Dance in the Union Tonight

CONGRATULATIONS ARE GIVEN TO FRESH PREXY Lee Grim by Mike Sabbe who conducted freshman elections on September 14. Vice president Tom Canning and secretary-treasurer Jeanne Johnson proudly looks on.

They Don't Wear Beanies...

New Members Join Staff of NDSU-Experimental Station

New faculty members arrived on campus the first week in September prior to the beginning of classes at NDSU.

The new faculty members are:

Dr. Curtis Amundt, assistant professor of political science, formerly with the Universities of Wisconsin, Oregon and Minnesota.

Mrs. Beverly Baldwin, special instructor in bacteriology, who will replace Dr. Adams while on leave doing post doctoral studies for the National Institute of Health at the University of Chicago.

Dr. Jimmie D. Dodd, assistant professor of botany from Flagstaff, Arizona.

Mrs. Fortier, instructor in physical education, a former student who will replace Dr. Adams while on leave doing post doctoral studies for the National Institute of Health at the University of Chicago.

Dr. William P. Hawkenson, assistant professor of child development and family life, from the State University of Iowa.

Dr. Elmer V. Larson, instructor in physics, a graduate of Concordia College.

Miss Mitti Mallar, instructor in English, who recently completed her master's work at NDSU.

Miss Jane Ann Munro, instructor in Zoology, a graduate student at NDSU, will replace Dr. Comita who is on leave studying marine biology in Europe on a US grant.

Dr. Richard B. Mease, assistant professor of chemistry, who has been doing post doctoral research on isotopic chemistry at the Massachusetts Institute of Technology.

Dr. Richard B. Mease, associate professor of education and psychology, from Central College, Erie, Pa.

Two assistant agronomists with the Experiment Station and also assistant professors of agronomy reported on campus this spring. They are Robert L. Harrison, who was working on his Ph.D. at the University of Illinois, and Kenneth L. Larson, who was working on his Ph.D. at the University of Wisconsin.

Another new staff member with the Experiment Station this fall is Edred Vasey, assistant soil scientist and supervisor.

Show Your Art Work in Land Grant Show

Students and faculty members are invited to participate in a Land-Grant Centennial Art Show to be held at NDSU October 23rd.

Your categories of work will be accepted for the show: paintings, prints and drawings, sculpture, and photography. The top entry in the show will be awarded a $10 prize, and the second place winner will receive a $5 prize. NDSU students who are interested in working on the show are asked to submit their entry by October 23rd.

Congratulations are given to freshmen Lee Grim by Mike Sabbe who conducted freshman elections on September 14. Vice President Tom Canning and secretary-treasurer Jeanne Johnson proudly look on.

The Spectrum Asked:

"How can our school spirit be bolstered?"

By Paul A. Nielsen

Fifteen Students Study Ceramics at Night Classes

Students are enrolled in the evening ceramics course taught by Ralph Poetter, instructor.

This regularly scheduled course is taught Tuesday and Thursday evenings, from 6:30 to 9:30 p.m. Officially titled Art 217 and 417, the course accommodates beginning intermediate and advanced students.

Beginners learn how to work with coil and slab shapes, make "pith pots" and use the potter's wheel. Five wheels, including one that is electrically powered, are at the students' disposal.

The students make glazes from recipes supplied by Poetter and fire their ceramic work in a kiln that reaches temperatures of 2000 degrees Fahrenheit.

Intermediate and advanced students work toward improving their basic skills and experiment with different clays and glazes. They are also encouraged to design their own shapes and surfaces. The class is well attended and the kiln is often in use three days a week.

Fifteen students are enrolled in the evening ceramics course taught by Ralph Poetter, instructor.

THE SPECTRUM

The Spectrum is published every Friday at North Dakota State University.

The Spectrum holds a second class privilege, December 13, 1945, at the Post Office at Fargo, North Dakota, under the act of March 3, 1879.

Editorial

Whether you are beginning or completing your college career, members of the Spectrum staff welcome you to the campus. We hope you will read our paper and from time to time offer criticisms and suggestions. We will do our utmost to please the student body if at all possible.

The Spectrum is published the second and fourth Fridays of the month. It is the student publication we want you to feel that The Spectrum is your paper. If you are interested in working on the staff, contact the Student Publications office.

Now that everyone is back campus organizations are again functioning and your Spectrum reporter is covering the activities taking place at NDSU. The Spectrum, however, tries to serve as a weekly newspaper and, consequently, there is no special writing agency for any particular person or organization.

THERE WILL BE NO HOMERELINES WILL BE ENFORCED! * * * STUDENTS, THE CAMPUS IS BEAUTIFUL! As we start the year, there are many paths and no very little waste paper scattered about. O. A. Stevens, department of botany, called my attention to the fact that, according to the rules, students are to help keep things neat. There is really no excuse for tossing an empty cigarette carton or a piece of paper away at the present time. Most of the paths serve no useful purpose. Make it a point to walk on the sidewalks.

And if each member of the NDSU student body would make a point of picking up these items instead of throwing them down, we can keep our campus beautiful and a decided improvement could be made.

The campus is kept as nice as it is only by constant effort—make it your effort!...

New Members...

of the Soil Testing Laboratory, who come from Purdue University.

Three new extension staff members arrived on campus this summer. They are Dr. Richard J. Goodman, extension economist, public affairs; Dr. George B. Fisher, extension dairyman, both from the University of Minnesota, and Dexter W. Johnson, assistant extension agricultural engineer, who has been a graduate research assistant and received his M.S. from NDSU.

Dr. M. F. Andrews, assistant professor of veterinary science and assistant veterinarian with the Experiment Station. Dr. Andrews taught at NDSU from 1958-60 and spent last year at the Eaton Laboratory in New York.

Ralph Boehm, instructor in pharmacy, is a graduate from NDSU and has been a practicing pharmacist. He will teach part-time and work on his M.S. in hospital pharmacy.

Robert Holmes, Instructor in architecture, is a recent graduate of NDSU.

Mrs. Dorothy King, special instructor in home economics, will teach in the nursery school.

Donald C. Nelson, assistant professor of horticulture and assistant horticulturist, comes from the University of Minnesota where he has been working on his Ph.D.

Erdmann Schmocker, assistant professor of architecture, has been working in Illinois.

Mrs. Marion Walker, assistant professor of home economics, will take charge of the home management house. She is working on her Ph.D. degree at Pennsylvania State University.

JOIN OUR LOCKER CLUB

You'll find young men running the Squire Shop, and you'll enjoy the easy, comfortable atmosphere — music you like — comfortable chairs for loafing — a few current magazines for reading — and those nickel soft drinks that are the talk of the town.

C. Jack Heltemes, Jr., a 1958 alumnus of NDSU and former Fargoan, is the author of an article in this month's "Car Life," national automotive magazine.

The first of a two-part series on "Auto Aerodynamics," the article describes how automobile designers attempt to beat the problem of air resistance by "streamlining" cars.

Heltemes was graduated in mechanical engineering at NDSU in 1958. He earned his master's degree at NDSU in 1960, and is now employed by the Atomic Energy Commission at Richland, Washington.

Automobiles have always been one of Heltemes important "sidelines," according to his mother, Mrs. C. Jack Heltemes, Sr., 403 South 14th Street, Fargo. As a student, Heltemes won the state first prize in the Fishermeyer Bowl design contest twice in a row, Mrs. Heltemes said.

Heltemes was graduated from Shadle High School and was a member of Tau Beta Pi and Tau Sigma engineering honorary societies, the Blue Key society and Sigma Phi Delta fraternity.

IN THE COLLEGE BRAND ROUND-UP

RULES AND PRIZES TO BE AWARDED WILL BE ANNOUNCED SHORTLY

Contest Opens Monday, Oct. 2nd

PRIZES:

1st Prize — 1 Deen Stereophonic 4-Speed hi-fi fidelity console phonograph.

2nd Prize — 1 Polaroid Camera Model 80/B.

WHO WINS:

1st prize will be awarded to any group, fraternity, sorority or individual accumulating the highest number of points.

2nd prize will be awarded to any group, fraternity, sorority or individual accumulating the second highest number of points.

RULES:

1. Contest open to all students.

2. Each empty package submitted on Marlboros, Parliament, or Alpine will have a value of 5 points. Each empty package submitted on Philip Morris regular or Commander will have a value of 10 points.

3. Closing date, time and location where empty packages must be turned in will be indicated in your campus newspaper.

4. Entries will not be accepted after closing time. Empty packages must be submitted in bundles of 50. Separate your 5 and 10 point packages.
Managers-Counselors

Selected for Dorms

Student managers and counselors for dormitories at NSDU have been announced by the Dean of Students and the Dean of Women.

Women's Dormitory counselors include: Janice Dvorak; Carolyn Margasch, Shari Hepworth, Patti Highe, Lauraline Taylor, Janet Anderson, Marie Knickel, Jodi Frey.

Women's Dormitory counselors included: Caroline Anderson, Suzanne Helton, Susan Hesford, LaVoy Hoffman, Jean Tonjes, Kathleen Leno, Diane Moen, Jana Adlerup, Marly Selenu, Marion Walls, Janice Sorensen and Leisure Fits.

Additional counselors will be selected later, according to Dean of Women Matilda Thompson.

Student managers for the men's dormitories are: Gerald Smith, Kenneth Davidson and Roy Kruzer.

ATTENTION!!! All seniors and graduate students: The Campus Placement Office is located on the second floor of the Student Memorial Union Building. The office is design

ed to assist students with part time work while attending school and primarily attempts to assist in arranging in professional employment opportunities for the students following graduation.

Numerous government and industrial recruiting representa-

tives will visit the campus seeking personal interviews with students anticipating graduation this year. Interviewing will begin the first week of October and continue throughout the entire school year.

All seniors and graduate students are urged to contact the placement office immediately and arrange to have formal employment credential files prepared. This will be a permanent record used for campus interviewing and maintained on file following graduation. No district charges are involved in utilizing the placement office facilities. All students are wel-

come to visit the Office at any time.

NOTICE:

United States Marine Corps Officer Selection Team will visit the campus Monday through Friday next week. The team will be located in the Main Lobby of the Student Memorial Union Building and will be available to discuss all officer commissioning programs available to college students. All students are invited to visit with members of this Selection Team and receive assistance in planning future military commitments.

WANT TO BE IN THE ANNUAL? You have to sign up quickly for an appointment, as these three students learn from observing a notice in the Student Union.

‘Appointment Only’ System Set for 1962 Bison Annual Photos

You say you don’t want to stand in line to have your pictures taken for the annual? Well, make an appointment now and there will be no need for getting tied up in long waiting lines.

Janice Quam, editor of the Bison annual for 1963 says, “The annual staff will be set up in the lobby of the union Monday, Tuesday and Wednesday of next week from 9 a.m. until 5 p.m. ready to help arrange a convenient time for each student to have his picture taken.”

The Rappaport Studios have been contracted this year and there will be a charge of only one dollar per student for photographs.

Pictures will be taken in the union and the proofs will come to the annual staff. You will be notified as to when you can pick up your proofs and select the one which you want to appear in the annual. A 4"X5" glossy is required for the class section. An additional print is needed for the society and fraternity pages.

According to latest figures, only 819 students have made their appointments for pictures. But there are over 3,425 students enrolled in the various colleges on campus with late registration the Office of Admissions expects that figures will rise over 3,800.

The annual staff hopes to get more of the student body in the annual this year. The ‘appointment only’ system of having the photos taken was devised so it would be more convenient for each student. It will also be an aid for the staff because it insures them they will be able to meet their deadlines.

Bison annuals for 1961 are still available to the students who neglected to pick them up last spring. They can be picked up at the communications office until October 27. Students must present their activity tickets or a statement from the business office saying they attended the last three quarters of school here or have paid the balance of the price on their annual in their activity fee.

Gamma Delta Gamma Delta will hold their regular supper meeting at 5 p.m., Sunday, Sept. 24 at Immanuel Lutheran Church, 1258 Broadway.

FELLOWS last out this English bulldog. At least that’s what those girls thought at the “Y” dance.

Guest Crushes Fete

Whose escort is he? This question arose at the YM-YWCA freshman mixer last Friday night when an unexpected guest appeared.

The visitor mingled with the crowd for 15 to 20 minutes and then left as quickly as he arrived. The visitor — An English bulldog!

Under the calling of Dwight Palmer, 4-H leader NDSU, the 450 students swung smoothly from square dancing to contra, round and modern dancing, according to Gary Longballa.

Featured as special guests at these dances starting October 6 at 8 p.m. at the Wesley Foundation House.

Anyone needing transportation should phone ADams 2-707.

CLASSIFIED

If the person who took my black top coat at the University dance last Saturday night wants the linear, contact Edward Schmidt at the NDSU Co-op House — call 51178.

LOST — Shaffer fountain pen, flesh colored, between Ceres and Minard or Union. Call Ruby Hahn, Ceres Hall, AD 2-6655.

ARCHITECT WANTED

A well trained architect, 25 to 35, for a small, well established architectural concern. Must be familiar with commercial, institutional and residential. Send resume to: Richard Bertram, President, Bertram Yacht Co., Division of Nautec Corp., 5-8772.

Career Cues

“Cure for job boredom: I made my favorite pastime my career!”

Richard Bertram. President, Bertram Yacht Co., Division of Nautec Corp.

“When you stop to think what percent of our total waking hours is spent bread-winning, you realize how tragic it is for any man to work at an occupation he doesn’t enjoy. Besides fretting away life, it reduces chances of success to just about zero. I know this because it almost happened to me.

After college, I did what I thought was expected of me and joined a solid, Manhattan-based insurance firm. I soon found out that office routine wasn’t for me. I lived only for lunch hour when I could walk to the Battery and mentally sail with the ships that stood out in the Narrows… and for the summer weekends when I could go sailing. Fortunately, the company I worked for was one of the leading insurers of yachts and after two years I was transferred to their Yacht Underwriting Department. Enjoyment and interest in my work improved immediately 100%.

After World War II, I started my own yacht brokerage firm and yacht insurance agency in Miami, combining my marine insurance background with an even closer relationship with boats.

My only problem ever since has been a feeling of guilt that my work was too easy. I love boats and boating life’s work could well be what you now consider just a pastime. It’s certainly worth thinking about, anyway”

YMCA CALENDAR

A daily calendar of events has been printed by the YM-YWCA. Besides a listing of activities for the entire year, the calendar also has the football and basketball schedule. Inspection among the pages are pictures of campus scenes and student activities. Every student and faculty member finds a daily reminder of the necessity to keep a well scheduled schedule. Mrs. Jessica YWCA secretary, said, “the YMCA is selling the calendar for one dollar at the Ceres, Wesley, Churchill, Dakota and the bridge offices. To obtain a copy, come to the office in the library or ask the bookstore.
