The Engineers’ "St. Patrick" ball will be held Friday, March 15, in the Crystal Ballroom. The Tempo Kings will supply the music and dancing will be from 9 to 12. The dance is semi-formal, and costumes are not in order. Admission is $1.50 per couple.

A new feature has been added to the ball this year. An Engine- ers’ "queen" will be chosen and she will be known as "St. Patri­cia." Candidates are selected by the military department and independent group on campus and the queen will be chosen that night at the dance.

Candidates for "St. Patricia" are: T. J. Keane, GPR—Richard Hoy­son; AGD—Anna Mae Davis; KDG—Maureen Steimman; KAT—Mar­jorie Ogren; Phi Mu; Pat Turner; and Independents, Barbara Sang.

The candidates for "St. Patrick" are: ASME—Don Gronbeck; ASCE—Anita Kohs; Kappa Kappa Gammas for the price of $100 to an advanced under­graduate or a graduate student of any school at NDSC for an­ original investigation relating to the history or government of North Dakota.

Mrs. Jesamain Slaughter Bur­ton of Aberdeen, N. D., offers a $100 scholarship to an undergradu­ate or graduate student of any school at NDSC for research in any phase of the historical pro­gram of the Institute during 1957 and 1958.

The North Dakota Institute for Regional Studies offers an award of $150.00 to an undergraduate student in the school of AAS who will be in the AAS for the year 1957-1958 for research in any of the many phases of his­tory, culture, or resources—bio­logical or physical—of the Nor­thern Great Plains.

Students interested in the scholarships should discuss their ideas with staff members in the appropriate field for advice on the preparation of a project outline and recommendation for the award. Applications in the form of a proposed project and staff ad­viser recommendation must be submitted before April 15, 1957, to the office of Dean Russell, School of Applied Arts and Sciences.

The Fargo-Moorhead Symphony Orchestra’s annual pop concert will be held Sunday at 4 p.m. in Fargo High School. The concert will be performed by the British about it, even though com­petitions from four countries will be held up the program. A 1945 work of the English­man Benjamin Britten will be notable because it has never be­fore been performed here. Richard Wagner’s "Tristan und Isolde: Prelude and Liebestod" will employ an English horn, an instrument that the orchestra has not used before and has owned only since last summer.

The English horn in a solo pas­sage at the start of Richard Strauss’s "Also Sprach Zarathustra." The concert will include Tchaikovsky’s popular "Serenade in C," Opus 48, and will end with selections by Jerome Kern from "Showboat."
THE SPECTRUM

Socially Speaking

By Jean Anderson

AND TO the left we have a letter from a student with an opinion that we hope is the opinion of a minority. Although there are few candidates for president in this year, this department feels that they are no less qualified, and we highly suggest that you exercise your power to vote. An election by a minority is hardly a fair election, but it does the job... do you want someone else to elect the candidates?

MARRIED are Jerry Pekas, FarmHouse, and Doris Hick- 
reck of Breckenridge.

FOUNDER'S DAY was celebrated by the Phi Mu last Monday.

ATTENTION: You can cure your roomate of snoozing by good advice, cooperation, kindness, and by stuffing an old shirt in his mouth.

AND THE newest wearer of the pin of SAE is Kappa Delta Shirley Mogen. Give Fred Stover is from Fargo.

PLEDGED to Kappa Gamma is Marcia Selland of Fargo.

Psychology professor: A hysterical girl is most efficiently quieted by a firm kiss.

NDSC Student: How do you get one hysterical?

NOBLE RULER of AGR Ron Brandvold gave away his pin and his freedom to Kap~ Ruth Olson. Candy, cigars, and roses were the order of the day on Monday, as well as the serenading and kisses.

"I've a friend I'd like you girls to meet."

Athletic girl: "What can he do?"

Chorus girl: "How much money has he?"

Literary girl: "What does he read?"

Society girl: "Who is his family?"

Religious girl: "What church does he belong to?"

"I think that I shall never see"

A girl who's good enough for me;

But that's all right; I've no complaint;

I much prefer the ones who ain't.

WEARING the pledge pin of the FarmHouse are Lloyd Knight and Ray Zent.

UGLY MAN candidate Kent Sack sent a gift to the Kappas, who sponsored him for the affair.

SO ANYWAY... vote Monday and Tuesday.

KINDA CUTE: One man in a thousand is a leader of men;

the others follow women. Bye now.
Pick up your paper every morning and what do you read? "CRISIS IN HIGHER EDUCATION." That’s what you read. "Spiraling, Upward—Desperation—Need for More Classrooms, More Teachers." But in classrooms, also, do not spring up like mushrooms, nor teachers like mayflies. So what must we do while we build more classrooms, train more teachers? We must get better use out of the classrooms and teachers we now have. That’s what we must do.

This column, normally a vehicle of good-humored foollery, of joy that wrinkled care didders, of laughter holding both his sides, will today forsake levity to examine the crisis in higher education. My sponsors, the makers of Philip Morris Cigarettes, as bonnie a bunch of troopers as you will see in a month of Sundays, have given cheerful consent to this departure. Oh, splendid chaps they are, the makers of Philip Morris! Oh, darlin’ types they are, fond of home, mother, porridge, the Constitution, and country fiddling! Twinkly and engaging they are, jaunty and sociable, roguish and winsome, as full of joy, as packed with pleasure, as brimming with natural gaiety as the daisies behind whose petals they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular natural goodness, as loaded with felicity as the cigarettes they bring you in two convenient sizes—regular.

The answer can be given in one word: speedup! Speed up the educational process. Streamline courses. Eliminate frills. Shorten. Quicken.

Fellowing is a list of courses with suggested methods to speed up each one.

PHYSICS—Eliminate slow neutrons.

PSYCH—Till the mazes downhill. The white mice will run much faster.

ENGINEERING—Make slide rules half as long.

MUSIC—Change all tempo to allegro. (A collateral benefit to be gained from this exigency is that once you speed up waits time, campus proms will all be over by 10 p.m. With students going home early on a Friday, we will languish and marriage counselors can be transferred to the buildings and grounds department. Also, housing now used for married students can be returned to the school of animal husbandry.)

ALGEBRA—If “x” always equals 24, much time-consuming computation can be eliminated.

LANGUAGES—Teach all language courses in English.

DENTISTRY—Skip baby teeth. They fall out anyway.

POETRY—Amalgamate the classes. Like this:

Hail to thee, blithe spirit
Shout if you must this old gray head
You ain’t nothin’s but a bound dog
Shout! How the vector fell down.

You see how simple it is? Perhaps you have some speedup ideas of your own. If so, I’ll thank you to keep them to yourselves.

The makers of Philip Morris have no interest in any speedup. We care not the tobaccos shown away. That’s the way it smokes—slow and easy—a natural smoke.
ASCE Bowlers Defeat UND Chapter By 147

In Home-Home Series

The NDSC chapter of the American Society of Civil Engineers defeated the University of North Dakota chapter in a home and home bowling series by a total of 147 pins.

Baworth of NDSC was high for both teams with 1036.

The NDSC chapter also racked up a win over the U in a basketball game played at Grand Forks NDSC at a later date.

The NDSC chapter of the American Society of Civil Engineers defeated the University of North Dakota chapter in a home and home bowling series by a total of 147 pins.

New Bison Coach Calls Grid Meeting

Bob Danielson, new football coach for NDSC will be on the campus full time next week. To get better acquainted with the football situation here at State, Mr. Danielson is holding a meeting of all football players, both freshman and varsity, and anyone else who is interested in playing football. The meeting will be in room 204 in the fieldhouse Monday, March 18, at 4 o'clock.

NDSC Cinder Men Scheduled For 5 Meets This Spring

The NDSC track team is scheduled to take part in five meets this spring. The schedule, according to Irv Kaiser, Bison track mentor, is as follows.

(A tentative date) - an indoor meet at Grand Forks.

April 27 - Jamestown Relays.

May 4, Bison Invitational.

May 11 - State Collegiate at Grand Forks.

May 18 - NCC meet at Vermillion, S. Dak.

So far the answer to the track call has been good with several veterans reporting. Kaiser said that it was not too late for those interested to draw equipment.

Hopes for the track team include: Dick Kjeldsen, hurdles; Ron Popper, quarter mile; Marty Kalnis, weights; Gary Thomason, broad jump and javelin; Harold Shattuck, two mile; Stan Schrader, pole vault; Sylvan Melrose, sprints; Kevin Shattuck, shot put; Stormy Magnuson, high hurdles; George Flamer, 440.

Intramural basketball playoffs held at NDSC.

Student Union-53; T. Chi 2-42.

SAE 1-60; Kappa Psi-52.

AGR 1-31; M. Dorm-23.

ATO 1-54; Coop 1-36.

Farm House tied for first place with Theta Chi 1 squaring off against Farm House and Theta Chi 2 meeting the YMCA squad.

The final standings of the I·M playoff series held next week that the sports writers are calling the Spectrum.

Greg-I will give you credit for one thing—you have brought spark from the student body and have improved reader interest of the Spectrum.

L&M Cage Playoff Narrowed To Five

ATO 1, Student Body 1, AGR 1, Student Union and SAE 1 squads won first round games in the intramural basketball playoffs held in the fieldhouse Monday.

First Round Scores:

ATO 1-54; Coop 1-36.

Student Body 1-51; SPD 1-50.

AGR 1-31; M. Dorm-23.

Student Union-53; T. Chi 2-42.

SAE 1-46; Kappa Psi-52.

SPORT SHORTS

Nerts! Not much to write about this week. My blank mind is even blanker than usual.

I see by the Spectrum last week that the sports writers are coming under the wrath of Mr. Gregorio. Maybe you have something Greg.

Pollsters Reveal Women Get Nod Over Men in Best-Dressed Category

(AACP) — In terms of neatness, color, and overall appearance, Mississippi College (Clinton) freshmen are deemed the better dressers by both college men and women. Naturally the men are somewhat stronger about this than the women. Generally speaking, the women are in agreement with the observations.

Here is the exact question as asked by Associated Collegiate Press representative to a cross-section of college students: Who do you feel are the better dressers, in terms of neatness, color, and overall appearance, college men or college women?

The results: Men

Women Total
College Men 26% 14% 22%
Colleges 54% 18% 80%
Undecided 18% 19% 18%

With students believing coeds are better dressers the feeling is generally that coeds are more clothes-conscious, "are more in color, and overall appearance, Mississippi College (Clinton) freshmen by both college men and attending the College of Steuben-Men In Best-Dressed Category the coeds. Good clothes for dances and par-

"clothes-conscious," are more in seasonal pressure to keep themselves seasons. Some feel the men and

"women too often take it for granted that they are better dressed, but the men display better taste most of the time."

"College men are more conscious of their every-
day attire, whereas college women-
only dress up for special occasions.

"It's a way a male freshman at Ohio State University.

Students finding themselves undecid-
ed on the issue have several

"Men are generally sloppy cre-
aures. However, there is a con-

Not that the above puzzle contains the names of three schools, for which three separate clues are given.

Here is the Final Tie Breaker in Old Gold's TIE BREAKING PUZZLE NO. 8

Clue: This Nebraska coeducational college of liberal arts is affiliated with the Presbyterian Church. It was chartered and opened in 1862.

Clue: Conducted by the Jesuit Fathers, this midwestern coeducational university was opened in 1877. It bears the name of the city it is located.

Clue: This coeducational university was chartered in 1845 under the Republic of Texas. It is a Baptist school.

ANSWER 1

TIE BREAKING PUZZLE NO. 8

Name
Address
City
State
College

NOTE THAT THE ABOVE PUZZLE CONTAINS THE NAMES OF THREE SCHOOLS, FOR WHICH THREE SEPARATE CLUES ARE GIVEN.

Players may now mail their completed sets of 8 Tie-Breakers. Before mailing your puzzles, keep an accurate record of your answers. The 8 Tie-Breakers you enclose, neatly trimmed, and enclosed in an envelope, flat and not rolled and addressed to: Tangle Schools, P. O. Box 26A, Mount Vernon 10, N. Y., and bearing a postmark not later than April 6, may be used as a vote or emblem of the puzzles in any way. Do not include anything in the envelope but the puzzles.

If, after solutions have been submitted to this set of Tie-Breakers, a tie or ties still remain, those tied will have the opportunity to solve another tie-breaking puzzle, in accordance with the official Tangle Schools rules. These tie-breaking puzzles, if necessary, will be mailed to each contestant.

Finals For Winter Term Scheduled

3:00 p.m. Juniors from A-M inclusive.
4:00 p.m. Juniors from N-Z inclusive.

Tuesday, April 2
8:00 a.m. Seniors from A-M inclusive.
9:00 a.m. Seniors from N-Z inclusive.
10:00 to 12:00 Graduate Students.

tip is fair," is the comment of a student at the College of Physicians and Surgeons (San Fran-
cisco). A male sophomore at Syn-
college sees it this way:

"I think each sex dresses in a mediocre fashion. Men and women are neat at times, remarkably sloppy at others." And a senior male attending the Uni-
versity of Maryland has this opinion: "Some of my fraternity brothers are sticklers for neatness to wire hangers or to clamp laun-

Bankers To Attend First Ag Short Course In March

First agricultural short course for North Dakota bank officials and employees will be held March 15-19 at the University of North Dakota, according to Peder A. Nystuen, director of short courses at the college.

The course has been planned to provide an opportunity for additional study in cooperative programs in agriculture that applies to the business of banking.

Men attending the two-week session will study farm economics, irrigation, livestock types, nutrition, and a variety of other subjects.

Travel Tips To Aid Students On Trips During Quarter Break

Going traveling? With spring break only a few weeks away, students are making plans how to spend their time. For those who will do some travel-
ing, here are some helpful tips.

Carry several wooden clip-type clothes pins in your bag—just the thing to attach skirts or trousers to wire hangers or to clamp laun-
droused hoes or gloves on a towel or smooth curtain to dry. Safety pins work well for these, too. A few yards of narrow tape or soft cord can be tied between two chairs for an emergency clothingline.

Plastic bags of different sizes come in handy when packing shoes, purses, gloves, and toile-
tries. An extra bag can be used to bring back soiled articles.

When packing dresses, suits or coats, pin pocket flaps, col-

FOUR VALUABLE PRIZES!
Latest LCT Production Centered Around The Life Of Irish During Irish Revolution

By Kerry Murphy

"The Plough and The Stars," a play written by Sean O'Casey, will be staged at the Little Country Theatre on March 14, 15, and 16. Dr. Frederick Walsh, chairman of the NSDC speech department will direct the production.

The play, written by a noted Irish author, portrays the life of the people of Ireland during the Irish Revolution.

Nora, played by Pat Connolly, is the love sick woman who wants to keep her husband home from the wars. But Nora's husband, Jack, portrayed by Art Cervinka, is a chauvinistic patriot who likes to play the part of a soldier and in so doing goes off to war to be killed.

Monica Savageau plays the part of Rosie Burgess who represents the Protestant minority in Ireland, and Don Schrader portrays The Covey, a young Socialist who feels that this revolution should be a war for the "economic emancipation of the proletariat." These are only four from a cast of about ten.

Walsh has devised ingenious staging by constructing four different sets for the four acts on a spindle that can be turned in order to change the set each time the curtain falls.

"The Plough and The Stars" is the third of a trinity by O'Casey to be produced on this campus.

Vet's Club Party

At Crystal Tonight

The NSDC Vet's Club will sponsor a party at the Crystal Ballroom tonight from 9:00 till 12:00. Music will be furnished by Frank Colby and his orchestra. Admission will be by membership cards only and these cards will be sold at the dance.

Fashion Mag Predicts Easter Fashions For Gals

What's new for the Easter Parade?

Most fellows probably will wear the same old suit, but the girls can be different.

Women's Wear Daily reports that four features of last spring are back again. These include the "avant-garde" dress with new emphasis on silk and chiffon, the sheath, the blouson dress, and the costume.

New factors of fashion for spring include the cape-influenced coats and suits with shirt fullness and shorter jackets.

In the accessory field there are the deep-crowded, soft hats, tapered shoes, slim gloves, tall bags and jewelry matched to the costume.

Colonel MacGregor

To Address ATO's Tomorrow Night

Alpha Tau Omega will be host to Colonel John K. MacGregor, prominent lawyer and professor at New York University, on Saturday, March 8. Colonel MacGregor will also visit college officials and local alumni of the fraternity.

Colonel MacGregor has been a province and national officer of Alpha Tau Omega since 1936 and was president from 1946 until 1950. He has recently been installed as chairman of the fraternity's High Council.

A native of Oregon, Colonel MacGregor was graduated from the University of Oregon in 1923. He has received his law degree from New York University in 1926. Since 1928 he has been professor of law of commerce at NYU and was appointed chairman of that department in 1941. He received the honorary degree of doctor of laws from Gettysburg College in 1950.

During World War II, he was chief of the legal branch, Chemical Warfare Section, and was an intelligence officer in the Philippines, Japan and China. He was raised to full colonel at the time of his release from service in 1946.

Colonel MacGregor is past president of the Salve Andrew's Society at New York, and a past chairman of the National Interfraternity Conference. He is active in the affairs of the International House at Columbia University. Before the war he was a member of the bar of the U. S. Supreme Court and all federal and state court bars of New York State.

Student Conference Slated For April

A conference on student government for all four-year colleges in North and South Dakota will be held April 14 and 15 at Jamestown College in Jamestown, North Dakota. The NSDC student government will handle the conference with Beverly Pfeifer as chairman.

Reason for this conference is that there are only two colleges in North Dakota that have effective student government. The NSDC student government feels it has learned much from the National Students Association and would like to pass on what they have learned to the other colleges in North Dakota.

There will be discussions on why to have a student government, the philosophy of student government, the relationship to faculty and administration, and the value of programs such as freshman orientation.

The University of Minnesota has a strong student government and the president of that student body will be a speaker.

GORDON KEPNER
Junior, AAS.
Honor Point Average: 3.5.
Activities: SUAB, LSA, Chemistry Club, ISA, Billiard team, and drum line.
Platform: My campaign platform is based on the firm conviction that NDSC is a reservoir of genuine spirits of co-operation among students and organizations if NDSC is to gain its deserved status and recognition.

Specifically, I would support a closer relation between students and administration and will direct my efforts towards developing this beneficial project. I also would like to see a student public relation organization whose purpose would be to publicize our school and its activities.

Thus, if I am elected, I will work for a true spirit of co-operation and a unifying of efforts of the student body and our campus administration.

SIMON LAHLUM
Junior, Mechanical Engineering.
Honor Point Average: 2.71.
Activities: AC Vets Club secretary, Kappa Eta Zeta, APM, Engineering Club.
Platform: I guarantee that the choir and the band as they make their tours of North and South Dakota. I feel towards establishing three new honorary organizations and the college its activities director, Sweetheart of Kappa Eta Zeta, Saddles and Sirloin Club, advertising manager of Little International, Alpha Gamma Rho, and the editor of the newspaper of Alpha Gamma Rho.

Platform: The student government at NDSC has been of such a caliber that it was chosen as a model for many colleges in North and South Dakota. I feel my position we must try not to overwork our students with new activities, but instead seek to continue and improve upon those that have been proven successful.

PAT MOORE
Junior, Pharmacy.
Honor Point Average: 2.6.
Activities: Saddle & Sirloin Club, co-editor of Payrus Ebers.
Platform: My campaign platform is based on the firm conviction that NDSC is a reservoir of genuine spirits of co-operation among students and organizations if NDSC is to gain its deserved status and recognition.

Specifically, I would support a closer relation between students and administration and will direct my efforts towards developing this beneficial project. I also would like to see a student public relation organization whose purpose would be to publicize our school and its activities.

Thus, if I am elected, I will work for a true spirit of co-operation and a unifying of efforts of the student body and our campus administration.

RICHARD TROMMANN
Junior, Arts and Sciences.
Honor Point Average: 3.47.
Activities: College Choir, president, Wells Foundation; council on student affairs, UM Fellowship, YMCA; orchestra.
Platform: I am running for the Student Senate because I feel that it is an opportunity for me to better serve the fellow students. If elected I pledge my support to projects undertaken by the student government and work to faithfully represent the college in all matters of campus, community, and state-wide importance.

GORDON KEPNER
Junior, AAS.
Honor Point Average: 3.5.
Activities: SUAB, LSA, Chemistry Club, ISA, Billiard team, and drum line.
Platform: My campaign platform is based on the firm conviction that NDSC is a reservoir of genuine spirits of co-operation among students and organizations if NDSC is to gain its deserved status and recognition.

Specifically, I would support a closer relation between students and administration and will direct my efforts towards developing this beneficial project. I also would like to see a student public relation organization whose purpose would be to publicize our school and its activities.

Thus, if I am elected, I will work for a true spirit of co-operation and a unifying of efforts of the student body and our campus administration.

SIMON LAHLUM
Junior, Mechanical Engineering.
Honor Point Average: 2.71.
Activities: AC Vets Club secretary, Kappa Eta Zeta, APM, Engineering Club.
Platform: I guarantee that the choir and the band as they make their tours of North and South Dakota. I feel towards establishing three new honorary organizations and the college its activities director, Sweetheart of Kappa Eta Zeta, Saddles and Sirloin Club, advertising manager of Little International, Alpha Gamma Rho, and the editor of the newspaper of Alpha Gamma Rho.

Platform: The student government at NDSC has been of such a caliber that it was chosen as a model for many colleges in North and South Dakota. I feel towards establishing three new honorary organizations and the college its activities director, Sweetheart of Kappa Eta Zeta, Saddles and Sirloin Club, advertising manager of Little International, Alpha Gamma Rho, and the editor of the newspaper of Alpha Gamma Rho.

Specifically, I would support a closer relation between students and administration and will direct my efforts towards developing this beneficial project. I also would like to see a student public relation organization whose purpose would be to publicize our school and its activities.

Thus, if I am elected, I will work for a true spirit of co-operation and a unifying of efforts of the student body and our campus administration.

RICHARD TROMMANN
Junior, Arts and Sciences.
Honor Point Average: 3.47.
Activities: College Choir, president, Wells Foundation; council on student affairs, UM Fellowship, YMCA; orchestra.
Platform: I am running for the Student Senate because I feel that it is an opportunity for me to better serve the fellow students. If elected I pledge my support to projects undertaken by the student government and work to faithfully represent the college in all matters of campus, community, and state-wide importance.
JANET LYN KIPPEN
Freshman, Arts & Science.
Honor Point Average: 4.0.
Activities: Kappa Kappa Gamma, Gold Star Band, Tau Beta Sigma, Annual Staff.
Platform: I am a candidate for Student Senate because I feel it is the most effective group on campus and is of the most benefit to this school and its students. I am very interested in contributing my share to their worthwhile projects.

BILL LANTZ
Freshman, Chemistry.
Honor Point Average: 2.90.
Activities: Chemistry Club, Campus Radio, Newman Club, Sigma Alpha Epsilon Fraternity, Intramural basketball.
Platform: If elected I would do my best to represent the interests of the student body. I would spend all the time necessary to carry on the activities of the student government and improve them in any way possible. I will also support the new student body president and give him my whole-hearted cooperation.

CARL (BUCKY) HASS
Freshman, Agricultural Education.
Honor Point Average: 2.50.
Activities: Assistant sports editor of Bloom Annual, vice president of Collegiate FFA. Alpha Gamma Rho, representative to Leadership Clinic, Saddle & Sirloin.
Platform: I am interested in student government and will promote good feeling among the students of NDSC. Freshman, Chemistry.

WARNER JOHNSON
Sophomore, Mechanized Agriculture.
Honor Point Average: 2.05.
Activities: Past president of North Dakota FFA, former delegate to Ecuador for International Youth Exchange, Co-op House.
Platform: I have always been active in school government and I have become a candidate to be of service to the student government and to gain more experience.

TOM KABEANY
Sophomore, Pharmacy.
Honor Point Average: 3.00.
Activities: Kappa Phi pledge president.
Platform: Recognizing the dangerous implications which may result from over campus organizations, I advocate stringent enforcement of the trial period for all new organizations applying for administrative recognition.

MARGARET PLATT
Sophomore, Agriculture.
Honor Point Average: 2.5.
Activities: Associated Women Students, Inter-religious Council, Alpha Theta, Wesley Foundations, YWCA, Sigma Alpha Iota, Orchesis, and Student Union Committee.
Platform: The most important job of a student senate member, I believe, is to strive to truly represent and serve all the students who elect him; to be sensitive to their best interests pertaining to activities, publications, service and every other phase of college life. If elected, I'll be trying very hard to put this concept into practice.

PATRICIA ROBERTS
Freshman, Home Economics.
Honor Point Average: 2.94.
Activities: Kappa Delta sorority, president of Junior Panhellenic. Toyota; Westminster Fellowship, Campus Radio.
Platform: If elected I will arrive to carry out the wishes of the students of NDSC. I will try to continue to promote good feeling among the students and our college.

WAYNE SABBE
Sophomore, Agriculture.
Platform: I am interested in the activities of the Student Government within the realms of NDSC. As a delegate to the regional NSA conference, I will be trying very hard to put this concept into practice.

LAVERNE SCHWARTZ
Freshman, Home Economics.
Honor Point Average: 3.1.
Activities: Kappa Kappa Gamma sorority, Junior Panhellenic Council, Newman Club, Toyota, organizations editor of Bison Annual, Ceres Hall council, delegate to regional NSA conference, Women's Rugby Team.
Platform: The activities that Student Senate will carry on in the next few years can be very effective and profitable to our campus. I believe that Student Senate should do a good job of carrying out these projects before adding any large responsibilities to those they already have. I would be very interested in contributing to and participating in carry out these projects effectively.

BOB THOMPSON
Freshman, Arts & science.
Honor Point Average: 2.64.
Activities: Ralphy Club, Advertising Chairman for freshman class, Sigma Alpha Epsilon Fraternity, ROTC Rifle Team, in charge of downtown advertising for Homecoming last fall.
Platform: Because of previous experience of holding offices in organizations such as DeMolay, State Christian Youth Work, and student government, I feel I am capable of holding a seat in the senate of State College. Besides being a leader of a broader student government, I will to the best of my ability bring new ideas from other schools, with which I am acquainted, into "State's" program. I will endeavor to keep you, the student body, informed of the better known schools. In short, I feel "State" is for me: therefore I would and will be for "State".

**“What’s it like to be in BUSINESS ADMINISTRATION AT IBM?”**

Two years ago, Robert Everett asked himself this question. Today, as Administrative Assistant to the Divisional Controller, Bob reviews his experience at IBM and gives some pointers that may be helpful to you in taking the first, most important step in your business career.

Why Bob picked IBM

Bob made a careful study of existing opportunities before selecting IBM for his career. He had a diden campus interviews; took nine company tours. IBM’s M.B.A. program interested him—because, as he says, “It gave me a chance to see the entire company before starting an actual line assignment.” He was intrigued by the increasing use of data processing equipment in finance and he knew that IBM was a leader in this field. Salary-wise, he found IBM better than many, but it was company growth potential that motivated his choice. "Opportunity certainly exists at IBM,” he says. “Growth factors alone will account for many new executive positions. A second factor is the trend toward de-vice manufacturing, which also creates new jobs. These factors, plus IBM’s “promote-from-within” policy, add up to real opportunity.”

IBM hopes that this message will help to give you some idea of what it’s like to be in Business Administration at IBM. There are equal opportunities for E.E’s, M.E.’s, physicists, mathematicians and Liberal Arts majors in IBM’s many divisions—Research, Product Development, Manufacturing Engineering, Sales and Service Assistance. Why not drop in and discuss IBM with your Placement Director? He can supply our latest brochure and tell you when IBM will next interview on your campus. Meanwhile, our Manager of College Relations, Mr. P. H. Bradley, will be happy to answer your questions. Write him at IBM, Room 1001, 600 Madison Ave., New York 22, N. Y.

**Fasting the “hot” projects**

Promoted the same year

By December of the same year, Bob was promoted to his present job—Administrative Assistant to the Controller of the Data Processing Division. “The first function of an Administrative Assistant,” says Bob, “is to filter out the ‘hot’ projects from those that can be handled later. You follow through on projects assigned by the controller and keep him posted on their progress.” Bob’s new position affords a pleasant diversification of work: charting divisional responsibilities of the controller’s function... plans for decentralization... costs of regionalization... summarization of financial and statistical information for presentation to top management.

Bob points out that there are many areas in Business Administration at IBM for men with an M.B.A. or a B.S. in accounting: corporate, general, and factory accounting; internal audit; methods; payroll and taxes. Administrative and management positions constantly open up at World Headquarters, IBM’s 18 branch offices, many plants and laboratories.

**“Opportunity certainly exists at IBM”**
