Jerry Schnell

Senate President Candidates State Campaign Platforms

Jim O'Keefe
M. E. 2.65

"I am a candidate for student body president because I have a sincere interest in student government, am aware of student problems and want to solve them, and have a firm desire to serve my fellow students.

"My platform is as follows:

"To lay the groundwork for the name change issue which will be brought to vote again in 1960. The groundwork must be laid in 1959.

"To insure the success of Shivar.

"To improve student government.

"Student government as it now functions is not nearly as effective as it could be. Student government lacks a budget and from year to year we are spending money at random without knowing where it is coming from or where it is going.

"Student government lacks a functioning executive council and sorely needs one to determine what business is going to be acted on and to act on business which is too trivial to take up Senate time.

Student Senate needs more senators. Our enrollment has doubled at this institution but the number of people in Senate has not increased.

"To begin an instructor course evaluation program on this campus. This program would have to be acceptable to both students and faculty.

"To change the married students activity ticket to suit their needs. There are a variety of way to do this but something needs to be done."

Noel Estenson
Ag. Econ. 2.58

"The traditional platform consists of affirmation of the name change, all college festival, better parking facilities, etc., so does mine. However, in order to take action on these planks, a functional approach must be used, that of training students and working with the faculty and administration.

"My platform, therefore, consists of more extensive, better planned leadership clinics, and more student faculty committees. The purpose of these two points is to have trained students work with the faculty and administration when the students have reached their limit as to what they can do to solve a particular problem.

"I know this functional theory is feasible because of my previous training and present participation in working with faculty and administration on planning a conference on teacher evaluation."

Bill Lantz
Chem. 2.81

"It often seems as if in the process of compiling a formal address to the electorate, candidates such as I, who are seeking the honor of holding a position in student government almost invariably come up with approximately the same platforms; differing only in the choice of glittering generalities used to put forth this platform.

"It is my belief that since such a general agreement usually prevails in what needs to be done, that one of the major components of the criterion to be followed in choosing a student body president should

entail a careful study of that candidate's ability to carry out these proposed points.

"In common with my worthy opponents, I recognize the necessity for supporting the following programs—name change, frosh orientation, etc., I perhaps differ, however, in the specific changes I would initiate in these programs. The new policies that I would initiate are:

"Revise the Freshman orientation program so that it is more worthwhile to the freshman as well as being a greater benefit to the school.

"Set up a traffic committee composed of the student body president and a few other members of senate to meet with the faculty traffic committee and try to work out some of the minor traffic problems existing on our campus.

"Set up a budget for student senate so that you, the people who support senate know how your money is being spent.

"Continue working hard on the name change program so that in 1960 we will be called NDSU."

Jerry Schnell
An. Husb. 2.67

"During my association with Student Senate I have developed a deep interest in student government. This experience has made me aware of, and concerned with, the many problems of our student body. The most effective means of dealing with these problems is accomplished through the office of

student body president. I would like the opportunity to serve and represent you as your student body president.

"A political platform can only be effective if the political foundation of the candidate is such that he has made himself completely aware of the problems facing all his constituents and not just a 'chosen few.'

"Although there are over 900 married students on our campus, their problems and grievances have, in most cases, been ignored. In order that we may correct this injustice, a committee composed of married students and senators should be organized. This group would then study the problems and make recommendations to the Student Senate and the administration. Topics such as activity tickets for married students wives, better streets, and better housing facilities would be handled by this committee.

The point I consider the most important point in my platform is the forthcoming "Name Change". The next campaign has to be well co-ordinated and can be effective only if started early. This coordination can best be brought about by setting up a central committee which would be in charge of all name change activities. A central committee such as the communications office, whose staff and working facilities daily handle public relations, would in my opinion be a logical committee nucleus in presenting our movement to the public."

Margaret Mead Speaks at MSC Monday

Dr. Margaret Mead, an internationally known anthropologist, will speak in the Weld Hall Auditorium of Moorhead State College on Monday, Feb. 23, at 8:15 p.m. on "Ourselves as Others See Us."

The author of many books, Dr. Mead is a specialist in education and culture and in personality and culture. She had served as Visiting Lecturer at leading universities in this country and has lectured in Australia, New Zealand, France, Austria, and Great Britain.

She is widely known as a student of primitive and contemporary cultures. Her studies of primitive societies have given her a keen insight into contemporary life. Numerous expeditions have taken her to Samoa, to the Manus Tribe in the Admiralty Islands, New Guinea, and to Bali.

Dr. Mead is a graduate of Barnard College and received her Master's and Doctorate from Columbia University, holding honorary degrees from eight colleges and universities. She is the Associate Curator of Ethnology, American Museum of Natural History, New York, and Adjunct Professor of Anthropology, Columbia University.

"I am very much encouraging any girl on our campus to go and hear her lecture," states Miss Matilda Thompson. Margaret Mead expresses highly controversial points of view on family life and on the roles of men and women in twentieth century American culture.

Lyceum To Feature Spanish Dancers

"Ole! More exciting than a bull-fight!" That is the cry that went up from one Los Angeles critic when he saw Lola Montes and her Spanish Dancers, the brilliant and versatile company of seven dancers that will appear here on Fri., Feb. 27, at Festival Hall, as the next lyceum feature.

Similar cries have been heard from critics and audiences whenever Lola Montes with her dancing señoritas and caballeros have swept into town. For the past several seasons, the group has stomped its heels and clicked its castanets across the continent, winning aficionados for the Spanish dance, even among people who had never before enjoyed anything more phrenetic than a Viennese waltz.

Headed by the lovely Lola herself, the company presents a wide range of authentic Latin dances, from lovely Spanish classical dances to the fiery Flamenco, from folk dances of old Spain to the traditional dances of the natives of many Latin countries in the new world. And the colorful costumes, designed and executed especially for Senorita Montes from authentic originals, make the evening an eye-filling spectacle.

Suellen Ringsak is the new Sweetheart of Sigma Chi. Suellen, a member of Gamma Phi Beta sorority, was crowned at the Sigma Chi Sweetheart Ball held at the Frederick Martin Hotel, Feb. 14. She succeeds Sharon Mische, Gamma Phi Beta.

Candidates And Their Platforms

According to Bill Lantz, Commissioner of Campus Affairs, forty-seven students have registered for candidacy for the twelve positions open in Student Senate. Elections for these offices will be held Feb. 23 and 24.

In the one year Senate race, which has six open positions, we find twenty-four contenders. John Altenburg, a chemistry and math major, has as his platform the formation of an executive council in the senate. He also favors a budget for the senate, name change and the promotions for Sharivar for the school. His average for the year is 3.11.

A zoology major with an average of 3.15 is Dan Anderson. He lists Sharivar, name change, parking improvements and a change in orientation week as the main issues of his platform.

Marvin Bachmeier, a sophomore in AAS, is interested in Sharivar, keeping the Union open Sundays, improving the parking situation, and name change.

A math major Bernard Biren is another candidate for office. With an overall average of 2.3, his platform includes supporting name change in the 1960 election, the college parking problem, informing students of Student Senate Activities, and encouraging them to have more voice in the Student Senate.

Don Bischof, an EE major, stands for a system whereby students wives can make use of the college activity cards, a more logical and convenient arrangement of student banking, turning the "name change commission" over to the communications department, and the opening of the Student Union from 12 noon to 6 p.m. on Sundays. He holds an honor point average of 3.16.

A ME major, Arden Borgen, would like to establish course and teacher evaluation, promote public relations programs such as Shari-

var, and try to alleviate current problems on campus.

Terry Colwell, with a 2.59 average, is an ag. ed. major. He supports name change, Sharivar, having the Union open on Sundays, instructor evaluation polls, student information center, and improvement of facilities on campus.

Sharivar, "NDSU" in 1960 and more recognition of student views on campus is the platform of George Comstock. A junior in business, he holds a 2.1 average.

Rick Contos, a pharmacy major, has a 3.3 over all average. He will work for extended publicity for the school, student government—for the student and by the student, and a re-presentation of the name change movement.

An ME junior, Richard Dukelow, backs name change in 1960. He would like to do something about the parking problem and also inform the students of the Student Senate activities and encouraging them to have more voice in the Student Senate. He holds a 2.43 average.

Tom Egan, physical education sophomore, lists name change, Sharivar, Student Union open on Sunday, parking problem, and student unity as the main issues in his platform.

A freshman in ag. ed. with a 2.5 average is Richard Hansen. He would like to work on the finance committee and establish a budget that would be appropriate for this

college.

Laurie Hendrickson will work for the good of the student body. She supports Sharivar, the name change, and a budget for the Senate. She is a H. Ec. Ed. major with a 2. average.

Brian Hodge, a junior in horticulture, favors teacher and course evaluation, calendaring committee for Senate meetings, increased representation of the Senate. He also supports Sharivar, name change, a drive for a swimming pool, a hockey team, and the Union open on Sundays. His average is 2.47.

Janet Kippen, a junior in AAS with an average of 3.7, is interested in promoting the general efficiency of Student Senate, and co-ordinating of campus activities more effectively. She also would like to see a budget for Student Senate, promotion of name change, Sharivar, and any campus approved projects.

Kay Klicker, a H. Ec. sophomore with a 2.8 average, is interested in the Union being open on Sundays, improved parking lots and campus traffic, teacher-student evaluations, Sharivar and a measure promoting a student parking center.

A mechanized ag. man, Clinton Kurtz, stands for support of Sharivar, continuation in the support of name change, promotion of better school spirit, improvement of school facilities, and the encouragement of stu-

Beard Judging Set

Beard growing contest will be held 8:15 p.m. Saturday, Feb. 21, in the Air Force ROTC lecture room in the basement of the fieldhouse. The judges are Dean Severson, Ed Gall of the Grand Barbershop, and E. Stromme of the Moler Barber College.

Beard will be judged on "shaggiest", "best trim", "best try" and "most Unusual." The trophies will be awarded at halftime of Saturday's game.

dent-teacher evaluations. His honor point average is 2.

An EE major, Jim Lamont promotes the following: student union open on Sundays, NDSU (1960), furtherance of Sharivar, work for the benefit of all students attending NDSC and give the married students more recognition on campus. His over all average is 2.4.

An AAS junior, Carol Olson holds this as her platform: a desire to represent women on Senate, a special interest in Homecoming parade and Sharivar, a wish to relieve men of much detail work involved in Senate activities. She does not plan any drastic campaign promises or changes. She promises only to do her best as a representative of NDSC students. Her honor point average is 2.4.

Name change, activity ticket revision for married students, and a budget for Student Senate is the platform of John Opie, a sophomore in AAS, with a 2.65 average. David Rud, a junior in civil en-

FIRE UP! The polar bear people from the North have arrived! All ten of them. Oh—a slight correction—guess they are sending a cheerleader along with the team, too—Hmmm—must have been quite a fight to see which ones were going to get to stay at home for the hockey games!

Since the "U" has seen fit to desert its basketball team in favor of a home hockey game plus their King Kold Karnival this weekend, there won't be the usual spirited crowd romping through Fargo. Maybe there will be a few half-hearted spectators from the U—(the ones who couldn't get tickets for the hockey games, that is.) By the way, it's this lack of the U's interest and following that has prompted the Athletic Commission to schedule the series in the fieldhouse rather than at Concordia. Hope you've all got your tickets, but if not—there may be one or two left at the Athletic Office if you hop right over.

So let's give the Bison some real support in the Series this weekend—some really LOUD support! You say you feel conspicuous cheering at a game with a date? I'd bet my silver-plated cowbell that it's only because the people next to you don't cheer, and so rather than be the exception, you all sit there and look apathetic.

Come on now, let's loosen up tonight, and who cares what the people next to you think — it's the team we should be thinking about!

FIRE UP!
Tau Kappa Epsilon has announced their candidates for 1959 Sweetheart. They are Cheryl Larson, Kappa Kappa Gamma; Margaret Gludt, AGD; Mary Olson, Gamma Phi Beta.

Valentine Sweethearts at the Independent Students' Association winter term party were Barbara Hylland and Wayne Lunsetter. Barb is a junior in chemistry from Grygla, Minn. Wayne, also a chem junior, is from Gatzke, Minn.

The SAEs went serenading Monday night—to the Alpha Gams, the Kappa Deltas, the Kappas, and to the Gamma Phi Beta house where they presented Valentine's Day roses to their sweetheart, Audrey Paul.

Stephen Johnson of FarmHouse passed cigars Monday evening announcing his pinning to Rita Fridland, SC sophomore from Jamestown.

TKE President, Ed Hamernik is engaged to former Kappa Alpha Theta president Arlene Hedahl, who now teaches school in Jamestown.

The TEKES gave an orphans party on Wednesday for Children's Villagers—and exchanged dinner with the Gamma Phi Betas Monday.

Kappas entertained their Ugly Man candidate, Jim O'Keefe, at dinner last Monday. The AGR's serenaded the Kappas and decorated their living room with a bouquet of roses Monday evening. Kappa of the month is LaVonne Schwartz.

Sigma Chi fraternity has pledged Dick McDonald, Bismarck; and Ellis Rockswold, Litchville, N. D.

The White Cross of Sigma Chi, Don Erickson, is now being worn by Gayle Salaba, State sophomore in AAS.

The Sigs had a two-fold reason for serenading the Gamma Phis this week. Their honored their new Sweetheart Suellen Ringsak, and also Carolyn Callenbach for her engagement to Sig alum Gil Nelson.

Coffee and cards was the theme of the day, when Sigma Chi opened their house to the campus on Tuesday.

Student Government elections are Monday and Tuesday. You can cast your vote in any one of the major buildings around campus. The candidates' platforms are summarized in the Spec this week, so read them all, think it over, and vote for the people of your choice. But vote—it's your privilege and your responsibility. That's all—see you 'round!

H. E. Faculty To Assist With HS Career Days

Four faculty members from the School of Home Economics will take part in "Career Day" in various schools. The instructors and the schools at which they will speak are: Lorissa Sheldon, Feb. 27, Oakes; Ethel Flaten, Feb. 18, Moorhead State College; Myrtle Challey, Feb. 26, LaMoure; and Virginia Merifield, Feb. 25, Lisbon.

Career days are sponsored by the high schools in order to give the seniors a chance to learn more about the field in which they are interested.

Spring Fashions To Be Shown at deLendrecie's Style Show

Spring styles, materials, and colors will be displayed by NDSC girls at the deLendrecie's fashion show to be held this Saturday, Feb. 21.

The fashion show is a joint project of the textiles department of the NDSC school of home eco-

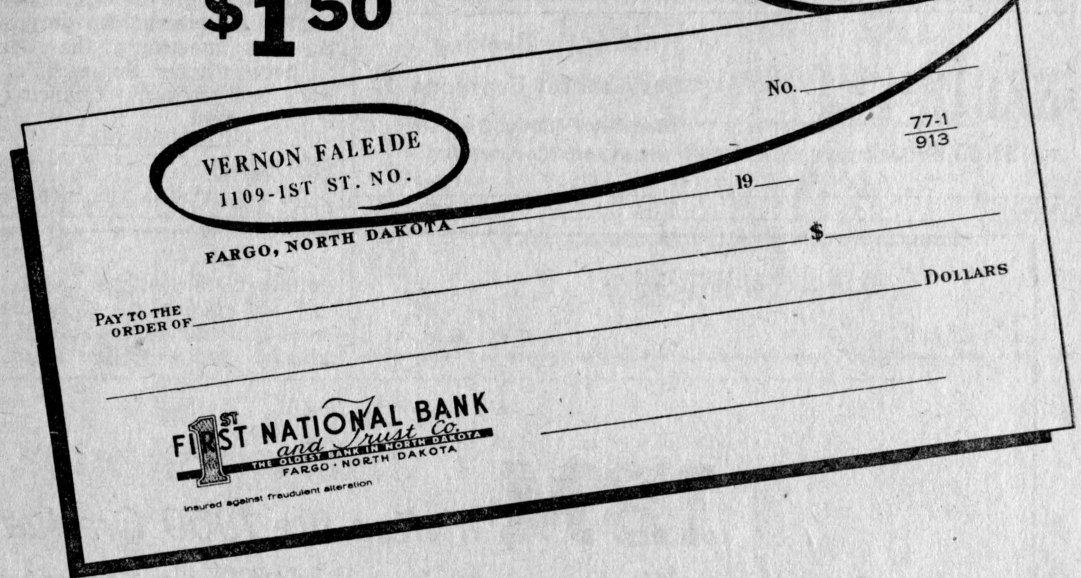

nomics and deLendrecies. DeLendrecies gives the girls the pattern, material, and notions and the girls, in turn, sew and model the dresses. After the style show the girls keep the dresses.

The girls who have been selected to be in this year's style show

are: Irene Woitzel, Gloria Mickelson, Kay Lavold, Janice Anderson, Ruth Sanford, Carole Rorvig, Catherine Alm, Diane Berg, Laverne Holbach, Mary Lee Moffitt, Cheryl Larson, Phyllis Gill, Janet Freeberg, Valorie Winge, Jean Jackson, and Ihlys Hulbert.

Foreign Lands To Be Seen In Sculpture

One freshman was overheard saying to another, "Dig those crazy snowmen". Actually these "snowmen" are entries for the Snow Sculpture contest, sponsored by Alpha Phi Omega.

This year's entries are: Sigma Alpha Epsilon, "Indian Temple"; Sigma Phi Delta, "Taj Mahal"; Tau Kappa Epsilon, "Dutch Windmill"; Farmhouse, "Dutch Boy and Dike"; Alpha Tau Omega, "English Castle"; Co-op House, "Torii Gate"; Sigma Chi, "Big Ben";

Theta Chi, "Kremlin"; Alpha Gamma Rho, "Alpine Scene"; Kap-

pa Psi, "Eiffle Tower"; Phi Mu, "Leaning Tower of Pisa"; Gamma Phi Beta, "North Pole"; Kappa Delta, "Siesta";

Alpha Gamma Delta, "Chinese Pagoda"; Kappa Kappa Gamma, "Sphinx and Pyramids"; and Kappa Alpha Theta, "Buddha".

The judging will be done this afternoon at 4:30 and 6:30.

Alpha Phi Omega also reminds the campus that voting for the Ugly Man will end at noon tomorrow.

The awards will be made at the dance following the "U" series game, tomorrow night.

- N O T I C E S -

ATTENDS CONFERENCE

Caroline Budewig, and the deans of other schools of home economics in the North Central Region, is attending a conference to be held in Chicago Feb. 19-21. The meeting will be for all the deans of home economics from land grant colleges in this region.

LSA

University of North Dakota LSAs will be guests of the local group at the Open House after the Friday night game between NDSC and UND.

Sunday night the University students will present the program at the LSA meeting at the Campus Lutheran Center. Supper is at 5:30 with the program following on Sunday night.

HOUSING

All senior girls who need to ar-

range for housing for spring quarter should contact Miss Matilda Thompson, Dean of Women.

All housing must be settled and registered by March 2.

UCCF

UCCF will meet at Plymouth Congregational Church at 6 p.m. Sunday for supper and a program. Those wanting transportation should meet at Ceres Hall.

The study group is today at Markman's (1421 13th St. N.)

ATHLETIC MEDALS

Medals for those who participated in the Bismarck to Fargo torch run during homecoming last fall are available in the Athletic Office in the Field House.

PART TIME WORK

WANTED: College student for part time work as relief projec-

tionist. Must have experience with 35 mm. Call AD 5-8977, ask for Al Harth.

PHI KAPPA PHI

Miss Matilda Thompson reminds all students that interviews for Phi Kappa Phi scholarships will be held Saturday morning, Feb. 21, at 10:00 in the Dean of Women's office.

CHEMISTRY CLUB

Dean Carl L. Bailey of Concordia College, which recently was the recipient of an ion accelerator, will speak to the NDSC Chemistry Club on "Ion Acceleration" on Wednesday, Feb. 25 at 8 p.m. in room 207 of the chemistry building. Everyone interested is cordially invited to attend and lunch will be served.

KDSC RADIO

KDSC Radio will broadcast the "U" Series games from the UND fieldhouse next weekend. Next Tuesday at 8:05 p.m., KDSC will broadcast a direct telephone conversation between KDSC and the Four Freshmen who will appear at Concordia Feb. 27th.

NEWMAN CLUB

Newman Club will meet Sunday, Feb. 22, at 6:30 p.m. for supper and a meeting. It will be the opening of John Henry Newman Week. The speaker will be Father Lessard. His topic will be "Newman and Newmanism." All those who plan to attend are asked to sign up after masses Sunday morning at St. Paul's Chapel.

Wesley Foundation will meet Sunday, Feb. 22, at 6 p.m. at Ouradnik's. On Wed., Feb. 25th, Mr. David Williams will speak to a group meeting at the LSA house. Mr. Williams was a three year missionary to the Philippines and is currently attending school in Illinois.

SENATE

(Continued from Page 2)

all-around student facilities and married students activity tickets. 2.36.

For the six open positions in the two year senate race there are twenty-three candidates. Mark Ashton, dairy technology sophomore, will work for the name change, Sunday Union hours, improvement of the parking situation, a Student Senate budget, and mail pick-up in the dorms.

George Baker, Mechanical Eng. freshman, bases his platform on the name change, more support for athletic teams and support of campus activities. He would like to see the Union open for meals on Sundays.

An AAS freshman, Bill Bergquist, with a 2.71 average, holds this as his platform: name change, Sharivar, improvement of traffic conditions, buzzer systems in dorms, better postal service, and revised time schedule for the Union.

Dick Bergquist, an agronomy major, supports name change, Sharivar, teacher evaluation, pick up mail in the dorms, swimming pool, milk dispensers in dorms, hockey, parking lot problems, and having the Union open on Sundays. He hold a 2.5 average.

A physics major, Howard Blackstead, stands for parking reforms, improved student banking center, promoting refreshment machines in dorms, Student Union to be open on Sundays, name change, Sharivar, and later library hours. As a freshman his over-all average is 3.53.

Darlene Dietrich, a math major, is interested in promoting Sharivar, the continuation of name change, improved freshman orientation, and better use of student fees. She is a sophomore with a 3.76 average.

Sharivar, name change and better parking facilities are found on the platform of Jean Erickson. She is an English major with a 3.33 average.

Mayo Flegel, a sophomore in industrial engineering also supports name Change. He promises to do something about the parking problem on campus, and better informing the student on Student Senate activities.

A sophomore in Ag. E., Dean Forseth, says he will give the average student more representation in Senate and campus affairs by keeping them fully informed of Senate action and urging attendance and participation in Senate. He will also support and work on Sharivar, name change, refreshments in dorms, student information and otherwise support the campus and its student to the best of his ability. His honor point average is 3.21.

Allyn Hart, a sophomore in agronomy with a 2.76 average, supports name change, Sharivar, better mail service in dorms,

Union open on Sunday afternoon, and the improvements of student publications.

A pharmacy freshman, Jon Johnson, would like to see a complete revision of campus parking system, a swimming pool on campus and the formation of student card section to support Bison teams. His average is 2.78.

David Kolding, a sophomore in Gen. Ag., stands for teacher and course evaluation, Union open on Sundays, swimming pool, more senators, Sharivar and name change. His average is 2.67.

David Lamski, Pharmacy freshman with a 3.13 average, feels that, as an independent, he can fairly represent the NDSC students in the problems confronting Senate. He gained experience in student government as vice-president of the freshman class.

An Ag. sophomore, Leonard Lesmeister, holds a 2. average. His platform includes name change, Sharivar, teacher evaluation, a budget for Student Senate, solution of the mail problem, milk dispensers in the dorms, and tennis courts on campus.

A business economics major

with a 2. average is Jerry Lingen. He supports having the Student Union open on Sundays, Sharivar, a commission of student speakers that will travel to high schools in the area and speak to the students about our college, and name change. His over-all average is 2.

Bob McLeod, a math major, proposed a platform that includes name change, Sharivar, activities sponsored by student body, keeping the Union open on Sundays. His average 2.98.

An AAS freshman, John McMerty, with a 2.53 average, will work for the Union coffee shop open on Sundays, to develop an executive council of Senate, supporting of name change and Sharivar.

Dan O'Hearn, sophomore in business administration, supports continuation of the name change program to be tied in with a full time organization like the communications department, Sharivar, and keeping the Union open on Sundays.

Pat Rosati, agricultural education sophomore, is for keeping the Student Union open on Sunday, Sharivar, more unity in the student

body, name change, and a solution to the parking problem.

Loren Stadig, a freshman in gen. ag., promotes name change, Sharivar, the furtherance of such organizations as World University Service. His average is 2.37.

Brian Trambley, E.E. sophomore, has a 3.11 average. He lists Shari-

var, name change, and working out the various problems that face the campus as the main issues of his platform.

Norm Wolseth, zoology freshman, says that he will work diligently on any tasks presented by Senate. He would like to work on the Senate budget.

Bison Triumph Over MSC Dragons by 24

The NDSC Bison won their second basketball game in a row Saturday night when they defeated the MSC Dragons by a decisive margin 78-54 on their home court.

Marvin "Marv" Bachmeier continued to be the dominant scorer but fell short of his 27.3 league average with only 21 points.

The Bison defense was too much for the Dragons to overcome and it showed in the final score with the Bison winning by 24 points.

In the early stages of the game it appeared the Bison wouldn't stay with the Dragons but in the last

minutes of the first half the Bison started to score and led at half-time 38-30.

John Foss, who scored 16 points, was rugged on defense and rebounded effectively.

While the Bison held their own on rebounding they outshot their opponents from across the river, scoring 31 field goals on 73 tries for 42.2 percent while MSC had 19 of 66 for 28.8 percent.

This was the 35th victory for the Bisons in their 52 games with the Dragons.

SC Track Season Opens February 14 With NW Open Meet

The NDSC Bison Cindermen participated in the Northwest open track meet last Saturday.

Ron Pepper placed 5th in the broad jumping with a jump of 20 feet 6.5 inches. Bob Bower placed 4th in the mile with a time of 4.35 minutes. Robert Williams placed 5th in the mile. His time was 10.25 minutes. Jerry Erck placed 4th in the high hurdles.

Oddvar Helgerson and Gary Grooters did not place in the meet. Tom Neuberger stated that most of the performances ahead of the Bison were from the University of Minnesota.

SC Outbowls Wops Loses To Minn. U

The NDSC bowling team won over Wahpeton State School of Science and lost to the University of Minnesota last weekend.

NDSC beat Wahpeton by a score of 2800 to 2383 on Friday. The leading scorers for NDSC were Ed Mac with 643 for a three-game series, John Sawyer, 609; and Du-Wayne Baranyk, 605.

The U. of Minn. defeated SC by 2832 to 2690 at the University, Saturday. High SC scorers were James Walline and John Sawyer with 206-557 and 220-544, respectively.

Marvin Bachmeier Scores Again As Athlete Of Week

Marv Bachmeier is athlete of the week for the second time this season.

According to coach Bentson, "Marv is very cooperative, unassuming, and is one who is very coachable. He is approaching his peak, which combined with his natural ability makes it hard to estimate to just what heights he is capable of attaining."

Marv's desire to be a strong team man causes him to at times sacrifice his own play to that of his teammates. This attribute and his competitive desire to play, help to make him one of the great basketball players of this area.

Marv is a better than average student and a sophomore in physical education from Devils Lake.

The "U" series is upon us and I know that each and every one of us wants the outcome to be in our favor. We are all proud of our school and will be behind it all of the way in the series.

This year, let us show the 'U' that we are the best sports — that we are more manure and back our team with more enthusiasm. When the referee calls a foul, let's go along with him. He's only human and can make a mistake now and then.

Remember to pick up your tickets for the series if you haven't already done so. You must also bring your ID cards with you to get into the games.

The only injuries, at present, to hamper the Bison in the series is a chipped bone in Hib Hill's thumb. Otherwise, the Bison are in good

shape. Statistically, the Sioux have a slight edge on the Bison for the Series. They have a 66.6 defensive edge to our 74.8. Their rebounding is 57.4 to our 56 average. Their shooting average is 37% to our 35%. We lead in the offensive scoring average with 71.9 points scored per game to their 67.1 points.

The outcome of the series will determine the standings of the two teams in the conference. The teams are about even now. Only the first game here and the first game at Grand Forks will count toward player conference records, but if one team wins three games, they get both conference wins. If the teams split, they each get one win in the conference.

Rifle Club Meet Feb. 23

The North Dakota Junior State Rifle Championship will be held at the NDSC Fieldhouse Monday, Feb. 23, according to Sgt. Charles Hurst, Coach of the rifle team.

Approximately 130 junior rifle clubs will be represented. The junior clubs are sponsored by various organizations throughout the state. The Clubs are made up of boys and girls under the age of 19.

Firing is scored on team and individual basis. The contenders fire at the 50 ft. range from the prone, sitting, kneeling, and standing positions.

Spectators are welcome.

Ski Club Wins Trophy

NDSC Ski Club took on Concordia skiers in their annual ski meet last Sunday afternoon at Beuna Vista, Bemidji, Minn. By beating Concordia the NDSC Ski Club won back a traveling trophy. State's Mike Hill won another trophy for high point man.

The meet consisted of a slalom, down hill, and a mile and a half cross country race. The NDSC skiers placed three firsts, two second and a third to beat Concordia.

Results

Slalom:
Mike Hill, NDSC, first, 21.45 sec.
Andrejs Jurjans, NDSC, 2nd, 22.30 sec.

Hendrick, Concordia, 3rd, 23.55 sec.

Downhill:
Andrejs Jurjans, NDSC, 1st, 14.6 sec.

Tweet, Concordia, 2nd, 14.9 sec.
Mike Hill, NDSC, 3rd, 15.00 sec.

Cross Country:
Bob Williams, NDSC, 1st, 12:19 minutes.

Mike Hill, NDSC, 2nd, 14:75.
Jack Allen, Concordia, 3rd, 19:15.

Bemidji And Moorhead Defeat SC Wrestlers

Last Friday night, Bemidji grapplers beat North Dakota State 24-9 and Saturday night Moorhead State Teachers College proved to be stronger in winning 22-12.

Coach Tom Neuberger said that it is hard to do better against either team. Although the NDSC team lost both games it was an improvement from the 31-3 and 29-5 beatings the Bison took earlier in the season.

Neuberger stated that the wrestlers were down a bit this past weekend. The team wrestled aggressively, but they weren't sharp on some of their fundamentals.

The Bison will wrestle in a tournament tomorrow at Moorhead. Six teams will be competing and the wrestling experience for the Bison should sharpen them up for the state meet, according to Neuberger.

A Campus-to-Career Case History

Bill Burns (far right) reviews a plan for expanding Syracuse's toll-free calling area with some fellow supervisors.

He wanted more than "just an engineering job"

William G. Burns majored in Civil Engineering at Union College. But he had his own ideas about his engineering future. "I wanted a job with a 'growth' company," he says, "where I could develop and move ahead as a member of management."

Bill found his 'growth' company—and his management opportunity. On graduating in June, 1954, he started work with the New York Telephone Company.

Six months of training and job assignments in Albany familiarized him with the Plant, Commercial, Accounting and Traffic functions of the telephone business. Then came 18 months as engineer in the Long Range Planning Group. In October, 1956, he was promoted to Supervising Engineer.

Bill was transferred to Syracuse in

August, 1958, as Supervising Engineer—Fundamental Plans, with a staff of four engineers and two clerks. In this job, he studies and forecasts the future telephone needs of customers in a 4800-square-mile area, planning from three to 20 years ahead. He then co-ordinates the development of plans to meet future needs with the various engineering groups involved. Bill calls it "management engineering."

Bill is married, has three youngsters and owns his own home. "A man has to build his own security," he says, "and finding the right place to do it can be mighty important. Choosing a Bell Telephone career was the best decision I ever made. I don't know where an ambitious young fellow can find more or better chances to move ahead in management."

Many young men, with degrees in the sciences, arts, engineering or business, are finding interesting and rewarding careers with the Bell Telephone Companies. Look into career opportunities for you. Talk with the Bell interviewer when he visits your campus. And read the Bell Telephone booklet on file in your Placement Office.

BACHELOR and ADVANCED DEGREES

You are cordially invited to confer with our Professional Representative in your Placement Director's office on Wednesday, February 25th. Civil Service employment policies apply.

Placement Service

Monday, February 23, 1959
Burroughs Corporation, represented by Mr. Fred Smith, wishes to interview graduates with backgrounds in accounting and business administration who are interested in sales positions.

Mr. L. C. Jensen will represent the Firestone Company on campus seeking interviews with senior students interested in sales and credit positions. Business administration and marketing backgrounds are desirable.

Tuesday, February 24, 1959
Federated Mutual, Implement and Hardware is interested in interviewing graduates who are interested in the insurance field. After completing a three month training program the graduate will be assigned duties in the field territories.

Oliver Iron Mining Company, a division of U. S. Steel Corporation, Duluth, Minnesota, desires to recruit college graduates in civil, mechanical, electrical and industrial engineering fields. They would also discuss possibilities of summer employment.

Wednesday, February 25, 1959
International Business Machines, representatives will seek interviews with Ph.D., M.S. and B.S. degree candidates in Electrical Engineering, physics and mathematics.

Northern Illinois Gas Company will interview spring graduates from mechanical, electrical, civil and industrial engineering. Following a one year training and orientation program the hired engineers will be assigned to either operations or engineering. Headquarters are located in Aurora, Illinois.

U. S. Naval Ordnance Test Station, China Lake, seeks interviews with physics, aeronautical, mechanical, electrical engineering and chemistry students at all degree levels.

Thursday, February 26, 1959
Hallmark Cards Incorporated will be represented on campus by Mr. A. W. Baker. He seeks interviews with senior students interested in learning more about a permanent sales career with Hallmark.

LeTourneau Westinghouse, Peoria, Illinois, is interested in interviewing mechanical, electrical, agricultural and civil engineers for employment in the product engineering and sales engineering training program.

Thursday & Friday, February 26 & 27, 1959
Collins Radio Corporation, Cedar Rapids, Iowa, represented by Larry Nuss, wishes to interview May graduates in mechanical and electrical engineering. Also interview for summer employment.

The Federal Aviation Agency (formerly CAA) has announced the need for employing a number of undergraduate engineering students for the summer months. Students who have completed 127½ quarter credits of college work towards a B.S. degree in civil or electrical engineering may qualify. Contact the placement office prior to March 5, 1959.

Brown And Godwin Recital Feb. 24

Contemporary music flavored with comments will constitute a faculty recital to be presented by Robert Godwin and Glenn Bowen of the NDSC music department. The recital will be held in the Student Union Ballroom at 8 p.m. on Tuesday, Feb. 24. Carolyn Callenbach, NDSC senior, will accompany them at the piano.

The selections to be performed by Mr. Godwin, baritone and Mr. Bowen, clarinetist, will be taken from such contemporary composers as Stravinsky, Poulenc, Brahms,

Bernstein, and Debussy. Mr. Godwin received his BM in 1956 from the Jacksonville College of Music and his MM in 1957. This is his second year as choral director and teacher of voice at NDSC.

Mr. Bowen, who has recently joined the staff at NDSC, teaches theory and woodwinds. He received his BM in 1954 at the University of Arkansas and his MM in 1955. Both men received their Masters degrees at the Eastman School of Music and have both been accepted for doctoral study
