Miss Matilda Thompson, NDSC Dean of Women, released from her office today the names of 34 NDSC students nominated to Who's Who Among Students in American Universities and Colleges.

They were elected by a committee of two administrative staff members, four faculty members, and six students, one from each of the six schools on campus.

The six students were chosen by the editors of the *Bison* and *Spectrum* from a list of students given to them by the deans of the various schools on campus. The two administrative staff members were the Dean of Students and the Dean of Women.

Dean Thompson, chairman of the committee, sent out a card requesting those seniors in whom interest had been indicated by the committee, to bring in a list of their activities. The committee held a discussion and reviewed the activities and scholarship of each student, voted by ballot for their choice, and sent their nominations into the national organization.

NDSC had a quota of 32 and was assigned two more nominees in case of a tie.

The purpose of Who's Who is to honor those who have been outstanding in scholarship and who have participated in campus activities.

Christmas Convo Slated For Dec. 18

NDSC's annual Christmas convocation Dec. 18 leads the way among winter term convos, according to F. G. Schoff of the college Convocation Committee. Following after vacation will be dancers, puppets, and the NDU basketball rally.

Unusual speaker will be Nicholas Slonimsky, noted critic, scheduled to give a talk on music with piano illustrations.

The dancers are Gertrude Lippincott and Robert Moulton, making their third appearance here since World War II. They will also present a workshop for students interested in dance.

With some of them as big as three and four feet tall, Lord's Puppets will be a novel one-man show including scenes from ballets, plays, and musical comedy.

The schedule:

- Dec. 18—Christmas Convo
- Jan. 16—Dancers
- Jan. 26—Puppets
- Feb. 9—Slonimsky
- Feb. 20—NDU Rally

SUAB Sponsors All-College Party

The Student Union Activities Board will sponsor an all-college Christmas Party in the Student Union Ballroom on Monday, December 15, from 9 to 12 p.m.

All students and faculty members are invited.

There will be a Christmas program and refreshments will be served. Dormitory girls have extended hours, 11 o'clock for freshmen and 12 o'clock for upperclassmen.

Phi Kappa Phi Elects Thirty-Three; Recognizing High Scholastic Standing

Thirty-three seniors at North Dakota State College have been elected to membership in Phi Kappa Phi, the national scholastic fraternity at NDSC.

The 33 were chosen because of their high scholarship standing. Phi Kappa Phi is the counterpart on many land-grant campuses to Phi Beta Kappa, another national honor fraternity.

Phi Kappa Phi emphasizes student scholarship and character and seeks to stimulate mental achievement by recognition through election of members and they only meet to elect these members.

The 33 students are: Oscar Oren, Lois Bursack, Carolyn Callenbach, Ronald Jacobson, Donald Moe, Mitzi Mallarian, Stanley Schroeder, Janet Monson Pratt, Stuart Larson.

Harold Forsberg, Richard Gunderson, Louis Muhich, Arthur Ewert, James Friederichs, Lowell Mellum, Neal Nelson.

William G. Sweet, Norman Kmoch, Luther Urness, JoAnn Garaas, Dale Von Ruden, Merlin Duane Enger, Kenneth Gallagher, Carol Senechal, Rollen Noble.

Earl Stegman, Gordon Irwin, Leslie Anderson, Dorene Fix, Duane Stenberg, Eldred Frantsvog, Robert Boerth, and Robert Wetherbee.

Concordia Stages Christmas Concert

The traditional Christmas Concerts at Concordia College will be presented the evenings of December 12, 13, and 14, in the Concordia Memorial Auditorium.

Again this year the story of Christ's birth will be re-told in music and the visual arts by Paul J. Christiansen, head of the music department, and Cyrus M. Running, head of the art department.

Annual Bison Brevities Underway Production Set For May 7-9

Kickoff for the 1959 Bison Brevities was held Tuesday, Nov. 18 in the Student Union. Brevities Director Orian Fjestad presided over the meeting with Blue Key president Les Breitbach, arranger Paul Hanson and representatives

of all the participating organizations in attendance.

Next springs' production will be held on May 7, 8, and 9.

Fjestad urged the act directors to start work on their productions in preparation for the tryouts which will be held on Feb. 10-11. The former date is set aside for tryouts of the five-minute "curtain" acts; while on the latter date the fifteen-minute "production" acts tryouts will be held.

Deadline for getting in music and titles of the acts has been set for Jan. 12, according to Mr. Fjestad.

Ten H.E. Seniors Student Teach

Ten home economics seniors at NDSC are student teaching in seven North Dakota high schools for five weeks, beginning Dec. 8.

Janice Anderson and Joyce Idler will teach at Rugby. Beverly Belknap will be at Leeds. Meredith Moordale and Janice Fewell will teach at Oakes.

Janet Christopher will teach at Valley City and Karen Lenaberg will be at Larimore. Mrs. Marilyn Oen and Mrs. Joyce Pettinger will teach at West Fargo. Yvonne Mitchell will teach at Litchville.

Miss Lucile Horton, chairman of home economics education at NDSC, is the teacher trainer.

Two Attend NSA Meet

Margaret Platt, regional NSA vice chairman, and Noel Estenson, NSA commissioner for NDSC, attended the National Students Association Regional Executive Committee meeting at Macalester College Dec. 5, 6, 7. The main business discussed was the winter regional assembly which will be held at NDSC in February.

Attending the assembly will be colleges from Minnesota, North Dakota, and South Dakota.

"Witches Lullaby" Set For Jan. 17 In Children's Theatre

By Mary Graham

"The Witches Lullaby" will be presented at The Children's Theatre Sat., Jan. 17.

The play takes place in Scotland where Gertrude, a witch, played by Susan Thorkelson attempts to become de-witched. Her sisters G'tha and Gorina, played by Diane Brokate and Ona Carlson try to prevent the de-witchment. Dennis Chisolm as Malcolm Macbeth, a young Scottish highland lad helps de-witch Gertrude. Mr. and Mrs. Macbeth are characterized by Mike Hurley and Barb Holcomb. The town gossip, Miss Fitch is played by Toni Woodmansee.

Other members of the cast include Linda Flinger as Betty, John Alm, a town constable, and Mrs. McTavish is played by Carol Fjinstad.

The play is under the direction of Jane Higgins.

From the Editor's Desk

By Loretta Struble

After a week of going to the wrong classes at the wrong times, buying books, and a general state of confusion, the winter quarter is underway . . . And it looks like a good quarter with the Interfraternity Ball, The Spinster Skip, The Charity Ball, and of course, the "U" Series . . . And there are numerous convos and lyceums for the student's enjoyment.

There is a publication on our campus that is unfamiliar to most of the students. This publication is the North Dakota State Engineer. This magazine is published by the school of engineering and comes out four times a year. All of the work on the magazine is done by students in the school of engineering. This year's editor is Jack Heltemes.

Have you noticed that a freshman is virtually unnoticeable now? They have certainly integrated themselves into the well worn rut of college manners. Their confident attitude, ivy league dress, and earmarked notebooks hide them in the crowd quite effectively. The only way you can spot a freshman any more is by hearing them speak of English 102 themes. And even that method isn't foolproof any longer.

Protection Against Protection . . .

Just coming to school to register winter quarter was a big hazard. Snow, ice, howling winds and just general cussedness of the weather were problem enough for most students.

But add to that the extreme physical danger you underwent while registering, and you can only conclude, "It takes courage to enroll in good old NDSC."

Once upon a time, we suppose, the old wall board sheets used to protect the floor surface from the students worked very well. Now, we insist, something has to be devised to protect the students from the floor protection.

Not every student who came to register last week tripped and fell. Many merely tripped. Some students were momentarily anchored when they caught a foot under an edge of a sheet of wall board, and a foot above. Few persons who were going through registration however, did not see at least one person trip and fall, sometimes painfully.

It is somewhat ridiculous to expend so much time and effort setting up a registration system which is fast and efficient, if some pains are not also taken to make the system safe.

Student Study And Vacation Programs Available In Hawaii This Summer

A record number of mainland students are expected to visit Honolulu and the tropic islands of Hawaii next summer for study and vacation fun, according to Dr. Robert E. Cralle, Director, University Study Tour to Hawaii.

Over two thousand young men and women from all over America will join students from the Orient, Middle East and Europe during the summer, he reports. Students will travel to the Islands via ocean liner and airliner. Reservations for steamship space, he advised, must be made early in the year. Hotel and campus dormitory accommodations are available, both within minutes of the world-famed Waikiki Beach. The hundreds of courses offered by the University of Hawaii's distinguished visiting faculty

are highlighted by many subjects taught neither in America or Europe.

For recreation, a full summer's schedule of planned activities are offered to members of the University Study Tours. These include: dinner dances; trips through the island; beach parties; fashion shows of Island styles. Free bus service is also provided.

Special student and teacher "packaged" rates begin as low as \$49.00 for the six-week program. Complete information, including University Study Tour Bulletins and Hawaii Summer Session Catalogs are available by writing: Dr. Robert E. Cralle, University Study Tour to Hawaii, 3305 Wilshire Blvd., Los Angeles, 5, Calif.

Report From NDSC Senate

By Larry Swenson

The regular meeting of the NDSC Student Senate was held Tuesday night, Dec. 9, in the Student Union. Senators Noel Estenson and Charles Huntley were absent from the roll.

Bill Lantz, Homecoming Committee head, gave his final report and made clear the success of the 1958 Homecoming. The profit after all bills have been paid will be approximately \$400. Mr. Lantz was given credit for efficient handling of a successful Homecoming.

Family Farm Living Viewed By Writer

How should father and son farming agreements be set up to assure fairness and smooth operation? Can existing agreements be tested for fairness? Does one of the parties have to sell part of his assets to assure fairness in operation? These important questions face many fathers and sons who are contemplating family farming agreements, says Sigurd R. Stangeland, Agricultural Economist, North Dakota Agricultural Experiment Station.

Stangeland pointed out that farmers planning farm business agreements should consider (1) adequate farm size; (2) separate housing; (3) fair agreement; (4) written agreement; (5) record of income and expenses. Stangeland said these points are characteristics associated with successful agreements.

Why have a father and son farm operating agreement? By having a father-son farm operating agreement the father is helping the son get started in farming, Stangeland pointed out. He said most young men can't get started in farming because of increased investment and operating expenses. This increased capital need makes it more difficult to become established in farming.

Cy Puetz, student body president, reported that he had been contacted about student insurance that could be made available to students at discounted premiums. He further stated that a representative would be in this vicinity in the near future and will confer with Senators Lyle Baker and Duane Enger, who head a committee to look into feasible possibilities of such insurance.

Don Grimm, Commissioner of Communications, reported on the campus radio station. He stated that the station is on its feet and gaining financially.

Larry Swenson reported on the Summer Conference of the United States National Student Association. The 11th National Conference was held on the campus of Ohio Wesleyan University at Delaware, Ohio in late August. NSA reports were also given in relation to the fall regional conference at Macalester College and 2 regional executive meetings, one at Hamline University, and last weekend at Augsburg College.

Commissioner of Finance, Jerry Schnell, gave a complete financial report. The finance of Student Senate is public information and will be made available to anyone interested.

An open discussion was held on the reasons for not supporting "Big Name Bands" as a part of the campus student sponsored activities. It was generally agreed that they were too costly.

Cy Puetz reminded all Senators, Commissioners, and their committees to be present next Tuesday, Dec. 16, for Bison pictures. Anyone unable to attend should contact

Donna Holcomb, secretary, before Monday, Dec. 15.

Student Senate elections will be held two weeks before the end of winter quarter.

The next regular Senate meeting will be held Jan. 13, at 7 p.m. Anyone interested in Student Government is invited to attend.

Anderson Places In Photo Contest

Lowell J. Anderson is winner of an honorable mention award in contest for college photography sponsored by The Intercollegiate Magazine for college students published by the National Student YMCA and YWCA. For his picture of a college tug of war game he will receive a copy of "The Family of Man", a record of the photographic exhibit created by Edward Steichen for the Museum of Modern Art.

Mr. Anderson's picture will become part of an exhibit of college photography sponsored by the YMCA-YWCA, and first showing will be at the Y's National Student Assembly at the University of Illinois, Urbana, Dec. 28, 1959 Jan. 3, 1959.

Judges for the contest were Jacob Deschin, photography editor for The New York Times; David Linton, president of the American Society of Magazine Photographers; and Grace M. Mayer, curator of prints of the Museum of the City of New York, and author of the recently published book, "Once Upon a City."

North Dakota State
Fargo, North Dakota

Dear Jan,

May 8 and 9 seem a long way off. Yet from the enthusiasm I detect, it seems none too early to ask if you would set these days aside as dates with Yours Truly. From every comment and from seeing who is behind things, I can only promise you an excellent weekend.

Because of your interest when I first mentioned it to you I rest assured that "It's a date." I will be awaiting a reply however, for I want to make sure you have red circles around May 8 and 9.

Affectionately yours,
Don

The Spectrum Asked:

Would you like to take a trip to the moon?

By Lowell J. Anderson Spectrum Photo-Inter

Walt Trisko Sr., Pharmacy Carlos, Minn.

Yes, I would since an individual in France long ago bequeathed a large sum of money to the first person who reaches a heavenly body. Also, perhaps I could sell pills to the "Moonites".

Kathleen Austin Soph., Home Ec. Baker, Minn.

No! If it was my honeymoon I would not want to travel that far and I'm not leaving here before that.

David Kyllingstad Soph. E. Eng. Linton, N. D.

Yes. I'll try anything for kicks and I love cheese.

Janice Martin Jr., Home Ec. Lisbon, N. D.

Yes, with the present birthrate we'll need the extra space.

Ross Phipps Sr., Histor

Maybe in 2 years I haven't seen a green chee Greenwich yet

Socially Speaking . . .

By Janet Kippen

The chilling and driving blast of finals now over is accompanied by a brief respite in our climatical conditions. Thank the powers that be for both. Staters took advantage of both situations to really pow-wow this weekend.

Sigma Chi entertained themselves and many, many friends at a Klondike party Wednesday after finals. Sawdust on the floors, chorus girls, gold miners, gamblers, Ed Duin's hilarious murals and Roger Gurley's private den of intrigue provided the atmosphere. —Good party!

Gamma Phi Beta sorority kept the weekend rolling with their term party Friday evening at the KC hall. Rating the crowd's enthusiastic approval at intermission was Betsey Nelson's interpretation of "Whatever Lola Wants, Lola Gets", and other pledge entertainment. —Another good party.

Dinner exchanges at the Greek houses Monday night were those of Theta Chi and Alpha Gamma Delta, Alpha Gamma Rho and Kappa Alpha Theta; Tau Kappa Epsilon and Gamma Phi Beta.

A little pinning action around campus lately—the SAE pin of Bob Walker is now in the possession of Kappa Judy Skonseng. The SAE's beat Judy to the punch by coming over to serenade before she had passed the candle, so they got in their first sorority candle passing ceremony!

Sigma Chi alum Norm Hanson is pinned to Jane Leary, a Kappa from the U. of M. Phi Mu pledge Gloria Lider passed the candle in announcement of her engagement to Ron Porter of Grandin. Sigma Chi Bob Cosh presented a diamond to Marie Sperr of Minneapolis. Sigma Phi Delt Frank Joyce is pinned to Pat Brusell of Concordia.

Pledged to Gamma Phi Beta is Carol Dewey from Campbell, Minnesota. SAEs serenaded the Gamma Phis Monday evening.

Parties Friday night galore! Kappa Alpha Theta term party, in ivy-league style will be at the KC Hall in Moorhead. Phi Mu will entertain their dates at the Holly Room at the FM in Moorhead. Kappa Delta sorority will be partying at the KC hall in Fargo, with Kappa Kappa Gamma doing the same across the street at the Moose Hall. Like term party hopping?—Friday's the night to do it!

Amidst the controversy of the desirability of senior off-campus housing, the following poem has come. Authored by Jan Brudvik and Loraine Hanson, they admit the assistance of Robert Browning!

**Oh, to be a dorm girl
Now that winter's here,
For whoever wakes in Dinan
Knows that she has not to fear
A long cold walk through sleet
and snow
Up 13th against that wind
That whistles round each tree
and bough
On campus—now!**

**And after November, when
December follows,
And the geese, ducks, and all
the swallows
Have fled this cruel clime
For points south and a sunny
shore;
The Seniors know that it is time
To don their warmest and
still more
And while their Dinan sisters
sleep
Start out through the soft white
deep.**

**They did not choose to live
this way
Though it was fun on an
autumn day;
But now the Seniors' hearts
are pinin'
For the warm and friendly halls
of Dinan.**

All girls on campus interested in joining a sorority are asked to register with the Dean of Women before January 6. Because of Christmas vacation, this should be done before you leave for home the first of winter. Winter rush is from January 6-12.

The Glitter of Gold Highlights Fashions

During Holiday Season

By Evanne Grommesh

The nights, longer as Christmas draws near, are just as full of lightness as of darkness. The excitement and dazzle of the golden season is upon us.

To celebrate the holiday season this year, girls, wear gold to the many festive occasions.

Perhaps a champagne gold chiffon, with a high waist and a skirt that bubbles out softly at the knee, would be perfect for that important yule party. Glimmering bright gold jewelry could be worn.

The golden look must be complete, so on your feet put golden shoes and the latest gold tinted hosiery.

The Midas touch can also be used in your make-up. Juliette Marglen, make-up specialist, has come out with a lipstick with a golden glow. Your nails can also dazzle with this season's popular color. Golden colored polish is now on the market. For that final touch put a little glitter in your hair so it too will sparkle with the season.

When 8:00 comes and your favorite fellow arrives, have him help you don a shimmering gold satin evening coat.

Girls, you may also note an added sparkle in his eyes and you will see why when he shows you what you will be riding in to the party—his new 1959 Chevrolet Impala sports sedan. You're right, it too is in Gothic gold and beige.

Everyone is feeling the golden season. You must also.

Dorms Plan Teas

Counselors from Dinan and Ceres Hall met with Miss Matilda Thompson on Wednesday and Thursday afternoons, respectively, at 4:00 p.m. to plan welcome back teas which will be held in both girls dorms on January 4.

According to Miss Thompson, "a warm New Year's welcome" will greet the girls and anyone else who drives them back to their dorm after the Christmas vacation. Whether it be the girls' parents, boyfriend, girlfriend, brother or sister, or other friends, they are invited to come to the dorms for coffee before returning to their homes.

The counselors of the dorms are in charge of this social function and will be assisted by the head resident and residents.

Sigma Alpha Iota Elects Jan Melby

Jan Melby was recently elected president of the pledge class of Sigma Alpha Iota, professional music fraternity for women. Other officers are: Robin Stroup, vice president; Lea Tesch, secretary-treasurer; and Joan Tangen, song leader.

North Dakota Young Men And Women's Conference Held At NDSC Union

"Perpetual Pushing Provides Better Programs" was the theme for the North Dakota Young Men and Women's Conference held here at NDSC.

The conference started Nov. 21, with the registration of the delegates in the lobby of the Memorial Union and it ended on Saturday at 12 p.m. with a social gathering.

Assembly was held at the campus Lutheran Center at 7:30 p.m. with Charles Rust Presiding. Marilyn Sten gave the welcoming speech and Pauline Reynolds introduced the committee member advisors. Pauline spoke on the programs of the North Dakota Young Men and Women.

John Banning, Federal Extension Service, spoke on the objectives of the conference and of the affairs of the nation concerning our youth today.

Marie McKinzie, the IFYE delegate to Sweden in 1958, showed slides and sketches of her stay in Sweden.

At the close of the assembly the social gathering began at 8:30 p.m. with square dancing until 12 p.m. when everyone had a Bar B-Q break.

The conference continued Satur-

day morning at 9:30 a.m. with John Banning speaking on Special Interest Groups which included brainstorming ideas, report of brain trust and the brain work in the home community.

Marilyn Sten and Audrey Holte led a song workshop at 11:30 a.m. and at 12 noon all the members of the conference attended lunch in Ceres Hall Cafeteria.

The conference continued at 1:15 p.m. with a report on the Western Regional Rural Youth in the United States of America. The business meeting followed with the election of officers for the new year.

Square dancing workshop was held again at 3:30-4:30 p.m. and a banquet for the members was held at the Memorial Union at 6 p.m.

The installation of officers began at 8 p.m. and square dancing followed until 12 p.m. This marked the close of the conference for 1958.

The officers of the conference were: President—Charles Rust; vice president—Jerry Buck; secretary—Fern Saylor, and treasurer—Marie McKinzie. The executive committee included Jim Fischer and Marilyn Sten.

Dec. 15--Union Xmas Party

On Campus with Max Shulman

(By the Author of "Rally Round the Flag, Boys!" and "Barefoot Boy with Cheek.")

THE GIFT HORSE

I know how busy you are—studying, going to class, catching night crawlers—but let me interrupt your multifarious activities—studying, going to class, helping old grads find their dentures after Homecoming—to remind you that busy as you are—studying, going to class, searching for meat in the dormitory stew—time and tide wait for no man, and the Yuletide will soon be upon us. Busy or not, we must turn our thoughts to Christmas shopping. Let us, therefore, pause for a moment in our busy schedules—studying, going to class, rolling drunks—to examine a number of interesting gift suggestions.

We will start with the hardest gift problem of all: What do you give to the person who has everything? Well sir, there follows a list of a half dozen gifts which I will flatly guarantee the person who has everything does not have:

1. A dentist's chair.
2. A low hurdle.
3. A street map of Perth.
4. Fifty pounds of chicken fat.
5. A carton of filter-tip Marlboros.
6. A carton of non-filter Philip Morris.

"What?" you exclaim, your young eyebrows rising in wild incredulity. "The person who has everything does not have cartons of filter Marlboros and non-filter Philip Morris?" you shriek, your young lips curling mockingly. "What arrant nonsense!" you rasp, making a coarse gesture.

And I reply with an emphatic *no!* The person who has everything does not have filter Marlboros and non-filter Philip Morris—not for long anyhow—because if he has Marlboros and Philip Morris and if he is a person who likes a mild, mellow, fresh, flavorful cigarette—and who does not? eh? who does not?—why, then he doesn't *have* Marlboros and Philip Morris; he *smokes* them. He might possibly have a large collection of Marlboro and Philip Morris *butts*, but *whole* Marlboros and Philip Morris? No. An emphatic *no!*

Now we take up another thorny gift problem: What do you buy your girl if you are broke? Quite a challenge, you will agree, but there is an answer—an ingenious, exciting answer! Surprise your girl with a beautiful bronze head of herself!

Oh, I know you're not a sculptor, but that doesn't matter. All you have to do is endear yourself to your girl's roommate, so she will be willing to do you a favor. Then some night when your girl is fast asleep, have the roommate butter your girl's face—quietly, so as not to wake her—and then quietly pour plaster of Paris on top of the butter and then quietly wait till it hardens and quietly lift it off—the butter will keep it from sticking—and then bring you the mold, and you will pour bronze in it and make a beautiful bust to surprise your girl with!

Remember, it is important—*very* important—to endear yourself to the roommate, because if anything should go wrong, you don't want to be without a girl for the holiday season.

© 1958 Max Shulman

Your gift problem is no problem if you will give Marlboros to your filter smoking friends and Philip Morris to your non-filter smoking friends. Both come in soft pack or flip-top box; both are made by the sponsor of this column.

ATO's, SAE's Lead In Contests Sports Of All Sorts

By Roger Lutz

By Dean Forseth

Following the excitement and confusion of the past two weeks, intra-murals are again getting into full swing. Basketball and wrest-

ling schedules went into effect this week. Ping Pong preparations are in the making and bowling has resumed its busy pace.

With basketball preparations concluded, forty teams are entered. These teams are broken down into five brackets of eight teams each.

As the cold winter months approach and engulf us, ping pong again enters the scene. Intramural advisor, Erv Kaiser, urges any organization interested in entering this event to attend the organizational meeting. This meeting will be held Monday, Dec. 15, in Room 204 of the Field House.

With one week remaining of the first half season some definite leads have been attained in each of the brackets. Leading the All-Star League are the SAE's; the YMCA

controls the Master League while the Vet's Club and SPD dominate the Major and Classic leagues respectively.

The conclusion of the fall quarter sees the ATO's ahead in the overall intra-mural program with a total of 135 points. They are followed by other organizations in the following order:

Co-op	110
AGR	90
SAE	82½
Finnegan Hall	60
Kappa Psi	55
SUAB	55
TKE	50
SPD	47½
Sig's	40
Theta Chi	35
Farmhouse	20

Coach Chuck Bentson seemed somewhat pleased with the performance of his team in last Saturday's game with the Concordia Cobbers. He said that they played up to expectations for their opening game, but he expects many improvements as the season progresses. Bentson did point out, however, that the performance of John Foss indicated that he will probably return to the outstanding form of his sophomore year. Foss hit for 18 points in the game and contributed to the Bison defense as he came up with many rebounds. Many of the Bison fans sat up and howled with approval at one of Foss' drive-in shots which he flipped backwards over his head into the bucket. Coach Bentson commented that Foss has unusual control of this shot. Bentson added that playing of this sort has a tendency to increase the morale of a team.

Also the recipient of praise from the coach was sophomore Marvin Bachmeier who sparked the team with his consistent scoring. Bentson said that with his scoring

potential and ball handling ability Bachmeier will be seeing a lot of action in future games.

The probable starting lineup for tonight's game with South Dakota State, will be Dick Faught at center, John Foss and Jerry Kingrey at forward spots, and Marv Bachmeier and Bob Brown or Ross Fortier at the guard positions. Bentson pointed out that in view of the size of the opponents tonight this lineup might look weak on the defense, but he added that it will increase the speed and scoring power.

Bentson had words of praise for Curt Quenette who saw limited action last Saturday, and said that now that he is rounding into physical condition, he will be used for rebounding. There is also a possibility that Quenette can help in the scoring column.

As far as the rebounding is concerned, Bentson pointed out that this department will have to be improved. South Dakota State has a 6'8" center, and two forwards at 6'7", and 6'5", so it is evident that the Herd will have to be effective on the backboards if they expect to contain the Jackrabbits at all. Along with height, the Jackrabbits have excellent depth, and are rated by the area sportscasters and writers as the team to finish number one in the North Central Conference.

In observing last Saturday's game, I noticed that the Herd was effective in the fast break department. Coach Bentson agreed with the comment that this team runs the fast break better than any of the teams of the previous three or four years.

As if Friday's game, against the top rated team, weren't enough, the Herd will tangle with ISTC on Saturday. The teachers are rated by the area sportsmen to finish second so it is apparent that the weekend for the Herd will be a long and rough one.

In any event, support will be appreciated and it is up to you, the students, to support your team, so what do you say we have another packed house at both games this weekend!

Neuberger Sizes Wrestling Situation; Sees Lack Of Experience As Hindrance

Enthusiastic candidates—limited experience, sizes up the wrestling situation at North Dakota State, as Bison wrestlers prepare for an ambitious schedule of 20 dual meets and three tournaments.

Coach Tom Neuberger feels the current squad outlook is brighter than last year, when the Bison won two matches and lost nine. He points to the stiff competition in nearly all weight categories as a predominant factor regarding the possible success of the squad.

The Bison coach feels that the addition of more candidates with high school experience will at least offset the loss of all but one of last year's lettermen. Returning letterman is Larry Van Sickle, captain of the present squad.

Nine individual wrestling categories are open to Bison wrestlers, many of which will have to be filled with inexperienced boys.

Included in the squad are only three juniors. The rest are sophomores and freshmen.

Baby Bison Win 71-63

In their first game of the season, North Dakota State Baby Bison defeated the Concordia freshmen, 71-63.

Under the coaching of Cliff Hendrickson, the Baby Bison led all the way. This year's freshman team is one of the best in years according to some NDSC coaches.

The 4-door 9-passenger Kingswood with rear-facing back seat and automatic rear window

Be our guest for a pleasure test . . .

THIS IS THE ONE FOR WAGONS! 1959 CHEVY

Chevrolet's five stunning new station wagons for '59 are shaped to the new American taste with fresh, fine Slimline design. And they're beautifully practical—with roomier, quieter Bodies by Fisher, an even smoother ride, new ease of handling!

Wagons were never more beautiful or dutiful. From low-set headlights to wing-shaped tailgate, these '59 Chevrolets are as sweet looking as anything on wheels. They're just about the handiest things on wheels, too—from their overhead-curving windshield to their longer, wider load platform. Besides additional cargo space, you also get added seating room (4 inches more in front, over 3 inches in back). And you'll find such other practical advantages as new easy-ratio steer-

ing, Safety Plate Glass all around, bigger, safer brakes, smoother-than-ever Full Coil suspension and a roll-down rear window (electrically operated as standard equipment on the 9-passenger Kingswood). Your dealer's waiting now with all the details on why this year—more than ever—Chevy's the one for wagons.

"How can I be sure you've got some Camels?"

More buxom blondes with shipwrecked sailors insist on Camels than any other cigarette today. It stands to reason: the best tobacco makes the best smoke. The Camel blend of costly tobaccos has never been equalled for rich flavor and easygoing mildness. No wonder Camel is the No. 1 cigarette of all!

Leave the fads and fancy stuff to landlubbers...

Have a real cigarette - have a **CAMEL**

Students Plan Tour

"We're headed for the west coast, Rose Bowl, and Mexico," commented Frank Hughes, senior in agricultural engineering from Neche, N. Dak.

Frank Hughes, Terry Lorenzen, Jerry Beulow, and Lynn Howe, four NDSC seniors, are planning to spend Christmas vacation touring the west coast and Mexico. The four students plan to leave Fargo December 20, and return January 6, 1959.

They plan to be in Pasadena, California January 1, to attend the Rose Bowl game and they are also going to look into some job opportunities in Los Angeles during the course of the trip.

Jerry Beulow sums the trip up this way, "We plan to have a whale of a time and return broke."

THEY SAID IT COULDN'T BE DONE - BUT TODAY'S L&M GIVES YOU-

THEY SAID IT COULDN'T BE DONE!

Who would believe you could get college credits by watching TV? But television now offers daily classes in atomic physics - and over 300 colleges and universities across the nation are giving credit for TV courses.

Puff by puff **Less tars**
& **More taste**

DON'T SETTLE FOR ONE WITHOUT THE OTHER!

Change to L&M and get 'em both. Such an *improved filter* and *more taste!* Better taste than in any other cigarette. Yes, today's L&M combines these two essentials of modern smoking enjoyment - less tars and more taste - in one great cigarette.

Now that the new quarter is beginning, we of radio station KDSC are on the lookout for new staff members, as is the case at the start of each new term. We have vacancies left by staff members of last quarter who for various reasons have left us. Therefore, if you are interested in this type of activity and can spare an hour or two each week, come to the station tomorrow morning, Dec. 13, at 10:00 a.m. for the tryout. Experience is not necessary, although it is desired.

The residents of Stockbridge Hall should have no difficulty in receiving KDSC now and in the future, as a new satellite transmitter has been built by our technical staff and installed. The steel structure of the building makes it difficult for our transmitter to carry to the building, but this special satellite has solved the problem. Any residents of the dorm who have difficulty receiving KDSC are asked to call KDSC and we will try to iron out the difficulty.

In case you are unable to attend any of the home Bison games, set your dial at the 750 spot, and you will get a play-by-play account of the game. We have a special line into the fieldhouse to broadcast these games on the spot. Roger Lutz and Pete Hegrenes will be doing the announcing.

We'll be back next week to announce the names of the new staff members. But in the meantime, remember tomorrow morning at 10 for tryouts, you Stockbridge Hall residents listen regularly for some music, away from the rock and roll vein, and of course, the play-by-play accounts of the Bison home basketball games.

For the best on wax, so you may relax, it's 750 radio, the voice and choice of the State College student in Fargo.

NOTICES

Alpha Phi Omega Benefits State Students By Selling Used Books In Library Dec. 7-19

Have you noticed the first few weeks of every quarter a mass of screaming people creating confusion while crowding around a small room in the entry of the library? This is the Alpha Phi Omega Book Exchange.

Every quarter Alpha Phi Omega, national service fraternity, runs a second hand book exchange for the benefit of NDSC students. Alpha

Wesley Foundation To Hold Formal

On Dec. 13, the Wesley Foundation will hold its annual formal.

The theme for this year is "Snow Festival." The dance will be held at the First Methodist Church, 9th St. and 1st Ave. South, in White Hall on the second floor; from 8:30 to 11:30 p.m. The cost is 75c per person. This dance is open to all who wish to attend.

Phi Omega is a non-profitable organization, so the proceeds are used to buy reference books for the library. This year additional shelves are being built to hold the books put up for exchange.

According to Don Moorhead, a member of A Phi O, the book exchange will be open to receive books from December 1 to December 12. Books will be sold December 7 through the 19. Unsold books may be picked up January 5, 6, 7. Checks will be distributed by mail this year, arriving during Christmas vacation.

FOR SALE

FOR SALE: K and E slide rule log log duplex trip. Good condition, only \$14. See Herbert Pankow, 36 Bison Court, 6-9 p.m. any evening.

Guscott Speaks To Phy. Ed. Club; Jerry Lou Klusmann Elected First President Of New Organization

Mr. Gil Guscott, physical therapist at Dakota Clinic, spoke to the members of the Physical Education club in Meinecke Lounge Thursday night, December 11.

On November 6 the club met and elected its first officers. They are: Jerry Lou Klusmann, president; Tom Egan, vice president; Collette Buhr, secretary; Larry Welch, and Kathy Vigaasa, program chairmen, and Lois Nelson, treasurer. After the meeting coeducational volleyball was played.

This is a professional organization open to all majors and minors

in physical education. Its purpose is to awaken a broad and intelligent interest in health, physical education, and leadership, and to assist in the evaluation of the physical education, health, intramural and athletic program at NDSC. Miss Beulah Gregoire, Tom Neuburger, and Erwin Kaiser are the advisors.

REALLY SOMETHING TO WRITE HOME ABOUT ...FOR CHRISTMAS

REMINGTON SHAVER!

Hint for a Remington, ask for a Remington. If it gets really desperate, buy a Remington yourself (it's worth it!). It's the smoothest electric shaver around!

REMINGTON ROLLECTRIC® FOR MEN

A real man wants, and needs, a real man's shaver . . . a man-sized Rollectric! Six diamond-honed cutters . . . largest live shaving area of all! Exclusive Roller Combs roll skin down, comb whiskers up to get your Heavy Beard and Hidden Beard: whisker bases below ordinary shaving level. You get close, fast, comfortable shaves that last hours longer! 110V, AC-DC.

REMINGTON PRINCESS FOR WOMEN

Gentle, feminine shaver. Petite, yet with four times as much live shaving area as any other ladies' shaving implement. Exclusive Guard Combs make it so safe it can't chafe; you can shave back and forth—no need to worry about which side to use for legs or underarms. You can apply a deodorant immediately. Three chic colors: Ivory, Pink, or Blue. AC only.

Placement Service

Tuesday, December 16, 1958
U. S. Border Patrol, Immigration and Naturalization Service

Mr. Herman C. Moore, Deputy Chief of the Border Patrol, Northwest Region, will visit the campus for the purpose of speaking to students interested in becoming Border Patrol Officers.

The program offers opportunities for promotion to positions in investigations, immigration inspection and various supervisory positions. A formal training program introduces the new member to the Immigration and Naturalization Service responsibilities.

All students seeking further information are requested to contact the Placement Office to arrange interviews with Mr. Moore.

During the summer of 1959 the Sandia Corporation plans to employ a number of outstanding engineering and basic science students from colleges throughout the country. They are interested in students who have completed their junior year and graduate students working on advanced degrees. These students will be given technical assignments in research and development groups working in the field of atomic weapons.

Interested students should contact the Placement Office immediately to complete the necessary application forms.

Survey Indicates Wives Of NDSC Students Work

Working wives are not a novelty in married student circles. A recent survey indicates that 64% of the married NDAC students wives have jobs other than keeping house.

Fifty three names were picked at random from the school directory and called. Results show that 34 of these 53 wives were working now. Of the remaining 19, two were attending college and the other 17 were not working. Many of the wives who are not working have worked at various intervals since their husbands entered school.

The working wives were asked what type of work they did.

Office work led the field with 15. Nursing was second with nine, six were teaching school, and four were baby sitting. This indicates there is a high proportion of professional trained wives on the campus.

'I'm Europe Bound!' Says AGR Werner

How far away is Europe? "Not too far for a NDSC student to go between quarters," says Marv Werner, Alpha Gamma Rho Noble Ruler.

Of course, he will "hedge" a little on time to include his Christmas vacation—and therefore will be gone for about five weeks.

During his stay he plans to tour Austria, Germany, France, Italy, and Switzerland. "I was able to secure an international drivers license," added Marv, "Now my only worry will be finding a car."

He has arranged to leave Thursday, Nov. 27, via the new trans-world 707 Boeing jet airliner, and will arrive in Paris, France, about 24 hours later.

Students Observe Canning Company

Students from Agricultural Economics 401, 484, and 492 (classes which deal with farm management and appraisals), drove to Le Sueur, Minnesota Nov. 22-23, where they observed the management techniques of the Green Giant Canning Company.

The main emphasis was placed on the corporation's methods of planning and budgeting the farming operations on the 13,000 acres which they farm, and how they coordinate their own farming opera-

tions with those of their contract growers, so they may scatter maturity dates for leveling out labor requirements at their canneries.

The ten students and Prof. Walter Wilson left Friday afternoon on the 270 mile trip. Dr. L. D. Loftsgard and three other students were to fly to Le Sueur Saturday morning and join the group, but were unable to because of poor flying conditions.

The group returned Saturday night.

Ever meet a pessimist?

He sees the world through dark glasses. He just knows that he'll wind up in a job he doesn't like, that he'll be underpaid, that he'll get lost in the crowd. But realistic men know these things depend largely on their own decision in choosing a career.

Realistic men look for companies that provide sound training, advancement opportunities, challenging work, stimulating associates and good pay. These are the fundamentals that insure success and progress in a career.

The Bell Telephone Companies offer these fundamentals to hard-working, ambitious realists majoring in the arts, the sciences, business or engineering. Get the whole story regarding telephone careers. Talk with the Bell interviewer when he visits your campus. Ask him about training, advancement opportunities, salary, job security. We think you'll like what you learn.

You can also get information about telephone careers by reading the Bell Telephone booklet on file in your Placement Office.
