

## State Group Forms To Back Name Change

The formation of a state-wide committee for the NDSC name change has been completed, Robert L. Owens, president of the Cass-Clay Alumni of NDSC, said Saturday.

The committee consists of 13 members from all over the state.

They are Mrs. Alvin Anderson, Williston; Dan Baillie, Rugby; Ben Barret, Linton; Royal Berstler, Mapleton; R. S. Bishop, Hazen; Homer Dixon, Grand Forks;

F. J. Froeschle, Lisbon; Frank Johnson, Carrington; Mr. and Mrs. Robert Nasset, Regent; Art Raeske, Carson; George Salaba, Cavalier and Ed Tostevin, Mandan.

Mr. and Mrs. Nasset of Regent have been named temporary chairmen of the group.

A subcommittee met in Fargo during the NDSC homecoming festivities for the purpose of determining the various functions of the committee. Members were Dixon, Barret, Johnson, Berstler and Froeschle.

## McCarthy To Speak At Religion In Life Lecture Series

What is the role of religion in politics? Senator Eugene J. McCarthy, Dem.-Minn. will discuss this question during the "Religion in Life" lecture series, November 16-17.

Senator McCarthy, Roman Catholic, has agreed to speak on campus for the series, which replaces Religious Emphasis week, formerly scheduled annually. The program is under the sponsorship of the college Inter-Religious Council.

The new program, according to IRC president Don Nelson, permits the use of three speakers instead of one, as there will be a series each quarter. The change will also allow the use of greater flexibility in selecting speakers.

A stereo fireside at the Lutheran Student Center, 1-5, Monday afternoon will begin the series according to Dennis Smith, program chairman. In the Union ballroom at 8:30 McCarthy will answer questions fired at him by a five student panel. After the panel the discussion will be opened to questions from the floor.

Tuesday, McCarthy will speak at convocation. He will appear again at Hi-Noon Focus at the LSA Center. A tea, geared to the faculty, is scheduled for the afternoon in the library lounge. Students will be invited.

Camus Religious Staff and the Fargo-Moorhead Open Forum will sponsor an Open Forum at Festival Hall at 8:00 in the evening, bringing the series to a close.

## United Fund Plans Independent Solicit

Ron Ginsbach, student chairman of the NDSC United Fund Drive, announced Wednesday that the campus drive will continue through next week to allow for soliciting of the independent students.

Tables set up in the Union and Library for this purpose have been discontinued because of a lack of contributions. It was reported that only eleven cents was donated. The NDSC YM and YWCA will solicit the dorms next week.

Ginsbach received \$170 from eight fraternities and three sororities following collections at each house on Monday evening. Five groups have not turned in funds.

This is the first year students have been asked to contribute to the fund. All proceeds from the school will be placed with the Fargo United Fund. Included in the 33 organizations which benefit from the United Fund are several campus groups: the YM and YWCA and the NDSC Fargo School of Religious Training.

Neil Hamilton was one of the 1000 students who have had their pictures taken for the Bison by Scherling and Olson to date. There are still approximately another thousand upperclassmen who are yet to be photographed. Pictures will be taken again one final day only, Thursday, Oct. 29, 11 a.m. to 7 p.m. in the Union Publications office. See story.

## U. S. Can Get Ahead of Russia Says Dr. Wernher von Braun

Dr. Wernher von Braun, world renowned scientist, army ballistic missile expert, and director of the Development Operations Division of the Army Ballistic Missile Agency, addressed the Western Division Minnesota Education Association biennial convention at Concordia Field House in Moorhead last Friday.

A number of NDSC students and faculty members heard Dr. Von Braun's enlightening lecture on the United States' position in the guided missile and space competition.

Dr. Von Braun compared Russian and American achievements in the guided missile field and in space exploration. Russia is on a

crash program, willing to take unnecessary risks and could possibly put a man into space before us.

Our project Mercury, however, could put us ahead of Russia. This project is being thoroughly tested and retested, and no manned space flight will be attempted until the utmost safety precautions have been met.

The missile expert was asked whether or not scientists should be held responsible for the weapons they create. "No," Dr. von Braun answered, "Not any more than an automobile designer should be held responsible for highway deaths."

He stated that our missile program is capable of matching Russia's if it is given a clear-cut, go-ahead signal and also necessary funds to finance such a program.

Von Braun stressed that our missile program was definitely handicapped by appropriations too small to meet the task at hand. Rather than concede outer space to Russia, we must be willing to make financial sacrifices and support an accelerated space program.

## Students Serve As Discussion Leaders At Higher Education Conference

Eleven NDSC students will play an important part in the Student-Faculty Conference on Higher Education to be held on the NDSC campus, Nov. 2 and 3, according to Professor Shubel D. Owen, assistant supervisor of agriculture education, and chairman of the conference.

These students are: Janet Long, Byron Berntson, Brian Hodge, Jan Kippen, Charles Bateman, Allyn Hart, Marilyn Sten, Joyce Larson, Warner Johnson, Dick Weeks, and Sharon Mische, who will have the responsibility of being student discussion leaders. Sharon's job is that of chairman of these leaders.

Invitations to attend the conference were sent to all eleven colleges in North Dakota, with replies being received indicating an excellent attendance, reports Professor Owen. Delegates from each school have been limited to four students and two faculty members.

The faculty members from NDSC are Robert L. Crom, director of communications and publicity, and Miss Beulah Gregoire, head of the women's physical education department. Mr. Crom is working with the discussion leaders, as their advisor.

Training sessions, one hour each week, have been held during the past two weeks and will continue every week until the conference.

Professor Owen stated that registration Sunday evening, which was earlier scheduled for the Student Union, will be held in the Founders Room in the Home Economics building, as the Union is closed on Sundays.

## Last Call For Bison Photos

Out of the 2000 Sophomores, Juniors and Seniors on our campus, only about 1000 have seen to it that their picture will appear in the 1960 Bison annual by having them taken in the Union or reordering them from Gillespie's.

In order that more students may have the opportunity to have their pictures taken, Scherling and Olson will hold one final day of picture taking. They will be working in the Publications Office, second floor, Student Union on Thursday, Oct. 29, from 11 a.m. to 7 p.m.

If you are a Junior or Senior and do not wish to have a new picture taken this year, will you please order two glossy prints from Gillespie's Studio.

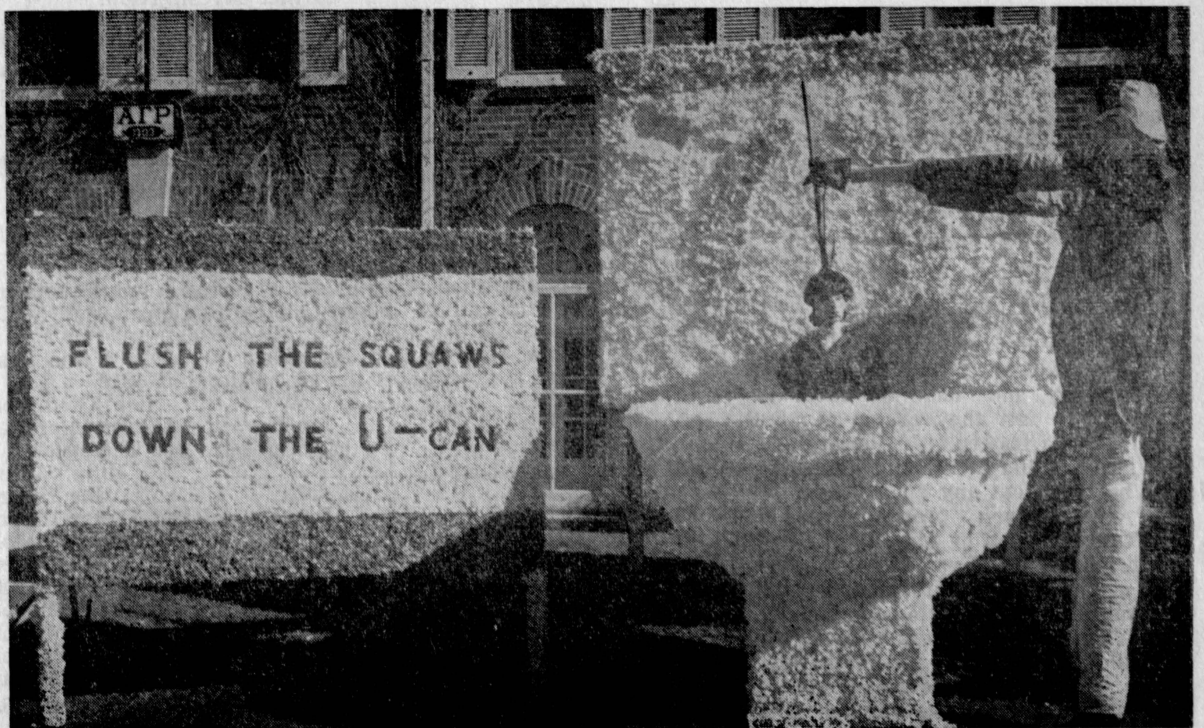

Remember, this is absolutely your last chance to have a new picture taken!

## Pajama-Clad Coeds Out After Curfew

What! NDSC coeds clothed in pajamas, bathrobes and slippers were seen on campus after the 11 p.m. curfew? Had you been near Dinan Hall last Wednesday p.m. this is what you would have seen.

Dinan Hall residents were out after the curfew because of a fire drill executed by the Fargo Fire Department. The girls knew nothing of the fire drill before it took place but they did know that they were to meet in Festival Hall in such an emergency.

The fire department conducts a drill such as this once each quarter.

Alpha Gamma Rho won first place in fraternity house decoration competition at Homecoming. Second place went to Sigma Phi Delta. Alpha Tau Omega fraternity won first place in dance ticket sales.

# Off The Editor's Cuff

By Bob Thompson

As you read in last week's paper, fraternity floats and house decorations during Homecoming were abolished at Kansas State University. The reason stated was that IFC felt that too much time and money was spent on them for the return, and that the entire fraternity system should try to dislodge the idea of the American public that fraternities are only interested in social success.

The editors of Kansas U's paper, The Collegian, received a reply to the IFC's action. It was written by two alums. It started out with: "Hats off to the fraternities." They went on to express the opinion that "After traveling 1,000 miles round trip, we will think none the less for having been greeted by a welcome alums sign . . . Homecoming decorations as viewed by most alumni appear to be something once beautiful but now half done and slightly resembling the evening before."

I am not saying that Homecoming decorations should be abolished, but I will raise these questions. Do all alums feel this way? Are floats and house decorations built with the alums in mind anyway? If yes, then why not slant our theme towards them? Is all the work worth the effort—especially during mid quarter week? What would Homecoming be to the students without floats and house decorations?

### WHILE ON THE FOOTBALL KICK

I'll bet that forty students asked me why the students have to sit outside the thirty yard line. It does seem funny. At other schools they get to sit right on the 50 yard line in a rooting section. There is one consideration that should be kept in mind. The best paying customers are those who sit in the best seats.

The problem has been brought before Senate. Senate has no jurisdiction over the stadium seating, but is bringing the matter to the attention of the College Athletic Board of Control.

### ONE FINAL NOTE

South Dakota has regained their engineering accreditation.

# The Spectrum Asked:

## What do you think of our school spirit?

Spectrum Photo Interview

By Mayo Flegel

Robert McLeod  
Soph., AAS  
Fargo

Cynthia Sether  
Fr., Home Ec.  
Fergus Falls, Minn.

Roger Jacobson  
Soph., EE  
Fargo

Kaye McCullough  
Fr., Home Ec.  
Fargo

Ruth Brakel  
Jr., Home Ec.  
Hurdsville, N. D.

The school spirit has improved this year because of our winning football team. I think more enthusiasm can still be shown by the student body.

I think the school spirit could be better. There is little response to the cheerleaders at the games. Since our team is doing this well, I think we should all give them our support.

I don't think that the student body is giving the athletic teams the support that they deserve.

For a school this size, it's not very good.

I think school spirit should be continuous, not just when we have a winning football team.

## National Loan Program Assists Students In Finances

Students needing financial assistance in college will find that the NDSC National Defense Student Loan Program is for them. This program is designed to let students needing financial help attend college.

The program was authorized under

the National Defense Law of 1958. The purpose was to: "identify and educate more of the talent of our nation," and "to insure trained manpower of sufficient quality and quantity to meet the national defense needs of the United States."

The funds were established under an appropriation of Congress. Each state received a designated amount. North Dakota received \$267,000. Within each state these funds are distributed equitably among all participating colleges and universities.

SC's share was \$84,650. To this amount, the institution must contribute a sum equal to one ninth of the government's share. NDSC contributed about \$9,000, making a total of \$93,650 available here for the student loan program.

Anyone who is in need of financial help and is a full-time student is eligible for a loan. The scholarship committee will then approve the loan, but the funds are not available until after the student is registered.

The amount of the loan cannot exceed \$1,000 for one year or \$5,000 during his entire college education.

Repayment of the loan begins 1 year after the completion of college at a rate of 3% interest. However, the entire repayment of the loan must be completed 10 years thereafter.

According to Dean Mirgain, chairman of the Scholarship Committee, 151 students have applied for loans totaling \$114,755. Of these applications 131 students have been granted loans totaling \$63,110.

Dean Mirgain pointed out that rejection of applications was due to improper filling out of the application forms and the fact that if you don't show a need for the money, you won't get it.

Application forms and information on the National Defense Student Loan Program can be received by sending a request to the Scholarship Committee here at the college.

# Complaints Discussed By Student Senate

Complaints regarding the untimely scheduling of Homecoming during midterms were discussed at the regular Tuesday meeting.

Students are reminded that athletic schedules are made three years in advance by the Athletic Board of Control. The NDSC-NDU game, when played at State every second year, is automatically Homecoming. The coincidence of midterms and Homecoming during the

same week occurred two years ago when the fall term was scheduled a week earlier than usual.

Other student complaints included the student seating arrangement at football games. This is also out of the hands of the Student Senate as it is determined by the College Board of Athletics. The matter will be brought to the attention of the board.

United Fund Drive student chair-

man, Ron Ginsbach, reported that over \$100 has been collected from seven fraternities and sororities. There are ten that have not reported. After an unsatisfactory drive among the independent students, the YM and YW will be asked to solicit in the dorms.

Other action taken by the Senate included the following motions: to send delegates to the annual NSA Convention at St. Teresa's in Winona, October 31-November 2; to pay transportation costs of the cheerleaders going to the SD State football game; and to help KDSC finance broadcasting of the SD State and Augustana games (no other station is broadcasting these games).

The Finance Commission recommended giving \$800 to debate, \$550 to the judging team and \$300 to the Inter-Religious Council. After discussion, a motion was passed to table the recommendation for further investigation.

It was announced that Student Senate pictures will be taken at the next meeting, October 27. All Commissioners, Senators and Commission members are asked to be present.

## This Letter Was Found In Ceres Hall

Dear Eloise:

How are things at Hoople? I sure wish you were here to enjoy college life with me. It is really great. I would have written you sooner, but we have been so busy that I haven't found time.

They have what they call freshman orientation. It is for all new students. I would have found time to write to you, but they had other things going on at the same time. They call it rushing—believe you me they do.

You see, they have what they call sororities. They are a bunch of girls who belong to a club and have parties together with each other. They say you shouldn't drink or smoke when you are in public, but I saw one of the girls in the Union, smoking with a fraternity man. Oh! was he good looking. She put it out when she saw me.

I joined Kappa Delta Gamma Mu (it stands for something secret) sorority. Some frat man told me that they are the best looking, have the most money, and have the most parties. In fact they drank at a picnic with a fraternity last spring.

What has Hermett being doing. Has he taken out any girls since I left? Eloise, you promise you won't tell Hermett or any one this? Well, I have to tell you anyway. I had a date with a fraternity man. He was really a doll. He called me up Friday night and asked me if I would like to go to the football game. I was so shocked that I couldn't answer for two minutes. I WENT. He was really a doll. He picked me up and took me out to eat before the game. Then we

went to the game—I can't remember the score. After that we went to a dance at the Union (the school hangout) for about a half hour. He danced so close to me that I about melted. He asked me if I wanted to go to the pub, but I didn't think that I should. So we parked and talked. I was scared when he kissed me.

Well, classes have started, so I better close and pick out what I'm going to wear tomorrow. By the way, I have a date with Jerry tomorrow. He's a fraternity brother and brother of the boy I had a date with the other night. I wonder if Jim told him I kissed him Saturday night?

Say hello to Hermett.

Love,

Gladys

## LC Theater Play Deemed Successful

By Wes Shierman

"Harvey", the first Little Country Theatre production of the season opened Wednesday night and will run through Saturday. Curtain time is 8:15 p.m.

The action of the play revolves around Elwood P. Dowd whose best friend is Harvey, a six foot white rabbit visible only to him. Veta Louise Simmons, Elwood's sister, is embarrassed when Elwood introduces Harvey to the guests at a party given in the Dowd home. Hereafter, Veta's efforts to have her brother committed to Chumley's sanitarium seem her main objective.

Jim Lund, speech Sr., is both hilarious and convincing in his leading part as Elwood P. Dowd. The part of Veta Simmons is well portrayed by Betsy Nelson, speech Soph. Tom Joyal, speech Sr., who is seen in the role as Dr. Chumley, reknowned Viennese psychiatrist and proprietor of the sanitarium, also plays his part with skill and polish.

"Harvey" is deemed a success primarily because of the hard work on the part of the students in the play and of the crew. Their efforts have paid off in this "rip-roaring" comedy that all SC students will enjoy.

Kippen, Bottineau; Maynard Hughes, Rothsay, Minn.; Paul Brandvold, Detroit Lakes, Minn . . . Phi Mu . . . Marilyn Mikkelson, Fergus Falls; Karen Bittner, Center; Cecile Myhre, Lansford; Jenette Schule, Stanley; Nancy Wolf, Lansford . . .

DARYLD KAUTZMANN, Roger Best, Douglas Kessler, Robert Stam, Jim Lamont, Frank Johnson, Rodnes Foss, Bryan Horsager, Harry Parr, and Paul Carbert are new actives at the Teke house . . .

  
**FREEDOM OF THE WAIST**

Americans who like the feel of freedom will welcome the proprietor's distinguished slacks, the style of which originated in England. It is to be noted that tabs and buttons contribute the stay-up power which holds the slacks neatly and comfortably at the gentleman's waist.

### STUDYING CAN BE SCREAMS

If studying is bugging you, try mnemonics.

Mnemonics, as we all know, was invented by the great Greek philosopher Mnemon in 526 B.C. (Mnemonics, incidentally, was only one of the inventions of this fertile Athenian. He also invented the staircase which, as you may imagine, was of inestimable value to mankind. Before the staircase people who wished to go from floor to floor were forced to live out their lives, willy-nilly, on the ground floor, and many of them grew cross as bears. Especially Demosthenes who was elected Consul of Athens three times but never served because he was unable to get up to the office of Commissioner of Oaths on the third floor to be sworn in. But after Mnemon's staircase, Demosthenes got up to the third floor easy as pie—to Athens' sorrow, as it turned out. Demosthenes, his temper shortened by years of confinement to the ground floor, soon embroiled his countrymen in a series of senseless wars with the Persians, the Visigoths and the Ogallala Sioux. He was voted out of office in 517 B.C. and Mnemon, who had made his accession possible, was pelted to death with fruit salad in the Duomo. This later became known as the Missouri Compromise.)

...he was unable to get to the third floor to be sworn in.

But I digress. We were discussing mnemonics, which are nothing more than aids to memory—catchwords or jingles that help you remember names, dates and places. For example:

*Columbus sailed the ocean blue  
In fourteen hundred ninety-two.*

See how simple? Make up your own jingles. What, for instance, is the important event immediately following Columbus's discovery of America? The Boston Tea Party, of course. Try this:

*Samuel Adams flung the tea  
Into the briny Zuyder Zee.*

(NOTE: The Zuyder Zee was located in Boston Harbor until 1904 when Salmon P. Chase traded it to Holland for Louisiana and two outfielders.)

But I digress. To get back to mnemonics, you can see how simple and useful they are—not only for history but also for everyday living; for instance:

*In nineteen hundred fifty-nine  
The smoke to look for is Alpine.*

"Why Alpine?" you ask. Taste that fine, fresh flavor. Enjoy that subtle coolness. Until Alpine you needed two cigarettes to reap the benefits of Alpine—one for flavor, one for high filtration—and smoking two cigarettes is never graceful; in fact, with mittens it is nigh impossible. Now you need only one cigarette—Alpine. Get some. You'll see.

### Home Economic Graduates Compete For Position With Pillsbury Company

Home Economics majors—attention! How would you like to step into a key executive position with a major company immediately upon graduation? The Pillsbury Award winner for 1960 will do just that.

This award program, now in its second year, offers a unique "on-the-job" training fellowship to an outstanding home economics major who will graduate from college this June. She will become associate director of the Pillsbury Junior Home Service Center for one year—beginning July 1, 1960.

The position encompasses a wide range of functions and activities, so as to give the award winner first-hand knowledge of the many ramifications of the food industry and of the ways in which home

economics contributes to this industry.

The winner will receive a cash grant of \$1,000 in addition to her salary of \$4,500 for the year. At the close of her year as associate director, she will be offered another position with Pillsbury or a \$2,500 fellowship for a year's graduate study in home economics.

The award winner for 1959 was Deanna Suneson, who graduated last June from Montana State College at Bozeman.

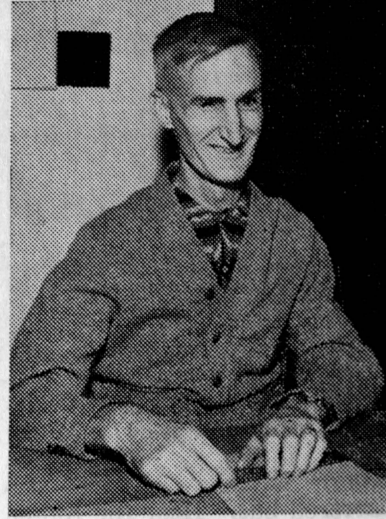

Full information on the Pillsbury Award for 1960 and application forms may be obtained from the Home Economics School. Applications must be submitted to Pillsbury, through the Home Economics School no later than December 1st.

### Fraternity Council Blind Student Enrolls In College To Hold Convention To Obtain Degree In Education November 27, 28

This year marks the 50th annual national convention of American Inter-Fraternity Council. IFC members from all over the United States will meet in New York's Waldorf Astoria, November 27 and 28, hoping to further the betterment of fraternity government through an exchange of ideas.

Richard Nixon, vice president of the United States, will be the main speaker during the sessions.

Dick Weeks, Sigma Chi; Bob Doheny, Kappa Psi; Jack Simonieg, Theta Chi; Jim Bergeron, Alpha Gamma Rho; and Jerry Schnell, Alpha Tau Omega, will represent NDSC at the convention.

By Mrs. Mabel Engen

One of the three blind students attending NDSC this year is Charles Kauffman who has been a familiar figure in Fargo for many years as operator of the news stand in the post office. This year he is back in college, working towards a degree in education.

He attended Ellendale Normal School and Perkins Institute in Massachusetts, which is the oldest school for the blind in the nation. He also took a course in education for the blind from Harvard University. "All my credits have been accepted and I am a junior this year," says Mr. Kauffman.

Mr. Kauffman enjoys school thoroughly. He walks to and from school by himself and has no difficulty in getting around the campus. He secured a reader who reads to him and has the material taped so it can be played back for reviewing. The instructors read their exams directly to him or assign their assistant student help. Mr. Kauffman is well pleased with the attitude of the instructors and students and finds them friendly and cooperative.

He is attending college with a definite goal in mind, as he wants to teach and counsel other blind adults under the auspices of the Vocational Rehabilitation Program. He would work with older people who have lost their sight and feel they have nothing to look forward to. Blind since the age of three, he is a good example of a cheerful, resourceful, and competent person who has accepted his blindness and learned to live a full life in spite of it.

Besides part-time work at his news stand and attending college, he is an efficient housekeeper. Since his wife tends the news stand, he has assumed many housekeeping duties. He makes the beds, cleans floors, washes storm windows and does a little cooking such as making coffee and using the prepared frozen foods.

Mr. Kauffman enjoys several hobbies and is a keen sports enthusiast. He is a member of the International Relations Club.

### Home Ec Graduate Will Visit Campus To Discuss Am. Look

Miss Beth Peterson, a home economist in the public relations department of DuPont Company, will be a guest of the Home Economics department November 2.

She is a graduate from Iowa State College where she specialized in textiles, clothing, and home economics education.

Miss Peterson has had wide experience in home economics extension and teaching work in the Middle West. American Home Economics Association, Home Economists in Business Association, Delta Zeta social sorority, and Epsilon Sigma Phi extension fraternity are organizations of which she is a member.

An authority on progress of chemical developments, Miss Peterson is particularly interested in how they affect the home. Her activities with DuPont include editing the newsletter, "Chemistry in the Home."

Tryota and Phi U are jointly sponsoring her visit and are holding a tea Monday, November 2, in the assembly room. Miss Peterson will speak at 4:15 p.m. on "The New American Look in Living." She will be in the home economics department all day, and will interview students interested in the textiles and clothing field.

**Never too strong.**

**Never too weak.**

**PALL MALL**

FAMOUS CIGARETTES

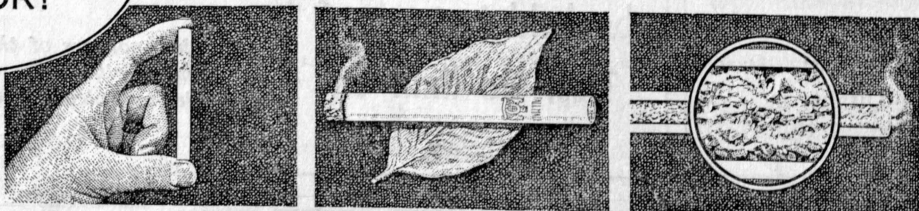

You can light either end!

### Get satisfying flavor...so friendly to your taste!

**NO FLAT "FILTERED-OUT" FLAVOR!**

**NO DRY "SMOKED-OUT" TASTE!**

See how Pall Mall's famous length of fine, rich-tasting tobacco travels and gentles the smoke—makes it mild—but does not filter out that satisfying flavor!

HERE'S WHY SMOKE "TRAVELED" THROUGH FINE TOBACCO TASTES BEST

Outstanding... and they are Mild!

- 1 You get Pall Mall's famous length of the finest tobaccos money can buy.
- 2 Pall Mall's famous length travels and gentles the smoke naturally...
- 3 Travels it over, under, around and through Pall Mall's fine tobaccos... and makes it mild!

# Union Days To Feature Variety Show; SUAB Schedules Big Kick-Off Dance

Students: Do you have any talent? Kay McGeary Thompson, program director of the NDSC Memorial Union, announced that a variety show featuring local talent is being added to Union Days Nov. 4-6.

Union Days are an annual event sponsored by the Student Union Activities Board. The purpose is to show the many activities that the union provides for the students.

A kick-off dance is scheduled from 8:00-10:30 p.m., Wednesday, Nov. 4. A campus combo will provide the music.

On Thursday afternoon, Nov. 5, there is a tentatively planned coffee

hour in the Bison Room. Stereo phonographs will be on display as an added feature.

Thursday evening in the ballroom, "Meet the Hultz's" will take place. Students are urged to come over and meet their school's president and his wife.

Along with "Meet the Hultz's" will be the variety show. The talent acts will be provided by campus organizations and winners will be given trophies.

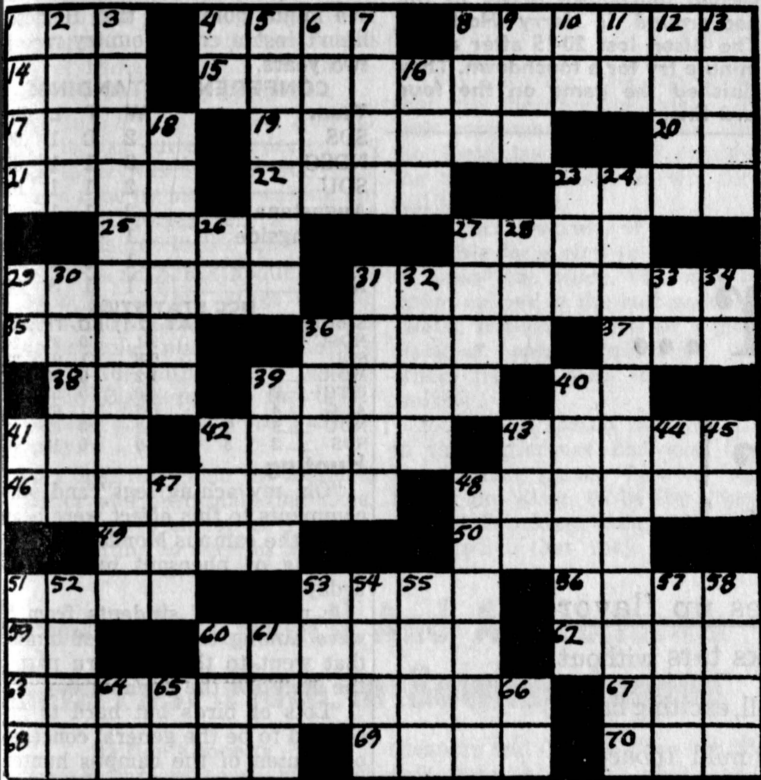

On Friday night, Nov. 6, from 9:00 to 12:00 p.m., Ward Dunkirk's combo will play for the Harvest Moon Festival Dance.

John Wolfe, Brown & Bigelow Industrial Engineer, explains the printing process in their plant to NDSC students Terry McGurran, Ron Anderson, Ken Pagel, Bob Zinsli, Don Hanson, Ted Seabold and Jim Delvo during their recent tour of 8 industrial plants in Minneapolis and St. Paul.

## College Teachers of Textiles and Clothing Will Hold Conference at SC

The 15th annual conference of college teachers of textiles and clothing will be held in the Home Economics building at NDSC Oct. 28 to 31, with the theme "Keeping An Open Mind."

Dr. C. Maxwell Brown, from Fargo's First Methodist Church, is one of the opening speakers on Thursday, Oct. 29, with the topic "The Growing Edge of Life." He will be followed by Dr. Glaydon D. Robbins, Chairman of Education at Moorhead State College, who will speak on "Behavior Patterns and How We Change Them."

Other highlights of the conference include a Scandinavian costume exhibit at a smorgasbord on Thursday evening and a preview of new fabrics by Dr. Ruth Galbraith

of the University of Illinois, who will speak on "Futures in Fibers" on Friday morning.

Martha Duncan (Mrs. Eleanor S. Wilkins) assistant editor, Home-maker's Half Hour, Iowa State University, and Robert Crom, director of communications and publicity, NDSC, will address the group on problems in communications, Saturday morning.

Misses Emily Reynolds, Mildred Hawkins and Mrs. Alice Rising, teachers in textiles and clothing at NDSC are in charge of arrangements for the teachers from 12 states. The conference is sponsored by the Textiles and Clothing Section of the American Home Economics Association and the U. S. Department of Education.

Consultants for the conference include Dr. Johnie Christian, Department of Health, Education, and Welfare, Office of Education, Washington, D. C.; Dr. Caroline Budewig, Dean, School of Home Economics, NDSC; and Miss Christine Finlayson, State Supervisor of Home Economics Education, State of North Dakota.

## Fraternity House Dedicated Oct. 18

The dedication of the new Sigma Alpha Epsilon fraternity house was performed at 2:30 p.m. on Sunday, October 18, 1959, by Charles Trangsrud, president of the local Sigma Alpha Epsilon chapter.

Mr. Ralph Hollands, one of the founders of the chapter and past president of the North Dakota Beta province, was the main speaker. Mr. Hollands spoke on "Character Building in the Fraternity." Mr. John Arman, president of the house corporation and alumni of NDSC, was the meeting's chairman.

The fraternity house, completed in the fall of 1958, has room for forty male resident students and has facilities for serving meals to about 65.

Many friends and alumni of the chapter and of NDSC were present at the dedication ceremonies.

## Dr. Fisher Returns To Teaching Duties At NDSC Following Year of Research

Dr. Glenn W. Fisher, associate professor of economics, has returned to his teaching duties at NDSC following a year of research at the University of Illinois.

By appointment of the Institute of Government and Public Affairs, a branch of the Illinois state government, Dr. Fisher studied the cost of state and local governmental departments. The U. of Illinois served as headquarters for Dr. Fisher.

When published, his findings will serve as a reference to legislative committees and to economics students. Data will include the changes made in Illinois finances in recent years due to the changing population and price factors. General information relates to state revenue and tax burdens.

Although Dr. Fisher found his work interesting, he said he and his family are glad to be back. "Governmental services, streets,

lighting, etc., are better here. Illinois' taxes are lower, but so is the quality of their services," he stated.

Dr. Fisher is now beginning a new study in the field of economics: "Government Expenditure (state and local) in Sparsely Populated States." This will be mainly a comparison of the cost of governmental functions of thinly populated states to corresponding functions of densely populated states.

Defense Is Bison's Biggest Problem

By Joe Hilber, Sports Editor

It took an old rivalry to do it, but the potential of the Sioux finally got organized. Even then they, at best, were only able to match the Bison and in the end won on a penalty. It's quite sure that if you are a Sioux fan you would have to admit that "they had the breaks."

Aerial play was a strong factor on the final tally for the Bison. You might say that the Sioux were skunked at their own game since they made no progress in the air Saturday plus the fact that up until then passing had been their only steady ground getter.

Defense seems to remain the overall big problem for the Bison. They have dropped three TD's per opponent (conference) but managed

Curt Quenette, No. 30, picks up a first down during the Herd's second touchdown drive. In the background is Jerry Hoffman. The Bison lost 20-15 after a last minute try for a touchdown. They finished the game on the four yard line.

AROUND THE CONFERENCE

NDU's win here Saturday didn't help them one bit. In fact, they dropped one position and now are in THE CELLAR.

Jumping to first place is South Dakota State, who topped South Dakota University 12-7 to put the SDU team in a tie for second place.

Moving from the cellar was Iowa State Teachers counting their first conference win of the year against Morningside.

THIS WEEK

First place SDS take on the Bison and a battle for the top place at Brookings. This could be the game of the year as NDSC conference standings are concerned. We pick the Bison to take this one.

CROSS COUNTRY

Oddvar Helgeson led the pack to break his own record by 21 seconds Saturday at the Bison Invitational. We might point out that Helgeson hasn't lost a cross country race in two years.

CONFERENCE STANDINGS

Hunting

"Oh, my aching legs" and other comments to this effect were heard about the campus Monday after the opening of pheasant hunting Saturday morning.

A number of students from SC were among thousands of hunters that went to the southern part of the state for the opening day.

"Lots of birds but hard to get" seemed to be the general consensus of opinion of the campus hunters. Quite a little walking of the fields was necessary to get the birds up. This was the reason for numerous aches and pains after the week end.

As usual the hunters all had their stories of the number of birds seen, the number gotten and missed and the usual excuses for missing the ones they did.

Rifle Team Practices For Coming Match

The ROTC Rifle Team is preparing for the shoulder to shoulder and postal collegiate contests.

The shoulder to shoulder rifle contest is when contestants actually fire besides their competitors. Contests of this kind will be conducted with the University of North Dakota, University of South Dakota, and South Dakota State and St. John's University.

The postal collegiate contests are nation-wide contests in which the competitors fire their scores at their own college, and the scores are sent to the 14 Corps postal match headquarters. The scores are then tallied, the results are sent to the colleges that have participated in the contest.

The most important rifle meet of the season to be held at Fargo will be the National Rifle Association Intercollegiate Sectional, which will be sponsored by the Army ROTC department of NDSC. This match will be held under the same arrangements as last year with an added attraction being a special match for prizes donated by merchants from downtown Fargo.

# BISON BITS

The Bison proved to be very hospitable hosts last week-end, bowing to their northern rivals from NDU 20-15.

The game played before a sell-out "homecoming" crowd was a "heart stopper" from the opening second to the final whistle. The Bison put on a last minute drive to pull the game out of the fire but unfortunately failed, due to a last minute interception by the U.

This was the play that turned an exciting downfield drive into a disappointing finish.

There were many "second guessers" after quarterback Ross Fortier's pass was intercepted. Everyone had a different play that Ross should have called. One felt he should have had his halfbacks running around the end, others felt he should have run himself; and of course, no one felt he should have passed.

But, if that pass would have been completed for a TD, Fortier would be everything from an All-American to Student body president.

We felt it was a good play to call. It was quite unexpected because there was a Bison player in the end zone by himself waiting for the pass. Unfortunately a pair of NDU hands got to the ball first.

There is no doubt about it that a Bison TD at this stage of the game would have won the game. But this particular play can definitely not carry the entire blame for losing. The Bison lost it for themselves and not on any one particular play.

They lost the game on fumbles, penalties and just plain mistakes. When a club is on top of a league and is fighting to stay on top they

just can't afford to make errors.

The penalties were what seemed to be the costly mistakes. Referees were throwing those red flags up so often that I thought it was the 4th of July.

Apparently according to the films of the game some of the referee's decisions were UN-CALLED for at times. In this case it is a hard and bad way to take a loss—especially when you know you would have won the game if the game would have been called right. I'm sure that the errors weren't intentional. As the case exists, we will have to chalk up this game to experience.

When leaving the ball park I happened to hear a few fans expressing themselves in the manner that our ball club is a bunch of quitters. If I have ever heard a misjudgment of them, this must rate as the biggest, because this team is anything but a bunch of quitters.

They gave me the impression that just the opposite exists. The club representing NDSC on Dacotah Field last Saturday displayed the want and desire to win for a full 60 minutes.

In fact, I wonder if it is at all possible for a club to be "up for a game" too much. This may be what existed at the ball park last week. If these fans want a good look at some "quitters", let them take a good look in the mirror.

So far this season not one team in the conference has won their homecoming game. Now it only leaves the Bison to be the "Spoilers" at Brookings tomorrow. And, I'll predict that they will do it.

## NDSC Meet S. Dak. For Top Spot

The Bison travel to Brookings, S. D., this weekend to meet the South Dakota State Jackrabbits in their Homecoming game. This will be the deciding game as to who will win the North Central Conference.

After dropping a 20-15 loss over the NDU Sioux last Saturday the Bison dropped to a tie for second place with SDU and Augustana. If they win tomorrow's game, they will regain first place or at least a tie for first.

The Bison have their work cut out for them with their home schedule completed. It is certain that the Bison will have to win their next two games if they expect to win the conference or even share in first place.

Here is the way the conference stands. Augustana plays Morningside this weekend. If they win and the Bison win they will share the top position. But, if the Bison win and the Auggies lose the Bison will hold the top position alone.

SDU is dormant this week end, so they are not in the picture. They play ISTC next weekend.

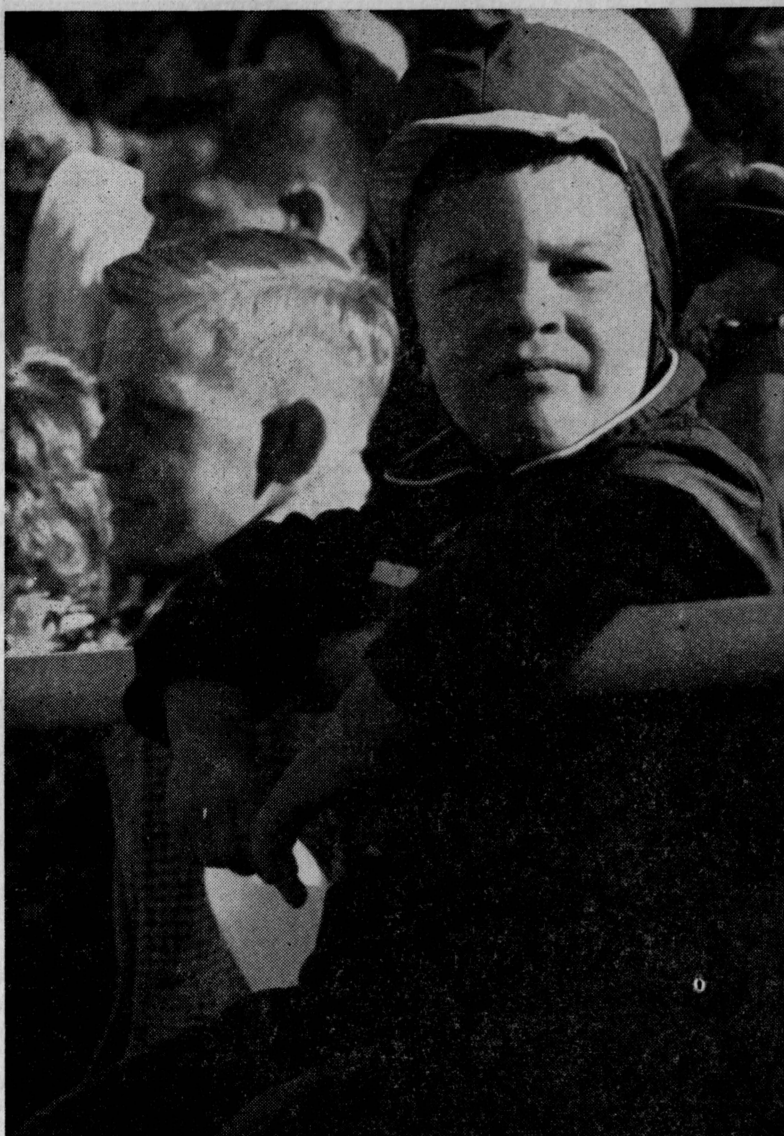

## PE Instructor Attends Lake Okoboji Meeting

Miss Beulah Gregoire, physical education instructor, attended the Central Association for Physical Education of College Women at Lake Okoboji, Iowa, Oct. 9-11.

The main purpose of the meeting was to discuss how to conduct co-educational programs of all age groups. The playing of sports such as tennis, badminton, and volleyball should no longer be segregated, conference members learned.

Ninety teachers from nine states took part in the conference. North Dakota State and the University of North Dakota were the only two North Dakota colleges represented.

Miss Marilyn Nass, instructor in women's physical education, also attended the conference.

There was no shortage of unhappy fans at the NDSC-NDU game. Even this young fan didn't seem to be too pleased with the way the game was going.

## Helgeson Beats Pan Am Runner; Keeps Undefeated Record Alive

South Dakota State captured first place in the Bison Invitational Meet at Mikkelson Field last Saturday.

SD's Jackrabbits scored 30 points, 13 less than the University of Manitoba and 30 better than NDSC.

Oddvar Helgeson of NDSC added another victory to his undefeated

record when he ran the three-mile course in 15:17.5, breaking his own mark of 15:38.6. Second place went to Pan American runner, Dave Dryborough, from the University of Manitoba.

This week the Bison runners journey to Jamestown for an invitational meet.

## Engineer's Council And Agriculturals Share First Place In Bowling League

By Dan Kennelly

Some champions can be seen through the maze of statistics in student bowling after completion of the second week.

In the Engineers Council, the Agriculturals will be trying to play under the I.E.'s who also share first place. An attack on the top spot is being launched by ATO and Kappa Psi. Major, All-Star, and Masters leagues are being led by Sigma Chi, Pharmacy Club and AGR.

High three game series were scored by Pharmacy, 2153; Civil Engineers, 1957; Kappa Psi, 1937; Newman Club 1877; and Vets Club, 1759. Stan Sweet rolled the high three game of 598. Leaders in the single games are Carl Omdalen, Ken Swanson, and Joe Nagel.

Chemistry, Team Without A Name, and Student Union held fast to their lead places in the faculty competition. In a coup d'etat the mathematicians replaced State Seed's League "C" control.

Four faculty men, Dr. MacDonald, Dennis Olafson, Dr. Harold Flor, and Gordon Teigen, overshot the best student single mark of 234. The Army and Athletic teams scored top team single marks.

Physical Education women lead the faculty ladies league. In the League of Women Bowlers first place is jointly held by Sweeney

Cleaners and College Pure Oil. The gals from the Pizza Shop run a close second.

## Churchill Wins Intramural Protest

By lodging a protest the Churchill Hall intramural football team reversed a decision and was declared winner over the Kappa Psi's. This loss places AGR in a tie for first place with Kappa Psi in Bracket 1.

### Still Tied

In the contest between the first place teams, Sam Phillips hit Willy Wiegel with an aerial strike to snatch the win for Kappa Psi while Bob Hobert, John Nathe, and Tom Thompson held the line. AGR's Len Lesmeister and Duane Preston made themselves targets for Jim O'Keefe and Jack Brown but were not as fortunate as their opponents as they did not gain as much yardage.

### It Didn't Work

Sigma Alpha Epsilon's Don Anderson and Don Nelson tried the passing trick, but Theta Chi outscored them 9-0. Marshall Goodman snared Ken Lehr's throws. Jim Pfau and Bob Anderson demonstrated Theta Chi's defense.

Co-op, Gordon Johnson saw teammates, Harry Neameyer and Les

Neswig, in the clear enough times to squeeze by Tau Kappa Epsilon 9-7. TKE's Erling Tranby and Roger Best kept their team from complete defeat. Dean Klicker was part of their defense.

Because the SPD engineers could not control Sigma Chi, the score registered 20-0. Runner Spencer Duin and passer Dave Kearney did well in the backfield. Ends Lynn Crooks and Dean Stenseth, and defenseman, Gerald Zastrow added prestige to the crew. Shorthanded SPD showed enough fight to make the game interesting. Byron Stad-vold directed his passes to Joe Neuenschwander, John Little and Wally Spinarski.

Phi Mu sorority won the women's division of the homecoming float contest with their float "Paradise Lost". Second place winner was Kappa Kappa Gamma.

The men's division was won by the Teke's. The title of their float was "State Tramples Sioux". Second place winners in the men's division were the Kappa Psi's. The floats were judged on neatness, workmanship, appropriateness and originality.

## Campus Activities

### Bison Annual

There will be a meeting of the Bison Annual staff on Saturday morning, October 24 at 10 a.m. in the Publications Office, second floor, Student Union.

The main purpose of the meeting will be to take a picture of the staff for use in the annual. Will everyone who has signed up to work on the staff please be present.

Pictures for the 1960 Bison will be taken Monday night at the Publications office of the following organizations:

- 9:00—KDSC News Bureau
- 9:30 Spectrum
- 9:30—Spectrum

### APO Book Exchange

The Alpha Phi Omega book exchange will be open from 8-4, Oct. 26, 27, 28, for the return of books that were not sold at the beginning of the quarter. Bring your receipts to claim books.

### UCCF

Sunday evening United Campus Christian Fellowship will meet at the Lutheran Student Center. Supper is at 5:00 with a meeting following during which nuclear energy will be discussed following a film. Coffee hour is scheduled on Wednesday at 4:00 in Meinecke Lounge.

### Newman Club Supper

The Newman Club will have a supper Sunday evening at 6:00 at the St. Paul's Center. A general meeting and social hour will follow.

### Wesley Foundation

Wesley Foundation will hold their weekly supper meeting in the LSA center at 6:00. Guest speakers will be Leo Johnson and Colonel Mitchell speaking on the topic "Is world understanding possible".

### Engineers Wives Club

The meeting of the Electrical Engineer's Wives Club will be held Wednesday, Oct. 28 at 8:00 p.m. in Meinecke Lounge in the Student Union. Please note that this is a change in our regular date.

All Electrical Engineer student and faculty wives are welcome.

### SAI

Sigma Alpha Iota, honorary musical sorority, will meet Tuesday, Oct. 27 at 7:00 p.m. with a musicale following the business meeting at 8:00.

The program will be composed of instrumental and vocal selections given by several SAI'ers. A special feature on the program will be a report of National Convention given by Diane Aslakson.

### YWCA

On October 29, all YWCA members are invited to a dinner at the home of Mrs. Rodney Hastings. The advisory board will also be there.

### Ag Seminar

The Agricultural Entomology Seminar will hold a meeting Oct. 27 in room 210 Morrill Hall with a ten minute discussion period following the speaker, Mr. Merlyn A. Brusven.

By Dick Hofstrand

Football, football, and more football. That's what KDSC campus radio will present for the rest of October.

Your campus radio will broadcast, live from Brookings, S. D., the game between the South Dakota State Jackrabbits and the North Dakota State Bison on October 24.

On the following weekend of October 31, a live, yard by yard account can be heard of the game between Augustana and the Bison from Sioux Falls, S. D.

So don't sell your radio for college money; enjoy football coverage at its best. Listen to the 7-5-0 spot on your dial, as Larry Hunter brings you play-by-play football from South Dakota State on October 24 and Augustana on Oct. 31.

## District KAT Prexy Is Recent Guest

Mrs. Raymond F. Kirkman, District Eight president of Kappa Alpha Theta, was a recent guest of the Gamma Nu chapter here at NDSC.

While here Mrs. Kirkman met with the various officers and members of the active chapter and the alumnae club to give ideas for the sorority's plans for the future.

Other chapters over which Mrs. Kirkman presides are located at the U. of Minnesota, U. of Nebraska, U. of South Dakota, and the U. of North Dakota.

## Placement Service

Tuesday, October 27

Ames Laboratories (Iowa State University): Positions are available for graduates in chemistry, physics and mechanical engineering for fundamental research in the various fields of atomic research. The principal objectives of the Institute are to maintain research programs in the basic sciences, to conduct pioneering-type development work, and to contribute fundamental knowledge basic to the utilization of atomic energy.

Wednesday, October 28

Line Materials, Milwaukee, Wis.—Mr. F. W. Burtner is interested in interviewing senior electrical and mechanical engineers. Line materials produces products used in distribution and transmission systems by electrical power utilities. The company has a graduate training course which can lead to positions in design, development, product engineering, sales application, manufacturing, and field sales engineering.

For Sale: Tape Recorder, Wilcox Gay. 2 years old, \$70. Dial AD 5-4123 after 5 p.m. Monday thru Friday. Mrs. Carl Ovesen, 1541 12th St. N.

All persons interested in applying for positions on the Sharivar committee, contact Jim O'Keefe at AGR house. Call AD 2-3158 or AD 2-1632 by Nov. 1.

## Alpha Phi Omega Service Fraternity To Hold Rush Party Next Thursday

"Come and see what Alpha Phi Omega is" sums up the invitation of APO to their rush party Thursday, Oct. 29, 7:45-9:00. Sidelight: coffee and donuts will be served.

Alpha Phi Omega, national service fraternity, serves NDSC campus with service, leadership, and friendship.

Any former boy scout is eligible for membership. Application is accepted any quarter while attending NDSC. After a quarter of pledging, the applicant may go active.

Activities and services occur throughout the school year. During the first two weeks of each quarter, members operate a book exchange in the library. Students bring their books and list the price they want. APO sells the books for them. They deduct 10 per cent which is given to charity. During the fall quarter they sold \$1200 in books, \$1080 was returned to students.

A Snow Sculpture Contest and the Ugly Man Contest is sponsored by APO. Proceeds from the contests is given to the Crippled Childrens Home at Jamestown. Over \$500 was given last year, one of the largest contributions given in recent years.

Spring Sing is APO's project for spring quarter. Any organization on campus may enter Spring Sing. Members also handle the concessions at the annual Scout Fair at the Field House each spring.

All proceeds are donated to various charities and campus func-

## ASME Elects

New officers of the American Society of Mechanical Engineers are: Don Smith, ME Junior, secretary; Ray Dahl, ME Junior, treasurer. At the next meeting of ASME Mr. D. Worf of the Corp of Engineers at Garrison will show slides of the construction of the Garrison Dam. The meeting will be held on Wednesday, Oct. 28.

tions. During Sharivar a \$150 scholarship was given to a freshman student.

Have you noticed the reference books on the tables of the Library? APO was responsible for many of these too.

Officers are Don Quarter, president; Bruce Hammes, vice president; Harold Belmer, secretary, and Jerome Shaw, treasurer. Tom Sakshaug is advisor.

Meetings are every first and third Tuesday at the Library, room 101. Next meeting is Oct. 20, 7:30.
