Trenbeath Reigns As Ag Show Queen; Anderson And Lloyd As Attendants

Chloe Marie Trenbeath was named Queen of the 1959 Little International Livestock Exposition to be held at North Dakota State College Jan. 30-31.

Vergene Anderson and Beverly Lee Lloyd were chosen as her attendants.

The queen and her attendants were selected by the NDSC Saddle and Sirloin Club from 11 candidates picked by Tryota, a home economics club.

Chloe, a 5'9" 20-year-old brunette, is the daughter of Mr. and Mrs. Allan W. Trenbeath of Neche. She is a junior majoring in foods and nutrition, a member of Kappa Delta sorority and the concert choir.

Chloe has participated in meat judging contests at the American Royal in Kansas City, Mo., and the International Livestock Exposition in Chicago. She transferred to SC this fall from the University of North Dakota.

Vergene, 19-year-old daughter of Mr. and Mrs. Lloyd Anderson of Wilton, is a 5'4" brown-haired sophomore. She is an alternate cheerleader, a member of Kappa Delta sorority; the concert choir; Guidon, women's auxiliary to the Air Force ROTC; Ceres Hall Dormitory Council; and was a candidate for Sweetheart of Tau Kappa Epsilon last year.

Vergene is one of five members on the National Farmers Union Junior Advisory Council. She is majoring in Home Economics education.

Beverly, a petite 5'1" junior majoring in home economics education, is first vice president of Alpha Gamma Delta sorority and a member of Guidon; Women's Athletic Association; the Student Union Activities Board; and Orpheus, modern dance club. She is the daughter of Mrs. Helen Lloyd of Fessenden.

The Little International is a student-managed and produced show patterned after the International

Livestock Exposition held in Chicago each year. The queen will act as mistress of ceremonies and will present trophies to the winning contestants.

Spinster Skip Jan. 23

The Spinster Skip, annual Senior Staff sponsored girl ask boy affair, will be held Friday, Jan. 23, at 9 p.m. in the Student Union Ballroom.

Paul Hanson's Orchestra will furnish the music for the dance.

Tickets are \$2 per couple and may be purchased from any Senior Staff member.

★ ★ ★
Eight months following the ground-breaking, St. Paul's Chapel and student center at NDSC will hold its dedication and open-house on Sunday, Jan. 11.

The new \$250,000 unit will be blessed by Bishop Leo F. Dworschak, Auxiliary Bishop of the Diocese of Fargo, at the High Mass on Sunday, at 11:00 a.m., to be offered by Father Wm. J. Durkin, pastor of the chapel and director of the Catholic student center. The sermon at the Mass of dedication will be delivered by Bishop Leonard Cowley, former chaplain of the Newman Foundation at the University of Minnesota and present Auxiliary Bishop of the Archdiocese of St. Paul.

★ ★ ★
Open-house with refreshments and tours of the new center will begin at 2:30 p.m. with a brief civic program in the chapel. NDSC President Fred S. Hultz, Bishop Dworschak, Bishop Cowley, and Fargo's Mayor Herschel Lashkowitz will extend their greetings. Also speaking briefly will be Father George Garrelts, chaplain of the Newman Foundation at the University of Minnesota and present National Chaplain of the National Federation of Newman Clubs. Members of the Newman Club at NDSC will serve as guides to visitors throughout the afternoon, and members of the Catholic Daughters of America will act as hostesses at the tea.

★ ★ ★
The public is invited to take part in any or all of the day's functions.

St. Paul's Center is designed to serve the nearly 600 Catholic students at NDSC. It affords a chapel to seat 280 students, a library, student lounge, large social hall, conference rooms, Newman Club workshop, and chaplains' residence. The four wings of the building surround the four-lot area immediately opposite the campus, leaving an open court-yard in the center of the unit.

Funds for the center were raised by an assessment on all parishes in the Diocese of Fargo, an ecclesiastical jurisdiction incorporating the eastern half of North Dakota.

Father Durkin states that it is the aim of such centers as St. Paul's to provide facilities that will aid in filling the spiritual, cultural, intellectual, and social needs of Catholic students on a state college campus. As the first resident Catholic chaplain, Father Durkin will be available for consultation to students and will offer Mass each day in the chapel at 5:00 p.m. The afternoon Mass schedule has proved to be the most convenient for students. Masses will be offered on Sundays at 9:30 and 11:00 a.m.

Although not a territorial parish, St. Paul's Chapel will serve as the personal parish of all unmarried students from outside the city of Fargo, and of all married students who live in college housing units.

Beyond the religious program scheduled by the pastor, a program of lectures, panel discussions, social gatherings, and other student activities are planned by the executive council of the NDSC Newman Club.

Onetime SC Coaching Great, 'Casey' Finnegan, Passes Away

in the latter year was appointed by Dr. John Lee Coulter, president, as NDSC athletic director and professor of physical education.

That fall he succeeded Stanley Borjeske as head football coach. His teams won the North Central Conference titles in 1932 and 1935.

After serving in the service Finnegan came back as athletic director in 1946, and remained active until he became ill on May 19, 1954.

His name has been commemorated at the SC through various honors. One of them is Finnegan Hall, which provides living quarters for SC athletes.

In 1956 Casey was cited by the Football Writers Assn. of America for an award for "long and meritorious service."

One of the greatest athletic boosters of NDSC passed away after a long illness Sunday, Dec. 28, at a Grafton city hospital. His name is C. C. 'Casey' Finnegan.

Casey served as athletic director and football coach at the SC for 25 years. While he was head football coach he won two conference titles.

Beginning at Oconto, Wis., high school in 1913, his coaching career actually covered a period of 41 years. During part of this time he served as a second lieutenant in the army.

He served as Grafton superintendent of schools from 1922-1928 and

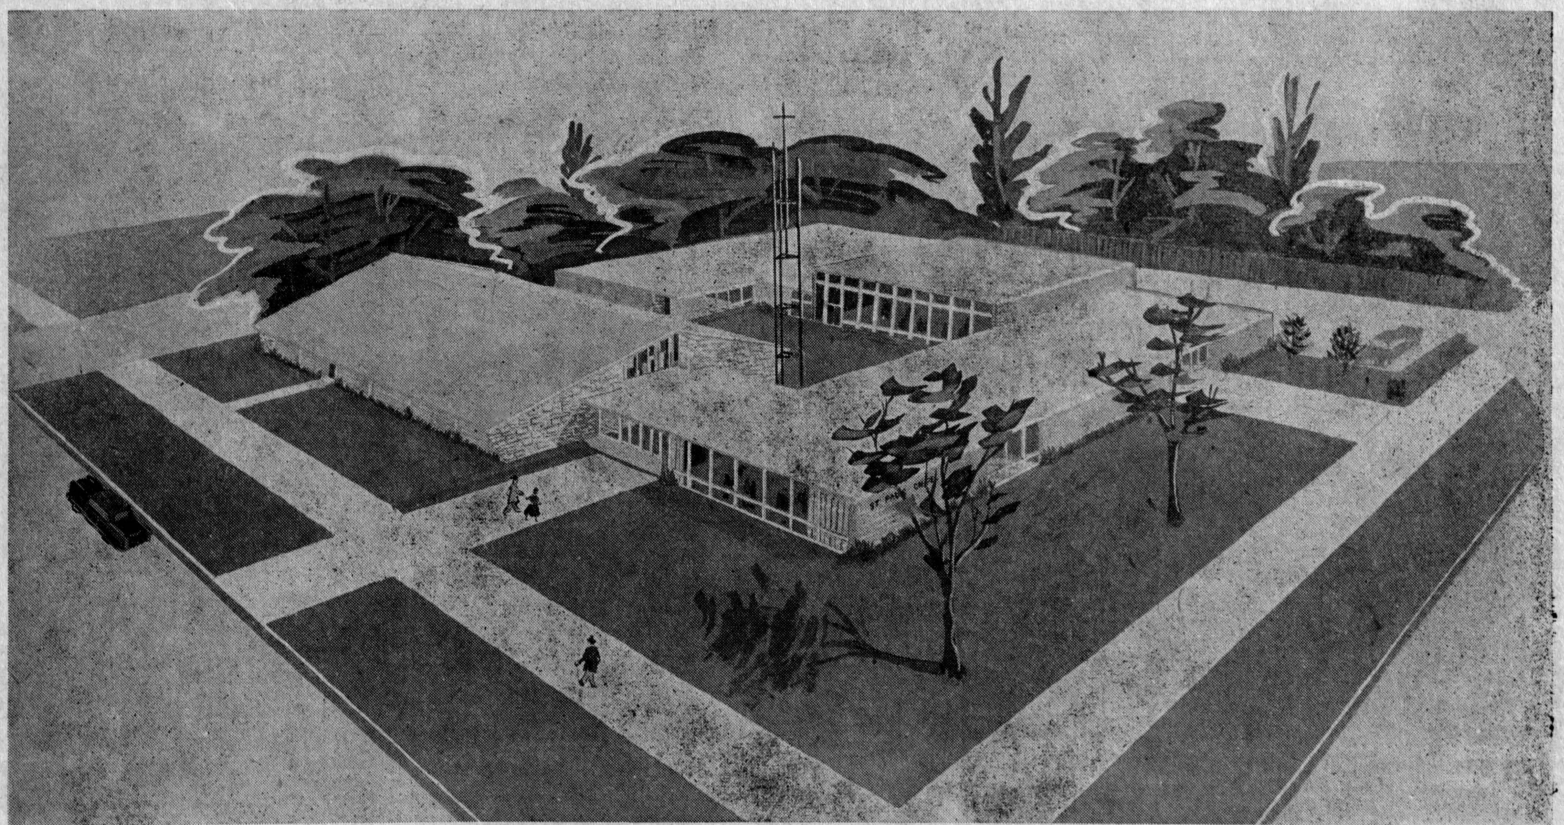

Notice To All Driving Cars On Campus

Effective with publishing of this notice in the Spectrum, all DAY-TIME rules and regulations regarding parking of cars on campus will be effective NIGHTLY ALSO. No student cars will be permitted to park on any campus drives at any time.

THIS CHANGE IS DUE TO THE TRAFFIC HAZARDS THAT EXIST AND A REQUEST FROM THE CITY FIRE CHIEF THAT ALL STREETS WILL BE CLEAR FOR TRAFFIC IN ANY EMERGENCY.

A patrolman will be on duty and violations will be treated according to fines published under traffic rules and regulations. Your cooperation will be greatly appreciated.

TRAFFIC COMMITTEE

St. Paul's Chapel, the recently completed Newman Club center on campus, will be dedicated at services Sunday, Jan. 11. Open house will be held beginning at 2:30 p.m. with a program featuring President Hultz, Bishop Dworschak of the Diocese of Fargo, Fargo's Mayor Lashkowitz and various Newman Club Leaders. Dedication Mass will be held at 11:00 a.m. Sunday.

From the Editor's Desk

By Loretta Struble

After two weeks of vacationing, it's time to settle down to school again. It seems to be quite hard for most of us to get back to studying.

The Interfraternity Ball at the Crystal tonite promises to give male Greeks and their dates a good time. About this time each year a switch is pulled and a male is crowned instead of a girl. The title of Model Man will be given to one of the candidates from the various fraternities.

Next week offers a lot in the way of entertainment for the NDSC student, with two lyceums and a convo. Let's take advantage of these opportunities to watch some fine talent.

We would like to take this opportunity to welcome a group of new students to our campus. The Agriculture Short Course students began their eight week stay here last Monday. Though you are here only a short time, we hope that you will take advantage of the facilities, both recreational and educational, offered to the student body here.

The "Honor" of Honor Societies

"You are invited to become a member of Alpha Alpha, honorary organization . . ."

How many times during your college years have you found a card or letter in your mailbox bearing these words? No doubt you've joined these "honorary" without even thinking about what the organization stands for or what its membership qualifications are.

Is it really an honor to belong to an honorary organization?

Think about the ones you belong to. Were there any qualifications other than the usual "leadership, character, activities, and

scholarship"? What honor point average did you need to join? Or is the only real qualification having several fraternity brothers or sorority sisters who are already members of that group?

Personal opinions and prejudices too often enter the picture when the time to choose new members for an "honorary" comes.

Is your "honorary" guilty of this? If it is do something about it. Upgrade your membership qualifications so that only those who deserve to be honored are chosen. If you can do this, your "honorary" will really be an honor and not just another organization.

...Credit Requirements too high?

An NDSC candidate for the degree of bachelor of science must complete 204 credits in course work in order to graduate. In other words, he must average at least 17 credit hours per quarter.

To break this requirement down further, a student has to carry about four credit hours of class each day. If he were a conscientious student, he should spend at least eight hours each day preparing for his classes. And, if he gets the required amount of sleep for this load, he will sleep eight or nine hours a day.

This leaves four hours for eating, cleaning up, getting laundry and shopping done, and for extracur-

ricular activities which are essential in college life. This is too heavy a load for most students. This may be one of the reasons why students here and on other campuses aren't spending enough time on their studies.

This is evident at NDSC. The campus average as a whole is low—over 600 students did not make their average. Even the grade averages of the conscientious students are down.

We feel that the graduation credit requirements should be lowered. Either that or the college training period should be extended to five years. The first solution seems better.

Coffee Hour Held For Honor Students

Over 105 students, who were eligible for the fall term honor roll, were honored at a Scholarship Recognition Coffee Hour Jan. 8 in Meinecke Lounge. Dr. Glenn S. Smith, Dean of Graduate school, spoke briefly on the opportunities of graduate school, particularly at NDSC.

President and Mrs. Hultz, Dean and Mrs. Sevrinson, and Dr. and Mrs. Glenn S. Smith were special guests. Dean Thompson, senior staff advisor and Mr. Thoreson, advisor to Blue Key, were also present.

Senior Staff and Blue Key sponsored the coffee hour, the first of its kind on campus, to recognize and honor high scholarship.

SC Math Department To Hold Lecture Series

Dr. Robert E. Gaskell, chief of mathematical research for Boeing Airplane Co., will conduct a series of lectures at NDSC January 14-15.

He is sponsored by the NDSC department of mathematics and the National Science Foundation and the Mathematical Association of America.

Gaskell has been with Boeing Airplane Co. since 1951. He received his Ph.D. in mathematics from the University of Michigan in 1940. He then served as a research fellow and research associate at Brown University for four years. He has also taught at Albion College, the University of Alabama and at Iowa State College and has written articles published in professional magazines and a book "Engineering Mathematics".

January 14
2:10 p.m.—The Impact of Computing Machinery—Festival Hall.
8:15 p.m. Mathematics Goes to Market—Union Ballroom.
January 15
11:00 a.m. Case Studies In Industrial Mathematics—Festival Hall.
4:00 p.m. Enrichment of the Curriculum—Festival Hall.
"Everyone interested in mathematics is urged to attend," said Glenn Hill, head of the department of mathematics.

Nine Frat Men Vie For Model Man; Title Given At Interfrat Ball Tonight

A new Model Man at NDSC will be chosen from nine candidates at the annual Interfraternity Ball, Jan. 9, at the Crystal Ballroom in Fargo.

The candidates are sponsored by each of the nine social fraternities. The model man will be the candidate having the highest score, which will include the sorority vote plus the percentage of the candidate's fraternity attending the ball.

The candidates are: Leslie Brietbach, Alpha Gamma Rho fraternity. He is Blue Key president and was selected to appear in the 1958 edition of Who's Who in American Universities and Colleges. Brietbach is a member of Alpha Zeta, Interfraternity Council, Agronomy Club, and the Newman Club.

Keith Sheltens, Alpha Tau Omega fraternity, is vice president of the Interfraternity Council and the Industrial Engineering Society. He is a member of Blue Key, Pi Tau Sigma, and Arnold Air Society. Sheltens was also selected to Who's Who.

Brian Hodge is sponsored by Farmhouse fraternity. He is a member of the Lutheran Student Association.

Tom Keaveny, Kappa Psi fraternity, is a member of the Inter-Fraternity Council, Newman Club,

American Pharmaceutical Association and the Papyrus Ebers staff.

John Sawyer is sponsored by Sigma Alpha Epsilon fraternity. John is president of SAE and a member of Blue Key and the varsity baseball and bowling teams.

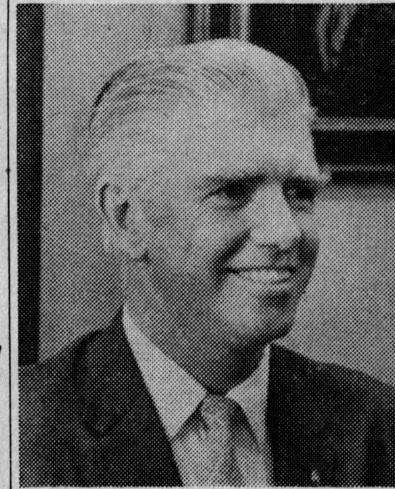

Chuck Huntley of Sigma Chi fraternity is president of the American Institute of Architects. Chuck, selected to Who's Who, is a member of the Engineering Council, Interfraternity Council and Student Senate.

Ed Gilbertson, Sigma Phi Delta, is a member of the American Society of Mechanical Engineers, Arnold Air Society, Blue Key, Pi Tau Sigma, and Rahjah Club. Ed is associate editor of the North Dakota State Engineer, program chairman for Bison Brevities and was selected to Who's Who.

Barry Shelver represents Tau Kappa Epsilon fraternity. He is chaplain of TKE and a member of the Interfraternity Council, American Society of Civil Engineers, Lutheran Student Association and Intramural sports.

Tom Eggen, Theta Chi, is social chairman for that fraternity. He is vice president of the physical education club and a member of the NDSC varsity football and track team.

Dr. Harvey M. Rice To Give Third Annual Iverson Memorial Lecture

Dr. Harvey M. Rice, president of Macalester College, St. Paul, Minn., will give the third annual P. J. Iverson Memorial Lecture at North Dakota State College Jan. 15.

Dr. Rice, who is also president of the American Association of Colleges for Teacher Education, will discuss "The Future of Teacher Education." The lecture, open to the public, will be in the Memorial Union at 8 p.m.

The lectures are given annually in honor of the late Dr. P. J. Iverson, a member of the NDSC education department faculty from 1920 to 1952.

Prof. Peter Anderson, former member of the Concordia College faculty, will speak briefly about Dr. Iverson.

He was president of New York State Teachers College at Oswego from 1947 to 1951; and president of New York State University College for Teachers at Buffalo from 1951 to 1958. He came to Macalester last August.

Dr. Rice is the author of several books, including "A Study of the Virginians in Transition"; "State Outline History of the United States, 1492-1865"; and "State Outline History of the United States, 1865-1947."

He is a member of the National Board of Christian Education of the Presbyterian Church in the U.S.A.

The Spectrum Asked:

What did you do New Year's Eve?

By Lowell J. Anderson Spectrum Photo-Interview

John Stiening Jr., Economics Moorhead, Minn.

My wife and I went to a good New Year's Eve party.

Kathy Vigesaa Fr., Phy. Ed. Cooperstown, N. D.

I was at a New Year's eve party at my house.

Alonzo Gyesvold Jr., Ag. Econ. Mahnomon, Minn.

My wife and I went to a very funny show. Then we had pizza and drove around wishing people a Happy New Year.

Karen Knudson Soph., Home Ec. Moorhead, Minn.

I got stampeded while trying to catch a balloon at a dance.

Rollin Noble Sr., Pharmacy Littlefork, Minn.

Ge, I don't remember, but I must have had a good time . . . the way I felt the next morning.

By Janet Kippen

Well, there it is—the promised new title—next week we may even have something new to replace the face to the left!

Interfraternity Council is sponsoring its annual ball of the season Friday evening at the Crystal. Cocktail dress is the proper attire, with hilarity and good spirits necessary accessories. Don't miss it as it's one of the most fun parties of the year. Model Man 1959 will be crowned at the half-time ceremonies.

Coming up Jan. 23 on our social calendar is the annual Spinster Skip sponsored by Senior Staff. This is our Sadie Hawkins party of the year, with the gals doing the asking, transporting, and paying! Corsages are in order for the fellows, and anything goes, as long as it's handmade and bears the least possible resemblance to a corsage. There will be a prize for the best specimen. Tickets can be purchased from any Senior Staff member for \$2. It's a cocktail dress affair, with Paul Hanson on the bandstand in the Ballroom.

SIGMA CHI sweetheart candidates are the following girls: Jan Melby, Phi Mu; Muriel Blume, Alpha Gamma Delta; Carol Kristofitz, and Bette Lindner, Kappa Alpha Theta; Margaret Owens and Darlene Dietrich, Kappa Kappa Gamma; Elaine Pierce and Vergene Anderson, Kappa Delta; Yvonne Mousseau, Suellen Ringsak, and Judy Lees, Gamma Phi Beta. The Sigs visited all the sorority houses Monday night and serenaded their candidates.

New pledges of Sigma Chi are Jim Sather, Davenport; Dean Stenseth, Devils Lake; Gordy Anderson, Fargo; Dick Larson, Moorhead; Larry Hunter, Lancaster, Minn.

One of the KD's honeys, Jan Kearney traded her Sigma Chi pin for a diamond from guess who?—but Chuck Huntley! Congrats! Kappa Delta Barbara Harris is now engaged to Loren Olson from Aberdeen, South Dakota.

Sharon (Toni) McNamnee of Fargo, became the bride of Bob Nipolt on December 29.

Theta Chi's newest pledges include Jerry Walcher, Willis Kingsbury, Don Portin, Jerry Fisher and Kerm Brothold.

Theta Ruth Sanford passed the candle Monday night to announce her engagement to Cpl. Gary Rutz of the U. S. Marines.

TKE Charlie Peterson and former Stater Margie Bosserman tied the knot during Christmas vacation.

Kappa Sue Eggert is proudly wearing the Maltese Cross of ATO John Altenberg.

SIGMA ALPHA EPSILON PIN 95880, formerly in possession of Curt Johnson is now being worn below Kappa key 484—that's ME! How 'bout that! I make the social column!

New TKE pledges are Rodney Foss, Rolette; Douglas Kessler, Fessenden; Robert Stam, Herman, Minn.; Denis Erickson, Twin Valley, Minn.; Paul Carbert, Cyrus, Minn. Their pledge officers are Vernon Olek, president; Harold Schatz, vice president; Bruce Cary, secretary; Ron Link, watchdog.

The men of TKE entertained the Thetas at a "clash" party Wednesday night, and will be celebrating founder's day tonight with a banquet in Memorial Union.

ALPHA TAU OMEGA active are proud to announce their new members, Lowell Bernd, Moorhead; Bill Ervin, Detroit, Michigan; Dick Lowe, Jamestown. Newest of their pledges is Gary Carlson of Minot. ATO pledge officers are Ken Keller, president; Mike Gebhart, vice president; Ken Christianson, sec-treas.; Bob McDonald, social chairman.

MORE ENGAGEMENTS

ATO Gary Kolsrud to Anna Gar-naas of Sheyenne, a teacher at

Thief River Falls.

Curtis Talley of Lansford to Jan-ice Undlin of NDSC.

Katherine Hartl, NDS to Kenneth Scott of Spiritwood.

Carol Folkers, NDS, to Paul Sol-seng of Seattle, an SC alum.

AND ANOTHER PINNING

SPD Jack Heltemes passed long awaited cigars to announce his pinning to Kay Mangen of Fargo.

KAPPA Marcia Selland passed the candle at the Kappa house at the U of Iowa, where she is now a student, to announce her pinning to Chuck Kierscht, a Sigma Nu from Arlington, Virginia. Marcia was honored recently by Sigma Nu fraternity by being chosen first attendant to their White Rose Queen at the winter formal.

"U" Series time is also beard-growing time at NDSC. If you're planning to sprout some bristles for the spirit of old State, be sure to sign up for the BEARD GROWING CONTEST Tuesday in the Union lobby. See sports page for details.

And so another week passes by in the life of North Dakota State—a week like every other week, but YOU WERE THERE! Bye now!

Newest NDSC Frat Celebrates Birthday

Delta Psi Chapter of Tau Kappa Epsilon at NDSC will celebrate their founding with a banquet at the Memorial Union Jan. 10, honoring former alumni.

On Jan. 10, 1899 Tau Kappa Epsilon was founded at Illinois Wesleyan University, Bloomington, Illinois by Joseph L. Settles, Owen I. Truitt, James C. McNutt, Clarence A. Mayer and C. Ray. From this beginning Tau Kappa Epsilon has grown to one of the largest fraternities with chapters all over the United States and Canada.

Tau Kappa Epsilon at NDSC was formerly known as Kappa Sigma Chi, a local fraternity, before going national on May 14, 1955. It is the newest national fraternity on this campus.

Union Christmas Party Features Smorgasbord, Games For Employees

The annual Christmas party for the employees of the Memorial Union at NDSC was held Dec. 14 at the student union, reported Memorial Union Director Dale Brostrum.

The main event was a smorgasbord. About 15 different varieties of food were served.

A small program was presented with Mr. Gordon Tiegen as master of ceremonies. Main part of the program was presentation of gifts to members of the staff.

To provide entertainment for everyone, the game room and bowling alley were opened. Everyone took his turn in showing his skill in rolling a bowling ball or shooting a pool stick.

Memorial Tree Dedicated To President Hultz By Thor Research Center Conservation Program

One of 256 trees planted in a major land conservation program at the Thor Research Center for Better Farm Living near Marengo, Illinois, has been dedicated to Dr. Fred S. Hultz, president of North Dakota State College.

William G. Stratton, governor of Illinois, spaded ground for the first tree during ceremonies in which trees were also dedicated to president Dwight D. Eisenhower, governors, U. S. senators, and other leading figures who have made outstanding contributions to American agricultural progress.

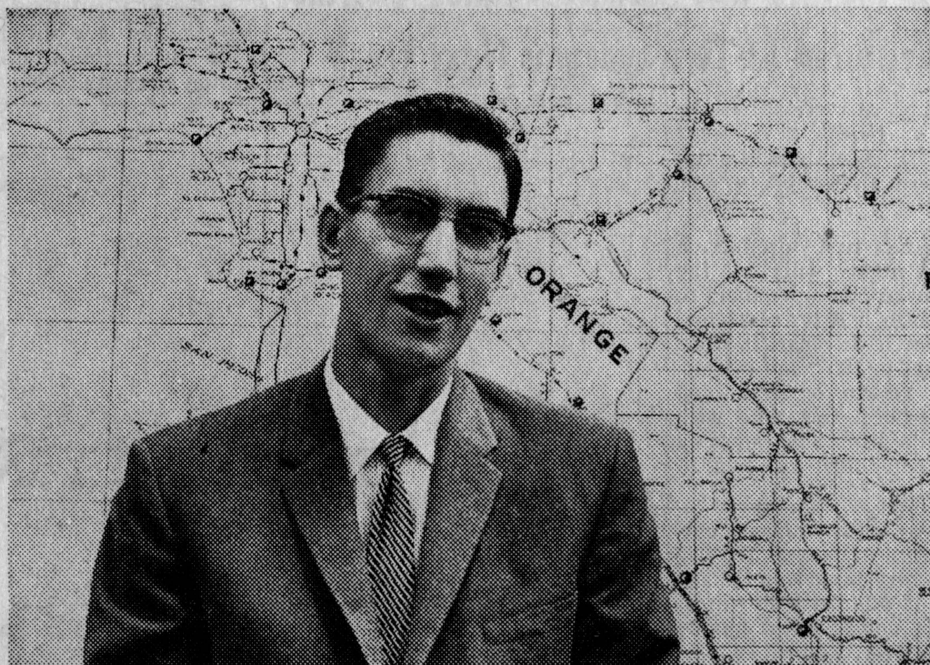

Neil C. Hurley, founder of the nationally known non-profit Thor research farm, said Dr. Hultz was chosen because of the "great things he has done for American agricul-

ture." The tree planted in Dr. Hultz's honor will be known as the Fred S. Hultz Memorial Tree. A plaque will be inserted in the ground in front of the tree reading as follows:

"In honor of his distinguished work to further American agriculture, we at the Thor Research Center for Better Farm Living pay tribute to Fred S. Hultz. This tree is dedicated to our gratitude that such leaders as Dr. Hultz give so freely of their time, their talents, and their energy."

The Thor research farm studies ways farmers can improve their methods facilities and land. Planting of the 256 trees is the closing phase of a conservation development program at the research farm.

A Campus-to-Career Case History

Telephone engineer Stu Black—and the booming Southern California region he serves.

"The telephone company helps you blueprint your future"

Stuart C. Black had job offers from seven companies before he got his B.S. degree in Engineering from U.C.L.A. in 1954. His choice: the Pacific Telephone and Telegraph Company in Los Angeles.

"They told me exactly what to expect," he says. "Every phase of my training, covering two years of rotational job assignments, was outlined. They made it easy for me to see where I could go."

Since Stu was hired, he's climbed poles, installed telephones and worked with architects and contractors. He's designed ventilating systems and studied labor-management relations. He's handled million-dollar-a-month settlements

with connecting telephone companies for mutual use of Long Distance lines. And he's learned how complex bookkeeping is reduced to punches on IBM cards.

Today, Stu is a Staff Engineer in San Diego. He programs equipment and money for engineering projects as far ahead as 2 1/2 years in one of the fastest growing areas in the United States.

"The telephone company is a 'look-ahead' kind of business," says Stu. "It can predict future telephone needs and the need for more and more management people. So there's a whale of an opportunity for the young fellow who really wants to get ahead."

Many young men like Stu Black are finding interesting and rewarding careers in the Bell Telephone Companies. Find out about career opportunities for you. Talk with the Bell interviewer when he visits your campus. And read the Bell Telephone booklet on file in your Placement Office.

Canadian Players and Roger Wagner Chorale Will Be Featured At Two Lyceums Next Week

Two lyceum attractions to be presented at NDSC next week promises an exceptionally full week for those interested in Theater Art.

Heading the first production next Monday night will be the Canadian Players, no newcomers to stage in Fargo. This renowned group presented St. Joan in 1956 and Peer Gynt in 1957, and by popular demand return for their third performance here, this time with "As You Like It." Shakespeare's comedy is scheduled for 8:15 at Festival Hall.

The famous Roger Wagner Chorale will present a concert for the second Lyceum program, Friday, Jan. 16, at 8:15 p.m. Hailed by most critics as one of the best mixed chorus groups in America today, this production should have no trouble drawing a full house.

Muskies Among Fish In North Dakota Waters

Muskellunge, the fisherman's prize, has been added to the list of game species available in North Dakota lakes, according to the 1959 Fishing Proclamation issued by Gov. John E. Davis.

The muskies will remain protected through the 1959 fishing season. The protective measure is based on the fact that this specie was introduced to North Dakota waters one year ago.

Other species available to North Dakota fishermen are northern pike, walleye, sauger, white bass, trout, and salmon. Winter fishing for the species listed above will be permitted Jan. 1, except in certain designated bodies of water.

The use of any mechanical device for the purpose of taking fish from North Dakota waters has been ruled illegal under the new proclamation.

A list of regulations formed under the new law will be available with the purchase of the 1959 fishing license.

Convo To Feature Lippincott Dancers Friday, Jan. 16, At Festival Hall

From NDSC's annual Lilac Festival back in 1935 by way of World War II to his third appearance here as featured dancer with Gertrude Lippincott, that's been the path so far of Robert Moulton, appearing with the noted Minneapolis artist at convocation next Friday at 9:40 a.m. in Festival Hall.

Moulton, who still remembers catching cold after dancing barefoot on a cold spring day in that Lilac Festival, was already doing

work on tour while in high school in Duluth; and after two years with the combat cavalry in the war he settled down to serious professional work in 1949.

At the University of Minnesota, where Mr. Moulton got his Ph.D. in 1957, he has directed plays and musical comedies, besides being costumer and choreographer.

Long recognized as the leading figure in modern dance in Minneapolis, Gertrude Lippincott has ranged from New England to the Far West as teacher and performer. In addition she has been editor and contributor to various journals in the field of dance, and has authored a book, "Dance Production."

She and Mr. Moulton have worked as dance partners since 1949, and are currently leading the Dance Repertory Company of Minneapolis, of which Miss Lippincott is director.

Feature of their appearance here will be a first performance anywhere of "Excursions for Dancers and Pianist," choreographed by Miss Lippincott.

Dr. Hertel To Serve On Selection Committee

Dr. Leo Hertel, chairman and professor of modern languages at NDSC, has been selected by the Institute of International Education to serve as a member of its National Selection Committee for Fullbright Grants to Germany.

This five member committee will review all Fullbright applications for awards to Germany for the 1959-1960 academic year. They will recommend about 200 candidates to the Board of Foreign Scholarships in the State Department. The committee will meet in Chicago on January 7, 8, and 9.

The Fullbright Grants are a part of an international educational exchange program sponsored and administered by the U. S. government.

Dr. Hertel has been Fullbright advisor at NDSC since 1953. During this time, 15 NDSC graduates have been recipients of Fullbright Grants for graduate study in various foreign countries.

NOTICES

LSA

Friday, January 9—Roller Skating party. Meet at Campus Lutheran Center, at 8:00 for informal get together first. Newman Club members invited to attend.

Sunday, January 11—11 a.m.—worship service. 5 p.m.—Lutheran Student Association includes seminars, supper and program with Miss Kathryn Weesner speaking on "Early Christian Art and Architecture".

Monday through Friday at 12:00 noon to 12:35—Hi-Noon Focus (lunch followed by program). Monday—Miss Bjorge Hanson, recent refugee worker in Europe will talk about "The Plight of the Refugee." Tuesday—Devotions. Wednesday—Devotions. Thursday—Mr. Howard Nelson "New Year's Resolutions". Friday—Pastor Hank Roufs of Hope Lutheran.

Wednesday—7:30 p.m.—Inquiry class. 9:00 p.m.—Choir practice.

IE Wives

An Industrial Engineers' Wives Club meeting will be held Wednesday, Jan. 14 at 7:30 in Meinecke Lounge in the Student Union.

Veterans

Any veterans interested in playing ping pong or curling are asked to call AD 2-5441. A veterans club meeting will be held Jan. 15. Door prize is \$8.00.

Short Course

The annual Agricultural Short Course began Monday with 78 farm youth enrolled, according to Peter Nystuen, short course director.

Brevities

Titles of all songs and acts for Bison Brevities are to be turned in to Orjan Fjestad not later than Monday, Jan. 12.

Ping Pong

Anyone interested in entering a ping pong team should bring rosters and fees to the regular IM meeting at 4:15 Monday, Jan. 12.

SC Students Attend YM-YWCA Assembly

Eleven NDSC student are going to the National Student Assembly at the University of Illinois on December 27, according to Leo Johnson, general secretary of the NDSC-YMCA.

These eleven NDSC students will meet with students from college campuses from Maine to Hawaii and from Mississippi to Minnesota. They will study for a week urgent questions that students face, such as the meaning of the Christian faith, and they will engage in responsible decision-making about the life, work, program, and direction of these movements.

Delegates for the educational trip are members of the campus YM-YWCA. The group will be accompanied by Leo Johnson.

The National Student Assembly of YM-YWCA convenes once every four years.

Those attending are: Morris Longballa, Denny Smith, Marilyn Ellis, Richard Mowbray, Margaret Platt, Arden Borgen, Duane Aljoe, Lyle Baker, Duane Hlavinka, Leo Johnson and Milton Matzek, president of the campus YMCA.

THAT NEVER LEAK

To achieve umbrella-like radar protection, Hughes engineers have developed systems which position radar beams in space by electronic, rather than mechanical means. These unique three-dimensional radar systems are digitally programmed to instantaneously detect high speed enemy aircraft, even at low altitude.

Another Hughes system using radar information is the Hughes Electronic Armament System. This system pilots high-speed jet interceptors from take-off to touch down... and through all stages of the intercept. Both radar and infrared guidance systems direct today's most sophisticated air-to-air guided missile—the Hughes Falcon.

Advanced new projects are under way in all areas of Hughes. Presently under study are Space Vehicles, Ballistic Missiles, Nuclear Electronics, Advanced Airborne Systems, AICBM, and Subsurface Electronics... just to name a few. Hughes Products, the commercial activity of Hughes, has developed an electronic control system which automates a complete and integrated line of machine tools. Also under way at Hughes Products is the development of revolutionary new semiconductor devices.

The highly advanced and diversified nature of Hughes projects—in the air, on the ground, and for industry—provides an ideal environment for the graduating or experienced engineer.

Research on the Maser (Microwave Amplification by Simulated Emission of Radiation) is directed towards applications of a portable, airborne Maser for missiles and aircraft.

A laboratory for learning, Field Engineering at Hughes provides over-all systems experience in both guided missiles and advanced airborne electronics systems.

ALL COLLEGE FESTIVAL

MAY 8-9

YOU CAN BE PART OF THE WORLD'S GREATEST COLLEGE EVENT

Every school and every department is taking part. The Festival is an open house for NDSC's friends. We are inviting the people of our community, which is all the farms, towns and cities of North Dakota. Special guests will be the high school seniors and their parents and others interested in college education.

STUDENTS WILL OFFER:

ATHLETIC COMPETITIONS
EXHIBITS

TOURS OF THE CAMPUS
BISON BREVITIES
OPEN HOUSES ALL OVER THE PLACE

MUSICAL ATTRACTIONS
DANCES

It's time to get started planning your part in this gala affair. Talk to your instructor, department head, or a member of the festival committee. But **PLAN TO TAKE PART.**

All College Festival Committee

John Foss Named Athlete Of Week

John Foss, a mechanical engineering senior from Moorhead, is this week's "Athlete of the Week", as chosen by the Letterman's Club. John, at 6'3" and weighing 183 lbs. is uncanny with his driving one-handed jump shots, and during his sophomore year was second high scorer on the varsity team. His accurate two handed set shots also contributed to his being chosen as athlete of the week.

A graduate of Moorhead High in 1955, John excelled in basketball, football, baseball, track, and golf.

John has accounted for many baskets for the Bison, and his ability as an athlete together with his receptive personality will leave a fine mark at North Dakota State.

Track Meeting Set For Jan. 14th

An organizational meeting for all men interested in participating in freshman or varsity track will be held Wednesday, Jan. 14, at 7:30 p.m. on the Fieldhouse stage. Performance awards will be made to the last year team members.

The first competition for the track team will be the Northwest Open Indoor Meet at Minneapolis, Minn., the latter part of February.

Coach Tom Neuberger stresses the importance of a gradually accelerated track conditioning program over the long period program for top performances. He says that it is also an easy way of getting into shape and the successful candidates will be in very good shape by the time the season begins.

The limited success of trackmen in the colleges of North Dakota as compared to surrounding areas is primarily due to the lack of conditioning. This is brought on by the local attitude that track is only a spring sport while competitors regard it as a year around sport.

Neuberger Speaks On Training Athletes

By Jim Carr

According to Tom Neuberger, wrestling and track coach and trainer, there aren't very many athletes. We have quite a few boys who like to play around and be a member of a team but very few who like to pay the price of being a contributing members of a successful college athletic squad.

The majority of candidates at State do not seem to know or are unwilling to practice the proper health, social, and mental habits that are necessary for successful athletes.

The actual participation in competition and practice are an important part of athletics, but the difference between mediocrity and greatness is an accumulation of the smaller things that make up an athlete. The only way NDSC athletes are going to be able to successfully defeat the opposition is to be better prepared physically than their opponent.

The students that make up the teams of the other members of our conference are contributing much more to their sports program than practice and game competition. We have to contribute more than they do or we will be defeated.

"There is nothing inferior about our raw material, the North Dakota State student, but he definitely doesn't have the proper concept of the price he must pay in present day athletic competition to be consistently successful," states Mr. Neuberger.

Bachmeier First And Foss Third In Scoring Contest

Marv Bachmeier, sophomore guard from Devils Lake is leading the conference in scoring with a 31.3 average a game. He also holds the record for the most points scored in a single game. He attained this goal when he tallied 46 points against Iowa State Teachers.

Bachmeier's 94 points in three games leads second place conference scorer, Merlyn Smith of South Dakota State, by 39 points. Smith has 55 points.

State's John Foss and Jacobson from SDS are tied for third with 54 points each.

SC's three other starters are also in the scoring columns. Bob Brown is 15th; Jerry Kingery is 21st; and Hib Hill is 23rd.

★ ★ ★

Bismarck Junior College was granted official permission to drop football by the coaches of the North Dakota Intercollegiate Conference. BJC will continue to compete in basketball, track, and baseball though.

BJC and Bottineau, who dropped before the season, will not be eligible for reinstatement until after the 1962 season.

★ ★ ★

The North Central Conference title was left wide open last Tuesday when Morningside of Sioux City upset South Dakota State, 89 to 83.

Rajah Club Sponsors "U" Series Beard Growing Contest

Rajah Club is again sponsoring the annual beard growing contest for the 'U' Series.

Larry Lanz, committee chairman for the contest, announced that there will be four classifications in the contest and that there will be an award for each one. They are "Shaggiest", "Best Trimmed", "Best Try", and "Most Unusual" beards.

Registration for the contest will be from 11 to five oclock on Tuesday, Jan. 13. Those who wish to enter the contest must register at this time.

It will be financed by the profits from the sale of Shaving Permits. The buttons will be sold by the members of the Rajah Club and can be purchased from any of the members.

The profits will be used to buy the trophies. The remainder will be used as a gift to the cheerleaders for their expenses during the series.

Intramurals . . . By Forseth

Intramurals are again in the news as Christmas vacation has moved into the realms of memories. Bowling competition for the first half season has been completed. Basketball is the key sport at the time with games almost every evening. Ping Pong and wrestling complete the program.

Bowling competition has moved into the final half year. The first half saw definite winners in each of the five brackets. There were as follows:

- | | |
|-------------------|------------|
| Engineer's League | ASME |
| Master League | YMCA |
| All-Star League | SAE No. 1 |
| Classics League | SPD |
| Major League | Vet's Club |

These top five teams will automatically be entered into the play-offs this spring along with the winners of the second half.

The basketball program is being run under a new and improved method this year. The entire season is broken up into two half seasons.

At the conclusion of the first half, the top teams in each of the five brackets will be moved into a bracket of their own and will be entered in the playoffs. Similarly,

Minot Downs Grapplers

After a loss to Minot State Teachers College on Dec. 20, the Bison wrestling team has a 2-5 record.

The match at Minot was highlighted by the performance of Dale Hinkle. He pinned his man in five minutes and 47 seconds of the second period.

According to Neuberger, if the team can return to the psychological form of the St. Cloud-St. John's trip, the Bison grapplers should be fairly successful in the last half of the season.

The wrestling team will defend the NDSC championship on February 28.

Sports Shorts

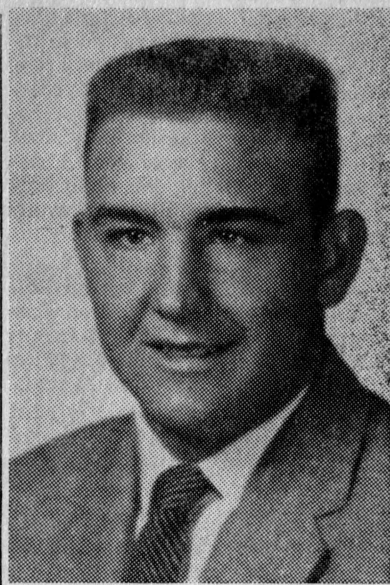

... by Carr

EDITOR'S NOTE: With this issue, James Carr commences as Sports Editor of the Spectrum. This is the first of his weekly columns. Carr is a Sophomore in Agriculture from Barnesville, Minn.

The Bison meet Concordia on Thursday night and South Dakota U on Saturday night this week. SDU has replaced the famous Daniels brothers with two other colored boys who are expected to be even greater than the Daniels boys. Even though SDU made a good showing against Augustana, if the Bison show the spirit and drive they showed against ISTC and St. Cloud, they should dump them.

We were not able to give complete basketball coverage because Coach Benson was not available when we went to press and also a death occurred in one of our sports writers families.

The Bison wrestlers meet South Dakota University on Saturday night, also. I think that if the grapplers would get some of the drive the basketball players have had on certain occasions, the wrestlers would make better showings.

I hope that everyone will stay after the basketball game on Saturday night to watch the matmen. Wrestling is really a very exciting sport.

While I am sports editor, I intend to give a complete coverage of all sports at NDSC. I intend to do my best to make sports more interesting. I would also like to have you all read and think about the things that Neuberger said in the story that appears in this issue.

Placement Service

Monday, January 12, 1959

Sherwin Williams Company, Cleveland, Ohio, is interested in interviewing chemists who will obtain B.S. or advanced degrees. They offer opportunities in research, development and distribution of protective coatings. A description of existing job opportunities with Sherwin Williams is available at the Placement Office.

Tuesday, January 13, 1959

Iowa State Highway Commission, Ames, Iowa, wishes to interview graduate engineers. Their particular interest is civil engineers or other engineers interested in highway work.

Tuesday, January 13, 1959

Northern States Power Company will be available to conduct inter-

views with electrical, mechanical, civil and industrial engineers. They have openings for electrical and mechanical engineers in nearly all phases of their business, and openings for civil and industrial engineers in the sales department.

Wednesday, January 14, 1959

Wright Air Development Center will be represented by Mr. Seymour Alloy. They will be interested in interviewing all degree levels in engineering, physics, mathematics and chemistry.

Thursday, January 15, 1959

Babcock & Wilcox Company is seeking interviews with graduating students in mechanical engineering. They offer opportunities at their Boiler, Refractories, Tubular Products, Atomic Energy and Research and Development Divisions

Thursday & Friday, January 15 & 16, 1959

Caterpillar Tractor Company, Peoria, Illinois, is primarily interested in interviewing mechanical, electrical, agricultural and civil engineers. They have openings in such areas as: Engineering Design, Research and Technical Sales and Service.

Friday, January 16, 1959

Western Union Telegraph Company seeks interviews with electrical, mechanical and industrial en-

gineers and business and accounting majors. Engineering graduates receive on the job training in development, applications or field engineering. Accountants and business graduates are given formal training in all phases of their responsibility.

SC Judging Team Bound For Colorado

The National Western Livestock Show in Denver, Colo., will be the destination Jan. 15 for the NDSC judging team and Coach John Johnson, according to the animal husbandry department.

Enroute to Denver, team members will stop at South Dakota State College at Brookings; University of Nebraska, at Lincoln; and Wyoming Hereford Ranch at Cheyenne, for work-outs in judging.

The 12 students working out for the team will be eliminated down to a seven-man team before leaving for the trip. They have been working during evenings since the beginning of the winter quarter, according to Mr. Johnson.

The team will compete against colleges and universities throughout the United States.

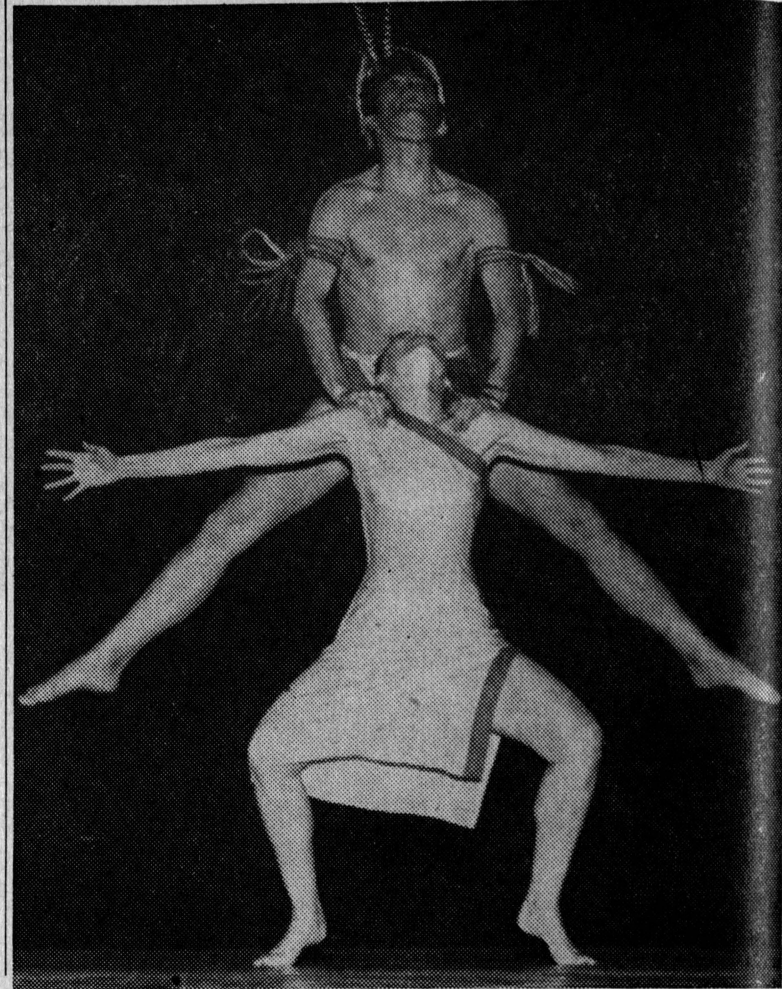

Orchesis Workshop To Open January 16

Orchesis will present a Modern Dance Workshop Jan. 16 from 3:30 to 5:30 at the NDSC fieldhouse.

Instructors will be Gertrude Lippincott and Robert Moulton, who will appear at convocation Friday morning. Orchesis members will also present a dance.
