

# What a Graduation Present

**GRADUATING PHARMACIST** Ray Pierskalla has his gown adjusted by his wife Irene. Cradled in his arms is the best graduation present he'll receive—his three week old daughter Mary Beth.

# Largest Class In History To Graduate From NDSC At Sunday Commencement

## ★ ★ ★ Two Will Receive Honorary Degrees

Theodore E. Stoa, professor of agronomy at NDSC, and Robert B. Parrott, executive vice president of Central Soya Co., Fort Wayne, Indiana, will receive honorary degrees at NDSC's commencement ceremonies, Sunday, May 22.

Stoa will receive an honorary Doctor of Science degree. A native of Buxton, N. D., he graduated with a B.S. degree in 1915 and received his M.S. degree in 1921. He also attended the University of Minnesota for post-graduate work.

He has been on the NDSC staff for 26 years as an assistant agronomist, agronomist and chairman of the department of agronomy. In 1954 he became chief of the Division of Plant Industry.

Parrott will receive the honorary Doctor of Law degree. He is a native of Fargo and graduated from NDSC with a B.S. degree in 1935.

Following his graduation he was employed by Cargill, Inc. of Minneapolis and was made regional manager and assistant vice president in charge of the Northwest Division in 1951. He joined the Central Soya Company as vice president in charge of the Grain and Marine Division in 1956.

The largest senior class in history will graduate from North Dakota State College in this Sunday's commencement at 2 p.m. in the field house.

Bachelor of science degrees will be received by 532 students and Masters degrees by 81 students.

Honorary degrees will be received by Theodore Stoa and Robert Parrott (story at left). Alumni achievement awards will be made to Mrs. Mary Darrow Weible, J. Allen Clark, Lyle Winston Phillips, Vernon O. Trygstad.

There will be no Commencement speaker. Baccalaureate will be at 10 a.m. on Sunday.

VOL LXXI—NO. 31 NORTH DAKOTA STATE COLLEGE MAY 20, 1960

## Student Senate Will Investigate The Possibility Of Raising Student Fees

Student Body President Allyn Hart at this week's senate meeting appointed Senators Mike Saba, Sherry Bassin, James Lamont, and Wayne Hamann and himself to investigate the possibility of raising the activity fee to take care of the expenditures for the judging team, debate team, Inter-religious council, and the construction of tennis courts.

Other senate action included:  
 • To keep the present form of representation.  
 • Allocated \$2,500 to the Homecoming Committee for 1960 Homecoming.

• Gave the judging team \$300 to start with next fall.  
 • Removed Larry Hunter, Commissioner of Radio, from office due to three unexcused absences from Student Senate meetings.  
 Sharivar co-chairman, James Bergeron, reported total 1960 Sharivar expenses were \$1,300 of which \$850 was senate received.  
 A motion to increase the number of senators from 18 to 21 was defeated.  
 Absent were Richard Bergquist and Larry Hunter.

## TKE Supervisor

David Stellmach, AAS Sr., was chosen to be a National Field Supervisor for Tau Kappa Epsilon International Social Fraternity, according to Richard Hall, TKE executive secretary.

Stellmach, a member of NDSC's chapter of TKE, will graduate this spring and begin his duties in August for a year.

As field supervisor he will visit TKE chapters and help them in rushing, ritual work, chapter spirit, and other fraternal problems.

## SC Graduate Gets Position On Board

Ralph Christensen, a 1949 graduate of NDSC, has been appointed to the State Board of Higher Education by Governor John Davis.

He will fill out the remaining two years of this term. Mr. Christensen is a Minot businessman and farmer. He has received considerable support for the appointment from Fargo and NDSC alumni.

# Students To Receive Information For Name Change Campaign

Students representing each of the fifty-two counties of North Dakota will be present at the third Name Change workshop tomorrow, May 21 in the Home Economics Auditorium.

Sessions will start at 10 a.m. and last until noon. There will be four speakers and then the students will break up into smaller workshop groups. Students will have an opportunity to ask questions and take an active part in the discussion sessions.

Students attending this session have been chosen by the student Name Change committee under

the chairmanship of Chuck Bateman to be their home county's student Name Change chairman.

Organizing the workshop are Chuck Bateman and the Name Change committee.

"These fifty-two student chairmen will work closely with their county chairmen during the summer months in helping to inform the people in North Dakota about NDSC and the Name Change," said Chuck Bateman.

"We invite all NDSC students to come to this workshop and receive information that will help you in your summer campaign."

"If the people know the reasons for our desire to change our name, I'm sure it will mean a victory for us in the fall. But we all must help," said Bateman.

## Win Fellowships

Donald Moe and Lola Hopkins of Fargo have received graduate fellowships in pharmacy.

Lola Hopkins was awarded an \$1800 fellowship by the American Foundation for Pharmaceutical Education Fellowship for study in the field of pharmaceutical chemistry.

Donald Moe received an \$1800 graduate fellowship in the field of pharmacology from the Rowell Laboratories of Baudette, Minnesota. It was awarded to him as a graduate student working for the Master of Science degree in pharmacology.

## ROTC Commissions Military Students

Thirty-three army and ten air force advanced military students will receive commissions in the armed services at exercises today at 4 p.m. in Festival Hall, according to Capt. John Horner of the army ROTC department.

Major General Lawrence Dewey, Chief of the Army Audit Agency, Wash., D.C., will be the main speaker for the occasion.

The cadets will receive the commission of second lieutenant and will fulfill their military obligations as officers in the army and air force reserve. They will take an active tour of duty varying from six months to five years following graduation.

A reception and tea will be held in the main lounge of the Memorial Union following the commissioning exercises.

**NAME-CHANGE** received a publicity boost when this float appeared in the WDAY Band Day parade last Saturday. The parade was televised over a state-wide hook-up. Feeding the fact cards into the 'brain' are Laurie Hendrickson and Carol Mund.

### Indignant Student Complains

# "We're Becoming Flab-Happy"

Very few people like being flabby and almost everybody tries not to get flabby. Some can stay thin and are social successes. Those who become flabby are shoved to the bottom of the prestige ladder.

In ages past flabbiness was a sign of laziness. But today, we eat better, work less, and are more comfortable than ever before. Yet we are so unappreciative we refuse to show the benefits of our standard of living.

Many refuse to eat certain foods for fear of getting flabby. Others play games or do calisthenics. Some radicals combine dieting and exercise. A few even have the nerve to suggest we all should walk to classes. Consequently, anti-flab sentiment is gaining ground in the United States.

The few of us who are faithful to progress are jeered and discriminated against. I was sensitive about the situation at first. So-called friends of mine used to slap me in the tummy, criticize me for losing my high school figure, and suggest I work out in the gymnasium. I used to weep in my pillow at nights because of their barbed remarks.

But I don't cry anymore. A university education has introduced me to progressive thinking and now I'm flab-happy.

Now nature is punishing the skinny majority. The cold and dampness is starting to take its toll and soon many will perish.

Students flabby and skinny alike, must take the initiative and lead the masses out of this prejudice

against flab if our prosperity is to last.

We shouldn't try to stay thin. Doing so is almost sacriligious. Let's eat, drink, make merry, get flabby in our prosperity, and warm weather will come.

You can have this brotherhood jazz, I'm fed up with it. I struck a blow for democracy the other day by introducing a foreign student to the old American sport of snowballing. But the unappreciative little chap struck back.

I saw this fellow walking toward Churchill hall and recognized him as the person who drubbed me in table tennis last fall. Now I'm not a poor loser, you see, but this guy couldn't have been over 5 feet tall and he must have weighed about 100 pounds. Losing to him was kind of embarrassing.

Well, I figured I could get even by clouting him in the back of the head with a snowball. Being a wilder-than-average lefthander, I took no chances. I grabbed some snow and ran up behind him. When I was three feet from him I let go. It was a direct hit.

Then I got scared. Instead of crying of running or begging for mercy, he just turned and looked at me with a cruel smile. The next instant he picked up a chunk of solid ice and punctured my forehead. I fell to my knees and he wedged another piece of ice in the back of my head. I sprawled face down on the sidewalk.

He just stood there for a moment, then walked into Churchill mumbling something about "soft-headed Americans."

# McLain Calls For Clean Name Change Campaign

Dear Editor:

Since leaving old State in December, 1958, I have followed the progress of the Name Change effort with a great deal of interest and anticipation. Part of this attention stems from the fact that I was instrumental in initiating the Name Change effort during my term as Student Body president (1957-58).

For the most part, however, my interest stems from the feeling I had then, and still have more

strongly than ever, that NDAC honestly and legitimately deserve to be recognized as a State University.

As most of you probably already know, a great deal of effort was spent in the campaign to solicit favorable public reaction in November, 1958. Such people as Joe Koebensky, Neil Bjornson, Jim Feeney and other individuals and groups spent many, many hours of hard and thankless work promoting the Name Change. With the complete cooperation of the administration and a high level of support from various political groups throughout the state, it seemed almost impossible that we'd fail.

But we did fail. This is all history now. The time has come for a bigger effort than ever.

It has consistently been indicated that the Name Change effort is well organized and manned by devoted people. But it takes the efforts of every person concerned to put the change across.

There are many methods of obtaining a political goal. But, however earnest and hard fought our efforts, let us keep them clean. When we win this Name Change let it be said that we won because we believed in what we were doing and we did it with honesty, integrity and fair play. We have an outstanding faculty and curriculum. We also have a fine progressive administration led by one of the most honorable and dedicated men I've ever had the pleasure of knowing. We have many, many outstanding graduates in leadership positions throughout the world.

In short, we have a reputation for being a very fine institution of higher learning. Let's give it the name it truly deserves!!!

My very best wishes and congratulations for those who are graduating and the best of luck to all in affecting the Name Change. Next year at this time you'll either be attending, or a graduate of, NORTH DAKOTA STATE UNIVERSITY OF AGRICULTURE AND APPLIED SCIENCES!!!

Sincerely yours,  
ELDON R. McLAIN,  
Past President of the Student Body

(Editor's Note: As is mentioned above, Mr. McLain served as NDSC Student Body president during 1957-58, graduating with a B.S. in Mechanical Engineering. He is currently employed by Douglas Aircraft's Missile and Space Systems Division in Culver City, Calif.)

## To The Editor

Dear Editor:

What has happened to the quality of sports coverage by the SPECTRUM? The fall and winter quarters displayed very adequate stories of happenings in athletics at the AC.

Read the Forum and you have read the SPECTRUM this spring. What talent and effort does it take to copy material from the local daily?? Should not student publications be pointed at personal aspects of the sports program to enlighten the student body and encourage the participants?

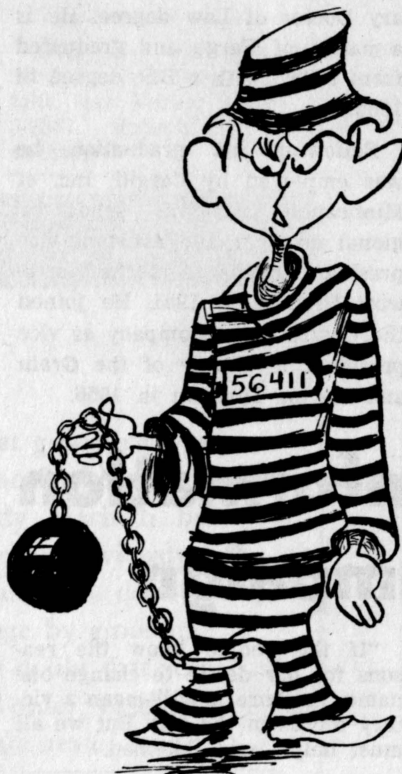

Intramurals include the biggest share of the student body, but no mention is made of these activities. Is there an intramural program? You would not know by reading the sports section of the SPECTRUM.

True, the track and baseball teams are not setting the world on fire, but surely there must be some value in their activities to report. They each have team captains that no one knows about. The track team has broken seven school records so far this year. The conference track meet will be held on the NDSU campus. You don't know this or other information like it if you read only the SPECTRUM.

Perhaps this letter is coming from the wrong source — a sponsor — but someone has to speak for these modest spring sport boys who are truly being neglected. Let's get the sports section up to its respectable level of the first two quarters of the year.

Maybe the sports department has spring fever, but if the reporters will come over and investigate, they'll find plenty of intramural participants, track men, baseballers and spring footballers who don't have it.

Thank you.  
TOM NEUBERGER  
Track Coach

## Half-Baked Ideas

By Lyle Baker

GO AHEAD! Complain! The wheel that squeaks gets the grease. That's what many of us think, but is it really true. So often one hears comments on what is wrong with this school and invariably it's someone else's fault.

ONE EXAMPLE would be: "If my advisor had told me about it, I wouldn't be in this mess." Scapegoats are easy to find, and none of us want to admit that we could be at fault. Which brings me to my main point. If we used our heads and relied on ourselves we would be more apt to develop a mature attitude towards our environment.

PERHAPS the day when students are forbidden to have a car is almost here. Contrary to popular belief, it is not the God given right of every student to have parking facilities for their autos.

Administration officials receive countless complaints about traffic and parking restrictions. The U. of Mich. does not allow any undergraduate to bring a car to school, and other schools, such as the U. of Ill. and the U. of Fla., do not allow freshmen to have cars.

If freshmen were not allowed to have autos there would be less of a traffic problem, and we might not have so many capable freshmen flunking out of school because of low grades.

WHY CAN'T the co-eds sun bathe on the roof of Dinan Hall?

IF YOU can keep your head while all about you, others are losing theirs, either you have complete control over the situation or have not grasped the meaning of it all.

Your guess is as good as mine. Actually I'm still hoping to get a job someplace, but as yet—no luck.

Anything that is easy enough for my ability. Ask me again after finals if I'm still alive.

I'm going to work in a resort in Alexandria, Minn., as a waitress. (Big deal!)

This summer I plan on spending about two months working for the forestry service in Washington. After that I hope to catch up on my photography. I am going to work (believe it or not), in Jamestown. I am also going to work on the name change in Stutsman County.

TKE SWEETHEART Jeanette Schule, Phi Mu, was crowned last weekend at their annual Sweetheart Ball.

### Heads Named At Chaplain's Retreat

Ella Faye Thompson, AAS So., and Howard Blackstead, Phys. So., were named heads of the Interfraternity - Panhellenic chaplains at the fraternity-sorority retreat held May 13-14 at Camp Cormorant, Lake Park, Minnesota.

Sixteen representatives from various NDSC groups and Delta Tau Delta and Kappa Sigma fraternities of the University of North Dakota were present.

Dr. Quentin C. Stodola, NDSC Director of Counseling and Testing and Pastor H. Murdock, University Episcopal student worker, were guest speakers.

Plans were made for a larger retreat to be held Sept. 23-24. This will include two representatives from every social and professional organization on campus.

NDSC is one of the few campuses that has an organized chaplains group.

### Internship Granted To State Senior

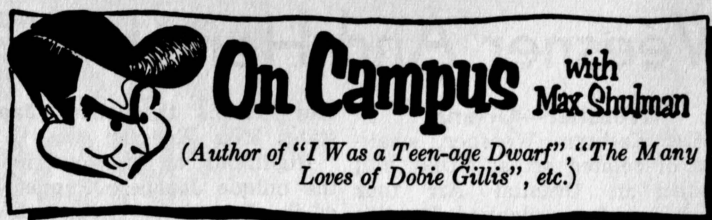

Arlene Christianson, HE Sr., received a one-year Public Information Internship from the State University of Iowa at Iowa City. Enrolling in the school of journalism at the University of Iowa, she will begin her internship September 15.

The internship will include practical fact gathering and writing on new releases. She will work with trained journalists as well as a professional photographer.

Arlene will graduate from SC this Sunday with a degree in home economics education as a major and a minor in journalism.

After her year of graduate study, she will receive her masters degree in journalism.

The University of Iowa is at the site of the former capital of Iowa and has an approximate enrollment of 10,000.

### TILL WE MEET AGAIN

Today I conclude my sixth year of writing columns for the makers of Marlboro and Philip Morris cigarettes. It has been my custom during these six years to make no attempt to be funny in this final column. (I have achieved this objective many times during the year also, but never on purpose.) The reasons for the lack of levity in this final column are two: first, you are preparing for final exams and, short of holding you down and tickling you, there is no way in the world to make you laugh at this time; and, second, for many of us this is a leave-taking, and leave-takings, I think, ought not be flippant.

If I have brought you a moment or two of cheer during the past year, I am rewarded. If I have persuaded you to try Marlboro or Philip Morris cigarettes, you are rewarded.

Let me pause here to express my heartfelt gratitude to the makers of Marlboro and Philip Morris. They have given me complete freedom in the writing of these columns. There has not been the slightest hint of censorship. They have never changed so much as one comma in my copy. I wish to take this occasion to state publicly that I am forever grateful to these enlightened tobaccoists and I hereby serve notice that if they find it in their corporate heart to engage me for another year of columning, I shall require a substantial increase in salary.

The money is not what matters—not as money, that is, but only as a token. I want to be assured that they love me as much as I love Marlboro and Philip Morris. And what, indeed, is not to love? Marlboro is a cigarette which proves beyond cavil that flavor did not go out when filters came in. Philip Morris is a cigarette that is pure mildness from lip-end to tip-end. Both of these estimable smokes come in soft-pack or flip-top box. Neither is ever sold in bulk.

The summer lies ahead. For underclassmen summer will be a hiatus, a breather in which to restore yourselves for next year's resumption of busy college life. For seniors there will be no more college. You must not, however, despair and abandon yourself to idleness. There are other things to do in the world besides going to school—basket weaving, for example, or building boats in bottles, or picking up tinfoil, or reading "War and Peace." Many graduates fall into the erroneous belief that their lives are over when they leave college. This is not so. It is possible to make some sort of life for yourself with a bit of ingenuity . . . or, if that fails, dye your hair, change your name, and enroll at some other college.

Whatever the future holds for you, be assured that the makers of Marlboro and Philip Morris join me in wishing you the best of everything. We have taken great pleasure—the makers and I—in bringing you this column each week throughout the school year. We hope a little pleasure has accrued to you too.

May good fortune attend your ventures. Stay happy. Stay healthy. Stay loose.

© 1960 Max Shulman

\* \* \*

We, the makers of Marlboro and Philip Morris, can only echo kindly old Max's parting words. Stay happy. Stay healthy. Stay loose.

### Hi-Society

By Mary Stenso

Mind blank—No abstract thoughts—no wise remarks—no compaigning—no complaining—just news.

Some pinnings; spring sure seems to be "love-provoking". Ron Lindeman, TKE, to Carole Eklund; Al Kemmer, SPD, to Dixie Halvorson; and Dave Kolding, Farm House, to Jan Nording. The Farm House boys were out serenading Jan at Dinan last Monday ever, I noticed.

New pledges at the Sigma Chi house—Gary Reddig, Roger Lorenz, and Ken Geisen.

Some new actives, too—at the KD house—Janet Bring, Sharon Jordan, Helen Raney, and Deanna Riewer.

Got some engagements this week: Kay Lavold, KD, to Duane Nelson, of MSC, and Sharon Olson Phy. Ed. Jr., to Ken Davidson.

The Kappa's decided to go serenading last Monday and picked up half the campus before they finished. They started out at the Sig Chi house and ended up with the KDs, AGRs, Theta Chis and Kappa Psis.

Spring recognition banquets and teas are still going strong. The Alumni honored the following KDs: Lorna Gunderson—Most Improved Pledge; JoAnn DeGeir—Most Improved Active, Cythia Sether—Highest Pledge Average; and Doris Folstrum—Highest Active Average.

The Kappa Alums honored Mrs. Magnusson, retiring house-mother, and the graduating

seniors.

The Phi Mu's also had honors day. LaDonna Hagen was named Outstanding Pledge of the year and Grace Tvete was given the Distinguished Senior Award.

Alpha Gam Term Party tonight at the Moorhead Country Club. It's going to be a winner.

Bud Larson was elected President of the Inter-Religious Council for next year. Dave Carlson is vice, Helen Raney, secretary, and Lois Wayak, Treasurer.

Kathy Shephard, KKG, was given a medal by the men of Theta Chi for loyalty and efforts for the fraternity. Congrats for being the first, Kathy.

Marilyn Alme, KAT, was serenaded by the AGR's last Monday eve on her engagement to Sherwood Peterson.

# Weesner And Hertel To Conduct Tours

## Weesner—Orient

Miss Kathryn Weesner, chairman of related art at NDSC, will conduct an Oriental Art tour which has been planned for this summer by the NDSC Summer Session and School of Home Economics.

The tour, which will take 22 days flying by Canadian Pacific Airlines, will leave Fargo June 20. Three credits, undergraduate or graduate, will be given for the tour.

"The contrast in Oriental culture and that from the rest of the world will be clearly seen as the

tour travels throughout Japan," states Miss Weesner.

Highlights of the tour include the unique Japanese Puppet Play at the Bunrakuza Theatre; a tour of Hiroshima, visiting the Kiyama Park and the Peace Tower marking the center of the A-bomb explosion; and excursion by motorcoach and ferry to the Sacred Island of Miyajima where the Itsukushima Shrine, Sen jo-Kaku, Daigonji Temple, Treasure Hall, and the Familiar Flasting Torii are located.

A tour of Kyoto includes the Kausura Imperial Villa the buildings of which are regarded as rare masterpieces of architecture; Saihoji Temple, known as Kokedera (Moss) Temple Garden; and the Ryoanji Temple, noted for its unique sand and rock garden.

Tourists will have an opportunity to do some shopping in Kyoto as they visit some of their leading makers of cloisonne ware, lacquerware, jewelry, and woodblock prints. They will also visit silk textile producers at Nishijin to observe weaving, dyeing, printing and washing along the river banks.

Information about sights and costs may be secured from Miss Weesner, Art Department, NDSC, Fargo.

## Hertel—Central America

A two week travel course to study the arts and culture of Central America is planned for this summer by the NDSC Summer Session.

Dr. and Mrs. Hertel, experienced travelers in Europe, USA, and Mexico, will be the hosts for the trip. Dr. Hertel is professor of Modern Languages at NDSC and Mrs. Hertel is an accomplished artist and writer.

The tour is scheduled to leave Fargo May 28, arriving in Mexico City the same day. Highlights of

the Mexico City tour include the new aqueduct with underwater murals by Diego Rivera; an open air art exhibit; colorful flower markets; the bull fights; National Cathedral; Government Palace; and Chapultepec Castle.

The group will visit historical sites such as the Pyramids of the Sun, the Moon, and the Acolman Monastery with its 16th Century Church and the Basilica de Guadalupe, Mexico's most famous church.

After a three day tour into the Mexican country, the group will visit Guatemala where they will see the Romanesque Palace of the Captain's Generals; one of the largest open-air markets in the world; ceremonial rites performed by the Indians; and the ruins of the earthquake of 1773.

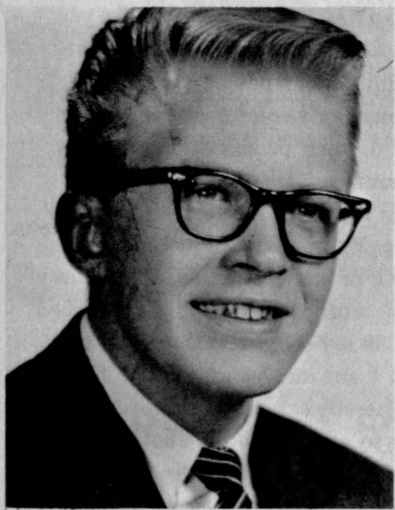

Three credits, undergraduate or graduate, will be given for the tour through NDSC Summer Session. For further information contact Dr. Hale Aarnes, Minard Hall, NDSC, or the Reed Travel Agency, Fargo.

## Campus Democrats Elect Ginsbach

Ronald Ginsbach, agricultural sophomore, was elected president of the Young Democratic Club last week at the organizational meeting.

Other officers are: Ray Meyer, vice president; Jean Jackson, secretary-treasurer; Ruth Brakel, publicity director; and Dr. John Hove, faculty advisor.

William Guy, candidate for governor, was the main speaker at the meeting. He spoke on liberalism and the usefulness of a young democratic club on the college campus.

## Kocourek Elected New SUAB Prexy

John Kocourek, AAS Jr., was recently elected president of the Student Union Activities Board.

Elected as vice president was Wilda Bridgeford and Toni Woodmansee as secretary-treasurer.

The Board held their annual awards banquet Thursday. Recognition was given to outstanding members of the organization. A new award in the form of a plaque will be placed in the lobby of the Union.

Persons gaining this honor were: Sharon Mische, Mary Maloney, Georgia Saar and Allyn Hart.

NEW BISON CHEERLEADERS for 1960-61 are Suellen Ring-sak, Darlene Dietrich, Carol Mund and Kay Hulebak. Cheer-leader Karen Knudson is not pictured. Alternates will be chosen in the Spring.

## NDSC Purchases Blood Cell Counter

A Coulter electronic blood cell counter, which is more than 60 times faster than the manual method, has been purchased by the department of veterinary science at NDSC according to Dr. I. A. Schipper, associate professor.

The counter, which cost \$4,600 will be used for research in diagnosing and interpreting blood changes in domestic livestock.

It is now being used to study the blood of cattle infected with the mucosal virus and the blood picture of anemic swine. Statisticians have calculated the error of the manual method to be about 20 per cent. With the Coulter counter 90 per cent of the counts will deviate only one per cent. There is only one other electronic counter of this type in the state of North Dakota.

## The Name Change Campaign Moved Into High Gear

Name-Change Chairman Charlie Bateman and his Name-Change girls pose with the open letter to Santa that was presented during the Name-Change Convo in Festival Hall last December.

### Why Should NDAC Become NDSU?

- Because it would mean greater prestige for "ag" students since they will no longer be mistaken for "trade school" students.
- Because it would offer greater attraction for the best faculty and researchers who would rather work for a University than a college.
- Because it would mean increased out-of-state funds and grants from foundations for agricultural research.
- Because it would give NDAC equal status with sister land grant institutions in the nation which have already been recognized as universities for agricultural study.
- Because it would mean increased status for the state's No. 1 industry—Agriculture.
- Because the new name will more accurately describe the many and varied functions performed by the school which make it a University in structure and capability at the present time.

But actually he's a pretty

good looking guy as you can see below.

# Sharivar Draws Alums, High Schoolers

The information booth was

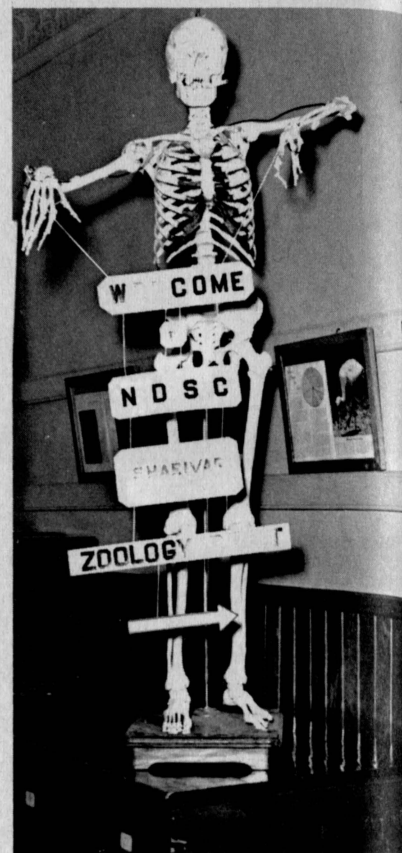

open to direct visitors around the campus.

Students toiled long and hard to whip displays and exhibits into shape.

Even Charlie, the thinnest man on campus, pitched in to

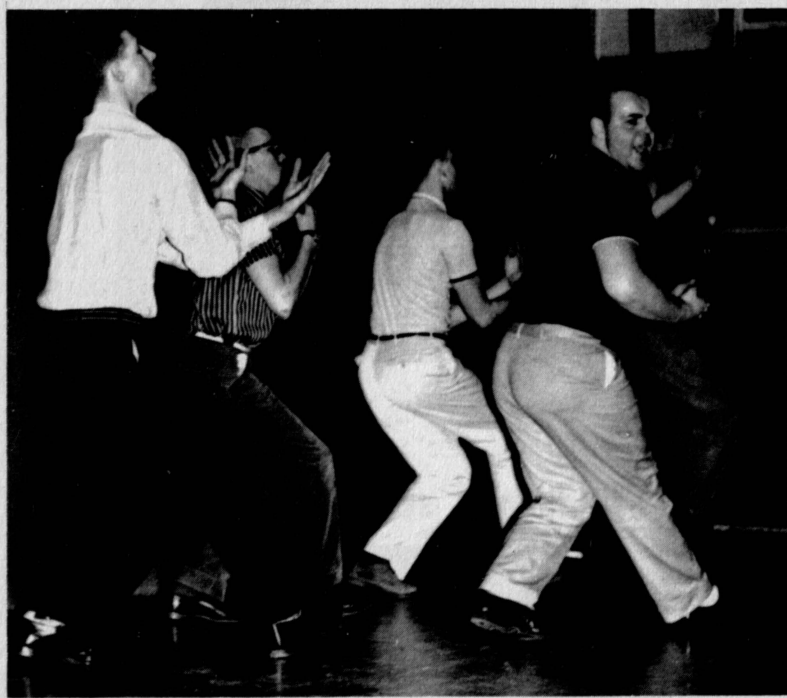

welcome Sharivar visitors.

And Then the Rain Came . . . . .

## LONG HOURS OF HARD WORK GO INTO BISON BREVITIES

Competing acts tried to impress the

judges during try-outs.

Then the groups began hustling

to shape up the acts.

Sometimes everybody was ready to say,

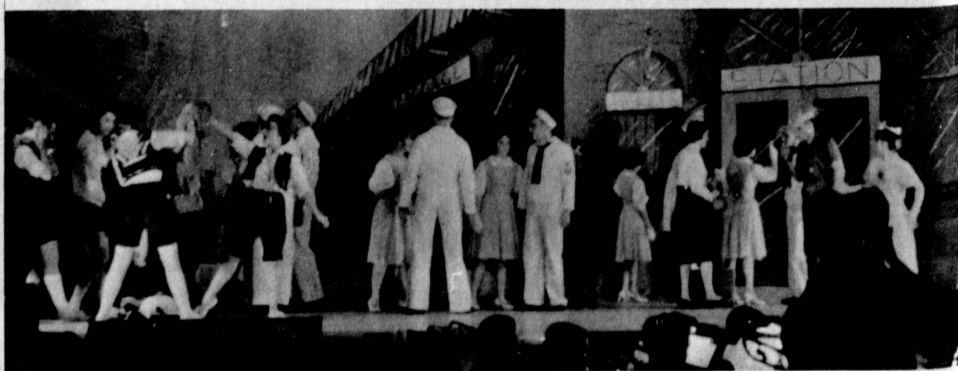

"Ah, the - - - with it."

But the big night arrived,

make-up was applied.

And Bison Brevities 1960 took the stage.

## SAEs Choose Prexy

Jerry Stockman, AAS Jr., is the new Eminent Archon of Sigma Alpha Epsilon.

Other officers elected are: Chuck Renschler, vice president; John Kocourek, secretary; Don Iverson, treasurer; Al Bervig, warden; Paul Djerken, chronicler; Bill Thompson, chaplain.

# BISON BITS

By Sports Editor Sherry Bassin  
The 1959-60 season may not have produced any team champions at North Dakota State but it certainly produced some outstanding athletes that have never displayed their efforts on this campus.

One of the most deserving honors was the naming of Marv Bachmeier to basketball's 1960 Little All-America.

Along with this honor, Bach

MARV BACHMEIER  
1960 All-American

meier was also named the athlete of the state of North Dakota for 1959.

As I have mentioned before Marv Bachmeier will likely be remembered as the greatest all-round ball players of the northern states.

Another outstanding athlete is Curt Quenette who must be recognized as one of the best football players that ever played in a NDSC uniform.

Quenette was named to the first all-star team in the North Central Conference and was the most valuable player in the NCC two years in succession.

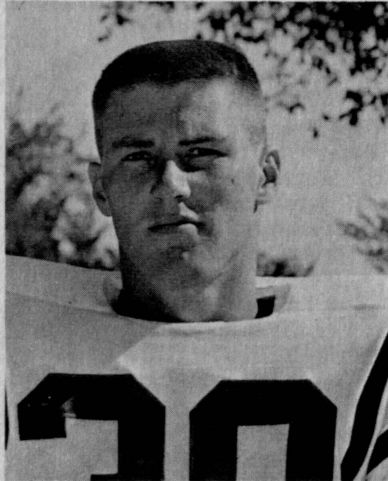

One of the most underrated athletes on the NDSC campus is Oddvar Helgeson.

Helgeson has never failed to at least place in any race that he has completed and up until this year was undefeated.

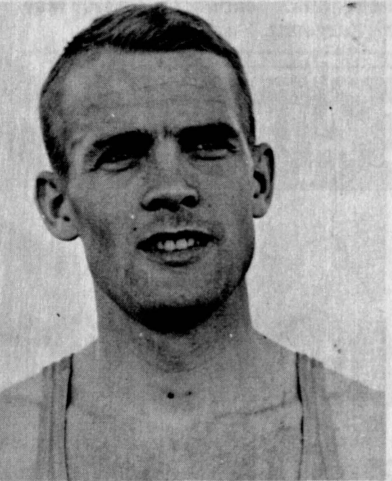

He is one of the most devoted athletes that has ever participated in any sports activities on this campus.

Helgeson has broken the school record for the two mile and has come close to many other existing records.

It is such sportsmanship and ability as this that makes Helge-

CURT QUENETTE  
Most Valuable Player of NCC

ODDVAR HELGESON  
Set 2-Mile College Record

## Bison Golf Team, Led By McLeod, Wins Inter-City

The Bison golf team, led by freshman Ron McLeod, won the inter-city college golf meet Monday at the Fargo Country Club.

McLeod who wound up with a 2 under par 70 led the Bison to the low total of 403. Moorhead State had 412 and Concordia 435.

NDSC—Ron McLeod 70, Jim Wolff 79, Norm Vennerstrom 81, Robert Gooding 83, Gene Sparrow 90.

This morning at 9 a.m. NDSC will begin play in the North Central Conference at the Edgewood Municipal Golf course.

son such a great athlete and competitor that he is.

Thus, we salute Marv Bachmeier, Curt Quenette, and Oddvar Helgeson as North Dakota State's greatest athletes that have ever wore the green and yellow colors in recent years.

## North Dakota State Football Team Ends Workouts With 12-0 Victory

The NDSC Varsity football team ended spring workout last Friday night with a 12-0 victory over the Alumni in the annual spring game at Dacotah Field.

Danielson felt that this year's spring practice is farther advanced than in past years but felt the loss of many seniors through graduation leaves the club with less experience.

The defense left something to be desired, but, perhaps this could be attributed to the little experience. Also, Danielson explained that no special effort was made to set up an effective defense as is needed in the fall.

The coach also mentioned that the ineffective passing attack of the varsity was due to the lack of attention to this type of work in the spring.

Freshmen backfielders Roger Villareal and John Eian surprised those who watched the game with

some very fine offensive running. The Bison coach was also pleased with freshmen guards, Dave Schafer and Dick Kaercher.

Fullbacks Dave Gentzkaw and Paul Koziey turned in a fine game. The coach feels, "It may be the toughest spot in our lineup."

Danielson was also pleased with ends Barry McBride and Tom Reynolds and felt that they may be better defensively than last year's ends.

The quarterbacking of Mike Gebhart and freshman Ron Erdman and Harold Hughes will give the Bison more depth than they have known in the past.

These previous few aspects of the Bison squad along with other known standouts like Mike Kinsella at halfback, Tom Egan at center and Bob Kovich at tackle, may surprise a few Bison varsity fans next years.

# NDSC To Host NCC Track Meet

The North Dakota State College Track team will host the 35th annual North Central Conference track and field meet at Dacotah Field this Saturday, May 21.

The Bison track team will be led by Oddvar Helgeson, Jim Clow, Don Nelson and Jerry Erck.

South Dakota University runner Nyal Brings will have a tough opponent when he runs against Helgeson of NDSC.

Brings has run the two mile in 9:40 while Helgeson holds the NDSC 2 mile record at 9:34.2.

Jim Clow set a school record for NDSC in the pole vault when he recently jumped 12' 5 1/4" at the Fargo-Moorhead track meet.

Don Nelson has broad jumped 23' 3", only two inches short of the NCC record, and Jerry Erck

has posted a :15.2 in the high hurdles.

South Dakota University has the top marks reported to date in eight of the 15 events which will comprise the North Central Conference track meet Saturday.

Members of Coach Dan Lennon's classy Coyote squad have the best marks in all six running events from the 100-yard dash to the two mile, the mile relay and the shot put. South Dakota State and Iowa Teachers are each tops in two events, while North Dakota State and North Dakota University hold top rating in one each.

Lanky Nyal Brings of the Coyotes has the best mark in the 880, mile and two mile. Defending champion in the first two, he is a threat to the existing record in each event. He has run a 1:56 half-mile, a 4:14.3 mile and a 9:40 two-mile.

George Gross of the Coyotes has the best mark in the 100 and 220 dashes. The defending champ in the 220, he has run a :09.9 century and :22.8 in the longer dash. Teammate Gene Kluck and a bevy of North Dakota U. sprinters are close behind in each event.

Coyote quarter-milers have the three best marks in that event with Gross and defending champ Kluck each being clocked at :49.6. The mile relay team has posted a 3:21 mark, a full three seconds

faster than the record. Larry Hofeldt has tossed the shot put 52' 8", more than a foot beyond the conference record.

Iowa Teachers two leaders are Jim Duea with 13' 4 1/2" in the pole vault and Bill Kaufman with 6' 3" in the high jump. South Dakota State has top marks in the javelin where Art Sattler has thrown 189' 10 1/2" and in the discus where Chuck Sorsen has a 161' 3" mark.

## Wahpeton, NDSC Split Doubleheader With 7 Run Rallies

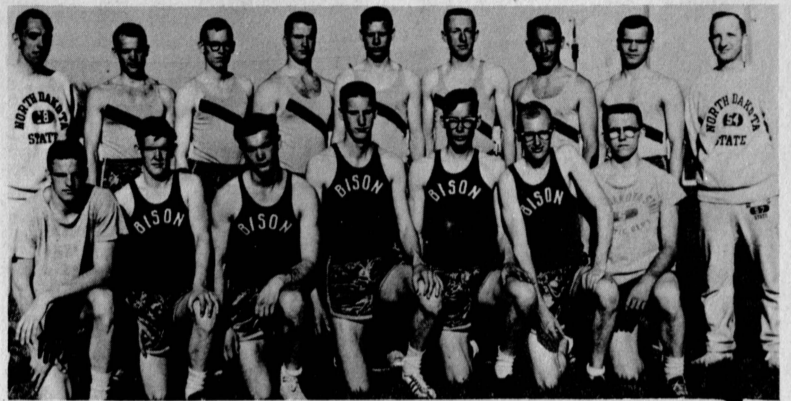

Wahpeton Science and NDSC Varsity split a doubleheader baseball game at Wahpeton last Tuesday.

Wahpeton won the opener 8-5 and the Bison came back to win the second game 12-2.

Although the Bison outit Wahpeton 10-8 in the opener, the hometowners scored seven runs in the fourth inning to win.

Bob Hansen pitched a three hitter for the Bison in the second contest and NDSC sent across seven runs in the sixth to clinch the victory.

The NDSC varsity baseball club will finish out their season with a game in St. Cloud today.

THESE ATHLETES will be competing for NDSC in the NCC meet at Dacotah Field this Saturday. They are: First row: Mike Anderson, Don Kearney, Brian Dieterle, Neal Jacobson, Jim Olin, Jerry Liddle, Emil Rodakowski. Second row: Coach Tom Neuberger, Oddvar Helgeson, Bob Williams, Dick Johnson, Noel Mohberg, Don Nelson, Jerry Erck, Arlen Melhoff, and Coach Cliff Hendrickson.

## Job Interviews

## PLACEMENT OFFICE

KSJB Radio of Jamestown, North Dakota, is currently seeking to hire a student who holds a first class radio, telephone operating license for the summer months. The individual employed will work a 40-hour week and receive a competitive rate of pay for this type of work. Contact Harvey Van Erem, Chief Engineer at KSJB or the College Placement Office.

The California Spray-Chemical Corps., has an opening for a Field Research Entomologist, in the development of pesticide research programs. The job offers a good starting salary commensurate with education and experience and excellent employee benefits. The minimum educational requirement for this position is an M.S.

degree in Agricultural Science or the equivalent through experience and outside study.

Mr. James McGuire, sales manager for the North Dakota Broadcasting Company, is seeking to employ an air-time sales representative for the Fargo-Moorhead area. Any graduating senior interested in remaining in this area is invited to contact Mr. McGuire for more information on this employment opportunity.

The Montana State Highway Commission has need for six civil engineers; two in Traffic Engineering, two in Structural Design and two in their Engineer-in-Training Program. Those employed will receive a nine month rotation training program leading to a final assignment with the highway commission.

The Arabian American Oil Co., a holding company for the Ethiopian American Coffee Company wishes to employ an agricultural student to spend one year at their coffee plantation in Ethiopia to act in the capacity of Administrative Assistant to the Plantation Manager. The nature of the work will be planning and overseeing the seeding, planting, and care of young coffee trees and the preparation of land for additional planting.

GEORGE L. IRVINE, regional vice president of General Electric in Chicago, is shown presenting the equipment to President Fred S. Hultz. Looking on are John Pike and Dean Mirgain.

## General Electric Co. Presents Grant Of Equipment To Engineering School

A substantial grant of equipment from General Electric Co. was presented to the School of Engineering Tuesday, May 17, by officials of the General Electric Company.

George L. Irvine, regional vice president of General Electric in Chicago, presented the equipment to President Fred S. Hultz, Dean Frank C. Mirgain of the School of Engineering and Ernest Anderson acting chairman of the electrical engineering department at NDAC.

John K. Pike, manager of utility sales of the Minneapolis area and H. L. Wangness, sales engineer of the Fergus Falls area of General Electric were also present.

The new equipment, consisting of numerous pieces, will open up a wide range of endeavor that has not been done previously at SC because of lack of this type of equipment.

The equipment grant was made under a General Electric program which supplements funds of educational institutions and enables them to keep their laboratories

abreast of current needs. A "Network Analyzer" allows the department to make studies on power distribution systems that were not possible before receiving the equipment, according to Anderson.

Another instrument which will increase instruction in the department is the "mechanical oscilloscope" which allows students to photograph phenomena which could only be viewed without record prior to this equipment.

## NOTICES

### BAPTIST STUDENT UNION

The Baptist Student Union invites you to a roller skating party on Saturday, May 21, at 7:30 p.m. in the Fargo Arena. Refreshments will follow.

The annual BSU picnic will be held today at 5:30 p.m. at Lindenwood park.

### VETERANS

All veterans who will graduate this Sunday may sign up for the bill Friday or Saturday, May 20-21.

All other veterans may sign up

## Encampment For Citizenship To Begin June 26

By Elnore Bentson

Would you like to spend six weeks in New York City? This may sound like an impossibility to you. Well, last year at this time I would have said the same.

However there is an opportunity for everyone of you to spend six memorable weeks in the city of New York or Berkeley, Calif. Every summer this experience is offered to college students between the ages of 18 and 23 years of age by the Encampment for citizenship.

The Encampment brings together about a hundred people each summer at New York City and Berkeley to live together, play together, and study each other's problems. Faculty members from many well-known colleges provide the opportunity to study these problems and learn to think independently. Major areas of study include civil rights, civil liberties, international affairs, economics, and community action.

Field trips to government, labor, management, farm, industry and community organizations located in New York or San Francisco supplement the lectures, workshops, and discussion groups. There is also plenty of time allotted for recreation. I studied juvenile delinquency and actually went into the poorer sections of the city to do it.

The sessions this year will run from June 26 to August 6. The fee for tuition, room, and board is \$350. Financial aid is available to those unable to meet costs.

Information and applications may be obtained by writing to, Encampment for Citizenship, 2 West 64 St., New York City 23, or contact Elnore Bentson, Room 46, Dinan Hall.

on the last day of their examinations.

### GAMMA DELTA

Gamma Delta will hold their regular supper meeting at 5 p.m. Sunday at Immanuel Lutheran Church, 1258 Broadway. Since this is the last meeting of the year, everyone is urged to attend.

### LSA

A dinner honoring graduating seniors will be held at 12 p.m. at the Lutheran Student Center Sunday, May 22. Supper will be served at 5 p.m. with communion service and vespers at 6 p.m.

THE SPECTRUM  
NORTH DAKOTA STATE COLLEGE  
FARGO, NORTH DAKOTA

## 900 Fulbright Scholarships Available For Grad And Pre-Doctoral Research

About nine hundred Fulbright scholarships for graduate study or pre-doctoral research in 30 different countries will be available for the 1961-62 academic year.

In addition to the Fulbright Awards, scholarships or study in Latin America under the Inter-American Cultural Convention are also being offered.

The Fulbright scholarships cover travel, tuition, books and maintenance for one academic year.

Applications for Fulbright and IACC scholarships for 1961-62 will be accepted until November 1, 1960.

Election to Rhodes Scholarships will be held in all states in December, 1960. Scholars-elect will

enter Oxford University, England, in October 1961.

Appointment to a Rhodes Scholarship is made for two years in the first instance with a possible third year if the scholar's record at Oxford and plan of study warrant such an award. No restriction is placed upon a Rhodes scholar's choice of studies.

Applications must be in the hand of the secretary of the state committee not later than November 2, 1960.

Interested students who are now enrolled at a college or university should consult Dr. Leo Hertel, Minard 227, for more information on these scholarships.

ROSE HORNBACHER holds three little bunnies that were found when the lawn was mowed last week behind Dinan Hall. Their mother was nowhere in sight.
