

Degree Candidates To Meet With Marshall Before Rehearsal

Commencement rehearsal for graduates, both bachelors and masters degree candidates, will be held Thursday, May 18 at 3:45 p.m. in Festival Hall. Degree candidates should meet with their school marshall at an hour and place set by him to assemble before coming to Festival Hall, according to B. B. Brandrud, registrar.

Masters degree candidates should contact the Varsity Mart earlier to make arrangements for rental of their hood which is not included in their diploma fee payment.

Baccalaureate and commencement are again this year being held on the same day. Baccalaureate will be at 10 a.m. on Sunday, May 21, with commencement the same afternoon at 2 p.m. Such an arrangement permits many parents and friends to drive to Fargo for the exercises and to return the same evening without having to stay overnight.

In an attempt to better accommodate families and friends of the degree candidates at commencement, each graduate will be allowed four tickets to the reserved bleachers in the field house.

These tickets will admit persons to the reserved section only, where seats will be on a first come-first served basis. Candidates may obtain their tickets at the Admissions and Records Office when they call for their graduation announcements.

School marshalls are: Agriculture, P. A. Nystuen; Applied Arts and Sciences, Merritt Flynn; Chemistry, J. W. Broberg; Engineering, E. G. Anderson; Home Economics, Eleanor Vergin; Pharmacy, Richard O'Neill; Master candidates, George Pratt.

Attendance at the rehearsal, the baccalaureate service and the commencement exercises, is required of degree candidates. Students should contact their marshalls on any questions regarding the rehearsal.

Caps and gowns for all candidates will be available at the Varsity Mart on May 18, 19 and 20. They must be picked up on those

"Street Sweep" Feature of Greek Week; Royalty To Be Crowned

Spring is here and with it comes NDSU's annual Greek Week.

Buck Striebel, Greek Week chairman, says that next week's schedule will be packed with extra-curricular activities, starting with the coronation of the Greek Week King and Queen at a dance in the Union Ballroom Monday night.

The Greeks will compete to determine which group can sweep the "most street" in the least time. The winning sorority will have the honor of selecting Mr. Clean Sweep, while the winning fraternity will likewise be honored in selecting Miss Clean Sweep.

This "royal couple" will be crowned at Friday night's dance on the Student Union patio. Candidates for this position are the Greek Week chairmen from each house.

In addition to these activities other Greek Week features are the Alpha Phi Omega-sponsored Spring Sing, exchange dinners and the Greek Week Picnic. This event includes something the Greeks can thank the Romans for — a mock Olympics, plus various other activities.

Tickets to all of these events are the Greek Week buttons.

Applications are now being accepted for positions on the Sharvira 1962 Central Committee. Positions open include general co-chairmen; co-chairmen of publicity, activities and six college committees; secretary and treasurer. Forms are available in the Spectrum office and Communications office in the basement of Old Main. Deadline for filing is May 12.

CAUGHT RED HANDED! FRANKIE AIMS her "pistol" at Johnnie, whom she catches caressing Nellie Bly, in this scene from "Fourth Dimension," creative dance program to be staged at NDSU. Frankie is played by Bobbi Nelson. Her sister, Betsy, takes the part of Nellie. Johnnie is Bob Giesinger. The program, described as a history of mankind in modern dance, will be staged by the dance group Orchesis, at 8:15 p.m., May 10 in Festival Hall.

"Go-Power" and Imagination To Characterize Production

Imagination and "go-power" are two prime requirements of the art of modern dance, according to Marilyn Nass, coach of Orchesis, the student dance group at NDSU. When Orchesis puts on its "Fourth Dimension" program at NDSU on May 10, the students will be displaying plenty of both. The Orchesis members put their imaginations to work and devised close to 20 dances for the hour-and-a-half program.

They range from "love duets" to primitive jungle dances to mambo routines. Miss Nass advised the 32 men and women students in Orchesis as they planned the dances. It took plenty of stamina for the students to get the dances into shape for their public pro-

gram. About 40 hours of preparation, including gruelling rehearsals, are required for every three minutes of a finished program, Miss Nass said.

The result is a history of man, in dance, with "Fourth Dimension" being "time," Miss Nass said. The program will be at 8:15 p.m. in Festival Hall.

The dancers will portray the Seven Seas, the sun, moon and the stars in an opening dance about The Creation. Then they'll do a "Kataka" dance, depicting a primitive funeral ceremony. Harry Belafonte's "Take My Mother Home" will provide the musical background for a third dance about man's early history.

After the drama of the opening dances there'll be a moment of

comedy, as the Orchesis members do a satire on the Old West. The Roaring Twenties, complete with Frankie and Johnnie, barroom belles and honky-tonk music, will be brought to life in another number.

Bright-colored sweatshirts and sneakers will be added to the dancers' basic leotards for a "Mambo Mania" dance, depicting the American teenage spirit. The costuming for all the dances will be simple, Miss Nass said.

The "Sirens of Saturn" will beckon space travellers in a dance about the future. "The Goofy People of Phobos" will depict a street scene on an imaginary planet. In a final dance about man's future the Orchesis members will portray man's "Undying Spirit," with the Lord's Prayer as a musical background.

Advance tickets for "Fourth Dimension" will be on sale at Daveau Music and at the NDSU Memorial Union.

Fullbright Grant Is Awarded To Berntson

A Fullbright grant for study abroad has been awarded to Byron L. Berntson, AAS sr, according to Dr. Leo Hertel, campus chairman for the Fullbright Program.

Berntson will leave Sept. 15 for the University of Marburg near Frankfurt, Germany, where he will spend ten months in a general German study program.

On return from Germany in 1962, he plans to take graduate study in theology.

In his four years of study at NDSU, Berntson has amassed an overall grade point average of 3.93. He has majored in English with minors in German and Chemistry.

Berntson is a past president of the Lutheran Students Association and is presently serving as vice-president of Blue Key fraternity. He is also a member of Orchesis and Phi Kappa Phi. In addition he was publicity director for the recent production of "South Pacific."

Berntson is no stranger to the European continent. He spent the summer of 1956 in Germany under the American Field Service.

The University of Marburg was founded in 1527 and is the first Protestant University established in Europe. Located near one of Germany's great rivers, the uni-

versity has adopted many of the old Heidelberg traditions.

Asked of his feelings about the grant, Berntson said, "I am very happy. I hope that in my ten months in Germany I can do my best in scholarship and other activities to represent my fellow students at NDSU."

Honors Day Set For May 11

"Thirty to forty thousand dollars will be given to over 215 NDSU students at the annual Honors Day Convocation to be held May 11, at 9:40 a.m. in Festival Hall," said Ernst Van Vlis-singen, member of convocation planning committee.

Honors Day Convocation is sponsored by Blue Key and Senior Staff, the National Honorary Activities Service Fraternity and Sorority on campus. The purpose of this convocation is to recognize those students receiving grants, fellowship and scholarships.

The program will consist of musical numbers by NDSU Gold Star Band under the direction of W. A. Euren. Charles Bateman, president of Blue Key, will be master of ceremony. Dean Arlon Hazen, acting president of NDSU will present the awards.

A special seating arrangement has been made for those receiving awards and they are asked to contact an usher before being seated.

"I WAN' MY MAMA!" screams Lynda Olson as Eliza, the poor flower girl, in the Little Country Theater's current production of "Pygmalion." Rushing to comfort her is Pickering (Don Nelson) while Higgins (John Ginakes) takes in the whole affair with a skeptical eye. Don't miss "Pygmalion" tonight or tomorrow night in the LCT.

MSC Commends Hultz

Mr. Arlon Hazen
Acting Vice President
North Dakota State University
Fargo, North Dakota
Dear Mr. Hazen:

In behalf of the faculty and students of Moorhead State College, I wish to send you, and our sister institution, our deep sympathy over the great loss you suffered in the passing of President Hultz.

Since I came to this area two and a half years ago, I was impressed on several occasions with the good will and the spirit of cooperation with which Dr. Hultz treated this college, as well as the undersigned. The latest evidence of this is a most cordial letter which I received on December 21 in reply to our congratulations at the recent name change of North Dakota State University. When I invited him to speak at an MSC convocation last fall, he hoped that his health would permit him to do so this spring.

As you are perhaps aware, the presidents of North Dakota State University, Concordia College, and Moorhead State College had encouraged meetings between representatives of the three institutions to bring about an ever closer formal as well as informal cooperation. At the present, the Academic Deans of our three institutions are engaged in exploratory talks to lay the basis for further meetings between the presidents. Unfortunately, President Hultz was not able to see the fruits of this endeavor. But, continuing efforts on the part of representatives of our three institutions will be on way for all of us to honor the memory of the man who led North Dakota State University during a period of growth, building and accomplishment.

Please convey the sentiments of friendship, as well as sympathy, from Moorhead State College to the students and faculty members of North Dakota State University.

Sincerely,
John J. Neumaier
President

Letters to the Editor

LETTER TO EDITOR

The popular thesis that college students never have any money seems to hold true on this campus.

The problem is, however, that students could save money by simply paying attention to the rules and regulations.

A typical case in point would be the library.

Students either neglect or are simply too lazy to return their books on the proper date. Some fines, if they were to be figured at the rate of five cents per day, would and sometimes do run up into the hundreds of dollars.

This seems to be costly negligence if one realizes that the date that the book is due is clearly stamped on the inside of the front cover and that the books may be renewed by phone if one is too busy to make a trip to the library.

This is not the only area that is costing the students money. The matter of stolen and missing books is another area of concern.

Two summers ago an inventory of the library was taken. About 2800 volumes were missing. If one figures the average cost of a book at \$5 the figure becomes about \$14,000.

The students pay a fee for the purchase of new books when they register and therefore will be paying for these books themselves.

From this point of view stealing books is hardly worthwhile. Why should all students have to pay for the negligence of a few?

The next time a student goes into the library, he should stop and think of the pennies in his pocket he could have himself and the rest of the student body.

Mary Walrath

LETTER TO EDITOR

Last week the bowling team of a Big Ten school had a team total of 3,061 pins to break the league

record by over 225 pins. That's quite an accomplishment.

Yet barely a month previous to this event, a college bowling team had a 3,177 total. That's an average of over 210 per game per man. That really puts the Big Ten to shame. You may say: "So what?" The "so what" is that this bowling team represented North Dakota State University. Their total is an all-time college record.

So what? So what is that this team is virtually unrecognized by our campus. The six members receive no award for their accomplishments. Their compiling of a 24-4 record while bowling on "foreign" alleys in 22 of the matches against schools many times the size of our school is something almost astounding.

What other team on our campus could compete against Denver U., Colorado State, Kansas, Minnesota and schools of equivalent size and status and win?

It might easily seem that we have on our campus the best college bowling team in the nation. And what do the members get from it? This year the team received \$200 from the athletic board to pay their expenses. When you take a trip through several states and also take many small trips, \$200 doesn't go very far.

However, the main thing lacking is an award which is recognized by the school. The most common of these is letters. Why doesn't the bowling team get letters? It may be said that the majority of college bowling teams don't get letters. True enough. However, every year there are more and more of these teams getting letters.

Also, a few years ago college baseball teams didn't get letters and now they all seem to. Bowling teams as close as Jamestown, N. Dak., get letters. Why don't the North Dakota state college champions?

It is a sad state of affairs when the best gets nothing and less proficient teams get the best.

Jack Geisen
C.E. Jr.
Langdon, N. Dak.

B. J. Dressler
AAS Soph.
Bismarck, N. Dak.

Lawrence Braund
Arch. Soph.
Detroit, Mich.

Collette Buhr
AAS Jr.
Ayr, N. Dak.

Depends on your age — good for the oldsters and bad for the youngsters.

What's good enough for Herschel is good enough for me.

I'm in favor of the daylight savings time, anything to add to the confusion. I've heard the SAE's don't have hours anyway. Confusion? ! . . .

It doesn't matter now that I'm married.

No, because there are too many conflicts that arise between the farmers and the businessmen.

Campaign Promise Fulfilled Senate Asks Activity Fee Cut

The NDSU Student Senate has moved to ask the University Council for changes in the student activity fee that will, in effect, reduce it by 40 cents. This action came during the Apr. 25 meeting.

At the suggestion of Registrar Burton Brandrud, the senators voted to discontinue the photo identification card system that has been in use the past several years. This would mean a savings to the student of \$1 per year.

However, the group also decided to ask for an increase in the student activity fee of 20 cents per quarter. The senators felt this was necessary to offset the annual deficit in the budget.

In other action Senate voted to accept the bid of Mutual of Omaha to set up a student insurance plan on campus next year. Their bid of \$21 for 12 months coverage was picked over a \$22.75 offer by the Sexton Co. of Minneapolis.

Senator Jim Lamont stated that both plans had been submitted to competent authorities who found the Mutual of Omaha plan to give the most complete coverage for the price. The insurance policy will give the student coverage both on and off campus for a full 12 months. It also will cover participation in intramural activities.

The insurance will be sold during registration next fall and may be purchased at the individual student's option, said Lamont. He also indicated that Senate will receive 50 cents from Mutual of Omaha for each student policy purchased.

The senate discussed the possibility of having a student member appointed to the Campus Housing Committee with two members of the committee, E. M. Anderson and Gary Reinke. While no definite decision was reached both Anderson and Reinke indicated they would have no objection to a student member on the committee.

Reporting on the honor system, senator George Duemeland said the Home Economics petition has been referred to the Tryota Club for further study. He indicated that the AAS petition has been given to AAS Dean Seth Russell for action.

Reporting on the honor system, senator George Duemeland said the Home Economics petition has been referred to the Tryota Club for further study. He indicated that the AAS petition has been given to AAS Dean Seth Russell for action.

NOTICES

PHARMACY RECEPTION

The annual College of Pharmacy Reception for Pharmacy seniors and their wives will be held in Sudro Hall, room 120, on May 5 at 8 p.m. All Pharmacy graduating seniors and their wives are invited to attend.

Dean and Mrs. Clifton E. Miller and staff will assist with the reception and will award the "Ph T" degrees to the wives. "Ph T" means Putting Hubby Through.

ISA

The ISA picnic will be held May 5 at 5:30 p.m. at Lindenwood Park. Recreation will include volleyball and soft ball. Everyone welcome. 50c per person.

LSA

The Lutheran Student Association is sponsoring a car wash May 6 from 9 a.m. to 5 p.m. at the North Port Super Valu. Cost is \$1.25 per car.

YOUNG DEMOCRATS

The Campus Young Democrats will meet May 10 at 7:30 p.m. in Minard Hall room 219. All young Democrats are urged to attend.

NEWMAN CLUB

The Newman Club will sponsor a picnic, Sunday May 15 at Lindenwood Park. All those who wish to attend are asked to be at the Newman Center by 5 p.m. Rides will be provided. Everyone is welcome.

Y MARRIED COUPLES CLUB

The "Y" Married Couples Club

is sponsoring a family potluck picnic Saturday, May 6 at 5:30 p.m. in Lindenwood Park, weather permitting. Volleyball, baseball and other games will be played. Bring the children. Free babysitting will be furnished.

PHI KAPPA PHI

Initiation of new members into Phi Kappa Phi will be held Tuesday, May 6 at 6 p.m. in the Memorial Union Ballroom. Banquet will be at 6:30 p.m. Speaker for the banquet is Dr. Joseph Knutson, president of Concordia College.

GAMMA DELTA

Gamma Deltans will meet Sunday at 1:30 p.m. at Immanuel Church for rides to Pat Schutt's home for a picnic.

THEOLOGICAL SEMINAR

A Theological Seminar will be held at NDSU Meinecke Lounge, Student Union on Thursday, May 4, at 8 p.m. The topic, "Neo-Thomism", will be given by Father William Durkin of St. Paul's Chapel NDSU. Everyone is welcome. Sponsored by the Council of Religious Staff and the Fargo School of Religion.

TKE OPEN HOUSE

Tau Kappa Epsilon fraternity is having an open house on Saturday, May 6 from 2 to 4 p.m., in honor of their house mother, Mrs. Edna Black, who is retiring after eight years of service to the Teikes. Everyone is invited to attend this open house.

THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSU Board of Publications, State University Station, Fargo, N. D.

Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

KEY IDEAS

"A BLUE KEY MEMBER SPEAKS"

by Loren Hill

1960 Chairman of Advising Program

Two weeks ago the enthusiasm of Sharivar had inspired the whole campus. We were busily impressing the high school seniors with our University. A letter to the editor stated that "student participation was overwhelming."

The success of Sharivar will undoubtedly bring an even larger number of that amazingly bewildered individual, the college freshman, to our campus next September.

Orientation week, the faculty counseling program, campus church organizations, and the Greek rushing program all help freshmen adjust to campus life. Has anyone noticed an omission other than the friendly welcome of the football team?

Perhaps not, for the student advising program has been anything but dynamic for the last several years.

The student advisory program each fall assigns a student advisor to a group of about six new students. Advisors and advisees generally have the same major, or at least are from the same school.

The advisor should be able to help the freshman plan his scholastic program, select worthwhile campus activities and make him aware of the social functions on campus.

If the advisor convinces the freshman that suitcases don't spoil when left in the closet for a weekend, he will be serving our student body well.

In the past, the amount of counseling done by the students selected as counselors has been quite inadequate. However, if the enthusiasm of the student body evidenced in Sharivar could also be applied to the student advisor program, this program could be a great benefit to our campus.

It appears rather inconsistent to spend a great amount of energy in attracting freshmen if we are not willing to work equally hard to keep the students in school.

A sincere effort on the part of a student advisor could help a new student greatly in his adjustment to college life.

Model Man

THE MAN AND HIS PUBLIC! Newly-crowned NDSU Model Man Al Hart thanks his fans after his selection at last Friday's Interfraternity Ball.

On Campus with Max Shulman
 (Author of "I Was a Teen-age Dwarf," "The Many Loves of Dobie Gillis," etc.)

OLD GRADS NEVER DIE

In just a matter of weeks many of you will be graduating—especially seniors.

You are of course eager to go out in the great world where opportunities are limitless and deans nonexistent. At the same time your hearts are heavy at the thought of losing touch with so many classmates you have come to know and love.

It is my pleasant task today to assure you that graduation need not mean losing touch with classmates; all you have to do is join the Alumni Association and every year you will receive a bright, newsy, chatty bulletin, chock full of information about all your old buddies.

It was her second in four months.....

Oh, what a red-letter day it is at my house, the day the Alumni Bulletin arrives! I cancel all my engagements, take the phone off the hook, dismiss my chiropractor, put the ocelot outside, and settle down for an evening of pure pleasure with the Bulletin and (need I add?) a good supply of Marlboro Cigarettes.

Whenever I am having fun, a Marlboro makes the fun even more fun. That filter, that flavor, that pack or box never fails to heighten my pleasure whether I am watching the television or playing buck euchre or knitting an afghan or reading Mad or enjoying any other fun-filled pursuit you might name—except, of course, spearfishing. But then, how much spearfishing does one do in Clovis, New Mexico, where I live?

But I digress. Let us return to my Alumni Bulletin and let me quote for you the interesting tidings about all my old friends and classmates:

Well, fellow alums, it certainly has been a wing-dinger of a year for all us old grads! Remember Mildred Cheddar and Harry Camembert, those crazy kids who always held hands in Econ II? Well, they're married now and living in Clovis, New Mexico, where Harry rents spearfishing equipment and Mildred has just given birth to a lovely 28-pound daughter, her second in four months. Nice going, Mildred and Harry!

Remember Jethro Brie, the man we voted most likely to succeed? Well, old Jethro is still gathering laurels! Last week he was voted "Motorman of the Year" by his fellow workers in the Duluth streetcar system. "I owe it all to my brakeman," said Jethro in a characteristically modest acceptance speech. Same old Jethro!

Probably the most glamorous time of all us alums was had by Francis Macomber last year. He went on a big game hunting safari all the way to Africa! We received many interesting post cards from Francis until he was, alas, accidentally shot and killed by his wife and white hunter. Tough luck, Francis!

Wilma "Deadeye" Macomber, widow of the late beloved Francis Macomber, was married yesterday to Fred "Sureshot" Quimby, white hunter, in a simple double-ring ceremony in Nairobi. Good luck, Wilma and Fred!

Well, alums, that just about wraps it up for this year. Keep 'em flying!

© 1961 Max Shulman

Centennial Planning Committee Named

A state planning committee for the observance of the Land-Grant Centennial in North Dakota has been named, according to an announcement made at NDSU this week.

The North Dakota committee will work in conjunction with national efforts to recognize the passage, in 1862, of the Morrill-Land-Grant Act, which made possible the establishment of NDSU and 67 other American colleges and universities through federal grants of land.

The purpose of the centennial is to define the land-grant concept in terms of the functions of NDSU and to interpret the impact of these functions on the daily lives of North Dakota citizens. NDSU's participation will be focused mainly on coordinating existing campus events to include suitable recognition of the Centennial.

Student and faculty groups are encouraged to include a Centennial theme in their activities next year.

Nationally, events will get under way in November, at a convention of the American Association of Land-Grant Colleges and State Universities. National and statewide centennial activities will continue throughout the school year.

Members of the North Dakota State committee include: Donald F. Schwartz, acting director of communications at NDSU, chairman; A. W. Anderson, College of Engineering; Joel W. Broberg, College of Chemical Technology; John A. Callenbach, Experiment Station; Howard E. Fraser, Alumni Association; Tom W. Gildersleeve, Extension Service; Mrs. Anna H. Green, Home Economics Association; Mrs. Naurine R. Higgins, home demonstration leader; Paul R. Kasson, county agent leader;

Warren D. Kress, College of Applied Arts and Science; Clif-

ton E. Miller, College of Pharmacy; Shubel D. Owen, College of Agriculture; Robert L. Owens, NDSU Development Council; W. A. Plath, Alumni Achievement Foundation; Loriss Sheldon, College of Home Economics;

E. W. Smith, Farmers Union; Gilbert J. Stafne, Farm Bureau; Matilda B. Thompson, NDSU dean of women; Edythe L. Toring, NDSU business manager and John S. Whittlesey, Fargo Chamber of Commerce.

Collette Buhr, AAS jr, and Wayne Hamann, student body president, will represent the students of NDSU campus on this committee.

Chem Initiates

Seven NDSU students have been awarded membership to the American Chemical Society by the NDSU Chemistry Club. They are Elnore Bentson, Phyllis Lunseter, Cathy Keifer, Dallas Zimmerman, Donald Backley, Gerold Wold and Clarence Knudson.

These memberships are awarded annually to outstanding chemistry seniors and graduates. They receive publications of the society as part of their membership.

The American Chemical Society is a professional organization for chemists.

AAUP to Hold Spring Banquet

Dr. Maurice Visscher, professor and head of the department of physiology at the Medical School at the University of Minnesota, will be the main speaker at the annual spring banquet of the American Association of University Professors.

The banquet will be held on Friday, May 12, at 6:0 p.m. in the Student Union Ballroom.

"Academic Freedom and the Community — The Stake of the Man in the Street in Academic Freedom," will be his topic.

Dr. F. H. Rathmann, professor of organic chemistry, is president of the local chapter. Dr. H. J. Klosterman, professor and chairman of agricultural biochemistry, is president-elect.

OUTSTANDING PLEDGES OF NDSU SORORITIES and fraternities are: (standing) John Rachow, ATO; Richard Wenstrom, Theta Chi; Tom Herbster, Sigma Chi; Phil Wattles, Kappa Psi; Harold Korb, TKE; (seated) Marlette Anderson, KD; Marlaya Mertens, KKG; Mary Hinz, KAT; Janice Dunlap, AGD; Bonnie Nelson, Phi Mu; (kneeling) Jim Trangsrud, SAE; Ben Pesek, SPD; Gary Puppe, AGR; and Ernest Martin, FH. Not pictured is Murtha Bateman, GPB.

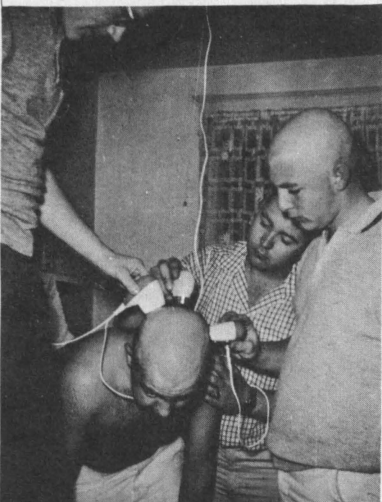

The Latest . . .

by Donna Helbling and Nancy Flatt

Put three electric razors into use on head and the result will come out something like the scene in the picture below.

Kappa Psi's Dave Doerr and Roger Roth were the first victims of the razor. As unbelievable as it may seem, others have been following in their footsteps. Personally, we feel it's more effective on Yul Brynner.

Can you imagine going to a term party with a shaved head? These two fellows will be doing it Saturday night. . . Kappa Psi term party at the Fraser Armory. Other term parties this weekend include the Theta Chi Friday night at the Biltmore and the TKE Saturday night at the F.M.

★ ★ ★
We recommend old clothes for this afternoon's activities at the Sigma Chi house. . . like it's Derby Days with many contests for NDSU women pole climbers, pie eaters, balloon throwers. . .

Let's try a progressive order of permanence for couple-type news. Pinned. . . Sigma Chi Stan Skarphol to Eloise Wold, Roseau, Minn. and FT John Topp to Elva Manning, NDSU jr. Engaged. . . SAE Al Henderson to GPB Joyce Larson, SAE J. P. Erickson to KAT Irene Swanson and FT Henry Singer to Mable Boeshans, St. Paul, Minn. Married. . . Carol Fryhling, AGD to John Dawson, Mandan.

★ ★ ★

Have you ever heard about the limbo? It's that crazy jig under the pole and will be one of the features of Greek Week. From Monday to Saturday Greeks will be spotlighted, and Thursday night at Spring Sing the spotlight will be on limbo dancers from Canada. Like you really have to be low to this thing kids. . .

Maybe the limbo would be a good thing to try on your next picnic. . . keg incentive, perhaps? Speaking of picnics, those held this week were AGD and Co-op Tuesday, KAT and TKE Wednesday and KD and AGR Thursday.

And now for a May Day lesson. . . Did you fellows know that when a girl leaves a May basket on your doorstep your duty is to chase her to West Fargo if necessary, but to come across with that May Day kiss? We wouldn't mention it, but it's about all the disappointed girls on campus last Monday. How would you feel if you'd stayed up all night making 30 May baskets with no pleasant results?

★ ★ ★

What, more pledges? And Farm House answers positively with Jim Cart, Herb Roberts, Chuck Erickson, Russel Ekre, Ron Leno, Charles Smith, Duane Braaten and Duane Reimer.

Sandra Johnsgard is a new pledge at the AGD house.

Anyway you look at it, there isn't much of this school year left. Including weekends and finals—22 days, actual class days—12 and for graduating seniors only 10 school days.

Oh yes, just a reminder. . . remember mother. We mean yours as May 14 is her big day.

In the spring girls dreamily gaze out their windows at the stage nature has set for romance. . . but where is the masculine half of this game? Yes. . . isn't he?

Something about this baseball. . .

Coeds Attend Annual Service In Recognition of Scholarship

More than 230 NDSU coeds attended the annual Scholarship Recognition Service Monday, May 1, in the Student Union Ballroom, sponsored by the Panhellenic Association.

Kappa Alpha Theta won top honors by receiving the scholarship plaque. The plaque is awarded to the sorority having the highest average for the past three quarters.

Scholarship bracelets were given to girls having the highest average in their respective sororities. They are: Sharon Affield, Alpha Gamma Delta; Deanna Henderson, Gamma Phi Beta; Phyllis Gill, Kappa Alpha Theta; Vergene Anderson, Kappa Delta; Darlene Dietrich, Kappa Kappa Gamma;

and Patricia Berquist, Phi Mu. Joy Smith received the bracelet for the independent having the highest scholarship.

Presiding officer for the program was June Huether, Panhellenic president.

Mary Olson, president of Gamma Phi Beta, introduced the speakers: Mrs. John Finnie, national fraternity officer; Mrs. Charles Heilman, president of the Fargo Public School board of education; and Mrs. Russell Freeman, member of board of directors for Opportunity School. They spoke on "The Role of the Panhellenic Woman in Her Community".

Matilda B. Thompson, dean of women, is advisor for NDSU Panhellenic.

TODAY IS THE DAY!!

All empty packages for the Philip Morris "Brand Roundup" contest are to be turned in today, May 5th, to Mr. Casper at the Student Union Book Store.

Reynold Koloen, Philip Morris representative, will count the packages and award the prizes on Monday, May 8th. Winners will be published in the May 12th edition of THE SPECTRUM.

SUAB Sponsors "Make Believe" Bridal Show

Forty seven NDSU students took part in the third annual Bridal Show Thursday, May 4, sponsored by the Student Union Activities Board.

Models wore costumes for four weddings including formal, informal and a garden wedding. The theme for the show was "Make Believe".

Although models walked down a ramp on the ballroom stage instead of the traditional aisle, the pomp and ceremony of real weddings was there, according to Barbara Kingsley, show co-chairman.

Flowers, bridal music and a decorative fountain provided wedding "atmosphere".

Students also modeled wedding clothes and trousseau items furnished by four Fargo stores. In addition to the fashion show, luggage, china, silver, crystal, a wedding cake and invitations were on display. A photographer was also present.

"Brides" were Jenette Schule, Carol Schoonover, Jane Costain and Linda Lewton. "Grooms" were Tom Olness, Bob Kellogg, Kirby Erickson and Larry Heine.

Mrs. Florence Piers, head resident at Dinan Hall, was the "bride's mother" for one of the "weddings".

Assisting in plans for the show was Micheal O'Toole, co-chairman. The public was invited to attend the free showings. Coffee and cake was served at both shows.

Graduation announcements and commencement tickets for families of graduates are now available in the Admissions Office.

Sweetheart Candidates

CANDIDATES FOR KAPPA PSI SWEETHEART are: Marlette Anderson, KD; Marlys Skarsvaag, KKG; Kari Wigton, GPB; Sue Dickinson, KKG; and Donna Helbling, GPB.

Phi U Initiates Members

Phi Upsilon Omicron, a national professional home economics sorority, initiated ten new members Friday, Apr. 28, at NDSU. Vergin, financial advisor is Miss Lorissa Sheldon, and professional advisor is Miss Mildred Hawkins.

The new initiates are: Judith Amoth, Bea Rystad, June Huether, Bonita Lillegard, Dorothy Vorwerk, Shirley Wayne, Linda F. Johnson, Charlotte McCarty, Jean Ahlgren, and Helen Raney.

Phi Upsilon Omicron sorority membership includes girls in home economics who have shown exceptional interest, high scholarship, character and leadership.

Chapter advisor is Miss Eleanor

"Operation Abolition" Movie Shown and Discussed at LSA

by Allen Bjergo

"Should we tamper with truth to fight communism?"

Pastor John Schultz, Lutheran Student Association director, asked this question after the showing of "Operation Abolition" at LSA, Friday evening Apr. 21.

Schultz, Leo Johnson, campus YMCA executive director, and several NDSU students quoted from various authorities who questioned the controversial film.

Ken McIntyre of rural Harwood defended the spirit of the film. He admitted that there it had weaknesses open to criticism but said "communism follows a pattern, it shows up again and again, it appears the communists duped these students into rioting."

Mrs. McIntyre joined the discussion by quoting from J. Edgar Hoover's report on the San Francisco riots last May. The FBI report and newsreel film shot by two cameramen are the basis for the movie.

The House Committee on Un-American Activities had been in California a year earlier. Although 110 teachers had been called to testify, the hearings

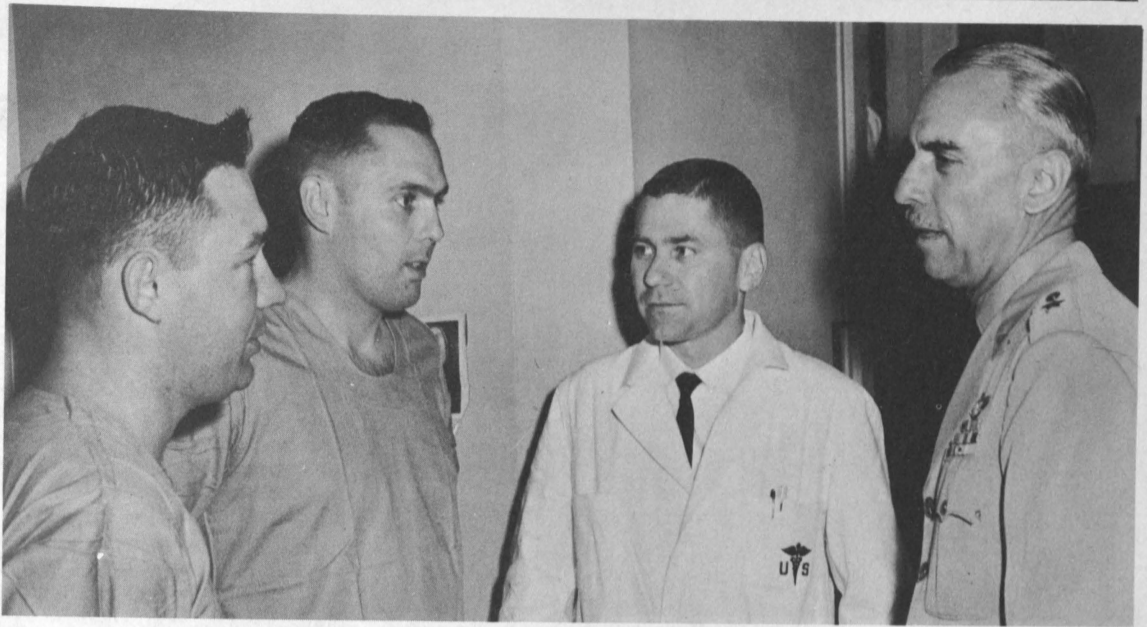

were never held. Schultz and Johnson maintained that the student rioted because there was strong feeling against the committee for never giving the teachers a chance to defend themselves.

McIntyre and his wife displayed FBI and HCUA reports that would fix the blame on communists who incited the students before the committee returned to California. Gerald Haugen, AAS graduate, thought the film had value, "we are almost brainwashed in our own apathy, therefore we should get this information as it is, or get none at all."

Schultz countered with the opinion that this film could be accused of using the "big lie" technique of the communists themselves. He deplored an defamation of people because they did not agree with the method of the HCUA. His final criticism of the movie was that it "acts like a documentary, when it is really a parable."

The film was criticized for its lack of a credit line. Johnson stated that the 28-minute TV version shown at LSA had a number of things edited out; he felt this could be objectionable when compared to the original 45-minute film.

Although less than 20 people viewed the movie at LSA, the discussion lasted nearly 1 1/2 hours ranging mainly over the weak and strong points of the film.

SHOWN RECEIVING LAST MINUTE instructions from Brig. Gen. Theodore C. Bedwell Jr., (R), Commander of the USAF Aerospace Medical Center at Brooks, and (2nd from R), Dr. Billy E. Welch, Chief, Space Ecology Branch, before a 30 day stay in the two-man space cabin simulator are (L) Capt. Ramon A. Horinek, 28, Atwood, Kansas, and (2nd from L) 1st Lt. Eugene R. Carlson, 27, Fargo, N. Dak.

Makes Mark in Space Age

NDSU Graduate Completes Experiment

Another NDSU graduate has made his mark in the space age. First Lieutenant Eugene R. Carlson, 27, now of the USAF and former Fargoan and NDSU student, recently completed a 30 day experiment in the Air Force School of Aviation Medicine's two man Space Cabin Simulator at Brooks AFB, Texas.

The experiment was one of a series being conducted at the school to gather data on the ef-

fects on man of potential space cabin atmospheres, according to Col. Robert H. Blount, Commandant of the School of Aviation Medicine. Lt. Carlson and Capt. Ramon A. Horinek, 28, Atwood, Kansas, who accompanied him in the capsule are both Air Force pilots and volunteered for the project, according to Dr. Billy E. Welch, Chief, Space Ecology Branch, Department of Space Medicine.

During the experiment, the pilots were maintained at a simulated cabin atmosphere of 18,000 feet. That is, the pressure of the air inside the cabin was equal to that found at a real altitude of 18,000 feet, while the oxygen concentration was equivalent to sea level. They were sustained by a supply of pre-cooked, dehydrated food of wide variety, and used their own recycled, purified body water for drinking, cooking and washing.

Lt. Carlson and Capt. Horinek were notified of the recent Russian Space achievement when they were released from the 8 by 12 foot steel capsule. The achievement came as considerable surprise to Lt. Carlson who said, "I hope one of these days we'll be there and our hats are off to the Russians".

Before being assigned to Lackland AFB, Texas where he is a Tactical Officer at the U.S. Air Force Officers Candidate School, Lt. Carlson served two years with the 525th Fighter Interceptor Squadron, 86th Fighter Interceptor Wing, in Germany, the first unit in Europe to receive the F-102 Delta Dagger jet fighter.

While in the 86th, he spent two weeks in the Black Forest as a volunteer undergoing an experimental survival course. He also flew the F-102 in demonstration flights at the International Air Show, Paris, France, in 1959.

350 Students Borrow Money

Nearly \$183,000 is currently on loan to 350 NDSU students who have qualified for loans under the National Defense Loan.

The average loan is \$500 and the maximum allowable is \$1,000.

S. A. Barrow, of the NDSU business office, decides which students will qualify for the loans on the basis of need.

His recommendations then are referred to the scholarship committee which makes the final decision.

To qualify an individual must be a full-time student, have a 2.3 average, and be able to show need.

The university supplies 11% of the funds with the remainder being furnished by the federal government.

The North Dakota legislature recently appropriated a record \$75,000 for loan purposes to match federal funds.

Schwartz Awarded \$3220 Grant

Dr. Donald Schwartz, associate professor of chemistry at North Dakota State University of Agriculture and Applied Science, has been awarded a \$3220 grant from the Bariod Division, National Lead Co., for study of acids obtained from lignite. Announcement of the grant was made by Arlon Hazen, acting vice president of NDSU.

The grant will provide a fellowship for a graduate student to assist Dr. Schwartz. They will evaluate the acids to see how they act as soil additives and sources

for chemicals.

The research will be of a pioneering sort, Dr. Schwartz said.

"Most of the work up to now with lignite has been to study it as a source of fuel. Very little work of the kind we'll be doing has been done before."

The Bariod Division has holdings near Bowman and is a user of North Dakota lignite.

Dr. Schwartz joined the NDSU staff in 1959. He earned his Ph.D. at Pennsylvania State University in 1955.

It's 750 on Your Dial

KDSC Owned and Operated by Students

by Heather McCrea

What is 750? That's the spot on your radio dial where you get good music, sports, news, and weather from your very own campus.

KDSC are the call letters for the campus station. It is owned and operated entirely by NDSU students. KDSC carries news from United Press International, special campus sports events, and all types of music spot lighting campus favorites in jazz.

The campus radio station is popular in the Fargo-Moorhead area. KMSC hails from Moorhead State College and KOBB from Concordia College.

These three stations have formed the Tri-College Network, TCN, which is the only such network in the world.

Through this setup the three stations trade programs or news broadcasts. KDSC is the hub and founder of this network.

KDSC presents "Jazz on Campus" every Friday from seven to ten o'clock over TCN. The "C Bradley Hamilton Show" is a special feature of TCN each Friday from five to six o'clock. This is a program of college humor and music originating from KMSC.

Each week-day evening KDSC broadcasts for one-half hour and then KMSC broadcasts for one half hour over TCN.

Spring quarter new staff heads are appointed. For the next year it will be Gordon Jacobson, AAS jr, station manager; Val Tareski, EE soph, Commissioner of Radio; Ron Larson, EE soph, program director; Heather McCrea, H Ec jr, news director; and Orville Nyhus, EE soph, technical director.

Next fall KDSC will again audition for new members. Any one interested in trying out this spring is invited to come up to the station and audition with the station manager or program director, according to Jacobson.

L&M

#4 in a series of polls conducted by L&M student representatives in over 100 colleges throughout the nation.

UNLOCKS CAMPUS OPINION

Light up an L&M, and answer these questions.

Then compare your answers with those of 1,383 other college students (at bottom of page).

Question #1: In your opinion, who is the greatest living American?

Answer: _____

Question #2: Should the college curriculum, taking note of the growing importance of science, require more science courses for non-science majors than at present?

Answer: Yes _____ No _____

Question #3: When you kiss your date, do you close your eyes?

Answer: Close my eyes _____ Don't close my eyes _____
Can't remember _____

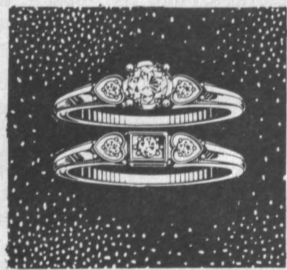

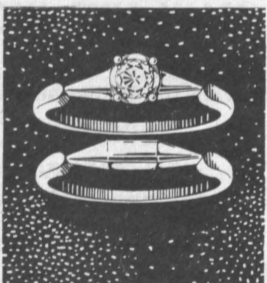

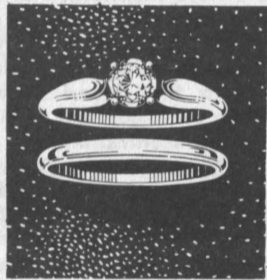

Question #4: In your opinion, which of the following types of filters gives the best connotation of purity? (CHECK ONE)

Answer: A filter which is white inside and is wrapped in colored paper _____
A filter which is dyed a color and is wrapped in white paper _____
A filter which is white inside and out _____

L&M Campus Opinion Answers:

Answer, Question #1: Six highest scoring individuals: 1. Kennedy - 2. Eisenhower 3. Stevenson - 4. Schweitzer - 5. Frost 6. Sandburg
(This question was asked February 1961. Note: Dr. Schweitzer is not an American.)

Answer, Question #2: Yes 30% - No 70%

Answer, Question #3: Close my eyes 76%
Don't close my eyes 11%
Can't remember 13%

Answer, Question #4: A filter which is white inside and is wrapped in colored paper 21%

A filter which is dyed a color and is wrapped in white paper 5%
A filter which is white inside and out 74%

L&M was first to offer you a pure white modern filter - the famous Miracle Tip - pure white inside, pure white outside. And L&M's modern filter enables you to fully enjoy the rich flavor of golden ripe tobaccos. So reach for flavor... reach for L&M.

The L&M Campus Opinion Poll was taken at over 100 colleges where L&M has student representatives, and may not be a statistically random selection of all undergraduate schools.

Persons from Area and State Attend Institute; IBM Computer Scheduled to Arrive in Fall

More than 150 persons from Fargo-Moorhead and other North Dakota cities attended the first annual Institute on Data Processing and Digital Computer Techniques at NDSU Apr. 27.

They heard representatives from I.B.M. describe how the 1620 computer, scheduled to arrive at NDSU in September, can be used for educational purposes and by business and engineering firms.

The computer will be rented from IBM under a special program for colleges and universities. It will be used for research and other purposes on the campus and will be available to off-campus firms.

The newly developed 1620 is similar to the earlier I.B.M. 650 model, except that it uses transistors instead of vacuum tubes.

Dean Frank Mirgain of the NDSU College of Engineering

gave a welcoming address.

The I.B.M. University Program, which rents the machines to educational institutions at 40 per cent of the regular cost to business firms, was discussed by John R. Morris, I.B.M. Chicago representative.

How the computers work in education and industry was explained by Jules Vieaux and Paul Smith, Minneapolis representatives.

THE NEW AGRICULTURAL science building which is now under construction.

Find Silo

Building is Half Completed

General construction work on the new agricultural science building for North Dakota State University of Agriculture and Applied Science is more than half completed, according to Ben Krieg, of J. E. Kreig and Sons, contractor.

The three floor concrete frame building is being constructed north of the Sheppard Livestock Arena and west of the NDSU pharmacy building. The new building will house labs and offices for the College of Agriculture and Experiment station.

Laboratories will include agronomy and soils labs for undergraduates and special labs for graduate students and research faculty.

The ground floor will house the soils offices now in Morrill Hall. The graduate school office and the agronomy offices, both now in Morrill, will take up the main floor of the new building. The top floor will house plant pathology offices, now in Minard Hall, and the horticulture office, now renting offices from the state seed department on the campus.

Construction started last fall. All the concrete for the building has been poured, and the brick walls are going up. A week or ten days of good

weather will see the completion of the brick-laying, Krieg said. It will all be done by the Sept. 23, 1961 deadline.

General construction might have finished ahead of the deadline except for two delays. One involved the discovery of an old silo, which got in the way when workers began digging the foundation. Its wall had to be removed and its foundation filled in with concrete, forcing a loss of about two weeks work on the new building.

Storms early last winter also caused a setback, when the project was snowbound for about a week.

Other jobs besides the general construction work will include mechanical and electrical construction and installation of a freight elevator.

Modern Electric Co., Fargo, has charge of electrical work, and the Foss Plumbing and Heating Co., Fargo, is doing mechanical construction. The building's freight elevator will be installed by Otis Co., Minneapolis.

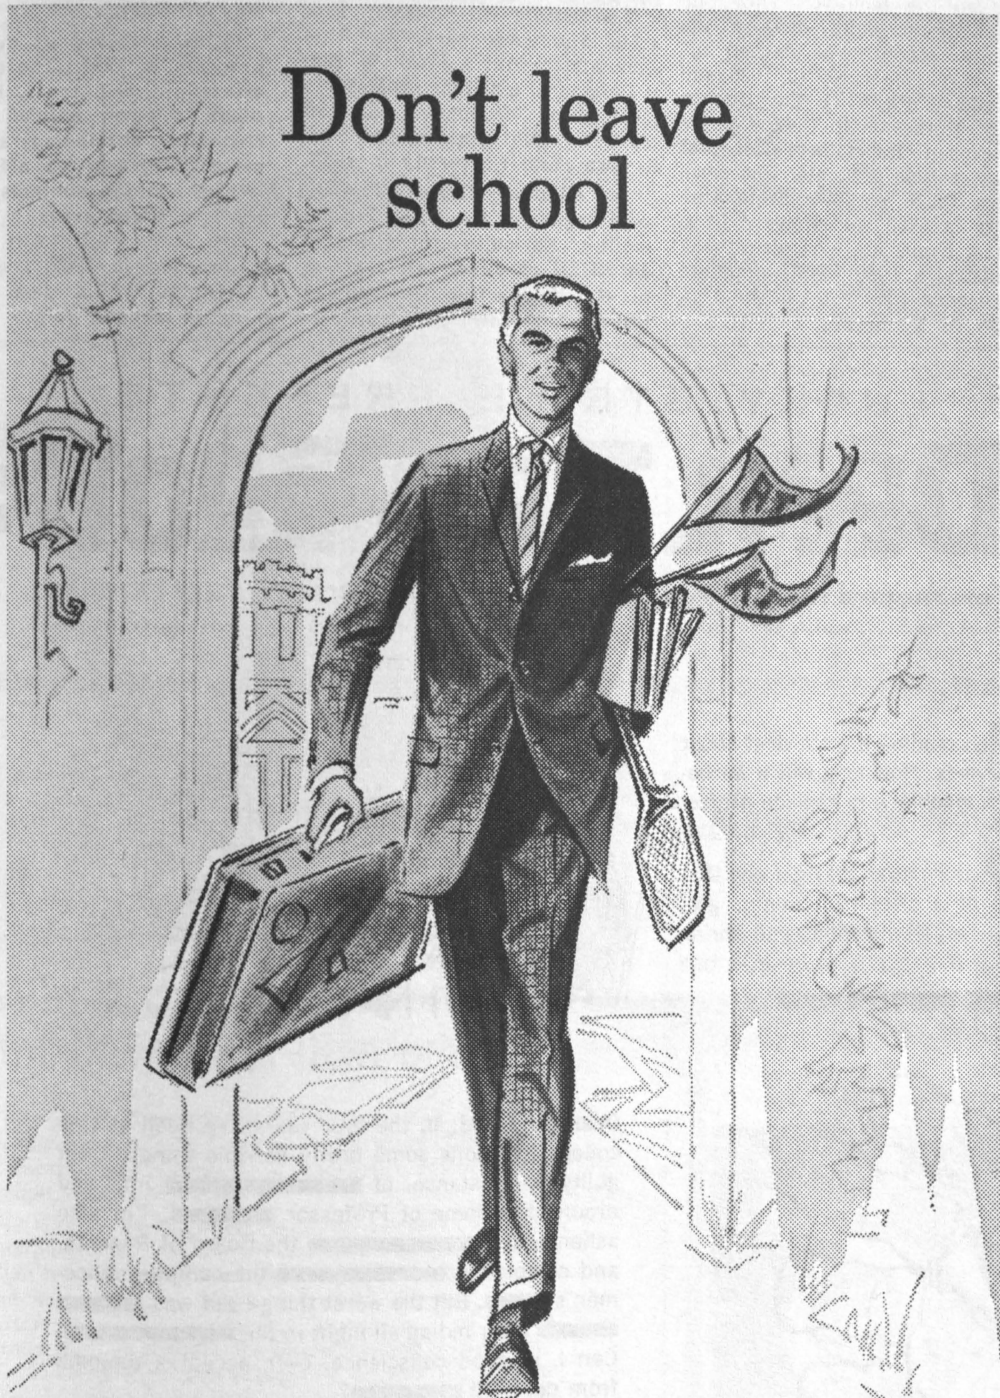

McLain Chosen to Receive Merit Award

John B. McLain, IE sr, was recently chosen to receive the Society of American Military Engineers ROTC Award of Merit.

The award is presented annually to 20 students in their last or next to last year of an engineering course in universities throughout the United States.

McLain, who is rated seventh of 255 students in his engineering class and first in his Air Science class, was recommended for the award by Dean Mirgain of the College of Engineering and Col. Joseph E. Habeger, professor of Air Science.

The award was last won by a NDSU student in 1958 when Stanley S. Schroeder won it as a junior.

Don't leave school

without MR. COOL®

world's lightest suit

One final "exam" before summer starts: examine MR. COOL by Clipper Craft. A suit so lightweight, your mind won't believe the comfort your body feels! Frothy 6 oz. Dacron* polyester and worsted—wiltless,

wrinkle-resistant, wonderfully tailored. See MR. COOL in authentic Ivy and other models. You'll head home looking great, and the folks'll like your sense of economy, too. Suits, \$49.95; Sport Coats, \$35; Slacks, \$15.50 (slightly higher in the West).

Physiology Professor Receives Grant from Heart Association

Dr. Jay W. Constantine, assistant professor of physiology at NDSU has received a \$1285 research grant from the North Dakota Heart Association.

Dr. Constantine will use the grant to study protein serum distribution in frogs. The research is preliminary to a larger project by the NDSU physiologist, to study the effects of feeding cholesterol to frogs. Cholesterol deposits in human coronary arteries are a major contribution factor to heart

disease. Introduction of the substance produces changes in certain of the serum proteins of mammals, the NDSU professor said. After preliminary study under the grant, Dr. Constantine will do further research to discover whether cholesterol has the same effect on serum protein in frogs as it does on mammals.

Dr. Constantine earned his Ph.D. in physiology at Ohio State University in 1959, and his bachelor of science degree at McGill University. He has been a member of the NDSU faculty since 1959.

A native New Yorker, Dr. Constantine is married and has one daughter.

ELECTIONS

CHEMISTRY CLUB

William Cross, Chem jr, has been elected president of the Chemistry Club.

Other officers include: Ray Hendricks on, vice president; Arlene Weiss, secretary; Sherrill Koch, treasurer; Dr. Meintzer, advisor.

PI TAU SIGMA

Jim McCrank, ME jr, is the new president of Pi Tau Sigma, honorary mechanical engineering fraternity.

Other officers are: Marvin Nilson, vice president; Barry Johnson, corresponding secretary; Robert Filkowski, recording secretary; Kenneth Anderson, treasurer.

New members include: Marvin Nilson, James Wilfall, Charles Dahlgren, Kenneth Anderson and Robert Filkowski.

KE

Kathryn Maxwell, Phar jr, has been elected president of Kappa Epsilon, professional pharmacy fraternity.

Other officers elected were Marian Berg, vice president; Mary Lou Hoffert, secretary; Marlene Caplan, treasurer; Ruth Ann Peterson, reporter; and Sandy Gaspar, historian.

Lana Dykstra, Barbara Flohr, Judith Fossum, Mildred Iverson, Patricia Sloan and Kathleen Thomas are new Kappa Epsilon pledges.

New associate members are Mrs. William Shelver, Mrs. James Vacik and Mrs. Lorene Woodley.

New initiates are Sandy Gaspar, Ruth Peterson, Marlene Caplan and Mary Lou Hoffert.

After Earning Ph.D. Degrees . . . 11 SU Grads Return to Alma Mater

To study in faraway places and then return to his beloved alma mater and teach is perhaps every scholar's dream. And for 11 graduates of NDSU, that dream has come true.

After earning Ph.D. degrees at colleges and universities throughout the United States during the period 1936-1959, 11 men have returned to teach on the NDSU faculty.

Seven of the Ph.D.'s who came back to their alma mater are presently on the faculty. They include: Glenn Smith, dean of the graduate school, who earned his B.S. degree at NDSU in 1929 and received a Ph.D. at the University of Minnesota in 1947; Charles R. Swanson, associate professor of botany, a 1948 graduate, who earned his Ph.D. at Iowa State University in 1953, and Howard Klosterman, chairman, agricultural biochemistry, a 1946 NDSU graduate who earned his Ph.D. at the University of Minnesota in 1955.

Also among the returning scholars presently on the faculty are Roger Meintzer, assistant professor of agricultural biochemistry, a 1950 NDSU graduate, who earned his Ph.D. at the University of Wisconsin in 1954; Warren Whitman, professor of botany, a 1935 NDSU graduate, who earned his Ph.D. at the University of Wisconsin in 1939, and Glenn Peterson, assistant agronomist, a 1952 NDSU graduate, who earned his Ph.D. at the University of Minnesota in 1957.

Also among the NDSU graduates who came back to their alma mater with a Ph.D. is Laurel Loftsgard, assistant professor of agricultural economics, a 1954 graduate, who received his Ph.D. at Iowa State University in 1958.

In addition Roland Timian, pathologist for the U. S. Department of Agriculture at NDSU, is an NDSU graduate, who earned his B.S. degree here in 1949 and his Ph.D. at Iowa State Univer-

sity in 1953. Four others from NDSU graduates who went on to earn Ph.D.'s during the 24-year period were formerly on the NDSU faculty. They include Peter J. Olson, Gordon Johnsgard, Loren Potter, and Clifford Volkerding.

The returning scholars are among 137 NDSU graduates who received Ph.D. degrees at American colleges and universities between 1936 and 1959, according to information received at NDSU from the National Academy of Science.

NDSU initiated its own Ph.D. program in 1959. The degree is offered in five areas, including plant science, animal science, chemistry, entomology and pharmacy. Degrees are offered for twelve major subjects within the five broad areas.

The first Ph.D. will probably be awarded in 1962, according to Dr. Glenn Smith, dean of the graduate school.

Jean Swanson was the recipient of the award for Outstanding Kappa Epsilon member of the year.

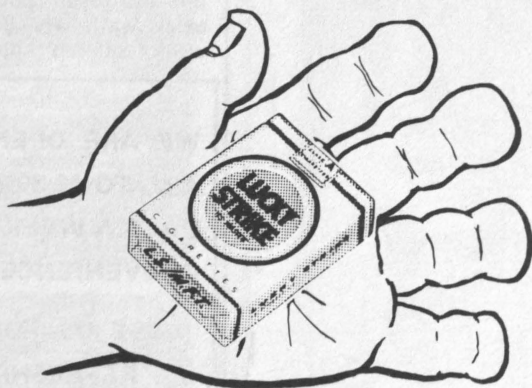

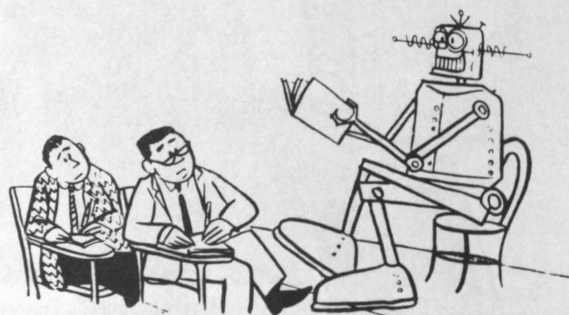

LUCKY STRIKE PRESENTS: DEAR DR. FROOD:

DR. FROOD'S THOUGHT FOR THE DAY: BEWARE OF SUBLIMINAL ADVERTISING!

Dear Dr. Frood: I've been reading a great deal about automated teaching devices. How long will it be before they come up with machines to replace professors?

Professor

DEAR PROFESSOR: Just as soon as they get one that can rap the knuckles of a sleeping student, give humiliating answers to foolish questions and spring surprise tests whenever it happens to be in a bad mood.

Dear Dr. Frood: My problem is fat, stubby fingers. As a result, I am exceedingly awkward with my hands. My manual dexterity is so poor, in fact, that I can't even get a Lucky pack open. What can I do?

Fingers

DEAR FINGERS: Simply strap ordinary sewing needles along both of your index fingers. Now cup the Lucky pack in your hands, grasp the little red tab in your teeth, and yank. Next, place the pack on a flat surface and secure it between two unabridged dictionaries. Then, with the right-hand needle, carefully, carefully carve a one-inch-square opening at the top right-hand corner. Finally, place the points of the needles firmly against the sides of a Lucky and lift. That's all there is to it. A word of warning though: Try to be careful when shaking hands.

THE HANDWRITING IS ON THE WALL, says Dr. Frood. Or, more exactly, on the blackboard. It's appearing on college blackboards everywhere: "College students smoke more Luckies than any other regular." Why is this statement showing up on college blackboards? Because I am paying agents to put it there. For you must remember that Luckies are the cigarette with taste—the emphatic toasted taste. Try a pack of Luckies today.

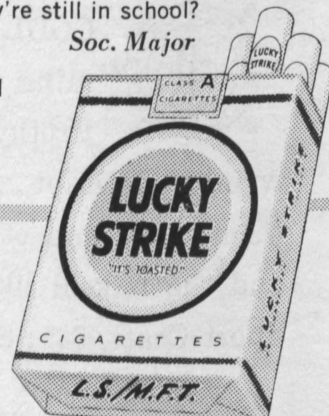

Dear Dr. Frood: In the four years I've been at this college I've done some pretty horrible things. I am guilty, for instance, of [redacted] into and around the home of Professor [redacted]. I'm also ashamed of [redacted] the Board of Regents, and completely [redacted] the campus policeman's [redacted]. But the worst thing I did was [redacted] after hiding all night in the [redacted]. Can I, in good conscience, even accept a diploma from dear old [redacted]?

DEAR [redacted]: You can if you send \$500 in unmarked bills to Dr. Frood, Box 2990, Grand Central Station, New York 17, N. Y. If you don't, I'll print your letter without the little black lines.

Dear Dr. Frood: Don't you think it's wrong for a boy and girl to marry while they're still in school?

Soc. Major

DEAR SOC.: Yes, they should at least wait until recess.

Everybody's Doing the Limbo . . .

GEORGE THOLE LOOKS on, a defeated champion, as Paul Koziey breaks his existing campus record of 27 inches with a 25 inch performance. Anybody care to challenge the new champ?

Spring Sing Features Songs, Limbo Dancers

"Songs from the Caribbean" is the theme of the 25th annual Spring Sing May 11 sponsored by Alpha Phi Omega.

The Gold Star Band will present a concert beginning at 7:15 p.m. at Festival Hall. This will be their only home concert this year.

Following the concert, Spring Sing will begin with fraternity and sorority song and skit competition.

All new trophies have been purchased for the best fraternity and sorority songs and the best skit.

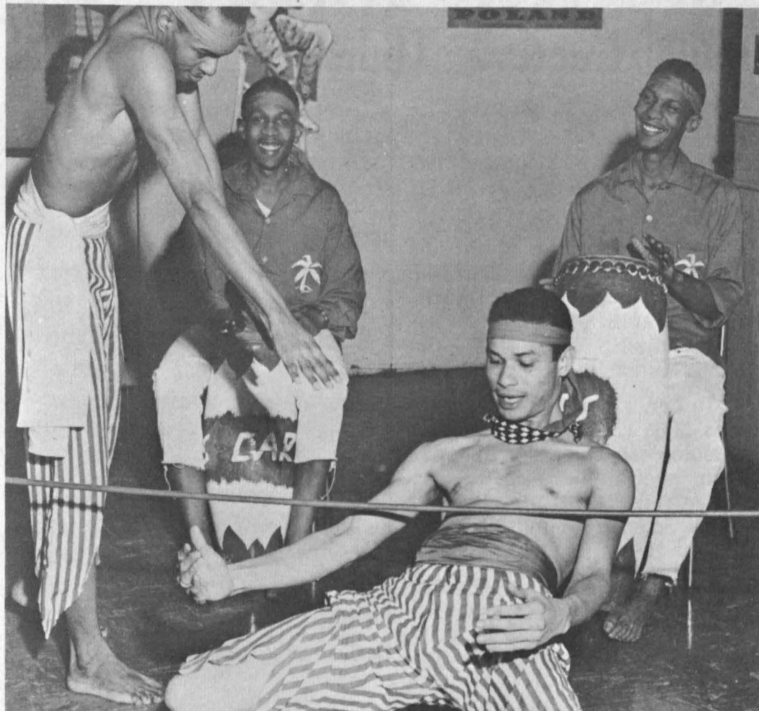

Exchange students from Trinidad who are studying at United College, Winnipeg, Manitoba, will perform the Limbo dance and provide calypso songs and band music after the Greek competition.

Spring Sing is open to the public. Admission will be charged.

Last year's winner in the women's division was Kappa Alpha Theta, winner for three years in a row, and men's division winner was Kappa Psi. Winner of the skit was Gamma Phi Beta.

Admission will be 50 cents. Holders of Greek Week buttons will be charged 25 cents.

. . . Even in Winnipeg

WITH THE BAR at 16 inches, Tom Sosa does the limbo, while Fred Donawa, who has had the bar as low as 14 inches, hopes that his record will not be broken. Supplying mood music are Eddie Alfred, left, and Conrad Harris, right. The Canadian group will appear during Spring Sing.

NDSU Graduate Receives Grant For Research On Intestines

Raymond C. Flaa, a graduate of NDSU, has been granted \$3,200 plus allowances for tuition and dependents for a year-long study

of the structure of cells in the intestinal tract. He is a freshman medical student at UND.

Flaa will conduct the basic research on the intestines under the direction of Dr. John J. Taylor. Flaa has received several grants for support of his study of the absorption of amino acids (the substances of which protein is composed) in the intestines of rats.

The new grant is from the National Institutes of Health, a branch of the U.S. Dept. of Health, Education and Welfare. The project will begin Sept. 1, 1961.

Flaa, who received a bachelor's degree from NDSU, was granted the master's degree in biochemistry in August, 1960, from UND.

The new study which Flaa will be undertaking dovetails with his previous research work. He has been studying the rate at which the proteins are absorbed into the body using radioactive isotopes. The new research will permit him to study the mechanisms in the rat which absorb the proteins.

Geology Professor To Give Public Lecture Thursday

Geology training in primary and secondary school programs will be the subject of a public lecture by Robert Heller at NDSU Thursday, May 11.

Dr. Heller, chairman of the department of geology at the University of Minnesota at Duluth, will speak at 8 p.m. in the second-floor dining room of the Memorial Union.

Dr. Heller will be on the NDSU campus May 11 and 12 as a Visiting Geological Scientist under a program sponsored by the American Geological Institute and the National Science Foundation. He will meet with faculty and students and address members of a geology class.

Anyone interested in the problems of teach geology at the pri-

mary and secondary levels is invited to his evening lecture. Dr. Heller is a specialist in the study of the layered arrangement of rocks and in paleontology, the study of fossils.

The 1962 staff of the Bison has begun organizing next year's annual. There are available positions in all divisions and copy and layout work. Anyone interested in applying should contact Janice Quam at AD 5-9888 or obtain an application form at the Publications Office.

Football Candidates at NDSU Pass Half-Way Mark In Drills

Football candidates at Northdro at left guard, and Dick Schind-Dakota State University haveler, Art Schmitz and William Goldammer at right guard. passed the half-way mark in spring drills, with 12 of the 20 scheduled practice sessions completed.

Bison squad members had four practice sessions scheduled this week, three next week, and the annual spring game with the alumni squad, May 13.

Sid Cichy, Shanley High School coach, is in charge of the alumni squad. He is being assisted by NDSU students Don Remillong and Don Backley, former Bison footballers.

The starting time of the alumni- varsity game has been moved up to 12:30 p.m., so fans can attend the Bison Intercollegiate Rodeo that afternoon.

Bison Head Coach Bob Danielsen has voiced some concern about the development of his reserve strength.

"We have a well-developed first team, so our primary concern during spring workouts has been the progress of our reserves, but up to now, we aren't satisfied with the results," Danielsen said.

"We still have a week of practice remaining," he added.

By position, Danielsen sums up the development of his 36-man squad this way.

Ends — Good overall strength at ends, but no outstanding performers. Leading candidates at this point are Harmon Krause, who was moved to end from half-back, at left end, and Tom Reynolds, at right end.

Other left end candidates are Charles Bartels and Tom Rossman. The other right end is Wally Musegades.

Tackle — Keith Merkt and Willis Kingsbury are the leading tackle candidates. Danielsen thinks these top two tackle candidates are very strong, but feels the reserves will need more work. Tackle candidates do carry about a 225 pound average, so the size is available.

Working out for left-tackle are George Thole and Ron Offutt. Other right tackle candidates are Rod Coyle, Harold Mitchell and Tom Pendergast.

Guard — Bob Yaggie was a starter last season and is a top-notch lineman at right guard this year. Bob Hurckes, a transfer student, has developed rapidly and is the top right guard candidate.

Others working out at guard are Dave Schindler and Bob Jen-

Bison Runners Win Track Meet

NDSU Bison placed first in 10 of 14 events to win the college division of the Jamestown Quarterback relays Saturday.

NDSU scored 54 points, UND placed second with 29½, Dickinson had 27½, Valley City TC 19½, Jamestown College 11, Mayville TC 8, Devils Lake JC 3, and Minot TC 1½.

NDSU had only seven men entered in the meet. Oddvar Helgeson set two records. There were only three records posted in the college division.

Bison placings are listed below: Helgeson placed first in the 880, the mile, and the two-mile. He set records in the 880 and the two-mile run.

Jim Clow placed first in the pole vault.

Jerry Erck was first in the 120 yard high hurdles.

Neal Jacobson placed second in the 880.

Brian Dieterle won the 100 yard dash.

Dennis Powell placed fourth in the mile.

Powell, Dieterle, Jacobson, and Mike Anderson were the members of the 440 yard relay team, the 880 yard relay team, the mile relay team and the sprint-medley team. The team placed first in each of these events.

Bowling Match On NDSU Lanes

A Match-Game Bowling Championship will be held at the NDSU bowling lanes next week, beginning May 9.

The tournament is open to all students and staff on the North Dakota State University Campus.

The entry fee is \$1.50 and includes the first round of bowling. Entry reservations are to be made with Leo Koine at the Student Union bowling lanes.

Last year's champion Chuck Hernet will be back to try and regain the title.

BISON BITS

by Sports Editor Sherry Bassin

If anyone is interested to find out how to coach a handicapped team then drop by when the NDSU track team is practicing and talk to Coach Tom Neuberger.

If his advice is as good as his present team's record, then you will get an excellent explanation.

Although the Bison track squad consists of only seven members, they have yet to finish lower than second in any meet they have competed in, as a team, this year.

A seven member track squad with such record is like the Yankees winning the "World Series" in four straight without Berra, Mantle, Maris and Skowron.

Last Saturday the Bison team won their first major track meet in Neuberger's tenure as head coach at NDSU.

To win this meet the team captured ten events and 22 gold medals.

To say a job well done is underestimating the situation.

When talking to the coach, Tom mentioned he couldn't understand why more athletes were not out for the squad.

He went on to say that they are in excellent condition and are devoted track stars.

The coach also has plans to take his squad to the NAIA meet later this month.

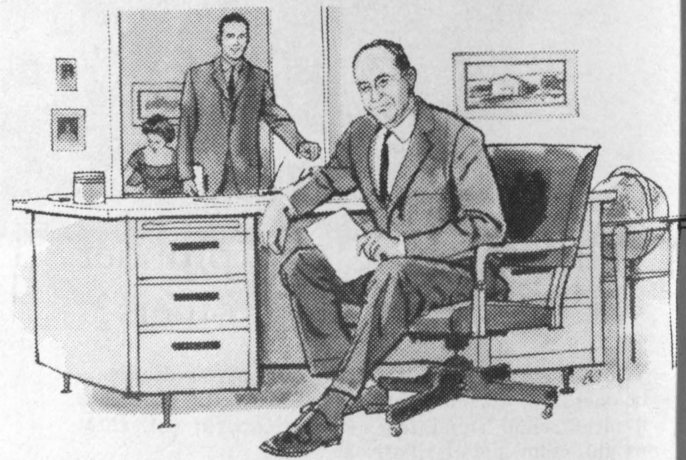

We don't expect them to win this meet, but what the team has accomplished this far is nothing short of spectacular.

HERE AND THERE . . . Coach Sid Cichy and assistant coach Don Remillong of the NDSU Alumni have called practice for Tuesday, Wednesday, Thursday and Friday at 6:30 in preparation for the annual Bison-Alumni game next Saturday at 12:30. . . .

. . . The NDSU Bison baseball team dropped three games in a row to the South Dakota State College Jackrabbits last week by scores of 2-0, 4-3, and 3-1.

"They come by the dozens . . . each with a diploma and a bright smile"

"More and more bright, personable, well-educated young men come to me for jobs these days. And it's often hard to make a decision. That's why, in addition to other qualities, I look for maturity and stability. Life insurance ownership is one of the things that indicates this to me."

This businessman is typical of today's employer.

He is interested in the college man who can plan ahead—especially personal future security. So, it's

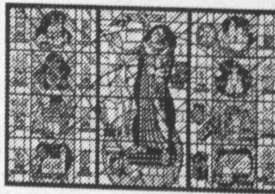

reassuring to remember that as a Lutheran you can turn to our Brotherhood Provider Life Insurance Plan. For just 44¢ a day (based on age 25) you can own a \$10,000 Brotherhood Provider Plan. And this is permanent, dividend-paying insurance that will help you build financial security for the future.

The future belongs to the man who plans for it. See your Lutheran Brotherhood campus representative today. Or mail the coupon now.

Center — Jim Walsh, a reserve center last season, has moved easily and capably into the number one position. The other candidates, Jerry Schmidt and Jack Gerlach, have limited experience but are improving rapidly.

Quarterback — Probably the deepest and strongest position on the squad. Ron Erdmann is running with the first team now, but either Harold Hughes or Mike Gebhart could take over the starting position.

Fullback — Dave Gentzkow, the starter last season and leading scorer in the North Central Conference, should have his best year. He's backed up by Ken Carr, John Hanesiak and Thomas Edgar.

Halfback — Veteran seniors John Stalpes at left half, and Roger Villarreal at right half, are running with the first team at this point.

Stalpes, the most valuable player on the 1960 Bison squad, is backed up by Steve Heidecker, who has demonstrated good speed, and Arthur Nelson who has been moved from quarterback.

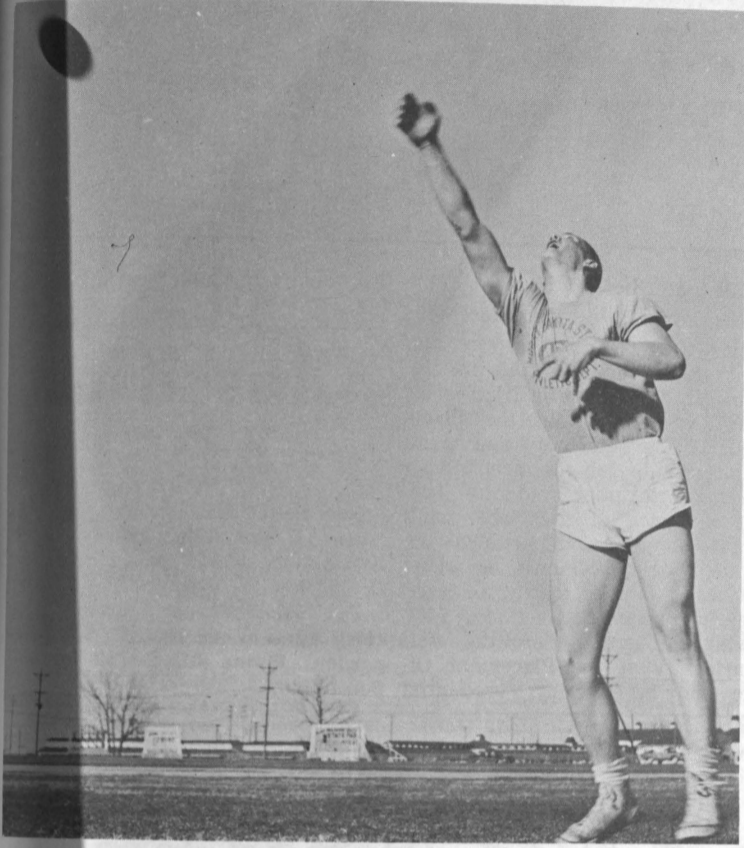

At right half, Villarreal and John Eian were both starters at times last season. Joe Anderson and Percy Amble are freshman candidates for this position.

37 Teams In Bison-Jaycee Track Meet

JERRY HOLMGREN GAVE it the old "college try" in a practice shot to get ready for tomorrow.

IT'S A LONG WAYS DOWN," says Jim Clow while he takes a practice jump in preparation for the meet tomorrow. Jim pole valuted 12 feet 6 inches at Jamestown last week and broke the school record.

Cliff Cushman Headlines Meet

Thirty-seven high schools and colleges, with 459 athletes, have entered the Bison-Jaycee track meet. Meet Manager Tom Neuberger expects late entries to push the total of teams and athletes entered over the record of 50 teams and 600 athletes who participated last year.

Included in the present entrants for the Saturday meet are 15 colleges, 15 class B and C high schools, and 7 class A high schools. Also, 200 Fargo-Moorhead junior high school students will participate in a physical fitness demonstration; teams from four junior high schools will compete in a relay race; five women's sorority teams will compete in a relay; and seven fraternity teams will compete in a relay.

Bison-Jaycee meet events will start Saturday morning at 11:30 with a clinic by Cliff Cushman, former Grand Forks athlete, who was on the U.S. Olympic team last year. Track events will begin at 1 p.m., with evening track finals scheduled for 7:15.

The evening track events will be preceded by a 6:00 p.m. clinic by Cushman, and the presentation of the Bison-Jaycee Queen and other ceremonies at 7 p.m.

Queen of the Bison-Jaycee meet is Lane Gunnar, Miss Fargo. She will present medals, and trophies to the winning athletes, and trophies to the winning teams.

College teams entered this far, and the number of athletes on their teams are: Bemidji State College—22; Concordia—25; Devils Lake Junior College—2; Dickinson State Teachers College—19; Jamestown College—16; Mayville State Teachers College—10; Mercuries Track Club, Winnipeg—4.

North Dakota State University varsity—7, NDSU freshmen—8; North Side Track Club, Minneapolis—4; Northern State Teachers College—16; University of North Dakota varsity—21; UND freshmen—20; St. Cloud State College—10; and St. John's Track Club—1.

Four-man relay teams from Agassiz, South Moorhead, Ben Franklin and West Fargo junior high schools, will compete in a 440-yard relay.

Fraternity and sorority members will compete in separate 440-yard relay events.

Fraternities entered are Theta Chi, Alpha Tau Omega, Alpha Gamma Rho, Kappa Psi, Co-op, Farmhouse, and Sigma Alpha Epsilon.

Gamma Phi Beta and Kappa Delta sororities have each entered two teams and the Women's Recreation Association has entered one, in the women's relay.

Salem refreshes your taste —"air-softens" every puff

Created by R. J. Reynolds Tobacco Company

Take a puff... it's Springtime! Just as springtime reawakens you to the beauty and soft greenness all around... so every Salem reawakens and softly refreshes your taste. Salem, with all its rich tobacco taste, is a gentle, easy-going smoke. Special High Porosity paper "air-softens" every puff, so that more than ever, Salem gives you the freshness of springtime. Smoke refreshed... smoke Salem!

- menthol fresh

GIRLS!! PLEASE DON'T BOLT YOUR FOOD!! Pictured above is one of the many unusual events that will make for an entertaining and fun-filled afternoon at the Sigma Chi Derby Day.

Sigma Chi Derby Day Issues Call To All Sorority Girls

by Ellis Rockswold

Ladies!! Elegant, dignified, beautiful females who frequent sororities at NDSU!! At last the long anticipated, fun-filled day has arrived! Here is your opportunity to abandon etiquette, forget correctness in posture, throw away your eye shadow and prove yourself a rugged individualist in the company of your most respected sororers. Yes, Sigma Chi Derby Day (weather permitting) will be held today from 4-7 p.m. at the Sig Chi house.

Rollick and laugh at or in the many highly competitive events such as pole climbing, balloon tossing, pie eating, and surprise-

filled obstacle course. Be prepared for adventure in the eerie "mystery event." Try in vain to out-distance the long-reaching inescapable arm of the Sigma Chi "Trade Markers." Come ready to throw caution to the winds and to win for your sorority top honors on this "day of days."

Points will be awarded for each event, plus for attendance and to the sorority whose candidate is chosen as queen of Derby Day. Clues for this unique queen contest have been posted in the union window, so come and see which sorority is the Sherlock Holmsiest.

Everyone is welcome, and much fun is sure to be had.

Summer Job Directory for College Students Available

A directory listing summer jobs for college students is now available.

This Summer Employment Directory contains the names and addresses of more than one thousand organizations, in locations throughout the United States, that are now seeking student help for this summer.

Jobs are available in resorts, ranches, government, summer camps, hotels, business, industry, restaurants, state and national parks, amusement parks, hospitals, and other types of organizations.

The names and addresses of employing officials, specific job openings, salary range and information on how to write an effective letter of application are also given.

Students who wish to have a Summer Employment Directory for their own use may obtain a copy by sending \$3.00 to the pub-

lisher: National Directory Service, Dept. S, Box 65, Winton Place Station, Cincinnati 32, Ohio.

Placement Office

Wednesday, May 10

THE FEDERAL INTERMEDIATE CREDIT BANK OF ST. PAUL will send representatives to the campus seeking several candidates for summer training programs leading to future employment with Production Credit Association in Minnesota and North Dakota. Any graduating students interested in this type of program are invited to contact the Placement Office and arrange for a personal interview. The opening should be of particular interest to students majoring in agricultural economics, general agriculture or business economics.

Summer Jobs

Students seeking summer jobs are asked to register with the Placement Office indicating the type of work they are seeking and the dates of availability. Summer employment opportunities appear rather limited for students this year and therefore it would be helpful to the Placement Office to have an indication of the number of students that will need help in locating summer work.

THE SPECTRUM
NORTH DAKOTA STATE UNIVERSITY
FARGO, NORTH DAKOTA

Credential Files

The services of the Placement Office are available to any student graduating from this institution. It is requested that next year's graduates visit the Placement Office personally and make arrangements for the preparation of an employment credential file. These credential files are available to individual departments assisting with placement of their students. Campus recruiting activities will begin immediately following the opening of the fall quarter. Visit the Placement Office and have your credential

files ready for next year's recruiting.
