

The Spectrum

Vol. LXIV—No. 28

NORTH DAKOTA STATE COLLEGE OF AGRICULTURE AND APPLIED SCIENCES, FARGO, N. D.

May 2, 1958

A cornerstone laying and open house Sunday, April 27, at the new \$36,000.00 Lutheran Student Center, marked the beginning of a drive to raise funds for furnishings.

NDSC Lutheran students are making donations to this fund, and have set as their goal to get each student to pledge one day's pay from summer wages. The total cost of furnishing the new building will be \$23,000. The money will be provided by gifts from individuals. The building has been paid for by a grant from the National Lutheran Council. It is scheduled to be completed by June 10, and will be in use next fall.

Students To Present Papers At Academy Of Science Meeting

The 50th Anniversary meeting of the North Dakota Academy of Science begins today, Friday, May 2, in the ballroom of the NDSC Student Union. Student papers will be presented in the morning, beginning at 9:00 a.m. Academy members will present papers at sessions on Friday afternoon and Saturday morning. Interested students and faculty members are invited to attend all sessions.

The Atomic Energy Exhibit from the Atomic Energy Commission will be on exhibit in the lounge of the Memorial Union during the two days of the meeting. The dinner meeting of the Academy, sponsored by the Academy of Science, NDSC Sigma Xi Club, and the Red River Valley Section of the American Chemical Society, will be at 6:00 p.m., Friday, in the Union ballroom. The speaker at the dinner meeting will be Dr. H. Shapley, noted U. S. Bureau of Standards Scientist and vice chairman of the United States Committee for the International Geophysical year. The title of his address is "Highlights of progress in the International Geophysical Year." The address will be illustrated with slides. Tickets for the dinner meeting are \$2.00. Reservations for the dinner should be made through the Botany Department, campus, not later than Friday noon.

Taking part in the cornerstone ceremony for the new LSA Center April 27, are l. to r.: William Gehrhe, chairman of building committee; Rev. J. W. Quello, Pastor of First Lutheran Church; E. T. Paulson, President of the LSA; Rev. Arne Kvaalen, LSA pastor.

ROTC Inspection Set; Parade Will Follow Spectators Are Invited

The NDSC ROTC will be given its annual federal inspection on Wednesday, May 7th. To measure the work done both in the classroom and on the drill field, the inspectors will visit classes, witness a battle group parade and talk to many of the cadets individually during the personal inspection.

The three visiting officers are Lt. Col. Roger E. Reeder, Shattuck Military Academy, Faribault, Minn.; Captain John J. Finnegan, St. Thomas Academy in St. Paul; and Captain William C. Winlock, Iowa State College, Ames, Iowa.

A parade by the entire cadet battle group is scheduled for 1:45 p.m. at the practice football field. Spectators are invited to the parade and inspection.

ATO And KKG Take Honors At Brevities

Bison Brevities for 1958 were concluded last Saturday night with the presentation of the academy awards.

Alpha Tau Omega fraternity received the first place trophy for their production act, "Bowery Grenadiers." "Der Feiertag," presented by Kappa Alpha Theta sorority and Sigma Alpha Epsilon fraternity captured the second place production act trophy.

First place in the curtain acts went to Kappa Kappa Gamma sorority. Theta Chi fraternity received second place.

Larry Van Sickle received the trophy for outstanding actor. Margaret Martin and Karen Knudson were chosen as outstanding actresses.

Alpha Tau Omega received the ticket sales trophy in the men's division. The winner in the women's division was Kappa Kappa Gamma.

Attends Chem Meet

Dean Ralph E. Dunbar of the School of Chemistry has just returned from the 133rd national meeting of the American Chemical Society held in Berkeley, California, April 13-18.

While there, Dean Dunbar presented three research papers, one in each in the divisions of chemical education, organic chemistry, and paints, plastics, and printing ink. Dr. Dunbar had done the writing and research work on these papers.

New Eng. Fraternity Installed On Campus

The first Eta Kappa Nu chapter in North Dakota was installed at NDSC Thursday, April 24.

Eta Kappa Nu, national honorary electrical engineering fraternity, will replace Eta Lambda Nu, local honorary electrical engineering society, which was organized at NDSC in 1957 by Floyd B. Miller, engineer with Remington Rand Univac.

Installing the new chapter were: Dr. John D. Ryder, dean of engineering at Michigan State University; Prof. Vernon Alberson of the NDSC electrical engineering faculty; Noel Gagstetter and Clint Johnson, both engineers with Northwestern Bell Telephone Company.

The formal initiation and charter presentation was at a 7 p.m. banquet in the Student Union ballroom Thursday. Dr. Ryder, who is past president of Eta Kappa Nu and author of several engineering textbooks, presented the charter and spoke to the group on "Fabulous Figures."

The first Eta Kappa Nu officers are: Roger Heglie, president; Edward Ashley, vice-president; Stanley Schroeder, recording secretary; Charles McDonald, corresponding secretary; Wallace Klovstad, bridge correspondent; Norman Kmoch, treasurer; and James Friederichs, engineering council representative.

SC Prof. Richardson Says Agriculture Would Profit From Name Change

"NDSC's School of Agriculture is doing such fine work in teaching and research that it deserves the recognition of university status and prestige," NDSC Prof. Marion D. Richardson said.

Professor Richardson, chairman of the department of industrial engineering at NDSC, commented on the proposed name change in an address at a meeting of the North Dakota Chapter of the International Association of Personnel in Em-

end on the NDSC campus. Commenting on the State Board of Higher Education for their "no" vote on the name change, Professor Richardson said:

"We do not believe for one instant that the Board meant to imply that the growth and progress of the agricultural industry was so far behind that made in other states, that the farmers of this great state could be better served by an institution of trade school status rather than an institution of university status and prestige."

Citing the dictionary definitions of "college" and "university," Professor Richardson said, "NDSC had been a university since 1909 and for about 50 years, the 'AC' has been holding its own in major league competition. But in recent years the wrong name has been like fielding a team and trying to win without its first baseman."

NDSC students are currently circulating a petition in hope of getting a name change proposal on the Novembre ballot. Originally the students requested a change to "North Dakota State University." Now, they seek "North Dakota State University of Agriculture and Applied Sciences."

Saddle And Sirloin To Sponsor Contest

Final arrangements have been completed for the annual spring livestock judging contest May 31 sponsored by the Saddle and Sirloin Club.

Registration will be at 8 a.m. in Sheppard Arena and the judging of the livestock will be at the college livestock barns. In case of bad weather judging will be at the arena, according to Dallas Heidt, chairman of the event.

The contest includes nine classes of livestock. Three classes each of beef cattle, sheep and swine. Reasons will be given on one class of breed animals and one class of slaughter animals in each division. The judges will be representatives of local purebred breeders and packing house buyers.

Trophies will be presented to the high individual of the contest and to the high freshman or sophomore. A tie clasp will be awarded to the high individual in each division and high individual for reasons. Ribbons will be given to the top three individuals in each division. Following the presentation of awards a steak fry will be held. Employment Security, held last week-

Honors Day Convo Set For Thursday

The 23rd Annual Honors Day Convocation will be held Thursday, May 8, in Festival Hall.

New members of Blue Key and Senior Staff will be announced at the convo. Over 200 students will be recognized for their scholastic achievements.

Miss Thompson urges that all awards be in her office not later than May 5.

Dale Nelson, right, director of the 1958 Bison Brevities, presents trophy for the first place 15 minute production act to the Alpha Tau Omega fraternity; Brian McDaniels accepts the trophy. Kappa Kappa Gamma won the first place curtain act.

From the Editor's Desk

By Loretta Struble

With Brevities over everyone relaxes and returns to the old round of picnics . . . socializing . . . studying(?) . . .

With the arrival of spring we have our perennial problem. This is the condition of our lawns. It seems the NDSC students have no regard for the beauty of our campus. Otherwise, why do they break the various paths across the lawns? There are paths between sidewalks . . . around buildings . . . and even beside the sidewalks.

If students want the name of our college changed, they should have more regard for the way the campus looks. People would expect University students to know enough to use the sidewalks . . .

We have a beautiful campus and it's a shame that it must be marred by trampled grass . . . Let's remember that the sidewalks were put in to be walked on . . . not to be avoided . . .

This is one I'll not accept responsibility for. I'm just a reporter.

A couple of professors recently discussing the proposal of Philip Ward Burton of Syracuse University, that fewer girls be permitted to attend college to make room for more men—who after all need an education more.

Both professors thought that this would not be a wise move, and being typical college faculty members, came up with their own BETTER solution.

"Let the girls stay in college," they say. "But give them a special course."

They thought something like the University of Minnesota's "Associate of Arts" degree would be fine.

"That way," said the bolder of the two, "Girls could take useful courses like Marriage, Soaps and Detergents, Button Sewing, Ceramics, Rug Weaving and quite a few more not too difficult subjects."

At the end of two years the girls would be graduated with everything they came for. They would have had some of the enriching social contacts college gives—perhaps like picnics, ugly men contests and ND Snirt Sculpture.

They would get a diploma as Associate of Arts.

And finally, as the crowning achievement, each would be given a pin—so they could leave college pinned.

'Win Or Lose' Brevities Benefits Casts And Crews

"Definitely well worthwhile," was the opinion of the majority of the students interviewed that took part in the 1958 Bison Brevities.

There has been some comments on the Bison Brevities as to was it worthwhile?

Of the students interviewed the question was asked, "What values did the brevities have other than the various trophies that were handed out?"

Almost everyone started out with the comment that they were glad to have placed in the judging or they expressed regret that they couldn't win, but they all had this to say further, "It helped me to work with other people and taught me how to get along with other people which is one thing we all must learn to do. I learned tolerance, self-discipline, and how to win or lose."

The big thing that everybody had in mind was that they gained a certain amount of self satisfaction for having been part of a team that produced something to be remembered and not forgotten even though the trophies will tarnish in their cases. This one answer came from everybody who had something to do with the acts, whether they were director, actor, or costume and set chairmen.

Let's Save The Night For Endless Activities By Not Changing To DST

By Jim Lund

As you no-doubt fully realize, (you probably don't but this is an awfully neat trick I use to get you on my side) I'm not one to do much quibbling about the various problems which, from time to time, arise in this vast civilization of ours. However, it has been brought to my attention through bitterly hard experience (I was late at her dorm and consequently have been blackballed on the MSC campus ever since) that the problem of daylight saving time is one that causes much congestion, contention and confusion; not to mention the ill feeling it fosters. And this, my good friends, is very sad.

Now before ever starting this dissertation, I was fully aware that there are those individuals for whom DST is desirable. There is the business man who sits literally glued to his desk for three to four hours a day, while making momentous decisions concerning the color and fabric of his next cummerbund. He's the pot bellied little man who enjoys chugging around the golf course for a number of daylight hours after his evening meal. And then, of course, there is the "indoors" theatre owner who takes delight in monopolizing on the fact that he can turn out his own lights.

Now this is all just fine and dandy. However, the assertion I make to you today is that WE, yes, we the students, have not been given a whole lot of authority (as a matter of fact, we've not been so much as consulted on the matter—and it's a shame) as to the eventual outcome of this most excruciating of crucial problems.

So, I've taken it upon myself to conduct a small survey which unquestionably lends a good deal of light to this situation. As a direct result of this extensive poll, the author has come to the conclusion (which, I might add, was his thought on the subject all the time) that what we need is MORE NIGHT TIME!! Yes folks, it's the only thing for us!—Meditate on it for a while.

Honestly now, when you think back to your past years, is it not true that most good times were had when the lights were down low? You bet they were. All those neat dates, fantabulous parties, midnight swims, etc. And what's more, this idea has its scholastically practical side too. Would you not prefer to study at night? Well, maybe not; however, I'm sure you'll agree with me when I say that it's easier to study at night than during that other half of the twenty four hours we call day.

SAVE THE NIGHT! That will be our slogan. We'll fight fiercely. And if we lose, as we've been known to do, we'll just hang another black flag on the pole in hopes that maybe it will block out the sun.

Final applications are now being received for the positions of station manager and program director for KDSC. Before applying, here is fair warning that both jobs require many long hours of concentrated effort. The station manager is more or less the dictator and directs all business and activities taking place. The man for this job must be willing to accept responsibility. The Program Director does just what his title suggests. He is in charge of all programming, makes out logs, etc.

If you are interested in either job, contact Don Grimm or come to the studios in the Union and submit your application.

Three new albums have been purchased for your musical entertainment this past week. One for all picnic lovers is the "German Beer Drinking Song". Miss Caterina Valente is the vocalist on another of our newly purchased albums and the third is soft music by Les Baxter entitled "La Femme".

Remember, to break the junk music habit listen to KDSC.

Stuffed Animals Bedeck Rooms

"If you ever feel blue and want to have a good cry, come up to my room and sob on Leo," one sorority girl is heard saying.

Leo is not a consoling member of the male sex, but a stuffed lion, one of many stuffed animals on campuses throughout the United States.

NDSC is no exception. The pampered pets adorn bedrooms and studies of sorority houses and dorms all over the campus. The animals range from tiny kittens to monstrous bears in a variety of colors and materials.

Tabby, Squirt, Squeaky, Meowqn, Homer, Petunia, Chimp, Mau Mau, Lloyd George—naming the pets is an important procedure. Some are from children's stories such as Winnie, the Pooh, while others are named for current boy friends. One pink dog has ten names referring to each "flame" in the owner's love life.

Any owner will be glad to give you the history of her pets and in doing so may reveal her personality. Some of the animals have been childhood companions, others won at carnivals, while still others have been received as favors at parties.

When a coed goes to bed at night she tenderly removes anywhere from one to 15 animals from her spread.

Greek Candidates For King And Queen To Don Greek Toga

King and Queen of Greek Week will be chosen Monday, May 5, from candidates submitted by the sororities and fraternities on campus. The candidates were chosen on their activities on campus and their participation and willingness to work in their Greek organization.

Queen candidates will be voted on by all members of the fraternities on the campus and the King candidates will be voted on by sorority members.

The King and Queen will be crowned by Cy Puetz, student body president, in the Union Ballroom, Monday, May 12. A dance will follow the coronation.

Candidates for queen are: Jo Lindbo, Phi Mu; Jan Brudvik, Kappa Kappa Gamma; Saralou Bjerke, Kappa Delta; Janell Leetun, Kappa Alpha Theta; Yvonne Mousseau, Gamma Phi Beta; and Eileen Seif, Alpha Gamma Delta.

King candidates are: Jack Moneig, Theta Chi; Bruce Ness, Kappa Epsilon; Virgil Miller, Sigma Phi Delta; Pat Webb, Sigma Chi; Leslie Fuchs, Sigma Alpha Epsilon; Gerald Houle, Kappa Pi; Gerald Gerntholz, Farmhouse; Keith Sheltons, Alpha Tau Omega; and Les Brietbach, Alpha Gamma Rho.

NDSC Host For Sixty N. D. Education Leaders

Sixty North Dakota education leaders will be invited to a three day conference at NDSC, Oct. 29, to study the use of audio-visual instructional aids in education, according to Dr. T. W. Thordarson, state director of the Department of Supervised Study.

Dr. Thordarson said the conference was set during a "pre-planning" session at the division office on the NDSC campus recently.

Tentative plans for the October conference indicate there will be sectional meetings covering college training and "on the job" training in the use of audio-visuals in education, building programs and training materials for audio-visual education use, and discovering new uses of audio-visual aids in education.

Funds for the conference and the expenses of those invited will be provided by the Teachers' Financial Custodial Corporation, a non-profit group which encourages teachers to use audio-visual aids.

Delegates to the conference will be selected from North Dakota elementary, secondary, and college teachers, school administrators, and school officials.

SUAB Recognizes Women Of Members At Banquet

The Student Union Activities Board held their annual award banquet in the Ballroom of the Union Tuesday, April 29.

Betty Skinner, who is program director at the Memorial Student Union at NDU, was the speaker. The Statesmen sang and Michael Jordan and Milo Haas entertained with novelty numbers.

Awards were presented to M. Anderson, Yvonne Boeddeker, Berg, and Curt Stromstad.

Certificates were given to Jo Fleck, Marlys Oberg, Jim Heist, Lois Hermanson, Marion Heuthe, Betty Davidson, Margaret McBr, Janell Leetun.

Connie Mills, Sharon Misk, George Schwartz, Donna Bars, Bob Mountain, Nancy Swayne, McCone, and Mickey Jordan.

Socially Speaking . . . By Janet Kippen

Greetings from the Top of the Union! The usual comments on the ops of Staters are echoing on mine so. "It's over!"

Brevities is packed away for another year with the feeling of a job well done. Even with the successful production of this year, Blue Key is contemplating a change in the style of the show—maybe to fill those 50-50% of empty seats in the field house on show nights. Do you think we could make use of some of those empty seats by giving an "all-campus-one-big-show" a try? For any of you that have serious thoughts on the subject, why not air them to Jim Feeney, Dale Nelson or other members of Blue Key? We aren't paying audience but we do grow the show for them and your opinions should carry weight.

Another way to fill those useless chairs and bleachers would be for some to catch the fire the Taus showed in their ticket sales project this year. \$700 worth of tickets filled a lot of seats as well as earning them a neat trophy.

WHAT DID everybody do last week besides Brevities? Well, to begin with Anna Mae Davis, AGD, surprised her sisters with a sparkler from Lowell Edwards of LaFoure last Friday. The Air Force has again claimed SAE Roger Eng-

breton, former Stater, after a short leave, but not before he left a diamond on the third finger, left hand of former Kappa prexy, Ruth Mortenson. Theta Chi Don Dixon and Dianne Mace of Fargo heard the wedding bells ring Saturday evening.

VISITING OVER the dinner table Monday evening were Phi Mu's and Tekes, KD's and Theta Chi's. Thetas and Taus picknicked Tuesday.

ATO's observed Founders Day and the annual Father and Son Banquet simultaneously with a smorgasbord Sunday at the FM.

A BARBECUE was in store for the new KD actives after their initiation Sunday. The new members are Charlene Anderson, Vergene Anderson, Mary Ellen Kalinoff, Mary Maloney, Cleone Metz, Joyce Miller, Darlene Olson, Elaine Pierce, Kay Shank, Margaret Shoemsmith, Charlotte Tomlinson and Janice Wegge.

BACK ON THE OLD stomping ground last week-end were State KAT alums Carol Soeby, Roberta Peterson LeClerc, Joline Wells Bowles and Mary Helen Peterson.

NEWMAN CLUB members! Don't forget your picnic Sunday afternoon, 5:30 p.m. at Lindenwood.

A BREVITIES TRIBUTE for a job well done and a lot of fun was handed the KD's in the form of roses and song by the AGR's Monday night. A similar remembrance was in store for the Gamma Phis when the Kappa Psis stopped by.

MORE SERENADES on 13th Avenue—seems as tho' this time the

Tekes were honoring their sweetheart, KAT Marlys Oberg, on her birthday.

DID YOU KNOW?! I'm stealing the by-line of the Spectrum's wit and humor man in the trench coat and black hat to make the big announcement—Corky Schenkenberger pinned the sheath and sickle of AGR on Kappa Lavonne Biel last weekend.

PLEDGE PIN of ATO is now worn by Nick Hill of Valley City, Gene Gordison of Appleton, Minnesota, Dick Lowe, of Jamestown, Lowell Bernd of Moorhead and Al Westbrook of Bismarck.

KAPPA SENIORS were honored by the Mother's Club at Sue Egger's home in Mapleton Thursday evening.

SAY IT ISN'T SO—That trophies were passed out early Saturday evening. At the Brevities party others were passed out. — that Dave Graben says that 99% of the women in North Dakota are beautiful! The other 1% come to old State! Hey Dave, the kettle shouldn't call the pot black! — That College Joe, explaining the disappearance of his bank account by midterm to his father, said, "Part of it I spent on women, part on liquor, and the rest I spent foolishly!" And isn't it the truth, fellows?!

TB Initiate Five

Tau Beta Sigma, national honorary fraternity for college women in band, initiated five new members, Sunday, April 13. They are Loretta Bugbee, Nancy Euren, Jane Munro, Carolyn Roberts, and Nyla Witteman.

All Coeds Urged To Attend AWS Election Meeting

All campus girls will be at the Union Ballroom Monday, May 5 at 9 p.m. for the Associated Women Student elections.

Nominees for offices and their activities include: President, Meredith Moordale, junior in Home Economics, Phil Upsilon Omicron, Tryota and YWCA Secretary; and Joan Watt, junior in Home Economics, Kappa Alpha Theta, Tryota, retiring President of YWCA, and Panhellenic Council; Vice President, Marlene Olson, Home Economics sophomore, Alpha Gamma Delta and Tryota; Karen Ritchie, Home Economics junior, Phi Upsilon Omicron President, retiring President of Tryota.

Secretary, Arlene Christianson, Home Economics Sophomore, Tryota and LSA; Eileen Seim, Home Economics junior, Alpha Gamma Delta President, Band, Guidon, Tau Beta Sigma. Treasurer Yvonne Boeddeker, AAS Sophomore, President of SUAB, Choir, Ceres Hall Council; Arliss Simonson, Home Economics junior, Panhellenic Council, Phi Mu, and Tryota.

Lavold New Prexy Of Tau Beta Sigma

Kay Lavold was elected president of Tau Beta Sigma, honorary fraternity for women in band. Kay is a sophomore in home economics and a member of Kappa Delta sorority.

Other officers elected are: Glorian Hieb, vice-president; Jane Ann Munro, secretary; Carolyn Roberts, treasurer; and Nancy Euren, editor.

Karen Ritchie, this year's National AWS Convention Delegate from the NDSC campus will be giving a report on the convention. It was held at Iowa State University at Iowa City, Iowa during Easter vacation.

Wives Of Science Meeting Members Invited To Tea

Wives of members attending the fiftieth anniversary meeting of the North Dakota Academy of Science, are invited to a tea in the Founder's Room, Home Economics building, NDSC, at 2:30 p.m., Friday, May 2.

The tea will be sponsored by wives of the NDSC botany department staff, according to Dr. Loren D. Potter, who is in charge of local arrangements for the meeting. An inspection tour of the Home Economics building and facilities will follow the tea.

At 4 p.m., the group will be guests at the Grain Products Laboratory on the campus. Dr. Rae H. Harris, cereal chemist at NDSC, and his staff will explain equipment and procedures in testing and evaluating North Dakota wheat and barley.

Final event of the day will be the Fiftieth Anniversary Banquet in the Union Ballroom at 6 p.m. Featured speaker will be Dr. A. H. Shapley, vice chairman of the United States Committee for the International Geophysical Year.

Varsity Cheerleader Tryouts May 8; All Interested Come To May 2 Workshop

Are you interested in being a varsity cheerleader? If so, now is the time to start practicing, according to the present cheerleaders.

A workshop to instruct interested girls on cheers and songs to be used in tryouts will be held at 4:00 p.m.

Friday, May 2, in the Field House. You will be requested to sign up here for the actual tryouts, which will take place May 8.

Commissioner of Athletics, Jack Semoneig, has announced the policy concerning the selection of cheer-

leaders. They are as follows:
 1. A girl must have a 2. average to be eligible, and must maintain through her period as a cheerleader.
 2. Term will be one year in length.
 3. Varsity cheerleaders will be chosen spring quarter from the freshman, sophomore, and junior classes. Fall quarter two alternates will be selected from the freshman class.
 Under the previous commission policy, two cheerleaders will be carried over to the coming year. There will be three openings for this spring's election, and starting then, all terms will be for one year only.

Phi U Plans Tour Through N. Dak.; Convention Date Set

Are you aware of the beauty of North Dakota? There are many places of interest that most North Dakotans never go to see.

The International Peace Garden, Theodore Roosevelt National Park, Garrison Dam, the Bad Lands, and even some real Indians are some of the sights that can be seen in North Dakota.

Phil Upsilon Omicron, home economics professional fraternity, is planning a tour of North Dakota for its delegates and visitors. The tour will follow the biennial convention to be held on our campus June 16-20.

Arrangements will be made by Greyhound Bus company. The tour will last three days. Expenses will be approximately \$30.00 round trip.

YM-YW Conference Program Is Set

The 1958, Lake Geneva Regional YM-YWCA Conference to be held June 11-18, will give you:

- Intellectually stimulating platform addresses and small group discussions about the theme "A Whole Person In A Fragmented Society—Illusion or Possibility?"

- A chance for serious thought about the Christian faith and alternative natives to it;

- Recreation and leisure after exams and before a summer of hard work — swimming, boating, hiking, and making new friends and

- An opportunity to learn more about and become a part of the Student "Y" Movement, which extends far beyond the narrow confines of our local campuses.

Two outstanding members of the Federated Theological Faculty University of Chicago, Bernard Loomer and John Frank Hayward will be the main Conference speakers.

Jamestown College Set For Playday

The Women's Annual State Playday activities will be held May 30 at the Jamestown College campus.

Seven North Dakota State girls will attend.

Miss Beulah Gregoire, head of the Women's Physical Education department, and Miss Elsie Rae will accompany them.

Competition is in swimming, badminton, trampoline, shuffleboard, tumbling, archery, volleyball, and softball. There will also be a discussion period.

Sticklers!

WHAT ARE THE PANGS OF LOVE?

 BOB ARCHIBALD, U. OF OREGON *Heart Smart*

WHAT IS A STUDIOUS FELLOW WHO FREELY HANDS OUT HIS LUCKIES?
 (SEE PARAGRAPH BELOW)

WHAT'S A SECOND-STRINGER'S MISTAKE?

 WILLIAM BOWERMAN, BOWLING GREEN *Scrub Flub*

WHAT IS A POOR LOSER?

 MARGOT BANNISTER, GRINNELL COLLEGE *Bitter Quitter*

WHAT'S A SLOPPY RAILROAD BRIDGE?

 ROBERT MAC CALLUM, U. OF VIRGINIA *Slack Track*

THE MENTAL MARVEL mentioned above is so studious he made Phi Beta in his junior year—of high school! When he walks into classrooms, professors stand. The last time he got less than 100%, the proctor was cheating. When it comes to smoking, he gets straight A's for taste. He smokes (All together, class!) Lucky Strike! Naturally, our student is fully versed on the subject of Lucky's fine, light, good-tasting tobacco. He's well aware that it's toasted to taste even better. So when someone asks him for a cigarette, he's happy to spread the good taste. And that makes him a *Kind Grind!* Assignment: try Luckies yourself!

WHAT DO TV WRESTLERS USE?

 CAROLYN NYGREN, PEMBROKE *Pseudo Judo*

Don't just stand there...
STICKLE! MAKE \$25

Sticklers are simple riddles with two-word rhyming answers. Both words must have the same number of syllables. (No drawings, please!) We'll shell out \$25 for all we use—and for hundreds that never see print. So send stacks of 'em with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mount Vernon, New York.

WHAT IS A TERM EXAM IN PLASTICS?

Nominees for the annual Sweetheart Ball sponsored by the Tekes are, seated l. to r.: Carol Olson, Kappa Alpha Theta; Marion Berg, Alpha Gamma Delta; Beverly Mann, Gamma Phi Beta. Standing l. to r.: Karen Knudson, Kappa Kappa Gamma; Vergene Anderson, Kappa Delta; Janice Melby, Phi Mu. The event will be May 10 at the Gardner Hotel.

Gamma Delta Camp Set For May 9-11

Island Camp near Henning, Minnesota will be the scene of the annual regional spring Gamma Delta camp on the weekend of May 9, 10 and 11. The Gamma chapter of Gamma Delta from the University of Minnesota is planning the camp for this year.

Activities for the weekend start late Friday afternoon with registration and a picnic supper. Saturday morning is devoted to discussions on topics of interest to the college student. A banquet is planned for Saturday evening. The camp ends Sunday noon.

Gamma Deltans will be coming from 10 colleges in Minnesota, North Dakota and South Dakota to attend the camp.

The cost of the camp is \$7.00 for the entire weekend. Transportation will be provided for anyone interested in attending.

Attention Agricultural Graduates

"There are interesting and good paying job opportunities overseas for graduates of the NDSC agricultural department, according to Mr. Paul Kasson, county agent leader.

The International Cooperative Assn. as well as private concerns hire men to do work with raising the soil productivity in many foreign countries.

Three levels of experienced men are hired for these jobs: graduates just out of school who are given

additional training before being sent overseas, men who have two or more years experience, and men who have considerable experience, such as county agents.

Wages are higher in the United States and in many cases tax exempt after a certain length of time in a foreign country.

Iran, Algeria and India are three of the countries where men from the U. S. are now working.

Dewey and Larry Sez . . .

Somewhere we have read that poem so justly put by Anonymous—

Roses are red
Violets are blue—
We've new spring clothing
Just for you—

And the spring clothing that he was talking about is being featured at the Straus Co.

This week it's a new Wash 'n Wear Slack in sizes 28-42, regulars, shorts and longs—Ivy League styled in tans, blues, blacks—and whites at \$5.95. Bermudas too are coming in on the Norwegian Limited—new in color—prices from \$3.95. So remember students, for Kool Kampus Klothes (Wash 'n Wear, of course) stop in and see Dewey and Larry Swenson at

The Straus Co.

Potter, SC Professor, Receives Chairmanship

Dr. Loren D. Potter, NDSC associate professor of botany, has been appointed chairman of the biology department at the University of New Mexico. He will assume his new duties Sept. 1.

Dr. Potter has been in the NDSC botany department since 1948.

A native of Fargo, he attended Fargo schools and was graduated from NDSC in 1940. He earned his M. A. degree at Oberlin College in 1946 and his Ph.D. at the University of Minnesota in 1948.

Before coming to NDSC, Dr. Potter worked with the North Dakota Game and Fish Department and with the Research Division of Goodyear Tire and Rubber Company.

In 1956 he was awarded a National Science Foundation Grant to do research in the San Augustin Plains of New Mexico.

Dr. Potter is a member of the North Dakota Academy of Science, Sigma Xi, Phi Kappa Phi, Ecological Society of America, the American Society of Range Management and the American Association for the Advancement of Science.

Dr. and Mrs. Potter have four daughters.

USCF Plans Picnic; Date Set For May 4, Meeting Will Follow

A USCF picnic is planned for Sunday, May 4. The group will meet at the Plymouth Congregational Church at 6 p.m.

For the "come-later's", meet the group at Oakgrove Park. David Ward will lead a discussion on "Theology in Comic Strips".

There will be a Bible Study group meeting at Chuck Markman's residence on Tuesday evenings. Topic for discussion and study will be "Love, Power, and Justice" by Paul Tillich.

Monson, Kepner Capture Tourney

Winners of Zone 7 of the National Intercollegiate Bridge Tournament, sponsored by the Association of College Unions, were Gordon Kepner and Dick Monson. Lowell Overbo and Larry Oakey placed second.

A plaque has been received and will be inscribed with names of the campus winners and placed in the Activities Board office of the Union.

Shaw Elected Prexy Of Kappa Kappa Psi

Jerome Shaw was elected president of Kappa Kappa Psi, honorary fraternity for men in band. Jerome is a junior in architectural engineering.

Other officers elected are: Wayne Anderson, vice-president; Richard Sharp, secretary; and James Watts, treasurer.

Quentin Burdick Coop Dinner Guest

Quentin Burdick, North Dakota Non-partisan League endorsed candidate for congressman, was a dinner guest at the Farmers Union Coop House Wednesday, April 23rd.

Burdick said that the word "politics" often had a bad connotation in the past, but that "politics today is citizenship." He felt that this change had largely been brought about by an increasing interest and concern in politics on the part of most citizens.

Burdick stressed that every student should make an effort to become educated politically as well as in his own course of study. Concerning this, he said, "Don't let your studies interfere with your education."

Wesley Group News

Saturday, Wesley Foundation will hold its annual banquet for all members at 6:30 p.m. in Warren's Cafe in Moorhead. Following the meal will be a formal dance at the First Methodist Church. The banquet is in honor of the seniors.

Sunday, May 4, Wesley Foundation will go to NDU for an informal get-together.

Next Wednesday, the visit to the Jewish Synagogue will be discussed. All Wednesday meetings are held in the First Methodist Church. Rides leave the Union at 6:00 p.m.

ISA Term Party Slated For May 24

The ISA spring term party will be held at Detroit Lakes, May 24. The group will leave by car Saturday morning.

All members are invited to attend and bring a date. Swimming, waterskiing, boating, volleyball, suntanning, picnics, games, and dancing in the evening will be some of the feature activities.

\$2.00 will be charged for each couple attending.

Sigma Chi Names Richard Weeks Prexy

Recently elected officers at the Sigma Chi house are: Richard Weeks, president; Orville Kensole, vice president; Bruce Morgan, pledge trainer; Don Erickson, house manager; Morris Evens, historian; David Kearney, associate editor; Ron Nelson, Tribune; Edward J. Duin, social chairman; Don Hanson, secretary; and Robert W. Cosh, steward.

Alpha Gamma Delta Grand Pres. To Visit

Grand President of Alpha Gamma Delta, Mrs. Lulu Good Vogel-song of Lincoln, Nebraska, will arrive Saturday for a four day visit with the NDSC chapter. She is returning from Moscow, Idaho, where she installed a new chapter on the University of Idaho campus.

Saturday Mrs. Vogel-song will hold conferences with chapter officers. She will attend the Feast of Roses Banquet, Sunday, at which the new initiates of the sorority will be honored.

A graduate of Nebraska Wesleyan, Mrs. Vogel-song has been grand president since 1954, having served previously as grand vice-president.

State Baseball Team Hits 3 Wins, 1 Lose

The North Dakota State baseball team pushed their season record to three wins and one loss as they handed Bemidji State two losses. Three runs in the seventh and final inning gave us the first win. Bill Burtness started the ball rolling as he drew a walk. He advanced to third on Phil Ruud's single and scored when Curt Johnson was safe on an error. Don Thayer followed with a single to load the sacks and Ruud came home with the second run of the inning on Don Elston's sacrifice fly. Curt Johnson came home with the winning run when Cy Puetz blasted a double. They held Bemidji scoreless in their half of the inning and retained the win. Burtness was credited with the win as he gave up only six hits.

The second game was even closer than the first as it took an extra inning to decide a winner. Howard McCullough scored the winning run as he got on base with a single, was advanced on an error and scored on an infield out. Don Worner chalked up the win. Phil Ruud and Curt Johnson sparked the team in the two games with and four hits respectively.

Wahpeton Science handed the Bison two non-conference losses this past Saturday as they won the 4-0, and 3-2, decisions last Saturday. Bob Danielson of Wahpeton handcuffed the Bison in the first game as he dealt out 12 strikeouts while walking only three. The second game was much closer, however, and went to the Wops in the bottom of the last inning when they got a single with two on.

The next game on schedule is against Mankato this coming weekend which will be played in Fargo. Two games will be played.

Schroeder Receives Army ROTC Award

The Society of American Military Engineers has designated Stanley S. Schroeder, Army ROTC Junior, as a recipient of the society's Gold Medal.

Recipients are selected from Army ROTC advanced students pursuing a general military science course and a course leading to an engineering degree.

Schroeder is one of 20 winners of the Gold Medal & Key awarded to engineering students throughout the United States, who are in the next-to-last year of their Engineering and ROTC courses.

Chem Club Elects

Election of officers took place at the Chemistry Club meeting April 16. Elected were: Mary Anderson, president; Wayne Lunsetter, vice president; Barbara Hylland, secretary; and Pat McIlwain, treasurer.

The annual spring picnic will be held Wednesday, May 7, at 5 p.m. at Lindenwood Park. All Chemistry majors and their guests are invited, and should meet at the Chemistry Building at 5 p.m.

Huether Named Member Of Month

Marion Huether was elected committee member of the month for the Student Union Activities Board.

Marion is a junior in Home Ec. She has worked on the Creative Arts Committee for the past two years. She was in charge of the Social Forum program this year, as well as being active in many other projects.

Sports Of All Sorts

By Roger Lutz

Before I say anything else, I would like to call your attention to the coming alumni football game, which is slated to be played Tuesday, May 6, at 7:30 p.m. More than 80 former Bison football players are working out several times a week to get in shape for the contest with Coach Bob Danielsen's varsity squad.

This game will mark the last day of Bison Spring practice and will be an excellent opportunity for you Bison fans to get a look at next year's team. Profits from the grid contest will be used as a scholarship fund for Bison athletes.

When asked how this year's team compares with last year's team, coach Bob Danielsen said, "we are way ahead of last year. The boys had good spirit and should do all right for themselves." He pointed out that although they have no outstanding players, they should work well as a team.

The track team is looking somewhat better than they did a few weeks ago. Coach Tom Neuburger said, however, that they are still wobbly. The squad at the present time has only 15 men on it, not a very impressive number for a college this size. It seems to me that there must be some talent walking around on this campus that should be running on the track team. The team did as well as could be expected this last weekend in Jamestown. Coach Neuburger pointed out that the team isn't big enough to be strong in relay events, and he said that with the exception of a few individuals, the boys did as well as they could do.

George Comstock, a sophomore from Minot, was recently elected by the other team members as captain of the team. He runs the 2 mile. Freshman Bob Williams currently leads the squad in total points garnered in all of the meets so far; he is followed by Jerry Erek and George Comstock.

The Bison Invitational will be held in Fargo this coming weekend. Coach Neuburger feels that his team should do much better in this meet because there will be more individual events. The Bison, as I mentioned before, are "hurting" in the relay department.

The tennis team is beginning to look pretty good. After losing their first match to Concordia, the team has won their last two games. Sparked by Larry Dodge, the team came through with a victory in the Moorhead State College Invitational. Dodge won the singles championship marking the second consecutive time he has done this.

Jim Clow of SC soared to a new college record in the pole vault event last Saturday in James-

town. Clow, a freshman, sailed to 11'9" of establish the new mark.

The only other State participant to garner a first place was Jerry Erek in the high hurdles. 350 contestants participated in the North Dakota University dominated meet. State, as I said before is weak in relay events, and the results of this meet should not be too discouraging.

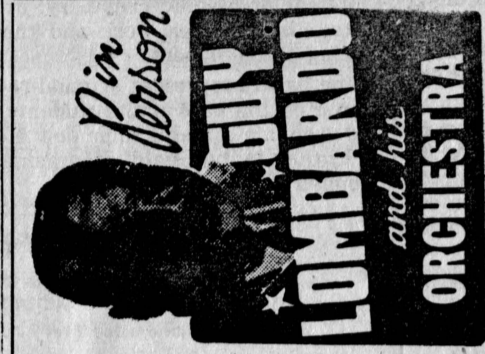

Moorhead State College's five man golf team posted a low total of 403 last Friday to win their own invitational golf meet. Standing in second place was the SC golf team with a 418 score. North Dakota University came in third with a 427 score and Bemidji State and Concordia hacked in fourth and fifth place respectively. Playing for NDSC were Don Kristofitz who posted a 77 score, Wylie Briggs who had an 82, Dick Monson and Bob Gooding who each had 84, and finally Curt Kristofitz, who fired a

Tennis Team News

North Dakota State's tennis team edged out the Concordia Cobbers in the Moorhead State College Invitational Meet, as they totaled eight points. The Cobbers managed only six points in a vain effort. The other two teams in competition were Moorhead State, who garner-

ed three points and Bemidji State College who could only rack up two.

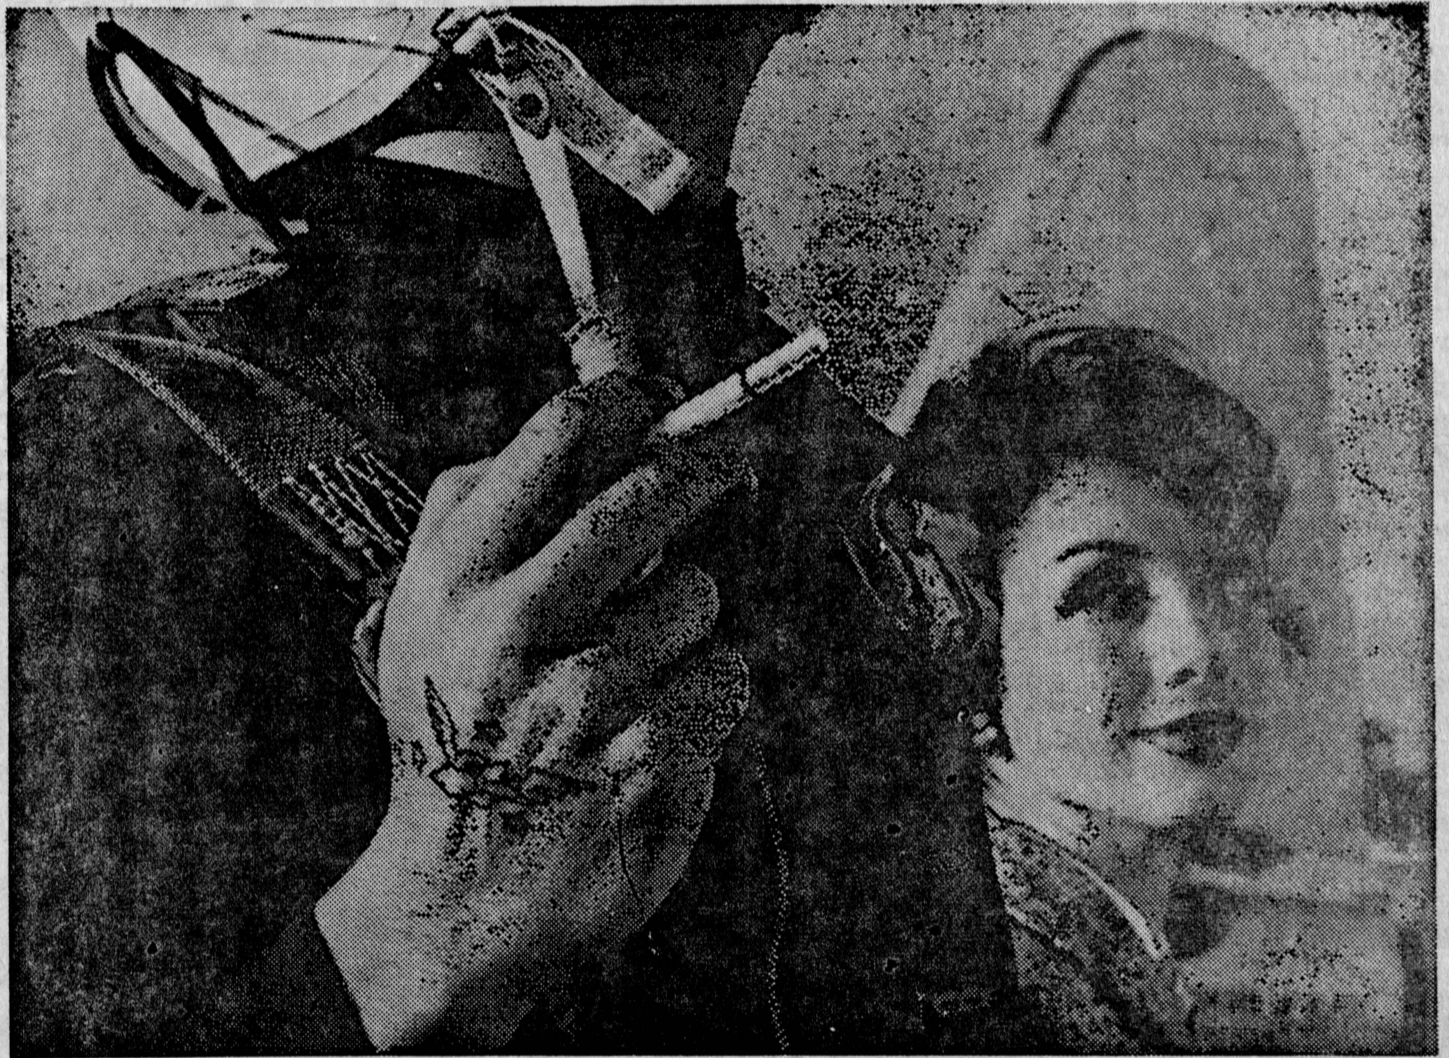

The singles championship went to Larry Dodge as he breezed to victory in his final match 6-1, 6-3. Errol Quick and Ross Fortier gained a place in the doubles final against Concordia but went down to defeat by 6-2, 7-5 scores. The total team effort, however, was sufficient to build up a winning score.

Long Hours In Research Results In Three Papers To Compete At The Science Meeting

Students in the School of Chemical Technology will present three scientific papers at the 50th anniversary meeting of the North Dakota Academy of Science meeting here, May 2.

The students will compete with students from Jamestown College and the University of North Dakota for cash prizes of \$50, \$25 and \$15 for 1st, 2nd and 3rd places, respectively.

Don Dahm will read "Preparation and Characterization of Acetoacetaldehyde." Roger Johnson, former NDSC chemistry graduate student, did part of the research work.

Duane Enger will read "Preparation and Properties of Some Pyra-

zole Derivatives." Others who did work on this project are Sylvia Ebel, Janice Swenson and Roger Johnson.

Kay Wollan will present "Further Studies in the Isoxazole Series."

Dr. Franz H. Rathman, associate professor of organic chemistry, directed the research work and the writing of the papers.

The papers represent original research on the part of the students, and each one contains some new information in the field of organic chemistry.

Seven SC Seniors Reveal Future Plans At "Y" Breakfast

Twenty-three YM-YWCA members from NDSC were guests at the J. E. Bennison home Sunday, April 27, for break. The breakfast, served at 9 a.m. was in recognition of the graduating seniors who belong to the "Y".

Seven seniors attended. They included Richard Teichmann, Clint Sparks, Gene Kreig, Marilyn Robinson, Doris Kirk, Patsy Matson, and Floreen Sjobotten.
