AFROTC To Present Talent Show Thursday

Five Production And Five Curtain Acts Selected To Enter Blue Key Production

Last Wednesday evening five senior students and five junior students took part in the first talent show ever to be held at the school, which was held in the Student Union. The show was sponsored by the Blue Key Club, and was a success. The following productions were selected: "GOLDEN LILIES," directed by Pat Moore, starring Mary Ann Sisson, and at the end of the show; "MADMAN," directed by Roberta Bear, starring Roberta Bear; "THE HOGG AND THE HARE," directed by Roberta Bear, starring Roberta Bear; "THE THREE MUSKETEERS," directed by Pat Moore, starring Pat Moore; and "THE THREE MUSKETEERS," directed by Roberta Bear, starring Roberta Bear.

Holtz Reappointed To 3-Year Term On NPAC Board

Word has been received from the NPAC (National Public Affairs Commission) that Mr. Holtz will be reappointed to the board for another three years. Mr. Holtz has been a member of the NPAC since its inception, and has been very active in its work. The NPAC is a national organization that works to promote civil rights and civil liberties. Mr. Holtz has been a strong advocate for these causes, and has worked hard to ensure that the NPAC is successful in its efforts.

NDSC Student Senate Donates $2000 To Student Loan Fund

A donation in the amount of $2000.00 has been given to the NDSC Student Loan Fund by the NDSC Student Senate. The money was raised through various fundraising efforts, including a bake sale, a car wash, and a raffle. The money will be used to help students who are in need of financial assistance to pay for their education.

Panther Council Announces Date For Charity Ball

Panther Council has announced that the Charity Ball will be held in the Student Union this Saturday night at 8:00 p.m. The event will feature live music, dancing, and a silent auction. All proceeds will go to charity.

"Tricks To For Prey" By Independent

The Independent Students will be holding a special election next Monday night to elect new officers for the Independent. The election will be held in the Student Union, and all students are encouraged to attend. The Independent is a student newspaper that is published weekly.

DON'T MISS THE TALENT SHOW!

CHARITY BALL IS COMING SOON!
From the Editor's Desk

By Gerry Bender

First of all a slap on the back to a fellow who perhaps had as much to do with Saturday night's win over the Owls as anyone (perhaps even more) is Bill Eulen, for not getting, of course, the Gold Star Band. If fan spirit but no ability to do anything about it we need to have to hand much credit to Bill and his merry band.

Now please don't get all hot under the collar and start writing us your opinions on the matter. There is no doubt in this head that the Herd is capable of beating the Sioux any day of the week. But not the next night. The refereeing was nothing but lousy all through the game, but the Bison did everything in the book in those few minutes of regulation play.

And the "paddling organizations". Actually the statement made in this column a couple weeks ago saying that there are "too many of these paddling organizations" was stated that way merely to try to get some retorts.

What is really wrong with these organizations is the people concerned do not belong in any of the clubs that they can. It looks so good to have your picture in the annual so many times. And it also looks so good to see all of those activities listed beneath your senior picture.

Another fault of the aforementioned is the tendency of these organizations to think they have to do something big and spectacular during the year. With the school growing as it is only follows that there will have to be a limit somewhere on the number of all school events that can be held during the school year.

There is nothing at all wrong with the existence of such organizations and necessary for the employment of spare time and talents of our increasing number of students. It is up to us, as members of campus organizations, to realize the possibilities and limitations of same.

And don't forget to keep your schedule open for 7 p.m. this Thursday the place to be at this time in Festival Hall, where the big APRG party will be held, will be to Darrell Reber, big gun behind the show, there will be a great variety of talent on hand.

To Gregorio . . .

Mr. Editor:

I believe this is a good time for me to express to you Mr. Gregorio of The Academy. He seems to be a terrific fellow that derives satisfaction from stirring up arguments. Well, he needn't expect any such satisfaction by reading this letter, as I couldn't care less about his opinions. And my hope to show how silly he is, however, for the benefit of those who haven't realized that yet.

I'm not a Rahjah, I don't know much about them, especially the feline type. But I am a conformist. I used to watch television and learned about politics and liquor once, but this has bothered me endlessly since reading Gregorio column.

At any rate, he hasn't found anything wrong about anything on campus yet, so if any justifications for this letter, needed that should suffice.

He must be working his imagination over-time to come up with comparisons like cats and women, Nazis and Republicans, and editorial material and garbage. My imagination doesn't become nearly as exhausted in comparing such methods with those of certain ac tions in our country who are trying to destroy our Democracy from within.

Even Eulen knows the methods; get a rabble-rouser to turn one up on the other again merely until there is no organized resistance against outside attack. Pit women against men, Nazis against Catholics, Rahjahs, the dogs against cats, and our boys to start with, but he can't do it here.

Summing it all up, we find that Gregorio has found something good about any of us. One would think he's from up north. Since no one can come up to his standards, we must conclude that he is perfect. But if he is perfect, why does he always hide behind the anonymity of three thousand stu dents?

He is perfect. Therefore does he think he is God, to be only the one to judge? He isn't the only one else? I am seemingly awaiting his next outbreak; I need it to laugh myself to sleep.

Sincerely,

Jerry Gramlown

Socially Speaking

By Jean Anderson

AND BY tonight everybody will have an excuse to pull out a suitcase for a change and head for the Northland Lions Club's annual dance to be held Saturday night at the Sioux how to play ball. At least we don't have hockey games to keep us home!

MANY APOLoGIES are due to Bette Lawler for not being present over the weekend watching the Fabulous Flock how to play ball. At least we don't have hockey games to keep us home!

AND WHAT could be a nicer Valentine's Day present than the diamond ring that ATO prey Mr. Bender gave Kapra Karen Skjenbsy?

SCHOLARSHIP BANQUET was given by the SPDs. Guests were speaker Professor Hosted and Professor Oakey of the Engineering department.

PLEDGED to SAE are: Bill Henry, John Sawyer, Bill Hel ters, Bob Mann and Don on Nick. A little boy flew took a little girl flie to the picture. When they came out of the movie, he asked her, "Do you want to walk home, or shall we take a dog?"

KAPPA KAPPA GAMMA Province convention at the U. of Manitoba in Winnipeg will be attended by Ruth Morgan and Jean Anderson.

BROMO BOWL next Wednesday. Hustle out and watch the beauties of ATO and the Beasts of Gamma Phi play little football on Dakota Field at 4. 'Tis rumored that the pass play will be on the agenda.

NEW PLEDGES at the SPD house are Martin Olson, Dave Branden, Bob Hendrickson, John Peterson, and Kerri Ann, interested in joining.

The new night watch at the observatory was watching a professor using the big telescope. Just then a star fell, "Begorra," he said to himself, "that fellow sure is a crack shot."

SOME LUCKY GAL were Thelma Wilson, Husband, Margaret Smith, Joan Watt, and yaw Sooby, all receivers of Flowers on Valentine's Day. And Arlene Hedahl, Mary Andenon, Janis Olson, Annette Erdmann, and John Walker and Annie Sinner all got very big boxes of candy.

ATO Jim (better known egg foo young) put up a spark on the third finger, left hand, of nurse Gail Bennett of the Engineering department.

PLEDGES at the AOR house now include Bill Bicket, Darrell Reber and Marvin Werner.

SWEETHEART OF SAE, Jean Anderson, passed a huge Valentine of candy around the Gamma Phi house courtesy of the Brothers.

DID YOU KNOW that Bill Langer is a Signet with his boys. That Tau here on campus fell in love on Inauguration Day. The honorable senator is alma Zeta at NDU?

AND A PLUG for the Air Force ROTC Talent show to be held Thursday. Reports are that it will really be well seen. It will be staged at 7 p.m. Thursday night in Pettit Hall, and the talent that has signed up already promises a good show. Feature attraction will be North Dakota's Elvis, Bill Jenkins of the Finley Air Force Base.

And so bybye for now. See you at the Riv.
Rahjah Club Pens A Reply To Attack
by Gregorio In Last Week’s Edition

Dear Gregorio:
The Rahjah Club of NDSC has looked into the Academy’s position on certain of their activities during the past several weeks and believe The Academy has given an erroneous view of several of the Club’s activities. We offer, therefore, these explanations to The Academy in the hope that the students of NDSC can make a correct conclusion on the subject.
The Academy uses the phrase "moral fiction" in its discussion of the shaving permit sale. If we point out a similar phrase, these are the "moral facts". Last year shaving permits were initated by the Rahjahs in the hope that more students would grow beards and would get the feeling of belonging to the school. The money thus used to help finance the football team on its spring training trip, a trip which helped the Rahjahs in the hope that more students would grow beards and realize the "moral facts". Last year our school.

All girls living on campus, where the doors are normally locked at 10:00, will receive an extra half hour of liberty provided their dates deposit a penny for every minute out after 10:00.

Proceeds of the "penny a minute" night, sponsored by Women’s Senate, will go to the Hungarian Relief Fund in hopes of bringing a Hungarian student to NDSC.

Air Force Grads Receive Orders
Two Second Lieutenants, commissioned at NDSC, have received active duty orders from the Air Force, according to Colonel James E. Bailey, Professor of Air Science. Lieutenant Loren F. Bjornson , from Greenville, Texas, will report to Lackland Air Force Base, Texas, this month for further assignment to the first available flight training class.

The individual who purchased Copy No. 946 of THE TOAD is the winner of a BULOVA WATCH (Men’s or Ladies) courtesy of F-M JEWELRY.

KKG Pledges To Go Party - Party
Fraternity and sorority pledges must get down to business, why, too, you may be selected as a starter in American history.

DIARY OF A COED

Wednesday: Three packages from home—laundry, cookies, records. So hungry I ate all three ... Quixotism in American history. If James K. Polk didn’t invent cotton gin, I’m in big trouble ... Had afternoon date with Erwin Luckhart. I said things were bound to improve. Ralph said things were bound to improve. Ralph said he hopes so because the last four times he called on Mady she dumped vacuum cleaner bag on him. Smoked a Philip Morris. Yummy! Dinner at house—bread. That’s all; just bread ... And so to bed.

FRIDAY: Got our marks in English lit quiz. Lucky for me Shakespeare wrote Catherin’s Tales! ... Date with Ralph Felters. Purely platonic. Ralph wanted to talk about love trouble he’s been having with Mady Vanderklung. I said things were bound to improve. Ralph said he hopes so because the last four times he called on Mady she dumped vacuum cleaner bag on him. Smoked a Philip Morris. Yummy! Dinner at house—bread. That’s all; just bread ... And so to bed.

THURSDAY: Three packages from home—laundry, cookies, records. So hungry I ate all three ... Quixotism in American history. If James K. Polk didn’t invent cotton gin, I’m in big trouble ... Had afternoon date with Erwin Luckhart. I said things were bound to improve. Ralph said things were bound to improve. Ralph said he hopes so because the last four times he called on Mady she dumped vacuum cleaner bag on him. Smoked a Philip Morris. Yummy! Dinner at house—bread. That’s all; just bread ... And so to bed.
**Lyceum Presents Dance Drama**

“A new kind of entertainment” will be provided at next Wednesday’s Lyceum attraction — the new Dance Drama Company headed by Emily Frankel and Mark Ryder, who have combined the different styles of Dance with Drama and Music.

**State Coeds To Be In Style Show**

NDSC coeds will take part in a style show at de Lendrecie’s Mar. 8, 9 and 10. The participants were chosen from the School of Home Economics.

The style show is being held in cooperation with O. J. de Lendrecie Company, the Simplicity Pattern Company and the Textile and Clothing Department of NDSC.

The girls will make the dresses they model under the supervision of Mildred Hawkins, Alice Rising and Emily Reynolds. The fabrics will be furnished by de Lendrecie’s and the patterns by Simplicity.

As a reward for being in the show the girls will receive the dresses they make.

The Canadian Players from Stratford, Canada, will present a return engagement of Ibsen’s “Peer Gynt”. Dr. Frederick G. Walsh announces this presentation to be held March 5, as part of the NDSC Lyceum Series.

Bruno Gerussi will play the lead role as Peer Gynt.

**ASTRONOMERS!** Long sentences make you impatient? Do you hate standing around, twirling your telescope, waiting for dark? Cheer up . . . now you can fill that gap! Take out your Luckies — and you’re in for a Twilight High-light! Luckies are out of this world when it comes to taste. That’s because a Lucky is all cigarette . . . nothing but fine, mild, naturally good-tasting tobacco that’s TOASTED to taste even better. Light up a Lucky yourself. You’ll say it’s the best-tasting cigarette you ever smoked!

**Essay Contest Is Open To Students**

A total of $2,000 will be awarded to students and teachers in an essay contest sponsored by North Dakota Broadcasting Co., Inc. on the subject, “Why I think my teacher, or instructor, deserves recognition.”

Any student, grade, junior high school, high school, college or university—attending a school in the area served by NDSC stations may participate. The prizes will be: four cash prizes of $250; two $250 scholarships; two cash prizes of $150; and two $100 savings bonds.

Entries will be judged on neatness, spelling, grammar, sincerity of thought. All entries must be 50 words or less, and be postmarked not later than May 31, 1957. Winners will be announced on June 10, 1957.

**Scholarships Open For Home Ec. Girls**

Two $100 scholarships will be awarded at the eighth annual convention of the North Dakota Home Economics Association at NDSC, April 6. This is a new project of the state association, planned to help college girls studying home economics.

Dean Caroline Budwig and Miss Lorissa Sheldon of the home economics staff, and Miss Ruth Dawson extension economist at NDSC are in charge of the program.

This event is open to home economic teachers, dietitians, extension workers, home service directors and homemakers.

**1¢ worth of electricity will run an electric clock for a week**

**Luckies Taste Better**

THE SKYLINE

Did You Know? . . . . By Corky

What this campus needs is an old-fashioned beer garden. I'm not thinking of an old-fashioned beer garden, with palm trees among the wall ledges, coarse sand-wood benches, smoky lights, now moving four-bladed fans, not all sorts of contrasting decor. All that would have to be served is tap beer, not any bottles or cans. Bottles and cans often lend another type of atmosphere, not wholly desirable. There could be a joke box with only old time waiters and follow waiters - a promptu combo, and a patio for the warmer months.

This beer garden could be operated on a "private club, non-profit" basis... keeping any Serverial minded individual from trying to make a killing on the enterprise that has appeal to many persons. Or if a profit is to be desirable, then turn it over to the worthwhile organization.

Religion Stateside By Kay Wollan

Perhaps a reminder is in order to the church groups that news must be in by Monday night if it is to be in that week's paper. Too much news has been coming in too late to be written up.

If you noticed last week's column was better than usual, that was because Dianne Aafedt took it over. This Friday night the LSA will meet for a bowling party at the Union Bowling Lanes. Sunday will follow the regular schedule with Bible Study starting at 9:30 a.m. and church services at 11 a.m. Following the 5:30 supper, Mrs. Nelson Preus will speak on the topic, "Art Serving the Church." Plan to attend one or all of these meetings.

Tommorrow night the Gamma Delta will meet at the Union Bowling Lanes for a party at 7:30 p.m. Everyone come for an evening of fun. The regional spring camp will be held near Henning, Minn. from May 10 to 12. Robert Cook is chairman.

C'c Phi U Chapter Honors Two Alums or Founders Day

Beta Active and Alumni Chapter of Phi Upsilon Omicron, national honorary Home Ec fraternity, held their Founders Day Banquet Tuesday night in the Founders Room of the Home Ec building.

Two alumni guests honored at banquet were Mrs. Garrett W. Tomlinson of Fargo and Mrs. Louise Oldmire Norton of Minot.

Mrs. Norton was National Secretary of the organization for seven years and has served as National Secretary-Treasurer for the past three years. Mrs. Norton has been recently appointed after of The Candle, the fraternity's national semi-annual magazine.

C'c Phi Chapter at NDSC is the only chapter in the nation to have national officers.

Bob Pettit, Basketball Champion, Says:

"Viceroy Has The Smoothest Taste of All!"

SMOOTH! From the finest tobacco grown, Viceroy selects only the Smooth Flavor Leaf... Deep-Cured golden brown for extra smoothness!

SUPER SMOOTH! Only Viceroy smooths each puff through 20,000 filters made from pure cellulose—soft, snow-white, natural!
Baby Bison Hit Stride After Slow Start, Ron Schiff Leads Team In Scoring

By Clarence Anderson

After a poor start the Baby Bison appear to have hit their stride. Although they have a 5-won, 7-lost record, this belies the team's play the past several weeks. The frosh have won four out of their last five games after dropping six of seven games at the beginning of the season.

The team's top performance thus far came last Saturday night in a decisive 62-48 victory over the Sioux flesh. Coach Cliff Hendrickson stated that he was well pleased with the improvement of the team as a whole.

As far as individual statistics go, the honors are divided among:

- Schiff leads in field goals averaging 62. Fortier is second in that department with 50.
- In free throw production Boldenow leads with 46.
- Ron Schiff gathered the most points in two outstanding games showing a field goal with 29 points remaining.
- Schiff also leads in assists with 112. The third of the season.
- The third in scoring, Ron Schiff leads with 112 points for a 12.7 average per game. Gary Boldenow is runnerup with 112. The third and spots are held down by Ross Fortier and Bill Bartels with 107 and 106 points, respectively.

The trophy is in memory of a former NDSC athlete, Dennis Drews. Drews was an all conference fullback in 1948. Besides being football captain and the most valuable on the football team, he participated in many campus activities. Drews, a Korean War pilot, was killed in Vietnam in 1954 as the result of an air accident.

The trophy is awarded to the most valuable Bison football player.

The trophy is awarded to the most valuable Bison football player.

Sylvania

Sylvania will be on this campus Tuesday, March 5 for the purpose of interviewing engineering applicants. See your Placement Director to arrange an appointment.

Open Till 8 p.m. Every Evening

The Teammakers Club is non-profit corporation composed of Fargo businessmen. NDSC grads, and grads of other colleges. It is recognized for its work in finding jobs for athletes (3) to make money for the aid of athletes.

It is not enough to make money for the aid of athletes. It must be understood that the NDSC Club gives jobs to their athletes that they come here to gain experience. It is now through the Teammakers Club that the athletes get jobs.

About 150 boys have been helped since the grant-in-aid program began. One student was scolastically or was dropped from the team and aid is immediately cancelled.

The NDSC Scholarship Committee has the authority to run the Teammakers Club's plans and all activities fall within the bounds of NCAA and NCC rules.

Les Laynes, SC Athletic Director, has labeled the Teammakers Club as "the end-grant-in-aid program" and "as vital and will be vital as long as the program is in effect." The statement is evidence enough to the Teammakers Club and is invaluable to SC.

Presently Jim Otis is President of the Club, but a new state's officers will be elected soon. They must be realized by all of the athletes. It is the only office our aid athletes. All junior and engineering students are eligible.

Applications can be obtained from our respective department heads. These applications must be filled out and returned in to Professor A. W. Anderson's office by March 22.
Little Buffalo Split
Ball Game Honors
With Little Indians

The NDSC Baby Bison split a pair of basketball games last week-end with the University Papooses on the Concordia fieldhouse floor, dropping Friday's game, 75-69, and coming back strong Saturday to win going away, 62-48.

A point effort by Ron Schiff led the Baby Bison to a 40-23 halftime lead but the bottom fell out for the Frosh in the second half as the U Papooses tied it up with about four minutes remaining and went on to cap the win.

Saturday, Schiff again was the big gun pouring in 23 counters and this time the NDSC Yearlings kept the game on ice with some well engineered stalling and fine defensive play in the final minutes of the game.

State Marksmen
Cop Rifle Match

The State ROTC rifle teams topped teams from UND in a shoulder-to-shoulder match on the SC firing range last Saturday.

Firing 1873 out of a possible 2000, the SC Army ROTC rifle team defeated its closest opponent by 71 points.

In second place was the SC Air Force ROTC rifle team with a score of 1802. UND Air Force totalled 1706.

High individual score was made by Bruce Cofell, NDSC Army ROTC, Cadet from Fargo. Cofell's scores were 97, 100, 97 and 87 in the four points for a 201.

Ron Schiff comes to a screeching halt as an unidentified Sioux player is caught off guard. The Baby Bison split the home games with the Papooses.
Home Ec Students
Plan Mpls. Journey

The annual field trip to Minneapolis for Home Economics majors is being planned for March 31 to April 2, 1957. This trip is made to give girls who have chosen Home Economics as a career an opportunity to visit various establishments which employ Home Economists or which supply consumer goods used in the home. Miss Mildred Hawkins and Miss Kathryn Weesner, members of the Home Economics staff, will accompany the group.

The establishments to be visited this year include: Strutwear, Inc., manufacturers of dresses by the section method; the Minneapolis Gas Company which conducts an educational program to provide assistance to homemakers in the use of appliances; the Minneapolis Institute of Art to see the fine exhibit of period rooms; and Southdale to observe modern merchandising methods and facilities.

The trip will be made by chartered bus, and the group will stay at the Curtis Hotel. A fee of $18.50, paid at the time of registration, will cover all costs of transportation, lodging and insurance. Meals and tips will be paid for by each participant.

Reservations for the trip may be made with Miss Hawkins starting February 25. These field trip plans will of necessity be dropped if there is an insufficient number of reservations to fill the bus by March 15.

Placement Service

Monday, Tuesday, Wednesday, Feb. 25, 26, 27

Northwestern Bell Telephone Company, Representatives of Bell Telephone Laboratories, Western Electric Company, Sandia Corporation and Northwestern Bell Telephone Company will interview Engineering graduates.

Wednesday, Feb. 27

Marie Island Naval Shipyard, Interested in Mechanical, Electrical, Civil and Architectural Engineers.

Thursday, Feb. 28

City of Milwaukee is looking for Civil Engineers.

Friday, March 1

E. I. DuPont Company will interview students with degrees in Protective Coatings, Mechanical, Electrical and Industrial Engineering, and Chemistry.

What's doing...

at Pratt & Whitney Aircraft

New “high-road” to

JET ENGINE FRONTIER

in Florida

Heralding important things to come, work was begun in late summer, 1956, on a wide access road in a remote section of Palm Beach County, Florida. At the end of that road, situated northwest of West Palm Beach, a 500,000-square-foot plant destined to be the newest addition to Pratt & Whitney Aircraft engineering facilities is already well under construction.

Here, engineers and scientists will soon be hard at work dealing with new and increasingly complex problems relating to advanced jet aircraft engines. Working in close coordination with men at other P & W A establishments — particularly the company’s multi-million-dollar Andrew Willgoos Turbine Laboratory in Connecticut — this newest section of the Pratt & Whitney Aircraft team will face a challenging assignment. They, too, will be concerned with design, testing and development of highly advanced, extremely powerful jet engines which will join a family already including J-57 and J-75 turbojets, currently playing important roles in the growing military and commercial air power of the United States.

The engineering graduate who begins his career at this Florida facility will have the rare opportunity of keeping pace with its anticipated growth. In an organization renowned for development engineering superiority, he will gain invaluable experience working on vital, long-range projects that are a challenge to the imagination.

World’s foremost designer and builder of aircraft engines
