

Pledging Caps Sorority Rush Week

CAMPUS COMEDY

"IT'S VERY EMBARRASSING, DOCTOR. RUSH WEEK IS OVER BUT I CAN'T STOP SMILING."

Eighty-one NDSC co-eds, as compared to 71 co-eds last fall, pledged six national sororities at ceremonies held Monday evening, Sept. 19, at the respective sorority houses. The pledging ended a week of fall rushing by the NDSC sororities.

Rushing was open to any co-ed who wished to be considered for sorority membership. It began Sunday, Sept. 11, with registration and a Panhellenic kick-off party.

Rush Parties

Rush week was divided into four periods. The first two periods were non-invitational and open to any co-ed. During these periods the girls had the opportunity to visit every sorority house on the campus twice.

On Thursday, Sept. 15, the invitational parties began and con-

tinued through Sunday, Sept. 18. During this period sororities and prospective members selected each other.

After parties on Sunday night the girls indicated their preferences for sororities they would like to join at the Dean of Women's office. Their preference slips were matched with the preference lists from the sororities.

Bids were mailed to select new members by special delivery on Monday morning, Sept. 19, from 8-12 p.m.

Miss Matilda B. Thompson, Dean of Women, is the Panhellenic Council advisor, and Mrs. Jacque Stockman acted as official Pan-

hellenic consultant during the week. Mrs. Stockman did counseling in order to help rushees with any problems.

Dorm Counselors

In addition, six NDSC students were counselors in the dormitories. The girls were members of each of the sororities on campus and severed their fraternal affiliation for the week. They were: Pat McLean, Alpha Gamma Delta; Pat McNamee, Gamma Phi Beta; Tony Woodmansee, Kappa Alpha Theta; Sandy Rott, Kappa Delta; Carolee Arneson, Kappa Kappa Gamma; and Jan Melby, Phi Mu.

For pictures of the pledges turn to the middle pages of THE SPECTRUM.

Argonauts To Be Feature Of First Fall Convocation

The first convocation of the fall term will be held in Festival Hall at 9:40 a.m., Monday, Sept. 26. A revised schedule for convocation mornings provides a free period for all students.

"Man's Deepest Dive" will be told by Lt. Don Walsh of the U. S. Navy. As an oceanographer, he helps map the ocean and studies the movements of its waters and ocean life.

Last January with Jacques Piccard, Lt. Walsh dove seven miles straight down to the bottom of the Pacific Ocean in the Navy's bathyscope "Trieste". This is a mile farther down than Mt. Everest is high.

Slides and a film will illustrate Lt. Walsh's talk.

Other fall term convos range from a piano and violin duo to the big Homecoming rally in late October. A special feature will be a political debate between state Democratic and Republican candidates; the date for this has not been set. The dates for the convos are:

Sept. 26—Lt. Walsh
Oct. 21—Homecoming
Nov. 18—Duo di Roma

Union Hosts Prep Yearbook Clinic

The NDSC Board of Publications will play host to over 400 high school students in a yearbook workshop in the Student Union Ballroom, Saturday, September 24. The meetings, sponsored by the American Yearbook Co., will begin at 9:30 a.m. and will last into the afternoon. They are calculated to provide expert advice on the problems of putting together a high school yearbook.

Earlier, there will be a preparation breakfast meeting for members of both the Bison Annual and the Board of Publications.

Rah For Us !!!

Jubilation ran rampant among the 'younger generation' last week when Ken Nelson of Fargo was named new Freshman class president. Bill Findley, Fargo, and Pat Sloan, Mott, were elected vice president and secretary-treasurer.

SC Fall Enrollment Tops 3200 Mark

At the close of the first day of classes Monday, Sept. 19, NDSC a total of 3,208 students had enrolled, according to Burton Brandrud, director of admissions and records.

This is an increase of approximately 100 students over the registration at this time last year. Late registration and extension class enrollment should swell the total substantially, Brandrud said.

New students registering totalled 1,139 with 978 freshmen and 161 transfer students. The remaining 2,000 were upperclassmen, graduate and special students. No exact breakdown of classes is available now, but Brandrud said there were increases in most classes.

Annual Pix

Bison Annual pictures of all sophomores, juniors and seniors will be taken on the first floor of the library Monday, Sept. 26 from 11 a.m. to 8 p.m. and Sept. 27, 28, and 29 from 11 a.m. to 6:30 p.m.

VOL. LXXII—NO. 2 NORTH DAKOTA STATE COLLEGE SEPT. 23, 1960

Chemistry Tech School Establishes Dunbar Scholar's Endowment Fund

The staff of the School of Chemical Technology, together with relatives and friends of the late R. E. Dunbar have honored him by establishing the R. E. Dunbar Scholarship Endowment Fund. In

order that a yearly scholarship can be supported by the fund, at least \$5,000 in contributions will be needed.

The scholarship will be given to a needy and worthy student in the school of chemistry. Friends and alumni who wish to have a part in this worthy cause are asked to send their contributions to: The R. E. Dunbar Scholarship Endowment Fund, School of Chemical Technology, NDSC, Fargo, North Dakota.

Members of the committee are Dr. C. W. Fleetwood, chairman; Dr. J. T. Rudesill, Dr. A. E. Rheineck and Prof. R. H. Peterson.

Students who did not know their actual address when they registered are asked to turn it in immediately to the registrar's office.

The Dean of Students office has many letters with incorrect addresses. If you did not receive a letter you expected, you will probably find it in the Dean's office. You are asked to pick them up as soon as possible.

State Campus To Be Site Of New \$2,000,000 Lab

North Dakota State College will be the site of a two-million dollar federal research laboratory.

The appropriation for the laboratory was approved by the United States Congress and signed by the President as a part of the Department of Agriculture appropriation bill, according to North Dakota Senator Milton R. Young.

The North Dakota Board of Higher Education approved the 90 acre tract suggested for the site which is located on the north edge of the campus west of the football stadium.

The 1961 North Dakota Legislature must now approve a bill permitting use of the land for the project.

The federal research laboratory

will be a national center for basic research on new uses of agricultural chemicals to develop insecticides which will leave no harmful residue such as happened last year when a portion of the cranberry crop was declared unsafe.

It would provide for broad, basic studies on the mode of action and metabolism of insecticides in insects, plants and animals to determine how these chemicals affect insects, how they are absorbed, transported, metabolized and eliminated.

It would make chemical and biological studies of the insecticide metabolites, and to determine the complex relationship between the insect, the host and the chemical compound.

Approximately 100 people will be employed at the federal labor-

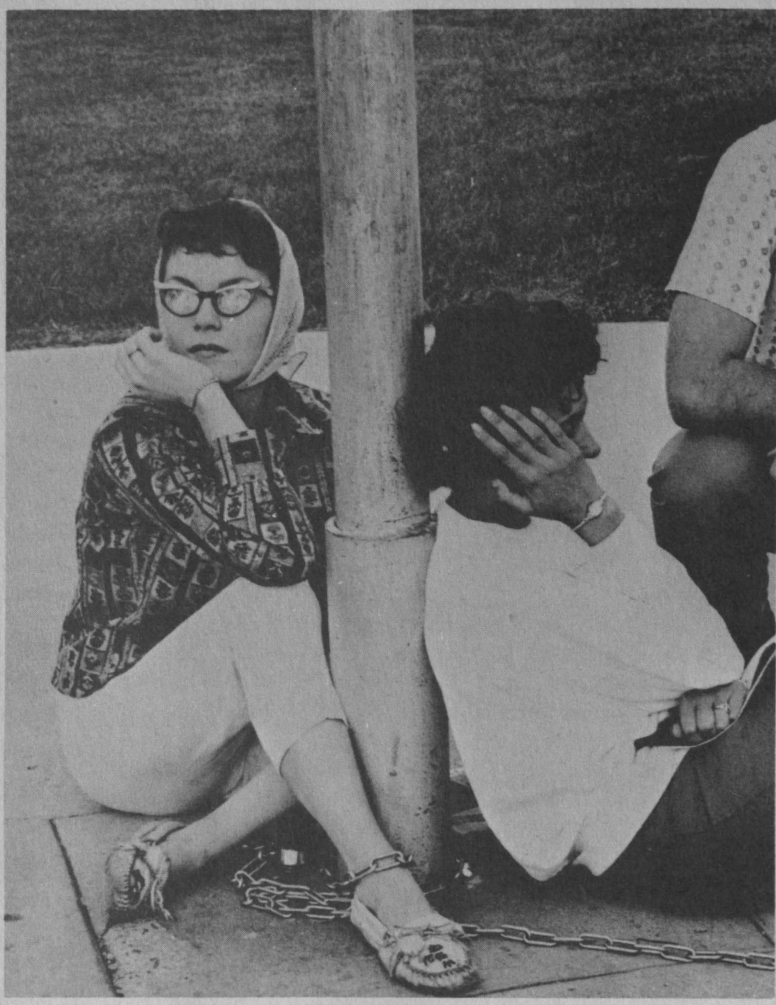

atory, 40 to 45 of them scientists.

NDSC President Fred Hultz said, "the federal laboratory will mean valuable and increased research results emanating from our agricultural experiment enterprise.

"It will bring to this area a considerable number of eminent scientists whose experience and know-how will supplement our already noteworthy research results.

"It will provide for further interchange of work and ideas between the north central and other agricultural areas and produce results of incalculable value to the North Dakota farm and ranch people.

"The laboratory will serve as a monument to Senator Young's keen interest in agriculture and his home state."

Where's Your Beanie . . .

By Evanne Grommesh

"WHERE'S YOUR BEANIE, freshman? You don't have it? . . . Sorry, to the flagpole you go."

At the left is a picture of that flagpole and the chains the freshmen will become familiar with if they don't wear their beanies. After looking at it awhile doesn't it disgust you thoroughly to think this is happening on our campus?

Why do the freshmen have to wear beanies? Some say for identification. How sound is this statement? Aren't they adults? If they need directions or information they know enough to ask for it. If they are to be at a meeting during orientation week they'll go if they need to. We don't have to assist them. Let's treat them like adults and trust them.

Then there's those who say, "It's tradition." I can't argue that, but is it a good tradition and can't traditions be broken?

Really, I haven't too much against beanies, even though they are ugly and your head would have to be abnormal to fit the beanie. What I'm against is the silly lipstick smearing and the tying to the flagpole with chains. It must be wonderful to have all the spare time that those upperclassmen have who keep their daily vigil on the freshmen. These students who have nothing better to do and are presumably adults act less like adults than the freshmen.

Some say the freshmen like it. I don't believe they do, other than a very few girls who are flattered by the attention.

Now I'm not crusading against lettermen by any means. It's just a small number of them who engage in such activities.

This remark was heard in downtown Fargo when the beanie enforcement was being discussed. "It's just a big high school with ash trays."

It's just one incident by a few that can

cause such feeling. Let's act like the university we are.

THE CAMPUS looks beautiful. A big thanks to the man responsible—Mr. Thorson and his assistants.

WHOEVER PUT up the Pharmacy display in the Union (across from the bookstore) can't spell. Check it and you'll see.

EATING FACILITIES on this campus are deplorable. If you don't eat at a fraternity or sorority house you might as well forgo food.

There is definitely inadequate space in the Union to handle the crowd. Ceres Hall is inefficient and antiquated. Sixty minutes is no longer enough time at noon for lunch. It takes that long to get your food.

On Sunday I guess we're not supposed to eat. Last Sunday not a place on campus served meals. Ceres will soon start dinner meals but no suppers. The Hasty Tasty is not open. No buses run on Sunday to take us downtown. The Newman Center and L.S. Center serve suppers but they can't serve 3,000.

How can you help but be a suit case student if you have an appetite for food?

Just one more thing. I just saw the plans for the two new dorms that will be built soon. WHY aren't there cafeterias in them?

DURING REGISTRATION post cards were handed out to all students on Name Change.

All they had to do was put an address on the envelope, give the man 3 cents for a stamp and give it back to him and it would be taken care of. That would have been 3200 cards out on Name Change, but there was only half that number.

The freshmen did their part but the upperclassmen took the card and said "I'll do it later."

"LATER" will be TOO LATE. The time is NOW. Do your part. Only 6 weeks left until election.

Cheating

William Cole Gives Solution

Taken from an article in NATION. This is one man's solution to cheating.

Ed. Note

By William Graham Cole

Most fundamental is the student's attitude toward education itself. American education, by and large, produces a maximum of passivity; students do not so much learn anything as they are taught something. There is precious little correlation that is obvious to them between what is going on in the classroom and in the market place where they intend to spend the

rest of their lives. We need far more independent study in our colleges and far more contact with the workaday world than we now have.

I am not suggesting vocationalism in any sense of that word. I do, however, mean to point strongly to the need for a continuous dialogue between the university and the world at large, a dialogue which now consists of two independent and deaf-earred monologues. If students can be encouraged to pursue their own research out of sheer curiosity, for

the mere joy of learning, and then be asked to relate what they are doing to the larger commonwealth of mankind, in which they share citizenship, then cheating of the campus will wither and die because the waters which now keep it alive will have dried up.

THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, N. D. Subscription rate \$1.00 per term. Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

The Spectrum Asked: What do you think of lettermen?

They are making fools of themselves chasing the freshmen around.

Quite impressive! I wonder if they have brains too? I wonder if the Student Union pays them dividends.

I think it's a good way to get acquainted. However, they can get a little rough with their lipstick smearing and chaining! It was a lot of fun anyway.

I think they could use some polishing on their salesmanship. Perhaps a little abrupt, but of course some are okay.

I think they're ball! As far as the beanies go, it gives you a chance to meet the lettermen and get fairly well acquainted with them.

The Latest . . .

By Donna Helbling

Hi People! Another year has started at NDSC—many chances to brighten the campus, along with a possible new name—should be a good year.

New column, new columnist, you supply the news to the Spectrum office—third floor of the union, Tuesday at 3 p.m. is the deadline.

Independent Students Association started the social whirl by picnicing at Lindenwood on Monday.

Entertainments in the Greek house started at the ATO house on Thursday when they hosted the Gamma Phi.

Saw Kennedy yesterday at the report—very impressed—to say the least.

Many, many marriages, engagements and pinnings through the summer Sooooo!!

Taking the big step at the KD house were Jane Tomlinson, Bob Thompson SAE; Mary Maloney, Ron McClelland SAE; Mary Ellen Kalinoff, Bill Suckerman, Kappa Psi; Charlotte Tomlinson, Dave Lentz, junior.

Just the beginning people — at the Kappa house are more marriages—Sue Eggert, John Altenburg, ATO; alum Lois Williams, Willie Briggs ATO alum; Jane Higgins and Dick Wyman. Today's the day for KKG LaVonne Schwartz and SAE Jim Stockman.

Heading the engaged in the KKG house are Marion McKinnon, Keith Bjerke, AGR; Sharon Sandvig and Jerry Offerdahl. The latest Kappa to be pinned is Gail Gustafson to SAE Tom Reynolds.

Gamma Phi alum Sharon Mische married Keith Sheldons, ATO alum. Engaged are Yvonne Mousneau, Gamma Phi and Harlan Russell, Minot.

Patience, friends, only a few hundred more—

From the Alpha Gam house married: Bev Lloyd, Carl Haas, AGR; Jane Berg and Harold Shattuck, ATO. Carolyn Roberts and Ron Marks Farm House, plus—the marriage of Carol Finstad to Merrill Kinges MIT, Yvonne Wittmer to Robert Jacobson UND and Marlene Olson took the step with Rodney Prievy. Alpha Gam alum Margaret Gludt married Robert Barth. Pinnings at the Alpha Gams—Delcie Danroth to ATO Bill Wright, Sharon Affield to Myron Ostad.

If you'd like to hustle into matrimony Theta might be a sure bet. Below you find numerous reasons. Pinned are Thetas Lynn Sheryak to Tau Dale Muench; Irene Swanson to J. P. Erickson SAE; Gloria Warner to Dick Sharpe, Kappa Psi.

Multi Thetas married: Corrine Anderson to Teke Dick Gunderson, Sandy Christianson to Teke Rodney Föss; Rosemary Hopkins to Darrel Oswald from Wing; Janell Leetun and Marvin Christman, Iowa State U. Enough said.

Continuing with the KATs, Marlys Oberg walked the aisle with Lowell Shelton, Tau, as did Jan Dunbar and Erroll Bong, Sigma Chi; Ruth Sanford, Gary Reetz, Janis Olson and Dennis Helgoe SAE.

Among the engaged Thetas are Pat Baker and Harry Halvorson, Janet Long and Len Lesmeister AGR; Phyllis Gill and Paul Brackelsburg.

Taus pinned are Les Turner and Connie Brandvold, Souris; Bob Hammer, Donna Kilen of Moorhead; Lyle Baker and Margaret Lundby from Concordia.

AGR Warren Jamenson pinned NDU Tri-Delt Nancy Stone.

Other marriages—John McLain SAE and Sharon Killwright, Miles City.

Teke Bruce Hannes and Aase Reigstad, Moorhead, were married as were Harold Schatz and Joyce Schmalenberger, Hebron. Teke pinning, Harry Parr to Pat Kritzberger, Sabin.

Theta Chi, Jim Pfau married Eileen Wock from Dickinson. Student senator Mike Stallings tied the knot with Theodora Wiltzie, Fargo. Cheryl Haugen married Gary Johnson MST.

Congrats to all gals, guys, fiances and pinmates. Lots and lots of good fortune.

Ah those Lettermen! THE FRESHMAN IDEALS—Sold beanies so efficiently. One even mistook Al Hart, our very own student body president for a freshman—ah those lettermen!!

Must study—see you next week.

Sigma Nu Arrives To Boost Fraternity Number To 10

The fraternity system at North Dakota State is in the process of expanding itself to ten groups. Newest addition is Sigma Nu who, during the past week, has carried on its first quarter of rushing. However, the group will not become a national fraternity for two years, plans being to organize as a colony during the intervening years.

Fraternity rushing will extend through this week and the seven NDU Sigma Nu's, who are handling the rushing program, strongly urge all non-Greek men on campus to come over to the Student Union and get acquainted.

They are using Meinecke Lounge and the upstairs dining room as their "house" until more permanent facilities are obtained. Both luncheon and dinner are served to rushees.

Below the SPECTRUM prints a statement from the Sigma Nu Colony Representatives.

"The Sigma Nu Colonization representatives invite the attention of ALL MEN who believe in a better alternative. If you have POSITIVE values and are not immobilized by a sense of superiority because you are a negative rejectionist . . . come and see us."

THE PLEDGE YOU SAVE MAY BE YOUR OWN

Today's column is directed at those young female undergraduates who have recently pledged sororities and are worried, poor lambs, that they won't make good. Following is a list of simple instructions which, if faithfully observed, will positively guarantee that you will be a mad success as a sorority girl.

First, let us take up the matter of housemothers. The housemother is your friend, your guide, your mentor. You must treat her with respect. When you wish to speak to her, address her as "Mother Sigafoos" or "Ma'am." In no circumstances must you say, "Hey, fat lady."

Second, let us discuss laundry. Never hang your wash on the front porch of the sorority house. This is unsightly and shows a want of breeding. Use the Chapter Room.

Third, meals. Always remember that planning and preparing meals for a houseful of healthy girls is no simple task. Your cook goes to a great deal of trouble to make your menu varied and nourishing. The least you can do is show your appreciation. Don't just devour your food; praise it. Exclaim with delight, "What delicious pork jowls!" or "What a yummy soup bone!" or "What scrumptious fish heads!" or "What clear water!"

Fourth, clothing. Never forget that your appearance reflects not just on yourself but on the whole house. It was well enough before you joined a sorority to lounge around campus in your old middy blouse and gym bloomers, but now you must take great pains to dress in a manner which excites admiring comments from all who observe you. A few years ago, for example, there was a Chi Omega named Camille Ataturk at the University of Iowa who brought gobs of glory to all her sorors. Camille hit on the ingenious notion of suiting her garb to the class she was attending. For instance, to English Lit she wore a buskin and jerkin. To German she wore lederhosen and carried a stein of pilsener. To Econ she wore 120 yards of ticker tape. Her shiningest hour came one day when she dressed as a white mouse for Psych Lab. Not only her Chi Omega sisters, but the entire student body went into deep mourning when she was killed by the janitor's cat.

Finally, let us take up the most important topic of all. I refer, of course, to dating.

As we have seen, the way you dress reflects on your sorority, but the men you date reflect even more. Be absolutely certain that your date is an acceptable fellow. Don't beat about the bush; ask him point-blank, "Are you an acceptable fellow?" Unless he replies, "Yeah, hey," send him packing.

But don't just take his word that he is acceptable. Inspect him closely. Are his fingernails clean? Is his black leather jacket freshly oiled? Is his ukelele in tune? Does he carry public liability insurance? And, most significant of all, does he smoke Marlboros?

If he's a Marlboro man, you know he has taste and discernment, wit and wisdom, character and sapience, decency and warmth, presence and poise, talent and grit, filter and flavor, soft pack and flip-top box. You will be proud of him, your sorority will be proud of him, the makers of Marlboro will be proud of him, and I will be paid for this column.

© 1960 Max Shulman

* * *

The makers of Marlboro, having paid for this column, would like to mention another of their fine cigarettes—mild, unfiltered Philip Morris—available in regular size or the sensational new king-size Commander. Have a Commander—welcome aboard.

Deadline For Fulbrights Is Oct. 15

The Institute of International Education reminds NDSC students that Oct. 15 is the deadline for two grants, the approximate 800 Fulbright Scholarships for graduate study in 30 countries and the Inter-American Cultural Convention awards for study in 17 Latin American countries.

Recipients of Fulbright awards for study in Europe, Latin America, and the Asia Pacific area will receive tuition, maintenance and round-trip travel. IACC scholarships cover transportation, tuition and partial maintenance costs. IACC administers both of these student programs for the U. S. Department of State.

Campus Delegation At UCCF Merger

Rev. Robert Siberry, campus UCCF director, Carole Schultz, and Paul R. Johnson were three of more than 700 delegates who met at Stephens College, Columbia, Mo., Aug. 25 to Sept. 1 to confirm the merger of four denominational campus organizations into the United Campus Christian Fellowship.

"After several years of study and negotiation, delegates from all parts of the country required only a few minutes at a uniting assembly to merge student groups from the Disciples of Christ, the Evangelical United Brethren Church, the United Church of Christ and The United Presbyterian Church, U.S.A.," said Rev. Siberry.

Enrolled students at NDSC can receive general eligibility requirements for both categories from the campus Fulbright adviser, Dr. L. Hertel, Minard 227, for information and applications. Others may write to the Information and Counseling Division, Institute of International Education, 1 East 67th Street, New York 21, N. Y.

Doheny Receives National Award

Bob Doheny, a 1960 graduate of NDSC, has been presented a certificate by the Grand Council of

Kappa Psi as one of the outstanding Kappa Psi members of all collegiate chapters in the United States.

Doheny qualified for the award by being active in extracurricular activities, by working effortlessly for the Kappa Psi's on campus and for his scholarship achievement as a Kappa Psi.

As a senior Doheny was President of the Kappa Psi fraternity. He was a member of Blue Key, the American Pharmaceutical Association and the Inter Fraternity Council. He was also Greek King in his junior year.

Presently he is a practicing pharmacist in his home town of Eveleth, Minnesota working with his father.

President Hultz Lists 16 Fall Staff Appointment

Sixteen new staff appointments have been announced by President Fred S. Hultz at NDSC.

Frank J. Arena, associate professor of mathematics, was formerly with Sanisius College in Buffalo, N. Y.

John E. Frisby, instructor in mechanical engineering, was with the Sandia Corporation, Albuquerque, N. M.

Bryan E. Gackle, instructor in speech, was formerly a graduate student at NDSC.

Stephen R. Hilding, instructor in mathematics, was formerly with Kansas State University, Manhattan, Kans.

James L. Jorgenson, instructor in civil engineering, was in structural engineering design work in Minneapolis.

Roald J. Kostecky, instructor in physics, was a graduate student at NDSC.

Huan P. Kuang, professor of mathematics, was formerly at the Agricultural and Technical College, Greensboro, N. C.

Miss Rae Olson, order librarian, formerly an NDSC staff member, returned to Fargo from Dickinson.

Gerald V. Rowell, instructor in mathematics, was formerly with Michigan State University, East Lansing, Mich.

William H. Shelver, assistant professor of pharmaceutical chemistry, was working on his Ph.D. degree at the University of Virginia, Charlottesville, Va.

Floyd M. Stolt, instructor in electrical engineering, was with the Sandia Corporation, Albuquerque, N. M.

Sylvester G. Suda, special instructor in mathematics, was teaching at Lincoln High School, Casselton.

Miss Constance West, associate professor of speech, is a former Fargo resident and was at the University of Minnesota, Minneapolis.

Irvin R. Zimmerman, instructor in electrical engineering, was a graduate student at NDSC.

Two other staff members appointed are Iyal M. Hanson, assistant registrar, former traffic manager at KXJB-TV and John H. McLaughlin, assistant agricultural editor, who was formerly with Iowa State University, Ames, Ia.

Miss Majore Lovering, state supervisor of homemaking education, was formerly assistant professor of home economics education at NDSC and assistant state supervisor.

Mrs. Madeleine Skogen, assistant professor of mathematics and administrative assistant to the dean of the Arts and Sciences, was formerly secretary to the dean. Mrs. Delores Horn was appointed secretary to the dean in July.

Dr. Charles R. Swanson, associate professor of botany, was formerly with the U. S. Department of Agriculture in Brookings, S. Dak.

Dr. Guy Ernest Wilkinson, associate professor of soils and associate soil scientist, was formerly with the Soil Conservation Commission.

Cecil A. Watson, instructor and assistant in agricultural engineering, was at NDSC last year.

Michael D. Sweeney, assistant in soil survey with the Experiment Station, was at NDSC last year.

Mrs. Freda Record, assistant extension agent in clothing, formerly of Jamestown College.

Row 1: Lucille Marske, Judy Bredeson, Sherry Quinneld, Maxine Miller. Row 2: Marlyn Mehlhouse, Diane Aherin, Janice Dunlop, Sandra Jacobson, Carol Jardney. Row 3: Dorothy Hale, Marlene Waltz, Sandra Waxler, Carol Freihling, Nicole Gullickson, Pat Sloan, Marjo Flinginger.

SC Staff Members Receive Promotions

Twenty-one promotions in the staff at NDSC have been announced by Fred S. Hultz, president.

Four associate professors were named professors. These were Gabriel W. Comita, zoology; Thomas R. d'Ericco, civil engineering; Thomas M. Sakshaug, mechanical engineering; and Francis G. Schoff, English.

Assistant professors promoted to associate professors were: Albert P. Benson, plant pathologist; Robert G. Butler, civil engineering; Charles C. Collins, electrical engineering; John M. Delphia, zoology; Merritt N. Flynn, education and psychology; and James T. Rudesill, chemistry.

Laurel D. Loftsgard was named associate professor and associate agricultural economist, and Robert H. Johansen was named associate horticulturist. Two coaches, Ben C. Bentson and Robert E. Danielson, were given associate professorships in physical education.

Instructors named assistant professors were: Robert C. Godwin, music; Thomas E. Neuberger, physical education; Richard N. Reopelle, pharmacology; William L. Schalker, pharmacy; Stephen M. Sleight, pharmacy; and Alan G. Vick, industrial engineering. Neal S. Holland was promoted to assistant professor and assistant horticulturist.

Loraine Leiboldt, Kathi Kreutz and Marilyn Anderson.

Dr. Dunbar, Chemistry Dean, Dies

Dr. Ralph E. Dunbar, Dean of the School of Chemical Technology, died Labor Day, at the age of 65, the victim of a heart attack.

Ralph Edwin Dunbar was born in Platte, S. Dak. He received the B.S. degree at Dakota Wesleyan University, M.A. at Columbia University and the Ph.D. at the University of Wisconsin. Dr. Dunbar did additional post-graduate work at Northwestern University, University of Minnesota and Iowa State College.

On graduation from Dakota Wesleyan, Dr. Dunbar became principal and chemistry teacher at Britton, S. D. Later he taught at Dakota Wesleyan, being head of its department of chemistry for 10 years. In 1937, Dr. Dunbar joined the faculty of the North Dakota Agricultural College, and in 1945 became Dean of the School of Chemical Technology.

In addition to his teaching and college administrative duties,

He conducted research that has been reported in more than 170 papers appearing in 25 journals, has been author or co-author of 5 textbooks and several laboratory manuals, has contributed to the Encyclopedia of Chemical Reactions and has prepared a considerable volume of abstracts for Chemical Abstracts.

He was a member of the American Chemical Society, North Dakota Academy of Science, Sigma XI, Phi Kappa Phi, Pi Gamma Mu, Pi Kappa Delta and Delta Sigma Rho. He was chairman of an advisory committee on Science and Mathematics Instruction of the State Department of Public Instruction, and state chairman of the Seven States Study on facilities and equipment available for Teaching Science in Public High Schools 1958-1959.

Cross Country Team To Start October

Coach Tom Neuberger will start the 1960-61 cross-country season October 1, in an invitational triangular meet with Bemidji State and Mankato State at Michelson Field. The NDSC squad this year is composed of two returning lettermen and six varsity members.

This season will consist of seven meets and all signs seem to point that Oddvar Helgerson will be this year's strong man. Oddvar, a student from Norway, is a junior in civil engineering. Coach Neuberger's outlook for this year's team is very good. He feels that, "With this group of boys we'll have a good substantial team, if they work hard and condition themselves adequately."

The seven man freshman team will be competing with the varsity squad in all meets. "The freshman team is very enthusiastic, as Coach Neuberger said, "but they have yet to prove their ability."

The men out for the varsity are Neal Jacobson, Don Karney, Neil Mohberg, Gary Yost, Bob Williams, Oddvar Helgerson.

Out for the freshmen are: Harold Mesman, Gary Ness, Jerald Nelson, Dave Wirth, Brian Tucker, Darr Olson, and Charles Offerdahl.

Summer School Enrollment 593

Enrollment at NDSC's Summer Session reached an all time high with 593 enrolled for the term.

That's 50 more than the previous high summer total established in 1959, with 543.

In addition to the regular campus enrollment, a number of special workshops and projects were conducted at NDSC during the summer.

They included a Coatings Symposium, Guidance Workshops, School Lunch Workshop, and Driver Education Course.

Sitting in front: Carol Moffit, Karen Piper, Karen Fridlund, Mona Larson. Sitting on sofa: Sue Rasmussen, Peggy Behselich, Phyllis Herrich, Judy Frazer, Bev Nelson. Kneeling: Norma Opgrand, Corliss Miller. Standing in back: Marlys Skorvaag, Nancy Toman, Jeanne West, Marlya Mertens, Meridell McLaughlin, Donna Sorenson, Maggie Swanston.

Y Sponsors Retreat

Fraternity-sorority chaplains and pledge trainers from UND and NDSC will leave tonight for Lake Tobiason, Hatton, N. D. for a retreat sponsored by NDSC YMWCA.

The retreat will open tonight with a speech entitled "Fraternity, Sorority Ideals—Are We Living Up to Them?" Tomorrow, Sept. 24, Dr. Quentin Stodola of NDSC Counseling Department will speak on the modern fraternity system. There will also be a panel on chapter problems.

Sophia Loren To Star In Film

Sophia Loren, Silvana Mangano and Vittorio De Sica will star in the Fargo-Moorhead Film Society's first production "Gold of Naples." The film will be shown at the Fargo Moorhead Community Theater on Sept. 27 at 8 p.m.

"Tall Tales," a short film, will also be shown with the feature film.

"Gold of Naples," 1 hr. 47 min., tells of a group of people living in the old section of Naples.

New York Times says, "It is cheering to see such pure acting—truly it does the heart good."

Four of America's famous folk artists, Burl Ives, Josh White, Will Geer and Winston O'Keefe star in "Tall Tales."

Season membership for the Society are still available at the YMCA office—AD 5-8772.

MIKE KINSELLA IS RACING down the sidelines in his 90 yard kick-off return to score 6 points for the Bison against Augustana last Saturday night at Dacotah Field.

Bison To Compete In Two Track Meets This Fall Quarter

The athletic department of NDSC is trying something new in fall sports this year. For the first time the Bison will have a fall track team on an experimental basis. Two other schools in the area, NDU and Bemidji State, are also starting this program.

If there is enough interest in the program, there will be two meets, Oct. 7 and 14. These will be triangular meets, but due to the unsurety of the setup the locations have not been set.

Mr. Neuberger will be glad to have anyone that is interested to come out for practice.

The 1960 Intramural Sweepstakes trophy was won by the Kappa Psi fraternity last spring when they racked up a total of 296 points. The Kappa Psi's were well ahead of the Sigma Alpha Epsilons, who placed second with 234 points. Third place was taken by Theta Chi's with 205 points.

Points are respectively given for first, second, third and fourth places and are totaled from the various sports.

The Kappa Psi's captured the trophy by placing first in golf; second in softball, volleyball, and ping pong and third in football. They also took fourth in track and tennis. Since they only won one event, placing second and third was a major factor in securing the trophy.

losing in extra innings to the Theta Chi's, 3-2, in a very close game. The Kappa Psi's placed second in bowling behind Sigma Alpha Epsilon.

Volleyball again found the Kappa Psi's placing second behind the Theta Chi's. A very close contest found the Theta Chi's coming from behind to take the trophy.

Determination and team spirit played an important part in the Kappa Psi's capture of the Sweepstakes trophy. Throughout last year's intra-mural program the pharmlcs definitely shone as beacons of good sportsmanship and always showed a desire to win.

The 1960-61 intramural program will start in approximately one week with football capturing the limelight until bowling starts in about two months.

BISON BITS

By Sports Editor Sherry Bassin

Tomorrow evening the North Dakota State football team will be in Cedar Rapids, Iowa to face the Panthers from Iowa State Teachers College.

The Iowans have served notice that they might be a pretty good ball club by downing Mankato State 41-16 last week.

ISTC will be playing for one of the youngest coaches in the NCC. Apparently his knowledge of the game and his ability to handle youngsters points to a brighter future.

The Panther coach has 17 returning lettermen with his squad and he has the pleasant experience of finding a veteran at every position.

So it looks like another tough battle for the Bison tomorrow night. But then again when haven't they had a tough battle?

The Bison squad is improving every day out. They are working more as a unit which comes only from experience.

This club moves the ball real well. They mix their plays and get good use out of their backfield. Offensively NDSC rates better than most of the squads in the NCC.

It is no secret that the Bison problem is defense but that will improve with experience.

After last Saturday night's close encounter all the bookies that gave 15½ points will be busy getting their pants out of the nearest "hock shop."

The Bison hometowners showed that they can play ball when they have to. The fans last week saw a play that they may not very likely see again. Mike Kinsella, after taking a kickoff, showed some fancy field running and scooted 90 yards for a major score.

So, I say with the way this club is playing, don't count the Bison out tomorrow night.

Organizations planning to participate in intramural football and bowling are requested to have a representative at the Field House Rm. 204, Monday, Sept. 26, at 4:15 p.m. Rosters and fees for football must be turned in.

IT'S RIGHT ON TOP THE NEW ESTERBROOK "101"

Hurry! Hurry! Step right up and see the marvel of the ages! . . . the new Esterbrook "101." A different type of cartridge pen! It carries 2 cartridges in the barrel—one is a spare . . . so there's no need to run out of ink.

The new Esterbrook "101" performs more tricks than a trained seal. Changes pen points as quickly as you can change your mind. Gives you a choice of 32 pen points.

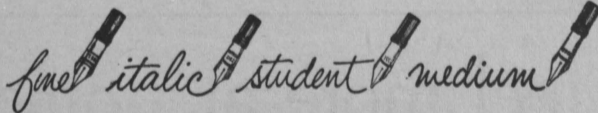

Smartly styled, smooth-writing, the Esterbrook "101" is creating a 3-ring-circus of excitement . . . you'll see why at your Esterbrook dealer's.

Do it up big—top everything with the pen that has everything . . . the Esterbrook "101" Renew Point Fountain pen. 5 colors, available in squeeze-fill, too! \$1.95.

Esterbrook Pens

The Esterbrook "101" **\$1.95**
Other Esterbrook pens slightly higher

THERE'S A POINT CHOICE OF 32—ONE IS CUSTOM-FITTED FOR YOU!

BLIND BECAUSE OTHERS WON'T SEE!

A simple thing, like ignoring a traffic light, can bring tragedy. Every day we injure, cripple, maim and kill thousands because drivers won't obey laws made for their own protection. That's the ugly truth behind 90% of all traffic accidents. You can help stop this senseless butchery. Drive more carefully. Stick to the rules. See that others do, too. Where traffic laws are strictly obeyed, accidents go down!

FACE THIS FACT

Drivers are the No. 1 cause of traffic accidents which last year injured 1,400,000 and killed 38,000. This year an increase is threatened. How long must this go on? YOU can supply the answer!

Published in an effort to save lives, in cooperation with the National Safety Council and The Advertising Council.
