NDSC Students Want Tennis Court

SC Sophomore Saves UND Student From Near Drowning In ND Lake

"If I hadn't decided to get that pall of water I might not have been here now," said Jim Officer, as he told of his weekend experience at the Interdenominational conference at Lake Ashbuta in Valley City.

Officer, a pharmacy sophomore at NDSC from Nortonville, became the UND freshman Leo Lomatta, 24, from drowning Saturday, Garritt Hollara from UND, who was with Lomatta when their canoe overturned, drown.

The three students had met for the first time Friday night. Officer said that Lomatta and Hollara had dangled to help to get from the canoe ride early Saturn day but he had declined to ask it for water at a neighboring farm.

"Later on I decided to row out to look for the canoe before breakfast," said Officer. "I saw Leo and Gary's boat but it was so far away I didn't realize they were in trouble.

As I came closer I found Leo in the icy water clinging desperately to the side of the canoe." "Gary was already gone, Leo had watched him disappear beneath the water after Gary had decided to swim for shore.

"I warned Lee and told him to hang on just a few more minutes so I could help him. He was all blue," Jim got to him in time.

Leo Lomatta said that the canoe had overturned when he and Gary had tried to switch places in the canoe.

Hallara's body was found later Sunday afternoon. "The forty students at the camp were solemn but not sorrowful," said Officer. "I guess he felt that Gary had gone home."

Unanimous Yes Vote Indicated By Recent Spectrum Survey

Students at NDSC recently voted yes in support for the need of tennis courts on campus.

In the recent poll made by the Spectrum, there was not one ballast cast against the need of tennis courts. Although there was only a small amount of ballasts cast as compared to the overall enrollment the one sided vote expressed in part the students feelings.

The feeling was expressed so overwhelmingly it is hard not to believe that if all the students had voted the vote wouldn't have gone the same way.

There is good reason to believe therefore that the recent vote dictates the NDSC students feeling towards the need of tennis courts.

Construction Of Dorms Will Begin; Scheduled To Be Ready In Fall Of 1961

Construction of two new dormitories on the NDSC campus will begin as soon as final plans are approved by the government, according to Sherwood A. Barrow, assistant business manager of NDSC.

The architectural firm of Johnson and Lightowler is now working on the final plans which are expected to be approved sometime this summer. Pending no unforeseen problems, construction will probably begin in the late summer or fall.

The new buildings will include a men's dormitory, to be known as Reed Hall, and women's residence, to be named Burgum Hall.

Reed Hall will cost $700,000 and will house approximately 200 students. It will be located just south of Minard Hall in the area now partially occupied by the Minard parking lot. It will be named after Robert B. Reed, first graduate of NDSC.

Burgum Hall will be located south of Old Main in the area just east of Putnam Hall. The $500,000 building is expected to house 180 women students. It will be named in honor of Jessamine Slaughter Burgum, first NDSC woman graduate.

It is expected that the buildings will be ready for occupancy in the fall of 1961.

The new dorms will be constructed with funds received as a loan from the Federal Housing Administration. The loan will be self-liquidating in that it will be paid off with money taken in through room rents, etc. Previously, the state legislature had passed enabling legislation authorizing the school to apply for the loan.

Model Man Named Tonight

Model Man Named Tonight

Honest Day Set

Two hundred NDSC students will be honored for their scholarship achievements at the 28th annual Honors Day Convocation on May 10 at 8:40 a.m. Senior Staff and Blue Key will sponsor this event.

Dr. Fred S. Holtz will speak on "The Challenge of Scholarship." Senior Staff and Blue Key will announce their new members. Blue Key will also present their Doctor of Service certificate. All scholars of the Honors Day committee will be honored at this time.

Members of the Awards and Honors Day committee, who plan the convocation are Miss Matilda B. Thompson, chairman, Leo Berlind, and Ernst Van Visslingen. This committee is appointed by President Holtz.

At the Interfraternity Ball to follow of these fellows will be named 1960 Model Man. The plan dance is at Fraser Memorial Armory at 9 p.m.

Student Union Will Not Open on Sundays

By Dean Forseth

Changes are very good that since you tuned in to The Spectrum you have heard or read elsewhere that the Union isn't going to open on Sundays. It's true. The Union administration is going to keep its doors closed on Sunday, and no amount of arm-twisting will change its mind on the issue.

Some of you may be saying, "I don't care whether the Union is open or closed, it's not going to do me much good. I wouldn't go there anyway." Perhaps you're right. Perhaps you wouldn't go there on Sundays. But then again, you might. And if you went there, you might find that the Union administration is more concerned with the students' needs than you thought it was.

Proponents of the elective plan also cite that even if an enrollment drop comes much of this drop will be delayed. The Union will not be able to carry on as planned with the loss of revenue and the increased costs associated with providing a 24/7 service. The Union administration is also concerned with the potential loss of revenue at the end of the year, when the Union's budget is determined. The Union administration is not in the business of making money, but it is in the business of providing a service to the students.

The Spectrum: What does it mean to have an All-American on campus?

We would like to take this opportunity to express our thanks and appreciation to the staff and faculty who help make our school a place where students can learn and grow. We would also like to thank the parents and families of our students for their support and encouragement.

Thanks to the students and faculty:
We would like to take this opportunity to express our thanks and appreciation to the staff and faculty who help make our school a place where students can learn and grow. We would also like to thank the parents and families of our students for their support and encouragement.

A special thank you to the students, faculty and staff who help make our school a place where students can learn and grow. We would also like to thank the parents and families of our students for their support and encouragement.

They say if you can't find anything else to talk about, you can always talk about North Dakota's weather and never be bored! Oh, how true—I think I'll move up to the North pole; it should be summer up there about now. (I'm getting so sick of this parka!)

Greek Week is about over—(Thank heaven, we can sleep again.) No, really, it's been fun thus far, and I'm sure it will finish that way.

Much singing, dancing, and picnicking this week—much more to come, too, by the looks of things—All-Greek picnic tomorrow at six bells with mock Olympics, good, good times for all.

Memorial Armory, here we come again. Tonight the big Interfraternity Ball is out there, starting at 9 p.m. Model Man will be announced—should be interesting!

Congrats to our new Greek Queen and King, Jenette Schulte, Phi Mu, and Willy Wieglo, Kappa Psi—Also to Nancy Palmer, senior with the highest average.

Cheerleading tryouts will be May 11 at 4:30 at Festival Hall. Come on, all you agile girls, let's jump for NDSC!
Defense Loans Will Be Available For Students

Grants totaling $56,221 will soon be available to NDSU students in the form of National Defense Student Loans, according to Dean F. C. Mirkam, scholarship committee chairman.

The money will be presented to the school by the Office of Education on the basis of awards of Health, Education and Welfare.

Benefits from the receipt of this grant will be twofold: consideration may now be given to additional loan applications and the minimum overall average required of applicants can be reduced.

Applications from students having overall averages of 2.30 or higher may now be considered.

Students in need of funds for educational purposes during the balance of the school year, including summer school should make application to Dean Mirkam in Dole Hall immediately.

Senior Engineers Schedule Reception

The annual School of Engineering Recognition for members of the senior class will be held in the Union Ballroom at 8 p.m. Monday May 9.

All engineering seniors and their wives are invited and will be honored by the faculty. The wives will be presented with "Phi T" degrees in commencement exercises conducted by Dean F. C. Mirkam.

Counseling and Guidance Workshop To Begin June 6

The second annual Counseling and Guidance Workshop will be held at NDSU June 6 to 10.

Elementary and secondary school teachers, administrators, medical and social specialists and counselors are invited to participate in the workshop.

The workshop will emphasize how guidance procedures can be used for improvement in pupil adjustment and achievement. Focused on the development of understanding and acquiring practical skills in dealing with individual pupils, the four major topics will be: promoting sound and mental health, fostering effective pupil learning, counseling for pupil development, and guidance and the educational process.

There will be live demonstrations, audio-visual presentations, case histories, tape recordings, closed-circuit television, and small discussion-work groups.

Dr. Robert E. Larson, Associate Professor of Education and Psychology and Dr. Gary R. Walt, Assistant Professor of Psychology and Guidance at NDSU, together with guest staff members, will supervise the workshop.

The guidance workshop is presented by the Department of Education and Psychology. Two quarter hours of credit will be earned upon completion of the workshop with an additional credit available upon completion of a special project. The registration fee for either two or three credits is $35, which includes tuition, fees, all materials used, a daily luncheon, and two daily coffee breaks.

Additional information may be secured by writing the Department of Education and Psychology, NDSU, Fargo, North Dakota.

ELECTIONS

KAPPA EPSILON

Jean Swanson has been elected president of Kappa Epsilon, national honorary pharmacy fraternity for women.

Other officers elected were: Judy Freeman, vice president; Lyla Piper, secretary; Judy Osten, treasurer; Kathryn Maxwell, reporter; and Dee Ann Nelson, historian.

Recently initiated into Kappa Epsilon were Pat McNamee and Mary Olsen.

KAPPA DELTA PI

Robert Johnson, AAS Jr., has been elected president of Kappa Delta Pi, national honorary education fraternity.

Elected to other offices were: Joyce Larson, vice president; Vergene Anderson, secretary; Dennis Peterson, treasurer; and Cheryl Larson, historian.

Shuble Owen, professor and assistant supervisor of agricultural education, is advisor.

SPORTS

ROTC Officers Honored By Guidon

Captain Douglas E. Christenson and Captain Clifford Hieta, NDSU assistant professors of military science and tactics, were honored at a "going away" tea in Meinke Dining Hall Tuesday.

Both men taught military science at NDSU for the past 17 months and are being transferred. Captain Christenson has been reassigned to the 1st Division of the 5th Army at Fort Riley, Kansas. He will report on Sept. 1, Captain Hieta and his family left yesterday for Bethlehem, Penn., where he will attend classes at Lehigh University.

Members of Guidon, auxiliary to the Reserve Officers of the U. S. Army, were hostesses.

Summer Institute Accepts High School Teachers

Seventy high school science and mathematics teachers have been accepted for the 1960 Summer Institute at NDSU June 13 to Aug. 5.

The institute, made possible by a $93,700 grant from the National Science Foundation will enable high school teachers to broaden their knowledge in science and mathematics. The purpose of the Institute is to corrode subject matter rather than ways and methods of teaching. Each participant will take three courses during the eight-weeks, a Seminar, an advance course and a review class is of four subjects — mathematics, psychology, physics or chemistry.

NDPSF professors will serve a seminar faculty members. Nationally known lecturers will also speak on modern phases of the special fields in science and mathematics.

Although the majority of the participants come from North Dakota and Minnesota, other areas of the country are represented, including the Panama Canal Zone and California. The screening committee selected the participants primarily on the basis of their capacity to absorb the topics and their need for updating the knowledge of science and mathe- matics.

Dr. P. S. Minnre, institute director, said the 70 participants will be given $75 a week plus $1 a week for each dependent. Travel expenses, tuition and fees will be provided.

It is expected that 18,000 teachers will attend 379 similar institute throughout the country this summer with grants from the National Science Foundation.

Exhibit of Sacred Art Begins At St Paul's

St Paul's Student Center will present an exhibit of Sacred Art beginning on Sunday evening and continuing until May 25. Mr. Kacmarcik of St Paul, Minn., will lecture on art and religion at Commencement Set For May 22

Baccalaureate and Commencement for students receiving degrees from NDSC will be held on May 22 in the Field House according to B. B. Brandum, registrar.

Baccalaureate will be at 10 a.m. with Commencement the same afternoon at 2 p.m. Such an arrangement permits many parents and friends to drive to Fargo for the exercises and to return the same evening without having to stay overnight.

Due to the increased size of the graduating class, an effort is being made to shorten the program by having no formal commencement exercises.

Between 600 and 625 students are candidates for both bachelor's and master's degrees.

Students and Staff of N.D.S.C.

It is our belief that many of you are of the opinion that we are always very busy. Not at times, yes. But we have more idle time than we like here in our situation. We have four working chairs—and four waiting chairs so if the shop is filled, it would still be less than 60 minutes wait. You see, the average time for a hair cut is 20 minutes so if there are four barbers working and less than four waiting it would be less than 20 minutes and there would be an idle barber—we don't like to idle.

So often someone will look in and see maybe one or two waiting and turn and walk away—thinking "too long to wait". If you just think about it you would find it in a few minutes.

We enjoy your patronage and we try to serve you to your liking though we are only human and do realize that we couldn't possibly please everyone. There are four of us—and each barber regardless who he is, has just a little different conception of what constitutes a good hair cut. So if one of us doesn't do just what you have in mind, why not try one of the others? We feel that the barbers in your student union shop are as good as any in their field. Feel free to wait for the barber of your choice.

If you have a complaint tell us if you are satisfied tell your friends.

We accept appointments — Dial AD 2,5134. Our hours are from 8-00-5:30 daily. Sunday 12-00. The shop will remain open after school hours until 8:00-00, Sat. 8-00-12-00.

STUDENTS AND STAFF OF N.D.S.C.

Newman Hall Sunday at 7:30 p.m. Mr. Kacmarcik was formerly head of the art department at St. John's University, and is now serving as art consultant to North central Publishing Co., Worship magazine, and Marcel Breuer, architect.

Several of Mr. Kacmarcik's works in book design have been selected among the 50 most beautiful books by typographic societies.

Father William Durkin, director of St. Paul's Center has assembled the collection that will be on display. It includes examples of sacred art from the 14th century to modern works.

The collection includes wood carving, ceramics, cast bronze, and oil painting. A section of the exhibit also serves to illustrate the kind of relatively inexpensive reproductions that are available for home decoration.

Phi Upsilon Omicron Initiates Ten

New Phi Upsilon Omicron initiates are: Alice Sorensen, Diane Meyer, Mabel Egen, Phyllis Gill, Ibyl Silberth, Janis Alken, Sharon Affield, Judith Heitmann, Diane Brokate and Judy Cook.

Phi Upsilon Omicron is the national honorary professional home economics fraternity.

Sigma Chi Elects

Dwayne King, CE Jr, is the new president of Sigma Chi fraternity.

Others recently elected were: Ian Strand, vice president; Dave Kearney, secretary; Vern Mar­schke, treasurer; Ellis Books­ wold, pledge trainer; Bobby Rollins, social chairman; Dick Simson, rushing chairman; Bob Veen, corresponding secretary; Spencer Dain, housemanager; Starr Skarpol, historian; Don Brenner, associate editor; Jerry Lasl, scholarship chairman; Harlyna Bjerke, athletic chairman.

Gamma Deltans Attend Annual Spring Camp

Gamma Deltans from NDSC and a three state area will attend the annual spring camp at the Lutheran Island Camp at Henning, Minn., this weekend.

Education Honorary Holds Initiation

Ten NDSC students were initia­ted into the Gamma Delta Chapter of Kappa Delta Pi last week. They are Paul Brackel­herg, Janet Freeberg, Phyllis Gill, Linda Da Lewton, Noel Lefthus, Philip C. Peterson, Kenneth Meske, Valerie Vinje, Barbara Weiler and Curtis Hildahl.

Gamma Delta Pi is a national honorary education fraternity.

Why shouldn't you be driving America's first-choice car right now? You couldn't do better by your family—or your family budget—than to pick out one of Chevy's 18 FRESH-MINDED MODELS, load up its VAC­TION-SIZED TRUNK and take off on one of those springtime trips Chevy so dearly loves. Once you're whisking along the highway, cushioned by FULL COIL SPRINGS at all four wheels, you'll have your own smooth-running account of why Chevy's 80's best seller. And right now when beautiful buys are in full bloom at your dealer's!
North Dakota's 3 Top College Milers Will Meet Saturday

North Dakota's three top college milers are scheduled to meet Saturday, in what could be the feature race of the Bison-Jaycee Track Meet in Fargo.

The meet will bring together Oddvar Helgeson of North Dakota State, Pat Keller of Dickinson State Teachers and Paul Abrahamson of Jamestown College in the second mile race of the season involving the three runners.

Helgeson won last weekend's mile with a time of 4:23.6, in the Jamestown Relays. That time paced 15 seconds off the old Jamestown track mark set by Abrahamson last season.

Keller finished second and Abrahamson third. Abrahamson's third-place time of 4:20.4 was four-tenths of a second better than the Bison-Jaycee meet record of 4:28.6 set by Helgeson last season, so the Bison-Jaycee mark is likely to fall to one of the three this weekend.

Another contender in the race is Bob Williams of NDSC, who finished fourth at Jamestown.

Events in the Bison-Jaycee Track Meet begin at 1 p.m., Saturday at Dakotah Field on the North Dakota State Campus. Evening finals start at 7.

Competition will be in the college, and class A, B and C divisions.

There is no reason why the varsity tennis team or intramural tennis players must rent the use of Island Park in order to play tennis. Also, what about the student who just wants to play tennis whenever he feels like it. Does he also have to go downtown to Island Park and wait in line for two hours for a court.

The idea of people for tennis courts on a warm afternoon at Island Park is like the "whoo" line at any military camp. I therefore feel that tennis courts in the nicest quarter of NDSC. Not ten years from now but in the very near future. MORE OF THIS... NDSC runner Oddvar Helgeson ran the mile at the feature event of the Jamestown Relays last afternoon in record time of 4:22.5. He beat Paul Abrahamson record of last year by 15 seconds.

The NDSC Baseball team has dropped three in a row, 50.6, 6-2 to the South Dakota State College Jackrabbits last weekend.

**NDSC Bowling Team Wins 20 Matches and Loses 6**

The North Dakota State College bowling team won 20 matches and lost only 6 during the 1959-60 season.

This past season the team won the Louis C. Stack League, the North Dakota Intercollegiate Tournament, finished third in the Region Seven League, and took second place in the Region Seven Tournament. In a National Telegraphy Tournament they finished 12th in a field of 68 teams.

The team also took a trip to St. Louis during winter quarter break and won three out of five matches.

The team average for the year was 906 or 181 per man.

The NDSC bowling team was first organized in 1954 when it accepted a challenge from NDU and defeated them in two matches.

From 1954 through this year the school has compiled a 61 won and 28 lost record.

The team has competed in two college league for the past four years. Of the Big Ten they have competed against Minnesota, Iowa, and Wisconsin; and of the Big Eight, Kansas, Kansas State, and Iowa State.

Members of this years bowling squad were Chuck Hernett, Stan Sweet, Jerry Lingen, Tom Gruchalla, Chuck Frantz, Larry Paulson, and DuWayne Baranyk.

Chuck Hernett Wins Bowling Tournament

"I can't believe it" were the words of Charles Hernett, M.F. Jr., when he won the Fargo bowling championship.

The tournament ended Sunday afternoon, April 24 at the Northport Bowling Lanes, 707 28th Ave. N. in Fargo.

The climax of the tournament was when Hernett and Steve Hendrickson bowled for the championship. Hendrickson, a 25-year-old Fargo man, rolled a 535, while Hernett finished with a 537.

Hernett stated, "the tension was great, the three packs of cigarettes I smoked Sunday afternoon showed how nervous I was." Hernett received $70 and he will also have a chance to enter the state tournament at Minot, N.D., Chuck Hernett has been on the NDSC bowling team for the last two years. Track Team Will Travel 1,400 Miles For Meet

An entry has been received from a track and field team that will travel approximately 1,400 miles to compete in the Bison Jaycee Track Meet in Fargo, Saturday.

The entry comes from the Saskatoon Track and Field Club of Saskatoon, Saskatchewan, Canada, and will probably give the Canadian club the distinction of traveling the longest distance to enter the meet. Road distance from Fargo to Saskatoon is about 700 miles.

More than 500 college and high school athletes representing more than 40 schools are expected to enter the meet, according to Tom Neuberger, NDSC track coach and meet manager. Afternoon events start at 1 p.m., and evening finals at 7 p.m. at Dacotah Field.

Neuberger said that final team entries are not due until Thursday, so an accurate count of participants will not be available until then.

The Saskatoon Track and Field Club was one of the early final entries in the meet, and will enter three men in the college division. They are Ralph Norris in the mile run and Stewart Cameron in the sprint events.

Neuberger said that because of the distance involved, he is not familiar with the capabilities of any of the Canadian runners.

3rd Alumni-Varsity Football Game Is Planned May 13

The third Alumni-Varsity football game at North Dakota State College has been scheduled for May 13, and preparations for the annual game are being made by both the alumni and varsity.

The varsity squad is practicing every night the week of the game. The alumni plan to practice every night of the week. The varsity squad is practicing every night except Monday, in order to get in the allowable 20 practice sessions, prior to May 13.

Head Coach Bob Danielsen said that any bad weather cancellations of workouts would be made up on Saturdays or Mondays.

Job Interviews

ATTENTION ALL JUNIORS: Again the Placement Office is requesting all students expecting to complete academic work for B.S. and M.S. degrees next year to visit the office and begin preparing individual employment credentials. All students intending to avail themselves for industrial recruiting on campus next year are expected to complete registration at the Placement Office prior to leaving school this spring. The service is available to all students on campus.

Gene Cortese, a 1956 NDSC graduate, now living in Fargo, is the coordinator of the alumni squad.

Cortese said that Ross Fortier, a member of the 1959 squad would handle the offensive unit of the squad, and Roger Gehlert an all-conference performer at NDSC in 1967 would be in charge of the defensive unit.

The alumni plan to practice every night the week of the game. Cortese also said that he is trying to locate former members of Bison squads and he asked any one having a current address of a former footballer to contact the Athletic Department at NDSC.

The Sullivan Implement Co., Inc., Mr. C. J. Sullivan wishes to employ a man to work during the summer months in his farming and livestock operation. The man must be able to run, set, adjust, and maintain an International or New Holland baler and be willing to do hard work. Applicants may be either single or married. Employment will be in the Parshall, North Dakota area.

Milwaukee City Service Commission has a current opening for a graduating E.E. to do electrical engineering in the Public Works Department. Applicants must have been graduated from a school of engineering accredited by the Engineers Council for Professional Development, or have senior status in such a school. Other requirements are that applicants be citizens of the United States and not over 40 years of age. Successful candidates must pass a medical examination.

Singer Sewing Machine Company, Minneapolis, Minn., seeks to employ college students for the summer months, and later, on a part-time basis, during the school year. Employment will be in the field of selling. Upon graduation there is a definite possibility of obtaining permanent employment with the company.

Students interested in additional information concerning these opportunities are asked to contact the Placement Office and make arrangements for contacting the prospective employers mentioned.
