

CONGRATULATIONS ARE GIVEN TO FROSH PREXY Lee Grim by Mike Sabbe who conducted freshmen elections on September 14. Vice president Tom Canning and secretary-treasurer Jeanne Hulstrand proudly looks on.

1st Convo Offers A View on China

China, one of the day's hottest topics, will be put in perspective at the year's first all-university convocation Monday at 9:40 a.m. in Festival Hall, according to F. G. Schoff of the convocation committee.

Speaker will be Dr. Francis L. K. Hsu. He was born in Manchuria, educated in China and England (Ph.D. from University of London) and taught at Ynnan University in southwestern China in World War II until he came to the United States in 1944. Here he taught at Columbia U., Cornell U., and Northwestern U., where he is now chairman of the department of anthropology.

"Dr. Hsu knows China with the intimacy only a Chinese can have," Schoff said; "but he also knows it as a student of the broad field of cultural anthropology and a world traveler. That's why we count on him for perspective on today's problems."

Dr. Hsu's most recent traveling was a two year stint of research in India under the auspices of two foundations.

Fall term convocations, which lead off with Dr. Francis L. K. Hsu, include also the Homecoming Rally Friday, Oct. 20, and the annual Christmas program Tuesday, Dec. 19.

Included also is a talk on "Poetry and People," by Paul Engle of Iowa State University on Thursday, Nov. 9.

Classes run on a different schedule convocation mornings. Students should clip and save this schedule:

- 1st hour — 8-8:45.
- 2nd hour — 8:50-9:35.
- Convocation — 9:40-10:25.
- 3rd hour — 10:30-11:15.
- 4th hour — 11:20-12:05.

Here Is Advice For Mail-Less

Has your mail box been empty? There is a pile of undelivered mail laying in the dean of students office.

This is due to a result of incorrect addresses and not an oversight by the mailman. Students are requested to take note of the correct procedure of addressing as listed below.

For student living in any of the dorms, your address is:

- Name
- Name of Dorm
- State University — Station
- Fargo, N. D.

For those living in Trailer and Stadium Courts, list your box number if you have one or General Delivery, supplement with State University Station, Fargo, N. D.

Bison and North Courts should omit State University Station as they are on a private delivery system.

Persons living off campus are also asked to omit the State University designation.

They Don't Wear Beanies...

New Members Join Staff of NDSU-Experimental Station

New faculty members arrived on campus the first week in September prior to the beginning of classes at NDSU.

The new faculty members are:

Dr. Curtis Amlund, assistant professor of political science, formerly with the Universities of Wisconsin, Oregon and Minnesota.

Mrs. Beverly Baldwin, special instructor in bacteriology, who will replace Dr. Adams while on leave doing post doctoral studies for the National Institute of Health at the University of Utah.

Dr. Jimmie D. Dodd, assistant professor of botany, from Flagstaff, Arizona.

Ross Fortier, instructor in physical education, a former NDSU student who replaces Tom Newberger while on leave at the University of Indiana.

Dr. Erwin Goldberg, assistant professor of zoology, formerly at the University of West Virginia.

ginia.

Phillip Haakenson, instructor in pharmacy administration, a graduate student at NDSU who has been working at the veterans hospital.

Marvin Hanson, assistant professor of speech, who has been working on his Ph. D. at Wayne State.

Dr. William P. Hawkinson, associate professor of child development and family life, from the State University of Iowa and the Iowa Child Welfare Research Center.

Martin Holoien, assistant professor of mathematics, formerly at NDSU but left for a year at Boeing Aircraft Company.

Alf Houkom, instructor in music, will replace Robert Godwin who is on leave studying for his doctorate at the University of Illinois.

Charles L. Huntley, instructor in architecture, formerly with Leonhard Askew architects in Bismarck.

Dennis Humphrey, special instructor in physical education, a physical therapist at St. Luke's hospital and formerly at Colorado State.

Elmer V. Larson, instructor in physics, a graduate of Concordia College.

Miss Mitzi Mallarian, instructor in English, who recently completed her master's work at NDSU.

Miss Jane Ann Munro, instructor in Zoology, a graduate student at NDSU, will replace Dr. Comita who is on leave studying marine biology in Europe on a US grant.

Dr. Ray Locke McDonald, assistant professor of chemistry, who has been doing post doctoral research on isotopic chemistry at the Massachusetts Institute of Technology.

Dr. Richard B. Mease, associate professor of education and psychology, from Culver-Stockton.

Dr. Clarence G. Schilling, associate professor of mathematics, from Gannan College, Erie, Pa.

Two assistant agronomists with the Experiment Station and also assistant professors of agronomy reported on campus this spring. They are Robert L. Harrison, who was working on his Ph.D. at the University of Illinois, and Kenneth L. Larson, who was working on his Ph.D. at the University of Wisconsin.

Another new staff member with the Experiment Station this fall is Edfred Vasey, assistant soil scientist and supervisor

—Continued on Page 4

NOTICE

Spectrum staff meeting will be held in the Publications Office Tuesday, Sept. 26 at 6:30 p.m. for all students who are interested in working on the paper. This includes those who attended the open house and coffee hour and last year's staff.

Show Your Art Work In Land Grant Show

Students and faculty members are invited to participate in a Land-Grant Centennial Art Show to be held at NDSU October 2-14.

Four categories of work will be accepted for the show: paintings, prints and drawings, sculpture and photography. The top entry in the show will be awarded a \$15 prize, and the second place winner will receive \$10. NDSU artists wishing to enter should contact Professor Richard Lyons, chairman.

The two winning entries will be sent to Kansas City, Mo.,

where they will be displayed along with winners from other land-grant institutions in a national Centennial Art Show, November 12-16. At the national exhibit, prizes totalling \$1,000 will be awarded.

The art show is part of a year-long schedule of state and national events to mark 100 years of growth and development among the nation's land-grant colleges and universities. The establishment of NDSU and the 67 other land-grant institutions was made possible in 1862 with the passage of the Morrill Land-Grant Act.

AG ENGINEERING GETS NEW FACE as Joe Prerosil of the Kvamme Construction Company helps lay the bricks.

Editorial

Whether you are beginning or completing your college career, members of the Spectrum staff welcome you to the campus. We hope you will read our paper and from time to time offer criticisms and suggestions. We will do our utmost to please the student body if at all possible.

As a student publication we want you to feel that The Spectrum is your paper. If you are interested in working on the staff contact the Student Publications office.

Now that everyone is back and campus organizations are again functioning, it is time to reiterate Spectrum policies for the coming year. Groups take note and inform your reporters of deadlines. Reporters may slip stories under the door if the office is not open.

Our aim is to inform the entire campus body of the activities taking place at NDSU. The Spectrum, however, tries not to serve as a personal publicity department or a free advertising agency for any particular person or organization.

All news copy must be into the Spectrum office by Tuesday noon. If this deadline cannot be met contact the editor or news editor. Copy should be typed and double spaced.

Students and staff are urged to write letters to the editor and guest editorials. Letters should be limited to 250 words and must be signed. We cannot print unsigned letters. We reserve the right to edit according to Spectrum style.

REMEMBER — DEADLINES WILL BE ENFORCED!

***** STUDENTS, THE CAMPUS IS BEAUTIFUL!

As we start the year we find no ugly paths and no (or very little) waste paper scattered about. O. A. Stevens, department of botany, called my attention to the fact that, according to the rules, students are to help keep things neat. There is really no excuse for tossing an empty cigarette carton or a piece of paper away at the first chance. Most of the paths serve no useful purpose. Make it a point to walk on the sidewalks.

And if each member of the NDSU student body would make a point of picking up these items instead of throwing them down, we can keep our campus beautiful and a decided improvement could be made.

The campus is kept as nice as it is only by constant effort — make it your effort!

The Spectrum Asked:

"How can our school spirit be bolstered?"

By PAUL A. BJERKEN

Barb Daley
Nash, N. D.
H Ec Fr.

I haven't seen much actual school spirit yet. I guess most of the fault lies with us little green freshmen. Heavens, I can't even sing the school song with much pep yet. We'll learn though and then NDSU school spirit will top everybody's in the whole state!

Bruce McConnell
Huntington, N. Y.
AAS Jr.

It could be bolstered by providing more weekend activities to keep the students on campus; having pep rallies before athletic events which would help students learn cheers and songs.

Sherry Bassin
Winnipeg, Man.
Phar Jr.

What school spirit? This must be a new game because no one around here has learned about it.

Larry Schulze
Durbin, N. D.
EE Jr.

If last Saturday night was an indication of NDSU spirit, I say we shouldn't even bother going to the games. School spirit can only be obtained by a high degree of cooperation from the whole student body.

Letter to the Editor...

Student Disturbed By Rush Story

Dear Editor:

I was very disturbed with the article "Fraternity, Sorority Rush Underway" in last week's Spectrum. Pledging a fraternity or sorority is very important to many people, but should it be the ultimate concern of students as the article seems to me to imply?

There are many things which I think are more important to a college student. Are we not in college to get an education, to broaden our intellectual capacity? Isn't choosing a vocation and studying to achieve our academic goals important?

Certainly we can learn much from our social organizations, but there are other organizations which have a great deal to offer to the students. The YM-CA-YWCA program on the campus offers an excellent opportunity to develop leadership po-

tential, strengthen moral fiber and develop religious insight. Of course they cannot offer ALL the extensive social activities. Students who require this must look elsewhere for this type of social outlet.

Our religious organizations and departmental clubs and organizations such as engineering, home economics, music, and mathematics offer the same opportunities which are not exclusive of our fraternities and sororities.

The Associated Women's Students is another organization which gives its members a chance to develop leadership training, social poise and a sense of academic responsibility.

If every girl on campus should belong to a sorority, where would we fit her in? Is there room for every NDSU student to belong to a fraternity or

sorority? Do we need more chapters with larger quotas?

I have a high respect for our fraternity and sorority system but I do not think it is imperative that one should be a member of this system to develop one's potentials.

I am sure that there are a number of administrative personnel, faculty, and students alike who share my same viewpoints concerning the value and importance of being a member of our fraternity-sorority system.

—Ray Hendrickson

Election of officers will be held at the Monday, Sept. 25 intramurals meeting in room 204 of the phy ed building. All entries and fees are due for touch football.

Fifteen Students Study Ceramics at Night Classes

Fifteen students are enrolled in the evening ceramics course according to Ralph Peotter, instructor.

This regularly scheduled course is taught Tuesday and Wednesday evenings, from 6:30 to 9:30 p.m. Officially titled Art 217, 317 and 417, the course accommodates beginning intermediate and advanced students.

Beginners learn how to work with coil and slab shapes, make "pinch pots" and use the potter's wheel. Five wheels, including one that is electrically powered, are at the students' disposal.

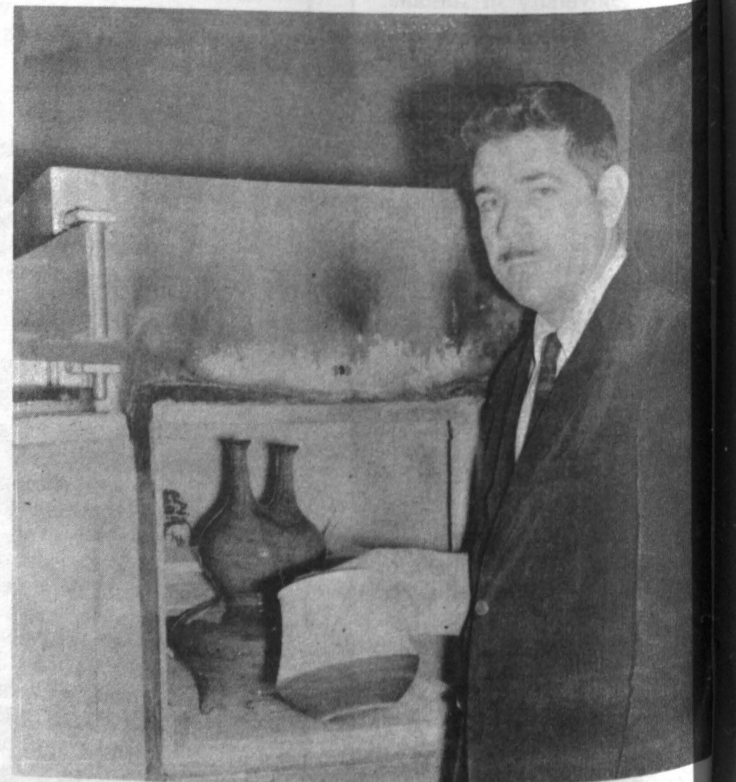

The students make glazes from recipes supplied by Peotter and fire their ceramic work in a kiln that reaches temperatures up to 2300 degrees.

Intermediate and advanced students work toward improving their basic skills and experiment with decorations and new recipes for glazes.

Ceramics offer a chance of individual expression, Peotter emphasized. Students are encouraged to dream up unique ideas for shapes and designs. No pre-cast, manufactured molds are used in the class.

Peotter taught ceramics and ran his own shop in Madison, Wis., before joining the NDSU

faculty three years ago. He holds a master's degree from the University of Wisconsin.

CERAMIC WORK is displayed by Ralph Peotter, related art instructor.

THE SPECTRUM

The Spectrum is published every Friday at Fargo, North Dakota by the NDSU Board of Publications, State University Station, Fargo, N. D. Subscription rate \$1.00 per term.

Entered as second class matter, December 10, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

SOCIAL NOTES

By NANCY FLATT

Hello... 'tis time again to go social. Welcome back to this college life and a special welcome goes out to the some 1,300 new students at SU. If you haven't seen our paper before and are interested in learning about party-type activities or in studying the latest ineligibility list... keep on reading!

Think I'll mention a few of those ineligibility lists right away. Summer time must be the time for romance because it appears that it will be monopolizing the social column in the coming weeks.

Weddings told us to this date are Theta Chi Mike Harris to Myrna West from Bowman, Sigma Chi Gary Davis to KKG Benda Brockway, Theta Chi Dick Bucholtz to Judy Gunkleman, ATO Bill Light to Delcie Danroth AGD, AGR Carl Larson to Ellen Buresh KKG, Jim Clow Kappa Psi to KKG Donene Sorenson, Sigma Chi LaMoure Besse to Pat McLean AGD, KKG Darlene Dietrich to Dale Olson from Cavalier. An approaching marriage will be Chuck Hansen, Theta Chi to Mavis Smith from Fargo.

To break up this string of marriages a look at the new pledges of our sororities seems in order. Those who are wearing new Alpha Gamma Delta pledge pins Margie Assel, Nancy Fadness, Vicki Helming, Bev Roth, Sue Soland, Karen Vosseteig, Audrey Anderson, Jane Aggerholm, Kathy Grant, Stella Kivley, Sue Knox, Judy Kuebler, Mary Nelson, Jean Slingsby, Jean Peskey and Margery Watt.

I'm wondering what all these sorority pledges are doing to the overbalanced ratio of men to women that we gals have been enjoying.

The new Gamma Phi Beta pledges are Violet Anderson, Carol Anstett, Carol Berg, Sandy Boelter, Sharon Eidem, Denise Gibb, Jerri Hall, Judy Jensen, Maxine Jordheim, Ene Koivastik, Kathy Larson, Sue Lundberg, Christy Powers and Judy Snuff.

The KATs announce 18 new pledges and they are Candy Clement, Barbara Daley, Barbara Danielsen, Patricia Dodge, Ann Gahley, Raetta Lou Hankel, Lane Gunner, Karen Monson, Gail Strand, Judy Van Vlissingen, Gail Points, Marilyn Amundson, Jacqueline Kvamme, Carol Sanders, Kathy Cullen, Karen Weber, Carolyn Ballantyne and Judy Landstrom.

On we go to the green house on the corner and the Kappa Delta pledges. They are Mary Cameron, Judy Garaas, Sue Haas, Donna Huether, Sally Jo Kaspari, Ginny Nelson, Jo Ann Odegaard, Rose Elaine Zetter,

Kathy Hjelle, Jacqueline Padilla, Bobby Quick, Judy Olson, Janette Juntunen, Linda Trautman and Kathy Hutter.

At the Kappa house 17 are wearing new pledge pins. The pledges are Liz Bartley, Cheryl Clark, de Ells, Jane Eggert, Joni Green, Janet Griffin, Mary Jane Hanmer, Emilie Lehr, Ginger Mease, Betty Lou Offutt, Edie Claire Olness, Helen Owens, Daphne Thompson, Barb Fiedler, Roberta Schulte, Marlys Wickman and Do-de Sholts.

Phi Mu sorority also announced its new pledges. They are Jane Lowitz, Joan Brandt, Carol Jean Hansen, Linda Moran and Doreen Loberg.

New Phi Mu initiates are Elizabeth Moen and Marilyn I. Anderson. Elaine Mattson was recently initiated into GPB.

The latest wearers of the ATO pin are Mike Yahna, Tom Holmgren, Roger Mickelson, Doug Fridlund, Larry Kana, Larry Wilkinson and Roman Cline.

Several couples have stated "let's get married" and made it public with an engagement. They are KKG Kay Hulebak and Theta Chi Clyde Payne, GPB alum Laurie Hendrickson and ATO alum Bob Wehage, KKG Linda Swenson and AGR alum Dick Knutson, KKG Kathy Sundseth and Doug Anderson from Braham, Minn. and KD Virginia Lanska and Don Waldera from MSC.

We won't forget pinnings. KAT Judy Erjavek is wearing Jerry Erck's ATO pin. SAE Gary Johnson has pinned Mary Ann Nelson from UND and Dave Doerr Kappa Psi has pinned KKG Nancy Owens. Also SAE Gary Louser and KKG Chickie Arneson have made the pinning move.

Ever popular are initiations and the TKEs have recently initiated Anton Berger, Larry Corah, Calvin Helm, Fredrick Hendrickson, Paul Lemieux, Walter McIntyre, Rafael Marino and Mervin Nordeng.

The new Sigma Chi actives are Bill Anderson, Rich Baker, Stuart Cameron, Mike Fair, Gary Gapp, Bill Gilbert, Tom Herbster, Dave Miska, Dave Pollock, Darrell Reed and Tim Sorenson.

If you're looking for Saturday night entertainment, the football game with SDU and the Senior Staff sponsored dance should be good ideas.

One more fraternity has some news for you this week. The Theta Chis announce their new actives as Freddy Palmer, Jim Krushenisky, Don Halvorson, Jerry Zimmerman and Ron Tandberg. They have also elected pledge officers who are Jerry Miller, pres., Hank Toring, vice-pres., and Gary Burau, secretary.

There have been many names added to our Greek roll call this week. Congratulations to all of you and goodbye!

On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

ONCE MORE, UNTO THE BREACH

With this installment I begin my eighth year of writing columns for the makers of Marlboro Cigarettes, as fine a bunch of men as you would meet in a month of Sundays—loyal, true, robust, windswept, forthright, tattooed—in short, precisely the kind of men you would expect them to be if you were familiar with the cigarettes they make—and I hope you are—for Marlboro, like its makers, is loyal, true, robust, windswept, forthright, tattooed.

There is, however, one important difference between Marlboro and its makers. Marlboro has a filter and the makers do not—except of course for Windswept T. Sigafoos, Vice President in charge of Media Research. Mr. Sigafoos does have a filter. I don't mean that Mr. Sigafoos personally has a filter. What I mean is that he has a filter in his swimming pool at his home in Fairbanks, Alaska. You might think that Fairbanks is rather an odd place for Mr. Sigafoos to live, being such a long distance

Loyal, true, robust, windswept, forthright, tattooed....

from the Marlboro home office in New York City. But it should be pointed out that Mr. Sigafoos is not required to be at work until 10 A.M.

But I digress. This column, I say, will take up questions of burning interest to the academic world—like "Should French conversation classes be conducted in English?" and "Should students be allowed to attend first hour classes in pajamas and robes?" and "Can a student of 18 find happiness with an economics professor of 90?"

Because many of you are new to college, especially freshmen, perhaps it would be well in this opening column to start with campus fundamentals. What, for example, does "Alma Mater" mean? Well, sir, "Alma Mater" is Latin for "send money".

What does "Dean" mean? Well, sir, "Dean" is Latin for "don't get caught".

What does "dormitory" mean? Well, sir, "dormitory" is Latin for "bed of pain".

Next, let us discuss student-teacher relationships. In college the keynote of the relationship between student and teacher is informality. When you meet a teacher on campus, you need not salute. Simply tug your forelock. If you are bald and have no forelock, a low curtsey will suffice. In no circumstances should you polish a teacher's car or sponge and press his suit. It is, however, permissible to worm his dog.

With the President of the University, of course, your relationship will be a bit more formal. When you encounter the President, fling yourself prone on the sidewalk and sing loudly:

*"Prexy is wise
Prexy is true
Prexy has eyes
Of Lake Louise blue."*

As you can see, the President of the University is called "Prexy". Similarly, Deans are called "Dixie". Professors are called "Proxie". Housemothers are called "Hoxie Moxie". Students are called "Amoebae".

© 1961 Max Shulman

This uncensored, free-wheeling column will be brought to you throughout the school year by the makers of Marlboro and Marlboro's partner in pleasure, the new, unfiltered, king-size Philip Morris Commander. If unfiltered cigarettes are your choice, try a Commander. You'll be welcome aboard.

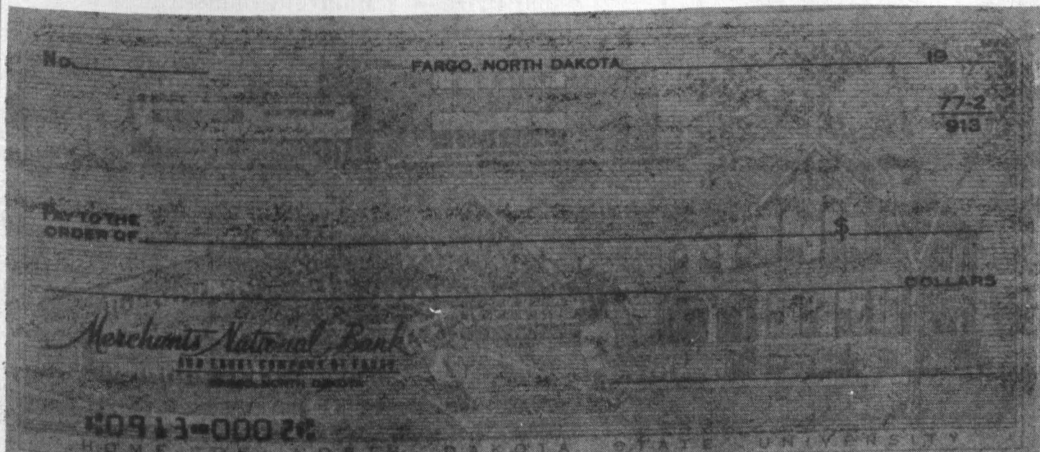

WELCOME BACK!

REGISTRATION PERPLEXITIES ARE REFLECTED on these student's faces as they fill out endless forms in the field house.

New Members...

of the Soil Testing Laboratory, who comes from Purdue University.

Three new extension staff members arrived on campus this summer. They are Dr. Richard J. Goodman, extension economist, public affairs; Dr. George R. Fisher, extension dairyman, both from the University of Minnesota, and Dexter W. Johnson, assistant extension agricultural engineer, who has been a graduate research assistant and received his M.S., from NDSU.

Dr. M. F. Andrews, assistant professor of veterinary science

and assistant veterinarian with the Experiment Station. Dr. Andrews taught at NDSU from 1958-60 and spent last year at the Eaton Laboratory in Norwich, New York.

Ralph Boehm, instructor in pharmacy, is a graduate from NDSU and has been a practicing pharmacist. He will teach part-time and work on his M.S. in hospital pharmacy.

Robert Holmes, instructor in architecture, is a recent graduate of NDSU.

Mrs. Dorothy King, special instructor in home economics,

will teach in the nursery school.

Donald C. Nelson, assistant professor of horticulture and assistant horticulturist, comes from the University of Minnesota where he has been working on his Ph.D.

Erdmann Schmocker, assistant professor of architecture, has been working in Illinois.

Mrs. Marion Walker, assistant professor of home economics, will take charge of the home management house. She is working on her Ph.D. degree at Pennsylvania State University.

Grad Writes Story For Tech Journal

C. Jack Heltemes, Jr., a 1958 alumnus of NDSU and former Fargoan, is the author of an article in this month's "Car Life," national automotive magazine.

The first of a two-part series on "Auto Aerodynamics," the article describes how automobile designers attempt to beat the problem of air resistance by "streamlining" cars.

Heltemes was graduated in mechanical engineering at NDSU in 1958. He earned his master's degree at NDSU in 1960, and is now employed by the Atomic Energy Commission at Richland, Washington.

Automobiles have always been one of Heltemes important "sidelines," according to his mother, Mrs. C. Jack Heltemes, Sr., 403 South 14th Street, Fargo. As a student, Heltemes won the state first prize in the Fisher Body auto design contest

twice in a row, Mrs. Heltemes said.

Heltemes was graduated from Shanley High School and was a member of Tau Beta Pi and Pi Tau Sigma engineering honoraries, the Blue Key society and Sigma Phi Delta fraternity.

WELCOME STUDENTS

Your Philip Morris Student Representative invites you to

IN THE COLLEGE BRAND ROUND-UP

RULES AND PRIZES TO BE AWARDED WILL BE ANNOUNCED SHORTLY

SAVE YOUR PACKS

Contest Opens Monday, Oct. 2nd

PRIZES:

1st Prize — 1 Decca Stereophonic 4-Speed hi fidelity console phonograph.

2nd Prize — 1 Polaroid Camera Model 80/B.

WHO WINS:

1st prize will be awarded to any group, fraternity, sorority or individual accumulating the highest number of points.

2nd prize will be awarded to any group, fraternity, sorority or individual accumulating the second highest number of points.

RULES:

1. Contest open to all students.
2. Each empty package submitted on Marlboro, Parliament, or Alpine will have a value of 5 points. Each empty package submitted on Philip Morris regular or Commander will have a value of 10 points.
3. Closing date, time and location where empty packages must be turned in will be indicated in your campus newspaper.
4. Entries will not be accepted after closing time. Empty packages must be submitted in bundles of 50. Separate your 5 and 10 point packages.

THREE LINES OF SU STUDENTS form at the Varsity Mart in rush to get ready for classes these eager to study students.

Job Interviews

ATTENTION!! All seniors and Graduate Students:

The Campus Placement Office is located on the second floor of the Student Memorial Union Building. The office is designed to assist students with part time work while attending school and primarily attempts to ASSIST in arranging in professional employment opportunities for the students following graduation.

Numerous government and industrial recruiting representa-

tives will visit the campus seeking personal interviews with students anticipating graduation this year. Interviewing will begin the first week of October and continue throughout the entire school year.

All senior and graduate students are urged to contact the placement office immediately and arrange to have formal employment credential files prepared. This will be a permanent record used for campus interviewing and maintained on file following graduation. No direct charges are involved in utilizing the placement office facilities. All students are wel-

WANT TO BE IN THE ANNUAL? You have to sign up quickly for an appointment, as these three students learn from observing a notice in the Student Union.

'Appointment Only' System Set for 1962 Bison Annual Photos

You say you don't want to stand in line to have your pictures taken for the annual! Well, make an appointment now and there will be no need for getting tied up in long waiting lines.

Janice Quam, editor of the Bison annual for 1962 says, "The annual staff will be set up in the lobby of the union Monday, Tuesday and Wednesday of next week from 9 a.m. until 5 p.m. ready to help arrange a convenient time for each student to have his picture taken."

The Rappaport Studios have been contracted this year and there will be a charge of only one dollar per student for photographs.

Pictures will be taken in the union and the proofs will come to the annual staff. You will be notified as to when you can pick up your proofs and select the one which you want to appear in the annual. A 4"x5" glossy is required for the class section. An additional print is needed for the sorority and fra-

ternity pages.

According to latest figures, only 819 students have made their appointments for pictures. But there are over 3,425 students enrolled in the various colleges on campus and with late registration the Office of Admissions expects that figures will rise over 3,600.

The annual staff hopes to get more of the student body in the annual this year. The "appointment only" system of having the photos taken was devised so it would be more convenient for each student. It will also be an aid for the staff because it insures them they will be able to meet their deadlines.

Bison annuals for 1961 are still available to the students who neglected to pick them up last spring. They can be pick-

Trackmen Prepare For Sept. 30 Meet

By NEAL JACOBSON

The prospects of having a respectable cross country season are encouraging," Bud Blakely, head cross country and track coach at North Dakota State, said. Preparing for the first meet, at Brookings, South Dakota, September 30, are 11 varsity members and nine freshmen.

Oddvar Helgeson, Gary Yost and Don Kearney are the three returning lettermen. Of these, Helgeson was the conference champ last season and was defeated only once in competition. That loss came in the National Association of Intercollegiate Athletics (NAIA) Meet, at which he placed fourth.

Blakely believes that Henry Messman, Gary Ness and Charles Offerdahl, all members of last year's freshman squad, should aid his team's advancement considerably.

A cross country team consists of five or more members, who run a specified distance, usually between two and six miles at college meets. The first five finishers on each team count towards the final squad standing. The points correspond with the places.

For example, if Helgeson places first, he scores one point. If he were to place 16th, he would score 16 points. The team with the least points is considered the winner.

Bison Bits Herd Seeks 2nd Win From SD Coyotes

By SHERRY BASSIN

The North Dakota State University Bison will be looking for their second win in a row of the '61 season when they open the North Central Conference at Dacotah Field tomorrow.

The oppositon will be supplied by the Coyotes from the University of South Dakota.

The southern rivals will come to town after the most disastrous season in the history of Coyote football in 1960. It was said by one USD supporter, "The only way the Coyotes could do any poorer this year is lose all their games."

Although USD are plentiful with veteran linemen, they will come to town with three sophomore backfielders backedup by senior backfielder Jack Holdsborg.

To sum it up, it looks like the Coyotes have a good crop of spirited sophomores and some

seniors who are tired of losing. The Bison in the meantime look like a team that will definitely be reckoned with in the coming season.

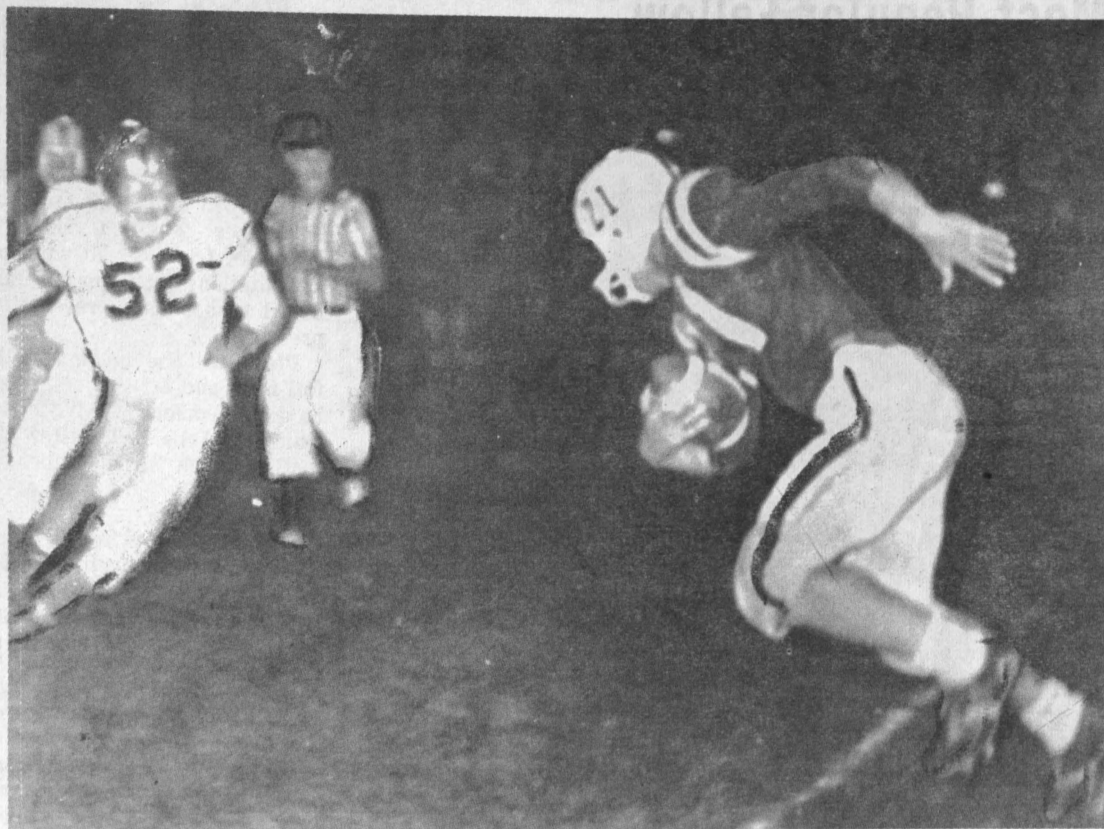

If Saturday night's exhibition is any indication, North Dakota State University can field a starting 11 comparable to any starting team north of the Cuban border.

The depth of the team is apparently not as strong as the wall of China, but then again only a few have been called upon.

Jerry Schmidt took over the center position after the veteran Jim Walsh was injured and played the position like he owned it.

The Bison line played a good solid ball game and the backfield did some of the finest running I have seen by green and yellow jerseys.

Diamond Dave Gentskow looks as if he is taking up exactly where he left off last season, and barring any injury before the season ends, he should

A THRILLING MOMENT in the Bison-Concordia football game is captured by the camera.

Sixty Men Report For Frosh Squad

By DENNIS KALDOR

Coach Ross Fortier and his assistants Bill Bartles and Don Remillong are expecting a fairly good season out of the 60 fellows who have reported for the first few practices of the freshman football squad.

Due to the fact that there have been so few practices, outstanding players and outstanding qualities have not, as yet, been recognized.

Coach Fortier has stated that as practice progresses many players may find themselves playing entirely different positions from what they may have been playing in high school. These changes will be made in the coming weeks as the players attributes come into view.

Much of the freshman practice this fall will involve scrimmages with the Varsity squad due to a lack of depth in the varsity team. Fortier and his assistants hope to have as many men as possible ready for the varsity squad next fall.

In doing so they hope to win all of their three games which they have scheduled for this fall. On Wednesday, Oct. 18, the Baby Bison play host to the Concordia freshman at 7 p.m.

Present candidates for the squad are: Paul Miller, Ronald Powers, Gordon Myer, Anton Kryzsko, Don Carlson and Dan Thesing, Carl Bergman, James White, Steve Knox, Pat McCormick, Jim Amann and Jerome Ahlberg.

Roger Netland, Jerry Schlicht,

John Dailey, Ron Peterson, Charles McMillan, Rodney Paulson, Bill Austin, Ronald Carlson, David Gilbertson Lynn Ranum, John Gebhardt, and Paul Ducharme.

Carter Anderson, Mark Tool, Dennis Baesler, Dave Mott, Steve Karpyak, Gerald Schennum, Bob Sundberg, Hank Humniski, Pierre du Charme, John Pluth, Irwin Rustad, and Doug Daniels.

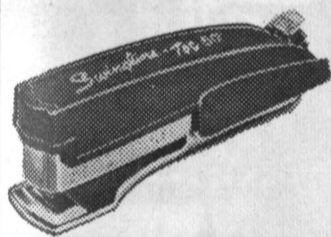

Gerald Vander Vorst, Tom Holmgren Fred Morman, Lynn Marr, Mark Owen, Hal Freeman, John Weatherly Bill Mirgain, Bruce Airheart, Bruce Strand, Lorne Scharnberg, and Terry Bles.

Thomas Olson, Dick Solee, Bob Beckner, Sam Pike, Rodger Johnson, Paul Swanson, Paul Swardstrom, Ervan Weiler, Kent Hardmeyer, Bob Schaiable, Walter Johnson, Bill Reeves, Bruce Tellmann, Frank Herges, and Dick Wright.

eat up enough yardage to gain a birth on the United States Track Team.

Halfbacks John Stalpes and Roger Villareal performed like they were the two of the latest NFL cuts and Ron Erdman had a better completion record than John Unitas usually has at a practice.

I thought Erdman called an excellent game for his team. He mixed his plays well and ran his team as smooth as a steam roller. It has been a long way since Williston High.

All in all I think those Bison just might have fun in '61.

Most Popular Fellow

FELLOWS lost out to this English bulldog. At least that's what these girls thought at the "Y" dance.

Guest Crashes Fete

Whose escort is he? This question arose at the YM-YWCA freshman mixer last Friday night when an unexpected guest appeared.

The visitor mingled with the crowd for 15 to 20 minutes and then left as quickly as he arrived. The visitor —? An English bull dog!

Under the calling of Dwight Palmer, 4-H leader NDSU, the 450 students swung smoothly from square dancing to contra, round and modern dancing, according to Gary Longballa.

Featured as special guests at the mixer were the NDSU re-

cording artists the Squires.

The YM-YWCA are going to sponsor a series of square dances starting October 6 at 8 p.m. at the Wesley Foundation house.

Anyone interested in working on this project should contact Lowell Anderson at AD 2-6854 or call the Y office in the Library at AD 5-8772.

NOTICES

AWS

Associated Women's Students council will hold a meeting on September 25 at 9 p.m. in Meinecke Lounge. All women's organizations on campus are urged to have a representative present.

Plans will be made for the fall term and arrangements will be discussed for the AWS dance which will be held after the football game on September 30.

PRE-EM

Students are invited to "Pre-Em", a weekly meeting which includes Bible studies, discussions, specials, refreshments, held Sunday evenings starting September 24 at 8:30 p.m. at the Bethel Evangelical Free Church, 1602 South University Drive.

Anyone needing transportation should phone ADams 2-7287.

CLASSIFIED

If the person who took my black top coat at the University dance last Saturday night wants the liner, contact Edward Schmidt at the NDSU Co-op House — AD 5-1178.

SELL — 1960 Corvette, 270 hp., 4 speed positraction, \$3,700. Dial CE 3-0936, Paul.

LOST — Shaffer fountain pen, flesh colored, between Ceres and Minard or Union. Call Ruby Haas, Ceres Hall, AD 2-9635.

YWCA

YWCA holds coffee hours every Tuesday afternoon from 4 to 5 p.m. at Meinecke Lounge in the Union. Coffee and cookies are available and the hour is spent in discussion. Speakers who will talk on subjects students should be interested in have been arranged for some of the afternoons.

WESLEY

Members of the Methodist group are having a hayride tonight. Meet at the center at 7:30 p.m.

4-H

The College 4-H Club will hold an organizational meeting on Thursday, Sept. 28 at 7:30 p.m. in Morrill Hall. All interested persons are welcome.

NEWMAN

A get acquainted dance will be sponsored by the NDSU Newman Club at St. Paul's Student Center, Friday, Sept. 22 at 8

p.m. There will be no admission charge. A ham supper will be served Sunday, Sept. 24. Everyone is welcome. Freshmen are urged to attend a meeting Tuesday, Sept. 26 at 7 p.m. at the center.

YMCA CALENDAR

A daily calendar of events has been printed by the NDSU YMCA. Besides a listing of activities for the entire year it also has the football and basketball schedules. Interspersed among the pages are pictures of campus scenes and students.

Every student and faculty member finds a daily calendar a necessity to keep a well ordered schedule. Mrs. Jennings, YWCA secretary, said.

The YWCA is selling these calendars for one dollar. Buy them at the Ceres, Dinan, Churchill, Dakota and Stockbridge offices, the YWCA offices in the library or in the bookstore.

Career Cues

"Cure for job boredom: I made my favorite pastime my career!"

Richard Bertram, President
Bertram Yacht Co., Division of Nautech Corp.

"When you stop to think what percent of our total waking hours is spent bread-winning, you realize how tragic it is for any man to work at an occupation he doesn't enjoy. Besides frittering away life, it reduces chances of success to just about zero. I know... because it almost happened to me!

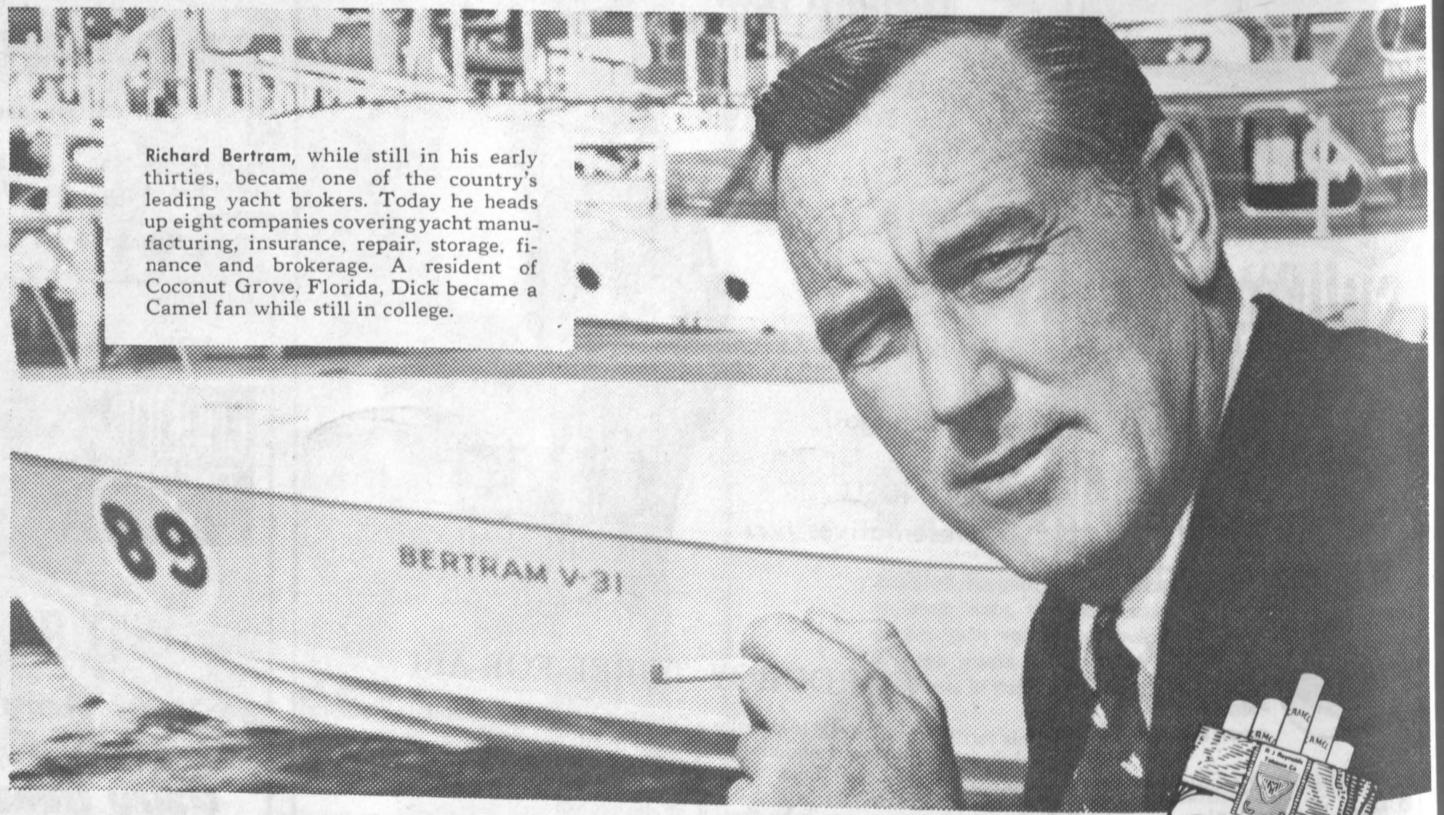

After college, I did what I thought was expected of me and joined a solid, Manhattan-based insurance firm. I soon found office routine wasn't for me. I lived only for

lunch hour when I could walk to the Battery and mentally sail with the ships that stood out in the Narrows... and for the summer weekends when I could go sailing. Fortunately, the company I worked for is one of the leading insurers of yachts and after two years I was transferred to their Yacht Underwriting Department. Enjoyment and interest in my work improved immediately 100%.

After World War II, I started my own yacht brokerage firm and yacht insurance agency in Miami, combining my marine insurance background with an even closer relationship with boats.

My only problem ever since has been a feeling of guilt that my work was too easy. I love boats and boating people. That affection has paid me rewards way beyond the financial security it has also provided.

The moral's obvious. You have an odds-on chance for success and happiness working at what you enjoy most — what comes naturally! And if it's not just frivolous, your life's work could well be what you now consider just a pastime. It's certainly worth thinking about, anyway!"

Richard Bertram, while still in his early thirties, became one of the country's leading yacht brokers. Today he heads up eight companies covering yacht manufacturing, insurance, repair, storage, finance and brokerage. A resident of Coconut Grove, Florida, Dick became a Camel fan while still in college.

And to make any time pass more enjoyably...

Have a real cigarette - Camel
