturday nights?

Even though it is leap year the girls shouldn't be expected to take the initiative.

The problem isn't "what is wrong with the fairer sex," but rather "what ails the masculine half?"

DISGUSTED DORM GALS

Pharmacist To Speak

Paul C. Wieseman, chief pharmacist of the Norwich Pharmacal Company, Norwich, N. Y., will speak Friday morning, October 26, at 9 o'clock in Francis Hall to the senior pharmacy students at the North Dakota State College.

Mr. Wieseman, a graduate of Philadelphia College of Pharmacy and Science, has been with the Norwich Pharmacal Company since 1933. As chief pharmacist for the company, he is in charge of new product development.

The subject of Mr. Wieseman's talk will be "Your Profession and Public Relations".

To The Editor:

I was most interested in reading the letter from "an irate male student" published in the October 12 issue of the Spectrum. I concede his point that it is extremely distressing to see two fellows fox-trotting together; but it is equally distressing to see two thirds of our fairer half staring whistfully at the dance floor on Monday nights (and at other non-date affairs, too, I might add) while most of the big brave men of the campus either cower in a corner, sneer disdainfully at the assembled bevey, talk among themselves, or simply stand there.

If we are to be danceless on Mondays, what guarantee have we that Thursdays will be any different? No girl wants to subject herself to the possibility of being a wallflower, and you fellows certainly haven't shown us that we won't be. After twiddling our thumbs and chatting with the other gals for an hour, we get rather discouraged. Give us two or three more weeks of the cold shoulder or the I-just-came-to-watch routine and I guarantee you'll see even fewer girls at NDSC.

So heed OUR plea! We're just waiting to hear the words, "May I have the next dance," and we'll oblige by helping out at the Thursday afternoon sessions.

Prexy Announces Essay Competition

The office of President Fred S. Hultz has announced the opening of competition in the Vanguard Satellite Essay Contest. This contest is sponsored by the Glenn L. Martin Company in conjunction with the International Geophysical Year which will mark the launching of the Vanguard earth satellite.

Awards totalling \$12,000 for essays on satellite subjects, will be offered to the winning papers and duplicate awards will be made to the sponsoring institution. Eligibility is limited to seniors and graduate students majoring in engineering or the sciences.

There will be a preliminary judging at the school level or the number of entries which may be submitted is limited to one entry for each 50 eligible students.

To determine the advisability of NDSC entering a survey will be made to get an idea of the interest for this contest. If a sufficient interest is expressed, the entry forms will be obtained and the necessary steps will be taken.

All eligible students who might have any interest in this contest are asked to sign the paper which will be posted on the bulletin board in the Dolve Engineering building. An announcement will be made in two weeks on the basis of this poll as to whether the school will participate.

Civil Service Positions Open At Federal Penal Institutions In U.S.

The U. S. Civil Service Commission has announced an examination for filling the positions of Prison Farm Supervisor, \$4,080 a year, and Prison Farm Assistant, \$3,670 a year, in various Federal penal and correctional institutions throughout the United States.

The specialized farming operations covered by the examination include field crops, truck gardening, orcharding, dairying, beef production, swine production, poultry production, meat processing, cannery operations, grounds maintenance, and general farming.

No written test is required. To qualify, applicants must have had experience in farming operations including experience in the special field for which application is made. Provision is made for the substitution of pertinent college study for part of the required experience.

Applications will be accepted until further notice and must be filed with the Board of U. S. Civil Service Examiners, U. S. Penitentiary, Leavenworth, Kansas.

Further information and application forms may be obtained from the U. S. Civil Service Commission, Washington 25, D. C., or from many post offices throughout the country.

"Mums" To Be Sold To Sororities And Frats

At a meeting on October 7, the sophomore commission of the YWCA made plans to sell mums for Homecoming to the sororities and fraternities.

Profits from this will be used to buy materials to make Christmas toys for the children at the Fargo Union Mission. These toys, along with giving the children a party, should enlighten the kids' Christmas. Also a project for the Christmas season will be a visit to the Cass County Farm.

A Faculty Fireside is planned for Tuesday, October 23. The object of these firesides is to help the students and faculty to become better acquainted.

A political rally is scheduled the week prior to national elections.

On November 20, an evensong will be held for any wishing to participate.

The schedule for the remaining part of November through the middle of December is as follows:

- November 27—Debate Team
- December 4—Faculty Fireside
- December 10—All Association Party

Chem Professor To Speak At Conclave

The Red River Valley Section of the American Chemical Society will meet Oct. 19 at NDSC in Fargo. Dinner is scheduled for 6 p.m.

Speaker will be Dr. T. H. Dunkelberger, professor of chemistry at the University of Pittsburgh. He will speak on celestial chemistry.

Dr. Dunkelberger received his bachelor's degree from Dickinson College, Carlisle, Pa., and his doctor's degree from the University of Pittsburgh. He taught at North Texas Agricultural College and the University of Idaho before being appointed professor and head of the department of chemistry at Duquesne University. Since 1952 he has been at the University of Pittsburgh.

In 1937 he was co-author of a pioneer text on semimicro methods of analysis.

IT'S FOR REAL! by Chester Field

SECRET YEARNINGS!

Oh, why must I be civilized instead of being me?
I'd like to be a beast and kiss each pretty gal I see
I'd like to kick that brain next door,
it's been my favorite dream
And when I'm low I'd like to lie
upon the floor and scream!

MORAL: When you want to let go,
enjoy the real thing
Relax and enjoy a Chesterfield King!
The King of them all for flavor that's real
For deep satisfaction you honestly feel...
Made to smoke smoother by Accu-Ray
Beg... borrow... or buy 'em,
but try 'em today!

Take your pleasure big...
Smoke for real... smoke Chesterfield!

LCT Tryouts Set

Did You Know? . . .

By Corky

Baseball is the great American sport, true, but Ah Ha, did you know . . . that Americans spent more money purchasing recordings of concert music in 1955 than they paid for admission to all baseball games? Did you know . . . Americans spent more than \$30,000,000 in 1954 for retail sales of printed music? 84% of this went for printed concert music! Did you know . . . that there are about 1,000 symphony orchestras in the United States? I'm not running down baseball or any other sport, I'm just asking, did you know—?

Broadcast Music, Inc. issued a news release last week that brought light to this subject of "Long Hair". So many people, myself included, think that concert music is a bit stuffy and is appreciated by only the "long coat tail" set. But I'm ready to admit I'm wrong, if for no other reason than due to statistics provided by BMI.

More! Did you know . . . there is an average of seven opera performances every day in the United States? That musical instrument sales in 1955 went over the \$350,000,000 mark?

"Serious" music is not only going strong, but it is on the upgrade. In 1955, 1,279 radio stations programmed 8,297 hours of concert music, an average of 6.5 hours per week. 553 of these stations plan to carry more concert music during 1956! Five years ago, a similar study indicated that 300 stations carried an average of 3 hours per week.

Now for some light on the sports vs. music battle. Preconceived notions about Americans' preference for sports are dealt a blow by statistics that reveal Americans spent \$220,000,000 on spectator sports. Lotta cabbage, ain't it? You're right, but, did you know . . . \$285,000,000 was spent for concert recordings, equipment, box office tickets, and printed music? That's a lotta cabbage too.

Just one more item for you all. Concert music isn't all on the expenditure side of the ledger for you peoples. You like contests?

LCT Presents "Three Bears"; Cast Named

Karen Garrison, student director, announces the cast for "The Three Bears", the first of four children's plays to be presented this season. The play will be produced in the Little Country Theatre on November 10 and 17 and will include the following students in the cast: Mike Stallings, Ted Bolte, Patty Chalk, Joycelyn Voelker, Darlene Dadds, Mary Eresman and Connie Mills.

Good. BMI has a contest. BMI announces the Fifth Annual Student Composers Radio Awards contest open to all bonafide music students in the United States and its possessions. 14,000 bucks is the total in prizes to be won. But all the info I can give any interested party now is that entries must be in by Feb. 15, 1957. Official rules, entry blanks and further information can be obtained by writing to Russel Sanjek, Director of SCRA Project, Broadcast Music, Inc., 589 Fifth Ave., New York 17, N. Y.

Got off the subject there a bit, but anyhow, did you know . . . that I will be back next week with little known facts about little known facts? Hokay.

LCT'S "Bernadine" Staged Nov. 1-2-3

Edwin Bigelow, director of Bernadine, the Little Country Theatre's first production of the season, is well pleased with his cast of 15 men and 8 women. The comedy will be produced November 1, 2 and 3 in the Little Country Theatre.

The cast includes the following NDSC students: Fred Emery of West Newbury, Mass.; Art Cervinka of Chicago, Ill.; Don Evashenko of Voltaire, N. D.; Jim Linskey of Williston, N. D.; Don Schreder of Harvey, N. D.; Bob Mann of Underwood, N. D.; Dave Stellmach of Barnesville, Minn.; "Dee" Halverson of Barnesville, Minn.; Bob Stuewig, Ronald Peterson, Tom Joyal, Bob DeJardine, and Jack Kuppich all of Fargo. Among the girls are Monica Savageau, Pat Connolly, Jan Higgins, and Carol Olson of Fargo; Bunny Simons of Grand Forks, Connie Kimbrough of Cavalier, N. D.; Avis Palmer of Devils Lake, N. D. and Beva Fegley of Berthold, N. D.

"State Students Cop 19 Fall Scholarships", Mirgain Announces

Scholarships have been awarded to 19 NDS students for the fall term, it was announced by Dean Frank C. Mirgain, chairman of the Grants and Scholarship committee.

Only 33 applications were received by the committee this year leading Dean Mirgain to believe many students were not aware of the scholarships. The committee screens applications and makes award on the basis of scholarship need, citizenship and character.

Other members of the committee are Dean B. B. Brandrud, Prof. Joel W. Brobrg, Dean F. Caroline Budwig, and Edythe L. Toring.

State scholarships are awarded for the year and cover general fees. Laverne Noyes grants are awarded per quarter and are renewed only if the recipient maintains an average of 2.50.

Scholarship winners are:

State Scholarships—Bonnie Kiefer, Karen Ritchie, Stanley Schroeder, and Elaine Willy.

Laverne Noyes Scholarships — Albert Dentz, Jean Grindahl, Sandra Haas, Don Jarvela, Wayne Lee, William Lytle, Thomas Mach, Glen Martin, Keith McComb, John Pancratz, Cyril Peterson, Elmo Skare, Richard Teichman, James Unkenholz, and David Vick.

Lincoln Debate Club Will Meet MSTC

The Lincoln Debate Club of NDSC, under the direction of Dr. Phillips, entertained the MSTC debaters at a practice debate last Tuesday evening.

At this meeting the group elected officers for the coming year. Officers named included Duane Enger, president; Ruth Mortenson, vice president and publicity; and Joan Bandvik, secretary-treasurer.

The debate Tuesday night launched the club's series of activities for the coming season. Plans are now underway for an interesting and varied program of trips which will include such tournaments as the West Point Invitational.

Ceres Hall Women Name Boeddeker Prexy

Officers for the coming year at Ceres Hall Women's Dormitory were named at a recent meeting of the dorm council.

Heading the group is Yvonne Boeddeker as president; Marlene Olson, vice president; Nancy Johnson, treasurer; and Karen Holden as secretary round out the executive council.

Other members of the council include Ilene Friend, Beva Fegley, LaVonne Schwartz, Darlene Meyer, and Shirley Jaman.

SC Women's Club Gives Scholarship To Carolyn Pierce

NDSC Women's Club has awarded its scholarship to Carolyn Pierce, a senior in Home Ec from Ellendale, North Dakota.

The \$50 scholarship is made annually to a junior or senior with high scholarship and promise of success in her chosen field.

Carolyn participates in campus affairs being a member of Kappa Alpha Theta sorority and YWCA.

HERE ARE YOUR OLD GOLD TANGLE SCHOOLS PUZZLES

HOW TO PLAY

Rearrange the letters in each puzzle to form the name of an American College or University

PUZZLE NO. 7

CLUE: Founded by two missionaries, this college pioneered in coeducation. It has given degrees to women since 1837. It was also one of the first colleges to admit Negroes.

ANSWER _____
Name _____
Address _____
City _____ State _____
College _____
Hold until you have completed all 24 puzzles

PUZZLE NO. 8

CLUE: This university was founded in 1636 by a grant of the Massachusetts Bay Colony. It includes numerous famous graduate schools. Sports rivalry is traditional with Yale.

ANSWER _____
Name _____
Address _____
City _____ State _____
College _____
Hold until you have completed all 24 puzzles

PUZZLE NO. 9

CLUE: Opened as a Baptist seminary in 1820, this university was renamed in 1890 for a soap manufacturer and philanthropist. Individualized education and survey courses are given here.

ANSWER _____
Name _____
Address _____
City _____ State _____
College _____
Hold until you have completed all 24 puzzles

1956 Softball Champs . . .

Pictured above is last spring's championship AGR softball team. The aggie boys earned the 1956 intramural softball championship by defeating a strong TKE team by a one point margin. The game was called because of darkness with the score knotted at 1-1, and was finished the next day. The AGR's pushed the winning run across in the bottom of the final inning as Brandvik scored from third on a single by Austin. The members of the AGR team are: Standing—George Schwartz, shortstop; Herb French, manager; Gerry Bender, center field; Gerry Buelow, right field; Ernie French, pitcher; Orville Compton, first base; Paul Haugen, right field. Kneeling—Maynard Helgaas, pitcher; Joe Ruliffson, second base; Gene Rott, catcher; Larry O'Keefe, left field; Merlin Austin, shortstop; Mike Brandvik, third base; Russ Beiri, left field.

"NDSC Not Alone In Fee Raise Controversy," Says Cornell University

During the spring quarter of 1956 many State students became aroused when the Student Senate proposed a raise in activity fees.

In argument against the raise they cited the fact that tuition fees had already been raised a little more than a year ago. In an effort to point out that the raise in fees is not a problem that is confined to NDSC, but is almost universal. The Spectrum would like to offer this release from Cornell University.

The board of trustees at Cornell University recently approved a tuition raise. The Cornell Daily Sun editorialized on the increase as follows:

"Tuition increases are universally disliked, by administrators and teachers as well as students. But in the picture of mid-century American higher education, increased fees have become necessary as they are unwelcome.

The University's recent announcement that endowed college tuition would be raised to \$1,100 in September, 1957, comes as no surprise. It has long been evident that spiralling costs and development programs had to be financed from new sources. The single most important factor in determining the increase, faculty salaries, has presented a problem to all educational institutions for several years and something had to be done to meet the crisis.

Theoretically, of course, there are no limits to the amount a university can charge for the privilege of instruction. Practically, there are real dangers involved when tuition costs become exorbitant. We certainly do not feel that next year's increase will appreciably affect the quality of the student body; moreover, we trust that the quality of instruction will improve. With promised increases in scholarship aid the Uni-

versity should be able to maintain itself as an institution of wide opportunity and high level education."

This editorial, appearing in one of the large college dailies of the nation, reflects the thinking of many students on the subject of fee raises. True, they are undesirable, but the money must come from someplace and people are already screaming about the tax burden they are carrying.

Bowling And Football Hi-lite I-M Activity

Intramural Bowling flew into full steam this week for what appears to be a banner fall quarter for State keglers. According to bowling director Gordie Teigen, a total of forty student teams are entered in the four men's and one girl's student leagues. League play officially got under way during the week with a full schedule of contests, and, with the student and faculty leagues all functioning as scheduled, it looks like a busy season for the Union Lanes.

Outdoors, I-M Football is rounding out its warmer weather schedule, as teams in both leagues head towards the playoffs. The lineup on team standings is as follows:

LEAGUE I		
	Won	Lost
Theta Chi	2	0
Student Body	2	0
TKE	1	1
Co-op	1	1
SAE	1	2

LEAGUE II		
	Won	Lost
ATO	3	0
Kappa Psi	2	1
SPD	1	1
AGR	1	2
Sigma Chi	0	3

USDA Seeks Applications From Seniors

The U. S. Department of Agriculture is interested in receiving applications from senior students of North Dakota State College for a wide variety of positions, the Department's Recruitment Representative, Stanley W. Voelker, announced today.

State College seniors will be particularly interested in the variety of positions in science and agriculture for which they may be qualified on graduation. Practically all senior students in the School of Agriculture, as well as many in agricultural economics, business administration, biological sciences, and agricultural statistics will be eligible to apply. The regular salaries for most GS-5 positions is \$3670 per year. Those persons with a Master's Degree eligible for GS-7 are ordinarily employed at an entrance salary of \$4525. Both grades GS-5 and GS-7 have annual increases which are automatic for satisfactory service.

This year salaries for engineering positions at grade GS-5 will start at \$4480 per year and GS-7 at \$5335. Foresters eligible for grade GS-5 will start at \$4210 per year. Those eligible at grade GS-7 will receive a starting salary at \$4930 per year. Many of the positions at the GS-5 and GS-7 level in the physical sciences have had new entrance rates established which are considerably higher than the usual starting salaries of \$3670 and \$4525. Chances for advancement in all positions are exceptional. Positions are located both in Washington, D. C. and throughout the United States.

Detailed information, applications, etc. are available from Mr. Gjernes in the Placement Office.

ALTERATIONS and REPAIRS

Chips by Buffalo Bill

Concentration comes with difficulty as we prepare this week's offering for Spec publication, for this is the week when we once again recreate the Bison-Indian Stampede a la Spectaculaire. The words flow profusely but with little meaning whilst we, driven by the pangs of anxiety and fiery expectations, sit upon the sharp-est of tiny pins and needles during the calm before the annual storm. This storm has hit in past years, and our aging campus has weathered it well indeed, but for some reason, something definitely lacking this season which seemed to take up the slack during the last days preceding the Sioux struggle. Perhaps the answer lies in a possible reason for the baffling existence of the lull. The "why" of this period of utter spiritual despondency has this observer foxed, as the solid, learned student body of this primarily educational institution seems to be sitting on something other than pins and needles in seeming preparation for a hardy midterm fare two weeks hence. Why the sudden silence? What takes place beyond the hushed, locked "Green" doors of a once flame-spirited campus? If something doesn't happen between this writing and the actual playing of the UND contest to make this writer eat his words, then it is with sadness that we begin our annual fall Riviera vacation.

And at the expense of being chided as a reminiscent old fogey, we'd like to know what happened to another old State tradition. ("Gee, I can remember when all the freshmen had to wear beanies.")

As the Herd heads North, we find them in varying and sundry stages of aches and pains. Although a roundon on the current Bison lineup reads somewhat like a chapter out of "MEDIC", a few

bright spots have managed to show through from behind the vast depths of tape and cotton padding. Foremost among these is the return of backfield stalwarts Dean Sharp and Blackie Parkel to the Herd lineup after a week or so of very conspicuous absence. Yet, to illustrate the presence of a cloud behind every silver lining, we find big tackle Herman Nagel and back Wayne Wall as the latest additions to the crutch-and-rubdown brigade. While Nagel should see some action in Saturday's game, it is doubtful that Wall will even dress, as the speedy soph has been relegated to the use of crutches due to a severe sprain since the Missouri farce last week. The presence of Messrs. Parkel, Nagel, and Sharp in the Herd lineup, singly or as a trio, should serve to raise State hopes considerably, as Bison depth, always a shiny spot in the Herd's blue serge, dropped to an all time low in the Missouri fracas.

As a Spectrum Sports Scoop, we have, straight from the horse's mouth, inside information of the return of a former State star to the grid ranks, the horse in this case being none other than campus cutie and eminent banjo plucker Robert "Bug" Zuklic. With the return to form of the Bug, the SC bench should be bolstered to the tune of 225 plus pounds, "rounding" out the Herd reserve situation admirably.

A note on hospitality — Bison conference foes could well benefit by the example set by the University of Missouri in their fine treatment of the visiting State gridders. It almost made the trip worthwhile.

And, whilst on the subject of trips, we bid fond adieu to our fair publication for the week — we're going North to steal a nickel.

Meet The Coaches . . .

Leo Deutsch

The second member of SC's current varsity football coaching staff is Leo Deutsch, a native Chicagoan and former Little All-American performer.

Deutsch attended St. Rita High School in Chicago where he was an all state end. He played his college ball at St. Benedict's college in Atchinson, Kansas under "Moon" Mullins, former Notre Dame Halfback, and in 1937 was named to the Little All-America team. After the '37 season, he played in the East-West Shrine game in San Francisco and was a member of the College All Star team which defeated the Green Bay Packers 6-0.

The new Bison assistant began his coaching career at Loyola of the South in New Orleans as an assistant under Mullins, and from 1940-1947 was football and basketball coach back at St. Rita HS. Leo returned to the college coaching ranks, again under his old tutor Mullins, in 1948 at St. Ambrose college in Davenport, Iowa, where he became head football coach in 1950, and athletic director from 1953 until his recent resignation to come to NDS.

Deutsch has been of valuable assistance to head coach Les Luymes, and much credit for current Bison success can be given to his unerring ability to relay Herd mistakes from his spotter's position to the head coach.

The "elder statesman" of Bison assistants, Deutsch is married and the father of five children.

Don Chelf

The third and youngest member of the varsity grid crew is line coach Don Chelf.

Chelf, a 25-year-old native of West Liberty, Iowa, comes to the Herd from the University of Iowa, where he graduated in 1954. Don graduated from West Liberty High School in 1949, earning a total of eight letters in three major sports. During his term at Iowa U, he was a Hawkeye football regular for three years, twice receiving All-Big Ten honors at tackle position, and performing in both the East-West game and the Senior Bowl during his senior year.

Following his graduation from college, he worked towards his M.S. degree in Physical Education before being called into the Air Force with a 2nd Lieutenant's commission from ROTC. While in service, Chelf played tackle on the Bolling Air Force team that won the National Football Service Championships last year.

Don is a single man with a career ahead of him, as this year at State is his first season as a coach.

Game Bison Squad Falls To Missouri's Rampaging Tigers

The University of Missouri Tigers, former Big 7 conference doormats, broke a six-game losing streak at the expense of NDSC's Bison last Saturday, rolling over the stunned Herd to the tune of 42-0. The undermanned Herd was never in the game, as they were outgained on all counts by the bigger, deeper Tiger crew.

From the beginning score, a pass from quarterback Jim Hunter to halfback Hank Kuhlmann, the outcome of the contest was never in doubt, as Missouri found they were able to score almost at will, rolling to a 28-0 halftime score. That the Tigers were able to substitute freely without losing scoring punch against the much weaker Bison was evidenced by the fact that Kuhlmann was one of a trio of sophomores who led the southern team as Missouri coach Don Faurot cleared his bench.

Bright spots in an otherwise dark afternoon for the Herd were the outstanding play of guard Roger Gebhart and halfback John Joyce. Observers say that Joyce performed like an All-American against the Tigers, receiving a standing ovation from a crowd of 13,000 when he came off the field.

The loss brought the Bison season record to 3 wins to 2 losses. It was the first win of the season for Missouri.

Notice

Just another reminder to all chess enthusiasts that the Chess Club meets every Wednesday night, and that anyone who is interested in pitting his skill against other chess players of State or other schools is welcome to attend.

Don't Read This If You Like Profs!!

Oklahoma Daily writer Ed Turner has come up with a new way of college living which, in keeping with the times, he calls "class-manship." Briefly, he says, it means the knack of frustrating a well-meaning professor to such an extent that he will want to quit his chosen profession as an indicator and go to work for a munitions factory. Here are some of his rules:

"First of all: always be late to class. Upon entering NEVER look meek or apologetic for disturbing the class. Appear surprised as if this section was scheduled to meet at this time or even look hurt that they could go on without you. Many an accomplished classman has

caused the professor to thumb quickly through his class bulletin to see if perhaps they should have met at 8:35 instead of 8:10.

Disagree openly with the professor. An economics instructor says in his most profound and sonorous tones: "The theories of Adam Smith are the foundations of our modern system of economics." You say in an audible whisper: "But that's so passe" . . . making him look as if he had an old pair of plus-fours and was shouting 23 skidoo instead of delivering a lecture.

Leavemanship is another effective gambit that will add sparkle to every classroom. About 10 minutes before the class is over slam your book shut, zip up your notebook, tuck your pencil neatly in your pocket and begin tapping your foot spasmodically, whistling to yourself, if you are a poor whistler. At five minutes before the hour, scoot up on the edge of your seat, alternating your gaze between the wall clock and your watch, shouting "X minus five, X minus four, X minus three" . . . right up until the end of the hour."

SC's Young Dems Elect '56 Officers, Plan Precinct Work

NDSC's Young Democrats Club held its initial meeting last Wednesday evening in the Student Union.

Feature event of the evening was the election of officers, with Ruth Mortenson being named president, Joan Banvik, secretary; and Vernon Frederick, treasurer.

The group's next meeting will be October 24 at 7:30 p.m. in the small lounge of the Union. All students interested in the Democratic party are urged to attend and participate in the discussion.

LAST CHANCE! to enter Reader's Digest \$41,000 CONTEST

It's fun to do—and you may find you know more about human nature than you think! Just list, in order, the six articles in October Reader's Digest you think readers will like best. Couldn't be simpler—and you may win \$5,000 cash for yourself plus \$5,000 in scholarships for your college.

Have you sent in your entry yet? Entries must be postmarked by midnight, Thursday, October 25. Entry blanks available at your college bookstore.

Famous Funnymen Canvas U.S. Colleges To Find Campus Cartoonist of The Year

Three of the world's foremost humorists, Groucho Marx, Steve Allen and Al Capp join forces with Box Cards, leading designer of contemporary studio cards this October 15th to initiate an annual search which will cover every university and college campus in a full-scale effort to determine who is the student who deserves the title of the "Campus Cartoonist of the Year".

"There are absolutely no gimmicks, no restrictions, no coupons to clip, and no breakfast foods to buy. If you have a humorous idea which will be good for a contemporary studio card and can sketch your idea out on paper," explain Box Cards prexy, Bill Kennedy, "then you are the student we're looking for."

"Just make immediate haste," continued Kennedy, "to the college bookstore because the bookstore is the official depot for all information and entry blanks . . . and it's all free. We're not pushing Box Cards. Your bookstore manager will be happy to show you samples of the cards to give you a complete idea as to the humor which will score in this competition, but it definitely isn't necessary to purchase anything."

"Well," we asked him, "what's in it for the student who wins?"

"Want a royalty contract with Box Cards which will enable a student to breeze into an exciting and lucrative career designing studio cards?"

"Want national recognition as the No. 1 Campus humorist of the year, with resultant fame through international newspaper, magazine, television and radio publicity?"

"Want a seven-day all-expense paid holiday in Paris, France, complete with the plushness of transportation by TWA Trans-World Airlines, in one of their Super G Constellations complete with attractive hostesses?"

"Well," Kennedy stated, "if Messrs. Marx, Allen and Capp decide that your idea merits the accolade of 'Campus Cartoonist of the Year,' these wants will be completely satisfied."

The contest definitely closes on December 1st, 1956, so that the winner can be announced early enough to enable him to make his seven-day holiday a fact during his annual Christmas vacation from school, if the student should so desire.

The winning student will be announced in this publication immediately after notification is received from the judges, so keep your eyes glued to this publication for both further details and the final result in Box Cards' first annual search to crown one lucky student with the title of—"Campus Cartoonist of the Year".

WUS Member To Speak On Campus

Miss Diana Hobart, a member of the travel staff of the World University Service, will be on campus Thursday, October 25 to conduct a series of meetings aimed at acquainting the students with the World University Service.

Miss Hobart will speak at the Y Faculty-Student Luncheon at noon, meet informally with students during the afternoon, and conduct an open meeting at the College Y during the evening.

A native of Oregon, Diana Hobart attended colleges in that state and the University of Denver. Upon receiving her degree in sociology she worked for the Conde-Nast Publications in New York until she recently joined the World University Service staff.

Sticklers!

HERE'S A STICKLER!
WHAT IS A JAIL AT
LIGHT-UP TIME?
(SEE PARAGRAPH BELOW)

IF YOU HAVE recently become a smoker (duffer puffer), ask any old-hand Lucky smoker (prudent student) why he settled on Luckies. Bet anything he says they taste better. You see, Luckies' fine, light, naturally good-tasting tobacco is TOASTED to taste even better . . . cleaner, fresher, smoother. So, when it's light-up time, light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked. Okay—what is a jail at light-up time? Answer: Smoky Pokey. Isn't that criminal?

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

"IT'S TOASTED" to taste better!
