NORTH DAKOTA STATE COLLEGE
Vol. LXX—No. 17 Fargo, N. D. January 30, 1959

Annual Little International Show Opens Tomorrow With Full Schedule

The 33rd Little International Livestock Exposition at NDSC gets underway tonight with the annual Hall of Fame banquet in the Student Union ballroom at 6:30 p.m. Leonard J. Davis of Killdeer, president of the North Dakota Stockmen's Association, will be honored at the banquet as "Man of

the Year" in North Dakota agriculture. His portrait will be hung in the Saddle and Sirloin Hall of Fame in Sheppard Arena.

The college crops judging and 4-H and FFA Livestock judging contests will be held from 9 a.m. to 12 noon tomorrow in the Arena.

The preliminary judging of livestock will be held from 1:30 to 4 p.m. tomorrow. Other activities scheduled are the style show in the home economics building at 3 p.m. and a tea, sponsored by Phi Upsilon Omicron, immediately following.

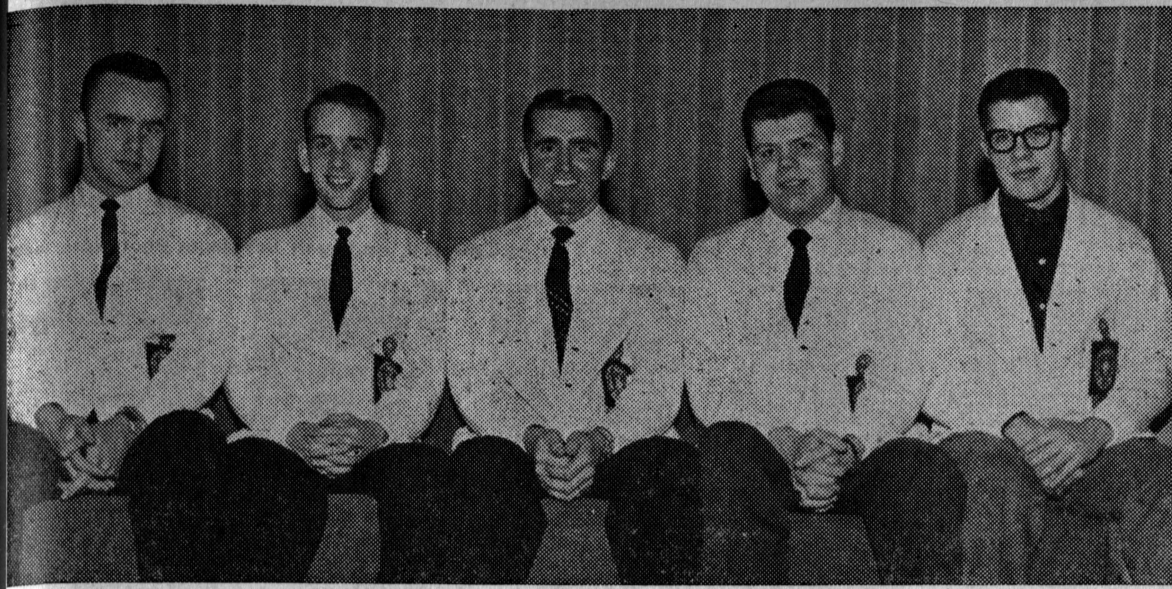

Chloe Trenbeath, Queen of the Little International, will act as mistress of ceremonies and will present trophies to the winning contestants at the show tomorrow night at 7:30 in Sheppard Arena. She will be assisted by Beverly Lloyd and Virgene Anderson, queen attendants.

Specialists To Discuss Home Ec., Ag. Future

A panel discussion of job opportunities in agricultural and home economics, extension, vocational teaching, and research work will be held Thursday evening, Feb. 5, at 7:30 p.m. in conference rooms 1, 2 and 3 at the Memorial Union.

The panel will be comprised of specialists in their fields. Job opportunities in North Dakota, salary scales, technical training needed, personal qualifications and investment required will be emphasized.

This meeting is open to all students interested.

Dick Weeks, Lyle Baker, Noel Estenson, David Bragg, and Jack Simonieg were initiated into Blue Key, National Honorary Society for men, during ceremonies Jan. 22.

Crom Speaks At Leadership Clinic

Robert Crom, director of publicity and communications at NDSC, was the keynote speaker at the Leadership training clinic, Thursday, Jan. 29. His topic was entitled "Leadership—The Key to Success." Approximately 150 representatives from the various campus organizations were on hand for discussion.

Following Mr. Crom's talk, the delegates divided into six groups. The topics of discussion and the leaders were: "Problems of the President," Cyril Puetz; "Student Government," Larry Swenson; "Student Leaders in College Administrative Functions," Margaret Platt; "Leading Group Discussion," Leslie Breithach; "How to Create Interest and Enthusiasm," Bill Lantz; and "Responsibilities of the Student Leader to Himself and Others," Warner Johnson. A summation of each discussion was given for the benefit of the entire group.

Dr. Leo Hertel, Prof. Rudolph Ottersen, Dr. Paul Sandal, Miss Emily Reynolds, and Mr. Leo Johnson, general secy. of the YMCA sat in and assisted in the discussion groups.

The clinic proved to be very interesting and advantageous for most especially those interested in

student government and leadership in general.

SC Concert Choir Scheduled To Make Two-Week Tour

Sixty five NDSC students will have a unique educational experience when they make a two week choir trip through the South next March, according to Professor Earnest Van Vlissingen, Chairman of the Music Department.

The NDSC Concert Choir will have an opportunity to appear before different types of audiences under professional conditions as they bring a good class of music to the people. Selected works range from 16th to 20th century music. The choir is under the direction of Mr. Robert Godwin.

This is the first time the college has even sent this large of a group on an extended tour to represent our school. On March fifth the choir will leave Fargo in two chartered buses for Florida. The group will return March 19.

Scholarship Open For European Study

Competition for a scholarship offered by the American Committee on-United Europe to attend the 1959-60 session of the College of Europe at Burges, Belgium, is now open to American college graduates.

The College of Europe offers a one-year, graduate program in European studies. Courses and seminars are given in the social sciences, with emphasis on European economic and political problems. A series of study trips is part of the curriculum. The annual enrollment of about 40 students is drawn mainly from western European countries, but the College encourages outside representation, especially from the United States, in order to broaden the exchange of viewpoints.

March 1, 1959, is the deadline for scholarship applications. Applicants must be United States citizens, under 30, single, able to speak French and have a bachelor degree by October 1959. The scholarship, valued at \$1,750, covers travel, tuition, board, lodging and incidental expenses. Further information on how to apply can be obtained from the American Committee on United Europe, 120 East 56th Street, New York 22, N. Y.

Richman Gets First In Stock Show Judging

Douglas Richman was named top swine judge at the recent 1959 National Western Stock Show, at Denver, according to NDSC coach, "Johnny" Johnson.

Richman, high scoring individual for the NDSC livestock judging team, proved his judging ability among a group of 90 competing intercollegiate judges.

He was highest individual swine judge, seventh in quarter-horses, and tenth in the judging contest, said Johnson.

Richman, an Ag Junior, is majoring in animal husbandry. He has been active in livestock judging in 4-H Club work before enrollment at NDSC. He is also a breeder of registered herefords on his father's farm near Tower City.

Others on the NDSC team are Floyd Albers, Don E. Johnson, Gerald Puppe, and Roger Boone. Gerald Puppe was ninth high scoring individual in beef judging. The team placed tenth in the contest.

Alternates for the team were Robert Conklin and Edmund Bernardson.

Gov. Davis Sets February 1-7 As Home Economics Week For State

February 1-7 has been proclaimed by Governor John E. Davis as Home Economics Week in North Dakota, states Miss Caroline Budewig, dean of home economics at NDSC. The purpose of the week is stated in the Governor's proclamation that "Whereas, the effects of Home Economics in the past fifty years are felt in everyday living, as well as in the ideas and attitudes which lead to improvement in community well-being," he urges the people of North Dakota "to join in the spirit of the North Dakota Home Economics Association to become aware of the possibilities of strengthening family living."

According to Miss Budewig, there are 225 professional home economists in North Dakota engaged in such varied professions as teaching, home extension, dietetics, and home economics in business. It is estimated that they reach directly at least 50,000 people in North Dakota.

The School of Home Economics at NDSC has planned a varied program including a number of activities that were timed to coincide with home economics week. The faculty prepared a newsletter that went out to five hundred NDSC graduates in home economics. The students in Tryota, home economics club, prepared a set of recipe cards that will be on sale during the week. Phi Upsilon Omicron, professional fraternity in home economics, will celebrate Founders Day on Thursday, Feb. 5 with a dinner and program in the Founders room. The nursery school staff, headed by Mrs. Virginia Merifield, has planned a parents' meeting for Tuesday evening, February 3.

A special event during Home Economics Week will be a coffee hour on Thursday, February 5, between 9:30 and 11:30 in the founders room of the Home Economics Building. Invitations have been sent to about two hundred business and professional people in the community whose services have helped the School of Home Economics. Guests will have an opportunity to see the facilities of the school and learn about the program offered to home economics students.

On Thursday afternoon home economics faculty and students will have a campus-wide open-house at the Home Economics building between 3:00 and 5:00. All students and staff on the campus are invited. Coffee will be served in the founders room.

Exhibits for the open house will include students' work in weaving, ceramics, and metal work as well as a collection of costumes of the Gay Nineties period. A collection of old irons will also be on display.

Home Economics Week will also begin the School of Home Economics celebration of the fiftieth anniversary of the founding of the American Home Economics Association on January 1, 1959. The anniversary has special significance for North Dakota since the School of Home Economics at the North Dakota State College was one of the pioneers in establishing home economics in the land grant colleges.

Today, home economics at NDSC enjoys one of the most complete buildings and curriculums of any School of Home Economics in the country.

Molly Malloy, played by Betsy Nelson, seems to be holding her own against Don Brandvold, Harold Pederson, Mayo Flegel, Dennis Roscoe, and Dick Herman, five persistent reporters in the Vet's Club production of "Front Page". The play will be presented Feb. 3-7.

From the Editor's Desk

By Loretta Struble

The Vet's Club production of "Front Page" should prove to be a highly entertaining event, if their past plays are any indication. The play will be presented Feb. 3-7, in the Little Country Theatre. Let's all take a break from studying and go to this play.

* * *

With this comment the Spectrum will end the seemingly endless debate on the "credit requirement" issue. Most of the letters thus far received have been in debate of Mr. Thompson's stand. Letters have been received this week from Ron Mehrer, '58 graduate, Robert Brake, and Jack Heltemes. All stress about the same thing—that 204 credit hours are not too many, rather that the requirement should be raised if anything. They mainly feel that a college credit requirement should be to "select", rather than merely "admit" students. Mr. Thompson's contention can be summed up in that the student does not have enough free time for himself, or for extra-curricular activities, that our college differs in this point from some other schools, and that the student would learn more with more time. Doubtlessly, this could be endlessly debated pro and con. The Spectrum will be unable to devote any more space to the controversy.

Guest Editorial

By Marilyn Marschke

Are you "sharp"? This word is tossed around frequently on campus. If a person looks good, dresses in the latest fad or fashion and hangs around with the right clique—he's sharp.

It seems to me that the person who is sharp has other more important qualities. Besides general qualities such as sincerity and friendliness, a sharp person should know what's going on around him. We have seniors who have never attended a lyceum, Little Country Theatre play, student-faculty luncheon, or a Little International Livestock Exposition.

How many have ever attended a band or choir concert, seen a Shakespearean play, attended a recital, or read a classic or a best seller or play. How many have ever heard any jazz, opera, ballet, or a musical comedy.

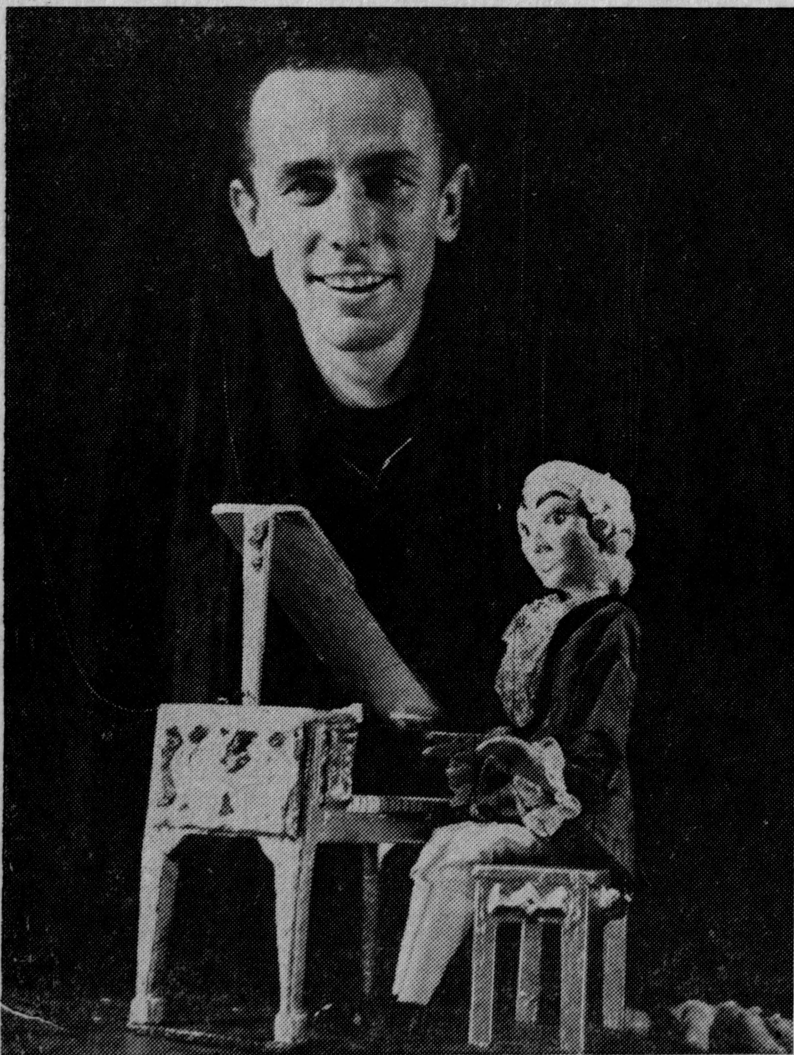

Not only the fine arts, but life in general is prosaic to such people. They couldn't tell you about the

Bison's basketball team or debate team; they have never been to a Student Senate meeting and they know nothing about government, business or politics. They simply exist. With no vitality, no enthusiasm, no interest in anything, they are just living blobs of matter.

Too many students on this campus lack enthusiasm for the college and the campus activities. Out of about 3,300 students, how many are active in some campus activities? The same few students can be found participating in several organizations. Why should a few students run the entire campus when there are so many students who could?

Many of these students, who neither attend or take part are guilty, not only of not taking part in community life, but of not taking advantage of the higher education they came here to get.

Are you really sharp or do you just exist?

Daniel Llords presented his internationally known puppet show to a full house at Festival Hall on Monday, Jan. 26. The one man show drew applause from the audience for every one of his acts, from can-can girls to the underwater scene.

The Spectrum Asked:

Why do you think students fail to make their average in college?

By Lowell J. Anderson Spectrum Photo-Interview

Carolyn J. Opie Fr., Animal Husb. Fargo

Richard Johnson Soph., Agric. Edmore, N. Dak.

Karen Froemke Soph., Chem. Lisbon, N. Dak.

Paul Heitzmann Sr., M. Eng. Ashley, N. Dak.

Jean Erickson Soph., English Moorhead

I think it's because too many students try to do too many things in too short a time by joining clubs and carrying too many credits.

Because they are unable to adjust themselves to college life.

Too much social life, noisy dorms, unionizing, and not enough studying... (Hey, that's me!!).

The lack of integrity to get down to brass tacks.

College means studying; some people just haven't learned that yet.

"Sharivar" Will Tell Of College Life To Parents And Friends

"Sharivar" is the theme of the first NDSC "All College Festival". It will be held in conjunction with Bison Brevities on May 8 and 9, according to Jim O'Keeffe, committee co-chairman.

The purpose of the festival is to show parents, alumni, taxpayers, legislators, prospective students, and Fargo-Moorhead residents how the college functions. It will show them how students live and study; what the social activities are; and what extra curricular activities the student may take part in.

The typical life of a college student can be followed through the scheduling of college bowling, baseball, and billiards. A high school track meet is also tentatively planned. The sororities, fraternities, classes, and religious facilities will hold open houses. In this way, visitors will be able to observe them while they are functioning. Dances, concessions, and fashion shows will be a part of the schedule.

O'Keeffe listed some of the objectives of "Sharivar". People attending can get a better understanding and appreciation of the college; they can see how their tax money is being spent; it would point out the facilities needed for the near future, and it would bring in added profits for the events and for "Bison Brevities".

Library Offers Two Unique Displays In Architecture And Forum Photos

By Ralph Thompson

Three displays add to the attractiveness of the NDSC library. Two of the displays are from the school or architecture and the third is from the photography department of the Fargo Forum.

On the first floor is a display on basic design made by the students of the Architecture 209 class. Each student searched the city of Fargo for the best designed object he could buy for less than \$1.50. A paper had to be written explaining why they considered their purchase a good design.

State FHA Offers \$90 Scholarship

Freshman home economics students may now apply for a \$90 scholarship offered by the Executive Council of the North Dakota Association of Future Homemakers of America. The scholarship, given in three installments of \$30 each, will be used during the sophomore college year.

Qualifications for the scholarship include former FHA membership, enrollment in a four year course leading to a bachelor's degree in home economics, financial need, and professional promise in freshman college activities.

Applications may be obtained from Dean Caroline Budewig or Majore Lovering, state FHA advisor. The form plus a recent photograph, college transcript, and recommendations must be returned to Miss Lovering on or before March 1.

The winner of the scholarship will be announced at the spring FHA convention.

Phi Upsilon Omicron Will Hold Dinner

Beta chapter of Phi Upsilon Omicron, honorary home economics fraternity, will celebrate its Golden Anniversary Tuesday, Feb. 2, at 6 p.m. with a dinner in the Founders room of the Home Economics building.

Active and alumnae members will participate in a program following the dinner.

Phi Upsilon Omicron was founded at the University of Minnesota, February 10, 1909.

Each student drew a plan for the display structure upon which the displayed objects were to be placed.

Don Meinhardt's design was selected as the best by a special architecture seminar held in conjunction with the project.

The Architecture 501 class, composed of six students, made the original clay sculptures which can be seen on the second floor of the library, according to Fred Chezick, assistant professor of architecture.

Three pieces of sculpture were made by each of the students taking the course.

The last to be made was the facial bust of some person that they knew. Charles Huntley made one of his girl friend, Jan Kearney, while others made busts of their wives.

Photographs were used as models for the students in class.

The Fargo Forum photography department has on display interesting photographs which have been taken by the reporters in the last few years. Many of them have been in the Forum but many are human interest pictures.

According to Dean Harris Stallings, librarian and professor of library science, the displays in the glass cases are changed every few weeks. Anything which would be of an interest to the student is usually displayed.

School Of Pharmacy Kappa Psi Frat, Bowling Tourney

The annual mortar and pestle bowling tournament was held last Friday, Jan. 23, at the Student Union bowling lanes. The faculty of the school of pharmacy defeated the Kappa Psi fraternity team.

This was the fourth annual tournament played to decide the holders of the large trophy with an ancient iron mortar and pestle resting on its tops. The trophy will be in the office of Dr. C. E. Miller, dean of the school of pharmacy, until next year's tournament.

The keggers for the faculty included Mr. Richard O'Neill, Dr. M. I. Blake, Mr. Kent Sack, Dr. F. T. Galysh, and Mr. Richard Reopelle. Those on the Kappa Psi team were George Gardner, William Suckerman, John Nathe, Robert Snyder and Blayne Myhre.

Kip's Korner

By Jan Kippen

No! I wasn't fired, I didn't quit—I just took a week off. Two weeks ago I mentioned a guest columnist would be taking over while I took some midterms, and that's just what happened! From the favorable reactions, maybe we'll do it more often. Anybody else want to try their hand at journalism?

"What do you think this is—a PARKING lot?" queried the cop as he hustled all the coeds and their dates out of their cars in Dinan Hall parking lot last week. Now, with tempers flaring and teeth gritting, fellows stop their cars at the Hasty and let their dates walk home. Some typical comments have been, "To the hills, men!" or X*★@★/§, etc. Fellows have even received tickets while in the dorm waiting for dates. Seems as though the efficiency of the traffic department is seriously mutilating the dorm girls social rating. At any rate, the traffic department isn't very popular with the NDSC male population at the moment.

SIGMA CHI FRATERNITY has announced the finalists who will be contending for the 1959 Sweetheart crown. They are Yvonne Mousseau, GPB; Suellen Ringsak, GPB; and Darlene Dietrich, KKG. The Sweetheart Ball on February 13 will proclaim the winner.

Theta Chis and dates are dining and dancing tonight at the Top of the Mart. The DREAMGIRL of Theta Chi, succeeding Beth Bohnet, KKG, will be chosen from the following hopefuls: Sharon Campbell, KKG; Linda Lewton, GPB; Janet Kaiser, GPB; Mary Lee Moffit, KKG; Jean Jackson, KAT; and Linda Nelson, GPB. Dress is semi-formal with the dancing beginning at 9 p.m.

New Theta Chi pledges include Lee Kessler, Don Scholl, and Dick Bucholz.

You heard right!
Yes, that rumor about Bruce Campbell is really true. Bruce, the immortal advocate of "single status for all seniors of Sigma Alpha Epsilon" is pinned! Bruce's honey and new pinmate is Miss LaVonne Mumm of Lidgerwood, who is employed in Fargo. Adding to the brothers' surprise, Bruce announced the big event at the house with, not cigars, but a package of cigarettes for everyone — guess he's bummed a few in his day, and figured on paying everyone back at once! Congratulations, Bruce and LaVonne.

SPD John Opie is now pinned to Nancy Parr of Houston, Texas. Nancy is a junior at Concordia.

Jan Anderson, prexy of Gamma Phi Beta, announced Monday night her engagement to Orlo Hjelseth, SAE alum.

Kappa Deltas entertained the Sigs Thursday night.

Sigma Phi Delta initiates are James Driver, William Hickle, Jerome Horsager, Roger McCardle, Merlin Meyer, Vernon Meyer, Brian Trambley. Newest SPD pledges include Frank Soltis, Gerald Spitzer and Duane Nelson, all of Fargo; Joseph Olson, Moorhead; and Laurie Buresh, Dickinson.

John McLain, SAE, has pinned Sharon Killworth from Miles City, Montana. Miss Killworth is a student at Montana State U. Roger Heglie also made the move, by pinning Margaret Rubbert, RN, of St. Lukes.

Sigma Alpha Epsilon is holding their annual winter term party at the Top of the Mart on Saturday night, the 31st.

Robert Matejcek was elected sec-treasurer of the TKE pledge class

last Monday. Other officers are Vernard Oled, president, and Harold Schatz, vice president.

Tau Kappa Epsilon has pledged the following men: Gerald Usgaard of Gary, Minnesota; Dean Klicker of Park Rapids, Minnesota; James Lamont of Rolla, N. Dak.

Thetas held a pot luck supper with their alums Monday night, Jan. 26, to commemorate Founders' Day.

Liz Ellinger, a foreign exchange student from Germany, attending Fargo High, and Jan Shark, AFS representative from Fargo to France last summer, spoke to the Kappa Kappa Gamma Active and alumnae chapters Monday night after a pot luck dinner.

Mary Ellen Leonhard of Bismarck is a new active at the Kappa house.

Kappa pledge officers now are: Gail Gustafson, president; Linda Swenson, vice president; Bonnie Nordling, sec-treasurer.

Sigma Chi initiated three new members. They are Gerald Zastrow and Paul Stokes, both of Cathy; Delbert Fischer of Bismarck.

COLD WINTER EVENINGS — find the Theta Chi housemother, Mrs. Sheedy, knitting sweaters for the brothers. They buy the yarn and "Ma" knits the sweater!

Six Up For Dream Girl

Six coeds at North Dakota State College are candidates for the 1959 Dream Girl of the NDSC chapter of Theta Chi, national social fraternity. They are:

Linda Nelson, Sharon Campbell, Jane Kaiser, Linda Lewton, Mary Lee Moffit, and Jean Jackson.

The new Dream Girl will be crowned at the Theta Chi winter term party to be held Friday, Jan. 30, at the Frederick Martin Hotel in Moorhead.

The 1958 Dream Girl is Beth Bohnet.

Contest Announced To Name Addition To Bison Room

A contest for the naming of the addition to the Student Union Cafeteria has been announced by Dale Brostrom, Director of the Union. The contest is being planned by the Student Union Activities Board and the rules and prizes will be announced shortly.

The new addition will be in the room formerly occupied by the bowling alley, which was moved to the new addition last fall. The opening date has not been officially announced but it has been tentatively set for the early part of February.

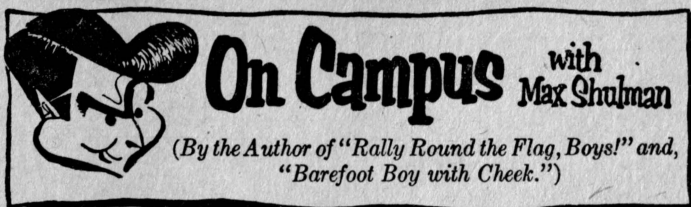

A complete set of new kitchen equipment is being installed as the old cafeteria has facilities only for preparing salads and the like. At the present time all meals are cooked in the kitchens on second and third floors.

The main purpose of the new cafeteria will be serving full meals while the Bison room will remain as a place for those who desire snacks. For the present the room will open at about mid-morning for coffee. It will close about half an hour before the noon rush to prepare for serving the noon meal. Closing time in the evening will be after the evening meal, about 7:30 or 8:00.

According to Mr. Brostrom there is a possibility that the new addition may be opened on Friday or Saturday nights when no regular dance is scheduled. It may then be used for dancing for all who wish to do so.

Furnishings for the new room will be taken from the third floor lounge until new furniture is acquired.

Vet's Club Play, Feb. 3-7

THE GIRL I LEFT BEHIND ME

It happens every day. A young man goes off to college leaving his home-town sweetheart with vows of eternal love, and then he finds that he has outgrown her. What, in such cases, is the honorable thing to do?

Well sir, you can do what Rock Sigafos did.

When Rock left Cut and Shoot, Pa., he said to his sweetheart, a simple country lass named Tess d'Urbervilles, "My dear, though I am far away in college, I will love you always. I will never look at another girl. If I do, may my eyeballs parch and wither, may my viscera writhe like adders, may the moths get my new tweed jacket!"

Then he clutched Tess to his bosom and planted a final kiss upon her fragrant young skull and went away, meaning with all his heart to be faithful.

"You can do what Rock Sigafos did..."

But on the very first day of college he met a coed named Fata Morgana, a girl of such sophistication, such poise, such *savoir faire* as Rock had never beheld. She spoke knowingly of Franz Kafka, she hummed Mozart, she smoked Marlboros, the cigarette with better "makin's". Now, Rock didn't know Franz Kafka from Pinocchio, or Mozart from James K. Polk, but Marlboros he knew full well. He knew that anyone who smoked Marlboros was modern and advanced and as studded with brains as a ham with cloves. Good sense tells you that you can't beat Marlboro's new improved filter, and you never could beat Marlboro's fine flavor. This Rock knew.

So all day he followed Fata around campus and listened to her talk about Franz Kafka, and then in the evening he went back to the dormitory and found this letter from his home-town sweetheart Tess:

Dear Rock,

Us kids had a keen time yesterday. We went down to the pond and caught some frogs. I caught the most of anybody. Then we hitched rides on trucks and did lots of nutsy stuff like that. Well, I must close now because I got to whitewash the fence.

Your friend,

Tess

P.S. . . . I can do my Hula Hoop 3,000 times.

Well sir, Rock thought about Tess and then he thought about Fata and then a great sadness fell upon him. Suddenly he knew he had outgrown young, innocent Tess; his heart now belonged to smart, sophisticated Fata.

Rock, being above all things honorable, returned forthwith to his home town and walked up to Tess and looked her in the eye and said manfully, "I do not love you any more. I love a girl named Fata Morgana. You can hit me in the stomach with all your might if you like."

"That's okay, hey," said Tess amiably. "I don't love you neither. I found a new boy."

"What is his name?" asked Rock.

"Franz Kafka," said Tess.

"A splendid fellow," said Rock and shook Tess's hand and they have remained good friends to this day. In fact, Rock and Fata often double-date with Franz and Tess and have heaps of fun. Franz can do the Hula Hoop 6,000 times.

© 1959 Max Shulman

All's well that ends well—including Philip Morris. Philip Morris ends well and begins well and is made of superb natural tobaccos by the same people who make Marlboros.

Civil Service Commission Announces Employment Examination Date, Feb. 7

Civil Service Commission reports much enthusiasm has been shown in its new examination aimed at recruiting and identifying young engineers and physical scientists with outstanding ability for research work. Government Scientists and personnel officials, college placement officers and department heads, as well as officials of national science associations have indicated considerable interest in the examination and its possibilities for attracting candidates with the desired potential. College seniors and graduates are now submitting applications for the first examination to be held in February, 1959.

Unusual features of this new examination include use of a test which has been developed as a

means of identifying candidates with imagination and potential for important research work, and provisions for higher-than-usual starting pay and promising assignments.

Engineering and physical science seniors and graduates who wish early consideration for employment are reminded that their applications must be on file by January 19, 1959, for the test to be held on February 7, 1959. A second test will be held for those persons who apply between January 20 and March 3, 1959, the closing date for the examination.

Further details are given in Civil Service Announcement No. 175, which may be obtained from the college placement office.

Notices

LSA

Friday, Jan. 30 — 8:00 — Square Dance and Basket Social (girls bring a light lunch in a basket for after square dance).

Sunday, Feb. 1 — 11:00 — Morning Worship. 5:30 — Lutheran Student Association includes supper, discussion groups, and program with Pastor Brooks, speaking on "Only Christians With Courage Need Apply." Guests for the evening will be the LSAs from MSC and Concordia College.

Monday thru Friday at 12:00 noon to 12:35 — Hi-Noon Focus (lunch followed by program). Monday — Miss Anna Stendahl of the American Field Service, student at Moorhead High School from Gotteberg, Sweden will speak. Tuesday — Devotions. Wednesday — Devotions. Thursday — Duane Tangen. Friday — Devotions.

Wednesday, Feb. 4 — 7:30 — Inquiry Class (adult instruction). 8:00 p.m. — Bible Study. 9:00 p.m. — Choir Practice.

ECON CLUB

The Econ Club will meet Wednesday, Feb. 4, at 7:30 p.m. in conference room 1 of the Student Union.

The movie, "North Dakota, The Changing Scene", will be shown.

VETERANS

Veterans are asked to sign for their GI checks Sat., Jan. 31 at the registrar's office.

NEWMAN CLUB

A Newman Club meeting will be held Feb. 1 at 7:30 p.m. Supper will be served at 6 p.m. for those wishing to attend.

LOST

Lost — Elgin watch, shattered crystal, with a leather band and an inscription on the back "Walsh County 4-H award '53". It was lost before Christmas vacation. Call Bob Miller, AD 5-9846 or turn in at the Business Office.

Lost — Post Versolog Slide Rule. If found please notify James Lanier, whose name is on the case or call AD 2-1442.

FFA

The Collegiate FFA Chapter has extended invitations to surrounding high school chapters to attend an annual invitational meeting. The meeting will be held Feb. 4, in the Student Union Ballroom, at 7:30.

The purpose of this meeting is to acquaint high school students with NDSC and the school of agriculture. Dean Arlon Hazen and other department heads from the School of Agriculture will present information on the various phases and opportunities in agriculture.

Mr. Rollie Henkes, former IFYE delegate to Chile, will show slides on his trip to Chile. Other entertainment numbers are also planned.

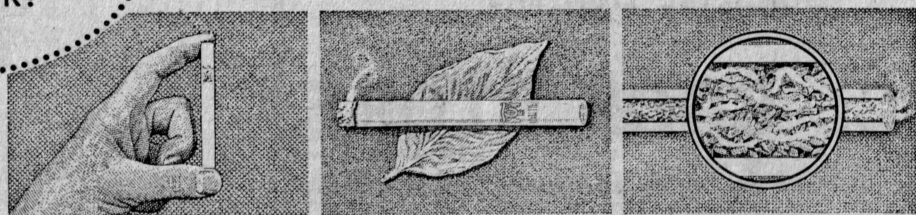

Get satisfying flavor...So friendly to your taste!

See how Pall Mall's famous length of fine tobacco travels and gentles the smoke—makes it mild—but does not filter out that satisfying flavor!

NO FLAT "FILTERED-OUT" FLAVOR!

NO DRY "SMOKED-OUT" TASTE!

Outstanding... and they are Mild!

HERE'S WHY SMOKE "TRAVELED" THROUGH FINE TOBACCO TASTES BEST

- 1 You get Pall Mall's famous length of the finest tobaccos money can buy.
- 2 Pall Mall's famous length travels and gentles the smoke naturally . . .
- 3 Travels it over, under, around and through Pall Mall's fine tobaccos!

Little International Farm Equipment Show To Display Working Models

Thirty-one exhibits, including working scale models of a steam engine and Rumley kerosene tractor, will be on display at the Little International Farm Equipment Show on Saturday, Jan. 31, from 10 a.m. to 4 p.m. at the NDSC Agricultural Engineering building.

William Bickert is general manager of the show. He is assisted by Earl Stegman, assistant manager; Dale Anderson, advertising manager; Cecil Watson, historian; and Mike Wickstrom, publicity manager.

The show will be divided into four divisions: farm structures, soil and water, utilities, and farm machinery. The division chairmen, participants, and the displays are:

Farm structures—Warner Johnson, chairman; Ardell Moe, glue versus bolted joints; Gordon Anderson, model stanchion barn; Merrill Lewis, pole building construction; and James Bergeron, model steel building and grain drying.

Soil and water—Warren Jamison, chairman; Dale Anderson, Garrison diversion project; Earl Stegman, farm pond display; Warren Jamison, flumes and weirs; Robert Bishop, irrigation pumps; and Gary Spangelo, soil moisture indicator.

Utilities — Gordon Sorenson, chairman; Peter Lazorenko, electric heat; Leslie Hammond, and Arlyn Kraft, sewage systems; Mike Wickstrom and Dennis Meyer, water pumps; George Bassingthwaite, water softeners; Neale Spooner, standby generators; Duane Bentz, low voltage light switch systems; Roger Diehl, power distribution; and Rixon Rafter, electrified model farm.

Farm machinery — Dexter John-

son, chairman; Peter Hauge, 730 John Deere Diesel tractor; Ronald Barks, 560 International Harvester Diesel tractor; Darrel Oech and Robert Strand, 800 Case tractor with caseomatic and dynamometer; Gary Gilbertson, Allis Chalmers pitmanless mower; David Lee, 85 Massey-Ferguson tractor.

Allen Groven, fertilizer attachment; Joe Thomas, Massey Ferguson mounted plow; Marlo Brackelsburg, Ford 841 tractor with farm loader; Finley McLean, John Deere mounted plow; Lloyd Clemetson, Allis-Chalmers tractor; Clinton Kurtz, 995 Oliver tractor; and Cecil Watson, transmission set-up.

Trophies will be awarded Saturday evening for the best display in each division.

SUAB Names Maloney Member of the Quarter

Mary Maloney, junior in speech from Webster, N. Dak., has been named SUAB member of the quarter for fall quarter. She was chosen by the Student Union Activities Board. An outstanding member of a SUAB committee is selected each quarter by the board.

Mary was chosen for her superior work on the publicity committee of which she is a member. She is also an active member of Newman Club and Kappa Delta sorority.

NDSC Professor Combines Horticulture And Purebred Herefords For Enjoyment

Mr. Donald G. Hoag, NDSC professor of horticulture, enjoys going home after classes to manage his registered purebred Hereford ranch near Harwood, N. D. "I like a combination of two completely diverse fields," stated Mr. Hoag.

He purchased his present herd from the Turner Ranch, Sulphur,

Okla., and plans to continue increasing his herd size.

As horticulture professor, Mr. Hoag has been teaching General Horticulture 205 and all ornamental courses. His research project is hard carnation (Dianthus) breeding and he has written two bulletins, "Woody Ornaments for North Dakota," and "Landscape Your Home." He has also been conducting an annual horticulture television series.

Mr. Hoag began teaching at the NDSC botany department from 1947-1952, part time in both botany and horticulture from 1952-1955, and since 1955 has devoted his full time to horticulture.

He received his BS degree from NDSC in 1943, and furthered his training at the University of Minnesota for two years.

NSA Delegates To Present Reports

Ten students are to give reports on the National Student Assembly that they attended at Champaign, Ill. during Christmas recess. The reports will be presented at a joint dinner of the YWCA and YMCA at 6 o'clock on Feb. 3 at Ceres Hall, according to Mrs. John Bennison, secretary of the YWCA.

Coming Soon

Carol Olson will be in the featured role of Ilona Zsabo in the forthcoming Circle T Theatre production of "The Play's The Thing". The production dates are Feb. 17-21.

You can meet old friends and make new ones at the

Fischelis To Speak To Pharmacists

Dr. Robert P. Fischelis, national secretary of the American Pharmaceutical Association, will speak to the pharmacy students at a supper to be held Tuesday, Feb. 17, at 6:30 p.m. in the Student Union ballroom.

The steak supper will climax the membership drive of the American Pharmaceutical Association junior branch at NDSC.

Tickets are available through members of the Pharmacy Club and advisor Professor Richard O'Neil.

Just a little bit of Wildroot and...WOW!

Dean's Wife Joins Frat

Mrs. Clifton E. Miller, wife of the dean of pharmacy, was received as an associate member of Kappa Epsilon, national professional honorary fraternity of women in pharmacy, at the Jan. 22 meeting.

Initiated into active membership at this time were Jean Anderson and Kathryn Maxwell. Charlotte Tomlinson is a new pledge.

OUR LOSS - YOUR GAIN

Remember the fire Gunkelman Seed and Grain had in December? Well, the wind that day was from the south and although the smoke didn't damage any of our clothing it sure could have.

For this reason we're having sort of a "Fire Sale". This sale is much more "Spectacular" than a regular fire sale, for in this sale you can get terrific buys on merchandise that has never been damaged.

"UNSMOKED CAR COATS" are on sale at just \$12, \$18, and \$24.

Stop in soon and let us show you some real Bargains!

Eight Agricultural Education Seniors Commence Student Teaching Jan. 26

Eight seniors in agricultural education began their student teaching assignments in several North Dakota communities Monday, Jan. 26, according to Shubel Owen, teacher trainer at NDSC.

The students, who began their teaching assignments on January 26 and will return to NDSC on March 5, are Ronald Ulven, Charles Rust, Roland Okerstrom, George Senechal, Homer Midtlyng, Samuel Bigger, Abner Lee, and Orlin Lyng.

They are teaching at Devils Lake, Kindred, Medina, Valley City, and Wahpeton under the supervision of

the vocational agricultural instructors in these communities.

Mr. Owen is scheduled to visit the directed teaching centers periodically during the term of the teaching.

The trainees pay their own expenses and make their own arrangements for housing, states Samuel Bigger, one of the students.

Ronald Ulven says that the students were looking forward to student teaching with anticipation because it is a new experience and a climax to their training at NDSC.

Tryota Is Selling Faculty's Favorite Recipes, Price \$1

Fifty four favorite recipes of SC faculty members have been printed on recipe cards and are being sold by Tryota, the national professional home economics club.

The recipes sell for \$1 and can be purchased from Tryota members.

Included are three recipes from President and Mrs. Fred Hultz, one from Dean Thompson, Dean Sevrinson, and the dean of each school. Contributions from other faculty members gave a variety of recipes from brownies to french breakfast puffs.

Recorded 46% Of Married Students Now Living In Campus Housing Units

Forty-six per cent of the 733 married students attending NDSC live in campus housing, reports the dean of students office.

Two apartment and three trailer courts make up this Reed Township community on the north edge of Fargo, adjacent to the college campus.

North Court contains 160 modern, two-bedroom, unfurnished apartments, each equipped with a bottle gas stove, hot water heater, and space heater.

Bison Court consists of 20 one-bedroom and 20 two-bedroom units, with 19 additional units for faculty.

These modern units are furnished with kitchen cabinets, electric stoves, refrigerators, and a central utility room.

Adequate trailer-home parking for students is provided by 166 lots located in three trailer courts, West Court, recently completed, has 35 of its 62 lots filled, while all 79 are occupied in Stadium Court, and 21 of Northwest's 25 lots are filled.

Mary Ellen Garaas Dines With Burdick

Visiting the Eisenhower farm and being a dinner guest of Congressman Quentin Burdick highlighted the Farmers Union trip to Washington, D. C., taken recently by Mary Ellen Garaas, NDSC home economics freshman.

Mary Ellen, daughter of Mr. and Mrs. Olaf Garaas, Grenora, was one of eight Williams County youths awarded the trip for outstanding achievement.

The trip included visits to the Central Grain Exchange and Grain Terminal Association of Minneapolis, the Ford Company in Detroit, and sessions of Congress and the Supreme Court.

In Washington the North Dakota, Minnesota and Montana "unioners" met to discuss farm problems which they presented to their congressmen.

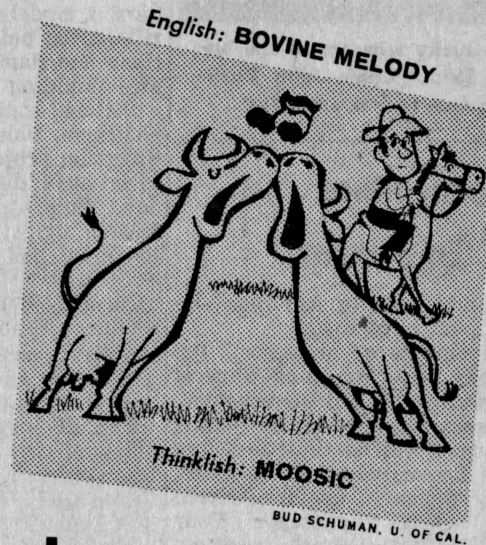

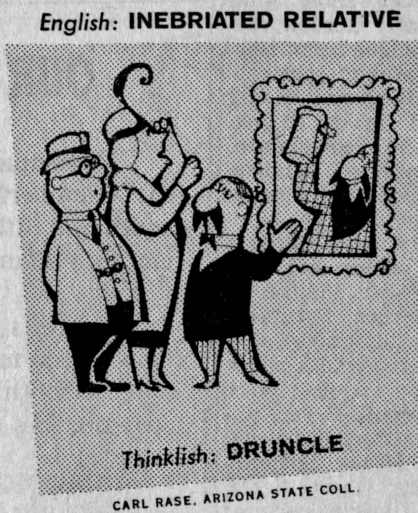

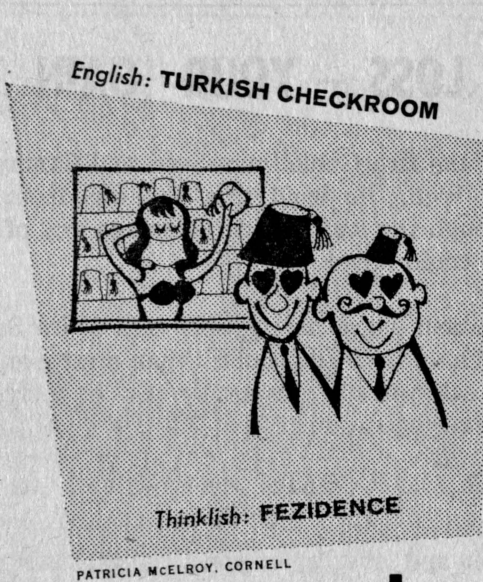

Home Economics Senior Students Teach In State

Nine NDSC home economics seniors are student teaching in six North Dakota high schools for five weeks, Jan. 29 through Feb. 27.

Lois Williams and Eileen Seim will be student teaching in Dickinson. Mary Archer and Myrth Weiser will teach in Bismarck. Marilyn Ellis will be in West Fargo.

Dorene Fix and Marian Huether will teach in Jamestown. Donna Hitterdal will be in Wahpeton and Beva Fegley in Enderlin.

Miss Lucile Horton, professor of home economics and chairman of home economics education at NDSC, is the student teacher-trainer.

Lucky Strike presents

THINKKLISH

—the funniest, easiest way yet to make money!

PUT IN A GOOD WORD AND MAKE \$25!

Speak English all your life and what does it get you? Nothing! But start speaking Thinklish and you may make \$25! Just put two words together to form a new (and much funnier) one. Example: precision flight of bumblebees: *Swarmation*. (Note: the two original words form the new one: swarm+formation.) We'll pay \$25 each for the hundreds and hundreds of

new Thinklish words judged best—and we'll feature many of them in our college ads. Send your Thinklish words (with English translations) to Lucky Strike, Box 67A, Mt. Vernon, N. Y. Enclose name, address, college or university, and class. And while you're at it, light up a Lucky. Get the full, rich taste of fine tobacco—the honest taste of a Lucky Strike.

Lettermen's Club Elects John Foss Athlete Of Week For Second Time

Athlete of the week for the second time this year is John Foss, a 6'3" 183 pound senior majoring in mechanical engineering. Athlete of the week, as voted by the Letterman's Club, is chosen on the basis of outstanding athletic accomplish-

ments during the preceding week. John's selection is due primarily to his fine comeback after a week's absence from the varsity squad due to an injured ankle. The fact that he took care of his injury in a way which would assure a return to playing varsity ball reveals his keen desire for participation.

Foss' determination for ball playing was shown again, when he played almost half of the game against SDU with a gash on his head as a result of his being knocked out during the game.

Coach Bentson had this to say about Foss, "He has been my outstanding ball player the past couple of years from the standpoint of production on the court, and his cooperation, loyalty, and great fondness toward the game is unquestionable."

John is married and the father of a son. He is a top-notch student.

Foss is from Moorhead. While in high school, he excelled in five different sports.

In summary, Bentson stated that Foss is the type of boy which is never replaced.

Wrestling Team Defeats Jamestown And Minot In Weekend Trip

The NDSC Bison wrestling team completed another successful road trip last weekend, defeating Jamestown College 23-11, and avenging an earlier defeat at the hands of Minot State, 14-12.

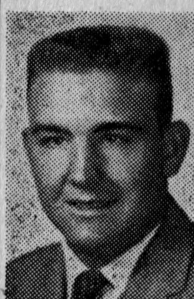

"We felt fortunate," said Coach Tom Neuberger, "to defeat Minot after their convincing 22-8 victory over us before Christmas vacation. Bob Croak probably displayed the outstanding performance of the trip when he was decided by very highly rated Moe Johnson of Minot. Jerry Nelson broke a possible tie of the Minot meet by pinning his man. Larry Roehl was pinned by Wes Sharbono of Jamestown, who was undoubtedly the best wrestler we saw on the trip."

The Bison will meet Omaha tonight at 8:00 p.m. in the NDSC fieldhouse, and will entertain Valley City tomorrow night at 8:00 p.m.

Sports Shorts

... by Carr

Tom Neuberger told his wrestlers last Monday that for the rest of the season they are going to practice wrestling.

He feels that they know all they need to know, they just need to perfect this knowledge and improve their physical condition.

The wrestling team is looking forward to Feb. 28 when they will defend their state title. As of right now, Neuberger picks Minot to win the championship.

Saturday night's match with Valley City will be a grudge match

since the Vikings won by only two points in their last match. They ought to be fired up for it.

Coach Neuberger hopes that the fans turn out for this match like they turned out for the South Dakota University match, when the Bison beat the Coyotes 36-6.

Is it possible that some day some sort of standardization in officiating will be possible. After Friday night's game against Morningside, varsity coach Chuck Bentson wondered about this. He stated on Monday that he hoped that he could see this happen some day. When a fan comes to see a basketball game he doesn't come to see a free throw contest like there was in the Morningside game.

Bentson stated that the most encouraging thing of the trip was to see the return of John Foss to his old form in the second half of the Morningside game. He further stated that Foss what what the Bison needed to get them back in the win column. This was proved in the game Saturday night against South Dakota U.

The South Dakota game was much more interesting in that the refs did not blow the whistle every five seconds.

Bachmeier only has 99 more points before he sets a new conference scoring record. This means that he has to average about 25 points a game. We play Augustana, Morningside, and North Dakota in the U Series before the season ends.

Intramurals

By Forseth

The problem of organizational participation was discussed this week at the intramural meeting. It was brought out that any organization forfeiting three games in any intramural division would be dropped from said division.

This is a serious problem of the intramural program. Forfeit of a game not only eliminates the team from possible points but also deprives their opponent of an athletic contest.

This is defeating the purpose of the intramural program. The main objective of the program is not to determine championship teams but to give college students an opportunity for physical relaxation.

Therefore, it is the duty and responsibility of every team to engage actively in the program. This policy will be better for everyone concerned.

Second half competition in basketball, now in its third week, is running smoothly.

Student Body is leading in the first half winners bracket with 3-0 and SAE No. 1 is close behind with 2-0. Leading in other brackets are Kappa Psi No. 3, ISA, Newman Club, Arch. Engineers, and TKE No. 1.

ATO No. 1 is leading Bracket I, while SPD No. 2 and Co-op No. 2 are tied for the Bracket II lead in ping pong.

May Organize Curling At NDSC

"Men, here's your chance to have fun with a broom," stated Mr. Robert Young, a student representative from the Fargo Moorhead Curling Club. Curling, a new sport to many people, will be organized on the campus if enough interest is shown.

Curling, a busy, companionable sport, is played on ice, without skates. The sport involves the use of 42 pound stones, brooms and a good sense of touch. Mr. Young added that curling is somewhat similar to shuffleboard, but the spin of the stone and the sweeping add to the excitement and teamwork of the game.

A combined effort by the intramural council and the F. M. Curling Club is being made to introduce curling as an intramural sport for NDSC students.

Any interested organization or individual is asked to attend the intramural meeting next Monday at 4:15 p.m. in room 215 of the field house or check at the curling rink located between 2nd and 3rd Avenues on 3rd Street North.

Bison Smear SDU; Lose To Maroons

The North Dakota State Bison lost to Morningside by the score of 92-77, but were victorious over South Dakota University. The score was 66-56.

Morningside Rundown:

Coach Chuck Bentson stated that this was not one of the Bison's best games, but was one of their more peculiar games. The incessant whistle-blowing contributed mainly to the team's inability to play. Morningside was also hindered by fouls, but the bulk of the fouls committed in the game were in their favor.

The Maroons had a nine point lead at the end of the first half. Early in the second half this lead was increased to 18 and all of these 18 points were due to free throws. Coach Bentson said that we didn't play par ball which possibly accounted for our receiving more fouls.

Bentson stated that Morningside has a fine shooting club and has been shooting over 40%. However, the Maroons were held to only 61 shots by the Herd. They connected

with 27 of these 61, however, for an average of 45%.

Bentson said that Dick Faught played one of his better games of the season, but had to be taken out when he received his fourth foul. Bentson also stated that John Foss indicated that he had regained his shooting eye during the second half.

Marv Bachmeier had his poorest shooting night of the season hitting only 5 for 15. Ken Stripling was the high scorer for the Maroons with 27 points. 21 of his 27 points came in the second half which hurt the Bison considerably.

SDU Rundown:

Coach Bentson stated that this game was a complete reversal from the game with Morningside. He said that it was the Bison's aggressiveness which won the game. Bentson said that the whole game was a team effort and that it was hard to single out any individual.

Bentson stated that John Foss played an outstanding game, racking up 23 points. Jerry Kingrey played his best rebounding game of the season by snatching 15 off of the boards. Dick Faught again played a good game until four fouls forced him to sit out most of the second half. Marv Bachmeier was held below his conference average of 27 points due to the tight defense employed by the Coyotes. Bobby Brown came into the game late in the second half to settle down the team and helped maintain control of the ball in the later stages of the game where the Coyotes employed a full-court press.

Bentson said that the victory was a gratifying one. He also said that this was the first home-court loss for the Coyotes in three years.

Ken Mizerny proved to be the only threat to the Bison by scoring 23 points from outside of the zone defense set up by the Bison.

Placement Service

Monday, February 2, 1959

Los Angeles County Civil Service Commission seeks interviews with civil engineers or other engineers if interested in public works civil engineering careers.

Tuesday, February 3, 1959

Allis Chalmers Manufacturing Company is primarily interested in interviewing mechanical and electrical engineers, but also have a requirement for some agricultural engineers. Their primary interest when interviewing will be for applicants for their graduate training program. They will be looking for students with interest in engineering, sales, service, application engineering, manufacturing, research and tractors.

Tuesday, February 3, 1959

McDonnell Aircraft Corporation, St. Louis, Missouri wishes to interview aeronautical, civil, electrical, industrial, mechanical engineers and engineering physicists. Assignments will be available in research, development, design and manufacture of military type aircraft, special purpose converti-planes, helicopters and guided missiles.

Wednesday, February 4, 1959

Pratt and Whitney Aircraft, East Hartford, Connecticut, wishes to interview aeronautical and mechanical engineers and engineering physicists at all degree levels. They offer positions in Analytical, Design, Experimental, Materials and Installation Engineering.

Wednesday, February 4, 1959

LeTourneau Westinghouse, Peoria, Illinois, is interested in interviewing mechanical, electrical, agricultural and civil engineers for employment in the Product Engineering and Sales Engineering Training Program.

Wednesday, Thursday & Friday

February 4, 5 and 6, 1959

Remington Rand Univac, St. Paul, Minnesota wishes to speak to Electrical Engineers at any degree level who have an interest in Univac. They have openings at St. Paul, Minnesota, Philadelphia, Pennsylvania and Norwalk, Connecticut.

Thursday, February 5, 1959

International Harvester Company wishes to interview agricultural, electrical, industrial and mechanical engineers for assignments in Product Research, Product Design, Stress Analysis and Testing of farm tractors, farm implements and motor trucks or all phases of Manufacturing, Production, and Steel Mill operations. They will also interview business administration, liberal arts, or engineering graduates interested in motor truck or farm equipment sales.

Friday, January 6, 1959

Ralston Purina Company wishes to interview engineers and business administration seniors. They offer opportunities in Research, Manufacturing and Management. They also seek applicants for grain merchandising, buying and credit management. Business administration and agricultural economics graduates will qualify. Openings exist in various branch plants and offices throughout the country.

Candy Machines Make Profit From Students

Candy machines collect around \$75 from NDSC students each day, according to Harry Littlefield.

Mr. Littlefield is in charge of keeping the machines stocked with 86 different varieties of candy bars for the students to choose from.

It takes approximately six hours a day to keep the machines on campus full, stated Littlefield.

Bartholomay Speaks To Ag Econ Club On Value Of Credit

"Credit is an indispensable tool of modern agriculture", stated Tom Bartholomay, agricultural representative for the Merchant's National Bank of Fargo to the Agricultural Economics Club of NDSC on January 20.

He stated that farmers today need more capital because of increasing living expenses and agricultural specialization. Increasing demand for money and higher interest rates are making the capital more expensive.

Bartholomay said that the "management factor" has a great bearing in credit extended throughout North Dakota. Farmers being overloaned was the main reason for refusing them credit.

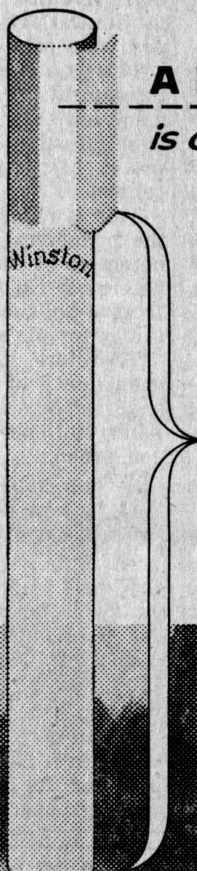

A sound loan should increase the net income of your farm business by increasing its output or improving its efficiency, and should enable you to save money by paying cash, he concluded.
