Work Is Underway On New Parking Lot; Expected To Be Completed By Fall

Work has begun on the new NDSC parking lot. Tar chunks are being hauled from the airport and dumped on the lot by the Northern Improvement Co. The new lot is located south of the Minard parking lot.

Most of this new area is very low and a large fill is necessary

to bring it up to the required level. The finished surface will be of gravel.

The new lot will be larger than the present Minard lot, and will help solve the present parking situation on the campus. It is expected that part of the Minard lot will be a future building site and it will be necessary to have the extra parking space of the new lot.

A lot of work has yet to be done, but according to Erling Q. Thorson, superintendent of buildings and grounds, the lot should be finished and ready for use by the start of the fall term.

Co-op House Group Begins Construction On New House

The construction of the new Co-op House at 12th Street and 12th Avenue North will be started soon.

Ground breaking for the new Co-op House was held Saturday, April 13. According to house president Gaylord Olson, the \$125,000 structure will be completed by Oct. 1, 1957, in time to house students for the fall term.

The three-story house will normally house 48 students, will have dining area in the basement for 70 people, a lounge, and a large recreation room.

Contracts have already been awarded for the various phases of the building. Financing of the building is by the combined efforts of North Dakota Farmers Union, Farmers Union Central Exchange of St. Paul, the Farmers Union Grain Terminal Association, and sale of present property, Olson said.

State Debate Team Bows To Opponents

"Should the United States discontinue economic aid to foreign countries?" This was discussed at Festival Hall, April 12, in an intercollegiate debate.

Bob Brake and John Pankratz represented NDSC taking the affirmative. They showed a lot of fight but bowed to the team from Washington U composed of Thelma Bunnell and JoAnn LaCasse.

The judges, lawyers from this area, awarded the decision to Washington U by a vote of 4 to 1.

This was one of the series of debates sponsored by the Lincoln Debate Club.

Coeds Selected To Beauty Contest

Two SC coeds have been selected as entrants in a college beauty-queen contest which is being conducted throughout the nation by a leading cosmetic manufacturer.

Karen Edinger, Kappa Kappa Gamma sorority, and Beverly Simons, Alpha Gamma Delta, are the contestants.

One of these girls will be chosen by a vote among students on campus, to represent NDSC. All votes for your choice must be post-marked no later than midnight, May 1st. Votes can be cast by stating your choice on a postcard and addressing it to Campana, Batavia, Illinois.

Five Become Members Of Home Ec Fraternity

Five girls were initiated into Phi Upsilon Omicron, honorary home economics fraternity, Saturday morning, April 13, 1957. Initiates are Shirley Homme, VelRae Neeb, Caroline Slinde, Claire Walker and Lois Williams.

Present at the initiation was Juliette Myren, District V Councilor of Phi Upsilon Omicron. Initiation was one of the high lights scheduled on the program for Miss Myren's inspection of the local chapter.

Following initiation a coffee hour was held for Miss Myren with entertainment presented by the new initiates.

Satchmo's Appearance Possible

The Board of Music and Public Programs at NDSC has announced that there is a possibility that Louis Armstrong may be included on the 1957-58 lyceum schedule.

The slate of lyceum programs for the coming year was released recently by Commissioner Dick Monson.

Monson stated that Armstrong has been contacted, and if his tour this fall includes this section of the country, he will appear as a special lyceum attraction.

This program would be open to students only. Lyceum season tickets would not be good for this program, but all students would be

admitted free with their activity tickets.

The first of the regularly scheduled programs will be the Symphony Orchestra of the Festival at Florence, Italy. This is slated for Nov. 1, and a French pianist, Philippe Entremont, will appear Nov. 26.

A group of string musicians, the Fine Arts Quartet, who specialize in chamber music will headline the winter quarter's programs. They will be here Jan. 15. On Feb. 12 a soprano star of NBC radio and television, Elaine Malbin, will present a concert.

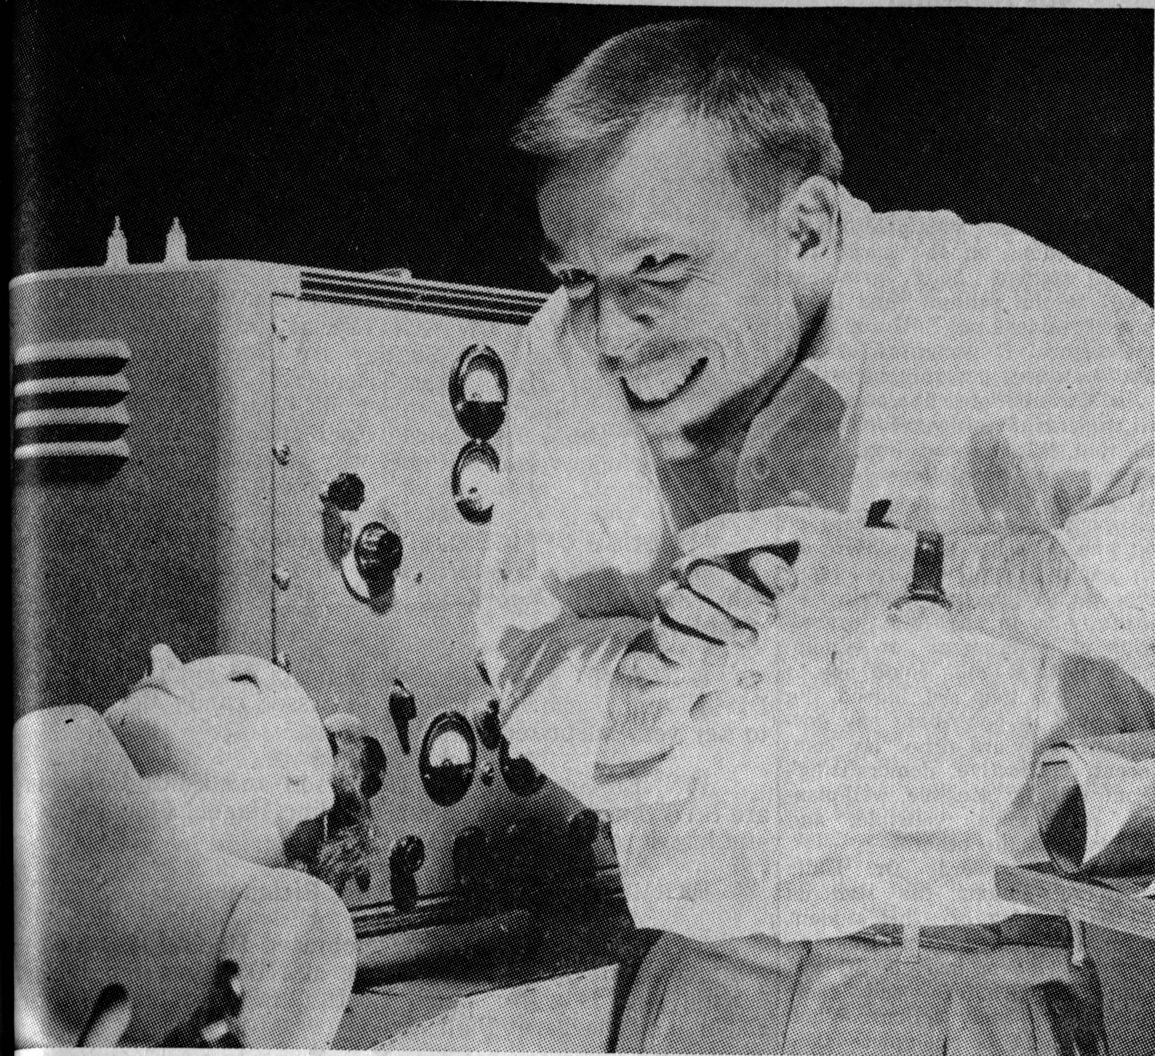

The widely acclaimed Children's

Choir from Obernkirchen, Germany will conclude the 1957-58 schedule with a program on March 31.

Dean Dinan To Be Honored At Tea

The NDSC Inter Sorority Alumni Council will sponsor a tea for Miss Pearl Dinan, Dean of Women, April 27, from 2 to 4 p.m.

Two representatives from each organization on campus are invited to attend. In addition all faculty members and their families are invited.

A Frankenstein

Gene Price has the look of a Frankenstein in this picture, but actually he is in the process of creating his "Perfect Woman" for the Sigma Phi Delta Bison Brevities act. This act is strictly a pantomime with Gene playing the lead while a quartet tells the audience what is going through his mind via a calypso melody.

Eligible Veterans May Now Apply For Compensation Under Korean Bonus Plan

Veterans who were in the service between June 25, 1950 and July 27, 1953 will be interested to know that North Dakota Korean Conflict Veterans Compensation is now available to them. All veterans who were in during that time should begin now in order to get their cash as soon as possible.

The first thing to do, if you were in the Army or Air Force and are claiming overseas duty,

is to dash down to the American Legion and get Form Letter "A" fill it out, and send it to the St. Louis address given on Form Letter "A" for overseas verification.

Then get hold of a photostatic copy or certified true copy of your DD 214 (your separation paper) and wait. When Form Letter "A" gets back to you attach it to DD214, rush again down to the Legion, and fill out Form No. 1. Then send those three to the given Bismarck address.

If you were in the Army or Air Force but are not claiming overseas duty, then start with the paragraph above that begins "Then get hold of".

If you were in the Navy, Marines or Coast Guard during the given period you need not bother with Form No. 1. Just fill out item No. 10 in Form Letter "A" to the best of your knowledge, listing departure and arrival dates of your ship.

The compensation amounts to \$17.50 per month for overseas duty and \$12.50 per month for domestic duty.

"Worm" To Be Feted In LCT Children's Play

"The Butterfly That Blushed," a children's play written by Joseph and Fay Golden will be staged at the Little Country Theatre May 18 and 25. Monica Savageau is student director of the production.

The play portrays the troubles of a butterfly named Worm. Worm awakens from his cocoon to find that he is the only ugly butterfly in the forest. He ponders on the idea of crawling back into his cocoon thinking that Mother Nature wasn't through with him yet. The other butterflies play many tricks on Worm, but he emerges a hero.

This is the third children's play produced at the Little Country Theatre this year.

Gerth To Head Alpha Zeta Frat

Fred Gerth, a junior in Agricultural Education from Fargo, was recently elected president of the Dacotah Chapter of Alpha Zeta. He succeeds Marvin Duncan in that position.

Other officers elected include: Curtis Nelson, vice president; Jerome Onsager, Scribe; Howard Schmid, treasurer; and Vernard Frederick.

Clinton Sparks Chosen Vets Club Commander

Clinton Sparks was elected commander of the Vets Club last Thursday. Vice-commander is Robert Schmidt. Gilbert Elken was selected as secretary and Ed Fisher as treasurer.

Outgoing commander Floyd Miller urged veterans to write a personal letter to the senatorial subcommittee on Veterans Affairs or Senator Thurmond, chairman of the sub-committee, in Washington, D.C.

Miller urged support of the proposed bill to raise the Korean veterans' school allowance. Miller stated that the subcommittee wants to hear of personal cases, he said the subcommittee has files of petitions, but would like to hear from individual veterans.

Also selected Thursday night was the outstanding veteran of the campus, which was Floyd Miller, former commander of the Veterans Club.

South Dakota Rifle Team Places First In NRA Match

An Army ROTC rifle team from South Dakota State College topped high team honors in the District NRA Intercollegiate Rifle Match which was held in the fieldhouse here last Saturday.

The South Dakota team topped competitors with a score of 1390. The Army ROTC team from NDSC was second with a score of 1377. Other teams taking part in the match included: University of North Dakota; and Lincoln University of Jefferson City, Missouri.

Several of the schools entered more than one team, and there were a total of eight teams in the competition.

In the individual firing Bruce Bell of the NDSC Army ROTC edged Thomas Scarbrough, South Dakota State, by outshooting him in the offhand position after both had tied with a 281 out of a possible 300.

The matches were held on the gymnasium floor of the fieldhouse with special targets mounted on portable bullet traps were used in the competition.

From the Editor's Desk . . .

By Gerry Bender

And the sun shone . . . and the snow disappeared . . . and the idiots wasted no time in getting out and walking on the grass. Of all the ridiculous things. With all of the sidewalks we have on our campus and some imbeciles still find it necessary to walk on the grass. The other day I even saw five or six fellows, acting like a bunch of 'just escaped' monkeys, cutting across the grass while going to the Union from Men's Residence. Now just think for a minute about the sidewalk connections between those two places. But those knuckleheads had to take the short-cut. What can we do to get people to use the sidewalks? I don't know, but let's do something! Ostracize them? Throw mudballs? Something.

★ ★ ★

A few years ago The Spectrum began referring to this institution as North Dakota State College. A second step along this line has begun in this issue. Starting now, the official name of this college, as far as The Spectrum is concerned, is North Dakota State College of Agriculture and Applied Sciences. If any of you readers don't like it, write me a letter, and I will in turn write you an answer telling why I do like it.

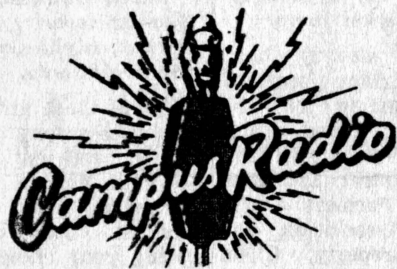

★ ★ ★

Has it ever occurred to you what a supplement "bull sessions" could be to a college education? By turning even half of the sessions that take place daily in frat and sorority houses and dorms into discussions of pertinent topics such as world situation, price fluctuations and expectations, and innumerable others, we could for that short time put to use some of that vast store of knowledge and reasoning power that we are supposedly picking up here at NDSC.

But instead it seems that everyone would rather discuss the opposite sex and their whims and fancies, 1001 ways of living it up, the rise and fall of Elvis, and like that. Mention the Gaza strip before a group of male students and they clap, stomp their feet and whistle. Come on people, let's talk smart.

★ ★ ★

And I hope you can all make it home for Easter and that you have a joyous Easter holiday. Let's make it a Thanksgiving Day as well as Easter, and realize how lucky we are to be a part of this constantly improving American way of life. See you next week.

By Art Lies

I was just thinking (which is something I don't usually do) about all the fellows who have used their experience gained at KDSC as a stepping-stone to commercial jobs.

Hal Miller was employed at KVOX; Bryan Gackle acted as the Platter Man at KGO; and of the current crew, Jack Larson and Don Grimm are putting in hours at KXJB-TV, while Joe Arquette is doing the same up at KFGO. A few of last year's members toiled at WDAY for that necessary cash to help pay the bills.

All of which leads to the old cry, "HELP!" And that is just what we need, more help. The staff is suffering from its annual spring depletion, and consequently, our program schedule is not filled.

At the risk of appearing repetitious, I'll inform any quivering prospect that applications for jobs will be accepted at our studios on the second floor of the Memorial Student Union any time, or dial 5-5623.

In browsing through my library I came upon a few literary gems which I shall now cast before you (thereby presuming, gentle reader, that none of you are Hammus alabamus or any related specie.)

Gem No. 1. It is very danger-

ous to be alive these days! Gem No. 2. Woman has a double clutch, but man must shift for himself.

And, in the spirit of spring, I will dast to conclude this epic with a tender love poem from the pen of Walt Kelly:

"Thou has a voice like a throbbin' turtle dove, Whilst Thee bleateth out a song of love!

Thine eyes are soft like sweet manana, Soft and gooey like fried banana."

Eat Green Grass

The above phrase is a tribute to an established NDSC stalwart who is about to leave the halls of Old State. No need to mention his name. All of the old folks on campus know who we are speaking of, and the younger set have not yet absorbed enough of college life to recognize the true significance of the phrase.

At any rate, our very best wishes go with him, and we of The Spectrum look forward to the day when we can again sit down to a big bowl of green grass with good old Tiger.

Publication Heads Announced Tonite

This evening at the Board of Publications banquet, the editors and business managers for the Spectrum and The Bison for the coming year will be announced.

With the advent of a new management, the Spectrum seeks addi-

tional staff personnel. A meeting will be held next Thursday afternoon in the Student Publications office in the Student Union at 4:00. All students interested in working on the Spectrum are invited to attend.

Student Apathy May Hinder Senate

By Neal Bjornson

The SC student senators filed to their positions on the stage, the retiring student body president moved to the podium and introduced President red S. Hultz. Thus in Inaugural Convocation for the 1957-58 student government began.

In his remarks to the assembled students, President Hultz stated that this was an important occasion for the College.

I would like to quote in part his opening remarks for those of you who were not there. "Here on this campus student leadership helps set the campus tone just as faithfully as in any other organization of government or society. The adjectives one could use to describe this tone are, indeed, the same used in describing any government. They are either 'lax, complacent, ineffective, demoralizing', at one end, or 'sensible, well-planned, progressive, valuable, and satisfying' at the other."

In these few words Dr. Hultz stated the opinions the students will be forming of this student government. In the months to come the student body of SC will judge these senators and their president by their actions. When this judgment is complete they will place them in one of the two categories outlined by Pres. Hultz.

The students of this institution will most surely judge these people, but on what will they base this judgment? The continued apathy on the part of all students toward student government makes it impossible for the major share of the student body to be aware of what the senate is doing.

In his remarks before installing Eldon McLain as student body president, Tip Miller, retiring president, outlined the work that has been carried on by the senate during the year. He listed 15 projects that have been carried out which have been of service to the campus community. To those of you who remember it, the activity fee raise was the only one of these items which produced any great student comment. Few, if any, students were aware of the other projects that were carried out.

President McLain, in his remarks to the assembly, stated that he and the newly installed senate would do their best to carry out a program on a par with the one of the past year.

To do this these people will need the backing of the student body. They are the campus leaders, and a leader is no better than his or her followers.

Only 50% of the student body exercised their right to vote in the elections last quarter, and it would be an exaggeration to state that 10% of the students attended the inaugural convo.

Is the coffee in the Union that good, or are the instructors hitting the assignments that hard? Without an awakening of student interest in our student government the newly installed group cannot possibly accomplish the goals that are set before it.

Socially Speaking . . .

By Jean Anderson

WHAT'S THE EASTER BUNNY gonna bring you? Lotsa colored eggs and a great big dinner? Don't eat too much and do all your studying . . . or play much golf, as the case may be. ANYWAY, behave.

★ ★ ★

NEW ACTIVES at the Gamma Phi house as of last Sunday are Sue McCone, Jodee Paris, Margaret Benedict, Jan Dietrich, Sharon Elliott, Mary Herrcik, Mary Hulebak, Sharon Mische, Janyce Roel and Sue Fredeen. Outstanding pledge Sue McCone was presented with a silver candy dish.

★ ★ ★

PLEDGE OFFICERS at the Sigma Phi Delta house are president, Dave Hendrickson; vice-president and social chairman, Don Moorhead; and secretary-treasurer, Tom Mahler.

★ ★ ★

ENGAGED are JoAnn Tomlinson, Kappa Delta, and David Lund, FarmHouse alum. Jo passed candy Monday night to her very surprised sorority sisters.

★ ★ ★

PINNED are SAE Don Halvorson and Edith Hanson, and SAE Chuck Trangrud and Pauline Hagen. Flowers, songs and kisses were presented.

★ ★ ★

FARMHOUSE pledge is Doug Richman.

★ ★ ★

KAPPA ALPHA THETA celebrated Honors Day and the tenth anniversary of its founding at NDSC last Sunday. Receiving awards were: Janell Leetun, Beverly Lind, Robert Enger, and Margaret Platt.

★ ★ ★

WEARING the pin of Sigma Phi Delta is Dorothy Kiedrowski. Richard C. Johnson is the happy giver.

★ ★ ★

SERENADED at the Gamma Phi house Monday night was Arlene Olson. The Kappa Psis did the singing in honor of Phil Larke's pinning to Arlene over vacation.

★ ★ ★

NEW INITIATES at the Alpha Gam house are: Marily Marschke, Laurene Dalhke, Karen Zeilsdorf, Diane Ber Carol Finstad, and Nola Rockstad. Saturday night at the Feast of Roses banquet the following awards were presented: Representative pledge, Donna Risan; pledge with the highest average, Karen Zielsdorf; pledge with the most activities, Carol Finstad. Undergraduate with the most activities, Janet Faerlund; Undergrad with the most improved average, Shirlee Peterson; and senior with the highest average, Sally Fossay.

★ ★ ★

KAPPA PSI added Neil Knatterude from Maddock to the pledge class.

★ ★ ★

ENGAGED are SPD Harold LaFleur and Joyce Va Wechel.

★ ★ ★

ATO: What in the world makes your tongue so black?
SAE: I dropped my bottle of whiskey on a fresh tarred road.

★ ★ ★

KAPPA ALPHA THETA initiated Jeannine Knoten, Janell Leetun, Mitzi Mallarian, Janis Olson, Margaret Allen, Marlys Oberg, Nancy Swayne, and Sonja Christianson into active membership Sunday.

★ ★ ★

AND A DIAMOND is being worn by Muriel Hall. Given by SPD Lyle Madson.

★ ★ ★

FOUNDER'S DAY was celebrated by Sigma Phi Delta Sunday after Fred Arndt, Philip Krajeck, Edward Gilbertson, Marvin Loll, Jack Heltemes, Eugene A. Hanson, Bruce Whomb, and James Engbrecht were initiated into active membership. Dr. R. J. Beals, Grand President, presented the charter with the efficiency contest plaque, Joe Mann with the president's key award and outstanding pledge award to Virginia Miller. Guest speakers were Richard Turner, Epsilon chapter alum, and William Jermain, Province Counselor.

★ ★ ★

SIGN IN THE BT: "If you must drive your husband drink, drive him here."

★ ★ ★

AND KAPPA PSI has some new acives: Louis Muhic, Leo Werlinger, Mark Reeve, Pat Stien, Ronald Schiff, Thom Keaveny, George Gardner, Martin Bergeson, Tom Thompson, Glenn Thiel, John Fleck, Rodger Magnuson and Gene Nelson were recently initiated.

★ ★ ★

ENGAGED are Vernon Johnson and Helen Anseth. Vernon is of local SPD fame.

★ ★ ★

AND ACTIVES at the FarmHouse are Dale Herman and Harly Swanson.

★ ★ ★

THOUGHT FOR THE WEEK: It is not natural to shrink from kissing. If it was, most college girls would be skin and bones.

★ ★ ★

Bye now . . .

Did You Know?

By Corky

Saw the Easter Bunny gorging himself on commercial concentrates the other day. The label on the bag stated that egg production would increase multi percent if fed in proper amounts. That poor critter, little did he know that by gorging himself in such a manner, his production will exceed the demand, and thence, the Easter egg market will hit a new low price-rise. Have to put him in the Soil Bank next year.

This little Easter Bunny is quite an institution though. He really accomplishes the nearly impossible. All winter long he hops around in his splendid coat of white and dodges shotgun pellets. Then comes spring and he must use his body resources to change his coat to brown. So what happens? Easter rolls around and he also has to lay eggs for a bunch of kids. Must be hard on the little fella.

And such places, I say, such places he has to lay those eggs. Under beds, cribs, davenport, sofas, on top of mantles, tables, fence posts. And all over the White House lawn.

People aren't satisfied with plain old eggs either. They have to be colored in the brightest hues

and tones. They demand comic strip characters and names and designs on the eggs. It would be too much to expect that all eggs could be the same size. No, never. They have to range from jelly bean size to the regulation hen egg size.

What a constitution! What perseverance! What a rabbit! Something should be done to honor this rodent. I think we should have a National Easter Bunny week. Right after the Easter weekend. This would give the "fuzzy tail" a chance to let ovaries rest. Even hens go out of production once in a while, why not the rabbit?

Oh well, let's all go home and set out the little green excelsior nests and wait for rabbit-rabbit to squat and—lay his eggs.

Mortenson Heads KKG

Ruth Mortenson, AAS junior from Barnesville, Minn., was elected president of Kappa Kappa Gamma Sorority late last quarter. The election story was run, but no picture was available at that time.

Miss Mortenson succeeds Monica Savageau of Fargo as KKG prexy.

SUAB Organization Lists Its Duties, Activities, Purpose

By Kerry Murphy

To provide social and recreational activities for students through an organized program. This is the purpose of the Student Union Activities Board.

In carrying out its stated purpose, SUAB, to name a few, organizes and sponsors such things as dances, card tournaments, bowling tournaments, coffee hours, photographic and handicraft displays, movies, a chess club, and a billiards league.

SUAB also organizes a Student Union Week which is held in the fall to acquaint freshman students with the facilities of the Union building.

Various committees under the jurisdiction of the board are: dance and decoration; game and recreation; house and hospitality; creative arts; personnel and finance; and publicity. Each of these committees selects its own chairman and this chairman in turn serves on the SUAB. Other members of the board are student representatives of the Memorial Union Board.

Esther Tarbell, Memorial Union Program Coordinator, acts as advisor and coordinator for the board.

Through its activities, SUAB carries out its purpose of providing recreational facilities for the college student. The general student can be thankful that there are certain people on this campus willing to volunteer to carry out these functions. The members of SUAB certainly do not gain any material benefits for their efforts.

FACTS ABOUT DIAMONDS!

A true appraisal considers four factors: color, cut, clarity, (degree of perfection) and carat-weight. If you hear of a terrific "bargain" in a large or perfect stone, beware! Any reputable jeweler knows exactly what his merchandise is worth.

We do not offer bargain basement prices on our Martinson's diamond rings. We do know that when all four factors are considered, we have the finest values in town. Come in and see why.

MARTINSON'S JEWELRY

Open Friday Eve Til 9:00

Pancho Gonzales,

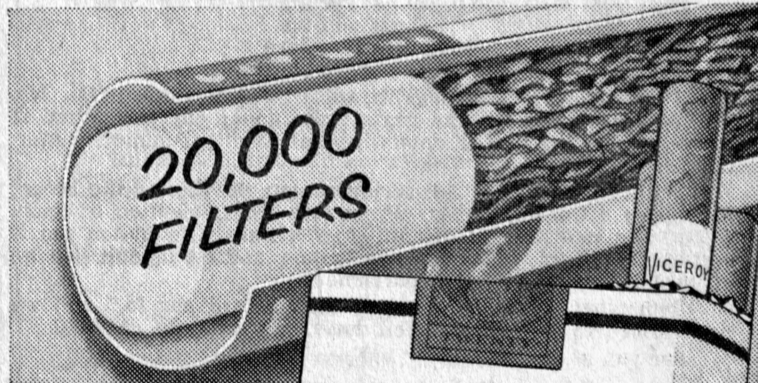

TENNIS CHAMPION, SAYS:

"VICEROY HAS THE SMOOTHEST TASTE OF ALL!"

SMOOTH! From the finest tobacco grown, Viceroy selects only the Smooth Flavor Leaf . . . Deep-Cured golden brown for extra smoothness!

SUPER SMOOTH! Only Viceroy smooths each puff through 20,000 filters made from pure cellulose—soft, snow-white, natural!

PANCHO GONZALES' ADVICE:

"SMOKE SMOOTHER VICEROY!"

Eastern School Adopts Staff Education Plan

St. John's University recently inaugurated the first of a series of programs designed to acquaint the teaching staffs of all schools of the University with the development, techniques, and accomplishments—both for the student body and the community at large—of each of the several schools of the institution.

The Very Rev. John A. Flynn, C.M., president, said the program will be presented through the administrative offices of each of the several colleges that comprise the University.

In announcing the innovation, Father Flynn said that in a large institution, embracing many schools, teachers in a single unit have but a vague general idea of what is accomplished, and through what methods, in sister-schools of the same institution.

The faculty meetings at which the new, specific programs are to be presented, therefore, will serve to broaden the scope of such knowledge for all teachers in all the schools of St. John's so that every member of every faculty will be sure of the aims, accomplishments, and techniques employed in every other school of the University.

Fargo Forum staff photographers take as many as 15,000 local news pictures annually.

Dewey and Larry Sez . . .

Spring has sprung
Grass will riz
But not here where
The sharp clothes is.

That's right, loyal collegians, we here at The Straus Co., No. 70 Broadway don't let any grass grow under our feet when it comes to stocking Kool Kampus Klothes, spring, summer, winter, or fall.

With the advent of the spring season and Easter the accent is now on dress up clothes. We have a large selection of Sport Coats, Slax, and Suits to fit all price ranges. Graduation too is approaching, men, why not come in now and let us suit you up in pure style to accept that parchment.

Remember, "Dress right, you can't afford not to," and we can't afford to stay open if you don't.

See you at

KKG's Perform In "Our Gal Lulu"

Karen Edinger, Fargo, has a happy "hello" for everyone because she's "Lulu" in the Kappa Kappa Gamma act called "OUR GAL LULU". The KKG chorus is in the background.

Johnson To Preside Kenneth Thompson Named To Head Agronomy Club

Roberta Johnson, junior in home economics, was recently elected president of Phi Upsilon Omicron, national honorary home economics fraternity.

Roberta is also a member of Tryota, and she is affiliated with the Alpha Gamma Delta sorority.

Other officers elected were Joann Johnson, vice president; Doris Kirk, treasurer; Janice Hansen, recording secretary, Nancy Fredrick, corresponding secretary; Ruth Folstrom, editor; and Virginia Anderson, chaplain.

Kenneth Thompson was named president of the SC Agronomy Club at the group's elections last Thursday night. Other officers include: Jerome Onsager, vice president; Marvin Wright, treasurer; Gerald O'Keefe, secretary; and Leslie Breitbach, reporter. The members discussed the field trip they plan to take to the Bemarck area sometime this spring and possible tours were planned.

High Percentage Of College Students Must Work To Finance Their Education

(ACP)—About three-fourths of the college men in the United States find they have to work, in varying amounts, in order to finish college. With the coeds, about half find themselves in a similar situation. Many of the students are able to find work on campus, usually part-time in cafeterias, offices, etc. Students working off campus have a very wide variety of jobs, from tending bar to doing fashion modeling.

Associated Collegiate Press was able to get some information on working habits of collegians by asking the following question of a representative national cross-section of college students:

Do you support yourself entirely, partly, or not at all, by working while you attend college?

The results:

	Men	Women	Total
Entirely	18%	8%	14%
Partly	56%	40%	50%
Not at all	26%	52%	36%

Some students are able to escape work entirely or partially by depending upon the GI Bill or scholarships. "God bless the GI Bill," is the way a senior at Oswego State Teachers College (Oswego, N. Y.), puts it, and a junior attending the Newark College of Engineering (Newark, N. J.) says that "with the aid of my good and loyal wife and the U. S. government I only have to work part-time."

Most students working part-time or not at all cite parents as the primary means of support. Students who are able to live at home while attending college have other added advantages, or as a Long Beach City College (Long Beach, Calif.) sophomore says: "The GI Bill helps a lot, but living at home is what really helps."

Some students are able to escape work during the school term by working during the summer months. A sophomore coed attending the College of St. Catherine (St. Paul, Minn.) gives this example: "By working summers I'm able to make enough money to help my parents out considerably."

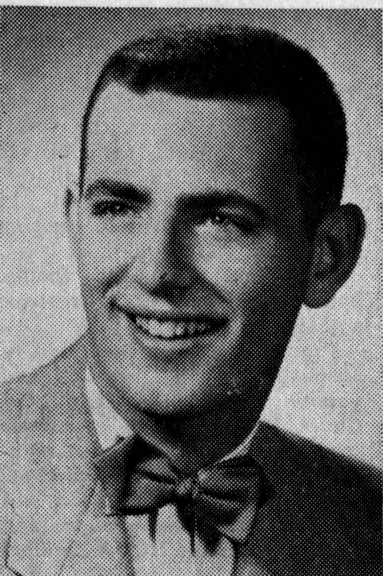

For some students, of course, there is no alternative but to work, or as a Rochester Institute of Technology (Rochester, N. Y.) senior puts it: "You have to work to eat." Others work part-time to fill less pressing needs. For example, a Bernard Baruch School of Business (City College of New York) sophomore states: "I work part-time to get spending and date money."

Work is seen by many students as serving a function other than merely making money. "It's good experience to work, it makes a person appreciate his education more," is the way a sophomore coed at the College of St. Catherine looks

at it, and a freshman coed attending Mississippi College (Clinton) feels that "a student who is not physically handicapped and is of age to attend college should begin to support himself."

A few students think that outside work detracts from studying and that all their free time should be spent in studies, or as one student states: "There will be plenty of time for work when we get out of school." And a sophomore coed at Villanova University (Villanova, Pa.) offers this explanation: "So far our course work has not allowed us sufficient free time to keep a part-time job."

Newman Club Chooses Harmon As Prexy

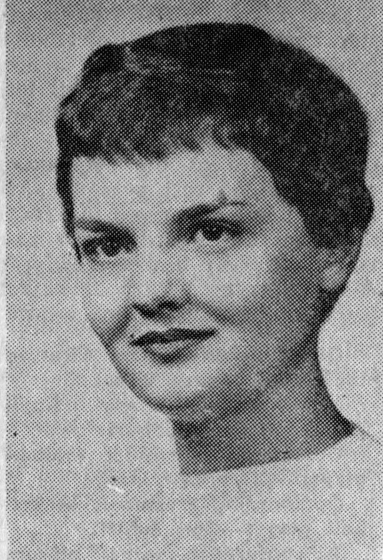

Jim Harmon, Junior in IE&M, has been elected president of the Newman Club for the coming year. Jim has served as vice president for the Club for the past year.

Other officers include Ray Link, vice president; Elaine Willy, secretary; and Ray Zink, treasurer.

At the April 7 meeting, it was announced that anyone interested in attending the Newman Club province convention at Mankato, Minn. on April 26, 27 and 28 should get in touch with Jim Harmon.

Gloria Lloyd To Represent State In Cover Contest

Gloria Lloyd, SC Homecoming Queen, will represent NDSC in the third annual Campus Cover Girl Contest sponsored by the Minneapolis Sunday Tribune.

Gloria's picture will appear in the April 21 edition of the Tribune's Picture magazine.

An official ballot will be published along with the photos of queen candidates from 30 upper Midwest colleges. The readers will be asked to vote on their choice for the title of Campus Cover Girl.

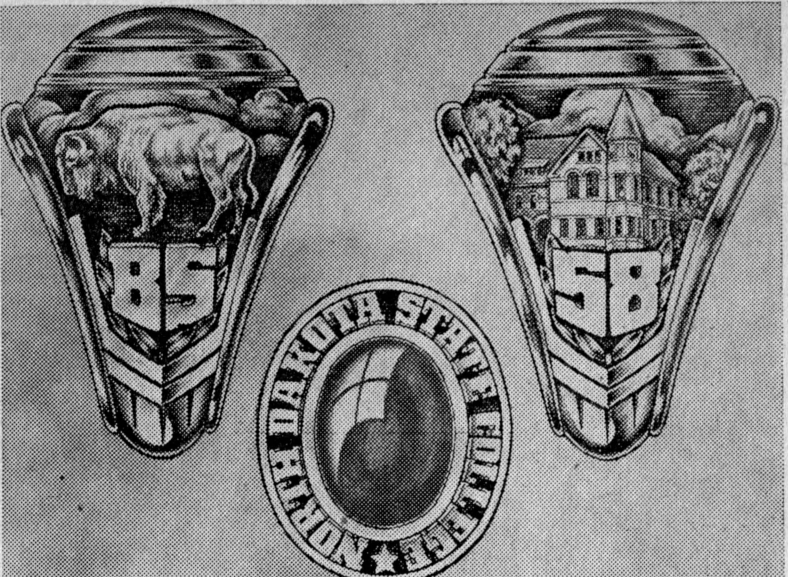

Ag Econ Club Elects Cariveau

Howard Cariveau, a junior in agriculture, has been elected president of the Agricultural Economics Club, succeeding Al Keating. Other new officers include: Fred Flanders, a junior, vice-president; Roland Olson, a junior, secretary-treasurer; and Donald E. Anderson, adviser.

Plans for an exchange meeting with students from South Dakota State college at Brookings were discussed. SDS students will attend the NDSC Agricultural Economics Club meeting May 2.

Speaker for the evening was Russell B. Widdfield, program planning supervisor. His topic "Wheat, Bread and Man" was accompanied by slides.

Ring Day Scheduled Again

Another Ring Day has been scheduled for next Tuesday, April 23. The first ring day was held a few weeks ago and was quite successful.

All veteran students are reminded that the 23rd comes only three days after the 20th, and all vets can figure out the meaning of that reminder.

Hoffman To Guide Tau Beta Pi Frat For Coming Year

Anthony Hoffman was elected president of Tau Beta Pi, national

honorary engineering fraternity, at the group's regular meeting last Thursday evening.

Other officers include: George Struchynski, vice pres.; Kenneth Hoefs, recording secretary; I. K. Peterson, corresponding secretary; Ole Elton, treasurer; Louis Coley, cataloger; and David Duin, engineering council representative.

National Alpha Zeta Officer To Meet Here

Melvin Buster, National General Secretary of Alpha Zeta from Washington, D. C., will be a guest of the Dacotah Chapter on Monday, April 22.

Mr. Buster will meet with the new and past officers of the local chapter to discuss current activities and future plans.

While on campus Mr. Buster will also meet with the President of the college, the Dean of Students, the Dean of the School of Agriculture, and with various department heads in the School of Agriculture.

A luncheon in his honor is planned at 12:00 noon in the Memorial Student Union. All active members and alumni are urged to attend and get acquainted.

EASTER IS A BEAUTIFUL OCCASION.

REMEMBER THIS DAY WITH AN

APPROPRIATE CARD. WE HAVE THEM!

Flynn Receives Lowe Award

Ken Flynn

Flynn, Gebhart Head List Of Honored Athletes; Schiff, Vinge Head Frosh

By Clarence Anderson

Ken Flynn, NDSC basketball star, headed a long list of athletes honored at the second annual NDSC athletic banquet April 10th in the Memorial Student Union. Flynn received the Bob Lowe Memorial award as the outstanding athlete of the past year. In addition to this, he received the Team-maker's Club award as the most valuable varsity basketball player, All-conference award in basketball and the Rahjah Club award.

Other athletes who received individual awards were:

Most valuable varsity football player—Roger Gebhart.

Outstanding freshman football player—Clarence Vinje.

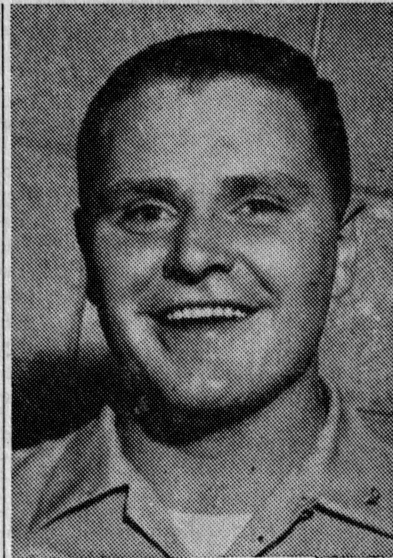

Outstanding freshman basketball player—Ron Schiff.

All-conference football players—Roger Gebhart, Dick Tschider, John Campagna.

Toastmaster John "Tip" Miller, student body president, and the NDSC coaching staff introduced the members of the various athletic teams which has represented this school in the past year.

Speakers for the evening were NDSC President Fred S. Hultz and head football coach, Bob Danielson. President Hultz praised the accomplishments of the teams and expressed confidence in future athletic competition. Danielson expressed his pleasure in becoming a member of the coaching staff and pledged his utmost toward NDSC football success.

Miller started off the banquet by introducing Les Luymes, NDSC athletic director. Luymes

Roger Gebhart

in turn introduced the members of the coaching staff.

Luymes then presented the golf and tennis teams and the varsity football players of last fall. He highlighted the 1956 football campaign. Luymes expressed his thanks to the assistant coaches and praised the team spirit.

Don Chelf, assistant football coach, introduced the freshman football players.

Presentation of the varsity baseball, freshman baseball and varsity basketball players by Chuck Benton, head basketball coach, followed. Benton highlighted last spring's baseball action, which saw the Bison win the Steve Gorman League and participate in the NCAA regional playoff.

Cliff Hendrickson, freshman basketball coach, introduced this year's freshman basketball team and last year's letter-winners in track.

Intramural president, George Schwartz, presented trophies to the first and second place winners in each intramural sport. Schwartz also briefly summarized the intramural program.

Kaiser Announces Golf And Tennis Spring Schedules

Erv Kaiser, golf and tennis coach, announced the schedules for this spring's meets in the two sports. Local meets may be added later on.

Golf

- April 24 at NDU.
- April 29 Concordia at Edgewood
- May 2 NDSC Invitational.
- May 7 MSTC at Moorhead Country Club.
- May 10 State Meet at NDU.
- May 11 at Bemidji.
- May 17 Conference meet at Sioux Falls.
- May 20 Tainter series at Country Club.

The Swanston-Kosteleych trophy is awarded to the winner of the Tainter series each year. The Bison have won this trophy for the past two years. If they win again this year the trophy is permanently our. The meet is a three-school affair with NDSC, Concordia and MSTC competing in it.

Tennis

- April 23 at NDU.
- May 2 at Fargo.
- May 11 Grand Forks here.
- May 17 Conference at Sioux Falls.
- May 23 Bemidji.

Track Season Begins With Dual Meet At NDU Tuesday

The following schedule for the 1957 NDSC track squad has been drawn up by the athletic department.

- April 23—Dual meet at Grand Forks with NDU.
- April 27—Jamestown Relays at Jamestown.
- May 3—Bison Invitational for high schools.
- May 4—Bison Invitational for colleges.
- May 11—State Collegiate meet at the University.
- May 17—Conference meet at Vermillion, S. D.

NDSC track mentor, Erv Kaiser reports he is still looking for prospective track men.

Odds 'n' Ends

By MAC

Spring football is under way once again for the NDSC Bison, this time under the direction of a completely new coaching staff in the personages of Bob Danielsen and Don Johnson.

On opening day 38 men reported for practice. Of these 38 were several proven players back for another year of tearing up turf on the gridiron. It seems a pretty sure bet, barring accidents, that when a man reports for spring practice he desires to play the game badly enough to report again next fall.

Larry Lubenow, sports editor of the Dacotah Student, has been

Ass't. Grid Coach Signs With Ottawa Pro Football Team

Don Chelf, assistant football coach, announced he has accepted an offer to play pro football for the Ottawa Rough Riders. Chelf will remain at NDSC until after the school year ends. He is scheduled to report to the Rough Riders July 10th.

Chelf lettered in football at the University of Iowa in 1951-52-53 and was named to the All-Big Ten team twice. He participated in the 1953 East-West game and also the 1954 Senior Bowl game. After college, he was drafted by the Baltimore Colts of the National Football League.

At Ottawa, Chelf will play either guard or tackle.

Ottawa is in the Big Four Loop in Canada, which is composed of the four pro teams of Eastern Canada. After the regular season, the top three teams of the loop stage a playoff. The winner of this playoff then meets the western division playoff winners for the Canadian pro football championship.

According to Chelf, the Rough Riders are scheduled to play four pre-season games and 14 regular season contests.

named co-editor of the paper.

Jim Truelson, SDU basketball center, was named **Honorary Captain of the 1956-57 squad**. Truelson also was named the **Most Valuable Player** by popular vote of the SDU student body.

Augustana Athletic Director Bob Burns announced nine varsity basketball letter winners of the 1956-57 season. Paul Heine of Minneapolis was elected honorary captain by the squad.

Coach Ben Newcomb has cut his Augustana College baseball squad to 17 members. The Augies open the season against Westmar College at Le Mars, Ia., April 27. The game marks the return of baseball to the Augie campus after a five-year absence.

Newcomb feels that despite the lack of a heavy hitter, defensively the Vikings appear to be strong.

Thirty four baseball candidates have been working out at NDU. Coach Pinky Kraft points to first base and a weak hitting outfield as the immediate problems facing the squad. The Sioux open against Nebraska Wesleyan April 27. They meet NDSC here May 18.

Cliff (Bony) Rothrock, former NDSC Frosh coach now assisting at Concordia, is one of six men named as top prospects to fill the job of head football coach at NDU.

Fifteen Teams Enter I-M Softball Play

Intramural softball pairings have been drawn up for this spring's competition. The teams have been arranged in two brackets.

Bracket No. 1—TKE, Sigma Chi, Farm House, SPD, Coop House, Kappa Psi, YMCA, AGR 1.

Bracket No. 2—ASCE, SAE, AGR 2, Theta Chi, LSA, ATO, Student Union.

AFCW Sends Five To Nebraska Meet

The Athletic Federation of College Women is currently holding a conference at the University of Nebraska, Lincoln, Nebraska.

Five NDSC students are representing NDSC. Mary Ellen Fehr and Vel Rae Neeb are the official delegates and other delegates are Rose Birdsall, Karen Cornell, and Claire Kinstler.

Tennis—& More Tennis

The deadline for the roster and fees for intramural tennis has been set for 4:15 April 22, according to George Schwartz, I-M Board president. The names of all players and their organizations must be turned in at this meeting of the Board.

And if you would like to play in the Fargo-Moorhead Tennis League this summer, pick up the phone, dial 5-4026, and ask for Ed Treat. The league is not restricted to men, so you girls can start calling too. All league matches are played at night on the Island Park courts.

AUSA Company Initiated

Dr. O. W. Johnson, Civilian Aide to the Secretary of the Army from the state of North Dakota, presents Barrett Johnson, Captain of Dakota Company of the Association of the United States Army at the banquet which was held in the Student Union ballroom last Thursday evening.

members of the new organization and urged them to keep the goals and purposes of the AUSA in mind.

Dakota Company of AUSA will replace Scabbard and Blade on the NDSC campus as the organization for advanced Army ROTC cadets. This was the official inauguration for the organization.

Dr. Johnson, guest speaker for the evening, congratulated the

Choose Westinghouse for a rewarding future

You are making a tough decision . . .

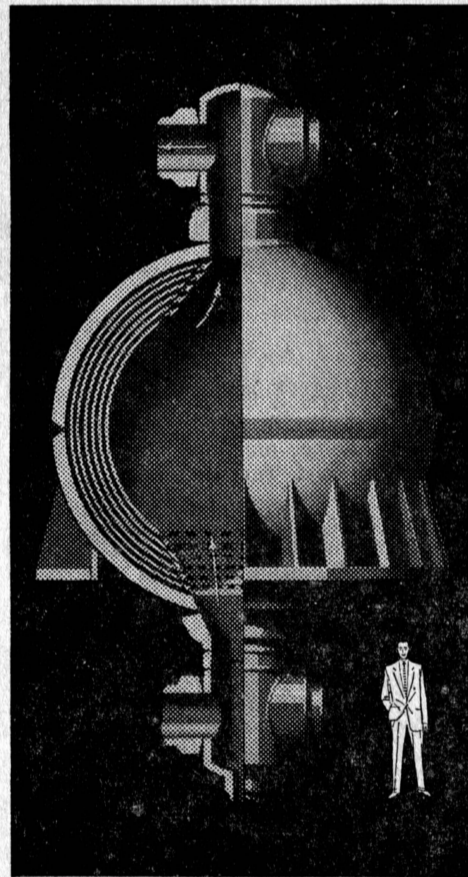

"where shall I start my career . . . which company offers me the best future?"

Your whole career can be affected by your decision, so choose carefully.

We sincerely believe you will make a wise decision in choosing Westinghouse, a company where big and exciting things are happening.

Here you can work with men who are outstanding leaders in fields such as:

- ATOMIC POWER
 - AUTOMATION
 - JET-AGE METALS
 - LARGE POWER EQUIPMENT
 - RADAR
 - SEMICONDUCTORS
 - ELECTRONICS
 - CHEMISTRY
- . . . and dozens of others.

Possible design for homogeneous reactor vessel

You will have an opportunity to work with a company that is having spectacular growth in many fields . . . giving you room to grow.

We help you apply your training to industry. You can pick a career in the industry of your choice . . . in the type of work you prefer, and in plants, sales offices and laboratories from the Atlantic to the Pacific. And, you can study for advanced degrees at Company expense. These are just a few of the many reasons why you should choose Westinghouse.

PHONE COLLECT . . . To get further information, phone collect to C. H. Ebert, at the Westinghouse Educational Center, Pittsburgh, EXpress 1-2800, extension 353, or write him at Westinghouse, East Pittsburgh, Pa.

Box Social Hilites Regular ISA Meet

Going—going—gone!

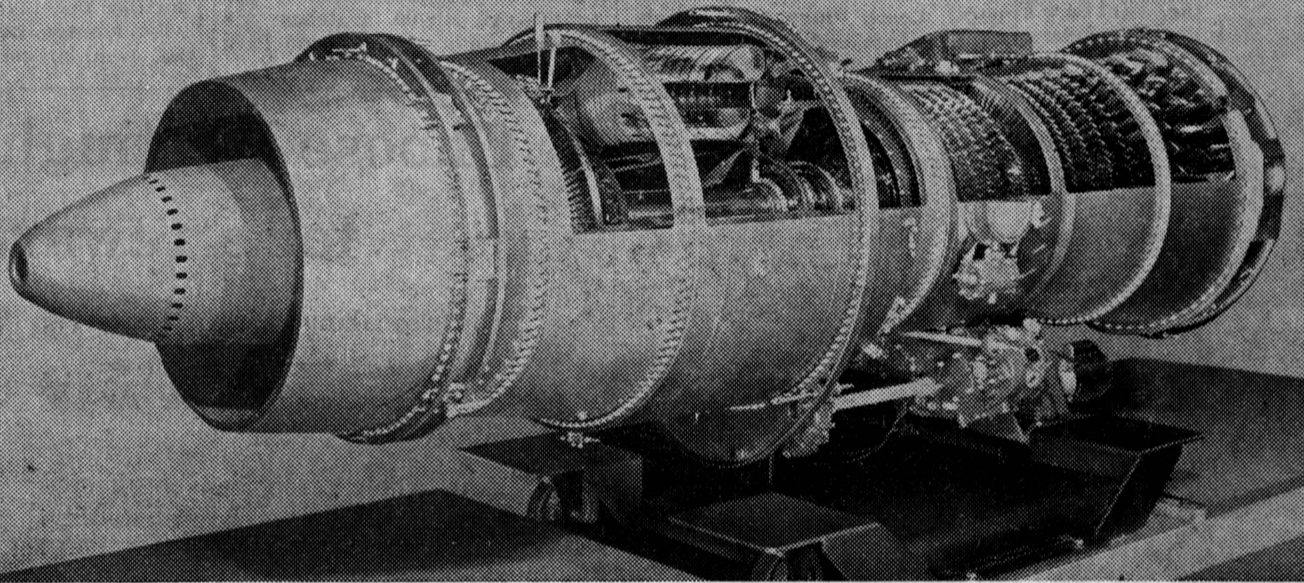

And that's just what happened to the lunches at the Independent Student Association's "welcome back" party last Monday night.

A box social was held in connection with the first regular business meeting of the new quarter. Dale White's efforts as auctioneer brought in a total of \$16.85.

Recreation for the evening consisted of games and dancing.

THE SPECTRUM
 NORTH DAKOTA STATE COLLEGE
 FARGO, NORTH DAKOTA

What's doing ... at Pratt & Whitney Aircraft

Cutaway model of P & W A J-57 engine. This twin-spool, axial-flow gas turbine powers the country's newest fighters and bombers and is slated for Douglas DC-8 and Boeing 707 jet airliners. Engine was the first to be rated at more than 10,000 pounds thrust.

A LOOK at the record

From its founding in 1925, Pratt & Whitney Aircraft has been essentially an engineering company. Its primary objective has been the design and development of new aircraft engines of superior performance and dependability. The guiding policy has always been, simply, that technical excellence must be the paramount objective, attained through constant effort to improve upon the best.

As early as 1928 Pratt & Whitney Aircraft's Wasp engines powered Navy seaplanes which brought back world records in altitude, range and speed from competitions in Switzerland, Germany and France. The following year, Wasp-powered Army Air Corps airplanes were flying combat formations at 30,000 feet.

All through the 1930s the power, range and fuel economy of the Pratt & Whitney Aircraft Wasp and Hornet engines were developed, and the engines seasoned

with experience. Wiley Post, the Lindberghs, Martin and Osa Johnson, Amelia Earhart, Admiral Byrd and Roscoe Turner were among the host of famous pilots who made aviation history with Wasp power.

During World War II, 50 percent of the aircraft powerplants for the American air arms were engineered by Pratt & Whitney Aircraft. Three of the five key fighter airplanes, a host of medium and heavy bombers, and 98 percent of all the military transports used Pratt & Whitney Aircraft engines.

The postwar development of the J-57 gained the company a position of engineering leadership in the jet field. It powered the first jet aircraft to fly faster than sound in level flight, and is now used in six supersonic fighters, three bombers and the first two American commercial jet transports.

World's foremost
 designer and builder
 of aircraft engines

Broadly diversified engineering careers at Pratt & Whitney Aircraft offer truly fine opportunity for young men equipped to deal with challenging assignments. You will find many answers to important questions about careers at P & W A in our informative booklet, *Jet Engineering*. For a copy, write to Mr. F. W. Powers, Engineering Department.
