Senate Race Spotlights Candidates For Monday, Tuesday Student Elections

NDSC students will cast their ballots in the annual student government elections next Monday and Tuesday.

In the senatorial races 44 students seek the 12 open positions, and three men are in quest of the student body presidency.

Only one polling place, that in the Student Union, will be open the first day of the elections. This polling place will be open from 8:00 a.m. to 5:00 p.m. and from 8:00 p.m. to 10:00 p.m. Monday.

Polling places for Tuesday will be in the Union, Library, Minard Hall, Morrill Hall, Home Economics, South Engineering, and Dolve Hall. These voting booths will be open from 8:00 a.m. to 5:00.

Campus Radio will carry the results of the election as the tabula-

Meet The Candidates

Page 3, 7, 8, 9

tion of the ballots is conducted in the Student Union Ballroom next Tuesday afternoon.

Refugee Student To Arrive On Campus Before Quarter Ends

John Miller, president of Student Senate, announced that contact has been made with a Hungarian refugee student. His name is Barnabas Rad and he is expected to arrive here before the end of the winter quarter.

Mr. Rad has been studying Agronomy and plans to continue that course while here. He will audit courses during the spring quarter and then enroll in an actual curriculum in the fall.

Mr. Rad fled Hungary with his parents, who are now at Camp Kilmer, N. J. Mr. Rads' father is also an agronomist.

While at State, Mr. Rad will take his meals at the fraternities. The frats on campus have each agreed to furnish one month's board.

No other details are available on his arrival at this time.

AWS Sells Ducats For LCT Production

It has been rumored that all NDSC students are going to attend the Little Country Theater's production of Sean O'Casey's "The Plow and the Star" showing March 14, 15 and 16.

The grapevine also says that all play-goers will be buying their tickets from the Associated Women Students Executive Council.

So don't let the grapevine down! Step right up to the Student Union Ticket Office and buy your ticket to this production from 11:00 to 1:30 daily.

St. Pat & Patricia To Hilite Eng. Ball

The Engineers' "St. Patrick" Ball will be held Friday evening, March 15, in the Crystal Ballroom. The Tempo Kings will supply the music and dancing will be from 9 to 12.

The dance is semi-formal, and corsages are not in order. Admission is \$1.50 per couple.

A new feature has been added to the ball this year. An Engineers' queen will be chosen and she will be known as "St. Patricia." Candidates are selected by each sorority and independent group on campus and the queen will be chosen that night at the dance.

Candidates for "St. Patricia" are: KD—Jan Kearney; GPB—Ruth Hoyman; AGD—Anna Mae Davis; KKG—Maureen Steigman; KAT, Marlys Oberg; Phi Mu, Pat Turner; and Independents, Barbara Sang.

The candidates for "St. Patrick" are: ASME—Don Gronbeck; ASCE—Russ Harju; AIAE—Seth Twitshell; AIEE—Richard C. Johnson; Aero Eng—Leslie Fuchs; and Ag. Eng.—Dennis Lindeman.

The voting will be done at the dance that night by attendance and use of the tickets as ballots.

FM Symphony Plays Pop Concert Sunday

The Fargo-Moorhead Symphony Orchestra's annual pop concert Sunday at 4 p.m. in Fargo High School will have a tinge of the British about it, even though compositions from four countries will make up the program.

A 1945 work of the Englishman Benjamin Britten will be notable because it has never before been performed here.

Richard Wagner's "Tristram und Isolde: Prelude and Liebestod" will employ an English horn, an instrument that the orchestra has not used before and has owned only since last summer.

The English horn in a solo passage will be played by R. Daniel Brown, NDSC senior in architecture.

The concert will include Tchaikovsky's popular "Serenade in C Major, opus 48" and will end with selections by Jerome Kern from "Showboat".

Scholarships Open To Students With Taste For History

The North Dakota Institute for Regional Studies announces several scholarships for the academic year 1957-1958.

The Young Memorial Award, given by Mrs. Shorey Cameron Guess in memory of her parents, the late Mr. and Mrs. George M. Young, provides for the payment of \$100. to an advanced undergraduate or a graduate student of any school at NDSC for an original investigation relating to the history or government of North Dakota.

Mrs. Jessamine Slaughter Burum of Arthur, N. D., offers a \$100. scholarship to an undergraduate or graduate student of any school at NDSC for research in any phase of the historical program of the Institute during 1957 and 1958.

The North Dakota Institute for Regional Studies offers an award of \$100. to an undergraduate student in the school of AAS who will be in school for the year 1957-1958 for research in any of the many phases of history, culture, or resources—biological or physical—of the Northern Great Plains.

Students interested in the scholarships should discuss their ideas with staff members in the appropriate field for advice on the preparation of a project outline and recommendation for the award. Applications in the form of a proposed project and staff adviser recommendation must be submitted before April 6, 1957, to the office of Dean Russell, School of Applied Arts and Sciences.

SC Grad Completes AF Training Course

Captain Leo W. Hall of the United States Air Force, recently graduated from the navigator training course at Ellington Air Force Base, Houston, Texas.

Capt. Hall was promoted to his present rank January 30, 1957. He is a 1951 graduate of North Dakota State College where he received his commission under the Air Force ROTC program and a BS degree in Agricultural.

Groups Lauded For Annual Concert

An appreciative crowd attended the NDSC Gold Star Band and Choir concert in Festival Hall Sunday afternoon.

The Gold Star Band led off the concert with "The Green and The Gold," followed by a varied selection of three numbers.

The Choir then took the stage and delivered a repertoire of choral and choir numbers.

The next selection offered by the Band featured Ray Link in a saxophone solo and they ended their part of the concert with an encore of "Humoresque".

The Choir also received several encores after delivering a selection including German Folk Songs.

The Band is directed by William Euren and the Choir is under the direction of Ernest Van Vlissingen.

Col. Pine To Speak On Missouri Basin Plan

Col. L. W. Pine, U. S. Army Corps of Engineers, will deliver a lecture here Tuesday, March 12, in the Little Country Theatre at 3 p.m. Col. Pine is the District Engineer in charge of the Garrison District.

The topic of this lecture will be on the Garrison Dam and the Missouri Basin Development Plan.

Sig Sweetheart Candidates . . .

The Sweetheart of Sigma Chi will be announced at the annual Sweetheart Ball tomorrow night at the FM Hotel. The candidates for the title are Sharon Elliot, Gamma Phi Beta; Margaret Benedict, Gamma Phi Beta; and Jan Christopher, Alpha Gamma Delta.

'Presley' Jenkins Captures Audience

The show stealer at the AF-ROTC Talent Show in Festival Hall last Thursday night wasn't even a contestant. Bill "Elvis Presley" Jenkins took the stage with a shake and a rattle and from then on the crowd was all his.

His imitation of the real Elvis was almost too good to be true. The only appreciable difference was that Bill can really strum that guitar. All his gyrations and grinds tore at the hearts of the young girls and they screamed their way onto the stage after the show to rush him for autographs.

The first part of the show presented the audience with various types of talents, and these amateurs were well received by the crowd. The group from Finley then took their place on the stage and Mr. EP hit the shimmy road amid cheers and yells from every part of the audience.

Pictures and names of the respective talent winners will be run in a future issue. Lack of space prevents doing it this week.

Debaters Travel To Madison For Tourney

Eight debaters from the NDSC Lincoln Debate Society went to Madison, Wisconsin this weekend to participate in the national tournament of Delta Sigma Rho, honorary debate fraternity. The group is accompanied by Dr. Gerald Phillips, debate director.

Those participating include John Pancratz, Richard Wands, and Joan Bandvik, all of Fargo; Robert Brake and Tom Farley, Jamestown; Duane Enger, Williston; Donald Berquist, Adams, and Delores Jendro, Casselton.

The NDSC Lincoln Debate Society is working with the University of Manitoba, University of Minnesota and Jamestown College toward the formation of an international debate league, dedicated to a rejuvenation of audience debating.

During spring vacation, March 22 to March 30, a group of debaters will travel through the Midwest and East, meeting, among others, the University of Minnesota, University of Chicago, University of Pittsburgh, Western Reserve University, Bowling Green University, and John Carroll University.

BE SURE TO VOTE

Did You Know? By Corky

What would your reaction be if I said the curriculums offered in this college are grossly inadequate? What would you say if I were to state that there isn't enough "education" available in this school? Well, I am saying just that: "there isn't enough "education" in this college."

Before anyone ostracizes me, let me have the chance to qualify my statements. Bear with me please, and don't judge me just yet.

In the next week or two, over two thousand students will have visited their advisors and set up a schedule for the spring quarter. For the majority of you, this will be a relatively simple task. You will scan your curriculum, choose

your courses from the programing sheet, and set up your schedule. You will then register for the classes and go away satisfied.

But let's carry this a bit further. The majority of you came to college knowing just what field of endeavor you wished to follow. You wanted to be an engineer, or a home economist, or an animal husbandryman. Fine, your curriculum was set up for you and you accept it. You know to follow it will lead you to your goal and most likely a good job and security.

Now, then, how about the person who came to college to find out which field of endeavor appealed to him the most? How about the person who just wasn't sure which vocation would suit him? A goodly number of you came to college in that frame of mind. You just weren't sure. Well, some of you were fortunate to find a curriculum that appealed to you, and that places you amongst the satisfied students.

But there are still a few of us, like myself, who came to college in the dark, and so to speak are still in the dark. We haven't found what appears to us to be the BEST field. We aren't completely satisfied with what is offered here. This isn't the fault of the college, and it isn't the individual's fault. No one can really be blamed.

I know that I will walk into my advisors office with the deep rooted feeling that most of the courses offered here aren't really doing me any good. I haven't found a curriculum that holds my prime interest. This college has given me several fields of interest that are secondary, but the ultimate, the supreme, is yet to be found elsewhere as far as I am concerned.

That is why I say this college is lacking in the education it offers. For most, it is complete. For a few, it is not. Then it would seem the college has failed in its' duty to prepare some of us for the future. But this is not so, and I am the last one to ever say that.

Even though some of us feel we haven't found the desired type of education, we can take confidence in the fact that we DO have an education. Our ultimate wants may not have been satisfied here, but the learning we have acquired is of immeasurable value. It will aid us in finding the vocation that appeals to us. We will be better prepared to recognize our goal when we do encounter it.

Yes, I have said the college is inadequate in the education it offers, but only in the sense that it can't offer a curriculum in every conceivable field and for each individual person.

Purpose Of ISA Cleared In Reply To Aspasia Column

Dear Aspasia:

We of the Independent Students Association feel that such comments as you and other columnists make are interesting and purposeful. But now and again, in the enthusiasm of "creating", errors do creep in. Last week you charged that Independents say they "don't want to belong to any of the undemocratic organizations on campus."

No officer of the ISA has at any time stated that there are undemocratic groups on campus. If you wish to say so, that's your business. It has nothing to do with ISA.

To clarify any misconceptions that might arise, we are restating the purposes of the ISA on this campus as printed in the October 5th Spectrum. The independent students organized to:

1. Provide another social outlet available to every student on campus. Members felt that too few such outlets actually exist.

2. Provide the average student on campus a framework for representation in student government and an organization within which to sponsor activities such as Bison Brevities acts, queen candidates and other less important but essential extra-curricular activities.

3. Improve the relations between Greeks, Independents, and non-affiliated students and to build a framework for cooperation between them.

Finally, our purpose, like the avowed purpose of every student organization, is to serve, both the student and the college.

We feel that President Hultz was right in his Homecoming statement to the Spectrum. NDSC is a "mature" college. We offer ISA as a tool toward helping students achieve that similar "maturity".

INDEPENDENT STUDENTS ASSOCIATION

Pancratz Takes A Passive Stand Towards Elections

To The Editor:

On Monday night I ventured forth to the Open Forum to select a man for my ballot in the current race for Student Body President.

Unfortunately, I was unable to make up my mind which individual was the lesser of three evils. I have been aware for a long time that the primary function of our student government has been more of a social than of a governing nature. However, I believe this is going too far. The qualifications of the individual candidates, their so-called platforms and their conduct before the Forum Monday night is not sufficient for the office of Garbage Collector.

I am taking the course of least resistance in this matter by refusing to vote in the election, and am suggesting the same for the rest of the Student Body.

(Signed) John B. Pancratz

EDITOR'S NOTE:

Dear Mr. Pancratz:

When your name appeared in the campus limelight on May 14, 1956 (you will remember that to be the date of another Student Senate Open Forum), and each time it has appeared in campus news since that date, all I have ever heard from you is a continuous flow of rabble-rousing. In all of the criticism that has flowed from your lips in the past months, not one word have I heard that could be labeled "constructive criticism". You say that the Student Senate is no more than a social group. That statement makes it obvious to me that you don't know what you are talking about. If you did look into this thing before you attacked it in such a manner, you would at least find it necessary to change your point of attack.

The Student Senate DOES supply the brains and hours of hard work necessary to put on Homecoming each fall. The Student Senate DOES the planning for freshman orientation week, and brings about the execution of those plans. The Student Senate DOES promote NDSC (Remember the signs?).

But concerning your refusal to vote in next week's election. I can't say that I was overly impressed with some of the statements made by the presidential candidates, but when I went home that night I knew for whom I was going to vote. And I believe the person for whom I intend to vote would make a good president.

And upon reading your letter I can't help but wonder what kind of a person it is who enjoys the benefits of living in a democracy, and yet can come out with a statement such as your statement urging the student body not to vote in next week's election.

No, Mr. Pancratz, I believe your criticism has no foundation. If it does, your letter does not make it clear.

Sincerely, Gerald L. Bender

P. S. Your statement including the words "Garbage Collector" doesn't even deserve a reply. GLB.

Socially Speaking . . .

By Jean Anderson

AND TO the left we have a letter from a student with an opinion that we hope is the opinion of a minority. Although there are fewer candidates for president than in past years, this department feels that they are no less qualified, and we highly suggest that you exercise your power to vote. An election by a minority is hardly a fair election, but it does the job . . . do you want someone else to elect the candidates?

★ ★ ★

MARRIED are Jerry Pekas, FarmHouse, and Doris Her- rick of Breckenridge.

★ ★ ★

FOUNDER'S DAY was celebrated by the Phi Mu's last Monday.

★ ★ ★

ATTENTION: You can cure your roommate of snoring by good advice, cooperation, kindness, and by stuffing an old shirt in his mouth.

★ ★ ★

AND THE newest wearer of the pin of SAE is Kappa Delta Shirley Mogen. Giver Fred Stover is from Fargo.

★ ★ ★

PLEDGED to Kappa Kappa Gamma is Marcia Selland of Fargo.

★ ★ ★

Psychology professor: A hysterical girl is most efficiently quieted by a firm kiss.

NDSC Student: How do you get one hysterical?

★ ★ ★

NOBLE RULER of AGR Ron Brandvold gave away his pin and his freedom to Kappa Ruth Olson. Candy, cigars, and roses were the order of the day on Monday, as well as the serenading and kisses.

★ ★ ★

"I've a friend I'd like you girls to meet."

Athletic girl: "What can he do?"

Chorus girl: "How much money has he?"

Literary girl: "What does he read?"

Society girl: "Who are his family?"

Religious girl: "What church does he belong to?"

Sorority girl: "Where is he?"

★ ★ ★

PHI MU sorority pledged Patricia Seiwert of Casselton.

★ ★ ★

I think that I shall never see

A girl who's good enough for me;

But that's all right; I've no complaint;

I much prefer the ones who ain't.

★ ★ ★

WEARING the pledge pin of the FarmHouse are Lloyd Knight and Ray Zent.

★ ★ ★

UGLY MAN candidate Kent Sack sent a gift to the Kappas, who sponsored him for the affair.

★ ★ ★

SO ANYWAY . . . vote Monday and Tuesday.

★ ★ ★

KINDA CUTE: One man in a thousand is a leader of men; —the others follow women. Bye now.

Parking Meters To Be Put In Front Of Union; Five Minute Time Limit Set

Have you ever received a ticket for parking in front of the Student Union?

If you have, your worries are now over.

A motion was passed last regular meeting of the Student Senate to buy two parking meters for in front of the Union.

The meters will be paid for by the Senate and the proceeds go

back to the Student Government.

The parking meters would enable students to park in front of the Union for five minutes without getting a parking ticket. The five minute rule will be in effect from 8 a.m. to 5 p.m. and will not effect the staff parking across the street.

This action is subject to approval by the College Board.

Presidential Platforms

ELDON McLAIN

Junior, Mechanical Engineering.
Honor Point Average: 2.4.
Activities: President of Sigma Phi Delta, ASME, Vets Club, Interfraternity Council, Engineering Council.

My platform consists of the following 5 main points.

(1) To publicize the college—I am definitely in favor of continuing the torch run for homecoming each year. The more that people hear about our college, the more interest they will have and therefore lend us more support.

Along this same line, a large sign, identifying the school, at the entrance to the Campus boulevard would be appropriate. A regular radio or TV program, airing the activities of all the departments of the school, not just the experiment station, would be in order.

(2) Closer cooperation between student organizations and the administration—I follow along with President Hultzs' suggestion that leaders of student organizations and the administration meet regularly to try and promote harmony in running the Campus affairs.

(3) More affiliation with other colleges in the area—Undoubtedly, all colleges have problems that are similar. If members of the student governments of each college were invited to attend other student government meetings, something could be gained by all.

(4) Better recreational facilities on Campus—This is a touchy problem because it requires money to solve more than anything else. However, I would strive toward increasing these facilities to benefit the student body as a whole.

(5) If you have read this far, you have probably noticed that all my points are not very specific. They were meant to be that way because I do not believe in making specific promises which I might not be able to keep.

There is one, however, that I shall make and keep. If you choose me for this office, I will face each problem squarely, with an open mind, and to the best of my ability handle it in the best interests of the student body as a whole.

I ask for your vote, not because you are a friend of mine, but only if you believe I am qualified for the office of student body president. Best of luck to George and Dick. Vote as you please, but please vote.

RICHARD MONSON

Junior, AAS.
Honor Point Average: 3.88.
Honors: Top 5 scholastically during freshman and sophomore years, third place in state for Elks

The Fargo Forum staff reporters traveled nearly 75,000 miles for news last year.

Scholarship.

Activities: Student Senate Commissioner of Music and Public Programs; Blue Key, ass't. programs director for Bison Brevities, Kappa Kappa Psi, Gold Star Band, Sigma Alpha Epsilon secretary, and Rahjah Club.

Platform: The job of student body president should not be contracted for by participating in a week of hectic campaigning; it should be prepared for by training and thought. The job of student body president should not be secondary to studies; it should hold an equal place with schoolwork in the schedule of the person.

Because of these requirements I am running for the highest office in our student government. My abilities, I believe, are suited for this important position, and my experience will enable me to use them to the best advantage.

I have been elected to the student senate for the past two years, and am the only person in recent years to hold two different Commission posts in two years. As a sophomore I was Commissioner of N.S.A., while this year I have been Commissioner of Music and Public Programs.

I am not proposing any specific projects for the coming year. These too often become "campaign promises" and only serve as a crutch during electioneering. Actually, the president should not be the brains behind only a few of the Senate's projects; rather, he should serve as a catalyst by which his subordinates can carry out ideas of their own and of the student body.

There are only four aces in a deck of cards, and I hold two of them—those of ability and experience. Unless there is a wild card in the deck, it should be clear as to where the winning hand is.

GEORGE SCHWARTZ

Junior, Agricultural Education.
Honor Point Average: 2.40.
Activities: Blue Key, Assistant Publicity Manager of Bison Brevities, Saddle & Sirloin Club, Assistant Publicity Manager for Little International, President of Intramural Athletic Board, Rahjah Club, Assistant Homecoming Parade Marshal, Alpha Gamma Rho, Campus Radio, Collegiate FFA, Student Union Activities Board, member of Social Forum panel.

Platform: The Student Government here at NDSC has operated as one of the most effective groups on campus in student administration policies and has carried out many projects of benefit to the students and to the college. It is

my intention that these projects should be continued and maintained at their present high level.

I feel that to maintain our status we must not overload ourselves with too many new activities, but rather carry out to completion ideas and projects that have been in the planning stage this past year.

In order to accomplish this, I present four main goals that will, when carried through to completion, benefit the students and college.

1. The establishing of an all college festival sponsored by Student Senate working in conjunction with individual schools on campus. This will encourage visitation to our campus by the public.

2. Formation of a representative council for each school on campus whose main function would be managing the All-College Festival.

3. A Student Public Information Department that will work with the administrative Public Relations Department to achieve greater student and college recognition in hometown newspapers. This would be accomplished by the organization of a student commission of Public Information. With the commissioner the acting coordinator over a staff of appointed reporters.

4. Work toward changing the name of our school to North Dakota State College of Agriculture and Applied Science, which would for all practical purposes be shortened to North Dakota State. This would add prestige to our graduates and to our school.

Although not a voting member of Student Senate I have followed closely the actions of Senate, have attended several meetings and have worked on one of the major projects of Student Senate, that of Homecoming. In all sincerity I feel that I have a thorough working knowledge of Senate activities, and of the needs of the campus which are necessary for the Student Body Presidency.

I urge you to study the issues and the candidates for senate, as well as president. Then be sure to VOTE and I am sure you will elect a sound Student Government. The best of luck to my very worthy opponents.

CAMPAIGN BUTTONS

FARGO RUBBER STAMP WORKS
519 1st Ave. N.

Dewey and Larry Sez . . .

Friends, Norwegians, students, lend me your eyes. We are writing this article in discomfort with pricked fingers and glue covered tongues—but concern yourself not, it's beneficial to you.

We have just been marking new spring styles—shirts, slax, shoes, sports coats, suits, sox—that are daily coming in the mails to the Straus Co., No. 70 Broadway.

Do yourself a real favor, men, and chortle your winter-tired self down to our store and let us attire you in some of these new Spring Kampus Klothes—

R-F-K-S-K-K-I

(Turn paper upside down to find the meaning of these initials)

The Straus Company

No. 70 Broadway

Remember—For Kool Springs Kampus Klothes Its—

FASTER, FASTER!

Pick up your paper every morning and what do you read? "CRISIS IN HIGHER EDUCATION." That's what you read. "ENROLLMENT SPIRALLING UPWARD—DESPERATE NEED FOR MORE CLASSROOMS, MORE TEACHERS." But classrooms, alas, do not spring up like mushrooms, nor teachers like mayflies. So what must we do while we build more classrooms, train more teachers? We must get better use out of the classrooms and teachers we now have. That's what we must do.

This column, normally a vehicle of good-humored foolery, of joy that wrinkled care derides, of laughter holding both his sides, will today forsake levity to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonnie a bunch of tycoons as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are, the makers of Philip Morris! Oh, darlin' types they are, fond of home, mother, porridge, the Constitution, and country fiddling! Twinkly and engaging they are, jaunty and sociable, roguish and winsome, as full of joy, as packed with pleasure, as brimming with natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular in the handy snap-open pack, and new long-size in a crushproof flip-top box—both available at moderate cost from your favorite tobacconist. Light one now. Light either end. No filter cigarette can make that statement.

Let us then, with the gracious connivance of the makers of Philip Morris—Oh, splendid chaps! Oh, gracious connivers!—take up the terribly vexing question of how we can turn out more graduates with campus facilities as they now exist.

The answer can be given in one word: *speedup!* Speed up the educational process. Streamline courses. Eliminate frills. Sharpen. Shorten. Quicken.

Following is a list of courses with suggested methods to speed up each one.

PHYSICS—Eliminate slow neutrons.

PSYCH LAB—Tilt the mazes downhill. The white mice will run much faster.

ENGINEERING—Make slide rules half as long.

MUSIC—Change all tempo to allegro. (A collateral benefit to be gained from this suggestion is that once you speed up waltz time, campus proms will all be over by 10 p.m. With students going home so early, romance will languish and marriage counselors can be transferred to the buildings and grounds department. Also, housing now used for married students can be returned to the school of animal husbandry.)

ALGEBRA—If "x" always equals 24, much time-consuming computation can be eliminated.

LANGUAGES—Teach all language courses in English.

DENTISTRY—Skip baby teeth. They fall out anyhow.

POETRY—Amalgamate the classics. Like this:

*Hail to thee, blithe spirit
Shoot if you must this old gray head
You ain't nothin' but a hound dog
Smiling the boy fell dead.*

You see how simple it is? Perhaps you have some speedup ideas of your own. If so, I'll thank you to keep them to yourselves.

©Max Shulman, 1957

The makers of Philip Morris have no interest in any speedup. We age our fine tobacco slow and easy. And that's the way it smokes—slow and easy—a natural smoke.

ASCE Bowlers Defeat UND Chapter By 147 In Home-Home Series

The NDSC chapter of the American Society of Civil Engineers defeated the University of North Dakota chapter in a home and home bowling series by a total of 147 pins.

Bosworth of NDSC was high for both teams with 1036.

The NDSC chapter also racked up a win over the U in a basketball game played at Grand Forks on Feb. 22, 46-42. Harju plunked in 14 counters for the best scoring effort.

A return game will be played at NDSC at a later date.

FOR SALE

Small, warm trailer with finished addition. Very reasonable. Ideal for married student. Phone 2-8644.

New Bison Coach Calls Grid Meeting

Bob Danielson, new football coach for NDSC will be on the campus full time next week. In order to get better acquainted with the football situation here at State, Mr. Danielson is holding a meeting of all football players, both freshman and varsity, and anyone else who is interested in playing football. The meeting will be in room 204 in the fieldhouse Monday, March 18, at 4 o'clock.

NDSC Cinder Men Scheduled For 5 Meets This Spring

The NDSC track team is scheduled to take part in five meets this spring. The schedule, according to Irv Kaiser, Bison track mentor, is as follows.

(Tentative date) — an indoor meet at Grand Forks.

April 27—Jamestown Relays.

May 4, Bison Invitational.

May 11—State Collegiate at Grand Forks.

May 18—NCC meet at Vermillion, S. Dak.

So far the answer to the track call has been good with several veterans reporting. Kaiser said that it was not too late for those interested to draw equipment.

Hopefuls for the track team include: Dick Kjelland, hurdles; Ron Pepper, quarter mile; Marty Kalnins, weights; Gary Thomason, broad jump and javelin; Harold Shattuck, two mile; Stan Schrader, pole vault; Sylvan Melroe, sprints; Lloyd Larsen, 880; Bob McDonald, low hurdles; George Flamer, 440.

SPORT SHORTS By MAC

Nerts! Not much to write about this week. My blank mind is even blanker than usual.

I see by the Spectrum last week that the sports writers are coming under the wrath of Mr. Gregorio. Maybe you have something Greg.

We are a little envious of the U having a hockey team, therefore we criticize. I wonder what you are envious of??

Greg—I will give you credit for one thing—you have brought a spark from the student body and have improved reader interest of the Spectrum.

★ ★

Nicky Hill, a brother of State cager Hib Hill, is a member of the Valley City High School basketball team. Hib thinks of Nicky as his "little" brother. He is a mere 6'1" and is a senior at Valley High.

Next week I will have more room to expound and I have a little matter I wish to cram down the throat of a certain staff member of the Dacotah Stewdent (published at NDU).

See you next week.

I-M Cage Playoff Narrowed To Five

ATO 1, Student Body 1, AGR 1, Student Union and SAE 1 squads won first round games in the intramural basketball playoffs held in the fieldhouse Monday.

First Round Scores:

- ATO 1—54; Coop 1—36.
- Student Body 1—51; SPD 1—50.
- AGR 1—31; M. Dorm—23.
- Student Union—53; T. Chi 2—42.
- SAE 1—60; Kappa Psi—52.

YMCA-FarmHouse Tie For Top Spot In Ping Pong League

The final standings of the I-M ping pong league find YMCA and Farm House tied for first place with identical records of 8-1. The playoffs will be held next week with Theta Chi 1 squaring off against Farm House and Theta Chi 2 meeting the YMCA squad.

FINAL STANDINGS

	W	L
YMCA	8	1
Farm House	8	1
Theta Chi 1	7	2
Theta Chi 2	5	4
ATO 1	3	2
Kappa Psi 1	3	4

Pollsters Reveal Women Get Nod Over Men In Best-Dressed Category

(ACP) — In terms of neatness, color, and overall appearance, coeds are deemed the better dressers by both college men and women. Naturally the coeds feel somewhat stronger about this than do the men, but even a majority of the men are in agreement with the coeds.

Here is the exact question as asked by Associated Collegiate Press of a representative national cross-section of college students: Who do you feel are the better dressers, in terms of neatness, color, and overall appearance, college men or college women?

The results:

	Men	Women	Total
College Men	26%	16%	22%
Coll. Women	56%	66%	60%
Undecided	18%	19%	18%

With students believing coeds are better dressers the feeling is generally that coeds are more "clothes-conscious," are more interested in their appearance than men. Others think women have better taste for color. Some feel the coeds are under a sort of social pressure to keep themselves neat and stylish. Here are a few representative comments:

A freshman coed at Rochester Institute of Technology (Rochester, N. Y.) feels "women have more of a 'need' to dress up," while a male freshman attending the University of Denver (Denver, Colo.) simply says: "The girls are more conscious of clothes than men." And a University of Maryland (College Park) junior coed puts it this way: "The majority of men just don't care, while the social pressure is on every woman to look neat at all times."

"Judgment is more often passed on girls rather than boys in regard to their dress," is the way a Wake Forest College (Winston-Salem, N. C.) male senior feels. A male graduate student at Syracuse University (Syracuse, N. Y.) has this to say: "College men look sort of factory produced in the black & grey flannels. Girls have a much better sense of imagination with combinations, tones, and shades of color." But it takes a Tyler Junior College (Tyler, Texas) freshman coed to come up with the thought held by many college men: "College women are trying to make a good impression on college men."

As far as college men go, a good number of both coeds and men feel they dress too sloppy and casual, or as one coed said: "Men are generally sloppy creatures." However, there is a considerable amount of opinion among both college men and women that men are indeed better dressers. Here are a few typical remarks: "Men's clothes are tailored more simply, without frills, and are usu-

ally neat," is the feeling of a Mississippi College (Clinton) freshman coed. But a male freshman attending the College of Steubenville (Steubenville, Ohio) feels this way: "Men take pride in themselves and their clothes every day, while the girls keep most of their good clothes for dances and parties instead of school."

A male junior at Juniata College (Huntingdon, Pa.) looks at the situation like this: "It is easier for the fellows to look nice; the girls have to 'do too much' in order to look 'dressy.'" But a Wake Forest College senior coed sees it as a matter of taste, in favor of the men: "Women too often take it for granted that they are better dressed, but the men display better taste most of the time." "College men are more conscious of their everyday attire, whereas college women only dress up for special occasions," is the way a male freshman at Ohio University (Athens) feels.

Students finding themselves undecided on the issue have several seasons. Some feel the men and coeds have separate standards and can't be compared. Some believe that both have their good and bad points. Others feel it depends upon the school or location or condition. Here are a couple of typical replies:

"It's a personal thing; no stereo-

Finals For Winter Term Scheduled

9:00 ThF Sequence or derivation thereof

REGISTRATION FOR SPRING QUARTER, 1957

Registration will be held in the Field House all day, Monday, April 1, and the morning of April 2 as follows:

LATE REGISTRATION FEES WILL BE ASSESSED AFTER 5:00 p.m. TUESDAY, APRIL 2, 1957.

Monday, April 1	8:00 a.m.	Freshmen whose last names begin with the letters A thru M inclusive.
	9:00 a.m.	Freshmen from N-Z inclusive.
	10:30 a.m.	Sophomores from H-R inclusive.
	1:00 p.m.	Sophomores from A-G inclusive.
	2:00 p.m.	Sophomores from S-Z inclusive.
	3:00 p.m.	Juniors from A-M inclusive.
	4:00 p.m.	Juniors from N-Z inclusive.
Tuesday, April 2	8:00 a.m.	Seniors from A-M inclusive.
	9:00 a.m.	Seniors from N-Z inclusive.
	10:00 to 12:00	Graduate Students.

type is fair," is the comment of a male junior at the College of Physicians and Surgeons (San Francisco). A male sophomore at Syracuse University sees it this way: "I think each sex dresses in a mediocre fashion. Both college men and women are neat at times,

remarkably sloppy at others." And a senior male attending the University of Maryland has this opinion: "Some of my fraternity brothers are sticklers for neatness in appearance and some of the guys are slobs, but so are some of the girls."

Travel Tips To Aid Students On Trips During Quarter Break

Going traveling?

With spring break only a few weeks away, students are making plans how to spend their time. For those who will do some traveling, here are some helpful tips.

Carry several wooden clip-type clothes pins in your bag—just the thing to attach skirts or trousers to wire hangers or to clamp laundered hose or gloves on a towel or shower curtain to dry. Safety pins work well for those, too. A few yards of narrow tape or smooth cord can be tied between two chairs for an emergency clothesline.

Plastic bags of different sizes come in handy when packing shoes, purses, gloves, and toiletries. An extra bag can be used to bring back soiled articles.

When packing dresses, suits or coats, pin pocket flaps, collars and cuffs in place—they'll look neater when you take them out of your bag.

Don't forget things like needle and thread, emery boards, band-aids, a small clothes brush, cleansing tissues, and scissors. An emery board is handy to touch up shiny spots on suede purses or shoes.

HERE IS THE FINAL TIE BREAKER IN OLD GOLD'S

TANGLE SCHOOLS PUZZLES

FOLLOW THESE MAILING INSTRUCTIONS CAREFULLY!

TIE-BREAKING PUZZLE NO. 8

CLUE: This Nebraska coeducational college of liberal arts is affiliated with the Presbyterian Church. It was chartered and opened in 1882.

CLUE: Conducted by the Jesuit Fathers, this midwestern coeducational university was opened in 1877. It bears the name of the city in which it is located.

CLUE: This coeducational university was chartered in 1845 under the Republic of Texas. It is a Baptist school.

ANSWER 1. _____
ANSWER 2. _____
ANSWER 3. _____

Name _____
Address _____
City _____ State _____
College _____

DOE, JOHN
LAKE DRIVE
SOUTH BEND,
IND.

Print or type your name and return address on back of the envelope, last name first, like this:

To help checkers, use business-size envelope approximately 4" x 9 1/2". Type or print the address as shown.

Use 6¢ postage.

TANGLE SCHOOLS
P.O. BOX 26A
MOUNT VERNON 10, N.Y.

- Use business-size envelope 4" x 9 1/2" ... sometimes referred to as a No. 10 envelope.
- Each of the puzzles must be neatly trimmed, separately, and placed in numerical order.
- No decorations please! Address envelope as shown.
- Your name and address MUST be on the BACK of the envelope ACROSS THE END and in the position shown in the illustration. Please print or type in CAPITAL LETTERS—LAST NAME FIRST. If mailed according to instructions, 6¢ postage should be enough.
- In the event of further ties, contestants will be mailed an additional tie-breaking puzzle form.

REMEMBER—ENTRIES MUST BE POSTMARKED NO LATER THAN FRIDAY, APRIL 5, 1957.

FIRST PRIZE—A TOUR OF THE WORLD FOR TWO—OR \$5,000 CASH! EIGHTY-FIVE OTHER VALUABLE PRIZES!

Bankers To Attend First Ag Short Course In March

First agricultural short course for North Dakota bank officials and employees will be held March 11-22 on the NDAC campus, according to Peder A. Nystuen, director of short courses at the college.

The course has been planned to provide bankers with an opportunity for additional study in agriculture particularly as it applies to the business of banking. Men attending the two-week session will study farm economics, irrigation, livestock types, nutrition, and a variety of other subjects.

Players may now mail their completed sets of 8 Tie-Breakers. Before mailing your puzzles, keep an accurate record of your answers. The 8 Tie-Breakers must be answered, neatly trimmed, and enclosed in an envelope, flat and not rolled and addressed to: Tangle Schools, P. O. Box 26A, Mount Vernon 10, N. Y., and bearing a postmark not later than April 5, 1957. Do not decorate or embellish the puzzles in any way. Do not include anything in the envelope but the puzzles.

If, after solutions have been submitted to this set of Tie-Breakers, a tie or ties still remain, those tied will be required to solve another tie-breaking puzzle, in accordance with the official Tangle Schools rules. These tie-breaking puzzles, if necessary, will be mailed to each contestant.

Latest LCT Production Centered Around The Life Of Irish During Irish Revolution

By Kerry Murphy
"The Plough and The Stars," a play written by Sean O'Casey will be staged at the Little Country Theatre on March 14, 15, and 16. Dr. Frederick Walsh, chairman of the NDSC speech department will direct the production.

The play, written by a noted Irish author, portrays the life of the people of Ireland during the Irish Revolution.

Nora, played by Pat Connolly, is the love sick woman who wants to keep her husband home from the wars. But Nora's husband, Jack, portrayed by Art Cervinka, is a chauvinistic patriot who likes to play the part of a soldier and in so doing goes off to war to be killed.

Monica Savageau plays the part of Bessie Burgess who represents the Protestant minority in Ireland, and Don Schreder portrays The Covey, a young Socialist who feels that this revolution should be a war for "the economic emancipation of the proletariat". These

are only four from a cast of about ten.

Walsh has devised ingenious staging by constructing four different sets for the four acts on a spindle that can be turned in order to change the set each time the curtain falls.

"The Plough and The Stars" is the third of a trilogy by O'Casey to be produced on this campus.

Vet's Club Party At Crystal Tonight

The NDSC Vet's Club will sponsor a party at the Crystal Ballroom tonight from 9:00 till 12:00.

Music will be furnished by Francis Colby and his orchestra. Admission will be by membership cards only and these cards will be sold at the dance.

Fashion Mag Predicts Easter Fashions For Gals

What's new for the Easter Parade?

Most fellows probably will wear the same old suit, but the girls can be different.

Women's Wear Daily reports that four features of last spring are back again. These include the shirt-waist dress with new emphasis on silk and chiffon, the sheath, the blouson dress, and the costume.

New factors of fashion for spring include the cape-influenced coat and suits with shirt fullness and shorter jackets.

In the accessory field there are the deep-crowned, soft hats, tapered shoes, slim gloves, tall bags and jewelry matched to the costume.

Student Budget Can Finance Tour

How would you like to visit Europe's fascinating cities, and picturesque countryside?

The Student Marketing Institute has designed a tour to fit the sight seeing yen on the budget of college students.

You could take a bicycle tour of eight countries, a drive-yourself-tour, or whatever type trip you want.

The bicycle tour would cost \$1,065 and you would be gone 73 days.

The drive-yourself-tour in which you would be driving a Volkswagen would cost from \$800 to \$955 depending on the number of persons in the car.

Some of the places you could visit are: Pisa with its leaning tower; London, the world's largest city; Florence, Italy's most important art center and San Marino, the oldest republic in the world.

If you are interested in one of these tours contact Clint Sparks at 1314-12th Ave. So.

Colonel MacGregor To Address ATO's Tomorrow Night

Colonel MacGregor

Alpha Tau Omega will be host to Colonel John M. MacGregor, prominent lawyer and professor at New York University, on Saturday, March 9. Colonel MacGregor will also visit college officials and local alumni of the fraternity.

Colonel MacGregor has been a province and national officer of Alpha Tau Omega since 1935 and was president from 1946 until 1950. He has recently been installed as chairman of the fraternity's High Council.

A native of Oregon, Colonel MacGregor was graduated from the University of Oregon in 1923. He has received his law degree from New York University in 1927. Since 1928 he has been professor of law of commerce at NYU and was appointed chairman of that department in 1941. He received the honorary degree of doctor of laws from Gettysburg College in 1950.

During World War II, he was chief of the legal branch, Chemical Warfare Section, and was an intelligence officer in the Philippines, Japan and China. He was raised to full colonel at the time of his release from service in 1946.

Colonel MacGregor is past president of the Sain Andrew's Society of the State of New York, and a past chairman of the National Interfraternity Conference. He is active in the affairs of the International House at Columbia University. Colonel MacGregor is a member of the bar of the U. S. Supreme Court and all federal and state court bars of New York State.

Student Conference Slated For April

A conference on student government for all four-year colleges in North and South Dakota will be held April 14 and 15 at Jamestown College in Jamestown, North Dakota. The NDSC student government will handle the conference with Beverly Pfeifer as chairman.

Reason for this conference is that there are only two colleges in North Dakota that have effective student government. The NDSC student government feels it has learned much from the National Students Association and would like to pass on what they have learned to the other colleges in North Dakota.

There will be discussions on why to have a student government, the philosophy of student government, the relationship to faculty and administration, and the value of programs such as freshmen orientation.

The University of Minnesota has a strong student government and the president of that student body will be a speaker.

Sticklers!

WHAT IS A SQUAD OF SOLDIERS WHO DON'T GET A LUCKY BREAK?

(SEE PARAGRAPH BELOW)

BASIC TRAINING for ROTC men. When the talk turns to tactics, remember this: troops who don't get a Lucky break soon become a *Solemn Column!* Why? Any private can tell you: Luckies outrank 'em all when it comes to taste. You see, a Lucky is all cigarette . . . nothing but fine, mild, good-tasting tobacco that's **TOASTED** to taste even better. On the double, now! Light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked!

STUDENTS! MAKE \$25

Do you like to shirk work? Here's some *easy* money—start Stickling! We'll pay \$25 for every Stickler we print—and for hundreds more that never get used. Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (Don't do drawings.) Send your Sticklers with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

WHAT IS A POOR BIRD'S HOME?

Forty-four Students Vie For Senate Spots

ONE YEAR SENATE

Jean Anderson Donna Barstad Bill Buck Frank Deibler Gil Elken Fred Flanders Vernard Frederick Ed Gilbertson Jack Helfemes

Curtis Johnson Jim Kennedy Gordon Kepner Simen Lahlum Ray Link Milton Matzek Ron Mehrer Pat Moore Jean Ann Nelson Ruth Olson

Don Peterson Howard Schmid Jerry Schnell Dick Teichman Gordon Trisko Byron Webb Kay Wollan Lyle Baker Leslie Breitbach

Art Cervinka Beva Fegley Orian Fjestad Dave Graben Don Grimm Carl (Bucky) Haas Warner Johnson Tom Keaveny Janet Kippen Bill Lantz

TWO YEAR SENATE

One Year Senate . . .

JEAN ANDERSON

Junior, Arts & Science.
Honor Point Average: 2.4.
Activities: Vice president of Gamma Phi Beta sorority, Spectrum staff.
Platform: As a candidate for one year senator I make no broad promises, nor will I attempt any drastic change in policies of the senate on campus. My interest is in strengthening the representation of minority groups, such as women on campus. I will also support ideas of concrete value that are advanced, as in senate platforms, but are often left undeveloped. I respect the influence of senate on campus, and would consider it an honor as well as a great responsibility to be elected.

DONNA BARSTAD

Junior, Home Economics.
Honor Point Average: 2.47.
Activities: Kappa Delta sorority, IAB, Tryota, Newman Club, Spectrum staff, and Bison Brevi's director.
Platform: I am running for the office of senator because I am sincerely interested in student government. I hope I may represent the students of NDSC for a one year senate term.

BILL BUCK

Junior, Arts and Sciences.
Honor Point Average: 2.43.
Activities: Advertising manager, Spectrum; Alpha Tau Omega fraternity; Vets Club, Scabbard and Blade.
Platform: Rather than making a lot of campaign promises that I would be unable to keep, if elected to the student senate I will try all times to represent the interests of the majority of the students.

FRANK DEIBLER

Junior, Agriculture.
Honor Point Average: 3.25.
Activities: Cast member of "Ten Nights In A Barroom", Saddle and Sirloin Club, ASAE, and Vets Club.
Platform: I would like to see a check cashing service set up on the campus to facilitate the cashing of checks by students. This service would be needed only on the weekend. It could be set up in the Bison Room or some other likely place.
I would also like to see more publicity given to the organizations on campus that bring us state and nation-wide publicity.
If elected, I will to the best of my ability carry out the above mentioned ideas and give my fullest aid and support to any and all ideas that will advance the interests of our college.

GILBERT ELKAN

Sophomore, Agriculture.
Honor Point Average: 3.3.
Activities: Vet's Club, Saddle and Sirloin Club; Little International, Classic Bowling League, "Ten Nights In a Barroom."
Platform: I believe in continuation of sound government with emphasis on consideration of every complaint and desire expressed by students. My colleagues and I are running for office to be able to serve all students and organizations with unbiased opinion and action.

Sue McCone Margaret Platt Patricia Ann Roberts Wayne Sabbe Lavonne Schwartz Bob Thompson

If elected I would strive to obtain more cooperation from the proper channels to help sponsor and subsidize more of the extra curricular activities such as the band, chorus, judging teams, Home Ec functions and any other group that helps to promote our school either locally or nationally. Another of my desires is to work for getting the avenue in front of the Student Union set up as a one hour student parking zone.

Your support and vote will be appreciated and will guarantee you a person who will work for the betterment of student life at NDSC.

FRED FLANDERS

Junior, Agriculture.
Honor Point Average: 2.50.
Activities: Blue Key, Alpha Gamma Rho ass't. house manager, SUAB treasurer, Arnold Air Society, and Ag Economics Club.
Platform: I will promote and encourage the legislation of any

business I feel will be beneficial to NDSC and its students.

VERNARD FREDERICK

Junior, Agriculture.
Honor Point Average: 3.23.
Activities: Farmers Union Co-op House, president of NDSC Farmers Union Credit Union, Farmers Union College Local, Alpha Zeta National Honorary Agricultural Fraternity, Saddle & Sirloin Club, Collegiate FFA, Treasurer of

Young Democrats Club.
Platform: Through active participation in varied student activities on campus my interests and knowledge of student affairs have broadened. I feel it is my obligation to seek a position as a student senator where I can utilize my knowledge to the best advantage to serve the students of NDSC.

(Continued on Page 8)

EUROPE

Travel plans abroad for next summer are now available to students and teachers of this area. Interested parties contact Clint Sparks, Dial 5-6062.

CLINT SPARKS, (Mgr.) Ph. 5-6062

(Cont. from Page 7)

EDWARD GILBERTSON

Sophomore, Mechanical Engineering.
Honor Point Average: 2.64.
Activities: Sigma Phi Delta Fraternity, Rahjah Club, ASME.
Platform: I feel there is no merit to be gained by making spur-of-the-moment campaign promises. As a candidate for one year senator, I can only promise honest and efficient representation for you, the student body. If elected, I will acquaint myself with all problems on the NDSC campus and will use my office and ability to the best advantage to help eliminate these problems.

* *

JACK HELTEMES

Sophomore, Mechanical Engineering.
Honor Point Average: 3.59.
Activities: Sigma Phi Delta Fraternity, A.S.M.E., R.O.T.C. Drill Team, intra-mural volleyball, football, basketball.

Platform: I think we all want a greater and ever growing NDSC. I would like to do my part by representing my classmates in a fair and impartial way. Working on the problems that plague us all so that a solution can be worked out that would be beneficial to everyone.

* *

CURTIS JOHNSON

Sophomore, Chemistry.
Honor Point Average: 3.12.
Activities: Member of Intramural Athletic Council, Sigma Alpha Epsilon, Chemistry Club.

Platform: If elected, I would like to work for (1) an intramural hockey program, (2) Student Senate to take an active part in working toward another southern trip for the NDSC baseball team, (3) helping to attract new students to NDSC by visiting neighboring high schools, telling the upperclassmen about our school, and give seniors free passes to our athletic games, lyceum courses, etc.

* *

JIM KENNEDY

Junior, Pharmacy.
Honor Point Average: 2.50.
Activities: Rahjah Club, Kappa Psi fraternity, Newman Club.

Platform: I advocate using the proceeds from Homecoming, now laying dormant in the student senate, for two scholarships to be awarded to the outstanding leaders of the sophomore and junior classes.

GORDON KEPNER

Junior, AAS.
Honor Point Average: 3.5.
Activities: SUAB, LSA, Chemistry Club, ISA, Billiard team, and Chess Club.
Platform: My campaign platform is based on the firm conviction we must promote a genuine spirit of co-operation among students and organizations if NDSC is to gain its deserved stature and recognition.

Specifically, I would support a closer relation between students and administration and will direct my efforts towards developing this beneficial project. I also would like to see a student publicity organization whose purpose would be to stimulate students to publicize our school and its' activities.
Thus, if I am elected, I will work for a true spirit of co-operation and a uniting of efforts of the student body and our campus administration.

* *

SIMEN LAHLUM

Junior, Mechanized Agriculture.
Honor Point Average: 2.71.
Activities: AC Vets Club secretary, ASAE Alpha Zeta, Agronomy Club, LSA, and House and Hospitality Committee of SUAB.

Platform: I believe we should work to maintain and, where possible improve the publicity given to activities of our school. We should remember the choir and band as they make their tours of the state. Activities such as this can reach a good number of people who might not be reached by other means.

I would like to see an arrangement made whereby the fieldhouse could be open on weekends, especially during the winter quarter, for the benefit of students who might wish to get together informally for a game of basketball, volley ball, etc.

If elected, I will endeavor to keep the students interests in mind at all times and represent them to the best of my ability.

* *

RAY LINK

Junior, Pharmacy.
Honor Point Average: 3.05.
Activities: Kappa Psi, SUAB, vice president of Kappa Kappa Psi, Pharmacy Club, Gold Star Band, Bison Brevities and Newman Club, co-editor of Payrus Ebers.

Platform: My reason for being a candidate for Student Senate is to fulfill my responsibility as a student and because of my interest in the senate. As a candidate I am

stressing the need for opening the Library and Student Union on Sunday afternoons. Many "suitcase students" would have less tendency to go elsewhere on weekends if given the opportunity for recreation in the Union or browsing around in the Library. This is but one of the improvements I, as a candidate, would like to see performed on this campus.

* *

MILTON MATZEK

Sophomore, Electrical Engineering.
Honor Point Average: 3.53.
Activities: Wesley Foundation, YMCA, Alpha Phi Omega, IRC, Campus Radio.

Platform: I realize that I'll receive an unlimited number of benefits during my years in college as a student and would like an opportunity to donate what I can to the college in the way of service to other students. Two things I believe that would benefit all students are a closer association between the schools on campus and a greater emphasis on the spiritual and religious life on campus.

* *

RON MEHRER

Junior, Agricultural Education.
Honor Point Average: 2.81.
Activities: Kappa Delta Pi, Alpha Zeta, Spectrum reporter, president of Collegiate FFA, Alpha Gamma Rho, assistant house manager and assistant pledge trainer of Alpha Gamma Rho.

Platform: The student government at NDSC has been of such a calibre that it has been used as a model for many colleges in North and South Dakota. I feel that in order to maintain our high position we must try not to overload ourselves with new activities, but instead seek to continue and improve upon those that have been proven successful.

* *

PAT MOORE

Junior, Pharmacy.
Activities: Vice president of Kappa Kappa Gamma, Bison Brevities director, Sweetheart of Kappa Psi, Air Debs, Orchesis, secretary of Kappa Epsilon, Pharmacy Club, Newman Club.

Platform: The one year senate position is of interest to me because I feel it will provide practical experience in political administration and if elected I will do all I can to support any program which promises to promote the prosperity of this campus and the student body.

* *

JEAN ANN NELSON

Junior, Speech Correction.
Honor Point Average: 2.6.
Activities: Cheerleader, Gamma Phi Beta Sorority, Sweetheart of SAE, annual staff, Air Debs.

Platform: No long statements, no promises—only a genuine in-

terest to work with fellow students on campus affairs.

* *

RUTH OLSON

Freshman, Home Economics.
Honor Point Average: 2.4.
Activities: Kappa Kappa Gamma sorority, Women's Rifle Club, Freshman Executive Council, Tryota, Campus Radio.

Platform: I chose to run for a one year senate term to represent the students of NDSC campus. I would like to promote better unity between the students. I make no rare promises for this office, I will do my best.

* *

DON S. PETERSON

Junior, Pharmacy.
Honor Point Average: 2.41.
Activities: Sigma Chi (Pres.), IFC, Arnold Air Society, Pharmacy Club.

Platform: My efforts, if elected, will be towards the development of:

- (1) a stronger liaison between the student body and its advisory committees.
- (2) a more elaborate campus publicity program.
- (3) increased student enthusiasm of campus affairs.

* *

HOWARD SCHMID

Junior, Agriculture.
Honor Point Average: 3.46.
Activities: Alpha Zeta, Saddle and Sirloin Club, advertising manager of Little International, Bison Brevities, annual staff, Alpha Gamma Rho, NDSC junior livestock judging team.

Platform: If elected, I will work towards establishing three new Senate projects. These projects are: An all-college festival, financial backing for college judging teams, and an organized effort to change the name of our college to something more acceptable to all groups on campus.

* *

JERRY SCHNELL

Freshman, Animal Husbandry.
Honor Point Average: 3.18.
Honors: Elected outstanding pledge of Alpha Tau Omega. Activities: Saddle & Sirloin Club, president of Alpha Tau Omega pledge class.

Platform: I am a candidate for Student Senate because I am interested in aiding the programs of student government at NDSC. I would feel it an honor as well as a responsibility to serve you as a student senator.

* *

RICHARD TEICHMANN

Junior, Arts and Sciences.
Honor Point Average: 3.47.
Activities: College choir; president, Wesley Foundation; council, United Christian Fellowship; YMCA; orchestra.

Platform: I am running for the Student Senate because I feel that it is an opportunity for me to better serve my fellow students. If elected I pledge my support to projects undertaken by the student government and will strive to faithfully represent the college in all matters of campus, community, and state-wide importance.

* *

GORDON TRISKO

Sophomore, Arts and Sciences.
Honor Point Average: 3.5.
Activities: Independent Students Association, Newman Club, Campus Radio, Brevities.

Platform: Because I have a deep desire to better serve the school and my fellow students, I would very much like to be a member of Student Senate.

* *

BYRON WEBB

Junior, Pharmacy.
Honor Point Average: 3.12.

Activities: Sigma Chi, vice president, LSA, Rahjah Club, SUAB and IFC.

Platform: As a member of the senate, I will strive to fulfill the objectives of the student government.

I believe that a thinning out and spreading out policy regarding the delegation of campus responsibilities need be encouraged. Delegation of responsibility to larger percentage of State students, I believe, will further the general campus spirit, insure efficiency of campus operation and spread the advantages derived from participation in extra-curricular activities.

I also favor encouragement of higher varsity athletic standards at NDSC, and in the promotion of more student support of our Bison teams.

Two Year Senate . . .

KAY WOLLAN

Junior, Chemical Technology.
Honor Point Average: 3.37.
Activities: Independent Student Association, Lutheran Student Association, Gold Star Band, vice president and past treasurer of Tau Beta Sigma, past secretary of Chemistry Club, Spectrum staff director of ISA Bison Brevities act.

Platform: I would like to see an increase in school spirit and interest—especially for those students not already taking part in school affairs. Increased recreational facilities would perhaps lure the "suitcase student" into staying here, participating in more activities, and gaining a great pride in our school.

* *

LYLE A. BAKER

Freshman, AAS.
Honor Point Average: 3.06.
Activities: Student Union Activities Board, NDSC Choir, Westminster Fellowship, Alpha Tau Omega.

Platform: My belief is that student government works for the good of the students, campus organizations and the college itself. I would like to help these factors work in close cooperation. Instead of making rash promises, I will assure you of one thing, I will do my best.

* *

LES BREITBACH

Sophomore, Agronomy.
Honor Point Average: 2.80.
Activities: Agronomy Club, Varsity Club, Alpha Gamma Rho, Director of Alpha Gamma Rho Bison Brevities act.

Platform: I am a candidate for Student Senate because of my interest in coordinating activities on campus and seeing student government continue at the high level it is now at.

* *

ARTHUR CERVINKA

Sophomore, AAS.
Honor Point Average: 2.78.
Activities: Theta Chi Fraternity, Social Chairman, Rushing Chairman, Student Union Activities Board, Little Country Theatre, Sabre Flight, Choir, Interfraternity Council.

Platform: If elected senator I will strive to utilize the powers of the senate and I will search the constitution for powers which heretofore have laid dormant, and to incorporate them to a positive forward looking program.

* *

BEVA FEGLEY

Sophomore, Home Economics.
Honor Point Average—2.52.
Activities: Ceres Hall Council, president of Independent Student

Association; Bison Brevities; president, College 4-H Club; Inter Religious Council; 3-D Group; Tryout; AWS Council.

Platform: What this campus needs is a fired up selling program to high school seniors. Convince the taxpayer of our merit as students and as a school, get more girls to come to school here, and last, but not least, some project which will unify the campus as one goal—that being an all-college festival. This is a project of the Student Senate, which I, as a senator, would like to work on.

ORIAN FJESTAD
Sophomore, Agriculture.
Honor Point Average: 2.60.
Activities: College Choir, Agronomy Club, Alpha Gamma Rho, and SA.
Platform: If elected, I will work towards these projects: All-college festival, financial support of college judging teams and changing name of our college to a name more appropriate to all schools on campus.

DAVE GRABEN
Freshman, electrical engineering.
Honor Point Average: 3.19.
Activities: Operations officer, Air Force Flight; Alpha Tau Omega Fraternity; Canterbury Club.
Platform: It is my opinion that there are too many students on this campus that don't have a voice in their student government. I will attempt to give them proper representation.

DONALD GRIMM
Sophomore, electrical engineering.
Honor Point Average: 3.10.
Activities: Guide and assistant captain, Sigma Phi Delta; technical director, Campus Radio; American Institute of Electrical Engineers; Institute of Radio Engineers.
Platform: Few students on campus seem to know what Student

Senate is or what it does. I think it is important that students know how their government functions; therefore, I would like to see the proceedings of the Senate made known to the students, principally through the Spectrum and an information program on Campus Radio.

Along a somewhat different line, if NDSC is to attract the "Cream of the Crop" from high schools in the area, we must do everything in our power to acquaint high school students with our college. If elected, I propose to investigate possibilities of publicizing NDSC.

CARL (BUCKY) HAAS
Freshman, Agricultural Education.
Honor Point Average: 2.50.
Activities: Assistant sports editor of Bison Annual, vice president of Collegiate FFA, Alpha Gamma Rho, representative to Leadership Clinic, Saddle & Siroin.
Platform: I am interested in student government and will promote any action that I feel would be beneficial to NDSC and its students.

WARNER JOHNSON
Sophomore, Mechanized Agriculture.
Honor Point Average: 2.05.
Activities: Past president of North Dakota FFA, former delegate to Ecuador for International Farm Youth Exchange. Co-op House.
Platform: I have always been interested in government, and I have become a candidate to be of service to our school and to gain more experience.

TOM KEAVENY
Sophomore, Pharmacy.
Honor Point Average: 3.00.
Activities: Kappa Psi pledge president.
Platform: Recognizing the dangerous implications which may result from over campus organization, I advocate stringent enforcement of the trial period for all new organizations applying for administrative recognition.

JANET LYN KIPPEN
Freshman, Arts & Science.
Honor Point Average: 4.0.
Activities: Kappa Kappa Gamma, Gold Star Band, Tau Beta Sigma, Annual Staff.

Platform: I am a candidate for Student Senate because I feel it is the most effective group on campus and is of the most benefit to this school and its students. I am very interested in contributing my share to their worthwhile projects.

BILL LANTZ
Freshman, Chemistry.
Honor Point Average: 3.28.
Activities: Chemistry Club, Campus Radio, Newman Club, Sigma Alpha Epsilon Fraternity, Intramural basketball.

Platform: If elected I would do my best to represent the interests of the student body. I would spend all the time necessary to carry on the activities of the student government and improve them in any way possible. I will also support the new student body president and give him my whole-hearted cooperation.

SUE McCONE
Freshman, AAS.
Honor Point Average: 3.94.
Activities: Gamma Phi Beta sorority pledge, pledge class president, Junior Panhellenic Council treasurer, Campus Radio.

Platform: If chosen to represent the students of NDSC on the Student Senate, I will do my utmost to carry out the wishes of all campus groups.

MARGARET PLATT
Sophomore, AAS.
Honor Point Average: 2.5.
Activities: Associated Women Students, Inter-religious Council, Alpha Theta, Wesley Foundation, YWCA, Sigma Alpha Iota, Orchestris, and Student Union Committee.

Platform: The most important job of a student senate member, I

believe, is to strive to truly represent and serve all the students who elect him; to be sensitive to their best interests pertaining to activities, publications, service and every other phase of college life. If elected, I'll be trying very hard to put this concept into practice.

PATRICIA ROBERTS
Freshman, Home Economics.
Honor Point Average: 3.94.
Activities: Kappa Delta sorority; president of Junior Panhellenic; Tryota; Westminster Fellowship; Campus Radio.

Platform: If elected to the Student Senate, I will strive to carry out the wishes of the students of NDSC. I will try to continue to promote good feeling among the students and groups of the college.

WAYNE SABBE
Sophomore, Agriculture.
Honor Point Average: 3.10.
Activities: Board of Directors, Coop House, Collegiate FFA Chapter, Spectrum Staff, Intramural Athletics, State FFA treasurer.

Platform: I have always been interested in the activities of the Student Government within the realms of NDSC. In participating in the student elections, I believe student interest is being expanded. Student interest is the main factor in correlating influential Student Government.

LAVONNE SCHWARTZ
Freshman, Home Economics.
Honor Point Average: 3.1.
Activities: Kappa Kappa Gamma

sorority, Junior Panhellenic Council, Newman Club, Tryota, organizations editor of Bison Annual, Ceres Hall council, delegate to regional NSA conference, Women's Rifle Club.

Platform: The activities that Student Senate will carry on in the next few years can be very effective and profitable to our campus. I believe that Student Senate should do a good job of carrying out these projects before adding any large responsibilities to those they already have. I would like to contribute to and participate in carrying out these projects effectively.

BOB THOMPSON
Freshman, Arts & Science.
Honor Point Average: 2.44.
Activities: Rahjah Club, Advertising Chairman for freshman class, Sigma Alpha Epsilon Fraternity, ROTC Rifle Team, in charge of downtown advertising for Homecoming last fall.

Platform: Because of previous experience of holding offices in organizations such as DeMolay, State Christian Youth Work, and student government, I feel I am capable of holding a seat in the senate of State College. Besides attaining the goals of better student-faculty relationships and broader student government, I will to the best of my ability bring new ideas from other schools, with which I am acquainted, into "State's" program. I will endeavor to bring "SC" up to the level of the better known schools. In short, I feel "State" is for me; therefore I would and will be for "State".

Placement Service

Monday, March 11

Line Material Company would like to talk to Juniors in Electrical and Mechanical Engineering.

Monday, March 11

Health Survey Consultants, Wellesley, Mass., is interested in students in Forestry, Horticulture, Arboriculture, Plant Pathology and Botany.

Tuesday, March 12

Tung-Sol Electric, Bloomfield, New Jersey, Manufacturers of miniature lamps, sealed beam headlights, etc., will interview Electrical and Mechanical Engineers and Physics majors.

Wednesday, March 13

United States Marine Corps will interview graduates for careers with USMC.

Thursday, March 14

Federated Mutual Insurance Company is interested in Accountants, Auditors, Claims Adjustors, Safety Engineers and Underwriters Trainees.

Thursday, March 14

Minnesota Mining and Manufacturing is seeking all Engineers and Chemists, also Juniors for summer employment.

Thursday, March 14

Continental Pipeline Company will interview all Senior Engineers.

Friday, March 15

Worthington Corporation will be here to interview all engineering graduates.

Crucible Steel Company of America, specialty steel makers, will not be able to make a personal visit this year. However, they are still interested in contacting graduates in Engineering, Physics and Chemistry.

Urban, Gendreau Royalty At Charity

A bit of the New Orleans Mardi Gras was moved to NDSC Friday for the Charity Ball held in the Union Ballroom. Clusters of balloons mingled with serpentine hanging from the ceiling and festive masks on the walls carried out the Mardi Gras theme.

Allan Urban and LaRae Gendreau were crowned king and queen of the ball when their ticket was drawn by Terry Ann Frank.

MSTC Publication Head Is Named

New editor of the Western Mystic, Moorhead State Teachers College newspaper, is a St. Paul junior, Rodney Kaisler. A former resident of Thief River Falls, Kaisler is majoring in English at the college. His appointment was approved Tuesday, Feb. 26, by the publications board, which is composed of faculty and students.

Replacing Harlan Shuck of Wendell, Minn., Kaisler takes over the paper for its first issue in the spring quarter, Mar. 15, and holds the position until the end of the winter quarter, 1958.

"What's it like to be in

BUSINESS ADMINISTRATION AT IBM?"

Two years ago, Robert Everett asked himself this question. Today, as Administrative Assistant to the Divisional Controller, Bob reviews his experience at IBM and gives some pointers that may be helpful to you in taking the first, most important step in your business career.

"What's it like to work for a big, expanding company like IBM? What would I be asked to do? Would I get ahead fast?" These were some of the questions that filled Bob Everett's mind as he faced up to the big problem, "How can I put my M.B.A. training to the best possible use?"

Bob came directly to IBM from Cornell in July, 1955, with an M.B.A. in finance. He was immediately assigned, with twenty-nine other M.B.A.'s, to a Business Administration training program. This six months' program comprised general orientation in the entire IBM organization, a six weeks' field trip to the

Filtering out the "hot" projects

Promoted the same year

By December of the same year, Bob was promoted to his present job—Administrative Assistant to the Controller of the Data Processing Division. "The first function of an Administrative Assistant," says Bob, "is to filter out the 'hot' projects from those that can be handled later. You follow through on projects assigned by the controller and keep

Why Bob picked IBM

Bob made a careful study of existing opportunities before selecting IBM for his career. He had a dozen campus interviews; took nine company tours. IBM's M.B.A. program interested him—because, as he says, "It gave me a chance to review the entire company before starting an actual line assignment." He was intrigued by the increasing use of data processing equipment in finance and he knew that IBM was a leader in this field. Salary-wise, he found IBM better than many, but it was company growth potential that motivated his choice. "Opportunity certainly exists

Developing a new system

Syracuse branch office and several months at the Poughkeepsie manufacturing facilities. There he gained a functional knowledge of IBM machines, particularly the 700 series of giant electronic computers.

His training completed by January, 1956, Bob was assigned to the Methods Department as a Methods Analyst at IBM World Headquarters in New York City. Here, with the cooperation of operating department personnel, he worked on the development of systems and procedures for the various Division areas. In addition to normal methods techniques used in developing systems and procedures, he studied these projects in terms of possible machine application for either IBM high-speed giant computers or conventional accounting equipment. One project was the study of the Machine Ordering procedure with the objective of simplifying and mechanizing it and at the same time improving the source information to provide for a more complete analysis of sales and production backlog.

Keeping the boss posted

him posted on their progress." Bob's new position affords a pleasant diversification of work: charting divisional responsibilities of the controller's function . . . plans for decentralization . . . costs of regionalization . . . summarizing key financial and statistical information for presentation to top management.

Bob points out that there are many areas in Business Administration at IBM for men with an M.B.A. or a B.S. in accounting: corporate, general, and factory accounting; internal audit; methods; payroll and taxes. Administrative and management positions constantly open up at World Headquarters, IBM's 188 branch offices, many plants and laboratories.

"Opportunity certainly exists at IBM"

at IBM," he says. "Growth factors alone will account for many new executive positions. A second factor is the trend toward decentralization, which also creates new jobs. These factors, plus IBM's 'promote-from-within' policy, add up to real opportunity."

IBM hopes that this message will help to give you some idea of what it's like to be in Business Administration at IBM. There are equal opportunities for E.E.'s, M.E.'s, physicists, mathematicians and Liberal Arts majors in IBM's many divisions—Research, Product Development, Manufacturing Engineering, Sales and Sales Assistance. Why not drop in and discuss IBM with your Placement Director? He can supply our latest brochure and tell you when IBM will next interview on your campus. Meanwhile, our Manager of College Relations, Mr. P. H. Bradley, will be happy to answer your questions. Write him at IBM, Room 10001, 590 Madison Ave., New York 22, N. Y.
