

Lingen Announces Homecoming Plans

"Name Change" has been selected as the theme for the 1960 Bison Homecoming, states Jerry Lingen, Homecoming chairman.

All ideas for house decorations must be turned in to Lingen by Oct. 14.

The Homecoming queen will be elected on Oct. 17 and 18 with the Coronation Ball taking place on the evening of the 18. The queen's banquet is scheduled for Oct. 19.

A special Homecoming convocation will take place Oct. 20 with the bonfire and snake dance in the evening.

The parade will begin at 9:30 on Oct. 21. The Bison meet South Dakota State at 1:30 at Dakota Field.

Open houses will be held at all fraternity and sorority houses after the game.

Paul Hanson will play for the Homecoming dance which will be held in the Field House from 9-12 p.m.

GETTING TOGETHER over final details for the 1960 Homecoming are members of this year's planning committee. Pictured are Dick Berquist, Phil Roesch, Chairman Jerry Lingen, Carl Larson, Sherry Bassin, Jerry Tastad, and Curtis Neuman.

Film On Name Change Will Be Shown Monday At 9 P. M. In Union Ballroom

Panhellenic and Interfraternity Council are sponsoring the showing of the film on Name Change

Monday night at 9 p.m. in the Student Union Ballroom.

This film was shown on all television channels throughout the state last week. It depicts the history of NDSC and also shows pictures which were taken quite recently. Students may possibly find themselves pictured in the film.

Included in the film will be comments by presidents of various state farm organizations which are backing Name Change.

"Everyone who believes in Name Change should be there" states Charlie Bateman, student Name Change chairman. All students are asked to attend.

Suellen Ringsak, Measure 3 Marathon chairman, said the marathon was highly successful. More than 22,000 pamphlets were addressed and mailed before 3 p.m. Students were most cooperative, said Suellen and worked continuously from 8 a.m. until the marathon ended.

Annual Pictures

The last deadline for Bison pictures is Oct. 11, 12, and 13. These taken at the reduced rate of \$2.75 at the library.

If you had your picture taken by Dan Olsen last year he has your proofs. If you want to use that picture, tell him and he will make prints for the Bison.

We cannot put your picture in the Bison if we don't have it and need two 3x4 glossy prints.

Bison Yearbook Staff

2 Staff Appointments Made

Two new staff appointments for the coming year at NDSC has been announced by President Fred S. Hultz.

James L. Jorgenson was appointed Instructor in Civil Engineering, and Fred D. Sobering was appointed Assistant Extension Agent in Marketing.

Jorgenson worked with Jacus and Amble Structural Engineering in Minneapolis and with the North Dakota Highway Bridge Division before coming to NDSC.

He was born in Rugby, and received his B.S. in Civil Engineer-

ing from Northwestern University. Sobering will be employed half-time as Assistant Extension Agent in Marketing, and livestock specialist assisting H. W. Herbison. They are currently working on a livestock forecast for the state and other crops and farm marketing information. During this time Sobering also will be working on his graduate degree in Agricultural Economics.

He came to NDSC from Minnawaukan, where he was County Extension Agent of Benson County. He was born in Manitoba, Canada, and received his B.S. at the University of Manitoba.

Hamann Urges You To Buy NC Buttons

"Vote Yes on Name Change Measure 3" buttons will be a symbol of student contribution to the Name Change campaign program states Wayne Hamann, student finance committee chairman.

These buttons are rectangular in shape and are red, white and blue in color.

The only way a button can be procured is through a contribution of 50 cents or more to the Name Change. The student goal has been set at \$2,000.

"Every student should have a Name Change button," said Hamann, "as an indication of his or her support. There is no reason why everyone on campus shouldn't be behind measure 3."

Sigma Alpha Epsilon is my choice thinks Hank Rasmussen as he signs his preference slip before receiving his bid. Miles Freitag and Marv Moen assist Hank in filling out his slip. This ended two weeks of fraternity rushing.

175 Pledge Fraternities; Presentations Voted Down

One hundred seventy five men of the three hundred-fifty eight, who signed up, pledged fraternities on Tuesday, according to Dick Bergquist, Interfraternity Council president.

Pledging climaxed two weeks of rushing by the nine fraternities on campus.

The first week was informal with rushees visiting the houses all day.

The second week fraternities held parties on Tuesday, Wednesday and Thursday before which rushees signed date cards. This helped fraternities know how

many to expect at each party.

Interfraternity Council announced after their meeting this week that there would be no fraternity pledge presentations held this year.

Cheerleading tryouts will be held Wednesday, Oct. 12 in Festival Hall at 5 p.m. Two alternate cheerleaders will be elected. Anyone is welcome to try out.—Jerry Lingen.

Pharmacy Juniors Return Wednesday From Five Day Trip To Indiana

All juniors in the School of Pharmacy returned Wednesday from a five day annual pharmacy trip which took them to the Eli Lilly Company in Indianapolis, Ind.

Touring the Eli Lilly Co., the students were shown the steps of pharmaceutical manufacturing that included the manufacture of tablets, capsules, ointments and other medical preparations.

"The days were too short and the nights were even shorter," stated Dave Kraft, one of the students making the trip. He added that the trip was very profitable from the educational standpoint.

They were accompanied by Mrs. Clifton Miller, wife of the Dean of Pharmacy, and Mr. and Mrs. Jim Stone. Stone is the Fargo representative for the Eli Lilly Co.

LaDonna Hagen receives a huge Name Change button from C. button chairman Wayne Hamann.

Editorial . . . Evanne Grommesh

Another question this week . . .

Why is there a rule enforcing compulsory attendance at class?

I don't believe class attendance should in any way determine the student's grade. His grade should be determined by his test scores.

I pay for every class whether I attend or not. If I want to cut and waste money plus an opportunity to learn and perhaps even flunk the course I should be able to do it.

Sometimes a student has a very good reason for not attending class. He doesn't have to be sick. Maybe he has something more worthwhile to do . . . a lecture off campus, an important meeting or it could even be just a good sleep.

Students who want an education will go to class. The faculty can encourage class attendance first of all by delivering a good lecture. Now I realize all teachers can't be great orators but they can still give interesting material. Secondly, they could test on material not only in the book but also covered in lecture.

I rather wonder how many classrooms would be almost empty without the compulsory attendance rule?

The reason that seems to be most popularly given for compulsory attendance is—students just aren't responsible enough. Just when are we going to be responsible enough? I suppose it will be when we get out of college. It has to come. Why not when we start college?

Perhaps if the rule were taken out students would better realize why they're here. It wouldn't be just to go to class but to learn.

Just Can't Seem to Shake the Habit . . .

THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, N. D. Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

The Spectrum Asked:

"Should Red China be admitted to the UN?"

Spectrum Photo Interview

By Ray Hendrickson

Kent Sluka Jr. CE Aberdeen

Dora Gault Soph., HE Agate, N. D.

Mike Morrissey Jr. AAS Valley City

Linda Wieman Soph., Chem. Mohall, N. D.

Dianne Meyer Jr. HE Pillsbury

"I think that the fewer Communist influences we have in the UN more will be accomplished."

"No, I don't. Every Communist nation that gets in is just another vote against the United States and the rest of the free world. Why make it any more difficult than it is now?"

"I don't think the UN needs another aggressive nation as a member. There is one too many Mr. Khrushchev's now."

"Ignoring such threats as Communist China will not make them disappear. In order to deal with aggressive nations we must meet them on a common ground. The UN should not be a puppet of the Western World."

"No, I don't think that they should cause the U. S. does not recognize them as a nation and if they were admitted the U. S. would have to recognize them."

Letters to Editor

Dear Editor:

"Why do organizations on campus concern themselves solely with dances, trophies and queens instead of adding a few more lectures and discussion to their yearly programs? . . . If there were more lectures would we students attend them?" Your editorial last week seemed to strike a familiar note.

There IS an organization on campus which has some objectives which are worth considering. By promoting interest in student government functions, leadership and responsibility training the ISA offers an opportunity to its members to expand their intellectual horizons.

The organization is trying to satisfy our intellectual appetites and to instill in the students an increased interest in college activities. The ISA is not an exclusive organization, but is open to anyone who is interested including staff and faculty.

Just to mention a few of the programs last year, discussions were held on city government, causations in history, cultural and political relationships between India and Pakistan, and the newspaper's role in the community.

Are not these programs opportunities for us to gain a better education and increase our cultural perspective? Yet how many students took advantage of those meetings? It seems that we are suffering from acute apathy. Is this diagnosis right? I hope not. Let's get an education—not just a degree.

The ISA again this year is offering a series of cultural programs including a talk on "Americanism," a discussion of oriental art, political and religious panel discussions and a talk on law enforcement.

Surely, the prize we offer isn't a shiny silver trophy or free beer for all—but I am convinced, Madam Editor, that you are to a certain degree wrong. Let's not sell ourselves short. I am convinced that we are not in a cultural lag, an intellectual retrogression, a social decline. We want to call our school a university—let's prove that we deserve it.

RAY HENDRICKSON
President, ISA

Dear Editor:

"Boy, they really make a killing here." "I'll bet they make \$5,000 a day here." These are some of the comments which can be heard as you stand in line at the Bookstore during the first week of school.

It is obvious that the high prices of books at the Bookstore create a considerable amount of ill feeling towards the Bookstore by students especially during the first week of school when we really feel the pinch. I feel that this ill feeling is not justified and would like to make a few points clear on this matter which I feel students should be aware of.

First, I agree with most students that the prices of books are almost outrageously high especially for students to pay.

Secondly, the Bookstore is a NON-PROFIT, school-run store here for our benefit. Any profit which is made is invested back into the store for improvements in service, etc.

All right, then how do you explain the high prices. The high prices are not due to the Bookstore BUT to the publishers who raise the prices of the books at their own discretion.

The Bookstore itself buys books at 20% less than the price we pay which is the minimum suggested retail price. From this they must deduct the cost of freight which runs into thousands of dollars, the cost of books which are not sold, another item running into thousands of dollars; and the regular overhead expenses, help, etc. that any business has.

Everything taken into consideration, I believe you will find that the bookstore is not making any excess profit as many students believe.

WAYNE HAMANN
Student Senator

Dear Editor:

In last week's issue of the Spectrum in the Editorial column, the question was put forth: "Why can't we be trusted?" In thinking this through for a moment, came to my mind that there is definite correlation between the question: "Why can't we be trusted?" and "Why can't I trust myself?" I find there is one word which seems to be the very foundation for both suppositions—namely, SELF-CONFIDENCE.

The average college student is constantly faced with a complex system of innate fears. This is not only true for the freshmen but seems to be the general rule for a student's life on campus.

One fear overtakes another as the student progresses from his freshman year to his senior year and finally graduation. As this happens our basic self-confidence is scattered to the wind, and we are forced to latch on to any and all concrete forms for basic support.

I firmly think, if the day ever arrives that man can stand to reflect inwardly, but for a moment a day, to face and to test his feelings of anxiety, and dare to find out where he really is; then one would come to the point of trusting himself.

This would in turn GIVE HIM THE CHANCE and courage to trust others. This is SELF-CONFIDENCE; being able to trust ourselves as we trust others. I then put forth the question, "Do we really trust ourselves?" Or better yet, "Do we really dare to trust ourselves?"

KENNETH MERCHER

Students:

I would like to remind you that your mail must be addressed with the proper local address. Improperly addressed mail is returned to the sender. Therefore it is essential that the correct LOCAL address be used. For the time being, improperly addressed mail is sent up to the Dean of Students office or to the Dean of Women's office by the College Post Office.

Students may check at the office of the Dean of Students or Dean of Women occasionally. All changes in local addresses should be reported to the Office of Admissions and Records and the offices of the Dean of Students and the Dean of Women. IF YOU HAVE NOT GIVEN YOUR LOCAL ADDRESS ON YOUR REGISTRATION CARD, STOP IN AT THE OFFICE OF ADMISSIONS AND RECORDS AND RECORD YOUR LOCAL ADDRESS.

Registrar

The Latest . . .

By Donna Helbling

Let's socialize . . . it provides good information for all the eager readers.

Big dance in the Union Saturday night. It's sponsored by Associated Women Students and will be swinging into high gear at 9 p.m.

The Stag Combo will provide mood music at the Newman Club dance on Sunday. Dancing follows a 6:30 p.m. dinner.

Coffee drinking time started at the KD house on Tuesday . . . many more will follow.

Leading the serenades this year were the ATO's as they lifted their voices in praise of Gamma Phi and KD.

KAT's and Kappa's formed a coalition and serenaded the Sigma Chi's on Monday evening. On the same night the singing SAE's visited the Gamma Phi's and Kappa's.

The Phi Mu's presented a black onyx table light to the Theta Chi's as a thank you for the use of the Theta Chi house during rush.

Ellen Buresh is the new owner of Carl Hanson's AGR pin.

Alpha Gam, Carol Solberg received a shiny new diamond from sailorman Charles Army.

Mary Pat Rodger and SAE Roger Lutz are a newly pinned couple.

News from the Phi Mu house . . . engaged couple Lyla Piper and Ken Meske, senior Stater.

Congrats to Dennis Wolsky, newest member of ATO.

Never before has this column predicted a pinning that will occur in two months but . . . here it is. Marv Bachmeier has admitted that his pinning will be announced at Christmas . . . to whom? The girls that proves to be the most active in his newly formed fan club . . . Marvelous Marv's Maidens. Need more be said?

New actives about campus include KD's Betty Rae Sanders and Eleanor Candrian. The high flying kites seen last week were flown by new KAT actives Bev Sunden, Bonita Bohnsack, Mary Walrath and Lynn Sheriyak.

New Phi Mu . . . Anita Kitsch.

Believe it or not there are still some unpublished summer marriages. From the Sigma Chi house are Jerry Fashiem to Marlene Mikes of Valley City; Ron Nelson to Jean Allen of MSC. A more recent marriage at the Sig Chi house is 1960 Model Man, Dick Weeks to Joyce Fagg of Cable, Wis.

The Co-ops contributed these people to the list of summer marriages; Curt Haman to Karen Bonebrake of Minot; Milo Benson to Sandra Hager; Vern Anderson to Bev Bender of Bismarck; Dennis Roscoe to Claire Cariveau of Moorhead and past president of Student Senate, Noel Estenson gave the nod with Ethel Hanson of Fargo.

Engagements in the Co-op house; Dave Hoff to Irene Amb of Port-

Sorority Pledges Elect Officers

Pledge class officers at the six sororities have been elected.

Alpha Gamma Delta sorority: Sandra Jacobson, president; Maxine Miller, vice president and Janice Dunlap, secretary.

Gamma Phi Beta: Stella Crary, president; Tracey Robson, vice president; Joan Verden, secretary and Corrine Quam, treasurer.

Kappa Alpha Theta: Mary Hintz, president; Joan Scott, vice president; Bette Ann Aveson, secretary and Jean Collins, treasurer.

Kappa Kappa Gamma: Corry Miller, president and Marlys Sharsvaag, vice president.

Phi Mu: Kathy Kreutz, president; Marilyn Anderson, treasurer and Loraine Leiboldt, secretary.

land. Gerry Mulkie engaged to Sandy Mattson, Rolla.

Teke Jim Lamont engaged Lola Floe Alpha Zeta Phi, Concordia.

Gloria Bilbert and Tom Pagel added their names to the summer marriages.

Four New Housemothers Start Duties At Sorority And Fraternity Houses

Four new housemothers have taken over duties in fraternity and sorority houses on campus.

Mrs. L. C. Campell, new housemother at the Alpha Tau Omega fraternity house, was formerly a housewife from Pelican Lake, Minnesota.

Mrs. Campell states that she was very surprised to find Rush Week had so little commotion, for she says she expected a great deal more. She also adds that she likes the ATO's famously.

On July 4, Mrs. Marie E. Johnson came from Arcadia, California, to begin her new assignment as housemother of 54 Gamma Phi Beta actives and pledges.

The new housemother says, "It has been a challenge—but I like it so far. Things have been going smoothly, and I enjoy the atmosphere. The group of girls is lovely."

After teaching the sixth grade in Wishek, Mrs. Esther Graham said she would try anew and act as housemother of the Kappas, which she started on Sept. 3.

Mrs. Graham says she finds it

very interesting meeting so many girls, parents, and alumni. She especially thought it was interesting meeting all the rushees during Rush Week.

As yet, Mrs. Mildred Hefty has not taken over full duties as housemother at the SPD house due to the remodeling job which is reported to be completed in approximately two to three weeks. Mrs. Hefty says the SPD's are very fine, polite bright boys.

WHAT TO DO TILL THE PSYCHIATRIST COMES

Once upon a time at the University of Virginia there was a coed named, oddly enough, Virginia University who was handsome and kindly and intelligent and ingeniously constructed and majoring in psychology. Virginia went steady with a young man on campus named, oddly enough, Oddly Enough who was supple and fair and lithe and animated and majoring in phys ed.

Virginia and Oddly enjoyed a romance that was as idyllic as a summer day, as placid as a millpond. Never did they fight—never, never, never!—because Virginia, who was majoring in psychology, did not believe in fighting. "Fighting," she often said, "settles nothing. The scientific way is to look calmly for the cause of the friction."

So whenever she and Oddly were on the verge of a quarrel, she used to whip out a series of ink blot tests and they would discover the true underlying cause of their dispute and deal with it in an enlightened, dispassionate manner. Then, the irritant removed, their romance would resume its tranquil, serene, unruffled course.

After six months of this sedate liaison, Oddly was so bored he could spit. He loved Virginia well enough, but he also believed that people in love ought to fight now and then. "It opens the pores," he said. "And besides, it's so much fun making up afterwards."

But Virginia would not be provoked into a quarrel. One night Oddly tried very hard. "Hey," he said to her, "your nose looks like a banana, and your ears look like radar antenna, and your face looks like a pan of worms."

"My goodness, we're hostile tonight!" said Virginia cheerfully and whipped 120 Rorschach cards out of her reticule. "Come," she said, "let us examine your psychic apparatus."

Oddly tried again. "You're fat and dumb and disagreeable," he said, "and you'll be bald before you're thirty."

"Hmm," said Virginia thoughtfully and lit a cigarette. "This sounds like an anxiety neurosis with totemism, anagogic trauma, and a belt in the back."

"I hate you," said Oddly. "I hate your looks and your clothes and your toenails and your relatives and the cigarettes you smoke."

"Now, hold on, buster!" cried Virginia, her eyes crackling, her color mounting, her nostrils aflame. "Just keep a civil tongue in your stupid head when you talk about Marlboro! Nobody's knocking that filter, that flavor, that pack or flip-top box while there's breath in my body! It's a full-flavored smoke, it's a doozy, it's a dilly, it's a gas—and anybody who says a word against it gets *this*."

By "this" Virginia meant a series of combinations to the head and liver, which she now delivered to Oddly and turned on her heel and stormed away.

Oddly brought her down with a flying tackle. "I love you with all my heart," he said.

"And Marlboro?" said she.

"And Marlboro even more," said he.

And they kissed and plaited love knots in one another's hair and were married at Whitsuntide and smoked happily ever after.

© 1960 Max Shulman

You too can smoke happily—with Marlboro, or with Marlboro's unfiltered companion cigarette, Philip Morris—available in regular size or the sensational new king size Commander. Have a Commander—welcome aboard!

PROFESSOR FRANZ RATHMANN of Chemistry, Rev. Leo Johnson, YMCA, Ron Ginsbach, president of Young Democrats, Dave Carlson, treasurer of Young Republicans and Margaret Larson, LSA counselor, listen to Rev. William Sherman's comments on Senator John Kennedy at a recent Y discussion.

Catholic Speaks on Politics

By Dave Carlson

Senator John Kennedy's religious principles may affect his actions in the White House, according to Father William Sherman, of St. Mary's Cathedral of Fargo, who spoke at the first "Y" luncheon of the school term, Sept. 29.

Father Sherman gave a short address and then answered questions regarding a Roman Catholic's view of religion in politics. He stated that questions of religion are subject to discussion in this campaign. More specifically, he stated that it is not a person's religion but his personal convictions which should be taken into consideration.

However, these religious convictions are closely related to church views. Therefore Senator Kennedy, speaking as a Catholic, may have convictions contrary to the views of some church bodies.

Father Sherman mentioned that Sen. Kennedy, or Roman Catholics in general, should not be expected to initiate legislation contrary to their personal religious convictions. But lest we become narrow minded, this supposition also applies to Methodists, Christian Scientists, or agnostics in their governmental positions, he added.

The political discussion was lively and lasted 45 minutes longer than planned. This "Y" luncheon, sponsored by the YMCA and the YWCA groups on campus, meets weekly on Thursdays during the noon hour in the small dining room in Ceres Hall. The "Y" is planning to continue the discussions on politics until the election. Following is a tentative agenda. Check the school calendar for further information.

Oct. 4—Protestant View on Religion in Politics.

Oct. 13—Analyzing the U. S. Foreign Policy.

Oct. 20—Pinpointing the Role of our Government.

Oct. 27—Our Difficult Farm Problem.

Pharmacy Chem Has New Head

Dr. James Paul Vacik has been named Chairman and Associate Professor of the department of Pharmaceutical Chemistry in the School of Pharmacy.

Dr. Vacik received his B.S., M.S.; and his Ph.D. in pharmaceu-

tical chemistry from Purdue University. He was born in Indiana and attended San Pierre, Ind., high school.

He has been working as a Post-doctoral Research Associate in the Bionucleonics Department at Purdue, where he studied semi-confidential industrial problems on the uptake and overall distribution and metabolism of animal food additives. In addition he did neutron activation analysis of gold contained in pharmaceuticals in

biological tissues.

Dr. Vacik also has worked drugstores in both Indiana and Illinois, and served with the U. S. Army Medical Corps.

He is a member of the American Association for the Advancement of Science, the American Pharmaceutical Association, the Indiana Pharmaceutical Association. He is a member of Sigma Xi and is vice-Regent of Kappa Psi Pharmaceutical Fraternity.

Eight HE Seniors Practice Teach

Eight home economics seniors at NDSC began student teaching off campus on Sept. 12, for five weeks, according to Miss Marion C. Benson, Associate Professor of Home Economics Education.

Mary Jane Fuhlbrugge is student teaching at Mandan, Mrs. Shirley Wayne, West Fargo and Ina Hendry, Elgin.

Mrs. Dallas Johnson is teaching as Leeds, Marjorie Neubauer, Bismarck senior high; Jackie Nielson, Detroit Lakes; Dennice Mock, Linton and Mrs. Beverly Lloyd, Cas- selton.

Buchanan Attends Conference In Mo

Marion L. Buchanan, professor in Animal Husbandry at NDSC, attended the first annual American Angus Research Conference in St. Joseph, Missouri, on Oct. 4 and 5.

Buchanan, one of 26 leading beef cattle research authorities in the United States, will meet in the offices of the national Angus registry organization to discuss

and formulate future research projects of the association.

The idea of an annual research conference is in keeping with the American Angus Association's record of many "firsts." This conference is another step in a succession of moves designed to keep the Angus breed in its position of leadership in the beef industry.

Telephone engineer Bill Pigott, left, and helicopter pilot plan aerial exploration for microwave tower sites.

"I ENGINEERED MICROWAVE TOWER LOCATIONS ON MY FIRST ASSIGNMENT"

When Bill Pigott knocked on the door of Pacific Telephone, he had two big assets. One was an electrical engineering degree from Seattle University. The other was a craving to jump right into vital engineering problems.

It was not long before Bill was exploring Washington's rugged Cascade Range in a helicopter to find sites for microwave relay towers—part of a multimillion dollar telephone construction job. Today, it's considerable satisfaction to him to see these towers spanning the mountains, knowing that his planning helped put them there.

Other important assignments followed: engineering maritime radio systems, SAGE systems—figuring engineering costs for Air Force Titan missile bases.

"Our people respect a man's engineering training—you really get a chance to show what you've got on the ball," Bill says. "I was up to my neck in tough engineering problems right from the start."

If you want a job where you put your training to work from the day you hang up your hat—you'll want to visit your Placement Office for literature and additional information.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President
American Telephone & Telegraph Co.

Job Interviews

Placement Office

Monday and Tuesday, October 10 & 11, 1960

Deere & Company: Mr. E. H. Case will visit the campus seeking interviews with any senior engineering student interested in the Deere Company. Mr. Case is director of College Relations for Deere & Company and will interview for all of the company plant locations during this annual visit. We do not anticipate a return visit by Mr. Case during this school year. It should be pointed out that Deere & Company has a definite preference for students with a rural background and a personal interest in agriculture.

Tuesday and Wednesday, October 11 & 12, 1960

Atomic Energy Division of Phillips Petroleum Company: The research and development division, Idaho Falls, Idaho will be represented on campus, seeking interviews with electrical and mechanical engineers, and chemists, physicists and mathematics majors. The installation has made tremendous strides in the development and testing of many materials important to reactors, one of the most important being reactor fuels.

Wednesday and Thursday, October 12 & 13, 1960

Minnesota Mining and Manufacturing Co.: Mr. Roger Krantz will represent the 3M organization and seeks interviews with industrial engineers, mechanical engineers, and chemistry majors, and those interested in sales with an economics background. This is the only visit scheduled by 3M this year.

Thursday, October 13, 1960

North American Aviation: Representatives from the Los Angeles and Autonetics Divisions will be on campus seeking interviews with December and March graduates.

Autonetics, the electronics and electro-mechanical division of North American, will seek interviews with electrical and mechanical engineers, physics and mathematics majors for research and development positions, also engineering sales, technical writing and field service. The Los Angeles Division seeks interviews only with electrical and mechanical engineers, and physics graduates at all degree levels. U. S. citizenship is required.

Opportunity to Become a Commissioned Officer in the U. S. Naval Reserve

Darrell Galde and Reuben Jacobson, campus representatives of the local U. S. Naval Reserve will be in the main lobby of the Student Union on Monday, October 10, from 3:00 to 5:00 to explain the Naval Reserve Officer Candidate Program to any interested persons and to answer any questions concerning the various Naval Reserve Officer Programs.

From a restaurant ad: "Good Food Takes Time, Yours Will Be Ready in a Second."

The way some people talk, nobody can get into college because everybody's going.

PROF. H. C. NOBLITT took time out after the discussion at the UCCF coffee hour to answer further questions asked him by Carol Rorvig, Carol Herzog, Bill Stemsrud, Rev. Bob Siberry and Wade Adams.

Wright Elected President Of FU

John Wright, CE soph, was recently elected president of the NDSC Farmer's Union local at their September meeting on the campus.

Other officers of the organization are: Carol Bentson, vice president; Marjorie Odegard, secretary and Ralph Fegley, treasurer.

Concordia Professor Speaks On Politics At UCCF

"Political parties are indispensable to our system," stated Professor C. Noblitt, Professor of Political Science at Concordia College, in a talk at the United Campus Christian Fellowship coffee

hour held Sept. 28 in the Memorial Union, NDSC.

The title of the discussion session was "The Citizen's Responsibility in Politics." Prof. Noblitt pointed out that political action has to be accomplished mainly in the party councils; therefore, active participation is necessary.

When citizens are not active in politics, it makes it difficult to recruit candidates for office.

The coffee hour, scheduled to close at 5 p.m., continued actively until 6:15 p.m. The professor briefly described his own work in party politics and how it has served as a valuable aid to his teaching, as well as fulfilling his citizen's responsibility.

Graefe Appointed To ROTC Staff

Captain Carl W. Graefe has been appointed to the NDSC Army ROTC staff, according to Lt. Col. Joseph W. Mitchell, Jr., Professor of Military Science.

Reporting to Fargo from Germany, where he served with the Seventh Engineer Brigade, Captain Graefe will instruct second year military science.

Captain Graefe started his military career in 1944 and has served in Japan, Korea, and in Europe. He has received the Navy Presidential Unit Citation and the Army Commendation Ribbon for his services in Korea.

A graduate of Georgia Tech, Captain Graefe received his Masters Degree from New York University.

Married, with two children, Captain Graefe has temporarily established residence at 36 Bison Court.

It's what's up front that counts

Off To The Orient . . .

PASSENGERS FERN LETNESS, Kathryn Weesner, Mary Anderson, Carol Schultz, Darlene Letness, Pat Beck and Beverly Anderson arrive in Tokyo for three weeks of travel in the Orient.

Seven Journey To Orient

By Cecile Myhre

The Oriental Art Tour held last summer was highly successful, reports its conductor Kathryn Weesner, chairman of the NDSC related art department.

The three week tour promoted by the art department included a trip to Formosa, Japan and Hong Kong. Participants were: Fern Letness, Mary Anderson, Carol Schultz, Darlene Letness, Pat Beck, Beverly Anderson and Miss Weesner.

Miss Weesner explained that Oriental art is very subtle and requires careful study for one to fully appreciate its value. Beautiful traditional creations proved to the group that Orientals do not make only "10 cent junk".

The group was impressed by the natural beauty of the countries, the gardens, and the architectural design of the buildings. Some of the places of special in-

terest were Mt. Fujiyama; world's oldest and largest building, the Noryuji Temple; the age of Buddha and the Ryon Temple, noted for its rock and sand garden of abstract design created in the 15th century.

They also visited a geisha house, took part in a formal ceremony and toured modern completely rebuilt Hiroshima.

The art trip was a beginning of future tours promoted by NDSC. Miss Weesner is now planning next summer's tour to the Mediterranean.

Vets To Adopt Orphan

NDSC Veteran's Club announced it will adopt a foreign war orphan through the foster parents plan.

Adoption of this orphan consists of financial support and communication between the orphan and the foster parents. The adoption will start as soon as arrangements can be made.

Sponsoring the adoptions is the Christian Children's Fund Inc. of Richmond, Va.

In selecting an orphan, members of the Vet's Club had to decide between a boy and a girl and which country this child was to be from. It was decided that the orphan should be a South Korean girl. Most of the members of the club are vets of the Korean war.

C. P. Dahl Heads 'Y' Dorm Discussion

C. P. Dahl, Republican gubernatorial nominee, will act as leader for the YMCA Stockbridge dormitory discussion program Wednesday, Oct. 12.

The discussion will start at 1:45 p.m. in the main lounge of Stockbridge Hall. Dahl will speak for a few minutes and the discussion will be open to questions.

The program is designed to stimulate thought for the residents of Stockbridge. The program was started last year by the Y and received good response.

Succeeding dorm discussion topics will include leading Democratic and possibly independent nominees for state and national offices.

The majority felt the Korean orphans are in the greatest need. The main argument for adopting a girl rather than a boy was that in Korea, girls are considered to be of little value and therefore are so treated.

It will take three weeks to a month to receive the child's name, story, address and picture. When the child's address is received letters will be sent to her from as many members as wish to write.

RON ERDMAN DOING some fancy field running is trying to elude a Morningside Maroon chief tackler in a game played at Dacotah Field last Saturday. Erdman got his first start at quarterback last Saturday and gave notice that he will be heard of in the future.

BISON BITS

By Sports Editor Sherry Bassin

The NDSC Bison get this weekend off as the other six clubs in the North Central Conference battle it out on the gridiron.

After a weekend off the Bison will travel North into Sioux country where they will meet NDU in their homecoming game on October 15.

This could prove to be a break for the Bison. A week off in the middle of a schedule is usually always good news to the club doctor and the Bison should be no exception.

After two weeks of rest the Bison should be rested and hungry for the green and white Nodaks who will have just completed two weeks of rugged play.

There are three Bison squad members, Jack Gerlock, Dick Larson, and Terry Luke who have yet to see any game time due to injuries and this may be the time they needed to cure their aches

and pains.

Last week NDSC picked up their first win of the season by defeating the maroon and white gridders from Morningside 21-15.

It wasn't the most exciting game that has been played at Dacotah Field, but no matter how the Bison did it they still picked up two points in the win column for the first time this year.

Speaking about excitement, the fans were about as fired up as an old folks home in the middle of a chinese checker match.

It seems to me that if some of these so-called supporters would voice their support for the team instead of yelling and screaming at every mistake made, it would be a better game for all concerned.

This week the fans won't see the Bison in action, let's hope they get "fired up" and help our hometowners trounce the "U" next week.

33 Frosh Gridders Out For Football

Thirty-three students at North Dakota State College are listed on the freshman football squad, following two weeks of team workouts.

The squad is being coached by Gary Ahlgren, Ross Fortier and Don Remillong, who were members of the 1959 Bison varsity squad.

The Bison freshman team will play a three-game schedule in October, with games against Concordia, Oct. 17; University of North Dakota, Oct. 12; and South Dakota State, Oct. 28. The UND game is the only home game.

This year's team is smaller than last year's but it is showing better form. As Coach Gary Ahlgren said, "They have a lot of potential, with about eight good backs and a very good passer."

Squad members are: Milan Cook, Phil Fitzgerald, William Goldhammer, Mike O'Leary, William Satrom, and Art Schmitz, all of Fargo; Ronald Offus and Dennis Rehder, of Moorhead, Minn.; Glenn Larsen and Gene Nelson, Williston; John Hanesiak and Harold Mitchell, Winnipige, Canada;

Joseph Anderson, Minneota, Minn.; Peter Angelos, West Allis, Wisc.; Larry Clark, Madison, Minn.; Robert Dunnigan, Walhalla; Cameron Gray, Climax, Minn.; Steve Heidecker, Hawley, Minn.; Gordon Krueger, Manfred; Paul Kylonder, Mora, Minn.

Frank Lantz, Mandan; Patrick Marty, St. Paul, Minn.; Steve Nelson, Maple Lake, Minn.; Allan Ness, Albuquerque, N. M.; Steve Pirnie, Bettendorf, Iowa; Richard Schlindler, Barnesville, Minn.

Jerry Schmidt, Sauk Centre, Minn.; Paul Sheetz, Beaver, Penn. Kent Stites, Oakes; Rich Lanski, Duluth, Minn.; Jerry Zimmerman, Valley City; Percy Amble, Sarles; and Thomas Edgar, Finland, Minn.

Viewing Intramurals

By Fred Wright

The Intra-mural Sports Board had their second meeting last Monday at which several issues were decided upon.

One of the basic rules for touch football was changed. The rule had read that . . . "If there is a tie at the end of the 4th quarter, the ball is taken to midfield and each team is allowed one series of downs. One point is scored by the team making the longest total advance in the four downs."

The rule now reads that all tie games shall go in the record book as tie games. In other words, tie games will be entered as 1/2 win and 1/2 loss for both teams.

The rule was changed because it was felt that it was not fair to decide a game upon only four plays. The present rule should eliminate playoffs to decide league leaders.

It was also decided that there should only be one time out per quarter and that a delay in the game would result in a 5-yard penalty.

Harlyn Bjerke was elected secretary of the Board. Officers are Ed Smith, president; Howard Young, vice-president; and Bjerke, secretary. Presiding over the meeting was athletic director Ervin Kaiser.

Bowling will get underway this week. Rosters and dues were handed in this last week and leagues are now being formed. We

will bring you further information on this next week.

Volleyball will start as soon as touch football is over.

Results of games played two weeks ago are as follows: Sigma Chi 12, Co-op I 0; ATO 1, Kappa Psi 0; Stockbridge 12, Co-op II 0; Student Body 6, AGR 0; and Theta Chi 24, SAE 0.

The results of last week's games will be in next week's Spectrum.

The intra-mural program at North Dakota State has been underway for the last two weeks and is progressing rapidly. However, only with student support and participation can this program fulfill its merits.

JOHN EIAN SHOWS SOME of his fancy running as he did against Iowa State Teachers College when he galloped for 61 yards and 53 yards on two different plays.

WELCOME TO OUR COLLEGE CLASS

NOTICES

WESLEY FOUNDATION

At Wesley Foundation on Sunday evening the theme will be three Modern Theologies. A discussion of three major systems of belief as represented in the modern Protestant Church. The three covered will be Liberalism, Fundamentalism and Neo Orthodoxy.

AMATEUR RADIO SOCIETY

The Amateur Radio Society will hold a regular meeting on Wednesday, Oct. 12, at 4 p.m. in room 202 of South Engineering.

Plans for the sweepstakes contest will be made. All interested students are invited.

FM FILM SOCIETY

Luis Bunuel's hair-raising psychological thriller, "This Strange Passion" will be presented on Oct. 11. This deals with the inward obsessions of a paranoid. "Un Chien Andalou (short)" "a work of art produced from the subconscious" will also be shown. The films will be shown in the new library at Moorhead State at 7:30 p.m.

GAMMA DELTA

Gamma Delta will hold its regular supper meeting Sunday, Oct. 9, at 5 p.m. at the Immanuel Lutheran Church, 1258 Broadway. Detective Rooks of the Fargo Police Department will speak on "Juvenile Delinquency". Everyone is welcome.

'Y' MARRIED COUPLES CLUB

The 'Y' Married Couples Club will mark this year's opening with a program on Saturday, Oct. 8. A

pot luck dinner will be held in the library at 6:30 p.m. The club is open to any married students at NDSC. If you are interested in attending, contact Mrs. Larry DePover, AD 2-3072, or the 'Y' office. Plans for future club functions will be discussed at this meeting.

NEWMAN CLUB

It's triple feature night at the Newman Center on Sunday. After the 6:30 p.m. dinner Father Durkin will be the target for questions covering a variety of topics which include politics, philosophy and religion. A dance featuring the 'Staggs' combo will follow the question and answer period. All are welcome.

CIVIL ENGINEERS

The American Society of Civil

Engineers will meet on Oct. 12 in conference rooms 1, 2 and 3 of the Student Union at 7:30 p.m. The program will consist of a movie on the suspension bridge. All engineers are welcome.

ISA

The Independent Student Association will meet Monday, Oct. 10, 7:30 p.m. in conference rooms 1-2-3 of the Student Union.

Truman Wold, past National Commander of the American Legion, will speak on the topic "Americanism".

Annual pictures will be taken. Refreshments will be served. Everyone is welcome.

A.W.S. DANCE

Dance to the music of 'The Staggs' Saturday, Oct. 3, in the Student Union Ballroom from 9

THE SPECTRUM
NORTH DAKOTA STATE COLLEGE
FARGO, NORTH DAKOTA

p.m. to 12 midnight. Admission will be \$1.00 per couple and .50 for a single.

INTER-RELIGIOUS COUNCIL

The Inter-Religious Council will meet Monday, Oct. 10, at 9 p.m. in conference room A in the Student Union.

'Y' NOON LUNCHEON

The third of the Thursday Noon Luncheons will be this Thursday, p.m., Wednesday, Oct. 12.

Oct. 13, in the small dining room in Ceres Hall. Each session an election time will be spent on "Issues In the Coming Election". The Oct. 13 meeting will deal with U. S. Foreign Policy.

IND. ENG. WIVES

The Industrial Engineer Wives Club will meet in Meniech Lounge in the Student Union at 7:30 p.m., Wednesday, Oct. 12.

LUCKY STRIKE PRESENTS: DEAR DR. FROOD:

DR. FROOD'S THOUGHT FOR THE DAY: 'Tis better to have loved and lost than to have spent the whole weekend studying.

Dear Dr. Frood: My roommate is a good guy, but there's one thing about him I can't stand. He wears button-down collars but never buttons the little lapel buttons. Why is this?

Clothes Conscious

DEAR CLOTHES: Don't let this worry you. It's just that his thumbs are too big.

Dear Dr. Frood: Once and for all—is it right or wrong for a man to marry a girl for her money?

Righteous

DEAR RIGHTEOUS: Nowadays this isn't simply a matter of right or wrong. There are the tax angles to consider.

Dear Dr. Frood: I don't understand my boy friend. When we are all alone and the moon is full, he tells me he worships me. But during the day, he crosses the street when he sees me coming. What is wrong?

Lovelorn

DEAR LOVELORN: Did it ever occur to you that he may be a werewolf?

Dear Dr. Frood: The other day my roommate and I had an argument about the difference between traditional art and modern art. What, in your opinion, is the basic difference between these two forms?

Art Major

DEAR ART: The examples above should settle your argument. The portrait at left is traditional. The artist has drawn Lincoln as he actually appeared. The portrait at right is modern. As you can see, the modern artist has drawn Lincoln's great-great-grandson.

Dear Dr. Frood: My favorite brand is Lucky Strike. But unfortunately I am left-handed. Why doesn't Lucky Strike come out with cigarettes for left-handed people?

Lefty

DEAR LEFTY: Left-handed Luckies are available. Simply ask for "Left-handed Luckies." They come in a white pack with a red bull's-eye. The only difference between these and ordinary Luckies is that you must always smoke them while facing a mirror.

"LUCKIES ARE BETTER THAN MONEY," says Dr. Frood (who gets paid in Luckies). It's a fact that college students smoke more Luckies than any other regular. This cigarette is all cigarette—the cigarette that still tastes great. Try a pack today—it's the only thing you and Dr. Frood will ever have in common.

CHANGE TO LUCKIES and get some *taste* for a change!
