Married Students Discuss Housing

Improvement is in order for both Court residences at NDSU, according to Gary Reinke, chairman of the special sub-committee. Both Court roads will be graded this spring. Erling Thorson, superintendent of buildings and grounds, is checking into the type of lighting which will be installed at the court this year.

Reinke met with Professor Ed Asceg in Business Manager Edith Toring to discuss the housing problems of married students at Biston, North, West and Stad­ium courts and married students who live off campus.

The four major topics brought up for consideration were reduction of electrical rates, inadequate lighting of courts, building main­tenance and laundry facilities.

Reinke determined that in or­der to cut electrical rates 400 in­dividual meters would have to be installed at a cost of approx­imately $12,000 to $14,000. Added to this would be the cost of the ad­ditional bookwork plus a mainte­nance man. The sub-committee felt this plan would not be prac­tical due to the added expense.

Laundry facilities were checked repeatedly at different hours of the day by Reinke and he found that evenings were the only time that washing and drying machines appeared overcrowded. He sug­gested that a rescheduling of wash day hours be made to elim­i­nate congestion during these hours.

All sororities are in charge of the various ar­rangements: Alpha Gamma Delta, decorations; Gamma Phi Beta, entertainment; Kappa Alpha Theta, general; Kappa Delta, tickets; Kappa Kappa Gamma, publicity; Phi Mu, chaperons.

The hours at Dinan and Ceres Hall will be ex­tended to 1:30 a.m. and 1:00 p.m., respectively, ac­cording to Miss Marilyn Swanson, dean of wo­men. The girls are gone 30 minutes late at the end of their days pay a penny a minute. Pro­ceeds from “Penny a Minute Night” go to the As­sociated Women’s Students.

“Wonderland by Night” Will Be
Theme For Saturday’s Charity Ball

“Wonderland by Night” is the theme of the annual Charity Ball to be held Saturday, Jan. 21 in the Union Ballroom from 9 to 12 p.m.

Tickets for the event are being sold by Panhellenic Council members to women students only for two dollars per couple. Larry Dodge and his orchestra will provide the music for the dance.

The semi-formal girl-ask-boy affair is spon­sored by the Panhellenic Council, campus security governing body. This event permits Panhellenic to give a gift to a charity.

MARCH OF DIMES
The NDSU March of Dimes Program, under the chair­manship of Mike Saba, will launch its Drive with a fund­raising kickoff at the basket­ball game Friday Night. This project is called a “sheet'' drive. A concentrated student effort will be held Tuesday, Jan. 31.

Junior Livestock Team Plan Trip
To Texas For S. W. Exposition

Seven NDSU students will attend the South­western Livestock Exposition in Fort Worth, Texas, January 28, according to John Johnson, instructor in animal husbandry.

Johnson stated, “The livestock judging team to be included in the NDSU team will consist of seven juniors in agriculture, but only five may take part in the judging contest. T"hese are to be 25 teams in the contest repre­senting 21 states. A meat contest will also take place in Fort Worth with nine classes of different meat cuts. Three members of the livestock judging team will judge in this contest.

Tryouts For South Pacific
To Be Held Next Month

“South Pacific,” the world fa­mous Broadway musical which will be produced as an all-college production this year, promises to be one of the biggest campus pro­ductions ever attempted, according to Jerry Stockman, student dir­ector.

Tryouts for the show will be held February 22 and 23 in the Little Country Theater. Rehears­als are scheduled to start during spring quarter registration week. Performance dates are April 20, 21 and 22.

According to Bryan Gackle, fac­ulty director, the biggest problem will be in locating the large num­ber of strong male and female singers for the leading roles. This will be especially true of the male voices, since the ratio of the cast is six men to each woman. The cast will number 33 individual positions, 25 of which will be backed by a chorus of equal size.

“Due to the relatively short time between tryouts and the final production,” said Gackle, “there will be unusually intensive rehearsals.”

LINDA SWENSON, H EC jr, Little International Queen
her attendants Dorothy Verworer, H EC jr, and June Huether, H Ec soph, are all dressed up in the suits they will wear for the show on Feb. 10 and 11. They were chosen by members of the Saddle and Sirloin Club, sponsors of the annual event.

STARS AND MORE STARS are being made for Saturday’s Charity Ball decorations. Donna Rhodes, Marlene Waits, Dorothy Hage and Sandra Wacker seem to be enjoying themselves as they do their part to make this annual girl-ask-boy affair a success. It is sponsored by Panhellenic council.

Student Senate Election Will Be Held On Feb. 6

Procedure:
1. Candidates may pick up their petitions on Saturday, January 28, through noon, Tuesday, January 31. These must be returned to DEAN SEVIERSON'S OFFICE by 1:00 P.M. Tuesday, January 31.
2. Campaigning begins Saturday, January 28 and ends at MID-NIGHT, Sunday, February 5.
3. Candidates should include a photograph of themselves with their petitions.

Qualifications:
1. Each candidate for Student Body President must have maintained an overall average of 2.50, including Fall Quarter 1960.
2. Each Senate candidate must have maintained an overall average of 2.25, including Fall Quarter 1960.

ELECTION RULES
1. Polling will be in the Student Union Lounge on Monday, February 6, from 7:30 A.M. to 7:30 P.M.
2. Election will be supervised by the Commission of Campus Affairs and its advisors.
3. Judges for the polling place will be selected by the Commission of Campus Affairs according to the following criteria:
   a. Student must be in good standing
   b. Must be a candidate for office
   c. Letters will be sent to all organizations for volunteers.
4. Positions for candidates on ballot will be drawn on Tuesday afternoon, January 31, in Dean Severson's Office.
5. Ballots will be counted by the Commission of Campus Affairs in the presence of its advisors on Monday, February 6, 1961.
6. All candidates for office must have attended at least one quarter at NDSU at the time of their application.
7. A plurality of the votes cast for president will elect. In case of a tie between two or more candidates a runoff will be held at a later date. This date will appear in the Spectrum.
8. To make ballot valid the voter must vote for only one president, only one secretary, and one senator.
9. The top seven vote getters for one year senate will be elected.
10. Balloons will be retained for one week after the election.

ELECTION RESULTS
1. Three judges will be at the polling place at all times.
2. Judges must have voter sign name and stamp activity card with a red pencil.
3. A three stage ballot will be used. Presidential candidates on page one, two-year senate candidates on page two and one-year senate candidates on page three.
4. To make a ballot valid the voter must vote for only one president, only two-year senators and only one-year senators.
5. Ballots will be deposited in locked steel container and will not be opened until tabulation time.
6. Election campaigns will be made on the Spectrum, Bison and Student News Bureau and business manager.

CAMPAIGNING
1. One poster per candidate per building
2. No candidates allowed to circulate their campaign material on campus after 6 P.M. on Tuesday, February 7.
3. Candidates are only allowed to leave election materials up during the election with the exception of any election materials in the Student Union Lounge where balloting will take place.
4. Questions regarding polling procedures should be directed to John McMertry and Kirby Erickson.

Films are shown every Thursday at 8:00 p.m. in the Moorhead State College Library. Cost is $3.00 for the full program which includes some of the best foreign films produced.

World Population to Use More Wheat

He pointed out that for the last 20 to 30 years wheat has been misunderstood in the diets of people. When wheat is taken out of the diet it makes the diet less nutritional. The average amount of bread eaten a day is six slices.

There are 35,000 different varieties of wheat foods. These have all come from tested experiments. Studies are now being made to increase the gluten content in wheat.

Harris also mentioned that during World War II, the Federal government made enrichment compulsory as a measure to improve the nutritional state of the people. After the war, enrichment became a voluntary matter. Many states have passed laws requiring all white flour sold within their boundaries to be enriched and followed the laws of the Food and Drug Administration.

Twenty-eight states including North Dakota have enrichment laws. Bringing these laws up to date to cover the people of North Dakota, Harris stated, is one of the largest wheat producing areas of the world.

Four years ago the honor system was initiated in the College Agriculture for a trial. It was deemed worthwhile enough so that on December 20, the honor system was given an overwhelming vote of confidence by the students in agriculture. Ninety percent of the students who voted favored continuing the honor system.

The honor system was initiated by Merlind Ludwig, student body president in 1951-52. Intentions of Ludwig and other sponsors were to urge other schools on campus to adopt the system if it proved successful in agriculture.

I believe the honor system has been successful. It can not and should not have altogether stopped cheating in the College of Agriculture, but it has helped eliminate most of the organized cheating.

The honor system has some weaknesses. One is the apathy of the students operating under it. This is another democratic process and the people involved must work at it to make it succeed at the highest level. But the honor system has proven itself, now the less.

Right now students are considering running for student senate and student body president. They will be wise to consider the merits of the honor system. Perhaps now is the time to expand that system. More students are considering running for the honor system. Perhaps now is the time to expand that system.

New Encyclopedia Set

Display in Library

The McGraw-Hill Encyclopedia of Science and Technology, a complete set of encyclopedias on science and technology, is now available at the library for students and faculty members, according to Dean Stollings, head librarian.

The recently purchased set of encyclopedias is an international reference work in 15 volumes. Each article begins with a definition which states its scope and average. Usually only the scientific or technological sense is defined. Most articles, after the definition, are complex and difficult to comprehend. The subject matter of the books is divided into various branches of science and technology. It is organized systematically; a general article provides a broad survey of its field and a number of separate articles, alphabetically arranged, cover its main subdivisions and more specific aspects.

"Every student and staff member on campus will get a lot of use out of these new encyclopedias," states Dean Stollings. He also said that he had staff and students from the engineering, horticulture, botany, pharmacy, chemistry and physics departments examine the new volumes. They decided the volumes were a definite asset to the library.

The McGraw-Hill Encyclopedias are now on display on the second floor of the library in the lobby.

Rodeo Club Elects Trauger President

Paul Trauger, Ag Jr, was elected temporary president of the newly-organized North Dakota State University Rodeo Club last week.

Other officers selected were Gerald Olmstead, vice president; Fred Cart, secretary-treasurer; and Howard Leeland, corresponding secretary. Roger Hunley, Ag senior, who is an exchange student, will serve as a visitor.

Trauger plans of the new group include a collegiate rodeo on campus and a team entry in the National Intercollegiate Rodeo Association this spring.

Rajahs Elect New Members

Thirty new members have been initiated into the NDSU Rajah Club.

New members are William Striebel, AAS Jr, Jim Anderson, AAS soph, Harley Brooks, Ag Jr, Duane Fluegel, Ag Jr, Henry Grywieski, Ph Jr, Peter Otte, Ph Jr, Philip Barb, AAS Jr, Daryl Pring, Ag soph.

Mike Saha, Ph soph, Sherwood Peterson, Ag Jr, Mike Harris, AAS soph, Ron Forrest, AAS soph, and Ray Meyer, Ag soph.

The Rajah Club is the NDSU pep club which has been in existence for over 20 years. The purpose of the group is to stimulate student participation in activities, athletic team backing and overall school spirit.

New members must attain a 2.0 average the quarter before joining the organization and are selected on the basis of their demonstration of school spirit. They are nominated by an active Rajah and are voted upon by the entire membership. The Rajahs limit membership to 35.

Moorhead Heads Arch Students

Richard Moorhead, Arch Jr, has been elected president of the student chapter of the American Institute of Architects. This is a national organization for students in architecture.

Other officers include William Bowman, jr, vice president; Eleonor Caviglia, soph, secretary, and Willis Kingsbury, jr, treasurer.

No, friends, no. Rimbaud is not allowed to smoke on the job and when he finishes his long, miserable day he has to buy his own Marlboros, even as you and I, in order to settle back and enjoy that choice tobacco, that smooth, mellow flavor, that incomparable filter, that pack or box.

Well, friends, you might as well give up because you’ll never in a million years guess why Rimbaud works for the Acme Ice Company. The reason is simply this: Rimbaud is a seal! He started as a performing seal in vaudeville. One night on the way to the Ed Sullivan show, he took the wrong subway. All night the poor mammal rode the B.M.T., seeking a helping hand. Finally a kindly brakeman named Ernest Thompson offered to take Rimbaud, who was a beautiful daughter with whom Rimbaud is madly in love and thinking that Mr. Acme, head of the Acme Ice Company, has a beautiful daughter whom Rimbaud is madly in love and he took the job only to be near her.

Friends, you are wrong. It is true that Mr. Acme does have a daughter, a large, topless named Claudia who spends all her waking hours sweeping marzipan out of a bucket and staring at a television set which has not worked in some years. Rimbaud has not the slightest interest in Claudia; nor, indeed, does any other man, excepting possibly John Ringling North.

So how come Rimbaud keeps working for the Acme Ice Company? Can it be that they provide him with free Marlboro Cigarettes, and all day long he is able to settle back, make himself comfortable and enjoy the filter cigarette with the unfiltered taste?

The Engineers Have Hairy Ears

Today in this age of technology when engineering graduates are wooed and courted by all of America’s great industries, how do you account for the fact that Rimbaud Simpson, who finished at the very top of his class at M.I.T., turned down hundreds of attractive job offers to accept employment as a machine-wiper at the Acme Ice Company at a salary of $20 a week with a twelve-hour day, a seven-day week, and only fifteen minutes for lunch?

I know what you are thinking: “Cherchez le femme!” You are thinking that Mr. Acme, head of the Acme Ice Company, has a beautiful daughter with whom Rimbaud is madly in love and he took the job only to be near her.

Friends, you are wrong. It is true that Mr. Acme does have a daughter, a large, topless named Claudia who spends all her waking hours sweeping marzipan out of a bucket and staring at a television set which has not worked in some years. the KD house on Thursday for an evening of entertaining in the spirit
of the "20's".
The doors to the Theta house opened on Tuesday afternoon for
all the coffee drinkers on campus.

MUCH SOCIALIZING on Wednesday evening when the Phi Mu's
journeyed to the FarmHouse for an evening of merriment.
Congratulations to KKG Nancy Flat—\the new Dream Girl of
Theta Chi.
OUR NAME CHANGE CHAIRMAN, Charlie Bateman, is still in
the spirit of name change—be recently gave an engagement ring to
Gamma Phi Susan Rangel.

SPD James Drive and Phi Mu alum Pat Stewart are how an
engaged couple.
Kappa Karen Piper is sporting a diamond from Bill Bishop from
Mapleton.
The Sigma Chi's have added new pledges Fred Wright, Mike
Warman, Richard Baker and Tom Herbster.

Jim Lanier, Larry Rolfstad, Dave Herstad and Steve Ashley are
the newest SAE pledges.
The Phi Mu's have added Betty Moen, Sandra Flom and Judy
Anderson to their pledge class.

Congratulations to the newest active at the Kappa Delta house—
Rita Henneson.

The "howling" Sig Chi's have initiated the following· Charles
Ernst Van Vlissingen and Erling

will be Mathilda Thompson, Dean
of Women and Blue Key advisors
Seth Russell. Also in attendance
will be President Fred Hultz and
Dean of Women and Blue Key advisors
Ernst Van Vlissingen and Eirling
Thurston.

Dr. John Hove will give a short
talk on the value of scholarship.

Seniors Are Urged
To Get Test Scores

The scores from the Grad-
uate Record Tests administered
were on Monday, Jan. 23 at
NDSU seniors are now
available, according to Quentin
Students, counseling and testing
director.
Seniors may obtain their
test scores and interpretive
leaflets from the offices of the
Departments of the respective
schools.

The Graduate Board Tests
were administered as part of
an all university self-study and
consisted of three parts: social
science, humanities and nat-
ural science. A report of the
overall scores of NDSU stu-
dents on this test will be avail-
able in March.

The day you know
you must provide

Brotherhood Provider Life Insurance gives you:

$10,000 of lifetime
security for only 44c a day

Because you are a Lutheran, you
can own Brotherhood Provider Life
Insurance and at remarkably favor-
able rates. That's important when you
think of the family responsibilities in
your future. It's reassuring to own
Brotherhood Provider now...against
the day you know you must
provide. Look at these big advantages:

• $10,000 of permanent, dividend-
paying life insurance.

• If you retire at 65, you can get
$13,000 in cash—a return of $1.83 for
each dollar invested.

• If you die at 65, your beneficiary
gets $16,705—your total investment
is only $7,097.

• Lutheran Brotherhood pays all pre-
minums if you are totally disabled.

All this and more for an investment
of just $61.30 a year...about 44¢ a day.
You pay more than this for life
insurance in the bond of Lutheran Broth-
erhood...you get more.

LUTHERAN BROTHERHOOD

is only $7,097.

• Lutheran Brotherhood pays all pre-
minums if you are totally disabled.

All this and more for an investment
of just $61.30 a year...about 44¢ a day.
You pay more than this for life
insurance in the bond of Lutheran Broth-
erhood...you get more.
Mass Chorus To Present King David

A mass chorus of 160 voices conducted by Robert Godwin, assistant professor of music at ND­
will present Arthur Honeg­
ator’s Oratorio “King David” in April.

Jant professor of music at ND­
will present Arthur Honeg­
oratorio “King David” in April.

The 90 member University chorus, directed by Ernest Val­
will join with the 40 member Fa­
head of the music de­
will join with the 40 member Fa­
Forchordal Society, directed by Pro­
for this produc­
for this produc­

The union of singers will pro­
large, well-balanced chorus­
perform this work, said Godwin.

French composer Honegger has gained world wide attention for ‘King David,’ " said Professor Godwin. The Oratorio portrays the life of David as a shepherd boy through his reign as King of Israel.

Several instrumentalists from the NDSU Gold Star Band will ac­
company the singers.

Recently Professor Godwin was awarded honorary mem­
ship in the Choral Conductors Guild of America in recognition of outstanding work in the field of choral music.

Having a master of music de­
Eastman School of Music, he is working for a doctor of musical arts degree from the Uni­

New ‘61 Chevrolet IMPALA 2-DOOR SEDAN
Here’s all anyone could want in a car! One of a full line of five Impalas with Chevy’s sensible new dimensions, inside and out.

New ‘61 Chevrolet BEL AIR 2-DOOR SEDAN
Beautiful Bel Airs, priced just above the thriftiest full-sized Chevys, bring you newness you can use. Larger door openings, higher easy­
chair seats, more leg room in front, more foot room in the rear.

New ‘61 Corvair 500 LAKEWOOD STATION WAGON
One of Corvair’s wonderful new wagons for ‘61, this 6-passenger Lakewood gives up to 68 cu. ft. of storage space.

New ‘61 Corvair 500 LAKEWOOD STATION WAGON
One of Corvair’s wonderful new wagons for ‘61, this 6-passenger Lakewood gives up to 68 cu. ft. of storage space.

New lower priced 700 CORVAIR CLUB COUPE
Corvair brings you space, snunk and savings in ‘61. Thriftier sedans and coupes with more luggage space. That rear engine’s spunkier, too, and there’s a new gas-saving rear axle ratio to go with it.

This last week found round two of the intramural basketball season get underway. There are still thirty-six teams but they have been arranged in different brackets.

Bracket I
Farm House 1 vs. Sig Chi I
Rex II 1 vs. AIEE I 0
AIEE II 2 vs. Sigma Chi I

Bracket II
Sigma Chi I 1 vs. North Court
Sigma Chi II 1 vs. Alpha Chi 0
Delta Chi 1 vs. Sigma Chi II

Bracket III
Sigma Chi I 0 vs. Student Body II
Student Body III 1 vs. Theta Chi II
Delta Chi 0 vs. Student Body IV

Bracket IV
Delta Chi 1 vs. Pi Kappa Psi I
Pi Kappa Psi I 1 vs. Delta Chi
Student Body II 1 vs. Pi Kappa Psi I

Bracket V
Theta Chi II 1 vs. Sigma Chi II
Sigma Chi II 2 vs. Pi Kappa Psi I
Sigma Chi II 1 vs. Delta Chi

Bracket VI
Delta Chi 1 vs. Pi Kappa Psi I
Pi Kappa Psi I 1 vs. Delta Chi
Sigma Chi II 1 vs. Student Body II

Bowling has regained its prominent position which was interrupted by the staggered recess.

Results of matches are as follows:

Major league: Gamma Delta 3, Dakota Hall I 1, Sigma Chi II 4, Vet's Club 0, AIEE II 2, Blockbridge I 1 and Farm House split with ATO II two games apiece.

Enquirer league: AIAE II 4, AIEE I 3, AIAE II 1, Sigma Chi I 0, AIEE I 3, ASCE I 1 and AIAE I, 3, ASD I, 3, SPD I.

All Star league: TKE I 3, Vet's Club IV 1, SIGMA I, 3, Theta Chi 1, Chemistry Club 3½, Pharmacy Club ¼ and Kappa Psi I 4, Sigma Chi I 0.

Masters league: AGR I 3, TKE I 1, YMCA 4, Coop I 0, Vet's Club II 3, Farm House I 1 and ATO I split with SIGMA II two games apiece.

All persons interested in varsity tennis are urged to see Mr. Kaiser in his office at the Field House Tudsway, January 24, at 4:15 p.m.

Anyone interested in officiating intramural basketball games are also asked to see Mr. Kaiser.

NOTICE
Anyone on campus who does not intend to enter the Beard Growing contest is urged to purchase a "shaving permit" button. The buttons, costing a quarter each, will be sold by Rahjah members at the next three home basketball games, January 20, February 3 and February 4 in the fieldhouse on weekdays.

Those who are unable to purchase their buttons at these times may get them by contacting Ross Johnson, Sigma Chi house.

We have tickets in our office for all airlines—also make train, bus, steamship and hotel reservations. Let us ticket you whether it be Minneapolis, Chicago, New York, Paris or Honolulu.

The Bison Wrestling Squad will play the Hatton pendent basketball team in a preliminary to the Friday contest.

Marvin Bachmeier continues to lead Bison individual teams. Bachmeier scored 44 points last weekend to bring his total to 252 points in 12 games, an average of 21.1 points a game. He has made 80 of 186 field goal attempts or 44.4 percent and 77 of 119 free throw attempts for 75.8 percent.

Roger Erickson is the Bison leader in field goal accuracy and rebounding. Erickson has made 45 of 96 field goal attempts or 46.9 percent and has grabbed 119 rebounds in 11 games, an average of 9.9 a game.

NORTH DAKOTA STATE UNIVERSITY basketball players return to action on their home court Friday night, determined to end a string of five losses in the North Central Conference.

The Bison host the Morris-Norridge College Maroon Chiefs in the 8 p.m. game at the Fieldhouse.

Bison Coach B. C. "Charlie" Benton felt that a combination of poor passing and ineffective offensive rebounding were the primary factors in the losses to Augustana and South Dakota State last weekend.

Benton did feel, however, that the two South Dakota clubs, playing on their home floors, provided the most difficult competition the Bison have faced on a weekend trip this season.

With home and home series with South Dakota State and Iowa State Teachers, and the road game with Augustana completed, Benton feels that the Bison have played their toughest conference competition.

Morningides has played two conference games, losing to South Dakota and Augustana. Overall the Maroon Chiefs have won two and lost seven.

North Dakota State's Freshman squad will play the Hatton pendent basketball team in a preliminary to the Friday contest.

Marvin Bachmeier continues to lead Bison individual teams. Bachmeier scored 44 points last weekend to bring his total to 252 points in 12 games, an average of 21.1 points a game. He has made 80 of 186 field goal attempts or 44.4 percent and 77 of 119 free throw attempts for 75.8 percent.

Roger Erickson is the Bison leader in field goal accuracy and rebounding. Erickson has made 45 of 96 field goal attempts or 46.9 percent and has grabbed 119 rebounds in 11 games, an average of 9.9 a game.
BISON BITS

During the holiday season, while North Dakota was home finishing off the year with basketball, the North Dakota Sports Writers Association and the state's athlete of the year for 1960, was at home rewriting the record books. Cliff Cushman, who continuously and distinguishe d the state of North Dakota over such a period as Little All American athlete at North Dakota State University, another performer as Little All American at Dakota State in basketball team for his efforts and accomplishments on the hardwood floor, received the award on Monday, Jan. 20 at noon to be held in conference rooms 1, 2 and 3 of the Student Union building.

Besides this fact, Bachmeier set most of his records before hometown North Dakotans bringing prestige and glory not only to himself but to the whole state. When Marv was named to the team he was named as a guard and not as a player. The state's athlete of the state had a banner year. We congratulate Mr. Cushman on his accomplishents on the hardwood floor.

Job Interviews

BUREAU OF RECLAMATION will be represented on campus by James McCluskie from the Billings, Mont. office. The Bureau employs large numbers of civil, electrical, and mechanical engineering graduates. The Bureau will also have a number of vacancies for assignment in sales engineering, system engineering, development and manufacturing engineering.

REPUBLIC STEEL CORPORATION will send an interviewing team to our campus seeking employment interviews with mechanical, electrical, and industrial engineering graduates and any other likely candidates for steel mill operations.

BISON WRESTLING coach Tom Neuberger explains some tactics to a pair of his grapplers in preparation for their match tomorrow afternoon and night against South Dakota State at the Bison fieldhouse.

Placement Office

BUREAU OF RECLAMATION will send an interviewing team to our campus seeking employment interviews with mechanical, electrical, and industrial engineering graduates and any other likely candidates for steel mill operations.

PILLSBURY COMPANY, Minneapolis, Minn., will send interviews with senior mechanical engineering students who are interested in production management or staff engineering opportunities with the company.

GLIDDEN COMPANY has special interest in chemistry graduates who completed the special study curriculum in coating technology. They seek electrical, mechanical, and industrial engineers for assignment in sales engineering, system engineering, development engineering and manufacturing engineering.

NOTICES

YOUNG REPUBLICANS

WDAY" sports announcer Bill Weaver will speak at the Young Republicans meeting Thursday, Jan. 26. He will talk about what he has learned in the past and what we can do in the future. Everyone welcome. Lunch will be served.

SAI

SAI will meet on Wednesday, Jan. 25 at 8 p.m. in the Memorial Union Ballroom for the January musical. Marian McKinnon will review the chapter on "Baroque Music" from the book "Conversations with Casals."

NEWMAN CLUB

Newman Club meetings have been changed to Tuesday evenings the first one being held Jan. 24 at 7:30 p.m. This is an important meeting and all members are asked to attend.

Sunday night suppers will continue to be held at 5:30 p.m.

ISA

ISA will meet on Monday, Jan. 25 at 7:30 in Meinecke Lounge. Talent show will be presented. Everyone welcome. Refreshments will be served.

NOTICE—VETS

The NDSU Vets Club will meet Thursday, Jan. 25 at 8 p.m. in Meinecke Lounge in the Student Union. This will be a social meeting and wives or girl friends are invited.

GAMMA DELTA

Gamma Delta will hold their regular meeting on Sunday, Jan. 26 at 2 p.m. and dinner at 5 p.m. in the Y room. Dennis Smith will present his talk on "Recented Science and Progress in the Field of Quantum Mechanics."

YWCA

The YWCA will meet Wednesday, Jan. 25 at 7:30 in The Y room in the library. Dennis Smith will show slides of Strasbourg, Paris and World Youth Conferences he attended last summer.

What would YOU do as an engineer at Pratt & Whitney Aircraft?

Regardless of your specialty, you would work in a favorable engineering atmosphere.

Back in 1925, when Pratt & Whitney Aircraft was designing and developing the first of its family of history-making powerplants, an attitude was born—a recognition that engineering excellence was the key to success.

That attitude, that recognition of the prime importance of technical superiority is still predominant at P&W today.

The field, of course, is broader now, the challenge greater. No longer are the company's requirements confined to graduates with degrees in mechanical and aeronautical engineering. Pratt & Whitney Aircraft today is concerned with the development of all forms of flight propulsion systems for the aerospace medium—air breathing, rocket, nuclear and other advanced types. Some are entirely new in concept. To carry out analytical, design, experimental or materials engineering assignments, men with degrees in mechanical, aeronautical, electrical, chemical and nuclear engineering are needed, along with those holding degrees in physics, chemistry and metallurgy.

Specifically, what would you do?—your own engineering talent provides the best answer. And Pratt & Whitney Aircraft provides the atmosphere in which that talent can flourish.

Development testing of liquid hydrogen-fueled rockets is carried out in specially built test stands like this at Pratt & Whitney Aircraft's Florida Research and Development Center. Every phase of an experimental engine test may be controlled by engineers from a remote blockhouse (inset), with closed-circuit television providing a means for visual observation.

At P&W's Connecticut Aircraft Nuclear Engine Laboratory (CANEL), many technical talents are focused on the development of nuclear propulsion systems for future air and space vehicles. With this live mock-up of a reactor, nuclear scientists and engineers can determine critical mass, material reactivity coefficients, control effectiveness and other reactor parameters.

Representative of electronic aids functioning for P&W engineers is this on-site data recording center which can provide automatically recorded and computed data simultaneously with the testing of an engine. This equipment is capable of recording 1,200 different values per second.

World's foremost designer and builder of flight propulsion systems
