Dr. Miller Will Be Guest Lecturer To Promote Interest In Physics

Dr. E. E. Miller, of the Department of Physics at the University of Wisconsin, will serve as a visiting lecturer on Monday and Tuesday, Mar. 28 and 29. He will visit under the auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nationwide program to stimulate interest in physics. The program is now in its third year and is supported by the National Science Foundation.

Dr. Miller will give lectures, hold informal meetings with students and assist faculty members with curriculum and research problems. Arrangements for his visit are being made by Dr. Elliott H. Weinberg, Chairman of the Physics Department. Dr. Miller has served as consultant to the Agricultural College at the University of Wisconsin for the past ten years. He has served as Consultant to the United States Department of Agriculture.

His evening convocation will be an expression of his own feeling that we do not always get our money's worth in government spending on human problems. The show will include six brodel ensembles with complete wedding and trousseau. They will be as follows: Informal wedding, sheath; semi-formal, Ballerina dress; Intermission, and Floor length; and Formal, chapel train.

The event is an annual event sponsored by the Student Union Activities Board. This year the show features over 60 male and female models from the NDSC Campus.

Bison Brevities director, Dick Weeks, has announced the following schedule for those organizations participating in Bison Brevities:

Monday, April 4—Semi-dress rehearsal with make-up. Performances will be given starting Thursday, April 1, at 8:00 p.m. for three consecutive nights.

Dick Weeks Sets Schedule For Brevities Rehearsals

Bison Brevities director, Dick Weeks, has announced the follow-
OFF THE EDITOR’S CUFF

BY EVANNE GROMMESH

Look at the cartoon below the column and have a good laugh. Isn’t that funny joke? ... Or is it funny and is it a joke? I don’t think so.

Perhaps a few of you don’t know what hazing is. Maybe you’ve called it hazing, even though you don’t know what it is. So let’s all agree that the week before fraternity pledges become mighty actives is devoted to showing the pledges just how lovely they are.

RESULTS OF SCUMMING

You’ll think after an incident like the one in California when a scam choked to death on a piece of oiled liver he was forced to swallow, would make the fraternities sit up and think a bit and stop their foolishness. But no.

From several people I’ve been hearing these results of the 1960 Hell-week on NDSC campus:

• Pledge knocked out after being hit on the head with a bottle
• Pledge passes out twice during Hell-week as a result of the “fun” he’s going through.

• Pledge is boarded 40 times in one-half hour.

FRATERNITY ARGUMENTS FOR

What arguments do fraternities present in favor of this? They say first of all it’s fun and secondly, and most important, it brings the pledges closer together.

ARGUMENTS AGAINST

I wonder how many fellows would say they’re going through it—“Oh, it’s fun to be boarded and it’s fun to eat the food the actives fix for us.” Later on they may say “It was fun, but do you really mean it or is it just the thing to say. After all, how would it sound to say “It was just horrible? I didn’t think I’d make it.”

2. You fraternities certainly can’t believe that if your pledges aren’t an active group that one week is going to bring about the change. Think again. Why do you keep them pledges for 2 quar­ters? This is the time to carry out that purpose. If you have a good group of new actives, put yourselves on the back for your good overall pledge program, not for Hell-week. Take a good look at your pledges. Do you have a couple who is all the same. Then through scumming by themselves and most likely for only a few days... That the pledges, aren’t they?

3. I’m wondering how many of the scums that had Hell-week last week got good marks in tests they took or for that matter got anything out of class at all. Scums get NO sleep whatsoever. They’re watched at all times. As a result of this class time was time for a good sleep. It’s really a whole week of school missed. Fraternity schol­arship certainly isn’t helped by all this. It seems almost ironical how first of all pledgers really got for an average so they can go active and then this BIG aid to scholarship occurs. One more thing—lots of adults think college students are in school just for fun and a good time. Many probably think this more of those who are Greeks.

At the present time, we have a campus committee which is in the process of planning a work­shop to familiarize NDSC students with the why’s and hows of Name Change. This illustrious commit­tee is made up of Evanne Grom­mesh, Suellen Ringsak, Al Hart, Lyle Baker, Jim Lomast, Sherry Basins and your truly.

There are many positions left to fill on this committee and much room for advancement. Ap­ply in person to any of the above personnel.

To those of you that are won­dering about our organization throughout the state, it is grow­ing by leaps and bounds. NDSC have 46 county chairmen and committe­es are gathering their petitions in. They have to be turned in to Dale Brostrom’s office in the Student Union before March 31.

Perhaps a few of YOU don’t know what hazing is. Maybe you’ve called it scumming, for Hell-week. Well, I don’t think we can blame them when scums are out singing and yelling and bells are ringing at all hours of the night. Some say fraternity ARGUMENTS AGAINST

This week before fraternity pledges become mighty actives is devoted to showing the pledges just how lovely they are.

to slight our friends? (7) to the north and their glorious (?) institu­tion, know now your error. In wanting to change our name, we are merely a part of a nation wide movement of land grant institu­tions. Forty two of the fifty orig­inal land grant colleges are now universit­ies.

Statements from our Presi­dents and Deans would indicate that the change was an advan­tageous one. More federal and pri­vate grants became available for research and advanced study, and finance is but one of the many ad­vantages of the Name Change.

Many of the people who op­pose Name Change feel that the cost of such a venture would be prohibitive. However, in the light of the fact that our aims and purposes would remain un­altered and also the possibility of increased grants, this point is rather hard to justify.

One last thing whilst ye olde editor cracks her whip over my head. Organizations who are in the petition trophy contest should be gathering their petitions in. They have to be turned in to Dale Brostrom’s office in the Student Union before March 31.

Pledges must be bound to a box and marked with the name of the organization. Remember that the trophy will be awarded on a per capita basis so size of the organization does not matter.

Those of you who do not have a long to an organization, or who are not on the campus committee, have no reason to feel like the coed who broke the string on her girdle and said, “This lets me out.” Every petition counts, and there are many positions open on the campus committee. Running a successful Name Change campaign will take effort on the part of every student at NDSC. Anyone who is interested and would like to work on name change please contact one of the people on the campus committee.

Well, the time has come as the walrus said, and I have met my first deadline. Any of you who have any questions on any facet of Name Change please write to Box 3266 State College Station, and we will do our best to answer them. I’m fairly stupid myself but I have lots of intelligent help.

Hi-Society
By Mary Stenso

And in this corner we have Stary Meno; society's solvable social problem. In Home Ec, retailing from Craf- ton, I'm going to attempt to take over this column from "da goll across da hall." I hope you can keep a few of your socially stimulating activities. 

But remember, I can't do it alone; have your news in my box in the Spectrum by 12:00 noon, Tuesday.

Spring is sprung, the grass is riz. I wonder where they planted the flowers? But regarding the AGR's and Gamma Phi's already had one. Thursday, the 17th, to be exact. Understand the costumes for the occasion will be either party frocks and fun-lined mukluks.

Try to walk through the union last Tuesday morning 9:45. Couldn't even get near the place. I heard someone say that they should have held the convo down there. 

P.S. good news everyone got them! 

Many candles and cigars were passed this last Monday night. Along the pinning line we have: Carol Olson, Kat, Glen Ferguson, SAE; Gloria Essenger, KD; to Chuck Renschler, SAE; and Robyn Stroup, GPB, to Ed Vinge, Th, Chi from Northwestern Univ. 

More pinnings: Janice Abbey to Dave Rud, SPD; Kappa Psi Jim Irsfeld to Mary Skiviera of Breckenridge; Jim Hal- son, Sig Chi, to Shirley Brady of Jamestown; and George Goesser, Co-op, to Rose Marie Miller, of Roseau.

Don't forget the play "The Winslow Boy" at LCT tonight and every night until Sunday night. 

Sig Chi, to Sharon Knobel of Davenport, ND. and coming up Thursday, the 17th, to be exact. Understand the costumes for the occasion were parkas and fur-lined mukluks.

SAE's Act As Hosts
To Weekend Meet

The SAE's are acting as hosts to the annual province convention this weekend at NDSU.

The convention is held every year to discuss policies and new ideas within the fraternity. The convention involves includes schools in North Dakota, Minnesota, and Wisconsin. 

Approximately 60 delegates will be here as representatives of their various colleges and universities.

A full schedule of events is planned with the highlight being a banquet and party Saturday night at the Moorhead Country Club. The event will last through Sunday.

Sorority Officer
Comes To Campus

Alpha Gamma Delta sorority will be hosting to their Province President, Mrs. Robert Flicken, this weekend. 

Lynne Flicken will meet with the officers and discuss their problems. 

She is a graduate of the University of Wisconsin, now lives in Wisconsin. 

Lynne, besides her Alpha Gamma Delta activities, is a Girl Scout Leader, teaches swimming and gives piano lessons to her two daughters. In addition to these activities, she has had a column in a Madison paper.

Emergency—all times.

---died a twist of lemon peel.---

First of all, we will take up the matter of diet. In the past, babies were usually fed a scientific formula consisting of dextrose, maltose, distilled water, evaporated milk and a twist of lemon peel. 

After eating, the baby tends to grow sleepy. A lullaby is very useful to help it fall asleep. In case you don't know any lullabies, make one up. This is not at all difficult. In a lullaby the words are unimportant since the baby doesn't understand them anyhow. The important thing is the sound. All you have to do is string together a bunch of nonsense syllables, taking care that they make an agreeable sound. For example:

Go to sleep, my little infant,
Go to sleep, my sweetie

© 1960 Max Skulman

On a recent tour of seventy million American colleges, I was struck by two outstanding facts: first, the great number of students who smoke Marlboro, and second, the great number of students who are married.

The first phenomenon—the vast multitude of Marlboro smokers—comes as no surprise for, as everyone knows, the college student is an enormously intelligent organism, and what could be more intelligent than a Marlboro? After all, pleasure is what you smoke for and pleasure is what Marlboro delivers—pleasure in every puff of that good golden tobacco.

If you think flavor went out when filters came in—try a Marlboro. Light up and see for yourself...Or, if you like, don't light up. Just take a Marlboro, unlighted, and puff a couple of times. Get that wonderful flavor? You bet you do! Even without lighting you can taste Marlboro's excellent filter blend.

Also you can make your package last practically forever.

I say, it was not the great number of Marlboro smokers that astounded me, it was the great number of married students. You may find this hard to believe but latest statistics show that at some coeducational colleges the proportion of married undergraduates runs as high as thirty percent! And, what is even more startling, fully one-quarter of these marriages have been blessed with issue!

Here now is a figure to give you pause! Not that we don't all love babies. Of course we do! Babies are pink and fetching creatures, given to wisecracks and drool expressions, and we all like nothing better than to rain kisses on their soft little skulls.

But just the same, to the young campus couple who are parents for the first time the baby is likely to be a source of considerable worry. Therefore, let me devote today's column to a few helpful hints on the care of babies.

First of all, we will take up the matter of diet. In the past, babies were usually fed a scientific formula consisting of dextrose, maltose, distilled water, evaporated milk and a twist of lemon peel. In a lullaby the words are unimportant since the baby doesn't understand them anyhow. The important thing is the sound. All you have to do is string together a bunch of nonsense syllables, taking care that they make an agreeable sound. For example:

Go to sleep, my little infant,
Go to sleep, my sweetie

N. D. Home Ec Association Elects Miss E. Reynolds As President

Miss Emily Reynolds, associate professor of textiles and clothing at NDSC was elected president of the North Dakota Home Economics Association at a convention held in the School of Home Economics at the University of North Dakota on Sat., March 19.

Convening at the same time with the Home Economics Association were the North Dakota Dietetic Association and the North Dakota College Home Economics Clubs.

The purpose of the meeting was to further interest in home economics.

Approximately 50 Tryota members attended the meeting from State. SC co-eds elected to office were Patty Meyer, junior, as state president of the college groups and Verona Wegley, sophomore, as secretary-treasurer.

Students taking active parts in the discussions which were on keeping up with home economics were Kay Lavold, Janice Dunbar, Aylene Puppe, Pat Roberts, and Marilyn Sten.

Speakers were Mary Kipple, representative of Pillsbury Research Home Service Center and Betty Ruth Joyce, national field representative of NDHEA.

Special honor at the convention luncheon was given to Grace De Long, who is retiring as head of state demonstration work, and to Miss Lucille Horton, chairman of SC Home Economics Education.

Scholarships were awarded to study in home economics to Cassandra Olson of Viking, Minn., and Marjorie Ogard of NDSC.

NOTICE

Election of officers for Associated Women Students is to be held Monday, Mar. 28 at 9:00 p.m. in Conference rooms 1, 2, and 3 of the Memorial Union. All women on campus are members and are invited to attend.

Poor Relations

What would you think of a relative who had an income of $7,000 a year, but had run up a debt of $29,000 of which $5,000 was payable on demand and $7,500 more within a year?

Well, don't disown him too soon. Add seveneros onto those figures and you've got your Uncle Sam.
Faculty Members Receive Appointments

Three of the mechanical engineering department faculty on campus have been accepted as participants in Summer Institutes at three institutions of higher learning.

Melvin L. Forthun, thermodynamics instructor in the mechanical engineering department, has been selected to attend the six-week Summer Institute at Purdue University, Lafayette, Ind. The eight-week institute is sponsored by the Atomic Energy Commission.

All three plan to return to campus in the fall following their special summer study.

by Sports Editor Sherry Bassin

North Dakota State College

Marv Bachmeier like­

Marv, who hails from Devils
Lake, was just recently named
North Dakota’s athlete of the
year. Now, to add to this distinction
he has been named one of the best
small college basketball players in
the nation.

The North Central Conference
individual scoring record was
broken both this and last year
by Marv. As a matter of example to
prove that even on his bad
nights his shooting was sharper
than Jesse James’.

As a sportsman, Marv must
rank with the best. Whether he
was on the hardwood court or on
the street he always made a
credible showing.

Marv Bachmeier will likely
go down in the record books as one
of the best all around ball players
that ever displayed his basketball
prowess on a North Dakota State
College court.

So, we offer our congratula­tions to a great sportsman for
a most deserving award.

All organizations interested
in softball should attend the
meeting on Monday, Mar. 28
at 4:15 p.m. Room 204 in the
Physical Education Building.
All entrance fees and rosters
should be handed in by this date.

There may be a bright future for
you, too, in the Bell Telephone
Companies. Talk with the Bell in­
terviewer when he visits your campus
—and read the Bell Telephone
bulletin filed in your Placement Office.
NDSC YOUNG REPUBLICANS CLUB IS NOW IN ACTION. Newly elected officers Doug Hof­strand, vice president; Don Allen Ringlek, secretary; Cy Pyott, president; and Dave Carlson, treas­urer, will meet Wednesday at 7:30 p.m. in room 22 of the School of Business. One of the first resolutions passed by the Young Republicans was to solidify support the Name Change. The next meeting will be held on April 7 at 7:00 p.m. in room 101 of the Library. You are all invited to attend.

- NOTICES -

GAMMA DELTA
The regular meeting of Gamma Delta will be held at 5 p.m. Sun­day, Mar. 27, at Immanuel Luth­eran Church, 1258 Broadway. A film on the teaching or preaching of the ministry will be shown.

There will be an executive board meeting at 8:30 p.m. Sun­day for all newly elected officers. Everyone is urged to attend.

KDSC RADIO
Written applications for Sta­tion Manager of KDSC, Campus Radio may be turned in this week to Larry Hunter at the station.

Interviews will be conducted next week. Anyone may apply, ex­perience with the station is not necessary, although desirable. This is a salaried position.

ISA
The Independent Students As­sociation will meet Monday, Mar. 28 at 7:30 p.m. in Meineke Lounge. A social evening is planned. Coffee will follow.

BAHAI’S LECTURE
Babali’s of Fargo invite you to a talk “Religion and Science” by Dr. Hushang Javid, associate pro­fessor of surgery, U of Ill. The lecture is at the Hotel Graver on Sunday, Mar. 27 at 2:00 p.m.

BISON ANNUAL
Key staff members for next year’s Bison will be selected prior to April 13. Persons interested in working in the areas of copy writing, photography, layout and serving as departmental editors please see or drop a note to Mary Wal­burn, in the Bison office.

FFA
FFA meeting on Mar. 30 at 7:30 p.m. in room 22 of South Engineering. Speaker will be Mr. K. Henning.

NEWMAN CLUB
Dedication of the new organ and High Mass will be held Sun­day afternoon at 5:00 p.m. at the Newman Center. The regular supper will be served at 6:30. Skip North from the U of Minn. will give a short talk.

ISA DANCE
ISA will sponsor a dance on April 1, 9:00 in the Student Union Ballroom. The music of Glenn Miller, Les Elgart and other orchestras will be brought to life through the latest in stereophonic sound. This dance is an attempt to raise funds for the establishment of a student scholarship.

AIA
AIA meeting on Wednesday, Mar. 20 at 7:30 p.m. in room 22 of South Engineering. Speaker will be Mr. K. Henning.

State FHA’ers To Invade Campus
For 15th Annual Convention April 1-2

More than 475 members of the Future Homemakers of America organization from throughout the state are expected to attend the 15th Annual FHA convention on April 1 and 2 at NDSC.

The theme for the convention “Today’s Teens Prepare for To­morrow” will be carried out dur­ing the program. State officers state officers­elect, and district presidents will arrive Wednesday for a precon­vention meeting.

These three groups will be en­tertained by the School of Home Economics at a buffet supper in the meal plan­ning dining room Thursday at 5:30 p.m., followed by a Fun Fest in the Student Union.

Prior to the convention these groups will meet together to re­view the convention program which got underway Friday morn­ing in Festival Hall.

They will also plan the group tours which will take FHA’ers through the security houses and Home Economics building. Miss Christine Finlayson will address them on “Imagining in FHA.” FHA officers will be housed in Ceres Hall dormitory and will be guests of the Ceres Hall Coun­cils for a “Drumstick” party Wed­nesday night.

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war­galleys of ancient Egypt—and with the air and space vehicles of the future. Someone must chart its course. Someone must navigate it.

For certain young men this pre­sents a career of real executive oppor­tunity. Here, perhaps you will have the chance to make a profession full of meaning, excite­ment and rewards—as a Naviga­tor in the U. S. Air Force.

To qualify for Navigator train­ing as an Aviation Cadet you must be an American citizen between 19 and 26—their single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieuten­ant...and your Navigator wings.

If you think you have what it takes to meet the require­ments of the Avia­tion Cadet Program for Navi­gator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There’s a place for tomorrow’s leaders on the Aerospace Team.
