

## 990 Frosh, 150 Transfers Invade Campus

Now isn't this a typical Frosh? Pat Baker is only one of a thousand confused freshmen.

### Orientation Is Success

"A BIG success," was Commissioner of Campus Affairs Bill Lantz's comment on the Freshman Orientation Program for 1959. Bill felt that the improvements in the Student-Faculty Advisor system, the change of the Funfest to a Union night, and student elections were highlights of the program. Over 1100 participated in the affairs.

The Commission of Campus Affairs was directly responsible for the organization of the program.

Members are Bill Lantz, chairman; Jan Kippen, advisor chairman; Robert McLeod and Norman Wolseth, elections; Sharon Mische and Darlene Dietrich, Union night; Jim Lamont and Fern Letnes, general.

The Commission attributes a great deal of the success of the program to the many students and faculty who cooperated in the Student Advisor program, to the Union for opening its facilities, and to the enthusiastic freshmen.

The Commission will be meeting to review the Orientation program and suggest improvements for next year. Any suggestions are welcome from faculty, and students. They may be directed to Mr. Lantz or any member of the Commission.

STUDENTS who register by game time will be issued tickets during registration for Saturday's game against Concordia College. For those who have not registered by game time you will be required to buy tickets at the gate. You will also receive a receipt when you purchase your ticket which can be turned in at the business office between Sept. 14 and 23 for the refund of your money.

### Name Change Move to Start in Sept.

It was released to the Fargo Forum that a meeting will be held in either Fargo or Bismarck on September 17 or 24 to start the move in an attempt to change the name of NDSC to give the College a university status.

The last attempt was defeated at the polls 111,043 to 86,719. Since then, another attempt has been on many people's minds. According to Robert L. Owens, President of the Cass-Clay Chapter of the SC Alumni Association, at least 50 persons have indicated a desire to work in their home areas to change the name of the college. These people are from outside of Fargo. In addition, Owens said, many Fargo business people have promised to assist.

The state will be divided into 14 regions. Fourteen of the 50 people who indicated a desire to help out will be selected to head these regions. Each region will take in two or more counties depending on the population.

At this meeting in September they will decide if the vote should take place at the primary election in June, 1960, or at the Fall election. They will also decide when to circulate the petitions to secure the 20,000 signatures needed to initiate a constitutional amendment. Finances and the name to be given the institution will also be discussed.

There were some objections to the length of the name used in the last attempt—North Dakota University of Agriculture and Applied Arts.

Plans are to have the steering committee conduct an intensive educational program on the advantages to be gained by students and the state as a whole by giving NDSC university status.

NDSC is the only Land Grant College in the United States to be generally referred to as an agricultural college, and only 17 per cent of the students are enrolled in agriculture.

### Fulbright Scholar Returns After Year In Germany

Dick Monson '58 of Moorhead returned recently after spending a year in Europe on a Fulbright scholarship.

Dick is not a "beatnik" as this picture may suggest. Upon his return he shaved and had a haircut.

This fall he will enter medical school at Harvard University.

While on campus he was active in Blue Key, Student Senate, and Sigma Alpha Epsilon fraternity.

### Financial Help Available To Students

Persons requiring financial help to attend college may borrow up to \$1,000 a year from the Scholarship Committee.

Dr. Frank C. Mirgain, chairman of the committee, said that students presently enrolled at NDSC or those who plan to begin their college education at SC this fall may apply for the loan.

Special consideration will be given to students who intend to pursue studies in science, mathematics, engineering or modern foreign languages; or those who plan to become teachers.

The loan is interest free as long as the student carries a full academic load. After a student ceases to be a fully enrolled student, interest begins at the rate of three per cent a year. The student has ten years to repay the loan.

Students who become teachers in elementary or high schools may have up to 50 per cent of the loan and interest cancelled, according to Dr. Mirgain.

Complete information may be obtained from the Scholarship Committee.

Money for the loans was made available at NDSC under the National Defense Student Loan Program.

### Iowa State Changes Name

Another "agricultural college" officially changed its name to "university" July 4.

The name change of Iowa State College (Iowa's land-grant institution) to Iowa State University of Science and Technology was approved by the Board of Regents, and a bill changing the name was passed by the Iowa General Assembly and signed by the governor.

No major opposition to the bill was reported, even though a similar name is held by another institution in the state—the State University of Iowa.

Iowa State College is the fourth "agricultural college" this year to change its name. Others include Washington State College to Washington State University; Kansas State College of Agriculture and Applied Science to Kansas State University of Agriculture and Applied Science; and New Mexico Agricultural and Mechanical College to New Mexico State University of Agriculture, Engineering, and Science.

### English Department Gets New Head

Dr. John Hove, head of the English department at Mayville State Teachers College since 1946, has been appointed chairman of the English department at SC.

Dr. Hove will assume his duties at NDSC Sept. 1. He succeeds Prof. Kenneth Kuhn, who has retired.

Dr. Hove also was chairman of the division of literature and language at Mayville State Teachers College. He earned a Ph.D. degree this year from the University of Minnesota. His M.A. degree is from the University of North Dakota and his B.S. degree is from Valley City State Teachers College.

A native North Dakotan, he has taught in high schools at Brampton and Jamestown. He was born on a farm near Cogswell.

Myra Greenblat didn't have her Freshman Beanie . . . or the \$1 to buy one. Friendly salesman Bill Bartels 'steadies' Myra while Ross Fortier makes her a walking ad for the Bison.

## Summer Quips

### LARGEST SUMMER SESSION EVER

Seven hundred forty-eight students attended NDSC's Summer Session. This is the largest summer session in the college's history, according to Dr. Hale Aarnes, session director.

Previous high was 561 in 1947. Last year 436 attended.

### "Y" SPONSORS TENTH ANNUAL MIXER TONIGHT

The NDSC-YMCA will hold its tenth annual mixer tonight. Harvey Gillund, who in the past years has acted as master of ceremonies will once again be on hand.

Square dancing will begin at 8:30 with door prizes to be given away throughout the evening. See you tonight.

### BATEMAN EARNS M.S.

David Bateman, associate agricultural editor at NDSC, received his Master of Science degree from Iowa State University, Ames. Bateman's major work was in vocational education.

### STODOLA PUBLISHES ARTICLES

Dr. Quentin C. Stodola, director of counseling and testing at NDSC, will have three articles published in the December issue of "Professional Growth," distributed nationally by Arthur C. Croft Publications, New London, Conn.

Dr. Stodola's articles are on "Yardsticks for Measuring Talents." They are aimed at school administrators, principals, and teachers.

The articles are part of a series on "The Pupil—Center of Education."

### ARTICLE WRITTEN BY NDSC PROF DISTRIBUTED WIDELY

Several thousand pamphlets of an article written by an NDSC professor are being distributed nationally by the Educational Testing Service, Princeton, N. J.

The pamphlet, "Making the Classroom Test," was written by Dr. Quentin Stodola, director of counseling and testing and assistant professor of education at NDSC.

By Larry Hunter

KDSC will begin another year of programing Tuesday, September 15 with many new ideas expected to enter the folds of campus radio broadcasting. But to start, a staff of competent announcers, engineers, must be obtained. All regular members of last year's staff are invited to return, but because of graduation, new staff members are necessary.

Anyone interested in becoming a member, stop at the station at 10 a.m. Saturday morning. You'll find it on the second floor of the Union. Positions are open in every department, and every type of talent is needed.

There are two salaried positions open. These are: technical director and news director. If you are interested in either of these, make a written application and bring it to the station in person for an interview at 10:30 a.m. Saturday.

Next week we'll have the names of those accepted to the staff in this column, along with some of the events to be heard on the nifty 750, KDSC, the master of the Monitor, in Fargo.

## 1958 Graduate Is Awarded Fulbright Scholarship

Miss Betty Thompson, a 1958 graduate of NDSC, has been awarded a Fulbright Scholarship for study abroad during the 1959-60 school year.

Miss Thompson will enroll this fall at Johannes Gutenberg University at Mainz, Germany, where she will do graduate work in organic chemistry. She graduated with honors and a B.S. degree in chemistry. Last year she worked on her master's degree at the University of Wisconsin.

The Fulbright Scholarships, part of the United States Educational Exchange Program, are designed to increase mutual understanding between the people of the U. S. and the people of other countries.

Students are selected for the

scholarships by the Board of Foreign Scholarships, the members of which are appointed by the President of the U. S. Students are recommended to the board by the campus Fulbright committee, a state committee, and the Institute of International Education.

Dr. Leo Hertel, professor of modern languages at SC, is the NDSC Fulbright adviser.

## Fifteen Children Attend Speech Clinic

Fifteen children with speech problems received correctional help at NDSC's Summer Speech Clinic.

Dr. Gerald Siegel, clinic director, said the children, ranging in age from 3 to 14, came from Fargo, Moorhead, Minn.; Gardner; Hillsboro; Cayuga; Tioga; Walhalla; Hendrum, Minn.; Ulen, Minn.; and Glyndon, Minn.

The clinic is part of the training program in speech correction at SC. It offers diagnostic and therapy services throughout the year to anyone with speech or hearing problems.

Assisting Dr. Siegel in the summer clinic was Sharon Steverson of Mohall, who was graduated from NDSC in May with a major in speech correction. Sharon will serve as a public school speech correctionist in Little Falls, Minn. this year.

NDSC is one of three institutions in North Dakota which provide training in speech correction. The others are North Dakota University and Minot State Teachers College.

## Chem Instructor Spends Summer At Mich. State

Dr. Franz Rathman, associate professor of organic chemistry at NDSC, taught chemistry at Michigan State University this summer.

Dr. Rathman taught at the university's regular summer session which started June 24 and at the National Science Foundation Institute for High School Teachers at Michigan State.

From June 14 to 17, Dr. Rathman and Dr. James Rudesill, assistant professor of chemistry at NDSC, attended an organic chemistry symposium in Seattle, Wash.

Dean Arlon Hazen (left), Dean of the School of Agriculture, and Lt. Col. Mitchell, Professor of Military Science at NDSC, discuss training with Cadet Dale Williamson (center) at the Army ROTC Summer Camp at Fort Lewis, Washington. Fifty-four cadets from NDSC attended the summer camp from June 20th to July 31st as part of their training leading to an Army commission. Williams had the honor of being the outstanding cadet at the camp.

## New Army ROTC Head Appointed at NDSC

Lt. Col. Joseph W. Mitchell, Jr. has been appointed professor of military science and tactics and head of the Army ROTC department at North Dakota State College.

He succeeds Lt. Col. Harry Snavely, who was assigned to the 8th Infantry Division in Gonsenheim, Germany.

Colonel Mitchell, a native of Clarksdale, Miss., came to NDSC this summer from Korea, where he served with the 7th Infantry Division.

A World War II and Korean veteran, Colonel Mitchell has been awarded the Bronze Star with two Oak Leaf Clusters for Valor, the Purple Heart with Oak Leaf Cluster, three campaign stars for the European Theater of Operations, the Distinguished Unit Badge with Oak Leaf Cluster, and the Combat Infantry Badge.

He has a B.S. degree from Mississippi State University. He is also a graduate of the Command and General Staff College and the Nuclear Weapons Employment Course, both at Ft. Leavenworth, Kansas.

A heck of a note! First day at NDSC and EXAMS already... Placement testing in the Field House.

Photo by Earle W. Thompson

## Memorial Union Board Elects Officers

John E. Carlson, Jr., Fargo contractor, was elected president of the Memorial Union Board of Directors at the board's annual meeting in May.

Carlson, an NDSC alumnus, is associated with Carlson & Benson general contractors of Fargo.

Other officers are: Robert L. Crom, NDSC communications director, vice president; Dale Brostrom, Union director, secretary; and Edythe Toring, NDSC business manager, treasurer.

All will serve for one year. Four students were appointed to the board by student body president, Noel Estenson. They are: Lyle Baker, arts and sciences

senior; Sharon Mische, arts and sciences senior; Don Bischof, electrical engineering junior; and Dean Forseth, agricultural engineering junior.

The board, comprised of NDSC alumni, faculty, and students, is the policy-making body for the Memorial Union.

## Pharmacy School Gets New Department Chief

Dr. Max A. Heinrich has been appointed associate professor and chairman of the department of pharmacology in the North Dakota State College School of Pharmacy. President Fred S. Hultz announced today.

Dr. Heinrich received his B.S. degree from the Philadelphia College of Pharmacy and earned his M.S. while teaching at that institution. He completed work for his Ph.D. in pharmacology at Jefferson Medical School College, Philadelphia.

He comes to NDSC from the University of South Dakota Medical School where he has taught since 1952.

The Heinrich's and their three children will live at Bison Court.

## Seven Students Attend Conference

Seven North Dakota State College students attended the Western Regional Conference for Young Adults at Luther Junior College, Wahoo, Nebr., June 5-7.

Students attending are: Audrey Holte, Marilyn Sten, Charles Rust, Shirley Rust, Alita Dardis, Wayne Hankel and Richard Knutson.

The conference was open to all young people from the age of 17 to 30 who belong to farm organizations, 4-H clubs, church groups, and rural youth organizations.

Construction has begun this summer on the \$660,000 Pharmacy building. The 65x180 feet building is being erected just north of the Sheppard-Union parking lot facing west on college street. The three-story building, which replaces Francis Hall, will be completed by September, 1960.

### 13 SC Students In "Trail West"; Actors Come From 11 States

Thirteen SC students were in the cast of "Trail West," an outdoor drama about General George Custer and his Seventh Cavalry, which opened near Mandan this summer.

The NDSC students are the largest contingent from any one institution, according to NDSC Prof. W. T. Chichester, director of the production. Second largest group is from Ohio Northern University.

Other actors come from Ohio, Maine, New York, North Carolina, Oklahoma, Iowa, Montana, Illinois, Michigan, and Minnesota.

SC students chosen for the cast were Michael J. Alm, Dennis J. Chisholm, J. Michael Hurley, Jane Higgins, Constance Kimbrough, Joyce Miller, and Lynda Olson, all

### J. Walcher, ME Senior, Awarded Scholarship

Jerome C. Walcher, a senior in mechanical engineering, has been awarded the first Fargo-Moorhead Plumbing Contractors Scholarship.

The \$180 award is based on Walcher's academic average for the past three years.

The award was established last May by the Fargo-Moorhead Plumbing Contractors Association, and hereafter will be given annually to a junior mechanical engineering student for use during his senior year.

### Hultz And Owen Honored At Iowa

President Fred S. Hultz and Prof. Shubel Owen, assistant supervisor of agricultural education at NDSC, were honored May 29 at the annual Alumni Honors Day at Iowa State University.

Dr. Hultz and Professor Owen were among eight alumni of Iowa State to be presented Alumni Merit Awards in recognition of "pre-eminent service in advancing human welfare."

The awards were presented by the Iowa State Club of Chicago. Dr. Hultz received the master of science degree in 1917 and the doctor of philosophy degree in 1927 from Iowa State. Professor Owen received the M.S. degree in 1936 from Iowa State.

of Fargo; Delbert G. Fischer, Bismarck; Dale Miller, Tracy, Minn.; Richard Wicklund, Wadena, Minn.; Richard L. Wyman, Morris, Minn.; Ona Carlson, Minot; and Arlene Weber, Mandan.

### Eng Receives Grant

Leonard A. Eng, electrical engineering instructor at NDSC is one of 30 engineering teachers throughout the nation who received a grant to be used to attend an Atomic Energy Commission institute last summer.

Eng was awarded \$1,100 by the AEC to attend the Summer Institute on Nuclear Energy June 22 to Aug. 14 at Cornell University, Ithaca, N. Y. and at the Brookhaven National Laboratories in Long Island, N. Y.

## Rose Represents SC Colonel Assigned to Air Force ROTC Staff

Dr. David Ross Moir, assistant professor of botany at North Dakota Agricultural College, represented the college at the International Botanical Congress at Montreal, Canada, Aug. 19-29.

The congress, which was held at the University of Montreal, was a meeting for college botany professors and other interested botanists from throughout the world.

Launched in Paris in 1867 to discuss names of plants, the convention was enlarged in 1926 to cover all fields of botany and to foster an international exchange of ideas.

The Montreal meeting was only the second one to be held on the North American continent. The first was at Cornell University, Ithaca, N. Y., in 1926.

Colonel Joseph E. Habeger has assumed his duties as Professor of Air Science at NDSC. He replaces Col. James E. Bauley who has been transferred to Davis-Montan Air Force Base, Arizona. He came to State from Air Force headquarters at the Pentagon, where he was assigned Chief of the Air Force Standardization Division.

Col. Habeger was graduated from Iowa State University with a degree in Aeronautical Engineering. After receiving his wings and commission in 1941 he served as flying and gunnery instructor at Halinger Air Force Base in Texas. At one time he was assigned to the 15th Air Force in Italy where he flew 42 combat missions over Southern Europe. He also served in the Far

East crisis and the Korean conflict. His awards and decorations include: Distinguished Flying Cross, Air Medal with Oak Leaf Cluster, World War II Victory Medal, American Defense Service Medal, National Defense Service Medal, and Air Force Reserve Medal.

Col. Habeger's hobby is collecting antique automobiles and shot-guns.

## Student Employment Applications Tripled

Applications from NDSC students seeking part-time employment have more than tripled over last year, according to Gale Smith, college director of placement.

Smith says that letters to his office asking help in getting work generally mention crop failures from drought or hail and state that students feel they need help to earn additional money if they are to go to college.

Smith says that quite a number

of skills are available, ranging from housework and baby-sitting to sales and stenographic work for the girls and from odd jobs and common labor to sales and semi-skilled labor for the men.

Most students will have their schedules arranged by early next week. Persons having work or knowing of work opportunities are requested to call Smith at AD 5-6411, Extension 208.

### Home Ec Majors Take Part In Practicums

Four home economics majors attended a six week "dietetic summer practicums".

The coeds are Margaret Ranger and Nola Rockstad, Fargo; Yvonne Wittmer, Elgin; and Karen Zielsdorf, Dickinson.

Margaret was stationed at Letterman Army Hospital, San Francisco, Calif. Nola was stationed at DeWitt Army Hospital, Fort Belvoir, Va. Yvonne and Karen were stationed at Valley Forge Army Hospital, Phoenixville, Penn.

The practicums provided practical experience in administrative and therapeutic aspects of hospital dietetics. The girls observed and helped with buying food, storage, production, and service.

### NDSC Pigskin Season Begins Cobbers First to Test Bison

"This could be the best and toughest season this conference has had in 10 years," stated head football coach Bob Daniels in an interview last week. He was referring to the fact that every team in the conference is supposedly in better shape than last year.

The Bison hit the football trail tomorrow as NDSC faces Concordia in the first action of the season. Varsity coaches took an optimistic view of the situation early this week as the 37 man squad went into their final scrimmage on Wednesday.

Tentative starting lineup includes 10 seniors and one sophomore: Bill Bartels and Rock Koepsell will fill the end spots with Bob McDonald and Willis Kinsbury, the lone sophomore, at left and right tackles respectively. Holding the middle of the line are Don Remillong, left guard; Jerry Hoffman, center; and Dale Hinkle, right guard. In the back field Ross Fortier, quarterback; Curt Quenette, full back; Pat Rosati, left half; and Gary Ahlgren, right half will do the ball handling.

Fortier and Quenette will be captains of the Herd.

The team will use a multiple offense against the Cobbers. They will run everything from a split-T to a single wing. The average line weight ranges anywhere between 185 to 204 pounds, depending on who they start. Danielson feels that the team has "good overall speed with possible action in the air." The combination of Fortier and Bartels should be real good this year. He also feels that the main problem remaining was defense. The overall opinion of the coaches was that the team was well advanced in comparison to recent years.

Football is the topic as coaches and captains get together and discuss the fall campaign. Left to right are Don Johnson, assistant coach, Ross Fortier, co-captain, Doug Christenson, assistant coach, Curt Quenette, co-captain, and Bob Danielsen, head coach.

### Athletic Position Open in Football, and Wrestling

Freshman and varsity football, cross-country, and wrestling student manager positions are now open to all freshmen men. According to Tom Neuberger, freshmen are eligible to become student managers for any of the competitive sports on campus. Anyone interested can contact the coaches of the

particular sports. The athletic department would also like all those who are interested in cross-country and in freshman football to contact them—Coach Neuberger for cross-country and Les Luymes for freshman football.

### Fraternity Rush "Kickoff" on Tuesday, Formal Rush on Friday

According to Interfraternity Council president, Dick Weeks, informal rushing will start next Tuesday. It will get its "kickoff" at 7:00 in the Union Ballroom. At this time the rules and regulations

of informal and formal rushing will be explained.

Following the meeting at the Union Ballroom rushees will be invited to attend the open houses at the various fraternity houses on campus.

Until next Tuesday, Sept. 15, summer rush rules are in effect, which means rushing is left up to the individual fraternities.

Informal rushing is a period of rushing when a rushee can go to any house that he wants and doesn't necessarily have to have an invitation. It will commence with the beginning of classes.

In the Fall Quarter only informal rushing will be closed for the period from 6:00 p.m. of the first Friday after the beginning of classes to the second Sunday after the beginning of classes. This period is set aside for formal rushing. In other words, formal rushing will go from Friday, Sept. 19, to Friday, Sept. 26. Saturday and Sunday are closed dates.

One night of formal rushing shall be designated for Alpha Gamma Rho, Kappa Psi, Sigma Phi Delta, and FarmHouse. The remaining five social fraternities of the council shall each have a reservation for one of the remaining five nights. All fraternities may rush during the days of formal rushing between the hours of 11 a.m. and 6 p.m. The fraternity conducting formal rushing will cease rushing before the hour of 1 a.m. of the following morning.

**BIDS:**  
Bids will be picked up on Sunday, Sept. 28. Formal pledging is left to the discretion of the fraternity.

If a man is not registered for rushing at the registration table, the fraternity rushing him must turn in his name to the I.F.C. president the first day they rush him.

Students who register by game time will be issued tickets during registration for Saturday's game against Concordia College. For those who have not registered by game time you will be required to buy tickets at the gate. You will also receive a receipt when you purchase your ticket which can be turned in at the business office between Sept. 14 and 23 for the refund of your money.

**Ye Complete Undergraduate**

For ye Student who taketh ye scholastic part of His full campus life seriously we offer divers and varied supplies and Materials for ye writing of Compositions, Notes, Exercises and Papers.

Which same hath ye most Admirable quality of making ye Schoolwork Easier and Better, leading to ye Grades which passeth, and more Pleasant Matriculation.

Yea, only Modesty preventeth Us of extolling our wideness of selection to its proper degree, but Wisdome will lead ye Student of Perception to Investigate and Examine our Wares and select therefrom ye Necessities which maketh easier ye Pursuit of Learning.
