

## Dick Weeks Sets Schedule For Brevities Rehearsals

Bison Brevities director, Dick Weeks, has announced the following schedule for those organizations participating in Bison Brevities:

Monday, April 4—Scenery painting begins in Shepard Arena Monday-Friday from 7-12 p.m. Painting continues all that week.

Monday, April 4—Rehearsals of individual acts without the band in Festival Hall on Monday-Friday at 6:30-10 p.m.

Sunday, April 10—Rehearsals of production numbers with band Sunday-Wednesday.

Monday, April 18—Semi-dress rehearsal (costume only) in Field House.

Tuesday, April 19—Complete dress rehearsal with make-up.

Wednesday, April 20—Dress rehearsal.

Performances will be given starting Thursday, April 21 at 8:00 p.m. for three consecutive nights.

# The Spectrum

VOL. LXXI—NO. 23 NORTH DAKOTA STATE COLLEGE MARCH 25, 1960

## Annual NDSC Bridal Show Scheduled For Tuesday In The Memorial Union

The second annual NDSC Bridal Show will be presented Tuesday, March 29 in the Memorial Union Ballroom.

There will be two performances—one at 2:00 p.m. and the second at 7:30 p.m. Everyone is invited and there will be no admission charged.

The show will include six bridal ensembles with complete wedding and trousseaus. They will be as follows: Informal wedding, sheath; semi-formal, Ballerina dress; Intermission, and Floor length; and Formal, chapel train.

The event is an annual event sponsored by the Student Union Activities Board. This year the show features over 60 male and female models from the NDSC Campus.

Besides the bridal show proper a display consisting of suggested gifts for the bride and groom to be will be featured in the dining lounge adjacent to the ballroom. These displays are the compliments of 15 business places in the Fargo-Moorhead areas. Apparel for the bridal show proper is being provided by 4 men's and 10 women's clothing stores.

Included in the bridal show will be up-to-date styles of casual and sport clothes suggested for the honeymoon.

Chairmen of the event are as follows—Bridal Show—Toni Woodmansee and James Stockman and Commercial Displays—Jean Jack-

son. Last year 500 people attended the show and, according to Kay Thompson, union program director, an even larger crowd is expected this year.

## Leadership Clinic Set For March 30

Delegates from all campus organizations will attend the Annual Leadership Clinic sponsored by the Inter-Campus Affairs Commission of student senate on Mar. 30 from 1:00-5:00 p.m. in the Memorial Student Union. Registration will start at 12:30 p.m.

Professor W. E. Gardener of the economics department will be the keynote speaker.

Discussion groups and leaders are: Your Responsibility in Contributing to Higher Education, Bryon Bernston; How to Create Interest and Enthusiasm, Bill Lantz; Reorganizing Your Student Senate, Lyle Baker.

Program Planning, Carol Olson; Functions of Student Government, Al Hart; Qualifications of a Leader, Don Bischoff; Raising Funds and Finances of an Organization, Dean Forseth; How You Can Plan a Good Meeting, Jim Lamont.

Anyone else wishing to attend contact Jerry Lingen, 1131 14 St. N.

## See "The Winslow Boy" Tonight

Two members of the cast of "Winslow Boy", Don Nelson and Lynda Olson are shown in a scene from the show. The curtain goes up tonight at 8:15 at the Circle T Theater. The play will also be shown tomorrow night.

## Final Choir Concert To Be Given Sunday

The Concert Choir will give its final concert of the season at the First Lutheran of Fargo on Sunday, March 27 at 8:00 p.m.

This performance is being given in lieu of a regular homecoming concert which is usually sung on the campus. Last night the choir sang at Trinity Lutheran Church in Moorhead.

According to choir director, Robert Godwin, the choir has returned from the most successful spring tour undertaken thus far. The group sang to full house audiences wherever they appeared and without exception the choir was invited for return engagements.

Godwin said response to their singing was genuinely enthusiastic. Critics and local music authorities spoke with highest praise of the brilliance of tone, choice literature, and professional manner of the choir's performances.

## Engineer's Ball Tonight

St. Patricia and St. Pat will be chosen from one of these good looking gals and one of these handsome fellows tonight at the Engineers Ball. Row one: Kathy Kippels, KAT; Warner Jamison, ASAE; Paul Stokes, AIEE. Row two: Marian McKinnon, KKG; Mary Kay De Jardine, AGD; Sandra Rott, KD. Row three: Jim Driver, ASCE; Orville Tranby, ASME; Cecile Myhra, Phi Mu; Jack Simoneig, AIEE and Suellen Ringsak, Gamma Phi Beta. You and your date can swing out to the music of Paul Hanson at 9:30 p.m. at the Fraser Memorial Armory at Hector Airport. The ball is semi-formal and tickets are \$1.75 per couple.

## Dr. Miller Will Be Guest Lecturer To Promote Interest In Physics

Dr. E. E. Miller, of the Department of Physics at the University of Wisconsin, will serve as a visiting lecturer on Monday and Tuesday, Mar. 28 and 29.

He will visit under the auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nationwide program to stimulate interest in physics. The program is now in its third year

and is supported by the National Science Foundation.

Dr. Miller will give lectures, hold informal meetings with students and assist faculty members with curriculum and research problems. Arrangements for his visit are being made by Dr. Elliot H. Weinberg, Chairman of the Physics Department.

Dr. Miller has served as consultant to the Agricultural College

at the University of Wisconsin for the past ten years. He has served as Consultant to the United States Department of Agriculture.

His evening convocation will be an expression of his own feeling that we do not always get our money's worth in governmental spending particularly for defense purposes. This address entitled "Military Defense: Is Money the Answer?" is open to the public and will be held at 8 p.m. in Festival Hall on Monday.

He will also address interested staff and students in Morrill Hall room 210 at 4 p.m. Monday with the topic "Soils Research at the University of Wisconsin."

On Tues., Mar. 29 he will lecture on "Inverse Bubbles" at 9 a.m. in South Engineering room 22.

From 10 to 11 a.m. an informal coffee and bull session will be held in Ceres Hall.

Staff and physics majors are invited to eat lunch with Dr. Miller on Monday noon in Ceres Private Dining Room.

AND THE FIGHT FOR THE NAME CHANGE TROPHY IS ON!—"It's mine," says Sherry Bassin. "No, it's mine," Betty Dahm says. Some lucky organization will win this trophy for having the most name change petitions signed. Number of members in the group will be figured in naming the winner. These petitions must be in Dale Brostrom's office by Mar. 31 with the names of the respective organizations on the back of them.

## William Plath Elected New President Of NDSC Alumni Association

William A. Plath of Davenport has succeeded Gerald W. McCoy of Fargo as president of the Alumni and Former Student Association of North Dakota State College.

Paul Gallagher of Fargo replaced Mr. Plath as vice president of the association, and Mrs. S. S. Bjornson of West Fargo was elected secretary replacing Mrs. Francis Toussant. Kenneth Crahan of Fargo remained treasurer for another year.

President Plath will direct the activities of the Alumni Association

on a national basis in promoting interest in the welfare of the college by uniting alumni and former students in service to the college.

Mr. Plath owns and operates the 1440 acre Agassiz Farms near Davenport and has been president of the North Dakota Angus Breeders Association for four terms. He is a director of the association at the present time and also a director of the North Dakota Farm Bureau since 1941.

# OFF THE EDITOR'S CUFF

By EVANNE GROMMESH

Look at the cartoon below the column and have a good laugh. Isn't that a funny joke? . . . Or is it funny and is it a joke? I don't think so.

Perhaps a few of you don't know what hazing is. Maybe you've called it scumming or hell-week. Well, they're all the same. The week before fraternity pledges become mighty actives is devoted to showing the pledges just how lowly they are.

### RESULTS OF SCUMMING

You'd think after an incident like the one in California when a scum choked to death on a piece of oiled liver he was forced to swallow, would make the fraternities sit up and think a bit and stop their foolishness. But no.

From several people I've been hearing these results of the 1960 Hell-week on NDSC campus:

- Pledge knocked out after being hit on the head with a bottle.
- Pledge passes out twice during Hell-week as a result of the "fun" that he's going through.
- Pledge is boarded 40 times in one-half hour.

### FRATERNITY ARGUMENTS FOR

What arguments do fraternities present in favor of this? They say first of all it's fun and secondly, and most important, it brings the pledges closer together.

### ARGUMENTS AGAINST

1. I wonder how many fellows would say while they're going through it—"Oh, it's fun to be boarded and it's fun to eat the food the actives fix for us." Later on they may say "It was fun," but do they really mean it or is it just the thing to say. Afer all, how would it sound to say "It was just horrible! I didn't think I'd make it."

2. You fraternities certainly can't believe that if your pledges aren't a close group that one week is going to bring about the big change. Think again. Why do you keep them pledges for 2 quarters? This is the time to carry out that purpose. If you have a good group of new actives. Pat yourselves on the back for your good overall pledge program, not for Hell-week. Take a good look at your fraternity brothers. You must have a couple of them who went through scumming by themselves and most likely for only a few days. They're good actives, aren't they?

3. I'm wondering how many of the scums that had Hell-week last week got good marks in tests they took or for that matter got anything out of class at all. Scums get NO sleep whatsoever. They're watched at all times. As a result of this class time was time for a good sleep. It's really a whole week of school missed. Fraternity scholarship certainly isn't helped by all this. It seems almost ironical how first of all pledges really work for an average so they can go active and then this BIG aid to scholarship occurs. One more thing—lots of adults think college students are in school just for fun and a good time. Many probably think this more of those who are Greeks.

I really don't think we can blame them when scums are out singing and yelling and bells are ringing at all hours of the night. Some of the Fargo people in the immediate area must think: "Oh, it's those college kids—won't they even grow up."

I think it should all be stopped. The biggest reason perhaps why it probably won't stop, is this: "I had to do it and boy, I can hardly wait until I can put someone else through Hell-week. Why don't some of you become big enough to admit you're wrong. I commend the fraternities that have done away with boarding, but this is only a start!"

# Name Change Is On It's Way

By Charlie Bateman

So here I sit, feeling like a mosquito in a nudist colony; I know what I should do, but I don't know where to start.

"What's doing for a name change?" or "How are the petitions coming?" These questions have been heard so regularly lately that our good Editor Grommesh has given me an opportunity to write this column (What could she do; I had the gun!) and attempt to answer a few of your questions, tell you what is happening, and why we are interested in Name Change.

It would seem to me that a great majority of NDSC students are like the dog who sat on a thorn and howled but was too lazy to move over. Everyone is in favor of having the name changed but this is as far as it goes.

We have an enrollment of almost 3,500. If every student would get just 10 signatures on a petition we would have more than enough to fill our requirements. However, at the present time we have only 12,000 names on petitions, and the greater part of these were not turned in by students. So let's quit complaining and hustle these petitions!!! (But I digress, this is to be an informatory column).

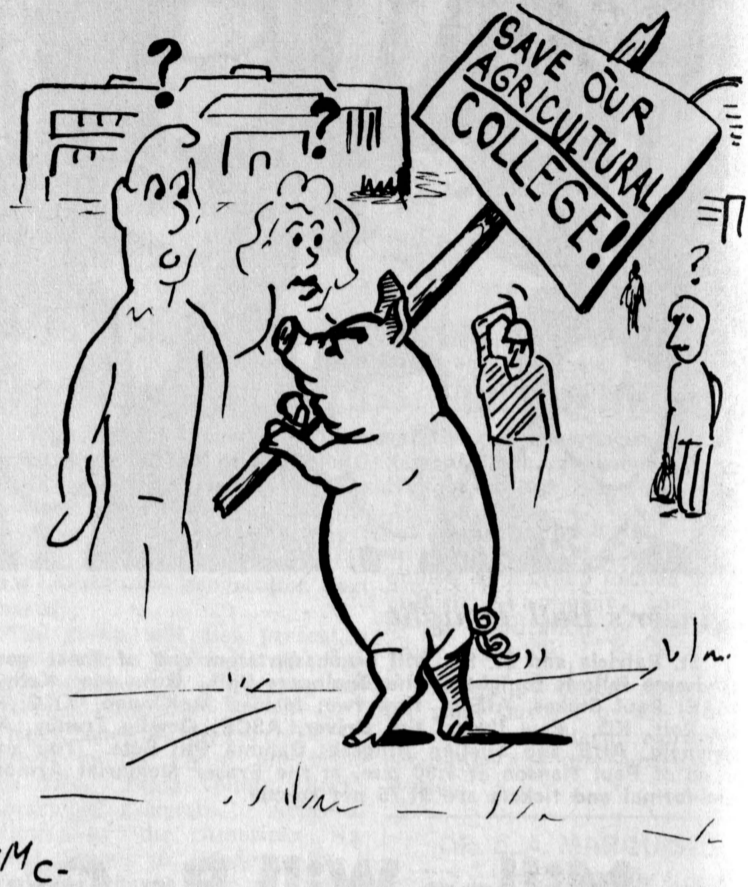

At the present time, we have a campus committee which is in the process of planning a workshop to familiarize NDSC students with the why's and hows of Name Change. This illustrious committee is made up of Evanne Grommesh, Suellen Ringsak, Al Hart, Lyle Baker, Jim Lamont, Sherry Bassin and yours truly.

There are many positions left to fill on this committee and much room for advancement. Apply in person to any of the above personnel.

To those of you that are wondering about our organization throughout the state, it is growing by leaps and bounds. We now have 46 county chairmen and committees who are backing name change. These people have relatively little to gain from the Name Change but are still spending a great deal of time on it.

It seems rather ironic that the students presently enrolled at NDSC, who have everything to gain from this change, can't do as much.

If there are those among you who have felt that this Name Change activity is merely a scheme

to slight our friends (?) to the north and their glorious (?) institution, know now your error. In wanting to change our name, we are merely a part of a nation wide movement of land grant institutions. Forty two of the fifty original land grant colleges are now universities.

Statements from their Presidents and Deans would indicate that the change was an advantageous one. More federal and private grants became available for research and advanced study, and finance is but one of the many advantages of the Name Change.

Many of the people who oppose Name Change feel that the cost of such a venture would be prohibitive. However, in the light of the fact that our aims and purposes would remain unaltered and also the possibility of increased grants, this point is rather hard to justify.

One last thing whilst ye olde editor cracks her whip over my head. Organizations who are in the petition trophy contest should be gathering their petitions in. They have to be turned in to Dale Brostrom's office in the Student

Union before March 31.

Petitions must be bundled or boxed and marked with the name of the organization. Remember that the trophy will be awarded on a per capita basis so size of the organization does not matter.

Those of you who do not belong to an organization, or who are not on the campus committee, have no reason to feel like the coed who broke the strings on her girdle and said, "This lets me out." Every petition counts and there are many positions open on the campus committee. Running a successful Name Change campaign will take effort on the part of every student at NDSC. Anyone who is interested and would like to work on name change please contact one of the people on the campus committee.

Well, the time has come as the walrus said, and I have met my first deadline. Any of you who have any questions on any facet of Name Change please write to Box 2636 State College Station and we will do our best to answer them. I'm fairly stupid myself but I have lots of intelligent help.

## The Spectrum Asked:

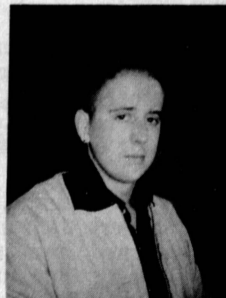

### What do you think of Scum Week?

Spectrum Photo Interview

By Mayo Flegel

Linda Swenson  
Home Ec. Soph.  
Kindred, N. D.

Dick Whiting  
AAS, Soph.  
Fargo

Carole Eklund  
Fr., Home Ec.  
Reynolds, N. Dak.

Benda Brockway  
AAS, Fr.  
Fargo

Mike Dushinske  
IE, Soph.  
Devils Lake, N. D.

I don't think they should bother the scums for a whole week if they must stay up all night. It should be confined to the house areas and not done in public places.

I think it's fine. Maybe because we don't have to go through it like the fraternities.

It sounds like a lot of fun for some people but it sure is rough for some of the "scums."

It was unique, but I didn't like "frying like an egg." Have you ever tried it?

I think that it is senseless as no one derives any benefit from it. I think that the scums should do some constructive work instead.

## THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, N. D. Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

# Hi-Society

By Mary Stenso

And in this corner we have Stary Menso; society's sociable socialite. A sophomore in Home Ec, retailing from Grafton, I'm going to attempt to take over this column from "da goil across da hall". I hope I can keep you aware socially.

But remember, I can't do it alone; have your news in my box in the Spectrum Office by 12:00 noon, Tuesday. "Spring is sprung, the grass is riz. I wonder where them picnics iz?"

Heard the AGR's and Gamma Phi's already had one. Thursday, the 17th, to be exact. Understand the costumes for the occasion were parkas and fur-lined mukluks.

Tried to walk through the union last Tuesday morning about 9:45. Couldn't even get near the place. I heard some-one say that they should have held the convo down there. Fine idea, but then where would everyone go?

Many candles and cigars were passed this last Monday night. Along the pinning line we have: Carol Olson, KAT, to Dave Ferguson, SAE; Gloria Eissenger, KD, to Chuck Renschler, SAE; and Robyn Stroup, GPB, to Ed Vinge, Theta Chi from Northwestern Univ.

Sporting new rings, 3rd finger, left hand, we have Sara Riley, AGD, from ATO alum, Ken Cornell; Carol Tuntland from Jack Rosenau of Carrington; and Joyce Spangler, Jamestown student nurse, from TKE Alvin Presler.

More pinnings: Janice Abbey to Dave Rud, SPD; Kappa Psi Jim Irsfeld to Mary Skiviera of Breckenridge; Jim Halvorson, Sig Chi, to Shirley Brady of Jamestown; and George Goeser, Co-op, to Rose Marie Millner, of Roseau.

Don't forget the play "The Winslow Boy" at LCT tonight and Saturday at 8:15. Only 75c.

Weddings are in the news too this week—Jim Sather, Sig Chi, to Sharon Knobel of Davenport, N. D. and coming up tomorrow, Arlyn Kraft, AGR, to Lillian Olson of Prosper.

The Kappa Psi's have announced their sweetheart candidates. The nine girls are: Marilyn Anderson, GPB, Elaine Ells, KKG, Judy Freeman, KKG, Nancy Owens, KKG, Sharon Sandvik, KKG, Carol Schoonover, KKG, Linda Swenson, KKG, Sandy Rott, KD, and Lynn Sheryak, KAT. Good luck, girls!!

There's a big mass-meeting of AWS Monday night at nine. It's elections, so let's all go, girls. You've already paid your dues, so get their worth!!

Actives, Actives, Actives! Busy weekend—last. News from five fraternities and one sorority on initiations.

At the TKE house: Ronald Bardal, Raymond Christensen, Noel Mohberg, Curtis Neumann, James Olin, Alvin Presler and Jerry Tastad.

Dean Mullenberg became an active SPD before a banquet held at the Top of the Mart on Saturday, March 20.

Now active at the SAE house are Dennis Schnieder, Paul Bjerken, Dale Brooks, Bob Haugen, Jim Olson, Dick Kaercher, Chuck Tebelius, Bill Thompson Tom Reynolds, Bill Anderst, Larry Tuchscherer, Al Berg, Ken Bartsch.

New sisters at Phi Mu are: Marilyn Mikkelson, LaDonna Hagen, Karen Bittner, Nancy Wolf, Jenette Schule, and Cecile Myhra.

Ten new brothers for Alpha Gamma Rho: Dick Clemenson, Ron Kreuger, Wayne French, Ken Evonger, Glen McCrory, Duane Preston, Gary Sprecher, Allan Glynn, Ben Farner, and Don Eck.

MORE actives: Kappa Psi house: Duane Reister, Sam Phillips, Pete Otte, Roger Roth, Roger Schmisek, Bob Glowac, Sherry Bassin, Jim Russ Earl Mindell, Paul Lawson, John Studsrud, Tony Musich, and Arlan Berger.

## SAE's Act As Hosts To Weekend Meet

The SAE's are acting as hosts to the annual province convention this weekend at NDSC.

The convention is held every year to discuss policies and new ideas within the fraternity. The province involved includes schools in North Dakota, Minnesota and Wisconsin.

Approximately 60 delegates will be here as representatives of their various colleges and universities. A full schedule of events is planned with the highlight being a banquet and party Saturday night at the Moorhead Country Club.

The event will last through Sunday.

## Sorority Officer Comes To Campus

Alpha Gamma Delta sorority will be hostess to their Province President, Mrs. Robert Ficken, this weekend.

Lynne Flicker will meet with the officers and discuss their program.

She is a graduate of the University of Wisconsin, now lives in Madison, Wis.

Lynne, besides her Alpha Gamma Delta activities, is a Girl Scout Leader, teaches swimming and gives piano lessons to her two daughters. In addition to these activities, she has had a column in a Madison paper.

### EAT, DRINK AND BE MARRIED

On a recent tour of seventy million American colleges, I was struck by two outstanding facts: first, the great number of students who smoke Marlboro, and second, the great number of students who are married.

The first phenomenon—the vast multitude of Marlboro smokers—comes as no surprise for, as everyone knows, the college student is an enormously intelligent organism, and what could be more intelligent than to smoke Marlboro? After all, pleasure is what you smoke for and pleasure is what Marlboro delivers—pleasure in every puff of that good golden tobacco. If you think flavor went out when filters came in—try a Marlboro. Light up and see for yourself... Or, if you like, don't light up. Just take a Marlboro, unlighted, and puff a couple of times. Get that wonderful flavor? You bet you do! Even without lighting you can taste Marlboro's excellent filter blend. Also you can make your package last practically forever.

No, I say, it was not the great number of Marlboro smokers that astounded me, it was the great number of married students. You may find this hard to believe but latest statistics show that at some coeducational colleges the proportion of married undergraduates runs as high as thirty percent! And, what is even more startling, fully one-quarter of these marriages have been blessed with issue!

Here now is a figure to give you pause! Not that we don't all love babies. Of course we do! Babies are pink and fetching rascals, given to winsome noises and droll expressions, and we all like nothing better than to rain kisses on their soft little skulls. But just the same, to the young campus couple who are parents for the first time the baby is likely to be a source of considerable worry. Therefore, let me devote today's column to a few helpful hints on the care of babies.

First of all, we will take up the matter of diet. In the past, babies were raised largely on table scraps. This, however, was outlawed by the Smoot-Hawley Act, and today babies are fed a scientific formula consisting of dextrose, maltose, distilled water, evaporated milk and a twist of lemon peel.

After eating, the baby tends to grow sleepy. A lullaby is very useful to help it fall asleep. In case you don't know any lullabies, make one up. This is not at all difficult. In a lullaby the words are unimportant since the baby doesn't understand them anyhow. The important thing is the sound. All you have to do is string together a bunch of nonsense syllables, taking care that they make an agreeable sound. For example:

Go to sleep, my little infant,  
Goo-goo moo-moo poo-poo binfant.

Having fed and serenaded the baby, arrange it in the position for slumber. A baby sleeps best on its stomach so place it that way in its crib. Then to make sure it will not turn itself over during the night lay a soft but fairly heavy object on its back—another baby, for instance.

© 1960 Max Shulman

\* \* \*

And when baby is fast asleep—the little angel!—why don't you relax and give yourself a treat? With Marlboro—or if you like mildness but you don't like filters—with Philip Morris made in long size and regular by the sponsors of this column.

## N. D. Home Ec Association Elects Miss E. Reynolds As President

Miss Emily Reynolds, associate professor of textiles and clothing at NDSC was elected president of the North Dakota Home Economics Association at a convention held in the School of Home Economics at the University of North Dakota on Sat., March 19.

Convening at the same time with the Home Economics Association were the North Dakota Dietetic Association and the North Dakota College Home Economic Clubs.

The purpose of the meeting was to further interest in home economics.

Approximately 30 Tryota members attended the meeting from State. SC co-eds elected to office were Patty Meyer, junior, as state president of the college groups and Verona Wegley, sophomore, as secretary-treasurer.

Students taking active parts in the discussions which were on

keeping up with home economics were Kay Lavold, Janice Dunbar, Alyce Puppe, Pat Roberts, and Marilyn Sten.

Speakers were Mary Kimble, representative of Pillsbury Research Home Service Center and Betty Ruth Joyce, national field representative of NDHEA.

Special honor at the convention luncheon was given to Grace DeLong, who is retiring as head of state demonstration work, and to Miss Lucille Horton, chairman of SC Home Economics Education.

Scholarships were awarded for study in home economics to Constance Olson of Viking, Minn., student at UND and Marjorie Odgaard of NDSC.

### NOTICE

Election of officers for Associated Women Students is to be held Monday, Mar. 28 at 9:00 p.m. in Conference rooms 1, 2, and 3 of the Memorial Union. All women on campus are members and are invited to attend.

## Drill Team Performs

The Sabre Flight drill team from the NDSC AF-ROTC detachment and sponsored by Arnold Air Society, took part in a drill team competition at St. Thomas College in St. Paul recently.

Other teams in the competition were from St. Thomas College, the University of Minnesota and Michigan Tech.

The drill team from the University of Minnesota took top honors with 790 of the possible 840 points. According to the judges, three Army ROTC advanced cadets and a Marine Master Sergeant, the teams were all very close in ability.

**Are these gold bars worth two more years of study?\***

**1. Traditional responsibilities.** To meet the command responsibilities of an Army officer, you apply the leadership principles absorbed during advanced ROTC training. And your executive potential grows as you gather leadership experience. That's why employers often prefer men who served as commissioned officers. These men already have proven their capacity to shoulder executive responsibility.

**2. Traditional rewards.** In every organization, greater responsibilities mean greater rewards. Thus the traditional responsibilities and prestige of an Army officer are matched by material advantages. For example, if you plan to marry soon after graduation—an officer's salary can be a distinct advantage. A married 2nd Lieutenant earns a minimum of \$355.68 per month—plus substantial fringe benefits.

*Need more information? Check with the Professor of Military Science and Tactics at your college or university. He'll be glad to discuss your decision with you.*

As a college sophomore, you're nearing the mid-point. Halfway through college—halfway through Army ROTC. Now you face a major decision: Are the gold bars of a Second Lieutenant worth two additional years of study in advanced ROTC?

That question is yours to answer *now*—before you register for your junior year. As you explore the facts, carefully weigh the traditional responsibilities and rewards of serving as an Army officer . . .

**1. Traditional responsibilities.** To meet the command responsibilities of an Army officer, you apply the leadership principles absorbed during advanced ROTC training. And your executive potential grows as you gather leadership experience.

# Six Sororities Elect Presidents

**KKG**  
Elected president of Kappa Kappa Gamma sorority is Darlene Dietrich, AAS, Jr.

Other officers are: Cheryl Larson, vice president; Judy Freeman, secretary; Jackie Woodward, corresponding secretary; Nancy Atkinson, membership chairman; Gail Gustafson, pledge chairman, and Kathy Shephard, social chairman.

### ALPHA GAM

Delcie Danroth, AAS Jr. has been elected president of the Alpha Gamma Delta sorority.

for 1960-61 is Mary Ellen Garaas, Chem. Soph.

Other officers include: Collette Buhr, vice president; Vergene Anderson, secretary; Audrey Walker, treasurer; and Fay Patterson, rushing chairman.

### PHI MU

Carol Herzog, AAS Jr., is the newly elected president of Phi Mu sorority.

Other officers are: Pat Bergquist, vice president; Cecile Myhra, secretary; Mary Wal-lum, treasurer; Jan Melby, pledge director; and Fran Minnehan, membership director.

### KAT

Norma Carlson, H. Ec. Jr., has been elected president of Kappa Alpha Theta sorority.

Other officers elected were: Diana Herman, first vice president and activities; Phyllis Gill, second vice president and panhellenic delegate; Toni Woodmansee, recording secretary; Carol Schultz, treasurer; Jane Costain, corresponding secretary; Irene Swanson, rushing

Fargo Mayor Herschel Lashkowitz sips a cup of coffee after speaking to the ISA.

## Lashkowitz Speaks At ISA Meeting

The most important factor contributing to Fargo's receiving the "All-American" city was the urban renewal project. Fargoans may feel highly honored to receive such a high national award.

Mayor Herschel Lashkowitz of Fargo made these comments Monday night at a meeting of the Independent Students Association. The group participated in an open informal discussion with the mayor.

The informal discussion was started by the members asking questions on such topics as All-American City, the farm problem, and city improvements.

The mayor stated that if the farm problem was to be helped, both political parties had better "get on the ball" and get down to business. If something is not done in the near future our economic system may be in grave danger.

When asked why the city did not build a larger civic auditorium Mayor Lashkowitz said that there was a lack of funds and that upkeep would be considerably more with a larger building; the auditorium serves 90% of our current needs.

He foresees in the future a possible cooperative effort between the city and the college in building a winter sports arena.

While enjoying a cup of coffee with the group, the mayor posed the question to the group advisor, Professor Shulman, "How do you keep this group so healthy and happy?"

### Poor Relations

What would you think of a relative who had an income of \$7,000 a year, but had run up a debt of \$29,000 of which \$5,000 was payable on demand and \$7,500 more within a year?

Well, don't disown him too soon. Add seven zeros onto those figures and you've got your Uncle Sam.

"Second Lt. Ken Cornell let me help you with those bars," says Sara Riley. Ken had just been commissioned as a Second Lieutenant in the U. S. Air Force. He now goes to Patrick Air Force Base at Cocoa Beach, Florida. A little added news—before he left Ken presented Sara with a beautiful diamond ring.

## Faculty Members Receive Appointments

Three members of the mechanical engineering department faculty on campus have been accepted as participants in Summer Institutes at three institutions of higher learning.

Melvin L. Forthun, thermodynamics instructor in the mechanical engineering department, has been selected to attend the six week Summer Institute for College Teachers of Engineering beginning on July 11 at Stevens Institute of Technology, Hoboken, N. J.

Edward Price, mechanical engineering instructor, has been selected as one of the participants in the Summer Institute on the

Nature and Properties of Materials at Iowa State University, Ames, Iowa. The six-week Institute to be held this summer is sponsored by the National Science Foundation.

Thomas Sakshaug, associate professor of mechanical engineering, has been accepted as a participant in the Basic Summer Institute on Nuclear Energy at Purdue University, Lafayette, Ind. The eight-week institute is sponsored by the Atomic Energy Commission.

All three plan to return to NDSC in the fall following their special summer study.

## Job Interviews

## Placement Office

Monday, Tuesday,  
Mar. 28 & 29, 1960

Ralston Purina Co., Mr. G. E. Thoey, sales manager for the Minneapolis Division of Ralston Purina Company, will be on campus to interview students for sales positions with the Company. There are current openings in the North Dakota and Minnesota areas for men with farm background and majors in either Ag. Ed., An. Hub., Agronomy, Poultry or Bus. Econ. The desired age for these positions is 25-30; however, any graduate is welcome to make an appointment to discuss employment opportunities with Ralston Purina.

Tuesday, Mar. 29, 1960

Campbell Soup Company will be on campus seeking interviews with students and graduates interested in sales work with the company. Campbell's representatives receive formal and on-the-job training. The Company offers salary, expenses, car allowances, liberal hospital insurance, life insurance and pension programs at no cost to the employee. An immediate opening exists for a grad-

uate who has completed his military service and would be willing to headquarter in South Dakota.

Mr. Rollie Quam, representing "Boy Scouts of America" is currently seeking contact with students interested in summer camp work at Camp Wilderness, Park Rapids, Minnesota. Positions open include water front directors, nature guides, and a husband and wife to serve as family director and general secretary. Interested students may contact Mr. Quam directly or call the Placement Office for information.

Monday, March 28, 1960

Great Northern Railway Company. Mr. R. W. Gustafson will interview graduating civil engineers for positions in the bridge department of the Great Northern railroad. Assignments will be in the St. Paul area.

Tuesday, March 29, 1960

U. S. Marine Corps Officer Selection Team will visit the campus to help students plan for their service obligation and to explain the advantages of obtaining

a commission in the Corps. The team's purpose is to acquaint students with U. S. Marine Corps officer programs available to college graduates.

The Atomic Energy Commission has initiated a program for training of nuclear engineers to fill positions in the Commission's reactor programs. Appointments are open to candidates for BS degrees in mechanical or electrical engineering and physics. Successful candidates participate in an 18-month training program at the graduate level. Following completion of training, each employee is reassigned to the AEC Operations Office. Interested students are asked to contact the Placement Office for applications.

There is a current need for a student's wife to assist a blind student with his reading assignments. Time and place for reading can be scheduled per the student's availability. Those interested are asked to contact the College Placement Office to arrange a meeting with the respective students.

# BACHMEIER MAKES ALL-AMERICAN

By Sports Editor Sherry Bassin  
North Dakota State College scoring ace Marv Bachmeier likely received one of the most deserving honors of his basketball career in being named to basketball's 1960 Little All-American by the Associated Press.

Bachmeier was named to the 3rd team last year as a sophomore and was the only junior to be named on this year's team.

With a big reason to believe that Marv will have a bigger and better year as a senior, there is a great possibility that he may be a 1961 All-America repeater.

Marv, who hails from Devils Lake, was just recently named North Dakota's athlete of the year. Now, to add to this distinction he has been named one of the best small college basketball players in the nation.

The Devils Lake junior worked hard for his honor. At all times he played "heads up" ball and his few bad games can hardly be remembered because of his many top notch performances.

The North Central Conference individual scoring record was broken both this and last year by Bachmeier, another example to prove that even on his bad

nights his shooting was sharper than Jesse James'.

As a sportsman, Marv must rank with the best. Whether he was on the hardwood court or on the street he always made a creditable showing.

Marv Bachmeier will likely go down in the record books as one of the best all around ball players that ever displayed his basketball prowess on a North Dakota State College court.

So, we offer our congratulations to a great sportsman for a most deserving award.

All organizations interested in softball should attend the meeting on Monday, Mar. 28 at 4:15 p.m. Room 204 in the Physical Education Building. All entrance fees and rosters should be handed in by this date.

Marv Bachmeier is seen here relaxing after receiving word he was named to the first little All-American basketball team by the Associated Press. Bachmeier was the only non senior to be named to the all college squad.

## A Campus-to-Career Case History

### "Telephone company engineering has it for real interest and variety"

Ronald F. Radke got his B.S. degree in Mechanical Engineering from Oregon State College in June, 1956. In July, he went to work for The Pacific Telephone and Telegraph Company in Portland.

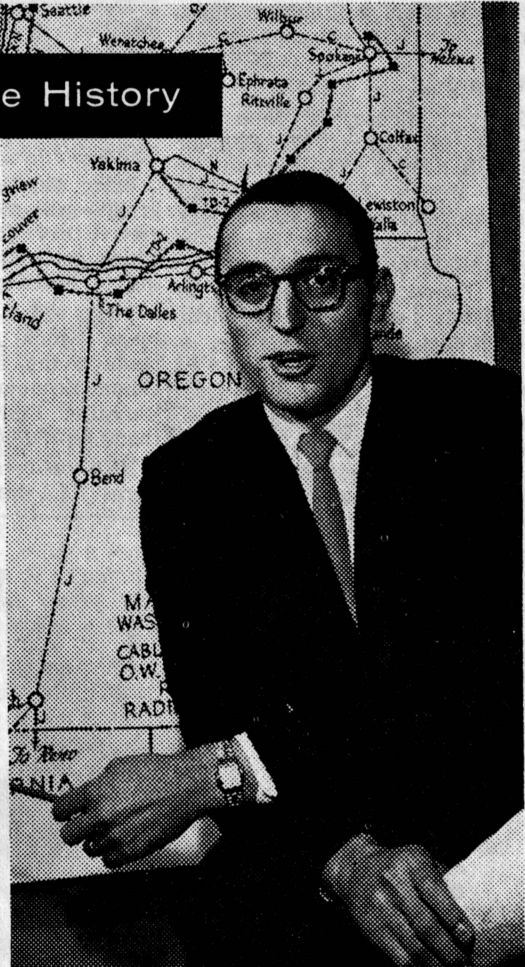

"I wanted *variety* in my engineering career," says Ron, "and this looked like the place to find it."

It was. Ron has handled a great variety of interesting, productive assignments.

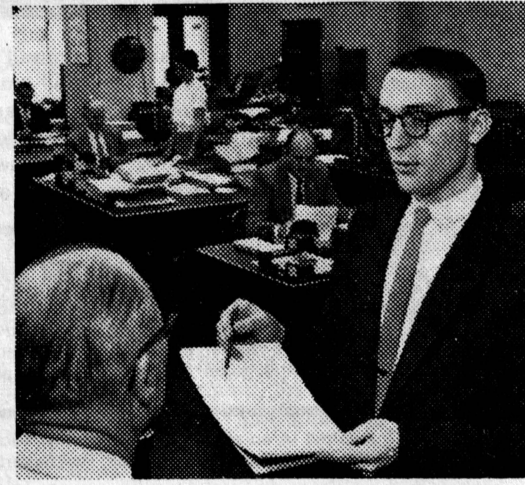

He worked on new-building construction projects—sometimes doing designing himself, sometimes working with outside architects. He programmed additions to central office buildings. Then, as a staff assistant and chief frameman in the Plant Department, he supervised eight people responsible for maintaining switching equipment. In this capacity he visited and became familiar with most of the 60 telephone buildings in the state.

Since April, 1958, Ron has worked on SAGE defense systems, and has made special studies of carrier and cable routes for long distance telephone circuits. Recently, he finished special training in IBM equipment and methods—and is currently introducing new, mechanized procedures to many company engineering operations.

"There are always new challenges and opportunities," says Ron. "For real interest and variety, telephone company engineering has it!"

Ron Radke is shown above in front of an Oregon toll-route map. Below, he is discussing mechanized work procedures with an Equipment Costs Engineer.

*There may be a bright future for you, too, in the Bell Telephone Companies. Talk with the Bell interviewer when he visits your campus—and read the Bell Telephone booklet filed in your Placement Office.*

## ND State Track Team Will Journey To NDU

Tomorrow afternoon the North Dakota State College track team will be in Grand Forks for the northern half of the North Central Conference indoor track meet.

Southern half of the meet was held on March 12 with Iowa State Teachers winning.

Teams from North Dakota State College, University of North Dakota and South Dakota State College will be represented at this meet.

Coach Tom Neuberger was pleased with the performance of his athletes at the Canadian Indoor Championships at Winnipeg last week. Although they didn't

place, Neuberger felt they competed well for the type of competition.

NDSC competitors this week will be: Jim Clow, pole vault; Tom Egan, shot put; Don Nelson, broad jump and 60 yd. dash; John Eian, 60 yd. and 440 yd. dash; Jerry Erck, high hurdles and low hurdles; Noel Mohberg, 1/2 mile; Oddvar Helgeson, 1 mile and 2 mile; and Bob Williams, 1 mile and 2 mile.

## Kaiser Wants More Interested Recruits For Golf Or Tennis

With eight meets scheduled for golf and a similar schedule of tennis meets there is an urgent need of recruits for these respective sports. Mr. Kaiser is now conducting daily golf practices and asks any student interested in trying out for the golf team to report to him at the field-house.

The first scheduled golf meet is April 22 at Moorhead State College. There will be teams from Concordia, North Dakota University, Bemidji, North Dakota State College and Moorhead State competing.

### GAMMA DELTA

The regular meeting of Gamma Delta will be held at 5 p.m. Sunday, Mar. 27, at Immanuel Lutheran Church, 1258 Broadway. A film on the teaching or preaching of the ministry will be shown.

There will be an executive board meeting at 3:30 p.m. Sunday for all newly elected officers. Everyone is urged to attend.

### KDSC RADIO

Written applications for Station Manager of KDSC, Campus Radio may be turned in this week to Larry Hunter at the station.

Interviews will be conducted next week. Anyone may apply, experience with the station is not necessary, although desirable. This is a salaried position.

### ISA

The Independent Students Association will meet Monday, Mar. 28 at 7:30 p.m. in Meineke Lounge. A social evening is planned. Coffee will follow.

### BAHAI'S LECTURE

Bahai's of Fargo invite you to a talk "Religion and Science" by Dr. Hushang Javid, associate professor of surgery, U of Minn. The lecture is at the Hotel Graver on Sunday, Mar. 27 at 3:00 p.m.

### BISON ANNUAL

Key staff members for next year's Bison will be selected prior to April 15.

Persons interested in working in the areas of copy writing, photography, layout and serving as departmental editors please see or drop a note to Mary Walum, in the Bison office.

### FFA

FFA meeting on Mar. 30 at Morrill Hall, room 215 at 7:30 p.m. There will be election of officers.

### NEWMAN CLUB

Dedication of the new organ and High Mass will be held Sunday afternoon at 5:00 p.m. at the

Newman Center.

The regular supper will be served at 6:30. Skip North from the U of Minn. will give a short talk.

### ISA DANCE

ISA will sponsor a dance on April 1, at 9:00 in the Student Union Ballroom. The music of Glenn Miller, Les Elgart and other orchestras will be brought to life through the latest in stereophonic sound.

This dance is an attempt to raise funds for the establishment of a student scholarship.

### AIA

AIA meeting on Wednesday, Mar. 30 at 7:30 p.m. in room 22 of South Engineering. Speaker will be Mr. K. Henning.

## State FHA'ers To Invade Campus For 15th Annual Convention April 1-2

More than 475 members of the Future Homemakers of America organization from throughout the state are expected to attend the 15th Annual FHA convention on April 1 and 2 at NDSC.

The theme for the convention "Today's Teens Prepare for Tomorrow" will be carried out during the program.

State officers state officers-elect, and district presidents will arrive Wednesday for a pre-convention meeting.

These three groups will be entertained by the School of Home Economics at a buffet supper in the meal planning dining room Thursday at 5:30 p.m., followed by a Fun Fest in the Student Union.

Prior to the convention these groups will meet together to review the convention program which got underway Friday morning in Festival Hall.

They will also plan the group tours which will take FHA'ers through the sorority houses and Home Economics building. Miss Christine Finnlyson will address them on "Imagieering in FHA."

FHA officers will be housed in Ceres Hall dormitory and will be

guests of the Ceres Hall Counselors for a "Drumstick" party Wednesday night.

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt... and with the air and space vehicles of the future. Someone must chart its course. Someone must *navigate* it.

For certain young men this presents a career of real executive opportunity. Here, perhaps you will have the chance to master a profession full of meaning, excitement and rewards... as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant... and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

## FIXED FOR LIFE

The car may be repaired but this small victim will never be the same. All because some driver gambled with speed limits, cheated a stop sign or ignored road markings. Most accidents can be traced to such law violations. Each day they injure, cripple and kill thousands. Help end this frightful toll! Drive carefully. Obey the law. Insist that others do, too. Where traffic laws are strictly obeyed, accidents go down!

### FACE THIS FACT

Drivers are the No. 1 cause of traffic accidents which last year injured 1,400,000 and killed 38,000. This year an increase is threatened. How long must this go on? YOU can supply the answer!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.
