

# 1960 Homecoming Festivities Set

One of the highlights of the 1960 Homecoming festivities, as in past years, is the big Homecoming parade. Nearly every campus organization is expected to enter a float of one sort or another, according to Jerry Lingen, Homecoming chairman. Many bands, led by NDSC's own Gold Star Band, will step out to provide the marching beat.

Another of the Homecoming highlights will be the appearance of a number of state dignitaries, both for the parade and the football game. Expected to be in attendance are: state Governor John E. Davis; Secretary of State Ben Maier; Attorney General L. R. Burgum; Tom Erickson, State Treasurer; Curtiss Olson, State Auditor; Senator Quentin Burdick and Fargo Mayor Herschel Lashkowitz.

The parade is scheduled to start at 9:30 and will proceed up Broadway from south to north.

**Monday, October 17—**

8:00 a.m. - 5:00 p.m.—Election of Homecoming Queen at Student Union.

**Tuesday, October 18—**

8:00 a.m. - 5:00 p.m.—Election of Homecoming Queen at Student Union.

7:00 p.m.—Bonfire and Snake Dance.

8:00 p.m.—Dance at the Student Union.

9:00 p.m.—Coronation of 1960 Homecoming Queen during dance at Student Union.

**Thursday, October 20—**

6:30 p.m.—Queen's Banquet at Student Union sponsored by Senior Staff.

**Friday, October 21—**

9:40 p.m.—Homecoming Convo at Festival Hall.

4:00 p.m. - 7:00 p.m.—Judging of house decorations.

**Saturday, October 22—**

8:15 a.m.—Queen's Breakfast.

9:30 a.m.—Homecoming Parade.

11:30 a.m. - 1:30 p.m.—Saddle and Sirloin Barbeque.

1:30 p.m.—Homecoming game—Bison vs. South Dakota State Jackrabbits—Dacotah Field.

3:30 p.m.—Showing of Homecoming Parade over KXJB-TV, Channel four.

**Campuswide Open House.**

9:00 p.m. - 12:00—Homcomieng Dance—NDSC Fieldhouse—Music by Paul Hanson.

CHERYL LARSON, JOYCE LARSON, Phyllis Gill, Jan Melby and Darlene Dietrich smile happily after it was announced Monday night that they are candidates for Homecoming Queen.

## The Spectrum

Vol. LXXII—No. 5 North Dakota State College, Fargo, North Dakota October 14, 1960

# Queen Candidates Named

Five NDSC coeds have been named as candidates for the 1960 homecoming queen. Elections will be held on Monday in the Student Union.

They are:

Joyce Larson, AAS from Fargo; Anna Phi Beta sorority, past president; past Sigma Alpha Epsilon Sweetheart; Senior Staff president; Kappa Delta Pi, vice president; Guidon; Student Senate secretary; past Greek Week queen; and Ski Club.

Phyllis Gill, Home Economics from Moorhead; Kappa Alpha Gamma rushing chairman; Senior Staff; Kappa Delta Pi; Phi Upsilon Omicron; Angel Flight, publicity chairman; Panhellenic Council president; Wesley Foundation;

and College Choir.

Cheryl Larson, Home Economics from Bisbee, N. Dak.: Majorette with Gold Star Band for 2 yrs.; past Tau Kappa Epsilon Sweetheart; Phi Upsilon Omicron chaplain; Kappa Delta Pi Historian-Reporter; Senior Staff secretary; Tryota; Kappa Kappa Gamma vice president, past house chairman and pledge trainer; Angel Flight social chairman; and past treasurer of Dinan Hall.

Darlene Dietrich, AAS from Cavalier, N. Dak.: Kappa Kappa Gamma president; Gold Star Band; Senior Staff treasurer; Sigma Chi Sweetheart; Guidon past treasurer; Kappa Delta Pi; Student Senate; Campus Affairs Commission; Student Union Board of

Directors; past Greek Editor of Bison; lead in Little Country Theater play, Rumpelstiltskin; and Cheerleader.

Jan Melby, Home Economics from Greenbush, Minn.: Phi Mu sorority pledge trainer, past social chairman, song leader, and membership director; Kappa Psi Sweetheart; past Guidon secretary; concert choir; Tryota; Association of Women Students; and past Sigma Alpha Iota pledge president.

## Army Presents Commendation To Mrs. L. Collis And Capt. R. Carroll

Mrs. Lester L. Collis and Capt. Robert M. Carroll received the Army Commendation Ribbon with Metal Pendant at a brief military ceremony Tuesday, Oct. 11.

Mrs. Collis received the award on behalf of the late Capt. Collis

who was fatally injured Oct. 4, 1959 while on active duty. Captain Collis, a graduate of the 1950 class at NDSC, was designated a Distinguished Military Graduate for his outstanding performance as a ROTC cadet while at college.

Upon graduation, he accepted a commission in the regular army and served in the artillery. The commendation was made for his meritorious service as an instructor at the U. S. Army Air Defense School, Fort Bliss, Texas, Aug. 18 to death.

Making the presentation, Ralph R. Borman, Civilian Aide to the Secretary of the Army, said, "No man can make a greater service than to give his life in service to his country."

The second commendation ribbon was presented to Capt. Robert M. Carroll, NDSC Assistant Professor of Military Science. Capt. Carroll was commended for meritorious service June 17, 1957-July 22, 1960 while serving with the Third Armored Cavalry Regiment in Europe and at Fort Meade, Md. Capt. Carroll and his family currently live in Fargo.

# Icelandic Singers Will Appear on Wednesday at Festival Hall

The Icelandic Singers will be the first attraction of the annual NDSC Lyceum Series. They will appear on Wednesday, Oct. 19 at Festival Hall.

The Icelandic Singers is a group of thirty-six male voices, evoking the sights and sounds of their native land. The choir was founded in 1926 by its present conductor, Sigurdur Thordarson. They will offer a program of original works for chorus, classics, and a special group of familiar songs in English.

### Series 50th Anniversary

The annual Lyceum Series at NDSC was originated fifty years ago. In that time it has presented over three hundred of the finest artists and attractions available. The program is sponsored under the auspices of the Student Senate Commission of Music and Public Programs, with Dr. F. G. Walsh as advisor.

### Coming Attractions

Other attractions scheduled this year in addition to the Icelandic Singers include the Societa Core-

li; Dorothy Stickney, a native of Dickinson, North Dakota; the famous American tenor, Jan Peerce; Luboshutz and Nemenoff, a piano duo; and the famed Jose Greco with his Spanish dance company.

All NDSC students are entitled to free tickets for all Lyceum programs. The students are asked to present their student activity cards at the Little Country Theatre where a ticket for the attraction will be attached to the activity card. Curtain time for all attractions is 8:15 p.m.

## Student Killed in Car Collision

Darrel G. Burros, AAS Jr., was killed instantly when the car which he was driving collided with a semi-trailer loaded with

Gerald Spitzer, EE Jr., who was passenger was also injured. He was taken to the hospital with a fractured leg and face lacerations.

The two students were enroute from Breckenridge, Minn. to Fargo. The truck was traveling south and the car north. The tractor portion of the truck jackknifed on the highway and burst into flames. The car, a convertible, was destroyed, when it rolled into the ditch.

Burros was from Aneta, North Dakota, and Spitzer is from Fargo.

NEW MEMBERS OF BLUE KEY, National Honorary service fraternity, stand around this year's officers: Loren Hill, alumni secretary; Dean Forseth, secretary; Charles Bateman, president; and Byron Berntson, vice president. New initiates are Wayne Hamann, Keith Bjerke, Gordon Strommen, Dwayne King, John Kocourek, Bruce Anderson, and James Lanier.

# Editorial . . .

Evanne Grommesh

As you all know, Nov. 8, Election Day, is only three weeks away. The issue that is the closest to us is the Name Change Measure No. 3. It means a lot to all of us.

I know you want the Name Change. I see Name Change Buttons just everywhere. Now you've got the desire, you have the knowledge on why we should have our Name Change and you've got the button. This isn't enough.

The best thing to do now is to go out and talk to people. If everyone would just convince ten people . . . your family first and then your neighbors.

Be sincere in your approach—listen to their side and then give ours . . . you may have to give it again and again. But be patient. Remember it's one of the most important things to us but it isn't to them.

Many of our faculty have been going out in the state every weekend and talking to people. One professor goes into a town and eats part of his meal in one restaurant and part of it in another just so he meets more people.

Our faculty is working hard and NDSC alums are putting many hours of work in, so let's all do our part.

If you need any assistance or information go over to the Communications Office in the basement of the Administration Building. They'll be glad to help you.

\* \* \*

I hope you are all going up to the University this week end. The game is at 2:30 p.m. It's their Homecoming and our own Paul Hanson is playing for the dance.

This is the famous Nickel Series. The latest word is that the Nickel Trophy is missing from the University. Wonder where it could be? Anyway, let's make sure we have it after the game. Let's really show spirit and cheer our Bison on.

The school songs are printed on pages 6 and 7. Clip them out if you're not sure of the words.

Another thing . . . don't forget that we are a University . . . let's not only let UND know it but the people of Grand Forks also.

\* \* \*

Last minute news . . . LaVonne Anderson, H. Ec. Fr., and Kari Wigton, H. Ec. Fr., have been named alternate cheerleaders for 1960-61. These two girls will fill in when our regular cheerleaders cannot perform.

## United States Office of Education Says:

# NDAC Is A University

NDAC is a University. It is classified as such by the United States Office of Education (number oe-53005 circular 619). Let's look at what the U. S. Office of Education report actually said:

★ On page 36, Volume II, of that 1958 report it says "While the North Dakota Agricultural College is not called a university it has the structure of one in that it provides programs in several professional schools and colleges." On page 112 of that same report it says, "There should be a redesignation of the name . . ."

★ On page 133 of a 1960 report from the U. S. Office of Education devoted to a description of North Dakota higher education and authored by the same two men that au-

thored the 1958 report, that agency classifies NDAC as a state university and land-grant college combined, which, as they explain on page 57 of that same report, means it is both a state university (an institutional unit which offers programs leading to the doctor of philosophy or equivalent degree and has three or more professional schools as well as liberal arts and general programs, whether or not the word "university" is found in its official name) and land-grant college combined: an institutional unit which, in addition to being a State University, also has the legal designation in its state of a "land grant college" and receives funds from the federal government under the conditions of the Morrill Act of 1862 and related subsequent acts of Congress.

# The Spectrum Asked:

## What are you doing for Name Change?

Spectrum Photo Interview

By Ray Hendrickson

Wayne Hamann  
ME Jr.  
Dickinson

Everything I can! Right now, I am Student Finance Chairman for the Name Change and also Stark County Student Chairman. Last weekend, I instigated a little movement to put a NDSC float in the home county, and I plan to contact personally as many voters near my home as possible.

Ralph Peterson  
Ag Sr.  
Buxton

I have been invited to make a speech for the Name Change at a political rally in my home county, and I plan to contact personally as many voters near my home as possible.

Suellen Ringsak  
AAS Sr.  
Grafton

I am one of a number of students who have worked to coordinate this Name Change campaign. As student secretary of Name Change, I know that there are a number of jobs left that must be done and can be done only through voluntary help by NDSU student body.

Jim Lamont  
IE Jr.  
Rolla

Odd jobs of all sorts—mostly small. For example, addressing cards, leading Name Change discussions, telling friends, appearing in TV coverage and helping raise funds. But I can't do it all. There are lots of 10 minute jobs ANYONE can do.

Alyce Puppe  
H Ec Jr.  
Hensel

Not as much as I'd like to be doing. I've helped with clinics, written articles for publication, tried to promote Name Change at home and on the campus. It's not much but I guess every little bit helps.

NOW THERE'S A COUPLE MADE FOR EACH OTHER!

WANTED: NEWS PHOTOGRAPHER FOR THE SPECTRUM. Good Pay. Interesting Work. Duties are to provide good news photos for the student newspaper as directed by the editor. Apply to Evanne Grommesh, Spectrum Editor, in writing. List qualifications, availability of darkroom facilities and other information you think important. Application Deadline: Oct. 21.

CORRECTION: Kappa Psi Fraternity average for Spring quarter is 2.43.

## THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSC Board of Publications, State College Station, Fargo, N. D. Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

# Letters to Editor . . .

## Let's Discuss Local Problems

Dear Editor:

In "Letters to Editor" last week Ray Hendrickson, ISA president, said his organization promotes "interest" in student government.

He stated they held discussions on city government, causations in history, cultural and political relationships between India and Pakistan and the newspaper's role in the community. They plan to talk about "Americanism", oriental art, politics and religion and law enforcement. Where does the student government come into these affairs? I can't see it.

Why don't they change their discussions to cultural and politi-

cal relationships on campus, the function of the student government, campus law enforcement, student activity cards for married students, housing conditions and many other factors close to home. I can read about the others in the papers but see little of our own activities or operations.

ISA should not have to do this alone, but its brother organization could help in this work of informing the students about campus activities and to solve problems which may arise.

LAWRENCE E. THOMPSON  
Ag. Fr.

## Compulsory Attendance Is Essential

Dear Editor:

Your editorial of last Friday rather shook up my secure little world. Compulsory attendance at classes is only one of many excellent requirements of the majority of our institutions of higher education.

These requirements should stay! How can you possibly expect an individual interested in furthering his education to attend classes otherwise? This is as illogical as assuming that a student could profitably plan his own programs

which our "university" has set for him.

If the student were able to plan his own curriculum, he would take courses probably quite unrelated to his major field. (Could you see any practical value in a physics major taking a course in music appreciation?)

I'm afraid that the ideas which you proposed in your column would eventually, if heeded, lead to academic freedom for the student and chaos in our educational system.

A Friend of Knowledge

# The Latest . . .

By Donna Helbling

Conversation overheard at the dance Monday: Teke—"Your girl is spoiled isn't she?" Kappa Psi—"Nah, that's just the perfume she's wearing."

Our campus has definitely been stung by the singing bee. Not only do the frats serenade but the sorority girls have been returning the favor. Could this mean a change in female tactics—heaven forbid!!

The AGR's were visited twice on Monday evening, by Kappa's and the KAT's.

The Kappa Psi's received attention from the KAT's and Kappa's as the sorority girls combined their vocal talents in a serenade.

Of course, the fraternities did their share of singing, showing off pledges and meeting new sorority pledges through the channels of serenade.

The SAE's visited the KAT's and Alpha Gam's while the ATO pledges were greeted at the Gamma Phi and Alpha Gam houses.

Card sharks from the Alpha Gam house invited the Phi Mu's over for a Thursday evening card party.

Entertainments are on their way—The FarmHouse men were guests at the Gamma Phi house on Friday.

Coffee hours and teas have invaded the campus—make way people.

Phi Upsilon Omicron held a coffee hour in the Home Economics building on Tuesday.

Gamma Phi Beta opened its doors on Tuesday to hostess a campus coffee hour.

The army invaded Meinecke Lounge on Thursday when Guidon held a reception for new Army ROTC staff members.

Dean Matilda Thompson was hostess to the Ceres and Dinan Hall counselors this past week when they discussed matters pertaining to the dormitories.

Several AGR's are sporting new pins; Ray Sheetz, Dave Glynn, Wally Nelson, Jim Voll, Don Kuhn, Ron Freistad and Ray Zimmerman.

AGR Earl Stegman has announced his pinning to Dorothy Gilbertson.

Everybody wants their name in the social column—the only solution is to get pinned, married or engaged. Ah ha, the thing is, no one wants their name printed that badly!!

Jan Sinner, Phi Mu, is pinned to Ardel Moe, AGR.

Congratulations to your new SPD's—Donald Dodge, Paul Piper, Richard Satter, Val Vareski, Darwin Walz, Roy Tuschoff, Lyle Hallum, Floyd Patterson and Darrell Galde.

Good gracious but the skirts are short this year. Seems that the male critics are all in favor of them.

The KAT'S have added new pledges: Sandy Anderson, Virginia Egan, Holly Johnstone and Jo Misslan.

Newest Phi Mu pledge is Carolyn Trulson.

The Teke's proudly announced their award of honorable mention for the top Teke chapter in the U. S. and Canada.

Harlan Ormbreck, Teke alum, also received a mention as top alumnus.

The parting note is addressed to the girls—"You're the first girl I've ever kissed," said the college man, shifting gears with his knee.

## Protestant Minister Speaks On Politics At 'Y' Luncheon

By Dave Carlson

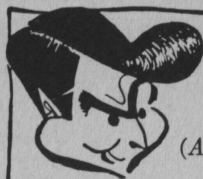

Rev. Robert Siberry, United Campus Christian Fellowship director, spoke at the "Y" Luncheon, Thursday, Oct. 6, tracing the development of the church-state relationship from its beginning to the present day.

He spoke of the abuses of the institutional church becoming too politically involved with the state. He also questioned the validity of a Christian political party on the grounds that it may become the party of the self-righteous.

This cuts off any discussion with opposing parties because the Christian party feels it has all the answers.

Rev. Siberry stated the sole role of the institutional church should be to confront its members with the Christian message. As a result, of this message he said, concerned Christians should take an active part in the political party of their choice. Then, he added, they should act according to the dictates of their own conscience, with a willingness to learn and to change.

The "Y" Luncheon meets Thursdays at noon in the small dining room in Ceres Hall. The discussion topics are planned to be on politics through the election.

## On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

### "HOME SWEET HOMECOMING"

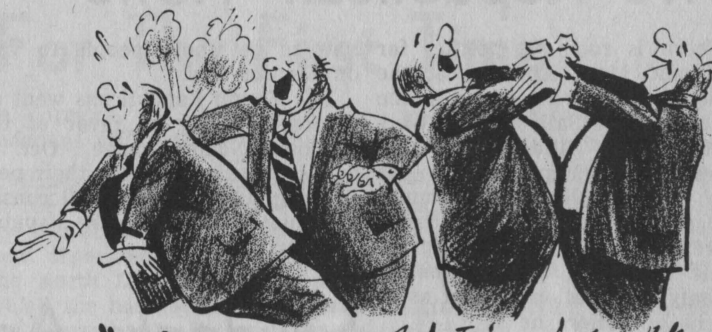

A great number of people have been asking me lately, "What is Homecoming?" but I have been so busy trying to find out why my new sports car leaks that I haven't had time to answer. I am now pleased to report that I finally discovered why my sports car leaks—I have been driving it upside down—and so I am ready today to turn my attention to Homecoming.

Let's begin with definitions. Homecoming is a weekend when old grads return to their alma maters to watch a football game, visit old classrooms and dormitories and inspect each other's bald spots.

The weekend is marked by the singing of old songs, the slapping of old backs and the frequent exchange of such greetings as "Harry, you old polecat!" or "Harry, you old porcupine!" or "Harry, you old rooster!" or "Harry, you old wombat!" As you can see, all old grads are named Harry.

It is not just old grads who behave with such liveliness during Homecoming; the faculty also comports itself with unaccustomed animation. Teachers laugh and smile and pound backs and keep shouting "Harry, you old Airedale!" This unscholarly behavior is carried on in the hope that old grads, in a transport of *bonhomie* will endow a new geology building.

The old grads, however, are seldom seduced. By game time on Saturday their backs are so sore, their eyeballs so eroded, their extremities so frayed, that it is impossible to get a kind word out of them, much less a new geology building.

"Harry, you old Airedale!"

Even the football game does not improve their tempers. "Hmmp!" they snort as the home team completes a 101-yard march to a touchdown. "Do you call that football? Why, back in my day, they'd have been over on the first down! By George, football was football in those days—not this namby-pamby girls' game that passes for football today! Take a look at that bench—50 substitutes sitting there. Why, in my day, there were 11 men on a team and that was it. When you broke a leg, they slapped a piece of tape on it and you went right back in. Why, I remember the big game against State. Harry Sigafoos, our star quarterback, was killed in the third quarter. I mean, he was pronounced dead. But did that stop old Harry? Not on your tintage! Back in he went and kicked the winning drop kick in the last four seconds of play, dead as he was. Back in my day, they played *football*, by George!"

Everything, say the old grads, was better back in their day—everything except one. Even the most unreconstructed of the old grads has to admit that back in his day they never had a smoke like Marlboro—never a cigarette with such a lot to like—never a filter so easy drawing, a flavor so mild yet hearty, so abundant, so bountiful—never a choice of flip-top box or soft pack.

So old grads, young grads, and undergrads, why don't you settle back and have a full-flavored smoke? Try Marlboro, the filtered cigarette with the unfiltered taste, and Homecoming will be a happy occasion and the sun will shine and the air will be filled with the murmur of wings and no man's hand will be raised against you.

© 1960 Max Shulman

At Homecoming time—or any time—try Marlboro's unfiltered companion cigarette—mild, flavorful Philip Morris... Regular size or king size Commander—a brand new and happy experience in smoking! Have a Commander—welcome aboard!

STUDENTS HAVE COFFEE and discuss politics with Mark Andrews, N. Dak. National Committeeman after the Young Republicans meeting.

### Young Republicans

## Students Hear Andrews Give Republican Views

"There is room in politics for you," said Mark Andrews at the Young Republicans meeting in the Student Union Ballroom on Wednesday, Oct. 5. Andrews, a young farmer from Mapleton, is the North Dakota National Committeeman for the Republican Party. Andrews listed himself as proof of his statement, because that is the only explanation he had as to how he got where he is.

More than 150 students heard Andrews give the Republican view on handling international relations, solving the agricultural surplus, and how to have good government. Also heard was June Sine, a student at Mayville State Teachers College.

She is chairman for the Trail County Young Republicans and the organization leader for Young Republican Clubs in North Dakota. She listed several points on how to get more information to the voters before election day and

how to get more people to vote on election day.

The Young Republicans went on record as being in favor of the proposed Name Change. Oct. 12 was set as the date for their next meeting. This meeting will consist of volunteer work for the Republican Party.

# Veteran's Wives Organize; Auxiliary Will Work On Float

NDSC Veteran's wives organized a Vet's Club Auxiliary last week. A constitution will be drawn up and officers will be elected at the next meeting.

The women decided that mem-

bership would be limited to wives of active members of the Vet's Club only. Dues were set at two dollars a year.

The club's functions are to be similar in many respects to the functions of the Vet's club. The wives hope to promote greater interest in their husband's school activities. The club will also provide social and recreational activities. They hope eventually to take part in welfare projects.

The club will work with the

Vet's Club on many projects. The first of these will be the Name Change in which the wives will help make a float with this theme for the Homecoming parade.

Meeting dates for the club will be the first Wednesday of every month. The next meeting will be held in Meinecke Lounge Nov. 17 at 8:30 p.m.

Harold Pederson, Vet's Club president, states that all eligible wives are invited to attend and take part in the organization of the club.

## Students Discuss Politics

Are campus politics important? What is the role of students in politics??? These questions and others were discussed at the Intersarsity meeting Oct. 6th in the library.

The meeting was organized in the form of a panel discussion group. Panel members were Don Nelson, AAS Jr.; Mary Ann Wilner, AAS Jr.; and Ken Nelson, AAS Fr.

Miss Wilner encouraged every Intersarsity member to visit a Student Senate meeting. If students want something done they must know and become acquainted with their senators, she said.

Ken Nelson told of his experiences in running for president of the 1960 Freshman class. He said this was an opportunity to meet students, be a spiritual witness, and a way to become involved in campus government.

In summarizing, Don Nelson stated that campus politics aren't dry and unimportant. It is our duty as Intersarsity members to be involved from the first day to the last, he said.

## Modern Dating System In U. S. Compared To A Great Noah's Ark

By Jim Massie

Dr. David Mace was the main speaker at a workshop on teenage marriages which Rev. Robert Si-berry, NDSC UCCF director, attended.

Mace is president-elect of the National Council on Family Relations and executive director of the American Associations of Marriage Counselors.

The modern dating system was compared to a "great Noah's ark" by Mace. The animals parade two-by-two; meaning that if you didn't have a date you didn't rate.

Their system of pairing off long before the couples have command

of their feeling and emotions is a contributing factor in youthful marriages.

He said the system actually produces a "dual exploitation"—the boy exploiting the girl sexually and the girl exploiting him financially. "This has produced 'American types' that are recognizing the world over. They are the predatory male and pampered female," Mace added.

"Our dating system undoubtedly creates a taste for variety and this is a factor in the high divorce rate. When the first glow of marriage wears off married people decide to 'play the field' in search of variety, just as they did while dating," explained the speaker.

During his study of family life in the Soviet Union, he was struck by the absence of sexual suggestion and stimulation in Soviet newspapers, magazines, movies and other entertainment.

Mace concluded, however, that the American dating system cannot be altered and the factors causing teen-age marriages cannot be reversed in the immediate future without doing serious harm to our principle of individual liberty.

"Our only challenge is to find a way to communicate with our young people, to put the facts before them, and to force them to decide whether as proud free members of society, these young marriages and the problems that go with them are what they really want," Mace concluded.

## Students And Faculty Spend Summer At Outdoor Dramas In Western N. D.

By Karen Unger

NDSC students and faculty played a large part in the production of North Dakota's two historical outdoor dramas, Old Four Eyes at Mdeora and Trail West at Mandan.

### Old Four Eyes

Old Four Eyes is the story of Theodore Roosevelt's hunting and

ranching experiences in the Badlands. For the past three years this production has been under the direction of Dr. Fredrick Walsh, chairman of the NDSC speech department.

Mrs. Marion Page, special instructor of speech, was in charge of costumes and makeup. She was also a member of the cast. Miss Clara Schleaf, English instructor, also had a part in the play.

Students of NDSC who participated in the production included Gordon Kovell, president of the Edwin Booth Dramatic Club. He played the part of a young Scottish boy and was in charge of properties.

Fred Kovell, freshman, was in charge of lighting. Kerry Rowan, who played the part of A. T. Packard, the newspaper editor in the show, was also head usher. A 1956 graduate of SC, Tom Radcliffe, acted in the show. Myrna Veckert was an usher.

Trail West, produced in the amphitheater at Mandan, depicts the story of General Custer, Comman-

## Club Sponsors Barbecue

An Old Fashioned Beef Pit Barbecue will be one of the events of Homecoming. Sponsored by Saddle and Sirloin, it will be held Saturday, Oct. 22 in Shepherd Arena from 11-1:30 p.m.

All students, alumni and public are encouraged to come, states Keith Bjerke, Saddle and Sirloin president. Cost will be \$1.00 per person.

The proceeds will be used by the club to help sponsor such activities as judging trips and the Little International Show.

KAPPA ALPHA THETA'S got ambitious last Saturday and had a great time at their car wash.

# Physics Dept to Handle Radio Isotopes

A formal license to handle radio isotopes has been recently granted members of the Physics Department by the Atomic Energy Commission.

This follows a grant of \$24,000 made to the department by the AEC last January, which is being used in starting a graduate program in Nuclear Engineering.

According to Dr. A. R. Rana, NDSC Nuclear Physicist in charge

of the program, radio cobalt will be used for general experimentation and instrument calibration. A radioactive Polonium and Beryllium mixture will serve as a source of neutrons in a neutron "howitzer" which was purchased under the AEC grant.

Major items provided by the Atomic Energy grant include a \$3,000 spectrometer for analyzing the high energy gamma radiation from radio isotopes; a \$1,600 elec-

trometer capable of measuring currents as small as one billionth of an ampere; a \$1,300 oscilloscope and a number of precision instruments for detecting and analyzing radiation products from disintegrating nuclei.

**Practical laboratory experience with nuclear physics and engineering equipment is provided to qualified students under the new NDSC program.**

Dr. E. H. Weinberg, Physics Department Chairman, said that because many electric power companies are replacing conventional fuels such as coal and oil with nuclear powered reactor systems, nuclear scientists and engineers are increasingly in demand.

**NDSC is fortunate to share in such Federal grants, usually reserved for schools officially classified as universities. Only the high calibre of our engineering school and physics department has brought such a program here, Dr. Weinberg concluded.**

SUH-JEN CHANG FROM FORMOSA, who is at NDSC studying for her masters degree in biochemistry, works on an experiment in the chemistry laboratory. She received her bachelors degree from the National Taiwan University in Formosa.

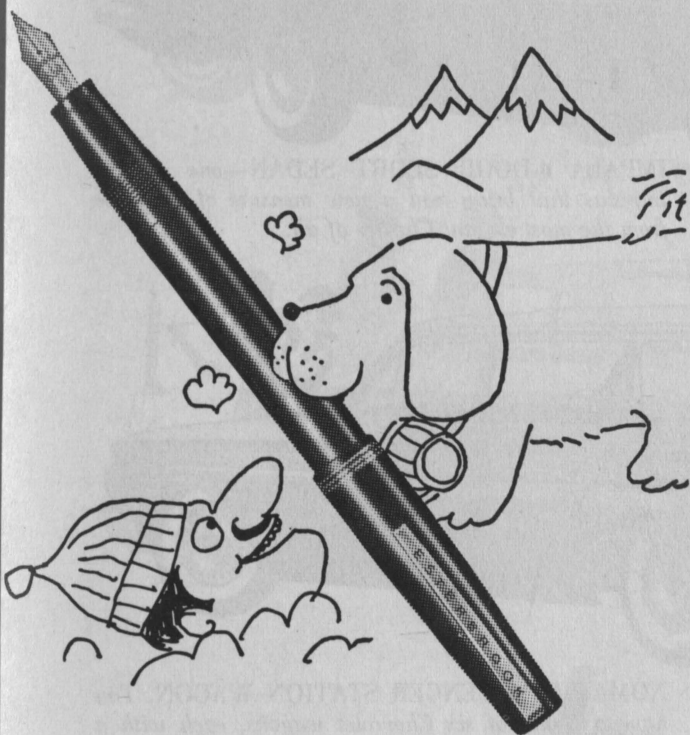

# McKinnon Heads Cadet Brigade

James McKinnon, AAS Sr., has been named Cadet Brigade Commander, announced Lt. Col. Joseph W. Mitchell Jr., Professor of Military Science at NDSC last week. McKinnon will be assisted by Cadet Lt. Col. Jerome Erck, AAS Jr., Brigade Executive Officer, Cadet Lt. Col. Richard B. Palmer, Ag. Sr., Adjutant and Cadet Lt.

Col. Roger Lutz, IE Sr., Brigade Operations Officer.

The Army ROTC Cadet Brigade, some 600 strong, is composed of two Battle groups. Cadet Col. John Eian, ME Sr., has been named commander of the 1st Battle Group and Cadet Col. Don Bischof, EE Sr., is commander of the 2nd Battle Group.

**I was really lost without my new Esterbrook "101" pen!**

**Ski-time or study-time**, there's no friend like the Esterbrook "101" fountain pen. Rescues you from any number of difficult situations. It's a different type of cartridge pen. It carries 2 cartridges of liquid ink . . . one is a spare . . . so there's no need to run out of ink—at any altitude!

New, but still gives you 32 pen points to choose from, so you're bound to find one that's right for your personality. Or, think of the fun you'll have switching—pen points or personalities—until you find the one you like best.

Schuss down to your dealer's and pick up the Esterbrook "101" Renew Point Fountain Pen, today. The cost: just \$1.95. 5 colors. Available in squeeze-fill, too!

**Esterbrook Pens**

\*T.M. The Esterbrook Pen Co.

The Esterbrook "101" **\$1.95**  
Other Esterbrook pens slightly higher

THERE'S A POINT CHOICE OF 32—ONE IS CUSTOM-FITTED FOR YOU!

# Suh-jen Chang Looks Forward to Seeing Snow For The First Time

Among the 1,200 new faces on campus this fall is that of Suh-jen Chang, a native of Formosa, who is a graduate student studying for her master's degree in biochemistry.

Miss Chang said she chose NDSC upon the recommendation of a classmate who was a former student. Previously, she attended the National Taiwan University for four years where she received her B. S. degree in 1958.

Suh-jen says she finds her course of study here equal to that

in Formosa, but has found the language difference a challenge.

Although Suh-jen only has been in the United States three weeks, she has already encountered many new experiences. Among them is the North Dakota weather, about which she has doubts. She is looking forward to seeing snow for the first time.

Dorm life has introduced her to many phases of college life. Through her new friends she has met such things as department stores, escalators and the

all-American favorite, pizza.

Learning to drive a car and visiting New York are two of the things that Suh-jen hopes to do while she is on her four year student visa in this country.

After receiving her degree from NDSC Suh-jen hopes to further her studies elsewhere working for her Ph.D. Then says Suh-jen, I will return to Formosa to teach at the National Taiwan University and to share with my family, memories of my stay in the United States.

# Have a real cigarette—have a CAMEL

**The best tobacco makes the best smoke!**

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

FIGHT SONG

We are the pride of North Dakota  
 State Collegians are we—  
 Sons of the green and yellow prairies  
 Our colors shall ever be  
 (Yell) State Bison  
 Cheer for the dear old Alma Mater  
 Proud and loyal are we  
 And we'll fight — Rah, rah —  
 Yes we'll fight — Rah, rah —  
 North Dakota State College team.

TEAM SONG

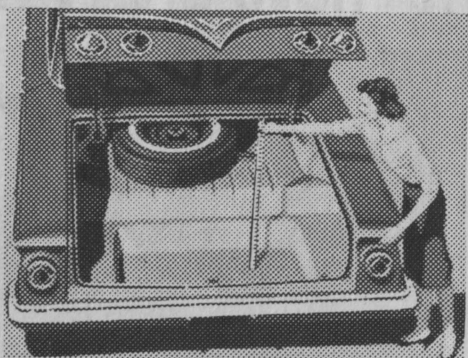

On brave old S. C. Team;  
 On to the fray—  
 Fight on to victory—  
 For that's the fearless S. C. way.

# HERE! THE GREATEST SIXTY-ONE DEDERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, *you-size* '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.

\*\*\*\*\*

## INTRODUCING THE '61 CHEVY BISCAYNE 6

*the lowest priced full-sized Chevy with big-car comfort at small-car prices!*

Chevy's new '61 Biscaynes—6 or V8—give you a full measure of Chevrolet quality, roominess and proved performance—yet they're priced down with many cars that give you a lot less! Now you can have economy and comfort, too!

IMPALA 4-DOOR SPORT SEDAN—one of five Impalas that bring you a new measure of elegance from the most elegant Chevies of all.

NOMAD 9-PASSENGER STATION WAGON. You have a choice of six Chevrolet wagons, each with a cave-sized cargo opening nearly 5 feet across.

BEL AIR 2-DOOR SEDAN, like all '61 Chevrolets, brings you Body by Fisher newness—more front seat leg room.

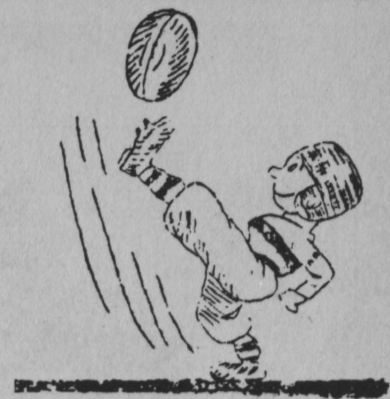

Biscayne 4-Door Sedan

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

ON BISON

On Bison, carry the fight  
 State is backing you  
 Green and yellow—colors bright  
 To them, we will be true.  
 (Yell) YEA BISON!  
 Fight them right back to their goal  
 A vic'tory for our name  
 On you Bison  
 (Yell) Fight You Bison!  
 Stampede and win this game.

# SHOW ON WORTH!

## NEW '61 CHEVY CORVAIR More space . . . more spunk and wagons, too!

The newest car in America: the CORVAIR 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIR 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIR 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

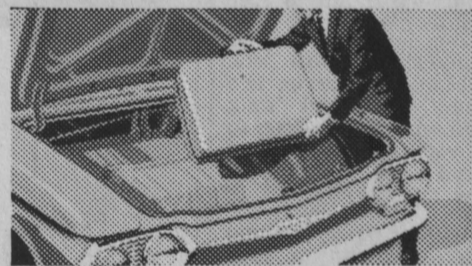

Here's the new Chevy Corvair for '61 with a complete line of complete thrift cars.

To start with, every Corvair has a budget-pleasing price tag. And Corvair goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvair's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvair first chance you get at your Chevrolet dealer's.

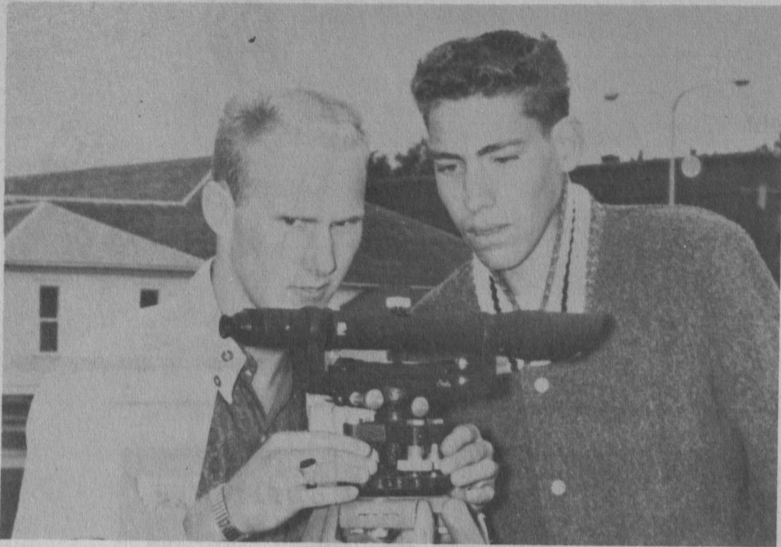

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvair's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

WITH FALL COMES the familiar scenes of civil engineers surveying on campus. Steve Oakey and Donald Dodge appear quite serious with their project.

# 89 NDSC Coeds Live off Campus; Two New Dorms Planned

Eighty-nine NDSC coeds are living off campus this year because of the shortage of rooms in Ceres Hall and Dinan Hall, according to Dean of Women, Matilda B. Thompson.

There are 48 seniors, 7 juniors, 8 sophomores and 26 freshmen living either in apartments or rooms. Approximately 143 girls live in Ceres Hall and 162 girls in Dinan Hall.

### Burgum Hall

It is hoped that the planned women's dormitory, Burgum Hall,

will be finished in time for school next September.

The proposed site for the \$500,000 dorm, which will hold 180 girls is on 12 avenue just east of Putnam Hall and south of the Administration Building. It will run north and south. The dorm is named after Jessamine S. Burgum, the first NDSC woman graduate.

### Reed Hall

A men's dormitory is also in the planning, said Sherwood Barrows, Assistant Business Manager at NDSC. This \$700,000 building, which will accommodate 250 men, is planned to be located on 12 ave-

nue just south of Minard Hall, running east and west. It will be named Reed Hall after the first graduate, Robert B. Reed.

Both dorms are planned similarly with the service facilities located in the center and the sleeping area around it. The lounge are in a wing off the main part of building.

Because the \$1,200,000 needed to build the two buildings is a federal government loan, before construction begins the plans must be approved by the government. Then bids will be sent to building contractors. So it will be awhile, continued Barrows.

## Cadets Participate In Training Exercise

Some sixty Army ROTC cadets from NDSC participated in a field training exercise at Valley City last weekend.

The exercise included training in map reading, marksmanship, day and night patrols, use of the compass, and tactical employment of small Army units. It was designed to give additional and more practical training to junior cadets in preparation for next year's summer camp at Fort Lewis, Wash., according to Lt. Col. Joseph W. Mitchell Jr., Professor of Military Science.

The exercise was controlled and supervised by cadets of the senior

class, with Cadet Col. James McKinnon, AAS Sr., being in command.

Lt. Col. Mitchell said that close cooperation with the N. D. National Guard and the U. S. Army

Reserve makes such field problems possible.

A similar problem will be staged next spring in final preparation for the Army ROTC Summer Encampment.

### STUDENTS AND STAFF OF N.D.S.C.

It is our belief that many of you are of the opinion that we are always very busy. Not so! At times, yes. But we have more idle time than we like. Here is our situation. We have four working chairs—and four waiting chairs so if the shop is filled, it would still be less than 40 minutes wait. You see, the average time for a hair cut is 20 minutes so if there are four barbers working and less than four waiting it would be less than 20 minutes and there would be an idle barber—we don't like to be idle!

So often someone will look in and see maybe one or two waiting and turn and walk away—thinking "too long to wait". If you just think about it you would be in the chair in a very few minutes.

We enjoy your patronage and we try to serve you to your liking though we are only human—and do realize that we couldn't possibly please everyone. There are four of us—and each barber regardless who he is, has just a little different conception of what constitutes a good hair cut. So if one of us doesn't do just what you have in mind, why not try one of the others? We feel that the barbers in your student union shop are as good as any in their field. Feel free to wait for the barber of your choice.

If you have a complaint tell us! If you are satisfied tell your friends.

We accept appointments — Dial AD 2-3134. Our hours are from 8:00-5:30 daily, Sat. 8:00-12:00.

**STRIVING TO SERVE YOU**

Telephone engineer Bill Pigott, left, and helicopter pilot plan aerial exploration for microwave tower sites.

## "I ENGINEERED MICROWAVE TOWER LOCATIONS ON MY FIRST ASSIGNMENT"

When Bill Pigott knocked on the door of Pacific Telephone, he had two big assets. One was an electrical engineering degree from Seattle University. The other was a craving to jump right into vital engineering problems.

It was not long before Bill was exploring Washington's rugged Cascade Range in a helicopter to find sites for microwave relay towers—part of a multimillion dollar telephone construction job. Today, it's considerable satisfaction to him to see these towers spanning the mountains, knowing that his planning helped put them there.

Other important assignments followed: engineering maritime radio systems, SAGE systems—figuring engineering costs for Air Force Titan missile bases.

"Our people respect a man's engineering training—you really get a chance to show what you've got on the ball," Bill says. "I was up to my neck in tough engineering problems right from the start."

*If you want a job where you put your training to work from the day you hang up your hat—you'll want to visit your Placement Office for literature and additional information.*

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President  
 American Telephone & Telegraph Co.

### WOODS CAFE

Quality—Quantity  
Highway 52  
Moorhead, Minn.

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt... and with the air and space vehicles of the future. Someone must chart its course. Someone must *navigate* it.

For certain young men this presents a career of real executive opportunity. Here, perhaps you will have the chance to master a profession full of meaning, excitement and rewards... as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant... and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

UNIDENTIFIED NDSC COEDS take advantage of sunny afternoon in front of the Union.

## Nymon Named Home Ec Professor Here

Miss Mavis Carlotta Nymon was named Associate Professor and Chairman of the Food and Nutrition Department in the NDSC School of Home Economics, according to President Fred S. Hultz. She started her duties in September.

Miss Nymon received her B.S. from NDSC and her M.S. from Cornell University. She received her M.P.H. from the University of Minnesota this year, and is now working on her Ph.D. there.

While at NDSC she was a laboratory assistant in foods. She was a research assistant as a nutrition graduate student at Cornell doing vitamin studies on meat products; and also a research associate in biochemistry doing enzyme studies.

As a laboratory technician at the University of Minnesota, she has done studies on sulfur in plants and vitamin studies on foods. From 1946-1953 she was an instructor in nutrition at the University of Minnesota. She spent the summer of 1950 teaching at George Peabody Teachers College

in Nashville. Miss Nymon pioneered for the Baha'i World Faith in West Africa from 1954-1958. During this time she did city and village teaching and spent 3 1/2 years in Liberia establishing and conducting an adult school in the Interior.

Miss Nymon is a member of Phi Kappa Phi, national honorary fraternity; Phi Upsilon Omicron, national honorary home economics fraternity; Sigma Delta Epsilon, national graduate honorary women's scientific fraternity; and Iota Sigma Pi, national honorary chemistry fraternity for women.

ing held to accommodate those teachers who would find it otherwise difficult or impossible to drive to NDSC for the evening session. Extension courses in education were first offered out of town by NDSC last year in Lisbon. The class, Organization of Extra Class Activities, Education 441, is a graduate course offering 3-quarter hour credits. Professor Merritt Flynn is instructor.

## SC Education Class Offered at Forman Each Saturday

An education class is now being offered at Forman by NDSC from Sept. 24 to Dec. 3, according to Dr. Hale Aarnes, Professor of Education and Psychology at NDSC.

The course, held on Saturday from 9:00 a.m. to 11:30 p.m., is offered to those new teachers who require advanced education courses. The morning class is being

ing held to accommodate those teachers who would find it otherwise difficult or impossible to drive to NDSC for the evening session. Extension courses in education were first offered out of town by NDSC last year in Lisbon.

The class, Organization of Extra Class Activities, Education 441, is a graduate course offering 3-quarter hour credits. Professor Merritt Flynn is instructor.

## Lutheran Students Attend Retreat

Thirty students spent last weekend at the annual Lutheran Student Association retreat at Faith Haven, a lodge on Eagle Lake, Minn., 85 miles southeast of Fargo.

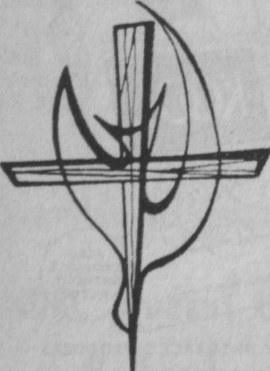

Topics for discussion at the retreat were Christian vocation in occupation, marriage and education. Rev. John Schultz, pastor of the NDSC Lutheran Student Center, Rev. Al Byers of the Lutheran Bible Institute at Minneapolis and Marge Larson, LSA counselor, lead group discussion on these topics.

Recreation for the weekend included climbing "Inspiration Peak", boating, campfire singing and playing games.

## Bison, Frosh Squads Win Cross Country Invitational Meet

On Saturday, Oct. 8, NDSC walked away with first and second places in the four school Bemidji Invitational cross country meet. The Bison freshman team took the honors with 37 points. They were followed by the NDSC varsity with 55 points. Bemidji State, and NDU took third and fourth with 65 and 88 points respectively.

The meet was run on a 3.4 mile course. Of the 25 men competing, Oddvar Helgeson took first with a time of 17:24.7. The winning freshman team placed as follows: Hank Messman, 4th; Chuck Offerdahl, 7th; Jerry Nelson, 8th; Dale Olson, 9th; Dave Wirth, 10th.

On Oct. 15 the two Bison teams will travel to Grand Forks for the NDU Invitational. Coach Tom Neuberger stated that he hopes the men who were sick or injured for the Bemidji meet will be in running form again at UND.

The first meet of the new fall track program will be the UND Invitational. It will follow the cross country meet of Saturday, Oct. 15 at Grand Forks. The match will only be for the sprints and field events, since the distance runners will be competing in the cross-country meet.

## Viewing Intramurals

By Fred Wright

Intra-mural touch football has taken another step towards improving its overall program with the addition of a third football field. This will make it possible to play more games a week while the weather is still nice and will eliminate playing the final games in three feet of snow.

Results of games played two weeks ago are: Co-op I 6, TKE's 0; Sigma Chi 0, ATO's 0; Kappa Psi 36, Farm House 0; Student Body 24, Co-op II 12; Theta Chi 12, Stockbridge 0; and SAE's 18, AGR's 0.

League standings excluding last week's games are as follows:

### Bracket I

	Won	Lost	Tie
Sigma Chi	1	0	1
ATO	1	0	1
Kappa Psi	1	1	0
Co-op I	1	1	0
TKE	1	1	0
Farm House	0	1	0

### Bracket II

	Won	Lost	Tie
Theta Chi	2	0	0
Student Body	2	0	0
Stockbridge	1	1	0
SAE	1	1	0
Co-op II	0	2	0
AGR	0	2	0

Thirty-nine teams have reported as of this last week for the formation of intra-mural bowling leagues. There are five leagues with eight teams in four of the leagues and six teams in the other league.

The Classic league meets at 7 p.m. every Tuesday and is composed of the following teams: Kappa Psi, SPD 1, Sigma Chi 3, SAE 3, TKE 2, Co-op 2, Churchill 1, and Farm House 3.

The Major league meets every Tuesday at 9 p.m. and consists of the following teams: Gamma Delta, Farm House 2, Sigma Chi 2, Vet's Club 1, AGR 2, ATO 2, Dakota Hall 1, and Stockbridge 1.

The All Star league meets every Thursday at 7 p.m. and consists of the following teams: Pharmacy Club, Vet's Club 4, SAE 1, Theta Chi 1, Sigma Chi 1, TKE 1, Chemistry Club, and Kappa Psi 1.

The Masters league meets every Thursday at 9 p.m. and is composed of the following teams: AGR 1, Farm House 1, YMCA, Co-op 1, SAE 2, Vet's Club 2, TKE 3, and ATO 1.

The Metropolitan league meets every Friday at 4 p.m. and consists of the following teams: Vet's Club 3, Wesleyan, Kappa Psi 3, Dakota Hall 2 and Stockbridge 2.

Intra-mural activities offer the male students of NDSC a chance for relaxation and entertainment. It is up to each individual student to make use of this chance and to use these facilities to the best of his advantage.

## BISON BITS

**By Sports Editor Sherry Bassin**  
The North Dakota State Bison will travel north into Sioux land tomorrow to meet the NDU grid-ders in their annual homecoming game.

The Bison will be out to break an impressive NDU record. The green and white from Eskimo land have yet to lose a game in North Central Conference play this year.

A record such as the Sioux have doesn't really mean much though, when two clubs, with a rivalry such as that which exists between these respective schools, meet for a showdown.

The exact opposite situation existed last year when UND invaded Dacotah field on NDSC homecoming to meet an undefeated Bison squad.

Thus to say the least the Bison should be a club seeking revenge by gametime tomorrow afternoon.

The Sioux will be led on the field by one of the best backfields in the NCC. They have the outside runners in L. C. Hester and Pepper Lysaker and full-back Dave Walker to run up the middle.

Lysaker, 189 pound left half-back, is the top Sioux ground-gainer and is well on his way to

all conference recognition. As far as the whole 1960 Sioux squad is concerned, they are "much better" than last year's team.

The Bison in the meantime should be in good shape for the "northern trek". They will have just completed two weeks of rest while their opponents will be ready for their fourth straight NCC game.

Thus the Bison will be fresh with no major injuries while the Sioux will be suffering from previous tough competition.

With this in mind, plus the fact that the Bison will be seeking revenge for last year's upset, we could prove to be the spoilers for NDU's homecoming.

MIKE KINSELLA (22) gains yards going around the Bison's right end in last year's homecoming game at Dacotah field. Bill Haberkorn (26) of the Sioux moves in for the tackle.

### Army Major Speaks To Food Majors

Major Dorothy J. Peterson, Army Medical Specialist Corps Counselor, spoke to all nutrition majors last week at a coffee hour sponsored by the foods and nutrition department in the meal planning dining room of the home economics building. Major Peterson explained the program offered by the army for girls interested in taking a diet internship in the army. She told the girls about the summer practicum offered to undergrads. In cooperation with civilian universities and colleges the Medical Specialist Corps is trying to meet shortages of dietitians by sponsoring several training programs.
