## Theta Chi - Theta's Cop Production Trophy; Kappa Psi Wins Curtain Act

"The Beat," a 15 minute production act staged by Theta Chi fraternity and Kappa Alpha Theta sorority captured first place in that division of the 1957 edition of Bison Brevities.

Taking first place in the curtain act division was the Kappa Psi graveyard spectacle, "Dry Bones." Kappa Delta sorority was second with "Ring Three." Sigma Phi Delta fraternity's creation of "The Perfect Women"

netted second place for them.

Karen Edinger was named outstanding female performer for her appearances in the Kappa Kappa Gamma curtain act, "Our Gal Lulu" and the KKG-Alpha Tau Omega production, "Not Love At All."

Art Cervinka received recognition as the outstanding male performer for his vocal parts in the Theta Chi curtain act "De Glory Road" and the Theta Chi-Kappa Alpha Theta production, "The Beat."

Winners in the ticket sales competition were Theta Chi fraternity and Kappa Kappa Gamma sorority.

The announcement of the winners and presentation of awards followed the final curtain of last Saturday night's show.

## Teke's To Host Frat Province Conference

The NDSC chapter of Tau Kappa Epsilon will host the fraternity's province conference tomorrow as delegates from chapters at the University of North Dakota and the University of Minnesota converge on the local chapter house.

Discussion of chapter problems, activities and achievements will provide the center of interest of the meetings, and a mass discussion of the fraternity's affairs is scheduled at the final meeting.

Also attending the conclave will be Alpha Kappa Delta fraternity from Minot State Teachers College. This local fraternity is scheduled to be installed as a Teke chapter on May 18.

A banquet and dance at the Gardner Hotel Saturday evening will conclude the activities.

## Callenbach Named Associate Ag Dean

Dr. John Callenbach, state entomologist and head of the NDSC entomology department assumed the duties of associate dean of the School of Agriculture Wednesday, according to Pres. Fred S. Hultz.

Dr. Callenbach is a graduate of the University of Wisconsin, receiving his B.S. degree in 1930, and his Masters and Ph.D. from the same institution in 1931 and 1939 respectively.

He became a member of the SC entomology staff in 1953.

His duties as associate dean also include that of associate director of the experiment station.

## Vehicle Safety Check Program

Monday morning will mark the opening of the 1957 Vehicle Safety Check Program here in Fargo, according to information released by the Fargo Safety Council.

Charles Wood, general chairman of the program, states that there will be six street lanes in three locations and 54 service stations and garages participating in the drive.

Wood emphasized that there is no charge for the service, and that drivers are under no obligation to have their cars safety checked. However, drivers are urged to make it a point to pass through one of the check points and have the free check up for their own safety and the safety of others.

The program is sponsored by the Fargo Safety Council and practically all concerns in the city are being asked to lend aid, either in the form of serving on a committee, furnishing man power, or providing funds to finance the program.

Plans are for the street lanes to be open for one week but the service stations and garages will remain open several weeks longer.

Roberta Peterson and Sharon Shepard are nothing but smiles as they accept the trophies for their winning production act in the 1957 edition of Bison Brevities. The act, "The Beat," was presented by Kappa Alpha Theta sorority and Theta Chi fraternity. Maynard Helgaas (right), director of the Blue Key sponsored Brevities, presented the awards after last Saturday night's show.

## YMCA Conference Features Newly Elected Officers; Distinguished Guests

A conference of North Dakota College "Y" members was held at the NDSC College "Y" last Saturday. Jamestown College, Valley City Teachers College and NDSC

were represented at the conference.

Distinguished guests included Miss Eileen Lindblad, the Geneva Region Field Representative and Vern Hathaway, NDSC alumnus, now employed in Minneapolis by the YMCA.

Newly elected officers from North Dakota are: Co-chairmen Meredith Moordale and Clint Sparks, NDSC students; vice-chairman of YMCA Leonard Dahl of Jamestown College, and Joan Watt, YWCA vice-chairman.

A banquet was held in the Student Union Ballroom honoring the newly elected officers, and the conference adjourned after a party at the "Y".

## Panhellenic Council To Hold Recognition Service Monday Eve

The Panhellenic Council Recognition Service will be held Monday evening, May 6 at 6:45 in the Student Union Ballroom.

The purpose of this annual service is to recognize the girl with the highest scholastic standing in each sorority and to encourage each member to strive for higher scholarship.

The scholarship placque will be awarded to the organization with the highest average for the last three quarters.

Mrs. Neil Moen shall speak on fraternity loyalty.

## Dance And Picnic To Start And End Greek Week Festivities

The Third Annual Greek Week will be held on the North Dakota State College campus the week of May 20-25, according to Monica Savageau, president of Panhellenic Council.

Sponsored by Panhellenic Council and Interfraternity Council, Greek Week will officially open with a Tunic Terrace Dance Monday evening, May 20.

Tuesday will feature "clean-up" day, with Spring Sing set for Wednesday. Thursday will be exchange day, with different representatives from each Greek organization on campus visiting at other organizations.

A picnic Friday evening at Lindenwood Park will climax the week's activities.

## Convo Speaker To Talk On India Life

What's it like to live in a back country village in India? Can Hindus and Mohammedans mix? These and other questions should get answers when Philip W. Geary talks to State College students Monday

at convocation on "Life Among Primitives."

Geary knows his subject from firsthand experience. He lived five years in a village in Bengal, India, which had three distinct cultures: Hindu, Mohammedan, and primitive Santal.

He learned the Santali language, and eventually supervised government schools set up for these ancient peoples.

To widen his understanding, he trekked 150 miles on foot on the holy pilgrimage to the source of the Ganges River in the Himalayan mountains, and another time took the foot trail over the high Zogi-La Pass into Little Tibet.

Strange places, ancient and primitive people, are real to Geary. In the summer of 1954 he set out to find a little known Indian tribe high in the San Marta Mountains in Columbia, South America. Finding it, he brought back the first tape recordings of their language and music ever to be obtained.

His work has earned him a place as Fellow of the Royal Geographic Society. In World War II he served as Army chaplain for 27 months, then added to his background a close study of the leper colony founded by Father Damien on the Island of Molokai.

To SC students he will tell of life in that village in India, its problems; its strangeness and familiarity; and its meaning today in America.

## Spring Formal At 'Y'

May Melody is the theme for the YWCA Spring Formal which will be held tomorrow night in the YMCA auditorium.

The program dance is semi-formal, and a local combo will furnish the music.

Tickets may be purchased from any YWCA member. They are \$1.25 per couple.

## Choir To Attend Opera Performance In Mpls.

The NDSC choir will attend the Metropolitan Opera performance of Il Trovatore in Minneapolis May 18.

Choir members make such a trip every other year. It is open to students who have been choir members during the last quarter.

Every year the Metropolitan presents a series of four operas in Northrup auditorium at the University of Minnesota.

Il Trovatore, an Italian opera in four acts, has been sung 200 times at the Metropolitan. Music is by Giuseppe Verdi.

The choir will travel by chartered bus.

## Blue Key Frat Cancels Senior Day

High school seniors won't be seen on campus this year due to the cancellation of senior day by Blue Key fraternity at their meeting of April 4.

Senior day, a Blue Key sponsored tour of NDSC by high school seniors, was cancelled due to the lack of interest shown by high school faculty members.

As a substitute for senior day, Blue Key in cooperation with the NDSC faculty has visited various high school and shown slides of college activities in an effort to persuade prospective students to attend NDSC.

## Staff Spots Open At Campus Radio

Don Grimm, commissioner of radio, has announced that applications for positions on the KDSC staff for the coming year will be accepted until next Wednesday noon.

Applications for station manager and program director will be accepted at the radio station in the Student Union any time until the deadline.

Students interested in the technical director position may also make application. This post will be filled by the station manager after he is named.

Applications should be addressed to Don Grimm, Campus Radio.

# Scouting Around - - -

By Neal Bjornson

Brevities has come and gone for another year, and the campus can once again settle back to the normal pace of classes, picnics, term parties, etc., etc., etc.

Congratulations are in order to a number of groups after Saturday night's show. A pat on the back to the Theta Chi's and the Theta's for their winning act. And to the Kappa Psi's and the KD's for nailing down first and second in their division. A special congratulations should go to the SPD's. It's the first time in a number of years that a single production act has been that close to the top.

Karen Edinger and Art Cervinka deserve a good hand for the work they did in their acts. After the Saturday night show there was little doubt in anyone's mind as to whom the outstanding performer awards should go to.

Of course, thanks and congratulations should go to all members of the acts that didn't win. These people worked just as hard, and it must be realized that we can't all be winners.

Last, but certainly not least, a much deserved well done to the production staff of Bison Brevities. The 1957 show was a success, I'm sure.

★ ★ ★

While we're on the subject of variety shows, it has been called to my attention that the School in the Northland will stage their annual extravaganza, Flickertail Follies, May 13-15. Five combined and four single acts are slated for presentation at that time. Trygve Lerwick, manager of the 1957 Follies, promises this year's show will be a good one.

★ ★ ★

The 1957 Bison annual has been completed. Editor Reg Gorder and his staff wound up the final pages and met the last deadline last weekend. The book will be available to students sometime early in June.

★ ★ ★

Plans are now being made for the annual Greek Week. The big week for the local Athenians will be May 20-24. Activities will include the annual Spring Sing, campus clean up, exchanges and a picnic.

★ ★ ★

I would like to call your attention to Campus Radio's bit on page five. Seems as how the SC air wave crowd is progressing pretty well despite their cramped facilities and limited staff. This should give you a chance to become better acquainted with them.

★ ★ ★

That about caps it for this week except to say that we still have weekly staff meetings at 4:00 p.m. Thursday afternoons. Anyone interested in working on The Spectrum or having any complaints or suggestions is welcome. See you then.

## College Professors Tour Departments In Exchange Sessions Of State Colleges

The North Dakota Council of College Faculties has set up a program to show fellow professors "how the other half lives". Members plan to give every faculty member opportunities to view every department on campus, says NDCCF president, Professor R. L. Witz.

the building's eleven laboratories. Instructors were available at the labs to answer any questions. "It is surprising," Witz added, "how many people said that it was their first visit to the building, let alone to all the departments."

The group met in South Engineering for its April meeting. A tour of the building was arranged by Professor E. G. Anderson of the electrical engineering department.

The professors visited the Chemistry and Pharmacy buildings during their last two meetings and the Home Economics building will be the scene of the next meeting on May 9.

A short meeting was held to introduce the members of the architecture, electrical engineering, mechanical engineering, and physics departments who work in South Engineering.

The NDCCF is a state organization with a chapter at each of the nine state-supported institutions. "Its purpose is to promote the interests of higher education and the welfare of the faculty," said Witz.

The group was then divided into three sections. Each was guided on a separate tour of

The NDSC chapter has 184 members, and as Witz pointed out, this is rather interesting because that is more than the business office says we have on our staff.

## Action Started On Publicity Program

By Neal Bjornson

Campus elections have come and gone, and now is the time for the local politicians to begin to keep their campaign promises.

As many of you will remember a plank in many senatorial platforms and most of the presidential statements was that of improved publicity for the college.

To the surprise of those students who believe campaign promises are just so much expended hot air, action has been started which should soon make this particular promise a reality.

Some students will want to know why we need more publicity about the college, so in the following paragraphs I will try to outline this need.

No one will go to a school they have never heard of. This is common sense reasoning, but even if people have heard of NDSC, have they heard everything there is to hear about it. We have some facilities on this campus that few people realize we have. Let's make these known to the people of

North Dakota and prospective students of the college.

If the enrollment at NDSC is to continue to grow in size, and it most surely will, we must attempt to make that growth one of quality as well as quantity.

In order to attract quality students we must let them know what we have to offer in the way of course work, athletics, and other extra curriculums.

Of course, there is the ever present argument that we need more money for more buildings, instructors, and classroom equipment. We do need these, but how are we to get the money for them if we don't make ourselves heard.

If the taxpayers of the state of North Dakota were constantly confronted with the happenings of this institution, made aware of the need for the additional appropriations, they could use their influence with legislators to help gain the needed funds.

For people who cannot see what

## Student Senate Views NSA Policies

A discussion of NSA policies, appointment of student commission members, and a discussion of possible aid to the debate squads highlighted last Tuesday's meeting of the Student Senate.

In a rather spirited discussion of the policies advocated by the National Student Association, Jim Feeney read several articles from recent NSA literature distributed by the organization's public relations service which revealed apparent discrepancies in the goals sought by NSA.

Several of the senators questioned the purpose and wondered about the possibility of there being any foundation to recent rumors about undesirable influences being present in NSA ranks.

It was decided that further discussion would be postponed until after the NSA Regional Conven-

tion which will be held in Minneapolis May 11 and 12. Margaret Platt, NSA commissioner, will head a delegation of seven SC students attending the meetings.

Commission appointments for the coming year included: Commission of Campus Affairs: Bill Lantz, Karen Edinger, Bob Thompson and Beva Fegley; Commission of Finance: Judy Hammer and Fred Flanders; Board of Music and Public Programs: Sue Wheeler, Bob Thompson, and Pat Moore; Board of Radio: Mickey Jordan and Sue Wheeler;

Board of Publications: Jim Feeney, Jean Anderson and Judy Hammer; Student Union Commission: Jerry Schnell, Sue McCone, and Bucky Haas; NSA Commission: Karen Edinger and Jean Ann Nelson; Commission of Athletics:

Bucky Haas, Pat Webb, and Jim Feeney.

The Lincoln Debate Society appeared before the senate to ask the senate's aid in the form of financial backing to broaden their program by enabling them to travel to high schools for debates. They also proposed entrance into the Northwestern Debate Conference.

The debate society felt that this program would improve NDSC's relations with the high schools and attract new students. They stated this would amount to an extension of the work being done along these lines by Blue Key.

The debaters proposed that the financial program be set up on a one year trial basis. If it proved satisfactory it would be put to a student vote before being made permanent.

... oh, you two go right ahead. I'll be along as soon as I finish this trig lesson.

And this list of girls' curfew hours for week nights at the University of Ontario. Freshmen — 1:30; Sophomores — 2:30; Juniors — 3:30. No hours are listed for seniors:

## Survey Of Foreign Language Courses Show Definite Advantage In Curricula

What affect does the study of a foreign language have on other grades in school?

Students who have had foreign languages get better grades on college entrance exams and also do better work in college.

The results of a number of studies, recently reported by the Modern Language Association, seem to recommend that a foreign language included in the curriculum is definitely beneficial.

Students whose grades were checked in the survey were not hand picked, but were a cross section of average students. In one of the studies they were grouped in three classes, one class of students who had no foreign language, another class of those who had had one year of it in high school, and finally a class which grouped students with two years of language study.

The studies, made in various colleges and schools, show that stu-

FACULTY ADVISOR — Vern Nies

In every case students in the last group got the best grades. The poorest work was done by students who had had no foreign language. It was also found that students with no language study or with only one year of it were those who most frequently dropped out of college.

In grade school, too, foreign language apparently counts. One study showed that school pupils taking a language did "markedly better" than those who were not taking one.

AND JUST one more: "So your boy's at college! What's he going to be when he gets through?" "Senile."

★ ★ ★  
ENOUGH of this and that for another week. Bye now—

## Vets May Sign For State Bonus In Union

The SC Vets' Club is providing facilities for the Korean Veterans on campus to register for the Korean Veteran's Bonus. The registration is being done at the registration booth in the Student Union. The booth will be open for the last time from 12:00 to 5:00 p.m. today.

## Slinde To Head Guidon Society

Guidon Society, auxiliary to Dakota Company of the Association of the United States Army, recently elected Caroline Slinde president for the 1957-58 year.

Other officers elected include: Rosemary Leupp, vice pres.; Shirley Mogen, secretary; Maxine Bauman, treasurer; Shirley Branstad, historian; and Eileen Seim, social chairman.

The organization has also announced the establishment of a grant which will be presented annually to the junior advanced Army ROTC cadet. The grant will be awarded on the basis of the cadet's academic and military scholarship and his demonstrated qualities of discipline, courtesy and character.

The award has been named the Guidon Grant and will be awarded at Commissioning exercises June 4.

## FOR SALE

One Wilson tennis racket with press. Also, one blue formal, like new. Call 5-7825.

## VIDEOT'S DELIGHT

The academic world has made its first tentative steps into television. A few lectures, a few seminars, but may I respectfully suggest that the academic world has not yet learned the full potential of television?

Why don't the colleges use television's vast capacity to dramatize, to amuse, to unshackle the imagination? Like, for example, this:

ANNOUNCER: Howdy, folks. Well, it's time again for that lovable, laughable pair, Emmett Twonkey Magruder, Ph.D., and Felicia May Crimscott, M.A., in that rollicking, roistering fun show, American History 101. . . . And here they are, the team that took the "hiss" out of "history"—Emmett Twonkey Magruder and Felicia May Crimscott!

"A funny thing happened to me on the way to my doctorate."

DR. MAGRUDER: Howdy, folks. A funny thing happened to me on the way to my doctorate. A mendicant approached me and said, "Excuse me, sir, will you give me 25 cents for a sandwich?" I replied, "Perhaps I will, my good man. Let me see the sandwich."

MISS CRIMSCOTT: Oh, how droll, Dr. Magruder! How piquant! How *je ne sais quoi!* . . . But enough of badinage. Let us get on with our rollicking, roistering fun show, American History 101.

DR. MAGRUDER: Today we will dramatize the taut and tingling story of John Smith and Pocahontas. I will play Captain Smith and Miss Crimscott will play Pocahontas.

ANNOUNCER: But first a message from our sponsor. . . . Folks, have you tried a Philip Morris lately? Have you treated yourself to that good natural tobacco—zestful yet mild, hearty yet gentle, rich yet dulcet? Hmmm? Have you? . . . If not, light a Philip Morris soon. Light either end. . . . And now to our grim and gripping story. Picture, if you will, a still summer night. An Indian maid stands by a moonlit brook. Suddenly she hears a footstep behind her. She turns. . .

MISS CRIMSCOTT: Oh! John Smith! You-um startle-um me-um!

DR. MAGRUDER: Hello, Pocahontas. What are you doing down by the brook?

MISS CRIMSCOTT: Just washing out a few scalps. But what-um you-um want-um?

DR. MAGRUDER: I came to see the Chief.

MISS CRIMSCOTT: You-um can't-um. Chief is leaving for Chicago.

DR. MAGRUDER: On what track?

ANNOUNCER: And speaking of tracks, stay on the right track with Philip Morris—the track that heads straight for smoking pleasure, for fun, for frolic, for sweet content. . . . And now back to those two cool cats, Emmett Twonkey Magruder and Felicia May Crimscott.

DR. MAGRUDER: Well, folks, that's all for today. See you next week, same time, same station.

MISS CRIMSCOTT: Stay tuned now for "William Cullen Bryant: Girl Intern."

ANNOUNCER: And remember, folks, each end of Philip Morris is ignitable. It's just good, rich, natural tobacco, any way you light it!

©Max Shulman, 1957

Any way you light it, it's great. Any way you like it—long size or regular—we've got it. Natural Philip Morris! Made by the people who bring you this column.

## Dewey and Larry Sez . . .

Dear Mom and Dad:

I thought I'd write you a letter to explain a little something before I sent you those mid-term grades you asked about—

Are you in the process of writing such a letter home to your parents? Are you looking for something good to include in that letter to lift their spirits a bit? If so, we here at the Straus Co., No. 70 Broadway, have something which can help you out.

Smart new Spring clothing, crisp and cool, is our solution! With a pert new shirt or a crack new slack from our selection here at The Straus Co. you can be nothing but SMART—s-o-o no sweating that letter home to the folks after a visit to see us, it can contain nothing but good news.

Remember for Kool Kampus Klothes that make you nothing but SMART it's

### Former State Student Reflects Early College Days In Contrast To Present

By Loretta Struble

Have you ever wondered what NDSC was like in its earlier days? Charles Struble, farmer from Marion, North Dakota, who graduated in 1921, cites many changes on the campus.

He stated that there were about 350 students at that time. Now there is an enrollment of about 2700. "Life on campus was very informal," he said, "Everyone knew everyone else and all of the students were well acquainted with

their teachers."

"Back in 1921 there were fewer buildings and teachers on campus", Mr. Struble said, "Dr. Putnam, for whom the music building is named, directed the Gold Star Band at that time. The Little Country Theatre was also in operation, entertaining the students, as it does now."

"There were three social fraternities and three sororities on campus. Alpha Zeta was the only professional fraternity," he said, "the rifle team and precision drill team attracted quite a bit of attention in the country, at that time."

"Every winter we had the Junior Prom and the Senior Swing Out," Mr. Struble said, "On Friday nights, from 4-6 p.m., we had informal gatherings at Festival Hall, known as Cadet Hops. We danced and got to know each other better."

"There was a lively amount of rivalry between the 'U' and SC at that time, too," Mr. Struble revealed. "The students were taken to the games at Grand Forks on special trains."

He said, "SC was a good school then and couldn't help improving through the years."

### Models Exhibited By Student Architects

NDSC student chapter of the American Institute of Architects (AIA) exhibited perspectives and scale models at the AIA centennial banquet at the Fargo Elks club last week. Keith Burkholder, junior in architecture, was in charge of the display.

Guest speaker for the evening was Bryant E. Hadley of Springfield, Ill. Mr. Hadley is regional director of the North Central States District of the AIA.

The AIA honored Ale Braseth for his 50 years of service as an architect by awarding him an honorary membership of the AIA.

### Health Center To Offer Polio Shots

Students who began the series of polio shots last November are reminded that they can receive the third and final shot Tuesday and Wednesday, May 14 and 15 at the Health Center.

Other students who wish to receive their first or second shots at this time should also be there.

The Health Center will be open from 6:00 p.m. to 7:00 p.m. these evenings for the shots.

### New Group Of Girls Reside At Alba Bales

A new group of girls moved into the Alba Bales Home Management House for spring quarter according to Miss Eleanor Vergin, associate professor of home economics.

They are Carole Mandigo, Wilma Husband, Charlotte Oslund, Terry Ann Frank, Shirley Spiker, Beverly Lind, and Judith Rothfusz.

The girls sponsor a community project while at the house. The project for this quarter was a social hour for all freshman held at the house May 1.

### Women Students In Arts And Sciences To Meet Tuesday

The second meeting of Women In Arts and Science is to be held Tuesday, May 7 at 4:00 in Mien-ecke Lounge in the Student Union.

The meeting will include comments by Dr. Hale Aarnes, Professor Glenn Hill, and Dr. Fred Walsh concerning opportunities for graduates in their respective fields. Specific examples will be cited and a question period will follow.

At the initial meeting last quarter Dean Seth Russell presented a short lecture on the origin, objectives, and policies of the School of Arts and Science.

All women students are urged to attend.

## Did You Know? By Corky

People do have imaginations. The weather balloon that was seen over Fargo Monday caused many visions of flying saucers and outer space objects to be conjured in the minds of local residents.

But it really isn't too hard to dream up a fantastic tale of inter-planetary travel. The dream may not even be fantastic. It could go something like this:

The early morning mist hung like a shroud over the cool earth. The silence snuggled against the drifting fog, and a wisp of wind swirled through

the early dawn light. Only a red glow in the east announced the rising sun.

A huge cigar-like object stood silent and strong with the silvery nose pointed towards the heavens. The weak morning light gave the whole scene a grotesque flavor.

A group of people shuffled through the mist towards the huge object. They entered a dark gap that was a door and a sharp metallic clang sealed them in, as the door closed. Then a peculiar hum penetrated the morning stillness.

The hum rose to high pitched whine, and suddenly the silence was shattered with a deafening roar. Slowly, ever so slowly, the huge space ship shuddered loose from its moorings and began a gradual ascent. The noise of rocket engines grew more intense and the whole area was lighted with an eerie glow as the huge ship accelerated towards the sky.

The space vessel picked up the rays of the rising sun and briefly reflected them in a dancing array. Then the ship was out of sight. A weary launching crew lowered their anxious eyes and with a sigh, trudged towards home.

The year is 2004. Another ship has just been launched to one of our neighboring planets. We have conquered the mysteries of space travel, and the Buck Rogers of yesterday, is now the ordinary space pilot of today.

There, you see what I mean? That balloon of Monday, might well be a space ship of tomorrow. It isn't at all hard to imagine such events. All ya gotta do is try.

## ATO's Hold Lead In Armament Race

"What will the ATO's think of next?" was the question of one NDSC coed when she heard about their latest house fixture. Their leisure time fun this week is a "cannon" they have constructed.

The Tau's seem to think this idea of Wayne Irick's quite a brainstorm. Wayne bought a pipe about 6 feet long, two inches in diameter and one-quarter inch thick. He then packed the lower end of the pipe with greasy rags. Just above the rags he drilled a hole which he says is the chamber.

The fellows then went down town and got the "makings" for gunpowder. When that was ready they packed it in the chamber, packed a rag in over it, put a golf ball in the barrel and lit the gunpowder. The golf ball shot up into the air and the Tau's never saw it again.

## Camera Club Offers Useful Hints And Tips To Ambitious Neo-Photographers

Would you like to be able to take exciting, glamorous pictures such as you see in Life, Look and Playboy?

You can get a lot of the basic training just by belonging to the NDSC Camera Club, according to Allen Sims, club president.

"Of course," said Sims, "if your photo ambitions only go to snapping pictures which make your girl and boy friends look like the people you know instead of refugees from a dim, dark unhappy dungeon, we have lots to offer, too."

Meetings are held every Tuesday at 4 p.m. in the College Y. A series of films, lectures and field trips are used to show members how to take good pictures. Elwin Hutchinson, director of counseling

## Liaison Officer To Make Inspection

Colonel William Mulligan, Chief Liaison officer, Headquarters, Air Force ROTC, will head the visiting inspection team which will conduct the annual inspection of the SC Air Force ROTC unit next Monday and Tuesday.

He will be assisted by Lt. Colonel Rober Bemesh and Major Howard Densford. They are from the staff members from Central Washington College of Education and Colorado State College respectively.

Following the inspection Tuesday the Arnold Air Society will hold a luncheon for the inspection team and Air Force ROTC staff officers in the Student Union.

## Barstad Heads SUAB For Coming Year

Donna Barstad was recently named to head the Student Union Activities Board for the coming year, according to Mrs. Tarbell, Union Activities Coordinator.

Barstad

Other officers include: Gordon Kepner, vice chairman; Nancy Swaine, secretary; Joan Cantwell, treasurer; Curt Stromstead, games and recreation chairman; and Simen Lahlum, house and hospitality committee chairman.

Milton Berg is the Student Union commissioner as appointed by Student Senate. Other senators on the Union Board include: Bucky Haas, Sue McCone, and Jerry Schnell.

The annual awards banquet for the Student Union Activities Board will be held next Wednesday night at 6:30 in the Union ballroom. Mrs. Tarbell is in charge of arrangements.

## Dean Dinan Feted At Saturday Tea

Miss Pearl Dinan, Dean of Women, was honored at a tea Saturday afternoon, April 27. The tea was sponsored by the NDSC Inter-Sorority Alumni Council and was held for Dean Dinan commemorating her many years of service as Dean of Women on this campus, this year being her last year at NDSC.

The tea was attended by two representatives from each organization on campus and all faculty members and their families. An estimated 400 guests were present.

## Edinger, Cervinka Best Performers

Art Cervinka and Karen Edinger, named best actor and actress in the 1957 Bison Brevities, discuss their acts after the final curtain Saturday night. Art did vocal solos in the Theta Chi five minute act and in the Theta Chi-Theta 15 minute. Karen was featured in the dancing of the Kappa Kappa Gamma acts.

By Art Lies

This column is being written in less than thirty minutes, as I have a deadline to meet at that time.

As soon as you finish reading this little epistle, check through the rest of the paper for our ad telling a few of the facts about the station.

See, I told you there would be picnics and more picnics, but some young and foolish souls still wound up with various ailments after the first round. As a matter of fact, I know of one person who was downright speechless after an all-night picnic.

I just can't imagine how anyone can stay up all night just eating potato chips and hot dogs.

A rather ironic thing happened to me the past week end. I had brought my tennis racquet down for the spring quarter, and wouldn't you know it, the first thing I needed was a bow and ar-

row. Oh well, some days you get rubbed the wrong way, and other days you have to scratch your own back.

Seems that my poetry has set a spark of creation in a few quarters. Anyway, I have been promised (or was it a threat?) some original poetry for my column. Well, let's get on with it.

One of my pet gripes is the favorite excuse of many people, namely, "Oh, I just don't have the time!" This juicy morsel is offered whenever some people are asked to do a job on campus for some organization or the other.

Funniest part of it is that almost without exception, the person giving the excuse will be "busy" at that very time reading the paper to see what shows are on downtown, or checking the TV schedules for the evening. In either event, they can be found at the local pub later on in the evening, "busy" sipping tappers.

In the morning they will be "busy" catching up on the sleep they didn't bother to get the night before, and in the afternoon, they will be "busy" playing golf or tennis.

It's really odd, even with daylight saving time, I'll bet that everyone has twenty-four hours per day just like everyone else. But some people "just haven't got the time—"

Thought for the week: A woman is only a woman, but a good cigar is a horse of another feather!

## Air Force Cadets Go To New York City

Darrell Reber and Brian McDaniel, SC Air Force ROTC cadets, represented NDSC at the Arnold Air Society's eighth national conclave in New York City, April 17 to 20.

Representatives from every Air Force ROTC detachment in the nation attended the sessions which were held in the Hotel New Yorker.

Problems pertaining to the Arnold Air Society and the Air Force in general were discussed at the conclave. The cadets had an opportunity to hear Generals Rogers, Carmichael, Browne, Scott, Strolhers and other noted Air Force personnel speak during the meetings.

The 1958 conclave is to be held in San Francisco.

## ISA Holds Picnic Meet

All independent students who want to go picnicing are urged to attend the May 6 meeting of the Independent Students Association.

Plans for a picnic May 8 will be discussed at the meeting and heads will be counted to see how many will attend the outing.

## Mayor Speaks To Politics 206 Class

Hershel Lashkowitz, Mayor of Fargo, spoke before the politics 206 class on April 25.

Mayor Lashkowitz spoke on the topic "Fargo's Government". He explained why Fargo dropped the City Manager plan and adopted the Commission plan of city government. He also outlined the operation of the government of Fargo.

The mayor answered several questions asked by members of the class regarding the future expansion of Fargo, and if Fargo will go on daylight saving time.

## Alpha Zeta Honors National Secretary

Melvin W. Buster, national general secretary of Alpha Zeta, honorary fraternity, was the honored guest at a luncheon in the Memorial Student Union, Monday, April 22.

Buster, formerly with United States Department of Agriculture, has been with Alpha Zeta seven months. He is in charge of fraternity administration and publications.

During his short talk Buster emphasized that the aim of every member of the organization should be to provide a useful and worthwhile service to agriculture. He further stated that the local Dakota chapter is one of the best in the nation.

Buster traveled to Brookings, S. Dak., after leaving NDSC, where he visited the South Dakota chapter.

## Electric Firm Shows Film To Engineers

"Automation" was the title of the film shown at the recent meeting of the Institute of Industrial Engineers.

The film was shown by a representative of General Electric who discussed openings with his firm and answered questions pertaining to new developments in the field of engineering management.

Plans were discussed for a picnic which the group plans to hold in the near future.

The next meeting is scheduled for May 8th. At this time representatives of the Republic Steel Corp. will speak to the members.

## Grad Engineers To Be Honored At Tea

The engineering faculty and their wives will honor the graduating engineers at the eighth annual graduate tea Tuesday evening, May 7, at 8:00 p.m. in the Student Union ballroom.

All engineering seniors who will graduate this quarter are invited to attend.

### Baseball Mentor Cites Improved Play At All Positions; Pitching Still Problem

"The club has shaped up good, especially considering we've had only five workouts outdoors."

This was the opinion expressed by Chuck Bentson, NDSC baseball coach, on this year's baseball team. The statement was made on the eve of the Bison's opener at Wahpeton, April 30.

Bentson went on to analyze the team's improvement. "I feel we have a good defensive ball club. Offensively, we showed signs of strength in intra-squad games, but our weakness is still as it was at the start of the season, no pitching depth whatsoever."

**Lack of left-handed pitching is also a detriment, not from the standpoint of pitching in games but we have only one southpaw on the entire squad to throw batting practice."**

On individual pitching performances to date, Bentson stated, "Doug Mellum looked better than expected in Friday's intra-squad game and may receive the starting assignment in the second half of the double-header at Wahpeton. This will allow Bill Burtness and Gene Gronseth to be used in relief."

As for a prediction on the team's success, Bentson reserved

### Sawyer, Sweeney, Haugse, Thurm Top NDSC Bowling Meet

By Don Saba

John Sawyer topped a field of 48 bowlers to win first place in the NDSC Match Championships held April 25, in the Memorial Student Union.

Chuck Thurm finished first in the qualifying round with an average of 189, but finished fourth in the final round.

The top four scored according to the Peterson point system are Sawyer, 29.42 Mike Sweeney, 28.6; Myron Haugse, 24.42; Thurm, 21.29.

Awards were as follows: first, clock radio; second, men's jewelry set; third, Ronson lighter; fourth, cuff links.

### MOVING?

agent for ALLIED VAN LINES, Inc.

judgment pending play in Tuesday's games at Wahpeton. However he did say, "Our entire success, I think, will depend on the ability of our pitchers to go the route. The team has good speed and with a little luck here or there could go a long way in the race. Being the opener for both clubs, it is hard to predict the outcome. With the exception of our pitching staff, I think we will rate as strong as any team in the league."

Bentson planned to use the following lineup in the first game at Wahpeton:

Gullickson, LF; Phil Ruud, 2B; Zottnick, SS; Gange, CF; Halvorson, RF; Hhayer, 1B; Johnston, 3B; Bohn, C; and Worner, P.

### Baby Bison Bow To Mayville TC Second Team, 3-1

The Mayville TC B squad topped the NDSC Baby Bison 3-1 in a baseball game last week at Mayville.

NDSC Frosh Coach, Don Chelf, used all three of his hurlers. Lyle Fibranz started on the mound for the Baby Bison. Wayne Baragry came on in the third inning and was relieved by Delayne Halverson in the seventh. Fibranz was charged with the loss.

Mayville got three runs on four hits and committed two errors. The Baby Bison got one run on three hits and also had two miscues.

It was the opening game for both teams.

### SC Bowlers Place Second To NDU Sioux

NDSC placed second in the North Dakota Intercollegiate bowling tournament held last week at NDU.

NDU bowlers placed first and Wahpeton finished third.

Individual honors went to Staters Lowell Barnum in the singles and John Sawyer and Lloyd Larsen in the doubles.

The NDSC team finished third in the final standings of the intercollegiate Strack League.

### Bison Invitational Track Meet Begins Today Thru Sat.

Dakota Field will be the scene of the Bison Invitational track meet this weekend. On Friday, between 20 to 25 high schools are expected to compete in the high school division, according to Erv Kaiser, NDSC track coach. The college competition will be held on Saturday. Athletes from approximately 10 colleges are expected to participate.

Action will get under way each day with preliminaries in the 100 and 220-yard dashes, and the low and high hurdles scheduled at 10 a.m.

### Gridders Prepare For 1958

An unidentified Bison griddler closes in on the blocking dummy held by Lloyd Larson at a recent practice for the Herd. Coach Bob Danielsen expects about two more weeks of drill before the annual intersquad game.

### Jenson And Mendro Lone Casualties So Far As Bison Tear Up Turf

Don Jensen a halfback from Mason City, Iowa, suffered an injury to his leg that will keep him out of action for the rest of spring training. Jensen was injured during football workouts last week.

Selby Mendro, a promising prospect from Williston, was out

### Odds 'n' Ends . . . . . By MAC

One of the least known sports on the NDSC campus is bowling.

The program here at State has great student interest as witnessed by the fact that more than 200 students bowl in at least 4-5 games in competition each year. This does not include those who bowl a line now and then for recreation.

The NDSC bowling team took trips to Grand Forks, Wahpeton, Valley City, Jamestown and Minneapolis to compete with college teams.

The man who gets the credit for running the bowling program is Gordon Teigen, bowling coach and manager of the bowling lanes at

the Student Union. Teigen is the manager of the Strikes and Spares bowling tournament, the all-college tournament open to NDSC students, being held this week at the Union lanes.

The awards for the tournament are on display in the windows of the AC Bookstore.

The bowling program operates with several disadvantages. The chief one is that bowling is not recognized by the North Central Conference as a college sport and thus the bowlers receive no financial support from the athletic department.

The only financial assistance the bowling team gets is from the SUAB when that group has funds available.

While every sport including bowling has problems every year finds the bowling lanes just a little bit more crowded than the year before.

Play has opened in I-M softball and tennis along with the opening of baseball season for the Bison during the past week.

Intramural golf will be discontinued this year because no golf course is available.

Marvin Helling and Paul Roach have been named to take over football coaching duties at NDSC effective April 29.

Roach is a former coach of Dickinson High School and Helling comes from Minneapolis Washburn.

### Golf Team Wins First Meet Of Year At Edgewood

The NDSC Golf Team posted a low of 420 at the Edgewood Golf Course to win the first meet of the season Wednesday, April 24.

Runner up was NDU with a total of 441 followed by Moorhead with 449, Concordia 463 and Bemidji State 446.

Lyle Hornbacker of Moorhead took medalist honors with an 18 hole total of 77.

Other individual scores included NDSC—Don Kristofitz 79, Tom Serin 84, Norm Vennerstrom 88, Bruce Larson 85, Ward Dunkin 84; NDU—Bill Reichart 84, John Kodelka 85, Bob Melby 93, Dick Purvis 96, Tom Yurkovich; 83

MSTC—Lyle Hornbacker 77, Guy Varty 95, Lawrence Perkins 99, Julian Gudding 90; Concordia—Wayne Elton 78, John Westby 11, Lee Sanderson 85, Jerry Hansson 89, Gary Glomstad 102.

# Bison Diamond Crew Starts Season With Split Double-Header At Wahpeton

Bill Burtness hurled a one-hit shutout for the Bison in the second game of a doubleheader with Wahpeton Science Tuesday in a bye Gorman League baseball game at Wahpeton.

Chuck Meyer blanked the Herd, 10, in the first game giving up only one safety. The Bison gathered eight hits in the second game to mop a 7-0 win.

Ron Zottnick of Edgeley blasted a double in the first game for the only Bison hit.

Al Falk hit two home runs and Ron Moore connected for one in the first game off Bison starter Ron Worner. Worner was charged with the loss.

Burtness showed mid-season form striking out 12 men in eight innings. Burtness relieved Worner in the sixth inning of the first game to strike out the side. He went the distance in the nightcap.

# SC Golfers Place Second To Sioux In Grand Forks Meet

The Bison captured second place in a five-team meet held at Grand Forks April 29. The University of North Dakota won with a team total of 368. Bison golfers were only seven strokes behind with 375. Concordia, Moorhead State College and Bemidji rounded out the slate and finished with 379, 388 and 406, respectively.

Co-medalists were Vernerstrom of NDSC and Elston of Concordia with 69's.

# NDSC Racket Men Off To Fast Start In First Three Meets

The 1957 Bison tennis squad is off to a fast start. In three meets they have won one and finished second in the other two.

Complete statistics aren't available but the Bison netmen finished second in a meet at Grand Forks April 23.

Since then, SC tennis players have defeated Moorhead State College and finished second in a triangular meet with Concordia and Jamestown College.

# Home Ec Offers Ceramics Course For Creative Ones

"Do you have the urge to create? Then you belong in ceramics class," says Miss Phyllis Lerud, instructor of ceramics in the Home Economics related art department.

The male students are starting to enroll in the ceramics classes. There are five men enrolled this quarter.

Prerequisites for the course are simple, states Miss Lerud. They are:

An idea and appreciation of good design, color, and texture.

The urge to create.

"We have excellent facilities for ceramics classes with a large room, four potters wheels, a large and a small kiln, and all types of small equipment necessary. Anyone who feels his drawing ability isn't good, but still would like to create, should take advantage of the wonderful opportunity provided in ceramics classes," remarks Miss Lerud.

Miss Lerud is a home economics graduate from the University of Minnesota. She is working towards her Masters degree in related arts and crafts. She has studied ceramics under Katie Horsmann, a well-known ceramist.

A display of interesting pieces, such as bowls, vases, figurines, and plates made by students, can be seen in the home economics art department any time.

# Bison Invitational Tennis And Golf Meet Held Thurs.

The Bison Invitational golf and tennis meet was held Thursday, May 2. The tennis matches were played at Island Park, and golf competition took place at the Fargo Country Club.

NDSC, UND, MSTC, Concordia, Bemidji and St. Cloud State College entered the golfing competition.

No results were available at press time of this issue, but watch next week's Spectrum for the outcomes of both meets.

# Newman Club Prexy Announces Face-Lifting

The Newman house at 1143 13th St. N. will have a new face within the next month. Remodeling plans are underway according to Jim Harmon, president of the Newman Club.

Students plan to do the work themselves to save expenses with the help of Mr. Floyd, painter and interior decorator, and Miss Kathryn Weesner, associate professor and chairman of the related arts department here at the college.

Remodeling plans include painting the exterior, redecorating the interior and the addition of new furniture.

# Army Drill Team Provides Color Guard At Twins Opener

NDSC's Army ROTC drill team took part in opening day ceremonies of Northern League baseball at Barnett Field Sunday, April 28.

The ROTC drill team marched on the field during the introduction of dignitaries, umpires, and opposing teams. Shortly before the game time they acted as color guard and raised the Stars and Stripes. They then put on a short exhibition of precision marching and arms movements.

Cadet Darryl Willison was in command on the field, and other squad members were Cadets Douglas Kreig, Bruce Coffel, John Stefanachuch, Jerry Muscha, Robert North, Earl Orvedahl, Lance Johnson, Terry Calwell, and Jack Heltemes.

The drill team is coached by Sgt. McGrath of the Army ROTC staff.

# Home Ec Related Art Department Practical For Men As Well As Women

Men, do you use good art principles when you buy a new necktie? Girls, do you consider art principles when you change your hair styles?

These are but two principles you are taught in the NDSC related art department. Previously home economics was

called domestic science. Now the departments have broadened as teachers realized that homemaking is more than a science. Since then, related art courses are required for home economics majors.

Miss Kathryn Weesner, NDSC professor of related arts, says she is striving to teach the student and future homemaker to understand and appreciate art.

Have you seen people look at a modern art display and exclaim "I don't understand it" and walk away never to look at modern art again? Miss Weesner says, "With a little study anyone can learn to understand art well enough to appreciate it".

Art in the conventional sense is not all that is taught. Related art shows the student how to use art principles when choosing a suit of clothes, decorating homes and planning menus.

"Everyone isn't an artist, but everyone has some creative ability," says Miss Weesner. "We design our course to encourage and bring out creative ability in simple design problems".

# Humanities Course Answers "Why"

Have you ever heard of "the humanities"? Forty-nine students are enrolled in English 300, a class in the humanities taught by Richard Lyons.

Basically, it is a discussion course about man and nature designs. People working with painting, architecture, landscape gardening, music, botony, entomology, teleology and poetry, lead discussions.

Ways of critically analyzing, evaluating and answering "why" are suggested. This gives a familiarity with ways of looking at things and leads to a photographic or general outlook.

This course was offered experimentally last year and is an elective on the curriculum this quarter. It helps the individual gain a more cultural view.

# Lowell Pals Elected By Chemistry Club

Lowell Pals was recently elected president of NDSC's Chemistry Club. He succeeds Jerold Isnesee.

Other officers named: Kay Wollan, vice president; Mary Anderson, secretary; and Dave Bragg, treasurer.

Following the business meeting, Dean Dunbar gave an illustrated talk about his recent trip to the National American Chemical Society meeting which was held in Miami, Florida.

# Army ROTC Cadets Receive Recognition As "Minute Men"

Sixteen first year basic Army ROTC Cadets have qualified for the Minute Man Medal. Awarded on the basis of scholarship, leadership, patriotism, courtesy, and a working knowledge of the Bill of Rights, these medals are awarded annually by the National Society of the Sons of the American Revolution and are donated by Colonel J. B. Ladd, United States Army Reserve.

Receiving the award this year are Robert Holmes, Lance Johnson, Donald Kraft, William Lantz, Wayne Lunsetter, Bruce Morgan, Richard Nester, Gerald Puppe, Rixon Rafter, Richard Ringer, William Roof, Donald Saba, Ronald Schiff, Gary Wollan, and James Watschke.

### Placement Service

Students interested in part time jobs removing storm windows and doing yard work are requested to keep in contact with the placement office.

Graduating Seniors who have registered and taken advantage of campus interviews during the year are requested to make their employment commitments known to the placement office. This information is vital to a continued relationship between our school and industry. Your cooperation will be appreciated.

Republic Steel Corporation has rescheduled their visit to the campus and will interview mechanical, industrial, civil and architectural engineers Wednesday May 8, 1957. Work locations are in Chicago plants and throughout Ohio.

Mr. John Bull of the Link Belt Company will be on Campus Friday, May 10, 1957 beginning at 9:00 A.M. to interview all graduating engineers. Openings are available in the Mpls. plant, at Philadelphia, Chicago, Cedar Rapids, Houston and Atlanta. Link Belt is interested in speaking to all graduating engineers interested in the design and mechanical development of industrial belt systems. Contact the placement office for interview scheduling.

### Tri-Campus Meet Sponsored By LSA To Be Held Sunday

At 5:30 Sunday evening, a Tri-Campus meeting of the students of NDSC, MSTC, and Concordia will be held at the Trinity Lutheran Church in Moorhead. The meeting is sponsored by the Lutheran Student Associations of the three schools.

A banquet dinner will be followed by a program with Rev. Arndt Halverson as the guest speaker. The topic is "Christ Frees and Unites."

Rev. Halverson is Pastor of the Hope Lutheran Church in Minneapolis and is a familiar figure to students on the Campus of the University. He is a part time instructor at the Luther Theological Seminary in St. Paul, Minnesota.

After the talk, those in attendance will divide into groups for discussion of the topic. There will be a coffee and recreation following the meetings.

Tickets may be purchased at the schools or at the door.

## Oil Flows, Blood Flows, Winter Goes, And Old Spring Fever Reigns Supreme

Here is a problem for chemistry majors. Oil and other thick liquids flow slowly when cold—more freely when warm. Now here is my question: as the weather grows warmer, why does the blood flow slower?

Come springtime, and old ladies on crutches go whizzing past some of our friends on campus!

No matter what the explanation, Spring Fever affects all of us. Heavy coats go to the back of the closet, raccoon coats hibernate in cold storage; windows are opened for the first time in several months; cord jackets replace toggle coats for outer wear and shirt sleeves are rolled up high.

Many collegians who have been wearing flannel slacks are donning

polished cottons. While black, olive green and tan still dominate the color scene in slacks, the vibrant reds, white, and browns are taking hold in the quadrangle's color scheme.

Although white buck shoes are still popular, moccasin-type loafers and the tassel-tie shoe begin to dominate the college scene. Why? In the Spring it just seems like too much work to tie shoe laces—slip-ons are so much easier.

WHAT IS THE BEST PRESENT YOU CAN GIVE A SMOKER?  
(SEE PARAGRAPH AT RIGHT)

**LUCKY STRIKE**  
CIGARETTES

DON'T JUST STAND THERE... STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, N. Y.

**MILLIONAIRES:** do your friends yawn at yachts? Do they think diamonds are dreary? Here's a present that would make even a banker hanker: introduce him to Luckies! While you're at it, be a sport: give him a whole *Startin' Carton!* A Lucky is all cigarette . . . nothing but fine tobacco—mild, good-tasting tobacco that's **TOASTED** to taste even better. Invest in a carton yourself. You'll say Luckies are the best-tasting cigarette you ever smoked!

## Luckies Taste Better

## Architects Plan Costume Affair At Fargo KC Hall

The SC architects and their cohorts will step out tonight for the annual Beaux Arts Ball. Dancing will start at 9:00 p.m. for the costume affair which will be held at the Knights of Columbus hall in Fargo.

The theme for this year's ball is "Come As You Are". This means that any kind of costume is acceptable.

The Beaux Arts Ball, an annual costume affair is sponsored by Aletier Chat Noir, national professional architectural society.

Lloyd Anderson and his orchestra will provide the music for the evening. Tickets will be on sale at the door for \$2.50 per couple.

## Engineering Students Honored At Banquet

Eight NDSC engineering seniors were honored by the Fargo Engineers Club at a banquet meeting last Saturday evening.

The men honored included: **Floyd Larson, ag engineering; John Adams, civil engineering; Robert Brown, arch. engineering; Roger Ness, electrical engineering; Donald Gronbeck, mechanical engineering; and Eugene Gross, industrial engineering.**

These students were selected by the faculty in their respect departments as the outstanding seniors in the department.

They were presented with a year's membership in the professional engineering society of their choice.

Sharon Mische, Linda Nelson, Sonja Scott, and Janyse Roel bear down as the Gamma Phi's take on the SAE's in the annual Fargo Sweepdown contest. The gals proved their worth as future housecleaners by showing the males they could sweep faster and cleaner. Story on page 6. (Photo courtesy Fargo Forum)

## Faculty, Student Art Work To Be Shown

A faculty and student art show will open May 20 in the library. The exhibition, which will continue until commencement, will include oil and water color paintings, ceramics, textiles, and sculpture.

Any student or faculty member who wishes to take part should bring his entries to the library during the week of May 13-17. Entries are limited to three per person. Anyone interested may contact Richard Lyons in the library or Miss Kathryn Weesner in the home economics department for further information.

If response from students is great enough, ribbons will be awarded to the best entries, Lyons said. Cy Running, head of the art department at Concordia College, will judge the entries the first week of the exhibit.

The North Dakota Institute for Regional Studies is sponsoring the art show.

## Essay Contest Deadline Told

Students who want to enter the "Teacher Essay Contest" are reminded that the deadline is May 1.

Anyone interested should write an essay of 50 words or less on the subject "Why I Think My Teacher, or Instructor, Deserves Recognition."

Mail your entries to: Essay Contest Editor, North Dakota Broadcasting Company, Box 626, Fargo, North Dakota.

A \$250 cash prize will be awarded to the winning student and an additional \$250 cash prize will go to the winning college instructor.

Entries will be judged on neatness, spelling, grammar, sincerity, originality and aptness of thought.

## Speech Students To Stage Three Plays As Final Productions For This Year

Three one-act plays directed by Speech 378 students will be staged at the Little Country Theatre May 22 and 23.

Sue Wheeler directs a sophisticated farce by Arthur Schnitzer. "Anatol's Wedding Day" deals with a playboy's wedding day and his ex-mistress who pursues him to the bitter end.

Fantasia describes "Aria Da

Capa" by Edna St. Vincent Millay. Jan Bakken directs this play in which people move like characters in a fairy tale. They undergo strange changes into tables, chairs, and other objects.

"Phoenix Too Frequent" by Christopher Fry is a comedy which deals with a widow who doesn't remain a widow long. She goes to live in the tomb of her dead husband and falls in love with the guard. Jane Higgins is the director of this play.

The plays will be the last productions of the Little Country Theatre this year.

## Women's Club To Back Style Show

NDSC Women's Faculty Club will sponsor a style show next Thursday, at 1:30 p.m. in the Student Union ballroom, according to Miss Emily Reynolds, assistant professor of textiles and clothing.

Members of the steering committee are: Gloria Lloyd, Sonya Scott and Carol Soeby.

Majors in textiles and clothing acting on other committees include: Fern Letnes, Donna Myer, Gloria Reseland, Janice Anderson, Darlene Knudson, Claudette Grommich, Joan Watt, Maureen Steigman, and Margaret Anderson.

## Honors Day Notice

Anyone who has awards, scholarships, plaques or any other type of award to be presented at the Honors Day Convocation, should have that wrapped and in the office of Miss Matilda Thompson by Monday, May 13. Miss Thompson's office is in Minard Hall, room 209.

## Women Students Group To Hold Mass Meeting

The Associated Women Students will have their spring quarter mass meeting Monday night at 9:00 in the Student Union Ballroom. All women in all schools are urged to attend.

The main business will be the election of new officers. The nominees include: president, Beva Fegley and Pat Turner; vice president, Eileen Seim and Joan Lindbo; secretary, Yvonne Boeddeker and Mary Ann Van Sickle; treasurer, Roberta Enger and Ruth Folstrom.

Beva Fegley and Eileen Seim will report on the Intercollegiate Association of Associated Women Students meeting which they attended during quarter break.

## Bracelets Awarded For Scholarship At Panhel Recognition Service Program

Kappa Kappa Gamma and Alpha Gamma Delta received plaques for having the highest scholastic average at the annual Panhellenic scholarship recognition service held May 6.

Scholarship bracelets were given to the girl in each sorority who had the highest average for

the last three quarters.

Receiving the bracelets were Lois Bursack, Alpha Gamma Delta; Harriet Fark, Gamma Phi Beta; Wilma Husband, Kappa Alpha Theta; Carole Mandigo, Kappa Delta; Bev Pfeifer, Kappa Kappa Gamma; and Janice Ostrem, Phi Mu. Joyce Van Wechel, the independent with the highest average, will be given a bracelet from Panhellenic Council at the Honors Day Convocation.

Monica Savageau presented the awards. Judy Hammer, new Panhellenic president, was in charge of the program.

The guest speaker, Mrs. Neal Moen, spoke on "Fraternity Loyalty."

## Technical Photos On Display In Ladd Hall

Dr. R. E. Dunbar, Dean of the School of Chemical Technology, announced recently that the national prize winning entries of the 1956 show of the Technical Division of the Photographic Society of America will be on display on the second floor of the Chemistry Building May 11 to 21.

This year's show contains examples of many applications in the field of technical photography. There are pictures illustrating new achievements in the field of aerial photography, examples of the use of photography in industry (normal photographs, photomicrographs, and electron micrographs).

This is the 4th successive year that similar technical prints have been shown on the campus. The display is open to all interested and there is no admission charge.

The Traveling Show contains 22 photographs, all 16 by 20 inches.

## Final Polio Shots Offered; First Shots Also Available

Students who began the series of polio shots last November are reminded that they can receive the third and final shot of the series next Tuesday and Wednesday evenings at the Health Center.

Other students who wish to receive their first or second shots at this time should also be there.

The Health Center will be open from 6:00 to 7:00 p.m. these evenings for the shots.
