NDSC Shows New High Of 3,296; Engineering Leads With 1,126 Students

NDSC enrollment has reached a new high of 3,296 according to Burtrand Brandrud, director of admissions.

This is an increase of 46 students over the fall enrollment, which was the last record enrollment.

The school of engineering leads the enrollment with 1,126 students. Figures for the other schools are:

The School of Applied Arts and Sciences, 760; School of Agriculture, 677; School of Home Economics, 289; School of Pharmacy, 252; and the School of Chemical Technology, 115.

The number of students in each class are: Freshman, 889 (667 men, 222 women); Sophomores, 752 (628 men, 124 women); juniors, 682 (562 men, 120 women); seniors, 629 (553 men, 76 women); graduate students, 230 (198 men, 32 women); special students, 35 (24 men, 11 women) and agricultural short course students, 79 men.

There are 47 transfer students this term and 90 students are attending college for the first time. Resident students outnumber the non-resident students 2,670 to 626 and 695 students are veterans.

Agric. Program Shows 79 Boys In Short Course

Seventy-nine students from all corners of the state have come to NDSC to participate in the eighth annual eight week short course program, according to Peder A. Ny-stuen, Assistant Dean of Agriculture and director of the program.

The short course program is designed to educate young farmers in the state, who do not have a chance to attend a regular four year course in agriculture.

Instruction is both technical and practical. Courses offered this year are: farm finance, hog production, farm shop, dairy production, farm conveniences, livestock health, crop improvement, soil fertility, and news writing.

The agricultural short course program consists of a series of four short courses. A certificate of accomplishment is awarded upon successful completion of each course and a master certificate for successful completion of all four courses.

The estimated cost per student is 190 dollars. This includes room, board, tuition, and other costs.

The record was a few years ago when 127 students attended, but since then the enrollment has dropped. It is felt that this decrease is due to the fact that students are required to stay off campus.

Every year the North Dakota Banker's Association gives approximately 50 scholarships of 125 dollars each to prospective students. These scholarships are given by local bankers to young farmers in their area.

Les Brietbach Is Picked Model Man

Les Brietbach was named model man of NDSC on Jan. 9, 1959 during the Interfraternity Ball, states Jim Watts, senior at NDSC.

Les was picked from a group of nine men sponsored by the nine fraternities on campus. He was chosen by a vote taken from the sororities and total attendance of his fraternity at the ball.

Mr. Brietbach will hold the title as model man until the next annual Interfraternity Ball. The ball is sponsored by the Interfraternity Council. The council consists of three members from each fraternity and is a national organization.

Les Brietbach accepted the trophy for being picked as Model Man on SC campus for the year. Brietbach was sponsored by AGR fraternity.

Student Senate Sets Elections For February 23-24

The regular bi-weekly meeting of the Student Senate was held Jan. 13. Arising out of this meeting were the plans for the annual Student Senate Elections.

Date set for these elections is Feb. 23-24. The senate will require all candidates for senate and student body president to complete an application blank which will be available at the office of the Dean of Students Jan. 19-28. This application blank is due at the Spectrum office no later than 5:00 p.m., Jan. 18. The candidates must sign up for an interview which is compulsory. Following is the schedule of events:

Jan. 19-28—Applications to be picked up at the Dean of Students Office and returned to the Spectrum office by 5:00 p.m. Jan. 28, 1959.

Feb. 2-6 (3:30 p.m.-7 p.m.) Compulsory Interview—any candidate failing to show up for an interview will automatically be disqualified.

Feb. 2-8—Sign Petitions.

Feb. 9-22—Campaigning.

Feb. 23-24—Elections — for six two-year positions, six one-year positions, besides the office of student body president.

Besides election, next year's Ly-eum programs and NSA were discussed.

The next senate meeting will be held Jan. 27 at 7:00 p.m. in conference rooms 1, 2 and 3. All students interested in running for senate are urged to attend the next few meetings.

Notice

Gamma Delta skating party will be held on Saturday, January 17. Everybody is welcome. Meet at Emmanuel Lutheran Church at 7:00. Lunch following the party.

Vets Club To Present 'The Front Page' At Little Country Theater, Feb. 3-7

The Veterans Club of NDSC in cooperation with the Little Country Theater will present "The Front Page" on Feb. 3-7 in the Little Country Theater.

This, their fourth annual production, is a three act play by Ben Hecht and Charles MacArthur. It is a fast-paced, hard-hitting drama of newspaper reporting in Chicago in the late '20s and early '30s.

Included in the cast are: Kathleen Austin, Arthur Ewert, Mayo Fiegel, Francis Gathman, Roland Grosshans, Constance Kimbrough, Margaret Larson, David Lommon, George McPhail, Raynard Maspal, John Naucner, Betsy Nelson, Theodore Olson, Harold Pederson, Dennis Roscoe, Janet Sinner, Richard Thomas, Donald Worner, and William Zimmerle.

NSA To Sponsor Assembly Here

The North Central Region of the National Student Association will hold its winter assembly at NDSC February 13-14.

Noel Estenson, who is the commissioner of NSA at NDSC, has charge of the program arrangements.

The NSA is a nation wide organization that aids in solving mutual problems that may occur on campuses. The organization helps to establish student government, student leadership development, campus fund raising projects and awareness to legislative affairs concerning education.

The North Central Regional Division is composed of students from Colleges and Universities of Minnesota, North Dakota and South Dakota.

Spinster Skip Slated Jan. 23

Girls, here is your chance. The Spinster Skip, annual girl ask boy dance, will be held Jan. 23 in the Union Ballroom.

The Spinster Skip is one occasion where everything is reversed in Sadie Hawkins fashion. The girls take the boys dining and dancing, they open doors, take coats, and do all the other things which boys ordinarily do for girls.

The boys receive beautiful handmade corsages which might consist of chore boys, ribbons, balloons, or any other little thing. A prize is awarded for the craziest and most original. A cooked turkey will be awarded for door prize.

The dance begins at 9:00 p.m. and tickets may be purchased from any Senior Staff girl.

Engineering Gives Color TV To Union

A color TV set? In the Union?

Yes, it's so. According to Dean Mirgain, of Engineering, the Motorola Company gave three color TV sets to the Engineering Department for educational purposes. The School of Engineering decided that a set would benefit the greatest number of students if it was placed in the Union. The second set will be placed in the Electrical Engineering building for laboratory purposes and the third set will be used in Dolve Hall.

The sets are expected to receive color TV quite well in this area. They are much more delicate than the black and white variety and should not be so freely adjusted by viewers.

Guest Editorial

by Bette Lindner

Are you a "joiner" or a "doer" in campus organizations? Before you answer, ask yourself, "What were my reasons for becoming a member of the organizations I now belong to? Have these activities lived up to my expectations? Would I still join the same organizations if I had to choose now?"

If you are a joiner you perhaps answered the first question with, "I enjoy having my picture appear many times in the Bison Annual."

Maybe this impresses your relatives and friends, but not your co-workers in the organizations.

If you are a doer you answered the same question with, "I felt I had something to contribute to each of the organizations I chose. They, in turn, offered something to me.

You probably answered the second question "no" if you are a joiner, "yes" if you are a doer.

A joiner seldom finds an organization that lives up to his expectations because he refuses to give of his own resources. A doer receives rewards in return for his efforts.

An honest appraisal of both the organizations and yourself is necessary to answer the final question.

Your friends and relatives will soon forget how many times your smiling face appeared on the pages of the yearbook. Then all the hours you spent sitting through dreary meetings will have been in vain. However, if you contributed your time and talents willingly, you undoubtedly have gained something and would do it all again.

Letters To The Editor . . .

To The Editor:

"A little knowledge is a dangerous thing", and a "little" statistics likewise! Your recent (January 9, 1959) guest editorial by Bob Thompson, entitled CREDIT REQUIREMENTS TOO HIGH? is an important case in point. May I submit the following comments for your readers' consideration?

Mr. Thompson assumes 17 credit hours per quarter and twice that many study hours. This is a total of 51 hours per week. He assumes 8-9 hours of sleep per day. Let us use 9, so as to reduce the necessity of in-class sleeping time. This is an additional 63 hours, bringing the total number to 114 hours per week. Since there are 168 hours in a week, this means 54 hours per week for all the extra, curricular activities Mr. Thompson mentions, as well as for eating, etc. Unless mathematics is different than it used to be, this leaves 17 minutes less than 8 hours per day, not the 4 mentioned in the editorial.

I think Mr. Thompson forgot Saturday and Sunday as members of the week. Does it seem too much to ask students least burdened by heavy outside responsibilities, in their best years of health and expecting to profit both intellectually and financially by their schooling, to look upon their education as something other than a 40 hour per week union job, with time and one-half for overtime?

Sincerely, Elliot H. Weinberg Physics Department

To The Editor:

How does our Home Economics department here at NDSC compare with those at other colleges and universities?

It ranks among those at the top of the list. No school is so good it cannot be improved so we'd like to offer some criticism which we hope will be beneficial to this fine department.

Comments of girls who enrolled in the school seem to indicate that these are most usual criticisms.

A number of courses require an enormous amount of work for only a few credit hours. Some instructors seem to forget at times that girls are carrying 12 to 15 hours beside their subject. Many of the other courses are neglected to give more time to work on that one Home Economics subject. Perhaps it could be worked out so that the credit hours could correspond more accurately to the amount of work put in on such a course.

There is a tendency for many instructors to get too personal with some of the students. It is very fine that teachers and students develop a friendly relationship but this should in no way influence the marks they give. To coin an old high school phrase, "Apple-polishing sometimes makes the difference between an A or B grade."

Then let's take inventory of the classes which are offered. Is the class worth while for the student? Does it have a practical value or is it just one of the requirements and an extra 3 hours toward graduation?

Our final comment concerns office hours. It is wonderful to have an advisor or instructor who is on time for appointments and conscientious about keeping office hours. There is nothing more frustrating as having an appointment and the instructor coming in a half hour late or sometimes not at all. Many of the students have very full schedules and this extra waiting can be a waste of precious time.

The remedy to a number of these situations requires the cooperation of the students as well as the instructors.

(Editor's note: the names have been withheld upon request).

Extension Conference Held On SC Campus

"Our challenge in the changing times" was the theme of the annual County Agents and Home Agents Conference held at NDSC last week.

Men and women in joint meetings for speakers and discussions were the majority of the conference.

Mrs. William Lane, Moffit, N. D., director and chairman of the North Dakota Farm Bureau Women's Committee, spoke Tuesday afternoon on the topic "Our Job Ahead." Irene Crouch discussed the family living outlook for 1959.

Dorothy Simmons, Minnesota State Leader in Home Economics extension opened the Wednesday morning session with a talk on the meaning of change in family living.

The conference banquet was held Thursday evening in the Gardner Hotel, and the meetings concluded Friday morning in the Memorial Union.

Mrs. Esther Schoeive, Bismarck, is president of the home agents association and Mr. Vernon L. Nichols, Crosby, is president of the county agents association.

Little International Preparations Start; Opening Jan. 30

Students at NDSC are making final preparations for the 33rd Little International Livestock Exposition at NDSC Jan. 30-31.

Opening the exposition will be the annual Hall of Fame banquet Friday night, Jan. 30, in the Student Union Ballroom at 6:30.

Crops and livestock judging by 4-H and FFA groups throughout the state is the first activity Saturday morning. Poultry judging by college entrants will also be held in the morning.

Preliminary judging of livestock and judging in the agronomy division is slated for the afternoon. A Style Show by home economics students will be held in the home economics building, and a Farm Machinery Show will be conducted in the agricultural engineering building. The farm machinery display will be open from 11 a.m. until 4 p.m.

The main show of the Little International will be held Saturday evening at 7:30 in Shepperd Arena.

Events include final judging in the four livestock divisions—beef, dairy, sheep, and swine—and the selection of the Grand Champion and Reserve Grand Champion Showman.

Special events during the program will be a cow-milking contest by NDSC co-eds, a fraternity calftying contest, and a cow-cutting demonstration. Two clowns will also help to entertain the crowd.

All College Festival To Be Explained

"There is a part for everyone in the planning of NDSC's All College Festival", contends Jim O'Keefe, Co-chairman of the affair. To prove his statement, he and his Co-chairman, Beva Fegley, have organized their committee members for a campus campaign of informing all students as to the aspects of All College Festival.

A committee member will be in attendance at all student organization meetings held in the near future. Organization chairmen and advisors are urged to cooperate with All College Festival representatives when they appear at their meeting.

The Spectrum Asked:

What is your reaction to the demonstrations given Russian Deputy Premier Mikoyan in several United States cities?

By Lowell J. Anderson Spectrum Photo-Interview

Leo Johnson General Sec., YMCA

Irene Swanson Fr., Chem. Moorhead, Minn.

Dave Sharad Grad. M. Eng., Blavnagar, India

Beverly Ditters Fr., Chem. Fargo, N. D.

Ralph Wollman Jr., Pharm. Fargo, N. D.

It reveals the freedom which exists in the U. S. when people feel open to express favoritism or resentment to a person without threat of death.

I think a visitor to the U. S. should be more courteously received regardless of the nation he comes from.

The demonstrations by Hungarian refugees are justified because they suffered a lot. But at the same time, Mikoyan must have found desire for peace and friendship among Americans.

I think Americans should show respect for any outsider — this in turn will lead others to respect our people and country.

I do not think the American people have shown freedom of democracy by riots with the appearance of this Russian guest.

Kip's Korner

By Janet Kippen

IT WAS GREAT FUN WHILE IT LASTED—the Interfrat blast of last Friday MUST have been one of the most successful ever. Packed with merry-making Greeks, the Crystal bounced, rocked and rolled from 8 'til midnight like never before. Strains from Paul Hanson were heard distantly in the background above the clinking of glassware, the popping of corks, and fraternity rousers—Les Brietbach, of AGR, made off with the Model Man trophy—what a party!!

KAPPA PSI and SAE kept right on going Saturday afternoon with a "PEP RALLY" of sorts—all sorts of school spirits, that is!

Tonight, the AGRs tell me, they are having their formal winter term party at the Frederic Martin. Tuxes, dates, dancing, should be a tremendous party.

A new dream man will be announced at the Alpha Gamma Delta term party Saturday evening at the Moorhead Country Club. He will receive his trophy from last year's Dream Man, Ken Cornell of ATO.

Surprising the Alpha Gam house by passing the candle were Beverly Lloyd, who wears a sparkler from Carl Haas, AGR, and Carol Howitson who announced her pinning to SPD, Tom Tarnavsky.

TAKING A PIN CHECK at the Sigma Phi Delta house, it's found that Byron Stadvold and Vern Steinman are at a loss. Byron is pinned to Darlene Thompson of Fergus Falls, and Vern to JoAnn Dockter of New Rockford. Jack Little took a little more drastic action and is now engaged to Janice Fowell of Litchville.

Myrth Weiser, Independent, is engaged to Dick Guest, Associate Professor of Agriculture Engineering at Cornell University.

THE INITIATION banquet of SPD will be held Sunday, January 11 at the FM. The new actives are James Driver, William Hickie, Jerry Horsager, Roger McCardle, Merlin Meyer, Vernon Meyer, and Brain Trambly. New SPD pledges are Frank Soltis, Jerry Spitzer, Duane Nelson, Laudie Buresh and Joseph Olson.

FARMHOUSE fraternity has pledged the following: Jerold Gemar and Norman Bakkegard of Fullerton; Lloyd Danielson of Cuba; Raymond Mrachek of Alexander and John A. Olson of Wildrose.

MORE PINS are getting lost—this time it was TKE Erling Tranby who lost his to Jeri Wennerstrom of MSC and TKE Jim Hagemeister pinned Anne Lursby, RN, from Saskatoon, Sask. Tom Bodvig, TKE, is engaged to LaVonne Blackmore of Tappen.

SIGMA CHI initiates include Jerry Zastrow, Paul Stokes and Selbert Fischer.

If you're looking for some good entertainment for this evening, consider the Roger Wagner Chorale, a special attraction of our lyceum series. Hailed by many critics as being one of the finest mixed chorus groups today, they should have no trouble drawing many students to Festival Hall tonight at 8:15.

Newest sorority pledges are the following: Alpha Gamma Delta, Dianne Brokate of Hawley, Minnesota; Kappa Alpha Theta, Judy Cook of Mohall and Carol Schultz of Bismarck; Kappa Kappa Gamma, Linda Swenson of Kindred and Carolee Arneson of Fargo; Phi Mu, Eileen Henning of Hillsboro and Kathleen Marcusen of Taylor.

Knit For Hobby; Knit For Some Fun

Knitting anyone? Knitting seems to be the favorite pastime of the college girl. There is not a nicer gift than a knitted scarf, sweater or gloves. Fellows would be proud to say their girls knitted their sweaters.

Girls, you may contact the YWCA office in the library about learning to knit. A special course is offered in the school of home economics, too. It is easy to do and can be very useful and relaxing.

You may notice when you walk into a classroom, that there will be one or two girls trying to sneak in a few stitches before class begins.

Knitting class isn't the only place girls do their knitting. Convocations, contests and meetings are favorite places, also. You can always knit and listen. Make good use of that spare time.

So girls, get your knitting needles clicking and get started on a beautiful, bulky sweater for your favorite beau to wear on these below zero nights.

REMEMBER THE Spinster Skip on the 34rd of January. Cocktail dresses are in order for the evening, in case you're wondering.

A guest columnist will be taking over for me next week, (Mid-terms and things, you know!) so see you a-week from Friday.

FROM AROUND THE IVY VINE

A miscellaneous story regarding women's fashions appeared recently in the Kansas State Collegian that I think you may be interested in.

"Ladies, do you have thick pedestal-like ankles? Do you, when strolling gaily down the avenue, present to the world the graceful silhouette of a 5th Avenue bus? Do old ladies pat your hand and old men give you dog biscuits? Congratulations! You have arrived. You have "TT"—that collegiate look for this year of gracelessness 1958-59.

Yes, men, there she is—the girl of all your dreams. Squat, tweedy and unattainable. (News item: 27,000,000 American men are allergic to wool.) Dazzled by her glory—from headache band exposing her cauliflower ears to her heavy wool or long black stocking—we modestly cast our eyes downwards and are struck by her feet. Now you too, ladies, can get your filter-tipped feet in either soft pack or flip-top box. (Send two box-tops and social security number and get, absolutely free, a pre-chewed pair of full fashioned sneakers. They come in three flavors—chocolate, vanilla, and mock ravioli.) So long . . .!

SAE Cars Ransacked

Thieves ransacked five cars in the Sigma Alpha Epsilon Fraternity parking lot on Dec. 16 and 17. According to Bill Paul, house manager, they took everything from floor mats to gas.

It is believed that the vandalism occurred over a period of two nights, but most of it wasn't noticed until after the second night.

Items reported lost were: a battery, tools, floor mats, flashlights, and gas. Students who suffered a loss were Charles Hernet, Darryl Willison, Gary Wilson, Dennis Helgoe and Glen Noken.

The Fargo Police were notified and they stated that they would patrol the area.

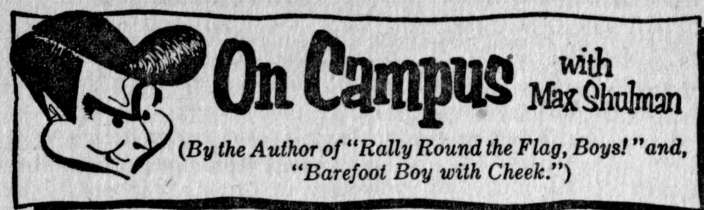

Tobe-Coburn School Offers Fellowship

Tobe-Coburn School for Fashion Careers in New York City announced on campus today that up to four Fashion Fellowships will be awarded this year in their twenty-first annual nation-wide contest among senior college women. Each fellowship covers the full tuition of \$1350 for the one year course for the year 1959-1960. All senior women graduating before August 31, 1959 are eligible to apply.

The widely-known New York school offers fellowships yearly to encourage able college graduates to enter a field which holds unusual advancement opportunities for well-trained young women. Graduates hold jobs in buying, advertising, styling, radio and television, and magazine editorial work. The school maintains an active placement service to help graduates throughout their careers.

Senior women may secure Fashion Fellowship registration blanks from the dean's office, the vocational office, or from the Fashion Fellowship Secretary, Tobe-Coburn School for Fashion Careers, 851 Madison Avenue, New York 21, New York. Registration closes January 29, 1959.

THE DATING SEASON

I have recently returned from a tour of 950,000 American colleges where I made a survey of undergraduate dating customs and sold Zorro whips. I have tabulated my findings and I am now prepared to tell you the simple secret of successful dating.

The simple secret is simply this: A date is successful when the man knows how to treat the girl.

And how does a girl like to be treated? If you want to know, read and remember these four cardinal rules of dating:

1. A girl likes to be treated with respect.

When you call for your girl, do not drive up in front of the sorority house and yell, "Hey, fat lady!" Get out of your car. Walk respectfully to the door. Knock respectfully. When your girl comes out, tug your forelock and say respectfully, "Good evening, Your Honor." Then offer her a Marlboro, for what greater respect can you show your girl than to offer Marlboro with its "better makin's," fine flavor and new improved filter? It will indicate immediately that you respect her taste, respect her discernment, respect her intelligence. So, good buddies, before going out on a date, always remember to buy some Marlboros, now available in soft pack or flip-top box at your friendly vending machine.

2. A girl likes a good listener.

Do not monopolize the conversation. Let her talk while you listen attentively. Make sure, however, that she herself is not a good listener. I recollect a date I had once with a coed named Greensleeves Sigafos, a lovely girl, but unfortunately a listener, not a talker. I too was a listener so we just sat all night long, each with his hand cupped over his ear, straining to catch a word, not talking hour after hour until finally a policeman came by and arrested us both for vagrancy. I did a year and a day. She got by with a suspended sentence because she was the sole support of her aged housemother.

3. A girl likes to be taken to nice places.

By "nice" places I do not mean expensive places. A girl does not demand luxury. All she asks is a place that is pleasant and gracious. The Tomb of the Unknown Soldier, for example. Or Mount Rushmore. Or the Taj Mahal. Or the Bureau of Weights and Measures. Find places like these to take your girl. In no circumstances must you take her to an oil-cracking plant.

4. A girl likes a man to be well-informed.

Come prepared with a few interesting facts that you can drop casually into the conversation. Like this: "Did you know, Snookiepuss, that when cattle, sheep, camels, goats, antelopes, and other members of the cud-chewing family get up, they always get up hind legs first?" Or this: "Are you aware, Hotlips, that corn grows faster at night?" Or this: "By the way, Loverhead, Oslo did not become the capital of Norway till July 11, 1924."

If you can slip enough of these nuggets into the conversation before dinner, your date will grow too torpid to eat. Some men save up to a half-million dollars a year this way.

"Y" Sponsors Faculty-Student Luncheons

Topic: Our Similarity To University

The regular Y-sponsored Thursday Noon Faculty-Student Luncheon Program was renewed beginning January 8th. This program is open to all staff and students at NDSC.

We will be spending our time through January and February in looking at the nature of the state university. Representatives from all the schools on campus will speak on the relationship of their school to the University. They will use as a beginning point, "Notes on the Character of the University," taken from the U. S. Office of Education report. If you plan to attend, no reservation is needed. Just go through the line in Ceres Hall and into the Ceres banquet room. The discussion lasts from 12:25 to 1:15 p.m.

January 15, 1959—Dr. Caroline Budewig, Home Economics.

January 22, 1959—Dr. Ralph Dunbar, Chemistry.

January 29, 1959—Mr. Edwin Anderson, Engineering.

February 5, 1959—Dr. Glenn Smith, Graduate School.

February 12, 1959—Mr. H. Allan Krause, a student from the University of Illinois who visited Russia last year along with 39 other American college students.

February 19, 1959—Dr. Clifton Miller, Pharmacy.

February 26, 1959—Dr. John Calenbach, Agriculture.

Moorhead Prexy Of Alpha Phi Omega

Don Moorhead was named president of Alpha Phi Omega, national service fraternity, at a recent meeting.

Other officers include: Harris Hogganson, vice president; Jerry Eide, secretary; Phil Running, treasurer; and Jerry Shaw, alumni secretary.

Alpha Zeta Initiates

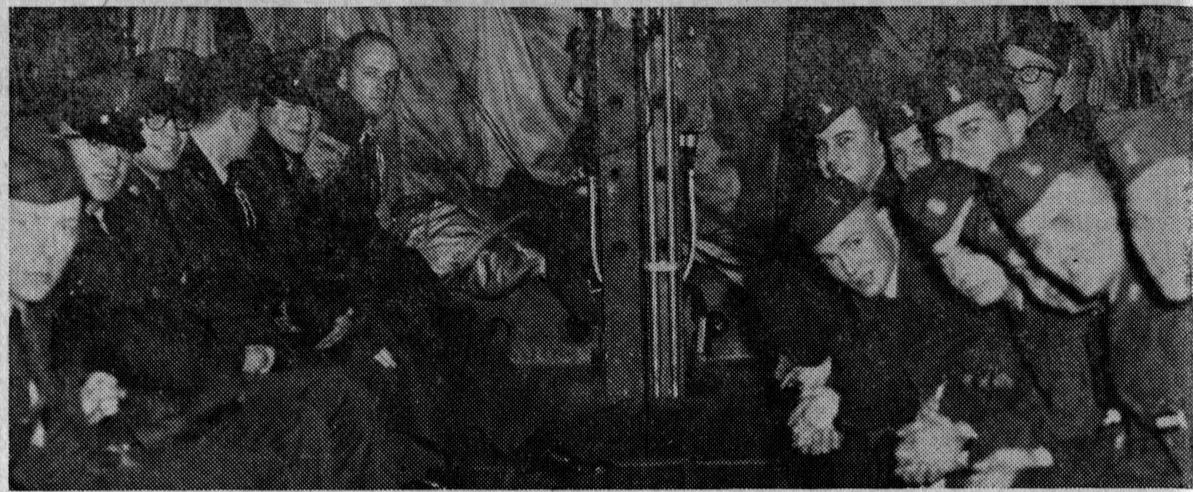

New Members Dec. 11

Alpha Zeta, national honorary agriculture fraternity, initiated five students Dec. 11.

Those initiated were: Ardell Bjugstad, Donald Johnson, Glenn Johnson, Roland Senechal, and James Stafslie.

Members are chosen on the basis of scholarship, leadership, and personality.

Cadets Visit Air Force Base

Pictured left to right are: Harley Howland, Byron A. Johnson, John Altenburg, Edward Gilbertson, Philip A. Krajeck, Ted Bolty, Richard Lundstrom, Kenneth H. Koskela, Sr., Leslie Hammand, Einar Brede-son, Bob Hammre, Vernon Mathern, Michael Hill, Edward Hanson, Arthur Martinson, John

McCullough, and Charles Renschler.

Air Force ROTC cadets made an orientation flight Jan. 7, to Ellsworth Air Force Base, S. D.

The purpose of this flight was to acquaint the cadets with an Air Force Base, in this case a Strategic Air Command Base.

Cadets in both basic and advanced ROTC participated.

Tours were taken of the B-52 bomber, F-89 fighter, the alert hangars, aircraft assimilators, and fieldhouse. A visit was also made to the officers club and base exchange.

The trip to the base was made in a C-119 "Flying Boxcar".

Monday — Miss (Erdmuthe) Liz Ellinger of the American Field Service, student at Central High School from Germany will speak. Tuesday—Pastor Eugene Hasselquist from St. John's Church, Fargo. Wednesday—Devotions. Thursday—Noel Estenson. Friday—Devotions.
Wednesday, January 21
7:30 p.m. Inquiry Class (adult instruction. 8:00—Bible Study. 9:00—Choir Practice.

YMCA

The NDSC YMCA Married Couples Club will hold a card party at the Metropolitan Savings and Loan community room beginning at 8 p.m. Sunday, Jan. 18. If you are interested in attending, contact the Y office for further details.

COKE HOUR

A coke hour will be held at the LSA Center after the Roger Wagner Chorale tonight. The informal get-together will consist of record playing, games, and refreshments.

INITIATION

Sigma Alpha Iota, professional music fraternity for women initiated seven NDSC co-eds Tuesday night, Jan. 13, at Putnam Hall.
Those initiated were: Mary Walum, Robyn Stroup, Kathryn Maxwell, Mary Ann Wilner, Mary Jane Fuhlbrugge, Lenora Piepkorn, and Joan Pierce.

VCF NOTICES

Friday 4 p.m. Coffee Hour at "Chucks".
Sunday 6 p.m., Plymouth Congregational Church supper, worship, report on National Student Assembly.
Wednesday 4 p.m. Coffee Hour at the Student Union with an open discussion.

SOCIAL FORUM

Dating relationships, campus etiquette, and customs will be discussed by a panel of students and faculty at Social Forums beginning next week and continuing through February.
The members of the panel will vary from time to time depending who is available to participate on the different occasions. Panel members are selected by the Creative Arts Committee of the Student Union Activities Board, who is sponsoring the forum.
The Social Forum will be available to any organization or resident hall. Anyone interested should contact Judy Jennings, chairman of the Social Forum committee or Kay McGeary at the SUAB office.

WESLEY MEETING

Wesley Foundation will meet at First Methodist Church on Sunday,

January 18th. A panel discussion will consider the Book of Revelations.

On Wednesday, Jan. 21, Wesley Foundation will meet in the Lutheran Student Center at 6 p.m. The program will consider "The detrimental effects to studying of the dormitory life." This will be a continuation of last Wednesday's discussion.

MEETING

An International Relations Club meeting will be held in Meinecke Lounge on Thursday, Jan. 22 at 4 p.m. A guest speaker will be featured.

ART EXHIBIT

The art exhibit "Cross Currents in American Art" is being shown in the lounge of the Student Union from Jan. 8 to 29.
The nineteen paintings on exhibit are the works of nationally known painters such as: Byron Browne, Eugene Speicher, Tom Lea, Bryon Thomas and Andrew Wyeth.
The art collection is a permanent collection of the department of Arts and Sciences, International Business Machines Corporation.

YWCA VISITOR

Miss Odile Sweeney, associate in

administration and personnel of the College and University Division of the National Board of YWCA, will be on the campus Jan. 22, 1959.

Miss Sweeney will spend the majority of her time with board members of the YWCA, as she is here to conduct a Board Workshop.

ISA

An ISA meeting will be held Jan. 19 at 7 p.m. in conference rooms 1, 2, and 3 in the Memorial Union.
Members will vote on the adoption of a new constitution, therefore, all members are asked to attend. A two-thirds majority vote is necessary for the constitution to pass.

LOST

LOST—Elgin watch, shattered crystal, with a leather band and an inscription on the back "Walsh county 4-H award '53". It was lost before vacation. Call Bob Miller, AD 5-9846.

CHILDREN'S PLAY

The Witches Lullaby, a children's play in 3 acts, will be presented Saturday, Jan. 17 and Sunday, Jan. 24. The play will be given 9 a.m. and 2 p.m. each day.
The Witches Lullaby is directed by Jane Higgins. It will be presented in the Little Country Theater in Old Main on the NDSC campus.

Bison Down Concordia But Lose To SDU And Montana

By Mike Weiler

In the last three starts the Bison have won one and lost two. The team downed Concordia 66-58, but lost to both South Dakota University and Montana State.

CONCORDIA RUNDOWN . . .
Bentson felt that the team did a good job and was pleased with the team's comeback after halftime. The Bison were down 32-37 at halftime.

Ross Fortier was the team's spark-plug on defense. This defensive action was definitely what took the play away from Concordia.

Bentson stated that it was gratifying to out-rebound a team which had considerably more height than the Bison. Hill and Kingrey were the big guns off the boards.

He felt that this wasn't our best or smoothest offensive effort, but it was good enough to win.

SDU RUNDOWN . . .
The first 16 minutes of this game was as smooth an offensive performance as anyone could ask for. The team moved the ball well and only took the best scoring opportunities.

But the second half was a complete reversal. They failed to move the ball effectively and the shooting fell off. SDU, with the scoring opportunities they had in the first half, hit 50 percent of their shots to close up the 11 point margin and come out on top at the end of the game.

Bentson stated that the team missed John Foss more than some people realize. Foss leads the team in rebounding, is the "play-maker" for the team, and is the best defensive player we have. He is second in scoring with an average of 17.2 points per game.

The margin of victory for the Coyotes was 65-59.

MONTANA STATE RUNDOWN . . .
Coach Bentson did not give much comment on this game except that the Bobcats are a veteran club. They have played such teams as Washington State, Idaho State, and the Air Force Academy.

The Bobcats were spearheaded by Larry Chanayl, a 6'4" forward from Chicago, who has a deadly jump shot. He led them to the 88-69 victory.

Bachmeier and Hill were the top scorers for the Bison with 15 points. Dick Faught was close behind with 12.

Coach Bentson went to his bench often in the persons of Fortier, Niska, Shelstad and Anderson. However, the absence of John Foss was a big detriment to the team. His rebounding and all-around play was missed by everyone.

Jerry Kingery, No. 12 and Art Niska, No. 22, set up a layup shot in the SC-Montana State game. Larry Chanay, No. 43, who is the playmaker for Montana, awaits the rebound. Bison lost 88-69.

Publications Photo by Lowell Anderson

Hib Hill Elected Athlete Of Week

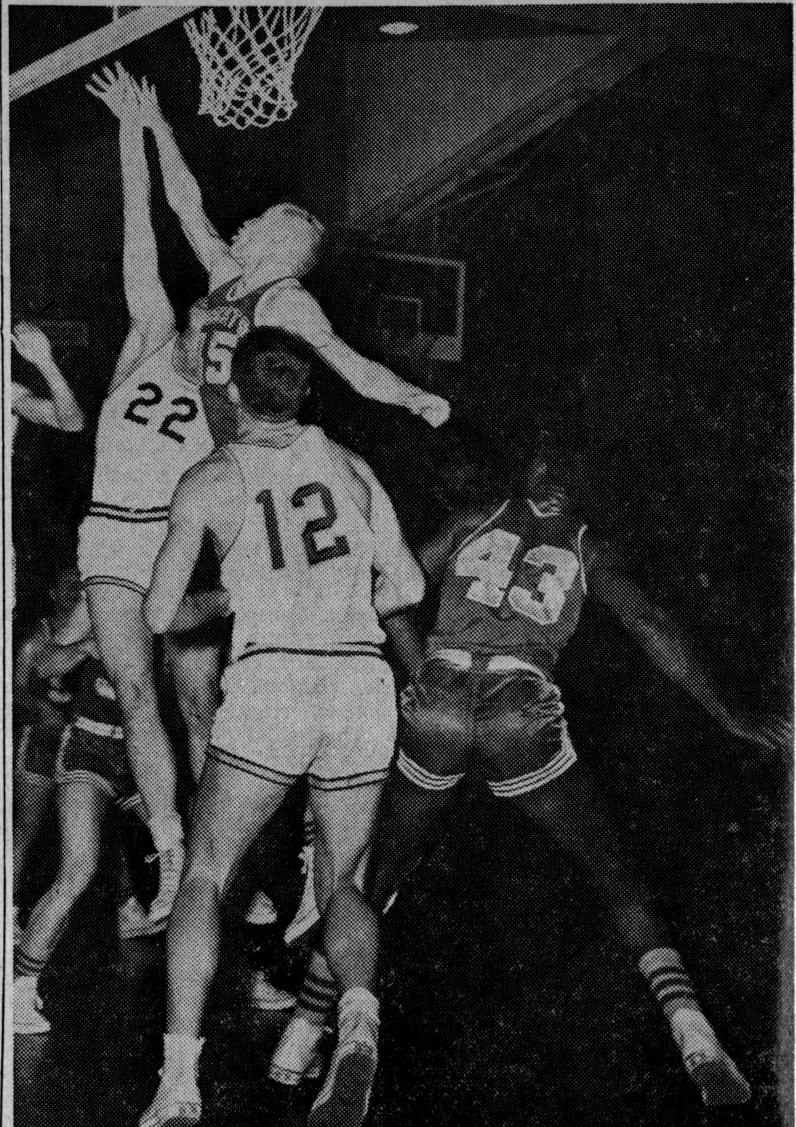

Athlete of the Week as chosen by the Letterman's Club is Hibbert "Hib" Hill, who at 6'5" and 220 lbs. fills the center spot for the Bison varsity team. Hib is 22 years of age. He is a math major and the father of three children.

Coach Bentson is pleased with the way Hib has held his own against the center opponents in the scoring department. From the game standpoint he has been top rebounder against taller opposition.

Hib, who graduated from Valley City high school, was an all-state center. He also participated in football and track.

Bentson was quoted as saying that Hib has shown signs, in the past couple of weeks, of coming closer to reaching his full potential than at any previous time. He scored 10 points against SDU and 15 points against MS.

The varsity coach pointed out that Hib is a clean-cut young man with very high standings, something which always adds to a team.

Sports Shorts

... by Carr

The Bison take the road this weekend. Tonight they go to Augustana and tomorrow night they play South Dakota State. The wrestlers will also be on the road this weekend with matches at Menomig, Wis., tonight, Wisconsin State at River Falls tomorrow afternoon, and Winona State at Winona, Minn. tomorrow night. That's a pretty full schedule, but if they have the spirit that they had against SDU, it should be a good trip.

Coach Bentson hopes to have Foss back in playing condition before this weekend. He hurt his ankle in the game Saturday. He feels that Foss is the most under rated player in the conference and that he is more valuable than most realize. At present he is second in team scoring with 17.2 points a game, leads the team in rebounding with a 12.6 average, and is also the defensive

man and playmaker. Bentson praised Marv Bachmeier for his fine shooting but felt that he needs more experience. He also needs to curb his fouling.

Bobby Brown has been playing the steadiest ball of his career. He has provided that spark that is needed many times.

I think that Hib Hill should be praised for his fine playing in the last two games. Hib had an 8.8 average a game up to Saturday. He scored 10 points against SDU and 15 points against Montana State. I feel that maybe he is getting some competitive spirit which will make him a better center.

You fans who left right after the game Saturday missed a good wrestling match. The grapplers really "fired up" and whipped South Dakota. If you have never watched a wrestling match, you ought to; it's an exciting sport.

In closing, I'd like to say that maybe we could have done a better job against South Dakota if a couple of the players would have gone to bed earlier Friday nite. I don't see how they can play a hard game with four or five hours sleep.

Intramurals

Intramural activities were hindered but not halted by the release of ineligibility lists this week. Nearly 20 percent of the students were placed on this list.

A member of this list cannot participate in intramurals as the administration feels this will hurt his grades. Dean Sevrinson, dean of student, said, however, that he does not feel intramurals is responsible for the high percentage of ineligible students.

He also mentioned that he felt failure of the student to budget his time was the main reason.

Erv Kaiser, intramural advisor, agreed with Dean Sevrinson and added that intramurals aided instead of hindered students and their studies.

Eight teams, winners of the first half basketball season, will automatically be entered into the playoffs this spring. Other teams will be grouped according to ability for second half competition.

Three of the six SAE teams, numbers 1, 3, and 6, were among the winners. Remaining finalists include Student Body, Co-op No. 1, Churchill Hall, ATO No. 1, and Theta Chi.

Second half competition began Wednesday evening among the newly organized brackets. The win-

ners of this half will also be entered in the finals.

Anyone interested in entering one more team in second-half competition is urged to contact Erv Kaiser. The discontinuation of one team left this vacancy which should be filled.

Ping Pong schedules are completed and competition has begun. The program is made up of two brackets composed of eight teams each.

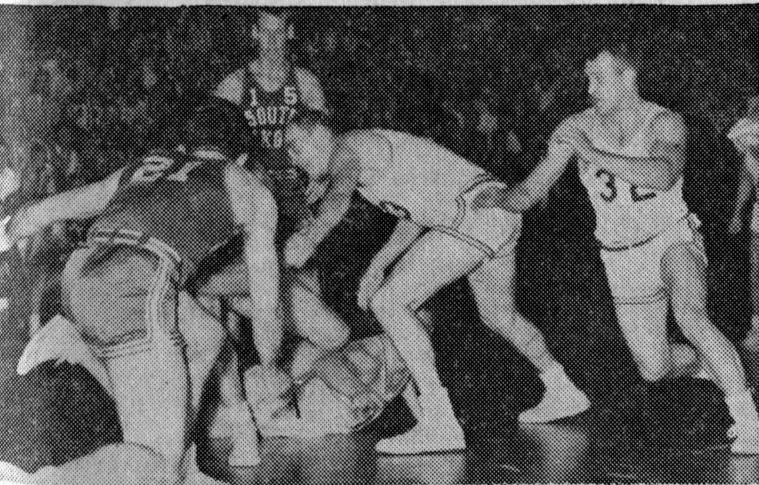

Contests will be held in Stockbridge or Churchill Hall as scheduled.

Participation in the sport is expected by Mr. Kaiser to be very active as usual.

Wrestling has been cancelled for the remainder of the season due to lack of interest. The program may be exploited again next year.

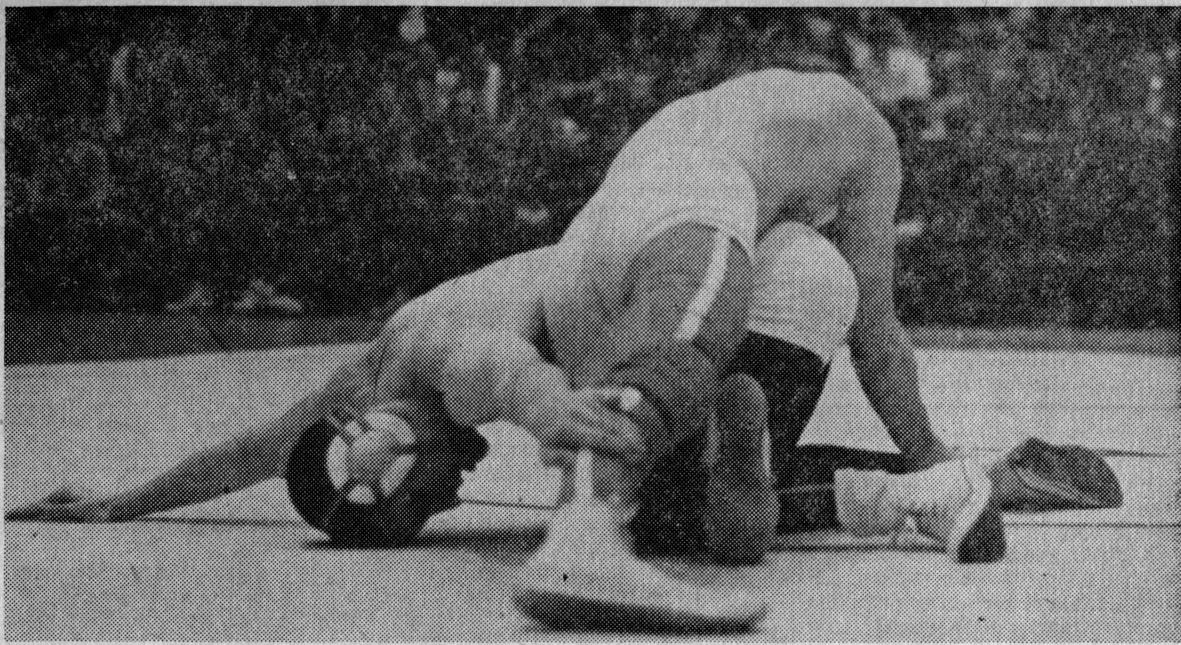

A definite interest in curling was expressed at the Intramural Board meeting last Monday. Due to lack of time, however, nothing was definitely established.

Organizations interested in this activity are urged to attend the meeting next Monday. It will be held in Room 204 of the Field House at 4:15 p.m.

The Bison trailing by 11 points with just a few seconds to go still make an all out effort to close the gap. Roger Shelstad, number 32, rushes in to tie up Larry Loomis, number 2 of South Dakota. Ken Mizerny, 15, watches the play. Hill, who scored 10 points in the game, stands over Jerry Kingery. The Bison lost their nine point half time lead and lost the game 65 to 59.

Bison Grapplers Beat SDU Coyotes By Pinning Five Of Their Wrestlers

The NDSC Bison wrestling team swamped the SDU Coyotes 36-2 in a match held on the Bison mat Saturday night.

Coach Neuberger had this to say of his team's performance: "It is actually hard to determine how well the boys wrestled against SDU because of the manner in which the Bison outclassed the Coyotes due to lack of condition on the part of the visitors."

The Bison will be at Stout State at Menomnie, Wis., tonight, Wisconsin State at River Falls, Wis., tomorrow afternoon, and Winona State at Winona, Minn., tomorrow night.

Saturday's Results

- 123 lb.—Marv Jensen, NDSC, pinned Jerry Wade, SDU, 5:12.
- 130 lb.—Glenn Holte, NDSC, pinned Dick Kingsberry, SDU, 7:15.
- 137 lb.—Larry Van Sickle, NDSC, decisioned Bob Staley, SDU, 4-0.
- 147 lb.—Frank Johnson, NDSC, won by forfeit.
- 157 lb.—Bob Croak, NDSC, decisioned Don Svathoff, SDU, 3-1.
- 167 lb.—Dale Hinkle, NDSC, decisioned Gene Iverson, SDU, 6-2.
- 177 lb.—Gerald Nelson, NDSC, Wayne Ellis, SDU, draw.
- 191 lb.—Don Remillong, NDSC, pinned Ed Heathiote, SDU, 7:55.

Hev.—Larry Roehl, DSC, pinned Clint Waymer, SDU, 3:54.

Exib.—Dave Emslie, NDSC, pinned George Cuorey, SDU, 5:47.

Larry Van Sickle, NDSC wrestling captain, beat Bob Staley from South Dakota University four to nothing by decision. The "grabbers" took on South Dakota after the basketball game Sat. night and won 36 to 2.

Placement Service

Monday, January 19, 1959
Lilly Varnish Company, Indianapolis, Indiana represented by Mr. Harold Chloupek, will be on campus to interview chemistry students at all degree levels. Lilly Varnish manufactures product finishes.

Tuesday, January 20, 1959
Pillsbury Mills Inc., Minneapolis, Minnesota, wishes to talk with men interested in milling and food processing. They are mostly interested in men who will receive degrees in mechanical and industrial engineering, chemistry and physics.

Friday, January 23, 1959
The Dow Chemical Company, Midland, Michigan, represented by Leo Streeter, is particularly interested in seniors and graduate students majoring in chemistry. They also have openings for electrical, mechanical and aeronautical engineers.

The College Placement Office has received information from the Yellowstone Park Company, Wyoming, that they are seeking college students for summer employment. They have included information on locations, positions, salary and opening and closing dates. All interested students are encouraged to contact the College Placement Office to secure more information and application procedures.

Chemistry Club To Meet Jan. 21 In Ladd Hall

The chemistry club will meet on Wednesday, Jan. 21, at 8 p.m. in Ladd Hall. The story of the catching of whales off the coast of Peru will be told with colored slides through the courtesy of Archer-Daniels-Midland Co. of Minneapolis.

The colored slides depict the whaling operations off the coast of South America. We will see how a whale is caught, how it is brought to land, and how the oil is recovered.

The Archer-Daniels-Midland Co. is one of the world's largest producers of oils and resins and the slides will be narrated by Dr. Rheineck, chairman of the Department of Protective Coatings at NDSC.

The public is invited to see these slides.

Larson Receives Barton Scholarship

Dalmon Larson, NDSC sophomore in agriculture, received the Barton Memorial Award Scholarship for \$50.

The scholarship is given by the North Dakota Poultry Industries Board on the basis of scholarship.

The Barton Memorial Award is given in memory of Professor Barton, formerly of the Department of Poultry Husbandry.

The award is given two times a year, at the end of the fall and winter quarters to promote interest in Poultry Husbandry.

Ski Club Names Geo. Flamer Pres.

The NDSC Ski Club held election of officers Dec. 18. Those elected were: President, George Flamer; vice president, Joyce Larson and secretary-treasurer, Andrejs Jurjans.

Third Annual Sigma Xi Public Lecture To Be Presented By Dr. Blake, Jan. 20

The Third Annual Sigma Xi Public Lecture will be presented by Dr. Martin I. Blake, professor of pharmaceutical chemistry at the NDSC School of Pharmacy. The lecture will take place on Tuesday, Jan. 20 at 7:30 p.m. in Room 207, Ladd Hall.

The subject of Dr. Blake's lecture is "The Use of Radioactive Isotopes in Medicine, Research, and Industry". Several of the questions which will be discussed are: What are radioactive isotopes and how are they made? What are radiations and are they harmful? Are radioactive isotopes of value in the treatment of disease? How does industry make use of isotopes? The lecture will be illustrated with numerous slides and a series of interesting demonstrations will follow the talk.

Dr. Blake obtained the BS degree at Long Island University, the MS degree at Rutgers University, and the Ph.D. degree at Ohio State University in 1951. Prior to assuming his teaching duties at NDSC, Dr. Blake taught at Duquesne University, in Pittsburgh, for a period of four years. He is a co-author of a textbook in Organic Chemistry and has published numerous scientific articles in the fields of pharmacy and chemistry.

Don Schwartz Speaks At FFA Meet, Jan. 8

Donald Schwartz was guest speaker at the NDSC FFA meeting Jan. 8. Schwartz showed slides and discussed his experiences living on French farms last summer. He was a part of the International Farm Youth Exchange program that sends young farm adults to other countries, where they live and work with host families. Schwartz was surprised to see how the people of France and the United States resemble one another.

Also on the program was a piano solo by Murle Linkie.

The regular business meeting included discussion on the Little International and the invitational meeting at which high school chapters are invited to attend a collegiate chapter meeting.

In the summer of 1957, Dr. Blake participated in a course in Radioisotope Tracer Techniques at the Oak Ridge Institute of Nuclear Studies at Oak Ridge, Tennessee. Dr. Blake teaches a course in Radioisotopes to pharmacy students at NDSC.

The public is invited and urged to attend this informative lecture on a subject which is of such great importance today.

Coop Entertains State FU Members

Members of the North Dakota Farmers Union who are traveling to Washington, D. C., are being entertained at the NDSC Co-op House according to Warner Johnson, president.

A verbal history of the Co-op House and its relationship to the North Dakota Farmers Union, guided tours, and refreshments await their visit. Co-op House members serve as guides and narrators during these presentations.

The bus trips sponsored by the North Dakota Farmers Union leave for Washington weekly during January and February. The trip begins at Jamestown, N. D. and lasts two weeks with visits to the White House and Senate Building.

Lessons Now Available For All Ice Skaters

Iceskating lessons for adult dance groups will be held either Wed. or Fri. at 9 p.m. Regular skating is on Tuesday, Wednesday and Friday. If anyone is interested in private instructions, they will be held before 4 p.m.

The housewives group will skate Wednesday mornings from 10:30-11:30.

There is a \$10.00 membership fee to belong to the Winter Club which includes five lessons. Each lesson in a class costs one dollar. There is a minimum of five lessons. Private lessons are \$5.00 for 30 minutes.

For additional information call Mrs. C. H. Arnold, AD 2-0447.

THE SPECTRUM
NORTH DAKOTA STATE COLLEGE
FARGO, NORTH DAKOTA

Norman Bakkegard And Dale Saville Speak To NDSC 4H Club Members

Norman Bakkegard, winner of a trip to the Minneapolis Grain Exchange, and Dale Saville, recipient of a trip to the National 4-H Club Congress at Chicago, gave talks on their respective trips at the semi-monthly meeting of the college 4-H club, reported 4-H club Treasurer Richard Knutson.

Norman spent four days in Minneapolis along with 15 other 4-H club members from the eastern half of North Dakota. Two other students from NDSC, Jim Quick and Robert Greening, were among the 16 boys.

Norman reported that they visited such points of interest as the trading floor of the grain exchange, state inspection, sampling, and protein laboratories, Port Cargil, which

is a shipping port at Savage, Minn., and a malting and macaroni plant. These boys were sponsored by the Minneapolis Grain Exchange. They received the trip through their outstanding work in 4-H small grain projects.

Dale received the trip through his work in soil conservation projects. He was sponsored by the Firestone Rubber Co.

Judging Team Goes To Nat'l Stock Show

Denver, Col., bound are the members of the North Dakota State Junior Livestock Judging team, according to John Johnson of the Animal Husbandry Department, team coach.

The team, consisting of five judges and two alternates, are Don Johnson, Floyd Albers, Doug Richman, Robert Conklin, Roger Boone, Ed Bernardson and Gerald Puppe.

The team is scheduled to leave by station wagon Jan. 12, returning Jan. 20.

Scheduled practice sessions will be held at South Dakota State, University of Nebraska, Colorado State University and at a Wyoming Hereford Ranch enroute to Denver for the National Western Stock Show.

They will participate in a car lot judging contest on Friday, the intercollegiate contest on Saturday, and a banquet after the show on Sunday before returning.

Kenneth Ward Is Air Force Captain

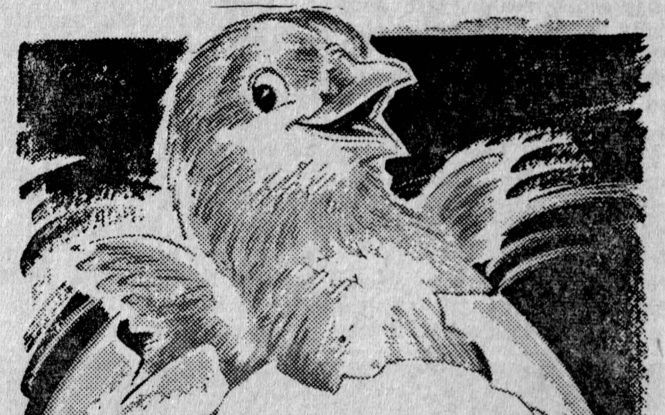

Kenneth A. Ward was promoted to Captain in the United States Air Force on Jan. 8, 1959.

Captain Ward is assistant professor of air science at NDSC, where he graduated as an agriculture engineer in 1952.

Ward entered the Air Force in 1953, and served in Korea for one year. He was then stationed in Japan for two years and he came to NDSC in 1957.

Ward is married and has two children.

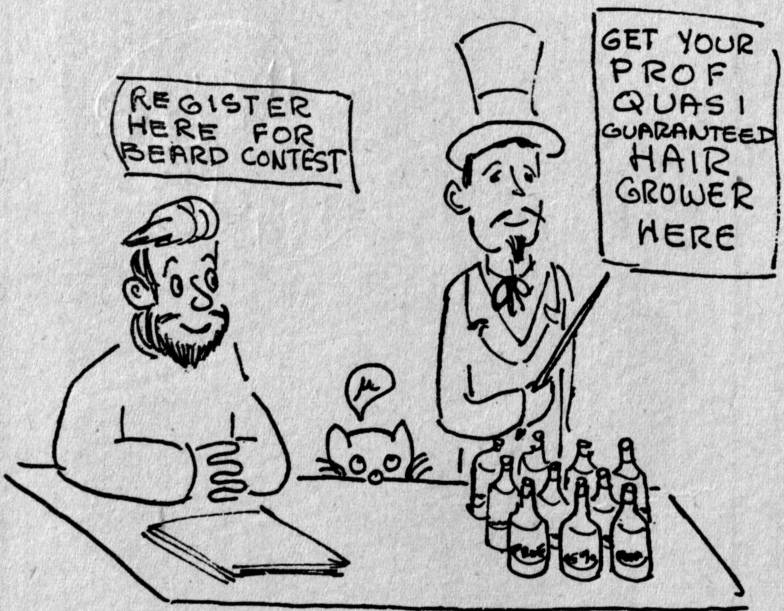

"WE'RE COMING TO SEE YOU!"
