Annual NDSC Ugly Man Contest Starts Next Week With Penny Vote

Which one of these gentlemen will be the ugliest man on campus? A penny a vote in the jugs in the

Student Union entrance will decide.

This year's candidates for the Ugly Man contest, sponsored by Alpha Phi Omega, are Gene Price, Sigma Phi Delta, sponsored by Phi Mu; Lyle Baker, Alpha Tau Omega, sponsored by Kappa Alpha Theta; Jim O'Keefe, Alpha Gamma Rho, sponsored by Kappa Kappa Gamma; Barry Shelver, Tau Kappa Epsilon, sponsored by Alpha Gamma Delta; Charles Trangsrud, Sigma Alpha Epsilon, sponsored by Kappa Delta; and Dick Weeks, Sigma Chi, sponsored by Gamma Phi Beta.

Voting will be held from Mon., Feb. 16 through noon of Sat., Feb. 21. The winner will be announced at the dance following the "U" series game, Sat., Feb. 21 in the Union Ballroom. The trophies for Snow Sculpture and Ugly Man will be on exhibit in a display case in the lower lobby of the Union.

Roy Sweetman To Speak At SC "Y" Program

Ray Sweetman, first YMCA executive secretary at NDSC, will be the featured speaker at a program at NDSC Thursday evening commemorating the 100th anniversary of the national "Y" movement in colleges and universities.

Sweetman, assistant to the president of Berea College (Ky.) will speak on "The Heart of the YMCA Story" at a 6 p.m. banquet Feb. 19 in the Memorial Union Ballroom.

Sweetman was head of the SC "Y" from 1913 to 1917. He was staff secretary for the International Committee YMCA from 1918 to 1927, and student secretary for the New York State Executive Committee YMCA from 1927 to 1957.

The first college YMCA was started at the University of Virginia in 1859.

The NDSC chapter began in 1901, although no secretary was hired until Sweetman in 1913. The "Y" met in the mechanical building, Old Main, and in a men's dormitory until, under Sweetman's leadership, the "Y" building was constructed in 1917-19. The building was damaged in the 1957 tornado and later demolished.

WUS Benefit Dance Slated For Sat. Night

A kick off dance Sat. night in the Student Union is one of the ways the World University Service will raise money for Algerian students.

Dancing begins at 9:00 p.m. to the music of Ward Dunkirk's orchestra. Admission is 75c.

WUS hopes to raise more than six hundred dollars, which it will give to Algerian students for medical aid. WUS week is scheduled for March 16-21.

A blanket will be passed at the basketball game with MS. Students are asked to toss their nickels and dimes into the blanket for the WUS fund.

Senate Approves Building Bill

NDSC can build \$3,099,000 in revenue producing buildings under a college construction bill approved by the state Senate last week.

The bill authorizes the Board of Higher Education to sell tax-exempt bonds to construct some 9 million dollars worth of buildings at institutions of higher learning in North Dakota.

The structures proposed at NDSC under the bill would be a YMCA chapel for \$200,000; army reserve armory, \$149,000; married student housing, \$300,000; two men's dormitories, \$1,400,000; a women's dormitory, \$500,000; and an addition of the Student Union at \$550,000.

The amounts proposed for the other institutions are: the University of North Dakota, \$2,700,000;

State School of Science at Wahpeton, \$875,000; Valley City State Teachers College, \$617,000; Mayville State Teachers College, \$250,000; Minot State Teachers, \$720,000; Dickinson State Teachers College, \$250,000; Minot State Teachers, \$720,000; Dickinson State Teachers College, \$200,000; and Ellendale Normal and Industrial College, \$36,000.

Three SC Professors Receive Doctorates

Three NDSC professors have recently received doctor's degrees. They are: Courtney Blair Cleland, assistant professor of sociology; David Ross Moir, assistant professor of botany; and John Maurice Delphia, assistant professor of zoology.

Cleland received his doctor of philosophy degree in sociology at the University of Minnesota. He completed work last summer on his dissertation, "Institution and Process: A Case Study in the Dynamics of Rural Health Organization."

Moir completed his Ph.D. degree in botany at the University of Minnesota in November. His dissertation was "A Floristic Survey of the Severn River Drainage Basin of Northwestern Ontario."

Delphia received his doctorate in anatomy at the University of Nebraska. His dissertation was "The Developmental Anatomy of the Air Sacks in the House Sparrow."

NDSC To Host NSA Region Meet

Students from 40 schools in North Dakota, South Dakota, and Minnesota will attend the National Student Association Regional Assembly to be held at NDSC this weekend.

Dr. Catherine Cater of Moorhead State College will be the keynote speaker for the NSA assembly to be held in the Student Union Ballroom Saturday at 9:30 p.m.

A University of Illinois student, Al Krause, will speak at the banquet in the Student Union Ballroom Saturday at 6:30 p.m.

Student senate urges all students interested in student government or student organizations to attend. Registration begins at 7 p.m. Friday and continues at 8 a.m. Saturday in the ballroom lounge. Registration fee is \$2.50.

Anyone wishing banquet reservations may call AD 5-6411, extension 322, before 5 p.m. today.

State Participates In Loan Program

NDSC is listed as a participating institution in the new national student loan program.

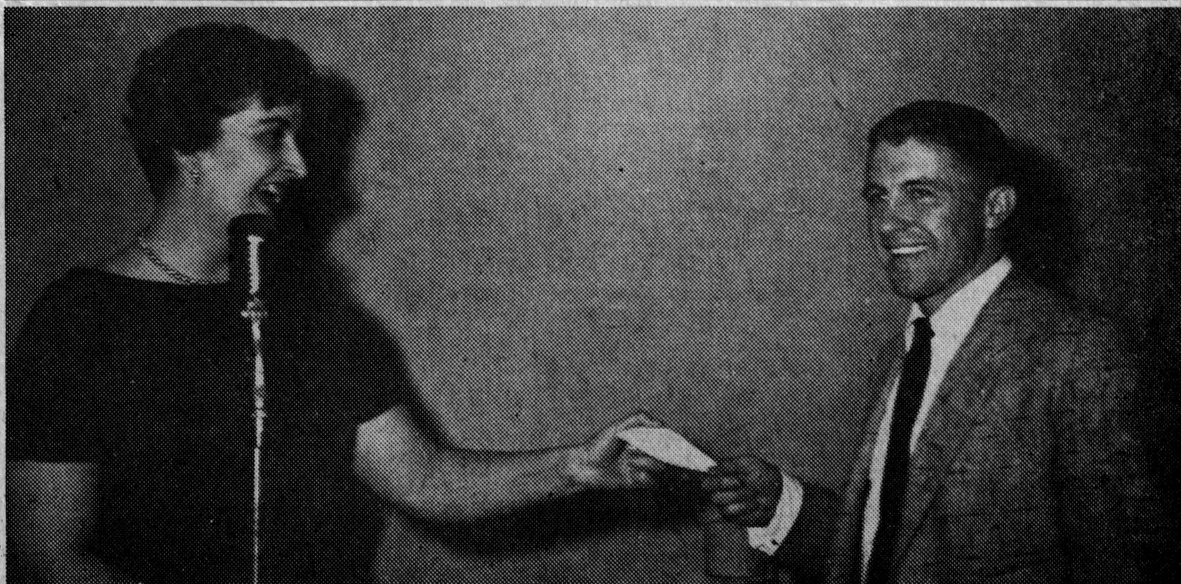

On Feb. 2 the federal government allocated six million dollars for distribution through the new program. The money was distributed to 49 area institutions, according to Charles Bailey, Minneapolis Tribune Staff Correspondent.

Under the new program, college students and high school graduates can apply for the loans at any eligible institution. Each institution will manage and select the students who will receive the loans.

The maximum allowable grant per student is \$1,000 per year, with preference given to students majoring in education, science, mathematics, engineering or languages.

Each participating college is required to put up one dollar of its own money for every nine dollars of federal funds received.

"State Room" is the new name chosen for the Bison Room addition to the student union. Mike Kinsella submitted the winning entry. He received a \$10 gift certificate from Straus Company.

Production And Curtain Acts Named For The '59 Brevities

Production and curtain acts for the '59 Bison Brevities were announced Wednesday night by Orian Fjestad, director of Bison Brevities.

Production acts are: "Day at the County Fair," Alpha Tau Omega-Gamma Phi Beta; "Convict Capers," Kappa Psi-Kappa Alpha Theta; "Red White and Blue," Sigma Alpha Epsilon-Kappa Delta; "Cell Block Nine," Theta Chi; "Celeste," Tau Kappa Epsilon-Alpha Gamma Delta.

Curtain acts are: "Men At Work," Alpha Tau Omega; "Fantasia Espanola," Kappa Kappa Gamma;

"Football as it should be played," Kappa Psi; "New Orleans Funeral," Sigma Alpha Epsilon; and "Mystery of Myra's Morals or Six Cylinder Love," Sigma Chi.

The 17th annual Bison Brevities will take place May 7, 8 and 9 at the NDSC Fieldhouse. This year it will coordinate with Sharivar. The winning production and curtain acts are based on the point system of originality, audience appeal, utilization of talent and continuity of act, costume, and lighting.

The judging is done by five people selected from throughout Fargo.

From the Editor's Desk

By Loretta Struble

The grand opening of the "State Room", new addition to the Bison Room, was apparently a big success. The occasion drew over 800 people, according to Kay McGeary, SUAB Program Director. This room should be a big help during the rush eating hours.

Two colleges have recently changed their names. New Mexico Agricultural and Mechanical College's name has been changed to "New Mexico State University of Agriculture, Engineering, and Science. Senate Bill No. 1 in the Washington state legislature provides for the changing of the name of State College of Washington to Washington State University.

In announcing this action, the New Mexico Board of Regents said that the name change represents "progress based on the facts."

Next weekend is the "U" series down here. Let's make this year's series successful, despite the fact that there will probably be very few "U" students down here. They have something else scheduled for that weekend. Don't forget to pick up your reserved seat tickets for the games at the Athletic office. You need your ID card to get the tickets and you must have your ID card plus the ticket to get into the game.

Stallings Asks For Student Cooperation; Missing Library Books Cause Serious Problem

Disappearing library books are getting to be a serious problem in NDSC library, according to H. Dean Stallings, librarian.

The books which are the most difficult to keep on the shelves are books on sex, love, marriage, text books, books on athletics and architecture. Volumes from the encyclopedias disappear, which ruins the entire set, Stallings says.

Magazines and books are being clipped apart, sometimes to the extent that they must be taken off the shelves. When the time comes for binding the magazines, over half of the issues are gone and a complete new set must be ordered.

There are methods which would help remedy the situation. The library could have a check-out at the door, which would cost about \$3600 a year, he points out. Or it could close the stacks which would be a disadvantage to the students who are respectful of the library and the privileges it offers.

Students are only asking for trouble when they slip a library book or magazine under a coat or in a notebook or briefcase. They are causing the library extra expenses and are being selfish toward other students who may need that book or magazine for reference.

It's up to students to honor the

Pharmacy Club Meeting

Dr. Robert P. Fischelis, national secretary of the American Pharmaceutical Association, will be at NDSC to speak at the pharmacy students steak supper on Tuesday, Feb. 17, at 6:30 p.m.

Dr. Fischelis, a native of Philadelphia, Penn., received his doctorate degree from the Philadelphia College of Pharmacy. He has taught at the Philadelphia College and has had industrial experience in pharmacy.

Fischelis is a member of the American Pharmaceutical Association, American Chemical Society, National Association of Boards of Pharmacy, American Council on Pharmaceutical Education, and the United States Pharmacopeia.

He was awarded the Remington Medal, pharmacy's highest award, in 1943 and has been awarded numerous honorary doctorate degrees in recent years.

Dr. Fischelis has been Secretary of the APA, with headquarters in Washington, since 1945.

The steak supper to be held in the Student Union Ballroom, will climax the membership drive of the American Pharmaceutical Association junior branch at NDSC.

Tickets are available through members of the Pharmacy Club and advisor Professor Richard O'Neil.

privilege of the library and to keep the stacks open.

First, be sure to take the few extra minutes to go to the desk and have your book checked out. Then, once the book has been checked out, return it on time.

Secondly, leave all books and magazines intact. Someone else may want to use that particular article or picture for reference too.

Then, why not gather up those library books or magazines that have been laying in the corner of your room for the last month and bring them back where they belong?

Scholarships Open Regional Studies

The North Dakota Institute for Regional Studies announces several scholarships for the academic year 1959-1960.

The Young Memorial Award, given by Mrs. Shorey Cameron in memory of her parents, Mr. and Mrs. George M. Young, provides for the payment of \$100 to an advanced undergraduate or a graduate student of any school at NDSC for an original investigation relating to the history or government of North Dakota.

Mrs. Jessamine Slaughter Burum of Arthur offers a \$100 scholarship to an undergraduate or graduate student of any school at NDSC for research in any phase of the Historical program of the Institute during 1959 and 1960.

The North Dakota Institute for Regional Studies offers an award of \$100 to an undergraduate student in the school of AAS, who will be in school for the year 1959-60, for research in any of the many phases of history, culture, or resources—biological or physical—of the Northern Great Plains.

Students interested in the scholarships should talk to staff members in the appropriate field for advice and recommendations. Applications must be submitted before March 4, 1959, to the office of Dean Russell, school of Applied Arts and Sciences.

Record Set By State As One of 48 Schools Approved For Fellows

NDSC is one of only 48 American universities which have been approved for the doctoral fellowship program under the National Defense Act, according to Lawrence G. Derthick, United States Commissioner of Education.

One hundred sixty-eight colleges and universities had applied for the fellowships.

NDSC was awarded four fellowships in plant science.

This means that four NDSC graduate students who plan to study for a doctor's degree in plant science at NDSC will be given about \$8,000 each by the federal government to finance their graduate study for three years. NDSC will receive \$10,000 from the federal government to cover the college's cost under the program.

NDSC was the only institution in North and South Dakota and Minnesota to be awarded fellowships of any kind.

The largest number of fellowships approved for any one institution was eight at the University of Missouri in vertebrate physiology. The next largest number—six—went to Florida State University for history.

Altogether, the program provides 160 fellowships to 48 schools at a total federal cost of \$400,000 annually. Originally, 6,000 fellowships had been requested by 168 schools in study fields ranging from watershed management to nuclear physics. All were submitted by schools interested in starting or expanding graduate programs leading to a doctor's degree.

The National Defense Education Act authorized 1,000 fellowships across the nation, but the initial appropriation provided funds for only 160. If congress appropriates additional funds, NDSC may receive further awards for other doctoral programs.

The recent action of the North Dakota Board of Higher Education in approving doctoral programs at NDSC in plant science, animal science, pharmacy, and entomology opened the door for these fellowship awards, according to Dr. Glenn Smith, dean of the NDSC graduate school.

Dr. Smith said that NDSC will name its four student fellows in plant science about March 5. Persons with bachelor's degrees, or college seniors, may apply, he said.

The basic purpose of the National Defense Fellowship program is to expand doctoral programs to meet national needs for college teachers.

Dr. Hultz Explains Membership In Council Of Student Presidents

Some two years ago on Jan. 11 1957, the editor gave space in the Spectrum for a statement from me suggesting a Council of Student Presidents which would meet quarterly at the Presidents' House. Each quarter since then a meeting has been held, apparently with mutually satisfying results.

Because recently there have been some questions raised regarding who is invited to these meetings, for example why Joe Blow of the Astronomical Society is not included, I wonder if you would be kind enough to reprint a part of my statement of two years ago announcing the program?

"We have on campus some two dozen recognized all-college organizations. In addition, most of the six undergraduate schools support one major all-school organization, and presumably each of these approximately thirty groups elects a president.

"It is suggested that this proposed group be designated as the Council of Student Presidents, that it elect no officers, have no constitution, by-laws or dues, and that it meet quarterly shortly after mid-term exams on invitation from the President of the College.

"Membership on the Council of Student Presidents would include only such groups where any student in the College could be a

member, if interested and qualified for membership by participation. The following seem to fall in that category:

Angel Flight, Arnold Air Society, Associated Women Students, Bison Annual (editor), Blue Key, College Choir, Gold Star Band, Guidon, Independent Student Association, Inter-religious Council, Interfraternity Council, Letterman's Club, Panhellenic Council, Rajah, Association of the United States Army, Senior Staff, Spectrum (editor), Student Government, Veteran's Club, Radio, Women's Athletic Association, YMCA, and YWCA, plus one each from Arts and Sciences, Agriculture, Chemistry, Engineering, Home Economics and Pharmacy.

"Such representation would be inclusive but small enough to encourage informal discussion. No doubt there are departmental clubs and other groups which consider themselves more active or more important than the all-College organizations in the above listing. However, to include any such would mean to include them all, and the controversial exchange of ideas which seems essential for the success of this venture would surely then be lost."

FRED S. HULTZ, NDSC President

Allan Krause To Speak On His Experiences In Russia During Weekend Visit To NDSC

A United States college student who visited Russia last summer is speaking to various groups on campus this weekend.

The student, Allan Krause, a senior at the University of Illinois, was one of ten representing the National Student YMCA-YWCA in an exchange visit with students from Russia. His appearance at NDSC is being sponsored by the college YMCA and YWCA.

Krause spoke yesterday on "The Russian University Today" at 12 noon in Ceres Hall and on "A Student's View of Russia" at 4 p.m. in the Student Union. NDSC fraternity and sorority chaplains met with him at 6 p.m.

Today he appears at a breakfast meeting of the Fargo-Moorhead Ministerial Association at the Bison Hotel at 8 a.m.; on the NDSC WDAY television program at 12 noon; at a United Campus Christian Fellowship meeting at 4 p.m. in the home of the Rev. E. C. Markman, minister to Presbyterian students, at 1421 North 13th Street, Fargo.

Krause will attend the Regional National Student Association meetings at NDSC Saturday through Sunday noon.

Sunday evening, Feb. 15, he will show slides at a meeting of groups involved in the World Day of Prayer at 7:30 p.m. at the Plymouth Congregational Church, Fargo.

Judging Of Beards Set February 21

Judging for the Beard Growing Contest will be held during the first half of the NDSC-UND basketball game, Saturday, Feb. 21.

The four categories of the contest are: shaggiest, best trimmed, most unique, and the best try.

Trophies for the winners will be awarded at half time of this game.

Judging will be limited to those who registered for the contest on Jan. 13.

My new year's resolutions, which were bubble gum, candy and men.

I'm going to give up sleeping on Sunday mornings and go to church.

Nothing.

It would be easier to say I am going to improve myself rather than giving up things.

It isn't giving up things that's important . . . it's doing POSITIVE things that seems more important to me.

Kip's Korner

By Jan Kippen

The Big Thing in campus activities next week will be the Ugliest Man on Campus Contest. After a thorough search of all the fraternity houses, dorms, and annual pages, sororities have come up with some real gruesome candidates. Judging from their pictures any one of them will fit the bill. Voting will be in the Union lobby from Monday, February 16 through noon of Saturday, Feb. 21. A penny is worth one big vote, so don't miss the chance. Remember, APO uses the proceeds from the Contest for charitable purposes.

World University Service is sponsoring a Kick-Off Dance as part of their activities of WUS week on Saturday night in the Union Ballroom. Seventy-five cents a couple, with Ward Dunkirk on the Bandstand. Come one, come all.

The day of all days designed for sweethearts, St. Valentine's day, is the date set by Sigma Chi for their Sweetheart Ball. Tomorrow, the 1958 Sweetheart, Sharon Mische, GPB, will end her reign and yield the shining silver trophy and crown to her successor, Yvonne Mousseau, GPB; Darlene Dietrich, KKG; or Suellen Ringsak, GPB. Who it'll be is still a mystery!

Tonight's the night! The Charity Ball, sponsored by Panhellenic, moves into full swing tonight in the Union Ballroom at 9 p.m. For the gals, Panhellenic would like to make a special note that the dress is semi-formal; short formals or cocktail dresses, that is.

Humorist Bennet Cerf envisages what will certainly be the most unusual zoo in the world. It will include a school of whales that has a people of a good time, a boy-footed bear, a clam that mans up, a human-hearted lion, a turtle with an athlete-neck sweater, a hog who speaks manwash, and a cat who lets gossips out of bags!

The TKE's entertained the Kappa Deltas on Thursday night. Kappa Kappa Gamma pledges entertained the campus at a coffee hour on Thursday afternoon.

There were only a couple of pinnings this week—James Hammond, AGR, pinned Nancy Carver, NDSC junior from Wyndmere; Bill Bickert, AGR, gave his pin to Judy Hughes of Neche, North Dakota, who is a student at Valley City Teachers College.

And there was only one engagement! Darlene Meyer, State Home Ec junior received an engagement ring from Grant Mikkelsen, a junior in pharmacy.

Maybe this is the calm before the storm. St. Valentine's day ought to bring out a few pins and rings and things!

And we think we have traffic problems! How about this one? Few illegal parkers use the Delta Upsilon lot at Ohio State University. Reason: a large sign which says: "Cars parked illegally in this lot will be disassembled!"

It's still the term party season. Tonight Sigma Phi Delta will hold theirs at the Moorhead Country Club, and tomorrow night the Independent Student Association will be partying at the Powers Hotel.

And that's about all for one more—see You around!

KD's Have Visitor

Miss Florence R. Tryon, of Pensacola, Florida, is visiting Kappa Delta Sorority Feb. 12 to 17.

Miss Tryon is the National Counselor of Kappa Delta and a former member of the faculty of the Florida State University.

During her visit Miss Tryon will confer with the sorority officers and assist them in making plans for next year. She will also help the chapter in their plans for the National Convention which will be held in Salt Lake City, Utah, in June.

Tryota Sponsors Show

In correlation with the Little International activities the past weekend, a style show sponsored by Tryota was held Saturday, Jan. 31, for women guests. Tryota is a national society for home economics students.

Garments, including coats, suits and dresses were modeled by home economics students.

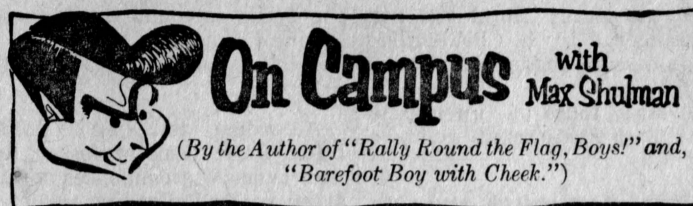

Following the style show, tours were conducted through the art, clothing, textile and food laboratories of the home economics building.

Phi Upsilon Omicron, national professional sorority for home economics students, were hostesses at a coffee hour held in the Founders Room.

SPD's Elect Officers

Arvid Gafkjen, M.E. Jr. from Alamo, North Dakota was elected Chief Engineer of Sigma Phi Delta. Other officers include Al Grovin, First Vice President; Jerome Horsager, Second Vice President; John Opie, Secretary; Wallace Spinarski, Chaplain; Brian Trambley, Historian; Ken Normand, Guide; Gary Geiss, Sentinel and Tom Mahler, Pledge Trainer.

WUS Kick-off Dance Sat.

POVERTY CAN BE FUN

It is no disgrace to be poor. It is an error, but it is no disgrace.

So if your purse is empty, do not skulk and brood and hide your head in shame. Stand tall. Admit your poverty. Admit it freely and frankly and all kinds of good things will happen to you. Take, for instance, the case of Blossom Sigafoos.

Blossom, an impecunious freshman at an Eastern girls' college, was smart as a whip and round as a dumpling, and scarcely a day went by when she didn't get invited to a party weekend at one of the nearby men's schools. But Blossom never accepted. She did not have the rail fare; she did not have the clothes. Weekend after weekend, while her classmates went frolicking, Blossom sat alone, saved from utter despair only by her pack of Marlboros, for even an exchequer as slim as Blossom's can afford the joys of Marlboro—joys far beyond their paltry price: rich, mellow tobaccos, lovingly cured and carefully packed; a new improved filter that works like a charm. Croesus himself could not buy a better cigarette!

However, Marlboro's most passionate admirers—among whose number I am paid to count myself—would not claim that Marlboro can entirely replace love and romance, and Blossom grew steadily moroser.

Then one day came a phone call from an intelligent sophomore named Tom O'Shanter at a nearby men's college. "Blossom," said Tom, "I want you to come down next week for the barley festival, and I won't take no for an answer."

"No," said Blossom. "Foolish girl," said Tom gently. "I know why you refuse me. It is because you are poor, isn't it?"

"Yes," said Blossom. "I will send you a railroad ticket," said Tom. "Also a small salami in case you get hungry on the train."

"But I have nothing to wear," said Blossom. Tom replied, "I will send you one suit of cashmere, two gowns of lace, three slacks of velvet, four shoes of calf, five socks of nylon, and a partridge in a pear tree."

"That is most kind," said Blossom, "but I fear I cannot dance and enjoy myself while back home my poor lame brother Tiny Tim lies abed."

"Send him to Mayo Brothers and put it on my tab," said Tom.

"You are terribly decent," said Blossom, "but I cannot come to your party because all the other girls at the party will be from rich, distinguished families, and my father is but a humble woodcutter."

"I will buy him Yosemite," said Tom. "You have a great heart," said Blossom. "Hold the phone while I ask our wise and kindly old Dean of Women whether it is proper for me to accept all these gifts."

She went forthwith and asked the Dean of Women, and the Dean of Women laid her wise and kindly old hand on Blossom's cheek and said, "Child, let not false pride rob you of happiness. Accept these gifts from Tom."

"Lord love you, Wise and Kindly," breathed Blossom, dropping grateful tears into the Dean's reticule. "I must run and tell Tom."

"Yes, run, child," said the Dean, a smile wrinkling her wise and kindly old eyes. "And ask him has he got an older brother."

The makers of filter-tip Marlboro, who bring you this column, are also the makers of non-filter Philip Morris, who also bring you this column. Whichever you choose, you're right.

VALENTINE WHO?

"If you think this shirt is neat you ought to see the one I sent my Valentine!"

GIRLS—Don't be caught saying this to your favorite "PAL". Be prepared to receive real thanks from your VALENTINE by choosing a gift from a good selection at our store.

SC Floriculture Class Tours Nursery

The NDSC floriculture class toured the largest floral and nursery concerns in St. Paul-Minneapolis on an educational field trip Feb. 5-7.

The main tours of interest included Bachman's retail, combina-

tion florist-nursery in Minneapolis, the Bailey tree and shrub nursery, Herme's floral greenhouses, and the Como park observatory, all in St. Paul.

According to Neal Holland, NDSC floriculture professor, Bachman owns 26 greenhouses covering seven acres; Bailey owns 600 acres and has over 400 acres in nursery stock now, and Herme up to three acres of roses under glass some years.

After returning, class member Gereld Gernholz said, "Down there they have so many flowers they haven't even used them all yet."

Neal Holland and Donald Hoag, horticulture professors, accompanied ten members of the class on the trip.

Betty Crocker Contest

Jane Aarnes, senior at Fargo High School and daughter of Dr. Hale Aarnes, head of the Education and Psychology Department at NDSC, is one of the ten finalists in the North Dakota Betty Crocker Homemaker of Tomorrow Contest.

Her examination paper was entered in the state contest. Jane is now eligible for a first prize scholarship of \$1,500 or a second prize scholarship of \$500.

Just a little bit of Wildroot and...WOW!

Phi Kappa Phi Elects

Nine seniors have been elected to membership in the NDSC chapter of Phi Kappa Phi, national scholastic fraternity.

They are: David A. Anderson and Donald Simons of Fargo; Gerald Beck, Sabin, Minn.; Ardell Bjugstad, Lisbon; Janet Brudvik, Mayville; James Kimball, Noonan; Glenn Lund, Minot; Freeman Mjolsness, Hannaford; and Gary Smith, Barnesville.

LC T to Present 'Cinderella'

Cinderella, an old favorite fairy tale, will be presented Feb. 21-28 as the third play for children at the Little Country Theater at North Dakota State College.

Appearing in the cast are NDSC students, Lynda Olson as Cinderella, Joyce Miller and Linda Fliginger as the two sisters, Connie Kimbrough as Mother, Gordon Kovel as the Prince, Dennis Chisholm as Roland, Ona Carlson as the Fairy Godmother, J. Michael Hur-

ley as Galafron, Michael Alm as Curdkin, Jackie Daugherty as Felicia, and Irene Swanson as the Queen.

The play Cinderella is written by Charlotte B. Charpenning and

directed by Martha Connolly of Fargo.

Two performances will be given each day at 10 a.m. and 2 p.m. Tickets may be purchased at the Little Country Theater.

Peotter Wins Art Award

Mr. Ralph Peotter received honorable mention for a silver and stained glass free standing cross which he entered in the art and metal division of the Midwest Designer-Craftsmen Exhibition held at the Joslyn Art Museum in Omaha during February and March.

Mr. Peotter, an instructor in Related Art in the School of Home Economics.

Mr. Peotter, who teaches design, ceramics, and metal work classes in the school of home economics, joined the staff last fall. He has a B.S. degree in art from the University of Wisconsin. Mr. Peotter also attended the School of Design in Toledo, Ohio.

Do You Think for Yourself?

THESE QUESTIONS CAN TELL YOU A LOT ABOUT YOURSELF!*

1. When you feel that certain fads are foolish do you talk against them?

YES NO

2. Do gadgets such as new cigarette lighters often intrigue you so you want to take them apart?

YES NO

3. Do you think that political candidates should write their own speeches instead of using a "ghost writer"?

YES NO

4. Given the choice, would you prefer having an apartment of your own to living at home with your parents?

YES NO

5. Do you prefer a salesman who is anxious to make a quick sale to one who will patiently answer all your questions about the product?

YES NO

6. When arriving late for a party, are you inclined to join a group of close friends rather than attempting to strike up new acquaintances?

YES NO

7. If you met somebody with a beard, would you tend to consider him "off-beat" and treat him with reserve?

YES NO

8. Are you normally reluctant to go on a "blind date"?

YES NO

9. Do you base your choice of a cigarette on what people tell you rather than doing your own thinking?

YES NO

You'll notice that men and women who think for themselves usually smoke VICEROY. Their reason? They've made a thinking choice. They know what they want in a filter cigarette. They know that VICEROY gives it to them! A thinking man's filter and a smoking man's taste!

*If you have answered "YES" to three out of the first four questions and "NO" to four out of the last five . . . you really think for yourself!

Familiar pack or crush-proof box.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

NOTICES

UCCF

UCCF will meet Sunday at Plymouth Congregational Church for supper at 6 p.m. and election of officers.

Allan Krause, the University of Illinois student who visited Russia last summer, will talk to the UCCF study group today at Markman's at 1421 North 13th St., Fargo, at 3:30 p.m.

ISA

The Independent Students Association invites all independent students to their term party to be held February 14 in the Powers Hotel. Valentine Sweethearts will be chosen. The banquet will be at 7:00 and dancing from 9:00 to 12:00. It will be semi-formal, and tickets will be 3.50 a couple.

RECREATIONAL NIGHT

A co-ed recreational night will be held February 17, from 6:30 to 8:30 p.m. in the NDSC Fieldhouse. The event is sponsored by the Women's Athletic Association.

Volleyball and ping-pong are among the recreational sports which will be played.

WESLEY

On Sunday, Feb. 15, Wesley will meet at Ouradnik's at 6 p.m. starting the new series of depth discussions. At 7:30 a World Day of Prayer will be held at the Plymouth Congregational Church.

Wesley Foundation will hold a meeting at the LSA house on Feb. 18th.

CAMERA CLUB

The YMCA Camera Club will hold a meeting in Room 101 of the library, Wed., Feb. 18th at 7:30 p.m.

NEWMAN CLUB

Newman Club will meet Sunday, Feb. 15 at 7:30 p.m.

APO

Alpha Phi Omega will hold an open meeting Tuesday, Feb. 17, at 7:30 p.m. in the Faculty Lounge of the Library.

AWS

The North Dakota Conference for Women in Higher Education will be held tomorrow at the University of North Dakota. Speakers from several colleges will participate. Any AWS members who are interested in attending are asked to contact Miss Thompson, Dean of Women. Registration is at 9 a.m.

LSA

The LSA Married Club will meet today at 6 p.m. for a potluck supper and program.

Stunt Night will be held at the LSA Center tonight at 8 p.m.

The LSA will meet on Sunday at 5:30 p.m. for supper. A discussion will be held at 6 p.m. on "Faith—Mormon Concept."

The LSA inquiry class will meet at 7:30 p.m. Wednesday and Choir practice will be held at 9 p.m. that night.

ASCE

ASCE meeting will be held on Wednesday, Feb. 18 at 7:30 p.m. in the Student Union. The speaker will be from the American Institute of Steel Construction Inc.

ICF

The NDSC Inter-varsity Christian fellowship group will have a Winter Party consisting of games and ice skating Friday, Feb. 13 at 7:45 p.m. Meeting place is Meinecke Lounge.

IBM

 invites the 1959 Graduate with Bachelor's or Master's Degree to discuss career opportunities

Contact your college placement office for an appointment for campus interviews

Career opportunities

If your degree major is in:

Manufacturing Industrial • Electrical • Mechanical •
Mathematics • Physics

Some facts about IBM

IBM's phenomenal growth offers unlimited professional opportunities to highly qualified graduates. Company policies lay a firm groundwork for stimulating and rewarding careers in the areas listed above. At IBM, you will find respect for the individual . . . small-team operations . . . early recognition of merit . . . good financial reward . . . outstanding company-paid benefits . . . and many educational and training programs.

IBM's laboratories and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie, Yorktown, N.Y.; Burlington, Vt.; San Jose, Calif.; Lexington, Ky.; and Rochester, Minn. Sales and service offices are located in 198 principal cities throughout the United States.

If you cannot attend the interviews, write or call the manager of the nearest IBM office:

Bison Down Augustana 66-50

Marvin Bachmeier, the North Central Conference leading scorer, scored 29 points last Saturday night to help the NDAC Bison to a 66-50 victory over the Augustana Vikings.

Bachmeier needs 43 points in the two remaining games to break a conference record. Although the Bison oppose the North Dakota University Sioux in four conference tilts, only the first and third games are used in the individual scoring records.

The Bison led throughout the game and held a half-time advantage of 12 points. Augustana made a come-back shortly after intermission and closed to within four points at the ten minute mark. The Bison took charge and with the consistent scoring of John Foss and Bachmeier steadily pulled away.

Foss was second to Bachmeier with 21 points. For the visitors Bob Swanhorst and John Simko tallied 17 and 15 points respectively.

Wrestler Dale Hinkle Athlete of The Week

Dale Hinkle, a 157 pound wrestler is this week's "athlete of the week" as selected by the Letterman's Club. Dale is 21 years old and a junior majoring in mechanized agriculture.

Hinkle won the honor on the strength of his three wins in the Quad-Wrangler meet the past weekend.

Dale, in his first year of wrestling, is successful due primarily to his outstanding strength. Dale is also a football letterman.

Because of his strength, Hinkle is able to recover from elementary mistakes which can be expected from a first year wrestler. Dale is also noted for his speed, a factor of great importance in wrestling.

Bison Take In Track Meet At Minneapolis

NDSC will be represented in the Northwest Open Indoor Track Meet in Minneapolis, Minn. on Saturday. This will be the first competition of the season.

Trackmen have had time trials during the week to determine who is in condition to represent NDSC.

Coach Neuberger said that the following boys may go to Minneapolis on Saturday: Bob Williams, two mile; Bob Bower, one mile; Oddvar Helgerson, half mile; Gary Grooters, 60 and 440 yards; Ron Pepper, broad jump and 440 yards; Jerry Ereck, low hurdles, high hurdles, and 400 yard; Jerome Larson, high hurdles and high jump.

Seniors Honored At Augustana Game

Brown, Fought, Foss, Hill, And Kingery Honored

Five NDSC seniors were honored at halftime of the basketball game with Augustana last Saturday night. The five, all members of the Bison basketball team, were honored for their athletic, scholastic and other achievements at NDSC.

The seniors honored are: Bob Brown, Bison guard, from Fargo, is majoring in architecture. He is a member of Alpha Tau Omega fraternity and is married. Bob is in his third year with the Bison.

Dick Fought, Bison center, is from Absaraka, N. D. His major is mechanized agriculture. He is vice-president of Alpha Gamma Rho fraternity and a member of the American Society of Agricultural Engineers. Dick also played football at NDSC.

John Foss, Bison forward, is a mechanical engineering major from Moorhead, Minn. John is in his third year on the starting five of the Bison squad.

Hibbert Hill, Bison center, is from Valley City, N. D. He is majoring in applied arts and science. Hib is married and is the father of three children.

Jerry Kingrey, Bison forward, is from Worthington, Minn., and is also in applied arts and science. He is a member of Theta Chi fraternity. Jerry also played football on the Bison squad.

Each was presented with a gift from the people of their home community.

All varsity baseball pitchers and catchers are urged to attend a meeting at the Field House, Friday, February 20, 1958 at 4 p.m.

Get satisfying flavor...So friendly to your taste!

NO FLAT
"FILTERED-OUT"
FLAVOR!

NO DRY
"SMOKED-OUT"
TASTE!

See how Pall Mall's famous length of fine tobacco travels and gentles the smoke—makes it mild—but does not filter out that satisfying flavor!

HERE'S WHY SMOKE 'TRAVELED' THROUGH FINE TOBACCO TASTES BEST

1 You get Pall Mall's famous length of the finest tobaccos money can buy.

2 Pall Mall's famous length travels and gentles the smoke naturally . . .

3 Travels it over, under, around and through Pall Mall's fine tobaccos!

Outstanding...
and they are Mild!

Placement Service

Monday and Tuesday, February 16 & 17, 1959

North American Aviation will be primarily interested in interviewing engineering, physics, chemistry, and mathematics students at all degree levels. The Atomics International, Autonetics, Los Angeles Engineering, Missile and Rocketdyne Division will be represented.

Monday, February 16, 1959

Pacific Missile Range (U. S. Naval Missile Center) Point Mugu, California will be primarily interested in talking to senior graduate students whose major field are aeronautical, electrical, mechanical engineering and physics.

Monday, February 16, 1959

U. S. Navy Electronics Laboratory, San Diego, California, is interested in interviewing electrical, mechanical engineering, physics, mathematics seniors and graduate students.

Tuesday, February 17, 1959

Cargill, Inc., Minneapolis, Minnesota will interview liberal arts, business, agricultural, economics and marketing seniors for their General Administrative Training Program. They will also interview seniors interested in sales, or in their specialized training program in their Grain, Feed, Vegetable Oil, Transportation and Hybrid Corn Division.

Tuesday, February 17, 1959

Farmers Home Administration—Mr. Leonard Dalstad will seek students interested in Farm Management positions. A basic requirement of 45 quarter hours of Agricultural courses must be met by each student to be considered.

Wednesday, February 18, 1959

Commonwealth Edison Company, Chicago, Illinois wishes to interview senior electrical and mechanical engineers.

Wednesday, February 18, 1959

City of Milwaukee, represented

by Mr. Warren Braaz, will interview senior and graduate civil engineers.

Wednesday, February 18, 1959

Bureau of Reclamation, U. S. Department of Interior wishes to interview engineering students. Their requirements will be mainly for civil engineering graduates, however, there will be a limited number of vacancies for electrical and mechanical engineers. There are also possibilities for summer employment for undergraduate civil engineers.

Thursday, February 19, 1959

Chrysler Corporation will have a representative from the Chrysler Institute of Engineering. The Institute wishes to speak to mechanical engineers interested in their graduate training program.

Thursday, February 19, 1959

Minnesota and Ontario Paper Company will interview candidates for all degrees in mechanical, electrical, industrial, civil and architectural engineering, architecture and chemistry.

Thursday, February 19, 1959

Montgomery Ward wishes to interview graduates who are interested in retail store management, buying, selling, advertising, accounting and many other administrative functions.

Friday, February 20, 1959

California State Personnel Board, Sacramento, California, will interview civil engineering seniors for the position of Junior Civil Engineer. They will be represented by Mr. Dean E. Larson, Associate Highway Engineer.

Charity Ball Friday, February 13

"Oh-oh! There goes our last pack of Camels!"

More men in high places smoke Camels than any other cigarette today. For the 10th straight year, this cigarette outsells every other — every filter, every king-size, every regular. The Camel blend of costly tobaccos has never been equalled for rich flavor and easygoing mildness. The best tobacco makes the best smoke.

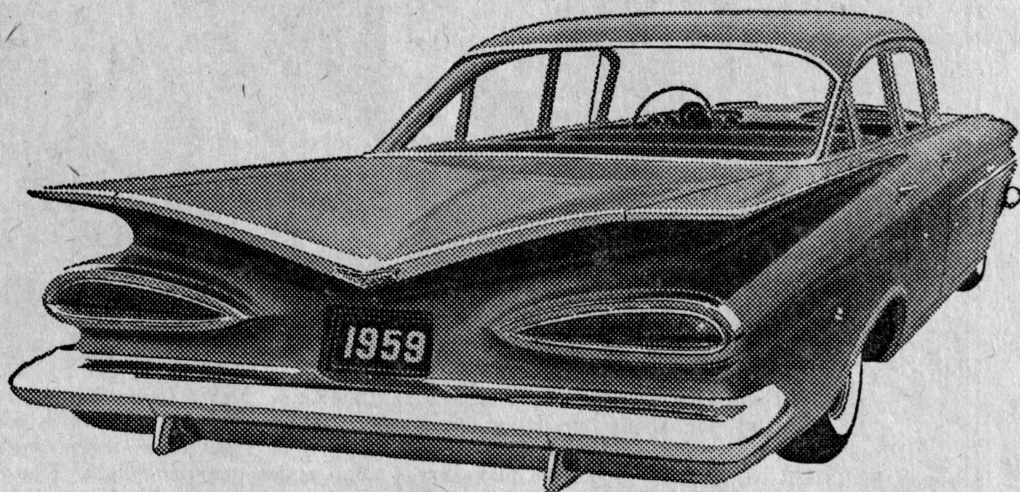

Climb above fads and fancy stuff . . .

Have a real cigarette — have a **CAMEL**

GOES AND GOES AND GOES ON A GALLON !

Biscayne 4-Door Sedan shows the Fisher Body beauty of Chevrolet's lowest priced series for '59.

CHEVY'S NEW HI-THRIFT 6

More miles are back in a gallon of regular-grade gas—up to 10% more—and Chevy's new Hi-Thrift 6 engine puts them there. It also gives you more "git" in the speeds you drive the most.

Here's an engine that always seems able to coax extra miles out of a tank of regular-grade gas. In fact, if you're one of those drivers who keep tab on things like gas mileage, you'll soon see for yourself that this new Hi-Thrift 6 gets up to 10% more miles a gallon.

Another thing you'll like about this 135-h.p. 6 is the

extra pep it gives you for passing and climbing hills. This is due to higher torque at normal speeds.

It may be hard to believe anything that looks and moves like this '59 Chevy can be such a stickler for economy. But—whether you pick the Hi-Thrift 6 or a vim-packed V8—this is just one more reason Chevy's the car that's wanted for all its worth. Stop by your dealer's and see.

The smart switch is to the '59 Chevy!

Now—see the wider selection of models at your local authorized Chevrolet dealer's!

... by Carr

THE SPECTRUM
NORTH DAKOTA STATE COLLEGE
FARGO, NORTH DAKOTA

The Bison face one of the best Moorhead State College teams in years Saturday night. While not having exceptional size, they do have an unusual array of good shooters which makes them capable offensively. "It will be an interesting game comparing our experience and slight height advantage against their speed and shooting ability," said Chuck Bentson, NDSC coach.

Coach Bentson wasn't at all happy with the games last weekend. His disappointment was centered mainly on the team's inability in maintaining a sustained offense. Coach Bentson said, "We show periods where we are able to

contain our opponents and score fairly easy, then we run into lapses where we are unable to score at all." Defensively, Coach Bentson was pleased with the team on both nights. On Friday night the Bison held Morningside, the first place team in total points scored per game, to 13 points less than their season offensive average. On Saturday night the team held Augustana to 50 points which was 30 less than they scored against us down there.

Tom Neuberger felt that the grapplers did their best on Saturday of any match this year. Coach Neuberger felt that if the team can hold this desire to win through

Feb. 28, the state tourney, they will do well in the tourney. He stated, "these kids have tasted victory and seem to like it very much."

Coach Tom Neuberger feels that Larry Van Sickle, Frank Johnson and Dale Hinkle have been our most consistently successful wrestlers, mainly because they never sit still until they have scored. In wrestling you always have to keep moving so as to never let your opponent get settled and get his balance. Some of the other boys do this for spells, but are not consistent. Coach Neuberger hopes that the rest of the team will be able to develop this driving attitude with more experience.

Placement Service

(Continued from Page 7)

The Dale Tile Company of Minneapolis, Minnesota is seeking students graduating from architecture or architectural engineering. Students are urged to contact the Placement Office about current openings with the Dale Tile Company. This will be a local position following several months of training in the Minneapolis offices.

The work will entail making estimates from blue prints for namely ceramic clay tile and acoustic tile. Personal interviews will be arranged on request.

WILLIAM F. BLOOMFIELD, B.S.I.E., LEHIGH, '53, SAYS:

"Join me for a day at work?"

Bill is Plant Service Supervisor for New Jersey Bell Telephone Company at Dover. He joined the telephone company after graduation, has held many jobs to gain valuable experience. Now he has three foremen and 32 craft people working for him. "It's a challenging job and keeps me hopping," says Bill. "See for yourself."

"8:30 a.m. With my test bureau foreman, I plan work schedules for the coming week. Maintaining equitable schedules and being ready for emergencies is imperative for good morale and service."

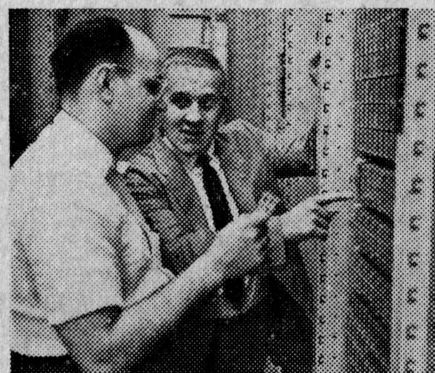

"9:10 a.m. The State Police at Andover have reported trouble with a mobile radio telephone. I discuss it with the test deskman. Naturally, we send a repairman out pronto to take care of it."

"11:00 a.m. As soon as things are lined up at the office, I drive out to check on the mobile radio repair job. The repairman has found the trouble—and together we run a test on the equipment."

"1:30 p.m. After lunch, I look in on a PBX and room-phone installation at an out-of-town motel. The installation supervisor, foreman and I discuss plans for running cable in from the highway."

"2:45 p.m. Next, I drive over to the central office at Denville, which is cutting over 7000 local telephones to dial service tomorrow night. I go over final arrangements with the supervisor."

"4:00 p.m. When I get back to my office, I find there are several phone messages to answer. As soon as I get them out of the way, I'll check over tomorrow's work schedule—then call it a day."

"Well, that's my job. You can see there's nothing monotonous about it. I'm responsible for keeping 50,000 subscriber lines over a 260-square-mile area in A-1 operating order. It's a big responsibility—but I love it."

Bill Bloomfield is moving ahead, like many young engineers in supervisory positions in the Bell Telephone Companies. There may be opportunities for you, too. Talk with the Bell interviewer when he visits your campus and get the whole story.
