Jan Peerce, Metropolitan Tenor, Appears Tonight At NDSU

Jan Peerce, tenor of the Metropolitan Opera, will appear as the fourth attraction on this years Lyceum Series. The concert will begin at 8:15 p.m. in Festival Hall Friday, Jan. 13.

This performance is one of 45 given by Peerce this season plus his many radio and television appearances. His current season began in Australia. Peerce has also appeared with the Symphony of America and the Metropolitan Opera this season.

The tenor has the honor of being the first American artist to be asked to appear in Moscow's Bolshoi Theatre. It was after this concert that he received a 10 minute standing ovation.

Peerce has been widely ac-

claimed for his versatility which he attributes to his exclusive American training. He enjoys all types of music and is often quoted as being "no stuffy longhair". Peerce will be featured in a great variety of selections including arias, German Lieder, French art songs, religious music and popular ballads.

Students may pick up their tickets in advance at the Little Country Theatre or they may get them the night of the performance at the ticket office in Festival Hall.

All women students on campus are urged by president Lenore Peipkorn to attend the mass meeting of Associated Women Students on Thursday, Jan. 19 at 4 p.m. in Ceres Hall.

Discussions by faculty and students will be on campus organizations and which ones to join.

Leading Educator Gives Iverson Lecture Thursday

One of the nation's leading educators, psychologists and researchers will give the Iverson Memorial Lecture at 8 p.m. January 19 in the NDSU Student Union ballroom.

He is Dr. James F. Nickerson, dean of education, Montana State College, Bozeman. The lecture and the coffee hour which follows are under the direction of Kappa Delta Pi, national honorary education society. Everyone is invited.

Nickerson came to Montana State in 1954 to create the school's division of education. Be-

fore that he served in the department of music education at the University of Kansas for 12 years. He has other college teaching experience at Minnesota and in Nebraska and New York high schools. He has been a resource specialist for the Navy, for the state of Washington and for his own state legislature in Montana.

Some of his research activities have been in the areas of psychology and electrical engineering where he has made important contributions to radio communications involving high speed aircraft.

He is chairman of the joint committee on teacher education, American Association of Land Grant Colleges and State Universities.

Dr. Nickerson is constantly on call as an acoustical consultant for churches, auditoriums and other large structures. He contributes frequent articles to professional journals on topics in psycho-acoustics, architectural acoustics, instrumentation, speech communications, audio visual education and psychology and music education.

County Agent Meet Here

More than ninety county and home extension agents attended the annual conference of the North Dakota Extension Service held this past week on the NDSU campus.

The agents met with authorities to discuss the social and economic changes which have taken place in the state as well as recent improvements in the fields of agriculture and home management.

Out of state personnel speaking at the conference included: John Muehlbeier, secretary, Great Plains Agriculture Council, Lincoln, Neb.; Laverne Freeh, coordinator of programs, college of Agriculture, Michigan State University; Agnes Arthaud, state home demonstration leader, Nebraska Extension Service.

Robert Harris, professor of biochemistry and nutrition, Massachusetts Institute of Technology; C. M. Ferguson, assistant secretary of agriculture, United States Department of Agriculture, Washington, D.C.

METROPOLITAN OPERA STAR, JAN PEECE

KDSC, Campus Radio, Re-Inaugurates Tri-College Net with KOBB & KMSC

by KDSC Station Manager
Dennis Schneider

"The only one of its kind in the entire world." This is the slogan to be heard over KDSC, Campus Radio, starting Monday, Jan. 16.

For all of the listeners who have been wondering just what the promotion for "N-Day" is, here is the news. KDSC, NDSU's campus station, KOBB and KMSC, Moorhead State and Concordia, have joined forces to re-inaugurate the Tri-College Radio Network.

Starting Monday, the three stations will begin to function as a

regular network, exchanging programs, special features, ball games and general comments. Total network time each day will be about two hours. News originating from KDSC will also be broadcast at KMSC and KOBB.

The primary aim of the Network is to provide a source of contact between the three schools. It will also serve as a training ground for announcers and engin-

eers. The standards are high and the actual production work involves precise timing and planning.

The Tri-College Network is the only inter-state college Network in existence and has received recognition from many Campus Station counterparts as a unique venture in its field.

KDSC, number one for sixty-one, is found at 750 on your dial.

Elnore Bentson and Richard Bergquist

1961 IFYE Students Are Chosen

Two NDSU seniors have been selected by the National 4-H Club Foundation as 1961 International Farm Youth Exchange (IFYE) students.

Elnore Bentson, chem sr, will leave for Austria June 1 and Richard Bergquist, ag sr, will leave June 18 for Italy.

IFYE is a project through which selected farm youth are exchanged between the United States and cooperating countries for a period of from four to six months to observe and experience family and community life.

Young farm people from foreign countries are placed in farm homes in North Dakota to live, work, and share the day-to-day experiences with farm families. Delegates from North Dakota are sent to live with farm families in foreign countries.

IFYE's must have a sincere desire to learn and understand about other people. The ultimate purpose of the program is to create better understanding between American and foreign farm youths.

Elnore and Richard applied for participation in IFYE by submitting applications through the county extension agent to the IFYE state project leader Ken Olson, NDSU Extension Department.

The selection of the winners was done by a state committee representing the homemakers organizations and farm interests. This committee submits its nom-

inations to the National 4-H Club Foundation which makes final selections and country placements.

Once selected, the new IFYE's begin intensive preparation including study of the customs, traditions, language, religious education, history, agriculture and other aspects of their host country's culture.

Most IFYE's also study about the United States so they can answer the hundreds of questions about their country as well as gain a better insight into their hosts' way of life. The expenses for the trip are \$1000 per person and they are paid by the state homemakers organizations.

"IN SIX MONTHS I'll be here", says Elnore Bentson and Richard Bergquist, IFYE students, as they point to Austria and Italy on the map.

Senate Revises Election Rules

The election rules and procedures for the 1961 NDSU Student Body elections have been nearly completely revised to assure a smoother operation, according to Jim Lamont, Commissioner of Campus Affairs.

Election day has been set for Monday, February 6. There will be only one polling place; it will be set up in the Main Lounge of the Student Union. Balloting hours will be 7:30 a.m. to 7:30 p.m.

Candidate for all offices may pick up petitions from Saturday, January 28 through noon, Tuesday, January 31, in Dean Severson's office in Old Main. They must be returned to the dean's office by 1:00 p.m., Tuesday, January 31. A total of 100 signatures must be submitted by each petitioner, regardless of which office he intends to run for.

Active campaigning begins Saturday, January 28 and ends at midnight, Sunday, February 5. However, candidates will be allowed to leave election materials, including posters and banners, up during election day with the exception of any materials in the Student Union lounge where the balloting will take place. This is a departure from previous years practice. All election materials must be down by 6 p.m. on Tuesday, February 7.

No, I don't be-
cause they are based
on each family's
individual income.
Therefore they can't
be too high for that
family if they have
been honest in fill-
ing out their forms.

No, I think the
income taxes sup-
port our state and
federal government
and if they should
be lowered it would
cut down federal
spending which is
almost impossible
the missile age.

If they are nec-
essary to keep our
way of government
then I guess not. I
still would like
more back, how-
ever.

I don't know any-
thing about it. It
doesn't concern me.
My father pays it.

No, I think the
income taxes sup-
port our state and
federal government
and if they should
be lowered it would
cut down federal
spending which is
almost impossible
the missile age.

Conduct Committee Gets Tough Staff Is Urged To Report Cheating

"Honesty is the best policy." Benjamin Franklin thought this little piece of advice so important he included it with many others in his best seller "Poor Richard's Almanac".

It looks like this advice should be equally good for NDSU students, because the student conduct committee is giving notice that it intends to be very, very tough in cases where a student's conduct is proven dishonest.

"Students found guilty of steal-

ing, mutilating school property or otherwise engaged in dishonest practices will be summarily expelled from the university," the committee states.

Last year several students were fined, suspended or expelled for violation of conduct rules. This year the policy is just as firm. Instructors are being urged to report all clear cut cases of cheating. The library and other instructional staff members are be-

ing asked to cooperate in identifying students who steal reserve books or who mutilate books or magazines to get term paper source material.

"We expect our students to be at the university level. This means they must recognize that other students have equal right of access to reference material and that they must get through college on their own scholarly achievements." — Evanne Grommes

Letter to the Editor . . .

Dear Editor:
I would like to take this means to thank the person who edited my answer to Mr. Hendrickson's question of the week, "Should our political conventions be replaced by a national primary election?", which was included in the December 16th issue of the Spectrum.

I'm sure that it takes a special talent to take a halfway sensible, three-sentence answer and cut it down to a contradictory, two-sentence statement of utter nonsense. With such talents I'm confident that he will someday become famous as the editor of Pravda.

Dallas Zimmerman
Chemistry Sr.

insure the people that the best qualified men are placed in the primary."

Your answer was submitted to us in this form by Ray Hendrickson. I will say, however, that sometimes we do have to edit some people's answers because they just never quit.

Publications Jobs Are Now Open

Applications for the seven top student publication jobs are now being accepted by the Board of Publications.

Positions for editors of the SPECTRUM, Bison and Student News Bureau and business managers and photographers for the SPECTRUM and Bison are open.

Students interested in applying may pick up blanks in Dean Charles Sevrinson's office and returned there by Feb. 7.

All these positions are paid.

THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSU Board of Publications, State University Station, Fargo, N. D.

Subscription rate \$1.00 per term.
Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

COACH, I'VE JUST HEARD A FEW RUMORS OF RECRUITING VIOLATIONS...

KEY IDEAS

"A BLUE KEY MEMBER SPEAKS"

by James Lanier

This year marks the fiftieth anniversary of the Lyceum Series presented on this campus. The series brings some of the very best performers in America to Festival Hall. I regretfully submit, however, that each year, several times each year, these productions are attended by far too few students.

Hurrah for the off-campus people who pay to reserve 300 of Festival Hall's 1200 seats — and sit in them! Otherwise the lyceum series would fail financially. Actually, each student of NDSU pays about one dollar per quarter to reserve a seat — and too often doesn't sit in it! This reflects on the intelligence of our students; they throw their own money away. Stupid!

Why don't more of us come? Plenty of literature appears on campus prior to each performance to herald and advertise the coming event. I'm sure that nearly everyone notices this literature at least once, but if it is not something with which he is personally familiar he dismisses it as boring or "arty". Anyone who thinks this is missing the point entirely. Rather he should recognize the fine opportunity at hand to further his growth as a whole person.

Wise up, people. It's later than you think. By permitting these performances to pass by unattended you are missing a valuable part of your education. And if you don't seek to broaden yourself now you probably never will. Classwork, participation in extracurricular activities, even unionizing are not enough to fully develop the real inner you. For your own good, watch for and attend the next Lyceum Series production. I'll see you there.

Dr. Aarnes Speaks At Noon Luncheon

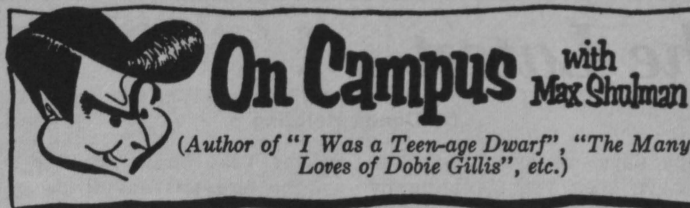

"The Development of the Land Grant University" was the topic of discussion at the YM-YWCA Thursday Noon Luncheon, January 5. Guest speaker was Dr. Hale Aarnes, professor and chairman of education and psychology at NDSU.

Dr. Aarnes stated that in a strong nation it is impossible not to have some relationship between school system and central government. He discussed the student counseling problem and the "relationship between rewarding research and rewarding teaching."

"The future of the land grant university is magnificent and glorious. People are beginning to recognize the value of an education. Only recently has teaching gotten to the point where it has professional meaning. The university's future depends on staying close to the public, fine teaching and the ability to reason."

Dr. Aarnes' talk was one of a series sponsored by the North Dakota State University YM-YWCA groups. Theme of the discussions during winter quarter is "The Image of the University,"

All students and faculty are invited to attend these luncheon discussions which are held in the Ceres Hall dining room every Thursday noon. This week's speaker was Dr. Franz Rathmann, Prof. of organic chemistry, who discussed "Highlights in the Growth of NDSU."

1961: YEAR OF DECISION

Well sir, here we are in 1961, which shows every sign of being quite a distinguished year. First off, it is the only year since 1951 which begins and ends with the Figure 1. Of course, when it comes to Figure 1's, 1961, though distinguished, can hardly compare with 1911, which, most people agree, had not just two, but three Figure 1's! This, I'll wager, is a record that will stand for at least two hundred years!

1911 was, incidentally, notable for many other things. It was, for example, the year in which the New York Giants played the Philadelphia Athletics in the World Series. As we all know, the New York Giants have since moved to San Francisco and the Philadelphia Athletics to Kansas City. There is a movement afoot at present to move Chicago to Phoenix—the city, not the baseball team. Phoenix, in turn, would of course move to Chicago. It is felt that the change would be broadening for residents of both cities. Many Chicago folks, for example, have never seen an iguana. Many Phoenix folks, on the other hand, have never seen a frostbite.

There are, of course, certain difficulties attending a municipal shift of this size. For instance, to move Chicago you also have to move Lake Michigan. This, in itself, presents no great problem, what with modern scientific advances like electronics and the French cuff. But if you will look at your map, you will find that Lake Michigan is connected to all the other Great Lakes, which in turn are connected to the St. Lawrence Seaway, which

in turn is connected to the Atlantic Ocean. You start dragging Lake Michigan to Phoenix and, willy-nilly, you'll be dragging all that other stuff too. This would make our British allies terribly cross, and I can't say as I blame them. I mean, put yourself in their place. What if, for example, you were a British workingman who had been saving and scrimping all year for a summer holiday at Brighton Beach, and then when you got to Brighton Beach there wasn't any ocean? There you'd be with your inner tube and snorkel and nothing to do all day but dance the Lambeth Walk. This, you may be sure, would not make you NATO-minded!

I appeal most earnestly to the residents of Chicago and Phoenix to reconsider. I know it's no bowl of cherries going through life without ever seeing an iguana or a frostbite, but I ask you—Chicagoans, Phoenicians—is it too big a price to pay for preserving the unity of the free world? I am sure that if you search your hearts you will make the right decision, for all of us—whether we live in frostbitten Chicago, iguana-ridden Phoenix, or narrow-lapelled New Haven—are first and foremost Americans!

But I digress. We were speaking of 1961, our new year. And new it is! There is, for one thing, new pleasure in Marlboro Cigarettes. How can there be new pleasure in Marlboros when that fine, flavorful blend, that clean easy draw filter, have not been altered? The answer is simple: each time you light a Marlboro, it is like the first time. The flavor is such that age cannot wither nor custom stale. Marlboro never palls, never jades, never dwindles into dull routine. Each pack, each cigarette, each puff, makes you glad all over again that you are a Marlboro smoker!

So, Marlboros in hand, let us march confidently into 1961. May good fortune attend our ventures! May happiness reign! May Chicago and Phoenix soon recover from their disappointment and join our bright cavalcade into a brave tomorrow!

© 1961 Max Shulman

The makers of Marlboro and of the new unfiltered king-size Philip Morris Commander join Old Max in adding their good wishes for a happy and peaceful 1961.

JENETTE SCHULE POINTS TO THE NEW SIGN over the entrance of the bookstore.

Bookstore Receives New Name

"The Varsity Mart" has been picked as the new name for the Student Union bookstore, according to Richard Kasper, bookstore manager.

The final name was chosen by the administration of the Union and the University.

Due to lack of interest and participation the contest was extended for two weeks. This failed to bring any satisfactory results so Kasper, Dale Brostrom, Student Union manager, and President Hultz conferred and agreed upon "The Varsity Mart" as the most suitable name.

The project was undertaken so that the bookstore might have a more appropriate title. The store not only carries a large supply of books, but also a complete line of student supplies, including engineering equipment, sundries and University sweatshirts.

The Latest . . .

By Donna Helbling

Happy days are here. You students have been very obliging by becoming pinned and engaged. So here we go into a list of the newly attached.

Junior Becky Russell is wearing a sparkler from Pat Weir, St. John's University student.

Harvey Moland, Fertile, Minn., presented a diamond to junior Nancy Carlson.

Theta Chi Ken Kadrmas returned with the news of his engagement to Joyce Breum, a student at Dickinson Teachers College.

Sandra Dockton of Jamestown received a ring from ATO Dennis Whitson.

Newest KAT with a ring is Holly Johnstone. The other member of the engaged party is Bob Dunigan, freshman.

Farm House man Rollin Wolter and sophomore Charlotte Conklin became unpinned--and engaged.

Kappa Psi Jim Irsfeld gave a ring to Mary Skwiers of Fargo and brother Bob Hobert gave a ring to Pat Flatt of Minneapolis.

The candle went around and around at the Gamma Phi house until Wilda Bridgeford blew it and announced her pinning to Bob Kovich, SAE and man of many talents.

It happened! Confirmed bachelor TEKE Jerry Lingen, gave his pin to Carol Eckholt of Denver, Colo.

To all the above, best wishes in the future. To all the unattached females, leap year is four years away--start planning the attack.

Sophomore Jan Hanson is a lucky one. She received a huge -- eleven by eight -- personal invitation to the Presidential Inaugural Ball from J. F. Kennedy himself.

Shiny new pins are being worn by Miles Bobb, John Vopp and Herbert Schoon, the newest active members at the FarmHouse.

The Theta Chi's added Mike Morrissey, Arnold Buhr, Ken Kadrmas and Wayne Kadrmas to their active membership.

Bill Bakken, Lowell Christenson, Roger Diesen, James Doyle and Charles Wilcox have joined the active members of SPD.

New actives at the Teke house are: Julian Frankhanel, Lyle Hansen, Arthur Meier, Daryl Pring and Ed Spohr.

Along with the new actives at the Tekes have added pledges Mervin Nordeng and Larry Corah.

Newly initiated into the Kappa Psi house is John Schumaker. New pledges are Daniel Mack, Richard Lundseth, Gerald Gamrath, Tom Michaels and Tom Vick.

Paul Kruger and Jerry Zimmerman are the new pledges at the joy house of Theta Chi.

Kent Otto and Mike Vhyberg have added their names to the list of FarmHouse pledges.

The Kappas were the first to have a dinner exchange with the Tekes in the new addition

of the Teke house. By the way -- the house is beautiful.

The Co-ops and Alpha Gams joined forces for a Tuesday evening of entertainment at the Alpha Gam house.

The annual Gamma Phi-ATO Bromo Bowl football game was played at Dakotah Field on Tuesday. The teams were both highly skilled in the activities but the Gamma Phi coach George Baker drove his team to victory.

Tonight is term party night for the FarmHouse. Western Jamboree is the theme for the 9 p.m. party at the K.C. Hall.

The Theta Chi dream girl will be crowned tonight at the Sweetheart Ball held at the Top of the Mart in the F.M. Candidates are Melonie Lundberg, PM; Jean Collins, KD; Eunice Light GFB; Bev Sunden, KAT; Nancy Flatt, KKG; Judy Highness, AGD.

The Kappa Delt's and AGR's are going skating tomorrow evening -- sounds great!

The annual Charity Ball will be held in the Union Ballroom Saturday, Jan. 21. This is one of those occasions in which the women ask the men, perform the courtesies and -- pay the tab.

Bye now til next week. . .

Ona Carlson Heads "Family Portrait"

Ona Carlson, AAS sr, heads the cast of 26 students who will appear in the play "Family Portrait," to be presented in the Little Country Theater, February 8-11.

"Family Portrait" is the story of the family of Jesus Christ and encompasses the last three year's of Christ's life. The play elaborates in the terms of an ordinary family which acts and speaks as we do today.

Miss Carlson will play the part of Mary, the mother of Jesus. Mary's sister-in-law, Mary Cleophas, will be played by Janice Hanson, H Ec soph. The four brothers of Jesus will be played by Kerry Rown, AAA fr, as Joseph; George Baker, ME jr, as James; Steve Pirnie, AAS fr, as Simon; and Jim Holper, AAS fr, as Judah.

Others in the cast include Marilyn Anderson, Linda Flesland, Nancy Flatt, Betty Rae Sanders, Ella Faye Thompson, Nadine Hiasen, Claudia Revland, Joyce Miller, Eunice Light, Joan Scott, Don Nelson, Mike Fair, Larry Bartz, Ray Rogella, Bjerne Asp, Duane Lawrence, Leon Malberg, Clifford Jensen and James Bailey.

Dr. Frederick Walsh, speech department chairman, will direct the production.

LOREN HILL, CHEM SR, IS SHOWN receiving a national Alpha Tau Omega scholarship from Dean Severinson. Of 120 chapters, only five scholarships are given nationally. His selection was based on scholarship, activities and fraternity membership.

TEKE'S Dedicate House With Founder's Day

The addition to the Tau Kappa Japanese styled sunken garden patio on several different levels. The work will be done by members this spring, Ness stated. The old building was converted into living quarters for 22 students. It features an "open library" for studying. Forty fraternity men came to school a week early this fall and resingled the roof, reported TKE Gary Van de Streek.

Following the open house the TKE's held their annual Founder's Day Banquet in the NDSU Union Ballroom. National President Don Kaser gave the address. Gifts were given to TKE Harlan Ormberck, 1959 architecture graduate of NDSU and designer of the house; and to Paul Kasson, "The man most instrumental in our getting the addition," said Bruce Ness. Mr. Kasson is chairman of the Board Control in agriculture extension work at NDSU.

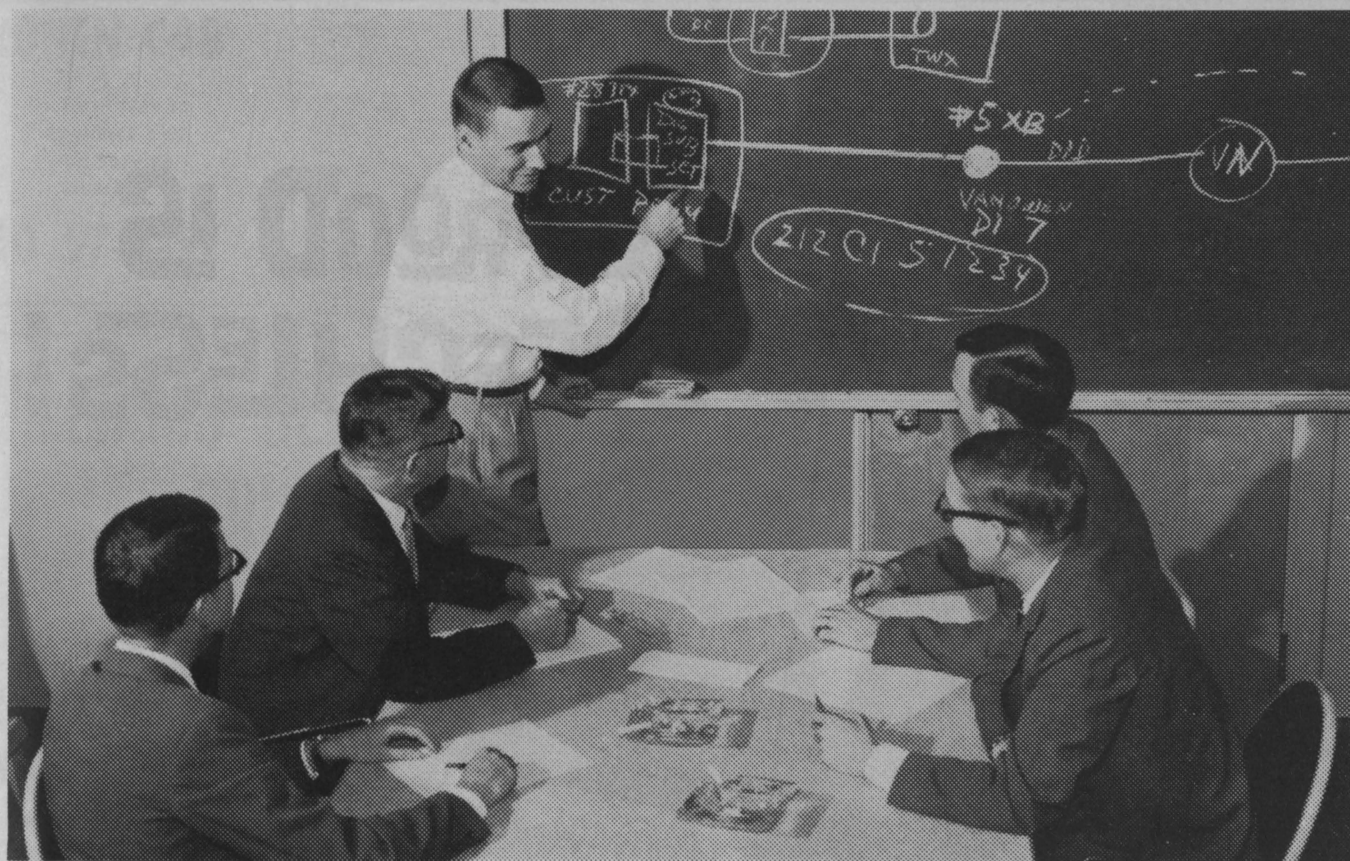

There is a large kitchen designed by the cook, Mrs. Emma Wells. Split into two parts, half is called "cook's domain." No one except Mrs. Wells enters it. From a large table in the center, Mrs. Wells passes food to the men who are waiting tables.

The new house features an open staircase, a floor to ceiling trophy case and stereophonic sound that is piped into each room. The entire back yard will be a

STU'S EXPLAINING HOW MACHINES WILL SOME DAY "OUTTALK" PEOPLE

"Stu" Smith graduated from Southern Cal with a powerful yen for excitement. His kind of excitement—Engineering.

He got what he bargained for (and a little more) when he joined Pacific Telephone. One of Stu's early assignments was to find out how existing Long Distance networks could be used to pipeline high speed "conversations" between computers in distant cities.

The fact that he did a fine job did not go unnoticed.

Today, four years after starting his telephone career, Senior Engineer Stuart Smith heads a staff of people responsible for telegraph and data transmission engineering in the huge

Los Angeles area. As a pioneer in this new data transmission field Stu predicts data processing machines will some day do more Long Distance "talking" than people.

Stu contacted 12 other companies before joining Pacific Telephone. "I don't think there's any limit to where a man can go in the telephone business today. Of course, this isn't the place for a guy looking for a soft touch. A man gets all the opportunity he can handle right from the start. He's limited only by how well and how fast he can cut it."

If Stu's talking about the kind of opportunity you're looking for, just visit your Placement Office for literature and additional information.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President
American Telephone & Telegraph Co.

Students To Attend "Y" Reunion Camp

Students attending the "Y" freshman camp reunion at Battle Lake, Minn., will leave from the Student Union at 7 p.m. tonight. The purpose of the camp is to re-evaluate the camp which was held prior to the opening of fall quarter. Plans for the next year's camp will be made.

The three day camp will include group discussions on the problems and concerns freshmen face which ought to be emphasized in next year's freshman camp.

The camp is being planned by Fred Browning and Sue Burgett. Others on the committee include Marcy Sellness, LaVon Hoffman, Jeanette Wire, Tom DeSautel, Jim Vorchek, Ellis Lysene, Calvin Helm and Rich Henrickson.

Job Interviews

Placement Office

Wrestling Squad Will Meet Northern State Team

Monday, Jan. 16

AMERICAN MARIETTA COMPANY, Kankakee, Illinois, has requested the opportunity to interview all senior and graduate chemistry students interested in the coatings industry. Mr. Lloyd A. Owen will represent the American Marietta Company, and he has indicated that his primary interests for this visit will be laboratory assignments.

Wednesday, Jan. 18

WESTINGHOUSE ELECTRIC CORPORATION representatives, Mr. William Acers and Mr. Harold Bulzloff, will visit the campus seeking employment interviews with graduating electrical engineering students. Opportunities for B.S. and M.S. Degree graduate candidates are available in the areas of sales, manufacturing, research and development.

Wednesday & Thursday, Jan. 18-19

CATERPILLAR TRACTOR COMPANY will have representatives visiting the campus for two days seeking interviews with senior and graduate students in the field of agriculture, civil, electrical, and mechanical engineering. Opportunities appear to be available in engineering design, research, and development, technical sales, (domestic and foreign) and miscellaneous service assignments.

Wednesday, Jan. 18

WRIGHT AIR DEVELOPMENT DIVISION, Wright-Patterson Air Force Base, Ohio, will be represented on campus by Mr. A. M. Hedge. He will be interested in interviewing all degree levels in aeronautical, electrical, and mechanical engineering as well as physics. Openings are available in such fields as aerodynamics, propulsion, electronics, materials, research and armament.

Thursday & Friday, Jan. 19-20

BABCOCK AND WILCOX COMPANY is essentially an engineering concern. Company representatives will be on campus for two days conducting interviews with senior and graduate engineering students for possible employment with the primary divisions of the organization: boiler division, tub-

ular products division, refectories division, atomic energy division, and the research center at Alliance, Ohio.

Thursday, Jan. 19

CHRYSLER INSTITUTE OF ENGINEERING will once again be represented on campus by Mr. J. L. Gilmour. All of the research, design, and development of passenger cars and trucks for Chrysler Corporation is done in the Engineering Division. A group of high quality engineering graduates is selected each year for the two-year graduate school program of the institute. Classes are conducted at the Institute Building during working hours and each man spends eight hours a week in class and thirty-two hours a week on the job. A Master of Automotive Engineering Degree is confirmed at completion of the requirements.

Friday, Jan. 20

U. S. ARMY CORPS OF ENGINEERS will have representatives on campus from the St. Paul

and Omaha District Offices. Engineering training assignments are available at the GS-5 level \$5,335 and GS-7 \$6,345 throughout the country.

Friday, Jan. 20

SHERWIN-WILLIAM COMPANY will have Mr. H. E. Spitzer on campus for the purpose of interviewing all senior and advanced degree chemistry students interested in the paint industry. Mr. Spitzer, who is Director of Development for the Sherwin-Williams Company at Chicago, will be particularly interested in visiting with chemistry students who are working on advanced degrees in paint chemistry.

Students are invited to contact the Placement Office and request additional information on the following employment opportunities listed with the office:

Announcement of the forthcoming social work examination for the County Welfare Merit System of Minnesota has been made available to the school.

The NDSU wrestling squad returns to competition in an attempt to improve on their 2-1 pre-vacation record. The Bison have picked up two victories from Concordia College and Valley City State Teachers College. Their one loss was to unbeaten Moorhead State Dragons 20-10.

Competition will commence tomorrow at 3 p.m. against Northern State Teachers College of Aberdeen.

Michigan Tech was scheduled to appear but postponed their trip to

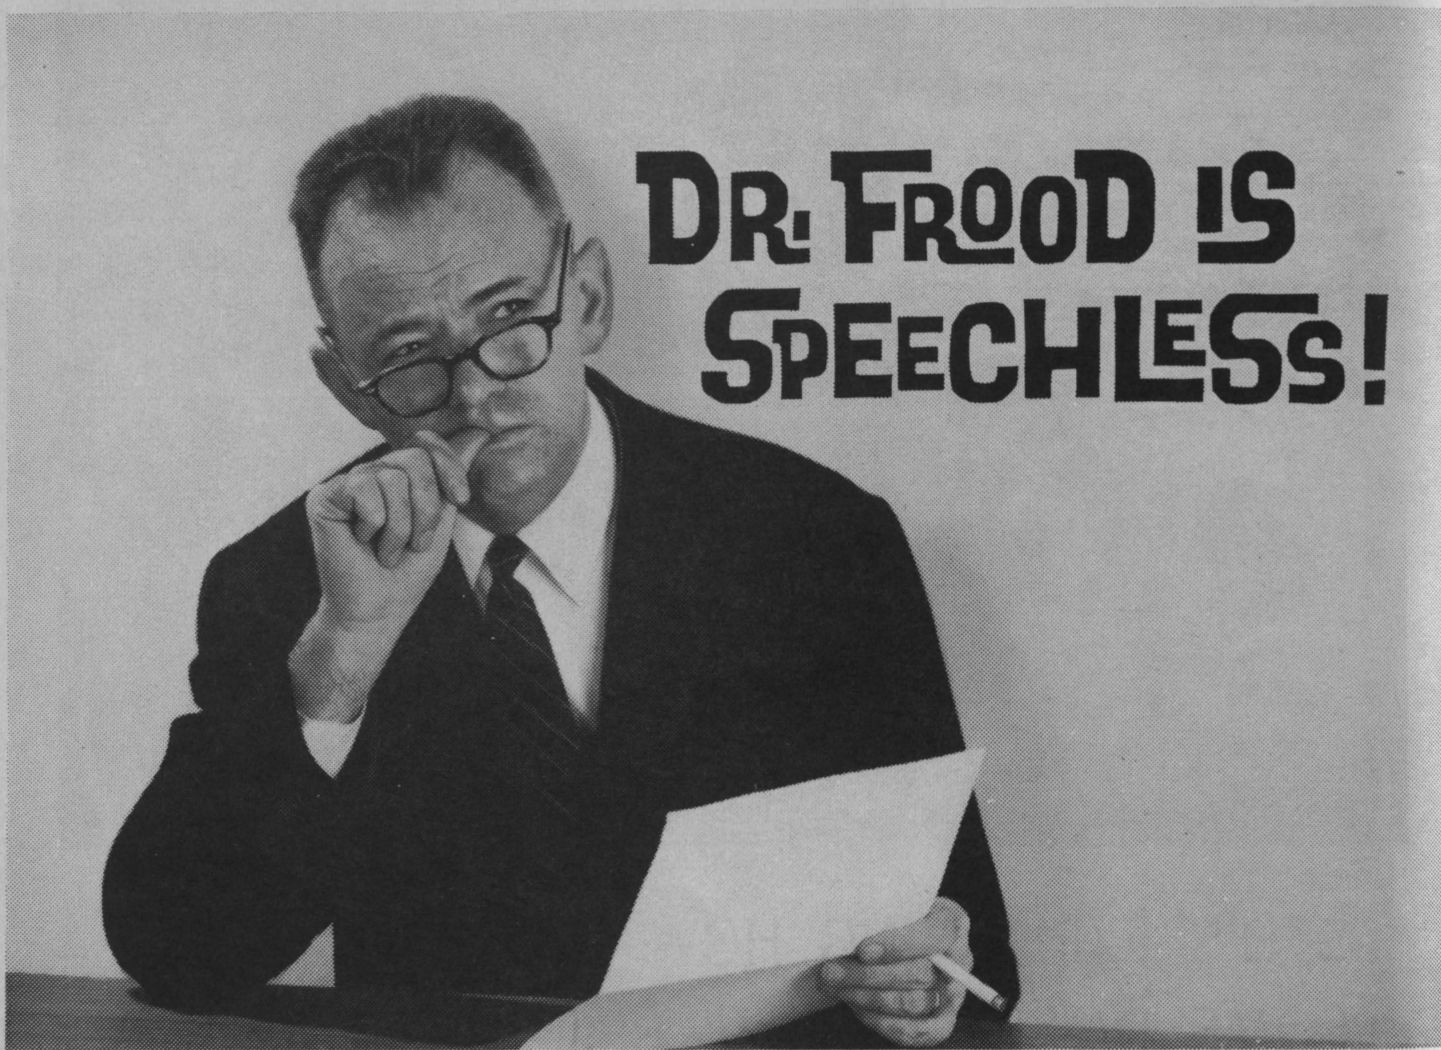

Fargo until February 25. Due to this substitute match, nothing is known of the strength of the Wolves from NSTC.

Coach Neuberger indicated that he was quite disappointed with the condition of his squad members after the holiday break, and that he is literally whipping the back into condition.

Coach Tom says, "It was a shame the kids wouldn't maintain the fine condition they had when they adjourned for the holidays. The only thing we can do now is to really work in order to get back in good physical condition. We went on to say that he hopes they can take the tough practice sessions that will be necessary to take as much as ten pounds weight off some individuals."

The frosh squad journeyed to Mayville State Teachers College last night. The Baby Bison Grapplers have a 2-1 record, identical to that of the Varsity squad.

The Beard Growing contest for the U series will be judged February 18 at the half time of the last game of the series. Prizes will be awarded for the shaggiest, best trimmed, most unique and best try. The contest is sponsored by the Rahjah Club.

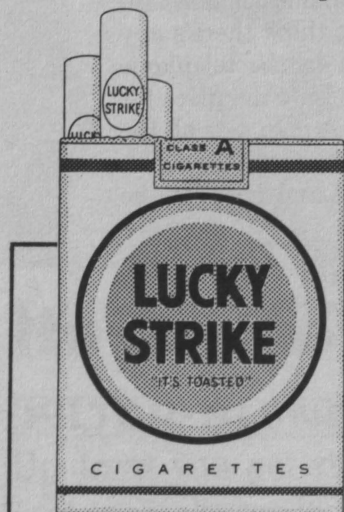

DR. FROOD IS SPEECHLESS!

MAKE MONEY! Dr. Frood is unable to answer letter from perplexed student. Your help needed. Lucky Strike will pay \$200 for best reply to this letter:

Dear Dr. Frood: How can a man such as yourself be so wrong so often, so stupid so consistently and yet, at the same time, have the intelligence, good sense and outstanding good taste to smoke, enjoy and recommend the world's finest cigarette--Lucky Strike?

Perplexed

If you were Dr. Frood, how would you answer this letter? Send us your answer in 50 words or less. Try to think as Frood thinks, feel as Frood feels. For instance, his answer might be "HAVEN'T YOU EVER HEARD OF SCHIZOPHRENIA?" You can do better. All entries will be judged on the basis of humor, originality and style (it should be Froodian). Lucky Strike, the regular cigarette college students prefer, will pay \$200 to the student who, in the opinion of our judges, sends the best answer to the letter above. All entries must be post-marked no later than March 1, 1961. Lean back, light up a Lucky and THINK FROOD. Mail your letter to Lucky Strike, P. O. Box 15F, Mount Vernon 10, New York. Enclose name, address, college or university and class.

CHANGE TO LUCKIES and get some taste for a change!

Viewing Intramurals

by Fred Wright

Intra-mural activities have once again resumed after being interrupted by the Christmas recess. Basketball, bowling, and ping pong have all started with a flourish and there has been a change in the personnel of the Intra-Mural Board.

Ed Smith, former president, has resigned and Vice-President Howard Young has been elevated to this position. Ed Guthrie, ATO representative, was elected to the position of vice-president at this last week's meeting by a unanimous vote.

A game played between TKE I and Student Body II two weeks ago caused a considerable amount of controversy at last week's meeting. With ten seconds left in the game, Student Body called a time out. At this time they were trailing by one point. The members of the defensive TKE team gathered to discuss their

strategy and before they were ready Student Body had scored a basket and won the game by one point.

The controversy arises because the referee, after blowing time out, forgot to blow the whistle to start play. Both teams have agreed that the game should be played over at a later date.

The following are the intramural basketball standings as of January 9.

NDSU Varsity Bowling Team Win Six In Row

The NDSU varsity bowling team will compete in the Tri-State Conference matches to be held January 20-21 in Grand Forks at the University of North Dakota. Schools entered besides NDSU are Wahpeton Science, Duluth Branch and NDU.

The Bison will go to the tri-state meet undefeated. They have won six matches in as many contests.

St. Olaf was the first to fall to the Bison. Jim Anderson, with a 604, was high man for NDSU.

River Falls College in Wisconsin was defeated by the Bison by 354 points. Jim Anderson and Larry Paulson both bowled over 600 with a 666 and 632 respectively.

La Crosse State was the second Wisconsin team to fall to NDSU.

BISON BITS

by Sports Editor Sherry Bassin

The North Dakota State University Bison met two of their toughest opponents in the North Central Conference last weekend before a hometown crowd and dropped both encounters by close margins.

On Friday night they dropped a 75-71 decision to the Jackrabbits from South Dakota State and then fell to the owa State Teachers College Panthers 87-81 the following night.

Although the Bison didn't pick up any points in the win column they put on an excellent display of basketball. Both games were undecided until the final minute of play.

In the first night the Bison came from a 10 point deficit to tie the score with only minutes remaining but were beaten with two free throws and a field goal with only seconds remaining.

The game was a thriller for the full forty minutes which should be as good a reason as any to pack the crowd in at South Dakota State when the Bison invade Brookings this Saturday.

The exhibition of ball was excellent so I have therefore concluded that the "booing" of the crowd was not a show of disapproval of the inferior basketball displayed.

After considering the situation I realized the disapproval was pointed towards the gentlemen in the black and white striped shirts who were acting in the capacity of officials.

Their disapproval was aroused from the fact that although these individuals were wearing

the uniform of officials they were not performing in such a capacity.

There is no doubt that the men in stripes were not purposely calling a one sided game but their inconsistency and unawareness at certain times tended to favor a team.

On one particular play with only seconds remaining in the SDSC game and the score 71-71, the officials called a foul on Bison Neal Jacobson. Perhaps the call may have been carried but the man Neal fouled had previously taken three to five steps. Any good football coach would have called it a good off tackle play rather than traveling.

This is just one call, but there were many more that were missed. There is an old saying, "you can always blame it on the refs", and this is one time we'll buy that.

"6'7" LYNDEN LANGEN sinks two points for the Bison with his favorite "dunk" shot in last weeks game against Iowa State Teachers College. ISTC won the game 87-81.

"HONOR SYSTEM SHOULD STAY" says Raymond Scheetz as he gives his vote to George Duemeland. Agriculture students decided to continue the honor system in their department.

School of Agriculture Students Vote To Continue Honor System

Students in the School of Agriculture at NDSU voted in favor of the continuance of the honor system in the agricultural department.

Peder A. Nystuen, assistant dean of agriculture and short course director, confirmed the results of the voting as 89.4 percent or 225 "yes" votes and 10.6 percent or 24 "no" votes. Only the students enrolled in the School of Agriculture were eligible to vote.

Nystuen stated, "unless the student government forwards a petition signed by 25 percent of the students in the School of Agriculture to call for a referendum

vote on the retention or modification on this system."

After completing an examination each student signed a pledge, "On my honor I have neither given nor received aid in writing this examination."

Nystuen also added that the faculty could refuse any exam that the pledge was left unsigned. This honor system applies only to the School of Agriculture and anyone from other schools taking courses offered by the agriculture department.

It was mentioned that anyone violating or suspected of violating this system could be brought before the Honor Case Commission whose job is to enforce honesty. This commission consists of two students from each school and one graduate student.

NOTICES

ISA

Al Goldberg will speak on the education system in Iran at the Monday night ISA meeting in Meinecke Lounge. Everyone is welcome. Refreshments will be served.

IRC

The inter Religious Council will meet Monday, Jan. 16 at 9 p.m. in Conference Room B in Student Union.

GAMMA DELTA

Gerald Puppe, 1960 IFYE student to Lebanon, will speak at the regular meeting of Gamma Delta Sunday, Jan. 15 at Immanuel Lutheran Church, 1258 Broadway.

Friday, Jan. 13 social will feature a "necking" party at the Gamma Delta center. What is it? Come and find out.

EE FACULTY & STUDENT WIVES

The Electrical Engineering Faculty and Student Wives Club meeting will be held Thursday, Jan. 19 at 8 p.m. in Meinecke Lounge. Whist will be played after the business meeting. Every one is
